During the past year, 1,670 days of sented by Taneytown Elementary hospitalization was needed for people School under the direction of Mrs. of Taneytown. Many people who have large hospital bills feel that this has taken care of their contribution. The money paid for hospital bills, however, does not help the fund for a new building. You will find that hospital rates at Gettysburg are lower than rates at other hospitals consequently, another reason for your contributions. We hope the above information will

spark everyone's interest to contribute spark everyone's interest to contribute to this very worthwhile and necessary cause. We are appealing to you not to think of this in the same light as a Red Cross call, but think of it as a capital call for your hospital interest. Presbyterian Church held its regular monthly meeting, Tuesday evening, May 3, in the church. President Harold J. Hamilton, presiding. Pres. Hamilton expressed his appreciation and thanks to William Abrecht, Sec, for securing pine trees and to Geo. Ingram for planting them in the rear of the church property, which adds greatly to the appearance. The special speaker was Dr. Basil L. Crapster of Gettysburg College Faculty, whose highly interesting subject, Presbyter-ianism in the U.S. was presented in a thrilling and informative way to the appreciative group. The social part of the meeting was pleasantly spent, in the home of Geo. Ingram, host for the evening, where delicious and abundant food was served by Mrs. Ingram.

# MARYLAND WITHHOLD-

## Effective July 1st

The Honorable J. Millard Tawes, Comptroller of the Treasury, has an-nounced that in accordance with Chapter 281, Laws of 1955, enacted during the recent session of the General Assembly of Maryland, withholding income tax on salaries and wages of both residents and non-residents,

will begin July 1st.

The rate of tax remains at 2 percent but the personal exemption has been changed so that the taxpayer now receives \$800.00 for himself and like amount for each dependent. Heretofore the personal exemption was \$1,000.00 for the taxpayer and \$600.00 for each dependent.

Under the witholding law, the Comptroller stated that employers are, in effect, agents of the State, and they must withhold the tax under tables to be supplied them by the Income Tax Division.

Employers are required to make quarterly reports on due dates of October 31, January 31, April 30 and July 31 of each year. Remittance of tax collected during the quarter is to be made with the reports.

Mr. Tawes explained that within a few weeks employers will be sent a booklet giving complete information on withholding and containing the tax tables. This booklet will include a postcard which is to be completed and returned to the Income Tax Division. On the card the employer should indicate the number of exemption certificates required and the nec-essary forms will be sent him as soon after the card has been returned as is

Upon receipt of the exemption certificates the employer should pass them out to all employees and each employee should complete his certificate indicating thereon the number of exemptions to which he is entitled under the law. It is on the basis of the number of exemptions claimed by the employee that the employer is authorized to withhold.

## HARNEY BOYS' 4-H

Despite Davy Crockett and his political career, the Harney Boys' 4-H club managed to hold their monthly meeting at Larry and Ted (homerun champ) Williams on Apr. 27. The meeting opened with the 4-H pledge, followed by the roll call which was "name a farm implement." After the roll call, there was a itty-bitty discussion on the unnecessary absentees presented at the meeting. Robert Rock, since it is his job as secretary,

## FINANCIAL SUPPORT EARNESTLY SOLICITED BY MEMORIAL PARK BOARD

One of the most worthy drives for funds will open May 10th. This appeal for money is not only worthy but is entirely local in character. The proceeds will be used in adding to the appurtenances of our own beautiful Park—the Taneytown Memorial Park. No drive for funds was made last year but among the improvements made

were the roof for the grandstand, another large fireplace, 4-doz. trees planted, a new incinerator, another shuffleboard, a whirl-a-gig and new modern dugouts for the baseball players. Every means and plans for a swimming pool were considered and after an exhaustive study it was decided that this project, for the time being, was far beyond the limits of this community in financing.

The board appointed to supervise the management their goal for a new community building or hall that can be used for suppers, boy and girl scouts activities, games and other general entertainment.

Letters are being mailed out asking for contributions. GIVE AND GIVE LIBERALLY! Remember, it is for the health and happiness for the children

dence. With three new buildings and an addition to another, this street will be greatly improved this year.

Lamberton-Clabaugh—On last Saturday afternoon, at St. Thomas church Washington, D. C., the marriage service was performed by the rector, Rev. C. Ernest Smith, for Miss Helen Margaret Clabaugh, daughter of Chief Justice of the District Supreme Court and Mrs. Clabaugh, and Benjamin Paulding Lamberton, Jr. son of Rear Admiral Lamberton of the U. S. Navy. A reception followed, at the home of the bride, Mintwood Place. Mr. and Mrs. Lamberton are spending their honey-moon at "Antrim", Taneytown, the charming summer home of Justice and Mrs. Clabaugh, having arrived there on Sunday afternoon.

arrived there on Sunday afternoon.

Middleburg—Last Friday morning the community was shocked to hear of the death of Mr. R. W. Walden. Twenty-seven years ago Mr. Walden purchased the Bowling Brooke farm and has so improved it until today it is the finest in the states. He will be greatly missed, not only by a large circle of friends, but especially by the laboring class, of which he employed

a large number.

Tuesday, May 9, will be a big day at Sykesville. The Sykesville Volunteer Firemen's Association, which was organized some months ago, will receive their new fire-fighting apparatus. All business houses will be closed at 1 p. m. and there will be a street carnival and parade at 3 p. m. The Pike at the World's Fair will be reproduced on Main Street. The "wild man from Borneo" a snake charmer and other performers will be there as well as the pink lemonade man and the peanut vender.

## Purina Concentrates are Micro-Mixed

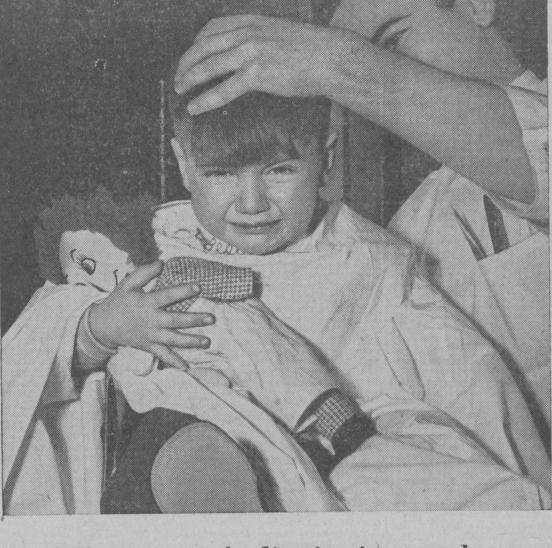

Top dairymen insist on a ration that keeps cows milking their best month after month without sacrificing condition. This means the milking ration must not only produce milk, but keep cows in condition as well.

Purina Cow Chow Concentrate, custom-mixed with your grain, will do just that. For high producing herds, we'd recommend coarse-ground grain mixed in rough proportions of 3 pounds grain to 1 pound of Micro-Mixed Purina Cow Chow Concentrate. Let us help you get more milk from your grain with this fine milking ration.

# When a man's dignity is at stake, it's no laughing matter!

GROWING UP is hard, isn't it? Hard on the outraged gentleman you see here. Hard on you, if you were his parent. There's so much you'd want to protect him from, so much you'd want to foresee. But you can't anticipate everything. You can't anticipate sudden illnesses . . . for your family, or for yourself.

What you can do is what 890,000 of your fellow Marylanders are doing right now. They're protecting themselves against the expense of sudden illness by joining the

non-profit Blue Cross plan. You can find out about Blue Cross by simply calling the Blue Cross office listed in your telephone directory. Or write Blue Cross, Dept. 0000, 200 W. Baltimore St., Baltimore 1, Md. Do it today! You owe it to your peace of mind!

## You'll feel like a pilot

## without leaving the ground

How would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?

How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off?

And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response?

It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.\*

Not only do you take command of recordhigh Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile.

You also call the turn on twenty propellerlike blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller.

You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly.

Don't take our word alone that this is thrilling beyond all previous experience.

Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?

\*Dynaslow Drive is standard on Roadmaster, optional at extra cost on other Series.

## FEESERSBURG

Market reports make dull reading but that is the trouble with most facts about the routine business of living and earning a living. It is all very monotonous and dull, but very very important if one desires to keep on living and improving. In the first on living and improving. In the first quarter of this year, consumers paid 3 percent less for the farm foods in the "market basket", but the farmer received 8 percent less. This brought the farmer's share of the consumer's dollar down to 42 percent compared to 45 percent of one year ago. Industry, has received from its clares. dustry has recovered from its slump of '53 but the farmer has not. As some one pointed out today, the steel mills are operating about 93 percent of total capacity but farmers don't work in the steel mills.

Private George H. Crouse, son of Mr. and Mrs. Paul Crouse has been assigned to H Company, 506th Air-borne Infantry Regiment, Fort Jackson, S. C., for basic training. He will spend the next eight weeks learning the fundamentals of being a soldier This includes classroom lectures and combat field problems. After eight weeks of training with the 101st Air-borne Division, Pvt. Crouse will be granted about 14 days leave after which he may return to Fort Jackson for eight more weeks of infantry training or he may be assigned to one

of the many Army schools.

On Monday evening, May 9, beginning at 8 P. M. the annual May Day program will be presented by the P.-T.A. In a recent election by the study. dent body Patty Blume was selected as the May Day Queen. Her attend-ants will be: Shirley Sipes, Jean Hickey, Nellie Schue, Barbara Rip-Hickey, Nellie Schue, Barbara Sny-peon, Mary Sue Albaugh, Sandra Sny-der, Bonnie Munshower, Nancy der, Bonnie Burbara and Lorraine Burbara brick, also Maria Steffen and Larue Deuher. Following the crowning of the Queen, the pupils from the elementary grades will give a program of music and dancing. The results of the recent P.-T.A. balloting for officers for next

year will be announced.
We watched the Sun papers spelling bee on T.V. Saturday and marveled at the spelling ability of the contest-ants. We hoped to see a student from Carroll become the winner but when Gloria Lockerman, 12 year old Negro school girl of Baltimore finally won we weren't too disappointed for Gloria truly earned the right to win. I wonder how many parents watching the contest felt as I did, that though our children are smart in many ways they

to those not young enough any more to be interested in any of these, there is something else related to spring that may be more to their taste. And that is a cup of sassafras tea. Remember Grandma use to make every one in the household drink the fragrant brew each spring. It was supposed to cure everything from calf love to fallen arches. Maybe it did, but most people drank it because they liked the flavor. We still make it when we can find the roots to make the tea with. Our Maryland woods have the trees and they can easily be located. For the sassafras tree is the only one please contact Mrs. Priest at Union each plant. Some are snaped like a Bridge 4975. Cards will be sent to mitten, some a three fingered leaf and some are ovalshaped. In digging the roots one must be careful not to cut the main artery of the tree. Some mod-ern sassafras tea drinkers add a dash of rum to the tea, but the old timers drink their tea straight.

If you are the kind of home-maker that likes to spend a great portion of these beautiful spring days out doors working in the garden, or on the lawn and yet feel guilty if you don't serve your family an interesting meal, try those prepared frozen meals once in awhile. You can really fool your husband if you want to. The other evening the head of the house thought that I had baked a fresh apple pie, turned out a turkey dinner and a taskturned out a turkey dinner and a tossed salad in half an hour. All but the salad came from the freezer.

Members of the Mt. Union Church choir went to Washington last Sunday to entertain the guests of the Lutheran Home. It is sard to say who enjoyed the visit the most-the visitors or the members of the Home.

Mrs. Samuel Keyton and Mrs. Frank Martin called on their neighbor at Merry Knoll Sunday.

The sun, the moon and the stars would have disappeared long ago, had they happened to be within reach of predatory human hands.—Havelock

We have used the monkey for a lot of bad jokes but from now on we should treat the little animal with a deep respect for it took many little monkeys to give us the Salk vaccine and it will take many more of them before enough vaccine is made so that any one that wants immunity against polio can have it. India is the country most rhesus monkeys come from although now that a steady supply of these animals will be needed to make the vaccine some farms have already been established in the U.S. to raise monkeys just like sheep or mink.

Its housecleaning time again with painting and papering to be done but don't be like a woman I know who hired a painter to do over the woodwork upstairs. She was a person that wanted an honest effort from any one she was paying so ever so often she went to the foot of the stairs to listen if the painter was working. One listen if the painter was working. One time she heard not a sound and she shouted to the man: "Painter, are you working" "Yes, Ma'am came the reply." I can't hear you. "I'm not putting it on with a hammer".

Men have started to experiment in colors for shirts and suits. One favorite combination is a pink shirt work.

orite combination is a pink shirt worn with a black suit. We know a mother that has already put pink diapers on her new born son. Where did she get the pink diapers? She dipped white ones in Tintex.

According to the calendar this Sunday is Mother's Day. This particular mother is not too keen about a special day set aside for motherhood. We President of International C. E. Unthink instead there should be a "Family Day". A day when Mother, Father and the children enjoyed sometime together without one member having to dash to a movie or a committee meeting. One day at least when all members of the family can eat a meal together. There is no harm becoming sentimental about Mother's Day but too often the real meaning of the day is confused with flowers, candy and emotional verses on cards. Most mothers would rather be treated as an equal part of a family where each member is important, not on one special day, but on each day of the year. -Ruth Roelke.

Merritt Copenhaver and Lamar
Hilterbrick attended the Regional C.
E. Conference at Atlantic City, N. J. over the week-end. They were thrilled with the many Christian activities enjoyed while there. There were 310 registered delegates, 360 attending the banquet on Saturday evening. Mary-land had only 7 delegates registered, 5 attending and (2 absentees). Surely Md. could do better.

A county C. E. Cabinet meeting was held Monday eve at Wakefield Church of God, with the following officers present: Rev. Donald Warrenfeltz, Merritt Copenhaver, Roger Boone, Janet and Phyllis Flickinger, Mrs. Claude Bohn, Mr. and Mrs. Roy B. Kiser. Plans for summer and fall activities were made.
A C. E. Missionary Rally will be

held at Carrollton Church of God, on Sunday eve, May 22, at 8 p. m. Rev. Cronise H. Barr is pastor. A returned Missionary will speak. Special music will be furnished from each C. E. Society. All are welcome. Offering for Vivian Gay Fund our Missionary in Costa Rica.

Christian Endeavor Day at Pine Mar, Sunday, July 17, promises to be a full program, both afternoon and evening. Services at 2:30 p. m. and 7:30 p. m. Plan to attend. (Detailed

the other features.
On Sunday, August 7, the Md. Christian Endeavor Union, with Wilton J. Boswell, Brookeville Montgomery Co. as chairman, will hold a four-county C. E. Rally at Parr's Spring, where Carroll, Howard, Montgomery and Frederick counties meet. Parr's Spring was used by colonial surveyors Spring was used by colonial surveyors as a starting point for the various county boundaries. An inspiring program is being arranged with Mr. R. G. LeTourneau, of Texas, the speak-Mr. LeTourneau is the inventor of the huge monster earth moving machinery which makes possible our highways, airfields, etc. Many times over a millionaire from his inventions he spends his week-ends flying over the U. S. to speak at religious programs such as the Md. C. E. 4-county rally. Therefore he will come at his own expense, so the offering of the day can be used for religious work, such as more "Come to Church" roadside billboards, etc. Gov McKeldin was speaker at the 4-county rally, two years ago, when Rev. Ernest Bryan flew from Honoluu to present a fresh Hawaiian lei to the Governor. Rev. Bryan died last December and Mr. Boswell wishes this program to be a ion, and Secretary for the World's C. E. Union. Those serving on the program committee from Carroll County are Merritt Copenhaver, Roger Boone

## **Financing Religion**

Lesson for May 8, 1955

Some people don't like to hear money mentioned in church. Money and religion, they say, are two different things. Religion is spiritual and money is material and one ought not to be mixed

up with the other. This kind of reasoning is partly right, but only partly. It is quite true that faith, hope and love, which are the heart of religion, cannot be paid for. No church

can sell you a dol-, Dr. Foreman lar's worth of faith. The grace of God is not on sale, at any price. It is also true that financing a church, even when well and handsomely done, won't by itself keep religion from dying. The writer knew a church that had been endowed. They never mentioned money in that church, they never took up an offering. No one gave anything, no one had to. There was enough money in the endowment to pay the minister's salary, keep up the building and grounds, and hire a small choir

Why Giving Is Good for People

But what happened? That church ran down. The preacher preached, the choir sang, the janitor dusted. But nobody came. There were mornings when literally not one soul was there outside parson and choir, and one suspected they would not have been there if it had not been for the pay check. (How would you like to preach or sing to an empty church ) People are quite mistaken when they think it would be better if money were never mentioned in church, if people were never asked to give. A church where that happens just runs down. Giving is good for people,-not just any kind of giving, not throwing your money to the nearest beggars, but the kind of giving the church invites and challenges. You never give to the church, not to a good church;

you give through the church, in Christ's name and for purposes which he surely approves. Giving is good for people because money is life-concentrated, portable lifeenergy. The money you have earned represents work you have done, thoughts you have had, energy you have spent. Now the money is in your hand, or in the bank. The thought, the work, the energy is gone, the time is gone; but the money has come back, it is your life. Now a church that does not challenge us to put our lives into it will in the long run interest no one. Where treasure goes, the heart follows, as Jesus pointed out. Giving is good for people because not - giving makes them sluggish and selfish.

Where Does the Money Go?

Nobody particularly likes to give in the dark. It doesn't do a lot of good to shout at people, Be generous!-For what? is a fair question. So the wise church will see to it that all its people know where the money goes after it disappears up front somewhere on Sunday mornings. Our Scripture reading tells of a successful financial campaign carried on by King Josiah. There were points in his scheme that were then and are now sound principles for giving through the church. One is that the people could see exactly why their money was needed. There had been an unsuccessful attempt to collect money for the same purpose, namely repairing the Temple; but the collectors had been told to go out and get the money in other cities. That method did not work; one reason was that the collectors were in no rush, and the other was that people living at a distance had no idea of the need for repairs on the Temple. When they came up to Jerusalem, they could see very well that the shrine was about to

Giving Is a Form of Worship

Another noteworthy feature of King Josiah's success in moneyraising was that he got the money from the people who came to worship at the Temple. The first attempt was to approach the citizens at large; this failed. The second was to give the worshippers a chance to give; and they gave, literally till the money-chest ran over. The church can make a strong appeal to those who are dedicated to the Kingdom of Love, -God-conscious folk; but to outsiders, still living by the law of Greed and Grab, nothing the church does or tries to do will

seem worth a dime. (Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

(Continued from First Page) State are similar to tables used by the Federal Government, except that the amounts to be withheld for Mary-land will be much less than Federal withholding due to the lower rates of

taxation under the Maryland Income Tax Law and the higher exemptions. In addition to the tax tables an em-In addition to the tax tables an employer using mechanical accounting may find it to his advantage to use a percentage method of withholding. Such a method of withholding is authorized under the new withholding law and the booklet to be distributed by the Income Tax Division describes the percentage method in detail.

the percentage method in detail.

Mr. Tawes stated that the effect of withholding during the year, 1955, is that employees will have approximately one-half of their 1955 income tax obligation met by withholding, while the remaining half will be due and payable at the time of filing the return on or before April 15, 1956.

After withholding has operated a full calendar year approximately all of the tax will be paid by withholding with little or no amount due when the return is filed.

Additional income not covered by

witholding such as dividends and in-terest, will increase the tax obliga-tion and may require the paying of some additional tax at the time of

In some instances the taxpayer will receive a refund, as he does under the Federal law, the Comptroller said, then added that Maryland tax tables have been designed to make the tax withheld approximate the amount due as near as possible.

Mr. Tawes explained that the with-

holding law, which also incorporates the features of a pay-as-you-go plan of income tax collection, requires the filing of declarations of estimated tax by those whose income is not subject to withholding. In such a group will be found business and professional taxpayers or those who receive sub-stantial sums from dividends, interest, rents, ground rents, and annuities. These declarations are due on the same dates as under the Federal Income

The Comptroller made it clear that under the law a single taxpayer having a gross income of \$1500.00 or more during the year of which \$500. is from sources not subject to with-holding would have to file a declara-tion of estimated tax. He further stated that married taxpayers with gross incomes of \$2500.00 or more would have to file declarations when they receive at least \$500.00 from

sources not subject to withholding.

The first declaration of estimated tax for the year 1955 will be due on or before September 15, 1955. On that declaration the tax due for the year 1955 must be estimated and the return must be accompanied by a remit-tance of at least one-fourth of the tax estimated to be due and not covered

by withholding. The last declaration for 1955 will be due on or before January 15, 1956, and an additional payment of one-fourth of the estimated tax made. The taxpayer, may, however, file his final return on or before January 31, 1956 in lieu of the final declaration, in which event the full balance of the tax must be paid. These regulations follow very closely those of the Federal government with respect to the

filing of declaration.

Mr. Tawes discussed the special provisions made for farmers which is also a feature of the Federal law. Farmers need not file declarations but may file their first declaration for 1955 on or before January 15, 1956 at which time the full estimated tax must be paid. However, in lieu of filing the declaration the farmer may file a full and complete return on or before February 15, 1956 and at that time pay the full tax as developed in

the return.
The Comptroller also mentioned that the rate of tax to be paid by corporations was increased by the re-cent session of the Legislature from 4 ercent to 41/2 percent, effective for

Mr. Tawes concluded. "Means that corporations using a fiscal year for reporting must pro-rate the tax in the return that covers a fiscal year beginning in 1954 and ending in 1955".
