### CHEST X-RAY SURVEY IN CONVALESCENT HOMES

The Rev. Mr. Frederick R. Seibel, president of the Carroll County Tuberculosis Association, announced today that Chest X-Ray Survey in all the licensed and unlicensed convalescent homes in the county will be conducted beginning February 25th.

This is an innovation in the association's program and is a direct service to the residents of Carroll County made possible by the sale of Christmas Seals.

Since tuberculosis is becoming more and more a disease of the older person, the survey has received the attention of the Maryland Tuberculosis Association and the Maryland State Department of Health. To his knowledge, Mr. Seibel stated, a survey of this type has never been made in Maryland and the results will be of interest to other associations planning similar surveys.

The services of a trained technician have been secured and a large 14x17 film will be made, using a portable X-ray machine which will enable those patients who are bedfast to take advantage of the opportunity. All chest abnormalities revealed by the examination will be reported regardless of whether they are indicative of tuberculosis or non-tuberculous conditions.

The survey has received the full support of the doctors in charge of the Homes and of their owners. The Carroll County Health Department is also cooperating to the fullest extent and will provide the film. The X-rays will be read by Dr. Elmer P. Sauer who conducts a chest clinic every first and third Fridays of each month. Dr. Sauer, in addition to being the clinician at the Carroll County Health Department, is medical director of Mt. Wilson State Hospital. Dr. Sauer has stated that this survey will be of value to those persons interested in the trend of the disease and that Carroll County is doing pioneer work in this field.

## UNION MILLS BANK ROBBED

### Two Armed Bandits Get An Estimated \$7,000.

Two bandits held up the Union Mills Bank on Tuesday and escaped northward toward the Pennsylvania line. State Police put out a 14-state alarm.

Paul Kuhns, executive vice president of the Westminster Trust Co., of which the Union Mills bank is a branch, estimated the loss at \$7,000.

The bank's only employee, teller G. LeRoy Smeak had been talking with two customers when the robbery occurred at 2:20 p. m. He said one bandit pointed a gun at him and said, "This is it." Smeak and one customer were herded into the vault and the other customer was covered by the bandits. After the gunmen had gathered up the money, Smeak and the customers were forced to lie on the floor while the bandits made their getaway.

The customers were Rev. Edward Hamme and Calvin E. Bankert, former cashier of the bank. Rev. Hamme was the first man to raise from the floor and he saw the bandits leave in an old model sedan automobile, heading toward Pennsylvania. The car bore Pennsylvania license tags.

Mr. Leese introduced the General Manager, Mr. Leonard Kolmer and the Safety Supervisor, Mr. Richard Reese, both of Baltimore, who reported on the history of the A.A.A. and the Driver Training Program in the State of Maryland and the part which our local dealers play in this program.

Mr. Kolmer and Mr. Reese recognized the three dealers from Carroll County who have contributed much to the success of the Driver Training Program. Plaques were awarded to the following dealers: Mr. George Crouse Motor Sales, Taneytown, Second Year Plaque, Mr. Kenneth Bohn of Bohn Pontiac, Westminster, Second Year Plaque, and Mr. Leslie Wheeler of Wheeler Chevrolet Sales, Hampstead, Seventh Year Plaque.

The reaction to the Periodic Inspection of Vehicles is somewhat more favorable and driver education in the public schools is overwhelmingly favorable. The poll also indicates that a large majority are in favor of Compulsory Automobile Insurance, Unsatisfactory Judgments Fund, and Car Impoundment.

## PLANS FOR MISSION PROGRESSING

### Trinity's Committees Listed for Evangelism Effort

Mighty Oaks from tiny acorns grow. The first plans for the Lutheran Evangelism Mission in Trinity church were by necessity very small - they could be likened to an acorn. Many months ago the pastor, The Rev. Stanley B. Jennings and several members of the then existing Evangelism Committee attended the first briefing session to begin laying plans for this mission. The Lay Chairman was then secured and the General Committee selected and instructed.

Next, the sub-committee chairmen were selected, who in turn assisted in forming active committees. Through these people the program began to grow gradually, reaching further and further into the congregation with a steady and progressive growth. Now, after weeks of planning, working, and praying, the interest and enthusiasm of the members young and old, has increased and become a big thing - a mighty oak.

The Mission, which will be held February 24 through March 1, is not intended to be "just a week of services". The program if planned and carried out in detail will be felt for years to come and will stimulate all Christians to do a better job of continuing evangelism. Following a Mission in a nearby area a minister said: "The Evangelism Mission must be experienced before one can pass any judgment on its worth. To neglect to be a part of this mission is to withhold from the congregation one of the channels through which the Holy Spirit can work."

Trinity is very fortunate in having so many capable and interested workers to help carry out this program. Nearly 60 conscientious men and women are serving on the committees alone, while many more are assisting in their work. These people are under the direction of the pastor and Lay Chairman. Although the pastor is called upon many times to help guide and direct the program and share greatly in its work, it is quite evident that everyone concerned is determined to do his full share and make this truly a LAY project.

Mr. Harry Dougherty, Sr., is the Lay Chairman and is assisted by Mr. Glenn Bollinger, associate chairman. These men are both quite capable of undertaking the tremendous responsibilities of guiding and directing the work of the many committees. Both have been leaders in the work of the church, Sunday School, and Brotherhood, as well as civic and service club work. Assisting these men on the General Committee

### MEETING OF LADIES' AID SOCIETY

The Ladies' Aid Society of St. Paul's Lutheran Church, Harney, held their regular monthly meeting, Tuesday evening, February 5.

Mrs. John S. Harner, the vice-president, had charge of the meeting, due to the illness of the president. The meeting was opened by singing, "My Jesus, I Love Thee", and "I Would Be True". For the Scripture Mrs. John S. Harner read a part of St. Matt. 11, followed with prayer by Mrs. Charles Shildt. The minutes of the last meeting were read and approved, followed by roll-call with 11 members present.

A report was given of the County Christian Endeavor Union banquet, which was served by the Ladies' Aid, January 24th.

It was discussed of serving a banquet sometime in March. There was a discussion of having the covered dish social in March, but due to weather conditions and not many members present no plans were made. Mrs. Stuart Dom was appointed chairman to arrange a program for the covered dish social.

The program committee for the March meeting will be Mrs. Theo. Ridinger, Mrs. Theo. Simpson and Mrs. Marie Smith.

There was no program. The meeting was closed by all singing, "Abide With Me" and all repeating the Lord's Prayer.

The meeting next week will be a "Ladies Night" and will be held in Taneytown High School. Following the meal, dancing and card playing will be the entertainment with the High School orchestra furnishing the music for the dancing. The dinner will be at 6:30 p. m.

## "SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health-life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way-help to bring you happiness!

One should not complain about the weather here in this wonderful State of Maryland. When there is a cold spell it does not last for long and as for real blizzards, they are far and few between. In summer when there is a hot spell that does not last long. Think of the states which have had real floods and much else.

Due to the lengthy Column of the Auto Show last week am writing about a car which is called, "A Hot Rodder". It is a 1932 Ford Roadster with extensive body and frame modification. In other words it was built of all scraps of past models and built very low and with it's gleaming white lustre of the paint job, it appeared as brand new. It held a 1948 Mercury engine and it included safety belts, roll bar, fire extinguisher, low center gravity and a greatly improved braking system. The majority of work on this car was done by the owner, Charles Crowther who is a member of the Maryland Timing Association. It just goes to show what can be accomplished out of "old parts".

Dining in one of those Howard Johnson's restaurants, the table mat read-like this as one awaited the meal -What would Adam and Eve Have Done-if in the Garden of Eden, there would have been a Howard Johnson Pie. Perhaps, you, too will have the answer when you savor your first bite of this classic delicacy-not too sweet and not too tart-ever so fragrant and piping hot right from our own ovens. There's a knack to it, we admit. There's the selection of the plump, fresh tree-ripe apples for one thing, flavoring and timing for another. But the crust-with its tantalizing candied flakiness-this year indeed is the master touch. Yes, if you've never tried Apple Pie the Howard Johnson way, you've missed something more than history itself! Cute?

When you are out driving, Folks be sure and carry at all times a number of those Miracle Moist Towelleths which are called "Wash-n-Dri" which means washing the face and hands without water, soap or towel. It is only the size of 8 1/2 x 6 and also most fragrant. They are sold in Dept. stores, Drug stores and Beauty Salons and are made by Williams Inc. Canaan, Conn.

If you are fond of pickled herring there is none finer than the B & G (Belovsky & Granoff) of Philadelphia. Demand your grocer to get that brand for you! Ummmm good! That's sweet former President's daughter, Margaret Truman and also Marilyn Monroe are busy these days knitting interesting garments for the Blessed Events!

Glenn Ford, the 39 year old Movie Actor is quite a success in the picture called, "Teahouse of The August Moon." He is most clever in this picture which portrays a really versatile actor for he can truly do about anything. The scenery is beautiful and there is Marlon Brando plus the cute Machiko Kyo, the latter turning into a Star after the Arthur Godfrey Show.

Gentlemen: Hope you did not miss Rocca on the T.V. show last Tuesday evening. He pulled off some new stunts which you, too no doubt observed! He still is No. 1 favorite with the public, Eh?

Remember, Folks on the 14th of February is "Valentine Day" and be sure you remember your loved one with a Valentine with the words just for that special one. A box of candy and mainly flowers will delight any individual as all of the Maculine Gender should realize by now that flowers speak the only language in any country and that is, "I love you!" Years ago it meant that "Valentine Day" was only for Sweethearts who were engaged to be married but not so these days as there are cards in all the stores to every member of the family. It means much for many husbands at this time for it may slip their memory in saying, "I love you!" or many other affectionate phrases as he is too busy making money instead of making love!

I hope, Milady that you are keeping up the rolling exercise! Nothing to compare with it as to reducing.

And I do hope, Mr. Bald Man that you are sticking fast to the remedy of that Cuti-cura treatment each night.

Next week, Your Observer will write of the February born (Acquarius).

And now this from Dr. L. A. Greenburg of Yale University-"There is no vehicle, fool proof enough, no road wide enough, no curve gentle enough for the drinking driver!" Until next week, D.V. Have a grand week-end. I am,

Faithfully,

YOUR OBSERVER.

### CO-OPS SHOULD PAY TAXES

Even the most optimistic (and gullible) Americans are now resigned to the hard fact that there are no general tax reductions in sight this year or in the future. But this adjustment has sharpened public interest in the labors of the Mills subcommittee on Internal Revenue Taxation to correct "unintended benefits and unintended hardships" contained in present tax laws.

It is difficult, for instance, for the rank and file of taxpayers to believe that the Government intended to leave any business tax-free, or to impose on the small merchant the payment of taxes that are waived for his competitor. Thus, we shall all of us who pay Federal taxes be watching the fate of bills introduced by Rep. Noah M. Mason (Rep.), of Illinois, and Rep. Clifford Davis (Dem.), of Tennessee to correct this inequity.

On the day the 85th Congress opened for business, Mr. Mason proposed in H.R. 501 that cooperative corporations, their stockholders and their patrons should pay their income taxes in exactly the same manner as regular corporations and ordinary citizens. At the same time, the Illinois Representative submitted a companion bill, H.R. 502, calling for full taxation of mutual financial institutions—which include savings and loan associations, mutual savings banks and credit unions.

Mr. Mason offered both bills to "equalize taxation", which they would; and to "provide revenue"—the estimated \$990,145,000 (nearly a billion dollars worth) that presently goes down the drain through co-op and mutual exemptions and indulgences. Mr. Davis' bill would also require the co-ops to pay their income taxes just like the businesses they compete with. But he would be softer with the members who receive dividends from the cooperative corporations. His bill would give the co-op member a credit against his own tax obligation equal to the amount of taxes paid by the cooperative on the member's dividend.

Passage of either bill would be a move in the direction of meeting the Mills' subcommittee's responsibility of correcting "unintended benefits and unintended hardships". Obviously, the Mason Bill is morally right. But the gentlemen of the Congress may well decide in their tenderness toward the farmer who is for the most part the man who belongs to the cooperative, that the Davis Bill is politically right.

But, whether we get the loaf or only part of it, let's have some action.—U. S. Press Association.

### GRASS ROOTS OPINION

**INDIANAPOLIS, IND., LEADER:** "There's been a postponement of the meeting of the central committee of the Soviet Communist Party. An obvious reason: too many Communists talking on a party line."

**BENNINGTON, VT., EVENING BANNER:** "We don't want to burden you with another resolution that you may find difficult to keep. But we've made one that doesn't involve much extra effort. Nor extra time. We have resolved NOT to be a litterbug, as of January 1, 1957. We feel pretty good about this resolution because it's the kind that has something in it for everybody. Keeping our highways, roadsides, parks, and city streets clean ensures beautiful surroundings for everyone. That is why each and every one of us must correct the thoughtless habit of littering public and private property."

**NAPLES, TEXAS, MONITOR:** "A country newspaper is nothing more or less than a reflection of the town it serves."

## CURRENT EVENTS FIFTY YEARS AGO

Following the heavy snow of Monday, sleighing has been generally indulged in. Many of the roads were badly drifted, and on Tuesday mail carriers and others found travel anything but agreeable. Both snow and cold, this week, have been the severest of the winter.

After the ceremony a wedding dinner was served. Mr. and Mrs. Baumgardner left on Wednesday morning for a trip to New York and Philadelphia. They will reside in Philadelphia, where Mr. Baumgardner is employed with Philadelphia Rapid Transit Co.

You call it "my insurance company". Is it yours? Do you have any part in its operation? Nationwide believes you should—that a company works best for people when the people help run it. That's why Nationwide Insurance has Policyholder Advisory Committees — offers policy owners a real "say" in company affairs. Unique? Yes!... and one reason why there are more than 2,000,000 Nationwide Insurance owners.

#### FEESBURG (A Voice from Carroll)

It has been our custom for the past eighteen years to interview Mr. and Mrs. Groundhog on Feb. 2nd to find out whether we should begin spring operations or just forget about seeds and weeds for another six weeks. The Groundhogs live in the side of a hill along the meadow so its always a pleasant walk to their split-level house. We found them at home but in a very unpleasant mood. They would not even come out but talked to us through their open picture window. They had a lot on their minds. It seems that beginning this year they are through predicting the weather. They are convinced that their day is over. Everything has gotten too scientific. What with the jet bugs in the sky messing up the atmosphere and the T.V. sets disturbing the airways, weather predicting isn't what it used to be. But the mortal blow was struck when the human weather forecaster took over. Every day on the hour the future weather is analyzed, vitalized and vaporized. The Groundhogs decided that predicting the weather by the slip of a shadow is just too far behind the times and from now on they are not even going to the trouble of waking up on Feb. 2nd but are going to hibernate right on through until the alfalfa fields are six inches tall. Their parting advice to me was to stick with Louis Allen, John Douglas and Tippy Stringer. If I did this I would only lose out on a good wash day fifty percent of the time, with that say sarcasm they banged shut the picture window indicating the interview was over. I walked home quite unhappy. Even the Groundhogs were giving in to 20th century progress.

The Elmer Wolfe School was honored this week when four of its students were chosen to take part in the All-Eastern Conference High School Chorus, at Atlantic City in March. The students who will represent the school are: Nancy Roelke, Pat Rupp, Bonnie Queisenberry and Lois Bowman. The girls will spend four days in Atlantic City rehearsing and competing for the solo parts. The gala concert consisting of the All Eastern Band, Orchestra and Chorus will be presented in the ballroom of Convention Hall on March 4th.

A young high school teacher had to leave her class of pupils for a few minutes, so she asked the biggest and most troublesome boy in class to keep order. "I'm depending upon you personally," she told him. "I'll hold you responsible for anything that happens. When the teacher returned she found every teenager quiet; even the unruly ones had their noses in their books. Then the teacher took a second look at her monitor. He stood triumphantly before the pupils. He had removed a heavy leather belt from his trousers and was swinging it with his right hand—with a kind of eager gleam in his eye.

State Senator Flanagan has introduced a bill in the General Assembly to give the Carroll County Commissioners the authority to levy a special property tax for four years to help finance the construction of a county hospital.

Baltimore is going to try something new on their police force. Fourteen dogs are being trained to patrol the streets and help track down hoodlums. It is about time to try something drastic, for it is unsafe for teenage girls even to walk up Charles street during the day time without being approached by some would-be wolf.

Do you believe as most Europeans do, that we Americans have reached the acute stage of "Dollar Worship"? It does seem that the dead end of every conversation leads to the topic of money. There just seems that there is too much importance attached to the amount of money which a person has acquired or possesses. It is taken absolutely for granted that a man works only to obtain money—that he never works for the joy of using his head and hands or just to create some years back. "It is physically impossible for a well-educated, intellectual or brave man to make money the chief object of his thoughts; as physically impossible as it is for him to make his dinner the principle object of them." Study the life of every highly developed man and woman you know—study the life of every highly developed man and woman in history and you will discover that Ruskin spoke the truth. Just to prove that Americans do try to place the dollar value on everything the following items gleaned from a magazine emphasize the point: "The average American family is paying \$54.61 to the government for the care of veterans, servicemen and Indians, medical research and hospital construction." Now, we are certain of one thing—no one minds paying for these services but it seems that all of us have gotten into the habit of figuring up everything in dollars and cents. It has become a habit and we do it unknowingly. But it is a bad habit and should be stopped. To visitors from other countries it sounds like all we have in our minds are the symbols of dollars and pennies.

Times don't change too much. When I went to school it took the subject of Latin to set me straight on English grammar and now our teenager explains that she has learned more English by studying French. The way to knowledge is strange—Ruth Roelke.

To assist in correspondence, records, compiling results and efforts there is a Church Office Staff under the direction of Miss Bollinger, the Secretary. This staff includes Mrs. Glenn Bollinger, Miss Lois Brown, Mrs. Harry Forney, Mrs. Stanley King, and James Sell.

The prayer committee, headed by Carroll Hess has been busy conducting devotions and giving short talks about the Mission in all of the auxiliary and young people's meetings, as well as during the worship service. They are also encouraging all members to use the prayer booklet which will be sent out, and to pray earnestly for the success of this endeavor. There will be a 24 hour prayer vigil in the chapel beginning at 9 a. m., Saturday, Feb. 23, and continuing until Sunday morning, the 24th at 9. The committee is asking for volunteers to serve in the chapel for half-hour periods during this time. A very important training session for these visitors will be held Sunday afternoon, Feb. 10 at 2 p. m. Music has always had an important place in the life of Trinity. Special music is being planned for every service by the music committee with Glenn Reeve as chairman. ## "YOUR FEDERAL INCOME TAX"

Federal income taxpayers who require more information than is provided by the Form 1040 and its accompanying information booklet may well find the help they're seeking in preparing their 1956 returns in the new edition of "Your Federal Income Tax," Acting District Director Irving Machiz of the Internal Revenue said today.

The current edition is the largest ever prepared by the Internal Revenue Service and contains dozens of specialized chapter headings as well as numerous illustrated and pre-calculated examples of tax problems. Such illustrations are same size as the forms so that they may be directly keyed to those of the individual taxpayer and his problems.

The booklet may be obtained for 30c a copy at the following locations:

In Baltimore: Room 130 Custom House; Baltimore Association of Commerce, Room 308, 22 Light Street, and the Provident Savings Bank main office and all branches.

In Washington: The Internal Revenue Building, 12th & Constitution Ave., Room 1503. Also the National Bank of Washington main office and all branches.

County Offices: The Internal Revenue offices in your area with the exception of Elkton, Westminster and Havre de Grace.

The booklet may also be obtained at the same price by writing to the Superintendent of Documents, U. S. Printing Office, Washington 25, D. C.

## BOY SCOUTS MEET

## Explorer Events

Several graduates from the Boy Scout section of the troop have added to the gang which meets weekly on Mondays in the Scout hall nonselfishly provided by Mrs. John Hoagland, under the leadership of Robert L. Bowers, Explorer adviser. Themes leading toward advancement progress were initiated by him at the first meeting of the new year, when Fishing, Home repairs, and poultry keeping merit badges were reviewed. First class aspirants tutored Morse under acting assistant Thomas, and Crew Leader Philip Garrett and Jack Bowers will shortly complete this first class stickler. Deputy senior crew leader Robert Fitz tried successfully a new game of steal the bacon on one leg, and in his closing Bowers got everyone to name five different trees, George Abrecht and Larry Eckard leading the benediction.

January 14th Charles Becker introduced Circle in the dark and horse and rider in the game session after a short quiz to open by Adviser Bowers. Senior crew leader Harold Slaybaugh and Grant Harman conducting the ceremonies. Quartermaster and Crew leader George Abrecht led his group in by far the best stunt, which was the night's theme called for by William Abrecht, Jr., newly enlisted as assistant adviser. This Crew 2 portrayed a scene from "True Detective" which was excellently done, and with picturesque detail as to make one wonder how it could have been staged so effectively with but a quarter-hour's conception and rehearsal. The barbell afterwards claimed the attention of Eckard, the Hively brothers Ose and Ose Junior, Harman, Sherman, and Larry I. Barnhart, who also has engaged to be assistant to Mr. Bowers. Carroll Hively must require exercise, for the bells are now checked out to him for a little extra-curricular practice.

Fitz chose compass dash as a repeat theme on the 21st, Crew 2 again nosing out Crew 1 in a tape finish, and Jack Bowers proved that over the top has its appeal to the harder and more rugged of the explorer contingent. Adviser Bob, requiring an imitation of someone in the room, added color to the opening, while assistant adviser Abrecht led an effective closing which included the singing of "God bless America."

A most enjoyable camping trip to Tumbling Run Leanto on the Appalachian trail took advantage of the public school holiday last week, George Abrecht, Lee Barnes, and Jack Bowers accompanying their adviser to Micaceous State Forest Thursday evening for three nights of winter camping. They were joined after the basketball game Friday evening by Fitz, Larry Hively, Donald Sharner, and Thomas, all returning shortly after noon Sunday.

Monday's meeting began with the awarding of George Abrecht's crew leader's stripes and a rugged game of pony rider chosen by Larry Hively, while the theme leader Larry Martin introduced the subject of citizenship in the home merit badge, required for ranks above first class. A social item will be the Ice Canades at Hershey on February 18, tickets being available from Secretary Carroll Hively.

A future service project will be to check coats at the Lions Shrimp Feed, March 12, and in the hall the refinishing of the pingpong table and repairs to the equipment closet door.

## Boy Scout Patrols Reorganized

A promising rearrangement of the Boy Scout division of the troop has been effected, with Grant Harman becoming Senior patrol leader. Francis Nelson, named Junior assistant scoutmaster, has been assigned to work with the Foxes under Patrol leader Fred Sherman, and Charles Turner was appointed leader of a new group who call themselves Flaming Arrows. Edward Reaver became leader of the Panthers, Explorer, Larry Hively assisting, while John Myers, Raccoon leader, has Explorer James Hemler to work with him.

All four patrols now are embarked on a contest to lead to some outing or sports event as the well-earned prize, and they appear pretty evenly matched and yet with room for a few new recruits who are continually adding to their enthusiasm.

Harold W. Slaybaugh has official post he has really held for quite a while but for the age qualification, and how we have hope that Robert J. Rock will also return in this capacity. Mr. Rock conducted an enthusiastic knot tying relay last Thursday in which the Foxes scored 100%, while in Morse sound signaling (by recognition of words sent in code) the Panthers placed first. Senior patrol leader Harman's theme of Alphabet search saw the new Flaming Arrows cop first the previous week, while Slaybaugh's fire by friction contest before that produced a Raccoon victory to make one first for every patrol. Plaques

are awarded weekly, to be retained until won away from the holder whenever that event is repeated. New members bring contest points, this Thursday's swimming is an appealing activity and the race is closely run, so an exciting program over the next several months is anticipated.

## LETTER TO THE EDITOR

January 30, 1957  
Mr. C. L. Stonesifer, Editor  
The Carroll Record  
Taneytown, Maryland  
Dear Mr. Stonesifer:

At a recent meeting of the board of directors of the Carroll County Tuberculosis Association, a resolution was adopted expressing appreciation for the publicity which your newspaper gave to our 1956 Christmas Seal Sale.

We know your cooperation had direct bearing on the fact we were only one of four counties in the state which surpassed last year's total.

This response on the part of the public is evidence they have been well informed through the media of the press about the facts concerning tuberculosis. Briefly they are: 1,200,000 Americans require medical care or supervision for active or inactive TB, that another 50,000,000 or more are unwilling hosts to live tubercle bacille, that TB is costing this country \$600,000,000 a year, largely in tax dollars.

Your support of our program, which is aimed at the final eradication of tuberculosis, has been invaluable. We wish to express our sincere appreciation to you and the members of your staff for your fine cooperation.

Sincerely yours,

(Mrs.) DOROTHY M. RINEHART  
Executive Secretary.

## CARROLL COUNTY TO PICK "MISS MARYLAND" CONTESTANT

A "Miss Carroll County" will represent this community at the "Miss Maryland" Pageant in Baltimore in July, it was announced by Pasquale Donofrio, chairman of the "Miss Carroll County" Pageant Committee of the Westminster Lions Club.

Donofrio said the Westminster Lions Club had been invited to find a Carroll County beauty to compete in the contest staged in Baltimore. Plans for the third "Miss Carroll County" Pageant, to be held in June, are already under way.

Donofrio said that within the next few days he will name several Lions to the "Miss Carroll County" Pageant committee, to assist him in staging the "Miss Carroll County" Pageant.

The winner of the "Miss Maryland" Pageant, in addition to many valuable prizes, will win the right to represent the Free State in the "Miss America" Pageant at Atlantic City, September 2nd through the 8th. Miss America 1958 will receive a \$5,000 scholarship prize and an estimated \$75,000 in modeling and personal appearance contracts.

"The next 'Miss America' might very well be living right here in Carroll County," Donofrio said yesterday. "She may be the girl who helps you in one of the

## DAYS OF OLD—

God was good to people in those early days  
 When they went on Shank's mare, in buggies and sleighs;  
 They all used to think He was up in the sky;  
 And, that what they did would escape His eye.

But, in this enlightened age, we have learned to know,  
 That God is with us every place we go;  
 Certain things we say sometimes cause a fuss;  
 But, what we do interests Him, for He lives in us.

The church or woods is where boys used to go,  
 To meet, the girl they were anxious to know,  
 But, whether at the church or woods she took his arm,  
 That was her first step toward the farm.

The old song which boys and girls used to sing  
 At picnics, for years, made the timberlands ring;  
 And some still remember the days gone by  
 When those ancient strains ascended high.

Come on, ye old maids in your wicked ways!  
 Come! Sow your "wild oats" in your youthful days;  
 Come take my arm; and, we'll goggle along  
 Were some other words in that ancient song.

It was in the woods that many a boy found his wife;  
 And, with her, he lived happily all his life;  
 He laid out the furrows, she milked the cows;  
 And, made him, he said, a wonderful spouse.

Much of the courting is done in this our day  
 In the parlor or at parties people say;  
 But, they don't seem as happy as they used to be,  
 When they snuggled and coed under a tree.

When courting was done the provincial way,  
 The preacher tied a knot that was tied to stay—  
 No matter how hard the winds of adversity might blow  
 It only blew them closer and together go.

Girls once made their forenoons long, afternoons short,  
 Matrimony, then, was not considered a sport;  
 For years a girl would figure and plan  
 Until she was sure she had found the right man.

She would make a "hope chest", do all sorts of things,  
 Before she accepted the offer of rings;  
 But, the girl of to-day will take a chance?  
 Just so the guy has a crease in his pants.

I wrote about matrimony once before;  
 But, it won't hurt to speak of it once more;  
 So, before making a venture, ponder well,  
 For a home without love is a constant hell.

The girl of to-day, it is said, has a way of her own—  
 She refuses to work herself to the bone  
 Just to let, what they call a gigolo, live at ease  
 With only himself and his whims to please.

Yes, the girl of to-day has a different plan,  
 After she marries she studies her man;  
 Domestic economy, she thinks, along with his work  
 Should cause everything in the kitchen to perk.

If he toes the mark, he is branded OK;  
 If not, his light goes out; like at close of day  
 When the Sun in the west bids the east good night;  
 Just so soon that maiden is out of sight!

 Few cars at any price are so

### Lights

Lesson for February 10, 1957

ANYONE who has ever driven in a city traffic knows what a snarl there is when a traffic-light goes "on the blink," meaning that it doesn't blink. There is almost as bad a tangle of traffic when one side of the light, either green or red, fails to operate. The driver on the blind side is not sure what he ought to do, but the drivers backed up the street think they know, and honk at him and at things in general, until the police come and straighten things out. Now suppose—if you can suppose nonsense for a minute—that a city board of aldermen decided to save money by not buying red traffic lights. "Let's not discourage our energetic citizens with red stop-lights; what we need is vigor and drive; GO lights are all we need." Or suppose in another place the city fathers decided to buy and install red lights only. People should be left to their own initiative, they might say. All we need to do is to stop them when they need to be stopped.

#### God's Yes and No

All through the Bible, and especially in the teachings of Jesus, we find, as it were, lights both red and green. There are the red lights of warning and the green lights of encouragement. In the two chapters of the background Scripture, for instance, we find Jesus warning men against: judging by appearances, failure to respond to God's messenger, condemning men for "sins" which are not really sins, regarding institutions (in this case, the Sabbath) as holier than human life itself, speaking evil against God's Holy Spirit, careless speech in general, and living an empty life (the story of the restless demon). These are all warnings against ideas or action which look all right on the surface. The Bible has few warnings against obvious sins; many against sins that look harmless or even good. But also there are the green lights of comfort and encouragement. A certain philosopher, a particular gloomy one, called Christianity God's "attack on man."

#### Lighthouse

In the New Testament Christians are called lights in a dark world. Indeed Christ says they are "the light" of the world. So the church like the Lord must hang high both the lights of warning and the lights of encouragement. The church must never let the red light get out of order. She must never let people think a sin is not a sin, or that sin is not harmful. She must warn men of dangers that are not obvious. She must never be a Pollyanna, she must never sing, "The world is so full of a number of things, I am sure we should all be as happy as kings." Like a lighthouse, the church must warn men, both Christians and the world at large, of hidden dangers. If the church sees no harm in what "everybody does," if the church's standards are simply those of the world, if the church turns into a sort of celestial rotarian society, its members figuratively slapping one another on the back and telling one another how wonderful they are, then the church itself is in danger.

#### Home Lights

If the lighthouse says, STAY AWAY! the harbor lights say COME HOME. So the church, like her Lord, if faithful to God's Word, will show men not only what not to do but what to do. When an airplane is approaching a landing-field in the dark, if it is a modern properly lighted field, it will have a double row of lights on the runway, so that the pilot by lining up his plane with those lights can follow them right down to a safe landing. The church ought to furnish lights like those for the world. The church has the right and the duty to speak, as Jesus spoke, not only to its own members but to the world outside, proclaiming the principles of life which is right in the sight of God, not only for individuals but also for group living on small scale and large. The church must speak of sin, yes by all means. But a church that speaks only of sin and never of its remedy, is like a doctor who diagnoses but never prescribes,—like a harbor authority which maintains a lighthouse to keep boats out but no buoy lights to guide ships in.

## Let's Think

by  
G. H. ENFIELD

They who have never arrived are always ready to tell others how to arrive.

The ones who deserve no respect are the ones who do not respect themselves.

A person stands in danger of losing his faith who makes no effort to save it.

A man of strength is one who lives by convictions.

Teen-agers would have the rest of us to believe that marriage bonds are the safest bonds on the market.

Can you truly say, "This Is My Father's World", when so ungrateful for His many blessings?

Those people who don't appear at church for months are very negligent about their appearance.

There are those who seem to find happiness in trying to make others feel miserable.

It's not the Little Fellows with the most learning, but the Little Fellows with the most pull, who receive honorary degrees.

Big words do not a wise man make nor little words a fool!

The Creator has doubly endowed her who wears a winsome smile.

What they lose who fail to go to church:

- The presentation of basic truths of a strong Christian character.
- A growing knowledge of the Scriptures.
- The blessings of Christian fellowship.
- The joy of Christian service.

"In all your ways acknowledge him, and he will make straight your paths." —Proverbs 3:6 (RSV)

## FROM MEMBERS OF CARROLL CO. DELEGATION IN THE GENERAL ASSEMBLY

By Sherman E. Flanagan, Senator

One third of the 90 day session has passed and judging from the number of bills introduced it has been a howling success. The House 320 and the Senate 272 or a total of 592 in the hopper. Many of them will never get out of committees and should never have been initiated. A goodly number of the local bills are already State law and others have a nuisance value of alarming segments of the population whom they would affect.

There is a feeling among many here that their importance is measured by the number of measures that bear their name. Almost daily I am tempted to include Carroll County, but after reflection I conclude they would have little value or impossible of administration, so, why on the books. One of these is garbage disposal for those not living in incorporated towns. If you find time ride out Manchester road and just as you cross the railroad look to your right down over the bank along the stream. What a disgrace to our beautiful country side.

Perhaps the guilty parties did not think or want the public authorities provide suitable places to deposit this waste.

The County Commissioners have initiated a program to establish dumps in various areas of the county for this purpose. They will appreciate your help in finding suitable locations as well as your cooperation, in using them when found. Thank you.

At a meeting of the committee on nominations, of which I am a member, it was a pleasure to ask approval of two local recess appointments, Mr. Edmund Carr, as Commissioner and Arthur Hush, as Judge of the Orphan's Court. At the same time Mr. Claude Hellman was confirmed for the office of Secretary of State. He was sworn in Friday to the \$10,000 a year position.

Most of our time is consumed these days in conducting hearings on controversial bills and listening to department heads justify their budget requirements. Serious-minded experts often split right down the middle when testifying about important matters. The senators ask questions interminable, often more to attract attention than for information. They frown their brows, wrinkle their cheeks and twist their mouths in moods of thoughtful contemplation.

These facial manipulations are poses characteristic of high level cogitation. I find myself making similar distortions in sympathetic muscular imitation. Actually they are a serious group and they can be congratulated for their continued interest.

The Carroll County Civil Council, a recently formed group of citizens interested in studying, guarding, and promoting the general good of our County, poses the following questions: 1. What are the present problems facing Carroll County? 2. What are the complicated conditions to which you refer (previous articles in this paper) and what are some of the problems likely to result from these conditions? 3. What solutions do you offer for the present problems and those likely to arise? Mr. Edward Knox is the president.

Well, that is a mouth full and a very legitimate request at that. What is your answer to these queries? As members of the legislature we are curious as to what you want, and anxious and willing to support any serious suggestions that are in the realm of possibility for meeting the problems of a growing community. I might make the observation that many of the answers are to be found right here in this community by our own conduct without aid of legislative enactment.

This I know, Carroll County has over 50,000 souls within its borders. We can feel that we have become of age at long last. Experts agree on one thing, and that is, if we don't meet our responsibilities on the local level, the State and/or Federal government will move in to meet the needs of an enlightened citizenry in an expanding economy. Which do we want? Shall we meet our obvious responsibilities or pass them on to a top-heavy extravagant bureaucracy?

JOHN D. ROOP OF LINWOOD RETIRES FROM BUSINESS

As of January 1, 1957 John D. Roop retired from the business known as John D. Roop & Sons. Beginning 1957 Mr. Roop began the service of improving sanitation and mechanization of milk improving producing farms in Carroll County. Serving on the Dairy Farm Advisory Council of Baltimore City, he advocated "Make haste slowly."

His own farm, registered Marble Lawn Farm, at Linwood furnished healthy breeding stock for many farms. Manufacturers of milking machines, milk coolers, dairy farm equipment stocked his warehouse (formerly Linwood Hall) for resale. From Pennsylvania as well as Maryland farmers came for equipment. Many asked for his engineering service in making plans and installation. Mr. Roop graduated as civil (sanitary) engineer from Hopkins 1917. This resulted in serving Carroll, Frederick, Howard, Harford, Anne Arundel, Montgomery, Baltimore and Washington Counties, Md., Adams, York, Lancaster and Franklin Counties, Pa., with at least one customer beyond American shores.

Louise, Roger, Carroll and Beth Roop grew into the organization. Carroll Roop graduated from Hopkins as mechanical (refrigeration) engineer in 1944. Louise married Wm. I. C. Knight who after completing his military service, entered training at Linwood. Mr. Knight became part of the Roop & Sons organization answering calls for service day or night. A native of Pennsylvania with real estate holdings at High Spire, Pa. and as Sales Engineer for The Flinchbaugh Co., of York, Pa., he brings to the client of Roop & Sons additional service and experience.

Wm. I. C. Knight became the new owner of Roop & Sons of Linwood, Md., Jan. 1, 1957. The entire family continue in the service. Roger Blacksten with C. W. Moore are employed on a full time basis. Zero Mfg. Co., of Washington, Mo., H. D. Hudson Mfg. Co., Chicago, Ill., Universal Milkery Syracuse, N. Y., and other suppliers are urging a continuation of the past service policies.

## PURINA SUPER STARTENA SWEEPSTAKES

Ten modern aluminum caged hen houses, each stocked with 1000 top-bred hens, will be given by the Ralston Purina Company to the 10 winners of the nationwide sweepstakes which the company and Purina dealers launched early this year, it has been announced by the Taneytown Grain & Supply Co., local Purina dealer.

The sweepstakes is open to any adult who is planning to start chicks in 1957, except employees of feed manufacturers and dealers and their families. Entrants will fill out entry blanks and take or mail them to Taneytown Grain & Supply Co., local Purina dealer who in turn will send all entries to Purina headquarters. Entry blanks will be available at Taneytown Grain & Supply Co.

After the contest closes March 16, a drawing will be held in St. Louis, at which time 10 entries will be selected out of the entire group by Don M. Turnbull, Executive Secretary of the American Poultry and Hatchery Federation. The persons whose names are selected will be the winners.

Purpose of the sweepstakes is to establish more top-flight caged-hen operations in different parts of the country, according to Taneytown Grain Supply Co. The caged hen method of producing eggs has been spreading rapidly in both warm weather and cold weather areas. In this system, hens are placed in individual cages which they never leave until after their productive days are over.
