DISTRICT GOVERNOR MAKES OFFICIAL VISIT TO LIONS CLUB

The Lions Club was host to the District Governor, Mr. Carl C. Thomas, when he made his official visit at their regular meeting on Tuesday evening at the Tane Inn. Mr. Thomas is a member of the Frederick Lions Club. His remarks were based on "We Serve", stating, "We have clubs in 85 countries, 565,000 members and 14,000 clubs."

Plans for the coming Shrimp and Oyster Feed on March 25 were reported by Mr. Raymond Perry.

Mr. Ralph Stonesifer, president, who had charge of the meeting, related that Russell Marsh of the Union Bridge Lions Club is asking our support at the convention for District Governor next year.

Report was also made regarding The Buddy Dean Record Hop, April 11th, which the Lions Club is sponsoring, by chairman Delmar Riffle.

WITH OUR ARMED FORCES

SEVENTH ARMY, GERMANY (AHTNC)—Acting Sergeant Kenneth L. Koonitz, 18, whose wife, Shirley, lives on Route 2, Littleton, Pa., recently participated in "Sabre Hawk", a Seventh Army maneuver which involved more than 100,000 troops in Germany.

Sergeant Koons, who arrived overseas last December, is regularly stationed in Ulm as a gunner in Headquarters Company of the 4th Armored Division's 41st Infantry.

The 1957 Littleton High School graduate entered the Army in June 1957 and completed basic combat training at Fort Hood, Tex.

His parents, Mr. and Mrs. Robert C. Koonitz, live at 54 Patrick St.

WOMEN'S GUILD

Meeting of Church Women Held Thursday March 6

The Women's Guild of the United Church in Christ of Taneytown, Md., met for its regular meeting on Thursday, March 6, at 8 p. m. The meeting was in charge of the Christian Stewardship Committee with Mrs. Freda Lambert and Mrs. Pauline Garner, co-chairmen.

The worship service opened by singing Take My Life and Let it Be followed by prayer by Mrs. Garner. Passages of Scripture were read by Mrs. Freda Lambert and Mrs. John Garner. Mrs. Oscar Wargny read a poem The Guest Eternal. Offering was received and consecrated and Mrs. George Motter played the offertory as well as accompanying the hymns. The worship service closed by singing, The Church's One Foundation.

The program opened by a reading given by Mrs. Frances Stonesifer "The Architect's Plan". The members present were then divided in 3 study groups (1) with Mrs. Andreas, leader, discussed the parable The Laborer in the Vineyard; (2) Mrs. Oscar Wargny, leader, discussed the parable of the Two Sons; (3) Mrs. George Motter discussed the parable The Pharisees and the Publican. After a 20 minute discussion in groups each leader gave a resume of his parable and answered the general question of what the parable had to say about God.

The business meeting opened in charge of the President, Mrs. Marian Rue. Minutes of the previous meeting were read and approved. Treasurer's report was given and accepted.

Mrs. Morgan Andreas and Mrs. George Motter as members of the Synodical Guild will attend the cooking school in Westminster church on March 18 and 19. Delegate from local Guild will be named later.

Mrs. Clyde Hesson gave a very commendable report on members visited recently and notes were read conveying thanks to Mrs. Hesson, her committee and the Guild.

The Guild will serve a Father and Son banquet to the Brotherhood of our church on Monday evening, April 14th.

A motion was made and carried to contribute \$5.00 to the Red Cross.

The April meeting will be in charge of the Christian Social Action Committee with Mrs. Frances Stonesifer and Mrs. Virginia Baumgardner, co-chairmen. The meeting adjourned. A brief social period followed.

GOLDEN RULE CLASS MEETS

The regular meeting of the Golden Rule Class of the United Church of Christ was held March 11 at 7:30 p. m. at the home of Mrs. Harry Mohney. The meeting opened by singing, What A Friend We Have In Jesus and In The Garden. Mrs. Mohney read scripture from the 5th chapter of Matthew, followed by prayer.

The entertainment for the evening was a reading, Nothing Like Spring by Mrs. Rhoda Smith. A reading by Mrs. Kaye Mohney, "Because". Miss Martha Harman sang two solos, "For God Should Love The World" and "I Love To Go To Sunday School". Games were played, prizes were won. Mrs. Rodgers, Mrs. Simpson, Mrs. Reifsnider, Mrs. Frock.

Business opened by the reading of the minutes which were approved as read. Roll Call followed with 15 members and one visitor, followed by the auction of a green pig in the poke which was enjoyed by all.

The meeting adjourned to meet in the parish house, April 8 at 7:30 p. m. with Mrs. Mildred Parker and Mrs. Dorothy Devilbiss, co-hostesses. Delicious refreshments were served by Mrs. Kaye Mohney and Miss Martha Harman.

ELEMENTARY SCHOOL P-T-A TO MEET

The Parent-Teacher Association of the Taneytown Elementary School will meet Tuesday evening, March 18, at 7:30 o'clock. The entire evening will be devoted to parent-teacher conferences.

The parent-teacher conference has been used previously in place of a program because it was felt that one of the primary purposes of the P-T-A was to create a closer understanding and united effort between parents and teachers with the aim of helping children to improve in their school work and in any other way possible.

Devoting the entire evening to conferences permits, not only a greater number of parents to visit the teacher, but also a greater length of time for each conference.

The last conference period held in the fall was felt to be of great value by both parents and teachers and it is hoped that many parents will avail themselves of the opportunity to talk with their child's teacher on Tuesday evening.

WITH OUR ARMED FORCES

PUERTO RICO (FHTNC)—Marine Pvt. David H. Finn, son of Mr. and Mrs. Leo J. Finn of Patapsco, Md., is taking part in a six-week amphibious operation with an Atlantic Fleet Marine Force Training Group in Puerto Rico.

The training forces, made up of ground, aviation and support units, opened the exercise with an assault on the beach at Vieques, P. R.

The operation will end in mid-March when the Marines will re-embark aboard ships and return to their East Coast bases.

MEETING OF THE BOARD OF EDUCATION

Teachers' Salaries and School Calendar Discussed

A regular meeting of the Carroll County Board of Education was held in the Board Offices on Tuesday, Mar. 11, with President Paul Niswander presiding.

The Board heard the minutes of the February meeting and gave approval for same as well as for the expenditures submitted for approval for the month of Feb.

The Board took action to approve a resolution in connection with teachers' salaries in Carroll County for the school year 1958-59, after discussion of all factors involved. The resolution, passed by the Board, urged the County Government to support a salary scale for teachers and supervisors permitting the degree teacher in the first year of experience to be paid \$3,900.00 and teachers with a maximum of experience to be paid \$5,700.00 in the thirteenth year of experience and beyond. The Board passed the motion requesting that immediate advice be given to the County Government and with the understanding that supporting such a salary scale would not create an additional financial burden due to the fact that prior approval existed for the payment of \$700.00 excess salary to each teacher. This arrangement had been made at a time prior to the passage of new State legislation creating a State minimum of \$3,200 and a maximum of \$5,000. Reasons given in the resolution were as follows: (a) It is of extreme importance to maintain a sufficient salary in Carroll County to permit reasonably successful negotiations with teachers in the area; (b) The intent of the recently enacted legislation in Maryland was to provide a substantial increase in teachers' salaries; (c) It is essential to maintain efficiency and morale in the teaching force; and (d) Carroll County parents expect the schools to be staffed with an adequate number of efficient and satisfied teachers.

The Board approved the following appointments. Mrs. Frances Arnold, Elmer Wolfe Elementary School, and Mrs. Elizabeth Sturdivant, temporary appointment to Westminster Elementary School.

Action was taken to adjust the school calendar for the remainder of the school year by directing that school sessions be held on Thursday, April 3, and that a proposed free day on June 12, for the purpose of clerical work, be eliminated; thus providing for shortened school days on June 11 and 12, prior to the regular closing on June 13. This action was necessary due to the loss of time during the February snowstorm and will permit the County Schools to have 180 days of school sessions as required.

The Board was given details of robbery and vandalism occurrences at one of the County Schools, as well as, information regarding the investigations in progress to find additional facts about the occurrences.

The Board was advised of some recent changes in bus routes.

The Board heard a report regarding plans for the purchase of equipment for new schools, as well as, a report on progress in connection with school building construction now in progress. The Board directed that a statement be issued that the Francis Scott Key High School may probably be completed before the end of the 1958-59 school year but that occupancy and use of the building would be delayed until September, 1959. This action was taken because of the extreme difficulty confronting the school administration in attempting to reorganize schools during the school year.

The Board approved several miscellaneous requests from school for support of activities and certain items of equipment.

The Board considered, also, a number of proposed repair and replacement items.

A report was heard to the effect that there are immediate plans for beginning intensive work on the construction of the Sykesville building. Some time was given to the consideration of problems connected with the housing of 9th grade pupils from the Charles Carroll School; this matter being left to the discretion of the superintendent and staff, with the probability that the 9th grade will have to be accommodated in the Westminster school due to space limitations at Charles Carroll.

Approval was given for the employment of Henry Main as janitor at the Sandymount School.

Brief reports were heard in connection with students tests recently administered in the County, showing the achievement of the Carroll County pupils in the second, third, fourth, fifth, and sixth grades to be beyond the national norms. The superintendent was directed to give publicity to the test results in a special article to local newspapers.

The Board adjourned at 3:00 p. m., after which members of the Board inspected the building project at the Westminster Jr. High School.

It is estimated that at least one million U.S. Government employees stamp papers "secret."

If you can't look on the bright side of trouble, keep it in the dark.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

The days are getting so much longer and lighter and now we know that nice days will soon be here! The "Pussy Willow" has been brought indoors and there is fascination as one touches the blooms.

Hop you did not miss "The Late Show" on T. V. to see that all-time favorite of a few years ago, Nelson Eddy and Jeanette MacDonald in "Maytime!" No other actor today can compare with him in those days as to looks, personality, voice, culture, acting. There were many tears which were uncontrollable as the play continued on!

Betcha, that young dancer who is just about the most original in those fancy steps on the Ted Mack Show will be going places in the very near future. Watch that one and see! His name? Frank Cassano.

You surely realize by now, folks, how wonderful people are which was all in evidence during the recent blizzard. Such help came to me which is beyond describing. The sheriff down in Bel Air phoning to me asking me if I had sufficient food and if not he was going to send one of those helicopters. The oil was just about out and that was brought by soldiers from my oil man on one of those caterpillars. The neighbors were crossing the wide open fields in their "Alaskan Suits" to aid me in anything I desired! Really, folks, no one gets lonely in the country where everyone cares!

And this one was a surprise, too. Getting into a taxi one day in the big city, the driver offered me hot coffee which he carries around for his "fares" during the bitter days! People are wonderful!

Well, ladies, believe it not, some of the stores are really selling those awful "Chemise" dresses but only to the slim, slim gal!

The pointy shoe for Madame will be here for a long, long time as they do, of course, give glamour to the foot regardless of material for day or evening wear. They are comfortable even then, but you must get a little larger size so as the toes are not cramped. That's the secret.

It appears those "Peach" basket hats of yesteryear are slowly creeping in—the type which eventually covers the eyes and as I heard one gentleman say one day as he leaned down and under, "Come on out from under there, I know you!" And—wows—skirts are going up and up!

And this for the young or elderly couple who are engaged. Did you see those handsome Zircos down at Hochchild's? Even experts cannot tell by looking until after a very careful examination, whether they are the real thing! I stood there at that very counter to observe for this column and such "ritzy" buying those fabulous gems in fact in preference by just taking a look!

Whew, what gorgeous orchids, still at the corner of Charles and Lexington! And as to that small price, just 75 cents and you may have your pick as to color!

Now, here is one which will bring you a laugh! Your Observer was hurrying to see the show, "Wild Is The Wind" at the New Theatre on Lexington Street yesterday to view it for this column and rather than be late for the very beginning, I ran across the street to get a sandwich to eat in the theatre. It was truly a real Italian picture with Anna Magnani, Anthony Quinn and Anthony Franciosa. The acting was superb and at times the scenery lovely. The story is one of life but one which we do not like to digest. Every wife should take her husband to see this picture as he will learn much! I will leave the rest to you but all ends happily ever after.

Last night met a young and beautiful English War Bride of four years who told me (and that before the young and fine husband) "American men are the best men in the world as to husbands!" Nice?

And here is a letter from a reader. Read it and weep!

Dear Observer, I never miss your column but have hesitated before in writing so many times to ask your help. I have been married a number of years and my husband has a terrific temper, throwing objects at me and he has beaten me terribly a number of times. I hesitate leaving him as he is well known on the outside as a model man and holds a prominent position. Please, please advise me what to do. Thank you for an early reply! Signed, Lady (and her name)

Reply, "Dear Lady, First of all, you need another good whipping for remaining with a coward for that is all a man is who would strike any woman. That type of man would never strike another man! I heard a judge long ago state to a wife that the first whipping is the husband's fault and the second is the wife's, which meant, as you already know, that no wife should remain after the first whipping. Don't have any fear, just walk out and go to a good lawyer. God be with you! You have my sincere sympathy. I hope you will write me later."

See you next week, D. V., folks. Have a grand week end and be loving and kind! Go to church, any denomination. The more often you attend, the more you desire to attend!

Faithfully,
YOUR OBSERVER.

THURSDAY, MARCH 13, 1958

BIG BROTHERS TO THE NATION

Saturday, March 15th will be a big day at the Legion clubhouse—and over the length and breadth of the nation.

In 17,200 Posts in territorial US, Alaska, Hawaii, Puerto Rico, the Philippines, the Panama Canal Zone, in Paris, Berlin, Tokio and other foreign cities, some three million Americans will "associate themselves together" to commemorate the 39th birthday of the American Legion.

Here, bankers and brokers and bricklayers, doctors and truckdrivers, salesmen and scientists, farmers and factory workers and merchants, pants pressers and painters and pilots, preachers and plumbers—as much of a cross-section as the Minute Men, or their descendants who stood fast at the Marne, who turned back the Bulge or faced up to the heartbreak of Korea—will join hands in the common cause of Americanism.

These anniversary convocations are significant today, not for their conviviality and yarning, or the do-you-remember, but because in such communion, Legionnaires must rededicate themselves to the same high purpose for which they have fought in three wars. In today's "cold" war—net yet a war of bombing and blood and bayonets that can be fought by troops and planes and missiles—the Legionnaires must provide the hard core and the moral leadership for action on many fronts. Unified by the bond of Americanism and tempered in the discipline of military service, here is the strongest single force-in-being to protect the nation against apathy and indifference, the deceits of subversion and enemy propaganda, the political temptations of public extravagance and the siren song of globalism.

The Legion, at 39, has retained the fire of youth, but added to it the judgment and experience of maturity. Over nearly four decades its services to the community and to the youth of the nation as well as to its veterans have made it a good and faithful neighbor to all America. But, above all, it has provided an unfailing beacon in an age of confusions, distractions and uncertainties to light the path of Freedom.—U. S. Press Association.

QUALIFIED WITNESSES

From the US embassies in Madrid and Rome have come pleas to all Americans of all faiths, of all churches, and no-church, to honor and to aid the Catholic Bishops' Relief Fund collection on Laetare Sunday, March 16. In tape-recorded messages to Diocesan Directors of the Fund, Ambassador John Davis Lodge and Ambassador J. D. Zellerbach paid warm tribute out of first-hand experience to the vital, down-to-earth assistance made possible by the Fund—which finances the worldwide operations of Catholic Relief Services, NCWC.

Ambassador John Davis Lodge described the program conducted in Spain in cooperation with the US Department of Agriculture as "one of the most successful people-to-people efforts being carried on anywhere in the world." Through this activity, he said, "two-and-a-half million children receive vitally necessary supplements of milk and cheese to their inadequate diet," and that "an additional one-and-a-half million needy families and individuals participate in the regular distribution of American surplus foods."

"I think this program gets us more friends than any other thing that the US is doing in Spain," declared Ambassador Lodge, "because this program comes from the great, generous heart of the American people, and I think that the way the National Catholic Welfare Conference and the Cath-

olic Relief Services have carried this program on has shown great imagination and understanding, and has been of enormous help to the US in its relations with Spain."

"We who are stationed overseas," said Ambassador Zellerbach in Rome, "are impressed at first hand by the good that Catholic Relief Services accomplishes in relieving misery, increasing human happiness and creating friendship for our country." In its work in Italy, he said, CRS is "extending a helping hand to millions of men, women and children." Mr. Zellerbach spoke particularly of seeing children from slums and city streets playing among the pine trees at a summer camp, and reported that such vacations were given more than a million poor children last year.

"Toward the solution of Italy's problems," said the Ambassador, "her people are working with determination and with increasing hope. Through the Bishops' Relief Fund Campaign, Americans can hold out to them a helping hand of friendship."

And those who give to the Fund should know that they are helping not merely to feed, clothe and mend the bodies of fellow humans—but to nourish the spirit and to fuel the flickering flame of hope.—U. S. Press Association.

PLANS FOR NATIONAL LIBRARY WEEK

James H. Fair, of the Taneytown Jr. Chamber of Commerce, has been appointed chairman, and Mrs. Helen Gorman co-chairman of the Carroll County Library Week committee. This committee has been planning programs and special events throughout the county in observance of National Library Week, which will be celebrated March 16 through 22. Mrs. Edith Willhite, Detour, is also a member of this committee.

Library Week will be celebrated in many ways throughout the nation. The slogan for the week is "Wake Up and Read". There will be special radio and television programs to point up the necessity of reading if America is to maintain intellectual and moral leadership in its own and world affairs. Local organizations should contact the Davis Library to find out how they can help contribute to the local observance.

Two films may be booked at the Davis Library for programs during the week or through April 15. One is "BOOKS FOR ALL", a film which shows how libraries serve the varied needs of all the people they serve. The other is "THE IMPRESSIONABLE YEARS" which shows how children of all ages use books for information and fun. All organizations should plan to use these, but if it is impossible to have a book centered program during the week, plan one for a later date.

Mr. Fair and Mrs. Helen Shroyer, Librarian at the Davis Library, Westminster, have announced that Joseph W. Hendren and Richard B. Hovey of the English Department of Western Maryland College will speak at special events during Library Week. Mr. Hendren will speak on "The Ballad in American Literature" on Tuesday evening, March 18th at eight o'clock at a program sponsored and arranged by the Carroll County Branch of the American Association

of University Women at the library in Westminster. "We are very glad to be able to present Mr. Hendren in this talk on the ballad which combines his special field of American Literature and his hobby, the ballad," said Mr. Edwin Shauck, chairman of the Literature and Art Committee of AAUW.

Mr. Hovey will speak on the poet Robert Frost at a coffee hour at the Davis Library on Thursday morning, March 20, at 10 o'clock. Mr. Hovey has just completed a book on John Jay Chapman, the literary critic. The Westminster Woman's Club will serve coffee at 10 and the program will start promptly at 10:30. The public is cordially invited to both of these meetings.

National Library Week will also be observed in two programs for special groups. Roland Kircher, Assistant Librarian at the Wesley Theological Seminary will speak to the ministers of the county at a coffee hour at the Davis Library on Tuesday, March 18th at 10 o'clock. Miss Elfriede Trofer will speak to the Senior High School at 9 o'clock on Monday, March 17. The Westminster Junior Woman's Club will serve coffee at the Tuesday coffee hour for the ministers.

NATIONAL LIBRARY WEEK

The first National Library Week will be March 16-22, 1958. The theme will be "Wake Up and Read". Reading will be promoted on nation-wide scale to expand reading in America to all age levels and income groups. Your County librarian at Westminster could get some good material if your 4-H or Homemakers or church groups want to plan a week of reading. Perhaps a series of book reports in Christian Endeavor meetings could be the reason for everyone reading a book between 16-22 of March. She could give you book lists to make choices. Of course you would do a good service if you had some group visits to the library. Many people never go to one. Your book mobile could come to Keysville or Detour that week if there is one.

CURRENT EVENTS FIFTY YEARS AGO

Mr. Charles Witherow, electrical engineer, who has been here on a visit for several weeks to his parents, Mr. and Mrs. W. W. Witherow, returned to New York on Wednesday. At the annual meeting of the stockholders of the Birnie Trust Company, held on Monday, the present Board of Directors was re-elected, nearly every share of stock being represented. A semi-annual dividend of six per-cent was declared on the stock.

The posts and porch around the old stone hotel, which have been more or less a nuisance for many years, were removed by proprietor Bankard, this week, in carrying out his plans for remodeling the building.

At the last meeting of the Directors of the Taneytown Savings Bank, James C. Galt, was re-elected president; John S. Bower, vice-president; and Calvin T. Fringer, secretary. Walter A. Bower, who has been a clerk in the bank for about two years, was elected cashier or treasurer.

J. T. Koontz is raising to two stories the portion of his building used as an ice cream parlor, in order to gain room for the storage of merchandise.

Frizzellburg.—Spring is here, at least the roads indicate it. From their appearance just now, road legislation is needed. The people ought to have better roads for the money spent if it was rightly applied. There are too many office holders riding the tax-payers. Abolish the unnecessary offices, weed out the politicians and give the supervision and money to reliable farmers for distribution. Why could not the taxes be collected at the county seat for the entire county, and do away with the district collectors?—A very interesting event occurred last Thursday night at the home of Jesse Warner and wife, when they tendered their neighbors with a flinch party. Those present were Jesse Warner, wife and two children, Grace and Estella; Harry Babylon and wife; Burnside Hively, wife and Master Sterling; Truman Babylon and wife and Alfred Babylon.

Uniontown.—Flittings are beginning in our town, George Selby has moved from Harry Weaver's house to the house owned by Lee Erb.—The annual election of directors and officers of the Savings Bank of Uniontown, took place last Saturday; the old board of directors and officers were re-elected. At the close of the election, a banquet was held at Frank Eckard's.

Just For FUN

by ROBERT C. PREBLE, President
Encyclopaedia Britannica

This drink occasioned five riots in the American colonies in 1773 . . . stimulated the building of clipper ships . . . accompanied the growth of the British and the Russian empires . . . and is taken in Tibet with dumplings as a soup. (Answer, printed upside down, has as many letters as there are squares.)

Though the Boston Tea Party was the most celebrated one, there were actually five such "parties" in the American colonies protesting "taxation without representation." Tea is, of course, the answer.

- Q. What is the name of this out of meat?
- A. Boneless Lamb Sirloin Roast.
- Q. Where does it come from and how is it identified?
- A. It comes from the sirloin section of the carcass. This section is completely boned and then shaped into a small compact roll weighing approximately 2 to 3 1/2 pounds. The roast is sewed together with twine.
- Q. How is it prepared?
- A. It is roasted in a slow oven (300° F.) allowing approximately 40 to 45 minutes per pound.

Don't Let Lice and Mites STEAL POULTRY PROFITS

Dr. ASK YOUR
SALSBU
DEALER
ABOUT
PEST SPRAY

External parasites boost feed costs and death loss among young birds in replacement flocks. Lice disturb chicks' rest, pre-dispose them to profit-stealing diseases and complications. Mites rob birds of blood. Yet both are easy to control—with Dr. Salsbury's PEST SPRAY. It's low in cost and pleasant to use—not messy or strong-smelling. Won't stain or corrode. Kills quickly, also has lasting residual effect to kill bugs that alight on or crawl across sprayed roosts, walls and nests.

EASY TO USE

It can be sprayed directly on birds on the roost at night. Or, clean up the empty house and equipment, then spray. For scaly leg mites, dip legs of infested birds in PEST SPRAY.

The parish choir will sing, director, Mrs. Blaine Broadwater, organist; Mrs. Gerald Lightner, March Elf by Anne M. Halladay.

Hold on to your hats! Hold on to yourself!

The March wind is here; He's a merry old elf.

He'll grab at your coat tails, He'll give you a whirl,

He does not care whether you're a

boy or girl.
He'll jostle and push you along on the street,
He'll blow dancing leaves in a swirl at your feet.
"Mind your manners!" he'll whistle, this jolly old elf.
"And take off your hats or I'll do it myself!"

I have snowdrops and crocuses blooming in the yard. My neighbor reports having hyacinths in bloom. So spring, beautiful spring is almost here.

Word was received by Mrs. James Coshun in Detour on Tuesday of the death of her cousin Ira Funk, Lancaster. Ira with Mrs. Funk and their children used to visit with the Edw. Clabaughs, the Ross Wilhides and the Maurice Wilhides. I understand Ira's mother was a Wilhide before her marriage to Mr. Funk.

Former residents of this area, Mr. and Mrs. Edward Meadows of Emmitsburg, are receiving congratulations on the birth of a daughter on Feb. 15. The Meadows have three other children, Joyce, Eddie and Wanda.

Word has been received by the chairman of the joint council of the Union Bridge Parish, Carroll Wilhide, that Dr. J. Frank Fife, president of the Maryland Synod, would administer the Holy Communion at Rocky Ridge at 9:30 and at Keysville at 10:45 on Palm Sunday, March 30. Rev. J. Leon Haines, director of Missions, Stewardship, and Evangelism will be free to administer the Holy Communion at St. James, Union Bridge, on Easter morning at 10:30.

Tuesday, March 11, still finds some snow along the Keysville-Detour road.

Mrs. Vernia DeBerry has given the altar linens to the Keysville Lutheran church.

The Christian Service Committee of the United Lutheran Church Women of Keysville have taken charge of preparing the communion set. Mrs. Gilbert Stine is chairman of this committee.

Mrs. Charles Cluts has written many letters to this neighborhood during her and Mr. Cluts stay at Tucson, Arizona. I understand they are enjoying their stay there. We will all be glad to see them in their pew at Keysville Lutheran. Mrs. Cluts has attended ULCW meetings in

Tucson.

Mrs. John Bowman, sons John, Thomas and Clarence Mr. and Mrs. Gilbert Horscamp, Lee, Sissy and David, all of Wheaton, Md., were recent Sunday dinner guests of Mrs. Bowman's daughter, Mrs. Maynard Ausherman and family of Forest and Stream Club Road, near Detour.

FFEESERSBURG (A Voice from Carroll)

The Federal government gets blamed so much for what it fails to do that for a change we would like to give it credit for something worthwhile that it has been doing. Few people know about it but directly and indirectly it effects all our lives in one way or another. We refer to the fact that most foreign diseases affecting our cattle and fowls are kept out of our country. This is no small accomplishment when one thinks of the fast means of travel these days. One of the big headaches is garbage from ships and meat from passenger's baggage. There are strict inspection rules for many things coming into the ports of our country. Among the items that come under the double scrutiny of inspectors are meat, cattle, swine, hides, hay, straw, bone meal, poultry and wool. Carelessness or lack of enforcement of these rules could wipe out large numbers of our livestock and fowls. There are certain animal diseases that can travel almost as fast as it takes a freight car to get from the east coast to the west and this remark is not intended as sarcasm against the railroads either. Fighting the entry of foreign diseases into our country goes on twenty-four hours a day, week in and week out, all around the year. Every time a ship docks at our ports and every time a plane lands on our soil special technicians from the U. S. Dept. of Agriculture are on hand to see that the American farmer and homemaker is safeguarded against foot and mouth disease, rinderpest and other contagious animal diseases. This department of our government earns every penny the taxpayer spends on it and the service it renders the country cannot be fully appreciated or measured with the dollar sign.

Members of the Maryland Legislature are having a difficult time making up their minds on how to raise the necessary money to meet the budget requirements. Taxes have reached the point now where it is hurting everyone. Taxation is understandable if the people get them in proportion to the amount of taxes collected but do they? Every year there is always talk of reorganizing the government so that it can operate more efficiently with less money, but it never gets past the talking stage. There is too much overlapping between the state and the counties. The present set up in the counties may have been necessary a hundred years ago but it is outmoded in this age. To name just two things that should be changed as a beginning: The county commissioners should be replaced with a county manager and the office of sheriff should be abolished altogether. Stream-lined county governments would lead to better management and less cost. We know it is as hard to get rid of a political office as it is to get rid of a parasitical relative but when the source of revenue or money dries up something must go. There is a limit to what the taxpayer can do and will do.

Many jokes have been told about people getting lost in the Pentagon but none that we know of concerning women that get lost in their own attics. But we were lost in our five days trying to figure out what to do with 20 years accumulation of things we saved for some future use. The trouble was we never found any use for them, but the day of reckoning came at last and our hoarding turned into a nightmare. A psychiatrist would probably say that our mania for saving everything was due to a hangover from the depression of '29 and he would be right. But even if we are in full view of another depression the things on our attic wouldn't help out much. For instance what good is stove pipe without the stove, wooden curtain rods, shoes without their soles and clothes so out of style that not even the Eskimos would wear them? Of course some things are now considered antiques. Old kerosene lamps and lanterns, tin plates and flat irons which when we first stored them on the attic were considered nuisances, now are considered treasures. Whatever they are called now there is one thing sure and certain—they have taken up space long enough and out into some one else's attic they are going come sale day. And we think we have learned our lesson. No more saving for a rainy day, because the rainy day comes and goes before we have sense enough to know it.

When a teen-ager helps with the house work it just means she is visiting a friend and not that she is anxious to be a future home-maker.

Last month when we opened our phone bill it was a bit of a shock to see the amount of increase. We knew of course that the public service commission had granted the Telephone Company an increase but didn't expect it to amount to that much per phone.

Temper if ungoverned, governs the whole man.

This bit of information may or may not be read with joy by the men but someone has come up with the prediction that in the near future women are going to demand that men once again assume their rightful role as head of the family. It seems that women are growing tired of giving orders and playing the dominant role in the family. They are tired of disciplining the children, of taking the dog for an airing and seeing that the family car is in running order. So men you may as well put aside your life of escape from being the boss and again sit at the head of the table, shout for law and order, tell junior he can only have the car once a week, demand that Miss Teenager gets in by midnight and keep a tight fist on the family purse. Many persons are of the opinion that the cause of so many young people getting off to a poor showing is that they do not respect their father. And the reason they don't have the proper attitude is because the fathers have either abdicated their position as head of the family or gracefully relinquished it to women so that they could have

more time to fish, play golf or the ponies or whatever men do with their time when not working. Women after having a fling at wearing the pants in the family find that it isn't what they thought it would be. Now they want to return to the old-fashioned set up when Dad was boss and held the family together with a firm but loving hand.

There is one thing to say in favor of modern living . . . horse stealing is no longer a problem.—Ruth Roelke.

FUNDS SOLICITED FOR WESTERN MARYLAND CRIPPLED CHILDREN AND ADULTS

Last week the annual solicitation for funds to be used by the Maryland Society for Crippled Children and Adults began in Carroll County, through the sale of Easter Seals. The proceeds of the Easter Seal Sale will continue the vital physical, occupational and speech therapy now being conducted at the Easter Seal Treatment Center, 1730 North Market St., Frederick, Md. This center serves Carroll, Frederick, and Washington Counties.

The Maryland Society for Crippled Children and Adults is directed by a State Board of Directors composed of dedicated merchants, doctors, lawyers, educators and business men and women, whose main objective is to provide facilities and services for the rehabilitation of crippled children and adults. The Maryland Society for Crippled Children and Adults is directed by Marylanders for Marylanders on a voluntary, non-profit basis.

In the event that you did NOT receive an Easter Seal letter of appeal and a sheet of seals, please send your contribution, large or small, to "Easter Seals, Care of Your Postmaster". Don't delay, do it today!

Radio Station WTR has scheduled a special program on behalf of Easter Seals to be broadcast at 11:45 a.

THE RESURRECTION OF THE BODY—TRUTH

About the resurrection of the body much is said; But one thing we know (it does not concern the dead); In a living body one must surely be To prepare to live through Eternity.

As the tree which stands in the storm clouds path Must train its roots to encounter its wrath; So, man must prepare in every way, To weather the storms of the "Thousand year Day".

The resurrection of the body shall not take place On a certain day, or, in a dead body of any race; For, God is a God of the Living, not a God of the dead— That Truth is backed by the Scripture, it is said.

The millions of bodies in our cemeteries to-day Are only the houses in which people used to stay; And, those who dwell in them, experts all say, Are now building bodies which shall not decay.

There are thousands of people on earth to-day Who claim they were here only yesterday; They have intimations of having lived before— That, too, is something we should not ignore!

Nature seeks perfection, (so does spiritual man); So, the evils of the past, the new races shall ban; Just so it shall be on the new earth of ours, With its cultural peoples, its trees and its flowers.

The Ragamuffin shall not always be a "bum", Though to-day God's face is not seen on some; They, too are God's children who have gone astray; But, they shall learn to know Him, some future day.

Such dissolute beings, they say, do not go to a hell There, forever, to sinners and dwell; God lets them sow "wild oats" so they all may see What fools earth can make of humanity.

Not one who has lived shall ever be lost, Regardless of what his salvation may cost; For, God has devised a marvelous plan; And, don't need a hell fire, to make a perfect man.

Reincarnation is the way, it is now said, By which God is raising all of the dead; For, in a perfect body we all must be, Since, in a body we shall spend Eternity.

A single lifespan too short would be For one to learn how to live in Eternity; In a land where a thousand years are as one day One must have a body which shall not decay.

To go there like many good people to-day Would be to enter an Eternal hell some say; For, a land of cripples it would turn out to be In which we would live through Eternity.

But, our God is too good to permit such a curse, So, He has planned to make it the reverse; Before we leave here, He shows us the way, Our bodies must be in the endless day.

Death is only a transition; it is not the end, Of your existence, you may depend; God has many things for you to do When your itinerary on Earth is through.

Man was not made to come here and die; The source of his being is in the sky; He only comes here certain lessons to learn So, when that is finished he shall return.

Death is not an enemy! It is a friend, Since to pain and worry it puts an end; And, to all who are ready, it opens the door To a world of enchantment, never known before.

Many of the Hebrews who left Egypt in Pharaoh's day In new bodies entered Canaan, the record say— A type of man's pilgrimage—(don't you see?) On his journey through Time to Eternity.

The "Promised Land" was only 300 miles away; But, it took them 40 years to reach it, men say; So it is with all mortals here below— Our journey to Paradise is also slow.

Perfection is man's goal; and, perfect he must be, (From mundane teachings he must flee!); Like Pilate he must wash his hands When forced to do what earth demands.

These lines the Spirit of Truth hath revealed to many, They tell of how God works—(not the way men plan!) So, since you are God's hands, it is through you That He is making all things new.

This earth is not yet like God wants it to be; And the same may be said of you and me; So, like the Rivers, you and I must come and go Till we make it a Paradise here below.

The Bible is a closed book, the savants all say, To the fellow who thinks as the ancients did in their day They all thought the earth was flat; So, they based all their arguments on that.

They thought that the Sun and Moon which shone Were only made for this planet alone; But, God made them heat and light to give To eight other planets that they too might live.

They all pictured God as they would do If they had a similar job to put through; But, we must be born again; there is no other way To prepare to live in the endless day.

The God of Israel is the Father of all Who make their home on this great round ball; And, it is because of Evolution that mortal man Is now beginning to learn of His plan.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH L. FOREMAN

Bible Material: Mark 5, 13-20; Luke 8:26-39; 10:1-2; Acts 5:42; I Thessalonians 1:6-10.

Devotional Reading: Colossians 1:24-26.

Going Church

Lesson for March 16, 1958

THE common expression, "a going church," can mean a number of different things. Sometimes it means no more than a church the doors of which are seen to be open once in a while, even if only every other Sunday. Sometimes it means a rapidly growing church, one with a big Sunday school and not enough room to park. Sometimes it means a church with progressive methods and unusual ideas, or a church that takes the lead in its denomination.

Dr. Foreman

"Go Home to Your Friends"

There is a better meaning of "going church" than any of these. It is an even better meaning than "generous." If the budget of a church runs up over \$100,000 annually, if the people there give to missions more money than any other congregation in the entire state, everybody who knows about it will call it a going church. But there is something better than that. A church really gets going when its members begin to do that simple thing which Jesus told the man to do who had been bedeviled so long: "Go home to your friends, and tell them how much the Lord has done for you." A going church is one whose members talk to other people in their homes and all around the community—talk to them about Christ.

Winning the Family

A going church again, is one where, as the book of Acts puts it, "teaching and preaching" Jesus is going on all the time. The Greek word for "preaching" here does not mean standing in a pulpit and talking in a loud voice. It means simply telling the story, letting people know. People were not invading one another's homes, of course. Each home became its own center of preaching and teaching.

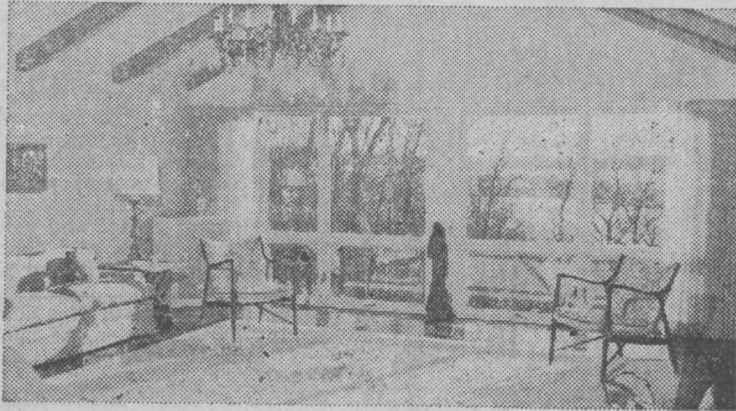

Whether a church practices infant baptism, or whether they use a dedication service, all churches agree, in theory, that parents ought to do whatever they can, through the years, to introduce their children to Christ. A going church is one that helps its young parents to do this. Some parents will tell you they don't want to influence their children, so they won't say a word about religion to them but wait and let the boys and girls think for themselves. That's a bit silly, isn't it? You teach your child what is proper food and how to eat it. You help them with their arithmetic, you talk to them about everything you know about. Why do you keep silence about the most important Person in the world? If a child never hears the name "Jesus" outside a church, he's likely to conclude that Jesus doesn't mean much to his parents . . . and he may never become a Christian at all.

Person by Person

A going church furthermore is not only telling what Jesus has done "person to person" but also person by person. Paul has been called the greatest press agent who ever lived. By this it is meant that he was the most enthusiastic single "salesman" the Christian faith has ever known. Paul could talk with large crowds, and often did. But when he stayed in a city for any length of time, we know he took time for individuals. "You will remember," he says to the Thessalonians, "how we dealt with each one of you personally, like a father with his own children." (I Thess. 2:11, Phillips translation.) A going church may have evangelistic meetings, and evangelistic sermons. But if it takes Saint Paul for a guide, no church will imagine that this is all there is to evangelism. Distributing the same tract to everybody within range of the church is still not the thing. For people are different. "Like a father with his own children," Paul said. A father knows that no two of his children are alike, and what will work with one won't work with another. The Gospel is always the same; but the ways of telling the Gospel story so as to persuade people by it, are as varied as the personalities of men.

Living 'Mural' Graces Room

Not even the finest wall mural money can buy adds as much beauty to a room as the ever changing panorama of nature coming through a "picture wall" of windows, such as the one used so effectively in this home. The windows of ponderosa pine are combination units consisting of fixed sash in the upper portion, and hopper windows, which open for ventilation, in the lower portion. To achieve a feeling of greater space in the room, the windows were painted to match walls and ceiling. An interesting decorative note in the room is the effective blending of traditional pieces, such as the chandelier and table lamp, into the otherwise modern decor.

EASY WAY TO MAKE MONEY

Check your insurance with C. L. Gartrell.

Recently I was called to Frederick County to insure a farm, on \$62,800.00 of coverage this man saved \$188.30 per year, so we were both happy.

He told me of another, even larger farm operation, who had the same type of insurance. Talking with this farmer, he told me he knew I could save him a lot of money and he would rather buy from me, but his Banker tended to his insurance and he was afraid to make a change, so he was not happy and I was almost mad.

Personally, I would rather a guy hit me over the head with a club and take whatever he can, than to have him take advantage of a situation and have to pay him for 20 years or more, which would amount to \$3,766.00 on the above basis.

Both of these farmers are good, hard working, young men, they naturally need borrowed capital to work on. Which one would you rather be?
