# HIGH SCHOOL HIGHLIGHTS Magazine Campaign Tops Goal

The magazine campaign goal of \$3,900 was exceeded by \$324.97 bring-ing the school's total to \$4,224.97. Five rooms, 9X, 12AV, 7X, 11AG, and Five rooms, 9X, 12AV, 7X, 11AG, and 12CG reached or went over their goal of ten dollars per pupil. 11AG alone tripled their designated amount by bringing in \$1,013.98. The winning school team, the Turkeytrotters, beat the Flying Saucers by \$778.81. Robert Clingan was high salesman for the school with \$219.50; Jean Lucken-baugh was second high with \$172.99, and John Reever was third with \$121.53. Mrs. Urith Shipley, faculty sponsor of the campaign, says "This contest surpassed all others of pre-vious years financially, but it also promoted excellent team rivalry, good sportsmanship, educational opportunisportsmanship, educational opportunity and splendid school and community relationship. I wish to personally thank the entire student body and faculty for their cooperation in making this project a success."

Band and Orchestra Elect Officers Kenneth Reifsnider has been elected president of the band and orchestra for the coming school year. Other officers are vice-president, Robert Clin-gan; secretary, Patricia Lambert; treasurer, Lamar Hilterbrick; sergeant-at-arms, John Reever; reporter Vesta Null; band librarian, Larry Little; and orchestra librarian, Larry Lit-Hahn. that every organization is making it most appealing and inviting for the housewife which many times does away with the services of a maid. The modern kitchen was shown more than anything else in the show, in fact, it had its place right out in front in preference to any other room in the house. I could not begin to describe all the improvements and gadgets for that special room. One big feature which surely was an eye opener was the combination table or breakfast "bar" as they term it with the stove so as each member could the stove so as each member could the stove so as each member could sit and just lean over and help them-selves to the morning hot pancakes. That, too, would aid Mrs. Housewife in getting up from her own break-fast. That was by "Beauty craft". CARROLL COUNTY AGRICULTUR-AL CENTER RAISING FUND DINNER, SATURDAY, OCT. 13

The Directors of the Agricultural Center, Inc. and friends of the Center from all sections of the county are working diligently to make this year's event unusual in every respect.

A fine program has been arranged with a speaker and humorist to enter-tain those people who attend the dinner to be served Saturday evening, October the 13th at 7 o'clock. The dinner will be turkey and oys-

scheduled an anniversary celebration. The elderly woman had a fat sheaf of birthday cards on the table of her room Friday, from friends and well-wishers. There weren't many birth-day cards from relatives, for the simple reason that Mrs. Landis has outlived all of her immediate rela-tions and many of her more distant packed. ### OVERCOMING FAILURE

Defeat isn't bitter if you don't newspaper - is one of the finest jobs there is . . . "William Allen White once said: swallow it.

DAYLIGHT SAVING? Yes, daylight saving time is here

At least they call it that. It's pushed on us once every year, Our job is just to blat.

Some folks like it, yes and no, The farmers like it NOT. And those who change the time don't

know How much we hate this rot.

If you think you can time transpose And have this in your head:— Then hang a crepe right on your nose

For sure your brains are dead. The Sun-God made to set the time,

The years have come and gone. To try to change this is a crime, Man's power overdrawn.

Daylight comes on with the Sun, The dew goes off the grass, And comes back when the day is done

And through the night we pass.

You can't make hay on daylight time The cows don't carry watches

Their time and ours just will not rhyme When our's has got the blotches.

On this fool time the hen won't lay However much they're paid. The time to gather eggs each day

Is after they are laid.

If we should let our clocks stay put Come late for Church and school. And let consumers kiss our foot Who'd be the bigger fool.

For time and law they do not change For changeless is our God

And when we time and law derange 'Tis time we're neath the sod.

To raise the speed laws sixty miles Doesn't make fast driving right. The undertaker only smiles Much business is in sight.

We really do not change the time, 'Tis only a delusion. We only put things out of rhyme

And propagate confusion. We do not dare write all we think.

Poetic brakes are safer. 'Twould vaporize the printer's ink And then burn up the paper.

Human opinion then veered and, according to the Bible rec-ord (Acts 28:6), "after they had looked a great while, and saw no harm come to him, they changed their minds, and said that he was a god." From murderer to god! Surely there could be no greater gamut.

There is no stability in human opinion; it swings about like a weather vane with every passing breath of wind. And the individual who seeks human approval or fears mankind's disapproval will find himself bewildered and torn by a constantly shifting standpoint. The Carroll County Welfare Board met in September at the agency of-fice. Items on the agenda included a reorganization of the Board and consideration of reports of annual recoveries, expenditures for the month of August as compared with those of previous month and the same month of the previous year, and applications

approved and rejected. Mr. Edward O. Weant, Jr., West-minster, was reelected as Chairman, and Mr. Murray Baumgarlner, Tan-eytown, elected as vice-chairman. Mr. E. Shilling represents the James County Commissioner Board for the next year and other members of the Board are: Mrs. Margaret Englar, Mrs. Ernestine Prough, Mr. Norman B. Boyle and Mr. C. Ray Legore. The sum of \$768.39 as the local there in recoveries from extense of share in recoveries from estates of deceased recipients was reported. This amount was returned to the County Commissioners. During the month of August nine

applications were approved for pay-ment in the following categories, 3 Old Age Assistance, 4 Aid to Depend-ent Children, 1 Aid to the Permanentwand Totally Disabled, 1 General Public Assistance. Nine applications were rejected as ineligible, and five cases closed. Three of the closures in Old Age Assistance were for reason of death, one Aid to Dependent Chil-dren case for reason of return to employment of temporarily incapac-itated parent, and one General Public Assistance case closed by transfer to another category.

WHERE TOMORROW STARTS A new "inner car" gives you a NEW KIND of FORD for 1957 ning October 3rd

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news . . . a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because ...

This is Where Tomorrow Starts . . . with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special per-sonality-the youthful grace, the whiplash action-and the reputation for durability known wherever there's a road.

To all this we have added true elegance -a kind of elegance never before seen in the low-price field. To make a car truly elegant, you must start deep-down inside.

#### The New Inner Ford

The Inner Ford-the car you cannot seeis a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width; they serve not only as supporting members but as concealed side bumpers of immense strength.

### The New Ford Body

The new Ford body is a triumph of engineering in steel. The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front-easier for you to reach, but out of the children's reach.

All these features were engineered to give you a solid new kind of comfort.

# The New Ford Ride

The New Kind of Ford sits six people as no other low-priced car has ever sat them

-six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, flight-hearted ride-this car is responsive, nimble, agile, with a proud easy movement.

#### The New Ford Choice

Ford offers not only one, but two sizes of cars . . . each on its own extended wheelbase ... each with its own body shell ... each with its own styling.

First, the two Fairlane Series on a 118inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a twodoor sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a twodoor sedan are distinguished from the Custom models by more luxurious interiors and elaborate trim. The Custom Series also includes a Business Sedan.

Beyond all these, you also have your choice of five Station Wagons-the famous glamour cruisers that are the champions in this field!

### The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine inches!

The new Ford is not only low-but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series, a shade less in the Custom. It's a nice kind of fun just to look at it. It's high-priced in every way except price.

## The New Ford Performance

You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate -extra charge for this engine of 312 cubic inches with its 4-barrel carburetor.

For "Six" lovers, we've got the 144-hp Mileage Maker Six. Whether you choose Six or V-8, the going is greatl

# Here is where

#### your own tomorrow starts

It starts at your Ford Dealer's showroom!

The cars will be there on Wednesday, October 3.

These are the best Fords of our lives.

They are the first symbols out of Detroit of the new automotive age that is beginning for you.

This is where tomorrow starts-at your Ford Dealer's.

This is when your tomorrow starts-October 3rd.

Come in and see us for the Big New Kind of Ford!

#### FEESERSBURG (A Voice from Carroll)

Among the many words that make up the English language there are perhaps two dozen or so that have distinct personalities, just like human beings. One of them is the word "inspiration." The dictionary gives it a half dozen meanings but the one that is most often used in connection with the word is "the influence or impulse which causes creation." We doubt if there is a person anywhere in the world who has not been inspired by some person or thing to strive for something better at some period of his life. Beauty in any form has a compelling influence on most of us but the one thing that brings an inspirational glow to our hearts and minds is to see or be near a person with a physical handicap and watching him or her overcome it. We know of course that life even to a normal person s not always a thing of beauty or an easy road and to a handicapped person it is even more rugged. Yet all of us have seen time and again the blind, the deaf, the lame, and the retarded not only leading normal and useful lives, but more often than not, inspirational lives. Few of them ever realize that by their example of courage they inspire the normal men and women to better living. Frequently we hear persons say they are ashamed to give up or complain after seeing a handicapped person making such a gallant contri-bution toward living when that person could have so easily and with some justification. Said, "I give up . . . I have been given a raw deal and I will not fight fate." But ninety nine times out of hundred the handicaps philoso-phy is the very opposite. He learns to accept and to make the most of the abilities he does possess. For it is no secret that when we are robbed of one talent nature in her own way makes it up to us in another. And it may be that the handicapped are

Mr. Albert Brenneisen writes from Wilmington that he is still ill with the cold he caught while visiting in Union Bridge, and doesn't seem to have much strength. He sent two photographs—one was of Main Street n Union Bridge and the other was of the collection box for fines due to over-parking violations. Both are good, clear pictures. We surely hope Mr. B. will soon be feeling fine again.

The executive committee of the El-mer Wolfe School PTA. held its first meeting of the school year Monday evening in the school. Some kind of record was set because all members were present and accounted for. Dr. David Edwards, the new president of the P.-T.A. presided. A lively discus-sion over a variety of subjects de-veloped among which were the two major projects under consideration-namely the proposed inter-com. system for the school and re-decorating the stage plus new curtains. Commitmittees were appointed to look into various ideas and report to the mem-bers of the P.-T.A. at the October meeting.

If you can honestly say, in spite of being rich or poor, healthy or serious-ly ill, friendly or friendless, loved or unloved, that you have never been bored with living then mark it down that you have truly lived and life after all has been excitingly kind to you. For nothing—no nothing can be as tedious and killing as boredom. -Ruth Roelke.

Then the program committee, Patsy Lambert and Marlene Zimmerman, took over. The program was opened by the class singing "Give of Your Best to the Master." Marlene read the Scripture, which was recorded in Eph. 2:1-10, and then the class sang, "Jesus Calls Us." Patsy led the group in lesson study with the topic for the lesson being "Salvation." The lesson explained about salvation's necessity, provision, condition, assurance, scope, and results. To conclude the lesson, Patsy read an appropriate poem en-titled "Grace Through Faith and Nothing More." The business meeting was conducted by the president. The minutes were read by the secre-tary, Peggy Miller, and approved. The treasurer, Donald Null, reported and collected the dues. Under new busi-ness, it was decided that the class would meet next at the home of Eugene Starner, Westminster, on Sun-day evening, Oct. 14. The program committee appointed for this evening was Peggy Miller and Donald Null. It was also decided that the class would have a straw ride, Saturday evening, Oct. 20. ## FAIRVIEW

Did you ever stop to think of the mysteries of this world? There are so many fascinating things. As I was walking out this morning, I looked up to see an airplane flying over head, then there is the television and how that can bring pictures right in your living room. Then there is electricity you can do your washing and ironing by just a plug in the wall; also the lights. It is a wonderful thing what

Making hay is about over for this year but it may interest future hay-balers (The human kind) how timothy hay received its name. Timothy Hanson was a young farmer living in the State of New York in the year 1720. But like all young people he became restless and decided to move to North Carolina. Among the things he took with him was a sack of grass seed which originally had come from England. While this grass seed had produced pretty good in New England, the hay was nothing to brag about. But in North Carolina it seemed to outdo every other type of grass planted and it wasn't long be-fore the hay-fields of Mr. Hanson was the topic of conversation and also the envy of the neighbors. Everyone wanted some of the seed and they began referring to it as Timothy's By the year 1747 the grass seed became so well-known that Benjamin Franklin wrote something about it in his newspaper calling the grass, Timothy. From then on the name stuck and the ever popular type grass to this day is known as timothy. although with the change from horses on the farm to tractors timothy hay isn't quite as popular as it once was. Dairy farmers prefer al-ialfa or other grasses, but in the South timothy hay is still a favorite

hay. Women know instinctively, even when they are echoing male glory stuff, that communities live not by slaughter and by daring death, but by creating life and nursing it to its ighest possibilities .- George Bernard Shaw.

From the financial page of the daily newspaper we learn that the price of cement has been increased from fifteen to twenty cents per barrel, by the leading producers including Lehigh Cement Company of Allen-town, Pa. No reason was given for the increase in price though it may be due to the recent increase of freight rates, by the railroads. Each time we read about the price of this and that going up due to increased labor costs or freight rates or some other reason we can't help but wonder why the farmer's products never rise for him, but continue to go down. He has freight and labor problems too. We know of course the reason, but no one can make the majority of farmers see it. Until the farming industry ness and labor it will continue to be the unwanted child of our American economy.

Subjects assigned by the nationwide sponsors, the National Tuberculosis Association and the Columbia Scholastic Press Association, and announc-ed today by Mr. Samuel M. Jenness, Chairman of the School Press Project Committee, are "What's Needed to defeat Tuberculosis," and "Careers in Health." School publications taking part in the project will publish news and feature stories, editorials, and art work on either or both of the subjects. "We hope the student reporters and editors will get a good look at the problems of TB control in this area and find out what is being done and what can be done about them," Mr. Jenness said. "In their reports about the people in this community responsible for preventing and treating tuberculosis, we hope the many fine careers open in the field of health will be brought to life for their readers." An opportunity to visit the TB association headquarters, the health department, a chest clinic, and to interview a visiting health nurse will be offered the reporters and editors in order to give them a look at TB control National, as well as state and local recognition will be given to those pub-lications which fulfill the aims of the The School Press Project is one of the educational programs supported by Christmas Seal funds. THE BIBILE SPEAKS BY DR. KENNETH J. FOREMAN

Background Scripture: Mark 10:13 5; Revelation 3:20; 21:1-22:21. Devotional Reading: Isaiah 55.

# 'Come!'

Lesson for September 30, 1956

THE Bible has a way of expressing the most profound and farreaching truths in the simplest possible way. "Come!" is a word of one syllable, and even a child knows what it means. But as we find it in the book of Revelation and elsewhere, a great deal is tied up in it and ex-

pressed by it.

Journey to God

This word, as a command, suggests first of all that man is not where he ought to be. He ought to be close to God.

Some are not even Dr. Foreman turned toward him and are moving farther away every day. But even those whose faces are Godward, are never as close to him as is possible to be. God is everywhere, in one sense. That is, one does not have to travel to some distant shrine, some Holy City, to find God. And yet even among human beings we often feel how far we are from those sitting in the same room with us. And though God is all about us, we are blind to him. Spiritually we are feeding swine in a far country when we ought to be at home with God and in God. There are diseases in which the patient shivers with cold even in hot sunshine. So the diseased soul shivers with cold even in the full flood of God's radiant love. A patient with mind diseased looks unseeingly into the eyes of loved ones. How near-and yet how terribly far away! In our coldness of heart, our estrangement of mind, we hear-or can we hear?-the Voice say "Come!"

# Who Says "Come"? •

What voice is this? Two strange words appear: The Spirit and the Bride. Who are these? Spirit is God; the Bride is the Church. The Spirit is the New Testament word for God-close-at-hand, God-in-theheart, God moving in heart and mind of dedicated men. The voice of the Spirit is the "still small

voice" the prophet heard. It is the Spirit of God and the Spirit of Jesus. Would it not be enough for the Spirit to say "Come"? No, because God graciously chooses to speak also with human voices. The Bride is the Church; and the Church too says "Come." In all her services of worship and of teaching, in all her proclaiming of the eternal Word, in all her service to mankind, the Church says "Come." A church that does not have the atmosphere of welcome is no true church. A church that puts back bars that our Lord has taken down, a church that says "Come" to a select few and says nothing at all to the masses of men,-this is not true "Bride" of Christ. "The doors of this church are as wide open as the gates of heaven," say some church bulletins. If that is not true, whose fault is it?

#### **Is Your Name Here?**

Jesus once wept over a beloved city: How often I would have gathered you . . . but you would not! Christ can say, "I would; but you would not." But such is the graciousness of God that no man dare say, "I would; but God would not." The invitation of God has on it, so to speak, the name of every man who wants to write his name there. "Whosoever will" includes everybody who wants to be included. There is no sense in saving, "I never have wanted to come to God, therefore the invitation is not to me." It is to you-but only if you will. Here in Revelation it is an invitation; in some other parts of the Word it is a command (e.g. "God commands all men everywhere to repent" (Acts 17:30). The Choice Is Your Own

God can do all things. But he has not done all the things he could have done. He could, no doubt, have made men in such a way and of such a nature that not one person could ever possibly commit a sin, not one person could turn away a hair's-breadth from God. But he did not make such men. He could have made men such that if they ever strayed away from God all he would have to say was simply "Come" and they would come back every one. But he did not make men so. God would rather be loved by men who do not have to love him than by creatures who would love him automatically and could not help it. God gave man the power to accept; but at the same time he gave man the power to refuse. "Let him come!" God does much for you; but he will not decide for you. God made the road home; he holds the door wide open; he sends the word, "Come!" but he leaves the coming to you, to each man.

had advertising to teach them For example, how far would what's new. "new" things like radio and TV, But here in America, with vacuum cleaners, ammoniated tooth paste, chlorophyll, vitamins, hormones, wonder drugs, popular best sellers, modern furniture, and whatever else you might want

the force of advertising prodding us to seek the new, always the new, we have no chance to become static or to name, have gone without the content.

Before advertising entered our Argue as much as you like about lives so strongly, so frequently it whether that's good or bad, the took years for a new idea to "take fact remains America is ahead of hold." Now new ideas are taking the world-in practically every hold almost every night. There thing!

A HOSTESS LOOKING FOR SOMETHING NEW and original in place mats can find a good idea right in her linen closet! Those bright, colorful little fringed miniature terry guest towels are now doing double duty on the dining room table, points out The Cannon Homemaking Institute.

These little fringed towels are usually 11" x 18". That's the ideal size and shape for a place mat-just right for an individual place setting. They come in lovely, clear colors, pastels and deep tones, all attractive backgrounds for china and silver. Small terries lie flat and smooth, with no curled edges to mar the appearance of your table.

If food spills on them toss them in the washing machine, and they'll come up smiling every time. No need to iron them either. Just give them a good shake when they come from the line or dryer. (ANS)
