H. S. BAND REHEARSAL

Forty students of the Taneytown High School Band met on Tuesday evening, August 20 in the band room for their final rehearsal for the band concert they will render August 24, at the Memorial Park.

Thirty parents of these children met following the rehearsal. Mr. Mason and Mr. Minnick met with this group along with Mr. Frelander, one of the owners of the Manufacturer who will make our uniforms.

The band members were measured for uniforms. Mr. Frelander promises delivery by Oct. 1. It seems almost too wonderful, but it is now a reality, that the next parade the Taneytown High School enters they will be in full dress uniform. We could not ask for better support from you—Taneytown. We are nearing our goal.

Final plans were discussed for our Festival August 24, to be held at the Memorial Park. In the event of inclement weather, the entire program will be held in the fire hall.

Plate supper will be served from 4 to 9 p. m. Sandwiches, soups, home-baked foods, watermelon, ice cream, soft drinks, snow balls, and home roasted peanuts, will be on sale all evening. The Band concert will begin at 7 and be featured throughout the evening. For the entertainment there will be pony rides, fishing pond, big party and other amusements.

Each parent with a child in the band is reminded to bring home-baked foods and report at the park to help with this large event. We will need every one. Any contribution from a P.-T.A. member or any other interested person will be greatly appreciated. Will be looking for all of Taneytown and the surrounding country folk at the Memorial Park Saturday evening.

THE PARENT COMMITTEE FOR BAND UNIFORMS.

REGISTRATION DATES FOR TANEYTOWN HIGH

Registration of new high school pupils will be held at Taneytown Jr.-Sr. High School on Friday, August 23, from 9:00 a. m. to 4:00 p. m. It is most important that all pupils of junior-senior high school age, who have moved into the Taneytown School District during the summer months, register on this date. Pupils should bring report cards from the school last attended in order to facilitate the registration procedure. Taneytown High School will officially open its doors for the 1957-58 school year on Tuesday, September 3, at 8:40 a. m. and will be in session until 3:20 p. m. The cafeteria will be in operation and will serve a nutritious plate lunch for twenty-five cents. Soccer practice will be held after school at 3:30 p. m. on the boys' athletic field. All boys interested in trying out for the team are urged to attend. Speedball practice will also be held at 3:30 p. m. on the girls' athletic field. All girls desiring to train for the squad are requested to be present.

ANNUAL RALLY DAY SERVICES

There will be a Rally Day service held at the Frizzellburg Church of God Sunday School, Sunday, August 25, at 9:45 a. m. Mr. Fred Shuppe, Delmarde State Chaplain of the Gideons, a Christian layman, of Arlington, Va., will be the guest speaker. Mrs. Fred Shuppe will have a message for the children of the Primary Department.
Mr. Arthur Michael, Jr., will be the song leader and Mrs. Michael, and Misses Fay and Gayle Brown will sing special numbers.
The public is invited to attend this Rally Day Service.

OPEN LETTER FROM CO. COMMISSIONERS

A Reply to Last Week's Taxpayer's Letter

In all the County newspapers published during the week of July 15 there appeared a statement of the Treasurer's Receipts and Disbursements for the fiscal year ended Dec. 31, 1956, which statement had been prepared by the Treasurer to comply with the provisions of Section 20 of Article 25 of the Maryland Code, and said statement was in substantially the same form as has been followed heretofore from year to year.

Since the statement was published certain of the County papers have given space to numerous "open letters" criticizing the statement as not having disclosed in sufficient detail the County's receipts and disbursements during 1956, with particular emphasis having been laid upon the absence of information pertaining to the disposition of certain revenues dedicated to the maintenance and construction of roads, and while it never has been the practice to publish detailed information pertaining to the receipt and disbursement of road funds, we nevertheless agree that the public is at all times entitled to that information.

In the news article that appeared in the Anniversary issue of The Carroll County Times published July 4, 1957, we said "The County Commissioners keep in their office at all times a break-down statement of roads construction and maintenance costs, showing mileage, type of construction and the cost of each road, by Election Districts. This information always is available to interested citizens upon request made at their office." In that article we also stated that since the County was allowed by law to repossess its roads from the State in 1941, 248 miles of improved County roads had been built, that there presently are 765 miles of County Roads in the County, of which 425 miles are improved with hard surface, 146 miles stoned or stabilized and 194 miles yet remain unimproved. Very few requests have been made by our citizens, since the publication of that article, to see the statement of roads construction and maintenance costs, so we herein submit a statement of receipts and disbursements from our roads account for 1956, taken from the report of our auditors, Messrs. Wooden, Benson & Walton, which you are at liberty to publish in full if you so desire.

THE CARROLL COUNTY FUND DRIVE FOR HOSPITAL

Progress continues on the campaign organization for the 50 bed, one million dollar Carroll County General Hospital.

Today Scott S. Bair, General Campaign Chairman announced another major committee appointment. He states former Senator Earl Shipley has accepted the Chairmanship of the Corporations Advance Gifts Committee.

"Industry recognizes its need for a hospital as a resource for its employees. Across the nation industry has always more than measured up to its share in establishing needed hospital facilities. Carroll County firms have already indicated the new hospital will have not only their financial support but the whole hearted effort of top management personnel as volunteer leaders in the campaign," Mr. Bair stated.

"Carroll County General Hospital is indeed fortunate in having a citizen of Mr. Shipley's stature accept this important leadership role," said Mr. Scott S. Bair.

Mr. Shipley, a member of the law firm of Brown, Shipley & Weant, represented Carroll County in the State Senate for eight years. For six years he served as Director of Parole and on the Maryland Parole Board. Mr. Shipley has been Carroll County attorney since 1950 and as such, was responsible for initiating the present hospital movement when he called a public meeting on June 11, 1956 where over 100 interested citizens and representatives of various clubs and organizations attended.

Mr. Shipley has been President of the Historical Society of Carroll County for 5 years.

TELEPHONE SERVICE

Rates Increased with Additional "Free Calling" Areas

A proposal for new wider-range telephone service, which will eliminate annually more than 19,000,000 toll and extra message unit charges from customers' bills, was presented to the Public Service Commission recently, August 16, by the Chesapeake and Potomac Telephone Company of Md. W. G. Morrell, C. & P. vice president, said the plan provides for greatly extended free calling privileges and will mean "that every customer in the state of Maryland will be able to call one or more nearby communities without extra charge."

Morrell pointed out that C. & P.'s proposal will be put into effect at considerable cost. He said the company "will have to spend something over \$5,000,000 in construction immediately - and ultimately much more - to furnish the expanded service."

While basic monthly telephone rates will be increased, the C. & P. executive said, many customers' bills will be less due to the lowering and elimination of numerous mileage charges and elimination of many toll charges between adjacent communities. Also proposed are slight adjustments, both upward and downward, in some long distance rates to other Maryland points, a small increase in the charge for additional alphabetical directory listings and an increase in the charge for installing or moving telephones. The company estimates that its new service plan will increase the average customer's bill by less than three cents a day, while raising C. & P.'s net annual revenues approximately \$3,200,000.

The company proposes to make the new wider-range calling plan effective beginning September 16 so that the public "would have the immediate advantage of wider-range calling privileges." At the same time the company will offer to post bond so that the public will be protected pending final determination by the P.S.C. In support of its proposal, C. & P. filed sworn testimony of company witnesses with the commission. Morrell said copies of the testimony and schedules of charges under the new plan are available to the general public in the company's business offices.

He stressed that C. & P. has had to spend tremendous amounts during an inflationary period to improve and expand its services. He declared the company's earnings situation is "really a four-fold problem."

He said: "Our earnings have been affected adversely first, because of inflation which has caused the cost of labor and practically everything else we use in the telephone business to go up steadily - second, because of the effect of having to add large amounts of high cost telephone plant - third, because of the time lag that has occurred between the time our costs go up and the time that we can raise our prices - and fourth, because of the sharp increase in the cost of capital that we have needed, and will continue to need, in such large amounts."

The company's construction expenditures in 1956, Morrell said, totaled \$53,000,000 and are continuing at the rate of about \$1,000,000 a week. Also wage payments alone reached a new high of almost \$50,000,000 last year, an increase of \$5,800,000 over the previous year. The utility's taxes were \$1,000,000 higher "and other costs keep rising."

Referring to the company's proposal to greatly extend wider-range calling privileges, Morrell pointed out that C. & P. has been studying changes in calling patterns and has been gradually expanding calling areas as the need was indicated. In the past five years toll charges have already been eliminated between communities in 51 instances, he said. He added, "even though basic rates were raised in most cases to compensate for the wider calling range - the changes met with widespread customer approval."

Under the new plan charges will be eliminated on an additional 102 toll routes.

SCHOOL REGISTRATION

Residents new to the community who expect to enroll their children in the Taneytown Elementary School this fall are asked to register children in the school office on Tuesday or Wednesday morning, August 27 or 28, 9 to 12 a. m.

Children need not be present, however, parents are requested to bring pupils' birth certificate and vaccination records.

CATTLE RAISER HONORED

Announcement has been received that Richard Feeser, Taneytown, Md., has been accepted as a Junior Member of the Holstein-Friesian Association of America, Brattleboro, Vermont. He was eligible to become a Junior Member of the organization for having done satisfactory dairy club work with registered Holsteins and was recommended by Richard L. Clem, Asst. County Agent.

Receipt of a Certificate of Merit and a Holstein Junior Membership Pin entitles Richard to all of the privileges of the Association, except voting. Over 22,600 young people in the 48 states have participated in the Junior Program of the Holstein Association since it was founded in 1923.

FIREMEN'S NEWS

President, Stanley King called to order the regular monthly meeting of the Taneytown Volunteer Fire Co. No. 1 at 7:30 in the Firemen's building.

Chief Miller reported four fire calls and the Ambulance committee reported eleven calls for the month of July.

Sirens have been installed at the East and West end of town. One located at Crouse Motor Sales and one at the Shell Station.

One new member was voted into the Company, Raymond Reifsnider.

The Ground Improvement Committee reported that the grading has been completed on the new carnival ground and there are plans for forming a little league diamond there.

The annual firemen's picnic will be held Thursday, August 29, 1957. Time and place to be determined by notification of card.

Twenty-four members answered roll-call.

ROBERT D. BOONE, Sec'y.

KIWANIS NEWS

The Kiwanis Club of Taneytown met at Taney Inn Wednesday evening with President Edward Howarth presiding. Prayer was offered by S. E. Breth. Group singing was led by Harry M. Mohney with Mrs. Geo. L. Harner, pianist.

Guests present were Lt. Gov. H. P. Sturdivant and Jacob Yingling, Westminster, Mrs. Miles S. Reifsnider and son Sammy, and Galen Heaps, of Street, Md.

Ned Musser presented the program. A film, "Horizon Unlimited" was shown by Mr. M. S. Ohler.

The meeting next Wednesday evening will be "Family Night" and will be held at Memorial Park.

The monthly Board meeting will be held at the home of Mr. and Mrs. Ned Musser on Thursday evening.

"FREE CALLING AREA" CONSIDERED

The executive committee of the Taneytown Chamber of Commerce met Monday evening in the office of The Birnie Trust Company in the interest of the proposed change of the telephone service in the Taneytown exchange area. Mr. L. C. Card and Paul Morelock of the telephone company were present.

The proposal by the company for a wider range telephone service and the increase in rates were discussed. It was felt that the "free calling area" for Taneytown which is Union Bridge and Westminster exchanges added will not meet the needs of the Taneytown exchange patrons. A request for additional "free" exchanges will be asked for.

THE BALTIMORE TUNNEL

The Editor of The Carroll Record, along with members of the Press, were invited guests for a pre-view of Baltimore's new 17-mile Tunnel-Expressway system, held all day last Friday.

Gov. Theodore R. McKeldin led the inspection party. Robert O'Bonnell, Chm. of the State Roads Commission and other State dignitaries also went along on the tour which lasted from 10 a. m. to 4 p. m. Luncheon was served on the Baltimore City boat "S. S. Latrobe."

Each guest was given the following release: "Now that the last of 21 sections has been sunk in the Baltimore Harbor, the Maryland State Roads Commission today lifted the wraps from the Baltimore Tunnel-Expressway project and exhibited a large portion of it to a party of some 75 newsmen at a special 'tunnel preview'."

Due to open in December this \$130,000,000 facility—destined to break the famous Baltimore through-traffic barrier—is moving along substantially on schedule. In addition to the 1.7 mile cross-harbor tunnel the project includes some 16 miles of expressway approaches connecting with major arterial highways serving the Baltimore area.

Of major interest today was the new Administration Building, on the south shore of the harbor, where the toll booths will be located. This is the first building structure completed on the entire project.

Tomorrow (Saturday) headquarters personnel of the Toll Facilities Division of the Roads Commission will move into the new building. This is the section which not only will operate the Tunnel but also supervises the three other toll structures operated by the Commission—the Susquehanna and Potomac River and the Chesapeake Bay Bridges.

The Administration Building was built under a contract which included the toll booth and the toll collection equipment. Contractor is Joseph F. Hughes & Company and the cost will be about \$1,800,000.

The building is centrally located to best serve all four toll facilities.

The "press preview" today included not only a glimpse of the tunnel interior but took the inspection party over a large segment of the approachway system. Since the final sections of the tunnel have not yet been cut through, the party crossed the harbor on the Baltimore City boat "S. S. Latrobe." Many miles of actual approachways were driven in busses, some on gravel roadway but most on concrete.

The estimated cost: \$130,000,000. The interchanges: Washington Boulevard (Aldridge); Baltimore County Beltway (Landsdowne); Baltimore-Washington Expressway; Ritchie Highway (near Ordinance Road); Glen Burnie Bypass Connection; Potee and Hanover Streets (Brooklyn); Frankfort Avenue, Shell Road (Fairfield); Holabird Avenue (Canton); O'Donnell Street; Lombard St.; Lombard Street (Eastern Avenue); Pulaski Highway, Erdman Avenue; Terminal Connection with Northeastern Expressway.

The Roadway: 22 ft. Roadway in each direction.

Lighting: Continuous fluorescent lighting in tunnel portion. All interchanges and the entire roadway in the urban area lighted.

The approximate quantities—Tunnel and Approach Expressways: 440,000 Linear Feet Piles, 615,000 Cubic Yards Cement Concrete, using 922,500 barrels cement, 592,000 tons gravel, 89,000 tons steel consisting of 8,300 tons piles, 19,800 tons in tunnel tube sections, 41,500 tons structural steel, 17,700 tons reinforcing steel bars, 1,400 tons miscellaneous iron and steel, 300 tons castings, 10,290,000 cubic yards earth movable, 2,650,000 cubic yards dredging, 1,052,000 cubic yards sand backfill for tunnel.

The approach structure: There are 46 crossings on the approach expressways, some with dual structure, and some with twin structures. The total of these structures is equivalent to one bridge 3.5 miles long—almost as long as the over-water part of the Chesapeake Bay Bridge and twice as wide.

The estimated traffic: 1958, 11,900,000 vehicles; 1972, 18,000,000 vehicles. The work commenced: April 7, 1955. The estimated completion date: December 1, 1957.

The financing: Revenue Bond Issue of \$180,000,000 sold, of which \$144,000,000 will finance the cost of tunnel project, including financing costs and interest during construction, and \$36,000,000 will refund outstanding Bonds on the Chesapeake Bay Bridge. Bonds will be retired from proceeds of tolls collected on the Potomac River, Susquehanna River and the Chesapeake Bay Bridges, and the tunnel project.

The right-of-way: 426 parcels (approximately) required at an estimated cost of \$12,477,000.

The owner: State of Maryland, State Roads Commission.

"THE RIGHT TO KNOW"

Freedom of the press is a basic freedom. It is the mainstay of all the other freedoms. Yet there has been a growing fear that this freedom is in danger, because of governmental restrictions on the movement of the press to sources of information both in this country and abroad, because of the withholding of information to which the public and the press which serves it has a right to know, and because of proposed punitive regulations aimed at newspapers and other publications.

The American Society of Newspaper Editors has now issued a Declaration of Principles. This states: "The American people have the right to know, as the heirs of Magna Charta, the inheritors of the privileges and immunities of the English Common Law and the beneficiaries of the freedoms and liberties guaranteed them by the Constitution and the Bill of Rights of the United States."

"To exercise this right citizens must be able to gather information at home or abroad, except where military necessity plainly prevents; they must find it possible to publish or relate otherwise the information thus acquired without prior restraint of censorship by government; they must be free to declare or print it without fear of punishment not in accord with due process; they must possess the means of using or acquiring implements or publication; they should have freedom to distribute and disseminate without obstruction by government or by their fellow citizens."

GRASS ROOTS OPINION

JEFFERSON, GA., HERALD: "Time was when everyone looked for a pay raise to buy something extra—now a pay raise is to pay for rising prices of everything else."

OKLAHOMA CITY, OKLA., BEACON: "With the free handouts growing year by year, millions of people see no need to work for a living when they can ride on the backs of the taxpayers who do work."

MILLER, S. D. PRESS: "... aren't you glad you live in an age of push buttons, packaged mixes, and paper plates? Wonder what Mrs. Navajo told her warrior when he came home and wanted to know why in heck dinner wasn't ready. Probably she told him if he would get her one of those new-fangled corn grinders like that snooty Laughing Water down the street had, she wouldn't have to spend a whole day bent over a hot grindstone, and any way, what was he doing at home so early?"

BARTOW, FLA., DEMOCRAT: "Reading is not a completely universal habit, but fortunately for those who publish and edit newspapers the habit is so general that there are few homes today where one or more members of each family do not find it a pleasant and informative habit to keep up with what is going on in their home community and in the nation and the world at large through the simple process of reading their newspapers."

BEAVER FALLS, PA., NEWS-TRIBUNE: "How many of our forefathers who fled from old world tyrannies anticipated the day would come in this land of liberty when their sons would have to pay tribute to a labor union in order to hold a job?"

CUERO, TEXAS, RECORD: "The regime of Joseph Kadar in Hungary is now taking a step forward in implementing the slogan of Marx and Engels calling on the workers of the world to unite. The Kadar regime is forging ahead in uniting the workers

of Hungary in the grave by shooting them down."

EL DORADO, KAN., TIMES: "A few years ago, the biggest prevailing worry was over the possibility of another depression. The situation has radically changed. Today the most potent fear concerns inflation."

JEFFERSONTOWN, KY., JEFFERSONIAN: "President Eisenhower... told the Conference of Governors at Williamsburg they shouldn't pass their state problems on to the Federals in Washington. And, in majority, they seemed to agree with him. And if they passed fewer problems up to Washington he would have less difficulty in cutting the national budget. The state could obtain more tax-money to care for their own needs."

MOUNT PLEASANT, PA., JOURNAL: "There is no politics in heaven," says an evangelist. Of course there isn't. There can't be politics where there aren't any politicians."

Why did daddy have to die?
How can you explain it to a heartbroken child? Most traffic accidents don't have to happen. Yet last year, 40,000 died on our highways. This tragic killing can be stopped—if you help.

BACK THE ATTACK ON TRAFFIC ACCIDENTS

Here's how you can help stop traffic tragedies:

- 1 Drive safely and courteously yourself. Observe speed limits and warning signs. Where traffic laws are obeyed, deaths go DOWN!
- 2 Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN!

**Everything's Big
except the price**

The new kind of Ford looks big because it is big... and it acts as big as it looks!

No matter how you measure the new kind of Ford, it comes out BIG! Not only is it the longest sedan of the low-price three... it's longer even than some medium-priced cars. And does it ever measure up in V-8 performance! No other car in Ford's field can match it... for you can have the Thunderbird's own V-8 engine.

Styled to stay in style. Measure Ford's exclusive "Sculptured Look" against cars costing hundreds more. You'll see that Ford is years ahead... with styling that makes it unnecessary to pay more.

Built to stay built. If you've ever tried Ford's "big-car" ride, then you know why Ford makes luxury a low-price word. With new suspension, new frame and body, you'll wonder where the road bumps went! Yet, with all these "big-car" qualities, Ford carries a little price tag. No wonder Ford is the most wanted car in the U. S. A.!

Here's a paradox — To clean your walls from "top to bottom", start at the bottom and work upward. When water runs down a soiled wall it leaves streaks difficult to remove. With the bottom-to-top method and a modern no-rinse cleaning product, washing painted walls and woodwork is a jiffy job!

Books are treasures that richly deserve even the little care that they require. Use the soft brush of your vacuum cleaner to clean your books at least twice a year. Move the brush from the back binding toward the front, holding the book closed. Never bang books to get the dust out of them. Painted or varnished book shelves can be cleaned easily with the same no-rinse cleaner you use to wash your walls. Use a sponge wrung out, almost dry; then a quick once-over is all it takes to make shelves really clean.

Remember Mother on her hands and knees with two big buckets, one for soap and one for rinse water, scrubbing away at the back-breaking task of floor washing? This is a different age we live in! With no bucket of rinse water necessary, thanks to Spic and Span, today's modern "once-over" cleaner, and the long-handled squeeze mops, floor washing is a breeze. No need to get too upset if Junior happens to be thoughtlessly traver in the dirt. Another back-saver in a little way, that you might find helpful, is a long-handled dustpaw that opens at the touch of a lever.

Nowadays, too, the fashions in house-dresses have changed. It's easy to look pretty while you're cleaning house and it's a good idea because it keeps your morale at a proper level. Wear whatever is most comfortable for you... shorts, slacks, treader pants, or a wrap-around dress... just so it gives you freedom of movement. Low-heeled shoes or sneakers are best to keep your feet buoyant and prevent your slipping from a stepladder or stool when you're washing the walls, for instance, or the top of a window frame.

The state of Delaware has a perfect circular arc for one of its boundaries.

Maine is bounded by only one state, New Hampshire.

SHORT STORY

Don't Believe By Linda Leigh

It was absurd! Expecting her to cancel their plane reservations because of some silly old dream. This was the first vacation they had ever had. She certainly wasn't going to back out now. It was just that he was so stingy. He couldn't bear to part with the money.

When four couples they knew had signed up for the special excursion plane to Miami, Franny had set about to convince Clifford that they should also go.

"You can take your vacation now," she pointed out. "Think how much fun we'll have in the Florida sun. Even ten days away from this weather will seem like Paradise." Clifford asked how much the plan would cost and she told him the amount of the bare essentials. That didn't include tips and sight-seeing and quite a few incidental items.

But she thought she could good-

"I know it's silly for a grown man to put any credence in dreams," she scorned.

him into the rest once they were on their way.

Clifford winced a little when he heard the amount but he got out his checkbook and carefully studied the balance.

"I suppose we could manage," he conceded at length.

"Of course we can," she insisted. "You make much more than Harry and Leslie..."

"They're both in hock up to their ears," Clifford broke in. He went on to point out the facts she already knew until she was weary of them. He had to set aside a substantial portion of his pay every month to pay back his parents.

They had mortgaged their farm to the hilt to give him his college education and he wouldn't feel free until he had paid back every cent.

It seemed too good to be true that he would agree to the excursion. He even went by and picked up the tickets, himself. But this was the morning of the flight and he was backing out.

"So you had a dream," she derided. "You want us to cancel our trip."

"You know about me and my dreams," he said.

"I know it's silly for a grown man to put any credence in dreams," she scorned.

"But Bobby... the dream I had..."

"Coincidence with a capital C," she stormed. "You were eight years old and you dreamed your brother was going to drown and he did drown. That doesn't mean anything..."

"Can't you see my side?" he demanded. "I begged Bobby not to go; I asked Mom to stop him. He was a good swimmer and they thought dreams were silly."

"Dreams are silly," Franny said. "You've been using your dreams ever since to make people do what you want."

"Will you cancel our tickets," he persisted.

"I'll think about it," she said. Clifford went on to his office to cancel his vacation and Franny telephoned each of the other couples to be sure they were going.

"Storm warnings going up all around," one of them said. "I'm going if we have to fight our way through a storm."

Franny turned in Clifford's ticket and spent the afternoon in making preparations. The phone rang incessantly but she didn't answer. It was probably Clifford and she didn't want to go through all that again. The plane wasn't due to leave until 6:30 but she was going to leave home much earlier than that. By the time Clifford got home and it dawned on him that she was really going, it would be too late for him to stop her.

Imagine a man using a dream to cancel out this lovely vacation. More than likely he didn't have a dream at all. This was just her stingy, conniving way to keep her home. Didn't he expect her to have any fun?

Get Ready for a Cook-Out

If you belong to the charcoal cooking set, you're fully aware of the importance of being equipped with a truly superlative barbecue basting sauce recipe. In this highly competitive backyard sport, mediocrity spells failure; nothing but the best is even acknowledged. The Mustard Barbecue Sauce, presented here, is guaranteed to boost your reputation as a barbecue chef. It's a brush-on sauce, delicious with chicken, and has a mildly sweet, spicy flavor. Use it to baste half chicken broilers cooked over a charcoal grill, for basting a roasting individual poussins or Rock Cornish game hens.

Most distinguishing feature of this tantalizing sauce is that it's low in calories. Reason is that it makes use of the non-caloric sweetener, Sucaryl, rather than sugar. The calorie saving is really worthwhile. Just by the use of this sweetener, more than two-thirds of the total calories ordinarily contained in the sauce are eliminated. Be sure to tell your guests, for they won't be able to taste the difference.

Here's the recipe... and good luck!

MUSTARD BARBECUE SAUCE (Low-Calorie)

- 2 egg yolks, 1 tablespoon paprika, 1 cup skim milk, 2 teaspoons Sucaryl solution or 16 tablets, crushed, 1 tablespoon flour, 16 tablets, crushed, 1 tablespoon dry mustard, 1/2 cup vinegar

Beat egg yolks and milk together; gradually add to a mixture of the flour, mustard, paprika and Sucaryl, making a smooth paste. Cook in the top of a double boiler until thick, stirring constantly. Add vinegar gradually, and heat thoroughly. Use to baste chicken on rotisserie or barbecue grill. Makes 1 1/2 cups of barbecue sauce. Each tablespoon contains 10 CALORIES; 0.6 gram protein; 0.5 gram fat; 1 gram carbohydrate. If made with sugar, each tablespoon would contain 34 CALORIES.

Motor boats take to the air to provide one of the exciting sequences of 'This Is Cinerama', first production in the new multi-dimensional film medium, which opens at the Town Theatre in Baltimore on August 28th.

CINERAMA MARYLAND PREMIERE PLANNED FOR TOWN THEATRE

The first showing of Cinerama in Maryland is set for August 28, at the Town Theatre in Baltimore. Following the premiere, eleven performances will be presented weekly; one each night, two on Saturday nights at 7 and 10 P.M., and matinees on Wednesdays, Saturdays and Sundays.

The Town will be the only theatre in all Maryland to show this new dimension of motion picture entertainment. Other theatres in this area will not and cannot show Cinerama.

Tickets for reserved seats to all performances are now on sale. Cinerama is more than a motion picture. It is vivid, vibrant and exciting. The skillful blending of a unique and complex sound system with the almost overpowering 146 degree curved screen creates an atmosphere of real life by making the audience part of the picture.

The giant screen which throws an image six times larger than ordinary, makes an almost complete half circle that covers the span usually seen by the eye. The

sound is heard through a series of strategically placed speakers so that the viewer gets the feeling that the sound is actually moving. The combined effect is to make the viewer feel that he is an integral part of the performance. It is as if he were present at the scene. "This Is Cinerama", the opening attraction and the first picture made by this new method, opens with a breath-taking, spine-tingling rollercoaster ride. Other spectacular scenes include the majestic 'Triumphal March' from the opera 'Aida' as performed by the world famous La Scala Opera Company of Milan; the Spanish bullfight, in all its color and action, the languid beauty of the gondola ride through the ancient canals of Venice and the stirring 'Gathering of the Clan' in Scotland. Cinerama makes such an impact that once seen it can never be forgotten.

No other theatre in the state of Maryland will or can show Cinerama. Only the Town in Baltimore and the Town only will present this medium in this area.

OPEN LETTER FROM COUNTY COMMISSIONERS

(Continued from First Page)

During 1956 Carroll County received through the State Roads Commission the sum of \$603,963.87 as its portion of the gasoline and motor vehicle revenues dedicated to roads purposes. In addition the County levied 10c on the \$100.00 of assessable basis, amounting to the sum of \$96,138.83. This item appeared in the published statement as "Transfer to Roads Department", and immediately beneath that item there appeared in the statement the item of "Road Machinery - \$15,000.00". These funds were turned over to the Roads Department accounts, and out of the levy the sum of \$17,731.48 was in turn paid over to the incorporated towns of the County, as required by law.

We have other smaller items representing citizens' contributions, discounts earned and profit on trade-in of fixed assets, amounting in the aggregate to \$3,387.43, which brought the total of roads revenues for the year to the sum of \$700,758.65.

The Auditors' report, made from the Treasurer's books, shows that road maintenance, including labor, materials and machine hire cost \$187,435.17. The cost of labor and materials for bridges amounted to \$19,581.78. Snow removal and traffic signs cost \$7,578.88. The fuel, parts, tires, labor, insurance and depreciation on automobiles, trucks and road equipment amounted to \$39,173.87. Shop expenses, including salaries, stationery and supplies, heat, light, water, sewer, telephone and depreciation amounted to \$12,016.07.

This brought the total expended for maintenance to the sum of \$245,785.77.

Other administrative expenses, including the salaries of the Roads Superintendent, his assistant, unclassified labor on holidays, maintenance of building, legal and accounting fees, and the compensation paid for keeping the books of the Roads Department, amounted to the total sum of \$12,849.94, and an item of bond interest on the 1950 issue of roads bonds in the sum of \$13,375.00 brought the total expenditures to \$273,910.71.

The Auditors' report shows that the 9.9 miles of new roads built in Carroll County in 1956 cost the total sum of \$249,089.13; that there was expended for new equipment purchased the sum of \$7,474.94; and that \$100,000.00 was expended for the retirement of road bonds.

RECAPITULATION

Total Receipts	\$700,758.65
Maintenance and administrative expenses	\$273,910.71
New construction	249,089.13
New equipment	7,474.94
Bonds retired	100,000.00
	630,474.78

Balance in hand \$ 70,283.87
The above is the story of roads revenues and expenditures for 1956, but comment was made in one of the published letters concerning the items of County Commissioners - Operating Expenses amounting to \$7,228.19 shown in the Treasurer's published statement.

We have examined the books concerning this item and find that an expenditure of \$5,000.00 in connection with the new County Parking Lot was erroneously charged to this account, and later transferred to the Treasurer's account for New Lands purchased, but in preparing the statement for the newspapers the treasurer inadvertently showed the total of the Operating Expenses account as it appeared before the transfer to New Lands account was made.

In this connection the statement of our Auditors for the 1956 fiscal year shows that the appropriation for Operating Expenses was the sum of \$3,000.00, that \$2525.02 was expended, leaving an unexpended balance of \$474.98.

The largest item in the Treasurer's statement was the sum of \$1,183,303.92 paid for schools and education. The Auditors' statement breaks this down as follows:

Salaries and Operating Expenses	\$936,220.49
Debt Service (Bonds, etc.)	195,357.95
Capital Outlay	51,725.48

This sum is \$5,375.00 more than was appropriated by us for education, which resulted from an error in the calculation of interest on the school debt as set forth by the Board of Education budget.

We do not have a statement in our office showing in detail the expenditure by the Board of Education of the items of Salaries & Operating Expenses and Capital Outlay, beyond what is shown in the statement prepared by that Board's Auditor, but the budget that is submitted to us by the Board of Education shows the estimated needs for education under the various budget item headings, and it is on the basis of that estimate that our appropriation and payments are made.

The School Law requires that we be furnished by the Board of Education with a statement at the end of each year showing overexpenditures and unexpended balances in the various budget items, and then, upon the receipt of such statement, we theoretically should be enabled to make appropriate adjustments in the budget allowances for the next succeeding year.

During our tenure of office this Board has made an earnest effort to see that our citizens realize the greatest possible return from our ever-increasing expenditures for schools and education, and we shall continue our efforts along this line with utmost zeal.

Respectfully,
JOHN D. YOUNG

GOD IS ALL IN ALL—

If we all knew God, what a world this would be!
He is right here with us—not a far off Diety!
He is the Life of the flowers and the plants which grow;
So, He spreads abundance, every place we go.

If we could but realize it is He who holds all supply,
Who flavors the fruits, and makes them attractive to the eye;
And, that all we need is to try to be like Him,
Our cup of happiness would be full to the brim

Universal mind (God) is an unlimited source of good;
But, that truth, I am sorry to say, is not understood;
So, if man only knew God, and did things His way,
Satan would pack his trunk, and no longer stay.

But, you say: "Where graft and emulation everywhere abound
Where, under the Sun, shall wisdom be found?
"Acquaint now, thyself with God", the Scriptures say—
So, to make earth a heaven, there is no other way.

If you are threatened with a disease of any kind,
Kill the thought at once! (It started in mind);
God sent you here, like Him, to learn to be;
And, to prepare to live through all Eternity.

Your thought is dynamic, the Scriptures say;
It is also creative—(makes thing come your way)
So learn to know God—follow Jesus from day to day,
It is the only road to Paradise, they say.

If you do as I say, you too shall find
That all of God's gifts come to us through mind;
For, mind is the Giver of all blessings which flow;
So, follow Jesus! and that secret you shall know.

Forget your worries—have no fear,
And the thing you dread shall disappear;
In place of it, visualize things you would like to see;
And, this Earth a heaven shall turn out to be.

Every time you forget mortal self you shall find
You are impressing a thought on your sub-conscious mind;
And, the moment you convince it a thing is true
That moment your sky turns from gray to blue.

That is what Jesus taught when He was here;
So, use your mind to make what you want appear;
Simply believe ye receive it, said He,
And the thing you long for shall come to thee.

The body of mine is not what it ought to be
Because I listen too often to the physical me;
The real me to-day, and the ones on whom to rely
Are God, and, the real me in my body, called I.

The Bible is full of such injunctions to-day;
But, we keep on going the same old way;
And, that is another reason for our birth after birth—
We must be made perfect, right here on earth.

Your mind is a part of the Great Universal Mind;
And, it has a panacea for diseases of every kind—
That remedy is to love God; and, to go His way;
And, not to listen to what mortal man may say.

We all have wishes and desires when we feel blue;
And, we use the little word, "but," that can't be true;
So, that 3 letter word, "but," 9 times out of 10,
Puts an end to the dreams of our greatest men.

The Bible says: "God is Love", so, if he did what it tells him to do,
Man would never have occasion to feel blue—
The Sun always shines—even on a cloudy day!
So, it is the clouds which keep the sunshine away!

Many think there is a power apart from God today,
Which will hold blessings due them, they say;
But, God is in us all; and, is always the same;
So, on Him never cast a word of blame.

For, "God is Love"; and, if your dreams don't come true,
He is not to blame, the fault lies with you!
For, you are a part of Universal Mind;
And, to succeed, you must use His method, I find.

Without God, the Bible says, nothing would be—
There would be no earth, not a flower, or a tree—
No matter how great and no matter how small,
The Scriptures tell us that "God is all in all."

One might tell about God from morn till night;
But, Life is one battle you, yourself, must fight;
So, learn to know Him, as Jesus did, they say;
And nothing but good shall come your way.

These are things we all should learn to know—
The Bible is the map which shows us how to go;
Then too, God sent Jesus to blaze the way
Which leads from Time to endless day.

Southern States DROUGHT AID For YOU

Here's special aid for you if your pastures or your hay or grain crops have been destroyed or severely damaged by the drought in this area. Southern States Cooperative and its Cooperative Service Agencies are leading the way to help farmers with:

LOWER PRICES on

1. Southern States 16% DARI-KRUNCH

This proven top-quality milk producer contains over 1400 lbs. TDN and is a pelleted and highly palatable feed. With its new "special drought" price, it is one of your most economical feed buys.

2. Southern States Domestic Ryegrass and Crimson Clover

Prices have been drastically cut. If your pastures have been ruined by drought you can seed emergency fall and early spring pastures. See us for suggested seedings.

3. Southern States Top Quality Hay

Reduced in price to help you cut your feeding costs in this emergency.

Also Available—at regular favorable prices:

Other legumes, grasses, and small grains for emergency or permanent pasture seedings; Southern States fertilizers; Feed Supplements for mixing with home grown grains.

WIDER-RANGE TELEPHONE SERVICE

To meet the needs of modern living, we propose to expand wider-range telephone service to more telephone users in Maryland.

For some time we have been expanding calling areas to eliminate toll charges. For example, in the past 5 years we have eliminated toll charges between communities in 51 instances.

But that isn't enough. Customers tell us they want the privilege of even wider-range calling, without extra charges or tolls.

Accordingly, we are proposing a plan which will extend calling privileges to a wider range of communities and eliminate toll charges on 102 additional routes. Under the new plan every Maryland telephone customer will now be able to call one or more nearby communities without extra charge. How this affects you is explained in detail in our recent letter.

Other adjustments, both upward and downward, will be made in some long distance rates to Maryland points only—a slight increase in the charge for additional alphabetical directory listings and an increase in the charge for installing or moving telephones. For further information please call your Business Office.

BOARD OF EDUCATION

(Continued from first page)

Action was taken to approve a policy in connection with maternity and pregnancy on the part of employed personnel and pupils. The policy to be followed as approved by the Board, is that any pupils who become pregnant during the school year will be removed from school at the time pregnancy is established. All other personnel who have to terminate their service because of maternity will be expected to notify school authorities immediately upon confirmation of pregnancy. Termination of employment is to be at the discretion of the superintendent with all such service to be terminated, at least by the end of the fifth month of pregnancy.

The Board took action to approve the list of school stenographic employees and the janitorial-custodial personnel for 1957-58.

A brief report was given to the Board regarding negotiations with Frederick County in connection with pupils to be transferred to Frederick County Schools.

Action was also taken to approve maintenance work and renovations which had been accomplished at various school locations during the summer. Major renovation had taken place at the Mount Airy Jr High-Elementary School.

The Board was visited by Mr. Paul Wooden, auditor from the firm of Wooden & Benson, who made a brief report on his work in auditing the financial transactions during 1956-57.

The Board heard a brief report from the Insurance Supervisor, Mr. Herbert Anders, regarding the distribution of insurance and the adequacy of insurance coverage. Mr. Anders also reported briefly on negotiations in connection with the fire loss and settlement at Sykesville.

The Board approved the policy recommended by the superintendent in connection with the absence from school of Catholic secondary pupils to participate in "Retreat Days" on certain dates in September.

The Board took action to approve the recommendation of the superintendent that transfers as necessary be made in connection with the assignment of pupils to schools in order to prevent overcrowding and to expedite transportation. This action involved especially the Uniontown, Taneytown, and New Windsor transportation routes, as well as those serving the Sykesville School.

The Board noted a communication from the Retarded Childrens Association reporting on the successful summer program using the facilities of the East End Primary School.

Action was taken to continue the publication of an Annual Report with the financial statement of income and expenditures as soon as said report is available, the report to be part of the Annual Report of the Board of Education. Further action was taken to direct that the report include a list of teachers serving the county and the salary paid to each teacher.

The Board approved bus transportation contracts for Robert Devillbiss and John Sterner.

Action was taken to approve a letter written to the County Commissioners to express appreciation of the Board and the County employees in the educational area for the facilities afforded the Board in the Carroll County Office Building.

Announcement was made that September, 1957, would see the introduction of new record cards in the schools of the County.

The Board approved the recommended roster of teachers to be assigned to the schools of the county and it was directed that a list of teacher appointments be made available to the press.

The Board considered briefly a report of maintenance work accomplished during the summer by maintenance personnel.

The Board was provided with information indicating the present salary being offered to public school teachers in the counties of the State.

Announcement was made regarding the meetings to be held, prior to the opening of schools, for the administrative, professional, and organizational purposes; said meetings to be held during the week of August 26th. A regular meeting of principals and vice-principals will be held at the County Office Building on Monday, August 26, and special meetings with teachers, supervisors, and principals will be arranged for Tuesday, August 27. A meeting of all new teachers will be held in the Westminster High School on Wednesday, August 28, for the purpose of orientation of new teachers and their introduction to the principals and the work of their departments. New teachers will spend the afternoon of Wednesday, August 28, in the schools to which they are assigned. A regular professional conference for all teachers of the County will be held in the new Mt. Airy School on Thursday, August 29. The program for this meeting has been in charge of a committee of general supervisors including Mr. John Wooden, Mr. Gerald Richter, Mrs. Margaret Bailer, Mrs. Josephine West, Mr. Philip Royer, Miss Ruth DeVore, Mr. Charles Reck. It is hoped that members of the Board of Education will be present at the general meeting and that officers of the Board will greet teachers at that time. The program for the morning includes presentation of various materials by staff members and representatives of the State Department of Education. All teachers will spend the afternoon of Thursday, August 29, in the schools to which they are assigned as well as Friday, August 30, in preparation for the opening of school which will be on Tuesday, September 3, at the regular hour. All schools will operate on a full schedule except, that by special arrangement, the Sykesville Jr. High and Sr. High School will operate on only half day sessions throughout the school year 1957-58.

The Board was given a complete report of teacher changes occurring during the school year, 1956-57 for their information. They were also

provided with a study made by Mr. Bernard E. Starr, Architect, showing the comparative cost of school buildings in Carroll County recently under construction.

The Board took action to approve continued work by the architect on the preparation of working drawings for the construction of the Sykesville School, said construction to begin as soon as possible. It is expected that working drawings will be available during the month of September and that the contract for the Sykesville construction can be issued by the end of September or early in October.

Action was taken to implement the special appropriation made available to schools to partially eliminate money raising activities in the schools. In this connection the decision of the Board was that all sales by pupils of materials of any kind be eliminated except that those schools wishing to continue the magazine campaign may do so. The decision regarding the magazine campaign is to be made by the principals of the schools.

The Board took action further to direct that all movies held by schools for the purpose of raising funds be discontinued effective September, 1957.

The Board considered the bids for the construction of the Francis Scott Key High School to be located on the Bark Hill Road, west of Uniontown. Bids for this construction were opened in the presence of the contractors, the County Commissioners and the Board of Education at 11:00 A. M. Drawings and specifications had been prepared by B. E. Starr, of Harrisburg, Pa. The bids on the General Contract were as follows for the construction of the building: The Carozza Company, Baltimore, \$736,900.00; L. J. Keller & Sons, Jefferson, \$713,000.00; Rice & Weidman, Lancaster, Pa., \$755,840.00; John K. Ruff, Baltimore, \$746,837.00; E. E. Stuller, Taneytown, \$722,000.00. After consideration, the Board awarded the General Contract to L. J. Keller & Sons of Jefferson, Md., at the bid price, \$713,000.00. Bids as received and opened from contractors in the Plumbing and Heating field for the Plumbing & Heating Contract at this school were as follows: J. H. A. Lender, Hampstead, \$209,000.00; B. C. Grabbill & Son, Libertytown, \$199,894.00; George L. Harner, Taneytown, \$171,786.00; Heer Brothers, Baltimore, \$197,500.00; W. Earl Hershey, Baltimore, \$199,200.00; L. J. Keller & Sons, Jefferson, \$186,000.00; Gordon McKewin, Baltimore, \$201,936.00; Ruth's Engineering, Baltimore, \$213,831.00; G. R. Spoungle, Harrisburg, Pa., \$244,820.00; Westminster Hdwe. Co., Westminster, \$199,500.00. After consideration, the Board directed that the contract for the Plumbing & Heating be awarded to George L. Harner, of Taneytown, Md., at his bid price of \$171,786.00. Bids as received and opened from contractors for the Electrical work were as follows: Angell's Electric Co., Taneytown, \$88,789.00; Conway's Electric Co., Frederick, \$98,621.00; J. B. Ferguson Co., Hagerstown, \$90,168.00; L. J. Keller & Sons, Jefferson, \$95,000.00; Mid-Town Electric, Taneytown, \$87,000.00; J. E. Shaeffer, Reisterstown, \$76,500.00. After consideration, the Board directed that the contract for the Electric installation at the school be awarded to J. E. Shaeffer, Reisterstown, Md., at his bid of \$76,500.00.

The Board considered a number of miscellaneous matters related to our school operations and personnel. Adjournment was at 4:15 P.M.

Background Reading: Amos 5:18-24.

Crusaders

Lesson for August 25, 1957

WHEN Amos, the hired man, Amos the migrant worker, stood up in the city square at Bethel to make a speech, no doubt people laughed. It looked funny to see a man in overalls making like a politician. They laughed; but they did not keep on laughing. He did not talk like a politician at all. It was like nothing they had expected. It was more like a prophet, only there hadn't been a prophet at Bethel since any one cared to remember. It was like a prophet, only Amos himself didn't want that title. The country was full enough as it was, of prophets who were happy as June-bugs, and about as effective. The one tune they hummed went something like "Everything is for the best in the best of possible worlds."

Dr. Foreman

Amos did not see it that way. He drew such a dark picture of the country and the times, and the prospects, that the leading citizens were worried. Get that man out of here! they said. He's not good for business, he's not good for the church, he's not good, period. But Amos kept right on. We do not know how long he lived after those exciting days in Bethel, but his speeches are not dead yet. We can call him an early type of crusader. No popular occupation!

What is a Crusader?

A crusader is next door to a crank, and some crusaders are cranks, and all cranks are nuisances; so most people shy away from the very word. However, we have other words meaning much the same thing. To crusade—it's no different from "stand up and fight," "stand up and be counted," "go out on a limb," "carry a torch for—," "go to bat (or to the mat) for—." Words change from century to century, but the thing is always the same. The crusader is a man with two slogans. He does not always put it this way, but these two are always samples of his attitude to life and the world around him: Something is wrong with the world; fight it!

Something is wrong with the world; right it!

Crusading From the Bottom

If you think all's well with the world you are no crusader. If you think a lot is wrong with the world but nothing can be done about it, you are no crusader. But even if you can say Amen to those two slogans just now mentioned, you are still no crusader if all you do is stand there and yell. A true crusader wants other men to join his fight. That was true when the word began to be used, in the years when European army after army went out to the mid-east to win back the Holy Land. It is still true, a crusader is a rouser of men, not merely an aroused man.

What makes a crusader tick? They both feel the weight of the world's evil, but in different ways. The crusader from the bottom is a man who has felt the evil. Amos was in that class. He came from the very bottom drawer, a hired man in a submarginal area, next to beggars, about the most underprivileged of the underprivileged. He well knew what social and economic injustice are; he had been a victim of both. So today and always, some of the most effective crusaders are men and women who have personally been victimized by the evils they set out to destroy. Some of the greatest temperance workers and crusaders have been men whose own lives had been wrecked by alcohol.

Crusader From the Top

The crusader from the top, on the contrary, is a man or woman who has never personally suffered from the evils they fight. They are people with both sympathy and imagination. Wilberforce in England and Lincoln in America had never been slaves, neither had John Woolman; but they felt the evil of slavery more keenly than some slaves did. Frances E. Willard, founder of the Women's Christian Temperance Union, had never been an alcoholic. The greatest crusader of all time was surely Jesus Christ. Should we not say that he was a crusader from the top?

SHORT STORY

Cowardly Angel

By B. C. McAfee

3-Minute Fiction

VERNIE KING was grateful for the early morning rain drizzling against her face, as she hurried down Main Street. The trickling raindrops camouflaged her tears. It was silly to cry. She and Don had often quarreled before about her job at the dress shop—but somehow, this was different. Never, in their eighteen months of marriage, had Don slammed out of the house as he did last night, returning long after she'd gone to bed without a word of explanation. This morning being Saturday, Don didn't have to work, but he always used to get up and have breakfast with her, just because they enjoyed each other's company. Not so, today. He pretended to be sound asleep. Hurt and angry, Vernie dressed and decided to eat downtown.

The drug store coffee was bitter. Vernie sipped it absently, her mind reviewing last night's quarrel. It had all started because they had to decline an invitation to join the Bentley's on a weekend spree in New York.

"How do you think I felt," Don asked, "telling them we couldn't go because my wife has to work? Peg Bentley gave up a darn good job when she married Tom. She was tickled pink to stay home and—"

"Darling—" Vernie cut in, "how many times must I tell you—mine

Emerald had scrawled a note on the calendar pad.

is more than just another job. It's—"

"I know—I know. It's a career!" Don said in exaggerated tones. "A golden opportunity!"

"Well, it is! Any girl would give her right arm to be junior partner in The Emerald Ames Shoppe. Emerald's been like a mother to me—taking me along on that buying trip to Paris, encouraging my talent for fashion designing—"

"Don! That's not fair. Emerald wants to be your friend as much as mine. Why, she's down there right now slaving over the accounts just so I could be home in time to get your dinner. Poor dear, said she hasn't anyone to go home to and since I have a husband, my place is with you in the evenings. She'll probably work half the night."

"Big of her," Don said with sarcasm. Those were his last words before slamming the door and leaving Vernie in exasperated tears. The drug store clock said 8:45 when Vernie left her half-eaten breakfast and crossed the arcade to Emerald's shop. Walking through the plush-carpeted salon, she turned on the lights in her small office. Emerald had scrawled a note on the calendar pad:

"URGENT BUSINESS ON TAPE RECORDER. PLEASE EXPEDITE! BACK SOON. E.A."

Now what? thought Vernie, hanging up her coat. Her head had begun to ache and she was in no mood for business—urgent or otherwise. She wanted to phone Don and set things right between them, but she didn't quite know what to say. Hoping he'd call her, she uncovered her typewriter, adjusted the tape recorder and prepared to transcribe whatever urgent dictation Emerald had left.

"Vernie, dear—" said Emerald's calm voice. "I am selling the shop next month." Vernie's eyes widened in amazed disbelief as the tape unwound. "Your husband came to see me, last night." Emerald continued slowly. "He was terribly upset about your quarrel." We had a long heart-to-heart talk. Vernie, that's a wonderful man you married. Hang onto him!"

"This will come as a surprise to you," said Emerald, "but I, too, have a very wonderful man—or will have—as soon as I get back to Kansas and accept his proposal. For twelve long years, he's been trying to convince me that no career can make up for a happy marriage. But it took your Don to really open my eyes. Forgive me, dear, for telling you like this. I just hadn't the courage to say it all in person."

"I'm a coward," she said. Vernie leaped up and hugged her. "You're an angel!" she cried, blinking back the tears.

"She's a cowardly angel," said Don, popping into the room and hugging them both.
