TUBERCULOSIS

Meeting of Carroll County Board Held

"Make What You do Know" was the subject chosen by Frank Jones, Executive Director of Maryland Tuberculosis Association, guest speaker at the pre-campaign dinner held by the Carroll County Tuberculosis Association at Hoffman's Inn Thursday evening. Twenty-five board members and guests heard Mr. Jones tell of the need for tuberculosis control programs in Carroll County. The volunteer workers were commended by Mr. Jones for their services to the community and urged to do more talking over the "back fences" about the work of the Association and its goal which is the final eradication of tuberculosis.

Mr. William Matthews, executive Secretary of Maryland Tuberculosis Association, spoke briefly on the growth of the seal sale in Maryland and stated that the goal for this year is a half million dollars. Mr. F. R. Pritchard who has recently come to the state organization from St. Louis, Missouri, was introduced as the new field representative.

Rev. Frederick R. Seibel, president, recognized the following guests and members: Mr. P. G. Coffman, Seal Sale Co-Chairman, Dr. George Schochet, Health Officer, Carroll County Health Department, and Mrs. Schochet, Miss Maude Manahan, Supervisor of Public Health Nurses, Mrs. Beatrice Robinson, Public Health Nurse, and Mr. Samuel Jenness, Superintendent of school. Rev. Joel W. Cook, Seal Sale Co-Chairman, was unable to be present because of illness.

M. Kathryn Diffendal, Executive Secretary, announced that 11,376 letters are ready for mailing on November 14th and will reach the citizens of Carroll County on the 16th. Members of the American Legion Auxiliary and the Civinette Club assisted in the preparation of the letters.

Publicity materials were given to the following board members for distribution in each community: Mrs. Paul Lawyer, Silver Run; Mr. George Otto, Union Bridge; Mrs. Josephine Newman, Hampstead; Mrs. Harry C. Clower, Mt. Airy; Mrs. A. Millard Roelke, Keymar; Mrs. Joanna Hesson, New Windsor; Rev. Harvey G. Schlichter, Manchester; Mr. Francis Gates, Robert Moton School; Mrs. Arthur B. Shipley, Sykesville, and Mr. Ernest Dunbar and Mr. Charles Stonesifer, Taneytown.

WOMEN'S GUILD

The regular meeting of the Women's Guild of Grace E. & R. Church was held Thursday evening with the Thankoffering committee in charge of the program. Mrs. Clyde Hesson, chairman, Miss Margaret Shreeve was the pianist.

The meeting was opened with the hymn, "Now Thank We all Our God" followed by the Call to Worship by the leader. The hymn "O Zion Haste" was sung and a responsive reading of the Scriptures was read by the committee. Mrs. Norman Walker led the group in prayer.

Mrs. William Airing gave a reading entitled, "The Little Blue Box". Mrs. Elvin Study gave a reading, assisted by her daughter, Stella. Mrs. Frank Wargny gave some interesting facts concerning the beginning of "Thank-offering" and of its growth. Mrs. Leonard Reifsnider and Mrs. Murray Baumgardner played two selections on the piano.

A skit entitled "The Flight of the Thankoffering Box" was given by Mrs. Fred Shank and Mrs. Otis Shoemaker. A vocal duet entitled "Near to the Heart of God" was sung by Mrs. Carel Frock and Mrs. Murray Baumgardner. They were accompanied by Mrs. Leonard Reifsnider.

The offering was received and consecrated. All joined in singing the hymn, "I Love to Tell the Story". The meeting ended with an impressive filmstrip "I Too Belong" which was shown by Miss Helen Bankard.

The business meeting was in charge of the president, Mrs. G. Emerson Rue. All were reminded of the used clothing drive for World Service.

Our Thankoffering Service will be on Nov. 13th during the regular morning worship with the National Women's Guild President as the speaker. Mrs. Guy Benchoff. Everyone is asked to bring in their Thankoffering boxes. The meeting closed with a brief social period to meet in December with the Christmas committee in charge, Mrs. Leonard Reifsnider, chairman.

UNION BRIDGE GIRLS 4-H CLUB

On Tuesday evening, Oct. 25th, at 8 p. m., the Union Bridge 4-H Girls Club held a Hallowe'en party at the home of Miss Lois and Miss Beverly Priest. All the girls were requested to be dressed in Hallowe'en costumes. Some of the different kinds of dress were: Cow girl, Hawaiian, Egyptian Princess, Colonial, Miss. and Biblical Girl. Everyone joined in playing games and bobbing for apples. Refreshments of Hallowe'en candy, sandwiches, cake and punch were served. Club Reporter Betty Young.

PLUMBING CODE FOR TANEYTOWN

Regulations Apply to New Sanitary Sewer

PLANS

Section 7. Before any portion of the drainage system of any building, premises or establishment shall be laid or constructed, there shall be filed by the owner, or his authorized agent, with the Clerk of the Mayor and City Council of Taneytown, plans and specifications in triplicate therefor, showing the said system in its entirety from its connection with such public or private sewers as may be available, or to such temporary system of sewage disposal as may be installed with the approval of the Mayor and City Council of Taneytown.

When in the opinion of the Mayor and City Council the interests of the Town of Taneytown are best served by so doing he may consider the description of the work as stated by the owner or his authorized agent in his application for permit therefor, as sufficient plans and specifications of such work. In general no other or further plans or specifications will be required for repair jobs, the installation of single fixtures or new installation in small residential projects.

The Mayor and City Council shall promptly examine such plans and specifications and either approve or reject the same. If approved, one copy of such plans and specifications shall be retained in the files of the Mayor and City Council and the remaining approved copies shall be returned to the owner or his authorized representative, upon demand. The approval of plans and specifications shall be made in writing by the Mayor and City Council before any portion of the work shall be executed. No subsequent alterations shall be made in plans and specifications without the written approval of the Mayor and City Council, and all work shall be done in strict accordance with such plans and specifications, so approved as aforesaid.

One certified set of said plumbing plans and specifications shall be in the custody of the registered plumber installing the work and shall be kept on the site of the work at all times. (Continued on Second Page)

PRESBYTERIAN MISSIONARY SOCIETIES MEET

The annual Fall meeting of the Emmitsburg, Piney Creek and Taneytown Missionary Societies was held in the Taneytown Presbyterian church, Wednesday evening, Nov. 9.

The leader was the president of the Taneytown Society, Miss Amelia H. Annan. The meeting was opened with a meditation by the leader followed by prayer by the pastor, the Rev. Gideon E. Galambos. Miss Catherine Hess of the Piney Creek Society read the scripture from Matt. 13th chapter, The Parable of the Saviour.

The Missionaries of the day were presented by Miss Elizabeth Annan, followed by prayer by Mrs. Lewis Bess, of Emmitsburg.

The guest speaker of the evening was Miss Dorothy Taylor teacher in the Hokkaido, Japan. She showed interesting slides of life in Japan and the work there. Miss Taylor was accompanied by Mrs. Calvin Waski, Secretary of Foreign Missions of the Baltimore Presbyterian Society.

The program was concluded in the Manse. Refreshments were served by Mrs. Ray Crumbacker and her able committee.

MEETING OF MISSION CIRCLE

Trinity Mission Circle held its regular monthly meeting Wednesday night with Mrs. Treva Zimmerman and Miss Hazel Hess the leaders. The program opened with a piano duet by Barbara and Rebecca Nail followed by all singing the hymn, "O God, Beneath Thy Guiding Hand". Scripture was read and prayer offered by Miss Hess. Mrs. Charles Dornburg, sang a solo accompanied by Mrs. Dean Reinhold. The topic for the evening was "The Place of the Women's Missionary Society in the Congregation". Mrs. Mary Jane Smith discussed "The Women's Society—Problem or Opportunity" with Mrs. Dean Reinhold.

During the business portion of the meeting Mrs. Hilda Hopkins reported on the Fall Convention she recently attended in Washington and Mrs. Elizabeth Etzler reported on the Fall Rally she attended at Dobs, near Frederick.

Public Thankoffering services will be held on November 20, at 7:30 p. m., with Mrs. Jennings as the speaker. It is asked that our thankofferings be brought to this service.

REVIVAL MEETINGS

A series of revival meetings will be held at the Piney Creek Church of the Brethren, near Taneytown from November 13 to 20, each evening beginning at 7:30 (Sunday evening at 7 o'clock). The Evangelist is Rev. R. H. Jones, pastor of the Hatfield, Pa. Church of the Brethren. There will be inspiring sermons and special music. Rev. M. A. Jacobs is the pastor.

WORKERS' REQUEST 17% Increase in Present Wage Scale

The Cambridge Rubber Company has replied to the United Rubber Worker's request for a 17% increase in the present wage scale effective Dec. 1, 1955, according to Muriel Holbrook, Local Union Secretary.

While not outrightly rejecting the Union's request the Company did refer to the terms of the current agreement which expires February 8, 1956.

Article XII of that Agreement specifies that any notice to amend it shall be given no less than 60 days or more than 75 days prior to the termination date.

The Union, Mrs. Holbrook stated, will file the appropriate notice on or about Dec. 1. The Local Union Membership will meet Thursday evening, Nov. 10, to approve their proposals to the new contract.

HIGH SCHOOL HIGHLIGHTS

Boys' intramural basketball began last week under the direction of Mr. Bernard Decker, physical education teacher. The games are held at 8:15 a. m. alternating two one week and three the next. Four teams have been organized from the 24 boys who turned-out. The purpose of these games is to provide an opportunity for team participation to those who will not be varsity or J.V. players. The contests will last until early spring.

New Field Seeded

The agriculture class, as a project for school improvement, has seeded the new playing field with domestic rye grass, bluegrass and part rye grain. Henry Lippincott furnished the necessary farm machinery and helped to sow the grain.

The seventh grade spent Tuesday, November 1, touring various parts of Carroll County which they are studying in their general education classes, taught by Mrs. Catherine Seibel and Mr. L. Livingston.

The main point of interest was the World Service Center in New Windsor. Here the group took a guided tour which Mr. Livingston reports was most informative. Other stops were the State Hospital at Sykesville and the Liberty Dam in the southeastern part of the county. Due to a lack of time places of interest in Westminster could only be pointed out to the pupils.

Shirley Jordan and Doris Stonesifer were elected captain and co-captain, respectively, of the varsity cheerleading squad at a meeting held on Nov. 2. Vera Gartrell was elected captain of the junior varsity and Carol Myers co-captain.

Girls Win Championship

The county championship game in speedball was played at Taneytown on Nov. 3 between Taneytown and Mt. Airy with Taneytown winning by a score of 9-0. The girls on the winning team are Doris Moffitt, Deanna Salley, Marguerite Poole, Jane Perry, Jeanne Haines, Evelyn Bollinger, Helen Humbert, Rosalie Sharrer, Suzanne Lawyer, Roberta Garvin, Joan Davidson, Janet Overholzer, and Sandra Koons. Mrs. Susan Thomas coached the winners and Jeanne Wilson served as captain.

In connection with studying a unit on Health and Safety, Mrs. Yingling's classes, 9A and 9B, visited the Taneytown treatment plant, Friday, Nov. 4. The head engineer of the Wilson Construction Company of Baltimore explained the different processes through which sewage passes to become purified.

F. H. A. Elects

Jean Luckenbaugh was elected president of the F.H.A. at a recent meeting. Other officers are as follows: Vice-president, Rita Carr; Secretary, Patricia Flickinger; reporter, Barbara Rinehart; Historian, Bernadette Meunier. The members of the F.H.A. served as hostesses to the parents on Visitors' Day, Tuesday, November 8th.

Mrs. William Hering and members of the Taneytown Chapter of the Future Homemakers of America will attend a regional meeting at Thurmont High School on Saturday, November 12th. Jean Luckenbaugh will be Taneytown's candidates for state president. The morning program will be devoted to business and a fashion review called "High Fashions for Teenagers" will be the feature of the afternoon. Taneytown and Thurmont girls will be models for the review.

Key Club News

Miss Constance Arvin was recently selected "Key Club Sweetheart" for the home club during the year 1955-'56. Connie will enter the "Division Sweetheart" contest at a later date. The club attended the Taneytown Presbyterian Church on Nov. 6. Edward Koons and Peter Westine attended Kiwanis on Nov. 9.

Juniors and seniors interested in teaching as a career will attend a Future Teachers of America Club initiation followed by tea on Thursday, Nov. 10, at Westminster High School. Mrs. Urith Shipley, guidance counselor, will accompany the group.

"To most observers, however, the level course of business appears to be a breathing spell in which the economy is shaking down, improving efficiency, making price and inventory adjustments, and gathering strength for another rise."—National City Bank of New York.

MASONS CELEBRATE 50th ANNIVERSARY

Charter Night was Observed by Fraternal Organization

Monocacy Lodge #203, A.F. & A.M. of Taneytown, Md., entertained with a banquet for their ladies and guest at Taney Inn, Monday evening, November 7, 1955. Approximately 100 were in attendance. Twelve different lodges were represented with several tables of the Grand Lodge being present and added much to the entertainment and pleasure of the group. Worshipful Master Tom Albaugh of the local lodge acted as toastmaster and presented the ladies with a gift suitable for the occasion, each Mason present received a miniature lambskin apron as his memento of the anniversary of the local Lodge's fiftieth birthday.

Among the distinguished guest present were the R. W. Grand Master of the Grand Lodge of Maryland, Brother Author W. Dowell, of Prince Frederick, Md.; R. W. Deputy Grand Master Brother Charles Cover, District Lecturer, Bro. George D. Resh, District Inspector Wilbur Cole, District Inspector, George Harris, Brother Charles Witherow and his wife journeyed from North Carolina to attend; other brethren came from York, Hanover and Wrightsville, Pa.; Manchester, Westminster, Baltimore.

Mr. Delmar Riffe entertained with organ music during the dinner which was much enjoyed by all present.

CELEBRATES 80th BIRTHDAY

Miss Ruth Snider celebrated her 80th birthday on the 4th of November. In fact she began receiving gifts a week in advance. On the 4th her sister, Mrs. Hannah Eckenrode had her and brother Samuel as dinner guests. She received 107 cards, 2 decorated birthday cakes, one from Baltimore and one from Pennsylvania. The latter was beautifully decorated with "Life begins at 80" then through the week she received 3 angel food cakes from friends and neighbors, flowers, hose, handkerchiefs, wearing apparel and a nice sum of soft money.

On Sunday she attended Sunday school and the Supt. Elmer Shildt, asked the school to stand and sing "Happy Birthday" for her. So all in all a happy day for her, who has lived in the village for at least 63 years. She always held her old friends as "precious memory" and about half of her cards came from Taneytown and R. D., among them school teachers who taught school here more than 50 years ago, and then the pupils and customs who came to the M. R. Snider store where she clerked for 20 years. Well they have stood by her all through the years and will say thanks again, and may God bless you and reward you for your kindness to me through the 80 years, etc. Will just say, come to see me any old time.

KIWANIS NEWS

Mr. Ernest Dunbar was the speaker at the meeting of the Taneytown Kiwanis Club, at Taney Inn, Wednesday evening. He spoke on the valuable work being done by the Tuberculosis Association. He concluded his talk with a showing of the fine film "You Can Help" that gave an historic sketch of the fight against Tuberculosis. Mr. Dunbar who was presented to the club, by John Skiles, is a member of the Board of Directors of the Carroll County Branch. He urged the purchase of the Christmas Seals that will be on sale beginning November 14th.

Guests present were Charles Graham president-elect of the Gettysburg Club, Peter Westine and Eddie Koontz of the H. S. Key Club and Frank Dunham of the local Potomac Edison Company.

Next Wednesday evening will be "Farmers' Night" and each member is urged to bring a farmer-friend to the meeting to enjoy a good program that is being planned by Lt. Governor Norman Graham.

WOMEN'S MISSIONARY SOCIETY MEET

The Women's Missionary Society of Trinity Lutheran church met Wednesday evening with Mrs. Luther Luckenbaugh and Mrs. Crawford Banks as leaders. Vocal duet by Miss Jean Luckenbaugh and Miss Vesta Nail, accompanist, Mrs. Wallace Yingling. The topic was "The Place of the Women's Missionary Society in the church. This was presented by Mrs. John Teeter and Mrs. Lillian Ibach. Two piano solos, "Wigwags" and "Swans Over the Lake" by Karen Skiles.

Mrs. C. C. Hess gave a report of the recent Synodical Missionary Convention at Washington, D. C.

The leaders for the December meeting are Mrs. Elwood Baumgardner and Miss Marian Hahn.

Mrs. Percy Putman is chairman of the kitchen committee and Mrs. Norman Sauble chairman of the table committee.

ELEMENTARY P-T.A. TO MEET

The monthly P-T.A. meeting will convene on November 15, at 8:00 p. m., in the Taneytown Elementary school auditorium. An interesting program is being arranged, and all parents and interested patrons are urged to attend. A good audience is most gratifying and a real encouragement to the school staff.

The teachers of the various grades will be in their respective home rooms at 7:30 to discuss any problems and to confer with the parents.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Thanksgiving is in the air in every direction. The remaining leaves are falling fast and soon my neighbor's house will be visible again. The snow fence across from the parsonage has been erected and winter is just ahead.

This is the time of the year when everyone should purchase a T. V. set. Regardless of the make all are excellent just like automobiles. The only difference is there may be little extra added gadgets added on the exterior to make the appearance more glamorous.

Hope you did not miss the interesting shows lately. Katherine Grayson made her debut on T. V. and it convinces me that she not alone is a dancer but an actress, too. Then, the Ted Mack Amateur Show has started again and that one, I always did like even when only on radio. Margaret Truman was on the Martha Raye show and the applause was tremendous.

What a grand letter arrived from Joan Crawford—even nicer and more intimate that letter number 1! She stated that the two new movies coming out titled, "Queen Bee" and "The Way We Are" are quite exciting stories and both are her favorites. She is now touring for "Queen Bee".

How wonderful the decision of Princess Margaret and as it should be! It still would be more wonderful if and when she visits these United States as I wrote her sister, The Queen. That way she would see how big and grand the world really is! Eh? (And I think you know just what I mean!)

These nights of indoors, it is nice to go through my "Wishing Book" and all the farmers, too. (Montgomery Ward's!) Plus Sears!

Thinking of business places, folks, one day a week or two ago there were big ads like this in all the papers, "There is only one Downtown! Guess why? Because the neighborhood stores are gradually taking the business away from those stores. So keep advertising, Mr. Store Owner and keep the folks right around the town! If a customer comes in and asks for a certain item and you do not have it in stock, immediately get it for her or him and keep building your stock. Don't be afraid that you will be too loaded with merchandise. Remember what F. D. R. always said about fear!

There is a new doll out now called "Tall Debbie and Billy Dolls". They truly are the cutest ever. Price \$7.99. They are life like, flexible that can pose in any position like real people as you desire them and that will delight the heart of any little girl. I was most intrigued as I twisted their arms, body, head and legs!

Betcha, our President will not run again and will settle down in that nice farm house which has been made so glamorous yet homey so near the town—twelve miles away from Taneytown.

The movie, "Gentlemen Marry Brunettes" was rather disappointing although the coloring and gowns would please any lady! And as for "Its Always Fair Weather" is a nice musical with such prominent stars as my favorite, Cyd Charisse and Michael Kelly. Dan Dailey and plus Gene Kelly. I think Gene Kelly is just as fine a dancer as any top star, even Fred Astaire. Cyd Charisse was excellent in her big dance in the picture with all the he-men! It is a lively show from start to finish and one which the entire family will enjoy.

And whatever you do, don't miss the grand article in the Saturday Evening Post by Arthur Godfrey. If you did not like him before, you will after reading the beginning of the seven articles and if you do like him, you will like him so much more as he reveals his life to you from the time he was a youngster. His latest firing of the cook was wise in anyway you take it as he did not think that cook was the proper person to have in his household due to her expression in reference to the household in which she was employed previously (just because she did not please that lady!)

If you have a dog, folks, be sure you change the drinking water two or three times daily. That is so necessary if he has a special dish but it is even nicer to give him a drink each time he comes to the sink and asks for it.

So long, folks, until next week D. V. Have a grand week end and be most careful when you drive. Have you noticed it is more and more teenagers or up to 25 years of age who are being killed as they drive the cars by speeding and taking such dangerous chances?

Go to church if you do not like the minister you can derive much from the sermon which will be most beneficial. I am,

Faithfully,
YOUR OBSERVER

LIONS CLUB NEWS

The Taneytown Lions Club met jointly with the Hampstead Lions Club on Tuesday evening. Thirty members of the local club were guests of the Hampstead Club.

The speaker of the evening was Rev. Richard Shanbrook, who is a member of the Lineboro-Manchester Club. His address was centered around the topic "Set Your Sights".

The next meeting of the Lions Club will be Nov. 22 at Taney Inn.

FIRST STEP

Taxes should be reduced, but the first step is a balanced national budget, and every effort must be bent to balance the budget. That eminently logical statement comes from Congressman Reese of Kansas. Then he says: "Government employment can and should be reduced at least 10 per cent without any impairment of essential government services. In fact, greater efficiency should result."

Here is a goal that Congress and the Executive branch should go all out to reach—and, in doing that, they will earn the heartfelt thanks of the hardpressed American taxpayer.

YES, ADVERTISING PAYS

A retail grocers' association reports that of every 100 customers put on the books of any store in any 1 year, only 19 remain after 10 years. Citing this, the Sandersonville, Ga., Progress says: "Merchants who believe 'everyone knows where my store is' might ponder these figures and seek more new customers through planned newspaper advertising in the home town newspaper."

Competition is mighty keen in retailing these days, and the successful merchant must vigorously go after business. The home town newspaper is still the best place to advertise any store's wares and attractions.

HELPING "THE LITTLE FELLOW"

There is much talk to the effect that if federal income taxes are reduced next year the emphasis should be on helping "the little fellow"—rather than people of larger means or business enterprises.

Henry Hazlitt, in one of his Newsweek columns, made an apt comment on that idea. He pointed out that it takes an investment of about \$12,500 to create a job in America industry, and said, "This tremendous investment . . . is the main if not the sole reason why the American worker's productivity is greater than that of any other worker in the world, and why his wages are correspondingly greater." He then summed up in these words: "By all odds the best way to 'help the little fellow' is to encourage the profits, savings, and investments that make his job and his income possible."—Industrial News Review.

GRASS ROOTS OPINION

DILLON, S. C., HERALD: "A dollar is worth only as much as it will buy. As the price of commodities goes up the value of the dollar goes down. As wages increase, there is a corresponding increase in commodity prices. Likewise, as wages decrease and buying power diminishes there is a corresponding decrease in prices. This is due to the proper functioning of natural economic laws. Man-made laws never have and never will be able to change these laws. And so how will it profit labor if wages are increased say 15 per cent and the cost of living rises 15 per cent? Economists who try to argue otherwise are merely throwing up a smoke screen to conceal the real facts."

TORRINGTON, WYO., TELEGRAM: "The newspaper boy gets an education from his 'doing'. He learns to know people, he learns the ingredients of the process of preparing and distributing a product of vital importance to all Americans . . . That's why it happens so often that the ex-newspaper boy comes out a little bit ahead—by any standard of values. He has learned by doing."

BISHOP, CALIF., INYO REGISTER: "How are your horses today? Those 65 horses that do so much work around the house for you. The

horses referred to are those used to designate the amount of mechanical energy — horsepower — used by the average American homemaker in her toaster, vacuum cleaner, electric washing machine, refrigerator and all those other wonderful adjuncts to the better life contributed by American inventive genius."

GIBBON, NEB., REPORTER: "A government bureau is where the taxpayer's shirt is kept."

SANDERSVILLE, GA., PROGRESS: "Some merchants think they have to do something offensive before they will lose a customer. 'Taint so according to the National Retail Grocers Association. Of every 100 customers put on the books of any store in any one year . . . only 19 of the original customers remained after 10 years. . . . Merchants who believe 'everyone knows where my store is' might ponder these figures and seek more new customers through planned newspaper advertising in the home town newspaper."

GREAT FALLS, MONT., LEADER: "Those who invented the absurd assertion . . . a few years ago that 'the national debt doesn't matter because we owe it to ourselves' should ponder these figures, says the Los Angeles Times. They mean that every man, woman and child in the United States paid out \$42.18 just for the carrying charge on the debt, which does not reduce the debt itself. And interest rates are rising so that per capita interest charges in the future will be more."

PLUMBING CODE FOR TANEYTOWN

(Continued from first page)

It shall be unlawful to do any work of plumbing or drainage on any building, except in accordance with the approved drawings and specifications therefor as above required.

INSPECTIONS

Section 8. Every plumbing and drainage system shall, immediately after its completion, and before any of the pipes, fixtures, connections or any of the other features of its construction have been enclosed with other materials of construction or covered from view, be inspected by the Mayor and City Council, and a report of every such inspection shall be made and filed in the office of the Mayor and City Council.

The plumbing and drainage system of any building in the Town of Taneytown may be inspected by the Mayor and City Council or a duly authorized representative of the Mayor and City Council at any time. If any defects are found in the sanitary conditions of the said building due to the condition of the plumbing, the said Mayor and City Council shall have the power to order the reconstruction of such plumbing in accordance with the provisions of this ordinance and the rules and regulations of the Mayor and City Council of Taneytown.

TESTS

Section 9. During the construction of every soil, waste, vent or water supply opening of any character, as a test for the same, it shall be closed by means of a test plug, screw cap or other appropriate fitting, and no paper, wood, brick, plaster or other substitute shall be allowed for such plug. The system shall then be filled with water for a test and the Mayor and City Council's approval shall be obtained. Plugs shall not be removed from the pipe opening except during the time the opening in the pipe is being actually worked upon, and upon completion of the work all joints shall be permanently sealed.

If the test fails or if defects or imperfections of any kind shall be found at any such inspection, the Mayor and City Council shall determine and direct what changes or repairs are to be made, and the master plumber in charge of the work shall provide the materials and do the work required, and in case such changes are not made within fifteen (15) days from date of written notice of such inspection, the master plumber shall be liable to the penalties stipulated for disregard of such notice, etc., and the Mayor and City Council shall be empowered to replace or repair such defective work as regulated under Section 10 of this ordinance.

Whenever such test or tests as herein referred to shall have been completed in conformity with the provisions of this ordinance and the rules and regulations of the Mayor and City Council of Taneytown, it shall be the duty of the Mayor and City Council to issue to the master plumber completing such work, a certificate to the effect that such work has been inspected and approved, such certificate being signed by the Mayor and City Council.

BOND

Section 10. Before any master plumber shall be allowed to receive permits to do plumbing or drainage work in the Town of Taneytown, he shall be required to give bond to the Mayor and City Council of Taneytown in an amount within the discretion of the Mayor and City Council of Taneytown, but in no event to be less than One Thousand Dollars (\$1,000.00) conditioned that he shall comply, in all respects, with each and every rule and regulation of the Mayor and City Council of Taneytown in regard to said plumbing and drainage work, and his obligations thereunder, including all laws and ordinances of the Town of Taneytown and the State of Maryland, and that he shall indemnify and save harmless the Mayor and City Council of Taneytown against and from all costs, expenses, damages, injury and/or loss to which the said Mayor and City Council of Taneytown may be subjected by reason of any wrong-doing, misconduct, want of care or skill, negligence or default on the part of said Master Plumber, his agents or employees, in or about the execution or performance of such plumbing or drainage work, and shall

save and keep harmless said the Mayor and City Council of Taneytown from all claims against and/or losses to it from any cause whatever in connection with his execution or performance of such plumbing or drainage work. Whenever the sureties on the bond so furnished shall be deemed by the Mayor and City Council of Taneytown to be insufficient or unsatisfactory, the plumber, after ten (10) days written notice to that effect, shall furnish and deliver a new bond to the Mayor and City Council of Taneytown, in the same penalty and on the same conditions, with sureties satisfactory to the Mayor and City Council of Taneytown. If the Master Plumber shall fail to furnish such new bond within ten (10) days after written notice has been mailed to his address as registered with the Mayor and City Council, the Mayor and City Council may revoke all permits previously issued to such plumber, and no further permits shall be issued to him until a satisfactory bond has been furnished.

Should the master plumber fail to refuse or remove and renew any materials or work which shall have been found not to be in accordance with the provisions of this Ordinance and the rules and regulations or requirements of the Mayor and City Council of Taneytown, or to make any necessary repairs in and acceptable manner and in accordance with the requirements of this Ordinance and the rules and regulations of the Mayor and City Council of Taneytown, within the time indicated for such removal and renewal in the notice from the Mayor and City Council that such work or material or both, are in violation of this Ordinance or the rules and regulations or requirements of the Mayor and City Council of Taneytown, then the Mayor and Council of Taneytown shall have authority to cause such defective materials or work to be removed and renewed or such repairs to be made as it may deem necessary or in keeping with this ordinance and the rules and regulations of the Mayor and City Council of Taneytown at the expense of the plumber. All costs and expenses incurred thereby shall be chargeable and collectible from the surety on the bond furnished by the plumber, as hereinbefore prescribed. Any work performed by the Mayor and City Council of Taneytown as set forth in the provisions of this section, shall not relieve the plumber in any way from responsibility for any work performed by him; and any remedies or penalties herein mentioned are specifically intended to be and are in addition to and other remedies or penalties provided by the laws of Maryland and ordinances of the Town of Taneytown.

The liability of the surety or sureties on any bond given under this section, shall not extend to defects in materials and workmanship discovered more than twelve (12) months after the completion of the work.

PROHIBITED CONNECTIONS

Section 11. No steam exhaust, boiler blow-off, drip pipe or non-potable drainage of any character shall be connected with or discharge into the System of Sanitary Sewers. Steam exhaust, boiler blow-off or drip pipes shall first discharge into a condensing tank of adequate size, vented through a wrought iron pipe not less than three (3) inches in diameter carried through the roof as other vents and connected to the city storm water drains or other outlets approved by the Mayor and City Council of Taneytown.

No steam or water shall be discharged into any sewer or drain, at a temperature exceeding one hundred and forty (140) degrees Fahrenheit. The waste from low pressure steam, hot water heating systems, and fire sprinkling systems may be connected with the Sanitary Systems or other outlet if no storm drains are available, such connections to be made only with permission and approval of the Mayor and City Council of Taneytown. No physical connection shall be permitted between a portable water supply and an industrial fire, or other auxiliary or emergency supply. This prohibition applies to all piping systems, either inside or outside of any building or buildings. There shall not be permitted any direct connection between a well or pure water reservoir or a portable supply and any sanitary sewer or storm water drain, for the purpose of carrying away the overflow of said well or reservoir.

No gasoline, kerosene or other inflammable oil of any nature whatever shall be discharged into any sanitary sewer or storm water drain. If such are present in waste water, arrangements must be made, satisfactory to the Mayor and City Council, for their separation from such waste water before such waste water shall be discharged into any sewer or drain. No solid material, nor liquids carrying solid material in suspension, nor liquids of such nature that they may cause the precipitation of such material shall be discharged into any sewer or drain. No germicide or antiseptic liquid of such strength or in sufficient quantities to interfere with bacterial action in the disposal plant shall be discharged into any sewer or drain. No liquid which will cause corrosion of the sewers and drains shall be discharged thereinto. No obstruction of any kind shall be deposited in any storm drain, inlet or sanitary sewer. Any person violating any of the provisions of this section shall be guilty of a misdemeanor, and, upon conviction thereof, shall, for each offense, be subject to a fine of not less than fifty dollars (\$50.00) nor more than five hundred dollars (\$500.00) or to imprisonment of not more than twelve (12) months in the Carroll County Jail and shall also be liable for all damage caused by such violation.

All such wastes as above enumerated, shall be first treated by methods approved by the Mayor and City Council of Taneytown as bringing them to satisfactory condition for discharge into the sewerage or drainage system. No connections for such waste shall be made to the sewerage and drainage system except as approved and directed by the Mayor and City Council of Taneytown.

CHOKAGES

Section 12. In the clearing of soil or waste pipes, all holes cut in such

pipes shall be tapped, threaded and closed with a metal plug made gas and water tight or repaired with a special repair plate of approved design.

When a registered master plumber is unable to relieve a chokeage nuisance in any plumbing or drainage system on account of such choking nuisance being located in some street, alley, lane or thoroughfare outside of the property, he shall immediately notify the Mayor and City Council of his inability so to do. The Mayor and City Council shall, thereupon, through their agent or agents make relief of such chokeage nuisance, and the proper costs thereof shall be billed to the property benefited.

INFORMATION

Section 13. Any available information in regard to size, location and/or depth of public and private sewers and drains shall be furnished to licensed master plumbers upon application in person or in writing. All reasonable care shall be taken to insure the correctness of such information, but the municipality shall make no guarantee of the correctness of information so given.

NUISANCES

Section 14. If a drainage or plumbing system become inadequate and a nuisance is created, the Mayor and City Council shall order such fixtures as are connected to the same to be removed and the pipes capped until such inadequate sewer or drainage system is remedied. If, after the failure to comply with such orders and after five (5) days' written notice has been given, the work has not been begun, the Mayor and City Council shall have the right to enter such premises and remove such fixtures, and the expenses incurred incident to such order and removal of such nuisance shall become a lien against said property, collectible as other public liens are collectible.

When any property, land or premises or group of any of the foregoing, which individually or collectively has more than one connection to the sanitary sewer system, is altered, repaired or razed in such a manner as to make more than one connection to the sanitary sewer system unnecessary, then upon notice from the Mayor and City Council of Taneytown, the owner thereof shall remove the cast iron pipe, or cut off the terra cotta pipe where no cast iron pipe is employed, from the unused connections and properly plug such connections. Refusal or failure to comply with such notice is punishable by a fine of twenty-five dollars (\$25.00), and the Mayor and City Council of Taneytown is empowered, in case of such refusal or failure, to do the above mentioned work and collect the cost thereof from the owners of the property in question.

It shall be the duty of any master plumber, in connection with his work in or about any building, land or premises as hereinbefore mentioned, to see that all abandoned or unused connections are properly plugged in keeping with the above provision.

FIXTURES BELOW GRADE

Section 15. Permits may be issued by the Mayor and City Council of Taneytown at its discretion and when proper application is made, for the installation of plumbing fixtures, or floor drains in the cellars or basements of buildings, the floor level of which is below the grade of the street, lane, alley or other thoroughfare on which the property abuts; provided that all such permits shall be subject to the condition that the Mayor and City Council of Taneytown, in consideration of the issuance of such permits, shall not be responsible for any damages whatsoever resulting from flooding of property due to such installations below grade, but shall be saved harmless therefrom, and that a bond, so conditioned, shall be given by the person or persons obtaining such permit to the Mayor and City Council of Taneytown; provided, further, that if a bond shall be given in accordance with the requirements of Section 10 of this Ordinance, such condition may be included in said bond, in lieu of the requirement of an additional bond.

PENALTIES

Section 16. Any person or persons who, individually or collectively or through others shall construct, erect, alter or repair any plumbing or drainage work in violation of any provision of this Ordinance or of the rules and regulations of the Mayor and City Council of Taneytown, shall be subject to a fine of not more than twenty-five dollars (\$25.00), and to a further fine of two dollars (\$2.00) for each day that such work shall continue in that condition after the receipt by such person or persons of a notice thereof from the Mayor and City Council of Taneytown, such fines to be collected as other fines for the violation of city ordinances are collected.

REPEAL

Section 17. And be it further ordained, That all ordinances or parts of ordinances inconsistent with this ordinance be and the same are hereby repealed to the extent of such inconsistency.

EFFECTIVE DATE

Section 18. And be it further ordained, That this Ordinance shall take effect from the date of its passage.

Passed by The Mayor and City Council of Taneytown this 3rd day of October 1955.

HERE'S PROOF ADVERTISING DOES WHAT YOU WANT

When romantic 54-year-old Newcomb Chapel in New Orleans was about to be demolished, a classified ad was placed in the New Orleans newspaper to locate women who had been wed there, so they might visit it once more. Thirty-five former brides responded to the ad.

A Bridgewater, Conn., woman got results beyond her fondest dreams when she placed a classified ad seeking a used wedding dress for her cousin in Poland. The owner of a bridal shop in Bridgeport saw the ad and gave her a new satin gown trimmed with seed pearls.

Famed and beloved story-teller Hans Christian Anderson, born April 2, 1805, first saw Copenhagen as a stage-struck youth of 14. Failing to gain a theatrical role, the penniless lad took a job as cabinet-maker apprentice which he saw in the Want Ads.

A Texan put a newly purchased automobile in a private lot in Providence R. I., while on business, then couldn't remember the location of the lot. A classified ad in the Providence newspaper quickly re-united him with his misplaced automobile.

To promote an African jungle movie the manager of the State Theatre, in Minneapolis wanted a man to live like a child of nature in the woods three days. A classified ad gave him a choice of several "Nature Boys".

Unable to contribute to a Red Cross drive for blood because of anemia, a Lincoln, Nebraska, woman placed a classified ad in the Lincoln Star and Journal offering \$5 for substitutes. More than a dozen donors responded.

To secure photographs needed to complete the autobiography of tamed jazz trumpeter, Louis "Satchmo" Armstrong, Prentice-Hall, New York publishers, placed classified ads in the New Orleans Times-Picayune and States and soon received many old photographs.

Its facilities taxed by a heavy influx of polio cases in the summer of 1952, a children's hospital placed classified ads in the Minneapolis Star and Tribunes seeking extra cribs and received donations of 53.

WITH OUR ARMED FORCES

Taking part in a major amphibious exercise on the southeast coast of the U. S. with the 2nd Marine Division, Camp Lejeune, N. C., is Marine SSgt. Charles E. Otto, son of Mrs. Lamora B. Otto of Union Bridge, Md., and husband of the former Miss Mildred L. Spell of Norfolk, Va.

The exercise, involving 80 ships, 347 aircraft and 42,000 Navy and Marine Corps personnel, began Oct. 19 and will be climaxed by an amphibious assault on Onslow Beach, N. C., November 3.

Supported by ships of the Atlantic Fleet, the Marines will land by helicopters, surface craft, sea planes, land planes and submarines. They will be opposed by a simulated enemy force of Marine "aggressor" troops. The maneuver will provide realistic training in all phases of amphibious warfare, including the simulated use of offensive and defensive atomic weapons.

Army Pvt. Jay E. Gernand, whose wife, Patricia, lives at 303 E. Third St., Frederick, Md., recently participated in river crossing exercises held by the 10th Infantry Division's 86th Regiment in Germany.

The exercise included a tactical bivouac, pre-dawn river crossing and assault of simulated enemy forces. Pvt. Gernand, a radio operator in the regiment's Company M, entered the Army in December 1954 and was last stationed at Fort Riley, Kan., where he completed basic training.

He was graduated in 1954 from Springfield (Mass.) College. Gernand is the son of Mr. and Mrs. Harry L. Gernand, 223 E. Broadway, Union Bridge.

Power? You bet!

The fabulous Thunderbird Y-8

Ford goes like the Thunderbird! With this exciting new "Go"-power you can smile at hills, have new confidence in passing. The Thunderbird Y-8 engine can be yours at *no extra cost*, for it is the standard eight in all Ford Fairlane and Station Wagon models.

Beauty? Of course!

Inspired by the Thunderbird

The new '56 Ford and the fabulous Ford Thunderbird are really look-alikes! You can see the resemblance in every long, low line . . . every graceful contour. And you can expect to be envied no matter where you may drive in your new '56 Ford.

Safety? Only FORD gives you LIFEGUARD DESIGN

Even more important than Ford's Thunderbird looks and go is Ford's new Lifeguard Design. It gives you extra protection in accidents. To cushion you from the steering post, Ford has a deep-center Lifeguard steering wheel. To reduce possibility of doors springing open under impact, Ford has Life-

guard double-grip door latches. To help lessen injuries from impact, Ford offers optional seat belts and Lifeguard cushioning for control panel and sun visors. A new double-swivel Lifeguard rear view mirror "gives" under impact. Come in! See how safe, how beautiful, how powerful a car in Ford's field can be.

John W. Morgan

Robert L. Smith, Frederick District Manager for the Potomac Edison Company, has announced that, following his retirement at the end of this year, he will be succeeded by John W. Morgan, also of Frederick.

Morgan, at the present time is PE's Frederick District Operating Manager. He has been with the utility since 1920, holding posts which have given him wide experience in all phases of the Company's operations and well qualifies him to take over as District Manager. Until Mr. Smith's retirement, Morgan will be working in close cooperation with the District Manager's office, learning the detailed operations of his new position.

PE's new district manager started with the company as a lineman. In 1929 he was promoted to Line Superintendent and took his present post of Operating Manager in 1941.

Morgan is well-known for his many civic and community activities. A Lions Club District Governor, Morgan has also served in the Executive Council of The Boy Scouts, as an elder for the Grace Evangelical and Reformed Church, as a director of the Young Men's Bible Society and as an active member of the Columbia Lodge A. F. & A. M.

In addition, he has been a leader in Community Chest and other local fund-raising drives.

ALUMNI PLAN FOR ANNUAL DANCE

Plans are progressing for the 8th annual Thanksgiving Dance which will be held Thanksgiving night in the Taneytown High School Auditorium. The dance is always sponsored by the High School Alumni Association. This year all of the net proceeds will go toward the purchase of new basketball uniforms for the High School Varsity basketball team. Uniforms in previous years were financed many times by donations from the merchants, and it is hoped that the dance can prove very successful, eliminating this.

Aside from being a project to raise money for a very worthwhile cause, this dance is one of the highlights of the social season in Taneytown and is looked forward to with anticipation by young and old alike.

Committees for the dance this year are as follows: Music, Mr. and Mrs. William Rittase, co-chairman, George Sauble, Everett Hess, and Elwood Baumgardner. Decorations, Mr. and Mrs. Delmont Koons, Jr., co-chairmen; James Sell, Alice Frock, Charlotte Lawrence, and Mary Lawrence. Advertising and Publicity, James Fair, Chairman, Crawford Banks, Dean Nauburn, David Wilhide, Dorothy Rohrbaugh, Thelma Motter and Isabelle Motter. Refreshments, Miss Helen Bankard, Miss Joan Brown and Mrs. James Fair. Tickets, Pearl Bollinger, Chairman, Phyllis Smith, JoAnn Dougherty, Lucille Remsburg, and Kenneth Crouse.

ELEMENTARY P.T. A. TO PRESENT PLAY

The P.T. A. of the Taneytown Elementary Public School will sponsor a 9-act comedy farce to be presented on Thursday and Friday, Dec. 1 and 2, at 8 o'clock in the school auditorium. The play is entitled "Bolts and Nuts."

The following committees have been appointed and have begun functioning for the contemplated success of the presentation: General Play, Mrs. Jean Chenoweth, Mrs. Linda Hopkins and Mrs. Deanne Reindollar, Chairman; Publicity, Mrs. Esther Koutz, Mr. Charles Dronberg, Mr. Kenneth Stonifer and Rev. Morgan Andreas, Chairman; Properties, Stage and Cast, Mr. Darrell Nettles, Mrs. Mildred Fester, Mr. Kenneth Koons, Mrs. Mary Koons, Mrs. Albert Leier and Mrs. Audrey Fair, Chairman; Make Up, Mrs. Geraldine Clutz, Mrs. Betty Gass, Mrs. Mary Ellen Feeser and Mrs. Francis Crawford, Chairman; Staging, Mrs. Kaye Mohney, Mr. David Hiltzbrick, Mr. Edward Clingan, Mr. Ralph Koons, Mr. Elbert Crum, Mr. Roy Hatfield, Mrs. Kenneth Koons and Miss Margaret Shreeve, Chairman; Refreshments, Mrs. Betty Hays, Mrs. Tamsey Stonifer, Mrs. Shirley Ellsworth, Mrs. Ursula Turner, Mrs. Mary Jane Smith, Mrs. Mary Bankard and Mrs. Charlotte Shorb, Chairman. Tickets and Program, Mr. Singleton Remsburg, Mrs. Ruth Wilhide, Mr. Kenneth Shorb, Mr. Frank Dunham, Mrs. Mary Louise Tracy, Mrs. Nadine Feeser and Mr. Frank Wargny, Chairman; Prompter, Mrs. Francis Stonifer; and Secretary, Mrs. Ruth Wilhide.

The children of the school will begin selling tickets for "Bolts and Nuts" next Monday after school. It is hoped that the community in general will be very gracious and receptive to the salesmen children.

Mrs. Mildred Bond and son, Jerry, of Westminster, spent Saturday with the Walker family.

Tuberculosis Cost Great—To Nation And to Taxpayers

NEW YORK—To the taxpayer, tuberculosis means \$600,000,000 a year. That figure represents the cost of finding the cause of tuberculosis, of caring for the tuberculosis patients, of public health nursing for the tuberculous, of health education, rehabilitation, medical research, pensions to veterans with tuberculosis, and assistance to families whose wage earner or homemaker has tuberculosis.

These expenditures are largely from public funds, but also include expenditures of private, voluntary agencies engaged in the fight against tuberculosis. They do not include the cost of hospital construction or the cost of training professional personnel to care for the sick.

To the nation, too, tuberculosis means the loss of 1,000,000 working years each year.

The objective of the National Tuberculosis Association and its 3,000 affiliated associations (located in the U. S., Alaska, Canal Zone, Guam, Hawaii and Puerto Rico) is to prevent tuberculosis. With funds raised from the annual sale of Christmas Seals, the tuberculosis associations are trying to make it as difficult as possible for people to "catch" tuberculosis.

One difficulty is that many people with active tuberculosis do not know they are ill and may be spreading the disease without even being aware of their own illness.

Approximately 400,000 persons in this country are estimated to have tuberculosis but only 250,000 are known to health authorities.

New Dental Drill Truly 'Painless'

NEW YORK—The old gag about the so-called "painless dentist" is no longer a gag for millions of Americans, thanks to a new precision dental drill.

The new ultrasonic drill does not cut or drill in the usual sense of the word, but removes the solid matter with microscopic precision—drilling by sound wave.

The absence of pain is probably explained by the fact that the drill never gets hot when it is drilling the patient's teeth. Much of the pain caused by standard rotating dental drills is caused by heat from friction.

The new dental drill has a metal head that moves up and down delivering more than 29,000 blows each second. The blows are only 1/1000 of an inch in depth and the tremendous speed of the blows and relatively light touch of the drill is responsible for the painlessness of the operation.

Radioactive Pills Among Future Atomic Wonders

NEW YORK—Doctors of the future will carry radioactive pills in their little black bags to treat a variety of diseases.

Such is the prediction made by Dr. Willard F. Libby, recently appointed to the Atomic Energy Commission.

The study of radioactive materials has occupied most of the professional life of Dr. Libby, who invented the "atomic time clock" radioactive dating method. Among the first things Dr. Libby dated by the new technique was wood from Egyptian tombs. He has dated hundreds of samples, ranging from human hair to skin, lotus seeds and Biblical scrolls.

Peacetime applications of atomic energy will repay us for some of our worries, says Dr. Libby, who also predicts new methods for improving plastics by irradiation, harnessing of the atom for electrical power, and control of normal day-to-day operations of industrial plants by applications of radiochemistry.

Case of Smuggled Whiskey Is Costly

SAN FRANCISCO—A case of tax-free whiskey Herbert L. Engstrom tried to smuggle in from a foreign country cost much more than the local product.

Engstrom, 55, marine engineer on a freighter, paid \$22 for a case of whiskey in a foreign port and tried to bring it into the U. S.

A federal court assessed the following levies after he was caught: \$16.38 tax on the whiskey, \$16.38 penalties, \$50 fine; \$104.00 fine for the ship's captain for permitting him to bring the whiskey ashore, \$300 for the return of Engstrom's confiscated automobile. Total cost: \$501.16, plus lawyer's fees.

No Star Gazing WEST DES MOINES, Iowa—The ceiling in the new West Des Moines Methodist Church is made of standard acoustical board, but the holes aren't in a straight line—they're scattered.

Explains The Rev. H. Henry Teele: The committee chose the kind with the holes scattered across it. Now nobody who happens to glance up when he's in church will begin to count the lines of perforations and forget to listen to my sermon."

SHORT STORY

Last Promise

By F. L. Rowley

THE afternoon freight rolled through Hillcrest at full speed. Tom Harvey clenched his teeth as he skidded to a painful stop against the low fence that embraced the Hillcrest railway station. Had he known the train was going so fast he never would have jumped. Grasping the top of the fence he struggled uncertainly to his feet. Tom's first look at Hillcrest didn't impress him; low rows of stately, well-kept houses brought a frown to his thin face.

"Too bad you can't stay," came a deep voice from the baggage shed.

Tom spun around to see a wiry-looking old gentleman with a badge on his vest.

"Sorry, sheriff, but I'm staying," said the young man as he stooped over to beat the dust from his trousers. "I have a job to do."

"The last feller that had a job to do stayed just a mite too long," said the sheriff. "The door blew off the bank-vault one night and put him to sleep for good. You don't happen to be interested in banks, do you stranger?"

Tom grinned. "No sheriff—I'm here because of a promise I made to a buddy. You wouldn't know where I might get a job, would you?"

"Might. Where you from, boy?"

"I just got out of the army, sir."

Tom spun around to see a wiry-looking old gentleman with a badge on his vest.

and I've got an unpleasant task before me. I have to inform a certain widow in this town of the circumstances surrounding her husband's death. He was a soldier; I was with him when it happened. Now—about that job?"

"Well, I did overhear Curly Ellis saying that they need another clerk down at the shoe store. But say, you must be talking about Ben Barton. Shucks, son, you won't surprise Millie none. She went to her husband's funeral some three weeks ago. Terrible shame too; Ben was such a handsome devil."

"But sheriff, you don't know the whole story. Before he died, Ben asked me to tell Millie exactly what happened. Millie's telegram informed her only that Ben died 'accidentally.' The truth is that he was shot by a guard one night as he was attempting to break into a warehouse."

Giles whistled. "That's too bad. But can't we keep it from Millie?" "She'll find out when the insurance claims are returned. Besides Ben asked me to break the news to her in my own words; he also made me promise to look after Millie. A chap can't refuse the request of a dying buddy, can he sheriff?"

"I guess not," said Giles extending his hand. "Now let's see about that job."

So Tom Harvey went to work in the Hillcrest Shoe Store. Before the first month had passed he had fallen in love with the people of Hillcrest. Yet he couldn't bring himself to tell the lovely Millie Barton the truth about her late husband.

One night, however, Millie caught him in the act of placing a huge basket of fruit on her front porch.

Sheriff Giles was first to hear. Tom came striding down Hillcrest's Main Street whistling a gay tune.

"Hello sheriff! I've got real news for you, Millie and I are going to get married!"

"Congratulations!"

"And all this time I've been so afraid she'd find out," said Tom. "At our first meeting I fell in love with her, and then—I thought she'd learn—I didn't know what to do. But last night I told her everything."

"Well, it does seem a shame to have her think poorly of Ben," said Giles slowly, "but I guess you know what you're doing."

"Of Ben? Oh, I didn't tell her about Ben, sheriff, except to say that he let his insurance lapse. Her memory of Ben is a wonderful one. I told her about me."

"You?"

"That's right. You see, sheriff. I was on guard that night—the night Ben died."

CLASSIFIED ADS POINT OUT NEED FOR NEWSPAPERS

To satisfy their most urgent needs, more people depend directly on Classified than any other classification of advertising. Classified is Democracy in advertising action at the grassroots level of our economy.

Just who are these Classified advertisers? They are the people of America. They are your friends. Your neighbors. The rich and the poor. Young and old. Urban, suburban and rural. They rent, sell and lease mansions, cottages, modest rooms and lavish apartments. They buy and sell yachts, airplanes, trailer-coaches, machinery, trucks, jewelry, clothing, musical instruments, cameras, guns, livestock, building supplies, business opportunities, domestic and imported automobiles and commercial concerns.

They are the artist, the manufacturer, the salesman, the stenographer, the clerk, the manager, the laborer, the housewife the baker, the undertaker, the candlestick maker. They make up advertising's greatest "ALL AMERICAN" team.

Classified advertisers write and place their millions of advertisements without any help from advertising experts. Yet, as amateurs, they are as successful in their adventures as the most gifted copywriters in the land. Classified is written in the common vernacular, on community levels of understanding and credibility, pitched in life's major key to satisfy the people's normal needs and requirements.

Occasionally you hear someone refer to Classified as a "second-hand medium." However, when it comes to the average cost of the items advertised, Classified towers above any other medium.

The most important transactions, the highest-cost buying decisions, are made through Classified.

A home is the most important single purchase of the average family. Realtors tell us that over 90 per cent of the homes in America are bought and sold through Classified, to say nothing of ranches, farms, resorts, business and industrial properties. Classified is the "big-board" of the land wealth of America.

An automobile is the second most important single expenditure of the average family . . . high priced merchandise, whether a new or used car. The profit-structure of the entire automotive industry is tied up in the turnover of used cars—90 per cent of which are moved through Classified.

"Help Wanted" is where most of us found our first job, and where most people look to find a better one. What is more important to the average individual than a job? Where else could small business and big industry so easily and so surely get the help it needs? Here is probably the people's most important single advertising classification.

One could go on like this through a hundred different classifications . . . no other medium compares with Classified in the variety and scope of its functions on community levels of personal need.

Here in black and white every day is the people's own mass testimony of their dependence on newspapers: Advertising response, based on needs . . . advertising support, based on experience . . . advertising volume, based on results . . . a mass medium of advertising communication created and maintained by the voluntary decisions of the people.—By Worth Wright, San Diego Union-Tribune.

WITH OUR ARMED FORCES

Army Pvt. Oscar Warner, 23, whose wife, Helen, and parents, Mr. and Mrs. David A. Warner, live on Rt. 5, Westminster, Md., recently participated in river crossing exercises held by the 10th Infantry Division's 86th Regiment in Germany.

The exercise included a tactical bivouac, pre-dawn river crossing and assault of simulated enemy forces.

Pvt. Warner, a rifleman in Company L, completed basic training at Fort Riley, Kan.

"As private citizens we win no laurels by simply staying within the legal limits—we are judged on our own sense of consideration for others and on our own sense of responsibility to the community. It is what we do, rather than what we refrain from doing, that counts."—Crawford H. Greenwalt, President, The DuPont Co.

"In the United States the major share of our business and our employment is occupied with making things that people want, rather than what they actually have to have. We have learned that there is no limit to human desires, and that upon them can be built a limitless volume of production, jobs and payrolls."—Wm. L. McGrath, President, Williamson Heater Co.

In the North, autumn, not springtime, is nature's preference for starting grass seed. If you want to establish a new lawn or renovate an old one, do it now! Dig up the soil, spread 3 lbs. of a complete plant food such as Vigoro per 100 square feet, and work up a fine seedbed with the rake. Then sow 4 lbs. of a 50% bluegrass seed mixture, roll and keep it moist. Result: a husky young stand that grows that is ready to go in the spring.

Would you like fresh orange juice delivered with the morning milk? You can get this service in some cities, and more will have it soon. New processes for packing fresh juice without freezing or canning have been developed. The juice stays fresh for two months under proper cold storage and for two weeks in the home refrigerator. It costs a little more than milk.—Changing Times.

"The very fact that we now have 57 percent more children under ten years of age in this country than we had in 1940 means an enormous increase in the demand and market for such things as baby bottles and safety pins and strollers and bicycles and school clothes and bee-bee guns, and so forth."—Noel Sargent, Secretary, NAM.

Confident Living

"GOD is our refuge and strength, a very present help in trouble" (Psalm 46:1). The period in which the Psalmist wrote was one of unrest and danger, much as that now facing mankind. Nevertheless, he expressed his confidence in divine protection in these words. Is it possible to experience this protection today? Since God is changeless good, there can be no question as to His present nearness at all times. . . . In the Bible we read that Moses faced a cruel and oppressive king and obtained freedom for his people. Elijah defied four hundred and fifty prophets of Baal and proved them powerless. These two men lived close to God and recognized no other power. The problems of the modern world, in spite of their apparent complexity, can and will be solved as mankind learns to turn to God as the supreme governor of the universe.

In a message to a branch church Mary Baker Eddy, the Discoverer and Founder of Christian Science, commends those who have purity of affection, meekness of spirit, and those who worship in truth and follow good. She says (Miscellaneous Writings, p. 152), "Thus founded upon the rock of Christ, when storm and tempest beat against this sure foundation, you, safely sheltered in the strong tower of hope, faith, and Love, are God's nestlings; and He will hide you in His feathers till the storm has passed."

Mankind is restricted in its activities by that which it does not understand. The opinion very generally held that moral and spiritual values are in danger of being overwhelmed by hate, duplicity, and material force is mesmeric belief that brings a sense of fear and unrest. Since God is the only cause and His creation is perfect, such fear is groundless, and a consecrated study of the Bible con-

firms that fact. Any apparent force or element of destruction must be unreal. To admit the existence of an evil power is to believe that God is capable of creating that which is utterly unlike Himself.

In the spiritual realm, the only real universe, man has always existed to express God, to manifest His love and justice. Order, beauty, and completeness constitute God's universe, and where man is, the divine Mind is in complete control . . .

How practical is confidence in divine protection was proved in the experience of an aviator who started for a point some three hundred miles distant. Owing to strong winds, when little more than halfway to his destination, he found himself almost out of fuel. Night was coming on, and he saw that he must land. This aviator was accustomed to turn his thought to God and ask for divine guidance. This he now did with confidence that Love controls its own expression, man. Sighting what appeared to be an open field, he came in for a landing, which was made without difficulty. On examining his position he found that in coming in, the wings of his plane had passed within a few feet of two trees. The next day after refueling he was able to take off and complete his trip without trouble.

In his Sermon on the Mount (Matthew 5) Christ Jesus gives for all time the standard for confident living. Of his teachings he said (Matthew 24:35), "Heaven and earth shall pass away, but my words shall not pass away." The mortal sense of life would condemn mankind to periods of danger because of the fallibility of the human mind. Spiritual sense confidently acknowledges God and His idea, forever expressing purposeful activity, in which is no element of trouble or danger. —The Christian Science Monitor.

The Golden Rule

Lesson for November 13, 1955

LIVING is an art, not a science. Jesus did not come to give us a heavenly rule-book. On the other hand he did not live and die merely to provide us with tickets to heaven. For others, as for himself, he felt the tremendous importance, here and now, of this present life. He left behind him not rules but general broad principles for living in this world as sons and daughters of the Most High God. Jesus' principles were not the stuffy sort of thing that only philosophers can understand. His disciples, we know, were all men of limited education, the plainest of plain people. If Jesus had tried any theological gobbledygook on them, it would have gone clear over their heads. What he said could have carved on short tombstones, written on a postcard,—any one sentence of his teachings. The one the church has nicknamed the "Golden Rule"—short, sharp, and in Jesus' own view very important—is alone worth long study.

Dr. Foreman

"It's Too Hard"

Luke's version of the Golden Rule (6:31) is clear enough: "As you wish that men would do to you, do so to them." Words of one syllable, but what words! It is saddening to see how many efforts have been made to by-pass this Golden Rule. One kind of by-passers will tell you this is much too hard. Some very religious people have fancied that Jesus did not mean this for here-and-now, but only for some "Beautiful Isle of Somewhere," sometime after Judgment Day. Other religious people have said that Jesus really meant to say "You can't possibly do this,—don't you feel ashamed?" Now we can be sure of two things. One is, that Jesus was (to say the least of it) a man of common sense, an honest man.

And honest men do not deliberately tell their friends to do what they know is impossible.

"It's Too Easy"

An opposite way of by-passing the Golden Rule is to think it is too easy,—that it is just a nice-sounding bit of advice that is not only easy to do but which won't do much good. For example: a little girl cries for candy. The mother thinks: What would I want her to do for me? Why, I'd want her to do as I say. So I'll do as she says—give her the candy. (And make her sick, of course.) Or again: a wife's birthday is coming along. Husband thinks: What would I want for my birthday? New power saw, of course. So he gets his wife a power saw, which she certainly does not want. . . . No, the Golden Rule is not so easy as all that. It calls for imagination; for a wide vision, for a Christian spirit. It is indeed all too easy—for fools and knaves. But Jesus assumed that his friends were neither knaves nor fools. The Golden Rule is not something to save any one the trouble of thinking. It simply points out the direction in which our actions and decisions ought to go. It often means, not—What does this person want me to do, now? but—What will this person at last wish I had done for him? In other words, if we are to apply the Golden Rule we have to look at it in the light of eternity.

"It Won't Work"

Another way of by-passing the Golden Rule is to say simply that it won't work. "It is a lovely ideal, the world would be much pleasanter to live in, for all of us, if we could live by it; but we can't, so let's get on with the practical business of dog-eat-dog, every man for himself and the devil take the hindmost." Again let us remember that if Jesus had not lived by his own rule, every listener would have known him for a hypocrite and the Golden Rule would have perished in a blast of cynical laughter. It worked in Nazareth, it worked in the carpenter shop. To bring it down to our own times in America, and to take the hardest of applications of the Golden Rule,—loving your enemies. Will it work? Well, who are today the leaders in the War of the 1860's who are most widely and gratefully remembered on both sides of what once was a battle line? Lincoln and Lee, beyond much doubt. And these are the two men who most undeniably loved their enemies. The Golden Rule, in a life devoted to God and man, will work.

Let's Think

THOUGHTS FOR THOUGHT

You can easily understand why ants are called social insects. They attend every picnic.

No reason for complaint if you're in the dog-house. The commissioners of Harris County, Texas, were told that it costs 35 cents a day to feed a person in the city jail, but 60 cents a day to keep a pooch in the dog house.

To accompany her to Mississippi to attend the trial of her murdered son, Emmett Till, 14, Mrs. Mamie Bradley of Chicago asked for only two detectives instead of the National Guard.

A wolf at the door is bad enough but when there is one inside the house that is worse.

For eating places to reduce food allowances after the business is built up, is not always for the best interest of the business.

For a minister to add a member from another church is not increasing the Kingdom of God.

Children are likely to sing more exultantly at the close of the school year than at its beginning. By that time they are 'full'.

Do you know that another day has been added to the calendar? Yes, Benson has added 'Mule Day'.

A new way to Recognize a Child Two New York women, young and wealthy, were strolling through Central Park.

"Oh, look," exclaimed one. "What a love of a baby in that carriage!" "Isn't it, though," said the other, and they walked over to it.

"Good gracious," cried the first. "What a strange coincidence—it's my baby!"

Surprised, her friend asked, "Are you sure?"

"Positive, darling, I recognized the nurse."

"The need in the thing is to develop more jobs through the expansion of industry as our population grows, and it has grown 10,000,000 in the last four years."—H. C. McClellan, Chairman, NAM.

"Jed," the farmer sternly rebuked his hired hand, "you're an hour late getting back with those mules."

"Well, I'll tell you, boss," the hired man answered, "I picked up the preacher on the way home and from there on those mules couldn't understand a word I said."

Culture of East And West Meet In Puerto Rico

CAYEY, PUERTO RICO—High in the hills of interior Puerto Rico a private and personal good-will campaign is bringing together the cultures of east and west.

Ever since Mitsue Shigeno Klotzbach moved to the Commonwealth with her family a year ago, the area around this picturesque mountain agricultural center has been treated to a taste of Old Nippon.

Mitsue is the wife of Kentuckian Carroll L. Klotzbach who had to fight Congress to get her into the United States. She is the first Japanese woman to have been permitted to enter the country after the war to marry an American citizen—and it took a special private law to get her in.

Klotzbach met Mitsue in 1948 in Chofu, Japan, where he was civilian chief of the Army's largest hydroponic farming unit in Japan. When he returned to the states in 1949 he attempted to bring Mitsue to this country were hampered by the fact no machinery had been set up for Japanese nationals and the War Brides Act, pertaining to servicemen, had expired in 1947.

Then living in Florida, Klotzbach took his plea to Governor Spessard L. Holland who introduced the Special Private Law in the Senate. The House passed it on February 7, 1950, and Mitsue soon joined her husband in Washington.

Now, while her husband manages a hydroponic unit being advanced to teach the science to Puerto Rico's farmers, Mitsue dresses herself and two children in kimonos and prepares pungent sukiyaki for visiting guests.

Titanium Strong, Stubborn Metal

WASHINGTON—Titanium, recently added to the United States strategic stockpile, is a real modern "wonder metal" whose potential for war or peacetime industry is equalled only by its problems and contradictions.

Although distributed throughout the world, titanium is found in low concentrations, invariably mixed with other elements.

It is one of the most abundant structural metals in the earth's crust, after aluminum, iron and magnesium. It is light, strong, and resistant to heat, shock and corrosion. Yet its disadvantages, particularly its tendency to absorb gaseous impurities at high temperatures, make it a stubborn, costly material to process.

Consequently, United States concerns have taken even less than the ten per cent of the limited supply opened to civilians earlier this year.

The metal is particularly suitable for high-speed, high-flying jets. It also seems ideal for lightweight tank armor, gun parts, guided missiles and portable bridges. The Navy finds titanium's resistance to salt water invaluable for submarine snorkel uses and the Atomic Energy Commission puts titanium to secret uses.

Lost Driver Also Loses Wife, Car, Trailer

RICHMOND, Va.—T. J. Richardson of Seattle, Wash., lost U. S. 1 on his way through Richmond to Florida and started a chain of events.

He stepped out of his car to look for a road sign, walked several blocks and lost his way. When he finally found a police station, he reported he now had lost one car, one 18-foot yellow trailer and a wife who couldn't drive.

Police found the wife, car, and trailer—then Mrs. Richardson reported she had lost in the meantime one wallet, a pocketbook, a pair of glasses and a set of false teeth.

Best of Six Husbands Turns Sour From Sweet

DETROIT—Sweet can change to sour awful fast, believes a local judge.

When Roy M. Roy, 26, won a suspended sentence on a minor traffic violation last May, his wife, Sally, 56, told the court:

"Judge, he's sweet. He doesn't drink or carouse and he's the best husband I ever had. I oughta know. I've had six of them."

Recently Roy and Sally were back in court, Sally as the plaintiff.

She tenderly rubbed a bruised mouth and told Judge W. McKay Skillman:

"Judge, he's awful. He's ornery and cheap and common. He's the worst husband I ever had."

Almost Saved It

LOUISVILLE, Ky.—A slip of the mind helped increase the thieves' loot at Robert F. Hughes' grocery store.

Before Hughes closed his store he put \$500 in a brief case to take home. He forgot the brief case and left it on a counter.

The money and merchandise valued at about \$240 were gone the next morning.

School Bells Ring For Mom Too

School bells summon mother back to important homework of providing her youngsters with nutritious lunch boxes as they march off to classes. Nutritious instant nonfat dry milk wins a gold star as mother's helper in preparing nourishing lunches. For example, it is perfect for a hot drink, and it adds extra nourishment to cookies.

Instant nonfat dry milk is a rich source of protein, calcium and riboflavin—all the "important" milk nutrients—and it is most economical for a family-size package, available at the grocery's, makes 12 quarts (3 gallons) of nonfat milk for as little as seven cents a quart. It also comes in two other popular packages—a one-pound box which makes five quarts of nonfat milk and a pre-measured package containing three pre-measured envelopes, each making one quart of nonfat milk.

Here are recipes for our school lunch box menu highlights:

Hot Taffy Drink
(Makes two 8-oz. servings)
2 tablespoons molasses
2 cups liquefied instant Starlac nonfat dry milk

Honey Peanut Butter Cookies
(Makes 4 dozen)
1 1/4 cups sifted flour
1/2 cup instant Starlac nonfat dry milk powder
1/4 teaspoon salt
1/2 teaspoon baking soda
1/2 cup shortening
1/2 cup peanut butter
1/4 cup sugar
1/2 cup honey
1 egg

Sift together flour, instant Starlac nonfat dry milk powder, salt and baking soda. Cream shortening with peanut butter. Add sugar, honey and egg; beat until thoroughly blended. Gradually add sifted dry ingredients to creamed mixture, blending well after each addition. Drop by teaspoonfuls onto well-greased baking sheet. Flatten with fork. Bake in moderate oven (350°F.) 8 to 10 minutes until lightly browned.

Buick Builds 1,000,000th Hardtop

Ivan L. Wiles, left, general manager of Buick and vice-president of General Motors, congratulates Edward T. Ragsdale, general manufacturing manager, on the production of Buick's 1,000,000th hardtop. Buick, which pioneered the hardtop styling in 1949, was the first manufacturer in the industry to reach the million mark. The 1,000,000th model was a four-door version which Buick introduced this spring. It is shown with the original two-door hardtop.

PROCLAMATION

Whereas, the ravages of tuberculosis are felt in many homes in this community regardless of race, creed, or economic status, and

Whereas, tuberculosis annually costs the taxpayers of the United States more than \$600,000,000 in case finding, care of patients, health, education, rehabilitation, research, pensions, and public assistance, and

Whereas, the work of the Carroll County Tuberculosis Association, aimed at preventing the spread of tuberculosis, will help bring an end to the economic loss and personal tragedy caused by the disease.

Therefore, I, Raymond Perry, Mayor of Taneytown, urge every citizen to contribute generously to the Christmas Seal Sale which supports the Association in its work, and do proclaim November 16 and 19 to be Christmas Seal Days in this community.

Used to teach people how to keep well, to find the unknown cases of tuberculosis, to help tuberculosis patients return to useful, happy lives, and to support medical research, our Christmas Seal dollars will speed the day when tuberculosis will no longer take its toll from the homes of our community.

C. L. GARTRELL

CHANGING TIMES

The World's First Automobile Race took place sixty years ago this month. The date was November 28, 1895. The course was from Jackson Park in Chicago to Waukegan, fifty three miles distant. There were eight cars entered in the race, but Henry Ford was unable to borrow enough money for carfare to Chicago, and Elwood Haynes collided with a streetcar and smashed a front wheel on his way to the race.

Of the six cars starting, four were propelled by gasoline and two by electricity. Only two cars completed the race, the two electrics dropped out early. Two gasoline cars sputtered and called it quits before reaching the half-way point. The winner was Franklin Duryea of Springfield, Massachusetts, who covered the fifty-three miles in ten hours and twenty-three minutes at an average speed of five miles an hour.

Today there are more than 58,000,000 automobiles on the streets and highways. Our progress in locomotion would be happier though if it was not for these shameful figures: approximately 1,150,000 Americans killed, over 40,000,000 injured and untold millions of dollars worth of property destroyed.

The hazards of the motor car were recognized very early by The Travelers Insurance Company, which in 1899 wrote the world's first Automobile insurance policy. Through the years, The Travelers has extended and liberalized its Automobile coverage—liability, physical damage, and personal. No better protection is available anywhere, and wise motorists, acknowledging that fact, heed the time-tested moral: Insure in The Travelers.

Some moths and butterflies can detect the presence of sugar when it is one part in 300,000 parts of water, the November Reader's Digest reports. One sugar to 200 water is the extreme limit at which human taste can detect sweetness. As to the sense of smell—some male moths can catch the scent of a female nine miles away.

"We have the high standards of living we enjoy today the vast outpouring of goods and the changing pattern of employment, because of our vigorous, expanding economy. We must be adaptable to change, and any form of rigidity defeats that ability to change."—K. R. Miller, Senior Vice-President, NAM.

"The fundamental dispute over Dixon-Yates is primarily between those who would create jobs by deficit spending and adding to the government payroll and those who would create jobs by stimulating private enterprise."—Fitchburg (Mass.) Sentinel.

Crickets have ears on their knees, Alan Devoe says in the current Reader's Digest. Cicadas have ears on their abdomens. Katydids are able to hear 45,000 vibrations a second—more than twice the 20,000 which is the approximate limit of acute human hearing.

November 11th...Holiday

Whether we call it "Armistice Day," or adopt the newer title, "Veterans Day," November 11th continues to be a holiday dedicated to peace, and to the valiant men who fought to preserve it. May their example of courage and patriotic devotion inspire the young men now in our armed forces.

YOU MIGHT JUST AS WELL HAND OUT THE KEYS—

to your front door, desk, and "strongbox"—as to keep important personal papers and other such valuables at home. It's risky!

Why not put your precious possessions inside a Safe Deposit Box inside our strong vault? You'll pay just pennies a week for this modern protection against fire and theft—and you'll sleep a lot better, too.

MIKE AND IKE ARE HERE!

COME SEE 'EM!

MIKE and IKE, a pair of live pigs, have started their growing race right in our store. MIKE gets Purina and grain, but IKE gets no Purina. See 'em now, visit 'em often. Watch MIKE pull away from IKE. See how quickly and cheaply he makes a pound of gain... and on such a small amount of feed!

We know what MIKE will do, because we know what Purina will do. But we want you to see it with your own eyes. Come in today.
