Commercial Students Receive Awards  
Pins and certificates were presented by Mrs. Catherine Myers to the commercial awards winners at the conclusion of an assembly on Thursday, March 13. Doris Bollinger, Shirley Kooztz, and Mary Louise Stoner received the complete trophy certificate. Certificates were presented to Shirley Kooztz for taking dictation at sixty words a minute for five minutes and to Doris Bollinger for taking dictation at sixty words a minute for three minutes.

Certificates for ten minute timed writings were won by Mary Louise Stoner and Shirley Kooztz, forty words per minute; Margaret Angleberger, forty-one words; Jane Null, forty-five words; Anna Little, thirty-seven words; Evelyn Bollinger, forty-eight words; Shirley Kooztz, forty-seven words; Shirley Kooztz, fifty words; Doris Bollinger, fifty-two words; and Mary Surley, fifty-three words. Doris Bollinger, Shirley Kooztz, and Mary Surley also received pins for their timed writings.

Elaine Harner received the DAR good citizen pin at a meeting of the William Winchester Chapter Daughters of American Revolution on Friday, March 14, at the Historical Society Home in Westminster. She was accompanied by her parents, Mr. and Mrs. Walter Harner. Prior to the meeting Elaine, Doris Bollinger, Marion Mischea, and Frances Groshon had been named to fill out questionnaires on democracy and government, and Elaine's paper was selected to be Taneytown's entry in the annual DAR citizenship contest.

Scholarship Test to be given to Juniors  
National Merit Scholarship Qualification Test will be administered to the juniors on April 29, 1958. Heretofore, the test was given in the senior year but because of new and important guidance and educational planning features, the new date was set.

While it will still serve primarily as a preliminary screening instrument to select thousands of scholarship winners, the new values are such that many students will want to take the test for purposes of educational or vocational planning, even though they do not expect to win a scholarship. All students will receive a report of their scores. These test results will enable students to understand their present academic strengths and weaknesses, will give them facts with which to plan their senior year, will help them decide about going to college, and will enable them to select college courses of study in which they are most likely to succeed.

The Taneytown High School mixed chorus will sing at the annual program planned by the Brotherhood of Trinity Lutheran Church on Sunday, March 16, at 8 p. m., in the sponsoring church.

The first marking period of the second semester will end on March 31. Report cards will be distributed on Tuesday, April 8.

The third polo shot will be given to high school pupils on Tuesday, March 25, at 9 a. m.

An Allen Drake Record Hop will be sponsored by the band and orchestra Saturday, March 22, from 8 to 11 p. m.

Representatives of all branches of the Armed Forces spoke to the seniors Monday, March 17, concerning opportunities in military service. Meeting with the boys were Sfc. Max Gifford and M/Sgt. Harold King from the Army; Chief W. T. Schneider from the Navy; and Sgt. J. E. Allen, U.S. Marine Corp; and with the girls T. Sgt. Mary Sabourin, U. S. Marine Corps.

## MEETING OF HISTORICAL SOCIETY

Much interest is being shown in the meeting of the Historical Society of Carroll County to be held on Thursday, March 27, 8 p. m., at the home of the Society 206 East Main St., Westminster.

The program will feature the Mills of Carroll county, past and present. The Society requests all persons interested in compiling a history of the county mills to bring or send to this meeting photographs, data, stories and other material. This early industry and these landmarks of the past century are fast disappearing. The Historical Society is working to compile records for our files and to add an interesting chapter to the history of Carroll county. The hostesses for the evening will be Mr. and Mrs. Nathan W. Gillette, Mrs. Earl Hollinger, Mrs. William Lahner, Mrs. Martha Shaw and Mrs. Lewis K. Woodward.

## NATIONAL LIBRARY WEEK BEING OBSERVED

### Events Planned for Carroll County

National Library Week is being celebrated all across America this week with programs, displays, and special events to dramatize the role of all libraries as an important educational resource, and to focus the attention of the public on the rewards of reading. The theme or slogan for the week is "Wake up and Read."

Events planned in Carroll County have included a coffee hour for county ministers, Tuesday, March 18th, and talks by Joseph Hendren and Richard Hovey on Tuesday evening and Thursday morning, March 20th. Programs, assemblies, and special emphasis on reading have been given in the public schools, and book-centered programs featured in many local organizational meetings. James H. Fair, Taneytown acted as County chairman for the week, with Mrs. Helen Gorman, as Co-chairman.

Here in Taneytown two special displays have been arranged by Mrs. Gorman along with several posters and other promotional materials which have been distributed. The exhibits are in the Taneytown Mutual Fire Ins. Co. office window and the vacant store-room window next to C. G. Bowers' Grocery.

### Author to be Honored

Betty Lussier author of AMID MY ALIEN CORN will be honored by the Davis Library and the Westminster Woman's Club at a coffee hour at the library Tuesday morning March 18th at 10 o'clock. "This is a kind of post-script or dividend for Library Week," said Mrs. Helen Rex Shroyer, librarian of the Davis Library.

The book, Amid My Alien Corn was released March 19th. It is an account of the author's experience raising the first hybrid corn to be harvested in Spanish Morocco. The author learned her farming in Maryland and Carroll County. She met her husband in Tunisia during the war. She now lives in Madrid Spain, has four sons and makes frequent trips to the United States and Carroll County, where her parents, Mr. and Mrs. E. J. Lussier, Baltimore Blvd live. Her children spend some of their vacations here and have attended local schools briefly.

The coffee hour at the Davis Library will be informal—a come and go affair—and it is hoped that many Carroll County people will drop in to meet Mrs. Lussier, who uses her maiden name Betty Lussier when she writes.

## RESOLUTION OF THE COUNTY COMMISSIONERS OF CARROLL COUNTY ESTABLISHING A COUNTY PUBLIC LIBRARY

WHEREAS, the County Commissioners of Carroll County, having been convinced that there was need for the establishment of a public library system in Carroll County, to provide library service to all the citizens of the County did make an appropriation out of cigarette and tobacco tax revenue in its 1958 budget in order to make the county eligible to receive State and Federal funds for library purposes, as provided by law; and

WHEREAS, the Trustees of Davis Library, Inc., by written contract executed on March 14, 1958, did make available to the County Commissioners and to the Board of Library Trustees hereafter to be appointed by the Governor, all the building, equipment, books and the income from the endowment that had been given and set up by the late Walter H. Davis and Mrs. Davis, for unrestricted use and enjoyment in connection with the operation of a county-wide public library system; and

WHEREAS, the Governor of Maryland has been requested to appoint a Board of Library Trustees composed of seven members, with the general powers and duties as prescribed by law, for the maintenance and operation of a county public library;

BE IT THEREFORE RESOLVED, this 17th day of March 1958, that a county public library be, and it is hereby, established for the purpose of providing library services to all the citizens and residents of Carroll County; and

BE IT FURTHER RESOLVED, that the County's share of the cost of maintaining and operating said public library system be paid out of the revenues yielded by the cigarette and tobacco products tax collected by the Treasurer of Carroll County; and

BE IT FURTHER RESOLVED, that the operation of said county-wide library service shall commence immediately after the appointment of said Board of Library Trustees.

DATED at Westminster, Carroll County, Maryland, this 17th day of March, 1958.

JOHN D. YOUNG,  
EDMUND L. CARR,  
JAMES E. SHILLING,  
County Commissioners of Carroll County.

## SPRING MAGIC

"In the Spring a young man's fancy  
Lightly turns to thoughts of love"  
Through a sort of necromancy  
Doth he see a turtle dove  
In the plainest little pigeon  
Who doth make soft eyes at him,  
If of looks she has a smidgin  
She can make his poor head swim,  
And he'll take leave of his reason—  
For 'tis Spring, the magic season!  
—Carl Helm.

## TANEYTOWN EXPLORERS

### Scouts are Getting "Steamed Up" For Spring

March highlights for Explorer Scouts of Troop 348, Taneytown, have centered around the service phase of their fourfold program, opening with Crew leader Jack Bowers. Senior patrol leader Grant Harman and assistant advisor Wilbur Thomas helping at the Boy Scout paper drive.

As a community teen-age contribution the opera house dances promoted by Explorer advisor Robert L. Bowers and Crew leader George Abrecht have performed a useful service each Friday since November and are now discontinued until fall, having built up a steadily increasing following for future summings.

Last week-end a good start on closing in a bunkroom at the Natural Dam Cabin was made by Assistant Advisor Larry D. Eckard Jack Bowers and Thomas, while their advisor and George transformed the present room by a good cleaning and laid in a monstrous bunch of solid firewood. "Rabbi" Bowers and Thomas, incidentally had one previous Saturday cut a supply for the meeting hall closet in town to see both Explorers and Boy Scouts through the winter's tail-end. By the time Robert Fitz and Harold Slaybaugh arrived for the entrance (steamed shrimp) prepared at the Eckard establishment, the three Coleman lanterns caused a flurry of excitement that the place must already have been wired for electricity.

Assistant Advisors William B. Abrecht, Jr. and Larry L. Barnhart as well as Eck and George, had repaired the previous week a couple of Scout hay benches left in poor condition by the younger group, but an excellent theme on Soil Conservation by Robert Bowers at last Monday's meeting, attended by recruit Donald Reaver, was especially enlightening to George Abrecht, no farmer. The agricultural education in the advisor's presentation was appealing and instructive to the entire unit, Larry Hively being the only absentee, and everybody added his bit to the study.

Further work on the bunkroom is planned by Explorers for March 29, and at some future time a contemplated new chimney will make winter use of Natural Dam more feasible for the Boy Scout small fry as well, since they cannot brave the elements on such an outing as the Appalachian trail trip of '56 until warmer weather sets in (in fact, they hope to repeat the Tumbling Run lean-to experience with an early May encampment in this famous Maine-to-Georgia hike route).

### FIRST CALL FOR LITTLE LEAGUERS FRIDAY MAR. 21

Boys 8 to 12 years of age from Taneytown and vicinity who want to play Little League baseball this summer are asked to register with the managers of the two Lions Club teams at 7:30 Friday evening, March 21, in the Taneytown Firemen's Hall. Besides last season's leaders Myron R. Tracey and Harold M. Anders, there will be Crawford Banks, Jr., Robert L. Bowers, Irvin L. Crouse, Larry D. Eckard, and Meredith Gross to take charge of the horde of more than 50 small fry who are expected to report for the first spring practice in April.

The suits of last year's players must be brought back to this registration meeting so that they may be properly reissued when the two squads are selected for the Taneytown Cards and Taneytown Cubs, as the teams are known.

Parents' permission slips may be secured Friday and filled out on the spot. These may also be turned in later to Myron R. Tracey at his home, 140 East Baltimore Street, or to one of the coaches above mentioned.

Donald F. Stitley, Union Bridge, was elected president of the Frederick-Carroll Little League at its first 1958 meeting March 18 in the VFW Hall at Union Bridge. Charles D. Ecker, New Windsor, was chosen vice-president, while Thurston E. Putman, Taneytown was re-elected secretary-treasurer.

## TANEYTOWN VOL. FIRE DEPT. WEEKLY REPORT

Friday at 12:15 p. m. Two pumpers from Taneytown and one from Harney responded to a building fire in Harney, Md. The building was too far gone for firemen to save it, they put their efforts on saving the other buildings beside it. The building which belonged to Mr. Russell Wantz was completely destroyed and over two dozen chickens perished in the blaze also. Two booster lines were used to fight the fire. Firemen remained on the scene for 45 minutes.

Ambulance transports:  
Tuesday at 8 p. m. Mrs. Peter Spielman was transported to Johns Hopkins Hospital and returned to her home.

Monday at 3:45 p. m. Mr. Newton Hahn was transported to Gettysburg Hospital.

## JAYCEES WILL HOLD MEETING MARCH 24

A general membership meeting of the Junior Chamber of Commerce will be held March 24, 1958 at 7:30 p. m., at the American Legion Home. There will be Orientation of new members by David Shay, of Baltimore. Also present will be Md. State Jr. Chamber of Commerce President, Jay, Fitz, Gerald, and Vice-President, Robert McColley.

Attention all Board of Directors of the Jaycees: There will be a board meeting preceding the General membership meeting, promptly at 7 p. m.

## SCHOOLS WILL RECEIVE RECORDING

### The Star Spangled Banner Disc to be Presented

Mr. Samuel M. Jenness, Superintendent of Schools of Carroll County, wishes to announce that every school in this county will receive a new high-fidelity recording of our National Anthem next week from The American Heritage Foundation.

The foundation's new recording of the Star-Spangled Banner will fill a serious vacuum. Although high-fidelity was introduced in 1947, this is the first high-fidelity rendition of the Star-Spangled Banner to appear on a single disc.

In a recent letter offering the records to school superintendents, John C. Cornelius, foundation president, stated: "It is hoped that the foundation's new high-fidelity recording will instill in the 41,000,000 young Americans attending our schools and colleges a deeper appreciation of our National Anthem, and a greater understanding of the rights and responsibilities of our treasured American heritage."

The records arrived yesterday at the superintendent's office and will be distributed within the next few days to each school. They have been provided free as a special public service by the nonpartisan, nonprofit American Heritage Foundation. Produced by Victor Record Division, the foundation's new recording of the Star-Spangled Banner features the music of the world-famous Boston Symphony Orchestra Charles Munch conducting, and the Chicago Symphony Orchestra, Fritz Reiner conducting.

## LENTEN CANTATA IN TRINITY CHURCH

At 10 o'clock Sunday morning, on March 23, the Senior Choir of Trinity Evangelical Lutheran Church, Taneytown, will present J. H. Maunder's very impressive Lenten Cantata, "Olivet To Calvary." The cantata will follow the brief opening service in charge of the Rev. Stanley B. Jennings, pastor of the church.

"Olivet To Calvary" recalls simply and reverently the scenes marking the last days of the Saviour's life on earth. The first part contains the re-joining of the multitude with hosannas and palms, the view of Jerusalem from the heights of Mt. Olivet, the lament over the beautiful city, the scene in the Temple, and the lonely walk back over the Mount at night. The chief features of the second part consist of the Supper of the Passover, at which Jesus washes His disciples' feet, and gives to His friends the new commandment of love for one another as the sign of true discipleship. From this the scene passes to the infinite pathos of the Garden of Gethsemane, the sudden appearance of the hostile crown, Jesus forsaken by His disciples, His utter loneliness among ruthless foes, the tumult before Pilate in the Judgment Hall, the Passage of the Cross, and the tragedy and triumph of Calvary.

The cantata is under the direction of Mrs. Wallace Yingling, director of Trinity's choir. Miss Hazel Hess, Trinity's organist, will be at the organ. The personnel of the choir will consist of: Mrs. Albert Wilhide, Miss Elenora Kiser, Miss Pearl Bollinger, Miss Barbara Clingan, Miss Jane Gilds, Mrs. Naomi Dodder, Mrs. Robert Clingan, Mrs. Gilbert Stine, Miss Evelyn Bollinger, Miss Mary Wilhide, Miss Doris Bollinger, Miss Rebecca Naill, Miss Vesta Null, Miss Lois Hahn, Miss Evelyn Wilhide, Mrs. John Skiles, Mrs. Herbert Bowers, Loy Hess, Wallace Reindollar, Elbert Crum, George Naylor, Herbert Bowers, David Reifsnider, John Skiles, John Reeve, Henry Reindollar, Robert Clingan, Daniel Naill, and Wilbert Hess.

## WITH OUR ARMED FORCES

CHARLESTON, S. C. (FHTNC)—Ronald D. Michaels, boatswain's mate seaman, USNR son of Mr. and Mrs. Herbert E. Michaels of 12 Whyte St., Union Bridge, Md., and husband of the former Miss Mary S. Hill, of Pensacola Fla., scheduled to return to Charleston, S. C., March 16, aboard the high speed transport USS Bowers after a two-week reserve training cruise in the Atlantic and Caribbean Sea.

During the cruise the reservists took part in training drills, gunnery exercises and practiced firefighting methods aboard ship.

While in the Caribbean they visited Montego Bay and Kingston, Jamaica.

## RED CROSS FUND DRIVE

"The 1958 Red Cross Fund Campaign in Carroll County is progressing at a satisfactory rate", according to Russell Morgan, Fund Drive Chairman.

"Many of the workers have completed their solicitations and are reporting excellent results. Those workers who for any reason have not completed their solicitations should be doing so within the next few days", adds the chairman.

Mr. Morgan states that a final report will be available after the first of April.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

The dry laundry has just been brought into the house and the smell is such a fresh, clean and homey one!

Now, that nice days are coming, we soon will forget all about the BLIZZARD of February 1958. Eh?

Be sure, Folks you start right now with "Lawn Care" as it will pay off big dividends.

Scotts Research plan is just about the best ever and they sell every thing to aid in a beautiful magic carpet lawn. It will be "greener" for you if you follow in detail. Send for their circular. O. M. Scott & Sons, Marysville, Ohio. The Reindollar Bros. Co., in Taneytown sells the products.

What impressed me most in the ad is the manner in which they write up the circular as though they were speaking about a beautiful Rose! They speak of "Meals for our Lawn"! It truly means "Lawn Care" all the way. There is a "Turf" builder, Soil Improver, 4-2d Scotts Seeds and Scotts Spreader. Nothing is quite as beautiful as a lovely lawn and the time to start is right now by immediately raking and sweeping the lawn.

And it all reminds me to tell you to "Keep Maryland Beautiful!"—don't be a "LITTERBURG"! If there is to be eating in the car take along a paper bag and place wrappings in it to take it back home to burn—never throw it out on any road.

I have heard many beautiful remarks by strangers coming to Maryland for the very first time and this is it, "Maryland is surely a beautiful State and I never will forget the drive through it!" Makes one feel proud!

What say you?

## MUSICAL PROGRAM SUNDAY EVENING

The annual community Spring Musical program will be held in Trinity Lutheran Church, Taneytown, this Sunday evening, March 23, at 7:30 p. m. The program will consist of numbers by guests choirs, choruses, and soloists, and should be one of the finest programs ever presented in Trinity.

The program will include numbers by the Taneytown High School chorus, St. Paul's Lutheran choir, Littlestown, Elias Lutheran choir, Emmitsburg; Taneytown United Church in Christ choir; Hampstead Male Quartette, and solos by Miss Ruth Stull, Frederick, and Richard Dudderar, New Windsor. The Prelude and offertory will feature Miss Sandra Shorb at the piano.

This service is sponsored by Trinity's United Lutheran Church Men and the public is cordially invited. The program committee consisted of Henry Reindollar, Jr., George Naylor, Jr. and Kenneth Shorb. A Fellowship hour will follow for all participants and their families with the committee in charge: Harry Dougherty, Chm. Everett Hess Glenn Reeve and Percy Putman.

## PYTHIAN SISTERS VISITED BY DISTRICT DEPUTY

District Deputy Sister Helen Blubaugh made her official visit to the local Pythian Sister Temple in Taneytown on Monday evening, March 10, at 7:30 p. m.

Deputy Blubaugh was accompanied by several members from Mountain City Temple of which she is also a member. The Deputy was very pleased with the wonderful work the local Temple is doing. In her speech to the Sisters, she asked special respect be shown the great Book, the Bible and she demonstrated how she thought it should be handled and she also showed how the flag should be displayed and cared for.

During the business meeting final plans were made for the bake sale on Saturday, March 15th.

The next meeting will be held on Monday evening, March 24 at 7:30 p. m.

## CHURCHMEN DINE

The annual Father and Son covered dish meal was held in the Taneytown E.U.B. church social hall Thursday evening March 13 by the Brotherhood of the church. About 65 persons were present.

Ralph Shipley, President of the host church Brotherhood acted as toastmaster.

Guests present were Rev. and Mrs. A. W. Garvin and representatives from the brotherhoods of the Presbyterian, Reformed and Lutheran churches of Taneytown.

A program was presented with the guest speaker Rev. Simpson B. Daugherty, York, the Pennsylvania Conference Superintendent delivering the message. The speaker's wife was also a guest.

Charles Smith, L. L. White and Donald Hettrung were the food committee members. The program committee members were Jack Scott and Chester Cartzenadner.

## ADJUSTMENT IN NEW TELEPHONE RATES AND FREE CALLING AREAS DEMANDED

A petition with 319 signatures protesting the very limited use of telephones in the Silver Run area was presented to the C. & P. Telephone Co., Westminster, March 12.

The petitioners insisted on a reply on or before March 24. Should the request for wider free calling service for the Fieldstone patrons be negative, a duplicate petition will be used to take the next necessary step.

## THE COMMUNITY LIFE RECORDED

In honor of National Newspaper Week, the Putnam County Courier of Carmel, New York, sponsored an essay contest among high school students. The assigned topic was "What My Hometown Newspaper Means to Me". A distinguished panel of judges chose the winner. She is Estelle Duhrels, of Carmel, and her essay was devoted to what the hometown paper means to an average, busy teenager.

Miss Duhrels listed many features of the paper that help her keep contact with the community—vital statistics, social and church notes, news of sports and entertainment, the coming and goings of people, and so on. Then at the end she said:

"The hometown newspaper is an essential part of the 'American Way of Life'. It stresses the importance of the everyday citizen in the modern world, and I am one of them!"

That is an interesting and accurate point of view. The hometown paper is a unique institution. Nothing duplicates it, nothing can take its place. It provides a running history of its community and of the people whose lives influence the community in one fashion or another. It is the backbone of community life and progress. —Industrial News Review.

## GRASS ROOTS OPINION

LEXINGTON, S. C., DISPATCH-NEWS: "In March of Dimes respiratory center all over the nation, youngsters and adults fight to breathe again to walk to lift an arm or move a finger. In hospitals, homes and clinics, the disabled still look to the March of Dimes to help them build new lives."

WALDEN, N.Y., CITIZEN HERALD: "Many early advocates of the St. Lawrence Seaway are now working toward fixing ridiculously low tolls or eliminating them all together. This would turn the Seaway into a taxpayer liability with all of us forced to foot the bill not only for its construction but for its operation as well. Before they do, it would be a good idea to remind our Congressmen of their original intention and demand they prevent the Seaway from becoming another millstone around the neck of the luckless taxpayer."

INTERNATIONAL F. A. L. L. S. MINN., DAILY JOURNAL: "Truth of the old adage, 'Great oaks from little acorns grow', is well illustrated in the rise of the atomic energy industry. Still in its infancy the industry has grown in 10 years to become an important element in the nation's job picture according to data supplied by the U. S. Department of Labor. The labor office estimates that there are now more than 150,000 jobs—ranging from mining to scientific research—in all phases of atomic energy activity."

NORWALK, CONN., HOUR: "The farm surplus, which has been a major domestic headache since the end of the second World War, has emerged as a useful instrument of foreign aid. Farm surplus cannot be used successfully in all countries, but it is as good as dollar grants in many lands, where food is scarce. The cost to the American taxpayer was reflected almost entirely in the year the surplus commodities were acquired. Disposal now involves only shipping charges. Thus the surpluses are taken off the domestic market and made to serve friends abroad with little additional cost to the taxpayer."

GRAND RAPIDS, MICHIGAN, TIMES: "During war time the railroads performed colossally in moving war material and personnel. Now the railroads are in dire stress, some of it through no fault or lack of theirs; some of it by unwise pres-

ures of labor groups that forced practices detrimental to continued success and progress for the 'roads'. But it will be a very sorry day if America lets the railways go by the board."

DOVER-FOXCROFT, ME., PISCATAQUIS OBSERVER: "Before World War II the telephone system in Greece was run by Siemens a privately organized and profit making German company that welcomed new customers and even paid a commission for them. After the war Siemens, as enemy property, was confiscated and the State Organization of Telecommunication for Greece was established. This transfer was immediately followed by a drop in general efficiency. In a short time the firm that, as a private company, had been making enough profit to pay good salaries and commissions went into the red. It again goes to prove that alert and carefully managed private enterprise is far superior to government controlled business."

AZTEC, NEW MEXICO, INDEPENDENT-REVIEW: "If the labor unions have their way it won't be long until we will be working for the unions and the government!"

PINE BLUFF, ARK., COMMERCIAL: "Buildings as well as people are subject to conversion it seems. A former beer hall in Pocahontas now serves as the sanctuary for the Shann Baptist Church. Soon the church will have a new auditorium, but it will continue to use the former beer hall as a part of its educational building."

WILMINGTON, N. C., MORNING STAR: "Dr. Charles H. Kline scientific director of a large New Jersey company, in a speech in New York, said that proper management is more important than money if research is to be effective. We think that his words drive at the root of the United States lag in the missile race. Congress, in seeking a solution, should not overlook the hindrances to efficiency caused by Washington's bureaucratic web of confusion."

## FACTS AND OPINIONS

Henry Hazlitt writes in Newsweek: "The worst of all remedies for the recession is that proposed by Walter Reuther and the AFL-CIO. It is a further increase in wage rates to increase purchasing power. A further increase above present peak wage rates would simply increase costs of production, squeeze out more profit margins, price more goods and more labor out of the market, increase unemployment still more, reduce payrolls, reduce labor's total income, and turn recession into real depression."

Between 1932 and 1956 the federal government's tax collection increased from less than \$2 billion to more than \$72 billion. At the same time, Citizens Public Expenditure Survey, Inc. points out, the government extended the application of its taxes to almost every kind of tax resource, the only major exceptions being the property tax and general sales tax.

The New York Times quotes Dr. Howard A. Rusk as saying that this year about 500,000 Americans will enter into retirement. More than 14,000,000 men and women have reached the widely accepted retirement age of 65, and their number is increasing by more than 400,000 a year.

Secretary of Commerce Weeks has appealed for extension of the reciprocal trade program in line with Administration requests. He states that the job of more than 4,500,000 Americans depend on international trade and "it's either more trade or more trouble."

Some American steamship companies are working toward construction of nuclear-powered merchant ships within five years.

The most recent government estimate says that the federal highway program will cost \$37,622,000,000. This is \$10 billion above the figure at the time Congress voted the program.

Admiral Rickover, who is called the father of the atomic submarine, is extremely critical of "frills" in American education. An AP dispatch quotes him as saying "I'd throw all of the fringe courses out of our schools. For instance, in one Illinois school system they have a course in how to know if you're in love. In another school they have a course in rest—you get credits for resting. And in Florida they have a course in fly casting."

A House subcommittee has totaled up more than 100 commercial activities in which government-owned or operated business competes with private business.

Automation may have its advantages but it is causing a major problem in the field of medicine according to an article in The Journal of the American Association by Dr. Robert H. Barnes. More and more people are tending to become overweight as a result of our new sedentary life which provides more leisure time with less heavy physical work.

## NATIONAL LIBRARY WEEK

The first National Library Week will be March 16-22, 1958. The theme will be "Wake Up and Read". Reading will be promoted on a nationwide scale to expand reading in America to all age levels and income groups. Your County Librarian at Westminster could get some good material if your 4-H or Homemakers or church groups want to plan a week of reading. Perhaps a series of book reports in Christian Endeavor meetings could be the reason for everyone reading a book between 16-22 of March. She could give you book lists to make choices. Of course you would do a good service if you had some group visits to the library. Many people never go to one. Your book mobile could come to Keysville or Detour that week if there is one.

## TO THOSE WHO ARE NOT REGISTERED TO VOTE

The Board of Supervisors of Elections will be at their office in the new Carroll County Office Building, Room 209, on Court Place, at Westminster, Md., every Saturday from 9 a. m. to 3 p. m., to register voters, issue transfers, change affiliation, change name or give voters records.

## PORK PROFITS depend on fast, cheap gains

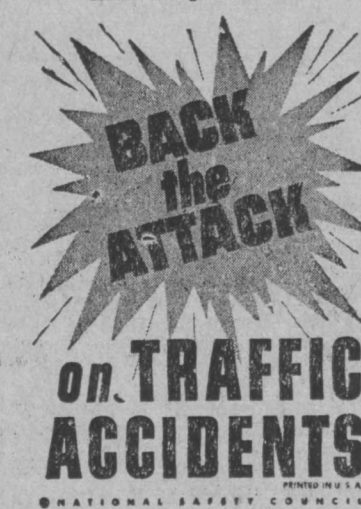

Feed Containing  
**3-NITRO® POWDER**  
Contains 3-Nitro-4-Hydroxyphenyl-  
arsonic Acid

3-NITRO in hog feed puts the profit in pork production. It stimulates fast, thrifty gains... promotes healthier, more uniform growth. Hogs on Dr. Salsbury's 3-NITRO are more profitable because they gain up to 15% faster, require 14% less feed per pound of gain. And 3-NITRO hogs have a sleek, firm finish that packers pay more for. No other single feed ingredient costs so little and does so much.

TREAT BLOODY SCOURS in pigs for 2¢ to 4¢ a pig... with Dr. Salsbury's 3-NITRO Tablets. They're easy to administer in drinking water. Pigs too sick to eat usually drink water, thus quickly getting proper dosage. Tablets also help stimulate growth.

### CURRENT EVENTS FIFTY YEARS AGO

The First National Bank of Union Bridge, having received authority from the Comptroller of the Currency to open for business, will do so on March 23. The new bank has a capital stock of \$25,000.

The local option was advocated from many local pulpits last Sunday. A preliminary organization of a Republican club for Westminster district was affected at a meeting on Wednesday night, and temporary officers were elected. H. Peyton Gorsuch, chairman, and Wm. L. Seabrook, secretary.

J. Ross Koons, junior member of the firm of Koons Brothers, Taneytown, died at the Frederick hospital last Wednesday.

On Thursday evening March 19, 1908 at the Reformed parsonage, Union Bridge, by Rev. Martin Schweitzer, Mr. Herbert N. Kooz of Silver Run and Miss Grace Myers were married.

Frizzellburg—A few people came out of their winter quarters on St. Patrick's day and made some garden Baust's new church will be dedicated Sunday, April 26th.

Astringer, 18-ft. long which is supposed to be a remnant of the old plank road constructed in 1851, was pulled out of the public road near H. E. Kooz's dairy, last week.

John Hailey is pushing the work on his new house.

Harney—J. V. Eckenrode is having a new roof put on part of his store building. Our cigar factories are now running on full time.

Uniontown—Mr. and Mrs. Marshall Myers entertained a number of friends at a social, Wednesday evening. A number of changes in homes, have taken place the past week: Oscar Crumpacker moved into the Evan Haines house; Harry Wilson moved to the Samuel Haines property on Clear Ridge; Mr. Davidson into the house vacated by Wilson and Ed. Dingle to the Clayton Hawn property at the East end of town.

Taneytown—Mr. Amos Dutera has converted Milton Academy into a very cosy and convenient double dwelling.

The public sale held by Percy H. Shriver at Trevanion, last Friday, was the best attended in this section, this season, the crowd being estimated at 4,000. The sale amounted to over \$3,000.00, good prices generally were realized.

The early garden makers have begun operations.

A surprise social was held at the home of Mr. and Mrs. Charles Clark, George St. "Charlie" was caught "napping" in his overalls. Among those present were: Mr. and Mrs. Clark and children, Mr. and Mrs. Silas Shoemaker, Mr. and Mrs. Oliver Stonesifer, Mr. and Mrs. George Shoemaker and daughter, Mr. and Mrs. James Hawk and daughter, Grace, Mr. and Mrs. Augustus Little, Mr. and Mrs. John W. Newcomer and children, Mr. and Mrs. John Stouffer, Mr. and Mrs. Ernest Bankard, Mr. and Mrs. Curtis H. Reid, Mr. and Mrs. M. Ross Fair and children, and Mr. and Mrs. Edgar Yount.

Keysville—A delightful birthday surprise social was held at the hospitable home of Mr. and Mrs. Geo. G. Clutz, near Keysville, on the evening of March 12th, in honor of their son, Harry it being his 20th birthday. Those present were: Mr. and Mrs. Clutz, Mr. and Mrs. Wm. Stonesifer, Miss Carrie Stonesifer, Florence and Verna Welty, Elsie and Lillie Baumgardner, Jennie and Margaret Weybright Edith and Mary Ohler, Bertha Keeney, Coral Diller, Aletta Hahn, Emma Clutz, Bertha Stonesifer, Anna Newcomer, Anna Ritter, Messrs Harry and Charley Clutz, Norman and Roy Baumgardner, Harry Holsinger, Verl Forney, Harry Freet, George Devilbiss, Peter Koons, Roger Deberry, Lenny Valentine, Elgie Weybright Russell Stonesifer, Charles Newcomer, Lloyd Knipple and Wilbur Stonesifer.

### EXPANDING ATOMIC ENERGY PROGRAM

An expanding atomic energy program thus far involving more than half-a-billion dollars of electric utility company funds has come about in the three and one-half years since Congress permitted private industry to own and operate nuclear power plants, according to Elmer L. Lindseth, president of the Cleveland Electric Illuminating Company.

Lindseth, as chairman of the Committee on Atomic Power of the Edison Electric Institute, appeared before the Joint Committee on Atomic Energy in Washington this week to point up the principal accomplishments of the industry since the passage of the Atomic Energy Act of 1954.

The Edison Electric Institute represents 189 investor-owned utility companies, including the Potomac Edison Company which serves this area.

He reported that 123 companies are participating actively in a broad industry program "aimed at bringing about economic nuclear power." The activities of these companies represent a tremendous financial expenditure for research, development and construction of nuclear power facilities. Actual expenditures by electric utility companies for nuclear power development increased from \$14,000,000 in 1955 to \$39,000,000 in 1957.

He estimated that by the end of 1959 the cumulative total would exceed \$230,000,000, about half the sum involved in presently announced utility company projects.

Lindseth pointed to the amount of time, money and effort necessary for a company or group of companies to develop a nuclear power proposal which will economically produce nuclear electric power and meet the standard established by the Atomic Energy Commission.

He mentioned specifically the East Central Nuclear group, of which the Potomac Edison Company is a part. East Central, along with a power group from Florida, has submitted a proposal to the AEC for research on and development and construction of an advanced nuclear power reactor on a partnership basis with the AEC. The Commission has taken the proposal under study.

The proposal calls for a program of research and development and construction of a 50,000 kilowatt prototype reactor to be operated for a minimum of five years. The prototype would serve as a model for a 200,000 kilowatt reactor. The cost of this single program alone, and there are many other groups of privately-owned companies entering this field, is estimated in excess of \$50 million.

"Our industry looks to the future of nuclear power with confidence. We recognize, however, that both the technical and economic hurdles to be overcome are formidable."

He emphasized that steps to achieve the desired goals should be carried out within the framework of the free enterprise system. "We have always viewed with great concern proposals to build government-owned nuclear power plants. The electric power generating capacity in America today is over 23 per cent government-owned. Further expansion of government ownership of power generating facilities is cause for alarm."

one of the  
forty million  
owners  
of shares  
in America?

Forty million Americans are proving every day that a smart way to save for their own family security — and to help build their country's strength at the same time — is through the purchase of United States Series E Savings Bonds.

Savings Bonds are one of the safest investments you can make. Bonds are guaranteed safe by our Government — backed by the strength of 170 million Americans.

And Bonds are absolutely indestruct-

ible. If lost, stolen or destroyed, the Treasury will replace them without charge. Bonds are safer than cash.

They pay good interest, too — 3 1/4% when held to maturity — mature in only 8 years and 11 months.

No wonder so many Americans are buying these Shares in America regularly. Why not join them? Start buying Bonds today through the Payroll Savings Plan at work or systematically where you bank.

Part of every American's savings belongs  
in U. S. Savings Bonds

## MEETING OF CARROLL COUNTY ASSOCIATION FOR RETARDED CHILDREN, INC.

The Carroll County Association for Retarded Children met Tuesday evening in the Davis Library classroom with Fern L. Smith presiding.

Mr. Smith announced that the Bonnettes of Sykesville will sponsor an Easter party for Carroll County retarded children on Saturday afternoon April 5, from 2 to 4 p. m. in the social hall of the St. Paul's Methodist Church, Sykesville.

Four representatives of the Bonnettes: Mrs. Caroline Jones, Mrs. Bonnie Webb, Mrs. Betty Lee Duncan, and Mrs. Eleanor Mercer, attended this meeting to complete arrangements for this party.

Mr. Smith named the following committees: Nominating committee, Mrs. Dorothy Carmody, chairman; Francis Crawford Sterling Selby and H. S. Albright. Auditing committee: George Morningstar and Sterling Selby.

Ray LeGore, program chairman, introduced Thomas McNulty, guest speaker for the evening. Mr. McNulty, who is president of Radio Station WINN, was founder of the Maryland Society for Retarded Children and is at present President of the Foundation for Retarded children.

He emphasized the fact that much progress is being made in bringing about a recognition of the problems of the retarded.

"More has been done in the last fifteen years to help retarded children," he said, "than was done in the last fifteen centuries. As parents, our outlook is a hopeful one—not a hopeless one. However, we must remember that we are still pioneers in this cause and much is yet to be done."

He made the welcomed announcement that the thirty Civitan Clubs in the Chesapeake District (including the Westminster Civitans) have given a \$12,000 grant to the Georgetown Diagnostic Clinic for retarded children.

Mr. McNulty urged parents of retarded children to accept their problem and do something positive toward making this a better world for their children. He stressed the importance of the father's role in the rearing of these children.

Pointing out that there are two schools of thought on the subject, he advocated integration of the retarded children with the normal in some phases of the school program not including classroom instruction.

## CRIPPLED CHILDREN AND ADULTS

The Western Maryland Council for crippled children and adults extends a warm invitation to the public to attend the first open house for the Easter Seal Treatment Center, 1730 N. Market Street Frederick on Sunday March 23, 1958 from 2 to 5 p. m. Although much remains to be done, there have been many requests to "come and see"—and finally here's the opportunity to see how the equipment and facilities of the Easter seal treatment center are used to decrease or eliminate physical disability, renew confidence and to hasten readjustment to a life of usefulness and independence.

According to Mrs. Howard E. Koonz, Jr., local committee member of the open house committee, local council representatives will welcome Carroll countians to the Easter Seal Treatment Center on March 23, from 2 to 5 p. m.

Through the generosity of Elwood Baumgardner, Charles Stup and C. K. Taylor light refreshments will be served at the first open house of the Easter Seal Treatment Center. Plan now to attend the open house. Don't forget to send in your contribution for Easter Seals. The Crippled Children's Society is celebrating 37 years of service—service which is and has been rehabilitating both children and adults. Today—send in your Easter Seal contribution.

## "HOSPITAL FUNDS CONTINUE TO COME IN"

## EVANGELISTIC CAMPAIGN

A two-week Evangelistic campaign will begin on Sunday evening and each night at 7:30 p. m., until Easter Sunday night, at the Taneytown Evangelical United Brethren Church. On this Sunday at 7:30 p. m., the outstanding picture, "Centerville Awakening" will be shown Ed and Laurie Damon stood at the crossroads in life and a vibrant spiritual concept was given a trial and the whole village was helped with this new concept of service in the community. It is highly recommended as a picture to help a community the home and the church.

On Tuesday evening the Rev. Dan Widlicka of Cleveland, Ohio, will be giving the message each night and leading the singing. For several years he has been the youth leader and song leader in Cleveland Youth for Christ work. He has traveled across the nation preaching and holding evangelistic meetings.

Dan is a graduate of Bob Jones University, Greenville S. C., and of the Moody Bible Institute, of Chicago. He held a pastorate in Pennsylvania before entering the field of Evangelistic work. He served in the U.S. Air Force in World War II in Europe. After the war he returned to work with the Rev. Peter Deymeke of the Slavic Gospel Association, and serving in the refugee camps in Western Germany, Austria, France and Italy.

Rev. Widlicka is doing a fine job with the youth in Cleveland and he has the gospel message for all. Every body is invited to hear this messenger during the next two week.

Door rattle can often be cured by removing the strike plate and re-positioning it so that there will be a snugger fit between it and the flat side of the latch. Use a chisel to widen the mortise, if necessary. The screws won't go back in the original holes. Fill these with Plastic Wood and let harden. Replace the strike plate, using the Plastic Wood again to fill any exposed area of the mortise. Sand smooth when hard and touch up with paint to match woodwork.

When loosening or tightening a nut, always try to place yourself so that you can pull the wrench toward you. Don't push, for if you do and the nut loosens suddenly, or if the wrench slips, you are likely to bark your knuckles.

## Louver Door Ideal For Rainwear Closer

Outdoor clothing, boots, and hats wet from rain or snow will dry out more quickly in a closet with a louver door.

Air circulating through the louvers does the drying job. It also prevents mustiness and discourages moths.

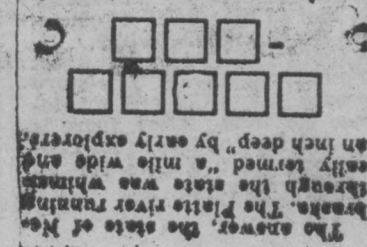

Ready-made louver doors of ponderosa pine are available from building material dealers in sizes to fit most door openings. The clear wood can be painted or stained to harmonize with any room decor.

## CARROLL COUNTY TO PICK "MISS MARYLAND" CONTESTANT

A "Miss Carroll County, 1959" will represent this community at the "Miss Maryland" Pageant in Baltimore in July, it was announced recently by Pasquale Donofrio, chairman of the "Miss Carroll County" Pageant Committee of the Westminster Lions Club.

Donofrio said the Westminster Lions Club has again been invited to find a Carroll County beauty to compete in the contest staged in Baltimore. Plans for the fourth "Miss Carroll County" Pageant, to be held on June 18th, are already underway.

Donofrio said that within the next few days he will name several Lions to the "Miss Carroll County" Pageant Committee, to assist him in staging the colorful event.

The winner of the "Miss Maryland" Pageant, in addition to many valuable prizes, will win the right to represent the Free State in the "Miss America" Pageant at Atlantic City in September. "Miss America, 1959" will receive a \$5,000.00 scholarship prize and an estimated \$75,000.00 in modeling and personal appearance contracts.

"The next 'Miss America' might very well be living right here in Carroll County," Donofrio said recently. "She may be the girl who helps you in one of the local stores, a receptionist or secretary, or perhaps one of the young women attending high school or college within the County."

"You may see her every day and never suspect that a year from now she'll be on magazine covers, touring foreign capitals and representing American young womanhood as 'Miss America'."

"But if she is in Carroll County, we're going to find her at the local contest on June 18th," Donofrio went on. "We're going to ask every citizen of this community to help us find a girl to represent us in the 'Miss Maryland' Pageant and perhaps go on to Atlantic City and capture the 'Miss America' title."

## FARM BUREAU TO CONDUCT MEMBERSHIP DRIVE

The annual county membership drive will start with a kick-off meeting at the Agricultural Center, Monday night, March 3, when Captains Edgar Sellers, J. Paul Hering, Raymond Grimes, Francis Crawford, Mrs. John D. Young, J. Paul Bowman, and Hubert Null will meet with their committeemen under the direction of John Bixler, County Membership Chairman, Montgomery County Farm Bureau President, Ward Fetro, will be the principal speaker. State fieldman, Everett Eckert, is also scheduled to speak. The 1958 membership goal for Carroll County is 935 farm families. The drive is scheduled to end with a victory dinner the following Monday night, March 11, with the Associated Women serving the dinner.

The captains are heading the committee workers from each of their own districts and are as follows:

District 1—Hampstead-Manchester, Edgar Sellers, Robert Basler, George Tracy, Ross Weaver, Jesse Hull, Tracy, Ross Weaver, Vernon Wolfe, George W. Rappoldt, Jr., Luther Hoffman, Alvin P. Rill, John G. Hurt, G. Vernon Smith, Robert Stemer.

District 2—Westminster-Wolery's, J. Paul Hering, Carroll Little, Horace Brauning, Roger Myers, C. Walter Wagner, Francis Hering, Arthur Frock, Paul Hoff, Alva Dorsey, Chas. Brehm, Walter Fritz, Isaac B. Riekle, Earl Beard, Kenneth Baust, Dr. Arthur Peck.

District 3, Franklin, Mt. Airy, Freedom-Berrett—Raymond Grimes, Francis J. Crawford, James Bushey, Leslie B. Rigler, Roby T. Farver, C. H. Shaw, John Bushey, David Will, Lee Miller, Herman Barnes, Francis M. Hunter, Henry Koller, Jr., Lawrence T. Day, Sr., Henry Freter, Clarke Loper, Carlton Barnes, Melvin E. Leppo, Francis Magin.

District 4, New Windsor, Uniontown—Mrs. John D. Young, Andrew Hoff, Jean Haines, Edward Derr, Woodrow Weller, H. Paul Hull, A. Daniel Ennor, G. L. Stuller, J. Alfred Heltbride, Randall Spoerlein, Mrs. George Gorsuch, Harry B. Bowman, Arthur Thompson, Laverne Baust, Lester Engle, C. Stoner Fleagle, Howard LeGore.

District 5 Taneytown, Myers, Middleburg, Union Bridge—J. Paul Bowman, Hubert Null, Alvin Dutterer, Jr., Carroll Wilhide, Mr. and Mrs. Harvey Dickinson, Harold Thomas, Louis Keepers, Mr. and Mrs. E. Roy Kindig, Ellsworth Feeser, Lloyd Wilhide, Lon Edwards, Howard Myers, Ira R. Albaugh, William A. Myers, Mr. and Mrs. E. R. Overholzer.

At a recent Director's meeting, County President Russell Royer, appointed Henry Koller Jr., J. Paul Bowman and Paul Hering to serve on the Legislative Committee. Plans are being developed for a luncheon meeting to be served the women members who helped prepare and serve the annual turkey dinner, in appreciation of their services.

State President's Randall Spoerlein and Mrs. John D. Young, recently attended a three day program planning conference of the American Farm Bureau Federation at the Benjamin Franklin Hotel in Philadelphia. Representatives from New York, New Jersey, Pennsylvania, Delaware, Maryland and West Virginia were in attendance. Topics for discussion included Legislation, Commodities and Citizenship.

The blonde who lives next door says all she wants is a soft, white skin—preferably ermine.

Home storage of milk should include keeping the milk cool, clean, covered and dark. Temperature should be below 50 degrees—at 38-40 degrees, if possible.

## Bright Ideas

ANY NEW OR GOOD CONDITION TOYS gathering dust in your home? Make sure those toys add happiness to some child's Christmas in your community by giving them to "Toys for Tots." An annual toy collection program now in its 10th year, "Toys for Tots" is sponsored by the U.S. Marine Corps Reserve. More and more communities each year are joining the volunteer campaign that means yuletide joy for a needy child. All toys collected by you, your friends and neighbors and the Marine Reservists will be distributed in your own community by a welfare agency. More information is available at your Marine Reserve unit or Recruiting Station.

LIKE TO TRY an exciting new ingredient in some of your favorite recipes? A lemon-lime carbonated beverage makes a subtle, but tangy flavor addition to many foods. Try 7-Up as a basic while roasting meats and fowl. Or add lightness to any of the many popular package cake mixes by using it as the liquid ingredient in the amount called for in the recipe on the box. You'll find it a welcome ingredient for your own pastry recipes too!

SHEEPSKIN CAN BE AS COSTLY AS MINK when it comes in the form of a college diploma.

Today, it takes between five and seven thousand dollars to send your child through four years of college. It's worth it, though, with the latest figures showing that college graduates earn on the average about a hundred thousand dollars more during their working life than high school graduates. Begin saving while you still hear "the patter of little feet" around the house. Then you can save regularly in small amounts and your college fund will grow right along with your child. Some banks today even offer College Club savings plans.

EVER STOP TO CONSIDER the miraculous tasks your eyes perform each day? Some 10 times a second—36,000 times an hour—an image can be received by your eyes, interpreted in any of 150 colors, flashed to the brain, and made the basis of instant commands to any of a thousand muscles of the body. Imagine a "camera" the size of a postage stamp that automatically changes curvature in a split-second to focus images on a tiny "film" (the retina). According to the researchers for the Murine Company of Chicago, the eye is so precise in its workings that it distinguishes points one ten thousandth of an inch apart or follows a baseball approaching at 100 miles an hour. And built into this matchless piece of equipment is a movable shield (the eyelash), a winking mechanism (upper eyelid) and a cleansing agent (tears).

## Truss Roof Lowers Cost of Building

Families planning to build a new home may find they can get more house for the money by asking their architect or builder for a "truss roof" instead of conventional roof construction.

A truss roof is erected on a bridge-building principle in which angled supports put the entire weight of the roof on exterior walls. No load bearing partitions are needed.

Truss roof construction saves money in two important ways:

1. They usually are framed with 2x4's instead of more costly 2x6 and 2x8 rafters.

2. With trusses, partition walls don't have to be put in until much of the interior work is completed. An overall floor, for example, can be laid without tedious cutting and fitting around partitions. Wallboard or other drywall finish can be installed all around the interior perimeter at a savings in labor costs. Wiring and plumbing also go faster.

A further advantage is that a truss roof always is a pitched roof. This means an attic space which can be ventilated for more summer comfort, plus an area usable for light storage. Asphalt shingles also can be applied on a pitched roof, giving the home-owner the advantage of a roof in his choice of colors, or in heat-reflecting white.

Although truss roofs are most commonly used on one-story houses whose attics are not designed for living space, there is a special type of truss roof construction which allows for an expansion attic.

## HOME OWNERS' QUESTION BOX

Q—How can I fasten paneling to the walls of a basement without using furring strips?

A—You could use a special mastic adhesive, but you'd be better off with furring strips. These provide an air space between wall and paneling, important in basements where there may be dampness.

Q—Is it illegal for a homeowner to install new electric wiring in his house? I have a detailed book on the subject, but no experience.

A—Most states or municipalities have codes requiring that all wiring be done by a licensed electrician. Even if your locality doesn't have such a law, trouble can hit you from another direction. Electric shock has killed many amateur electricians, and faulty wiring has been the cause of thousands of tragic home fires.

Q—Is there any way to get caulking compound into fine cracks too small for an ordinary caulking gun?

A—A plastic squeeze bottle, such as the type used for mustard at lunch counters, does an excellent job of caulking small cracks when filled with compound which has been mixed with a few drops of paint thinner to make it flow more easily.

Q—Is there an easy way to tell which fuses serve various electrical circuits? I'd like to mark these in the fuse box for future reference.

A—Easiest way is to plug an electric alarm clock into outlets throughout the house, and set it to ring. Remove fuses one at a time until the clock stops ringing. This tells you what circuit the plug is on, and you can move on to the next one.

## For Easy Holiday Entertaining—

## Serve Versatile Mince Oat Squares

Variety is not the spice of life if it leaves the hostess exhausted from hours of party preparation. The smart hostess who wants to save energy to enjoy her guests plans her party around the theme "simple elegance." One truly elegant cookie such as Mince Oat Squares can be as effective as trays of fussy cookies. In addition to being relatively simple to prepare, one recipe makes five dozen squares.

Mince Oat Squares lend themselves to a variety of holiday festivities. Refreshments for an open house are just no trouble at all for the hostess who has a supply of Mince Oat Squares tucked away in her freezer. When served with egg nog, the spicy Mince Oat Squares add just the right flavor and texture contrast. These filled cookies team up equally well with tea or coffee for an afternoon party. Should there be any left after mother's entertaining, they are mighty good eating as a snack for hungry teen-agers—especially good with cold milk or piping hot cocoa.

Wholesome goodness characterizes cereal cookies. In addition to adding variety, interest, flavor, and texture, when used as an ingredient breakfast cereals make important contributions of protein, the B-complex vitamins, minerals, and food energy.

Be prepared for easy entertaining during the busy holiday season by baking a supply of Mince Oat Squares and storing them in your freezer.

## Mince Oat Squares

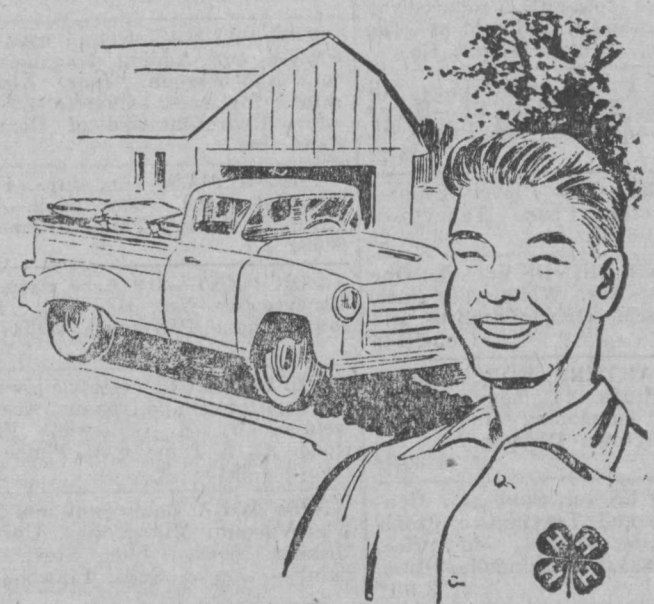

1 1/4 cups fat 3 cups sifted all-purpose flour  
1 1/4 cups brown sugar 2 teaspoons baking powder  
1 egg, beaten 1 1/2 teaspoons salt  
1 teaspoon vanilla 2 1/2 cups rolled oats, uncooked

Cream fat, sugar, egg, and vanilla. Combine and sift together the flour, baking powder, and salt. Add all remaining ingredients to creamed mixture; blend thoroughly. Divide dough into two equal portions. Pat one-half of the dough onto a rectangular baking sheet, 12 x 15 inches. Spread with mince filling. Cover with remaining dough. Bake in moderate oven (350° F.) until done, 35 to 40 minutes. When cool cut into squares. Yield: 5 dozen squares.

## Mince Filling

1 (9 ounces) package dry 1/2 cup sugar  
mince meat 2 teaspoons grated lemon rind  
1 1/4 cups cold water 1/4 cup chopped nuts

Break mincemeat into small pieces. Add remaining ingredients, except nuts. Cook over low heat, stirring constantly until mixture comes to the boiling point. Simmer gently until slightly thick, 3 to 5 minutes. Fold in nuts. Cool and spread on cookie dough. Yield: About 2 cups.

## World Wide Church

Lesson for March 23, 1953

THE Bible always means the same thing; but Christians' understanding of what it means changes from age to age. Sometimes the church ignores parts of the Bible and looks the other way, as it were, when their reading brings them to these passages. Sometimes the church may be very fond of a verse or an idea in the Bible, but their notion of what it means may be far off the beam. Sometimes the church in one era understands the Bible rightly—for that era; and Christians in a later time of the world will get another meaning, which is the right one for their era.

Dr. Foreman

### Go Into All the World

The Master definitely expected his religion to spread throughout the world. By all accounts, his last orders to his friends were marching orders. Some church members seem to think—indeed, some of them will try to tell you—that each part of the world has its own special local religion and it is bad manners, if not worse, for us Christians to barge in, so to speak, into the territory already staked out for other gods. That, of course, is nonsense. If it were true, then the Pilgrim Fathers had no business bringing their Bibles to the New World. They should have come intending to join whatever religion the Indians might have. Jesus would have thought it nonsense to expect the faith he founded to stay put in Jerusalem. There was no religious vacuum anywhere in the world then; there is none now. "Into all the world" meant, and still means, that the Christian gospel has to be taken right into competition with existing religions, some of them much older. "Into all the world" means that Christians go out with an article which is already used everywhere, namely religion; but with a brand of religion the like of which, or the equal of which, has never yet been seen.

### What Grandma Saw In It

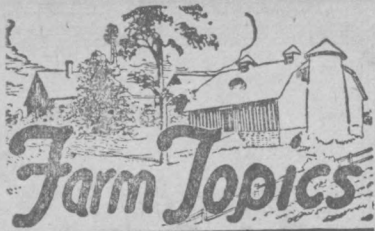

There have been times, very long times, in the history of the Christian church, when this last challenging command of Christ was completely forgotten. Christians had a vague idea that God would win worshippers all over the world, but they had only the foggiest notions how he would do this, and besides, they figured it was God's business anyhow and they needn't bother. But along in the 19th century, the church began to have a different understanding of the Bible, and of their responsibilities as Christians. Jesus' command to "Go, teach" in all the world was taken seriously, and what we know as World Missions or Foreign Missions was re-born.

The nineteenth century was a great Missions century. It saw the founding of the great missionary societies in Europe, Great Britain and America. It saw thousands of young people going out as foreign missionaries. Now in Grandma's time, the way she, as a humble Christian, looked at it was about the way the churches all looked at it. "We who belong to the Christian churches in the Christian countries are in duty bound to send missionaries to the dark and heathen lands of the world. We must send money, too, to build churches and open up hospitals and schools; we must keep on doing this, we and our children, till the whole world has been converted."

### A New Day Dawning

What happened? The missionaries succeeded better than Grandma expected. To make a long story short, the Christian church was no longer, as it had been for centuries, a European-American affair. There was an Indian church and an African church and a south Pacific islands church, and so on around the globe. What were these new churches to do? Sit still and live on missionary offerings from far-off America, listen to sermons exclusively from missionaries, be "run" from New York or Edinburgh or Amsterdam? Not for long! The more Christianity succeeded, the more certain it became that these "mission" churches would begin to stand on their own feet.

## Low Cost Silos: Plastic Covers

They're Airtight and Cut Surface Spoilage

Plastic covers may be the means making low-cost, time and labor-saving silos more popular than ever among the Nation's dairy farmers, the U. S. Department of Agriculture said today.

Studies have shown that covers of either black polyethylene, vinyl, or neoprene-coated nylon can provide air tight seal over the silage and thus greatly reduce surface spoilage of the contents, according to scientist of USDA's Agricultural Research Service.

Greater spoilage because of relatively large surface area has been the major disadvantage of horizontal bunker, trench, and stake type silos as compared with the conventional upright types. Even this disadvantage has not prevented their construction and use by many farmers because of

Airtight plastic covers add desirability to horizontal silos.

lower initial cost, ease of filling by mechanical means and ready accessibility of the silage either for self or mechanical feeding.

Reduction of surface spoilage and other storage losses in such silos by means of airtight plastic covers, however, adds materially to their desirability. Use of plastic covers in USDA experiments has reduced surface spoilage and total storage losses in horizontal silos to the equivalent of surface spoilage in upright silos.

The hazard of air leakage through punctures in the cover or when the cover is rolled back for feeding, was practically overcome in the experiments by spreading a 2 or 3 inch layer of sawdust or other similar weighing material over the cover.

## Leptospirosis Major Health Problem

That "ole swimming hole" may hold more than memories—if any livestock in the vicinity have leptospirosis.

Dr. L. E. Hanson of the University of Illinois College of Veterinary Medicine warns that leptospirosis may be spread through surface water and streams contaminated by urine from infected swine, cattle, sheep and field rodents.

A major livestock disease leptospirosis causes greatest losses in cattle and sheep through abortions, mastitis and poor weight gains. In swine, it causes abortions, stunted growth and occasionally death of older pigs.

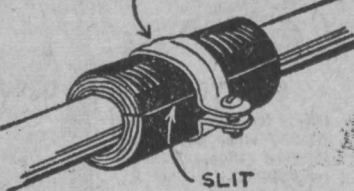

There have been instances in which humans have been infected with leptospirosis after swimming in pools contaminated by animals having the disease.

Since the organism is readily spread through surface water, it's very important not to introduce the disease in the first place. One way to prevent infection is to have every new animal tested by the veterinarian before adding it to the herd.

If the disease gets started in one group of animals, isolate them from the healthy animals, and make sure that no water drains from one group to the other.

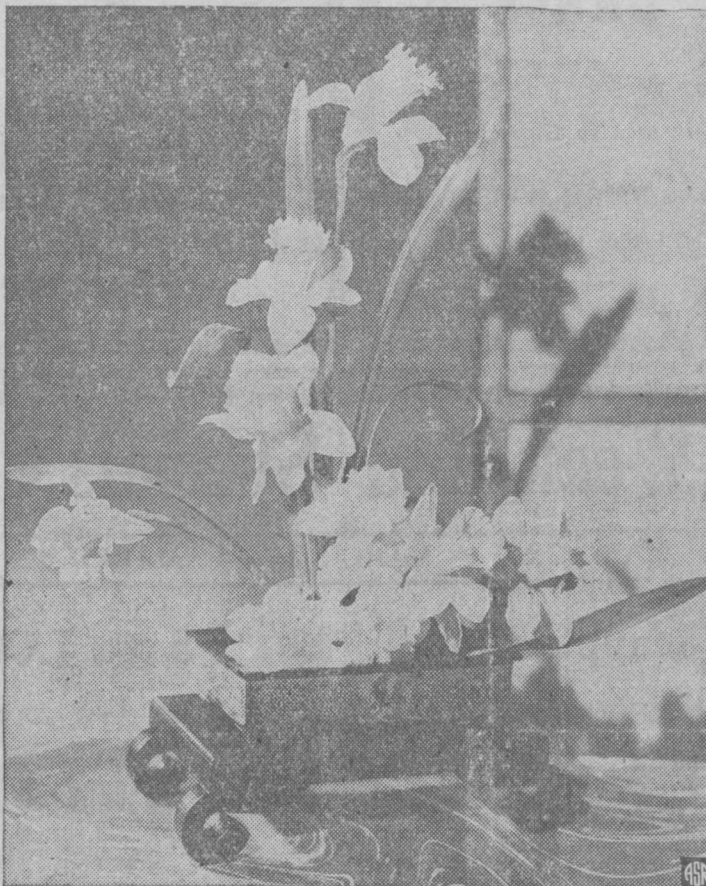

### Quick Repairs

#### AUTO-HOSE CLAMP

Plumbing pipes that suddenly spring a leak can be temporarily repaired with a piece of garden hose. Use a 2-in. length and slit it along one side. Slip the hose directly over the leak and secure tightly with clamp.

## Gift Of Spring

March may be roaring like a lion outside your house, but a bowlful of pure yellow daffodils to brighten your living room is all the promise you need that Spring is not far away. Their warm, sunshine color is the best possible tonic to wipe out the last bit of dullness in tag-end Winter days. The arrangement shown here, created by Alyn Wayne, official designer for the Florists' Telegraph Delivery Association, is an exotic treatment of this rather unsophisticated flower and is achieved in part by the low Oriental container and partly by the unusual bend and curl of the leaves. The secret for the latter is a fine florist wire inserted the entire length of the hollow leaf and then bent to the desired shape. You can do this also with the hollow stem of the flower using a little heavier wire. Try it yourself—And remember, daffodils are plentiful and inexpensive this time of year and make welcome gifts on both the sad days and glad days. In scores of handsome arrangements, they can be wired any place in this country or overseas through your FTD florist.

## YEAR END TAX TIPS NUMBER 2

### How To Plan Federal Income Tax Deductions

This is one of a series of four articles on federal income taxes. The articles are based on information provided by the American Institute of Certified Public Accountants and the Maryland Association of Certified Public Accountants.

By waiting until after the first of the year to decide whether to itemize your deductions or take the standard 10-per cent deduction, you run the risk of losing your greatest tax-saving opportunity.

When you are forced to take the standard deduction because your deductible expenses are less than 10-per cent of your adjusted gross income, you literally "waste" your expense deductions, for tax purposes. Don't let this happen to you every year. Plan your expense outlays so that you go over the optional 10-per cent deduction occasionally. This can be done by pyramiding two years of actual expenses into one.

For example, assume that you expect to have an adjusted gross income of \$7,000 for this year and actual deductible expenses of about \$600—or \$100 less than what you would be entitled to deduct if you took the standard 10-per cent deduction. Not included in your actual expense estimate, however, is \$250 in state taxes and \$100 in home-loan interest charges that will have to be paid in 1958 but which can be paid in advance.

#### Beat the Standard Deduction

If you act quickly and pay these expenses before December 31, you can bring your total allowable deductions for 1957 up to \$950. By itemizing deductions this year and taking the standard deduction next year—when your actual expenses should be somewhat less because of what you have prepaid—your total deductions for both years will be approximately \$1,650. Had you taken the standard 10-per cent deduction in both years, the total would be only about \$1,400.

A salaried worker who has difficulty finding enough deductions to make itemization worthwhile might consider carrying the pyramid plan one step further. He could set up a system of "lending" and "borrowing" year-end items that would make it possible for him to throw three years of deductible expenses into one.

#### Timing Deductions

You can begin your own three-year pyramid by postponing payment on as much 1957 deductible expense as possible and planning to take the standard deduction on this year's return. The expenses you have postponed—or "loaned"—will increase your 1958 deductions, and in the final months of 1959 you can "borrow" from 1959 by speeding up the payment of deductible items.

As a result of your pyramiding, you maximize your expenses for 1958 (when you should be able to

beat the standard deduction by itemizing), and minimize your deductible items for 1957 and 1959 (when you will take the standard deduction and waste your actual expenses). The general rule to follow when you are trying to make the most of your actual expenses is: keep outlays as low as possible in the years in which you take the standard deduction and pyramid them as much as possible in the years in which you itemize expenses.

#### Pyramid Medical Expenses

Most taxpayers need look no further than their family medical bills to find a deductible expense that can be pyramided to gain a welcomed tax advantage. The section of the tax law governing the deductibility of medical expenses states that unless you or your wife will be 65 years old by January 1, 1958, you may deduct only those medical expenses for 1957 in excess of 3 per cent of your gross income. If you find that you are near or over the 3 per cent minimum and you are going to itemize deductions this year, you should pay as many of your medical bills as possible before December 31. And since medical expenses can be deducted only in the year paid (but cannot be prepaid), you might even consider speeding-up and paying for the dental work, eye examinations and general physical check-ups your family will otherwise be having in the early part of 1958.

Taxpayers who had low medical expenses for 1957 should reverse this procedure, postponing the payment of their year-end medical bills until after the first of the year. In this way, they may be able to exceed the minimum requirement in 1958 and to gain a benefit from a payment that would otherwise be lost on their 1957 return.

#### Plan Premium Payments

The premiums you pay on your health, accident and hospital insurance policies can be deducted as a medical expense—so plan your payments accordingly. To give you greater flexibility in the shifting of medical deductions from one year to the next, you might arrange to have these premiums fall due in January.

**"SPICE 'N' EVERYTHING NICE"**

(Continued from page 1)

Letters to add to my famous collection—one from the English Churchills and one from that nice Charles Daley on "What's My Line?"

Ladies, hats are truly BIG in all the stores even if the "First" lady wears small ones—that is because the President likes small hats. If you can wear a large hat—do so regardless of your age for it does put style and oomph to your outfit. Longer hair seems to be the thing, too but one never knows what will happen during the summer to the Crowning Glory! You do not have to buy the expensive formula as "Moon Drops" by Revelon. Ladies, as I have discovered the delightful "Lanolin Plus" for \$1.00 a bottle. It tones the skin delightfully by improving the texture and it is excellent for a powder base plus a softer and smoother skin for the hands. After a week's use night and morning you will be amazed at the pores in your skin. Years ago a lady was considered beautiful just by her features but now it is the skin and the grooming of her hands. Wear rubber gloves Mrs. Housewife all the time in performing your household cares when your hands must be in water and never, never wear deep colored nail polish if you have any arthritis as this will draw attention to the painful joints much more. At all times keep your nails in perfect trim. Did you know that one's character can really be judged by the hands? Even if your hands are large that means you are a capable individual and if your palm is broad that signifies you are a broad minded individual. If they are well kept that means you do care about your appearance at all times.

Well folks here is the surprise—Your Observer soon will be "Your City Cousin" after living in the country for just twenty-five years. I am taking a small apartment near the Stafford Hotel—in view of the Washington Monument and where I will attend the Church—Mt. Vernon Place where I was Christened years ago! So that will be bringing you news at all times in my Chatty Column from the big city where I will attend about everything. D.V. I am wondering after living in the Peace and quiet if I will be able to love city life but time will tell and if not I'll move right back again! My friends are saying, "You will return!" Makes me think of what that grand General said from far away places.

Yesterday, Your Observer was trying to locate an aged couple whom I have not seen for many years. The last time I heard from them they were in Avondale, Pa. I was directed ther by a gentleman who owns a Hardware store and who knew all the family well. When I arrived there it truly was like the sad ending of a story in a book. As I walked around the place which had been so beautiful was now a sad sight with no care for the grounds and as I made my way amongst the thick of it all to the front door, I could see through the glass windows the furniture which I knew so well as a young girl in Philadelphia. Then, I realized just what it all mean and was fearful to ask anyone about them. Finally on the return Route 1, I stopped by the Funeral Home of the little town and he gave me the information that the aged couple were living on the Eastern Shore with a married daughter! That interesting couple—she an Artist and he a Sculpter visited me and liked 'around the town'!

See you next week, D.V. Until then. Have a grand week-end. I am

Faithfully,

YOUR OBSERVER.

**GIRL SCOUT WEEK EVENTS HELD IN CARROLL DISTRICT MARK 46th ANNIVERSARY**

Girl Scout Week is being observed this week by Carroll District Girl Scout Council which also plans "Meet the Girl Scouts", a special program, March 23 at 2:30 p. m., at Westminster High School.

Service to county and community is the keynote of the 46th anniversary of the Girl Scout organization observed this week. "You Can Count on Her" is the special theme. Nearly three million girls in the United States will participate in special activities and service projects pointing up the year-round program to community and country that is a basic part of the Girl Scout organization.

Carroll District, Baltimore Area Girl Scout Council, which is a Community Chest agency, will observe the anniversary week with a schedule of troop events for the more than 1,000 Girl Scouts in this area.

The biggest event will be the "Meet the Girl Scouts" program. Each troop of the district will participate in the program which depicts all phases of scouting. The skits will feature such projects as "Brownie Holiday", "Flag Ceremony at Camp", "Scouts Own", "Community Projects", "Conservation", and many others.

A highlight of the afternoon will be the presentation of the Juliette Low World Friendship Fund and friendship scarves.

William Winchester Chapter, DAR will present the first good citizenship medals to two outstanding Carroll County District Girl Scouts, Mrs. Gladys Wimert, regent, will make the presentations. Intermediate and senior scouts are eligible and will be judged in the area of honor, service, courage and leadership.

A panel of adult volunteers will discuss camping and other scouting subjects and answer questions of parents and friends of the Girl Scouts about the whole program. There will be no admission charge. A silver offering will be taken to help defray expenses.

**REPORT ON CHRISTMAS SEAL SALES**

Mrs. Stuart A. Widener represented the Carroll County TB Association at the Board of Directors meeting of the Maryland Tuberculosis Association held recently in Baltimore at the Lock Raven Blvd. TB Hospital. Mrs. Widener reported on the recently completed Christmas Seal Sale which is the sole support of the Carroll County TB Association.

It was reported at the meeting that

seven counties in Maryland passed their figure of last year and eleven counties failed to reach it. However for the entire State the sale was off. Carroll County, said Mrs. Widener was one of the counties which failed to reach last year's figure. Nevertheless, she complimented Carroll Countians on the splendid manner in which they had responded bringing the final figure up to \$8936, or just \$849 below last year in spite of the fact that running concurrently with the Christmas Seal Sale were the Community Fund and the Hospital Fund Drives.

It was the consensus of the study team from the National Tuberculosis Association who have just completed a tour of the state evaluating conditions, that in order to keep within shrinking budgets, local associations may have to consider withdrawing at least a portion of the monetary help now given to local health departments to assist in defraying case finding expenses. For example in Carroll County, said Mrs. Widener, the local association contributes annually to the local health department approximately \$750 for this purpose. This represents slightly less than 10% of the total gross Christmas Seal Sale.

Mr. Widener pointed out that while TB Seals carry the Christmas motif, nevertheless they can be used with propriety at any time of the year since the silent message of "I've helped have you" which they carry is applicable at any season. It is never too late, said Mrs. Widener, to contribute to this worthwhile cause. Contributions are welcome at any time because it means that the person contributing is genuinely interested in helping to control an insidious disease which last year took the lives of 2 Carroll Countians and sent 16 more to hospitals where they will spend long months slowly recovering. Make no mistake about it—in spite of all the new drugs, said Mrs. Widener, the recovery from TB is slow—very slow.
