TANEYTOWN ELEMENTARY PTA MEET

The October meeting of the Taneytown Elementary Parent-Teacher Association was held Tuesday, October 20, in the school auditorium at 7:30 P. M. The meeting was opened with the singing of "America" led by Mrs. Frances Crawford accompanied by Mrs. Ethel Welker. The invocation was given by Rev. Glenn L. Stahl. The flag salute was led by Merle Eckard. Mrs. Crawford explained briefly the origin of the following songs which were sung by the group: "America", "Dixie", and "Battle Hymn of the Republic".

The business meeting followed with Mrs. George Gunther, President, presiding. It was voted that all of the meetings be held at 8 P. M. Mr. Wagny reported on the group insurance plan and that report cards would be issued November 13.

The speaker for the evening was Dr. Neil Gordon, County Health Doctor, who spoke on the general function of the school health program. Miss Maude Mannahan, Supervisor of School Nurses and Miss Shirley Calahan, County School Nurse, aided in the discussion which followed.

The meeting adjourned and refreshments of cider and ginger cookies were served by the refreshment committee.

KIWANIS NEWS

"Farmers' Night" was observed by the Taneytown Kiwanis Club at its regular meeting Wednesday at Taney Inn. A delicious turkey dinner was served by the Inn. President Norman Graham presided at the meeting. Prayer was offered by Rev. Miles S. Reifsnnyder. Group singing was led by David Smith with Mrs. Wallace Yingling as accompanist.

The following guests were present: Maurice McDaniels, Ira Albough, Paul Niswander, Harry Bowman, Hubert Null, Roy Baumgardner, Charles Null, Roland Koons, Walter Hiltbrink, Floyd Strickhouser, C. Reddick, Stoner Fleagle, Frank Eargny, George Harris of the Westminster Club, John Skiles and Larry Feeser of the T. H. S. Key Club and Mrs. David Smith.

The Agriculture Committee, Chas. Cluts, chairman, had charge of the evening's program and S. E. Breth introduced the speaker, Mr. George Mullen, a graduate of the University of W. Va., and Farm Advisor for the Potomac Edison Company. Mr. Mullen used as his topic "Agricultural Problems". He outlined the problems of the farmer and the efforts being made to overcome the many difficulties of the farmer.

The meeting next week will be a "Ladies Night" with a Halloween Program.

CORRECTION

In the article "Get Acquainted Party" that appeared in last week's issue of The Carroll Record we inadvertently used the name "Mary Alice Wantz." It should have been "Mary Alice Weant" as among those present. We regret the error.

The fourth annual Halloween parade and celebration will be held in Taneytown Friday, Oct. 30 at 7:30 p. m. This affair is sponsored jointly by the merchants, business men and The American Legion of Taneytown.

The parade will form on Franklin street at 7:30 p. m. and move up Baltimore street to the Square, turning up York street to Fairview avenue and down Middle street to Baltimore street and back to the Legion Home where it will disband. All musical organizations taking part in this event are by paid invitations, there being no prize money offered. However, there will be prizes for floats and costumes, all those marching in costumes will receive a number at the Legion Home. Make sure you have a number. For additional information phone Taneytown 5681.

The annual Halloween party for the kiddies of the community will be held Wednesday, Oct. 28 at 7:30 p. m., in the Opera House. All children up to and including ten years of age are invited to attend. Prizes will be awarded for costumes. This event is sponsored by Hesson-Snyder Post No. 120 of The American Legion.

UNITED NATIONS DAY IN THE SCHOOLS

The week of October 21 in Carroll County schools featured preparations of the observance of United Nations day on Friday, Oct. 23. Reference was made and information given in many class rooms regarding the work of the United Nations and a large number of Carroll County High School pupils attended an assembly in Baltimore on Friday, Oct. 23. This meeting was sponsored by the United Nations Association of Maryland and was, for a number of pupils, a climax of their consideration of United Nations operation and problems.

An assembly was held on Wednesday, Oct. 21, 1953, in the Westminster High School for the 12th grade students in all of the county high schools. The Senior classes of the following schools attended: New Windsor, Elmer Wolfe, Taneytown, Manchester, Hampstead, Sykesville, Mount Airy, Robert Moton and Westminster. Doris Wimert, President of the Carroll County Student Council, presided at the meeting and led the group in the salute to the flag. Special music was furnished by the Westminster High School String Ensemble and by the girls' sextet of Westminster High School: Misses Paula Schilling, Sylvia Green, Marguerite Borchers, Nancy Pitchford, Barbara Myers, Winifred Walsh. Special group singing for the program was conducted by Mr. Philip Royer, Music Supervisor of the county schools, with Miss June Watkins of Mount Airy High school as the accompanist. Mr. William Miller, teacher of music in the Westminster High school also directed group singing with Miss Winifred Walsh of Westminster High School as accompanist. The invocation and benediction was given by Reverend Falkenstein, President, Carroll County Ministerium. A feature of the program was an address by Dr. Thomas G. Pullen, Jr., State Superintendent of schools for Maryland, who was introduced by Mr. John F. Wooden, Jr. Greetings were extended by the County Superintendent, Mr. S. M. Jenness.

Arrangements for the program were made with the cooperation of the high school principals and were under the general direction of John F. Wooden, Jr. and Gerald E. Richter, County High School Supervisors.

ALUMNI APPOINTS THANKSGIVING DANCE COMMITTEES

Members of the Taneytown High School Alumni Association met recently for their regular monthly meeting. George Sauble, President, presided. Janet Royer, Secretary read the minutes of the last meeting which stood approved as read. Treasurer Pearl Bollinger gave a report which also was approved. The recent card party proved to be a financial success.

Mention was again made about putting engraved brass plates on equipment given to either of the schools by the alumni.

Committees for the 6th annual Thanksgiving dance to be held Thanksgiving night, Thursday, Nov. 26, 1953, were appointed as follows: Advertising, James Fair, Miss Janet Royer, Edward Sell, Mrs. Louella Harner, Herbert Bowers; Decorations, Miss Caroline Shriver, Mr. and Mrs. Robert Waddell, Leo Sanders, Mrs. Betty Naylor, Donald Carl, Miss Joan Baumgardner. Refreshments, Miss Helen Bankard; Tickets, Miss Pearl Bollinger, Miss Rhoda Rohrbach. The optional dance will be held from 9 to 12 in the Taneytown High school auditorium at the admission price of \$1. per person. It was not disclosed at this meeting what orchestra would play for the evening's dancing pleasure.

Mrs. Virginia Sanders will be in charge of the activity in which individual of the Junior or Senior Class who sells eight tickets will be given one free ticket.

Miss Pearl Bollinger served refreshments. Meeting adjourned.

Public Meeting in the Interest of Taneytown's Sewer

We have been urged to take a stand on the Taneytown Sanitary Sewer Question but with the limited information furnished us we are unable to come to a decision in the matter. From the standpoint of progress we are heartily in favor of it but when we think of the cost—\$500,000—with an assessment of the entire town at \$4,393,298 making the cost over one-ninth of the entire base of assessed value of Taneytown we must stop and wonder if it is worth the cost or are we approaching the problem in the proper manner.

We are told of the danger of "disease and pestilence" that could come from the present condition of the town. Naturally we would not want to see one death that could be attributed to negligence on our part, but we don't want to be "scared" into voting for the project.

A public meeting will be held in the Auditorium of the Taneytown High School, Monday evening, October 26, at 7:30. It is our hope that this will be one of several meetings held to discuss Taneytown Sanitary Sewer Question. A similar meeting was held March 17, 1952. The meeting was well conducted but many questions and aspects of the proposed Sewer were not entered into. The meeting Monday evening with other meetings following should clear up many situations that many people in Taneytown now are in the "dark".

We must remember that the Mayor and City Council of Taneytown is not a "closed Corporation". These men are our "servants"—we elected them to transact the town's business in the best and most economical way. We hope and believe that they will do the best for the interests of Taneytown. The public meeting is their way of informing the people of town what the town needs and what they propose to do in filling these needs. They wish to hear any and all reasonable questions regarding the proposed Sanitary Sewer.

Every Taxpayer and every person interested in Taneytown should make every effort to be present at the meeting Monday evening, October 26th.

TANEYTOWN SEWER ISSUE AGAIN

Board of Health Urges "Vote For Referendum"

In the interest of public health, the people of Taneytown are urged by County and State Health Department officials to vote for the coming referendum which will provide a sewer system and a sewage treatment plant for the community. Dr. Robert H. Riley, Director of the State Health Department, said today, "Construction of the new sewage works would be the solution to the sewage disposal problem which has long confronted the people of Taneytown", Dr. Riley said.

The referendum is the result of a bill, introduced by Senator Hoff, passed in the 1953 Legislature giving the Mayor and Council of Taneytown the authority to issue \$500,000 in bonds to provide funds for the construction of a sanitary sewer system and sewage treatment plant for the City.

According to a survey by the Health Department, over one-half of the properties in Taneytown have inadequate sewage disposal facilities. In many instances, raw sewage is being discharged into storm drains, open ditches, streams and even on the streets.

"This insanitary condition is definitely a public health menace and it must be corrected to protect the health of the people in the community," Dr. Riley said.

Generally, because of insufficient space on individual properties or because of the nature of the soil, the septic tanks and underground disposal methods will not handle the in-sewage flows to the ground in the immediate area, play in those areas are exposed to various organisms which can cause disease and illness, Health Department officials pointed out.

In many cases, residences do not have provisions to take care of the waste material below the ground floor and sewage coming from basement wash tubs and toilets are not taken care of in the disposal system. There are also instances where sewage is accumulated in abandoned wells.

The construction of a sanitary sewer system and a sewage treatment plant is the best solution to the problem, Health Department officials pointed out. This would not only benefit the entire community as a protective health measure, but it would also enhance the value of private property in the area, they added.

The inadequacies of the former proposal for a sanitary sewer system and sewage treatment plant have been corrected, Health Department officials said. The project, which was defeated in a referendum last year, showed sewers which were relatively shallow and would not serve about half of the basements in the City. However, the present revised plan to be voted upon in the near future provides for the sewers to be placed sufficiently deep enough to handle waste material below the ground floor and to meet the needs of the City adequately.

LAYMEN HAVE MEETING

Last Friday night the semi-annual Fall Laymen's Conference of the Evangelical and Reformed churches of Carroll County was held in Grace church, Taneytown. In the absence of Mr. Ernest Brillhart, President of the group, Rev. Andreas served as the presiding chairman.

The group sang, "Praise God from Whom All Blessings Flow", after which Rev. Edmund Welker offered the invocations. The tasty and complete roast turkey dinner, prepared by the Women's Guild was then enjoyed.

Mr. Murray Baumgardner, local Brotherhood President, then welcomed the gathering after which Rev. Paul Helm led the group in some informal singing of popular and sacred numbers.

Memorial recognition was then made of the men who had as active members of the conference passed into the Church Triumphant during the past year. They included Messrs. S. Augustus Crabb, Albert Mitten, Maurice Warner, Oliver Crouse and Herbert Myers. Rev. Ray Abbott led the memorial prayer as the group stood in silence.

A ministerial septet, accompanied by Mrs. George Motter, sang "We Praise Thee, O God" and "The Little Brown Church in the Vale".

Rev. Frank Reynolds, Littlestown, spoke briefly concerning Camp Michaux and also expressed the group's appreciation for the fine meal when the ladies entered the dining room and received the great applause of the men who stood as one.

Rev. Miles Reifsnnyder introduced the speaker, the Rev. Dr. Edward O. Butkowsky, Minister of Christ E. & R. Church at Hometown, Pa. He spoke on the theme: "Crops in the Corner of the Field" and challenged the men to give their first crops in the corners unto God. These would include their money, their time and their talents, in which God would rejoice and be greatly delighted.

After the singing of "Bless Be the Tie that Binds" the delegates of the conference for 1954 met and elected the following officers: President, Mr. Cyril Groff, Silver Run; Secretary, Mr. Preston Yingling, Pleasant Valley; and Treasurer, Mr. P. G. Coffman, Westminster.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning. A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness.

No. 3—And this from two sisters. Will you kindly tell us if you have objections and think it is wrong to desire to be an actress. My sister who is nineteen feels that she will be a success if only given a chance. I am seventeen and desire to be a nurse after I graduate this June.

Answer—First of all I am going to answer for your sister of 19. No, indeed, I do not object to anyone being an actress that is if the one in question has real ability. She could make sure of herself by contacting a School of Dramatics as close as Baltimore. She does not have to go to New York for this to remain away from home. It will mean years of hard work and study which usually spells success. So if you have plenty of what it takes plus patience go right ahead especially if you have the talent of which you related in your letter. As to the younger sister, the position and profession of nursing is a very fine and honorable occupation in life.

No. 4—And this from a young farmer and strange as it may seem is a letter following from the girl of his choice. I am a young farmer of 25—a Dairy Farm and so far I have been quite successful (mentioning the number of cattle) I am buying the lovely home in which I live and have a couple living in the house, too. I keep house for me until I marry if and when I do. I work very hard as my parents were very good to me to start me with a place of my own when I became 21. I love my work and I am confident that in years to come I will have a little money put away. I have saved enough to get married right now. I have a new car and I have been friendly with a fine girl whom I love very much. She keeps on putting me off as to our marriage. She is from the city although lives now with her widowed Mother in a little county settlement. You being a city woman, Observer please tell me do you really think a city woman would make a farmer's wife. All the farmers around are telling me to go slow on this. I will appreciate anything you tell me and it is not in confidence.

No. 5—And this is the girl's letter!

Dear Observer:—My letter may come to you at the same time that a young farmer writes to you. I am 21 years of age and born and reared in the city and now I live with my widowed Mother. For two years, I have had a young farmer calling upon me and I know that I could even love him much more than I do now but I am timid about getting married for several reasons. First he talks nothing but of the farm and cattle. Second he is very uncouth and rather rough in his make up. I know that I could not work in the field or do outdoor work. I enjoy doing housework and cooking and I love to keep house. He is even willing that my mother live with us. I keep putting off the marriage due to all of this. Do you think that if I should marry this farmer would the marriage take? I love children and would desire a large family.

Answer—Now, Mr. Farmer there is your answer and always remember like that song "LOVE IS THE GREATEST THING"! Pray about it all, be patient and I hope that God Will Direct you both in your future steps! Any woman would rather be kindhearted, love, consideration and affection than all the wealth that any farm would bring to her. Do write me if and when this marriage takes place and I'll be there, I promise!

WHY ADVERTISE?

The following is reprinted from the Wynne, Arkansas, Progress:

"The last William Wrigley was once riding with a friend in a crack express train from New York to Chicago. His companion was curious to know why the magnate continued to spend so much money on advertising.

"Your gum is known all over the world," he said. "Why don't you save the millions you are spending on advertising?"

"Wrigley pondered a second and then asked, 'How fast is this train going?'"

"About 60 miles per hour," replied the other.

"Then," asked Wrigley, "why doesn't the railway company remove the engine and let the train travel on its own momentum?"—Industrial News Review.

FARMER OF AMERICA

In the most moving, the most eloquent, and probably the most straightforward-of-the-shoulder speech of his White House career thus far, President Eisenhower told America's up-coming farmers to what they might look forward—in the immediate future, and in the long span of years that lay before them as American farmers and American citizens.

The thousands of Future Farmers of America who jammed the great Kansas City Auditorium to the doors, and who presented an honorary degree, their highest award, to the Chief Executive, "Farmer of America," listened thoughtfully and quietly, breaking into applause only occasionally. They applauded when he said: "No one can hate war, crises and inflation more than the farmer,"—and again when he declared that the formulation of a sound farm policy would be a bipartisan undertaking. "The welfare of farm families knows no politics," he said, "I assure you there will be none in this Administration!"

In his earnestness, his frank presentation of what he termed "the disagreeable facts," the President displayed new depths and new powers of expression. Specifically, he promised that the price support laws, expiring at the end of 1954, would be administered as written, that the price support principle must be part of any future farm program. But the promise he stressed was that of "opportunity—the chance to keep free government free."

"If work were a thing of the past," the President told his spell-bound audience, "all the fun and satisfaction in living would be gone."

And with all the intensity and fervor of Winston Churchill in his famous "back-to-the-wall" speech of the blitz days, when he promised his countrymen only "Blood, sweat and tears," President Eisenhower told the Future Farmers—and over their shoulders, all the rest of us that "Only he deserves America who stands ready to give America everything he has."

It was a speech that will be remembered.—U. S. Press Association.

GRASS ROOTS OPINION

FRANKLINVILLE, N. J., SENTINEL: "The death of nine children in one day, recently in discarded refrigerators, provided shocking evidence in that danger—is still a very real one. Despite the fact that every death in a discarded refrigerator is inexcusable, they continue to occur because of the irresponsibility of adults."

BABYLON, NEW YORK EAGLE: "It is axiomatic that when people support the government, they control the government. This is what we as a free nation have always demanded and

gloried in. Now, however, the exact opposite, also axiomatic, is spreading, and has been for 20 years: When government supports the people it will control them. That's the last thing we want to see happen because it leads to dictatorship and tyranny."

HAGERSTOWN, MD., MORNING HERALD: "All we can say is, that if a large debt is a national blessing we seem to be well on the road toward eternal bliss in this country! We wish we could believe it."

FREESPORT, PA., JOURNAL: "We must face reality—and not expect our government to play Santa to all wants and needs."

THE CALCULATED RISKS OF PRAYER.

One aspect of prayer that gets scant attention from the teachers of religion may be summed up as the serious risks to which prayer exposes us," states Frank Halliday Ferris in the November Reader's Digest Dr. Ferris is Pastor Emeritus of the Fairmount Presbyterian Church, Cleveland Heights, Ohio. His article is condensed from his book, Standing Up to Life.

In prayer we risk, first, seeing ourselves as we are. "In our dealings with God we must come clean," Dr. Ferris writes. "All our subterfuges, the flimsy excuses we contrive to hide our inner poverty from ourselves, must come down. We face the truth about ourselves when we ask God to take us as we are and make us as we ought to be. This is the prerequisite to moral progress—but it is hard on our pride."

The second risk is the danger of becoming more like Christ in a world which worships the deity Success. Conceding that "there is nothing reprehensible about success," Dr. Ferris points out that there are times in the life of every man when he must choose between doing the advantageous thing or the right thing. Christ was faced by this choice at the outset of His career. His temptation was to use His unique personal power to win worldly success. For his integrity, in choosing not to be smart but to be right, he was crucified.

A third risk is the danger of having our prayers answered. Believing that God answers prayer, the author confesses that "sometimes prayer comforts me and sometimes it frightens me." Beware, he counsels, for what you pray—for your prayer may be answered. Do you pray God to make you an honest man? Consider the implications: Do you really want to give up your pet pretensions? If you pray for a clean heart, do you really wish to get rid of your unclean images and imaginings, the secret lusts you hanker for?

CURRENT EVENTS FIFTY YEARS AGO

At the Eldership of the Church of God, which met last week at Oakville church, the following pastors were returned to Carroll County: Rev. J. D. Clark, Uniontown; Rev. Thomas B. Tyler, Carrollton; Rev. L. F. Murray, Bark Hill.

On October 20, 1903, Mr. Paul G. Benedict was married to Miss Jessie V. Lovell by Elder W. P. Englar.

One hundred and forty-seven tickets were sold at the Taneytown Station, for the Frederick Fair, on Thursday morning, and counting those who used passes and mileage.

Samuel H. Mehning and P. B. Englar have placed cut stone steps (Gettysburg granite) in front of their store buildings.

Frizzellburg—The old tavern, near here, which has served its purpose for nearly a century, was torn down last week. It was occupied by Israel Derr for many years, and was quite a familiar place to our fathers. They can vividly recall many incidents which took place under its roof. Myers and Arthur have purchased a new boiler and engine for their creamery here.

Union Bridge—Union Bridge can boast of one automobile. Lester Perry has one of the old pattern and was exercising it several days this week.

Bark Hill—We have just learned that our young friend William, second son of Evan T. Smith, was married to Miss Jennie Humbert, of near Middleburg, on Wednesday evening at the M. E. Parsonage, Union Bridge, by the bride's pastor, Rev. B. F. Clarkson.

Motters—A good number of our people attended the Frederick Fair this week and report a good time and plenty of gambling on the grounds.

A birthday surprise party was tendered George Weishaar, miller, at Taneytown, on Monday of this week. Quite a number of relatives, friends and neighbors assembled for the purpose of spending the evening hilariously to his memory.

President Roosevelt has called an extra session of Congress to convene on Nov. 9th for the purpose of considering the Reciprocity Treaty with Cuba.

MONTHLY MEETING OF MISSIONARY SOCIETY

The regular monthly meeting of the Missionary Society of the Keysville Evan. Lutheran Church was held on Tuesday evening, Oct. 13th, at 7:30 at the church. The devotions were led by Mrs. Mark Baumgardner, with the group singing, "My Jesus, I Love Thee", "O, for a Thousand Tongues to Sing", and "God is Love." Mrs. Gilbert Stine was leader of the lesson "The Mission in Our Midst", and was very ably presented, pointing out the need to practice more mission among our own immediate homes and homes of needy and to make all more aware of the duties of Christian women, to give loving service, wherever needed. This is known and stressed as the "Inner Mission." Everyone enjoyed a vocal duet by Mrs. Roy Kiser and Mrs. Arthur Clabaugh, entitled "The Mission Alumni Hymn" accompanied by Mrs. Gregg Kiser.

The regular business session was conducted by the President, Mrs. Clyde Wilhide, she announced the 71st annual convention of the Lutheran Missionary Societies to be held in Baltimore, Oct. 21, 22 and urged as many members as could to go. Mrs. Gregg Kiser will attend as a delegate from this society.

Mrs. Carol Dougherty, Mrs. Mark Baumgardner and Mrs. James Unglesbee were presented with Life Memberships by the membership chairman, Mrs. James Coshun. Mrs. Lloyd Wilhide was appointed by the President to solicit the members for the 1954 religious calendars.

Refreshments of pumpkin pie, cider and Hallowe'en candies were served from a festive appointed table by the committee, Mrs. Henry Feesser, Mrs. George DeBerry, Mrs. Lloyd Wilhide.

Guests were Mrs. Roy Kiser, also Mrs. Cliff Hatch, Bluffs, Illinois and Mrs. Wendell Brackett, Naples, Ill., who are house guests of Mr. and Mrs. Charles Cluts.

Leaders for the November meeting will be, Mrs. Vallie Shorb, and Mrs. James Coshun. Specials, Mrs. Gregg Kiser and Mrs. Earl Roop.

HARNEY PTA MEETS

The Harney Parent-Teachers Association held its first fall meeting on Wednesday, Oct. 7, at 7:30. The meeting, in charge of the president, Mrs. Wilbur Reifsnider, opened by singing "America", and "Maryland, My Maryland". This was followed by Bible reading by Mrs. Raymond Rose and prayer by Miss Clara Devilliss. The minutes of the last meeting were read and approved.

Mrs. Reifsnider reported that the road signs will be placed at the square in Harney by the American Automobile Association, but the upkeep will be the responsibility of the community.

The PTA voted to pay for a pencil sharpener, and for workbooks for the second, third, and fourth grades.

It was decided to discontinue serving refreshments in the future. The following program was presented by the school: Songs, "September" and "October" by a group of children; exercise "October", by the second grade; a group of Mother Goose songs by the first grade; piano solo by Joyce Strickhouser; a Hallowe'en Parade; a play entitled "Spooks Surprise".

The following numbers were presented by guests: a reading by Ronald Welty, and a vocal solo by Judy Koontz.

For the December meeting Mrs. Stuart Dom was appointed for the Bible reading and Mrs. Leroy Strickhouser for the prayer.

The meeting closed by singing "Auld Lang Syne". Refreshments were served by the mothers of the second grade.

Acts of unselfishness never pass unnoticed. When we see an act of unselfishness performed, it brings to the surface in us gratification and admiration—and the realization that His will has been done.

"SPICE 'N' EVERYTHING NICE"

(Continued from first page)

Your Observer picked one lone Daisy on the lawn at this time of the year! The Petunias are still thriving beautifully in their lovely hues! Such warm weather for the end of October!

Now, Ladies the fabulous prices of Fiber-glass curtains are in the past as they are selling most reasonably in all the stories right now. They are color fast and all shades are appealing and individual for any room. Beaver hats are going over big, too. Ladies just as yesteryear and any lady can wear one of these. The browns and taupe are beautiful. They came in slowly last year but right now they are seen every where.

Next week is Hallowe'en. Have fun, folks! Dress up and be young again. Don't let the youngsters take away that one from us. The Oldsters can have just as much fun by having lovely parties in their homes.

Give prizes for the prettiest, funniest and most original and you do not have to go to big expense for the eats either. Ginger bread or cookies, cider and nuts go beautifully with that kind of a party.

I keep writing that "Life does begin at 80!" A precious lady of over 80 is making a beautiful "Hook Rug" in the most attractive design and colors and is about half finished! Start doing things, folks and I mean those up in years who are like "DEEP WELLS" for they certainly can teach us plenty. If you have one of these Queens or Kings around your house, Mrs. Housewife—treat them gently and love them for they are lonely and appreciate kindness and love and consideration. Oldsters are just taken for granted and many times they feel as though they are in your way. Don't let them have such an idea. It is charming to have an elderly lady or gentleman in any household. You do not know what is in their hearts or minds. Start showing them affection this very day—don't wait until they are six feet under when you will speak highly of them and say, "I wish I had been affectionate with Mother or Dad!" Give them the flowers and sweet sayings while they can still hear and smell them.

What a disgrace for the State of New Jersey due to the hatred of those poor little innocent, Rosenberg children!

Your Observer would take them in a minute! I reared three little other boys and I know that I could love those boys, too! Reading of the scandal of it all one did not know that this went on right here in our big and wonderful and free country!

When Bing Crosby comes to the local theatre in "LITTLE BOY LOST" don't fail to see that one especially if you did not admire Bing before you will appreciate the acting all through the show. That nice Father and the Sisters should positively view this movie. The excellent French actress Gabrielle Dorziat has a principal role as "MOTHER SUPERIOR" and you will admire her fine qualities! The little French lad, Christian Fourcade just nine years of age who has been a big hit in France since he was four almost steals the show although this picture is truly "BING'S BEST!"

Another smashing hit (and somehow this Columist never admired Clark Gable) until this Film in Technicolor and a real Drama "MOMENT BO" You will be living in Africa for the time being as you sit through this one in the terror-teeming tropic wilderness with those awful Gorillas. The sweet and charming Grace Kelly you will love. Of course, Ava Garner takes a grand part as to her ability due to the fact that in the story she has lost her husband during the war. WHEEEEE-eeee how Clark Gable has aged in his face but still maintains his handsome physique!

As to T.V. and many inquiries about purchasing a set now. Go right ahead as "COLOR" will not be out for another few years and when it does it will be "SKY-HIGH" in prices that only the rich will be able to afford it! Enjoy it all right now on the grand T.V.'s that are offered in these days. Don't be a Crepe Hanger—enjoy life especially when it comes right there at home with so little cost and you can change the program immediately to your liking!

If you and your family, Mrs. Housewife enjoy "Crab Soup" prepare it right now and use the fresh vegetables all from your garden. Ummmmmmmmgood! Add two cans of the Crab meat just before all the vegetables and meat are finished cooking is of great importance. The board have a grand Hallowe'en, folks. Be good and be careful. Until next week D. V. So long.

RED CROSS NEWS

The regular quarterly meeting of the Board of Directors, Carroll County Chapter, American Red Cross will be held on Monday, Nov. 2, at chapter headquarters at 8 o'clock. This meeting is of great importance. The board members will consider and vote upon amending the by-laws.

The proposed amendment involves rewording Paragraph 4.02, Section 4, of the chapter by-laws to change the annual meeting time from the second Wednesday in June to a more suitable date to be selected by the board. To make such a change, there must be a two-thirds vote of the members of the board present.

Mr. Hazard Clarke, chapter chairman, urges all board members to be present. Service chairmen will be reporting their accomplishments.

RECORD TOY SALES

The American toy industry enjoyed record sales in 1952, topping 1951 by 12.5 per cent in retail value, the Yearbook for 1953 of The American People's Encyclopedia reports. This increase was registered in the face of lower prices which were generally down 8 per cent from 1951.

A lot of youngsters have been raised in the past 20 years with the idea that government support is a normal thing for farmers to expect at all times. That kind of thinking can lead to Socialism. We've got to get back to depending on ourselves in normal times.—Agriculture Sec. Benson.

FEESERSBURG

In the United States there is a T.V. set for every seven of its people and as one critic expresses it history's greatest means of communication if you want to talk with cowpokes, comics and corpses. At a recent Town Meeting of the Air some panel members thought the effort to control children's viewing of TV programs, with the accompanying bickering and hard feelings, far outweighed the devices advantages. Other panel members thought the critics condemned only bad programs but knew nothing of the better ones. From Germany however came this statement about why German telecasts are being limited to a few hours a day. "We don't want to inflict on German family life the damage suffered in the U.S. because of unlimited telecasting." Personally I believe T.V. has many good things and quite a few bad ones. Like anything else the individual can use the medium of television for good or evil. Some families have made a TV set the center of family life, while others have excluded everything from family life except the TV set. I do know that many life-long friendships have been ended by a TV set, and this alone is enough to condemn it. For when a mechanical gadget can take the place of long standing friends and neighbors, then indeed has human relationship deteriorated to the vanishing point.

Jurors have been chosen for the November term of the Circuit Court for Carroll County, which will convene at 10 a. m. Monday, Nov. 9. Russell Bohn and Raymond Crouse have been named for Middleburg District, Earline Alexander and Abner Devilbiss for Union Bridge. I wonder when women will be allowed to serve on the jury in our county? Not as long as the men can keep them off.

One of my favorite columnists is Miss M. Lindsay who writes for the Washington Post. She gets a lot of her writing material from Washington Cab drivers, as do many other writers. Since a taxi-driver hears the reaction of thousands of people to daily problems it is no wonder he becomes a combination of Dorothy Dix and Dick Tracey. Yesterday Miss Lindsay wrote about a cabbie who was bothered about his blowhard fares who cursed out foreigners, blamed them for all their troubles, wanted every stranger run out of the country. This was him bolt inside. We were all in this world together and we had to work out a way to get along. This was "the land of liberty" and supposedly a christian Nation. Most people came here thinking we were pretty wonderful. We ought to try and behave that way. "I was born here," he said. "I expect to die here. I kind of like this country. I hate to see people disappointed in it".

The cab driver is expressing a lot of other people's views, too, along with his own. There seems to be a hate this and hate that campaign on in all parts of the world. Never before has the seeds of intolerance for other people's philosophy and religion found such fertile soil. Why? It may be that people everywhere are so overwhelmed by problems that seem to never end that they look for a scapegoat and find it in some form or another. But this is dangerous business for two people can play the same game and it ends by each destroying the other.

The 8th grade students of the Elmer Wolfe School are trying to interest the community in supporting a pony league baseball team. They have worked out the plan themselves and all they need now is a little adult interest and support. We sincerely hope it will be forthcoming. Juvenile crime and delinquency increased 10 per cent last year in the U. S. Figures do not mean very much to anyone, but when one sits in a court room as I did last week and see a thirteen year old boy put in a reformatory for a major offence, knowing in your heart that the child was a victim of his parents and the community's neglect, then you will fight for a recreation center for your boy and girl, and keep them off the streets and out of trouble.

Mr. and Mrs. Russell V. Quisenberry, Linwood, have issued invitations to the wedding of their daughter, Virginia Lee and Mr. Edward Reddick, which will take place Sunday, Nov. 1, in the Church of the Brethren, Union Bridge.

Sir Winston Churchill was awarded the Pulitzer Prize in Literature last week. He deserved it for he is a master of the English Language, knowing that simple words and phrases are the most effective after all. Who can ever forget his speech to the English people in the black days of the war, when he said "blood, sweat and tears?" No race of people with any National pride could have failed to respond to a man and speech like that. Sometimes, I think that is what we here in America are waiting for. A leader who will demand of us some blood, sweat and tears. I think we are tired of being treated like intellectual midgets—at least some of us are.

Week-end visitors at Merry Knoll were Mr. and Mrs. Russell Curtis, Brentwood, Md. Mr. and Mrs. Amos Heffner, Hightspire, Pa., and Miss Sylvia Roelke, Union Bridge.

The Smiling Sunbeams of Mt. Union Lutheran Church gave a three-act comedy Friday evening in the Parish House to a responsive audience. It was a success, both as entertainment and a financial investment.

Mrs. Carrie Hyde of Salisbury spent several days with the James Colemans and called on many old friends in the community.

The teachers and students of Carroll County Schools enjoyed a two day holiday last week. Rather the boys and girls enjoyed the holiday for the teachers had a busman's holiday—they went back to school in the form of lectures and speeches at the Lord Baltimore Hotel, Baltimore.

It doesn't make me feel any better to tell the farmers that their income has dropped 11% while the things they must buy have only dropped 4%. This is a 7% difference as any second grader will tell you. What to do? Do without, I suppose and I am not trying to be funny. Remember I am a farmer's wife myself and like all women like to spend money, too.

Maybe Nature will solve farm surpluses. The present drought is not confined to one locality. It has spread east and west, north and south and the water situation is becoming serious.

It may be true that time heals all wounds, but it won't remove one wrinkle off a woman's face.—Ruth Roelke.

The Value of a Smile
No one has ever added up
The value of a smile.
We know how much a dollar's worth;
Know how much in a mile.
We know the distance to the sun,
The size and weight of earth;
But no one ever told us yet
Just what a smile is worth.
—Cora Lacy.

PYTHIAN SISTERS MEETING

The Pythian Sisters held their meeting on Monday night, October 12. Most Excellent, Audrey Hess conducted the meeting. Sister Ethel Garber gave a report on the turkey supper and the Temple wishes to thank all people who helped to make this supper a success.

DIED

MRS. MAE FORMWALT

Mrs. Mae Formwalt, Frizellburg, Md., a resident of Hanover for a number of years, died at 6 a. m. Monday at the Cookson nursing home, near Uniontown, Md. She was 69. Mrs. Formwalt left Hanover for her native Carroll County 10 years ago and was residing at the home of Mrs. Arthur Master, Frizellburg, before going to the nursing home six weeks ago. She was a member of Grace Reformed Church, Hanover. Her parents were the late John T. and Agnes Arthur Babylon. A sister, Mrs. Annie Dubbs, York, and several nephews, nieces, and cousins survive. Funeral services were held Wednesday at 2 p. m. at the C. O. Fuss & Son funeral home, Taneytown. Her pastor, the Rev. Wm. H. Banks, was assisted in the rites by the Rev. Miles S. Reifsnider, pastor of Baust Reformed Church. Burial was in Baust Church Cemetery.

WOMAN'S WORLD

Make Relishes Now
To Tempt Appetites
For Winter Meals

THINK ahead to Fall and Winter days when you won't have the supply of fresh fruits and vegetables to add color and contrast to menus that you have now. Makes you want some jars of jelly and crisp pickles, doesn't it?

Grape jelly is an old favorite, especially when it's made by a quick cooking process that preserves the luscious color and flavor of the fresh fruit.

Grape Jelly

(Makes 12 6-ounce glasses)

- 5 cups juice
- 7 cups sugar
- 1 box powdered fruit pectin

To prepare juice, stem about 3½ pounds fully ripe grapes and crush thoroughly. (Concord grapes give the best color and flavor). Add 1½ cups water, bring to a boil and simmer, covered, 10 minutes. Place in a jelly cloth or bag and squeeze out juice. Measure 5 cups juice into a large saucepan.

To make jelly, measure sugar and set aside. Add powdered fruit pectin to juice in saucepan and mix well. Place over high heat and

ONLY ABOUT 3½ pounds of Concord grapes are necessary to make a batch of 12 6-ounce glasses of this delicious jelly. With fruit pectin, the cooking time is cut down to a minimum, and fresh grape flavor and color is saved.

stir until mixture comes to a hard boil. Stir in sugar at once. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon and pour quickly into glasses. Cover jelly at once with ½ inch hot paraffin.

Golden Pickles

(Makes 6 pints)

- 12 large, ripe cucumbers
- 6 large onions, sliced
- 3 cups vinegar
- 1 cup water
- 2 cups sugar
- 2 tablespoons white mustard seed
- 2 teaspoons celery seed
- 2 teaspoons turmeric

Peel cucumbers; quarter; cut off seeds. Soak cucumbers and onions overnight in brine of 1 cup salt and 4 quarts water. Drain. Combine remaining ingredients; cook 5 minutes. Add cucumbers and onions; heat to boiling. Seal in hot, sterilized jars. If desired, tuck in a grape leaf, in each jar.

Home Safety Can
Be Achieved Easily

Is your home as safe as you can make it? Almost a third of the accidental deaths and almost one-half the non-fatal injuries in this country, reported, occur in the home.

This adds up to about 27,000 fatalities and many thousands of injuries which are caused by lack of simple precautions, haste, nervousness or fatigue.

Do be safe in your own home and check some of the procedures given here to make certain you are being as careful as possible. It will save needless loss of work hours, much expense and loss of time.

Save Your Back

Many actual backaches can be avoided if you do proper lifting while you go about your household duties. When you lift some object or basket off the floor, do you bend and lift? It's much better to let the legs take the burden of lifting, so crouch, bending the knees or kneeling to get at the object.

Keep the back straight and erect as you crouch to the floor. Raise the weight gradually by straightening the legs, using leg and shoulder muscles for the actual lifting. The back has enough to do in supporting the body!

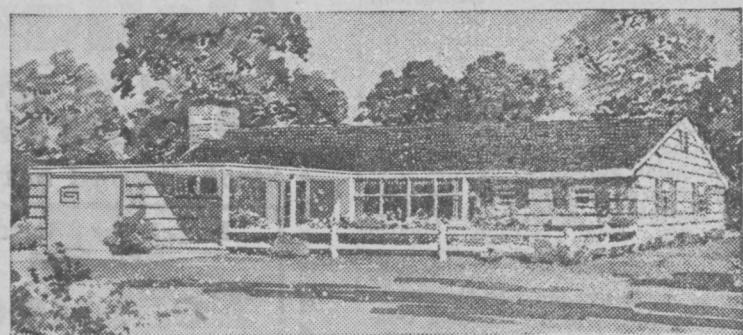

Preventing Falls

Since falls cause the greatest number of home accidents, do your best to avoid causing them. Keep passageways clear of furniture, toys, etc. so that you can move from room to room freely.

It's wise to keep a small, short handled mop convenient so that water and food, especially those which are greasy, and thus slippery, can be wiped off the floor as soon as they're spilled.

Avoid Burns, Scalds

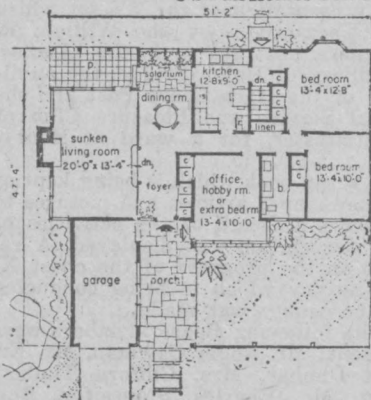

To cook more safely turn the handles of pots and pans to the back of the range, always making certain that no handle is directly over a unit which is hot. Use pot holders or mitts and keep these handy.

House Planned Especially
For the Retired Couple—
From Small Homes Guide

© Small Homes Guide

A feature of this retirement house—a plan which appears in the current edition of Small Homes Guide—is the convenient room at the front which can be used as an office, hobby room or a bedroom for the visiting son or daughter and family. The solarium is another attraction that offers hours of pleasure for the retired couple.

The area of the plan by Architect Rudolph A. Matern is 1,336 sq. ft. Information on blueprints and their cost may be obtained by writing to Small Homes Guide, Dept. 1274, 82 W. Washington St., Chicago 2, Illinois.

Tomato Time Is Big Time

Processing plant sprayers wash tomatoes thoroughly.

The Tri-State's big-scale tomato industry moves into high gear with maturing of midseason tomatoes and will continue into October on the late crop.

Although national and area production will not be as great as last year, the thousands of Tri-State growers and the 171 tomato processors will probably approximate their traditional annual contribution to the national larder: one-fourth of all canned tomatoes and 18-20 per cent of all tomato products such as juice, puree, catsup, paste, sauce, aspic.

This is a good time to be planning next year's tomato crop, but not at the expense of current harvesting. It is in the grower's own interest to supervise the picking constantly, delegating off-farm activities, as trucking, to others. This supervision should include seeing that the workers are comfortable and content—the profit from this year's efforts can be lost if they meander off after the heaviest picking period. Keep posted, too, on labor regulations, including those affecting school-agers.

Products Keyed to Crop Quality

The quality of the Tri-State tomato products is keyed to the quality of the tomatoes delivered by the grower. Fancy grade requires the best fruit—for instance, your juice or catsup processor will tell you that there is almost no market in these highly competitive products for anything but fancy packs, with color and flavor 70 per cent of the grade. That is

why he asks for ripe, red tomatoes and is particularly concerned over blemishes as anthracnose spots or scars from cracking.

To deliver quality tomatoes requires frequent pickings of the wanted maturity, stemfree, carefully handled to avoid bruising and cracking, and facilities ready for fast shipping. Every hour tomatoes lie in the basket costs them weight and quality as well, unless holding conditions are favorable. Damaged fruit is the delight of insects; careful handling cannot be overestimated.

Check Your Spacing

Notice how many vines may be broken by pickers—you may want wider rows next year, not only to favor picking but also because spraying is more effective. Many growers now use 6-foot spacing.

If tomatoes are to be government-graded, the inspector will be glad to explain any detail; it makes his job easier.

At the first sign of poor growth or leaf or fruit spots, call your county agent or cannery fieldman—if they have not already reached you with word of disease or insect threat. Specialists at all three land-grant colleges, the Universities of Delaware and Maryland, and Rutgers, are constantly developing or improving controls of every known destroyer. So close-knit is cooperation between the universities, the USDA, the processors and the growers today that effectiveness of such control measures is remarkably good.

No Liquor Defense

Lesson for October 25, 1953

ON THE SOUTH side of a large sign in front of a Methodist church on a main highway are the words: LIQUOR HAS NO DEFENSE. The church did not invent that expression; it is a quotation from Abraham Lincoln. On the opposite side of the sign, drivers coming the other way see this:

Drink
Drive
Eat

Even the companies that make money out of drunkenness (the more liquor, the more profits) know that the north side of the sign is true, and will say so in large paid advertisements. Liquor certainly has no defense as a drink for drivers. But some of the other defenses put up for alcoholic liquor as a beverage that "belongs," that is part of the social scene, do not sound so good when they are taken down and looked at with a cold and sober eye.

Alcohol Is A Drug

The one thing that defenders of alcoholic beverages invariably keep quiet about, is the simple fact that alcohol is a drug, a harmful drug, a habit-forming drug. No amount of advertising can talk that fact out of existence.

That it is a fact, can be witnessed to by anybody—he does not have to be a preacher—who has had to deal with the wretched people at the bottom of the slide that was lubricated with liquor. Alcoholics are sick people; that is a recognized fact; but alcoholism differs from all the other diseases in the book in this one vital thing: No one can say to himself, I refuse to have tuberculosis, I will never have cancer. He may come down with those diseases in spite of his best intentions. But any one may say to himself: I will never be an alcoholic. And he can make that resolution stick, simply by staying away from alcohol. On the other hand, no man or woman who mixes alcohol in his system can ever be quite sure he will not be an alcoholic. No alcoholic ever meant to be one.

Drugs Have No Brakes

Now the trade in alcoholic liquor is legal; trade in other drugs such as heroin, cocaine and similar drugs, is strictly illegal except for medicinal purposes through regular pharmacists, and on doctors' prescriptions. Still there are a great many people who in spite of the difficulties do manage to buy and use these forbidden drugs, and of course there are always the conscienceless people who sell the stuff to the addicts.

But let us suppose we listened to the defenses of ordinary liquor, if applied to other drug habits. How ridiculous they would sound! We are told that the habit of drinking liquor is a long-established American way of life. Well, the taking of cocaine is long-established too. People will buy liquor—legally or illegally; they will buy heroin too in spite of all the laws. People will steal cars, and forge checks—it's been done a long time. But that doesn't make it right.

Or again, consider the pleasure people get out of liquor. Why, of course. They get an even keener pleasure out of shots of other drugs than alcohol. Every time you put a drug addict into a sanitarium you deprive him of his greatest pleasure in life. But that does not make his habit any better. But, it will be said, self-control is the answer; a drug used in moderation is not so harmful as when used to excess. True; but the trouble is, no drug has brakes, and drugs of the kind that alcohol and heroin are, actually weaken self-control instead of making it stronger.

Stuff And Nonsense

The reader can amuse (or horrify) himself by thinking of other antique arguments used to bolster the cause of those who use, or who profit by other men's use of, alcoholic liquors. How do they sound when used in defense of other drug habits? "The illegal drug business gives employment to thousands." "To interfere with this traffic is to interfere with free enterprise, the right of every man to make his living as he sees fit." "To interfere with this traffic is to interfere with men's personal liberty. Even if a man ruins himself with cocaine, it's his own business."

ACTIVITIES OF THE GIRL SCOUTS

The large attendance at the District Association meeting of the Carroll county Girl Scouts indicated the wide interest in promoting the organization. A delicious baked chicken dinner was served by the ladies of Stone Chapel Church in their Social Hall on Monday evening.

Mrs. Glenn Specker, County Chairman, introduced Mrs. Russell Wonderlic, Pres., Baltimore Area Girl Scouts, who have been active in Girl Scout work since 1930. She commended the group on its accomplishments. Most of the workers are volunteers, with paid workers averaging only 1/4 of 1%.

Mrs. William David, wife of the Dean of Men at W.M.C. is very capable serving Carroll County on a part time basis in the capacity of Field Director. Dates for various Leadership Training Courses, being conducted by Mrs. David, were announced. Anyone interested in taking this training may contact Mrs. David at Westminster 129R.

Mrs. Stanford Hoff gave the financial report.

The association regrettably accepted the resignation of Mrs. Truman Myers, who had been active in the Union Bridge community.

Mrs. Nathan Winestock, Chairman, outlined plans for the Cookie Sale beginning Oct. 17 and continuing through October. Booths will be placed in stores and public places throughout the county.

The Kickoff Luncheon for the Financial Drive was held at Legion Square today. The sale of cookies is the girls share of activity in the drive; only adult scouts will solicit for money. All money collected will be used for the benefit of the Girl Scouts in Carroll County.

Highlighting the evening, Mrs. Geo. Clark, wife of the minister of Calvary Baptist Church, Vice Pres., Baltimore Area Council of Girl Scouts and Chairman of the Field Committee, chose as her subject The Challenge of Making Democracy a Reality through Scouting. She stressed the worthwhile results of more companionship and understanding between parents and children, the need for parents taking their children to Sunday School and supervised recreation as three great weapons against juvenile delinquency.

The Girl Scout Organization is the largest youth-serving organization for girls in the world and in a recent poll, it was found that it is the most wanted organization in the country.

Listen to the program "A Chat with Gladys" on Station WTTR at 1:15, Oct. 13 and Oct. 21, at which time guests on this program will present information on Girl Scouts.

RED CROSS NEWS

Mr. George Eppler, chairman of first aid of the local chapter of the American Red Cross, has received word from National Headquarters that two major changes in first aid care are to be made immediately. Involved are the treatment of frostbite and the application of a tourniquet. The changes were adopted on the basis of recommendations of the Committee on Surgery Division of Medical Sciences of the National Research Council. New supplements to the Red Cross First Aid textbook will soon be received. Copies may be obtained free through ARC chapters. Mr. Eppler is planning a meeting of the instructors very soon so that this material may be thoroughly understood.

WARNING

Director Ernest A. Vaughn, Game and Inland Fish Commission, has requested hunters and all others who enter the woods and fields and forests of Maryland at this time, to be especially careful about fires, matches, cigarettes, and such, as the woods and fields are very dry, especially on the Eastern Shore and in 3 Western counties, and a small spark could set off a large conflagration. He particularly requests the hunters of Maryland who go after squirrels, the season for which opened Monday, October 5 and extends through October 31, and also those who hunt wild turkeys in Garrett, Allegany and Washington Counties, from October 5 to October 31, to be on the alert for any smoke signs and to assist in putting out any fire observed or reported.

HISTORICAL SOCIETY MEETING

The directors and committee chairman of the Historical Society of Carroll County met at the Shellman House Thursday, September 10. After attending to routine business affairs the directors confirmed the appointment of Mrs. Edgar G. Barnes as Custodian of the records.

Among the recent visitors to the Society were members of the Montgomery County Historical Society, the Carroll County Society of Baltimore, and the Mayor and Council of Westminster.

Additions to the exhibit of Text Books used in the County Schools during the nineteenth century include books used at Glenburn and Thorndale private schools at Taneytown. These books have been loaned by the Misses Annan of Taneytown. Mr. and Mrs. Frank B. Beasman have given books used at Warfield College, Sykesville. They also gave photographs of Gov. Frank Brown's wife, Mary Ridgely Brown; his father, Stephen T. C. Brown; his mother, Susann Bennett Brown; and his grand-daughter, Mary Brown Hughes. Other gifts to the Society include an antique vase by Mrs. May Snyder; a photograph of the original spring house at Terra Rubra given by Mrs. Earl Shriner, Frederick; manuscript read at Taneytown meeting by Miss Elizabeth Annan, "Glimpses from the life of an early settler of Taneytown District," taken from the diary of Clotworthy Birnie, 1810-1815; and a book of poems by Owen Meredith given to Jane Butler Thomas (Lamme) by Mary Shellman in 1893.

We're a reading people. There were published last year 231,000,000 paper-bound books, both originals and reprints.

There are no greater miracles known to earth than perfection and an unbroken friendship.—Mary Baker Eddy.

CARROLL COUNTY TO HAVE NINE MAJOR ROAD IMPROVEMENTS

One of the largest road programs in the state will be of great benefit to Carroll County. The Road Commission's plan for a twelve year program was approved by the Maryland Legislature during the last session. Mr. Charles LeViness, Public Relations and Mr. DiDomenico, from the office of the State Roads Commission, Baltimore, were in conference with the Carroll County Commissioners on Wednesday. A county wide program for the next four years was mapped out by the group which will be a great step in the future of our highways. There are two programs, one being the Primary System which includes large projects and the secondary set-up which our County Commissioners have a say in.

In the Primary system for the 4-year set-up, includes the blacktopping of 5-miles from Westminster to Warfieldburg and the building of the North Branch highway to Eldersburg.

Secondary program includes:

1. Keymar cross-roads to the Frederick county line.
2. Route 32—Eldersburg to Sykesville, 3.38 miles.
3. Route 31—Westminster to Manchester, 8.9 miles.
4. Connecting the new dual highway from the Westminster-Reisterstown road to the Old Washington Road, and continue to Hood Mills, which is 12 miles. This will be a direct route to Washington.
5. From New Windsor to the Frederick County Line, 5.81 miles.
6. Gamber to Baltimore County Line, 6.58 miles.
7. Taneytown toward Littlestown, to the Pennsylvania Line, 5 miles.

All the above road programs are expected to be completed at the end of 1957, when a new set-up will be planned.

LITTLE-KNOWN FACTS FROM THE CURRENT READER'S DIGEST

The chimies of Big Ben, in London, are heard in Australia, 13,000 miles away, before they are heard on the street below, says Sydney A. Hurren in the current Reader's Digest. Transmitted by the British Broadcasting Corp., the sound of the chimies goes out at the speed of light—186,000 miles per second—and reaches Australia in less time than it takes the sound to travel unassisted from the tower to the ground.

Atoms are so small that if a drop of water were magnified to the size of the earth the atoms in the drop would be smaller than oranges, states William L. Laurence in the November Reader's Digest.

The wild turkey, ancestor of our Thanksgiving bird, is still plentiful in certain areas, says Alan Devoe in the current Reader's Digest. Virginia estimates that 23,000 wild turkeys live within the state's borders; in Pennsylvania the bird's range has expanded from two million acres to 15 million in recent years.

Identical twins were adopted when babies by two different families and grew to manhood in cities 1000 miles apart, ignorant of one another's existence. Nevertheless, says Joe McCarthy in the November Reader's Digest, they both became telephone repairmen; both married at the same age selecting wives of a similar type; both became fathers of sons in the same year, and both owned fox terriers named "Trixie."

The purebred bloodhound is one of the gentlest and most harmless of dogs, says Leon F. Whitney in the current Reader's Digest. His name derives not from what he would do to his quarry if unleashed, but from "blooded hound" meaning a dog of highly selective breeding.

IN THE MEDITERRANEAN

James D. Ferguson, fireman, USN, son of Mr. and Mrs. Leonard M. Ferguson of Rt. 2, Taneytown, is aboard the minesweeper USS Tanager, taking part in the joint NATO training exercise "Weldfast."

Weldfast is aimed at testing and strengthening the readiness of land, sea and air forces to operate and maneuver in the defense of Allied Powers Europe's Southern European and Mediterranean Command Area.

United States, British, Greek, Turkish, and Italian forces are participating in the large-scale operation. The exercise ends October 7th.

BUYS REGISTERED AYRSHIRE

Gary Schoonover, of Keymar, recently made an initial purchase of one registered Ayrshire, according to the Ayrshire Breeders' Association Executive Secretary, Chester C. Putney, of Brandon, Vermont.

The transaction was recorded in the National Office of the Ayrshire Breeders' Association in Brandon where complete records on all registered Ayrshires in the United States have been maintained since 1875.

Because of their ability to produce at a low cost an abundance of milk with an average butterfat test of 4%, the Ayrshire breed of dairy cattle has become increasingly popular with dairymen throughout the country.

Approve not of him who commends all you say.—Franklin.

It is difficult to say which may be most mischievous to the human heart, the praise or the dispraise of men.—Mary Baker Eddy.

When flatterers meet, the Devil goes to dinner.—John Ray.

You'll find plenty of apples on October markets. Good all-purpose apples are Golden Delicious, Jonathan and Stayman.

For a tasty sandwich filling mix carrots, celery, pickle or cooked beans, carrots, celery, pickle or cooked beans.

Try onion-stuffed hamburgers. Simply place a slice of onion between two thin hamburger patties, pinch the edges together and broil or pan-broil.

How To Install Plastic Sills

from SMALL HOMES GUIDE

Window sills take a lot of abuse, so it's good news that a durable plastic one is on the market. Here are directions from Small Homes Guide on how to install the new type sill.

Framing for the sill is prepared in the conventional manner.

Two nails are driven in at each end to hold the plastic in place.

Be sure to nail at the edge, where plaster will conceal them.

Attachment of plumb molding and plastering completes the job.

PARISH HOUSE DEDICATION
WEEK ENDS

Thursday the formal dedication program of Grace Evangelical and Reformed Church Parish House was concluded. It was Church Community Night at which time a 40 voice community choir under the direction of Miss Margaret Shreve sang "Bless This House" and "Send Out Thy Light". Rev. Gideon Galambos, Rev. Glenn L. Stahl and Rev. Arthur Garvin brought the greetings of the local congregations while Rev. Miles Reifsnnyder brought greetings of the E. & R. Churches in Carroll County. All of the ministers also shared in the conducting of the worship program.

The speaker of the evening was Mr. Theodore R. McKeldin, Governor of Maryland, who in the address of humor and Biblical foundation strongly urged the wise use of the building and to be mindful of our great heritage as we follow in a great train.

At the conclusion of his address the Governor presented to the congregation the original etching of the State House at Annapolis by the Nationally-known artist, Mr. Don Swann, Baltimore. Mr. Swann has etchings in the galleries of the Metropolitan Museum of Art, the Congressional Library and many other public and private collections throughout the nation.

Maryland's State House, located on the highest hill in Annapolis, has been in constant official use since its completion in the first years of the new republic. Designed shortly before the Revolution, its cornerstone was laid on March 28, 1772, by Governor Robert Eden, last Colonial Governor of Maryland and brother-in-law of the last Lord Baltimore. In its Senate Chamber on December 23, 1783, General George Washington resigned his commission as Commander in Chief of the United States armies to the Continental Congress, then in session in the building. The Treaty of Peace with Great Britain was ratified, signed and sealed here by Congress in 1784. The etching was officially and gratefully received on behalf of the congregation by its minister, Rev. Morgan Andreas.

Following the worship program there was a period of informal fellowship and refreshments down stairs at which time a program of special musical numbers arranged by Mrs. George Motter and rendered by different members of the congregation was presented. During this time also the Governor very graciously shook hands with the people and chatted with them very informally.

MR. MURRAY BAUMGARDNER
ELECTED TREASURER TO THE
COUNCIL OF CHURCHES

During the business meeting of the Carroll County Council of Churches held last Tuesday evening at the Brethren Service Center, New Windsor, Mr. Murray Baumgardner was elected to serve as treasurer during the coming year. Other officers elected were: Rev. Ray E. P. Abbott, President; Rev. Lewis C. Robson, Vice-President; Mrs. Austin Schildwachter, General Secretary; Mrs. Richard H. Bollinger, Public Relations Secretary; Rev. Harris M. Waters, Chairman on Christian Education; Rev. Harold R. Hodgson, Chairman on Evangelism; Rev. John A. Eberly, Chairman on Social Actions; Rev. Paul V. Helm, Chairman on Stewardship and Mr. T. K. Harrison, Chairman on Community Relations.

The Rev. Willis R. Ford, Executive Secretary to the Maryland-Delaware Council of Churches conducted the installation service. The Rev. John B. Howes of the Westminster Theological Seminary acted as toastmaster for the evening and also led group singing. The speaker for the meeting was the Rev. Dr. Carl C. Rasmussen of the Gettysburg Theological Seminary. He is Professor of Systematic Theology and has studied in Sweden. In his speech he compared modern times and conditions with those preceding the time of Christ and pointed out that now is the time for all Christians and the churches to work together.

The officers and chairmen of the commissions of the past executive staff presented their reports. An invitation was extended to the Council by Richard Bollinger to hold their Spring meeting at Grace Lutheran Church, Westminster. The Rev. Leslie W. Coltrane closed the meeting with the benediction.
