THE BI-CENTENNIAL

Committees are Busy Completing Plans

Plans for the forthcoming celebration in Taneytown proceed as all the committees are actively engaged in planning for their part in the program.

Materials for the scenery are now ready for painting, and work will begin any time now. More help is needed by volunteer for flat painting, with the use of rollers. Anyone wishing to help with this should contact LeRoy Wantz, Robert Wantz or Thomas Phillips.

The casting committee, headed by assistant, director, Mrs. Elwood Baumgardner is working hard to complete that job by June 1st, at which time it will be necessary to have all the names in order that they can be placed in the program. Rehearsals will begin in the near future.

The Parade committee met on Tuesday night of this week, and plans to meet each week on that night, at the Legion Home. They have sent out over 100 letters to Bands and Drum Corps in this area, and already have received answers from some—even as far away as Cumberland.

The chairman, James Eiseus, wishes to impress upon each member of this committee the importance of attendance in these meetings. They also wish to impress upon all persons and organizations in and around our town, that they are welcome to put a float in the parade, as well as sponsor a band, drum corp, marching unit, antique bicycle or auto, horse drawn cars, or horses; but they would like to know what is coming in, and if a float, what the theme it will depict, in order to avoid any duplications. Therefore, if you decide to enter something in the parade, write a note to Parade Committee, Taneytown Bi-centennial, and let them know about it. There is no entry fee to be charged, but all entries are entitled to compete for prizes, except business places.

The Program Committee met with several members of the solicitation committee to go over the advertisements, and prices of the ads that have come in thus far. They have a few more contacts to make before the deadline date of June 1st, when the printer must have all the materials. There are still a number of organizations who have not submitted a history. It is necessary that these come in within the next week if they are to be placed within the programs. Also, anyone having an old picture of something of historical value which is in good condition, and worth putting in the program, please make it known to the Historical Committee, or program committee, or to the General Chairman.

The Whisker Club will meet at 3 o'clock Saturday afternoon, May 22, at the Memorial Park, at which time there will be a picture taken to be used in the program, and also there will be announced the price list which will be given to the winners for growing the longest, blackest, neatest, etc., beards.

The Executive Committee will meet on Thursday night with the members of the lighting, and construction committees. This will be an important meeting, and all members of these committees are urged to be present.

TRINITY BROTHERHOOD MEET

Trinity Brotherhood met Wednesday evening in the Lutheran church auditorium with the members of Grace Reformed Brotherhood as guests. The meeting was opened by Kenneth Smith, program chairman, with songs led by David Smith; Scripture reading and prayer by Wilbur Naylor, Robert Thomas, then introduced Dr. Jacob Myers, Professor of History at Gettysburg Seminary, who showed many slides and told of conditions in the Holy Land which he visited last summer. Dr. Myers showed many signs of the conflict between Arabs and Jews and also the poverty and need of the Christian refugees there.

Following the lecture the business meeting was turned over to President Stanley King who welcomed George Motter, President of the Reformed group who gave remarks.

Delegate Wilmer Nail and alternate Wilbur Naylor were appointed to attend the Synodical Brotherhood convention this Saturday in Gettysburg. Members of the Brotherhood were urged to attend the sessions or at least the Saturday evening banquet.

Merwyn Fuss, President of the U. L. C. A. Brotherhood mentioned the National Convention which will be held Sept. 24 and 25th in Atlanta, Ga. He expressed the hopes that some of the men from Taneytown Brotherhood would plan to attend this affair.

Following the business meeting refreshments were served in the social room by the committee, Doty Robb, Charles Cashman and Harry Crouse.

CONGRESSIONAL ACTION ON PLEDGE TO FLAG

Last week, the Senate of the United States unanimously adopted a Senate Joint Resolution to add the words "Under God" to the Pledge of Allegiance to the Flag. This legislation would change the pledge to read as follows:

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

CITY OFFICIALS

NOMINATED

Two Persons for Mayor and Four for Councilmen Named

At the public meeting held Monday evening in the Municipal building two persons Raymond J. Perry and David Smith were named as candidates for the office of Mayor for Taneytown. Mr. Perry whose term of Mayor expires this year was nominated for the office for another term. Four names for City Councilmen were placed in nomination as follows: Carol Frock, James C. Myers, Curtis Bowers and Kenneth Gilds; the first two named are present Councilmen whose term expires this year.

Mayor Perry opened the meeting and stated the purpose thereof. Samuel Breth was selected as chairman of the meeting with Henry I. Reindollar as Secretary. The following committee was selected to fill the ballot should a vacancy appear. They were: Norville P. Shoemaker, Charles L. Stonessier and Pius L. Hemler.

The election will be held on Monday, June 7, 1954, from 12 noon to 6 p. m. At this election the qualified voters will decide if the town should borrow an additional \$150,000.00 necessary to meet the cost of the Sanitary Sewer System for Taneytown. A \$500,000.00 Bond Issue has already been passed for the proposed Sewer System but upon opening the bids that were recently advertised and asked for the Mayor & City Council found that the additional amount would be needed if the Sewer was to be built.

Only eleven persons were present at the public meeting.

Following the public meeting the Mayor and City Council met in Special Session and passed a resolution to have placed on the ballot for the election for a Mayor and two City Councilmen on June 7, 1954 a referendum to give the voters the privilege of authorizing the City of Taneytown to borrow an additional \$150,000.00 needed to complete the building of a Sanitary Sewer System. A Bond Issue of \$500,000.00 has already been authorized by the General Assembly of Maryland and the qualified voters of Taneytown have already expressed themselves in favor of building the Sewer at this figure. Upon receipt of bids for this project it was found that an additional \$200,000 would be necessary to build the Sewer. A surplus fund of the town's money \$50,000 will be allocated for this undertaking. The voters will again be asked to express themselves on the additional cost of the sewer.

The low bid of Allen F. Feeser to erect a roof on the grandstand at the Memorial Park for \$3,301 was accepted.

Plans are complete to beautify and enlarge the entrance to the City Park. All deeds of lands in the transferring of land to make this improvement possible have been signed.

SCOUTS TAKE TRIP SOUTH

A long-planned automobile trip in the general direction of Tennessee was carried out over last week-end by six members of the Taneytown Troop 348 Explorer Scouts, under the leadership of their adviser, Stanley F. Frock, who, with Assistant adviser Robert L. Bowers, piloted the two-car caravan containing, besides themselves, George Abrecht, LeRoy Barnes, Jr., Robert Rock, and Assistant Adviser, Wilbur O. Thomas.

Following somewhat antiquated Potomac Appalachian Trail Club maps of the Shenandoah valley section of this famous Maine-to-Georgia trail, the problem of finding Gravelly Springs adirondack lean to in the dense fog which blanketed the Skyline drive on that rainy Friday night of last week proved more difficult than contemplated, but had its elements of excitement and adventure which lent much to the pleasure of the trip. The side trail to this open shelter led to bunks, table, fireplace, and spring provisionally created for a party of six, no more, no less—and after a welcome nocturnal snack of hamburgers and hot chocolate, Morpheus claimed his own until Phoebus' gan arise.

A deer crossing athwart the trail gave promise, later realized after breakfast Saturday, of some possible photography by George Abrecht, who had brought his camera along, and sure enough, one gawked from the roadway as they headed towards Natural Bridge. The scenery had been spectacular, particularly at Harper's Ferry, along the Skyline drive, and again around Roanoke and Salem. Just beyond which camp was pitched again on the Appalachian trail, this time in tents, atop a small mountain of hairpin turns which was four miles of continuous ascending.

Mr. Bowers and Robert Rock found spring water even at that altitude by their remarkable power of applying good woods sense, and while Mr. Frock prepared his piece de resistance of grilled cheese sandwiches and the potatoes were aboil to grace the evening camp meal (and every last one put to sundry uses, at Bower's insistence), Abrecht and Barnes repeated the water detail from the explicit directions furnished by their precursors (like "When the trail leading down right peters out, just follow the gully straight down), and all laid in a fair supply of wood. A short round of pitch concluded that day's activity, for an early start Sunday was planned. The plan worked almost too well, for a dawn drizzle made the mountain road seem somewhat forbidding, and camp was broken in record time for commencement of the homeward journey.

Despite Sunday traffic, the excursion ended with tents spread out to dry in the Scout hall by three that afternoon—without mishap and with a desire on the part of all to see some other corner of our magnificent land.

HISTORY OF TANEYTOWN

As It Appears in the 1894 Files of the Record

Taneytown had an act of incorporation, and a Burgess and Commissioners, at two different times before the present incorporation, but it was allowed to lapse. The chapter under which the town is now governed was passed by the legislature of 1884. I believe a charter had been granted in 1882, but was defective and was amended and passed at the session of 1884. The town is governed by a Burgess and five Commissioners who are elected on the first Monday in May of each year. Of course some persons were opposed to adopting an act of incorporation, as is always the case in small towns, but when the question was submitted to the voters of the town on the 19th, of May, 1884, it was carried by a vote of 65 to 21.

The first election of Burgess and Commissioners was held May 4th, 1885, and resulted in the election of Josiah Adelsperger, Burgess; T. H. Eckenrode, E. E. Reindollar, T. D. Thomson, Nelson Hawk and John Renner, Commissioners. They passed ordinances to have the streets graded, the side walks paved or graveled and the gutters paved. Afterwards permission to use gravel was refused and citizens were required to use stone or brick. Mr. Adelsperger was re-elected in 1886 and 1887; in August 1887 he resigned on account of bad health and Dr. F. H. Seiss was chosen to fill the vacancy. Dr. Seiss was Burgess until May 1889. At the election held May 10th, 1889, H. D. Mehning was elected. Mr. Mehning now holds the office having been re-elected every year since his first election in 1889. Dr. G. T. Motter, W. Jesse Roberts and Edward Kemper who were elected Commissioners at (Continued on 6th page)

What a surprise to see Georgious

George on the Mat in Hollywood, Gentlemen last Saturday afternoon!

I was looking at the Spelling Bee Contest for the children and when that was ended there it was The Hollywood Legion Stadium! It had been some time since I saw Georgious George and he is still going strong. Not one ounce of flesh or overweight is he! That proves he is in the Pink of Condition. Eh? What a rough bout it was with Vic Christie. It finished up with a Perfect Head Lock for which Georgious George is known upon his opponent.

Congratulations to those Carroll County Girls in the spelling Bee Contest!

It was interesting from start to finish.

CURRENT EVENTS FIFTY YEARS AGO

Work has commenced on the new Elevator of The Reindollar Company, on Monday, and it is expected to be completed and in operation by July 1st.

Thad G. Crapster graduated from the Cadet school of Revenue Cutter Service, May 14th. He was one of five made third lieutenants in the service, and led his class.

The Announcement that F. M. Yount will retire from business, June 1, comes as a distinct surprise to his large patronage. Mr. Yount has been in business in Taneytown nearly twenty-five years, and during that time has earned a deserved reputation as an honorable and liberal businessman, always at the front with modern methods and up-to-date merchandise. He will be succeeded by his son, C. Edgar Yount, who will continue the Shoe and Notion business along the same lines.

Frizellburg—Poles are being hauled preparatory to the extension of the C. & P. Telephone line to this place. Dr. J. Rinehart and Leonard Zile will be the recipients.—Sunday school in the chapel tomorrow (Sunday) at 1:15 p. m.—Charles Myers is having some masonry done on which he will erect a large implement shed; also a poultry house and wood shed combined.

New Windsor—Miss Johanna Kleesch's Select School closed on Wednesday evening.—Lantz Bros. will hold their fourth annual opening on Isaac Smith's lawn adjoining their ice cream factory this Saturday evening.—E. S. Bankard has arranged a shooting gallery in the basement of his store where the Sports can enjoy themselves, by electric light.

APPLES A BAD—HABIT CURE—The latest cure for "bad habits" is apples. It is going to be demonstrated at the St. Louis fair that apples make a good substitute for drink and tobacco. In other words, if a man had bad habits would eat an apple whenever he feels the desire to take a drink or take a chew, the desire would be eliminated and he would feel just as well satisfied. This is the theory of the horticulturists, and is perhaps based on good sound reason.

One of the first important steps in throwing off a bad habit is to want to, and all the apples in the country will not cure a man against his will. If all people who have bad habits would take to eating apples to effect a cure there would be such a demand for this fruit that the price would be out of reach for common people.

MISSIONARY SOCIETY HOLDS MEETING

The Keysville Evan. Lutheran Missionary Society met Tuesday evening to discuss the topic "Each One Reach One" with Mrs. Edward Coshun and Mrs. James Unglesbee, leaders. The scripture lesson was read and prayer offered by Mrs. Edward Coshun. In presenting the program Mrs. Unglesbee acted in the capacity of a promotion chairman. Mrs. Fleming, Mrs. Coshun, Mrs. Ruth Wilhide, Mrs. Kiser, Mrs. R. Stine, and G. Stine, Mrs. Roy Baumgardner and Mrs. Carroll Dougherty spoke for Synodical Secretaries. Reports from the secretaries of the local society were heard. A Buzz session followed and reports from their findings were given by Mrs. Robert Stine, Mrs. Gilbert Stine, Mrs. Dixon Yaste and Mrs. Mary Devilbiss. The general consensus of opinions being to reach every one by personal contact, bring them, if possible, to well-planned meetings; make all meetings interesting and worthwhile; give new members something to do and during the fellowship period, make them feel they are a part of the group, each contributing according to their talents.

The Society was happy to have the Taneytown High School quartet sing for them. The quartet consisted of Robert Royer, Paul Roop, Robert Fuss and Glenn Copenhaver, accompanied by Mrs. Wallace Yingling. They sang "Stout hearted Men", "Who Did", "Climb Up, Children, Climb" and "Ain't Gonna Grieve My Lord Any More". Their numbers were greatly appreciated and thanks to busy people for coming and do come again.

We were privileged to have eight visitors from Haughes Lutheran church also Mrs. Upton Dayhoff from Keysville. The society is indebted to Mrs. Dayhoff for the gift of a home made rug to be sold and the money used for missionary purposes. Again thanks for your thoughtfulness. Audrey and Becky Wilhide and Nancy Stine were welcome visitors. All these folks helped celebrate our 6th anniversary.

The usual business was conducted also three Life Memberships were given to Mrs. Dixon Yaste, Mrs. Clyde Wilhide and Mrs. Roy Baumgardner by the society. The following officers were elected Mrs. Clyde Wilhide, president; Mrs. John Harner, vice president; Mrs. Harry Clabaugh, treasurer; Mrs. Robert Stine, rec. sec., and Mrs. Charles Cluts, sta. sec. The thankoffering service was conducted by Mrs. Carroll Dougherty.

The hostesses for the evening were Mrs. Mary Devilbiss, Mrs. Mark Baumgardner and Mrs. James Coshun. Cake, ice cream, punch, nuts and mints were served and the tables were attractively arranged with flowers and the decorated anniversary cake was made by Mrs. Edward Coshun. The visitors were most welcome and come again.

The boss stopped and stared. A boy in the stock room was leaning against a packing case, idling. "How much are you getting a week?" he demanded.

"Twelve dollars."

"Here's your \$12. Now get out. You are through."

The boy pocketed the money and departed. The boss turned to the chief clerk.

"Since when has the fellow been with us?"

"Never, that I know of. He just brought over a note."

FEESERSBURG

Something new will be tried in Carroll County this coming October. It will be a county-wide Community Chest Drive. This plan to solicit funds has been under discussion for some time and last week at a meeting in Westminster the wheels were set in motion whereby the campaign will be launched next fall. The plan is conceived so as to eliminate a half a dozen drives. It will all be done at one time. It may take a little while to educate the public into giving a sum at one time to cover their usual donations to half a dozen worthy causes but communities that have tried the Community Chest drive have come to like it. The institutional representatives on the board of directors will include Boy Scouts, Girl Scouts, Children's Aid Society, Heart Campaign, Cancer Campaign, Humane Society and the Salvation Army. Mrs. David Bowers, of Middleburg has been appointed to serve one year on the board and Lewis Crumpacker, of Union Bridge for one year and Raymond Wilson for three years.

The time of year is at hand when most adults will be using sprays to kill flies, moths and garden insects. In using a spray containing parathion the directions should be followed faithfully for lately it has been learned death can result from the careless handling of sprays containing this drug. The drug works on the nervous system and death occurs through the paralyzing of the breathing organs.

Farm land values are down 6% from a year ago and the Agricultural Department expects them to decline still further. Farms bought today are mostly credit financed. Only 29% were bought for cash.

Do you think that father should be the benevolent despot that he once was? Not with standing our sympathy with "Life With Father" on T.V. we are inclined to welcome the change in the father status of the modern family. Youth today is eager to be on its own and the old-fashioned father who's every wish was law is as out of step today as the Derby hat and button shoes. In some parts of the world there is much concern because of the power of the family autocrat, meaning father is threatened. A family it is argued, must have a single head, and there is lack of efficiency discipline, order, security when it doesn't. However there is less and less tendency among family members everywhere in the world to look to father as the last authority on everything that concerns their personal life. All phases of our life have undergone rapid change, but no where has the change been more apparent than the relationship between parents and their children. And it is for the best. While parents must retain a certain amount of authority, nevertheless it is unhealthy to be a family dictator, as was father not too many years ago.

Russell Bohn is a patient at the Frederick Memorial Hospital. He entered the hospital a week ago for observation and diagnosis.

The Little Leaguers played a practice game with New Windsor last Thursday. Quite a few adults came out to watch the boys and found it as interesting as a regular team. The Babe Ruth team will play Woodsboro Friday evening in a practice game. Uniforms have been ordered for both teams and should be ready in time for the regular opening game.

"So you are building a new house, eh? How are you getting along with it?" "Fine, I've got the roof and the mortgage on it already, and I expect to have the furnace and the sherriff in by fall."

This happened to be an exciting Monday as far as the news was concerned. The Supreme Court by an unanimous vote declared that segregation in public schools is unconstitutional. This decision will not have any immediate change in our schools, but some time in the future a new program will have to be worked out. I am sure that everyone concerned will accept the change in the same sensible way as we Americans do accept a change in other things. Also Monday brought a recess of the Army McCarthy hearings for a week, due to the fact that the President ordered no member of the executive branch of the Government should give out confidential information. This is provided for in the constitution and the President is well within his rights to issue such an order. The question arises though why he did not use this authority before the hearings dragged on this long and before Secretary Stevens was kept on the stand 14 days subjected to questioning similar to the communists brain-washing technique. I do not believe the Americans will forget very soon the brow-beating and humiliation this kind, patriotic public servant had to endure. It gave all Americans a glimpse of what anyone might have to undergo at the hands of a senate investigating group who lists fair play last in their book and political expediency first, even at the price of their country's prestige.

Round the County: Gov. McKeldin has appointed Elmer Pfoutz as a member of the Carroll County School Board to serve for a term of six years. Mr. Pfoutz is manager of the Farmer's Supply Co., in Westminster and formerly lived in Union Bridge. Congratulations to our friend and to the School Board. We know the new member will serve the schools faithfully and well.

If any person reading this column has any information concerning the first church at Mount Union we would be very grateful if they would send the information to this writer. We would especially like to know of what material the first church was built and any humorous stories pertaining

to it or the congregation that would make a history a little more interesting.

Asparagus, fresh out of one's own garden is a treat right now. And so is rhubarb, fixed as sauce or baked in a pie. The family can't get enough of it. The sour cherry tree is full of green cherries and if the birds don't eat too many or a hail storm come along as it did last year, we will soon be baking a fresh cherry pie. But we won't count our cherries before they are picked, because there are too many feathered friends with their eyes on them already.

most graceful and artistic. The result is POISE!

Now, here is one, Mrs. Farmer's Wife—go right out in the back yard and gather a big bunch of "P.O.K.E.". Much more appetizing than Spinach and to think I refused to eat it all this while until a neighbor cooked it with bacon and brought it to me steaming hot. Ummmmmm good!

And this to the School girl and boy. Always remember that brilliant minds are polished daily by the grind of hard use!

As I start to type this letter and gaze across the fields in front of me, it appears as though it is Fall instead of middle of May! Almost every is at a stand still as to Nature taking the usual course of everything blooming so beautifully at this time of the year. Perhaps when we do have nice days it will be plenty hot and suddenly. Eh?

What a sweet note from "Molly Berg"—you know the grand personality on the Tuesday evening 8 P. M. show—MOLLY GOLDBERG! Another one to add to my famous collection!

A gentleman who reads my columns regularly sent me a poem for Mother's Day which arrived too late for the column although it is not too late to add it right here. Thank you C. H. W. It is titled "To Mother".

God took the sunshine from the skies
And made the love light in your eyes;
From the honeyed flowers He took the dew
And made your tears—unselfish, true—

Upon a rock He built your faith
With Angel prayers He gave you breath;
And with His love made yours divine
But best of all—He made you mine!

If your church or any organization desires to have a really enjoyable evening just put on picture slides on the screen which you have taken of the people you know. Those cameras are surely wonderful and eventually pay for themselves as to fun and enjoyment!

Again I visited the wonderful Gaithersburg Home which is not an institution where men trade freedom for bed and board but it is truly a Home where Old Folks really live. ASBURY under the management of Dr. Herman Wilson has one of the most unique and the most sensible home for the aged in America. He treats every individual as a child of God and not simply a "case" or "charge" and the only rule set is the "Golden Rule". The home has its own Post Office with a male guest serving as a government-qualified postal official. Guests do not have to address as "Asbury Home for the Aged". Their mail comes addressed, "Rolling Acres, Gaithersburg". Guests are free to have visitors at any hour. They are free to go down town or out of town at will and they are not required to report to institutional officials. Of course, as responsible adults, if they plan to miss a meal or to be gone for an extended time, they will see the work, knowing out of fairness to the kitchen. But there is no regimented "signing out" as in a college dormitory. Dr. Wilson stated "People often fail to understand what it does to a man's pride not to have a little money to jingle in his pocket!" All guests have a little spending money of his own and this is the way it works. The assets of an entering guest are deposited to his credit, he may draw on this up to 2%. Upon his death, the principal adds to the home's assets. There truly is effervescent happiness among the group of elderly people and they say, "We are truly too busy to keep on writing letters!"

The guests form committees for flowers, afternoon teas, programs, library work, greeting and guiding visitors, newspapers and mail delivery, care of the bird bath, shopping service for guests and care for the guest kitchenette and dining room where any guest may prepare meals for his own friends. There are about another dozen or two wonderful things to do down at "ASBURY" and it truly is the most wonderful place to love for both men and women.

Every Methodist can be very proud that they contribute yearly to such a grand home for it may mean that you, too someday will desire to live there.

Why not take a drive on a Sunday and see what your dollars have accomplished as to the offering taken in Methodist Church on Mother's Day?

Have a grand week-end, Folks. Be very careful when you drive. Take your time and then you can enjoy it all the more.

Here's a good one—GLANDS HAVE A LOT TO DO WITH SUCCESS—PARTICULARLY SWEAT GLANDS! Until next week end. D.V.

Faithfully,
YOUR OBSERVER.

CONGREGATION OBSERVES FAMILY WEEK

The congregation of Grace Evangelical and Reformed church observed National Christian Family Week with a covered dish supper in the dining room of the Parish House last Thursday night. The event was sponsored by the Women's Guild of the church. Mrs. George Motter, vice-president, served as the toast-mistress.

The thanksgiving grace which preceded the meal was sung by Master Dennis Baumgardner accompanied by his mother, Mrs. Murray Baumgardner. About 130 persons enjoyed the very tasty meal.

After the meal the male quartet of the local high school, composed of Robert Royer, Earl Roop, Glenn Coppenhaver and Robert Fuss, accompanied by Mrs. Wallace Yingling, sang "Stronghearted Men", "Who Did?", "Climb up, Children, Climb", and "I Ain't Goin' To Grieve My Lord No More".

Fellowship group singing was enjoyed by the assembly as Mrs. Leonard Reifsnider served as the pianist. Miss Fairy Frock presented a MacDowell "Impromptu" as a piano solo after which Mr. Kenneth Reifsnider rendered a cornet solo, "Triplets Polka" and sang a solo, "Mother" with his mother as the accompanist.

The speaker of the occasion was Herold Muuss, an exchange student from Germany who is attending Western Maryland College where he is studying for his Master's degree. He was born near the Denmark border and the North Sea and is the son of a German minister. He was a mere boy when Hitler came into power and joined in the German Youth Movement. In Germany he taught 70 children in the first, second and third grades when he was invited to come here by the Office of Education in Washington, D. C. He is married to an American girl and will make his permanent home in this country. In the fall he will begin teaching in the University of Illinois, and work for a Doctor's degree, having majored in Education and Psychology.

The topic upon which the speaker dwelt was "The Family and the Church in Germany". As he compared the United States with Germany he indicated that the German family is still quite paternalistic with the father the undisputed head of the household, while in America so often the children run the family. However, since so many men were killed in Germany many women are now coming into public life and not necessarily confined to kitchen, church and children, which were the women's primary responsibility in former years. He admired the American people for being more social minded than those of his native land.

He declared that in Germany the "church is up in the air". It will preach, but will not have the kind of family fellowship such as we know here. The Germans think our way of church fellowship is "too worldly". In Germany about 95% of the people are members of the church, but yet the churches are rather empty. The three things which have changed the attitude of the people from a loyalty to the church to a don't care attitude are the materialistic philosophy, the socialism of Karl Marx and Hitler.

Those people who had no strong and real faith in God broke away from the church under these adverse influences. In Germany the church is central and dominates in the lives of those who are earnest. Since there is not the strong competition among the churches in Germany with the Catholic in the South and the Reformed and Lutheran in the North most towns have only one church. A town the size of Westminster would have but 1 or at the most 2 churches. In Germany there are 2 hours of religion taught in the school each week in addition to the religious education taught in the church on Sundays. Here in our land there is more church activity and practice, and the church is more in the every day life of the people. The German church is more theoretical and esoteric.

The speaker declared that he was amazed with the freedom and liberty of American children and youth. The German family is more integrated and therefore more together. Some of the things which the German family does together is engage in family music, playing together, reading stories together and hiking with bicycle and tent over the week-end. He felt that in spite of the good which television can give, it has to a degree destroyed family life. TV can't be a substitute for family life and fellowship.

Mr. Muuss also stated that in Germany the children go to school only in the morning. In the winter months school begins at 8 o'clock and during the summer months the beginning hour is 7 o'clock. There are fewer extra-curricular activities and the children go home when the school hours are concluded. The German people do not move very often. They like to remain settled and are not willing to adjust themselves to a new situation.

In 1948 when the German Republic came into being women were given the same rights as previously enjoyed by men alone. The Germans are married first in a civil marriage by the major of the city in the town hall and then later on, usually on the same day, are married by the minister in a church sanctioned wedding.

Mr. Muuss was given the best of attention by all and his address was warmly received as evidenced by the outstanding applause accorded him.

Mrs. Rue, president of the Women's Guild, expressed her gratitude to the committee for the excellent job done. Chairmen of the committees were program, Mrs. Carel Frock; meal, Mrs. Romaine Motter; and tables, Mrs. George Harman. The evening concluded with all singing Auld Lange Syne and the Rev. Morgan Andreas pronouncing the benediction.

Two battered old wrecks of humanity were sitting on a park bench when one remarked:

"I am a man who never took advice from anybody."

"Shake," said the other, "I'm a man who took everybody's advice."

The concept of the worth of every individual is the root of democracy.

The Bible is a closed book to those whose minds are closed.

HISTORY OF TANEYTOWN

(Continued from first page)

the same time have also, I believe, been re-elected at every election since then; others of those who have served as Commissioners would no doubt have been re-elected had they not declined to serve. As the offices are entirely without pay and take up a good deal of time, and as they also necessarily involve some friction and criticism which is not always friendly, it shows a self-sacrificing spirit to serve the town in these offices.

The first act of incorporation limited the rate of taxation to 20 cents on the hundred dollars; the legislature of 1895 amended this by allowing the Commissioners to levy an additional sum of 10 cents on the hundred dollars, to be used in grading and stoning the streets, and also empowered them to levy 10 cents more per hundred to put fire plugs along the streets to be used in case of fire. The tax could only be levied in case there was a public water supply provided for the town. This amendment was voted on at the election in May, 1892, and carried by a good majority.

The Burgess and Commissioners soon began to pike the streets after they had authority to borrow \$5000, but the arrangement was not satisfactory as they were obliged to borrow the money on a note; accordingly the legislature of 1894 further amended the charter by allowing them to issue bonds for the sum of \$6000 which was to be used to pay off the debt and to finish the stoning of the streets; it also provided for a sinking fund by which one-third of the bonds were to be paid off at the end of 10 years, another one-third at the end of 20 years, and the balance in 30 years, or all might be paid after 10 years if the town council so chose.

This proposition was also submitted to the people and carried by a good majority. The bonds were sold at public auction, and the premium on them amounts to \$228.60. Our streets, both roadways and side walks, are now in very good condition.

The Commissioners believe that the money put into the sinking fund will pay the debt in about 23 years. They have made arrangements to lend the money belonging to the sinking fund, until it can be appropriated to pay off the debt at the end of 10 years. The town finances are in a decidedly healthy condition.

The last assessment of the town authorities was in 1892; it showed taxable property to the amount of \$330,511.50 and has since increased somewhat. Since the town was incorporated the council has passed 41 ordinances, they have purchased 3650 perches of lime stone, most of them crushed, at a cost of \$4927.15. Previous to the use of lime stone something like 3000 perches of our red rock had been used, but proved to be of little account.

The first clerk to the council was Geo. H. Birnie; Levi D. Reid came next when Mr. Birnie resigned; he moved to the county and O. M. Crouse was elected in his stead. When Mr. Crouse moved to Westminster, Mr. Reid was again elected and is at this time town clerk. Burgess Miller is Tax Collector and Bailiff. The town is lighted with gasoline lamps; the more hopeful of our citizens are looking forward to the time when we shall have electric lighting, and as it now seems probable that we will have two telephone lines here in a short time, their hopes may be realized.

We have also now under consideration several plans for a public water supply. At present there does not seem to be any plan available by which a public water supply can be made a paying investment, and there has been no proposition to tax the citizens to provide one. The elevation of the town above all visible water courses and springs, and small number of inhabitants makes the problem a difficult one to solve. It has not yet however been fully discussed, and I hope some way be found to give it to us; it would lessen the cost of fire insurance, and ought to make the town more healthy, as wells and springs in thickly settled districts do not generally contain a pure water supply.

There have never been many lodges of societies in Taneytown; following is a short notice of them. In the early part of this century there was a Masonic lodge here, called Philadelphia Lodge No. 39. Its records have been lost, at least I have not been able to find them. A notice of it however is found in the records of Door to Virtue Lodge, No. 46, of Westminster. "The first meeting of this last named lodge was held (under a dispensation) June 23rd, 1811 at Pipe Creek, Frederick (now Carroll) county, Md. Among the visiting brethren were Wm. Knox, John Crapster, and Isaac Lightner of Philadelphia Lodge, No. 39, Taneytown". Another entry in the records of Door to Virtue Lodge says "Soon after on the 28th of the same month (January 1822) at Taneytown, the lodge buried with Masonic honors, its late Past Master, Upton Scott Reid. The chaplain on this mournful occasion, was the Rev. Daniel Zollcoffer". As there is no mention of the presence of the Taneytown lodge at this ceremony, I suppose it was, at that time, extinct.

Some years ago there was a lodge of Knights of Pythias and a Grange here; both continued for a few years and then surrendered their charters. At present we have a flourishing camp of the "Patriotic Order Sons of America" which was started with 27 members, on July 23rd, 1890, and now has 90 members. There was opened here recently a lodge of Heptasophs which has 17 members. We also have a band of the Young Women's Christian Temperance Union, three Christian Endeavor Societies, and a Literary society.

The schools in Taneytown, both public and private, have always been fully equal to those in any other part of the county. The public school now has 138 pupils; Mr. L. D. Reid is principal, Miss Sarah Snyder teaches the intermediate department, and Miss G. May Forrest the primary department. There is at this time no private school, except the Catholic Parochial school, taught by Miss Agnes Arnold with 18 pupils.

For a long time Mr. Andrew McKinney conducted a private school, called Eagleton Institute. It was both a board and day school, and was highly successful; many of our public

school teachers were taught there and others prepared for college. Mr. McKinney is still remembered with reverence and affection by his old pupils. Mr. Darius Thomas also taught a private school here about 45 years ago, in which many of our middle aged men were taught, and he is said to have been a most excellent teacher. Rev. Jacob Bellville conducted a private school in Taneytown about the year 1845 for a short time.

About 65 and 70 years ago there was an old gentleman named Latham taught school, where Mr. Daniel Fair's house stands (I believe). Some of our oldest citizens have still a very vivid recollection of his ability to wield a switch, especially if he was awakened out of an afternoon nap, which he generally took during school hours; he seems to have chastised the first boy he could lay his hands on, whether he was guilty of any offense, or not, no doubt going on the principle then generally believed by both parents and teachers, that it did no harm to give a boy a whipping at any time, the boys being comforted with the proverb "If you don't deserve it now, you will at some other time".

Scripture: I Kings 22:1-40.
Devotional Reading: Psalm 118:1-8.**400 Against One**

Lesson for May 23, 1954

EVERYTHING was set for the great offensive. The cause of the war was beyond criticism, as those days went. The enemy controls one of our cities, and we aim to get it back. Armies and nations have argued like that since the beginning of history. So it looked to the two kings, Jehoshaphat and Ahab, on the eve of their military adventure in Ramoth-Gilead. That was the name of a city which had been in Israelite hands generations before this and now for some time had been under the domination of the aggressive and land-hungry country of Syria. Jehoshaphat, King of Judah, had been a strong and wise king as kings went in Judah; and Dr. Foreman even Ahab, bad as his reputation is in history, had been a rather strong king of Israel. These two, uniting against Syria—how could they lose?

**Yes-Men**

Ahab was never bothered by a conscience, but Jehoshaphat had misgivings. He sincerely wanted to know how God thought of all this. He felt in his heart that if God did not approve, the whole venture was sure to fail. So he asked his royal colleague Ahab to find out what was the word of the Lord about all this. This was Jehoshaphat's first mistake, for Ahab was the last man to know, or to want to know, the will of God. However, Ahab, being up-to-date and very rich besides, had a stable of yes-men whom he called prophets, men he hired, men who knew on which side their bread was buttered. It seems ridiculous to call such men prophets, but false prophets look and sound very much like true ones—especially when they tell us what we want to hear! So Ahab called a meeting of these yes-men and asked them the question: Shall I go to battle? Their answer was prompt, it was just what the king wanted to hear, as they well knew. What is God's will? Go, by all means. What will come of it, how will the battle go? The Lord will give it into King Ahab's hands. Two lies; perhaps the prophets knew it, perhaps not. Perhaps they did not care whether it was true or not; all they knew was what they were paid to say, and they said it. "Whom the gods destroy, they first make mad," says an ancient Roman proverb. We could revise that and not be far wrong: Whom God wishes to destroy, he first surrounds with yes-men.

Truth No Matter What

Jehoshaphat was still nervous. Unanimous opinion about a debatable question is suspicious in any language. So he asked if the king had any more prophets. Well, yes, there was one, a man named Micaiah—only you will never hear anything good from him, said Ahab. However, Micaiah was sent for, and in his coming and in what he said he put his name on the honor roll of history. Micaiah had everything against him; the vote in the Prophets' Association was 400 to 1; the king would not believe him, the war would start, and would fail, anyhow; and furthermore Micaiah himself would never be thanked for telling the truth and might end his days eating bread and water in jail. Nevertheless, Micaiah, being a true prophet, knew what the truth was, knew God's will and mind, and dared to speak it out. The world needs Micaiahs. We have any number of men who will tell the truth when it is popular, when people will believe them, when it "gets them" something.

400 to 1

This story shows, moreover, what a mistake it is to decide what is right and what is wrong by counting votes. Even if the vote is 400 to 1, the one man may be right. Even if Micaiah were silenced (as he was) and his "sour note"—as Ahab thought it—no longer disturbed that beautiful harmony of the 400 yes-men, they still could not make a lie true by agreeing on it. In a democratic country like ours we tend to forget this. We decide so many things by popular vote, that we come to suppose we can settle what is right and what is wrong, by popular vote. We read in a book that a great majority of people interviewed by the author do what we have always known was wrong.
