BASEBALL IN TANEYTOWN

Three Teams Will Represent Our Town

Another sure sign of Spring is when talk turns to baseball. The big leagues opened the season on Tuesday. The cry of "Play Ball" is being heard across the breadth and length of America.

Taneytown is no exception. The Pen-Mar League opens on April 29. (See schedule of games on page two of this issue).

The Little League team sponsored by the Taneytown Lions Club will also play again this year.

The Kiwanis Club of Taneytown is sponsoring a team in the Babe Ruth League. Already twenty-seven boys between the ages of 13 and 16 years have signed up to play ball. The league is made up of the following teams: Woodsboro, Walkersville, Union Bridge, Liberty, New Windsor and Taneytown. The boys will go on the field with new suits and equipment. Games will be played Tuesday and Thursday of each week, the first game will be played May 26, with Union Bridge on the Taneytown diamond.

Practice will begin when the diamond is in shape for playing. Paul Morelock, assisted by Felix Westine and Eugene Eyerl will supervise the boys playing.

The support of Taneytown and community is expected. A good clean sport, well supervised is always desirable for our boys.

CLASS TO PRESENT PLAY

The Hustler's class of Grace Reformed church will present a three-act play in the parish house on Tuesday and Wednesday evening, April 24 and 25th.

The play is entitled the Calamity Kids. The play is centered around the life of Emily, Carol Brown, and Hezekiah Hoskins, Larry Ohler. They are a laughable but lovable old couple who have spent most of their time and money befriending homeless orphans.

At the present time they have living with them four orphans. They are Bonnie Blue, Mary Alice Rue, a girl hitchhiker with a mysterious past; Brad Rivers, Sonny Welty, an impetuous college student; the mischievous thirteen-year-old twins, Elaine Welty and Walter Simpson; the twins relatives, tight-fisted Gideon Garvey, Donald Airing, and grasping Opal Ludlow, Nancy Baker, who plan to separate Midge and Mickey and use them for servants. The twins play all manner of tricks so that their relatives will allow them to remain with the Hoskins. The Hoskins are about to lose their home unless back taxes are paid by the end of the day. Emily believes that God will save their home perhaps in some mysterious way.

Other characters are snobbish Loraine Ludlow, Nadine Sentz, spoiled fifteen-year-old Elmer, James Shank; and Clara Clegg, Barbara Eckard, a gossip spinster.

Boy Scouts were treated, April 12, to a particularly appealing evening's theme of great variety dreamed up by Bowers, who had this phase, following a game of General Post under Senior patrol leader Peter Westine. The theme started off with pointers on axmanship, in which Bowers enlisted the aid of Junior assistant scoutmaster Slaybaugh and other troop members. Following patrol sessions he sent them out, enroute to Memorial Park by circuitous paths, to gather five classes of nature subjects for judging on a point basis, wood specimens, bird feathers, fruits or berries, minerals, and plants. Activities of Nearby Towns Gleaned from Local Newspapers

4 Industries Enter Area
Industrial investment in the Baltimore area during March totaled \$1,525,000, according to the Industrial Bureau of the Association of Commerce of which George W. Creighton is director.

Four small industries were acquired during the month, while nine existing plants expanded their facilities, the report notes.

Investment during the first quarter of this year, Mr. Creighton states, was \$247,570,000. This is the largest for any comparable period in the area's history. This three-month total is 94% of the entire industrial investment in 1955, the best previous recorded year.

Manufacturing employment reached 200,400 in February, the latest month for which data are available.

This is an increase in employment of 15,500 or 8.4%, over the same month last year. Other local indexes shown in the report also reflect a high level of industrial activity.

Frederick's Short News Notes

The Chamber of Commerce advises that "Community Days" will be held April 19, 20 and 21, a promotion for and by all retail stores for the mutual benefit of the shopper and retailer. This event promises good values and should be all the name implies.

Civic-Minded Citizens please Take Notice

A meeting to organize the proposed New Oxford Chamber of Commerce was held in the fire hall.

The purpose of this meeting was to organize, adopt bylaws and elect the board of directors.

The aims of a Chamber of Commerce are to develop and improve the community through better use of local resources. This organization will accomplish its goal only in proportion to the interest and effort put forth by its members, and by the citizens of the community.

Therefore, all those in and near New Oxford who are interested in establishing a working Chamber of Commerce for this area should attend the meeting.

KEPPEL ENTERTAINMENT HUGE SUCCESS

The members and patrons of Taneytown Elementary School P.T.A. all agreed on the success of the program presented by Mr. and Mrs. Paul Keppel in the school auditorium on Thursday evening, April 12. The near capacity audience saw a program, the like of which has never been seen in this area.

Mrs. Keppel, dressed in the gorgeous gowns of the stage, gave a fascinating insight of the life of a operatic singer. Each gown had a story behind it, which Mrs. Keppel, in her inimitable way, portrayed. Mr. Keppel, also a very pleasing personality, told some interesting and amusing incidents of his part as an employee of the U. S. Government and also as the husband of Florence Keppel, nee Kirk, both here in the United States and abroad.

The program included the following selection: Non mi dir Donna Anna's Aria from Don Giovanni, Mozart; Voi lo sapete Santuzzi's Aria from Cavalleria Rusticana, Mascagni; Vissi d'arte Tosca's Prayer from La Tosca, Puccini; Ritoona vincer Aida's Aria from Aida, Verdi; L'amor, toujours l'amour, Friml; Smoke gets in your Eyes, Jerome Kern; Lord's Prayer, Malotte; Danny Boy, Traditional Irish; Will You Remember from Maytime, Romberg; and The False Prophet, John D. Scott.

Mrs. Keppel was accompanied at the piano by Oliver K. Spangler, Professor of Music at the Western Maryland College, Westminster, Md.

This entertainment was sponsored by the P.T.A. of the Taneytown Elementary School.

P. C. W. Y. F.

The meeting of April 16 was called to order by the president. We discussed the arrangements of the paper drive which is going to be held April 21. Walter Plank read and discussed the Scripture, Rev. Galambos led the group in prayer. The meeting was then adjourned.

GIRL FROM ISRAEL TO SPEAK AT KI-WIVES

The Ki-Wives of Taneytown will meet Monday evening 6:30 at Taney Inn. A very interesting speaker has been provided for this evening, Miss Johanna Romana Faigenberg, from Israel and a student at Western Maryland College will speak about her native land. This should prove to be very educational and interesting to all. We hope that all the ladies will be present and really give Miss Faigenberg a grand welcome.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)
With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health-life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Now is the time to rake all the leaves after the winter and the month of May is just around the corner so be most careful about the burning of the leaves and do not attempt it when there is a wind blowing even if it is a mild wind as at times that fire can get ahead of you. Your Observer just had a real experience.

Have you been reading "Souvenir" by Margaret Truman in "Good Housekeeping"? You will enjoy the personal account of that one, I am sure.

Mrs. Housewife that Lipton Green Pea Soup is truly the only package soup that has the home cooked flavor just as they advertise. You can almost taste the ham bone! Ummmmmm good! Just toast bread and cut it into tiny pieces and drop them on each serving.

It does not pay to go to all the trouble of the home-made when it only requires such a few minutes with this delicious mix "Lipton" is the word! Did you read where Uncle Sam states that Grace Kelly will lose her American citizenship if she takes over and assumes responsibilities as Princess of Monaco? Uncle Sam never keeps his eyes closed. Eh? That is as it should be!

And that reminds me of the Movie, "The Swan" sort of a brush up course for the life to be. She appears most beautiful. The place is Hungary in the year of 1910. You will enjoy that. Sort of a different type and I leave the rest to you.

Browsing around Baltimore last week and looking over pianos saw the very oldest small Baby Grand which now is noted as "Studio Size". It was of German makes with big lettering—P. Proskowetz Wigan. The place was Hecht's on North Howard Street at Franklin where there are many pianos from which to choose as the selections are good. The salesman was most accommodating in showing me around.—a German name, too Mr. Hause!

If you desire to make a California trip by Bus this year and really seeing the sights get all information in detail at Howard and Centre. Recently heard from a lady who went by bus to Jacksonville at 9:30 the next morning. That was her first experience and she stated she enjoyed every minute of it.

Have you been watching that little ten year old boy who won the \$50,000, on Saturday night TV, at 7:30? No other child could compare with him when it comes to the answers of the Stock Exchange. Extra-ordinaire is the word!

And here's a cute one from a three year old! I was telling about "Silk'n Satin" my four month's old Cocker Spaniel to this little girl and said that I call her "Sugar" and as quick as a flash that little girl said, laughing heartily, "That's a funny name for a dog for you can't eat her!"

Ladies, large hats are being worn with the turned down rolled brim (the kind or type which Grace Kelley wore when it was not the proper one) aboard the yacht! All types of dresses are being shown in the stores and there was a grand one (which I could not resist) an original "Ray Wind" the husband of Florence Keppel, nee Kirk, both here in the United States and abroad.

The program included the following selection: Non mi dir Donna Anna's Aria from Don Giovanni, Mozart; Voi lo sapete Santuzzi's Aria from Cavalleria Rusticana, Mascagni; Vissi d'arte Tosca's Prayer from La Tosca, Puccini; Ritoona vincer Aida's Aria from Aida, Verdi; L'amor, toujours l'amour, Friml; Smoke gets in your Eyes, Jerome Kern; Lord's Prayer, Malotte; Danny Boy, Traditional Irish; Will You Remember from Maytime, Romberg; and The False Prophet, John D. Scott.

Mrs. Keppel was accompanied at the piano by Oliver K. Spangler, Professor of Music at the Western Maryland College, Westminster, Md.

This entertainment was sponsored by the P.T.A. of the Taneytown Elementary School.

Those curly haired men you see, Girls, these days, means just this, that many are being given that "Toni" and they sure do keep it a secret!

Have a grand week end and enjoy it all the more by driving slowly. Keep busy all the time and that is the way to be happy. Hope to be seeing you soon. D. V. Until next week.

Faithfully,
YOUR OBSERVER.

THE PRICE OF A NEWSPAPER STRIKE

A news story of general interest is highlighted in an Associated Press release from East Lansing, Michigan: "The bureau of business research at Michigan State university reported—that Detroit stores lost \$35 million in December because of the city-wide newspaper strike there. The bureau said its conclusions were based on state sales tax returns from Detroit as compared with the previous December and with sales tax returns from Detroit suburbs." The strike lasted well into January but, the AP said, only December sales were counted in this survey.

A TERRIBLE DISASTER. Earthquake and Fire Destroy San Francisco. The greatest disaster this country has ever experienced began with an earthquake in California, on Wednesday morning, and was followed by fire. The entire state was more or less affected, but San Francisco has suffered most, as the fire, which was started by falling buildings, could not be controlled because the shock of the earthquake destroyed the water mains.

Carroll County Jurors. Judge Thomas drew the jurors for the May term of the Circuit Court for Carroll County, on Thursday. The term will begin Monday, May 14. The list is as follows: Taneytown—Jacob F. Sell, Lewis J. Hemley, Joseph E. Roelkey, William H. Flickinger.

The team was owned by Mrs. Edwin Black.—Mrs. John D. Hesson has returned home from Baltimore, where she had been under treatment at the Maryland University Hospital.

In looks, too, Ford's out front—with styling that only the Thunderbird could inspire

Ford goes First!

In Performance

At NASCAR's Speed and Safety Event at Daytona, Ford won the Manufacturer's Trophy for best all-around performance. And Ford's 225-h.p. Thunderbird Special V-8, in one day, smashed 30 world speed records at Kingman, Arizona. No wonder Ford is the world's largest-selling eight.

In Safety

When the editors of "Motor Trend" unanimously voted Ford's safety program "the top car advance" of 1956, they had in mind Ford's Lifeguard Design... a whole family of safety features, including a deep-center steering wheel and double-grip door latches, to help protect you in case of accident.

In Economy

In this year's Mobilgas Economy Run, a Ford Customline V-8 with Fordomatic won over all cars in its class. The sturdier, heavier Ford carried more weight with greater gasoline economy per pound than any competitive car... "sixes" as well as "eights"! Ford proved itself a regular gas miser.

The way a Ford performs, the way it saves, the way it protects you, go hand-in-hand with the way it looks and lasts. Ford's look was inspired by America's most exciting car, the Thunderbird. Its rugged K-bar frame and carefully-built body give it the endurance and reliability traditional with Ford. These are the facts behind Ford's reputation as the car that's worth more when you buy it... worth more when you sell it, too! Come in and let us show you!

SPARKS FROM OUR ANVIL

Why not use the ought-to-say way instead of the wrong-to-say way. Persons of the way will do the former. Let us all so live that we shall have no fear to face the limelight of scrutiny focused on us.

Beware of becoming inflamed. It even may redden your face and poison your blood. Over-angriness is sometimes fatal.

It is the down-to-earth deeds that register so impressively and so lastingly. —Rev. H. S. Brinsler.

FEESERSBURG

(A Voice from Carroll)

The North and South poles have been in the news lately, but most of us have little knowledge of the kind of weather conditions there. If we did we would be more than satisfied with our own Maryland weather even though at times we think no place could be worse than here.

The sun rises and sets only once annually at the poles. The year is divided into six months long and one night of the same length. There is no point in the earth where the moon never shines and even the long nights at the North and South Poles are brightened half of the time by the light of the moon. Around the poles the moon is above the horizon continuously during half of each lunar month, and below it the other half. The temperatures are nothing to brag about unless one likes deep freeze weather for the thermometer reaches 90 degrees below zero at times. We often wonder what an Eskimo would think if it was possible for him to see a Maryland spring in the making. It would no doubt seem like a miracle to him. First, the earth's bare and brown; the trees have no leaves and the grass seems dead. Then in a few days under the influence of nother Nature the countryside under goes a transformation. Sunlight and green grass is everywhere. The forsythia dons a yellow gown with a red bird nestled in her hair; the trees sprout green ears and the violet plants appear in every nook. The birds make ovs unashamed and skim through the skyways with delightful grace. Man's heart skips a beat at the unfolding beauty and his mind tries to grasp all the hope and contentment that Nature once again is bestowing upon him. The miracle of spring would be unbelievable to an Eskimo.

We have new neighbors at Mt. Union. Mr. and Mrs. William R. Rasche, Baltimore moved on the farm purchased from Mr. Rippeon several years ago. They have been doing a great deal of remodeling on the house and last week decided not to wait any longer to make the move from the city. We hope they will like our county and our people.

We had an unusual accident at our ocal school last week. A fire extinguisher came loose from its moorings and fell on one of the students. Miss Anna Sixx was the victim and suffered broken toes on one foot. She was taken to the hospital and a cast applied. It is always unfortunate when an accident occurs at school but with several hundred boys and girls together in one building there is bound to be one once in awhile. Our school has suffered few accidents among the student body but even one can produce a lot of anxiety for all parents.

What did farmers do before they invented the chain saw and bull-dozer? We know one who has made over his 170 acre farm with a bull-dozer, and most farmers have tried out a hair saw even if they have only six acres on their acres.

Bernard Baruch once told a friend "When in doubt, follow your heart." When you make a mistake of the heart you don't mind. "We don't now what Mr. Baruch was referring to, but we are writing about the fear we all have of doing a kindness to someone less they be thought soft or sentimental. Most of us can remember a dozen times in our life when our heart urged us to do something nice or someone but we held back for some unknown reason. Was it fear of being too sentimental? If so one should remember that all the good things that this world can boast of was built in sentiment. Insulin was discovered because a boy saw his beloved playmate die of diabetes and decided he would try to do something about it or the memory of his friend. Most of the great literature of the world was written in the sunlight and sentiment of some persons. The great paintings too were inspired by love and beauty. Each of us can remember days in our own life when the thoughtfulness of some person made he day brighter and our work lighter. Don't stifle the impulse to be kind or close your lips to the instinct to utter a warm sentiment because the whole world is waiting urgently for thoe kindness and sentiment.

A mother became so disturbed over the fact that her daughter took no interest in house work and refused to even wash a dish that she took her to a psychologist to find out the trouble. After examination the doctor told her mother this: "I find your daughter a well-adjusted person. Probably none normal than anybody who would expect a teen-ager to be interested in housework."

It wasn't too long ago that every person was innocent until he was proven guilty. Today everyone is guilty until he can prove himself innocent. At least that's the viewpoint from Washington. There are still quite a few million Americans that accept each other at face value.

We are in the midst of discarding

everything that we have hoarded for the past three years. So far we haven't found one item that we can explain to ourself why we saved it in the first place. For instance, "old lamp shades" This spring, out they go and I will not pay any attention to my Dutch grandmother who departed from this earth thirty years ago but whose ghost returns each spring when I am house cleaning to remind me to be thrifty and save every string and button.

If there is anything wrong with modern children it can be cured if a great-aunt or grandmother will get out the rocking chair and give them that wonderful feeling of security by rocking them to sleep once in awhile, nestled so comfortably in the embrace of two loving arms.

We never know what a fool we can be until life gives us the chance.—Ruth Roelke.

Tickets are now available in all schools for the twenty-ninth Carroll County Eisteddfod (music festival). Approximately 600 students will take part in the festival this year.

There will be a combined Elementary chorus of 81, a Junior High chorus of 100, and the Senior High chorus of 400 voices will sing a concertized version of the Opera "Martha" by Flotow, accompanied by members of the college and school orchestras.

Each high school will present individual numbers in addition to the combined groups.

The music evaluator for the performance will be Dr. Frederick Fay Swift, Director of Music Education, Hartwick College, N.Y., Editor, "The School Music News."

The public is advised to get their tickets early from the various schools for this performance.

SCOUT ACTIVITIES IN TANEYTOWN TROOP 348

(Continued from First Page) This Grant Harman and the Panthers nosed out Nelson and the Raccoons, while the Foxes were yet a close third; even if patrol leader Fredrick Sherman was out ill, Fox members Larry Clabaugh, John Knox, Donald Reaver, Lee Sherman, Harold Raab, and James Tracey carried on ably. While specimens were being surrendered to judges Slaybaugh and Thomas, Bowers had a campfire built in short order and concluded with an original story entitled "Starnake" which brought down the house. Slaybaugh closed the meeting back in the Scout hall with the Master's benediction, application blanks were issued to Stuart Dom and Robert Shaffer, while John Myers, Raccoon assistant patrol leader, took down the contest chart in order to update it for this week.

Advancement has slowed a bit, but on the recent Natural Dam overnighter April 6-8, attended by Byron Baer, Roy Chapman, Ronald Corbin, Ronald Hopkins, George Kreit, Myers, Nelson, Donald Reaver, Edward Reaver, and John Whalen, (besides Bowers, Slaybaugh and Thomas,) Donald Reaver led off in an elusive trail over the mud, rocks, and even the suspension bridge and across-ereek road to see if the five newest members could follow. They did amazingly, but better appreciate the skill of the Indian aborigines who stalked amid the forest primeval. For Second class trail-trail, with backtracks, foreign tracks, hard ground, and cat walk to throw them off, they passed with some encouragement from the original fugitive who spied on their attempts at reading the maze of footprints. While this was going on, Bowers cleaned up the cabin and the older lads explored the cave formations at the summit of the overhanging hill. Since much activity had to be indoors, Pitch, Prince of Paris, and Monopoly were enjoyed. While Myers pretty well finished up Athletics merit badge before Bowers, some Tenderfoot work was done by the youngest. Older boys alternated with the younger at sleeping outside on the porch during the outing's two nights.

The last Board of review advanced Barnhart to Second class and George Abrecht and Myers to Star, while merit badges earned included Safety by Abrecht, First Aid by Barnhart and Myers, and Firemanship also by Barnhart. This was held at the Legion Home, March 15, under John E. Myers, chairman of the troop committee, assisted by Harry E. Baker, Russell M. Crouse, James D. Fiscus, Jack Haines, Clarence A. Harner, Stanley W. King, and Francis E. Lookingbill, committeemen and Legionnaires.

Projects that lie ahead are another 10-mile hike for the merit badge in Hiking, scheduled for Sunday, April 22, at 1 p. m., on a cross-country jaunt which will include firebuilding, and a paper drive to come up shortly, besides an outing under canvas as soon as spring rains let up, probably in the nature of an inter-patrol camporee. Explorers, too, are looking forward to an overnight trip as an engaging item in their project list after having checked coats April 10 at the Lions Shrimp Feed, where George Abrecht, Barnes, Becker, Jackie Bowers, Ditzler, Garrett, Hively, Sharner, and Slaybaugh arranged the set-up, and took turns cleecking. Through Lions' generosity, a modest addition was thus made to the troop's treasury.

Hawaiian Chicken Suits American Taste

THE HAWAIIAN INFLUENCE ON AMERICAN COOKERY has become more and more marked with every passing month. It is very interesting to note, too, that the types of seasonings used on the "Islands" are particularly well adapted for recipes using chicken.

Today we are giving you "Chicken Hawaiian" made with instant powdered cream. It is a flavorful and festive dish and when served with rice and salad it makes a truly satisfying meal.

INSTANT CREAM CHICKEN HAWAIIAN

- | | |
|--|---------------------------------|
| 3 tablespoons fat or cooking oil | 1 teaspoon salt |
| 1 clove garlic (optional) | 1/4 teaspoon pepper |
| 1 3 or 4 pound ready-to-cook frying chicken | 1/2 cup instant cream |
| 6 to 8 green onions and tops, cut in 1-inch pieces (or 1/4 cup finely chopped onion) | 3 tablespoons flour |
| | 2 cups water |
| | 1 to 2 tablespoons curry powder |

Heat fat and garlic together in a large skillet about 3 minutes. Remove garlic and add chicken. Fry until golden brown, about 15 minutes. Add onion, salt and pepper. Cover and continue cooking over low heat about 20 minutes or until chicken is fork tender.

Blend instant powdered cream, flour, water and curry powder to make a smooth mixture. Pour over chicken in skillet and stir gently until sauce boils and is thickened. Serve with cooked rice, if desired. Makes about 4 to 6 servings. (AMS)

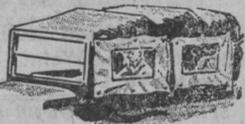

"DRIVING THROUGH THE YEARS"

CAR INTERIORS - YESTERDAY AND TODAY

In the original cars there were no "interiors"; the driver and passengers sat exposed to elements covered only by "dust coats"

Then came the "side curtains"

which would make a touring car fairly comfortable in the rain, but too cold in winter until the "closed car"

began to supplant the "touring car" and "roadster"

The first closed cars were box imitations of carriage coaches with silly frills like flowers vases on the sides etc.

Today's cars are the acme in luxury and "living room" comfort with rich, long-wearing fabrics, easy to clean and the "interior decorator" look of cars styled as smartly as the typical BUICK RIVIERA models.

Unto Death

Lesson for April 22, 1956

WHY do people get killed for being Christians? It seems incredible, and it hasn't happened to most Christians. But it does happen. Christianity was perhaps only a few months old when the first martyr, Stephen, met his death at the hands of a mob. Now the peculiar feature of that mob was that it was so respectable. Not a hoodlum in the lot. They were all civic leaders, men high in religious circles. In fact, it was the high court that adjourned and became the stone-throwing mob. They would not have said that Dr. Foreman they murdered Stephen. They would have said they executed him. But that makes it all the more of a puzzle. A hoodlum might shoot down a good Christian just for meanness, but why should men of distinction kill a man for no other crime than being a Christian?

Before trying to answer that question, we might glance through history and see a few other cases. Circumstances vary, but the kind of martyrdom that was Stephen's is always essentially the same. No one ever brings the killers into court. Who would have brought suit against the Sanhedrin for killing Stephen? They were the court. Who could arrest the Emperor Nero for burning the Christians alive in his gardens? Who could have written a letter to the paper (if there had been one) complaining about the mass murders, by great emperors like Diocletian or Marcus Aurelius, of innocent Christians? So it was when Joan of Arc was burned at the stakes, or when "Bloody Mary" was running wild against the Protestants, or when the Russian revolution caused the death of no-body knows how many hundreds of priest, or when the Chinese revolution has brought death to Christians again in our time. The persecutors may be bishops, and arch-bishops, heathen emperors, "people's governments," or African chiefs, they always have the law on their side, and what is more serious, they have public opinion. When the early French missionaries to the American Indians were tomahawked, as so many of them were, does any one suppose that their scalps were buried to destroy traces of the crime? Not a bit of it,—some Indian warrior wore the scalp and was the envy of everybody in his village. Always the murder of the Christians is done with public knowledge.

Blood of the Martyrs

Persecution Can Be Avoided
We can move a little closer to our question by remembering that the church has not always been persecuted. Sometimes it has been highly praised, welcomed, honored. It may even succeed in running the country. Nobody would dream of persecuting it,—in fact, it may turn the tables and persecute other people. Oh—you say at once—when that happens, it isn't the church of God any more; the true church will always be persecuted, and when it isn't, it is a sign it is no longer the true church.—There is some truth in that, but it is saying too much. A church may be free from persecution and still be largely Christian. However, you can set it down as a rule: Whenever the church, and the people in it, do just what everybody else does and think what every one thinks, then it will not be persecuted.

"I Had a Higher Fuehrer"
Martin Niemoeller is a case in point. He was a hero of World War I who later became a minister. When Hitler took over Germany, Pastor Niemoeller went along with what Hitler did, or at any rate he said nothing, for a long time. And all that time, Martin Niemoeller went right on with his church work undisturbed. Then finally Hitler was too much even for Niemoeller's strong stomach, and he defied Hitler. "I had a higher Fuehrer," he said years later, a higher Leader. So the police came and marched that minister off to jail, one morning after church. You see? The church is never persecuted when all it says to the world around it is "Yes, yes, we agree!" The church has been persecuted, and will be persecuted here in America even, if and when—like Stephen of old—it dares to set above public opinion, custom, "mores," respectabilities, authorities and powers, the Higher Leader.

WHAT DO YOU MEAN, "JUST FACE LIFTING"?

EVERY NOW AND THEN, we run across someone who seems to think that 1956 cars do not offer anything really new—just a little face lifting from the year before.

We won't try to speak for the automobile industry. But we certainly can speak for Buick.

And let us announce in no uncertain terms—it's the newest thing on wheels.

The Styling is New

Sure, it looks like a Buick. But it has a new V-prowed grille that says 1956 and no mistake. The hood's new—the fender ports are new—the sweeppear is new—and it all adds up to a new sweep-ahead look that ends in a sassy, new slant to the rear contours.

But that, friends, is only the beginning.

The 1956 Dynaflo* is New

It introduces what the engineers call "double regeneration"—which means a double-action take-off. It gives you new,

split-second response in the first inch of pedal travel—plus the "switch the pitch" at full acceleration, which no one else has yet approached.

The Ride is New

To coil springs on all four wheels, a brawny X-braced frame, and torque-tube drive, the engineers have added deep-oil shock absorbers to give new softness, new buoyancy, new comfort, and a brand-new "sense of direction" handling response.

The Power is New

All 1956 Buicks have new 322-cubic-inch V8's—with record highs in power and compression—with unique new double "Y" manifolding to step up efficiency—with new carburetor "deicing"

—and a host of other new features to make owning a Buick pure pleasure.

The Thrill is New

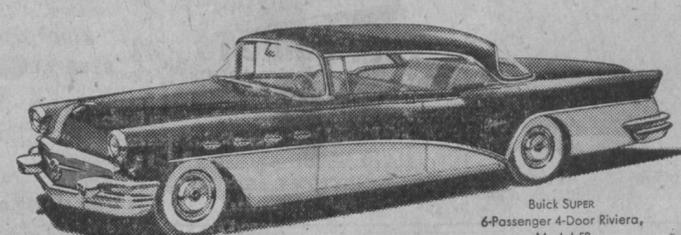

And the surest way for you to find out how right we are, is to sample a 1956 Buick yourself.

As we said before, this is the *best Buick yet*—by a wide measure—and when you learn the prices we're quoting, you'll know why this Buick is one of the three best sellers in today's market.

It takes a lot more than face lifting to produce such a winner as this.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

ELEMENTARY P.T.A. MEETS

The Taneytown Elementary School P.T.A. met on Tuesday evening, April 17, 1956, at 8 p. m., in the school auditorium. The meeting opened with a group of sixth grade pupils singing, followed by everyone participating in the flag salute. The invocation was then offered by Rev. Arthur Garvin, with the reading of the minutes and the treasurer's report following. At that time the President of the P.T.A., Mrs. Charles Hopkins, made some announcements, appointing the nominating committee to nominate the slate of officers for next year. This committee is composed of Rev. Morgan Andreas, Chairman, Mrs. Louis Lanier, Mrs. Ralph Stonesifer and Mr. Clyde Wilhide.

The Program Chairman, Rev. Stanley Jennings, took charge of the program, introducing the Men's Chorus of Trinity Lutheran Church, Taneytown. This group of men directed by Mr. Henry Reindollar and accompanied at the piano by Mr. Harry Reindollar, sang three numbers.

The speaker of the evening, also introduced by Rev. Jennings, was Mrs. Austin Fellenbaum, of Lancaster, Pa. Mrs. Fellenbaum, a very capable speaker, chose as her topic, "Helping Children to Adjust." Her talk, filled with both serious and humorous incidents in the lives of her kindergarten children, was practical as well as very informative.

At the close of the meeting, light refreshments were served.
