EASTER OBSERVANCE IN TANEYTOWN

Business Places Closed As Usual Good Friday 1 to 3 P. M.

EASTER DAWN SERVICE

Easter will be welcomed with a worship service in Trinity Lutheran church, Sunday morning at sunrise. The program prepared by and sponsored by the Kiwanis Club of Taneytown will begin at 6 a. m.

Rev. Stanley Jennings will deliver the sermon. J. Darrell Nelson will read the scripture and Howell Royer will offer the prayer.

Two anthems will be sung by the Ki-Wives and a duet will be sung by David and Kenneth Reifsnider. Everybody welcome.

EASTER AT GRACE CHURCH

On Sunday evening at 7:30 the Sunday Church School of Grace Evangelical & Reformed Church will present its annual Easter program in the parish house. This program will highlight the congregational observance of the greatest day of the Christian Church.

An Easter pageant, "To This End", written by Lucille Green will be given. In a most dramatic and human way the story of the Crucifixion is told as it affected the lives of Pontius Pilate and his household. The conflicts of character of those who played their parts in the last hours of Jesus Christ are skillfully portrayed. The tension mounts to the moment of the Crucifixion. And the pageant ends on a high note of hope with the news that Jesus is risen.

This is a powerful and moving drama for the Easter Season. The events from Jesus' appearance before Pontius Pilate to the moments of his death and Resurrection are related in such a manner that one has the deep feeling of being actually present as the whole thing took place high unto 2,000 years ago.

The characters are Pontius Pilate, Neal Powell; Claudia, Mrs. Otis Shoemaker; Rhoda, Mrs. Harry Mohney; Leah, Mrs. William Airing; Paulus, George Motter; The High Priest, Geo. Fream, and Joseph of Arimathea, Wilbur Thomas.

In addition to the pageant there will be an exercise of welcome and a song by the Nursery and Beginners, and a song by the Primary and Junior children. There will also be several congregational hymns.

The committee arranging the program consisted of Mrs. G. Emerson Rue, Miss Margaret Shreeve, Mrs. Carol Frock and Mrs. Harry Clingan. Everyone is most cordially invited to witness this program and to be thereby spiritually enriched.

EASTER CANTATA

An Easter Cantata entitled, "Our Living Lord" will be presented by the Uniontown Lutheran Parish choir on Easter Sunday evening, 7:45 p. m. at the Uniontown Lutheran church. This same cantata will be given on Easter Monday night, at 7:45 p. m. at the Mt. Union Church. The choir is under the direction of Mrs. Blaine Broadwater. THE PASSOVER

During this week Jews the world over are celebrating the Passover commemorating the great and dramatic event in history when the Jewish people were delivered from Egyptian bondage. Under the leadership of Moses they were able to return to their homeland after having been the slaves of Pharaoh.

A feature of the festival is the eating of Matzoahs, or unleavened bread, depicting the hurried departure of the Jews from Egypt, at which time they ate hastily baked unleavened wafers from non-fermented dough. Another highlight, so to speak, is the eating of the bitter herb, symbolizing the bitterness the Jews underwent when slaves to Pharaoh in Egypt.—From Rabbi Louis Axelrod.

The Grand Chief's husband accompanied her; Mr. Harding being a Past Grand Chancellor of the Knights of Pythias, gave a very interesting talk about the small Temple being very essential to the whole organization of Pythian Sisters.

The next meeting will be held on Monday evening, April 9th, at 7:30 P. M.

No man ever sank under the burden of the day. It is when tomorrow's burden is added to the burden today, that the weight is more than a man can bear. —George Macdonald

CHARTER NIGHT

Organizational Meeting of Jaycees May 19

At the regular monthly meeting of the newly organized Junior Chamber of Commerce of Taneytown, Presided over by President, Edward Sauble, plans were put under way for the observance of the Chamber's Charter Night to be held Saturday, May 19, 1956. After much discussion as to the place for this first important project it was decided by the members that they would prefer to hold this occasion in our own community if at all possible. The following committee was appointed to investigate the possibilities of obtaining adequate facilities for the banquet and dance in Taneytown: Chairman, Robert Boone, Harry Dougherty, Jr., Delmont Koons, Jr. Other committees appointed were: Menu, Chairman, James Fair, Elwood Fream; Orchestra, Clarence Harner, Chairman, Thomas Phillips, Robert Waddell; Invitations, Chairman, Keith Brown, John Myers and Elwood Harner.

A report from the chairman of the new driver committee showed that this project is off to a very successful start. This fact along with the increasing membership shows the enthusiasm that can make this group a very useful and constructive civic organization in the community.

Several representatives from the Westminster and Frederick Jaycees were present to observe the meeting. Mr. Lloyd Hoover from Frederick, who is the National Director from Maryland Jaycees was also present. Mr. Hoover offered several aiding suggestions for the success of the group and ended by giving the members a preview of the coming State convention to be held this year at Hagrestown, Md.

The President appointed Marlin L. Rittase as Publicity Agent for the Chamber.

Although this meeting was the deadline for charter members, the Jaycees are constantly looking for new members to strengthen the organization. Any young man of good character, between the ages of twenty-one and thirty-five years of age is eligible for membership.

I. O. O. F. DINE

The Carroll County Past Grand Association of the I. O. O. F. met in the Firemen's Hall in Harney, Md., last Thursday evening, March 22nd, at which time they were served a splendid banquet by the Ladies Auxiliary of the Harney Fire Company. The meeting was very well attended, the Hall being about filled to capacity with representatives from localities in both Pennsylvania and Maryland.

The invocation was given by Merwyn C. Fuss. After the conclusion of the meal a very enjoyable program was presented.

Greetings were extended by the President of the Association, Harvey Noy.

With Chairman Walter Hiltbrich presiding, the following groups presented several numbers each:

BROTHERHOOD TO MEET

The regular monthly meeting of the Trinity Lutheran Brotherhood will be held April 4th, at 7:30 p. m. The Cub Scout Pack #714 will have complete coverage of the evening's program. The Cub Master is Kenneth Shorb and the Den Mothers are Mrs. William Airing, Mrs. Myron Tracey and Mrs. Kenneth Shorb. At the present time there are 22 Cub Scouts in the Pack. The leaders of this worthwhile cause certainly are to be commended for their untiring efforts they put forth in the continuance of this fine program. The proceedings of the evening's program will be along the same lines as a regular Pack meeting. It is hoped that all members of the Brotherhood are present, first—for the reason that they are the sponsoring organization of the Cub Scout Pack and secondly, everyone should know the training and leadership these boys are getting at such an important time of their lives. We look forward to a large attendance.

The Brotherhood members are also reminded of the Mission Fund Project and the part we are asked to play in the fulfillment of the goal which has been set forth by the Maryland Synodical Brotherhood. Please bring the envelopes with your contribution or drop them in the collection during the church service on Sunday morning.

The committee in charge of the Fellowship Period for this meeting is Albert Wilhide, Chairman, James Fair and Merle Ohler. Let's attend and see our Cub Scouts in action.

MEETING OF THE CHAMBER OF COMMERCE

Program Centered Around Theme "Keep Maryland Beautiful"

Business places will close Good Friday from 1:00 P. M. to 3:00 P. M., the same as has been the practice for the last 10 years or more.

Taneytown Chamber of Commerce meeting Monday night presented a fine program to members of the 4-H Club, Farm Bureau, general public and its members. This being "Keep Maryland Beautiful" Week, we were happy to present Mr. John Clark, chairman of Maryland State Committee. He presented an interesting and informative talk and showed slides of the task before us, as we as individuals can achieve. One year's work has shown tremendous strides toward a more beautiful Maryland.

A committee was named by President Fuss to head the "Keep Maryland Beautiful" campaign as representative of the Chamber of Commerce. Mr. Harvey Dickerson is chairman.

The local Chamber renewed their membership in the United States Chamber of Commerce.

The industrial committee reported that several advertisements of an industrial nature have been placed in large city papers.

Mr. E. W. Dunbar will show a film at the regular meeting in April produced by the Aluminum Company of America.

FLORENCE KEPPEL TO SING AT TANEYTOWN ELEMENTARY SCHOOL

The Taneytown Elementary P-T. A. is privileged to present "Behind The Scenes At The Met" by Florence and Paul Keppel, April 12 at 8 p. m., in the Elementary School auditorium.

Mrs. Keppel, the former Florence Kirk, of Philadelphia, was one of America's brilliant young sopranos with the Metropolitan Opera Company, The Philadelphia Orchestra, New York Philharmonic-Symphony and San Francisco Opera from 1941 to 1949. During that time she made her debut as Lady Macbeth in Verdi's "Macbeth", was the soloist in Mendelssohn's "Midsummer Night's Dream" and Beethoven's "Missa Solemnis" and "9th Symphony", and took part in Puccini's "Girl of the Golden West".

Newsweek magazine of December 11, 1944 praised her very highly as she sang in Mozart's "Don Giovanni" with such world-acknowledged masters as Enzo Pinza, Salvatore Baccaloni, Eleanor Steber, Charles Kullman, Nadine Conner and Mack Harrell. The article mentioned that "Miss Kirk took over the stage with an authority and poise which marked her as a singing actress with a great future."

The San Francisco Chronicle, Oct. 1943, stated she is an "artist of ex-

traordinary caliber, a splendid singer". She rejoices in a large, free, clean sounding voice, excellent musicianship, and a thorough matching of vocal capabilities.

The San Francisco Examiner stated "The production produced a real find in Florence Kirk".

Our own Baltimore Sun of April 1937 stated "A remarkably fine soprano whose high tones and diction entitle her to great fame and career."

Baltimore News Post wrote "a comely and clever actress, and the possessor of an agreeable soprano of sufficient volume and expressive timbre".

Internationally, Mrs. Keppel appeared on the stages of Teatro Colon, Buenos Aires; Teatro Municipal, Rio de Janeiro; the Greek National Opera, Athens, Greece; the Turkish National Opera, Ankara, Turkey, and in Havana, Cuba, and Mexico City, Mexico.

Mrs. Keppel and daughter spent 5 years abroad with her husband as he was associated with the State Department administering the Economic Aid program in Rome, Italy and Athens, Greece. Because of her keen interest in and her intimate association with the stage the Taneytown Elementary School Parent-Teachers Association considers itself most fortunate in procuring the gracious services of Mrs. Keppel.

The tickets will be obtainable through the teachers of the Elementary School, the P-T. A. officers and members.

Ten cents used to be big money. How times have changed.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's, greatest wealth! I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

It surely was a day out for "The Irish" and this Observer never realized there were so many Irish in Baltimore. Standing at the corner of Lexington and Liberty viewing it all from a grand place, I was amazed how many beautiful girls there were, too, especially the nurses from St. Agnes hospital. The day ideal with a sun shining on all participants.

There is always a jovial spirit in any crowd where the Irish are and this time, most all, in fact, I can state "all" were most serious as they marched along with no laughter at all. I missed the big grins that always accompany the Irish. It was the first St. Patrick's parade in almost fifty years and am glad it has again started here in Baltimore and that New York will not be able to boast that the city of New York excels all others.

The onlookers were in the thousands and business for the time being was at a standstill. There's something about the parade that quickens as the song, "I Love A Parade!" All the songs which were played were quite appropriate tunes and who does not love an Irish melody. Eh? So you see what an Irishman can do if he wants to. God love the Irish as that nice Bishop Sheen would say!

Whatever you do, folks, don't miss the movie called, "Never Say Goodbye!" with the German actress, Cornelia Borchers. Rock Hudson took the leading male character and it truly was the best drama for many a day. It was real acting and this columnist could really see it again. If that German gal does not win an Oscar, I'll be more than disappointed.

England handed her one for the show, "The Divided Heart." "Never Say Goodbye" will please the ladies in every detail for it is full of real romance about a married couple. I'll leave the rest to you.

And again you will see that sweet 22 year old country girl, Shirley Jones in "Carousel" just as in Oklahoma. Think of it, from a soda fountain to two of the biggest shows! Just like a dream come true! Her singing voice is sweeter than in Oklahoma and she shows more signs of dramatic ability, too. She is so winsome and natural, this little country "Miss" from the state of Pennsylvania. It will leave you humming "June is Busting Out All Over" and "You'll Never Walk Alone" as you leave the show and you will feel lighthearted and gay! Don't miss it!

There's a new Miracle-Ear on the market today and the best part, no struggling wires or cords or special garments, simply place Miracle-Ear in your ear and hear. Remove it in a twinkling. It is simply out of sight no matter what coiffure. "Dahlberg" is the name and the consultant is Jack L. Barnard, 20 E. Fayette St., Baltimore. You do not have to make an appointment.

All of those who are TV viewers of "What's My Line" were shocked at the sudden death of Mr. Fred Allen, one of the former panel. But, "The Show Must Go On" and it did just that on Sunday night at 10:30 p. m.

No doubt, many were shocked at the snow storm but you can really be glad for it means not so many bugs this summer!

Don't miss the TV "The Big Surprise" at 7:30 on Saturday evenings of the little but answers the questions on "The Stock Market" and he is from the Windy City!

Mrs. Housewife, be sure and always have the excellent cleaner, "Easy Off" which will make your oven like new and even to your old aged frying pan if it is an iron one. Just follow the simple directions on the bottle and you will never do without it. Any hardware store has it or the five and dime.

Hope you did not miss reading the wonderful article in "Coronet", "A Brother's Gift of Life." You will never forget that one and also the big surgeon.

Be sure you start your Spring cleaning now and if there is papering or painting to be done now is the time before the mad rush starts when you won't be able to secure a paper-hanger. Then complete one room at a time with the exception of hanging the summer curtains and that you can do when the entire house is in order and make a day of just hanging the sheer curtains. This means you will be outdoors so much more and early in the season.

So long, folks. Have a grand Easter week with all the kiddies at home. Go to church and do keep it up 365 days a year. Until next week, D. V., I am,

Faithfully,

YOUR OBSERVER.

BOARD MEETING OF THE T. B. ASSOCIATION

The Board of Directors of the Carroll County Tuberculosis Association will meet on Monday evening, April 2, at 7:30 p. m., in the office of the Carroll County Medical Center, Westminster.

Foremost on the agenda will be a discussion of the proposed bi-county area association to include Carroll and Howard Counties.

Following the business meeting, the program and budget committee, Mr. Charles Stonesifer, chairman; the X-Ray Committee, Mrs. Paul Lawyer, chairman; and the Nominating Committee, Mr. P. G. Coffman, chairman, will meet to lay plans for the fiscal year.

CAUSE OF THE TROUBLE

Secretary Benson, among many others, has frequently expressed concern not only over the current prices received by farmers for their produce, but over the "spread" between what the farmer receives and what the consumer pays for food at retail. In one recent speech he pointed out that a wage increase granted last August to packing industry workers will add some \$50 million a year to that industry's operating costs. And the increase, he added, is in large part being paid for by farmers and ranchers, who pay by taking lower prices for livestock.

What should be realized is that the packers cannot absorb increases in their overhead—whether they result from higher wages or any other cause. That \$50 million jump, for instance, is greater on an annual basis than the earnings of the entire packing industry in 1954. Packers' profits have been averaging less than a cent per dollar of sales. This, industry, like most others, has had to deal with severe problems of rising costs over a long period of time.

Jay Hayden, the well-known Washington columnist, recently wrote, "The farmer's trouble is, simply that his production has gone up even faster than city appetites and ability to buy." Any such dislocation in the relationship of supply and demand inevitably forces prices down. A bright spot is found in the fact that meat consumption has been extraordinarily high, due in part to the aggressive promotional efforts of packers, retailers, and others. There is every prospect that the supply-demand situation is due for improvement—one reason being that when prices fall, farmers traditionally cut back on production.

GRASSROOTS OPINION

NORWICH, N. Y., UNION: "There are few folks, these days, who take pride in their ability to do without the things they cannot afford."

BEAVER FALLS, PA., NEWS-TRIBUNE: "The Chinese Year of the Monkey—4,654—has just begun. The year of the Sheep has just ended. One could wish that China's subjugated millions, instead of knuckling down to their Red overlords like sheep, would emulate the monkey during the coming year. For monkeys are individualists. Moreover—monkeys can bite!"

LOVINGTON, N. M., LEADER: "... As long as men are forced by the 'union shop' to join a union and pay dues to that union in order to hold their jobs, the union has no moral right to use one penny of those dues for political purposes..."

ABILENE, KAN., DAILY REFLECTOR CHRONICLE: "A good thing to remember in these days of all kinds of 'federal aids' is that the Federal government hasn't got a dime that it doesn't take away from the people. So it can't give anything to a school system, building programs, county welfare, flood control, crop surpluses or anything else without first having taken it away from the people."

WEST GROVE, PA., INDEPENDENT: "... If we could only earn 1956 wages, pay 1925 prices and 1915 taxes, we would be sitting pretty."

PRESCHOOL ROUND-UP

The annual preschool round-ups are now under way and many children are being enrolled for the first time in the elementary schools of Carroll County. Experience shows that these round-ups contribute greatly to the health program in the schools. It is the time when parents are reminded to take their children to their family physicians and their dentists so that they may have physical and dental "check-ups" before entering school in the fall.

By means of the conference with the teacher and nurse, the parent has an excellent opportunity to discuss any health problems so that they may be brought to medical attention. It is important that parents be urged to take their children to their family physician, preferably in the spring or early summer months, so that any correctable conditions may be given proper attention before the beginning of school in September. Recommendations of the physician are highly important to the teacher and to the nurse in helping the child to achieve optimum adjustment to his new school experience. Many physicians prefer not to give inoculations or to perform vaccinations during the summer months. Therefore, it is highly important that parents take their children to the physician in the spring or early summer months so that these required preventive measures may be taken.

ABSENTEE VOTING

PRIMARY ELECTION—May 7, 1956
General Election—November 6, 1956

If you have a friend or relative in the Armed Service of the United States or who is a member of the Merchant Marine, the War Shipping Administration, the American Red Cross, the Society of Friends, the Women's Auxiliary Service Pilots or the United Service Organizations, attached to and serving the Armed Forces outside of the United States, but who is eligible to vote in Maryland, you should procure a form for application for a ballot to be cast by an absentee voter and forward it to that person in the service.

The request for a ballot can be made only by the person wishing to vote, but you, as a friend or relative, may procure from the Office of the Secretary of State, Annapolis, Maryland, or from the Board of Election Supervisors in Baltimore City or in any county the request forms to be used by service personnel and other eligible persons.

You can help your friends who are absent in the service to exercise their right of franchise by procuring and sending to them the form upon which they may request a ballot. Ballots are now ready for mailing for the Primary Election to be held on May 7, 1956.

OUR GALILEEAN KING—EASTER

Another Easter Sunday is here—
The grandest day of all the year!
A day when men and Nature sing
Praises to God, our Nation's King!

To-day our God proclaims to earth
The tidings of a second birth;
The welkin rings, and praises rise
To Him who dwells up in the skies!

The trees, the flowers, the earth, the sea
Hail Him who lived in Galilee!
Our Great Redeemer, God, and Friend
Whose love for man shall never end!

He told us He would come again,
That He, a King, was born to reign,
When men are made ready for the world
O'er which His flag shall be unfurled.

Love, not hate shall then prevail—
No need for prisons or a jail!
This earth, from pests, shall be made free,
By Him who lived in Galilee!

Jesus came to show us the way
Which leads to the Eternal Day;
He said to all peoples: "Follow Me!"
"I have come to set you free!"

The "valley of death" has no terrors to-day
Since Jesus came to show the way;
That man was made to come here and die
Is nothing but a baseless lie.

It is the false ego, the devil in man
Who seeks to change God's immutable plan;
Man is like Him, and destined to be
A god among gods through eternity.

At Easter, God says: "You shall live again!"
Flowers are His angels who tell it to men;
The false Ego says, "That is not true";
But God says, "This is My message to you".

When the great Hallelujah Chorus is sung,
And our "harps on the willows have been hung,"
We shall know to be it was who set us free;
It was Jesus, Who lived in Galilee!

ALUMNI BASKETBALL TEAM ENDS SEASON

The Taneytown Alumni Basketball team draws this season to a close by winning 13 games out of 19 played. The team won 4 lost 2 in practice games played before the season started.

The team journeyed as far as York, Pa. and Quincy, Pa., and played all their home games on the local High School floor every Wednesday night.

A great deal of credit should be given to Charles Unger, Jr., the manager of the team, for the time in which he spent with the team.

The captains for the team were Dean Nusbaum and Kenneth Frock. The team will be trying to get into a league next year in a nearby community.

SPRINGTIME

There is no time like Spring
When life's alive in every thing.
—Christina Rossetti

With each returning year, higher
joys, holier aims, a purer peace and
diviner energy, should freshen the
fragrance of being.
—Mary Baker Eddy

For, lo, the winter is past, the rain
is over and gone; the flowers appear
on the earth; the time of the singing
of birds is come, and the voice of the
turtle is heard in our land.
—Song of Solomon.

MORE WIDOWS THAN WIDOWERS

On the national average, women
live 6 years longer than their husbands
and are about 3 years younger,
making a 9-year difference in the life
expectancies of average couples. Thus
13% of women are widows while only
4% of men are widowers. Add this to
the fact that men leave their estates,
large and small, to their widows and
you see why so much of the nation's
wealth is in the hands of women.
—The Kiplinger Letter.

the pants, some other woman gets to

CURRENT EVENTS FIFTY YEARS AGO

To the stranger in Taneytown, "hog day" is a revelation. Last Monday, at one time, there were about thirty wagons lined up waiting to unload porkers of all sizes. The railroad company has provided excellent facilities for handling the cattle business, even if it has not been so accommodating in other directions. The office force and passengers, are scarcely as well provided for as animals.

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. The winning Ford threaded its way over the tough and twisting course averaging better than 40 mph. Through the heat of Death Valley and over the chilling height of an 11,000-foot mountain peak... through

the gas-eating stop-and-go of city traffic and over the straight-line open road... Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chance for all cars in each class regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Bless they who seek
While in their youth,
With spirit meek,
The way of truth.
To them the Sacred Scriptures now display

Christ as the only true and living way
His precious blood on Calvary was given

To make them heirs of bliss in heaven.
And e'en on earth the child of God can trace

The blessings of his Savior's grace.
For them He bore
His Father's frown;
For them He wore
The thorny crown,

Endured its pain,
That His life's loss
Might be their gain.
Then haste to choose
That better part,
Nor e'en refuse
The Lord thy heart,
Lest He declare;
"I know you not".
And deep despair
Should be your lot.

Now look to Jesus, who on Calvary died,
And trust on Him who there was crucified.

FEESERSBURG

(A Voice from Carroll)

The other day our teen-age daughter asked me if I believed in fate. What prompted the question I do not know but I gave her a serious answer. I do believe in fate to a certain degree long enough. There is plenty of proof that fate plays a hand in the game of life. How often we have wanted and schemed for one thing and received another. Columbus searched for the East Indies and found America. We aim at certain things at the beginning of our adult life and wind up with something entirely different than our intended goals and aren't then our intended goals are surprisingly it works out all right. By chance we meet certain people who greatly influence our entire life. By accident we become interested in certain subjects which gives us a brand new hobby or career. Illness or accident often makes us change our entire way of living. So many things occur which we can in no way control yet these things have a direct bearing upon our life. This is what many people call fate or kismet. But we should remember when fate deals us a hard not to our liking, that half the things we think are wrong, turns out to be the very best thing for us.

Why worry about which side of the bread is buttered when you have to eat both sides anyway.

By reading the papers and maga-

zines I see that the American Medical Association is still opposing any program that helps their patient meet the rising medical costs. Not until a few months ago were we brought face to face with the terrific cost of a serious illness. Three weeks in a hospital can certainly play havoc with one's finances. Twenty years ago I remember that a doctor was concerned and helpful if his patient was ill a long time and his income limited. A doctor made his bill as small as possible and allowed the patient to pay on the monthly basis. No doubt there are still doctors of this kind. I do know that there are many medical men concerned about the high fees their colleagues charge and the uncertainty they feel about the patients' inability to pay such fees. There is no doubt about it but that the medical profession has monopoly and a perfect one at that. They can charge what they please and they can govern the amount of competition they have by allowing only so many medical students in the medical schools. This is always denied by the AMA but nevertheless it is true. Of course not all doctors are dollar hungry. Many are idealists and are doctors because they want to free man from suffering and from disease. They are mentally and spiritually attuned to their patient's needs. But unfortunately this type of doctor is in the minority. Physicians and patients both have much to lose and nothing to gain if a full fledged war ever develops between the doctors who want to maintain today's status-quo and the extremists who advocate Nationalized medicine. But the only way this fight can be avoided is for the AMA to face up to the truth that the average family can not afford the present cost of being ill.

Standard Brands Inc. announced last week a reduction of three cents in coffee per pound. They give as the reason a decrease in the price of green coffee. But it is my opinion that when coffee goes over a dollar per pound the housewife stops buying it and uses either tea or milk. It just seems that paying any more than a dollar throws the entire budget out of gear. Since there is actually no food value in coffee it seems like a waste of money also.

The Dramatic Club of our local school is rehearsing a play which will be presented some time in April. The public has always responded to home talent and the play should draw a capacity crowd.

People are learning that there is a big difference between the first day of spring and the first spring day. About the only reassuring thing about this weather pattern is that this surely must be spring because there are so many sales, and so many people moving. Also that the spring birds keep singing even though they have nothing to sing about.

Although winter keeps hanging around like an unwanted boy friend, never-the-less the house is crying for a spring cleaning. Along about this time each year the walls need redecorating, the curtains need a soap and water bath and the floors some scrubbing and waxing. But as long as the furnace is going and the north wind blowing the house will have to wait.

On April 6th the County school orchestra and band will present its annual concert in the Westminster high school. The public is cordially invited to attend. This even gives the people of Carroll County a chance to see and hear the musicians of all the schools brought together at one time. It also is a chance to see the music directors of our public schools who always do such fine work with the musical talent of our boys and girls.

The Christian world will celebrate Easter this coming Sunday. While it is the most Holy of holidays it sometimes appears that the rabbit and women's gay hats receive more attention than the person who was responsible for Easter being possible. Do we go to church on Easter to hear once again the message of hope or do we go to see and be seen in our new finery? It may be a combination of both although we don't pretend to judge people's motives. It is quite noticeable though that the churches draw larger congregations on Easter. We have noticed lately that many people have changed their attitude toward the idea of "Everlasting Life". The progress of science and the changes in our social structure have caused many to alter their viewpoint. Nature itself proves that life does go on and on, in some form or other. Even the clergy is changing its interpretation of Easter and its meaning, but it matters little how man translates the message of the Crucifixion for it will forever remain a mystery until the end of time.

Opinion on modern art is divided. Some people think it's a waste of time. Others think it's a waste of paint. We think it's a waste of both.

DETOUR-KEYSVILLE

First—a most important correction. Mrs. Carroll Dougherty and not Mrs. Carroll Wilhide has been nominated for President of the Keysville Lutheran Church Women.

Visitors with the Carroll Wilhides on Thursday, March 22 were Mr. and Mrs. Walter Gill, Joan and David, of White Hall, Md.; Mr. and Mrs. Bill Dilley; Mrs. Luke Dilley, of Silver Spring; Mrs. Miss Mabel Sharrer, of near Detour; Mr. and Mrs. Robert Simmons and Stevie, of Taneytown. Sunday visitors at the same home were the Simmons family, Mr. and Mrs. Robert Harrell and Teresa, of Baltimore and Mrs. Maurice Wilhide, of Detour, Marian Priest and Eileen Kiser and Audrey Wilhide.

The High School Group of Christian Endeavor, of Keysville is planning to attend the Easter sunrise service as a group on Sunday morning at 6 at the Union Bridge Brethren church, in Union Bridge.

The Junior C. E. still plans to have its meeting at the Keysville church, at 7:30 on Sunday evening.

Mrs. Frank Delaplaine, of near Detour has been quite ill. I understand Mrs. Bessie Myers has been helping out at this home.

Earl Roop, of near Keysville, who broke his back on March 5, was able to return to his home last week.

The sale of Mr. and Mrs. Roy Kiser near Detour, was well attended on Thursday. I understand the Kis-

ers have moved to their home in Taneytown.

Gregg Kiser, of near Keysville, is improved after having taken a turn on the sick list.

Mrs. William Topper, the former Miss Carmen Austin, daughter of Mr. and Mrs. Upton Austin, former residents of Keysville, became the mother of a big twin boys on March 22nd. Congratulations to the Topper family.

Charles R. Fleischer and his daughter-in-law, Mrs. Louis Fleischer, of Baltimore, were recent Sunday guests of Mr. and Mrs. Clyde Wilhide and family.

The "Lutheran" a church magazine has been subscribed to by the Keysville Lutheran Church for most every family in the congregation, of course, the church will not refuse taking the price of the subscription if anyone offers it, it would be very helpful if only the story inside the front cover is read, it is worth the price of the subscription, however the magazine as a whole is very worthwhile as far as religion, education, news and general interest is concerned. This is a weekly magazine.

Mrs. Mary Coulson, of Hanover, Pa., was a week-end visitor at the home of her daughter, Mrs. Arthur Clabaugh and family, in Detour. She came to assist while Mrs. Clabaugh was to be in bed with a very heavy cold.

Mrs. Alice DeBerry, of Keysville, who had taken a turn at being in the hospital and after her return spent some time with her daughter, Mrs. William Stambaugh and family, has returned to her apartment in the home of Mrs. Daisy Dinterman.

Recently Mr. and Mrs. Edward Coshun and son, Terry, went to Lancaster, Pa., for Mrs. Coshun's regular visit to Dr. Locke. They also stopped for a visit with the Coshun's cousins Mr. and Mrs. Mehrle Wilhide at their Trailer Camp at York.

Word received by C. E. Priest and family from Mr. Priest's sister, Inez, of Herscher, Ill., revealed a frightening experience for her and her family. A 30 inch underground gas pipe exploded about two blocks from her home at about 10 o'clock at night. The family fled from the dwelling. The heat took all the paint off of the buildings and the hog house was set on fire. Flames could be seen for as far away as 100 miles. Mr. Priest's parents had just arrived at Inez's home that evening for a visit.

Mr. and Mrs. Raymo. Fogle and their son-in-law and daughter, Mr. and Mrs. Munshor, of Westminster, visited with Mr. Fogle's sister, Mrs. Edw. Coshun and family at Redland, on Sunday.

Mrs. Verna DeBerry spent Thursday at the home of T. C. Fox, in Keysville. Thursday afternoon visitors at the same home were Mr. and Mrs. Dalice Shriver, of Littlestown, Pa.

On Tuesday, Mrs. Edward Coshun took Betty Shibley to the Johns Hopkins Hospital in Baltimore where she will have her tonsils removed either Wednesday or Thursday.

Mrs. Maurice Wilhide spent one day last week with her daughter, Mrs. Charles Minnick of Union Bridge. Mrs. Minnick's granddaughter, Teresa Reynolds, is spending some time at the home of her grandparents while her mother, Mrs. John Reynolds, of Richmond, Va., is in the hospital, where she gave birth to another little girl on March 23rd.

The Keysville-Detour Homemakers Club held its 24th meeting at the home of Mrs. Loren Austin in Detour on the 15th. Mrs. Robert Stine and Mrs. Mark Baumgardner gave a demonstration on ironing. They showed how you should sprinkle clothes for easier ironing. The group agreed to serve a meal to a service club in Westminster at the Agricultural Center on Aug. 29th. Mrs. C. E. Priest took charge of the business meeting in the absence of the president, Mrs. Mamie Egb. The next meeting is to be held at the home of Mrs. Carroll Wilhide on April 19th.

Mrs. Mark Baumgardner was a visitor at the home of Mr. and Mrs. Edward Coshun on Monday.

Mrs. William Weishaar is still on the sick list.

Roxanne, the little daughter of Mr. and Mrs. Albert Stine of near Keysville, is having to make more trips to the doctor and to the hospital.

Christ Lives

Lesson for April 1, 1956

"CHRIST is risen!" The words will be said and sung many thousand times this Easter. What do they mean? Let us leave out of sight all those to whom the words mean nothing but a vestige of superstition at the worst, a picturesque symbol of something altogether different, at best. What do these words mean to those who do believe them? It is possible to believe this sentence literally and firmly, and yet be as dead to their joyous meaning as if they were a weather report of 40 years ago. They portend a miracle; but yesterday's miracles may not be especially interesting. Do you feel a kind of rapture on reading about the frogs in Pharaoh's palace, the miracle-fogs? Does it help your malaria to read about the cures St. Paul did at Ephesus?

Yesterday's miracles may even be discouraging, just because they are yesterday's. The Resurrection of Christ is not in a class with any other miracle. For the early Christians it was THE event of history.

The Opened Eye

It is no accident that the church says and sings, "Christ is risen" more often than "Christ rose." The Resurrection is a kind of contemporary miracle. It has many meanings, but consider three of them, in the lives of the plain people who first experienced the truth of it. Remember, the Resurrection was nothing they had been looking for, nothing they had the wit to invent. It came as a shock, it upset all their ideas, it remade their world. First of all and including everything else, the Resurrection means the presence, here and today not less than there in the dawn of Christian time, the presence of the living Christ, the present companion of all who love him. First of all, his presence there in Emmaus and indeed on

the road across the hills, meant the opened eye. With him for guide, the man Cleopas and his friend saw things in the Scriptures they had never seen before. The Scriptures like a closed gate, opened to their inward eye. Then in the supper-room as the bread was broken, again their eyes were opened, and they knew him. So the risen Christ today and always opens the eyes of men; inspired by him, we understand God's Book and God's Son as we can never do alone.

The Burning Heart

The second thing the disciples felt was a burning heart. John Calvin invented a coat of arms for himself, showing an outstretched hand and a burning heart, offered to God. It might serve as the coat of arms for all who have felt the presence of the living risen Christ. Two young men were arguing about the Resurrection, and they were greatly puzzled about it. They asked a much older man what were his reasons for believing it to be true. "Why," the old man said, "I just talked with Him this morning!" Life gains a warmth, a flame, from contact with Christ as from no other contact possible. Jesus as a historical character excites our curiosity, our imagination. Christ as a problem in theology excites us to think. But Christ as a living presence sets life on fire. Who are the people who witness most enthusiastically about Jesus? They are the ones who will sing, "He walks with me and he talks with me..." That Jesus lived is interesting and important. That he lives, lives now, in me—that is life-changing.

The Hastening Feet

All around the world this Easter churches will be ringing with song and bright with flowers. In the most unlikely places, there are Christians. You will find that those churches in far places were started there by men and women who believed in and knew the risen Christ. If there is a church which calls itself "Christian" but does not believe in the Resurrection, its Christ is as dead as any other bygone hero. Such a church will not send many missionaries. A dead Christ hurries no man's footsteps, eases no man's burden, lights no man's hour of sorrow. Only the living Christ kindles the burning heart, opens the blind eyes, sets men's feet upon a rock, and sends them out, like the first Christians, to challenge a world in his name. The feet of the two men hastening from Emmaus were but the first of billions, eager with God's good news.

Flood, Once Great Man-Killer, Now Relatively Tamed

NEW YORK—The recent devastating floods in the Eastern United States notwithstanding—flood—one of man's greatest and oldest enemies is becoming less and less a factor in yearly loss of life. The United States Weather Bureau reported 1,728 flood fatalities for the 20 years from 1934 through 1953. Of the total, 1,153 occurred in the first half of the period and 575 in the second half. Provisional data for 1954 indicate a toll of about 50 lives, about half of which were taken by the Texas flood in June of that year.

For more than 15 years, the statisticians note, no single flood has killed as many as 100 persons. In the period of 1935-1937 there were three floods in each of which more than 100 lives were lost. A Mississippi Valley flood in 1927 took 313 lives and an Ohio River flood in 1913 claimed 467 victims.

The reduction in flood fatalities has resulted in large measure from the construction of reservoirs, levees, flood walls, and canals by Army engineers in cooperation with State and local agencies. Another important factor has been the increase in the extent and reliability of flood forecasting by the United States Weather Bureau.

Emergency measures against flood waters and the rapid evacuation of people from dangerous areas—efforts in which the American Red Cross often plays a major role—have also contributed materially to the reduction of the toll.

The largest loss of life from floods have occurred in the Ohio and the Missouri River systems, which have accounted for one quarter and one fifth, respectively, of the total for the 20 years under review. Three fifths of the flood deaths in the country as a whole occurred during the period of April through July, and nine of the 13 floods which took 25 lives or more were in this four-month period.

Cumberland Gap Now National Park

WASHINGTON—Cumberland Gap, the Appalachian mountain doorway that funneled untold thousands of pioneers into the promising American west, is being dedicated as a national park.

Creation of Cumberland Gap National Historical Park culminates a 35-year effort to preserve an area recalling Daniel Boone and other frontiersmen who plodded the Wilderness Trail. Three states contributed more than 20,000 acres of scenic mountain land to the park. The Gap is situated where the sharp southwestern wedge of Virginia joins the Kentucky and Tennessee borders. From Pinnacle Rock, 3,000 feet skyward, park visitors on clear days can see Georgia, Alabama and North Carolina.

Cumberland Gap was known centuries ago to the Indians as a natural entrance to Kentucky's hunting grounds. It was discovered in 1750 by Dr. Thomas Walker, an alumnus of the College of William and Mary, during a search for settlement lands. Daniel Boone came 19 years later and, finding the lovely Kentucky countryside just beyond, "esteemed it a second paradise," and determined to live there.

Believing Makes It So in This Instance

MILWAUKEE—Bill Rothe, who doesn't believe in crabbig about business, used a little psychology to talk some other people out of the habit.

Rothe took a ribbing from business friends when he ordered 1,000 buttons reading, "Business is GOOD." Waitresses in his restaurant wore them and passed them out to customers. Before he knew it, Rothe was distributing his third order of 1,000 buttons.

Salesmen and clerks report that customers are impressed and what they thought would be a joke has proven a good business asset.

Lawbreakers Invited To Join Novel Club

DURHAM, N.C.—Speeders convicted in Harnett County are invited to join the 55 club. The state speed limit is 55 miles an hour.

Membership cards say they are eligible "by reason of being convicted of a speeding violation on the highways of the State and by reason of the fact that (they have) since that conviction, promised to assist in the fight against speeding in Harnett County and North Carolina."

They Accepted

CHARLESTON, W. Va.—Thieves took a local motor sales company at its word.

Officials of the Valley Motor Sales Company told police they were missing a 1953 truck valued at \$1,000.

The truck, which stood on the company lot, was advertised with a cardboard sign which contained this invitation: "Come in and steal this one."

LIONS HOLD FARMERS NIGHT

The Taneytown Lions Club met on Tuesday evening in Harney Firemen's hall where a delicious meal was prepared and served to them by the Harney Fire Co. Ladies Auxiliary.

Mr. Raymond Perry, President, was in charge of the Farmers' night meeting, with 79 members and guests in attendance.

The report of the secretary, Kenneth Shorb, was made as to Zone Social night, which will be held at Walkersville, April 19. At that time an official of Glenn L. Martin Company will speak on the nuclear missile program of the company and show pictures. Also, a letter was received from the Carroll County Retarded Children Association thanking them for a check for this fine cause.

Two new members were installed Robert M. Miller and Orville Keefe. Alfred Heltebride and Raymond Baker were their respective sponsors.

Entertainment was in charge of William A. Myers, Raymond Baker and Wilbert Hess who arranged a program consisting of musical selections by Mr. Edward Haifley and daughter, Wanda, of Frizellburg.

Mr. Charles Fisher, attorney of Westminster, was the speaker of the evening, with his remarks centered around "Carroll County and What lies ahead."

The Lions State Convention will be held May 30-31 and June 1-2 in Atlantic City.

The next meeting of the Lions Club will be in the form of an Oyster and Shrimp Feed, Tuesday, April 10, held at Crouse's Motor Sales Garage.

In spite of the millions of dollars spent by the U. S. in exploring the Antarctic continent, no move has ever been made to claim any portion of Antarctica.

NEW MIDWAY MAN NAMED NATIONAL HOLSTEIN 4-H CHAMPION

Two outstanding young farm people—a girl from New York and a boy from Maryland—have been named National Holstein 4-H Champions by the Holstein-Friesian Association of America.

Winners of these coveted annual awards—the highest attainable recognition for junior Holstein breeders—are Sylvia Patchen of Loche, New York, and Roscoe Harbaugh, Jr., of New Midway, Maryland.

Both had previously been named Holstein 4-H Champions by their respective home states. They competed against similar winners from 24 states for national honors.

Roscoe T. Harbaugh, Jr., the newly-crowned national Holstein 4-H Champion boy, recently completed an outstanding 4-H career. Now 21, he has developed a herd of 22 registered Holsteins from a single foundation heifer purchased in 1948.

Included in his present milking string is a mature cow with a record of 16,832 lbs. of milk and 704 lbs. of butterfat plus several high-producing younger animals.

An expert showman, he also developed into a top-notch judge during his years in club work. He was a member of Maryland's 1953 4-H judging team, which won the national contest at Waterloo, Iowa, and later competed in Europe. More recently, as an assistant club leader, he has devoted considerable time to coaching younger 4-H judges in his neighborhood.

Although Roscoe has placed major stress on his dairy work, he has also carried out a wide variety of other projects. Starting with rabbits and pigeons which, he says, "taught him responsibility," he later supplemented the income from his growing Holstein herd with grain crops, poultry and hogs.

Roscoe, who was married recently, plans to use his present herd as a springboard to a lifetime career in the registered Holstein industry—a pattern set by his truly outstanding success in 4-H club work.

Both Sylvia and Roscoe will attend the Annual Convention of The Holstein-Friesian Association of America in Milwaukee this June where they will be awarded plaques in recognition of their newest honors.

IN LOVING MEMORY

of our father, grandfather and great-grandfather
GEORGE E. DEBERRY
who departed this life one year ago,
March 31, 1955

Just a thought of sweet remembrance
Just a memory fond and true,
Just a token of affection,
And a heartache still for you.

Just a sigh for the olden moments,
Just a smile of love anew
Just a tear in silence falling
And a yearning just for you.

Asleep in Jesus, blessed sleep,
From which none ever wake to weep
A calm and undisturbed repose
Unbroken by the last of foes.

Asleep from Jesus! far from thee
Thy kindred and their graves may be;
But thine is still a blessed sleep,
From which none ever wake to weep.

Loving daughter MARGUERITE
AND HUSBAND.

Dearest "Poppy," thou hast left us,
And our loss we deeply feel,
But it's God that has bereft us,
He can all our sorrows heal.

Yet again we hope to meet thee,
When the day of life is fled,
When in Heaven in joy to greet thee
Where no farewell tear is shed.

Loving grandchildren, AUDREY,
GEORGE, MARLIN, and LARRY

Precious "Poppy," he has left us,
Left us, yes, forever more;
But we hope to meet our loved one,
On that bright and happy shore.

Lonely the house, and sad the hours
Since our dear "Poppy" has gone;
But Oh! a brighter home than ours,
In Heaven is now his own.

Loving great-grandchildren, DIANE,
DONNIE, STEVIE AND RANDY.

We have lost our loving father,
He has bid us all adieu,
He has gone to live in Heaven,
And his form is lost to view.

Oh, that dear one, how we loved him
Oh, how hard to give him up!
But an angel came down for him
And removed him from our flock.

Earth has lost its look of gladness,
Heaven seems to us more bright,
Since the spirit of our loved one
Took its happy, homeward flight.

And we long to cross that river,
Long to rest upon that shore,
There to see, and know, and love him
With the Savior, evermore.

Loving son, PAUL AND WIFE.

THOUGHTS FOR THOUGHT

Knowledge without understanding does not assure intelligence.

Self-centered persons are still selfish after marriage.

The most embarrassed person is the one financially embarrassed.

Flying saucers used to be observed in the sky, nowadays they are seen in the home.

There was a time when a man proudly took his family to town in a two-horse farm wagon, today he takes them in a station wagon.

The march of progress in some towns never holds up traffic.

We can't be certain anymore even of uncertainty.

To be broad-minded doesn't mean to have no convictions on anything.

You don't believe in Santa Claus! Uncle Sam has been playing Santa Claus for years.

What is sweeter than a little child around whose mouth is smeared chocolate drops!

When taxpayer's money is used to play politics the game is expensive. Even the farmer has to raise an extra potato!

Background is the structure others build for you, you build the foreground.

The man who sleeps in church needs an awakening.

What meanest thou, O sleeper? arise, call upon thy God, if so be that God will think upon us, that we perish not."—Jonah 1:6 KJV

SCHOOLS—THE AWFUL TRUTH

Ten years from now 25% more children will be entering elementary schools than today, 55% more in high schools and 40% more in colleges. We will need some 600,000 more classrooms to accommodate them—a jump of about 60%, according to the Kiplinger Letter.

We'll also need 200,000 more teachers every year for ten years to cover school growth and to replace those who quit or retire.

The main problem, of course, is money, which in the end means taxes. The total cost of schools, public and private, now is eight to ten billion dollars a year. In the next ten years this may double and most of it must come from taxes.

What kind of taxes will support the schools? Mostly property taxes for already nearly 45% of the property taxes collected in states go to the schools. So there will be higher local taxes, higher property assessments, and fewer exemptions.

\$5,000 to \$10,000 INCOME GROUP GROWING FAST

The number of families making \$5,000 to \$10,000 increased 80% in the past five years, according to the Kiplinger Washington Letter. In 1950, there were 8.7 million such families, just 19% of all families. In 1955, there were 15.7 million families in this income bracket, and they represent 32% of all families.

Kiplinger editors point out that this expansion of "middle incomes" is largely responsible for the boom in sales of autos, houses and appliances.

Correspondingly, the number of low-income families is shrinking. Families with incomes of less than five thousand dollars have decreased by 5.2 million, a drop of 15 per cent. There is still poverty, but it is diminishing progressively.

COLLEGES HAVE MONEY TROUBLE

Colleges will need about 800 million dollars a year for the next ten years, says the Kiplinger Letter, if they are to come anywhere close to taking in all of the new applicants.

Tuition doesn't pay the bills and endowments bring inadequate returns. Colleges collected about 100 millions from business sources in 1955 and the Ford Foundation's additional 300 millions was huge, but only a drop in the bucket. So business giving to colleges will get new emphasis in the future.

If private giving is not sufficient, the time may come when there will be direct government aid to colleges.

ONE OUT OF THREE WOMEN WORK

There are more working women today than ever before—21 million with paying jobs. Before the war only 27% worked, in 1955 36% did. At present 30% of married women are working, twice as many as in 1940. The number is rising. Women's jobs are plentiful and young couples need the money to lift themselves in living standards. On the national average, the pay for women's jobs has risen less than men's.—The Kiplinger Letter.

190 MILLION POPULATION IN 10 YEARS

The population of the U. S. has reached 167 million. In five years it should be 178 million and in ten years, 190 million. By 1975, there will be more than 221 million people in America.—The Kiplinger Letter.

DOES EDUCATION PAY?

Yes, says the Kiplinger Letter. The average elementary school graduate will earn \$116,000 in a lifetime, the average high school graduate \$165,000. The average college graduate will earn \$268,000 during his working years.

UNION BRIDGE 4-H GIRLS MEET

On March 26th, 1956, the Union Bridge Girls 4-H Club held its monthly meeting at the home of Joan Kiser near Detour, with 21 girls present. The meeting was opened with the group singing rounds. The whole group repeated the pledge led by Jane Wilhide. There are about six girls who are planning on joining the club.

The discussion of the evening was "As Parents See Teen-Agers" led by Mrs. Mary Margaret Bowman. The group decided the meetings should start at 7:30. The meeting was adjourned till the third Monday in April. The next meeting will be held at the home of Mary Houck near Union Bridge.

Delicious refreshments were enjoyed by everyone.

ELMER WOLFE P.T. A.

The executive committee of the Elmer Wolfe School met on Monday evening, March 26, at the school. There were not enough present to have an official meeting. Frank Bohn, president, appointed Paul Bowman as chairman of the nominating committee. There will be no executive committee meeting in April, however, please note the change of date—the committee will meet on the first Monday, May 7. This will be the last meeting of the committee and it is hoped that enough persons will be interested enough to come out so that an official meeting can be held. Keep this date open, please. May 14th will be the last general P.-T. A. meeting month until September or October.

HARNEY 4-H NEWS

March 27, the monthly meeting of the Harney 4-H Club was held at the Harney Theatre. This was the annual parents night meeting.

The meeting was called to order by the president, Clyde Weant by repeating the 4-H pledge. The roll-call was to name a grass or legume.

Richard Hahn will get the pig from the club pig ring.

Earl Angell gave a demonstration on tying different kinds of knots and care of ropes. He also gave a pep talk on Maryland Clean-up week.

Delicious refreshments were served and enjoyed by everyone. The next meeting will be at the home of Clyde Weant.

BIG FAMILIES ARE IN STYLE

It is now "the style" to have more babies, bigger families. Younger mothers are having more second, third, fourth and even fifth children than before. Farm women more so than city women. Average city women lag, with an average of two. But the younger women, both city and farm, now have more children and plan on more.—The Kiplinger Letter.

SYMBOLS OF THE EASTER SEASON

(taken from the Evening Leader, Lehigh, Pa., on Sat., April 9, 1955.)

The oldest and most commonly known symbol of Easter is the dyed or stained Easter egg, even overshadowing the delicate Lily or the traditional Easter Bunny.

But like the others, it has sustained for centuries as a part of Easter, second only to the religious meaning of Easter.

Shrouded in antiquity, the eggs will in all likelihood continue to be a materialistic symbol of Easter.

The Easter Bunny and the Lily, two other traditional symbols of Easter time, are even more obscure in their historical development and meaning to the season.

The use of colored eggs came down through the centuries and the custom continues today. Many families spent the Eve of Easter coloring them for their children on Easter morning.

The custom of colored eggs originated with the Egyptians, the Greeks and the Persians. Through the years, however, their actual meaning has become shrouded in antiquity.

But the most popular belief is that the egg is the emblem of the Universe, the work of the Supreme Divinity, carrying the seed of new life.

The Lily, a beautiful trumpet shaped flower balanced on the top of a gleaming stem symbolizes beauty and purity which surrounds the festivity of Easter.

The Easter Bunny, that little brown fellow who enters the vision at Easter time, originated in a merry belief in the North of England. Dating back many years, the natives believed that the Bunny laid the eggs found by adults as well as children on Easter morning.

All three of the traditional symbols remain with us today. Americans wherever they are Easter Sunday will probably have colored eggs. Perhaps a graceful lily will adorn the living room. And the Bunny, if not in real life, will be a reminder of the day even in mythology.

Egyptians, and Persians were among the first peoples to color eggs, somberly in red, symbolizing the blood shed on Calvary.

A belief preserved by the Persians was that the earth was hatched from the egg at the time of the spring equinox.

The use of the egg, as the symbol of Easter, varies in many countries. The Christians of Mesopotamia, usually color or dye eggs red, green or yellow and carry them around on their person for 40 days after the Feast of Easter.

As a means of sport the egg was held in one hand and struck against another egg held by another participant. The egg that broke the other one was then engaged to do battle with all comers, until the eventual end when the last remaining egg was declared the winner.

In Russia, during the Easter, season, when a visit was paid to relative or neighbor the person would hold a red colored egg in one hand and while the hands were in handshake he would pass the egg over to his host and say "Jesus Christ is risen" and the reply would be "Yes, he is risen". The priest of a Russian parish was always well supplied with eggs, because on the Morning of Easter Day, each parishoner would present him with a red colored egg, as symbolizing love and a token of the Resurrection.

Egg rolling, a custom originating in England, has spread over most of the Western Hemisphere in recent years. Dolly Madison, wife of the president of the United States, James Madison, first instituted the egg rolling contest held annually on the White House grounds in Washington, D.C. The contest draws thousands and thousands of children through the gates of the White House ground every year.

A French superstition, still found in some remote sections of the European country, has it that the church bells that remain silent during the season of Lent, go to Rome for blessing, and upon their return they bring back red colored eggs thought to have been colored by the red colored robes of cardinals.

The legend of the Easter Bunny stems from beliefs passed around in North England many years back that the rabbit laid the eggs found on Easter morning. This belief is an adaptation of pagan custom regarding the rabbit as the emblem of fertility and new life. Today the Easter rabbit is an essential symbol of Easter, glorified in the minds of children. He has become in some respects a national figure, being portrayed in film, throughout the pages of children's books of fantasy and in the past few years has been signified in song.

The Easter lily is the symbol of beauty and purity which surround the festivity of Easter day. It is the Bermuda lily that is known as the Easter lily. Why this flower should be named to symbolize the day, has never really been established, though it has been said that the lily typifies the new life in the heart of mother nature after the rest of a long Winter sleep. Its purity and light can in part be compared with the resurrection which holds the seed of life and light.

Legend tells us that when Jesus Christ had arisen from the dead he spoke of the lily as his flower, saying that behind where he trod will bloom the lily of white, and in this sign men were to behold the purity and light of him.

Lilies have been used in the dressing of the churches mostly since the Civil War, when the non-ritualistic churches started to place more emphasis on the season of Easter. This was due mainly to the relatives and families of men being maimed or killed during the conflict between the states. Turning to the church in their hour of trial, the bereaved set lilies in the interior of their respective churches as a sign to their Creator in time of need. This they did on Easter Day.

INCOME TAX FACTS No. 5 Tax Benefits Ease Pain of Sickness

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Accountants and the Maryland Society of Certified Public Accountants.)

Nobody likes to be sick. But if there was sickness in your family during 1955, you may have some compensation tax-wise.

First there is the question of "sick pay." If you were absent from work due to injury or sickness and received payments from your employer (either sick benefits or regular pay) or his insurance company, these payments, within limits, are free of tax.

There are two limitations: First, the maximum amount is \$100 per week, plus any amounts which came from your own contributions to the plan.

Second, unless the absence was for sickness during which you were hospitalized at least one day, or for an injury, the payments are not tax free until after the first 7 calendar days of absence.

If these payments are included in the wages shown on your withholding slips, you should subtract the proper amount from your income in the place provided on the first page of the tax return (Form 1040). Attach an explanation as described in the instructions. You are entitled to exclude this amount even if you do not itemize your deductions.

Apart from sick pay, you may have received payments covering medical expenses for yourself and your dependents. Don't include these in your income, but don't deduct the medical expenses covered by these payments either.

Medical Deductions

If you itemize your deductions, you may be able to save tax money by listing medical and dental expenses you paid for yourself and your dependents.

This year you list your medical and dental expenses on a separate sheet, rather than on the form itself. Space is provided on the form for figuring the amount that is allowable as a deduction.

You are allowed a deduction for your medical expenses beyond 3% of your adjusted gross income. If you (or your husband or wife) were 65 or over at the end of the year, the 3% rule does not apply to your own medical expenses. It does apply to any medical expenses you pay for your dependents.

Your deduction is limited to a

maximum amount for the year, as explained in the instructions. Medicines and drugs may be included in your medical expenses only to the extent they exceed 1% of your gross income.

Among the items to include in your list of medical expenses are fees of doctors, dentists, hospitals and nurses. List premiums for Blue Cross and other health, accident or hospitalization insurance, but remember you cannot deduct medical expenses paid or reimbursed by insurance.

Widows and Widowers

There are several provisions of special interest to widows and widowers:

1. You may file a joint return with a husband or wife who died during the tax year if no separate return is filed.

2. If you have not remarried and have in your household a dependent child or stepchild, you are entitled for the next two years to use the same tax computation (with income-splitting) as you would have been entitled to on a joint return.

3. When life insurance proceeds are taken as an annuity or in installments, widows and widowers are allowed \$1,000 per year of tax-free payments in addition to the principal.

4. You may be entitled to retirement income credit if your deceased husband or wife would have qualified.

5. You may be entitled to a deduction for child care expenses.

The instructions that come with your tax forms give further information. Help is also available from the Internal Revenue Service, which urges you to consult a properly qualified advisor if you need outside assistance.
