SWIMMING INSTRUCTIONS

Offered to the Youth of this Community

All the youth of Taneytown have the privileges of taking swimming lessons each morning during the next two weeks at Crouse's Pool. Anyone wishing transportation is asked to meet at the public parking lot at 8:30 each week-day morning, starting this Monday, July 12th. Transportation this year will be provided by automobiles. Anyone who can help transport these children to the pool any or all these days is requested to contact Howell Royer, who is in charge of transportation. All parents having children taking the lessons are asked to help with the transportation of other children. Therefore, before departing for the pool, check in at the parking lot to see if there are any children there that do not have a way down to the pool. It is sincerely hoped that no child will be deprived of this opportunity due to the lack of conveyance to and from the swimming pool.

MEETING OF SUNDAY SCHOOL CLASS

The Hustler's Sunday School Class of Grace Reformed Church met at the home of Hilda Reaver with 8 members and 3 visitors present. The meeting was opened by the singing of the hymns, "God of Our Fathers" and "Sweet Hour of Prayer". The scripture was read by Doris Stoness. The group united in praying the Lord's Prayer. Due to the absence of the secretary, the minutes of the previous meeting were omitted. The Treasurer's report was given by Dottie Baker. Final plans were made for our trip to Gwynn Oak Park in Baltimore on Saturday, July 10. We are going to leave from the High School at 9:30 a. m. and expect to return about 7 p. m. We decided to have the class sing as a group for the special number in Sunday School on Sunday, July 4. We counted the money which we received in the special envelopes for the first half year. We are going to help with the solicitation for the lawn fete which is to be held on July 17th.

Our assignments are as follows: Frederick Street, Nadine Sentz; W. Baltimore Street, Carol Brown; Middle Street and Fairview Avenue, Ruth Ann Holter; York Street, Mary Alice Rue; Baltimore Street, Elaine Welty; East Baltimore Street, Mabel and Jane Perry; Antrim and Broad Streets, Dottie Baker; George Street and Mill Avenue, Barbara Eckard; Emmitsburg and Harney Roads, Hilda and Roland Reaver; Westminster Road, Nancy Baker; Littlestown Road, Nancy Baker; Uniontown and Keymer Roads, Helen Bankard.

Our next meeting will be in the form of a picnic at Natural Dam on Monday, August 16th. We will leave from the church at 5:30 p. m. Nadine Sentz and Carol Brown will be co-hostesses. The meeting was closed by singing "Mother's Prayers Have Followed Me" and the repeating of the Mizpah benediction. After the meeting games were played and prizes were won by Elaine Welty, Helen Bankard, Doris Stoness, Dottie Baker and Carol Brown. Delicious refreshments were served by the hostess.

ANNUAL CHURCH AND S. S. RALLY

The Piney Creek Church of the Brethren will observe their annual all-day Sunday School and Church Rally, on Sunday, The Sunday School will convene at 9:30 a. m. followed by the Worship Service. The pastor Rev. M. A. Jacobs will preach the morning sermon using as his sermon subject: "A Man's Life". The Men's quartet of the local church will sing at 12 noon a basket lunch in the basement of the church, each family bringing their lunch. The afternoon service at 2:30 will feature special music, and a sermon by the Rev. M. Guy West, pastor of the First Church, York. The Sunday school will furnish refreshments for the evening meal.

At 7:30 p. m., following hymn singing, Rev. West will again preach. The special music for this service will be by the "Gospellers" of Uniontown, Md.

LOCAL MAN HONORED

Mr. Felix W. Westine, local accountant with the Cambridge Rubber Company, has been elected to the Board of Directors of York Chapter, National Association Cost Accountants. Mr. Westine, together with many other accountants in the Taneytown area, is a member of the York Chapter which is one of the outstanding chapters in the National Organization. The National Association is comprised of 116 chapters throughout the United States, Hawaii and Cuba. It boasts a membership of approximately 130,000 accountants.

Mr. Donald M. Magor, Vice-President and Controller of York Corporation, was recently elected National Vice-President of the association.

CLASS PICNIC

The Golden Rule Class of Grace E. & R Church School had a picnic at Memorial Park, Tuesday evening, July 6, 1954. Members of the class and friends met at 6:30 and enjoyed a bounteous picnic supper which everyone enjoyed to the greatest extent.

After the meal the male guests enjoyed the Shuffle Board and the ladies were entertained with quizzes. About 8:10 p. m. the group disbanded looking forward to a similar good time next year.

WORK BEGUN ON SANITARY SEWER

Letter Explains Plans and Progress Being Made

The Mayor and City Council met in regular session Monday evening in the City Office with all members present.

The Board re-organized with all officers retaining their respective positions in the City's governing body.

The following letter was received from the City's Engineering firm reporting plans and progress on Taneytown's Sanitary Sewer:

July 6, 1954
Mayor and City Council
Taneytown, Maryland
Attention: Mayor Raymond J. Perry
Re: Sanitary Sewerage System
Taneytown, Maryland

Gentlemen:
On June 9, 1954 the formal contract between the Mayor and City Council of Taneytown, Maryland and W. F. Wilson and Sons, Inc., of Brookeville, Maryland for the construction of Part "A" of the Sanitary Sewerage System was executed by all parties concerned.

The United States Fidelity and Guaranty Company of Baltimore, Md. has bonded the W. F. Wilson and Sons, Inc., to the full extent of Part "A" of this contract (\$486,196.00). If the W. F. Wilson and Sons, Inc., should default in the performance of this contract or any extension thereof, the Bonding Company shall fully reimburse and repay Taneytown any outlay and expense which Taneytown may incur in making good any such default. Also, the Bonding Company will pay all claims of all persons, firms or corporations which may have a right of action against the Contractor at the time of default. Thus, Taneytown is fully protected and the completion of the contract is guaranteed.

The construction of the outfall sewer from the treatment plant site to the Town limits began the last week in June. The Contractor has at this time one crew engaged in the construction of this work. It is planned that on August 1, 1954 the construction of the sewage treatment plant will get underway and another pipe laying crew will begin operations within the Town limits. The Contractor is attempting to cooperate with the Mayor and City Council for the Bi-Centennial celebration, and it is because of this he is not beginning operations within the Town limits until after the celebration has been completed.

Mr. Paul O'Shea has been assigned the job as Resident Engineer for this office on the Taneytown project, and will be on the job daily. We have established office space on East Baltimore Street, telephone-Taneytown 3803. If you have any questions or inquiries concerning this construction work, it is suggested that you contact Mr. O'Shea at the above address or telephone number.

We will submit to you for payment monthly estimates for work performed by the Contractor, at which time we will also summarize the status of the project.

Bids will be received for the purchase of the "Taneytown, Maryland, Sewer Bonds of 1954", on July 15, 1954. The Mayor and City Council should be prepared to accept or reject the bids at their special meeting immediately following the receipt of bids. Since construction has begun on this project, the first payment to the Contractor will be due on or about August 10, 1954. All arrangements have been made for the printing of the bonds immediately upon the printer's receipt of the rates of interest.

In accordance with instruction received from you at your June 29th meeting, we have instructed your bond attorneys, Niles, Barton, Yost and Dankmeyer, that the principal and interest for these bonds will be payable at The Birnie Trust Company in Taneytown. The writer will be present at the July 15 bid opening, at which time any questions concerning this project can be fully discussed.

Very truly yours,
WHITMAN, REQUARDT AND ASSOCIATES

MARINE ENJOYS 5-DAY LEAVE

Marine Pfc. Raymond C. Becker of Rt. 6, Westminster, Md., enjoyed a five-day R & R leave in Kyoto, Japan, early in June.

"R & R", a magic term to members of the 1st Marine Division in Korea, means "rest and recreation". Marines selected for R & R are flown to the Hani air base on Japan's main island of Honshu. Starting point of their leave is Camp Fisher near the air base on the outskirts of Kyoto. At the Camp Fisher Marine Casual Center each Marine gets a shave, a shine, a shower, a clean shirt and tie, a pressed liberty uniform, a square meal, a bed, and exchanged Japanese yen. In less than three hours they are on their way with five-day passes.

Kyoto is the cultural center and third largest city in Japan. Often referred to as the "Shrine City", it provides a springboard for trips to some of the most scenic and historic areas in the country.

WOMEN'S GUILD

Regular Meeting Held on July 1, 1954

The Women's Guild of Grace E. & R Church held its regular meeting on Thursday evening, July 1, with the Christian Citizenship Committee in charge of the program, Mrs. Murray Baumgardner, chairman. Topic for discussion was: Christian, Do You See—Our Obligation to Meeting the Needs of Spanish-Speaking and Other Newly Arrived Americans.

The meeting opened with a prelude by Miss Fairy Frock. Mrs. Howard Welty read the opening meditation and all joined in singing the hymn, "Where Cross the Crowded Ways". Mrs. Edward Howarth lead the group in a responsive reading and Mrs. Morgan Andreas lead the group in prayer.

A piano solo entitled, "Allegretto Movement from Sonata in E Major" by Beethoven was played by Miss Fairy Frock. A panel discussion on the topic was given and Mrs. Howarth acted as moderator. Those taking part on the panel were: Mrs. George Fream, Mrs. Carol Frock and Mrs. Harley Holter. A question and answer period followed. All joined in singing the hymn, "Rise Up, O Men of God".

A song entitled, "What Friends We All Can Be" was sung by the Misses Jeanne Howarth, Nancy Holter, Ruth Ann Holter, Vicki Lambert, and Elaine Welty. They were accompanied by Mrs. G. Emerson Rue. Mrs. Harry Mohney gave a reading entitled "Our Lives, Our Fortunes and Our Sacred Honor." A violin solo entitled, "The Carnival of Venice" was played by Miss Nancy Baker and accompanied by Miss Fairy Frock.

Two readings were given by Paul Andreas and Victor Welty and were entitled, "The Mosquito's Delight" and "Ode to a Fly" and were both written by Brent. Mrs. G. Emerson Rue sang a vocal selection entitled "Morning" by Speaks.

The business meeting was in charge of the president, Mrs. G. Emerson Rue. The picnic date was announced as Tuesday, August 3rd, to be held at the Recreation Park at 6:30. In case of inclement weather it will be held in the dining room of the Parish House. The meeting closed with a brief social period.

CALIFORNIA GROWS BIG SPENDERS, TOO!

By Edward Hardcastle

Congressman Samuel W. Yorty of California has mailed out 4,108,600 copies of one of his speeches. These were, of course, postage-free under his franking privilege. At a cost of 2.9 cents for each copy the taxpayers have \$119,146.50 to pay.

Thus a value of \$94.86 is placed on each word of the Congressman's speech, entitled "Let's Build a Better America". No one, certainly, will take issue with the title. But whether Mr. Yorty's prose was worth \$94.86 per word is another matter.

The statement was made: "Certainly we know we must preserve for our children the freedom and liberty which was won and preserved for us by former generations of Americans". The cost to the taxpayer was \$2,371.50 plus for this statement which has a strangely familiar sound.

And so word after word goes forth to cost the taxpayer all over the nation, not just Mr. Yorty's friends, \$94.86 per word. The line: "We have nothing to fear but fear itself" has a very familiar ring. In the Congressman's address it had a price tag of \$853.74.

Believe it or not you and I are contributing to Mr. Yorty's political campaign. We are on the bandwagon like it or not.

(Facts from Congressional Record).

BLACK & DECKER ESTABLISHES TWO COLLEGE SCHOLARSHIPS

Two full scholarships, one at Johns Hopkins University, the other at Lehigh University, have been established for residents of Maryland by The Black & Decker Mfg. Co. The scholarships are to start in the Fall of 1954, and provide full tuition plus an amount for books, supplies and fees.

Recipients of the scholarships must major in mechanical, electrical or industrial engineering. They will be selected by the respective universities.

Officials of Black & Decker reported that the scholarships were established to help qualified students who are in need of financial assistance.

Black & Decker, world's largest maker of portable electric tools, has its main offices and plant at Towson, Md., and a branch plant at Hampstead, Md. The company has 36 branches throughout the U. S. and subsidiary companies in a number of foreign countries.

HISTORICAL SOCIETY WILL MAKE A TOUR

The Historical Society of Carroll County announces the fourth annual summer tour of the Society for the afternoon of Wednesday, July 23. The caravan will start from Bruceville at 2:30 p. m. After visiting the John Scott home, the cars will proceed to the Forest and Stream Club to hear the story of Mamma's Ford and the Biggs properties to be passed en route. Other points of interest will be The Browner House, Piney Creek Presbyterian Church, and Starnes' Mill. Since the tour has been planned to coincide with the Bi-Centennial celebration of Taneytown, it will end in the Memorial Park there. After box supper in the park, there will be time to browse through the historic exhibits in the shop windows before the historic pageant "Here on the Monocacy" is presented at 8:15 p. m.

MORE PLANS FOR BI-CENTENNIAL

Fashion Show and Kiddies Parade Added Events

On this Monday evening, at 7:30 o'clock, everyone in the cast for the Pageant "Here on the Monocacy" is requested to be present for the first general rehearsal. At this time, all the scenes will be put together and the entire pageant will run from Scene 1 to Scene 15. It is necessary that all the cast be on hand in order to get their cue as to entrances and exits as well as the element of timing each scene and to get an estimate of the time for the portraying of the pageant.

All those in the George Washington Scene are asked to rehearse this Friday evening due to the fact they did not have a rehearsal on Wednesday night.

The parade committee is making progress with their plans for the big parade on Saturday, July 31, with a good number of floats already promised, several bands and drum corps, marching units, horses, old vehicles and horse drawn wagons, etc. The parade will form at the Taneytown Fair Grounds, and move out at 4 p. m., parading straight up main street to the Memorial Park.

The Town Council has decided to have decorations across the streets on the four main streets in town. Anyone wishing to have the front of their house decorated by the same company that is decorating the town, should get in touch with Tom Albaugh or Edward Reid, and a representative of that company will contact them and give an estimate on the cost.

Plans are now underway to put displays in most of the store windows in Taneytown beginning next Monday, July 19. Anyone having any item of antique value, and would like to have it displayed is requested to get in contact either by phone or card with Mrs. John Smith, and notify her what the items are. In turn, they will be displayed and placed where it is most vital for them. Items of great value, such as breakables and small articles will be placed in windows that are closed in, and not accessible to public handling.

Miss Helen Arnold and Mrs. William Copenhaver are co-chairman for the Fashion Show which is scheduled for Monday afternoon, July 26 on the beautiful lawn of the Misses Amelia and Elizabeth Annan. Anyone having any old fashioned clothing, for either sex or any age or size, is requested to contact either of these two ladies. It is also the desire of the committee that anyone having a garment to be models, perhaps they will have a relative or friend that will model the garment. They are also planning on an exhibit of old clothing or anything pertaining to wearables, such as shoes, hats, canes, etc. Anyone having anything to add to this collection is requested to notify Mrs. Margaret Nulton or Miss Clara Brining.

The costume committee for the pageant request that all the members of the George Washington scene who have not received their costumes should pick them up at Miss Eleanor Kisers. They are now ready, and she would like to distribute them as soon as possible in order to make room for others.

The front cover and two inside pages of the Photograde Section of the Sunday Sun, which will be on the news stands this Sunday, July 11, will portray scenes from the pageant, "Here on the Monocacy". Anyone in Taneytown wishing a copy, or extra copies of this paper should place their order immediately as the supply will be limited.

BI-CENTENNIAL KIDDIES PARADE

Final arrangements for kiddies parade have been completed. All children 12 years of age and under are eligible and encouraged to participate.

Time—Thursday, July 29th, at 7 p. m. Place—Taneytown High School, formation at 6:30 p. m. Cash prizes will be awarded for most novel costumes, decorations on wagons, bicycles, tricycle, carts, etc.

All children in and around Taneytown are invited to take part in the parade. The only parade of this type ever held here, so put your ideas into action and help make the parade a success.

Any additional information can be had by contacting Mrs. Chas. H. Hopkins—Phone 3114 or J. Darrell Nelson—Phone 4632.

HEAR YE—ALL GRANGE MEMBERS

The members of Piney Creek Grange No. 422 are going to meet in Taneytown on Tuesday, July 13, at 6:30 p. m. sharp to go to Westminster to help finish the Agriculture Center. Bring saw, hammer and tin snips and come prepared to work. The Center has to be completed by July 25th for the fair so your assistance is badly needed.

WITH THE ARMED FORCES

Serving with the 3d Infantry Division's 64th Tank Battalion in Korea is Sgt. William F. Hill, 25, son of Mr. and Mrs. Theodore Hill, Route 2, Taneytown, Md.

He is a platoon sergeant in Company C of the battalion which distinguished itself during the fierce fighting at the Iron Triangle.

Hill, formerly employed by George Fillmore and Co., in Washington, D. C., he entered the Army in 1948 and has received the Purple Heart since his arrival in Korea during May 1953.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer.

Each future day and in some way—help to bring you happiness!

How wonderful it is to be able to go out in the garden and pick Gardenias each Sunday for that special corsage! And to think the plants came from the five and dime!

Thinking of Woolworth's in any location—have you ever purchased their grand paint? It is called "SUPER-FLY FAST DRYING SATIN". It is manufactured by the A. WILHELM Co., OF READING, PA. It can be purchased in all the lovely new shades plus pastels, too.

Your Observer, last week used ivory on the exterior of an old corner built in cupboard which was a varnish dark stain affair. I removed the cheaply made doors and painted the entire interior with Shasta Green. It not alone has brightened the corner but it now appears as one of Colonial days for very special old dishes! The price is only 89 cents a quart and it tops all other makes as there is a lovely oil finish. If the stores don't handle it around the town, they can easily get it for you.

The bedrooms and hall are done with Coral pink—which is a fascinating color pink!

Mrs. Housewife, we have experienced a few days of real heat but don't let it worry you! Just serve light but nutritious meals and you won't suffer with the heat. And whatever you do—don't say, "Isn't it hot?" Don't even discuss it. Talking about it seems to make it hotter! Seasons are changing yearly as we used to have much hotter weather and longer summers.

Life surely does begin at 80! Recently, a lady presented me with a lovely doll which she dressed completely and made each garment by hand even to the wide brimmed hat! Only 5th Avenue in New York could boast of such glamor as to a dressed doll. This lady is almost 80 and that is the way she spends her time. She has been sewing since she was four years of age! Brought thoughts of those French children who are taught by the French Sisters.

Now, this is to the Farmers! A smart man (retired from his big job in South America) bought the farm opposite the bungalow a few years ago and he knows just about everything.

Recently, he built a huge Pond where there is a Spring and he has hundreds of feet of aluminum piping taking water by Motor to his crops! The only thing he really forgot that there were neighbors and he left the motor on for three nights! Now, that made this Farmer drop one hundred per cent in estimation of all concerned. If he wanted to do this sort of thing (and I admired him at first) why not call upon the neighbors asking them if they would mind him leaving it from midnight until 6 a. m. There is always, folks nice ways of doing things, being kind and considerate for even with six hours sleep it would have meant much. And you know the Commandment God gave to man! "LOVE THY NEIGHBOR!"

Last Sunday afternoon again attended the "WEBB REUNION". Such a feast—fit for a KING! How wonderful it is to hold these family reunions! Never heard of it in the big city. The Family Tree is written up and each year brings a marriage or two and perhaps several births. Such a closeness to it all!

What a nice tribute to and for our Armed Forces—that is as far as the money will be given by the WCTU of Harford County—the receipts of the Supper last Friday night held in the Dublin School. The Soldiers ask for various things. Many desired good ORANGE JUICE instead of that awful—you know what that is handed out! They desired writing material and good reading matter and many requested the religious, "UPPER ROOM" magazine or booklet!

"Maryland—My Maryland!" This State can really be proud of the grand STATE POLICE! Of all the states I have ever visited in these United States none compared to our MARYLAND STATE POLICE! They are gentlemen, courteous and refined. I have always compared them with the CANADIAN MOUNTED POLICE! They work very hard here and yet the salary is small. That one, I never could figure out! To be a State Police—nothing is finer and honest position. The men appear as Lieutenants as though they were working for Uncle Sam all through life regardless of the dangers. Protection at home—that is what is really means.

Years ago, a little child was taught to fear a policeman but not so today. They are immediately taught that all police are officers of the law to protect you. School teachers get big salaries and often now and then demand an increase and the State Police should be the ones to have the increase, too! Eh? Did you see the Eclipse at an early hour last week. It was most interesting.

So long, Folks. Have a nice week end. Drive carefully as that extra minute of haste may cause a life or lives! Until next week D. V. I am,

Faithfully,

YOUR OBSERVER.

DDT FOR LITTERBUG

For the first time since mass packaging, and the mass movement of Americans over the landscape began, we can cherish something more than a pious hope that our highways and byways and seashores and sylvan dells can be de-littered—and kept that way.

American industry, whose genius took our foods out of the barrel and put them in packages, invented millions of new products (also in packages) for our comfort and convenience, gave us containers for milk and beer and soda pop that we don't have to take back to the store, rescued us from germs via the paper cup and the tissue handkerchief and gave us the means of ranging whither we list over the country-side, is facing up to a more responsibility.

Keep America Beautiful, Inc., a new non-profit corporation is now in business, to tackle the litter problem on a long-range nation-wide scale. It is financed by industry and supported by state and local highway, park and sanitation boards, and by 35 national organizations including the Chamber of Commerce of the United States, the Boy Scouts of America, the National Council of state Garden Clubs and the Izaak Walton League.

In a telegram of commendation, Commerce Secretary Sinclair Weeks said: "The task is to big to expect a solution from individual groups. It would seem that industry—from which have come so many ingenious devices to contribute convenience to modern living—can supply the impetus for a long-range educational campaign to tell the public not only how to use these conveniences, but how to avoid misusing them."

For five months prior to its official launching, KAB engaged in a nationwide study of the litter problem that has amassed more information on the subject than has ever been collected before. It is discovered that American taxpayers are spending \$30,000,000 a year for picking up litter—a pitifully small portion of it! And this does not include the cost of garbage and trash collection in cities. Forty-three of the 48 states have litter penalties—ranging from \$1 to \$1,000 and from 10 days to six months in jail—but there are few arrests anywhere and no coordination of state efforts.

William C. Stolk, chairman of KAB's Board of Directors says: "The untidy habits of a segment of our population can be corrected only by education leading to mass disapproval of litterbugs and the mess they make."

So, with the help of KAB, we shall now start picking up after ourselves—and others—keeping on tap a Bronx Cheer for anyone who tosses so much as an empty match-book on OUR scenery!—U. S. Press Association.

Mayor and City Council of Taneytown

TOWN OF TANEYTOWN

CARROLL COUNTY

MARYLAND

SALE OF

\$650,000.00

TANEYTOWN, MARYLAND, SEWER BONDS OF 1954

DATED AUGUST 1, 1954

Sealed bids will be received by the Mayor and City Council of Taneytown, Maryland, at the office of said Mayor and City Council, City Hall, Taneytown, Maryland, until 8:00 o'clock, P. M., Eastern Daylight Saving Time, on

THURSDAY, JULY 15, 1954

for the purchase of Six Hundred and Fifty Thousand dollars (\$650,000.00) aggregate par value serial maturity coupon bonds known as "Taneytown, Maryland, Sewer Bonds of 1954."

At 8:05 o'clock P. M., E.D.S.T., on said date, said sealed bids will be publicly opened by the Mayor and City Council of Taneytown and the bonds will be awarded to the highest responsible bidder or bidders therefor, for cash.

Said bonds will all be dated August 1, 1954. There will be six hundred and fifty (650) bonds, each of the par value of One Thousand Dollars (\$1,000.00), total Six Hundred and Fifty Thousand Dollars (\$650,000.00), numbered consecutively from No. 1 to No. 650 inclusive, and said bonds shall mature and be payable, in the order of their consecutive numbers, in varying annual serial instalments over a period of forty years from the date of their issue, as follows: five (5) bonds, of the aggregate par value of \$5,000.00, will mature on August 1 in each of the years 1956 to and including 1960; ten (10) bonds, of the aggregate par value of \$10,000.00, will mature on August 1 in each of the years 1961 to and including 1967; fifteen (15) bonds, of the aggregate par value of \$15,000.00, will mature on August 1 in each of the years 1968 to and including 1973; twenty (20) bonds, of the aggregate par value of \$20,000.00, will mature on August 1 in each of the years 1974 to and including 1985; and twenty-five (25) bonds, of the aggregate par value of \$25,000.00, will mature on August 1 in each of the years 1986 to and including 1994.

The bonds will bear interest at the rate or rates fixed in the accepted bid, as hereinafter provided, payable semi-annually on the first days of February and August in each year until the respective maturities of the bonds, in accordance with the interest coupons to be attached thereto.

Both the principal and interest of the bonds will be payable in lawful money of the United States of America at the time of payment, at The Birnie Trust Company, Taneytown, Md.

The bonds will be issued subject to registration as to principal only at the office of the Mayor and City Council of Taneytown, Taneytown, Maryland, with the Clerk of Taneytown, Registrar.

The proceeds of the sale of the bonds are to be used exclusively for the following purposes:

To provide funds for the construction of a sewerage system, and the purchase of a site, and the erection, construction and equipment thereon of a sewerage treatment and disposal plant, and land and easements necessary therefor, within or without the town limits of Taneytown, Maryland, said funds to be used for no other purposes, except that the necessary expenses in connection with the issuance, sale and delivery of the bonds may be deducted from such proceeds, and except further, that any accrued interest received from the purchaser shall be set aside toward the payment of the first maturing interest coupons on the bonds.

Bidders are requested to specify with their bids the rate or rates of interest, not exceeding four per centum (4%) per annum, to be paid on the bonds, on which rate or rates their bids are based and submitted. The rate or rates of interest named in the bids must be in multiples of one-eighth of one per centum (1/8%) per annum. Bidders may specify more than one rate of interest to be borne by the bonds, but may not specify more than one interest rate for the bonds of any one maturity. The bonds will be awarded to the bidder or bidders naming the lowest rate or combined rates of interest named in any legally acceptable proposal and offering to pay not less than par and accrued interest for the bonds. As between bidders naming the same rate or rates of interest, the proposal of the bidder offering to pay the largest premium will be accepted. Where the bids of two or more bidders are identical in all respects, the bonds will be apportioned equally between all of such bidders, but if this shall prove unacceptable to said bidders, or to the issuing authority, the latter may, in its discretion, determine to which of said bidders the bonds will be awarded. The lowest rate or rates of interest will be determined on the basis of the lowest interest cost to the Town of Taneytown of the bonds so to be issued, from the date of their issue to the last date of maturity of any of said bonds, by adding the dollar amount of interest payable on each bond to maturity under any proposal, and deducting from the total thereof the amount of the premium offered to be paid for such bonds in any such proposal.

The right is reserved to the Mayor and City Council of Taneytown to reject any or all bids. In the event any question arises as to the regularity of any bid, or its conformity to the terms of this advertisement, the decision of the Mayor and City Council of Taneytown shall be final and shall bind all interested parties.

Each bid must be enclosed in a sealed envelope, addressed to the "Mayor and City Council of Taneytown", City Hall, Taneytown, Maryland, and marked on the outside, "Proposal for \$650,000.00 Taneytown, Maryland, Sewer Bonds of 1954". All bids must be accompanied by a certified check drawn to the order of "Mayor and City Council of Taneytown", for two per cent. (2%) of the total par value of the issue, to secure the said Mayor and City Council of Taneytown against any loss resulting from the failure of the particular bidder to comply with the terms of his bid. No interest will be allowed on the amount of the deposit. Checks deposited by unsuccessful bidders will be returned to them when the bonds are awarded to the successful bidder.

Accrued interest shall be adjusted to the date of the delivery of the bonds and payment therefor.

The bonds are issued pursuant to the following authorities, and in accordance with proper proceedings duly had and taken by the Mayor and City Council of Taneytown. Bonds Nos. 1 to 500, totaling \$500,000.00, are issued pursuant to the authority of Chapter 281 of the Acts of the General Assembly of Maryland, passed at its January Session in the year 1953, and Bonds Nos. 501 to 650, totaling \$150,000.00, are issued pursuant to the authority of Section 389 of Article 43 of the Annotated Code of Maryland. The issuance of the bonds has also been approved by the qualified voters of the Town of Taneytown, in accordance with the terms of the enabling authorities.

These bonds are issued upon the full faith and credit of the Mayor and City Council of Taneytown, and said full faith and credit is irrevocably pledged to the payment of the bonds and to the payment of the interest to accrue thereon. Under the provisions of the enabling authorities and resolutions duly adopted by the Mayor and City Council of Taneytown, provision is made for the levy of an annual ad valorem tax on all property subject to assessment for taxation in the Town of Taneytown, sufficient to pay the principal and interest of the bonds as they respectively become due and payable. Under existing laws, the bonds are exempt from state, county and municipal taxation in the State of Maryland.

The bonds will be delivered within a reasonable time after the date of their sale, at the office of the Mayor and City Council of Taneytown, City Hall, Taneytown, Maryland, or at any incorporated bank or trust company in the City of Baltimore, Maryland, without expense to the purchaser. If the purchaser shall specify any other place of delivery, such delivery shall be at the expense of said purchaser.

The legality of this issue will be approved by Messrs. Niles, Barton, Yost & Dankmeyer, Bond Counsel, Baltimore, Maryland, and the approving opinion of these attorneys, together with a no-litigation certificate

dated as of the date of the delivery of the bonds, and the other usual closing papers, will be delivered upon request to the purchaser of the bonds without charge.

The Town of Taneytown is in Carroll County, State of Maryland. It was incorporated in 1884 and its present population is approximately two thousand (2000). Its assessable basis for the 1954-55 fiscal year is \$5,029,029.00. Its tax rate for the years 1950 to 1953 inclusive has been sixty-five cents (65c) per \$100.00. It has no bonded indebtedness, but owes the sum of \$3,250.00 to the Federal government, which bears no interest and is repayable if and when the sewerage system is installed. The Town owns and operates its own water system.

Any further information may be obtained upon application to the undersigned.

By order of the Mayor and City Council of Taneytown,

HOME OWNERS' QUESTION BOX

Q—My kitchen linoleum has several cracks along the edge. How can these be repaired before little pieces break off?

A—Get some canvas or other stiff cloth and cut a patch for each cracked area. Make the patches large enough to extend from the edge of the linoleum several inches beyond the crack. Coat the cloth with linoleum paste and place it beneath the linoleum. Put weights on top of the patched spot until the paste has dried.

Q—I have a two-story house, but I've been told that water stains on my living room wall might come from a leaky roof. Is that possible?

A—Yes. Water is very tricky. It can enter through a leak in the roof and work its way unseen down through the walls, finally appearing so far from the point of entry that the real cause is not suspected. It would be wise to have your roof examined closely. If a leaky roof is old and weathered, patching is not advisable. Re-roofing is the only sensible course. Asphalt shingles usually can be applied on top of the old material for a watertight, economical job.

Q—How can stains be removed from metal ash trays?

A—Denatured alcohol will remove tobacco stains from brass or copper ash trays. Brisk scrubbing with a brush is needed.

Q—Is there any way to figure the quantity of paint needed for a radiator?

A—Multiply the length in feet by the height, then multiply this number by seven. This will give the number of square feet to be painted.

Q—Soap and water will remove surface dirt from my wallpaper but has little effect on some grease stains and crayon marks. How can I take these off?

A—A paste made of fuller's earth and benzine will take off grease spots. Apply the paste about a quarter of an inch thick and let it stand until it dries, then brush it off. Washing with detergent suds, instead of soap, may remove the crayon; if not, the fuller's earth treatment will. When washing wallpaper, be careful not to scrub so hard that you tear the paper, which softens when it is wet.

We are glad to welcome John Riggs back in our community. John and his brother had made their home with Mrs. Denise Heck, of Clear Ridge for some time. We have not seen either one of the boys for several years. On Monday John called on us saying he had spent four years in the Navy. He says it seems strange to return here again and find the boys and girls he went to school with all married and some with children. John is not married, he is now living in the home of Mr. and Mrs. Elwood Zollickoff and family, near here. He also had spent some time in California. His brother is still there.

FEESERSBURG

This July 4th marked the 178th birthday of our Independence. As a Nation not even two hundred years of age we have come a long way in some respect and in others we have taken a backward step. In material wealth we are on top—in intellectual maturity we are scraping the bottom of the barrel. In 1776 a group of men met in Philadelphia to put on paper a dream that many people had carried in their hearts ever since man had dreamed of independence. Whether that dream lived or died depended upon the men and women who inherited the scrap of paper so bravely put together that July day in 1776. This year 1954, saw the dream of those men who wrote the Declaration of Independence sinking into a quagmire of political expediency; denying citizens of this country the right to face his accuser, and where freedom of thought and education is becoming more difficult each passing hour. Waving the flag and reading the constitution will never keep a Nation free. Unless men's minds are allowed freedom and new ideas measured by the acid test of truth no people will long remain independent. We so often forget that our nation was born of a bloody revolution and that the word "Democracy" when first introduced 178 years ago was as much despised and misunderstood as some forms of government are despised and misunderstood today. The one trait of America which always stood it in good faith has been the desire for change and the ability to adjust to new ideas. But unless men are allowed mental freedom, there will be no new ideas and finally the nation that attempts regimentation of thought will succumb to the people who had a new idea and were permitted to use it. The men who wrote our constitution were well aware of this and that is why they took so much time and thought to assure every citizen the right to think and speak as he saw fit. The man or men who might try to curb this right is as dangerous to this nation as any subversive in any branch of the government or in any defense plant and should be dealt with in the same way. P. S. I didn't wave any flag or shoot off a firecracker this 4th of July to celebrate my Independence. I wrote the above paragraph instead for I feel very deeply about the trend in controlled thinking in our country and I hope responsible citizens will awake to the dangers in this trend and fight against it, even if it means getting hurt. Each generation must contribute something for the coming generation. What greater contribution could this one give than to leave the assurance that their future cousins will have the right to the same basic life, liberty and the pursuit of ideas and education as their particular need and desire dictates.

One inch of rain came to Maryland on Monday and we hope everyone's garden and fields had a good drink. They tell me it was so dark in Baltimore during the storm Monday afternoon that auto lights were turned on and fireflies came out with their taillights on.

Mr. and Mrs. David Buffington and daughter, Carol, of Catonsville, visited the Millard Roelkes over the 4th. Some people have been dismayed to awake and find a baby on their doorstep. So far this hasn't happened to us but this morning we found two cute kittens at the front door. Someone had dropped them off. This has happened before but the unusual

thing is the kittens have no tails—they have been cut off.

While it is not unusual for one to have bats in one's belfrey, we have birds in our cellar. Its really true. For the past week we have been rescuing birds that in some way get into the basement. Yesterday I had to take out 2 catbirds and am still trying to find out how they got in as everything was closed tight.

Mr. Albert Brenneisen, of Wilmington, Del., is spending several weeks at Merry Knoll. His family lived in Unionville some years ago and he would like to get in touch with anyone remembering any member of his family.

In the days preceding the recent primary fight here in Maryland we received through the mail two pieces of campaign literature which disturbed us very much, and both were sent out by the same person aspiring to be Governor of the State. One piece of literature was malicious for it attempted to stir up racial antagonism, which in my opinion is the lowest kind of political skulduggery. The other piece of literature was an attempt to lure the farmer's vote because it showed the candidate milking a cow by hand. Any modern farmer must have laughed himself to death at the picture and wondered how far behind the times can some of these politicians get because everyone that knows anything about farming is aware of the fact that farmers stopped milking cows by hand ten years ago. No wonder the farmer gets the short end of the string when it comes to legislation. If a would be Governor doesn't know that electric milkers are used instead of hands, then we wouldn't know that the farmer's problems today are not the same problems that he had ten years ago. But according to the vote the candidate received here in Carroll County he must have convinced a great number of farmers that they were still milking by hand.

Don't you think the new road signs in the County make a nice appearance? They not only add a little dignity, but also a little direction to the motorist.

There is only one thing wrong with the teenage group—I don't belong to it.—Ruth Roelke.

PLEASE CLEAN TUB AFTER BATHING LANDLADY

"Nowadays one can't trust anybody. The grocer gave me a bad quarter this morning."

"Let me see it."

"I can't, I gave it to the milkman."

"My, what a strange-looking cow," exclaimed the city gal. "But why hasn't she any horns?"

"Wal, you see," said the farmer patiently, "some cows we dehorn and some cows shed 'em. There's a lot of reasons why some cows ain't got horns. But the reason that cow ain't got horns is she ain't a cow. She's a mule."

Lieutenant (roaring with rage): "Who told you to put those flowers on the table?"

Steward: "The Captain, sir."

Lieutenant: "Pretty, aren't they?"

"When a mule has it, no one calls it will power"—Frances Rodman.

SWIMMING INSTRUCTIONS

Offered to the Youth of this Community

All the youth of Taneytown have the privileges of taking swimming lessons each morning during the next two weeks at Crouse's Pool. Anyone wishing transportation is asked to meet at the public parking lot at 8:30 each week-day morning, starting this Monday, July 12th. Transportation this year will be provided by automobiles. Anyone who can help transport these children to the pool any or all these days is requested to contact Howell Royer, who is in charge of transportation. All parents having children taking the lessons are asked to help with the transportation of other children. Therefore, before departing for the pool, check in at the parking lot to see if there are any children there that do not have a way down to the pool. It is sincerely hoped that no child will be deprived of this opportunity due to the lack of conveyance to and from the swimming pool.

MEETING OF SUNDAY SCHOOL CLASS

The Hustler's Sunday School Class of Grace Reformed Church met at the home of Hilda Reaver with 8 members and 3 visitors present. The meeting was opened by the singing of the hymns, "God of Our Fathers" and "Sweet Hour of Prayer". The scripture was read by Doris Stonesifer. The group united in praying the Lord's Prayer. Due to the absence of the secretary, the minutes of the previous meeting were omitted. The Treasurer's report was given by Dottie Baker. Final plans were made for our trip to Gwynn Oak Park in Baltimore on Saturday, July 10. We are going to leave from the High School at 9:30 a. m. and expect to return about 7 p. m. We decided to have the class sing as a group for the special number in Sunday School on Sunday, July 4. We counted the money which we received in the special envelopes for the first half year. We are going to help with the solicitation for the lawn fete which is to be held on July 17th.

Our assignments are as follows: Frederick Street, Nadine Sentz; W. Baltimore Street, Carol Brown; Middle Street and Fairview Avenue, Ruth Ann Holter; York Street, Mary Alice Rue; Baltimore Street, Elaine Welty; East Baltimore Street, Mabel and Jane Perry; Antrim and Broad Streets, Dottie Baker; George Streets and Mill Avenue, Barbara Eckard; Emmitsburg and Harney Roads, Hilda and Roland Reaver; Westminster Road, Nancy Baker; Littlestown Road, Fairy Frock; Uniontown and Keymar Roads, Helen Bankard.

Our next meeting will be in the form of a picnic at Natural Dam on Monday, August 16th. We will leave from the church at 5:30 p. m. Nadine Sentz and Carol Brown will be co-hostesses. The meeting was closed by singing "Mother's Prayers Have Followed Me" and the repeating of the Mizpah benediction. After the meeting games were played and prizes were won by Elaine Welty, Helen Bankard, Doris Stonesifer, Dottie Baker and Carol Brown. Delicious refreshments were served by the hostess.

ANNUAL CHURCH AND S. S. RALLY

The Piney Creek Church of the Brethren will observe their annual all-day Sunday School and Church Rally, on Sunday. The Sunday School will convene at 9:30 a. m. followed by the Worship Service. The pastor Rev. M. A. Jacobs will preach the morning sermon using as his sermon subject: "A Man's Life". The Men's quartet of the local church will sing. At 12 noon a basket lunch in the basement of the church, each family bringing their lunch. The afternoon service at 2:30 will feature special music, and a sermon by the Rev. M. Guy West, pastor of the First Church, York. The Sunday school will furnish refreshments for the evening meal.

At 7:30 p. m., following hymn singing, Rev. West will again preach. The special music for this service will be by the "Gospelaires" of Uniontown, Md.

CLASS PICNIC

The Golden Rule Class of Grace E & R Church School had a picnic at Memorial Park, Tuesday evening, July 6, 1954. Members of the class and friends met at 6:30 and enjoyed a bounteous picnic supper which everyone enjoyed to the greatest extent.

After the meal the male guests enjoyed the Shuffle Board and the ladies were entertained with quizzes. About 8:30 p. m. the group disbanded looking forward to a similar good time next year.

WORK BEGUN ON SANITARY SEWER

Letter Explains Plans and Progress Being Made

The Mayor and City Council met in regular session Monday evening in the City Office with all members present.

The Board re-organized with all officers retaining their respective positions in the City's governing body.

The following letter was received from the City's Engineering firm reporting plans and progress on Taneytown's Sanitary Sewer:

July 6, 1954
Mayor and City Council
Taneytown, Maryland
Attention: Mayor Raymond J. Perry
Re: Sanitary Sewerage System
Taneytown, Maryland

Gentlemen:
On June 9, 1954 the formal contract between the Mayor and City Council of Taneytown, Maryland and W. F. Wilson and Sons, Inc., of Brookeville, Maryland for the construction of Part "A" of the Sanitary Sewerage System was executed by all parties concerned.

The United States Fidelity and Guaranty Company of Baltimore, Md. has bonded the W. F. Wilson and Sons, Inc., to the full extent of Part "A" of this contract (\$486,196.00). If the W. F. Wilson and Sons, Inc., should default in the performance of this contract or any extension thereof, the Bonding Company shall fully reimburse and repay Taneytown all outlay and expense which Taneytown may incur in making good any such default. Also, the Bonding Company will pay all claims of all persons, firms or corporations which may have a right of action against the Contractor at the time of default. Thus, Taneytown is fully protected and the completion of the contract is guaranteed.

The construction of the outfall sewer from the treatment plant site to the Town limits began the last week in June. The Contractor has at this time one crew engaged in the construction of this work. It is planned that on August 1, 1954 the construction of the sewerage treatment plant will get underway and another pipe laying crew will begin operations within the Town limits. The Contractor is attempting to cooperate with the Mayor and City Council for the Bi-Centennial celebration, and it is because of this he is not beginning operations within the Town limits until after the celebration has been completed.

Mr. Paul O'Shea has been assigned the job as Resident Engineer for this office on the Taneytown project, and will be on the job daily. We have established office space on East Baltimore Street, telephone Taneytown 3803. If you have any questions or inquiries concerning this construction work, it is suggested that you contact Mr. O'Shea at the above address or telephone number.

We will submit to you for payment monthly estimates for work performed by the Contractor, at which time we will also summarize the status of the project.

Bids will be received for the purchase of the "Taneytown, Maryland, Sewer Bonds of 1954", on July 15, 1954. The Mayor and City Council should be prepared to accept or reject the bids at their special meeting immediately following the receipt of bids. Since construction has begun on this project, the first payment to the Contractor will be due on or about August 10, 1954. All arrangements have been made for the printing of the bonds immediately upon the printer's receipt of the rates of interest.

In accordance with instruction received from you at your June 29th meeting, we have instructed your bond attorneys, Niles, Barton, Yost and Dankmeyer, that the principal and interest for these bonds will be payable at The Birnie Trust Company in Taneytown. The writer will be present at the July 15 bid opening, at which time any questions concerning this project can be fully discussed.

Very truly yours,
WHITMAN, REQUARDT AND ASSOCIATES

MARINE ENJOYS 5-DAY LEAVE

Marine Pfc. Raymond C. Becker of Rt. 6, Westminster, Md., enjoyed a five-day R & R leave in Kyoto, Japan, early in June.

"R & R", a magic term to members of the 1st Marine Division in Korea, means "rest and recreation". Marines selected for R & R are flown to the Itami air base on Japan's main island of Honshu. Starting point of their leave is Camp Fisher, near the air base on the outskirts of Kyoto.

At the Camp Fisher Marine Casual Center each Marine gets a shave, a shine, a shower, a clean shirt and tie, a pressed liberty uniform, a square meal, a bed, and exchanged Japanese yen. In less than three hours they are on their way with five-day passes.

Kyoto is the cultural center and third largest city in Japan. Often referred to as the "Shrine City", it provides a springboard for trips to some of the most scenic and historic areas in the country.

WOMEN'S GUILD

Regular Meeting Held on July 1, 1954

The Women's Guild of Grace E. & R. Church held its regular meeting on Thursday evening, July 1, with the Christian Citizenship Committee in charge of the program, Mrs. Murray Baumgardner, chairman. Topic for discussion was: Christian, Do You See—Our Obligation to Meeting the Needs of Spanish-Speaking and Other Newly Arrived Americans.

The meeting opened with a prelude by Miss Fairy Frock. Mrs. Howard Welty read the opening meditation and all joined in singing the hymn, "Where Cross the Crowded Ways". Mrs. Edward Howarth lead the group in a responsive reading and Mrs. Morgan Andreas lead the group in prayer.

A piano solo entitled, "Allegretto Movement from Sonata in E Major" by Beethoven was played by Miss Fairy Frock. A panel discussion on the topic was given and Mrs. Howarth acted as moderator. Those taking part on the panel were: Mrs. George Frearm, Mrs. Carol Frock and Mrs. Harley Holter. A question and answer period followed. All joined in singing the hymn, "Rise Up, O Men of God".

A song entitled, "What Friends We All Can Be" was sung by the Misses Jeanne Howarth, Nancy Holter, Ruth Ann Holter, Vicki Lambert, and Elaine Welty. They were accompanied by Mrs. G. Emerson Rue. Mrs. Harry Mohney gave a reading entitled "Our Lives, Our Fortunes and Our Sacred Honor." A violin solo entitled, "The Carnival of Venice" was played by Miss Nancy Baker and accompanied by Miss Fairy Frock.

Two readings were given by Paul Andreas and Victor Welty and were entitled, "The Mosquito's Delight" and "Ode to a Fly" and were both written by Brent. Mrs. G. Emerson Rue sang a vocal selection entitled "Morning" by Speaks.

The business meeting was in charge of the president, Mrs. G. Emerson Rue. The picnic date was announced as Tuesday, August 3rd, to be held at the Recreation Park at 6:30. In case of inclement weather it will be held in the dining room of the Parish House. The meeting closed with a brief social period.

CALIFORNIA GROWS BIG SPENDERS, TOO!

By Edward Hardestale

Congressman Samuel W. Yorty of California has mailed out 4,108,500 copies of one of his speeches. These were, of course, postage-free under his franking privilege. At a cost of 2.9 cents for each copy the taxpayer has \$119,146.50 to pay.

Thus a value of \$94.86 is placed on each word of the Congressman's speech, entitled "Let's Build a Better America". No one, certainly, will take issue with the title. But whether Mr. Yorty's prose was worth \$94.86 per word is another matter.

The statement was made: "Certainly we know we must preserve for our children the freedom and liberty which was won and preserved for us by former generations of Americans". The cost to the taxpayer was \$2,371.50 plus for this statement which has a strangely familiar sound.

And so word after word goes forth to cost the taxpayer all over the nation, not just Mr. Yorty's friends, \$94.86 per word. The line: "We have nothing to fear but fear itself" has a very familiar ring. In the Congressman's address it had a price tag of \$853.74.

Believe it or not you and I are contributing to Mr. Yorty's political campaign. We are on the bandwagon like it or not.

(Facts from Congressional Record).

BLACK & DECKER ESTABLISHES TWO COLLEGE SCHOLARSHIPS

Two full scholarships, one at Johns Hopkins University, the other at Lehigh University, have been established for residents of Maryland by The Black & Decker Mfg. Co. The scholarships are to start in the Fall of 1954, and provide full tuition plus an amount for books, supplies and fees. Recipients of the scholarships must major in mechanical, electrical or industrial engineering. They will be selected by the respective universities.

Officials of Black & Decker reported that the scholarships were established to help qualified students who are in need of financial assistance.

Black & Decker, world's largest maker of portable electric tools, has its main offices and plant at Towson, Md., and a branch plant at Hampstead, Md. The company has 36 branches throughout the U. S. and subsidiary companies in a number of foreign countries.

HISTORICAL SOCIETY WILL MAKE A TOUR

The Historical Society of Carroll County announces the fourth annual summer tour of the Society for the afternoon of Wednesday, July 28. The caravan will start from Bruceville at 2:30 p. m. After visiting the John Scott home, the cars will proceed to the Forest and Stream Club to hear the story of Mamma's Ford and the Biggs properties to be passed en route. Other points of interest will be The Brawner House, Piney Creek Presbyterian Church, and Starnes' Mill. Since the tour has been planned to coincide with the Bi-Centennial celebration of Taneytown, it will end in the Memorial Park there. After box supper in the park, there will be time to browse through the historic exhibits in the shop windows before the historic pageant "Here on the Monocacy" is presented at 8:15 p. m.

MORE PLANS FOR BI-CENTENNIAL

Fashion Show and Kiddies Parade Added Events

On this Monday evening, at 7:30 o'clock, everyone in the cast for the Pageant "Here on the Monocacy" is requested to be present for the first general rehearsal. At this time, all the scenes will be put together and the entire pageant will run from Scene 1 to Scene 15. It is necessary that all the cast be on hand in order to get their cue as to entrances and exits as well as the element of timing each scene and to get an estimate of the time for the portraying of the pageant.

All those in the George Washington Scene are asked to rehearse this Friday evening due to the fact they did not have a rehearsal on Wednesday night.

The parade committee is making progress with their plans for the big parade on Saturday, July 31, with a good number of floats already promised, several bands and drum corps, marching units, horses, old vehicles and horse drawn wagons, etc. The parade will form at the Taneytown Fair Grounds, and move out at 4 p. m., parading straight up main street to the Memorial Park.

The Town Council has decided to have decorations across the streets on the four main streets in town. Anyone wishing to have the front of their house decorated by the same company that is decorating the town, should get in touch with Tom Albaugh or Edward Reid, and a representative of that company will contact them and give an estimate on the cost.

Plans are now underway to put displays in most of the store windows in Taneytown beginning next Monday, July 19. Anyone having any item of antique value, and would like to have it displayed is requested to get in contact either by phone or card with Mrs. John Smith, and notify her what the items are. In turn, they will be divided and placed where it is most vital for them. Items of great value, such as breakables and small articles will be placed in windows that are closed in, and not accessible to public handling.

Miss Helen Arnold and Mrs. William Copenhaver are co-chairmen for the Fashion Show which is scheduled for Monday afternoon, July 26 on the beautiful lawn of the Misses Amelia and Elizabeth Annan. Anyone having any old fashioned clothing, for either sex or any age or size, is requested to contact either of these two ladies. It is also the desire of the committee that anyone having a garment to be models, perhaps they will have a relative or friend that will model the garment. They are also planning on an exhibit of old clothing or anything pertaining to wearables, such as shoes, hats, canes, etc. Anyone having anything to add to this collection is requested to notify Mrs. Margaret Nulton or Miss Clara Brining.

The costume committee for the pageant request that all the members of the George Washington scene who have not received their costumes should pick them up at Miss Eleanor Kisers. They are now ready, and she would like to distribute them as soon as possible in order to make room for others.

The front cover and two inside pages of the Photograde Section of the Sunday Sun, which will be on the news stands this Sunday, July 11, will portray scenes from the pageant, "Here on the Monocacy". Anyone in Taneytown wishing a copy, or extra copies of this paper should place their order immediately as the supply will be limited.

BI-CENTENNIAL KIDDIES PARADE

Final arrangements for kiddies parade have been completed. All children 12 years of age and under are eligible and encouraged to participate. Time—Thursday, July 29th, at 7 p. m. Place—Taneytown High School, formation at 6:30 p. m. Cash prizes will be awarded for most novel costumes, decorations on wagons, bicycles, tricycle, carts, etc.

All children in and around Taneytown are invited to take part in the parade. The only parade of this type ever held here, so put your ideas into action and help make the parade a success.

Any additional information can be had by contacting Mrs. Chas. H. Hopkins—Phone 3114 or J. Darrell Nelson—Phone 4632.

HEAR YE—ALL GRANGE MEMBERS

The members of Piney Creek Grange No. 422 are going to meet in Taneytown on Tuesday, July 13, at 6:30 p. m. sharp to go to Westminster to help finish the Agriculture Center. Bring saw, hammer and tin snips and come prepared to work. The Center has to be completed by July 25th for the fair so your assistance is badly needed.

WITH THE ARMED FORCES

Serving with the 3d Infantry Division's 64th Tank Battalion in Korea is Sgt. William F. Hill, 25, son of Mr. and Mrs. Theodore Hill, Route 2, Taneytown, Md.

He is a platoon sergeant in Company C of the battalion which distinguished itself during the fierce fighting at the Iron Triangle. Hill, formerly employed by George Fillmore and Co., in Washington, D. C., he entered the Army in 1948 and has received the Purple Heart since his arrival in Korea during May 1953.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer Each future day and in some way—help to bring you happiness!

How wonderful it is to be able to go out in the garden and pick Gardenias each Sunday for that special corsage! And to think the plants came from the five and dime!

Thinking of Woolworth's in any location—have you ever purchased their grand paint? It is called "SUPER-FLY FAST DRYING SATIN". It is manufactured by the A. WILHELM CO., OF READING, PA. It can be purchased in all the lovely new shades plus pastels, too.

Your Observer, last week used ivory on the exterior of an old corner built in cupboard which was a varnish dark stain affair. I removed the cheap dark doors and painted the entire interior with Shasta Green. It not alone has brightened the corner but now appears as one of Colonial days for very special old dishes! The price is only 89 cents a quart and it tops all other makes as there is a lovely oil finish. If the stores don't handle it around the town, they can easily get it for you.

The bedrooms and hall are done with Coral pink—which is a fascinating soft pink!

Mrs. Housewife, we have experienced a few days of real heat but don't let it worry you! Just serve light but nutritious meals and you won't suffer with the heat. And whatever you do—don't say, "Isn't it hot?" Don't even discuss it. Talking about it seems to make it hotter! Seasons are changing yearly as we used to have much hotter weather and longer summers.

Life surely does begin at 80! Recently, a lady presented me with a lovely doll which she dressed completely and made each garment by hand even to the wide brimmed hat. Only 5th Avenue in New York could boast of such glamor as to a dressed doll. This lady is almost 80 and that is the way she spends her time. She has been sewing since she was four years of age! Brought thoughts of those French children who are taught by the French Sisters.

Now, this is to the Farmers! A smart man (retired from his big job in South America) bought the farm opposite the bungalow a few years ago and he knows just about everything.

Recently, he built a huge Pond where there is a Spring and he has hundreds of feet of aluminum piping taking water by Motor to his crops. The only thing he really forgot that there were neighbors and he left the motor on for three nights! Now, that made this Farmer drop one hundred percent in estimation of all concerned. If he wanted to do this sort of thing (and I admired him at first why not call upon the neighbors asking them if from midnight until 6 a. m. There is always, folks nice way of doing things, being kind and considerate for even with six hours sleep it would have meant much. And you know the Commandment God gave to man! "LOVE THY NEIGHBOR!"

Last Sunday afternoon again attended the "WEBB REUNION". Such a feast—fit for a KING! How wonderful it is to hold these family reunions! Never heard of it in the big city. The Family Tree is written up on each year brings a marriage or two and perhaps several births. Such closeness to it all!

What a nice tribute to and for our Armed Forces—that is as far as the money will be given by the WCTU of Harford County—the receipts of the Supper last Friday night held in the Dublin School. The Soldiers ask for various things. Many desired good ORANGE JUICE instead of that awful you know what that is handed out! They desired writing material and good reading matter and many requested the religious, "UPPER ROOM" magazine or booklet!

"Maryland—My Maryland!" The State can really be proud of the GRATE POLICE! Of all the states have ever visited in these United States none compared to our MARYLAND STATE POLICE! They are gentlemen, courteous and refined. Have always compared them with the CANADIAN MOUNTED POLICE. They work very hard here and yet their salary is small. That one, I never could figure out! To be a State Police—nothing is finer and honor bound position. The men appear as Lieutenants as though they were working for Uncle Sam all through life regardless of the dangers. Protection at home—that is what is really means.

Years ago, a little child was taught to fear a policeman but not so today. They are immediately taught to protect you. School teachers get salaries and often now and then demand an increase and the State Police should be the ones to have the crease, too! Eh? Did you see Eclipse at an early hour last week? It was most interesting.

So long, folks. Have a nice week end. Drive carefully as that extra minute of haste may cause a life lives! Until next week D. V. I am, Faithfully,

DDT FOR LITTERBUG

For the first time since mass packaging, and the mass movement of Americans over the landscape began, we can cherish something more than a pious hope that our highways and byways and seashores and sylvan dells can be de-littered—and kept that way.

American industry, whose genius took our foods out of the barrel and put them in packages, invented millions of new products (also in packages) for our comfort and convenience, gave us containers for milk and beer and soda pop that we don't have to take back to the store, rescued us from germs via the paper cup and the tissue handkerchief and gave us the means of ranging whither we list over the country-side, is facing up to a more responsible life.

Keep America Beautiful, Inc., a new non-profit corporation is now in business, to tackle the litter problem on a long-range nation-wide scale. It is financed by industry and supported by state and local highway, park and sanitation boards, and by 35 national organizations including the Chamber of Commerce of the United States, the Boy Scouts of America, the National Council of State Garden Clubs and the Izaak Walton League.

In a telegram of commendation, Commerce Secretary Sinclair Weeks said: "The task is to big to expect a solution from individual groups. It would seem that industry—from which have come so many ingenious devices to contribute convenience to modern living—can supply the impetus for a long-range educational campaign to tell the public not only how to use these conveniences, but how to avoid misusing them."

For five months prior to its official launching, KAB engaged in a nationwide study of the litter problem that has amassed more information on the subject than has ever been collected before. It is discovered that American taxpayers are spending \$30,000,000 a year for picking up litter—a pitifully small portion of it! And this does not include the cost of garbage and trash collection in cities. Forty-three of the 48 states have litter penalties—ranging from \$1 to \$1,000 and from 10 days to six months in jail—but there are few arrests anywhere and no coordination of state efforts.

William C. Stolk, chairman of KAB's Board of Directors says: "The untidy habits of a segment of our population can be corrected only by education leading to mass disapproval of litterbugs and the mess they make."

So, with the help of KAB, we shall now start picking up after ourselves—and others—keeping on tap a Bronx Cheer for anyone who tosses so much as an empty match-book on OUR scenery!—U. S. Press Association.

Mayor and City Council of Taneytown

TOWN OF TANEYTOWN

CARROLL COUNTY

MARYLAND

SALE OF

\$650,000.00

TANEYTOWN, MARYLAND, SEWER BONDS OF 1954

DATED AUGUST 1, 1954

Sealed bids will be received by the Mayor and City Council of Taneytown, Maryland, at the office of said Mayor and City Council, City Hall, Taneytown, Maryland, until 8:00 o'clock, P. M., Eastern Daylight Saving Time, on

THURSDAY, JULY 15, 1954

for the purchase of Six Hundred and Fifty Thousand dollars (\$650,000.00) aggregate par value serial maturity coupon bonds known as "Taneytown, Maryland, Sewer Bonds of 1954."

At 8:05 o'clock P. M., E.D.S.T., on said date, said sealed bids will be publicly opened by the Mayor and City Council of Taneytown and the bonds will be awarded to the highest responsible bidder or bidders therefor, for cash.

Said bonds will all be dated August 1, 1954. There will be six hundred and fifty (650) bonds, each of the par value of One Thousand Dollars (\$1,000.00), total Six Hundred and Fifty Thousand Dollars (\$650,000.00), numbered consecutively from No. 1 to No. 650 inclusive, and said bonds shall mature and be payable, in the order of their consecutive numbers, in varying annual serial instalments over a period of forty years from the date of their issue, as follows: five (5) bonds, of the aggregate par value of \$5,000.00, will mature on August 1 in each of the years 1956 to and including 1960; ten (10) bonds, of the aggregate par value of \$10,000.00, will mature on August 1 in each of the years 1961 to and including 1967; fifteen (15) bonds, of the aggregate par value of \$15,000.00, will mature on August 1 in each of the years 1968 to and including 1973; twenty (20) bonds, of the aggregate par value of \$20,000.00, will mature on August 1 in each of the years 1974 to and including 1985; and twenty-five (25) bonds, of the aggregate par value of \$25,000.00, will mature on August 1 in each of the years 1986 to and including 1994.

The bonds will bear interest at the rate or rates fixed in the accepted bid, as hereinafter provided, payable semi-annually on the first days of February and August in each year until the respective maturities of the bonds, in accordance with the interest coupons to be attached thereto.

Both the principal and interest of the bonds will be payable in lawful money of the United States of America at the time of payment, at The Birnie Trust Company, Taneytown, Md.

The bonds will be issued subject to registration as to principal only at the office of the Mayor and City Council of Taneytown, Taneytown, Maryland, with the Clerk of Taneytown, Registrar.

The proceeds of the sale of the bonds are to be used exclusively for the following purposes:

To provide funds for the construction of a sewerage system, and the purchase of a site, and the erection, construction and equipment thereon of a sewerage treatment and disposal plant, and land and easements necessary therefor, within or without the town limits of Taneytown, Maryland, said funds to be used for no other purposes, except that the necessary expenses in connection with the issuance, sale and delivery of the bonds may be deducted from such proceeds, and except further, that any accrued interest received from the purchaser shall be set aside toward the payment of the first maturing interest coupons on the bonds.

Bidders are requested to specify with their bids the rate or rates of interest, not exceeding four per centum (4%) per annum, to be paid on the bonds, on which rate or rates their bids are based and submitted. The rate or rates of interest named in the bids must be in multiples of one-eighth of one per centum (1/8%) per annum. Bidders may specify more than one rate of interest to be borne by the bonds, but may not specify more than one interest rate for the bonds of any one maturity. The bonds will be awarded to the bidder or bidders naming the lowest rate or combined rates of interest named in any legally acceptable proposal and offering to pay not less than par and accrued interest for the bonds. As between bidders naming the same rate or rates of interest, the proposal of the bidder offering to pay the largest premium will be accepted. Where the bids of two or more bidders are identical in all respects, the bonds will be apportioned equally between all of such bidders, but if this shall prove unacceptable to said bidders, or to the issuing authority, the latter may, in its discretion, determine to which of said bidders the bonds will be awarded. The lowest rate or rates of interest will be determined on the basis of the lowest interest cost to the Town of Taneytown of the bonds so to be issued, from the date of their issue to the last date of maturity of any of said bonds, by adding the dollar amount of interest payable on each bond to maturity under any proposal, and deducting from the total thereof the amount of the premium offered to be paid for such bonds in any such proposal.

The right is reserved to the Mayor and City Council of Taneytown to reject any or all bids. In the event any question arises as to the regularity of any bid, or its conformity to the terms of this advertisement, the decision of the Mayor and City Council of Taneytown shall be final and shall bind all interested parties.

Each bid must be enclosed in a sealed envelope, addressed to the "Mayor and City Council of Taneytown", City Hall, Taneytown, Maryland, and marked on the outside, "Proposal for \$650,000.00 Taneytown, Maryland, Sewer Bonds of 1954". All bids must be accompanied by a certified check drawn to the order of "Mayor and City Council of Taneytown", for two per cent. (2%) of the total par value of the issue, to secure the said Mayor and City Council of Taneytown against any loss resulting from the failure of the particular bidder to comply with the terms of his bid. No interest will be allowed on the amount of the deposit. Checks deposited by unsuccessful bidders will be returned to them when the bonds are awarded to the successful bidder.

Accrued interest shall be adjusted to the date of the delivery of the bonds and payment therefor.

The bonds are issued pursuant to the following authorities, and in accordance with proper proceedings duly had and taken by the Mayor and City Council of Taneytown. Bonds Nos. 1 to 500, totaling \$500,000.00, are issued pursuant to the authority of Chapter 281 of the Acts of the General Assembly of Maryland, passed at its January Session in the year 1953, and Bonds Nos. 501 to 650, totaling \$150,000.00, are issued pursuant to the authority of Section 389 of Article 43 of the Annotated Code of Maryland. The issuance of the bonds has also been approved by the qualified voters of the Town of Taneytown, in accordance with the terms of the enabling authorities.

These bonds are issued upon the full faith and credit of the Mayor and City Council of Taneytown, and said full faith and credit is irrevocably pledged to the payment of the bonds and to the payment of the interest to accrue thereon. Under the provisions of the enabling authorities and resolutions duly adopted by the Mayor and City Council of Taneytown, provision is made for the levy of an annual ad valorem tax on all property subject to assessment for taxation in the Town of Taneytown, sufficient to pay the principal and interest of the bonds as they respectively become due and payable. Under existing laws, the bonds are exempt from state, county and municipal taxation in the State of Maryland.

The bonds will be delivered within a reasonable time after the date of their sale, at the office of the Mayor and City Council of Taneytown, City Hall, Taneytown, Maryland, or at any incorporated bank or trust company in the City of Baltimore, Maryland, without expense to the purchaser. If the purchaser shall specify any other place of delivery, such delivery shall be at the expense of said purchaser.

The legality of this issue will be approved by Messrs. Niles, Barton, Yost & Dankmeyer, Bond Counsel, Baltimore, Maryland, and the approving opinion of these attorneys, together with a no-litigation certificate

dated as of the date of the delivery of the bonds, and the other usual closing papers, will be delivered upon request to the purchaser of the bonds without charge.

The Town of Taneytown is in Carroll County, State of Maryland. It was incorporated in 1884 and its present population is approximately two thousand (2000). Its assessable basis for the 1954-55 fiscal year is \$5,029,029.00. Its tax rate for the years 1950 to 1953 inclusive has been sixty-five cents (65c) per \$100.00. It has no bonded indebtedness, but owes the sum of \$3,250.00 to the Federal government, which bears no interest and is repayable if and when the sewerage system is installed. The Town owns and operates its own water system.

Any further information may be obtained upon application to the undersigned.

HOME OWNERS' QUESTION BOX

Q—My kitchen linoleum has several cracks along the edge. How can these be repaired before little pieces break off?

A—Get some canvas or other stiff cloth and cut a patch for each cracked area. Make the patches large enough to extend from the edge of the linoleum several inches beyond the crack. Coat the cloth with linoleum paste and place it beneath the linoleum. Put weights on top of the patched spot until the paste has dried.

Q—I have a two-story house, but I've been told that water stains on my living room wall might come from a leaky roof. Is that possible?

A—Yes. Water is very tricky. It can enter through a leak in the roof and work its way unseen down through the walls, finally appearing so far from the point of entry that the real cause is not suspected. It would be wise to have your roof examined closely. If a leaky roof is old and weathered, patching is not advisable. Re-roofing is the only sensible course. Asphalt shingles usually can be applied on top of the old material for a watertight, economical job.

Q—How can stains be removed from metal ash trays?

A—Denatured alcohol will remove tobacco stains from brass or copper ash trays. Brisk scrubbing with a brush is needed.

Q—Is there any way to figure the quantity of paint needed for a radiator?

A—Multiply the length in feet by the height, then multiply this number by seven. This will give the number of square feet to be painted.

Q—Soap and water will remove surface dirt from my wallpaper but has little effect on some grease stains and crayon marks. How can I take these off?

A—A paste made of fuller's earth and benzine will take off grease spots. Apply the paste about a quarter of an inch thick and let it stand until it dries, then brush it off. Washing with detergent suds, instead of soap, may remove the crayon; if not, the fuller's earth treatment will. When washing wallpaper, be careful not to scrub so hard that you tear the paper, which softens when it is wet.

We are glad to welcome John Riggs back in our community. John and his brother had made their home with Mrs. Denise Heck, of Clear Ridge for some time. We have not seen either one of the boys for several years. On Monday John called on us saying he had spent four years in the Navy. He says it seems strange to return here again and find the boys and girls he went to school with all married and some with children. John is not married, he is now living in the home of Mr. and Mrs. Elwood Zollickoff and family, near here. He also had spent some time in California. His brother is still there.

FEESERSBURG

This July 4th marked the 178th birthday of our Independence. As a Nation not even two hundred years of age we have come a long way in some respect and in others we have taken a backward step. In material wealth we are on top—intellectual maturity we are scraping the bottom of the barrel.

In 1776 a group of men met in Philadelphia to put on paper a dream that many people had carried in their hearts ever since man had learned to walk upright. Whether that dream lived or died depended upon the men and women who inherited the scrap of paper so bravely put together that July day in 1776. This year 1954, saw the dream of those men who wrote the Declaration of Independence sinking into a quagmire of political expediency; denying citizens of this country the right to face his accuser, and where freedom of thought and education is becoming more difficult each passing hour. Waving the flag and reading the constitution will never keep a Nation free. Unless men's minds are allowed freedom and new ideas measured by the acid test of truth no people will long remain independent. We so often forget that our nation was born of a bloody revolution and that the word "Democracy" when first introduced 178 years ago was as much despised and misunderstood as some forms of government are despised and misunderstood today. The one trait of America which always stood it in good faith has been the desire for change and the ability to adjust to new ideas. But unless men are allowed mental freedom, there will be no new ideas and finally the nation that attempts regimentation of thought will succumb to the people who had a new idea and were permitted to use it. The men who wrote our constitution were well aware of this and that is why they took so much time and thought to assure every citizen the right to think and speak as he saw fit. The man or men who might try to curb this right is as dangerous to this nation as any subversive in any branch of the government or in any defense plant and should be dealt with in the same way. P. S. I didn't wave any flag or shoot off a firecracker this 4th of July to celebrate my Independence. I wrote the above paragraph instead for I feel very deeply about the trend in controlled thinking in our country and I hope responsible citizens will awake to the dangers in this trend and fight against it, even if it means getting hurt. Each generation must contribute something for the coming generation. What greater contribution could this one give then to leave the assurance that their future cousins will have the right to the same basic privileges that they enjoyed—namely life, liberty and the pursuit of ideas and education as their particular need and desire dictates.

One inch of rain came to Maryland on Monday and we hope everyone's garden and fields had a good drink. They tell me it was so dark in Baltimore during the storm Monday afternoon that auto lights were turned on and fireflies came out with their taillights on.

Mr. and Mrs. David Buffington and daughter, Carol, of Catonsville, visited the Millard Roelke's over the 4th.

Some people have been dismayed to awake and find a baby on their doorstep. So far this hasn't happened to us but this morning we found two cute kittens at the front door. Someone had dropped them off. This has happened before but the unusual

thing is the kittens have no tails—they have been cut off.

While it is not unusual for one to have bats in one's belfrey, we have birds in our cellar. Its really true. For the past week we have been rescuing birds that in some way get into the basement. Yesterday I had to take out 2 catbirds and am still trying to find out how they got in as everything was closed tight.

Mr. Albert Brenneisen, of Wilmington, Del., is spending several weeks at Merry Knoll. His family lived in Unionville some years ago and he would like to get in touch with anyone remembering any member of his family.

In the days preceding the recent primary fight here in Maryland we received through the mail two pieces of campaign literature which disturbed us very much, and both were sent out by the same person aspiring to be Governor of the State. One piece of literature was malicious for it attempted to stir up racial antagonism, which in my opinion is the lowest kind of political skulduggery. The other piece of literature was at attempt to lure the farmer's vote because it showed the candidate milking a cow by hand. Any modern farmer must have laughed himself to death at the picture and wondered how far behind the times can some of these politicians get because everyone that knows anything about farming is aware of the fact that farmers stopped milking cows by hand ten years ago. No wonder the farmer gets the short end of the string when it comes to legislation. If a would be Governor doesn't know that electric milkers are used instead of hands, then we wouldn't know that the farmer's problems today are not the same problems that he had ten years ago. But according to the vote the candidate received here in Carroll County he must have convinced a great number of farmers that they were still milking by hand.

Don't you think the new road signs in the County make a nice appearance? They not only add a little dignity, but also a little direction to the motorist. There is only one thing wrong with the teenage group—I don't belong to it.—Ruth Roelke.

PLEASE CLEAN TUB AFTER BATHING LANDLADY

"Nowadays one can't trust anybody. The grocer gave me a bad quarter this morning".

"Let me see it".

"I can't, I gave it to the milkman."

"My, what a strange-looking cow", exclaimed the city gal "But why hasn't she any horns?"

"Wal, you see," said the farmer patiently, "some cows we dehorn and some cows shed 'em. There's a lot of reasons why some cows ain't got horns. But the reason that cow ain't got horns is she ain't a cow. She's a mule."

Lieutenant (roaring with rage): "Who told you to put those flowers on the table?"

Steward: "The Captain, sir".

Lieutenant: "Pretty, aren't they?"

"When a mule has it, no one calls it will power".—Frances Rodman.

BASEBALL

LITTLE LEAGUE BASEBALL

The recently organized Little League Baseball team in Taneytown made a commendable showing against a stronger and more experienced team last Saturday as the bowed to Stewardstown, Penna. 8 to 4 on Stewardstown's diamond.

The boys between the ages of 8 and 12 years, have built up a great deal of enthusiasm as they look forward to a summer of practice and playing experience hoping that they may gain admittance to a little league next year. This can only be made possible for them by the merchants and civic organizations in town backing them to the fullest extent.

We hope the townspeople will come out to see future games this summer to prove to themselves that the boys interest should not be unheeded.

The Taneytown Baseball team (South Penn League) defeated Greenmount 3-2 in a 7-inning game Wednesday evening on the Taneytown Memorial Park diamond. This was a splendidly-played game and more people should have been in attendance to support the fine team that Taneytown has this year.

Sunday's game will be played here against Bonneauville.

Now YOU can have **BLUE CROSS & BLUE SHIELD**
protection against hospital and medical
bills *without belonging to a group!*

NOW you can join these plans, designed for those
who cannot join through groups... self-employed,
students, employees of smaller companies.

NOW you can protect yourself against costly ill-
ness or emergencies... by joining Maryland's
not-for-profit Blue Cross and Blue Shield Plans.

YOU can have this protection for yourself and your
dependents if you're in good health and under 65
years of age. Get the story today.

Chances are ONE in THREE, someone in your family will require
hospital services this year! But you can lift the threat of costly bills with
BLUE CROSS and BLUE SHIELD protection.

How Blue Cross & Blue Shield Protect YOU

46 million Americans are already enrolled in Blue Cross. 29 million belong to Blue Shield. Now—for the first time—Blue Cross and Blue Shield protection is available to nearly every Marylander—through membership in employed groups, or, in many cases, without joining a group. Blue Cross provides hospital care benefits... the hospital services you need rather than just dollars—in any general hospital in Maryland, and anywhere else if you're taken sick away from home. Blue Shield pays liberally for the services of the doctor you choose. Together, the two plans protect your entire family. The cost to you is now only about

26c a day for your family... but benefits can save you bills running to many hundreds of dollars.

Once a member you can keep your Blue Cross and Blue Shield protection even when you change jobs or retire—even after passing age 65.

Get the whole story now. You owe it to yourself and your family to get the full story about both Blue Cross and Blue Shield. Mail the coupon below for your copy of the booklet telling what the plan can do for you. It places you under no obligation. No salesman will call. So be sure you get full information now.

**Only BLUE CROSS & BLUE SHIELD Provide
So Much Protection for So Little Money**

Blue Cross and Blue Shield are the most successful plans ever devised for protection against the costs of illnesses and emergencies. They have set the standard against which all other forms of hospital-medical-surgical care are measured—a standard hard to match. Blue Cross and Blue Shield are not-for-profit organizations, in which people like yourself band together to safeguard against unexpected hospital and doctor bills. Each one pays a little; all escape ever having to pay heavy expense alone.

Blue Cross and Blue Shield are different. Their sole purpose is service; to help you get the care you need, not just measured-out dollars. Blue Cross benefits include room and board and all the basic hospital services... full coverage in semi-private rooms (save maternity) with no dollar limitation. Blue Shield helps you pay doctor bills—provides liberal benefits for everyone—and full protection for persons of moderate income. You choose your own doctor. On entering a hospital, you simply show your Blue Cross Card.

There's no red tape. The plans deal directly with the hospital and the doctor. You file no forms. You don't have to wait for payment.

Blue Cross and Blue Shield protection is low-cost. Sponsored in Maryland by doctors, hospitals, and citizens alike, these plans are operated not-for-profit. Except for small administrative expense, every dollar paid in goes to provide benefits. Dollar for dollar, Blue Cross and Blue Shield give you more for less money—maximum protection at minimum cost.

Blue Cross and Blue Shield protection is easy to get. If you qualify for non-group membership, mail the coupon at right or call the Blue Cross office listed in your telephone directory. If there are five or more people where you work, ask your employer about group enrollment.

Find out NOW about this new type of **BLUE CROSS and BLUE SHIELD** membership. Mail this coupon, or pass it along to a friend if you're already enjoying **BLUE CROSS and BLUE SHIELD** protection.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

Devotional Reading: Ephesians 4:25-5:2

Are We Growing?

Lesson for July 11, 1954

WHEN is a "grown person" grown? All sensible grown-ups know that they are not quite fully grown in some ways. Whenever you see an adult taking a correspondence course, or taking dancing lessons or trying to play a better game of golf, or being a smarter farmer or business man or what not, there you see a grown person who knows he still has room to grow, and can grow. Psychologists tell us that one of the great scientific discoveries of this age is finding that adults are plastic, that is to say, no one is ever too old to learn, too old to grow.

Dr. Foreman
gists tell us that one of the great scientific discoveries of this age is finding that adults are plastic, that is to say, no one is ever too old to learn, too old to grow.

Growing Up to What?

The tragedy is that many Christians, these same people who are not content to be just the same farmer or golf-player they used to be, these same people who are growing in other ways, are content to be no bigger or better Christians than they were 20 years ago. As Christians, they are dwarfs, midgets. They stopped growing long ago. It is worth while to remember that Paul's letters were written to grown people, not children; yet he urges these adults not to be children any more! Paul has a good deal to say about growing as a Christian, and he points out that this is the most important growth there is. The first thing you want to know, in growing anything, is what you want this thing, this plant or animal or what not, to be. When a home gardener raises tomatoes, he always has in mind the pictures on the seed catalogue cover. When a horse breeder in Kentucky raises a colt, he has some great race horses in his mind's eye. If you don't know where you are headed, you can't tell whether you are making progress. Now the Apostle Paul leaves no doubt as to what is the goal of Christian growth. It is not a what at all, but a whom. The measure of Christian manhood is Christ himself.

Growing Season

Life brings us some crises when we grow up, so to speak, overnight. But these are rare. It is all a mistake to sit around waiting for something marvelous to happen all at once. The Bible's emphasis on growing suggests that we become more Christlike by degrees. There are springtimes of the spirit when growth is faster than in life's winter nights. But the growing season for the Christian is the year round. This is specially important to remember when we are up against something that seems to block us off and keep us from any progress. We must remember what we were thinking about last week, that growing demands effort, effort against odds sometimes. Is it likely that the young man Jesus found Nazareth the kind of town that helped him to increase in favor with God and man? No; but the very fact that he had to push against the down-drag of that village, made him stronger. If you want to grow stronger physically, you will have to lift heavy weights, not egg-shells. If you want to grow mentally, you will have to study something harder than the multiplication table and the primer. So we may be helped to grow in spirit by those very things which make it hard to be a Christian.

How to Do It

There would be no point whatever in the command given more than once, "Grow!" if there were nothing we could do about it. II Peter 3:18 gives one extremely valuable hint: "Grow in the grace and knowledge of our Lord and Saviour." If growing in his grace seems a bit hard to understand, growing in knowledge of him is surely plain enough. Do we want to grow as Christians? Do we want, really, to be more like the Master? Then we shall have to know him better. There are two ways of knowing Christ better. One is to read the gospels more often, think about them more. Matthew, Mark, Luke and John ought to be the most familiar books the Christian knows. But Christ is far more than a historical character. He lives today in the hearts of those who love and work with him. It is possible, and for a growing Christian it is necessary, to know Christ as the "unseen companion," the Christ who through his Spirit "dwells in the heart by faith." But how can Christ live in the heart, if the mind never gives him a thought?

HOSPITALIZATION?

SURE...

... but does your protection guarantee regular monthly cash income while you're disabled by sickness or accident? Farm Bureau's new *Invincible* plan can pay you liberal hospital, medical and surgical benefits — PLUS \$100 to \$400 a month cash income. Amazingly low net premium — can be paid monthly. Down the Line with Johnny Bell

Remember when you first heard of contour plowing?

Many farming techniques used today were unheard of just a little while ago. All of us benefit in better soil conservation, increased farm production, and many other ways. Another improvement farm families are noticing these days is in telephone service: in 1951, only 55% of all rural customers were on lines with seven or less other parties. Today, 84% are — and your telephone company is working hard to make service still better in the years ahead.

It's spruce-up-for-summer time!

There's probably not a farm in the county that couldn't stand a little "dressing up" for the months ahead. Maybe it's a new coat of paint for the barn. Perhaps the house roof needs new shingles. Whatever it is, the job'll be done faster and better if you have help. Co-operation is the key to success with your party-line telephone, too. If you consider the other fellow's needs as well as your own, everyone will get better service!

BE INSURANCE MINDED

That is awful good money you are paying for your insurance, so make sure you are getting the best possible for your money.

Several large insurers in this section have thoroughly checked my company and my rates and, of course, have bought my insurance.

You check my company and my rates and compare them with the insurance you now have. I am sure I'll be seeing you.

Happy to Give Friendly Service.

Pay your bills from home!

It's a lot easier to mail checks than to walk around paying bills with cash. Checks are safe to mail, and the cancelled checks, which come with your statement from the bank, serve as records of your payments—and receipts. Paying by check improves your credit standing, too.

Maintain your Checking Account in this bank. You'll like its many advantages.
