Journalism Class Visits the Record Office

"I'd Climb the Highest Mountain", a popular movie, will be shown at 10 a. m., Thursday, April 8, in the Taneytown High auditorium, instead of the movie previously announced for this week.

An Easter assembly will be held on Wednesday, April 14, in the auditorium. The Rev. Hoch, pastor of the Church of God in Uniontown, Md., will be the speaker for this occasion.

On Tuesday, April 13, the T. H. S. baseball team will meet their first opponents in a home game with Damascus. Our team and fans are looking forward to a good season.

On Thursday, April 1, the Journalism class accompanied by Mrs. MacDonald visited the Carroll Record Office. It was the object of the visit to see the presses in action. The class saw the "Record" being printed at a great rate of speed by the employees. The operation of the folding machine was interesting and a little puzzling.

Editor Stonesifer showed how the names are stamped on the papers and then gave each member a copy of the edition of that week.

While the employees were at lunch, some of the ambitious boys of the class tried running the press. If anyone is displeased with the printing of his paper, please send your complaint to the Journalism class—not to the Carroll Record.

Mr. Stonesifer hopes a drop of printer's ink got into the veins of at least one student in the class who may be of use to him in the future.

Members of the commercial seniors are working from one to three hours each day this month on a work-experience program.

The Key Club is planning a food sale to be held in the Firemen's Building on April 14, beginning at 11 a. m.

WOMEN'S GUILD

The April meeting of the Women's Guild of Grace E. & R. Church was held in the Parish House following the Lenten Service. The Spiritual Life Committee was in charge of the program, Mrs. Ralph Stonesifer, chairman.

The topic for the evening was: "Christian, Do You See - Faith Overcoming Fear?" The chairman read the opening meditation and purpose of the program. Mrs. Alice Reifsnider read the Scripture reading and all joined in singing the hymn, "I Know that My Redeemer Lives." Mrs. Stonesifer read another meditation followed by a duet by Mrs. Harold McHaff and Mr. Delmont Koons, "The Palms" and were accompanied by Mrs. Romaine Motter. Later in the program they sang "The Holy City."

Mrs. Otis Shoemaker gave a reading entitled "The Beauty of the Lily." Mrs. Charles Baker gave a reading on the topic. Various members of the committee participated in a question and answer period. The offering was received and the closing prayer by Mrs. Otis Shoemaker. All joined in singing the closing hymn, "Jesus, Keep Me Near The Cross."

The business meeting was in charge of the president, Mrs. G. Emerson Rue. Everyone was reminded of the Regional meeting to be held in Westminster. Our next meeting will be "Family Night" with a covered-dish supper. Mrs. Romaine Motter and Mrs. Franklin Baker were named co-chairmen for the supper. HISTORY OF TANEYTOWN

As It Appears in the 1894 Files of the Record

LUTHERAN CHURCH

No history of Taneytown would be complete without some account of the different congregations, nor worshipping here and the buildings they occupy. I have asked the pastor of each church to furnish me with whatever facts they may have, and will begin with Trinity Lutheran Church, compiling this account from a brief history of Trinity Lutheran Church, Taneytown, written by request for the Maryland Synod, by the Rev. G. W. McSherry, the present pastor, and published a few years ago in the Carrolltonian, adding a few things that I have gathered from other sources.

I want to get the main facts connected with the foundation and the growth of each of the churches, and the completeness of the annals will depend on the fullness of the church records. I shall also be much obliged to any one having any old papers bearing on the subject, if they will show them to me, or to the pastor of their church.

It is said that the Evangelical Lutheran church at Taneytown, was organized about the year 1780, in a yellow frame building which stood on the ground now occupied by the Reformed cemetery; they occupied it in common with the Reformed congregation. There are no records of the first organization. The short account given in the History of Western Maryland says that for some years no pastor was employed, "but that Dr. Meisheimer and Dr. Runkle from Gettysburg delivered sermons occasionally in German."

The earliest official records we have are the record of baptism beginning with the year 1788, and church book A (begun in the German language) in the year 1792, by John Guenther Wingand, preacher. It contains 57 names, to which are added the names of 23 newly confirmed members. On the first page, in addition to the name of the preacher, are names of Michael Null and Ulrich Reaver, elders, Matthew Shriner and John Zumbum (vorstaers) deacons (?). The church records for 15 years of Mr. Grob's pastorate, are lost.

CONTRACT FOR TANEYTOWN'S SANITARY SEWER ADVERTISED

The Mayor and City Council met in regular session Monday evening in their office in the Municipal Building. The Mayor and all members of the council were present. Mr. K. A. McCord, engineer of the firm of Whitman, Requaardt and Associates, Baltimore, was also present.

Advertisements of the contract for the construction of the Sanitary Sewerage System for Taneytown were inserted in newspapers this week. Some of the proposed plans are outlined in the following letter to the Mayor:

Mayor and City Council
Taneytown, Maryland
Attention: Mayor Raymond J. Perry

Re: Sanitary Sewerage System
Taneytown, Maryland

Gentlemen:

In accordance with your instructions, we advertised the contract for the construction of the Sanitary Sewerage System for Taneytown on April 1, 1954. Bids for this project will be received and opened in the office of the Mayor and City Council at 8:00 P. M., Eastern Daylight Saving Time, on Monday, April 26, 1954.

The work to be performed under this contract includes the construction of approximately 46,500 feet of collecting sewers and outfall sewers; the construction of a sewage treatment plant located along the banks of Piney Creek at the Sauble Farm approximately one mile downstream from Taneytown; and the construction of an automatic sewage pumping station located on York Street across from the Feese Cannery.

A large proportion of the collecting sewers will be constructed in the sidewalk areas. The Contractor will replace the concrete sidewalks disturbed during the construction of this sewer with new full width concrete sidewalks. Within the town limits there are a considerable number of brick sidewalks. In the event the property owners desire to replace these brick sidewalks with concrete sidewalks, we have included in the contract provisions for the Contractor doing this work. The additional cost of replacing the brick sidewalks with concrete will be borne by the property owners. We will prepare a mimeographed agreement which the Mayor and Council should have each property owner sign, indicating their desire insofar as the replacing of brick sidewalks fronting their property.

We have previously discussed with the State Health Department the details of the sewage treatment plant, and they have indicated their approval of our design. We are formally requesting the Health Department to issue the necessary permit for the construction of this project.

Within the next three weeks prior to the receipt of bids for this job, Taneytown will be visited by numerous Contractors, seeking information as to the character of excavations to be encountered during the construction of this work. These Contractors will make test borings throughout the City and along the outfall sewer, at the pumping station site, and at the treatment plant site in an effort to determine the amount of rock that may be encountered in the construction of this project. This is a normal procedure and the citizens of Taneytown should be informed of this activity.

This is a major undertaking for Taneytown and in your review of the finished plans and specifications there are perhaps questions that may arise. We will be available to come to Taneytown for a conference on any points contained in the contract drawings or in the specifications, if you deem such a conference necessary.

We have this date advised your bond attorneys, Niles, Barton, Yost and Dankmeyer, to proceed with the preparation of the necessary ordinance prior to the advertising of your bond issue. Within the next few weeks this ordinance will be completed and will be forwarded to you for passage. With bids being received on April 26, it is entirely likely that no money will have to be paid to the Contractor prior to July 1, 1954.

Very truly yours,

WHITMAN, REQUARDT AND ASSOCIATES
By K. A. McCORD

Officer Koontz made his report to the Council as follows: 1 criminal arrest, 51 Parking tickets served, 14 motor vehicle warnings and 21 other arrests.

The officer was instructed, according to the ordinance pertaining to the parking meters, not to turn the handle of the meter, thereby accommodating the autoist with additional parking time.

All delinquent City taxes are to be collected by the City Officer upon instruction and authorization of the Mayor & City Council of Taneytown.

The meeting adjourned at a late hour.

PLANS PROGRESSING FOR BI-CENTENNIAL

The Several Committees Are Functioning Nicely

The committees of the Bi-Centennial organization are busy these days planning for the big event which is to take place the last week in July here in Taneytown.

On last Thursday evening, the executive committee and the finance committee met at the Firemen's building at which time they discussed the bids that had been presented for the printing of the program, and also the type of program they wish to publish. The parade committee submitted a statement showing how much they would need to stage a parade in town on Saturday, July 31. The figures included amounts to be paid for prizes for bands, drum corps, marching units, floats and bicycles. Also the prizes set up for old motor vehicles and horse drawn vehicles. These amounts were discussed, and the finance committee, with the approval of the executive committee, made a further suggestion, thereby lowering the amount to a certain extent, which was to be returned to the parade committee for acceptance by them at their next meeting.

The parade committee met on Tuesday evening of this week with Miss Dorothy Elderidge who is writing the program. They went over the scenes and appointed scene directors for each scene, and did some work on the casting of parts, which is under the direction of Mrs. Elwood Baumgardner, Asst. Director, and Mrs. Wallace Yingling, Music Director. A few members of the history committee met with them to discuss what further information is needed as to historical background towards the completing of the pageant. It was noted that information is needed on the old time medicine shows that used to be held on the square, a picture of the old Taneytown Band Wagon, and a description of the interior of the public school as it was in 1870. Also, does anyone know where there is an organ grinder and tame monkey, or someone that would play the part of an old time peddler of wares; or where there can be located any old horse drawn carriages or old automobiles? And too, if anyone has any old time clothing that would be good for the costume committee and could be used in the parade and pageant, please bring them out into the open, as they would be greatly appreciated. Any one having any information on any of the above items, should contact Miss Amelia Annan who is chairman of the Historical committee, or any other member of that committee.

The parade committee met at the Legion Home on Tuesday night also, and they discussed the financial list sent back to them by executive committee. The financial committee met with them, and together they came to a decision as to the amount to be paid for prizes for the parade. It was too decided to offer prizes for horses. Their next meeting will be on this Friday night at which time they hope to set up a letter, and a definite price list that will be mailed out to all persons and organizations who they can think of that might wish to participate in the parade. They will meet at the Firemen's building at 7:30 p. m.

The program committee met on Wednesday night at which time they considered all the bids and selected the Everybodies Publishing Company, Hanover, Penna., to do the printing of the souvenir program for the Bi-Centennial. This program will be a 64 page booklet 8 1/2 x 11", and will carry a history of Taneytown, as well as the histories of its organizations. Also articles on such items as the Eli Bentley Clocks, and other historic items of interest to the people of Taneytown. There will be approximately 30 pages of advertising, which of course are necessary for the paying for the program, to be able to cut the cost down that the programs may be sold at as small a fee as possible. Several pages will be designed as "Patrons List", which will carry the names of all persons wishing to contribute a minimum of \$1.00 each or \$2.00 per couple. It was decided that all persons assisting with the collecting of ads, meet with the program committee on Tuesday night, April 13, 7:30 at the Firemen's building. The more persons that cooperate with this project, the easier it will be for those who go out to do this job. This is one chance that anyone has that feels that they would like to help with this project, come out on Tuesday night, and join this committee that needs all the help it can muster.

The executive committee will hold its regular weekly meeting on this evening, (Thursday), at 7:30 p. m., in the Firemen's building, and all members are urged to be present.

GOOD FRIDAY WORSHIP

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning.

I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer.

Each future day and in some way—help to bring you happiness!

What a surprise to see the snow last Wednesday morning! However, it was not as bad as the 12 inch affair in Chicago and parts of New York State. Nice weather we have here in Maryland!

Life truly does begin at 80. Did you read where the "Veep" (our former Vice-President of these United States) is throwing his hat again in the ring for a place in the U. S. Senate? Here's another—a little widow whom I know right well has just built a little home for herself for the few remaining years left. A small affair just finished. Such wonderful happiness and contentment. Never underestimate the powers of a woman. This I saw on T. V. The White Cross and their aged employees! They do not employ any under 65. You should have seen them at 80 working at their desks.

Hope you did not miss "The Home Hour" with Arlene Francis and down in Washington with the Cherry Blossoms. Those beautiful Japanese Cherry Blossoms in full bloom although the day was a bitter one. I did not know until then and which my favorite T. V. actress stated that the Washington Monument was built by the pennies from school children in the year of 1879.

Be sure to read the last page of the April Reader's Digest and there it tells the real story of those Japanese Cherry Blossoms. There was the grand Marine Band of the United States under the Colonel leading celebrating the 14 year being the leader of that famous Band (My second Cousin John Philip (de) Sousa having been the leader of the United States Marine Band years ago)—the (de) he dropped making it sound more professional as just plain Sousa.

Then was shown and introduced by Arlene Francis—the models in the California Fashion Show. Those poor dears wearing such scant clothing and so thin. They were brave. It was wonderful to sit in the warm living room and view it all on T. V. Br rrrr it was cold down there. The wide skirts appearing more plentiful.

Last week, I visited the real treat of the Scandinavian Display in the Museum Art Building in Baltimore which is always open to the public. It was truly a splendid exposition of contemporary decorative arts from Denmark, Finland, Norway and Sweden organized by the four countries at the invitation of leading American Museums. Over 700 items of furniture, glass, china, silverware, steel and textiles. The beautiful glass with its simplicity also the silver and furniture so beautifully made. In all those countries the people are noted for their thrift, patience and art. Nothing seems to be too much trouble. The glass was the development of eight separate techniques from their origin to the present day.

One room of the Museum displayed the Jacob Epstein Collection of paintings which is unusual for its wide scope and for the high quality of the examples of which it is comprised. Truly, I wish that I had more time to spend days right there appreciating all the fine arts within the souls of the individuals who made it all possible.

From there I attended the Saturday night "Ice Skating Show" at Carlin's "Ice Carnival" with our very own Baltimore Ice Skaters. The place was simply jammed—every seat taken. (Your Observer was handed a very special chair). Of course the affair was most interesting for the Baltimore relatives. There were Champions of 1954 starring "Dafoe and Bowden" but the outstanding skater was Shirely Linde of Lake Placid. She was tops. She spun as a top would spin. She danced the Charleston and a number of other popular dances. The orchestra was Jack Lederer's.

Plastic Cottage Kitchen curtains, Ladies are beautiful this year in fact so much like cloth that any woman is tempted just to touch to see and feel if they are Plastic. A tiny check of white on white was most fetching. They had just arrived.

So long, Folks. Have a grand week end. Be careful if you are going to drive as you know the slogan by now, "The life you save may be your own." Here's a thought—one good way to forget your troubles is to wear tight shoes. Until next week, D. V. I am.

Faithfully,

DEATHLESS RECORD

The thousands of country weekly and smaller city daily newspapers in the United States stand in a unique position.

Absolutely nothing takes the place of the hometown paper. It leaves a printed record of community life and activity that can be found nowhere else.

For an example, take the Reese River Reveille of Austin, Nevada, published in the geographical center of a state having a population of less than 2 persons to each of its 109,000 square miles of area.

The Reveille has been published continuously since May 16, 1863, two years after the first telegraph line across Nevada replaced the Pony Express.

The files of the Reveille, preserved in the courthouse vault, are said to be the only complete files of any Nevada newspaper dating back to territorial days.

All of which points up the fact that the local newspapers in every corner of our country furnish a deathless record of the people and the area they serve.

Local history is recorded and preserved by the country press of the nation—hopes, aspirations, drama, marriages, births, deaths, political events, legal records—the whole chain of human activity.

A town without a local newspaper is like a phonograph without a record.

TRACTOR VS. HORSE

As everyone knows, the horse and the mule are no longer the staple sources of work on typical American farms. Agriculture has turned to machines—the remarkably effective products of the farm equipment industry.

A study made by economists at Cornell University shows the reason for the change. According to this, it costs \$282 a year to maintain a team of horses on a farm including feed, bedding, the labor required to care for the animals, and so on. So, as the Fowler, Kansas, News, observes, "When one considers the low cost of tractors and figures out the hourly cost of using a tractor, he can see that it compares favorably with the cost of using a team of horses, or even mules. That, in short, is the answer to the question of why farmers have been turning from horses and mules to tractors and mechanized equipment."

On top of that, there is simply no comparison between the amount of work modern farm equipment can do in a given period of time as compared with that of even the best and strongest animal teams. The tractors and all the other machines and attachments are in no sense a luxury. They are a necessity to profitable and business-like farming.

REGISTER AND QUALIFY FOR PRIMARY ELECTION

Carroll county's Board of Election Supervisors will endeavor to provide the public with ample opportunity to register and qualify for participation in the primary election on Monday, June 28th.

Those entitled to register will be afforded four opportunities on three different days to register, or obtain service at the Election Board Office in Westminster before the Primary election.

The Election Board office in the basement of the Courthouse will be open for the accommodation of the public on:

Saturday, May 22nd.

Those three dates will be addition to the usual county-wide registration at each and every polling place in Carroll county which this year is scheduled on Tuesday, June 15, 1954. On that date, registrars will be on hand to accommodate the public at each and every polling place in the county from 9 a. m. until 9 p. m.

The Primary Election will be held June 28th.

WOODCHUCKS MORE ACTIVE

Many Carroll County farmers are suffering a great deal of damage from the woodchuck or common groundhog, according to County Agent, L. C. Burns. These rodents destroy a great deal of feed annually, and cause considerable economic loss by digging dangerous holes in the ground that are hazardous to livestock and increase farm machinery repairs. Although attempts have been made in previous years to control the number of these rodents, they are still on the increase in Carroll County.

The Extension Office is again carrying gas cartridges or bombs that work very effectively in controlling this pest, if used according to directions. They are not as dangerous as some of the other gases, and are easy to use. Farmers who have a problem with these rodents can secure these cartridges as long as they are available, according to Mr. Burns. The months of April and May are the best time to control woodchucks, since the young are still in the burrows and have not gone out on their own. It would pay farmers to eliminate these pests now, before they become too numerous and active.

Prices for hogs are expected to stay relatively high through this year, according to USDA marketing specialists. Slaughter this year has been running far below a year ago and prices have been highest in several years. Slaughter will catch up to or pass year ago levels in the second half of 1954 when hogs farrowed this spring are sold. Seasonal price declines next fall probably will be greater than usual, but prices are likely to stay favorable to hog production.

This spring a farmer can buy, on the average, as much seed for 90c as he paid a dollar for last year. Feeder and stocker cattle, calves and lambs cost him less but hogs considerably more. Chick prices are up but turkey poulters are down. Feed prices average 6% below a year ago.

Progress is the activity of today and the assurance of to-morrow.

BAILEY GOSS—ips ON SPORTS by BAILEY GOSS

EN ROUTE WITH THE ORIOLES—I left this touring troupe of Cactus Champs for a few days last week to look over the vast farm club training program and camp established this spring by the Baltimore Orioles at Thomasville, Georgia. And believe me, fans, I really had my eyes opened. If you want to know what the club is doing to build a sound, strong organization for future development of major league stars you should take a look at the Thomasville setup.

Let me tell you a little about it. More than 300 young ball players from every nook and corner of the country will come under the watchful eye of JIM McLAUGHLIN, Orioles farm director, and his staff of more than 20 scouts, minor league organization managers and coaches. Many of these young prospects already are in the Birds' chain, while others currently are battling for places on the lower rungs of the baseball ladder . . . hoping their development will lead to big league gold with the parent Orioles in Baltimore.

General Manager ART EHLERS took us on a thorough tour of the Thomasville camp where we saw "Orioles in the making" for three days. Ranging in age from 17 to 21, these prospects get training in every phase of the game—sliding, running, throwing, hitting, lectures on inside baseball, and the opportunity to play the game every day. Eight regulation games are played daily on the four camp diamonds.

At the close of the day, the staff meets for detailed reports of progress on each boy until it's finally determined just how high in organized ball the youngster can go this year. Every player is rated on each phase of the game.

Each player receives his transportation costs, food (and it's mighty good), lodging, uniform, entertainment—all at the expense of the Orioles. This is a costly business. But it's sure to produce stars of the future—players who will move our new major leaguers up in the standings in the years immediately ahead.

DON LENHARDT, slugging outfielder for our Birds, continues his amazing assault on all pitchers on this pre-season exhibition tour. After 31 trips to the plate, big Don had rapped out 18 hits, including five home runs and a pair of doubles to lead the Flock with a .581 batting mark. Second among those who have played regularly is the surprise of the camp, "FEARLESS JIM" FRIDLEY, another right handed hitting outfielder who boasts a .462 mark including a half dozen homers.

The Cleveland Indians have been making so many trips by bus and train on their western sojourn that they recently switched to air travel. Upon arrival at the Yuma airport for a game with the Orioles recently, big LUKE EASTER meditated a moment after hitting terra firma and said to Tribe rookie JIM LEMON "Ya know, that's the only way to fly."

Puzzled Lemon asked "How do you mean, Luke?" and the giant first sacker retorted "By airplane."

OFF THE CUFF: The 16 big league clubs employed 60 third basemen last season, 36 in the American loop alone. The Orioles (then the Browns) tried at least five men at the hot corner, with the veteran VERN STEPHENS giving the top performance the last six weeks of the season . . . You'll have your first chance to "see" your new major league Orioles this coming week-end when we'll be televising the final pair of exhibition games from St. Louis where the Birds meet the Cardinals.

Saturday will be at 2:30 on Channel 13 and Sunday's tilt at 3:00 P. M. on Channel 2. Play-by-play also will be brought to radio listeners over WCBM, Baltimore . . . See you then, and here next week.

FEESERSBURG

Carroll County public schools combined band and orchestra concert was held April 2nd in the Westminster High School auditorium. A capacity crowd was on hand to enjoy a fine performance. The conductors were: Mr. George Curfman, Mr. Kermit Kiehner, and Mr. Bartholomew Ferrara. The students representing the Elmer Wolfe School were: Audrey Bowers, Barbara King, James Yingling, Patricia Roop, Lois Bowman and Nancy Roelke. A drill by six majorettes was an added feature this year and was greatly enjoyed by the audience. The music instructors of the county schools should be very proud of their achievement in putting together a band and orchestra which gives so much listening pleasure to music lovers. The people that attend the annual concert seem to derive a great deal of pleasure from the music and a few are amazed at the musical talent shown by the boys and girls. It may not all be talent but the fruit of hard work both on the part of the students and the instructors.

At a public meeting held in the Firemen's Hall Wednesday evening, March 31, a Babe Ruth League for boys between the age of 13 and 16 was organized. The following officers were elected: Millard Roelke, president; Lon Edwards, vice president; Donald Stitley, business manager; Earl Bloom, team manager. The Little League and Babe Ruth League will have a common secretary-treasurer and finance committee. Mr. Otis Devilliss, president of the Big League was present at the meeting and offered some helpful suggestions. The organization of the two leagues are now a reality and what is needed from now on is the support of every parent and some small financial assistance from the people of Union Bridge and surrounding community. The leagues are open to any boy attending the local school that fits in the particular age group. A date for registering with the leagues will be announced later. The finance committee is planning a bake sale within the next couple weeks.

Mr. and Mrs. David Buffington of Catonsville announce the birth of a daughter, March 31, at the Maryland University Hospital. The baby will be named Carol Lynn.

We haven't heard anyone comment on the color of the new Maryland tags but we think the color is horrible. Who ever picked it out must have been blindfolded. We admit the tags are easy to read but they certainly clash with the new colors of cars. Of course, tags aren't placed on cars to add to the decorations but as a means of identification. The new tags identify alright, for one can see them a half mile away.

Washington seems to be worried about the so-called panic the H-bomb has caused but it ignores the real panic that the new farm policy has spread among millions of small farmers throughout the nation. For they are beginning to understand what the present administration is trying to do and that is strangle them with economic collapse. If one reads the signs correctly, it is safe to assume that the men in Washington feel that the small farmer like the small business man is expendable, and that the future of farming lies in big mechanized farming. What is then to become of the small farmer and his farm? According to the bright boys industry will absorb the farmers and the men that hold the mortgage will absorb the farms. Can any intelligent person believe that a farmer, who has been more or less his own boss for the best part of his life, between the age of 40 and 50 could or would fit in any industrial plant? If this is all the future the present administration can offer the hard working, long suffering sons of the soil, then indeed the leadership of our country is in a bad way. Two thirds of the world's population is hungry and yet the farmers of America are told to cut down in food production and are being driven out of business by this narrow minded policy. In this season of Lent, when our president basks about our spiritual strength, we wonder how we can look the hungry world in the face with beautiful but empty words and a farm policy that is slamming the door of hope in the faces of millions abroad and millions at home.

The pendulum swings: 1930 At the beginning of the Depression: I see no reason why 1931 should not be an extremely good year.—Alfred P. Sloan, president of General Motors.

1934—In my opinion, the pessimists are again mistaken. No depression is in my vision.—Harlow H. Curtis, president of General Motors.

Mrs. Cleon Wolfe is confined to her home with arthritis which distresses her many friends for she has always been the faithful standby in the community when sickness or sorrow visited among us.

While the calendar says spring the weather itself has been anything but springlike. For the past week, morning temperatures have been below freezing. The forsythia bushes can't seem to make up their minds whether to bloom or sulk. And the spring birds are wondering whether to stay or return south. But eventually April will act like April and the world will turn green, the air will become balmy and we will shed our wintry feelings like the butterflies shed their cocoons.

April is my Natal month and I am born again into new delight at each return of it. I have loved the feel of grass under my feet and the sound of the running streams at my side. The hum of the wind in the treetops has always been good music to me, and the face of the fields has often comforted me. I am in love with this world. It has been home.—John Burroughs.

While I didn't write the above paragraph I could have for April is the month of my birth and like John Burroughs I feel it has a wistful charm all of its own.

And nudge me when I've said enough.

An old Negro prayer.

Betrayal

Lesson for April 11, 1954

THERE would have been no crucifixion if there had been no betrayal. At this Good Friday season, it may help us (though it cannot be pleasant) to think a while about the betrayal of Jesus. We never understand the story of the Cross when we think of it as simply a historic event, something that happened once long ago, to other people. "Were you there when they crucified my Lord?" the old song asks. Yes, but not only at Calvary—we were in the Garden of Gethsemane, we took part in the betrayal. For the betrayal of Jesus by Judas is a picture of the way each of us has at some time or other betrayed the Master. Judas was not alone.

Dr. Foreman

Judas Didn't Do Much

The betrayal was such a tremendous thing, really, yet perhaps to Judas at first it did not seem like much. We wonder why Judas could ever have done such a crime, and the answer may be that Judas did not think of it as a crime, beforehand. No doubt the men of the Sanhedrin urged that point on him. We can imagine hearing them say: "Now, Judas, why not? We are not asking you to do anything. All we are after is one fact. Where can we find this Jesus of Nazareth after hours? Where does he spend his nights? We aren't asking you to arrest him, or to strike him or hurt him a particle. All we want is information. What we do with the information, what happens afterwards,—that isn't your affair. Your Master may turn out to be quite innocent of all the charges going around. You'd like to see him cleared, wouldn't you? We'll give him a trial; you surely don't object to justice being done! All we ask of you is one little thing: just tell us where to find him."

They All Forsook Him

Let it be repeated: Judas was not alone. All the apostles had sworn loyalty, and Peter in particular. But given the chance to escape from that garden, they made the most of it. We are told that they ALL forsook him and fled. Every disciple running away into the shadows was just as truly denying Jesus as was Simon Peter there in the courtyard by the fire. Every sound of running feet growing fainter in the distance was just as sickening a sound as was Judas' kiss. Judas was the first traitor but none failed to follow his example. So it is with us. Like Judas, we don't intend to betray Jesus,—we who are Christians. Yet every sin is a turning of the back on him. Every sin is a betrayal of trust. Every sin is the same as saying, "I do not know Jesus." Every sin is a going over to Jesus' enemies. It is lining up with the forces that would destroy Jesus and all that he stood for. Jesus has many friends in the world today, but he also has many enemies. And sin of every sort simply helps Jesus' enemies and hurts Jesus and his cause. Like Judas, we seldom realize what we are getting into, at first. Smooth tongues can make evil look almost benevolent. It was not hard to rope Judas in. Do we, too, make easy victims for the devil?

Judas, Too Late

D. L. Moody's imaginative story tells much of the meaning of the Cross. Christ had just told his disciples to preach the gospel to every creature. "To every creature?" protests Peter. "I saw a soldier cram a garland of thorns down on your forehead till it bled . . . to him?" "Yes," replies Jesus' too him. Tell him that blood was shed for him, too." "To every creature?" asks Peter. "I saw a soldier strike his spear into your side when you were helpless in the very moment of death . . . preach to him?" "Yes," answers the Lord, "to him, too. Tell him there is a nearer way to my heart than that." To every creature—yes, but not to Judas. For him it was too late. Why was it, so many ask, that Judas was not forgiven, while Peter was? Was not Peter also a betrayer? Of course he was. But the difference was that Peter came back to Jesus, but Judas never did. The Christian church believes that Christ died for our sins, and not for ours only but for the sins of the whole world. Yet there are those whom the sacrifice of Christ on the cross does not save. Christ did not save Judas, it is true. But whose was the fault?

CUBS WILL APPEAR ON TV
MONDAY EVENING

The Cubs of Cub Pack 714 will attend and participate in the "Shadow Stumpers" quiz show on Monday evening at 6:30 p. m. on Channel 11. All the cubs and prospective cubs, along with some of their leaders and parents will see the live telecast, but the group will be represented by Cubs Ronald Dayhoff, William Nail, Guy Parks, and David Hopkins as the panelists. The group will meet at the northwest end of Taneytown's free parking lot at 4 p. m. James Fair is in charge of transportation and any parents or leaders either wishing to go or being able to furnish transportation should notify him immediately.

The monthly Pack meeting was held Tuesday evening in the Municipal building. Meeting was opened with the singing of America, the flag salute, the Cub Scout promise, and invocation by committeeman Nail. Archie Connor led the group in some Cubbing songs and the Cubs sang one together. The theme, a model "Shadow Stumpers Show" was presented and thoroughly enjoyed by all. Cubmaster Kenneth Shorb thanked all those who helped with the "shadows" and especially committeeman Parks, who made the contacts with WBAL-TV. He announced the forming of a new den which will be Den 4 and welcomed the visiting prospective cubs and their parents who were in attendance. These cubs, now having completed their requirements, will be invested into the Pack at the May meeting.

Committee Chairman Fair announced the sale of tickets for the annual Scouters' Banquet Monday, April 19 in the Manchester High School. Today, Thursday, is the deadline for reservations. Pack numeral patches were distributed to boys needing these and notice is hereby given that these should not be sewn on the uniforms, but returned to George Sauble or your Den Mother at once. It was discovered too late that these numerals were the wrong color combinations and should not be used.

Cubmaster Shorb then announced April's theme as "Black Gold", the story of coal and oil. The meeting was closed with the Cub Scout Prayer. Den No. 3 received the Parent-attendance award.

As usual, demonstrations were given. This week's "grease monkeys" were Earl Angell and Jimmy Ridinger who showed how to "pack front wheel bearings" on a tractor.

The other demonstration was given by Merl (Carrot-top) Weant on "Proper Inflation and Care of Rubber Tires".

Two old cow-punchers from way back were, Robert Rock and Clyde Weant, who told of "Winterizing Your Tractor".

With a little of this

and a lot
of determination...

you'll get the things you want! Aesop said it with his hare-and-tortoise fable. We say it again... The way to get somewhere is to determine where you want to go and KEEP GOING.

Just save whatever you can this week—next week—every week—and you'll reach your goal before the "sprinters" get started. We welcome savings accounts of any size!
