

He prayeth best who loveth best All things, both great and small. —Coleridge

# THE CARROLL RECORD

One thorn of experience is worth a whole wilderness of warning. —Lowell.

VOL. 63 No. 43

TANEYTOWN, MARYLAND, THURSDAY, MAY 2, 1957

\$1.00 A YEAR IN ADVANCE

## COMMUNITY LOCALS

Mrs. Newton Hahn has been sick for about a month, and for two weeks has been in bed most of the time.

Mrs. James Burke underwent major surgery last Thursday at the Woman's Hospital, Baltimore. She is doing nicely.

This week-end Doris Stonesifer and Vicki Lambert will attend a Spiritual Life Retreat at Camp Misty Mount near Thurmont.

Mr. and Mrs. Vernon Leach and children, Carol and Steven, Baltimore, spent the week-end with her mother, Mrs. Roy Carbaugh.

The Rev. Guy P. Bready, Frederick, was in town on Tuesday to attend the funeral of Mrs. Zeiber Stultz, a former parishioner of his.

Mr. Clare Null, who has been a patient at the Annie Warner Hospital, Gettysburg, returned home on Wednesday. He will have to remain in bed for several weeks.

The Graceful Workers Class of the E. & R. Church is sponsoring its annual Mother's Day bulletin. The class would appreciate the co-operation of the members of the church.

Mrs. Charles Kephart returned home Sunday after a five months visit with members of her family. Her son, Mr. Burton Kephart and family, of Arlington, Va., brought her home.

The Rev. Gideon Galambos, of Cincinnati, Ohio, came Wednesday for a short visit. His wife and daughter, Georgia Elizabeth, who have been with her parents, Mr. and Mrs. Geo. Ingram for a week, will return with him.

The United Lutheran Church Women of Trinity Church will have its annual birthday meeting, May 8th, at 8 p. m. The guest speaker will be Dr. Fred Wentz from the Seminary at Gettysburg. There will be special music.

Mrs. John Hoagland accompanied her son, Robert and wife, who had been with her several days, to their home in New York City for a visit. She will also see her sons, William Hoagland and Mrs. Hoagland and John Hoagland.

Capt. and Mrs. Ben Rowe and son, Ben, Jr., left Sunday for Augusta, Maine, where they will be for three years. Capt. Rowe had a month's furlough and he and his family spent it with her mother, Mrs. Margaret Taylor, Taneytown, and his mother, Mrs. Rachel Rowe, at Landover.

Rev. E. P. Welker, George Martin, Glenn Springer, Alvie Kline, D. Frank Harman, Sr. and Harry Swomley, Jr., of the E. & R. Church, Emmitsburg, attended the Spring Laymen's dinner conference of the Carroll County E. & R. Churches held in the Manchester E. & R. Church on Monday evening.

Mrs. Percy Adelaide Shriver, who underwent surgery at the Woman's Hospital, Baltimore, and was a patient there for 13 days, was dismissed last Thursday. On Friday she returned to her home at St. Petersburg, Florida, after a six weeks visit around here. Mrs. Shriver was a former Taneytown resident.

Mrs. Herbert Winters, Miss Carrie Winters, Mrs. John R. Vaughn, Mrs. Percy Putman and Edward Sauble motored to the National Lutheran Home, Washington, D. C., on Sunday to see Mr. Thomas Wantz. Mr. Wantz had a birthday on Saturday and they took him gifts. They also saw other Taneytown guests of the home.

Merritt A. Copenhaver, son of Mr. and Mrs. Harry W. Copenhaver, has just been elected vice president for men of the Student Christian Association at Lebanon Valley College, Annville, Pa. for the school year 1957-1958. The S. C. A. is the leading Christian organization on campus with a campus-wide membership. Merritt is a present sophomore Pre-Ministerial Student at Lebanon Valley.

Those from Trinity church who attended the 66th meeting of Middle Conference of United Lutheran Church Women of Maryland Synod on Tuesday at Mt. Zion Church, Ladiesburg, were: Mrs. Ernest Dunbar, Mrs. A. D. Alexander, Mrs. Stanley B. Jennings, Mrs. William Hopkins, Mrs. Norman Sauble, Mrs. Merle Ohler, Mrs. Elwood Baumgardner, Mrs. Amanda Bair, Mrs. C. C. Hess, Misses Beulah and Ada R. Englar, Miss Edith Hess, Mrs. Elsie Reindollar, Mrs. Herbert Winters, Mrs. Benjamin Cutsail, Mrs. Elmer Shorb, Mrs. Cora Weant Duttera, Mrs. Clarence Nail, Mrs. Harry Dougherty, and Mrs. Margaret Nulton. Also from Taneytown: Mrs. Martin Koons from Baust church and Mrs. Myrtle Sentz from Mt. Union church.

Miss Grace Witherow, Washington, D. C. had the misfortune to be in an auto accident on Saturday which resulted in a fractured pelvis, shoulder and a wrist for her. She is in the Garfield Memorial Hospital, 10th and Florida Ave., N. W., Ward B Room 18, 3rd floor. Her niece, Karen and Susan Withner and a friend of theirs, from Schneckady, N. Y., were visiting her and they were in a taxi on their way to the railroad station to return home. A man pulled in front of the taxi, the driver of the taxi lost control of his car and swerved into a stone wall. The girls were examined by a doctor and were found to be all right so they returned home. Miss Witherow was taken to the hospital. The doctor assures Miss Witherow she will come along all right. On Thursday Miss Witherow had the young girls over the Gettysburg Battlefield and in Taneytown.

## HIGH SCHOOL HIGHLIGHTS

**Hiltebrink Wins Road-E-O**  
Lamar Hiltebrink took first place in Westminster Jaycee sponsored Teenage Road-E-O held in Westminster on Sunday, April 28.

Hiltebrink, a senior, will receive, in addition to first place award, the county plaque to be placed in the high school for the forthcoming year. He will represent Carroll County in the State Teenage Road-E-O at Easton, Maryland.

Other participants in the county contest from Taneytown were Marion Michea, Larry Little, and Jack Moon-ey.

Military services representatives talked to the seniors on Monday, April 29, concerning the offerings of the various branches. Spokesmen were Ruth L. Hoctor, PNC, U.S. Navy; Sgt. Patrick H. Bohanan, USMC; Sgt. William J. Baylis, US Army; M/Sgt. Howard R. Kerchner, USAF.

**Ninth Grade Hears About Church**  
To learn what part the church plays in education in the community, the ninth grade general education classes accompanied by Mrs. Estella Yingling and Joseph Renaldi, practice teacher, took a field trip to the Trinity Lutheran Church on Friday, April 26.

While at the church the students heard organ music by Miss Edith Hess, a solo by Mrs. Estella Yingling, and a message on worship in general by Reverend Stanley Jennings. The talk included information about the use of the Christian symbols and the selection of music in the church service.

The Westminster High School band directed by Joseph Chalker, gave a concert to the student body on Wednesday, May 1. Recently the local band presented a similar concert at Westminster.

Doubleday Publishing Co. in Hanover, Pa., was toured on Wednesday by the Library Club and club sponsor, Mrs. Virginia Sanders. Students in the group were Victor Welty, Kenneth Gills, Thomas Little, Betty Waddell, Alice Hunt, Arlene Baker, Diana Davidson, Mary Pittinger, Ruth Sentz, Sandra Harver, Ravina Arvin, Joan Cartzendafner, Eileen Davidson, Margaret Kiser, Sylvia Keeney, Mabel Perry, Deanna Salley, and Betty Wetzel.

Recent engagements of the "Duques" the high school dance band, were at Union Bridge High School where they played for a dance and at the American Legion in Westminster where the Electric Contractors' Association held a banquet and dance. Members of the dance band are Lamar Hiltebrink, Kenneth Reifsnider, John Reever, Billy Henshaw, Richard Airing, Vesta Null, Bob Clingan, and David Gunther.

**Commercial Group to See Offices**  
Visits to the Baltimore offices of Bethlehem Steel, Hutzler's, and the telephone company will be made on Friday by Mrs. Homer Myers, John Rebert and the following FBLA members and commercial juniors and seniors: Sandra Reid, Jane Seidell, John Myers, Ada Stonesifer, Esther Bowers, Doris Corbin, Shirley Colson, Jo Ann Newcomer, Nora Abrecht, Shirley Wantz, Doris Reaver, Richard Gartrell, Margaret Brauning, Doris Bollinger, Shirley Koontz, Jane Null, Kitty Gartrell, Bernard Koontz, Donald Unger, Anna Marie Reaver, Wilma Fair, Deanna Salley, Mabel Perry, Joyce Reid, Jane Perry Lewis Baer, Harold Corbin, Sylvia Glass, Evelyn Bollinger, Jeannie Haines, Anna Little, Mary Louise Stonesifer and Mary Surbey.

Plans are being completed for the annual fashion show to be held on May 14 at the monthly PTA meeting. This event is presented by the home economics classes under the direction of Mrs. Naner Clem. All students and parents are invited to attend. Details of the program will be announced later.

Second polo shots will be given on Monday morning, May 6.

The mobile X-Ray unit will be at the school on Monday from 12 noon to 4 p. m.

## ENGAGEMENT ANNOUNCED

Mr. and Mrs. Daniel Clotworthy Hill announce the engagement of their daughter, Miss Leah Catherine Hill to Mr. Ramon Conrad Wright, of Lexington, Virginia.

Miss Hill, a graduate of Robert Moton High School, Westminster, and a recent graduate of Morgan State College, Baltimore, is currently residing with her parents in Taneytown.

Mr. Wright who has recently terminated four years with the U. S. Air Force, is now enrolled as a Sophomore at Morgan State College.

## BASEBALL

The Taneytown Baseball Club will play its first home game with Cash-town on Sunday, May 5, at 2 o'clock. Come one, come all to the Memorial Park and help to back your home team.

Season tickets are still on sale. Get yours before the first game.

Tuberculosis costs the American people well over \$600,000,000 each year. This figure includes cost of hospital and other medical and nursing care, case finding, health education, rehabilitation, relief to families, research, and pensions to veterans.

## RESULT OF 3-YEAR RESEARCH PROGRAM

### Degree of Airborne Infection of Tuberculosis

Representatives from the Carroll County Tuberculosis Association heard Dr. Richard L. Riley, Johns Hopkins School of Hygiene and Public Health, tell of the results of a three year research program at the Loch Raven Veterans Hospital regarding the degree of air borne infection of tuberculosis. The tests showed enough infectious material in the air of a tuberculosis ward to account for the known spread of the disease within the hospitals.

This evidence was presented before the annual meeting of the Maryland Tuberculosis Association attended by the Rev. Dr. Frederick R. Seibel, president, Mr. Ernest W. Dunbar, vice-president, and Mrs. Dorothy M. Rinehart, executive secretary, at the Emerson Hotel.

This project has been financed by the Maryland Tuberculosis Association and some county associations. Funds received from the annual sale of Christmas seals, have made it possible for the Carroll County Tuberculosis Association to contribute to the support for the past three years.

Using slides, Dr. Riley demonstrated the complex system by which guinea pigs were permitted to breathe only the air from a tuberculosis ward. The rate of reaction in the animals over a period of five months, tended to confirm earlier theories that infection will result from the inhalation of a given volume of ward air.

Our ideas on airborne contagion do not constitute a revision to miasmatic theory, according to which bad air from marshes or even from hospitals was thought capable of transmitting diseases outdoors," he said.

"On the contrary, airborne contagion is considered an extension of direct contact, occurring indoors and requiring that close proximity in time and place between host and victim which is characteristic of the contagious diseases of childhood."

"By coughing and sneezing," he continued, "the infectious patient makes contact indirectly with all who breathe the air of the same enclosed space. But an extended period of time may be necessary before the potential victim breathes enough air to stand a serious chance of becoming infected."

These studies demonstrated the feasibility of purifying the air of a hospital ward by a combination of ventilation and ultraviolet radiation, he said.

During the business meeting, conducted by the president, Edward M. Passano, Mr. Dunbar was elected Representative Director from Carroll County to the Maryland Tuberculosis Association.

Mrs. Rinehart was presented with an orchid in recognition of the outstanding achievement of the Carroll County Tuberculosis Association in the 1956 Christmas Seal Sale. The county had the fourth highest percentage of increase in the state.

## BROTHERHOOD TO SPONSOR MUSICALS

The Brotherhood of Trinity Lutheran Church of Taneytown will hold their annual Musicals on Sunday evening, May 5, at 8 p. m. All participating organizations will meet promptly at 7:45 p. m. in the church school auditorium. The program will be as follows:

Prelude, Miss Sandra Shorb; invocation, Rev. Stanley Jennings, pastor of host church; hymn, entire congregation; Reformed church, Taneytown (Junior Choir under the direction of Miss Margaret Shreeve); duet, Miss Vesta Null and Kenneth Reifsnider; Emmitsburg Lutheran Church (Senior Choir under the direction of Mrs. Reginald Zepp); Taneytown High School Eisteddfod Chorus directed by Miss Betty Sturdivant; offering; offertory, Mrs. Henry Reindollar, Jr.; Instrumental number, Mr. Edward Haifley and daughter, Wanda; Reformed Church, Taneytown (Senior Choir under the direction of Miss Margaret Shreeve); Quartet, Piney Creek Church of the Brethren; Taneytown Lutheran Church (Junior Choir under the direction of Mrs. Estella Yingling); Remarks, Mrs. Estella Yingling; Entire Congregation; Benediction, Rev. Stanley Jennings.

Plans for the evening's program have been arranged by Herbert Bowers, Chairman, James Fair, Wilbert Hess and George Naylor, Jr.

The fellowship committee composed of Percy Putman, Chairman, Maurice Baker and Norman Baumgardner invite all members of the participating organizations and their families to a short fellowship period immediately afterwards in the church school auditorium. A large crowd is anticipated.

## ANNUAL GARDEN PARTY

The Historical Society of Carroll County invites the public to the annual party to be held in the 19th century garden Thursday, May 9, from 2 to 4 o'clock. The garden is the gift of the Carroll Garden Club to the Historical Society. Daffodils and tulips are featured in the early spring plantings and will be at their height at this time.

The hostesses are Mrs. Harry Haines, Uniontown, Mrs. M. K. Talley and Mrs. Lester Phillip, Westminster, Mrs. Rena F. Kennedy, Mt. Airy, Mrs. Basil Clark, Linwood, Mrs. Garrett Weerings, Mrs. Helen Harbaugh and Mrs. Howard Knight, Westminster.

## NEW INTEREST RATES

### E & H Savings Bonds Will Pay 3 3/4% Interest

Improved interest rates on new purchases of Series E and H savings bonds were announced by the Treasury Department recently, following the signing by President Eisenhower of the law authorizing the rate increases.

Series E and H bonds purchased currently will now yield 3 3/4 percent per annum, compounded semi-annually, when held to maturity. The former rate was 3 percent. The increase is effective for all Series E and H bonds purchased on or after February 1, 1957.

Another improvement in the new bonds is higher interest paid to holders who find they have to cash their bonds prior to maturity. Both redemption values for the new E bonds and interest payments on the new H bonds are substantially increased for the earlier years.

For example, the redemption value of a new E bond is increased so as to yield 3 percent at the end of 3 years, compared with 2 1/2 percent heretofore, and to yield 3.20 percent at the end of 6 years, compared with 2.64 percent heretofore.

The improved rates apply automatically to all E and H bonds purchased on or before February 1, 1957; persons who have bought these bonds since that date need not take any further action to assure getting the improved terms. This is true even though the E and H bonds purchased since February 1 may have imprinted on them the former (and now obsolete) tables of redemption values or interest payment scales. The issue date shown on each bond will be controlling in determining the actual redemption value or scale of interest payments, and banks and other paying agents have been furnished tables of the new values.

The new E bonds mature in 8 years and 11 months and the new H bonds in 10 years. Both issues formerly matured in 9 years and 8 months.

The Treasury pointed out that in most cases it will not be advantageous for the holders of E and H bonds issued prior to February 1, 1957, to redeem their old bonds and buy new ones. Any bond that is 2 1/2 years old or older and has not reached first maturity will earn more than 3 1/2 percent on its current redemption value as it grows to maturity. In the case of bonds bought prior to last February 1 and held less than 2 1/2 years, only a small gain could be realized by redeeming them to buy new bonds—typically not more than a few cents per year in increased interest.

Series E bonds which have reached first maturity since May 1952 and are retained under the optional extension privilege are already yielding a full 3 percent, compounded semi-annually, with the privilege of redemption at any time. If they were redeemed and new E bonds purchased, the new bonds would have to be held 3 years before they would earn as much as 3 percent.

With the change in interest return the previous calendar year limit of \$20,000 (face amount) on purchases of each series by individuals has been lowered to \$10,000. The Treasury is withdrawing the present investment-type Series J and K bonds from sale, effective April 30, 1957. Both of these decisions underline the savings bond as a security designed for millions of average individual American savers.

## PARENT STUDY GROUP TO MEET. PUPIL REGISTRATION 12:45-1:15 P. M.

The Parent Study Group of Taneytown Elementary School will meet on Wednesday, May 8, 1957 at 1:30 p. m. There will be registration of first grade pupils from 12:45-1:15 and the children will spend the rest of the day in the first grade. All mothers are invited to attend the meeting of the Parent Study Group which will be held in the library. At this time Miss Ruth DeVore, Carroll County Supervisor of Elementary Schools, will be the speaker. She will have a lot of information for mothers of beginning children, especially.

Light refreshments will be served following the meeting and the first grade teachers will be available to discuss any problems the mothers may have about their children who will be entering school this fall.

## GOOD NEWS CLUB RALLY

A Rally will be held for all the Good News Clubs in Carroll County this Saturday afternoon, May 4, at 2:30 p. m., in the hall above the Carroll Record office. Miss May Hoover, director of Good News Club work in Maryland, will be present. A film strip will be shown. Children from Good News Clubs in Hampstead, Westminster, Fritzelburg and our own Taneytown clubs will be taking part in the program. There will be a Bible Baseball Game, made up of children from the different clubs. Awards will be given for attendance and missionary offerings for the past year. All parents and interested friends are welcome to attend this Rally.

A total of approximately 70 boys and girls from our town and community are enrolled in the Good News Clubs held here each Saturday, with the average attendance being approximately 50. Again, we invite you to be present.

It is easiest to arrest tuberculosis when the disease is found in an early stage. The chest X-ray can show up tuberculosis even before there are any outward symptoms.

## JAYCEES OBSERVE ANNIVERSARY

### Charter Night Banquet at Taney Inn

The Taneytown Junior Chamber of Commerce observed the first anniversary of their Charter with a banquet and Ladies night Monday evening at Taney Inn.

After singing the Star Spangled Banner, repeating the Jaycee Creed, and the invocation by James Fair, a sumptuous fried chicken banquet was served family style to 35 Jaycees and guests.

Herbert Bowers led group singing with James Fair at the piano. President Edward Sauble was toastmaster for the program. Reports were given of the activities and accomplishments during the past year. Treasurer John Myers gave an extensive report which showed that approximately \$2,000 passed through the organization's treasury in their initial year. Harry Dougherty, Jr., chairman of the profit-making committee reported seven projects carried out with each of them successful. He reported that there are a number of brooms still on hand from the recent broom sale. Cooperation of the members was asked in helping to contact those folks in the community who still have not had the opportunity to purchase any of these fine quality brooms.

John Harner, chairman of the special activities committee gave a resume of the past year's activities and mentioned the plans which are being made for the next few months. The Fishing Derby which was such a hit with the Kiddies last year will be held again in late July. Another special affair being planned for the youngsters is a bicycle rodeo in mid-June. The Jaycees have undertaken the painting of the grandstand in Taneytown Memorial Park. Mr. Harner expressed the hope that this project can soon be completed.

A quartette of Herbert Bowers, William Copenhaver, John Harner, and Elwood Harner sang two selections.

Mr. Sauble then introduced the speaker for the evening, Mr. Samuel Breth. Mr. Breth is chairman of the Taneytown Chamber of Commerce Industrial Committee. He gave a very interesting and informative account of what is needed to try and encourage new industry to locate in Taneytown, and what has already been attempted and accomplished. He asked the cooperation, interest, and help of the Jaycees in finding appropriate industry willing to locate in this community. It is felt that because of the many natural advantages, the attractiveness and friendliness of the town, and the cooperative financing arrangement available, this task is definitely not impossible and that industrial expansion can be accomplished very soon. The Jaycees were quick to pledge their help and support to this worthy endeavor and to do all in their power to make progress a reality.

The program committee in charge of the arrangements for this affair were Glenn Bollinger, Chm., George Fream, Arthur Garvin, Clarence Harner and Delmont Koons, Jr.

## MEETING OF GARDEN CLUB

On Thursday, April 25, the Silver Fancy Garden Club met at the home of Mrs. George Thompson, Emmitsburg.

The program was in charge of chairman Miss Annabel Hartman who reviewed the popular garden book, "How to Make Cut Flowers Last", by Victoria Kasperski.

Plans for the garden contest that the club will sponsor in connection with the Bi-Centennial to be held in Emmitsburg were discussed. Prizes in the amounts of twenty-five dollars, fifteen dollars and ten dollars respectively will be awarded and Mrs. Thomas J. Frailey has announced that entry blanks for the contest are now available at various business establishments. Entry blanks should be returned to Mrs. Thomas J. Frailey, 659 Main Street, Emmitsburg, Md.

The club has been invited to attend the meeting of the Carroll Garden Club which is being held at the Historical House on May 1st.

After the business meeting tea was served with Mrs. Thomas J. Frailey and Mrs. Frank M. Butler as co-hostesses.

## LOCAL MAN HONORED

J. Alfred Heltebride was honored for his participation in the National Life Insurance Company's Life Anniversary last Tuesday evening. Mr. Heltebride was presented a trophy for membership in the \$50,000 Club by Urban N. Bowman, his District Sales Manager. "Agent Heltebride has proved himself a leader in all fields of our insurance work," stated Management Bowman.

Agent Heltebride also received a certificate for attaining membership in the Challenger Club for 1956. This honor also won him a place in the Company's Leaders Conference which will be held at the Hotel Traymore in Atlantic City, June 27 to June 29.

More than 75 agents, company officials, their wives, and guests gathered at the Carroll County Agriculture Center to pay tribute to the leaders in four districts of the Company. A highlight of the program was a talk by the Regional Manager, Mr. Grady Chesson. Mr. Edward Dackson, Examiner for the State Insurance Department, was a guest and made a short talk.

Tuberculosis is a disease primarily of adults, but it can attack at any age.

## "SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)  
With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

The highlight of the day is the beautiful forsythia—that golden color or just everywhere but right now it is more prominent on the lawns of the homes in the cities due to protection of the walls and being warmer. All the Spring flowers and plants as to their colorful beauty only is for so short a stay but we should appreciate them while they are with us.

If you are contemplating, Mr. and Mrs. Housekeeper, on insulating, get only one product—John's Mansville, but be sure you get the right company to do the insulating. Here's why! Anyone can purchase this wonderful product which truly is the best merchandise but it must be the company which installs having the right workmen. For the parsonage, we have had the Company at 21st and Maryland Avenue in Baltimore and previous to the insulation we were buying oil every ten days and since that time, we have bought oil once in over two months. It will mean being cooler in summer, too. The exact degree is "Insulation Engineers, Inc., 23 West 21 Street, Baltimore 18, Md.

Ladies, Spring coats are surely trimmed in the back but the prices—Wheeeeeee—are terrific! The real "Shortie" glove is all the rage.

Hope your Christmas pet as to a dog is thriving beautifully. Sugar, my pet Cocker Spaniel is getting more beautiful all the time. Of course, any breed with long hair is a lot of care but always remember that anything worth while means just that.

Last week saw the cutest thing at Howard and Saratoga Streets, two very young women carrying a tiny baby between them in a small affair and on each side was a handle. And thinking of babies, be sure and read the sweet, sweet short story by the actress Julie Harris on page 42 in the Reader's Digest which is a condensed story from McCall's. You will love that one.

Do you know, folks, that many of the banks in Baltimore are giving the depositors 3 3/4% interest on savings? Betcha, now all banks will follow.

Have you tasted the "Temple" oranges. They are delicious and many prefer them to any other type of orange. They are most reasonably priced and are so juicy.

There is a "Health Farm" which has recently opened and the address is "Oakland Manor Health Farm" new Route U.S. 29, Old Columbia Road, Simpsonville, Maryland. The phone number is Ellicott City 1430. Betcha, that will go over big in Maryland for it is the first of its kind around these parts. The nearest one is "The Bernarr MacFadden" affair in New York State. You can slenderize, glamorize or revitalize right there. Who would refuse to write them. Full information you may write them.

Saw a sign yesterday posted on a window on Gay Street—"We are in Business for Ourselves—not that We like it but it does help out a lot!" Cute?

Then waiting for a bus at the corner at Howard and Fayette Streets saw a huge hat in the window of the Ecuador Panama Hat Co. I knew there was something to that one and rushed in to make inquiries before the bus arrived and here it is, "That hat is just 25 years old and was worn by Tom Mix when he was playing in Baltimore!"

Hope you are not missing that brilliant mind of the precious little Robert Strom on the \$64,000 Quiz (Continued on Seventh Page)

## KIWANIS NEWS

Rev. Guy P. Bready, of Frederick, was the speaker at the meeting of the Kiwanis Club of Taneytown, Wednesday evening at Taney Inn.

He used as his topic, "The Golden Rule". Carel Frock presented Mr. Bready to the club.

President Edward Howarth presided at the meeting. The invocation was offered by Clyde Hesson. Group singing was led by Harry Mohrney with Mrs. Geo. L. Harner as pianist.

Guests present were Norman Dutrow of Frederick, nephew of Rev. Bready, Lewis Baer and Eddie Koontz of the T.H.S. Key Club, Herbert Anders of the Westminster Club and Judge Anderson of the Pikesville Club.

The club will again sponsor a baseball club this season composed of boys age 13 to 15 years inclusive. "Smoky" Morelock and Felix Westine will manage the club again this year. These men need support—volunteers for coaches and umpires are desired.

A report of the success the Bake Sale held last Saturday was announced. The committee in charge wishes to thank everyone who had a part in this worthwhile project—the net proceeds will be used in some worthy cause in this community.

Next week the club will hold a "Ladies Night" at Baust Parish House.

## MEETING OF FARMERS

The Taneytown Farm Bureau Planning Group met on Friday, April 26, at 8 p. m. at the home of Mr. and Mrs. Harvey Dickinson, Sr.

The discussion topic was entitled, "Who Shall Drive Tractors?" Mr. Howell Royer showed his collection of coins, after which refreshments were served by the host and hostess. The next meeting will be held on Friday, May 24, at the home of Mr. and Mrs. Ellsworth Feaser.

THURSDAY, MAY 2, 1957

**A WAY OF LIFE**

Everyone has heard honest fears expressed that the family farm is going down a road that leads to ultimate extinction. Yet no less an authority than Secretary of Agriculture Benson has said that the family farm "has always been, is now and, I think, always will be the backbone of American agriculture."

There is every indication that those who are pessimistic about the future of the family farm have lost perspective. They are seeing a kind of farm that belongs to the past—not to today or tomorrow. They have, in other words, failed to take account of the enormous and beneficial changes that have been brought about by mechanization, vastly improved seeds and fertilizers, and other comparatively new developments.

This has turned farming into a business, requiring substantial investment along with high skills and knowledge on the part of the farmer if he is to succeed. There is little room left for incompetent people or those unsuited by temperament, background or training to agriculture.

The developments mentioned also have brought a new concept of the size of the family farm. A farmer with modern mechanized equipment, for instance, can handle a much greater acreage than did his grandfathers. But he can still run a family farm, in the full sense of the term, and the opportunities are greater than ever before.

All farmers have problems. But in every section of this country family farms are doing well, and a way of life that is typically American is being maintained and improved.

—Industrial News Review

**GRASS ROOTS OPINION**

REYNOLDSVILLE, PA., STAR: "In the American system of government by law, no principle is more essential to the protection of our way of life than the principle of equality under the law. Labor unions should be required to submit to this principle, like all other American institutions. If the policy of this country is to outlaw monopoly and monopolistic practices, there is no ground for granting unions—the most powerful of our concentrations of economic power—special rights and dispensations."

NEWPORT, CALIF., HARBOR ENSIGN: "I believe that the 'grass roots' editors of the nation have a tremendous responsibility. Newspapers are among the leaders of opinion making, along with the home, school and church . . . I would like to see editors throughout the nation take the lead in fighting big spending, government in business, big government, subsidies, and deficit financing, and come out firmly for self reliance, private enterprise, state's rights, and constitutional government."

QUINCY, MASS., PATRIOT LEDGER: "In the final analysis, there are two types of taxes: those a person has to pay such as income and property taxes and those with which he has some freedom of choice such as automobile and cigarette taxes."

MOOSE LAKE, MINN., STAR-GAZETTE: "Just what is a defensive driver? He's the driver who is always ready for the other driver or pedestrian to do the wrong thing. And he's the driver who is prepared to react promptly and correctly when the other guy does the wrong thing."

ALTOONA, PA., MIRROR: "A doctor contends that people will be shorter in the next hundred years. Aw, maybe they'll reduce taxes before then."

KNOXVILLE, IOWA, EXPRESS: "Just as soon as everyone is covered by social security we will be back to

just where we started. The only difference is that our money has been taken away from us by the government and only part of it given back. And it is only a short step to that point where everything can be taken by the government and just enough to exist upon is given back. There is a nasty word for this situation—socialism."

PLEASANTVILLE, N. J., PRESS: "The continuing battle against man's relentless enemy, cancer, must be waged increasingly. You can help by your contribution to keep research at top speed."

FRANKLIN, IND., REPUBLICAN: "Profits are the economy's insurance policy against mal-adjustment and failure. They are no idle plaything but a vital reservoir to be tapped with great care, for the sake of both a business enterprise and the country it helps to sustain."

HIGHLAND, ILL., NEWS LEADER: "In these days a depression would be a period when people do without what their parents never had."

MITCHELLVILLE, IOWA, INDEX: "Time was when people thought a great deal about flood control, thinking that it required huge multipurpose dams costing an incredible sum of tax money. One authority says that big-scale flood control, in case after case, can be better effected at vastly lower cost, by small upstream dams. And the whole theory of up-stream flood prevention can be expressed in a phrase—catch the raindrops where they fall. The big dams perhaps are wanted for other purposes than flood control."

Recently, Purina research workers asked poultry staff men in 9 leading poultry states to estimate the total amount of feed required—on the average—to grow a pullet in their states. Shown here is the average of the figures they supplied, compared with Purina feed requirements based on records of thousands of pullets raised at the Purina Research Farms.

	FEED REQUIRED TO GROW OUT PULLETS*	
	Light Breeds	Heavy Breeds
9-state average . . . . .	23.1 lbs.	28.0 lbs.
Purina Program average . . . . .	19.3 lbs.	23.8 lbs.
Saving per pullet on Purina . . . . .	3.8 lbs.	4.2 lbs.
Saving per 1000 . . . . .	3800.0 lbs.	4200.0 lbs.

\*From day-old to laying

here's how to grow 1000 sturdy, big-framed Purina pullets on **2500 pounds less feed**

Most poultry raisers recognize that Purina Growing Chows have the quality and ingredients to grow sturdy, big-framed pullets. But not all realize that Purina Chow efficiency often makes it much lower in feeding cost than feeds with cheaper price tags. The comparison in the table above shows the important difference in number of pounds of feed needed to grow out Purina pullets, compared with the average in 9 leading poultry states. Rather than to claim the full amount of saving shown in this comparison, the Purina Research staff rounded off the figures to 2500 pounds less Purina Chow for light breeds, and 4000 for heavy breeds. This saving of feed increases the feeding value of Purina complete Growing Chow by 60¢ to 80¢ per bag (100 lbs.) . . . or \$1.20 to \$1.60 a bag extra value for Growing Chow fed with scratch grain.

Thousands of poultrymen have found that they can use high-quality feed . . . and make money doing it. We know this, and we're anxious to show you how you may cut feed cost with your pullets.

**Pullet Health Hint**—Now, with Purina Liquid Poultry Wormer, you can worm each 100 pullets for less than 25¢! Best time is when they are 10 to 12 weeks old, with a second treatment just before housing if your ranges are used heavily. It takes only one dose in the drinking water. Order Purina Liquid Poultry Wormer right here at the Store with the red-and-white Checkerboard sign.

**CURRENT EVENTS  
FIFTY YEARS AGO**

On the evening of Ascension Day, May 9th, (providing the weather be favorable) the Double Pipe Creek Band will visit Taneytown and give a free open-air concert in the Square. This might be considered fine May weather in the North of Maine, but for Maryland it is a misfit.

Harney—Mr. Chas. V. Eckenrode and the gentlemen with whom he is employed at Washington, are visiting Mr. Eckenrode's parents at this writing. — Some of our farmers are busy planting corn, some making preparation while a few planted about a week ago. — Our fishermen, of this place, made several very nice catches this week, but the first of May puts a stop to the fun for a month at least. — Mr. Samuel Snider has again taken up his occupation as cigarmaker, and is at present working for E. L. Hess. Cigarmakers seem to be hard to get and Mr. Hess has decided to give several persons a good chance to learn the trade.

Modes of the Moment.—Polka dots, checks and stripes are leading motifs in silks.

(Advertisement) A small list of Fancy Groceries not found in every store. Alaska Pink Salmon, per can, 10c; Vermont Maple Syrup, qt. bottle, 25c; Old Dutch Cleanser, C. Edgar Yount and Co., Taneytown, Md.

**PHASES IN MARRIED LIFE**

We wonder how many of our readers have noticed the difference between the man who has been married but a short time and one who has been married several years. You can always tell a young husband from an old one. When a man has been married a few months, you will generally see him working in the garden or fixing up about the house and while he works he whistles, or sings, or occasionally looks up toward the window to see if anyone is watching him.

A year later he is still working in the garden but the smile has been exchanged for a frown and he occasionally looks up towards the house wondering why in thunder breakfast is not ready.

Another year rolls by and his looks would sour milk, but he is still at work, stopping occasionally to kick the dogs or throw a brick at the cat. The next year we find him sitting on the front porch, smoking a pipe, while his wife does the digging in the garden.

**LOSE UGLY FAT  
IN TEN DAYS  
OR MONEY BACK**

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this "GUARANTEE": You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:

**Where Corn Growing  
Profits Begin**

The difference in seed corn cost per acre varies only about 70c whether you plant the best hybrid available or the cheapest seed you can buy. But think of the difference in the profit you'll make from a corn that yields an extra 3 bushels, 5 bushels—or even more—per acre. So start your corn crop by planting a hybrid that will give you those extra bushels in the fall. Pioneer hybrids are known throughout the Corn Belt for their high yields and dependability, year after year.

**WHY PEOPLE GROW OLD**  
(Part 2)

Every moment of your life is a moment of rebirth— That is why God sends you here to earth! It is here He teaches and trains mortal man How to be like Him and to follow His plan.

The last body you build must be perfect in every way; For, in it, you shall spend the endless day; God sends you back to earth to learn of His plan; And, to make of you, a perfect man.

You have had many bodies, the savants all say; But, on the road to perfection, you are only half way; So, search the scriptures, and you shall know How God intends all His children shall go.

The days of the years of our pilgrimage grow longer, they say; Because men have changed—they don't think the old way! So when man learns to know who he is the expert say, He shall live on forever in the endless day.

That is why the God of heaven sends us all here; To me, His reason for doing so, is now quite clear! He sends us here to learn how we all must be, And to make His sons fit for eternity.

Our God is too good, and too merciful, some say, To permit a weakling to enter the endless day; So, He teaches and trains us all here below, And the secrets of Life we all shall know.

If I only could live my life over? many say— (How often we hear it said in the present day!) The truth is, you can, if you start right now And, this poem is written to tell you how.

Health and full vigor need not end at 40, they say— (Men of that age should be babies some day!) Even at 100, they shall only be in their prime, Because years shall not be measured by flight of time.

In the year 2000 (44 years hence) some writers now say Babies born shall have 200 years to stay; And instead of being wrinkled, crippled and grey They shall be active, and young, and gay.

Even now, it is not years that take people away; It is our way of living many oldsters say; Then too, the way people think has much to do In keeping them active, and young, and new.

Living cells taken from dead bodies, they say, When properly fed live on and on day after day; Not only that—they grow, experts now say; And continue to live after one has passed away.

Single cell animals never die a natural death They live on and on till crushed out of breath; So, Scientists are now asking each other—why Multi-cellular animals like man really need to die?

Old age and death are not stages of existence, they say— (That is the consensus of great doctors, today!) Man shall always have a body biologists say Because God intends he shall be that way.

The body we see goes to dust, they all say; But, the man who lived in it goes on his way; That is why we made so many trips to earth they say; We must have a body which shall not decay.

400 years ago, Ponce de Leon sought the Fountain of Youth, When, it was within himself he had known the truth; And that is a secret we all shall know When we learn to know God and how to go.

Ponce de Leon sought the Fountain of Youth Because, up till then, men did not know the truth; For, no matter when you came this way, You are never over 11 months old they say.

Your physical body renews itself from day to day, Even the millions of cells are renewed that way; Your bones, too, are renewed, scientists say; And take on new life from day to day.

There is not cell, not a bone, in your body today That is more than 11 months old, they all say; Why, then, should you feel age, or, be less spry Than the haughty youngster who pass you by?

The answer is that you need not, I find; For youth is controlled by your sub-conscious mind; That mind is the real you, the scripture say; So it tries to make you perfect in every way.

But, why does it do so? The answer is plain! For here God intends you shall always remain; So, man must be perfect—Don't you see? For within a body he shall spend Eternity.

Your conscious mind is busy with surroundings to-day; That is why the sub-conscious is in charge, they say; For he is building a home—(a body) in which to stay; And, in which to live in the endless day.

They tell us, when we throw away the model of youth, We start to grow old because we don't know the truth; So, always listen to God; and, do things His way, And you shall build a body free from decay.

It is because of the model man holds, they say, That so many invalids around we see to-day; So, study God's plan, for it tells you what to do; And, how to make an old fellow feel new.

What is the model before your mind's eye to-day? Is it one of Age and deceptitude as they say? That is the model we see every place we go, Because the way of Life man does not yet know.

So, before you mind, eye hold a model of youth That, my friends, is a cardinal teaching of "Truth"; It is also a part of God's great plan To make of you a wise and a perfect man.

I repeat, every moment on earth is a moment of rebirth That is why God sends us back to earth! God's mental pictures are perfect, the scriptures say; So, you, too must learn to see and do things His way.

The last body you build must be perfect in every way; For, in it, you shall spend the endless day; God sends you here to make of you a perfect man And to learn the secrets of His great plan.

That is why God gives us physical birth— All of His children are trained here on earth? Who but He could have conceived such a plan That would make a god among gods of every man?

**IT'S MINUTE MAN MONTH**

Two Americans who are celebrating Minute Man Month. Pretty typical citizens— maybe just like you or your next door neighbor—who started investing in America's future in 1941. How about you? What they did you can do, too. Start planning for your future with United States Savings Bonds.

"Back in May, 1941, my wife and I were just starting out. Money was pretty hard to come by, but we tried in our small way to help our country through Defense Bonds. Then war came and I was drafted. Since we were a 'family' now, each month I had a little bit of my pay salted away in War Bonds for the future. When the war ended, a friend and I opened a service station. And those Bonds we'd been saving helped buy our first house. My War Bonds were changed to Savings Bonds, but to me they still spelled 'future' and I started right in having a certain amount taken out of my pay check each month. Kind of figured here was a good way to make sure my kids get to college. And they'll graduate, too—because of U. S. Savings Bonds."

"It's easy for me to recall May, 1941, for that was the time I finally persuaded my husband to start thinking about our retirement. Defense Bonds seemed to just fit the bill. They helped our country and they helped us. During the war we kept building our 'Florida Bonus' with War Bonds. Actually the Payroll Savings Plan made it easy. We never missed the money and finally two years ago we retired to sunny Florida. Now we're having the time of our lives just playing with our grandchildren."

Background Scripture: Genesis 1:27-28; 3-9  
Devotional Reading: Psalm 90:1-12

## Resourceful God

Lesson for May 5, 1957

THE BIBLE has a plot, take it as a whole, as much as any thriller you ever read. In fact the Bible is more thrilling, because it directly concerns each one of the human race. It is the story of age-long conflict between Good and Evil, portrayed as a personal conflict between God and Satan, a struggle for the control of the earth and of man. The story begins in a sunny, hopeful way. God makes a world, an unfinished world but nevertheless beautiful, and he calls into existence Man and Woman, to live on this earth, to beautify and complete it further. They are to be God's friends and fellow-workers. But before the reader quite knows how it happens, the Serpent appears on the scene and persuades man that God is not his friend but his enemy. So the man rebels against his Maker, is faithless to his divine Friend. Philosophers and theologians have other ways of telling it; but from the simple picture-stories of Genesis shines the same double truth and tragedy: Man is made for fellowship with God and other human beings, but he has broken the fellowship, he has turned against his truest Friend.

Dr. Foreman

**God Planning**  
Mysteries darken our knowledge here. But of some things we can be sure. One is that God does not deal with his world and his creatures haphazard. He is a planning God. Another thing that seems clear is that man has freedom to obey God or to disobey; to fit in with the Plan or to reject it and the Planner. God could, no doubt, have made a race of beings who could not possibly do anything but right, a race of perfect robots; but for some reason God chose to make man free. One suspects that the reason is that God would rather be loved by persons who would love him freely, than to be loved by creatures "wound up," so to speak—bound to love him whether or not. (Would that be real love?) Another thing that stands out is that God is resourceful; in one sense his Plan can be broken, when men go contrary to his will. In another sense man do not break his Plan, for God appears in Genesis like a wise general who has more than one plan of strategy—all pointing to victory.

**God Rejected**  
Man is not free unless he is free to do wrong as well as to do right. And if he is free to do wrong, which is a short way of saying free to go against the will and plan of God, then he is free to destroy himself. For the Plan of God for man, born as it is infinite Wisdom and infinite Love, is "always for man's best. For man to resist God, to ignore him, scorn him, live by man-made plans, is to choose the way of death. Genesis shows dramatically how the sin of man grows worse as a snowball grows larger—the farther it goes the more rapidly it grows. Adam's sin seemed a rather slight thing—then his son is a murderer, and his descendants so bad that God could scarcely find one good family among them. The story in Genesis is the story of mankind; men prefer their own way to God's way—the way of hate and conflict rather than the way of fellowship and love; and they suffer the judgment of God; namely that those who take their own way must accept the inevitable disaster.

**God Undeclared**  
Many religions know of just and righteous gods who have been rejected by wicked or careless or ignorant men. But the God revealed in the Bible does not act as the "gods of the gentiles" are said to act. For man's sin, other gods may have resentment, vengeance, punishment. But these things leave man as he was, an enemy—a conquered enemy perhaps, but with rebellion still smoldering in his soul. Other religions provide elaborate methods by which men may pay for their sins—going long pilgrimages, undergoing self-imposed tortures. But the true God is quite different from the gods whom men imagine—a God undeclared, infinitely resourceful. He never gives up his Plan for a people in fellowship with him. Men are changed, saved, made fit to be God's friends, only by steadfast undiscouraged love.

## "SPICE 'N' EVERYTHING NICE"

(Continued from first page)  
Show on Tuesday nights. That I would not miss for anything. Another sweet note from the Duchess of Windsor plus one from John Daly to add to my famous collection.

Now, folks, here's one on a doctor's wall—

**JUST FOLKS.**  
A Doctor's Waiting Room by Edgar A. Guest.  
Good patient, while for me you wait Be patient here, I pray For your appointment, though I'm late I beg of you to stay. Into this office many flock 'Til there's no room for more, I bade you come at one o'clock And now it's half past four. I've had some unexpected calls Emergencies unseen So view the pictures on the walls Or read a magazine. A Doctor's hours are never known As are Department stores! He cannot call his time his own So he must borrow yours! So long, folks, Have a grand week end. Be most careful when you drive. Will be seeing you next week. D. V. I am,

Faithfully,  
**YOUR OBSERVER.**

The tiny leaves on all the trees are unfolding gradually as it is fascinating to watch almost hourly especially as the huge tree is so very close to the parsonage window where I am sitting typing this column. The gardenia plant was chucked full of the lovely flowers and that meant special home-made corsages for me!

Now, this inquiry from H. L. from Plainfield, N. J., one of my readers. "In the Dec. issue, you stated that 'Cuticura treatment' would make hair grow yet our druggist does not know anything about it. Will you kindly send me instructions for this treatment?"

Yes, Sir, Mr. H. L., and I will guarantee it if you will follow exactly the following directions and that is if you do not miss one time for it will grow hair on any BALD Head! Purchase a large size box of the ointment and a bar of soap. Every night before retiring, massage gently all over your head even where there is a little growing hair. Do not be afraid to use the ointment. The next morning wash it off with luke warm water and continue this treatment for three months. If you are not going to keep it up, you might as well not begin. Repeat this night and morning and eventually you will see appear a fuzz of hair as a tiny child's hair. That is the beginning and you will be thrilled. Keep on for six months regardless of your age or condition of your hair now. I hope you will let me know about that new crop after six months, Sir!

Another letter arrived asking me if I had forgotten to write of the month of April as to the Horoscope. No, I did not forget and here it is. The April sign is from the 20th of March to the 20th of April and is called "The Aries Sign" which is the head of all the twelve signs and gives to its subjects extraordinary character. They are highly noted for their executive ability, quickness of thought and action and great energy and that applies to both sexes. These people feel it is their duty to command and go through life over-riding all obstacles as they march on to their goal hence they rise to the emergency of every occasion. All Aries people are somewhat headstrong, impatient of restraint or criticism and utterly heedless of advice. They are always considered wealthier than they are due to the fact they are excellent dressers and have a commanding appearance. Their tastes many times are too luxurious but they truly are at their best in such surroundings. This sign ruling as it does over the brain, the intellectual development is sometimes phenomenally great as they are deep thinkers and great always have the finest as to educations. They truly are charmers and most fascinating. Many times, they have too many things on their mind at one time. They make great political men as they are most determined yet if not educated they start things which they never finish. Much of their unhappiness is brought on by that jealous green-eyed monster of which they must learn to control as it will mean more than one marriage. They must learn also not to argue as they usually have tempers. When the latter is obtained all Aries people can reach their highest attainments with such cultivation that they may reach and become fabulously wealthy.

Now, this comes from St. Pete, Fla.—The 1960 Balance Sheet.

Population of the United States	
People 65 or over	49,000,000
Balance left to do the work	111,000,000
People 21 years or younger	56,000,000
Balance left to do the work	55,000,000
People working for the government	29,000,000
Balance left to do the work	26,000,000
People in armed services	11,000,000
Balance left to do the work	15,000,000
People in state or city offices	12,800,000
People left to do the work	2,200,000
Bums and others who don't work	2,000,000
Balance left to do the work	200,000
People in hospitals or asylums	126,000
Balance left to do the work	74,000
Persons in jail	73,998
Balance left to do the work	2
Two? Why, that's you and me. Then you better get to work because I'm terribly tired of running this country alone. (Author Unknown)!	

The weather is getting to be more like the Springtime of years ago only at a very later date!  
"Sugar" and "Buttons" appear as though they are in their glory lying in the warm sunshine.  
The beautiful magnolia trees are in full bloom. Remember that song about the magnolia tree?

I have heard many say it is best to let the leaves lie on the ground until Spring. Well, I tried that this year and it meant so much more work at the bungalow where there is a grove of trees.

The "Ever-bearing" strawberries have not arrived as yet although the big patch of ground is all in readiness. What a wonderful patch we had on the farm when I used to go out and eat them as I picked them and then bring in a big bowl of them for the evening meal. They are true to their name for it was the very first summer that there were big juicy, luscious ones! Ummmmmmm good!

The other day driving from Aberdeen, I stopped by a wonderful place for a bite of lunch along the Churchville Road. And as I sat down a very handsome youth came out of the ice cream making booth to wait on me. He had a marvelous personality and immediately said, "Hello, I have never seen you around here before!"

Of course, I smiled and thought of that nice son of mine who is a school teacher out in Phoenix where he graduated. This young man called, "Bill" had just taken over this business and was only twenty two years of age. When I told him what I wanted, I thought he would give the order to someone else to prepare but he did that all by himself, and never have I tasted a "Sub" so delicious. We talked as I ate and he told me he was married and has a little boy and he was expecting a little girl in July! Cute? There's a young man who will get along in life no matter what he does. Then, he told me that he gave up a good job naming the big concern to open that "Coffee Shop" before leaving, I told him he had nothing to worry about, that he would positively make good! What say you? Eh?

Thinking about people—another interesting individual I met but this time an elderly lady with the sweetest face I ever saw and a real aristocrat. She was sitting in the dining room where my table was very near and every now and then she gave me a delightful smile. She appeared lonely and had placed the cane beside her seat when she sat down. She was a beautiful lady just the kind one reads about in stories. I finished my meal before she did and I walked over to her table and shook hands with her, telling her just what I thought about her. She was 80 years of age and a retired school teacher living alone in a great big house. She quickly replied with that heavenly smile, "Well, bless your heart! I have not had anyone say those kind of things to me for years!"—and then I saw the tears and as I left, I promised faithfully that I would call her on the phone. Such little things, folks, to make others happy. Try it for it means so much happiness for you, too.

And this one—I was visiting a patient in the Harve de Grace Hospital in a "Semi" room and a very elderly gentleman was in the next bed. He appeared very, very aged and quite ill. I learned he had been living all alone his entire life never having married and now not a relative in the world. He used to live on a boat in Harve de Grace and take fishing parties out in large row boats for crabbing or fishing and that way earned his living until he realized he was getting more feeble all the time when he became ill. The people who knew him tried to take care of him until he was sent to the hospital where he will spend his last days. He has a very kind and good face almost saintly and is so patient. Although without a relative in the world, all the kind people who knew him are calling on him.

Hope you did not miss the weeks of that precious little Rob Strom on T. V. Then, gentlemen, that awful wrestling match on T. V. at the Coliseum. I was glad that the foreign born gentleman was the WINNAH!

Did you forget to set the clocks last Sunday I heard some tiny youngster say, "Yeah, that made me late, too!"

See you next week. D. V. Have a grand week end. I am,

Faithfully,

## NEWS AND VIEWS

by  
**J. ALFRED HELTEBRIDLE**

I used to take a lot of kind-in-into auto insurance policies. My friends would ask: "Alfred Heltebridle, why don't companies hand out bifocals with each policy they issue?"

Now I can point to Nationwide's new Auto-graphic policy. It's readable—all fine print eliminated. It's illustrated—covers and benefits clearly pictured. It's shorter—in fact, almost 3,000 words shorter than most auto policies! Best of all, Nationwide rates are low. Coverage is broad and claims service is always fair and prompt... in fact, every day, 1,600 auto claims are paid out in behalf of Nationwide policyholders!

I'd like to show you what Nationwide's Auto-graphic policy can do for you and your car! Just give me a ring—soon.

Sincerely yours,

*J. Alfred Heltebridle*

KEEP MARYLAND BEAUTIFUL

Metal reflectorized signs of this type are available to groups or individuals who apply to County Commissioners or County Councils. The Governor's Committee to Keep Maryland Beautiful suggests they be used to post areas which will be cleared of trash and litter during Clean-Up Week (April 13-20), to prevent illegal dumping and littering on those properties in the future.

Joseph Story became a Justice of the U. S. Supreme Court at the age of 32.

Mamie Eisenhower, wife of the President, was born in Boone, Iowa, Nov. 14, 1896.

The temperature on the surface of the planet Mercury is about 700 degrees Fahrenheit.

About 50 per cent of the people of this country play bridge, according to playing card manufacturers.

## Nation Racing Polio In Vaccine Program

Adults line up for their polio vaccine shots.

An emergency mass vaccination program against paralytic polio is under way today in thousands of communities across the country in a race to beat the crippler's 1957 deadline.

The emergency note was given the program as latest statistics show that 58,000,000 persons under 40—potential victims of the disease—were still without any Salk vaccine protection at all.

The call to action was made by the American Medical Association, the U.S. Public Health Service and the National Foundation for Infantile Paralysis. All three organizations have mapped out advisory procedures in bringing millions more under the vaccine's defenses.

The methods call for inoculations both in the offices of pri-

vate physicians and in public clinics, depending on local planning across the country.

Officials of the A.M.A. recently urged state, city and county medical societies to take the leadership in the mass vaccination drive. Dr. Dwight H. Murray, A.M.A. president, said:

"I implore you and urge you to do everything possible to get your state and county medical societies behind the A.M.A. polio campaign to encourage everyone to be vaccinated up to the age of 40."

en chicken pies and pizza... fresh frozen vegetables... concentrated quick frozen vegetable and fruit juices.

But the folks who are enjoying these miracles are not the rich people. They are the everyday people of every American town.

If you follow them out to their cars, you will see them climb into sleek new shiny sedans, more beautiful and efficient than the rich men's cars of a few years ago. And they will drive to new ranch-type homes, in which you will find a TV set, a couple of radios, an electric refrigerator, a home freezer, automatic dishwasher, and washing machine.

We take these things for granted, but we shouldn't, for they did not "just happen." All were caused, all were caused in exactly the same way—by the miracle of advertising, which showed the way to the revolutionary way of life we Americans are living.

In every way a good force in our existence, advertising never served us better than in pointing the road to modern revolutionary living!

BY CHARLES B. ROTH

"HE'S TIED UP AT THE MOMENT— COULD I GIVE HIM THE MESSAGE?"

No, thanks. Too late to do him much good, we fear. We were just going to tell him that the best place to keep valuable personal possessions is in a Safe Deposit Box; but perhaps his plight will convey that message to other householders—in time... It wouldn't be at all funny if you were the victim of a costly robbery; and it isn't expensive to rent a Safe Deposit Box in our strong vault. Reserve one now!
