ATTENDS KEY CLUB CONVENTION IN DALLAS

Three members of the Taneytown High School Key Club, John Reeve, Peter Westine and Jack Muenier, who attended the 13th annual convention of the Key Club International in Dallas, Texas, July 1-4 wish to express their appreciation of the financial help given them by their sponsoring club, the Kiwanis Club of Taneytown. We camped out on the way covering seventeen states and a distance of 4,141 miles. From sleeping in a ball park in Vicksburg, Mississippi, a beach in Michigan, a park in Missouri, a motel in Tennessee, a YMCA in Chicago, we hit a high peak in Dallas, a new luxury Motel which held this as its first convention.

A few highlights of our trip were the Ford Museum, in Michigan; New Salem, in Illinois; Ononogon Caverns in Missouri; Vicksburg Battlefield and United States Waterways Experimental Station in Mississippi; Stone Mountain in Georgia; Oak Ridge in Tennessee; the Smokies in North Carolina and the Museum of Science and Industry, China Town, Planetarium, Aquarium, and Museum of National History in Chicago.

He and Mrs. Reindollar in company with six friends recently attended the 50th Convention of Pure Foods and Drugs at New York City. With a combined business and pleasure trip he had much to tell. Cars will leave the High School Sunday morning, at 8 a. m. Anyone able to provide transportation or desiring transportation are asked to contact President Robert Waddell, Phone 3492. A large turnout is anticipated and since "the more the merrier" at an outing of this type, get the gang together and join the party.

PROTECTION AGAINST POLIO

Eligibility for Poliomyelitis vaccination has been extended to all persons between the ages of 3 months and 19 years inclusive, as well as pregnant women of all ages. Presently Poliomyelitis vaccine production is almost equal to demand, and before long anyone who wishes may obtain inoculations.

It is still not too late to receive some protection, as even one or two doses imparts a certain degree of immunity, though experts recommend the full three doses. Parents are urged to have their children inoculated by their family physicians without delay if possible, and where this isn't possible, they should visit the clinics which are held at the Health Center in Westminster each Tuesday afternoon between the hours of 1:30 p. m. and 2:30 p. m.

For those children who were treated in schools under the National Foundation for Infantile Paralysis program it is recommended that they visit their family physicians or the Health department Tuesday clinic for booster, or third, doses six months after second doses. As this period of time has already elapsed, arrangements should be made now.

GRATITUDE

He enjoys much who is thankful for little; a grateful mind is both a great and a happy mind.

MEETING OF LUTHERAN CHURCH WOMEN

Held on the Parsonage Lawn Wednesday Evening

The Trinity Mission Circle was hostess to the United Lutheran Church Women of Trinity at their annual combined meeting which was held on the parsonage lawn on Wednesday evening, at 7 p. m.

The following program was presented: Quiet music, Miss Hazel Hess at the organ; Hymn, "O Zion Haste, Thy Mission High Fulfilling"; Scripture, Mrs. William Hopkins; Opening Prayer, Miss Edith Hess; Duet, "Thy Kingdom Come" by Mrs. Stanley B. Jennings and Mrs. Kenneth Shorb; Brief summary of the lesson and introduction of the speaker, Mrs. John Copenhaver; Speaker, Dr. Roy Dunkelberger; Violin selection, "Flower Song" by Miss Fairy Frock; Closing Prayer, Miss Mary Reindollar; Hymn "Christ for the World We Sing" Benediction.

Dr. Dunkelberger, a native of Pennsylvania and for over 45 years a missionary to India, drew a most informative and inspiring picture of the land and people he served. After displaying interesting Indian curios, he discussed the vast political, educational, social, and spiritual changes which have come to India during his long ministry there. He pointed out that one of the chief causes of this great forward movement has been the impact of Christianity. One hundred and fourteen years ago there were no Christians in India—today there are 243,000 church members. While never confessed Christians, both Gandhi and Nehru have been profoundly influenced by Christ's way of life. However, still much remains for the Christian church to do, for in India's teeming millions less than 3 out of 100 are Christians. The young church and institutions are poor and must bear heavily on the Mother Church for spiritual and financial help.

LIONS CLUB AND FAMILIES PICNIC

The Lions Club kicked off the beginning of 1956-57 fiscal year with a family picnic at Taneytown's beautiful Memorial Park, Tuesday evening. A fine picnic dinner was served by Donald Baker and his committee of Harry Dougherty, Homer Myers, Delmar Riffe, David Shaum and Denton Wantz. These Lions were given some fine assistance from a group of Lionesses and the President, A. Heltebride. 99% of the membership present at this our first meeting.

The group enjoyed a little league baseball game between the Cubs and Cards. This was a regular scheduled game and both teams are sponsored by the Taneytown Lions Club. If any person has never been out to see a game played by these 8-10 year olds he should make it a point to attend the next game. It is unbelievable how well the plays are executed. Thanks to the excellent coaching these teams receive from the able staff of Myron Tracey, Irvin Crause, Harry Dougherty, Jr., Dean Nusbbaum and Crawford Banks.

Program chairman Singleton Remsburg is planning a ladies night party at a nearby Summer Theater, August 14. The annual Crab feed is scheduled for August 28.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's
dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help
to cheer
Each future day and in some way—help to
bring you happiness!

If you can't sleep these hot nights, don't worry about it and become relaxed by looking at the lightning bugs going through the trees like shooting stars. That is a beautiful sight.

The recent rains have caused the grass to become beautifully thick and I have noticed just recently that the grass is more beautiful when cut with a hand mower instead of a power mower. Mr. Farmer will agree with that one, I am sure, as the old-fashioned way of plowing the ground with a team of horses meant a much finer and richer ground.

Ladies, if you really want to start something, look on your page 44 of The Ladies Home Journal, and you will read of the most fabulous diet! Hope to try that one out myself and I'll let you know in a later column. In the summer time would be the best bet on that, I am sure.

The friend traveling all alone from California and driving through the desert at night, finally arrived in Baltimore. Now the suspense is over as far as I am concerned! Ugh! That is the third time for her!

So many people, both men and women, who are 35 to 40, write that it is so difficult to secure a position regardless of the experience they have had. Henry Ford used to employ men only over 40! After all, think of our Presidents—most all were over 50 when they became the executive of these United States and our nice President Eisenhower is past 65 and the people still desire him to run again.

I know of an elderly couple, the wife 78 and the husband 80, and the wife is urging the husband to purchase a tiny unfinished house in the country. This house does not have any plumbing or heating and that little woman keeps saying, "Why, Charles, can you do it? Nothing like the power of a woman! Eh? So you see, Life does begin at 80!"

That precious "Sugar" girl (six months old Cocker Spaniel) keeps bringing me things like these—stones, twigs, string and lays them at the back kitchen door. She awaits for my approval and when I say, "Oh, Sugar, why do you bring me all this junk?" she gets up immediately with the look in her expression, "well, I'll hunt something else for you and bring it back which might satisfy you!" She walks slowly away and then a bear trot over the three acres and keeps hunting until she thinks I am pleased. That is the Retriever in that type of dog. Dogs are sensible if you care to have patience and understand each breed. A Cocker is especially independent and stubborn and that means you must be doubly patient but it will reward you in the end for they truly are watch dogs!

Now that July is almost to the middle of the month, you will see the big sales in all the stores in any place.

There was nothing that I have wanted more than a big new American flag. Do my readers recall the one I placed daily at the corner of the lawn each morning at the farm? When we moved, that big flag could not be found when the truck arrived with the furniture from one county to another and although I was upset about it, I felt that a real American must have wanted a flag! Now, I have a much larger one on the tall pole on the lawn and as the wind blows and it unfurls so proudly, my heart beats faster as I say with reverence, "Long May It Wave!" There were many flags displayed on the 4th of July and that is as it should be! Hundreds were to "Holloway Beach", enjoying the outing, which is just above Harve de Grace, off route 40. It made one think of Coney Island with the mob!

Mrs. Housewife, usually after the 4th of July, garden furniture and porch pieces are drastically reduced. If you are undecided about taking that summer vacation, why not dress up your lawn and porch or having the porch enclosed? You will really enjoy it all and you can have it for keeps each year. That one, you will never forget.

Have a grand week end, folks. Drive carefully and wisely. See you next week D.V. I am,
