RED CROSS FUND DRIVE

Taneytown, Middleburg and Keymar Go Over the Top

OVER THE TOP FOR TANEYTOWN, MIDDLEBURG AND KEYMAR DISTRICT.

A goal of \$1,200 was achieved by willing workers and believing contributors. The actual amount collected is \$1204.16.

Much credit is due our solicitors, handicapped by weather and road conditions as well as demands for other needs for funds.

It is gratifying to note that a number of our citizens mailed their contributions when not approached by the solicitors.

A further project of the Red Cross in Taneytown will be the visit of the Bloodmobile in June. Many people are aware of the continued need for WHOLE BLOOD and no doubt will meet the call when it comes.

ERNEST W. DUNBAR, Fund Drive Chairman and Blood Donor Recruiting Chairman.

Vice-President Smith reported for the Merchants that the stores of town would be closed from 1 to 3 p. m., on Good Friday.

The question was raised as to why business concerns were leaving Taneytown and what the Chamber is doing to get new industries to locate in Taneytown.

A letter was read from the Automobile Club of Maryland asking if the Chamber wished to sponsor a bus to Washington to the School Safety Patrol Parade. Mr. George W. Smith stated that the Cambridge Rubber Co., would pay half the expense of the bus.

The Sunday School of Taneytown Trinity Lutheran church will present a Biblical Drama "Shadow of Peter" by Alberta Hawse in the church auditorium on Easter Sunday evening at 7:30 p. m.

The three scenes of the drama takes place in a living room in an upstairs apartment in Jerusalem. The opening scene staged two months before the Crucifixion, finds Trophimus, a young stonemason, (played by George Sauble), deeply troubled over the difficulty of securing work in the capital city. His tenderhearted wife Mirra (Mrs. Robert Wanz) is more concerned with the teaching and divine personality of a great new leader, the Nazarene. In her questioning she turns to her old nurse Abidiah (Mrs. Robert Clingan, Jr.) Then enters Joseph of Arimathea, a rich Jew (James Fair), who brings joy to the household by employing Trophimus to carve a tomb from a great rock in his garden.

In Scene II—the day of Crucifixion—the women of Trophimus' house are filled with dread when Rhoda, a young maid servant (Pearl Bollinger), brings word of the betrayal and trial of their Christ. As the angry mob bearing Jesus to Calvary roars past their window, hysteria reigns in the little home bringing with it physical and spiritual destruction.

In the last scene, several months after the Crucifixion, the Apostle Peter (Herbert Bowers) through the Divine Power of his risen Master, makes them whole again.

Come and receive the message of hope and healing issuing from the shadow of Peter across the ages to men everywhere. In addition to the play, the following special music will be featured: The Brotherhood Chorus, directed by Henry Ackley and accompanied by Harry Reindollar will present "In Joseph's Lovely Garden" and "Amen in April Evening." There will be two solos, "The Holy City" by Henry Reindollar, Jr. and "Were You There" by Shirley Null. Mrs. George Harner at the organ will accompany the soloists and furnish background music for the play.

On Easter Sunday evening at 7:30 Grace E. & R. Church will climax the Easter season with a program by the Sunday School. Recitations and ex-

Annual Drive For Funds by Fire Co. April 15 to May 1

Every citizen of Taneytown and community should make every effort to make the coming drive for funds conducted by the Taneytown Volunteer Fire Company highly successful. No organization contributes more to the safety of each citizen and his property. It is a 24-hour a day service, through rain or snow, hot weather or blizzard temperatures.

Some Companies have paid firemen—our boys pay a membership fee for the privilege of helping you in case fire strikes your home, or your business. Each fireman has his regular job. When the siren sounds he drops his work and rushes to your assistance. His only compensation is the desire to be helpful in your time of distress.

Now is your time to show your appreciation. The fire fighter needs "tools" to fight fires—these "tools" cost money. Give freely and liberally.

In the past Taneytown has responded splendidly to other appeals for money. This drive is most important locally. Give not as you pay insurance but contribute with the thought in mind that it will be a direct benefit to you or your neighbor or friend.

Let everyone give as freely as the fireman gives at the sound of the fire siren. Let's make this drive for funds the greatest in the history of Taneytown.

The drive will open April 15 and close May 1.

The following committees and their territory for canvassing are: Town: George Kiser, Lester Kidd, Gus Shank and Clarence Wilson. Rural: Eugene Eyer, Raymond Feesser, Kenneth Hawk and Thurston Putman. George Street to Gulf Station including Fairground Avenue: Roy Smith, Delmont Koons, Charles Cashman and Mervin Conover. Gulf Station to Mill Avenue: Roy Hailey and Clarence Wilson; everything in back of George Street north of E. Baltimore Street; Charles Smith and Clifford Ott; Middle Street and Fairview Avenue; Gus Shank and Wendell Garver; East Baltimore Street Square to George Street, Rubber Factory and Grain & Supply Co.; George Kiser and Charles Baker; York Street, B. B. Chenoweth and Commerce Street; Donald Tracey and Lester Kidd. Frederick Street and Hyser's Alleys, Baumgardner's Apartments on Square and Shiner Apartments; Thomas Eckenrode and David Smeak; W. Baltimore Street, Square to Restaurant, Sauble's houses; Edwin Baumgardner and Doty Robb.

HIGH SCHOOL NEWS

Billy Gillespie Reports the Events

Many thousands of American children in remote and rural United States could not have attended school last year without the clothing provided by Save Your Children Federation. Clothing is needed not only in countries like Austria, Western Germany, Greece, Italy, and Lebanon, as well as Korea, which are desperately in need of clothing. It will be greatly appreciated if useable old clothes will be bundled and sent to the High School during the week of April 5. Articles such as ladies hats and high-heeled shoes should not be sent but all other useable clothing and shoes are requested.

Friday, April 10, is Arbor Day and will be celebrated at T. H. S. by the planting of a blight resistant chestnut tree on the school grounds.

At 8:00 p. m., Wednesday, April 8, the Carroll County Council of the P. T. A. will meet in the High School auditorium. All patrons of the school are urged to attend this meeting.

Don't forget the big card party on April 13. It is being promoted by the faculty with the help of P. T. A. members. There will be a good selection of prizes for the winners to choose from. Tickets are now on sale at the school and through the students.

The annual Spring Musical is to be presented by the High School on Sunday, April 26, under the direction of Mrs. Wallace Yingling.

Eight members of the Key Club, viz., Harry Dougherty, Wayne Baumgardner, Crawford Banks, Robert Sell, Dean Nussbaum, Kenneth Crouse, Donald Lawler, and Merritt Copenhagen, attended the annual Key Club District Convention which was held at Richmond, Virginia, on March 28. Items of business which were of interest to the Clubbers were the election of officers, clinics for discussion of problems, the banquet and dance. Wayne Baumgardner had the honor of being elected Lieutenant Governor of the Capital District, T.H.S. congratulates Wayne and is pleased that this honor has come to the school the second time within a few years the Key Club has been in existence.

At the regular meeting on Tuesday Miles Stonesifer showed a movie on the designing of Chrysler cars.

A food sale will be sponsored by the Senior class on the afternoon of April 10, at the Firemen's Hall. Also, on the same date the Key Club is holding a dance, "The Bunny Hop," with music by Gene Frock's orchestra. The time is 8:30-11:30 p. m.

The Spelling Bee announced previously was held on Wednesday, April 1. One side of the auditorium was occupied by the Junior High while the other side was reserved for visitors of whom there were very few. The vious contests had narrowed to the contestants Evalien Caudell, Edward Cluck, Evelyn Bollinger, Vesta Null, Walter Simpson and Shirley Koonz of the seventh grade and Norma Bloom, Larry Reaver, Gwynne Myers and Doris Stonesifer. Mrs. Robert Clingan was the announcer and Mrs. Elwood Baumgardner and Mrs. George Shower the judges. A photographer from the Baltimore Sun papers took pictures of the winner, Doris Stonesifer, 8B. Runner up in the contest was Norma Bloom, 8A.

SENATOR'S LETTER

FROM ANNAPOLIS

Bills of Local Interest Passed by the Senate

As the Legislative Session nears an end, I would like to take this opportunity to report briefly on the progress of each of the local bills, per- taining only to Carroll County, introduced in both the House of Delegates and the Senate of Maryland.

H. B. 205 authorizing the City Council of Westminster to levy 2c for the benefit of the Davis Library. Passed both Houses.

H. B. 362 providing for the examination and licensing of elections in Carroll County. This bill following its introduction was referred to the House Judiciary Committee and this committee has not yet given its approval to the bill. It appears that at this late date this measure will probably fail to pass.

H. B. 457 eliminating the present licensing laws pertaining to dogs. Since the introduction of this bill it has been discovered that not only would the passage of this bill eliminate the fund now used to repay those who suffer loss due to damage by dogs but that it would also eliminate funds now used for the maintenance of the Humane Society Center which has rendered important service to Carroll County for a period of years. In all probability this problem will be studied by the Legislature to determine what other method of enforcement can be applied in Carroll County.

H. B. 659 raising the pensions to retired school teachers who receive less than \$100.00 per month. This bill has passed both Houses.

H. B. 682 increasing the corporate limits of the town of Hampstead. This bill has passed the Senate.

S. B. 146 giving the County Commissioners authority to levy not more than 3c for general health purposes. This bill has passed both Houses.

S. B. 154 authorizing the City of Westminster to levy up to 10c for the support of the Westminster Fire Department. This Bill has passed both Houses and has been signed by the Governor.

S. B. 186 providing for the licensing of foster homes after approval by the County Health Department, Childrens Aid Society and Superintendent of Schools. Passed both Houses.

S. B. 200 provides that the Board of Education of Carroll County shall be composed of equal numbers of both major political parties. Passed both Houses.

S. B. 201. This bill provides for the disposition of fines in cases of violation of the Alcoholic Beverage Laws in the same manner as fines are handled in all other criminal cases. Passed both Houses.

S. B. 202. This bill gives the County Commissioners the authority to make full reports of their annual income and expenditures without requiring all disbursements or all income to be detailed. Passed by the Senate.

A. B. S. B. 366. This bill provides for a \$500,000 sewerage bond issue by Taneytown subject to referendum. Passed by Senate.

S. B. 394 changing the corporation name of the town of New Windsor and changing the date of town elections passed by Senate.

S. B. 417 provides for a referendum on question of Sunday movies in Franklin District. Passed by Senate.

S. B. 465 increasing salary of Registrar of Wills from \$4200 to \$4500. This salary is paid out of receipts of the office and is not paid back by local levy. Passed by Senate.

S. B. 507 provides for referendum on question of bond issue for town of Union Bridge. Passed by Senate.

S. B. 515 establishes planning the zoning in Carroll County subject to referendum in 1954 General Election. Passed by Senate.

S. B. 527 increasing salaries of County Commissioners of Carroll County from \$2200 to \$2800 per year. Passed by Senate.

S. B. 528 increasing salaries of States Attorney of Carroll County from \$3800 to \$4250 per year. Passed by Senate.

One local bill not yet introduced will give to the town of Manchester the right to close streets as well as open, extend and maintain the streets within the town.

Another local bill not yet introduced will give to the town of Union Bridge the power to increase their tax levy from 50c to 65c on each \$100 assessment.

Sincerely,
STANFORD HOFF

THIEVES IN TANEYTOWN

Thieves broke into The Reindollar Company warehouse over the weekend and damaged a candy vending machine belonging to Delmar Riffe. A truck was stolen from The Potomac Edison Company presumably at the same time and by the same party or parties.

The truck was found abandoned on Monday in a quarry at Delta, Pa., undamaged.

The merchants and businessmen of Taneytown are complaining of the poor police protection in the town during the nights.

Little, if any, ironing will be necessary if you'll hang sheets on the line dripping wet. When dry, fold correctly from the line.

When cooking with cheese, go easy with heat. That way the cheese melts completely and its flavor spreads evenly through the dish.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning A smile that shall last until the next day's dawning.

I wish you health—life's greatest wealth!

I wish you always near so that I may help to cheer

Each future day and in some way—help to bring you happiness!

The Hyacinth is in full bloom, the pink, white and blue creeping Phlox will soon follow and which has come to the limelight in these past few years. The Magnolia—with their lovely flowers of pinks and white were in full bloom last Tuesday as I drove down to that quaint city of Annapolis of which I know so well.

Your Observer sat in the gallery of The State House as one of the "DRYS" in favor of the Sunday Liquor Ban. The House was jammed with the Drys and Wets. Being seated some time before time to listen to all the "BILLS" cast a glance over this lovely building of Italian marble. The ceiling with its glass skylight of Gothic designs with a brilliant sun shining through, the huge marble pillars, the photographs of the Governors of the years before of the state of Maryland adorned the walls, the arched Galleries, the marble black and white domino design of the floor, the individual desks of the Delegates of all ages smoking cigars which were more in evidence than the cigarette and their lit started!

The pounding Gavel many times was unnecessary as the bills came forward with no one voting—such a mess if you ask me! A ten minute recess was declared at which time I left my seat to walk around down stairs meeting the many acquaintances who were there for the same reason as I. A young girl dressed in a black affair with a very wide skirt with the flag of Maryland embroidered on the front and which she was displaying beautifully. She had a tiny black hat of sequins and a bright yellow bow tied to her hair to finish the color scheme of the flag.

Returning again to be seated, it was grand to hear the Ministers representing every Protestant group in the State led by Mr. Gerald Monsman of Baltimore. Anyone knows that traffic accidents and broken homes have increased in volume because of wide open week end of Sunday sales of intoxicating beverages. It was pointed out that other businesses do not open for Sunday business so why should the liquor business?

That Chairman seated there supposed to have been listening was rude all the way through with his continuous chatter with the man seated on the right and left of him! The entire thing was a lot of "HOK-UM" if you ask me! Paging Senator Hoff!

Well, Gentlemen, what did you think of that Golden Terror and Ursus on the Mat Tuesday a week ago? Both were completely exhausted which is the first time Your Observer saw that side of that awful terror.

As far as Ursus—well he absolutely looks like that awful baboon! This coming Tuesday night is a rematch!

Did you know that the name of Stalin means STEEL? In recent years, Stalin saw few Americans and not many foreign ambassadors complaining that his health was not good. Prior to Yalta he refused to leave Russia on the grounds of health. Mr. Roosevelt at that time was in far worse health yet traveled halfway around the world to see Stalin. He died four months later! One American who managed to get in a few words with Stalin at Bolshoi Theatre some years ago was Aaron Smith of the National Youth Foundation.

Smith had met Stalin's Mother in Tiflis Province in 1936 found her to be a kindly, wrinkled old lady living in a mud hut dug into the side of a hill. She had remarked that she raised her boy to be a Priest. "I hear now", she added "that he is running all of Russia but I don't believe it". Stalin listened to Smith's account of his Mother but did not appear pleased.

In every County—Country Sales go on and in Harford County there is such a little man as that nice Mr. Bowers.

Believe it or not there is still a five cent shoe shine which has never changed in the big city. Just below Gutman's store on Park Ave. That sign caused Your Observer to enter the shoe store and ask if that sign was meant for today as well as yesterday!

To B. M. L.—here are the names for which you asked in case the Cherub is a boy—Old fashioned names are beautiful and very rare these days and I think it is nice to be just a wee bit different. There is truly much in a name! Aaron meaning "A Mountain of Strength", Abner "Father of Light", Amos "Strong and Vigorous", Andrew "Manly and Brave", Anthony, "Flourishing, graceful", Adam "Formed of red earth", David "Beloved", Emanuel "God with us", Ebenezer, "Stone of help", Gabriel "Strength or hero of God" and many others!

So long, Folks. Have a grand Easter week end. Go to church. Drive very slowly and carefully. See you in the Easter parade. Until next week. D.V., I am,

Faithfully,

FRIDAY, APRIL 3, 1953

GO TO SUNDAY SCHOOL

Beginning the second week following Easter, America will observe the ninth annual recognition of National Sunday School Week (April 13 through 19). Lasting the entire week, this all-faiths drive is planned with an idea of stimulating the attendance of every adult and child at the Sunday School of his own choice on Sunday, April 19th.

Sponsored by the Laymen's National Committee, a non-profit, non-sectarian organization consisting of men and women from civic as well as business fields, this worthy project is yearly highlighted throughout the entire country.

Laying foundations of faith through the training in religion for our little ones is all important if we as a nation are to survive in today's world of paganism and constant conflict. Our Sunday Schools are more than mere religious training institutions—they are a combination of the ministry and lay workers, a happy team, united in their selfless dedication to an ideal of an ever closer relation between man and God.—Industrial News Review.

IF TAXES WERE PAID IN SILVER DOLLARS

Suppose the law provided that taxes must be paid in silver dollars. If that were the case, a California power and light utility would need a fleet of 237 10-ton trucks to carry its 1952 tax payments to the offices of the federal, state and local collectors.

This company's total 1952 tax bill came to almost \$79,000,000, which was \$26,636,000 more than its payroll costs, and \$32,810,000 more than it paid in dividends to its 198,300 stockholders—the people whose savings make the company's existence possible. Moreover, the taxes amounted to \$5.87 per share of common stock outstanding—almost three times the \$2-per-share dividend now paid on this stock. In short, when it comes to dividing company earnings the government does a whole lot better than either the owners or employees. Taxes constitute the largest single item in the utility's budget.

In every section of the country—except for those areas where tax exempt socialized power development has supplanted private power development—utilities are among the largest and most dependable taxpayers. They play an important financial role in keeping government going—all the way from local school district to Washington itself.

The socialists, of course, don't like this state of affairs. They want the government to build subsidized, tax free and tax-consuming power systems and thus destroy the tax revenues the investor-owned utilities provide. And that's one of the reasons why the vast majority of our citizens want no part of socialism—they don't want still higher taxes.

GRASSROOTS OPINION

PLATTSMOUTH, NEBR., JOURNAL: "Senator Harry F. Byrd, of Virginia, would require that all government departments and agencies spend carried-over funds and unspent balances before they are voted a new annual appropriation."

PALM BEACH, FLA., POST: "Long overdue is the survey President Eisenhower has ordered into the question of conflicting and overlapping sources of federal and state revenue. Such a study is an essential preliminary both to economies in government and to a restoration to the state level of many government functions that federal agencies have taken over virtually by default. This is the path to wise decentralization."

OSKALOOSA, IOWA, HERALD: "No one knows better than retailers the bitter consequences of wasteful government measured in terms of inflation and depreciated money. They must explain it to consumers across every store counter in the nation, because 'cheap' money means 'high prices.'"

SENATE CLOAKROOM

By J. Glenn Beall

Washington, last week, was the scene of an important debate which will have a tremendous effect on the future policies of this country and history of the world.

It is important that we do a little thinking about the underlying reasons for this discussion and why it developed.

Presumably the Senate was discussing the nomination of Mr. Charles E. Bohn, to be Ambassador to Moscow. Actually at issue was—who has the responsibility for operation of the Executive Departments.

The winning of an election carries with it great responsibilities and obligations—the Republican party last week was going through the throes of assuming responsibility and deciding who was to have that responsibility.

Mr. Bohn's confirmation placed that responsibility where it rightly belongs—on the shoulders of the President of the United States, President Eisenhower will, I am sure, discharge that responsibility in the best interests of all the people.

The people of Maryland were dissatisfied with the last administration and as Congressman from the Sixth District, I was accustomed to receiving letters, telegrams and phone calls approving my actions whenever I opposed certain actions by the Executive Branch.

Their dissatisfaction is largely responsible for my being a Member of the United States Senate today, and I must admit that it was disturbing to receive letters, telegrams and phone calls opposing my announcement that I would support the President by voting to confirm Mr. Bohn's nomination.

As they say, you can't please all the people all of the time, and now that we Republicans are the majority party we must become accustomed to the criticism which comes before applause.

The people opposing the nomination and attempting to limit the policy making authority of the President and the Secretary of State, unfortunately, first sought to discredit Mr. Bohn as a security risk; then to saddle him with the responsibility of Yalta, where he was only an interpreter; and finally argued that he was not competent to serve as the Ambassador to Russia. All such practices are abhorrent to me.

The President and Mr. Dulles vouched for Mr. Bohn's competence. Senator Taft and Senator Sparkman confirmed Mr. Dulles' opinion that he was not a security risk. It was said that he did not criticize the past policies of the State Department. In my judgment, it is to his credit that as a career employee, he was loyal to his superiors and is a good indication that he will be a loyal executor of the policies formed by his new superiors, Mr. Dulles and President Eisenhower.

The confirmation of Mr. Bohn was much more than just the confirmation of an individual. It was confirmation by the Republican party of its belief in the separation of powers of government. It was a vote of confidence in the new Eisenhower administration. It was assurance to the American people that from now on this party will have an effective, truly bipartisan foreign policy. It was an announcement that the Republican party has accepted the responsibilities given it last November and that we have chosen to follow the leadership of President Eisenhower.

The decisions were truly momentous.

SAVE-THE CHILDREN "BUNDLE DAY"

The current "Save-the-Children" "Bundle Day" clothing collection is turning up unsuspected treasures in bureau drawers, closets and attics here as school pupils carry on their search for still-wearable garments for less fortunate children in this country in Korea, and in Europe.

Although the real value of the clothing can be fully appreciated only by a child whose ragged clothes or need for shoes make him ashamed to go to school, Superintendent of Schools, S. M. Jenness said that the bundles now being brought in are of importance to all persons interested in the health and welfare of the children whom the Save the Children Federation will be able to help as a result of the nation-wide Bundle Day Crusade.

Federation officials urge local citizens to help speed the clothing on its way to the children by contributing a dollar or two to defray the cost of sorting, reconditioning and processing the clothing for distribution. Cash contributions may be sent to: National Headquarters, Save the Children Federation, 800 Eighth Avenue, New York City.

As the drive continued, Superintendent Jenness asked families without school-age children to join in the effort to clothe the needy children and their families.

"Any child in your neighborhood will be glad to take your contribution of shoes, clothing or baby garments to school," he said.

He asked that clothing contributions be wrapped in paper and that shoes be tied in pairs so they cannot be separated.

STATE'S CANNING PROGRESS SALUTED

Governor Theodore R. McKeldin (left), accepts a plaque containing the 21 billionth can manufactured to carry Maryland food products to nation-wide markets. Presenting the plaque to the governor at Maryland Commercial Canning Week ceremonies, in Baltimore, is S. D. Arms, Atlantic Coast vice-president of the American Can Company. Taking part in the presentation ceremony is Miss Elizabeth R. McDaniel, Canning Week Queen, who helped make the historic container at American Can Company's "Maryland" plant in Baltimore. Mr. Arms presented the plaque to Governor McKeldin in association with E. F. Holter, master, Maryland State Grange; Wilson A. Heaps, president, Maryland Farm Bureau, Inc.; and William E. Lambie, Jr., vice-president, Tri-State Packers' Association, and president, Baltimore Canned Foods Exchange. In accepting the plaque, the Governor said that "without canning, the standard of living here and throughout the nation would be altered beyond recognition."

Let's Think

by
G. H. ENFIELD

NATURE CALLS! LISTEN!

Nature is not God. It is the handiwork of God. From nature we learn many things about the Creator. We see order, design, purpose. There is perfection in the creation to perform the function, and to achieve the purpose for which it was intended.

One cannot live in a meditative mood in the great outdoors without becoming a better person and developing godlike virtues. As one quietly listens, he recognizes the divine in the voices of nature.

We have arrived at the gateway of spring. To me, spring is the most wonderful of the four seasons. Everything animate is bursting into new life. The dormant has been awakened by the stirring of renewed energy. Birds are dressed in their Easter attire, and thrill one with their trills. Trees and shrubs are budding; flowers are bursting into bloom; streams are rippling; grass is carpeting lawns, and freshly plowed fields give forth their pent-up aroma to make happy the country-born. And so we become eager to rake the lawn, plant flowers, make garden, and sow grain. How disappointing to the aged, the infirm, the shut-ins that they can no longer answer some of Nature's calls.

Howard Whitman, author of "A Reporter in Search of God", has said: "Closeness to nature is for many a symbol of faith and a reminder of eternal values".

The best in a human being is touched when he sees in the growing cabbage, and beans, and peas more than the cash values. Life is present in those young plants with its promise of fruition, and the growing plant offers an opportunity for the exercise of tender care. The weeds even afford one a chance to cast out the seemingly useless from among the useful; the tares from the wheat.

Kahlil Gibran one time wrote of "Life's yearning for itself." We may sense that yearning in living close to nature. The spiritual in man is related to the inarticulate and invisible in nature. The greatness in nature receives response from the divinity in man. As he touches the hem of her garment she tends to lift him up to behold himself as one created in the image and likeness of God. When he reaches that position all thought of suicide, homicide, or of any other means of destroying life become foreign to him. He realizes that he is part of that mysterious process called life. He is no longer alone. He is in the center of everything whose purpose is revelation of God.

THOUGHTS FOR THOUGHT

A coward is not one to fear but one to shun.

A 25 cent cigar is no index of the amount the smoker puts into the church collection plate.

A person will do what he wants to do, and that isn't always to pray; he will go where he wants to go, and that isn't always to church.

The religion that doesn't work during the week isn't worth carrying to and from church on Sunday.

The new father looked into the face of his first-born son and said, I think you are going to be worthy of the name I give you.

There is a love that loves money,
There is a love that loves tea,
But the best love of all
Is the love that loves me.

PINEY CREEK 4-H NEWS 1-2-tf

The monthly meeting of the Piney Creek 4-H was held at Sandra and Edward Koons, on Wednesday, March 25, with President, Donald Gunther, presiding. All of the members which is 15 were present. 1-2-tf

The business session of the meeting was opened by the recitation of the pledge, the reading of the minutes, and the roll-call, which was to name a clover or grass. It was brought up about making money for the club but there wasn't anything scheduled because we have to find out what would be the most profitable. After the meeting delicious refreshments and games were enjoyed by all. 1-2-tf

Here Comes Peter Cottontail!

AND PETER WILL BE HIPPIY-HOPPING ALONG at top speed if he knows these elegant Cottontail Cupcakes are awaiting him at your house! After you've made the cupcakes and covered them with Seven Minute Frosting and plenty of tender, white, coconut, let the children take over. They'll have lots of fun arranging the gay jelly beans and be proud as Punch to be the "Easter Bunny's helpers."

COTTONTAIL CUPCAKES

- 1 1/4 cups sifted Swans Down cake flour
- 2 1/4 teaspoons double-acting baking powder
- 3/4 teaspoon salt
- 1/2 cup vegetable shortening (room temperature)
- 3/4 cup milk
- 1 teaspoon vanilla
- 2 eggs, unbeaten

SEVEN MINUTE FROSTING

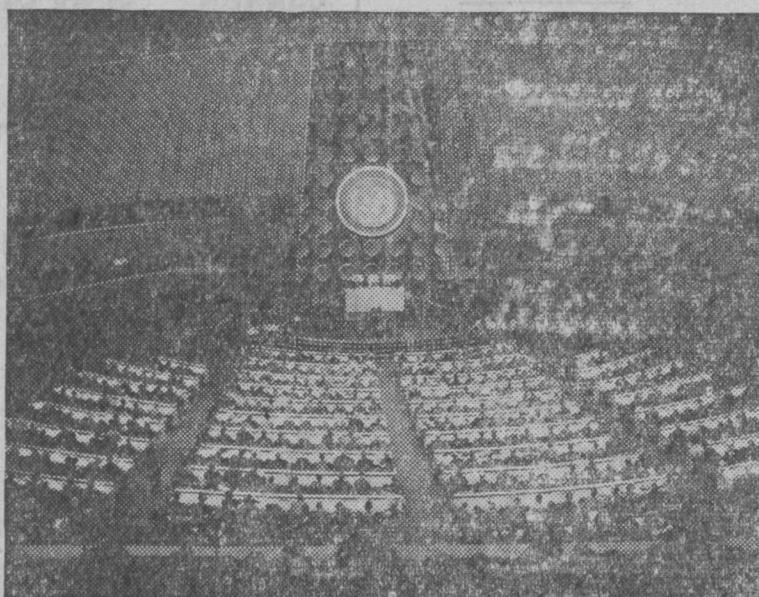

Baker's Coconut

Measure flour, baking powder, salt and sugar into sifter. Stir shortening just to soften. Sift in dry ingredients. Add milk and vanilla and mix until all flour is dampened. Then beat 2 minutes. Add eggs and beat 1 minute longer. (Count only actual beating time or beating strokes. 150 strokes by hand equal 1 minute of beating on mixer. Scrape bowl and spoon often).

Spoon batter into muffin pans, grease on bottoms only, and fill half full. Bake in moderate oven (375° F.) 20 minutes, or until done. Makes 16 cupcakes.

Cover tops and sides of cupcakes with Seven Minute Frosting. Sprinkle with shredded coconut, and decorate with jelly beans. (ANS Features)

Eggs-actly Right for Easter!

Children everywhere will love this glorious combination of the little things that make a child's Easter. Imagine a delicate white cake, made the old-fashioned way with cake flour and your own mixing skill, a billowy frosting piled high as a child's dream with drifts of snowy shredded coconut. The hide-and-seek nests of bright jelly bean "Easter eggs" will start chortles of childish delight to make your day a Happy Easter, too!

EASTER LAYER CAKE

- 2 1/4 cups sifted Swans Down Cake Flour
- 2 1/4 teaspoons double-acting baking powder
- 1 teaspoon salt
- 1/2 cup shortening
- 1 1/2 cups sugar
- 2 eggs, unbeaten
- *Milk (see below for amount)
- 1 teaspoon vanilla
- 1 pkg. Baker's Shredded Coconut

ANSWERS
YOUR
QUESTIONS

Q. This is my first year at raising chicks. What do you advise?

A. Put good chicks in a good house. Feed 'em well and -- give 'em Dr. Salsbury's Ren-O-Sal from the start! It gets chicks off to a great start and keeps 'em out ahead. Use Ren-O-Sal in each gallon of drinking water. It's easy, economical, and successful--as millions of poultry-raisers know. Buy Ren-O-Sal when you get your chicks or starter.

Our Living Lord

Lesson for April 5, 1953

WHAT does Easter mean? It is a question we may well ask ourselves each year. The visitor from Mars might have a hard time answering the question for himself. He would see Easter sales advertised in the department stores and he might think Easter was a name for a special kind of bargain. Or he would hear about an Easter parade, or he would look at one, and he would conclude that Easter is a time mainly for showing off new clothes. Or on a college campus he would hear about the Easter vacation, and he might suppose that it is just a name for a holiday from work. Then he might come on a flock of children hunting for Easter eggs, and he would suppose that Easter meant "gaily colored." As a matter of fact, even if he went to church, he might get strange ideas about what Easter means.

Springtime And Roses

To hear some people talk—yes, and even some sermons—one might fancy that Easter is a festival to remind us all of springtime. To be sure, nature reminds us in many ways. The days grow longer, the nights shorter; flowers begin to scatter over the hill-sides, the grass grows greener every week.

Dr. Foreman grows greener every week.

In the far northern states there are heavy thaws, more snow melts than falls. In the far southern states warm weather has already come, the roses are in full bloom, visitors from the north are coming down to look at the famous gardens in Charleston and Mobile and other places.

Is Easter just a way of celebrating springtime in church? The birds, the roses, the Easter music—are they all alike the signs of spring? Is Easter a symbol of the resurrection of dead nature, is Easter a sign that nature never really dies, that warmth follows cold, that when winter comes, spring is not far behind?

No, this is not it. For if this were all, then when the last winter comes, when the whole earth grows cold—or perishes in collision with some flaming sun—then what becomes of spring? No, all springs will end some time, when the world ends. Easter celebrates something that will outlast all the springs of this world.

Life After Death

Listen again to the talk in church, to other sermons, closer, much closer to the Easter truth than all the talk of springtime and roses. You will hear much said about immortality, about the life beyond this life, about the "beautiful isle of somewhere." Easter, it is said, is to remind us that we are immortal souls; that beyond this life is another one, that no soul ever dies.

Well, it does remind us of this. But suppose that were all? The mere belief in immortality is not by itself religious. Look: nearly everybody around you believes he will be living tomorrow. Does that make everybody religious? You know it doesn't.

Now suppose everybody believed he would be living, somewhere, somehow, a thousand years from now; would that make everybody religious? Of course not. Suppose it is true that no soul ever dies? That may well be a horrible thought. There may be (and most Christian churches believe sadly that there are) persons long since gone from this world to hell, who cannot die but who wish very much that they could.

Immortality, Christians believe, is a fact; but believing in that fact alone, all by itself, is not necessarily religious and it may be no comfort at all. Easter means more than this!

Lord Of Life And Death

The real meaning of Easter cannot be expressed by any sentence that leaves Jesus Christ out. Easter celebrates this: He is risen, Christ is risen indeed. This means, of course, much more than that once upon a time there was a man in Palestine who came back to life after being dead some 36 hours.

What we Christians mean by it is that the same person we call Teacher and Master and Saviour and King is the Lord of life, of life itself.

A Stabilizing and Preserving Force

INTEGRITY denotes undivided allegiance to moral and spiritual law. It signifies complete honesty, soundness, and goodness. It never wavers between right and wrong, but follows the straight line of uprightness, justice, and truth.

Jesus urged spiritual integrity upon his disciples when he said (Matthew 7:12), "All things whatsoever ye would that men should do to you, do ye even so to them." Honesty, justice, and mercy are inescapable demands upon the claimant to Christianity.

The stability of family, church, business, and government is founded on integrity. Without it society would lose its security and cohesion. Trust and co-operation in family life rest upon faith in mutual fidelity. The vast interchange of credit in business is based primarily on the confidence which people have in the integrity of each other. A good government depends for its proper functioning on the honesty of those holding positions of public trust.

Integrity is at all times a stabilizing and preserving force. It was the moral and spiritual integrity of Daniel which preserved him from the evil machinations of his enemies who sought to destroy him. Ignoring the decree which they had persuaded the king to sign, Daniel, faithful to his highest sense of right, continued to pray to God, as was his custom, three times a day. As a consequence, he was cast into a den of lions.

But innocency—guilelessness, guiltlessness, and incorruptibility—characterized Daniel's thought. Leaning unreservedly on God, he refused to be frightened or resentful over the deceit, craftiness, and treachery of others. With calm forbearance he proved the power and availability of divine Love to meet his need. As a result, Daniel was safe in the lions' den. Thus, with spiritual conviction he could say (Daniel 6:22), "My God hath sent his angel, and hath shut the

lions' mouths, that they have not hurt me: forasmuch as before him innocency was found in me; and also before thee, O king, have I done no hurt."

Daniel preserved his own spiritual integrity, his loyalty to Truth, and this in turn preserved his human sense of life. He proved the might of right and the truth of Mary Baker Eddy's words in "Science and Health with Key to the Scriptures" (p. 568), "Innocence and Truth overcome guilt and error."

Not for any reason can we afford to relinquish moral or spiritual integrity. We cannot surrender our innocence, our understanding of man's unimpeachable perfection as God's image and likeness, and at the same time prove the law of good in our own experience. Allegiance to God requires fairness to our fellow men.

Integrity is the law of Love in operation. It abhors wrongdoing, and if in a moment of temptation one has wronged another, it does not permit the wrongdoer to ignore or to pass lightly over the misdeed. The acknowledgment and righting of wrongdoing is a necessity if the wrongdoer would reach the place of effective prayer and demonstration. With spiritual integrity impaired, one cannot rise to the uplifted sense of God's power and presence which saves from sickness and sin. One cannot leave past wrongs unrighted and not feel the weight of it somewhere in his own experience.

Spiritual and moral integrity unites mankind in bonds of trust and peace. It preserves the well-being of all who practice it, not only by reason of the joy and quietude inherent in a clear conscience, but by reason of the good which flows into human experience because of faithfulness to right. Loyalty to God, loyalty to the truth of one's own real being, and loyalty to the innate goodness of one's fellow men—these are the signs beautiful which denote integrity.—The Christian Science Monitor.

NEW EASTER EGG IDEA

Movie star Susan Cabot suggests a novel Easter party use for eggs. She writes the names of her guests on the eggs with a wax crayon before dipping them in Chick-Beacon solid color. Then she uses them as personalized "place cards."

Miss Cabot gives her eggs the "Hollywood" treatment by also coloring them with Presto multi-color designs. Like millions of youngsters and oldsters who will color eggs this Easter she relies on these safe, pure-food color sheets and the new marbled liquid colors and tablets which work like magic. The star will soon be seen in Universal-International's technicolor movie "Gunsmoke."

ercises will be given by the various classes in the children's division.
