The program consisted of a demonstration of clothing accessories by a representative of the Carroll County Extension Staff.

## HIGH SCHOOL HIGHLIGHTS

The monthly meeting for the High School P.T.A. will be held Monday, March 14, at 8:00 p. m. in the auditorium. Teachers will be in their rooms at 7:30 p. m. to confer with parents.

Students in the Senior P.O.D. class at T.H.S. have been invited to enter an essay contest sponsored by the Junior Chamber of Commerce. The subject of the essay is "My True Security".

Mr. Clyde Lewis, State Forest Ranger, talked to the Junior High science classes Monday, March 7, on fire prevention and conservation.

The Boys Athletic Association will sponsor a Donkey Basketball game, Friday, March 18, in the school auditorium. A matinee will be held at two o'clock for the student body, at which time the men on the faculty will play the women teachers. The evening game will be between the Jaycees and another organization. Admission will be 75c for adults and 35c for children. Starting time for the evening contest is 8:00 p. m.

Practice for the school operetta, "Up On Old Smoky", has been progressing nicely, and all is in readiness for the initial performance scheduled for this Friday evening at 8:00 p. m. in the high school auditorium. Second showing will be on Saturday night at 8:00 p. m. There are no reserved seats. All general admission tickets will be on sale at the door.

Students of the seventh and eighth grades are preparing for the 33rd Annual National Spelling Bee.

The Spelling Bee is designed to help boys and girls improve their spelling, increase their vocabularies, and develop correct English usage that will help them all of their lives. There are other rewards, too, including a trip to Washington, prizes of more than \$5,000 in cash, and a grand prize of a New York trip for the national champion.

Each seventh and eighth grade homeroom is to hold its own preliminary competition, and send two candidates to the school final. The school contest will begin at 9:00 a. m. Thursday, March 17. The winner of the school contest will compete in Westminster on Tuesday, March 29, at 8:00 p. m. for the County title, and so on to the National competition. We wish our contestants the best of luck. Parents and friends are most cordially invited to attend the Spelling Bees.

Because many persons have asked about Mr. Francis Smith's poem, he has consented to let us print it, as follows:

LONELY as the cloudless deep  
That yawns with breathless sleep  
I gasp the night - time - air  
And with scarce-muted stare  
Behold the lonely vigiled night  
And watch the stars take flight  
Across the azure trope  
Wherein the winds have wove  
A wealth of patient peace  
To deck the frontpiece  
Of mine own vacant state  
And perhaps to animate  
The Stupor of my soul.  
This is the selection which has been accepted for publication by the National Poetry Association. T. H. S. is proud to have one of the faculty so recognized.

## Demand for Electricity Continues to Climb

The annual average use of electricity by residential customers of the Potomac Edison Co., continued to climb to record heights during 1959, according to figures released today by the local utility company.

The average residential customer used 3,886 kilowatt hours last year, an increase of 216 kw. over 1958. This figure is considerably below the gain of 280 kilowatt hours recorded in 1958, which was the highest yearly gain in the power company's history. Local kilowatt hour use, however, continues to rank well above the national average. Figures released recently by the Edison Electric Institute place the national residential use in 1959 at 3,550 kilowatt hours, a gain of 184 kw. over 1958.

The rate of consumption by local power company customers is expected to continue and use of 4,413 kilowatt hours per residential customer is predicted by the utility this year, which would be a gain of 257 kilowatt hours over 1959.

H. Hess read references from the Bible. The hymn sung was "Jesus Shall Reign Where'er in the Sun".

The April meeting will be after the Lenten Service.

Keep in mind the date for the Middle Conference, April 21st., and place Trinity Church.

## P.T.A. to Meet

The regular monthly meeting of the Taneytown High School Parent-Teacher Association will be held on Monday evening, March 14, at 8:00 p. m. Theme for the evening will be the question, "Do Our Children Face Fire Hazards?" A film of the Chicago school fire will be shown.

Teachers will be available for conferences with parents from 7:30 - 8:00, and refreshments will be served following the meeting.

## BOARD OF EDUCATION

The Board of Education of Carroll County held a regular meeting on March 8 with President DeVries R. Hering presiding.

Action was taken to approve the minutes of the February meeting and to give approval to the financial transactions with direction that the minutes be made official and the financial transactions be made a part of the record.

Action was taken to approve a number of classification changes in the teaching staff and to accept the resignation of one teacher and one school secretary.

Approval was also given to the employment of Miss Sandra Hawk, a 1960 graduate of the Towson State Teachers College, to be assigned in 1960-61 to a teaching position.

The Board took action also to approve changes in school personnel and office personnel.

Action was also taken in several cases with respect to teacher employment for 1960-61.

The Board heard a report on the installation of the approved accounting machinery for use in the Board Offices which had recently been purchased after approval by the Board.

The Board heard a brief report on the results of legislation enacted at the Maryland General Assembly of 1960 and the effect of such legislation on Carroll county. Action was taken directing the Superintendent to make further study of the support of schools in the county during 1960-61 and to apply any of the pieces of legislation which may have an effect on school operations.

Action was taken to approve a policy statement in connection with school attendance districts as follows: Policy Statement Regarding School Attendance Districts.

(1) It is apparent that increase in population and centralization of population is at the present time, and apparently will continue to do so in the future, affecting certain schools and school populations and bringing about overcrowding in certain areas while in other areas existing facilities are adequate and conceivably may afford extra space for school housing.

(2) These described conditions exist, especially, in the Westminster School District, the Mount Airy School District, the Freedom School District, the Winfield School District, Taneytown School District and others.

(3) It is apparent that school housing facilities in Westminster, Mount Airy and, eventually, other areas, may require modifications and changes in the school attendance areas affecting these and other schools.

It is, therefore, directed that the superintendent and additional personnel necessary give study and make recommendations designed to relieve overcrowding, if and as necessary, permitting the assignment of pupils from existing school attendance areas to others as is required. The situation as it exists at present is becoming serious in connection with the Westminster Schools.

Action was also taken by the Board to approve the emergency closing of schools on March 3 and 4 and to make adjustments in the school calendar for the remainder of the year. The existing Easter vacation will continue as planned with schools closing at the end of regular school day on Wednesday, April 13 and reopening on the Tuesday following Easter. It was further decided that regular school sessions would be held on May 30 and that full day sessions would be on June 1, 2, 3, 6, 7, 8, 9, 10. The superintendent was directed to require the return to schools of teachers on June 13 and 14 for clerical work related to their employment. This will permit the schools of the county to be closed on the regular date as originally planned, June 10, and also will permit the regular sessions to be held on 180 school days as prescribed in the School Law.

The Board heard brief reports on a number of items connected with requests from schools for various improvements and approved the recommendation of the Superintendent regarding plans for additional improvement at the Taneytown High School. The Superintendent was directed to present the Board's recommendations to the County Commissioners in connection with the project.

The Board heard a brief report from the superintendent and the President of the Board regarding the convention of the American Association of School Administrators which they attended during February. This meeting was a national meeting held in Atlantic City and attended by about 17,000 school administrators from throughout the country.

Action was taken to approve the purchase of materials of instruction after proper procedures were followed in connection with securing bids and quotations.

Action was also taken to appoint David Sullivan, Jr., of the Manchester District to a one-half year tuition scholarship at Western Maryland College. The vacancy existed by reason of the withdrawal of a scholarship holder from the college.

Adjournment was at 12:00 noon.

## P.T.A. to Meet

The regular monthly meeting of the Taneytown Elementary School Parent-Teacher Association will be held on Tuesday evening, March 15, at 8:00 p. m. Mr. Wargny will describe some of the visual aids used as a part of the instructional program.

Teachers will be available for conferences with parents from 7:30 - 8:00, and refreshments will be served following the meeting.

## MARYLAND GENERAL ASSEMBLY ENDS

Senator Weant Reports Closing Procedure

The smoke has cleared away and the 1960 Thirty-Day Session of the Maryland General Assembly is a thing of the past. The Session ended on time and without the employment of the often used turning back of the clock. The Administration and the Rules Committee did a good job in limiting the bills that were introduced. Even at that, however, there were many important items that were considered which might better have been saved for a Ninety-Day Session.

Among these we find the Scholarship Bill. This Bill finally emerged from the House of Delegates as a composite proposal for expanding the State Scholarship Program. While the intention of the Bill was good in that it aimed at bringing some order out of the chaos now existing in the Scholarship Program, it failed to recognize certain existing matters that could not be lightly put aside.

This Bill would have eliminated the 28 scholarships now awarded to students of Carroll County each year by the Board of Education to Western Maryland College. It also aimed at eliminating the 26 scholarships awarded to students of Frederick County to Hood College. Your correspondent joined with the Senator from Frederick County in delaying the passage of the Bill for the purpose of giving further study to these matters in the hope that the students of Carroll County will not be completely deprived of the scholarships which they now have. This problem will again be studied by the Legislative Council. In the event a satisfactory Bill can be prepared and introduced in the 1961 Session of the Legislature, there will be no delay in affecting the changes desired as the Bill introduced in the 1960 Session was not to become effective until 1961.

At this time the Governor has signed many of the Bills which were passed. His Excellency has signed Senate Bill No. 7 providing for a referendum on a constitutional amendment to increase the number of judges on the Court of Appeals from five to seven. He has signed Senate Bill No. 26 which raised the salaries of teachers with more than ten years of experience credit by \$300 a year. Senate Bill No. 73 providing for removal of drivers' licenses every two years has also received the Governor's blessing.

House Bill No. 4 has been signed making Court Clerks liable for errors in indexing deeds and mortgages. This matter was recommended by your correspondent to the Legislative Council and the passage of this Bill was a result of this recommendation.

The Governor has signed House Bill No. 80 making it a misdemeanor to knowingly publish, sell or exhibit obscene literature. He has also signed House Bill No. 102 raising from \$25 to \$100 the minimum value of personal goods stolen for prosecution for breaking and entering with intent to steal. House Bill No. 116 increasing the penalty for hit and run drivers from thirty days to one year to a penalty of one year to three years has been signed. Bills have been signed by the Governor authorizing the Department of Motor Vehicles to refuse to grant licenses to applicants with a warrant outstanding for a violation of the Motor Vehicle Code; changing the dates for filing Amended Estimates of Maryland Income Tax from June 15 and September 15 to July 15 and October 15; increasing the authorized return of interest on certain State bonds from 3 1/2 to 4%.

While we have not commented on all the bills which passed through the Legislature during this Thirty-Day Session, we have attempted to touch on those we felt would be of interest to the people of Carroll County. As this is our last column concerning the 1960 Session, we would like to take this opportunity to thank our many friends for the interest they have exhibited in our efforts to keep our readers advised of the happenings in Annapolis. We would also like to mention here that your correspondent has been made a member of the James Committee which will continue its study of the fiscal matters of the State and we trust that as a result of this appointment we will be better versed in these problems when we attempt in 1961 to explain to our readers the various bills which will no doubt be introduced regarding this subject matter.

This will be thirty for now.

E. O. WEANT, JR.,  
State Senator for Carroll County.

## Girl Scout News

Girl Scout week will be observed this year from Sunday, March 6, through Saturday, March 12. This is a time for troops to make a special effort to know more about the Girl Scout organization and about the founders of scouting. Juliette Low started Girl Scouting here in the U. S. A. and Lord Baden-Powell was the founder of all Scouting. Girl Scout week is a time for telling the Girl Scout story far and wide. In observance of Girl Scouting Sunday, March 6, our Brownies and Scouts, along with the leaders, attended the local Taneytown churches.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawn.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

Talking to an executive of the Lexington Market, I was amazed at the interesting story of that market. I recall when I first came to Baltimore to visit my cousins in Annapolis, I was shown around the city and of course this market. This summer it will celebrate the 178th year or anniversary. It is old as the Nation itself, Lexington Market has been Baltimore's Pantry since 1782 at the site it occupies today—on Lexington between Eutaw and Greene Streets. General John Eager Howard (bullet scarred Hero) of "Howard's warlike thrust" in "Maryland, My Maryland" donated the land on his return from the Revolution. It had been a pasture on his family's vast Belvedere estate, a tract spreading north and west to where Washington's Monument—and General Howard's statue now stand. When General Howard drew plans for his farm, the area was far to the west of Baltimore Town, booming city of 6,000!

At the time no roads were near it. Without waiting for treets—or sheds or stalls, farmers converted on the site as soon as General Howard gave the word. They trundled up in great Canastoga Wagons, their horses strung with bells, making their own roads and they spread out hams, butter, eggs, turkeys and garden truck. And not only did Baltimore housewives come to buy but so did the merchants who joined with the farmers in setting up a purchase and barter exchange for grain, hay, farm staples and livestock in local and ocean commerce. Farmers spent all night loading their wares the 20 miles from Towson and Reisterstown and sales began at dawn.

Yet it took General Howard more than two decades to persuade the city to put up a shed on the site. Only visionaries like him could dream in those early days that Baltimore Town would ever spread out to these "Western Precincts". Besides, the city's 6,000 people were demanding more convenient shopping centers, closer to home.

Of course, Baltimore had one fine market, built with public funds the proceeds of a lottery—as one of the first 25 houses down town. But it was at Gay & Market (now Baltimore Street) an inconvenient location for the families spreading out to suburban Grasshopper Hill, Pigtown, Snake Hollow and Scrabbletown. So starting in 1783, the city built markets at Centre Street, Fells Point and Hanover, a year apart. Meanwhile, the urban and rural worlds best paths to Howard's Green (now, Lexington Market)! For a Century to come, Lexington Market flourished as a country Mayfair. Farm women spent hours before dawn setting puffs and ruffles for the grand stroll on Howard's Commons. And city ladies arranged flounces and cruls by candlelight before starting their shopping spree at dawn.

All this made Howard's pasture respectable again. Maryland's first Methodists worshipped there in 1788 and Camp Meetings followed. Like a stage lighting up, the market emerged.

## MEETING OF MAYOR AND CITY COUNCIL

The Mayor & City Council held their regular meeting Monday evening March 7, 1960.

Mr. Beard, representing the Reindollar Co. Taneytown, Md., appeared before the Council regarding the hooking of the basement drain to the sanitary sewer. He also requested a release from the town of a right-of-way which lead pass the old coal chute, to a piece of ground formerly owned by the City Council, which was secured some years ago for a sewer treatment plant. This release was agreed upon by the Council. He also requested a clarification of the agreement, through the Reindollar Co., property.

This agreement was never signed by the former owners of the Co. After the talk with Mr. Beard, he intimated he would have the agreement executed.

The Bids were read for the new pump and its installation. After due consideration Stanley King, was given the contract to furnish and install a Fairbank-Morris, (Pamona) pump in the new well. He will be requested to have installation completed by May 1, 1960.

A bid was also read for the electrical controls and the bid was awarded to Angell's Electric to furnish and install the electrical controls for the pump.

A building to house the new pump and controls, 12 x16 with a flat roof will be built by Perry Building Supply. It was brought to the Council's attention, that we are getting oil and grease in the sanitary sewer, this is quite harmful to the sewer system and carries a heavy fine to the offenders. It is earnestly requested that the guilty party abstain, so it will not be necessary to have an investigation and resulting embarrassment to the offender.

The Council also decided to have the snow removed from the parking meter areas.

The Clerk-Treasurer gave his report, Receipts, \$4,943.81, Expenditures of \$8,630.86 leaving a balance of \$8,081.00. The balance in the Parking Meter Fund of \$1,060.67.

Our town officer Emory Hahn instructed the Council that he had given out 51 parking meter tickets, 32 of which have been paid, 19 of which are outstanding.

### SAFETY RULES FOR KITE FLYING TIME

Kite flying time will soon be here again. It's one of the oldest-and best of juvenile diversions. But there can be danger in it, as well as fun.

So eight safety rules of kite flying recommended by the Pacific Gas & Electric Company of San Francisco should be emphasized to every child. Here they are: 1. Don't fly a kite with metal in the frame or tail. 2. Don't use tinsel-string, wire or twine that has any metal in it. 3. Don't fly a kite near electric power lines. 4. Don't fly a kite over a radio or TV aerials. 5. Never pull on a string or climb a power pole to loosen a snagged kite. 6. Don't touch fallen electric wires. 7. Don't run across streets or highways while flying kites. 8. Don't fly a kite in the rain.

### WHO DO YOU WORK FOR?

Who do you work for—and why do you work?

The obvious answer, of course, is that you work for your employer or for yourself and that the reason you work is to provide the wherewithal of living.

However, that answer is an oversimplification nowadays. If you are an average citizen, more than a quarter of your 8-hour working day is done on behalf of government. In essence, government is your employer during that period, and takes all of your earnings.

Here are the figures, as issued by the Tax Foundation. Taxes take 2 hours and 16 minutes of your working time each day. By way of contrast, food and tobacco together demand only 1 hour and 28 minutes, household and household operations 1 hour and 24 minutes, and so on down the list.

If you think that taxation and government spending aren't of top importance to you and your family, think again!

### GRASS ROOTS OPINIONS

SHELBY, MONT., PROMOTER: "There are probably child TV viewers who...believe that the human head is divided into three rooms, one with a hammer pounding away and another shooting sparks; that the human stomach is made of glass with a long crooked tube leading into it; that the stomach has a cute little trap door that lets the good 'B's' out and keeps the 'bad' aspirins in."

WINNEMUCCA, NEV., HUMBOLDT STAR: "Nothing serves so strikingly as a symbol of a man's intent and purposes as his attitude toward a free press."

"He who must silence his critics, he who must equate their complaints with treason, has become a dictator, no matter how much he may deny it. "Castro is approaching that important border line. If he snuffs out a free press in Cuba, the last illusions about his libertarian idealism will go crashing in the dust."

NORWALK, CONN., HOUR: "Since the first sputnik went sputtering into the wild blue yonder, there has been a great vogue for following the example of Soviet Russia in matters related to science, on the theory that the Communists have the last word."

"...Dr. Atkinson, was a delegate to the International Federation for Documentation, held in Warsaw, Poland, last September. He found the Russians were copying the American

system and were decentralizing at the moment our scientists were urging that the Soviet method be followed. If we aren't careful we'll meet ourselves coming back."

CHEWELAH, WN., INDEPENDENT: "...Legislation is being drafted...to regulate all actions of the petroleum industry in the State of Washington. As contemplated, the board would regulate production, refining, transportation, distribution and sale...."

"Passing another law, licensing the gasoline dealers, and forcing a price control on gasoline, is not in the best public interest. If this can be done with gasoline, who, or what product will be next on the list of government control?"

SOUTH PASADENA, CALIF., REVIEW: "The President of Tunisia says that we have no business objecting to what they do with our money. He is in the same category as some of the bureaucrats who think that we should not ask for an accounting, either in money or results of our foreign aid program. The nation as a whole is on a giant credit card binge and when we say 'Charge It' we mean to our great grandchildren. It is too bad they are not here to learn how not to spend their money."

MCCLURE, PA., PLAIN DEALER: "As far as we have been able to observe, there are two kinds of taxes: good ones and bad ones. Good taxes are those that are levied upon other people, and bad taxes are those that we must pay."

"Likewise, there are wise and foolish expenditures of public funds, the former promotes our ideas of public necessity, and the latter does not put cash into our pockets."

BEVERLY, MASS., TIMES: "Since President Eisenhower announced the probability of a surplus of \$4 billion, the line has formed on the left by socialistic legislators who have dreams of new ways of pouring money down a rat hole."

STAR CITY, ARK., LEDGER: "With just a little effort on our part we can have good manners on the highway just as we do in everyday life. Remember, you don't have to drive down the white line to prove you are sober."

MILFORD, DEL., CHRONICLE: "The U. S. Government spent more money in the fifties...than it did in the 1940's, which included all of World War."

## CURRENT EVENTS FIFTY YEARS AGO

The first thunder gust of the season, following an unusually warm week for the time of the year, occurred last Sunday night.

Mrs. H. E. Weant and daughter, Agatha, returned home Thursday evening from an extended visit in Rocky Ridge.

Miss Gertrude Gardner will return this Friday evening from New York City, accompanied by her niece, Miss Marie Gardner.

A strong effort was made in Congress this week, to increase the pay of Rural Carriers from \$900, to \$1080, the argument being that the former sum is much too small to justify a man to devote his time to the work. As there are 18 applicants for a vacant route, in this district, somebody must be mistaken.

The Westminster road, which had been worked by the split log drag, was used as promenade and driveway, by hundreds last Sunday afternoon. It was the unanimous conclusion that this piece of road—which in the Spring is generally cut-up and muddy—was better than it was ever seen at this time of the year.

Kitchen Wrinkles—Use soapy water to make your starch; it will give the linen gloss and prevent the irons from sticking.—Where grease is spilled on a kitchen table or floor, pour cold water on it at once. The cold will harden it. It may then be taken up with a knife and not allowed to soak in.—If sausages are rolled in flour before cooking they will never break. They may be toasted, stewed, grilled or fried. This will be found a much better way than piercing them.

Mayberry. On last Sunday, Solomon Wantz and wife entertained, Mr. and Mrs. Albert Rowe, daughter Ruth and son, Emmett, of near Sell's Mill; Miss Edith Weishaar, of Taneytown and Mr. Preston Smith of Bridgeport.—Cleonson Erb, wife and son Willie, of Copperville, spent Sunday at Wm. Erb's.—Mrs. Ezra Spangler has growing in one of her flower crocks, a tomato stalk which has blossom and also a tomato as large as a shellbark.—Edward the infant son of Charles Myers, is now the victim of whooping cough.

Public Sale. Saturday March 19, 1910, immediately after P. B. Englar's sale: one good horse and household goods. Terms cash. H. S. Koons. T. A. Martin, Auct.

This will be the first time any of the Collegians performers will be able to sit home and watch themselves on their own TV sets. The program can be seen on WMAR-TV, Channel 2, Baltimore from 1 to 2 p. m. Wanda is one of our Burg girls and we are very proud of her. We hope that she will always be as sweet a singer as she is today. I personally love to hear her sing the hymns of the Gospel. Congratulations Wanda and may you keep up the good work.

Sunday School this Sunday morning at the Church of God at 10 a. m. Mr. Howard Carr, Superintendent.

Mrs. Catherine Coxon, and Mr. Geo. Knox, of Baltimore, were weekend guests of Mr. and Mrs. John Berwager and family. Mrs. Fanny Hopkins, of Westminster, visited in the same home on Saturday evening.

Approximately 100 attended the World Day of Prayer Service at the United Church of Christ, Silver Run, on Sunday evening. Those who participated in the program were: Mrs. Jacob Hess, Mrs. Kenneth Armacost, Mrs. Martin Leister, Mrs. Clarence Welk, Mrs. Vernon Zimmerman, Mrs. Herbert Petry, Jr., Mrs. Donald Weller and Mrs. Denton Wantz. A combined choir sang an anthem: "Sweet Hour of Prayer", a trio from the host church sang. This service was sponsored by church women of the county.

Services this Sunday morning at Emmanuel Baust Lutheran Church: Church School, 9:45; Worship at 11. Rev. Joseph Callahan, Pastor. Mr. Harold Myers, superintendent.

"Be grateful for the kindly friends that walk along your way;

Be grateful for the skies of blue that smile from day to day.

Be grateful for the health you own, the work you find to do,

For 'round about you there are men less fortunate than you.

"Be grateful for the growing trees, the roses soon to bloom.

The tenderness of kindly hearts that shared your days of gloom;

"Be grateful for the morning dew, the grass beneath your feet,

The soft caresses of your babes and all their laughter sweet.

"Acquire the grateful habit, learn to see how best you are,

How much there is to gladden life how little life to mar!

And what if rain shall fall today and you with griefs are sad;

Be grateful that you can recall the joys that you have had."

—Edgar A. Guest.

### THE PUBLIC LIBRARY

Trustees of the Carroll County Library this week reported to the Commissioners the activities and accomplishments of the County Library service during 1959.

With a total circulation of 83,390 books, magazines, pamphlets, films, and recordings throughout the county during the twelve months period, the County service was more than double over 1958 figures, according to Miss Margaret J. Hofer, County Librarian.

The Bookmobile loaned 38,722 books, making 54 weekly stops and travelling 250 miles each week. This was in addition to the 5,876 books loaned to the schools of the county.

Davis Library, the central headquarters for the County system, was open 44 hours each week and circulated 43,792 books.

Request for reference help showed a spectacular increase, with 2,392 transactions. Questions during a typical week numbered 47, with adults seeking information on 35 subjects, school children making 12 requests, Bookmobile patrons 12, and six questions coming in by telephone.

Books added to the collection during 1959 totaled 2125, and the periodical list was expanded so that 78 magazines and 8 newspapers subscriptions were received. The library now has more than 20,000 volumes, including approximately 3500 books on a long-term loan from the Division of Library Extension of the State Department of Education.

Every effort has been expended to develop a program geared to the needs, interests, and activities of all people in the county, and to work with as many other cultural and educational agencies as possible.

Group activities for the public at all age levels, such as regular book reviews, discussion groups, lectures, or films, have been hampered by lack of space and personal shortages.

Appointed by the Governor, Library Trustees who served the county during 1959 were Mrs. Edgar G. Barnes, Uniontown; Mrs. Brady Bryson, Westminster; Mrs. Allen L. Dewey, Manchester; Mrs. Alva F. Dorsey, Gamber; John R. Eckard, Westminster; Norman Ertler, Mt. Airy; and Carroll M. Wilhide, Betour.

### CARD OF THANKS

I wish to thank friends, neighbors and relatives for the gifts and 158 lovely cards received on my birthday. All were sincerely appreciated.

### Meeting of Ladies Aid Society

The Ladies Aid Society of St. Paul's Lutheran Church, Harney held their regular monthly meeting Tuesday evening, March 1.

The meeting was opened by singing "Whiter than Snow" and "Just as I Am", for the scripture Mrs. Harry Yingling read the first Psalm, followed with prayer by Mrs. Earlington Shriver.

The minutes of the last meeting were read and approved, followed by roll-call with 17 members present.

The annual covered dish social will be Tuesday evening, March 15, in the parish house at 6:30 o'clock. It will be cafeteria style so bring a covered dish for your family and all come out for an evening of fun and entertainment. If there is any member who wishes to have their name in the capsule sisters or taken out please contact the secretary Miss Treva Ridinger.

There were quite a few suggestions as to raising funds for the building fund. It was voted to have rainy day bags by putting a penny or more in each day it rains. These are to be brought to the December meeting.

The program committee for the April 5 meeting Mrs. Theodore Ridinger, Miss Treva Ridinger and Mrs. Charles Shildt. Mrs. Charles Ridinger to read the Bible and Mrs. Luther Harner to have prayer.

The following program was given, several selections on the accordion by Miss Louise Baumgardner, Connie Mummert played two selections on the piano; Kenneth Strickhouser sang "Open Up Your Heart" accompanied on the piano by Mrs. Ralph Weikert; Linda and Donna Weikert sang "The Old Rugged Cross", accompanied on the piano by their mother; Elmer Shildt, Jr. sang "Whisper a Prayer for Me", accompanied on the piano by Miss Mary Katherine Shildt.

The meeting was closed by singing, "Nearer, My God to Thee", and all repeating the Lord's Prayer.

### Chateau Yields Casserole Secret

Canadians are famous for the hearty casseroles they make to meet their equally hearty appetites. The secret of their success is in the use of Chateau process cheese food, a product born in Canada in 1925. It owes its name to the Chateau Laurier, a famous hotel in Ottawa where it was first served. Also made in the U.S. since 1929, it's now an all-American favorite. To prove the point, try the recipe below. It's easy to make and will suit the taste of all. By the way, it can be varied easily, for salmon or ground round steak can be used in place of the tuna with equally excellent results.

#### Canadian Cheese Casserole (Makes 6-8 servings)

2 (7 1/2 oz.) cans tuna fish  
3 hard-cooked eggs, coarsely chopped  
1 medium-sized onion, chopped  
2 tablespoons salt  
1/2 cup enriched precooked rice  
1 tablespoon parsley flakes  
1 1/2 teaspoons salt  
1 teaspoon oregano  
1/2 teaspoon garlic powder

Dash tabasco  
1/2 cup mayonnaise  
1 cup water  
2 tablespoons butter  
1 1/2 teaspoons salt  
1/2 cup shredded Borden's Chateau Cheese  
\*Grated Parmesan and Romano Cheese

Combine tuna fish, chopped eggs, and onion, pimento, seasonings and mayonnaise in large bowl. Pour water into small saucepan. Add butter and salt and bring to a boil. Remove from heat. Add rice and shredded Chateau Cheese. Cover and let stand 5 minutes. Add to fish mixture. Place in buttered 2-quart casserole. Bake in moderate oven (350°F.) about 15 minutes or until bubbly. Top with additional sliced cheese. \*Sprinkle with Parmesan-Romano cheese.

## "SPICE 'N' EVERYTHING NICE"

(continued from first page)  
ed each sunrise with farm wives cooking breakfast by bonfire, their men stacking meats and greens on wagon tailgates or on planks across three stumps. Carriage horses stood hitched to posts.

Lexington Market went roofless, although the Legislature in 1796 authorized Baltimore Town to build, own and operate public markets—the first instance of municipal control of public utilities. Not until 1903, did a shed go up at Eutaw and Lexington Streets. From then on, additions "just grew on unconventional Gothic lines" until the formal market place sprawled over another block to Green Street. Pork then was 5 cents a pound, sirloin 15 cents and eggs 10 cents a dozen. The rental of stalls was \$20.00 a year and the marketmaster passed a basket daily for 10 cents to pay for cleaning and upkeep!

At first the market was only open three days a week, Tuesday, Friday and Saturday from 2 A. M. till noon, the start and closing with the bell ringing unheeded for 145 years to come! Lexington Market by that time one of the wonders of the 19th Century. By that time 60,000 people drew their daily supplies from the market. The Baltimore Herald printed in 1903 that "Lexington Market Leads the World" with all the wonderful and delicious foods as superb beef, mutton, lamb, veal and all sorts of foods—hogsheds full of wild ducks, pheasants, partridges. Loads of sweet cakes of all sorts and fashions that covered tables of that market house and breakfasts were cooking everywhere, all around for the country people who came to the market with their provisions. From the truck farms of Maryland, Georgia, Pennsylvania, Delaware, New York and other states, east and west came the supplies of good things.

The Chesapeake sends its best fish and crabs in the world, the farms of Arundel send the best vegetables and the orchards of the Blue Ridge Mountains and the Eastern Shore the best fruits.

No doubt, Napoleon Bonaparte's younger brother, Jerome who wooed, won and wed Maryland's richest and perkier belles, Betty Patterson had known about the world's greatest market.

The farmers took in five and six hundred dollars a day at that time. Business was excellent. Even George Washington and Thomas Jefferson stopped in the vicinity as they rode horse back to and from their Virginia estates and the Nation's Capital at Philadelphia! Daniel Webster visited the scene in 1785. When Ralph Waldo Emerson partook on Lexington Market delicacies on a Maryland trip, he forthwith proclaimed Baltimore the "Gastronomic capital of the universe!"

There is so much more to this wonderful story of the Lexington Market that it would fill many Columns of this paper.

Hope, Ladies that you did not miss "Paris a la Mode" on T.V. last week which was charming and glamorous and those hats—well—just as I stated in a previous Column—high-wide and handsome!

So long, Folks. Until next week D. V. How true about the snow storm in the Farmer's Almanac, Eh? I am, Faithfully,

YOUR OBSERVER.

Climaxing 13 years of 4-H Club work by being selected Maryland's 1959 outstanding 4-H girl in the home economics project, Mary Jane Arnold, 21, of Monrovia, won a trip to the 38th National Club Congress in Chicago.

Her trip donor was Montgomery Ward.

Junior leader and Montgomery county representative on the community program committee of Lewisdale Girls 4-H Club, Miss Arnold has done outstanding work in home improvement and home management, putting into practical use 4-H methods.

Her work is supervised by the Cooperative Extension Service.

A 1957 graduate of Damascus High School, Miss Arnold admits that "taking care of the house" was "quite a chore" until she "learned through 4-H that daily tasks need to be planned."

With her room project she kept in mind the motto: "Have a place for everything and everything in its place."

POPULAR FISH STICKS  
TEAM WITH LOBSTER SAUCE

Of all "convenience foods," fish sticks are probably the most convenient. And that's one reason they have zoomed to popularity in just a few years. All you need do is follow the simple directions on the package, and you have beautifully browned, delectable pieces of fish, high in protein, minerals and vitamins, so necessary to the health and well-being of children and adults alike. Even if you serve fish sticks often, you needn't feel that your meals will become monotonous. Vary the seasonings; vary the sauces. For example, fish sticks become a company meal for six to eight people if you've a can of lobster with which to make a Lobster Newburg sauce. This recipe is sufficient for two packages of fish sticks.

## LOBSTER NEWBURG SAUCE

Melt 2 tablespoons butter or margarine in top part of a double boiler. Remove from heat and blend in 1 tablespoon flour. Gradually add 1 cup light cream and return to heat. Cook, stirring until sauce is thick and smooth, but do not boil. Add 1 5-ounce can lobster meat broken into small pieces. Add salt and cayenne pepper to taste. To 2 well-beaten egg yolks add a little of the hot sauce, then stir the mixture into the sauce. Cook over boiling water for 3 minutes, stirring well. Add 2 tablespoons dry sherry (or 1 tablespoon lemon juice and 1 tablespoon water). Makes six to eight servings.

## Make Tonight's Dessert Mince Meat Bread Pudding

A hot pudding makes a welcome dessert change, especially if the recipe is neither costly or complex. A typical example is Mince Meat Bread Pudding. Mince meat is a pleasingly acceptable sweet-tart cooked mixture of chopped apples, dried raisins, currants, citrus fruit rinds, spices, sugar, vinegar and/or cider and a small amount of starch. It is instantly ready for use — just spoon from the jar.

The Borden Test Kitchen developed this Mince Meat Bread Pudding. In this blend of two old favorites, mince meat adds variety and flavor to the old-time homemade goodness of bread pudding. All members of the family will enjoy this dessert — so kind to palate and purse. Here is the recipe:

### Mince Meat Bread Pudding (Makes 4-6 servings)

2 eggs  
1 cup milk\*  
1/3 cup sugar  
1/2 teaspoon lemon extract

2 tablespoons butter  
4 slices white bread  
1 cup Borden's Ready-to-Use None Such Mince Meat

Beat eggs slightly with a rotary beater. Add milk, sugar and lemon extract. Beat until thoroughly blended. Butter the bread slices; cut into cubes. Place in a buttered one and a half quart casserole. Lightly mix in None Such Mince Meat. Pour egg-milk mixture over top. Bake in a moderate oven (350°F.) for 30 minutes. Serve either warm or cold. Top with whipped cream or serve with your favorite lemon sauce.  
\*1/2 cup evaporated milk and 1/2 cup water may be substituted for the 1 cup milk.

### • HISTORY

## In The Fore In Peace and War

The National Guard tradition of service to country and community is an unbroken line which links the militia age of today with the era of the Minute Man.

Although the heroic figure of the Minute Man and the "Spirit of '76" have come to symbolize the 20th Century concept of the civilian-soldier, the fact is that the National Guard tradition is even more deeply-rooted in the American past.

In a sense, when the first settlers patrolled the perimeters of Jamestown and Plymouth. It flourished in the courageous "trained bands" who protected settlements and opened roads through primeval forest.

The colonists' philosophy was that an able-bodied man would "join the avocation of a soldier" to whatever business or trade happened to be livelihood. This was the philosophy which led to the reliance that was to be placed in the militia over the years. An American phenomenon, it defied the European tradition that arms were to be borne only by "professionals" led by noblemen.

Nevertheless, Colonial militia forces fought shoulder to shoulder with the British in the French and Indian Wars. They helped win the siege of Louisbourg with skill which startled the professionals. British noblemen were inclined to look down their noses at "a regiment of New England farmers and fish-

ermen — led by a lumber merchant!"

Britain's professionals and noblemen would meet these provincials again.

It began, the history books tell us, at Lexington, Massachusetts. This is where the tradition of the Minute Man got its impetus.

What is now known as the "National Guard" was first the Organized Militia. The term National Guard was first associated with the militia in 1824 when the 2nd Battalion, 11th New York Artillery (later, the famous 7th Regiment) was selected to serve as guard of honor for the visiting Marquis de Lafayette. The New Yorkers promptly re-named their outfit the "National Guard" in deference to his "Garde Nationale."

Of great importance to the military structure of the U. S. was the passage of, first, the Dick Act of 1903 which set the stage for modernizing the Guard along the same lines as the Regular Army. The National Defense Act of 1916 officially bestowed the title "National Guard" upon the elements of the old Organized Militia, ordered the organization of the Guard to conform to that of the Army itself. This established the Guard firmly as a part of the Nation's organized peacetime establishment as well as an integral part of the Army of the United States when in active service.

In 1916 some 159,000 Guardsmen were mobilized for duty along the Mexican border. In World War I the National Guard furnished 17 divisions. Eleven of them saw service under General Pershing in the AEF. Of eight U. S. divisions

### School Training Program

Last year, for example, more than 8000 Guardsmen took active duty courses at U.S. Army service schools. Courses range from one week refreshers to fullscale resident courses of ten months duration. More than 3000 Guardsmen were enrolled in Army extension course programs.

Guardsmen who would become new second lieutenants must attend an accredited Officer Candidate School. Active Army OCS is open to Guardsmen and, in addition, 42 States now operate officer candidate programs based upon Fort Benning Infantry School standards.

"Training with modern equipment under strict professional standards, the National Guard today is ready to meet its responsibilities as a first-line member of the U. S. military team," says General Kerr.

"We're an effective military force today. We'll be more effective tomorrow and the day after."

rated "excellent" or "superior" by the German High Command, six were National Guard divisions.

In August 1940, the President of the United States ordered the National Guard into active military service. This brought into service more than 300,000 men in 18 combat divisions as well as numerous non-divisional units and 29 air observation squadrons. This at one stroke doubled the strength of our traditionally meager peacetime Regular Army.

Guard units and individual Guardsmen served with great distinction on every World War II battlefield from Bataan to Okinawa, from North Africa to D-Day and the Battle of the Bulge.

In July of 1950 the U. S. engaged communist forces in Korea and a "partial mobilization" of our forces took place. During 1950-53, 183,000 members of the National Guard saw active service. Eight infantry divisions, 22 air wings, and hundreds of other units of both the Army and the Air National Guard were ordered to duty. Two divisions were hurried to bolster our forces in Europe; two divisions and two air wings were rushed to Korea.

Battle-tested and time-tested, the National Guard up-to-the Minute Men are ready today just as they have always been ready, willing and able in over 300 years of service to country and community.

## Attention Farmers:

After many years of purchasing farm separated cream we are now expanding our operations to include the purchase of whole milk also.

This milk which is used for manufacturing sweet cream butter and milk powder will not require any farm inspection. The only requirements are that the producers have good milk cans, a milk strainer and an electric milk cooler.

We are interested in hearing from any one in this area who would be interested in this type of milk market. No producer too small to take advantage of our market. We expect to receive milk from distances up to fifty miles or even further from Hagerstown, Maryland.

The price of this milk will be based on the value of butter and milk powder as established by the Government support program.

We are also interested in contacting any one who feels he would like to work up a milk route from this area.

Address all inquiries to Potomac Creamery Co. Inc., P. O. Box 124, Hagerstown, Md. Phone RE 9-6380. 3-3-4t

### A Day In Court

Lesson for March 13, 1960

WHEN a prisoner appears in court heavily handcuffed and with a chain attached to him, it is a sign he is known as an escape artist. Maybe his nickname is Slippery Sam. Now Saint Paul was no Slippery Sam, but he was forced to wear chains all the same. Furthermore, he was accused chiefly of being a rabble-rouser. Even a real rabble-rouser doesn't like to be called that; and Paul was anything else but that. Yet there he was in court, first before Governor Dr. Foreman Felix, later on before Governor Festus and King Agrippa. The charges were flimsy, but the chains were solid.

What could Paul do about it? Two things he would not do. He would not complain that he was there at all. He could have kept his mouth stubbornly shut, he could have said that an Apostle cannot rightfully be tried by a civil court. On the contrary, he recognized the legal right of the court to pass judgment on his case. Again, he could have "fixed" the court. We know that Governor Felix hoped for a bribe. Paul had wealthy friends and they could have arranged it. But Paul did not do that.

#### The Church in Court

Paul's situation may cast some light on the relation between the Christian church and the civil courts, or the civil government in general, in our day. This is a very tricky subject and the churches which we will be studying this lesson are not all agreed on the solution. But we can venture a few general thoughts. The church certainly can rule out what Paul ruled out. The church has no right to say, "The civil courts and the civil government have no jurisdiction over the Church of God." If any body of people anywhere has a high

duty to comply with law and to submit to proper authorities, it is the church. Of course the church's beliefs, and its mode of operation the appointment of its ministers are its own affairs.

If the church must refuse temptations to stand outside the law, it must also be scrupulous not to influence law and law-makers by illegal means. This goes all the way from preachers who try to get their traffic-violation tickets "fixed", up to a great church that tries to get illegal tax reductions or exemptions.

What then can the church do? If it should not stay aloof from law and government, and if it cannot try to please the Felixes around the capital with bribes, direct or indirect, what can the Christian church do as it confronts the civil state?

Again it might take a leaf from Paul. He did try to influence the court; but it was open and above-board. He put his case truthfully, quietly, but persuasively. In all these trials the court was prejudiced against him at the start; but he always won a verdict of Not Guilty. What he had on his side were facts, and he presented those facts so that even skeptical judges were convinced.

#### Getting the Christian Case Heard

Here is something the church can do, or several things all combined. First, the Christian church needs to have, more than it sometimes does have, a clear understanding of what "Christian social ethics" means and is; that is to say, the church ought to have a clear and clearer understanding of what the Christian faith implies for social, business, educational and all other realms of life in modern society. Second, the church should be more aware than it is, of the moral side of proposed legislation; which is to say in simpler words, the church should always be alert to ask, What is this law, this situation, going to do to people? The church that is not interested in persons and what affects them, is a long way removed from its Master. And third, the church, through as many of its members as are really interested, should keep governors, congressmen, senators, mayors and official boards, aware of the Christian viewpoint. Like Paul, the church needs to state the Christian position, to persuade by the highest method—the presentation of the truth.

# Ordinance No. 180

AN ORDINANCE relating to public health and safety, providing for the prevention and removal of nuisances, and particularly regulating the growth of weeds within the corporate limits of Taneytown.

WHEREAS, in order to better protect the public health and safety and promote the comfort of the inhabitants of Taneytown, and to abate nuisances, it should be ordained that all properties within the corporate limits of Taneytown be kept free from the uncontrolled and unabated growth of weeds.

SECTION 1. Be it enacted and ordained by The Mayor and City Council of Taneytown, that whenever in the judgment of the said The Mayor and City Council of Taneytown, the growth of weeds upon any property situate within the corporate limits of the City of Taneytown becomes such so as to be a nuisance or effect the public health and the comfort of the inhabitants of Taneytown, the said Mayor and City Council of Taneytown shall pass an order requiring the owner or owners of any such land or premises to cut down said weeds within fourteen days from the time whenever such owner or owners shall have been notified of such order by the said The Mayor and City Council of Taneytown, said notice to be served on any owner or owners residing in the City of Taneytown but in the event of any such lot owner or owners being non-residents then said notice may be served personally, or by registered mail, or the said The Mayor and City Council of Taneytown shall publish said notice in some weekly newspaper in the City of Taneytown not less than two consecutive times, and the said notice of fourteen days to be reckoned from the first publication, and if any owner or owners of such property shall neglect to cut down said weeds within fourteen days from the time when notice shall have been given, as aforesaid, requiring the same to be done, the said The Mayor and City Council of Taneytown may immediately thereafter cause said weeds to be cut down at the expense of the owner or owners of said lots.

SECTION 2. And be it further enacted and ordained by The Mayor and City Council of Taneytown that whenever it becomes necessary to collect by legal proceedings from the owner or owners of said property the cost of cutting down said weeds, then the same may be collected from said owner or owners by the tax collector of the Mayor and City Council of Taneytown, in the same manner as the County taxes of Carroll County are now collected, provided however, that the said The Mayor and City Council of Taneytown may direct the same to be collected by suit of law.

SECTION 3. And be it further enacted and ordained by The Mayor and City Council of Taneytown, that all ordinances or parts of ordinances inconsistent with the provision of the foregoing sections be and the same are hereby repealed to the extent of such inconsistency.

SECTION 4. And be it further enacted and ordained by The Mayor and City Council of Taneytown that this ordinance shall take effect from the date of its passage.

Passed by The Mayor and City Council of Taneytown this 15th day of February, Nineteen Hundred and Sixty.

Approved this 15th day of February, 1960.

## Library Club Requests Books

To observe National Library Week April 8-9, the Library Club of Taneytown High School is planning a used-book sale.

Since many books are needed to make this project a success, friends of the school are asked to donate books suitable for teen-age reading which are no longer being read at home. These books will be sold at a small price to students who will thus be able to enlarge or begin their personal libraries. Proceeds will be used for library expenses.

Those who have books to donate to the sale are asked to notify the school as soon as possible and a club member will call for the contribution.

Carroll County Dairymen  
Meet

Reverend Nevin Smith, Emmanuel Church, Hanover, will be the speaker at the Carroll County Dairy Herd Improvement Association banquet on Thursday evening, March 10th in the Carroll County Agricultural Center.

The annual event held jointly with the County Artificial Breeding Cooperative, is open to all dairy interests. Vernon C. Wolfe, Bachman's Valley, president of the Association reports much progress during the past year. More than 20,000 dairy cattle makes dairying the leading agricultural industry in Carroll County.

## Hospital Auxiliary Activities

The meeting of Monday, March 14, 8 p. m. of the Carroll County General Hospital Auxiliary to be held at the Medical Center, Gist Road, Westminster will be for the discussion of the money making project for the coming year and also the second annual ball scheduled for Friday, September 9. A special film "P for PINK" will be shown at this March 14 meeting.

An additional Life Membership has been added to the roster with the name of Mrs. T. William Mather, Jr., 138 Willis St., Westminster, Md. This now brings the total of Life Membership to the Hospital Auxiliary to seven (7). Life Membership is \$25.00 lump sum. Associate Members \$3.00 per year and active members \$1.00 per year.

Some of the gang of 58 teenagers and young people enjoyed hot chocolate and do-nuts at the home of Dr. William W. Cunningham in Manchester, Maryland during a "sledding party" held after the regular Hampstead Youth for Christ Rally Saturday evening, March 5. They are, left to right, Earl W. Schultz, Jr., Director of Hampstead YFC; Gene Lafferty, Assistant to the Director; Rachel Sies; Harry Rexroth; Judy Munch; Roger Schultz, arranger of the party; Jackie Beatty; and David Armant.
