## FREE SALK POLIOMYELITIS VACCINE INOCULATIONS

According to records available to the Carroll County Health Department there are indications that parents are being slow in availing themselves of protection for their children against poliomyelitis by means of the recently developed Salk Poliomyelitis Vaccine. Since it takes three doses, at intervals of one to two months between the first and second inoculations, and four to six months between the second and third inoculations, it can readily be seen that the series should be started fairly promptly to build up reasonably reliable immunities by the beginning of the polo season, which starts about June in this area. Parents are strongly urged to contact their private physicians to arrange for this protection, which has already been well-proven. It is presently limited by the National and State Advisory Committees to children between the ages of one and fifteen inclusive.

In the cases of those children whose parents cannot afford the cost several clinic dates have been set up at the Carroll County Health Center for the purpose of supplying these inoculations without charge. The present schedule is as follows:

Thursday, February 9, 1956, at 2:00-4:00 p. m.  
Tuesday, Feb. 21, 1956, at 2:00-4:00 p. m.  
Tuesday, March 6, 1956 at 2:00-4:00 p. m.  
Tuesday, March 20, 1956, at 2:00-4:00 p. m.  
Tuesday, April 3, 1956 at 2:00-4:00 p. m.  
Tuesday, April 17, 1956, at 2:00-4:00 p. m.

## EXECUTIVE COMMITTEE OF THE ELMER WOLFE SCHOOL MET

The PTA Executive Committee of the Elmer Wolfe school met at the school on the evening of Jan. 23, with 7 members present. There could be no actual business transacted because of the small number in attendance. Mr. Kanowicz, principal, informed the group that thus far 300 dollars had been spent in purchasing books for the libraries.

It was decided that this PTA would participate in the Mass Demonstration on Cooking gathering to be held at the Taneytown High School on March 8th. This is the same as the Cooking Demonstration put on there last year—it will be given by the Potomac Edison Company and tickets will be available thru a number of PTA Groups at 50c per ticket. Each PTA will get the money it takes in from the sale of the tickets.

The demonstration last year was very interesting. The PTA meeting at Elmer Wolfe on February 13th should be interesting to everyone. The Potomac Edison will show a movie on proper wiring—there will also be a report from the State PTA Convention which was held in Baltimore. Either Mr. Harold Thomas or Mr. Arnold Weeks will give this report.—Publicity Chairman, Mrs. Carroll M. Wilhide.

## "SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

More Letters—  
"Observer, I always read your Columns and enjoy them very much and I do hope that you do not think me forward in stating that the Sabbath is the Saturday not Sunday! "Answer—How right you are, I am with you 100%!"

My Dear Observer, I met you a number of years ago in Baltimore. I am now living in California and I never miss your Columns. Would you kindly advise me. I am divorced—my husband running away with my best girl friend! I have reared my children and now they are all married with children of their own. Although, I did not have much of a school education, I had the nerve to take a Civil Service examination ten years ago this April and I passed and have held a nice position for ten years with the Government. I get very homesick for my children although I would not want to live with them. God was good to me in all ways with my sorrow. I have been thinking seriously of being transferred back and I don't know what to do. I have a nice little home of four rooms, Patio and Car Port and fine neighbors who have a grand Console Home Organ which I play whenever I desire and which I love. But I am terribly lonesome. Won't you please advise me? I am now 57 years of age. Thanking you! Gratefully, E.H.

Answer—Well, E. H. Congratulations for all your spunk! I wish that I might be able to clasp your hand some day when you visit Baltimore and your children. You have everything in life and yet you say you are lonely. I think you have a rich full life. Why not go to Church regularly? I am sure that will solve your lonely heart. I only wish that I had the space here to write your entire letter for then my Readers would be able to understand what a fine person you are. Keep playing the organ every chance you get or have time to do so. Offer your services to organizations for special musical programs. I do not see how you could be lonely. This may remedy it by taking a trip East each year to see your family. You are independent so stay that way. Best of luck and do let me know when you come East again.

Dear Observer—I am a widow and I have been left quite comfortably fixed in every way. When anyone calls on me my friends immediately say, "Oh, he is just after your money. Take my advice and give him the gate!" It really upsets me by these inquisitive individuals. There is one gentleman for whom I care a great deal but even to that man, I am told the same thing. Shall I give him up entirely and just mingle with my lady friends?

Answer—If you had a happy marriage you will want to try it again and if you did not have a happy marriage you will say to yourself that maybe this one will be! Do not listen to gossipers—nothing is worse! If you can content yourself with your lady friends all the time—all well and good. You did not give me your age so I cannot be of much help to you. Just do as you think best and wise.

Dear Observer—I am a lady up in years with no ties and I make and dress very fine clothing for dolls as one would see on 5th Avenue, in New York. I sell them now and then to wealthy people. Would you take a chance and go into the business in a big way? I have a lovely home and farm.

Answer—I think if I were in your place, I would stay put and go in business right there by taking one room and equipping it with the things you need for such a business. Advertise in all the city papers plus the county papers nearest you and I am confident that you will have more business than you will be able to handle alone. You, no doubt would have to have Helpers or Apprentices. The latter would be a grand thing to do, too by teaching those to sew such wonderful garments as you describe.

Dear Observer: Last year, I wrote you a letter asking advice as to living away from my family as I was really alone and I did just as you suggested and everything turned out great for me. I hope I meet you some day to tell you just what it all has meant to me even by health for I feel as though I have dropped 20 years off my age.

Answer—Thank you, Sir! I am so glad that I could help you if it meant just a little. Yes, indeed I remember your letter well. Just keep what you're doing right now.

So you see, Folks there you have it—in all walks in life! Be kind and thoughtful to everyone you meet and especially with those with whom you live—that is even far more important!

Have a grand week-end. Be careful when you drive See you next week D.V. I am,

Faithfully,  
YOUR OBSERVER.

### GRASS ROOTS OPINION

**NORTH KANSAS CITY, MO., PRESS-DISPATCH:** "Benjamin Franklin's was the only name signed to all four basic documents of our beginnings: The Declaration of Independence, the Treaty of Alliance with France, the Treaty of Peace with England, and the Constitution. Many of the principles he promulgated have a particular significance for us today. He stood for local as against federal action; he urged that federal taxes be kept down through thrift and economy. With all his full time activities in science and industry he still found time, when asked to engage in public service for the good of all his country. He was truly a great American."

**PERRIS, CALIF., PROGRESS:** "If Congress would give more attention to the recommendations of that Hoover Commission for reducing waste which would lower the budget by billions annually, we could probably have substantial cuts in debt along with some easing of the tax burden."

**WYNNE, ARK., PROGRESS:** "It's all right to reach for the moon if we are careful what we stand on to do the reaching."

**AZTEC N. M., INDEPENDENT-REVIEW:** "If we could get the politicians as interested in the public welfare as they are their own welfare we'd have a lot less to worry about."

### MEMORIES OF OLD TANEYTOWN

When I wrote about Taneytown I did not tell of some of its people I once knew so well; I failed to mention just "who was who" Or to tell about things they used to do.

So, some have written, and asked me to tell of others, especially oldsters, I once knew well; The list is long; but, I shall name a few Of those who once helped to make the town new.

Taneytown, they say, is a wonderful place; In our Nation's history, it should have more space To George Washington it was once a host, Of shelter for the "Army of the Potomac", it can also boast.

I wrote for the Frederick paper when I was a boy; And, many adjectives used to employ, In telling about the people, and of what they did For then the town from our country was hid.

Delphey, its editor, was the first to see What a boost to the town a paper would be, So he offered me the job; and, told what he would do To make the enterprise go through.

But P. B. Englar also had visions of what a paper would do To enlighten the people, and make the town new; So he started the Carroll Record, and today they say It outshines many papers in every way.

Its present Managers seem to know and to see Just what a county paper should be; They are up to the minute in all they do, So P. B.'s dream has at last come true.

In my early life I hung around the store; There, I numbered my friends by the score; But, there were some oldsters in the town Who, on our actions, would cast a frown.

Old Wm. Fisher was a man of that type; He always watched his trees when apples got ripe; If a ball at the school-ground fell over his fence, He would mark that down as a major offense.

But in other respects he was a good old soul; He would sometimes help us our balls to roll; And, with scraps of leather he found on the floor, He would sew on a cover, as in days of yore.

He was a harness maker and a Magistrate many a year; So, before him all culprits had to appear; If they were innocent, he told the people so, But if guilty, to jail they had to go.

Both a judge and a magistrate he seemed to be At times, he would practice charity; If a fellow told the truth he would set him free; But, if he lied, "Off to jail", the verdict would be.

Jesse Haugh was a merchant in the town; He was an ex-soldier of great renown; Every 4th of July he would don coat and cap, For he was a military sort of chap.

His wife, Maggie was an angel; never a word Of censure, from her lips, could be heard; They had the first organ in the town, So we sometimes turned the house upside down.

The candy shops in the town numbered three, Joe Thompson, Charlie Sponseller, and Betsy Donally; The candy of those days all came in the stick So the boys and girls used to stand and lick.

Charlie Fuss had the first Furniture Store in town; When out, his wife made the wheels go 'round; She always wore a smile on her face Which, even aggravation could not erase.

She was one of the finest women in the town; And, well deserves, a son of renown; Merwyn is known almost everywhere, And his traits and his father's seem to compare.

Luther Kemp was the music teacher of the town; He always carried a tuning fork around; We had few organs for people to play, So more music was vocal in his days.

Joe Thompson used to play on his fiddle and sing, Sometimes he made the candy shop ring, Especially when he raised his voice up high And gave a rendition of the "Bluetail fly."

Calvin Fringer was an old friend of mine, On his face the real "Cal" use to shine; As a citizen, he was a model young man up there, And only a few with him, could we compare.

He was not a "rounder", as we sometimes say; But, at his home on the farm, he liked to stay; With the ungodly he did not walk, And to all sinners he disliked to talk.

"Sparrow" Hill, one of the oldest residents in town, Is also a man of no little renown; He is a walking Encyclopedia, they say, For he remembers all incidents of his day.

So, if there is something you would like to know Just take a few steps, and to Sparrow go, To give information, he is one of the best, He even knows where your ancestors rest.

John Dorsey "Old Bolivar", boys used to say, Was the capitalist of the town in his day; At the Public well, he gave horses a sip; And for each rotation, he would get a tip.

He used to carry a "shotbag" which, at times, Was half full of pennies, nickles, and dimes; He took one dollar along, when he went away, For it was sewed in his forehead they say.

George Arnold was a lifelong friend of mine; His sister Aggie and Robert too were fine; His own family I never had the pleasure to see, But they say Geo. still lives in his progress.

Archie Galt and I, to "Eagleton Institute", went; One night with him in the country I spent; They had dogs, cows, and horses on the farm, But his sisters, Maggie and Anna, were its chief charm.

His grandfather, Sterling, was popular in his day— About the country's real estate he had a big say; His father, Harry, was also liked everywhere, So it was a delight to go with him out there.

At the schools I attended I still see the faces Of some of my schoolmates at different places, Anna Motter and Grace Hockensmith were two Of the school's outstanding girls whom I knew.

Of the Reindollar, Brining, Englar girls, I have little to say; Though, they stood in "a-row", when I went away; Since we all sprang from the same old vine It is only natural to think they were fine.

Our ancestors, John, Dave, and Henry, don't you say Were brothers, all a part of one big family; So, their descendants, it is plain to see All belong on the same family tree.

Wm. Bricker his contemporaries who were little then Are now among the town's most respected men; Walter Wilt was a sample of what one can be If he makes a study of the "Old Rule of 3."

John Reid and "Jim" Reaver posted the town; We needed no paper when they were around; They knew just who the next President would be And, with them, many persons seemed to agree.

When I wrote about the town, I named only a few; But, after thinking, longer and longer, the list grew; "Jake" Hesson for instance, was one I once knew, Who did his best to make the place new.

He was one of the shining lights of his day, And in all civic matters had much to say; He, too, always wore a smile on his face Which business worries could not erase.

Will Unger, "Marsh" Mehring, Milt Fisher were three Of the boys who once roamed the country with me; They all had bay horses which looked alike, So our terra firma we used to hike.

Jesse Roberts was a kind, honest man in his day, But, he had a mania for horse-racing, they say; An inordinate love of the sport, I am told, Through others, caused him to lose much of his gold.

Harry Clabaugh and Wm. McKellip, all agree, Were orators the like of whom we seldom see; Dr. Birnie and "Tom" Thompson, who were also grand, Made political speeches all over the land.

## CURRENT EVENTS FIFTY YEARS AGO

Samuel H. Little started digging out the foundation for a dwelling on his lot on the corner of Fairview Ave. and Middle St., on Wednesday. The other side of the hill is booming, these days, and will soon be the most attractive residence section of the town.

John A. Null has commenced work on the foundation for his new house on Middle St.

Owing to the open winter and warm weather, preparations are being made for garden making, fully a month ahead of the usual time.

Harney—At the Alfretha Concert Company, which held a public exhibition here last week, Miss Linah Shoemaker, daughter of Edward Shoemaker, won a prize of \$2.50, for being the most popular lady. She received 4685 votes, against her opponent, who was given a vote of 2605.—Stanley C. Smith, proprietor of the hotel here, and who conducted business in a commendable way, has sold the good will and fixtures to Jacob Marquette, of Motter's Station. Mr. Smith will move to Hanover, Pa., in the near future, after which the new proprietor will take possession. Mr. Smith has proven to be a good neighbor and worthy citizen, and his many friends will be sorry to see him leave.—The Ladies Mite Society, of St. Paul's Lutheran Church, will hold a supper next Tuesday and Wednesday evenings. If weather is unfavorable, then Thursday evening. Oysters and meat will be served. All are cordially invited to attend and lend a helping hand for this good cause.

Mayberry—James E. Fleagle and sister, Miss Lorena B. Fleagle Students of the Western Maryland College, spent Saturday and Sunday with their parents.—Mrs. Emma Strevig and little daughter Vesta Pauline, have returned home.—Jacob Rodkey had been suffering from a severe attack of acute indigestion but at the present time is somewhat improved.—O. E. Dodder, who had been suffering from cataract of the eye, is somewhat improved.—Master Daniel Willet is doing the work for Jacob Rodkey during his illness.—John Stuller spent from Tuesday until Friday with his family.

## HAPPINESS

Happiness quite unshared can scarcely be called happiness. It has no taste.—Mrs. Gaskell.

Happiness is spiritual, born of Truth and Love. It is unselfish; there fore it cannot exist alone, but requires all mankind to share it.—Mary Baker Eddy.

Happiness is neither within us only, or without us; it is the union of ourselves with God.—Blaise Pascal.

Church membership in the United States has rocketed from 50 million in 1929 to more than 95 million today—a gain of 90 per cent while the population was increasing only 31.4 percent. During the same period, says Clarence W. Hill in the current Reader's Digest, 58,000 places of worship were being built bringing the total to 295,000 churches and synagogues.

Two miles from the town lived John Fair; Few men, with him could we compare; His adorable wife was also a wonderful cook, And many a meal in their house I took.

His boys, "Dory", "Will", John and Hal", were friends of mine, And their sister Laura, I also thought was fine; She played the organ when we would sing, So we sometimes made the domicile ring.

Judson Hill was another farmer of renown, One of the most upright to enter the town; To do one a favor, he would go out of his way— How many, like him, do we find to-day?

Charlie Hess, "Abe" Nail, Dan'l Null it seemed to me, Were models of what God wants His sons to be; They were unobtrusive, but the life they led Caused many pedestrians to watch their tread.

From some of the oldsters God was never out of sight They worshiped Him both day and night; Four times each day John Reindollar's voice was heard Giving thanks to God for things which occurred.

The whole city of Sodom did not have ten Of the calibre of the country's outstanding men; That is why Carroll of all the county's in the U.S.A., Is the only one out of debt, some say.

Stanley Reaver was a close contemporary of mine; I always thought what "Stan" did was fine; We both first saw the light beneath the same roof; Of his many good traits, I needed no proof.

He was a harness maker for a long time; After giving that up, he started to climb; Georgia Dutera (a lovely girl) became his wife, And with her lived happily the rest of his life.

They bought what was left of my grandfather's farm, A place which, to me, has always had charm; Stan passed on; but, Georgia still has her home In one of the fields over which I used to roam.

"Sammy" Hyser and I to a cattle sale went— (Much of the afternoon there we spent); There was one Holstein heifer with a sparkle in her eye Which many farmers seemed anxious to buy.

The auctioneer shouted, "\$30! Going! Going! Gone! Some the buyer, fairly leaped upon; "Sam" shouted, "Cheap enough," said I, she has no bag; Said he, "Feed it on her! Feed will develop the nag!"

John Stouffer's father, people used to say, Was a farmer who lived ahead of his day; He had a big fish pond, with fishes of every kind The like of which, even to-day are hard to find.

In the house he kept a big lemon tree Hanging full of big lemons for strangers to see; His exploits were innovations in the land, And all who saw them thought they were grand.

The old school-house where Levi D. Reid used to teach Was the place where preachers came to preach; Churches were few in my father's early day, And many still lived the primitive way.

Not so long before that the Indian was here, The birds furnished music for his ear; Some still had wigs near Monocacy, But, toward the south, they had started to flee.

So I might reminisce till the ink well goes dry Telling of friends in days gone by; On this page there is no more space; But, their names from my memory, time can not erase.

I once knew nearly all within six miles of town, Among whom were persons of great renown; But, the list is already too long, I fear, So I wish you all a Happy New Year.

## INCOME TAX FACTS No. 2

### Save Money with the Right Form

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Accountants and the Maryland Society of Certified Public Accountants.)

The government provides two forms for individual income tax returns. If you choose the wrong one, you may automatically cut yourself out from many possible tax savings.

The easiest way to file is to use the simple Form 1040A. It's a card the size of a check, which anyone can fill out if he is able to write his name and address and a few other simple facts. You just send it in with your withholding slips and the government takes care of the rest. If you owe more tax than was withheld you will get a bill for the difference. If more was withheld than you owe, you will get a refund check.

The tax rules permit you to use the card form if your gross income consisted only of wages, dividends or interest totaling less than \$5,000, and if you did not have more than \$100 of gross income apart from that listed on your W-2 withholding slips.

### Stop, Look, Listen

Before deciding to use the card Form 1040A, you should consider these facts:

1. Your tax will be figured from a table which allows you a deduction of about 10% of your income instead of itemized deductions for contributions, taxes, interest paid, medical and dental expenses, etc.
2. There is no provision in this form for filing as the "head of a household," or for claiming special credits for dividends and retirement income.

If you are sure that these two points would not cost you any tax savings, and your income is within the limits for filing a Form 1040A, you might as well use this simple card form.

If you decide to use the regular Form 1040, you still have the choice of itemizing your deductions or using a standard deduction which generally amounts to about 10% of your income.

You are likely to save by itemizing your deductions if you:

1. Own real estate.
2. Had unusual medical expense.
3. Had deductible child-care expense.
4. Suffered losses from fire, storm, accident, or theft.

5. Made fairly large contributions.
6. Had certain expenses in connection with your work, as explained below.

### Business Expenses

If you are in business for yourself, you can deduct your reasonable and necessary business expenses on separate Schedule C before arriving at your adjusted gross income on page one of the tax form. This still leaves you the choice of itemizing your other deductions or using the 10% standard deduction.

If you are an outside salesman, the same applies except that you should attach a list instead of separate Schedule C.

Other employees are entitled to a deduction for unreimbursed expenses in connection with their work, but expenses other than those listed below can be deducted only if all deductions are itemized instead of using the 10% standard deduction:

1. Transportation expenses in connection with your employer's business, including fares and automobile expenses. (Expenses of commuting are not deductible in any case.)
2. Meals and lodging while traveling away from home for your employer.

Form 1040 has been rearranged this year, so that although it still contains four pages a taxpayer whose income was entirely from wages needs to use only the first one or two pages. Pages 3 and 4 are for other types of income and for computing the special credits for dividends and retirement income.

The instructions that come with your tax forms give further information. Help is also available from the Internal Revenue Service, which urges you to consult a properly qualified advisor if you need outside assistance.

Next article: Don't Pay Tax on Wrong Income.

Use sand or ashes rather than salt on icy walks to prevent damaging the lawns. If you have to make a path over the lawn, retain a two-inch layer of snow to protect the grass beneath.

No matter how beautiful the snow looks on your evergreens, it should be brushed off to prevent serious damage to the plant. Knock off the ice from trees and shrubs with a clothes prop if severe icing takes place.

Keep a thick mulch of rotted leaves, pine straw, peat moss or redwood bark around both azaleas and camellias—six inches is not too deep.

Since each pound of hardwood ashes may contain the equivalent of 2/3 of a pound of ground limestone, as well as potash, and trace elements, they are a household by-product that should not be wasted. They can be spread over the vegetable garden anytime during the winter or before planting in the spring. Ashes are not complete, however, since they contain no phosphorus or nitrogen.

Production of maple syrup in Maryland last year totaled 21,000 gallons compared with 15,000 gallons in 1953. Maple sugar production in 1954 was 2,000 pounds, compared with 3,000 pounds a year earlier.

"Sing While You Drive"  
At 45 miles per hour sing Highway are happy days  
At 55 miles sing I'm but a Stranger here Heaven is my Home  
At 65 miles sing Nearer My God to Thee

At 85 miles sing Lord I'm Coming Home

Let us take a lesson from this advertisement. Fast Living may be as fatal as fast driving. The unrepentant sinner is a stranger to Heaven and there is no song in his soul to assure him that he will be there when the roll is called up yonder. Make Christ's way your way today.

### Dear Little February

'Tis said that earth's most precious gems  
Come wrapped in smallest packet.  
Let's see what little February hides  
Beneath his tiny jacket:

Here's snow and ice, and men and mice—

Oh, February's dear, Sir!

Bright days and glad, some cold, some sad;

Here's joy and mirth here's death and birth.

More happiness than sorrow;

Full moon, bright stars, the planet

Mars;  
Its pleasures all may borrow;  
With birthdays ample (Here's a sample—  
They're great, you'll all agree, Sir):  
These friends of mine:  
Saint Valentine, George Washington,  
and me, Sir!

—Annie E. Key.

### FEESERSBURG

(A Voice from Carroll)

For a long time parents have realized that the boys and girls of today are taller and have larger feet than did the children of forty years back. Now the designers of new school buildings and new school furnishings are learning this too and using the knowledge to insure junior that his desk in the future schools will accommodate his long legs and that his posture will not suffer due to furniture not in proportion to his height. American youth has steadily increased in size since 1915. Among the factors contributing to the larger sized boys and girls are the rising standard of living and better planned diets for children, control of diseases and the abolition of child labor in factories. Yet despite their larger size, children are lacking in muscles, due to not enough exercise. They ride when they should walk and watch television when they should be out playing baseball or mowing the lawn. Maybe that is the reason for the U.S. making such a poor showing in the olympics last week.

Hospital meals are never expected to be like mother's cooking but they never need be as dull and tasteless as the ones most hospitals serve. We have a suspicion that they are especially served that way to keep a patient from ever wanting to go to a hospital again.

This is the month of contributing to the March of Dimes drive. We are anxious to see if the buncing of the Salk vaccine last year will have any effect on contributions. We surely hope not, for there is still a lot to be done before the final chapter can be written on Polio.

We don't know what you think but we believe this winter has been the coldest since 1940. Even the birds think so too. Last week an owl and a blue bird took refuge from the frigid weather in the dairy barn. The rows even have the courage to sit in the pine trees close to the house. The cats look like they have even put on an extra coat of fur, while Mike our favorite dog spends most of his leisure time beside the kitchen range. "See it Now" program last Thursday evening on which he told the story of the farmer's dilemma in 1955 was skillfully and truthfully presented in simple language that no one could misunderstand. We hope many of you were watching because it was also our story.

Farmers don't have to be told that next to falling prices their greatest and toughest enemies are the insects. They are man's chief competitor for food. But the farmer can take hope for fighting this battle for him are five thousand scientists who are constantly studying new methods to battle the 800 thousand species of insects that are forever trying to exterminate man by stealing his crops. It is a whip-saw battle. For as fast as one species of insect has been conquered, another takes its place. Man has not yet been the winner either in this constant battle. Grasshoppers drove many a farmer off his farm in the mid-west and the Japanese beetle gave a good account of his specie before he was brought under control.

Dorothy Thompson in a recent interview said that in traveling all over the world she has found the best behaved children are the Russian children. In a subway or bus station a Russian boy or girl immediately stands up to give his seat to an older man or woman. In the theatres, the children are absolutely quiet during the performance. They do not speak to one another or disturb others. In the classrooms they leave the room. Russian education in deportment is such that the pre-revolutionary upper classes gave their children in private schools and under tutors and governesses. In other words, all Russian school children are being brought up as ladies and gentlemen. There is a trend here in our country, too, by the teenage boys and girls to learn more about the social graces and what is expected of them in polite society. But I doubt very much if our youth will ever return to the graceful manners of the Victorian age. Our casual way of living demands casual manners although good manners are always in style.

And speaking of style, some of the new spring hats for women look like a sofa plan without the handle. Just where, oh where, do the fashion designers dig up those crazy things disguised as hats?

We read with much pleasure the comments of the Fairview reporter about our column. We do wish that everyone that reports the news for this paper would sign what they write because we often wonder who they are as do many other readers. We enjoy all the news even though we are not familiar with many communities. Mrs. Carroll Wilhide writes the De-

tour-Keysville column; Mrs. Reta Six writes the Middleburg news but other than those two we are in the dark about the identity of our fellow correspondents. Come now, don't hide your talent under a typewriter ribbon.

Mrs. M. D. Smith on the Uniontown-Middleburg road had a cold day last Saturday for her sale, but the weather didn't keep anyone away. It was an unusual sale for all the farm machinery was horse-drawn. Some of the tools were antique and were bought no doubt as collectors items.

It use to be that only a fool parted with his money. Now everyone parts with theirs by way of the easy monthly payment plan.

There are some persons whom we never meet but we grow fond of them by hearing about them or reading the things they write. Such a person was Henry L. Mencken who died in his sleep Sunday morning. He was given the title of "Sage of Baltimore" and when he stopped writing for the Baltimore Sun paper that paper was never quite the same. A literary genius and one that Maryland can claim for her very own.

Girls: Coming up in February is Valentine Day. Plus that and leap year you can really trip the male you have your eye on...if you play it cute and smart. Free advice for what its worth.

### DETOUR-KEYSVILLE

Mary Helen and Betty Shibley have come to reside with the Edward Coshun family at Redland near Detour.

Icy weather prevented a lot of persons from coming to church on Sunday. There was no worship service at the Keysville Lutheran although 75 attended Sunday School. I understand that the offering for the Building Fund will be taken on Feb. 5th so that more people will be able to contribute. This offering is usually taken on the last Sunday of each month.

Linda Wilhide, daughter of Mr. and Mrs. Earle Wilhide, of Feesersburg is in the Frederick Memorial Hospital. She is getting along nicely but it is not known at this writing when she will be able to return to her home.

The Union Bridge Girls 4-H Club will hold an all-day meeting at the home of her leader, Mrs. Paul Bowman, on this Saturday, Feb. 4th. Mrs. Bowman will assist all who need help with their projects.

Visitors during the week at the home of Mr. and Mrs. Edward Coshun have been Mr. and Mrs. Harry Clabaugh, of Taneytown; Mr. and Mrs. Howard Smith and family, Frederick, Md. and Mrs. James Coshun, Mr. and Mrs. James Unglesbee and children, of Detour; Mr. and Mrs. Donald Baltzell, of Union Bridge and the Priest family, of near Detour. Mr. Coshun at this writing is still not able to return to his work at the Western Md. Dairy due to his back injury.

Mrs. Russell Stonieser injured her knee last week. This is the knee which gave her so much pain and trouble more than a year ago.

Visitors at the home of Mr. and Mrs. Carroll Wilhide on Sunday evening were Mr. and Mrs. Robert Simmons and family who had returned that afternoon from an overnight visit with Mr. Simmons parents in York, Pa. Mary Helen and Betty Shibley and Jimmie and Terry Coshun were also visitors.

Mr. and Mrs. Lloyd Wilhide, Mr. Jacob Myerly, Mr. Ross Wilhide and Mrs. Coral Cover gathered at the home of Mrs. Maurice Wilhide in Detour, on Monday evening. Doughnuts, ice cream, coffee and mints were served. Mrs. Lloyd Wilhide is the chairman of the March of Dimes campaign of this section and this was an ending of the drive celebration.

Quite a number of the Keysville Sunday School are attending the Leadership Training School in Taneytown held every Tuesday and Thursday nights for three weeks.

The Keysville-Detour Homemakers Club met at the home of Mrs. Robert Stine on January 25 with a good attendance of members and one visitor who was Mrs. Donald Hoff. Mrs. Mamie Erb, president, conducted the business meeting. The group voted to give ten dollars to the March of Dimes they also decided to participate in the plan to have the Grange groups and the Farm Bureau Planning Groups and the Homemakers Club serve meals to the Service Clubs in Westminster at the Agricultural Center. It would mean that each group would serve only one time during the year. The profits would go to the Agricultural Center to reduce the debt in its building. Mrs. Arthur Clabaugh and Mrs. C. E. Priest will be the ones who will go to the Slip Cover School at the Center on Feb. 15th, 16 and 17th. It is then hoped that these two will be able to conduct a slip cover school for this section. Mrs. C. E. Priest gave the demonstration on selecting a pattern. The next meeting will be held at the home of Mrs. Robert Simmons in Taneytown on Feb. 16, at 8 p. m. Mrs. Priest will then give a demonstration on "Personalizing a pattern to your own figure." There is hardly anyone who does not need to make some adjustments in the commercial pattern. Mrs. Stine and her co-hostess, Mrs. Byron Stull served delicious refreshments—swans made from cream puffs and filled with ice cream were eye-catching and good.

### THE INTEREST OF THE CHILDREN'S AID SOCIETY

The Board of Managers of the Maryland Children's Aid Society held its quarterly luncheon meeting at 12 o'clock on Friday, January 27 in the Park Plaza Hotel in Baltimore. One of the primary jobs of this agency is to develop a state-wide Adoption Program so that the best possible homes may be found for the children needing adoption. The Carroll County Children's Aid Society is a branch of the Maryland Children's Aid Society and is helping to carry out this Adoption Program.

This meeting was of particular interest since Mrs. Betty Livergood, the psychologist working with the Maryland Children's Aid Society, demonstrated to the group the tests used in determining the developments of a young baby. The baby used for the demonstration was 3 months old.

Baby Charles who was brought to the meeting from Carroll County by Mrs. Helen Brooks, County Executive of the Carroll County Children's Aid Society. Mrs. Livergood by means of special tests showed that Charles was above normal in his motor or muscular development and his verbal development and normal in his adaptive and behavior development. The tests show that Baby Charles is ready for adoption, and he will soon be placed in a home which has been carefully studied to meet his particular needs. A great deal of work on the part of many different people goes into a good adoption.

The following people from the Carroll County Children's Aid Society attended this meeting: Mrs. Robert Scott, President of the Board of the Carroll County CAS; Mrs. Alan Wagaman, Secretary; Mrs. Howard Reichard, Assistant Secretary; Mrs. Maurice Stewart, Mrs. Wilbur Shreeve, Mrs. Carroll Shunk, Mrs. Clyde Spicer, Mrs. Russell Benson and her daughter, Mrs. Russell Shaeffer, and Mrs. Harry Ditman, former board member for over twenty-five years.

## DR. TERWILLIGER TO SPEAK

Dr. W. Bird Terwilliger, Supervisor of the Maryland Division of Vocational Rehabilitation, will be the guest speaker at the next regular meeting of the Carroll County Association for Retarded Children to be held Tuesday evening, February 7, at 8 p. m., in the basement of the Davis Library.

Mr. William Hill, Rehabilitation Counselor in Frederick, Md. will also be present.

The topic for the evening will be "Vocational Rehabilitation for Maryland's handicapped." These speakers will discuss what is being done in the areas of workshops, as well as vocational help for the retarded.

Dr. Terwilliger is a graduate of Grove City College, and he received his M. A. and Ph. D. in education and English from the University of Maryland. He has served as instructor in the Franklin Day School, Baltimore; instructor in the Baltimore College of Commerce; headmaster of the Franklin Day School; educational director with the Westinghouse Electric Company, Baltimore Divisions, and vocational rehabilitation counselor before assuming his present duties as Supervisor of the Maryland Division of Vocational Rehabilitation.

Mr. Hill was graduated from St. John's College. He spent three years in the U. S. Navy, has been employed as a newspaper reporter social worker, and for the last four years as a Vocational Rehabilitation Counselor. All those interested in a vocational program for the retarded of Carroll County are urged to attend this meeting.

**Final Campaign Figures** Funds have continued to come in swelling the proceeds of the campaign for retarded children to the sum of \$7698.21. The amount collected from the different districts are as follows:

Franklin	78.11
Hampstead	463.76
Manchester	235.59
Mt. Airy	1087.83
Myers	336.85
New Windsor	576.20
Sykesville	521.74
Taneytown	575.41
Union Bridge	328.35
Uniontown	255.21
Westminster	2444.77
Woolery	824.39

It might be well to point out that in this fund drive the districts were not assigned definite quotas.

Again, the Association would like to thank the public for its generous response to the needs of our retarded. Each contribution, great or small, will help to make a brighter tomorrow for these—"God's most innocent such a great success—also to the district chairmen and the many solicitors whose efforts made this campaign such a great success—also to the press, civic and church organizations, and public officials for their fine cooperation.

Inasmuch as the public has made the members of the Carroll County Association for Retarded Children custodians of these campaign funds, it is right and proper that a report be made periodically showing how the money is being spent. At the last meeting of the Board of Directors, it was decided that a nine-passenger station wagon will be purchased for transporting children to the Westminster classes. Authority was also designated for the procurement of a folding partition for the Davis Library classroom and an electric hot plate for the Mt. Airy school and the following equipment for both schools: a tape recorder, a water table, and a loom.

The film, "Tuesday's Child" is also being purchased for use in effectively telling the story of the retarded child. It will be available for any organization wishing to use it. Further announcements concerning the use of this film will be made after its purchase.

**CARROLL COUNTY ASSOCIATION FOR RETARDED CHILDREN** MRS. JAMES R. LANGDON, Publicity Chairman.

## The heart of *BLUE CROSS* is hospital care...

BLUE CROSS is *different*. Its only purpose is to secure for its subscribers the hospital care benefits they may need. And this purpose is achieved through the unique cooperation between BLUE CROSS and its sponsoring Member Hospitals, which makes it possible for subscribers to get the hospital service benefits they need . . . instead of just dollars to help pay bills. This emphasis on *care*—not cash—is why BLUE CROSS is the *only* hospital-expense pre-payment plan approved by American Hospital Association.

Only BLUE CROSS pays so many hospital bills in full! BLUE CROSS records show that in 1954, more than 90% of the BLUE CROSS subscribers who went to the hospital (except for maternity), had their hospital bills paid for *in full* for all care in semi-private rooms in Maryland Member Hospitals. Yet BLUE CROSS protection costs little. Remember, BLUE CROSS is non-profit. Last year, 94c out of every subscriber-dollar was used or set aside to pay subscribers' hospital care benefits!

Find out today how you can join BLUE CROSS. Call the BLUE CROSS office listed in your telephone directory. Or write for information booklet, to BLUE CROSS, Dept. 1014, 200 W. Baltimore St., Balto. 1, Md.

## CLOTHESPINS ARE FOR THE KIDS

Let the kids make dolls, planes, or fences with your clothespins. You don't need them any more. Modern electric dryers have taken the place of clothespins and clotheslines.

Give away your liniment too—no more aching backs from lugging soggy, heavy clothes up the cellar stairs and out to the line. No more up-and-down, up-and-down bending from wash basket to line.

And while you're at it, give away the family almanac and crystal ball . . . now you don't have to worry about the weather. Rain, high winds, snow or hail, you can now dry clothes indoors, anytime, getting sunshine-fresh, fluffy results.

See the modern electric dryers now at your local appliance dealer or the nearest utility company store.

### Gratitude

Lesson for February 5, 1956

GRATITUDE is not a lost art; but it is a rare one. Ten men were cured of the same disease at the same time, but only one took time off to be thankful. When you hear people complaining about other people, one of the most frequent complaints is that So-and-so was not grateful. "He never said thank you . . . She took it for granted . . . They never wrote me . . . After all I'd done for them, they left me alone . . . With him it's all take and no give . . . Many of these complaints are true, although (to be honest about it) many of them come from people who aren't too grateful themselves.

Dr. Foreman

#### Why Don't They Come Back?

When Jesus cured those ten lepers, even he seems to have been surprised that only one of them came back to thank him. We don't know, but perhaps we can venture a guess, as to why nine-tenths of those men who had felt the miracle-working power of God, went their unthankful ways in silence. Once man may have thought: "Who knows? This cure may not be permanent. Better not rush around shouting Hallelujah till I see whether this cure is going to stick." Another perhaps said to himself, "Yes, I'm cured. But I'm sorry it had to be that Jesus from Nazareth. He doesn't have too good a reputation with the authorities,—it isn't healthy to be known as one of his friends. I'll play safe . . ."

Another one maybe really meant to thank Jesus; but he "lost his address" as we would say. He kept on meaning to, some day—but he never did. And perhaps still another fully intended to express his thanks, but he said to himself, "Just an ordinary hasty Thank-you won't do. I'll wait till I can do something really Big

#### Cause for Rejoicing

Curing leprosy the way Jesus cured it is a miracle in anybody's language. Most of us think we would be grateful for miracles, if and when—; but for ordinary days, the usual course of events, we don't see God's hand and we do not feel any call to be thankful. As a matter of fact, God's mercies surround us on every side. We owe him life to begin with; it was God's creative power that brought life into being, in a universe hitherto lifeless. It is God's providence that has kept the stream of life flowing down the ages; his providence that gave you the ancestors without whom you could not be what you are. When you think of the enormous number of accidents (to call them that) which might easily have prevented your being born at all, and the "accidents" without which you would never have been born on this planet, you begin to see how grateful you should be. Most people, probably, if saved from sudden death, especially if others have been killed right beside them, will breathe a trembling "Thank-you" to God.

#### Gratitude and Happiness

When Jesus said to the one grateful man, "Your faith has saved you," he was using a word that means to restore to full life. There is a hint here that gratitude is a flower whose root is faith. Also there is a hint that the thankful mind is the happy mind. People who go through the world convinced that the world owes them a living, people whose prayers are mostly "Gimme," are likely to be a little sour. The world does not give them the lush living they want. God does not answer their prayers when and as they fancy he should. So a seed of unhappiness festers in their minds. But if a man will think every day what he owes to God and to man, if it really dawns on him what a debtor he is, his mind will be bright. All this—for me? he will think; and the thought will be a seed of happiness blossoming under sun and cloud. Time spent in being grateful—in living-out gratitude, is never wasted. It is a mark of the healthy mind and spirit.

## SCOUT NEWS

## Troups Report Various Activities

Two overnight trips to Natural Dam were on the Taneytown Scouting program of Troop 348 in January, in order to take care of all who wished to go, the cabin's winter facilities being limited if everyone was to be comfortably accommodated. The weekend of the 13th was under the direction of Assistant Scoutmaster Robert L. Bowers and one of his most important achievements was to lead Grant Harman, Ronald Hopkins, John Myers, Francis Nelson, Edward Reaver, Frederick Sherman, and Larry Weishaar on the most difficult of the hiking merit badge requirements, the 20-mile hike. Scoutmaster Wilbur O. Thomas and David Hopkins remained in camp, doing the chores, test passing, and preparing supper for the hungry trekkers, while Junior Assistant Scoutmaster Harold Staybaugh came up each evening.

Thirteen lads braved the snow the following Thursday for what turned out to be a full meeting, the theme revolving around animal tracks and games of swing the rope and British bulldog. Lashing featured the 26th's meeting in charge of Thomas, morale by Staybaugh, while Bowers introduced a new and well accepted game called Fetch. John Whalen passed his Candidate test and joined the panthers led by Harman.

A number of merit badges too have been finished including Mr. Bowers, Farm mechanics, fishing, personal fitness, and poultry keeping; James Hemler, fishing and home repairs; Ronald Hopkins, fishing and home repairs; Myers, fishing; Francis Nelson, fishing, home repairs, and poultry keeping; Staybaugh, cooking; Charles Turner, fishing, home repairs, and poultry keeping; and Weishaar, fishing, home repairs, and poultry keeping. Several are aiming at completion of personal fitness, a real test of their health and athletic abilities. Explorers who earned Cooking merit badge are George Abrecht, Wilmer Barnes, Robert Fitt, Philip Garrett, and Donald Sharrer.

The Natural Dam overnighter last weekend saw a 10-mile hike taken by David Hopkins, John Knox, and Ronald Putman, who are thus well started on Hiking merit badge; personal fitness and skating claimed the interest of Myers and Reaver; and newcomer George Kreit was introduced to the purposeful pleasures available on outings such as this.

Fifteen members enjoyed swimming at the Frederick Y. M. C. A. pool Monday, transported by Bowers and Thomas, several completing the personal fitness requirement of a 100-yard swim, or the time requirement of a distance to be swum for Athletics. Boys who made the trip, a popular excursion, were Roy Chapman, Harman, Hemler, David Hopkins, Ronald Hopkins, Myers, Nelson, Donald Reaver, Edward Reaver, Frederick Sherman, Lee Sherman, Weishaar, and Whalen.

Next big event is the Record hop Feb. 11 in the high school, while a program will have been prepared for the Cub covered dish supper the preceding Thursday.

## ABERDEEN ANGUS BULLS AND HERD UNITS

A good prepotent young Angus bull by one of our three famous herd sires could add many dollars to the value of your next calf crop. Priced from \$350. A really good bull always pays big dividends.

For as little as \$3850 you can own one of our Kinloch Quality Foundation Herd Units made up of five Aberdeen Angus Cows of outstanding breeding, each safe in calf to one of our great bulls and a Kinloch-Bonded bull to go with them. The right start in the purebred business will save you many years and thousands of dollars.

Our bulls and herd units are proving to be profitable investments for Angus breeders from Canada to Florida.

Come to Kinloch and see what we have to offer you. Either Jim Hartley, our manager, or I would consider it a privilege to confer with you regarding your needs.

If you are self-employed, you can arrange with your bank to buy a Savings Bond for you each month, deducting the amount from your account.

U. S. Savings Bonds help keep America strong. But they'll also strengthen your own economic defenses, and help maintain the future security of yourself and your family.

For the first time in nine years overall world agricultural production did not increase last year as North American output fell slightly and production in the Middle East and Asia failed to maintain its recovery of recent years. Overall decreases were small, however, and South America showed an increase in production not quite sufficient to offset the decreases elsewhere.

Your purchase of Savings Bonds helps your government control inflation. But more important, it helps you prepare for a secure future.

Just before the American Revolution, German immigrants and their descendants in the colonies numbered more than 300,000—ten percent of the colonial population. More than 1-500,000 Germans reached here before the Civil War. Another four million have settled among us since. Today, writes Albert Q. Maisel in the current Reader's Digest, at least one of every six Americans can trace his ancestry to German-speaking immigrants.
