Jeanne Willet, daughter of Mr. and Mrs. Norman Willet, a seventh grader at Taneytown High School, was one of the representatives from Carroll County. She placed tenth in the Bee, and second for Carroll County.

The winner, Ronald Landsman from Baltimore City will participate in the National Spelling Bee to be held in Washington, D. C. on June 10-11. Donna Bailey from Baltimore County was runner-up and Carol Robertson from Manchester Junior High, placed third.

The annual Class Night program at THS will be held Friday, May 20, at 8:00 p. m. in the school auditorium. The seniors will present a three-act comedy, "Best Foot Forward".

The characters are Richard Clingan - Dutch Miller; Geary Myers - Hank Hoyt; Franklin Feiser - Satchel Moyer; Howard Green - Chuck Green; Douglas Gunther - Dr. Reeber; Melvin Mills - Old Grad; Gherrie Shealer - Minerva; Sandra Baker - Ethel; Sandra Shorb - Miss Delaware Water Gap; Peggy Kiser - Bjind Date; Gene Eyer - Bud Hooper; Ronald Putman - Professor Lloyd; Loretta Lieb - Gale Joy; James Kump - Jack Haggerty; Richard Airing - Chester Billings; Sandra Remsburg - Helen Schlessinger; Joan Cartzenadner - Miss Smith.

The play takes place at Winsocki Prep School. It shows the problems which arise when Bud invites a movie star to the biggest dance of the year. Special music between the acts will be presented by another group of seniors known as Sterling and His Silverettes.

The F.B.L.A. Club went on a field trip Friday, May 13, to Baltimore. They visited the Loyola Federal Savings and Loan Co., the Chevrolet Plant in Dundalk, and the Burroughs Adding Machine Company. Guided tours were given through each establishment and an explanation of the usefulness of the most modern business machines was given.

A General Electric Assembly was presented to the student body at THS on Monday, May 16, at 10 o'clock. The show, "Adventures in Science", was designed to stimulate school students to start planning their careers in scientific fields.

Material demonstrated centered around modern application of electronic data. A very striking demonstration consisted of transmitting music across the stage on a beam of light. This has many uses in communication between ships at sea and between locations having no obstructions between them.

Some chemistry appropriate for our local industry involved blowing some foam plastic. The material started in a small paper cup and then expanded more than forty times its original volume. Mechanics of space flight and problems of containing satellites in space were demonstrated.

The student body was very favorably impressed with the prospect of worthwhile vocations in the scientific fields.

Brownie Troop #820 met on Wednesday afternoon at the United Brethren Church. The girls practiced the flag ceremony in preparation for the coming Fly-up. The rest of the meeting was devoted to in-door games and the planning of a hike for next week.

Intermediate Troop #370 and #1202 took a joint trip to Philadelphia Pa., on Saturday, May 7. This was a tour planned by the Pennsylvania Railroads. It included a round trip train ride from Baltimore to Philadelphia, a sight-seeing tour by special bus, and a visit to the Franklin Institute.

The group saw the Betsy Ross home and visited Independence Hall, where they viewed the Liberty Bell and heard a recording of the origin and history of the Bell. Next they saw the room where the Declaration of Independence and the Constitution were adopted. The girls were especially interested in the restored furniture, quill pens and old spectacles which they saw there. An unexpected treat was also in store for them here. It so happened that at the time of their visit, colored slides were being shown. These depicted historical events which occurred at Independence Hall.

After eating a hot lunch at Horn and Hardart Restaurant, the group visited the Franklin Institute. Here they saw a special Planetarium show, and then spent a delightful two hours exploring the Institute. The large heart and the Bell Telephone exhibit were things which proved especially interesting. After a thoroughly enjoyable day, they returned to Baltimore at 6 p. m.

## Officers Visit Taney Lodge

Grand Master Harry D. Hilton, of the Grand Lodge of Maryland, Independent Order of Odd Fellows, paid Taney Lodge a visit last Thursday evening, May 12th. Other visitors present included, Deputy Grand Master, George Trotter; Grand Marshal, Homer Wilde; Deputy Harvey Nott; G.M.M. Maurice Ramsburg, and J. Glenn Criswell, of Frederick.

Bros. Trotter, Nott, and Ramsburg, of the visitors, and M. C. Fuss, Newton Sharrer, Wm. F. Corbin, Jr., and David Miller of the local Lodge spoke briefly.

The Grand Master gave a very interesting talk, speaking generally of the aims and achievements of the Order, and stressing in particular the splendid and efficient manner in which the I.O.O.F. Home at Frederick is being operated.

Brother Keilholtz donated two brooms (which he had made) to the Lodge for general use by the Janitor or anyone else in the lodge hall; he was extended a rising vote of thanks for the same.

The Lodge voted to pay a Fraternal visit to Daniel and Jacob Lodge in Manchester in the near future.

A Committee of David Miller, Wm. Corbin, and Birnie Staley was appointed to arrange some type of meeting of special interest in the near future.

This meeting was well attended by Taney Lodge members and a real fraternal spirit was maintained throughout.

The Secretary announced the reappointment of Bro. Walter Hiltbrink as Deputy of Taney Lodge, by the Grand Master, for the ensuing term.

After the meeting adjourned refreshments were served.

## Social Security for Household Workers

& Many persons in Carroll County who hire maids, cooks, babysitters, and other household workers are not reporting the wages paid to them, according to L. J. Gillespie, Field Representative, of the Baltimore (North) Social Security District Office that serves this area. Failure to file the required report often results in a loss of benefits to the worker and in many instances causes the employer to pay several years of back taxes and penalties.

One common misunderstanding is the belief that a part-time household worker is not covered under Social Security. Mr. Gillespie emphasized that if a household worker is employed only one day a week and is paid as little as \$4.00 a day, a report of the wages must be made. The law requires a report if cash wages of \$50.00 or more is paid in a calendar quarter. The report for April, May and June 1960 is due in July. Blank returns for reporting the wages and paying the tax may be secured from the nearest Internal Revenue Service Office; or card to order a blank return may be had for the asking from your Social Security Office, 3107 Greenmount Avenue, Baltimore 18, Maryland.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning a smile that shall last until the next dawn. I wish you health-life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Never have I seen so many beautiful girls and women as there were down at "The Flower Mart" even many more than last year. The affair was truly a bigger success than other years and although there was a little chilly breeze as I sat in front of the fountain before a big round table—each individual awaiting his or her turn for a "Reading" of their Horoscope, I had a full bird's eye view of the crowds coming from the southern walk and no one seemed to mind the weather at all. There was such a gay atmosphere throughout the day with the colors of Spain or Italy. The wearing apparel of the ladies visiting the Mart was most interesting and most CHIC—beautifully groomed with matching or corresponding shades from head to toe. It was truly thrilling and although I am a woman, I do admire beautiful women in any place. BALTIMORE SEEMS TO HAVE THEM ALL!

### "GRASS ROOTS OPINIONS"

EUGENE, ORE., REGISTER-  
GUARD: "Under present law a per-  
son must forfeit his social security  
money if he makes more than \$1,200  
a year. This is unrealistic.

"It would be different if social  
security were some kind of largess  
from the government. But it isn't.  
It's something the oldster has com-  
ing to him. He contributed to the  
fund, and so did his employer, while he  
was working. It's his money. He  
shouldn't have to agree to live a life  
of poverty in order to get it."

SOUTH PASADENA, CALIF.,  
REVIEW: "A proof that private en-  
terprise can do it better is pointed up  
by the operation of the Canadian rail-  
roads. During the past 15 years the  
Canadian Pacific Railroad, a privately  
owned railroad system, earned a profit  
of 448 million dollars. At the same  
time the publicly owned and managed  
Canadian National Railroad system  
showed a loss of 653 million dollars.

"The Canadian Pacific (privately  
owned railroad) paid \$68 million dol-  
lars in dividends to its stockholders  
and 340 million dollars in income taxes  
to the Canadian government. The  
Canadian National paid no taxes, but  
the taxpayers had to make up the  
deficit on its operation."

PLATTSBORO, NEBR., JOURN-  
AL: "It should be remembered that  
the United States is the most power-  
ful country in the world, and certainly  
the richest, and therefore we encoun-  
ter a certain amount of resentment  
or envy, among the peoples of poor,  
less fortunate countries. If we flout  
our wealth and are loud and generally  
bombastic, it makes a poor impres-  
sion on the more quiet less aggressive  
people of more downtrodden countries.  
"Therefore, the conduct of Ameri-  
can tourists will be increasingly im-  
portant in the years to come."

WALTERBORO, S. C., PRESS  
AND STANDARD: "Until the Ameri-  
can people realize that neither the  
federal government, nor anyone else,  
owes them a living and special privi-  
leges for performing a duty, this  
country is going to go further and  
further into socialism."

BARTOW, FLA., DEMOCRAT:  
"If the state of being alive is some-  
thing to be muchly desired, former  
Foreign Minister Molotov of Russia,  
presently ambassador to Outer Mon-  
golia, is indeed a lucky man... seems  
that he recently underwent major  
surgery... most displaced former  
big shots in the Russian set-up don't  
live long enough to undergo surgery  
...they seem to just disappear."

LONDON, OHIO, PRESS: "There  
are over 1,000 taxes on a quart of  
milk-land tax, tractor tax, tax on  
feed, tax on income, tax on tax on tax.  
It appears that the politicians have  
bought our votes with our own money.  
By the simple device of sticking our  
heads in the sand, we have made it all  
possible."

NORWALK, CONN., HOUR: "It is  
sad that young men starting out in  
life should be thinking about retire-  
ment, but it is quite in step with  
some of the attitudes of the times.  
Something very close to security-  
mania grips millions of people these  
days....

"Fortunately, while there are mil-  
lions who fight tomorrow's anxieties  
before they are born, there are also  
more millions who are prepared to  
wait until they arrive. And if that  
seems like excessive adventurousness  
let us reflect that this country was  
founded by adventures and it will  
continue to grow if its youth post-  
pones thoughts of sunny verandas and  
retired ease."

QUERO, TEXAS, RECORD: "We

have developed a cult of conformity.  
Members of the most intelligent and  
most successful groups of our citizenry  
are also the most reluctant to be-  
come involved in political or ideolog-  
ical controversy....

"This indicates a distressing trend  
toward the drab grey conformity—  
the facelessness—that is the mark  
of the collective state. When people  
lose courage to be different, they  
become grist for the Mistaken mill,  
for Mistaken philosophy succeeds only  
when people lose their individual  
before the impersonal, all powerful  
state."

BANDON, ORE., WESTERN  
WORLD: "In the busy modern world  
of today... we fail to stop and real-  
ize the value, and the importance, of  
some of the things that have trans-  
pired and that have made it possible  
for many of us to enjoy comparative  
security and prosperity today.

"We have reference to industry,  
which affords employment, setting  
up payrolls that directly and indirect-  
ly furnish the dollars that so per-  
tinent affect the economics of the  
community. We go along, day after  
day, and year after year, taking for  
granted that the mill whistle will  
blow at six in the morning, and that  
payday will roll around twice a  
month. Seldom do we stop to con-  
template, how, and because of whom,  
do we enjoy this situation."

ALBERT LEA, MINN., EVEN-  
ING TRIBUNE: "The 'grants-in-aid'  
thing has been growing like a political  
cancer. Senator Byrd points out that  
in 1934 the Congress approved the  
spending of \$126 million in this fash-  
ion, but by 1959 the amount spent  
by grants-in-aid had soared to \$6-1/2  
billion laded out to States and local

WEST POINT, MISS., DAILY  
TIMES LEADER: "Once in awhile  
something happens that restores your  
faith in human nature...for in-  
stance, we were thinking of the mer-  
chants, manufacturers, and profes-  
sional men who regularly sponsor the  
weekly 'support the church' messages.  
Local pastors have told us from time  
to time that the messages...are of  
great value to all local churches...  
Too often we are inclined to think  
that anybody who spends a dollar  
for advertising does it from a purely  
selfish standpoint. But here in West  
Point, the 'support the church' mes-  
sage has been running for many years."

## 4-H's Clover Leaf Grows in Latin America Too!

DEARBORN, MICH.—The famed symbol  
of the American 4-H Club takes many forms  
as the rapidly growing movement spreads  
through Latin America. Illustrated above are  
the insignias collected, along with detailed  
information on the young movement, for  
the first edition of Ford Motor Company's  
Yearbook for Rural Youth in Latin America.  
The book, first of its type, will be published

CURRENT EVENTS  
FIFTY YEARS AGO

Strawberries are ripening and are unusually plentiful.

William Sluss and wife, of Kansas visited Mr. and Mrs. Hezekiah Hawk, this week. Mr. Sluss was once a resident of this neighborhood, and is now an extensive land owner in Kansas.

Hobson Grove school closed, last Wednesday, May 11. The teacher, Mr. George D. Hicks, went to the hospital at Buffalo, N. Y. for an operation. The pupils who made regular attendance the last term, were Bertha and Carrie Hahn, Blanche and Charley Hahn.

A draftsman for the Sanborn Map Co., was in town, this week, preparing a new map of the town.

Rev. Seth Russell Downie was formally installed pastor of the Presbyterian charge on Tuesday.

Tyrone.—While Jacob Haines was tearing down an old porch, at his residence, he found some old papers stored away in the mortice of one of the posts. Among the papers was a Union ticket of 1861, which was as follows: For Governor, Augustus W. Bradford; Comptroller of the Treasury, Samuel S. Maffitt; Commissioner of Public Works, Edward Shriver; Judge of Circuit Court, Madison Nelson; House of Delegates, Somerset R. Walters, Warren L. Little and Geo. Everhart; County Commissioners, Ben Shunk, Tom F. Shepherd and John H. Chew; School Commissioners, Isaac Dern, Wash. Senseney and Joseph Hoppe; Sheriff, Jeremiah Baby-lon; County Surveyor, James Kelly; Justices of the Peace, Henry H. Harbaugh, John Hesson, Levi Fleagle and Joshua Switzer; Constables, Alfred S. Warner and Wm. Singer; Road Supervisor, Samuel Beck. On the back of the ticket the following was written: "Geo. H. Routson, Uniontown, Md. voted this ticket, Nov. 6, 1861. The whole ticket was elected; the state ticket by 30,000 majority and I am glad to say it. Hurrah for the Union! Down with Secession." Also the following names of the carpenters who built the house—Andrew Slonaker, Thomas Johnson and Geo. H. Routson.

HEALTH HINTS

**Straight Talk To Dieters**  
Thirty million Americans are still overweight, despite a decade of "blitz" diets, "liquid" diets, and "stuff-and-grow-thin" diets. When all the smoke of the conflicting views about how to lose weight clears away, there's only one kind of diet that works: a "cut-down-on-your-food" diet.

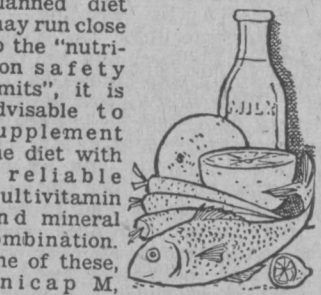

In other words, if you're overweight and want to lose pounds, there is very little to help you except will power, certain appetite-suppressing drugs that must be taken under medical supervision, and the experience of those who have successfully lost weight.

This experience boils down to three practical tips:

First — every diet, declares the Council on Foods and Nutrition of the American Medical Association, should contain "milk, fresh fruits and vegetables, lean meats and some cereal grain products daily."

Second — no long-term diet should drop beneath 1,200 to 1,500 calories a day, regarded as a minimum to sustain energy and health. Since even a well-planned diet may run close to the "nutrition safety limits," it is advisable to supplement the diet with a reliable multivitamin and mineral combination. One of these, Unicap M, has been developed by The Upjohn Company especially for dieters. It provides the key elements needed for good health that may be insufficient in even the best planned diet. Yet Unicap M contains only one calorie.

Third — anyone aiming at a weight loss of more than ten pounds should diet under the supervision of a physician.

## Let Your Range Help You Cook

While she runs an errand to the market her range "looks after" dinner. An automatic surface unit holds food at selected cooking temperature till she returns, without scorching or boiling over.

Home cooking has never been more creative than it is today. With the many automatic features on modern electric ranges, the homemaker can be as original and experimental as she likes.

The secret, according to home economists at General Electric's Consumers Institute, is first to learn the use of these special automatic features, and then to let them help you cook.

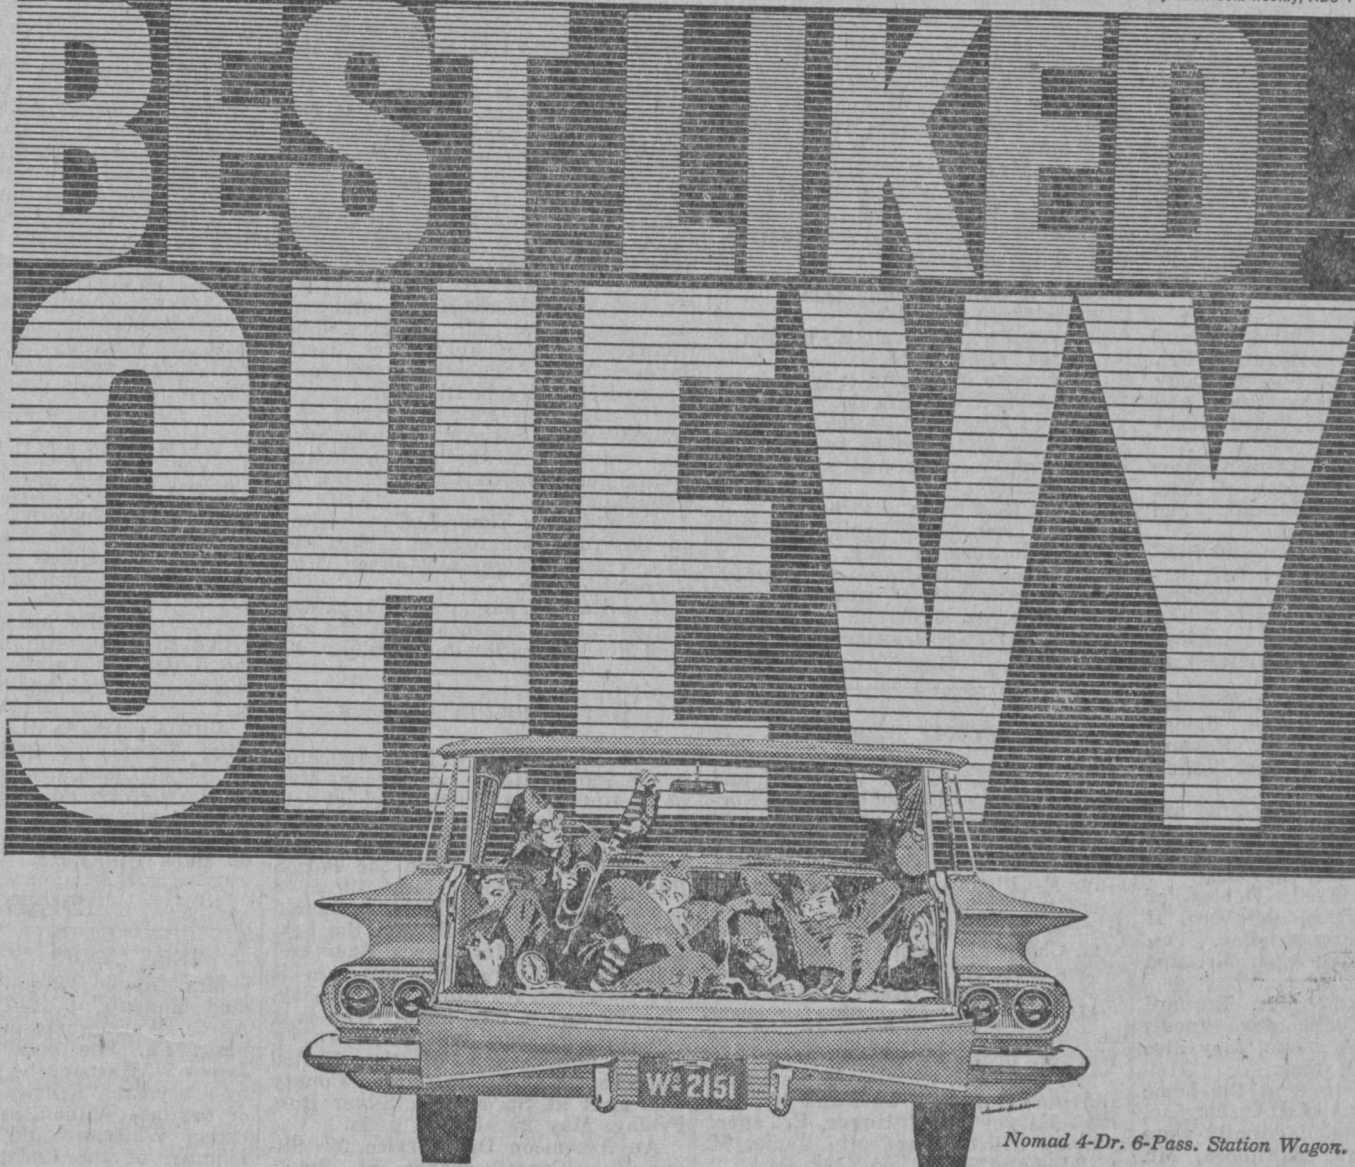

The Sensi-Temp unit, for instance, simplifies top-of-the-range cooking tremendously. This surface unit is thermostatically controlled, which means it is automatic and will not vary more than two degrees above or below the temperature you select. You can set it for "Simmer," for "Low, Medium or High Boil," or for any degree of temperature between 150° and 500°.

Automatic oven timers are another "must" convenience. By setting Start and Stop times, you can be sure your oven will turn itself on and off at the right time even when you are out of the kitchen or away from home.

Don't neglect such helpful range accessories as the automatic griddle, the electric meat thermometer and, of course, the automatic oven rotisserie for deliciously-flavored meats. Make all these automatic aids work for you and cooking will be a joy!

A smile is quite a funny thing; It wrinkles up your face, And when its gone you'll never find its secret hiding place. But far more wonderful it is To see what smiles can do. You smile at one, he smiles at you, And so one smile makes two! He smiles at someone, since you smiled, And then that one smiles back, And that one smiles until in truth, You fall in keeping track. And since a smile can do great good, By cheering hearts of care, Let's smile and smile and not forget That smiles go everywhere.

-The Young Soldier.

## "SPICE 'N' EVERYTHING NICE"

(Continued from 1st Page)

Just about everything was sold at the many booths of course all the awnings overhead so colorful. All those ladies working so hard and they plan months and months for the big doings and prepare accordingly.

First time in the 48 years there was a man's booth and consequently more men this year attended the affair than ever before. Mrs. Jean Hofmeister made a grand and successful Chairman but that is May for you as anything a May person plans on doing, you can really bank upon the Taurus individual for success!

It was wonderful meeting so many friends who came to my table.

High frames were made for the display of the lovely paintings and they were most interesting. Miss Marie Tiffany of 916 Tyson Street Artiste (Paris's Row) topped all. She studied in Paris at Julian Academie. All were 'For Sale' and if you are interested to purchase one, that is her home address. That would be a grand wedding gift!

And thinking of Tyson Street—it will be opened to the public on June 4 when they will hold the tenth annual Tyson Street Open House. Do plan for that, for it is as interesting as a row of houses in Paris. Those homes were built before the War of 1812 and were later slum dwellings until 1946 when new owners took them over and rehabilitated them. The homes represent a wide variety of architectural styles and the interiors are most interesting and differ as to decorations and furniture. Each year funds are raised for various organizations such as the Mentally Retarded Children. This year, I understand there will not be a set fee as other years but all visitors will be expected to make contributions.

A beautiful letter arrived from the precious, pleasant and most popular lady in any country—Mrs. Eleanor Roosevelt—to add to my famous Collection!

Letters to be answered—Dear Observer:—My daughter is engaged to be married and has a fine position making an excellent salary. She is engaged to a very fine young man and she as well as he keep saving for which I am very glad. My daughter now has about \$1,000 in the bank. We are just working people and she expects her father to pay for a big wedding with all the details of which we cannot afford. Don't you think she should help with this big expenses so as we do not have to go in debt? I will appreciate a reply. Signed Worried Mother.

Dear Worried Mother:—Yes, I think your daughter should pay for almost all of her wedding and this you should positively have her understand before the approaching date. She will have more respect for you and your husband if you do not go in debt. The bedroom set you are buying for her as her wedding gift of which you write alone that should be sufficient and she should realize this without any fuss. Your Obs.

Dear Observer:—We are the parents of a very fine boy who is engaged to be married to a beautiful girl but she is a terribly untidy one as to her room right now as her Mother has told us many times and in fact we saw her room just once and her bed made as though the bed clothing was just about thrown upon it plus all drawers of chest and bureau open with things of all description hanging out and the closet wide open with box lids on the floor and etc. Never have I seen any room in such disorder! My son is what you would call immaculate and I fear about the marriage which is to take place very soon. I know positively my son would not live like that. Is it possible that such a type of a girl could change? That marriage won't last six months. We do not say anything about it to my son but I have expressed my opinion to the girl's mother and she has agreed with me. I hope you will answer this soon. Thanking you! Signed Parents. Dear Parents:—It is most unfortunate about this beautiful girl. Many, many times daughters as well as sons surprise both parents after their marriage as to improving such conditions and I truly hope so for all concerned.

It is possible for you and the girl's mother to have a talk with her about conditions as to being frank with her? I must be frank with you by candidly stating there are people in life who are really born just that way and nothing seems to help them. After marriage, I hope you won't say anything to the couple but I do think every young man or woman regardless of age should be told about one another's faults—not pretend they are all goody-goody and I think you know just what I mean. I do hope that you will write me after a few months and let me know how it all turned out and if there was a decided change. Your Obs.

Well, Folks "Father's Day" will soon be rolling round so be sure and prepare for that grand man in your house—that man who pays and pays the bills! Have a nice week-end. Drive slowly and that way you can enjoy it all the more. Until next week D. V.

I am,  
Faithfully,  
Your Observer.

## A Rice Dessert For Dinner Success

Baked Rice Pudding is hearty, delicious and 'good lookin'. And it takes so little time—compared with the old-fashioned kind—when made with packaged pre-cooked rice.

## Baked Rice Pudding

Combine packaged pre-cooked rice and milk in saucepan. Mix just to moisten all rice. Bring quickly to a boil over high heat. Remove from heat. In a 1 1/2-quart baking dish, mix together the eggs, 1/2 cup sugar, salt, nutmeg, and vanilla. Add hot rice mixture slowly, mixing well. Place in pan of hot water. Bake in moderate oven (375°F.) 35 minutes, stirring after 10, 15, and 20 minutes of baking.

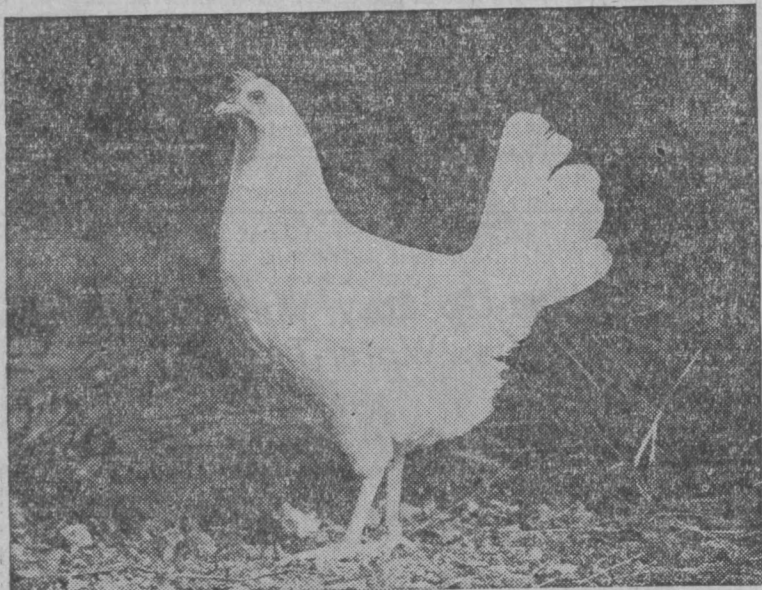

Beat egg white until foamy throughout; add 1/2 tablespoons sugar, 1 tablespoon salt, and continue beating with rotary beater until mixture will stand in soft peaks. Drop by spoonfuls on top of pudding. Return to oven and bake at 400°F. until meringue is lightly browned (about 5 minutes) makes 5 servings.

Beat egg white until foamy throughout; add 1/2 tablespoons sugar, 1 tablespoon salt, and continue beating with rotary beater until mixture will stand in soft peaks. Drop by spoonfuls on top of pudding.

Busy mother of three finds telephone gives 21 extra hours in two weeks...saves \$17<sup>38</sup> and 200 miles of traveling

Mrs. Duden uses her phone to find out if a local fabric store has some material she needs.

Mrs. H. Richard Duden of Annapolis recently kept a two-week record of all her family's telephone calls. For each call she also estimated any expense, time and traveling that were saved by being able to telephone.

At the end of two weeks, her tally showed that the telephone had given them almost a full day of extra time, and had saved far more in traveling expenses than

the cost of their telephone service.

Whether it was a call to summon a washer repairman or rounding up the youngsters, the phone made busy days easier.

Mrs. Duden found, too, that some calls provide pleasure and peace of mind that can't be measured in time or money saved. For instance, her husband who is an insurance representative and football coach, had to make a busi-

ness trip to Florida. His Long Distance call to the family went into a "special" category of her telephone diary.

Perhaps you might like to keep a diary to see what your telephone does. We think you'd find, too, that your telephone saves much more in time, trouble and expense — than the cost of having it.

### Sincere Religion

Lesson for May 22, 1960

THE Greeks had a word for it. One of their words which we translate by the word, "sincere" meant looking the same in all lights. The old-fashioned crooked merchant did not keep his store well lighted. If you were buying cloth, or anything made of cloth, you had to take it to the front of the store where you could get a good look at your purchase by daylight. And you wouldn't buy, unless what had looked good to you inside the store looked just as good on the outside.

Dr. Foreman

A sincere man is likewise a man who looks the same in all lights. He is the same around the clock. You know what he is like and you know he will stay that way. He says what he thinks and hopes people will agree with him; but if they don't, he still says what he thinks.

The Romans had a name for it too, a word which is the direct ancestor of our word "sincere." It is said that the original word meant "without wax," and referred to fine porcelain or alabaster that did not have cracks and holes filled up by wax. A sincere person thus would be one who is what he seems to be. He is not synthetic, he is real. He is not fragile, he is solid.

#### Sincere Prayer

Of all human activities, you would think that religion would be the most free from insincerity. But everybody knows how hypocrites collect around churches, and every Christian knows how hard it is to be sincere all the time. Jesus never used the word "sincere" but he often referred to hypocrites, who are the opposite of sincere. As usual, Jesus expressed what he meant by illustrations, not by long words.

Let us define sincere religion in terms of a sincerely religious person.

(There is not any such thing, of course, as "religion" by itself. It is always in people. Anything on paper, like this column for instance, or even the Bible, can only point you to religious persons.) According to Jesus, the person whose prayers are heard by God and whom God rewards in the end, is a person who really prays to God and not for a show-off. Hypocrites, he said, pray while thinking about how their prayers will impress other people. They want people to know they are praying. Now maybe many a Christian who doesn't pray to impress other people does pray to impress himself. He is extremely careful about his language, as if he were writing the prayer for a class in English. He is careful about how long it is, and so on. Many people are afraid to pray in public, not because God might not like it, but because some human being would smile at it. Isn't that ridiculous?

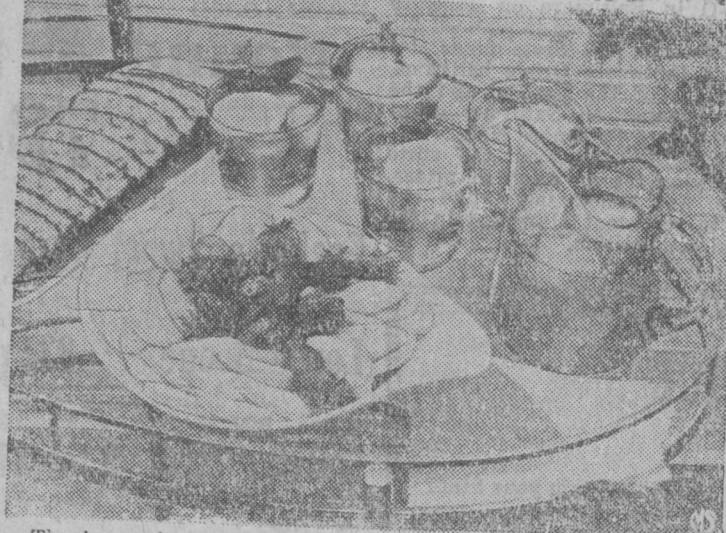

#### Sincere Generosity

A religious person prays, a religious person is generous. We all agree on that. But not every one who prays, and gives to the church, is religious in the way Jesus expects his followers to be. Insincerity spoils it all. If prayer is a form of self-advertising, then it is a worthless prayer. And if generosity is a form of self-advertising, then it is worthless too. The sure way to be certain you are really generous is to ask yourself: Would I be just as generous if no one knew about it? To want to get "credit" for the good actions you do shows that you are not sincere. What you really are after, in that case, is not to help others but to boost your own stock.

There are two kinds of people in particular who are perhaps more tempted to sincerity in religion than most people are: Preachers and parents. This is because they are supposed to set good examples, and because they live in plain view of the people (church members, or children) whom they are supposed to influence for good. The Pharisees of Jesus' time were also looked up to as religious leaders. But they fell for the temptation of "putting on a show." To be religious because people expect you to be; to be religious because you have to be; to be religious because you want your example to be seen far and wide; to be religious for any reason at all except first of all and above all to please God, is to be a religious fake.

## FAMILY-SIZED TEABAG — SUMMER BOON

The increasing number of companies now packing family-sized teabags to facilitate making iced tea, give credence to the beverage's ever-growing popularity. The family-sized teabag now makes it possible to prepare iced tea with a minimum of effort. Boiling water, enough tea and the proper brewing time are all you need. Since there are as many blends of tea as there are brands, follow the specified brewing instructions on the different packages to extract the full flavor and benefit from the tea leaves.

The large family-sized teabag should be a boon to homemakers who find it difficult to keep a sufficient supply of iced tea on hand to meet the family demand. To have a pitcherful of refreshing iced tea ready any time of day is perhaps one of the most humane acts you can perform during the hot summer months. Once the cool, refreshing beverage trickles down a parched throat, the magic begins to work. What was once a hot, sultry day suddenly becomes a rather pleasant one. Another nice thing about iced tea is that it doesn't fill you up. This is important to remember since it has no calories and you can drink all you want — or need — to replace the loss of body fluid due to perspiration.

A fresh fruit salad always makes a welcome luncheon dish on hot days. . . and if you accompany it with hot biscuits or a homemade fruit bread, you'll really hit the jackpot in terms of pleasant summer meals. Here's a recipe for Apricot-Walnut bread that's just right for the occasion.

#### APRICOT-WALNUT BREAD

(Makes 1 loaf)

1/2 cup dried apricots 3 teaspoons baking powder  
1 egg 1/2 teaspoon baking soda  
1 cup sugar 1/2 teaspoon salt  
2 tablespoons melted butter 1/2 cup orange juice  
2 cups flour 1/2 cup chopped nuts

Soak apricots 1/2 hour. Drain and grind. Beat egg. Add sugar and butter. Mix well. Sift flour with baking powder, baking soda and salt. Gradually add orange juice and flour mixture alternately to egg mixture. Dredge apricots with a little flour mixture. Add apricots and nuts to batter. Pour into well-greased loaf pan. Bake in moderate hot oven 350°F. 1 1/2 hours or until done. To serve, cut thin. Delicious with chilled fruit salad and iced tea.

## MEETING OF THE BOARD OF EDUCATION

### Many Items of Important Business Transacted

A regular meeting of the Board of Education of Carroll County was held on May 10, 1960 at 9:30 A. M. with President DeVries H. Hering of Sykesville presiding.

Mr. Nathan G. Weinstock, newly appointed member of the Board, was introduced and explanation were given regarding Board meetings and other related details. Mr. Weinstock expressed himself as being happy to render service as a member of the Board.

Approval was given to the minutes of the April meeting with suggested corrections.

As this was the annual meeting of the Board the reorganization was accomplished by the re-election of DeVries R. Hering as President and Clifton W. Warner as Vice-President. The Board took action to rename L. Pearce Bowles of Mt. Airy as Attorney to the Board and deferred action in connection with insurance until a later meeting.

The Board approved the recommendations of the Superintendent in connection with the Supervisory Staff with changes and additions. John F. Wooden, Jr. was named as General Director of Instruction in addition to his supervisory duties with responsibility for liaison and organization duties connected with supervision.

Gerald E. Richter was renamed Supervisor of High Schools as well as Mrs. Margaret M. Bailer, Mrs. Josephine D. West and Mr. Philip S. Royer (part-time). Mrs. West's duties involve the field of Home Economics and School Lunch and Mr. Royer works in the county in connection with the supervision of music.

The Board took action to name an additional supervisor, recommended by the Superintendent, Mr. Evan F. Bowers to serve as Supervisor his time to be divided between High Schools and Elementary Schools. Miss Ruth E. DeVore and Mr. Charles E. Reck were renamed to their duties as Elementary School Supervisors.

Included in the approvals was the designation of Charles Ecker as Supervisor of School Transportation with some duties in connection with physical education and athletics. Miss Mae Prince was renamed for part-time duty as Supervisor in Elementary schools and Mr. Herbert Phillips as part-time assistant in the field of school transportation. The Board approved Miss Maye E. Grimes as Supervisor of Pupil personnel and Mrs. Dolores J. Snyder, Visiting Teacher.

An additional visiting teacher was named, Miss Mary E. Huber, presently a teacher in the Westminster Jr. High School. Mr. Evan Bowers, who was named as a new supervisor is a native of Carroll County and has devoted his entire teaching career to the county schools. He is presently principal of the Sykesville High School.

Miss Mary Huber is a graduate of Carroll County Schools and has been a teacher in the county for a number of years. The Superintendent is expected to recommend specific responsibilities and school assignments for supervisors, prior to the opening of schools in September. Because of the need for continued service in the accounting field it was recommended that Mrs. Nadine F. Saylor be employed on a full-time basis.

Action was taken to approve the recommendation that Mr. Louis Beard be assigned to position of principalship at the Robert Moton School after accepting the resignation of Mr. Francis W. Gates as the Robert Moton School Principal. Mr. Beard is resigning to accept a similar position in Caroline County. Mr. Beard is a native of Baltimore County and attended Baltimore County Schools, graduating from Morgan College in Baltimore in 1955. He has been a teacher in the Carroll County Schools since 1955.

The Board also took action to approve the appointment of John C. Graybeal as Principal of the Sykesville High School to succeed Mr. Evan Bowers. Mr. Graybeal is a native of Cecil County, Maryland and attended Salisbury State Teachers' College receiving his degree from the University of Maryland in 1950. He has been a teacher in the Carroll County Schools since 1955 and is presently vice principal of the North Carroll School at Greenmount. Mr. Graybeal is a graduate student at the University of Maryland in graduate courses in education.

The Board approved the current financial transactions and directed that they be made a part of the minutes of the meeting.

Approval was given for the employment of new teachers to be assigned to teaching positions in September as follows: Sygmunde C. Sobak, Nancy L. Gosnell, Marlene D. Averitte, Lucile Youngberg, Mildred L. Bankert, James O. Butcher, William Ray Ecker, Mary Alice Jennings.

The Board took action to accept the resignations of Dale F. Leese, Taneytown Elementary; Mary Copenhaver, Taneytown High; Shirley C. Mussari, Sykesville High; Richard Harris, Sykesville High; Donna Sir-Louis, Sykesville High School. Leaves of absence were granted to a number of teachers for the school year 1960-61.

The Board approved the temporary employment of Mrs. Marjorie Spangler as a substitute teacher in the Sykesville School for the remainder of the school year to replace Mrs. Mussari.

Copies of resolutions prepared following the April meeting were approved. These were sent to the Senator, Delegates, Governor and others regarding the absorption of the teachers' colleges into units of the University of Maryland. Approval was also given for a resolution of respect for Mr. Elmer Pfoutz as a member of the Board of Education and for resolutions regarding the retirement of Mr. Arthur Griffie, Miss L. Naomi Derr and Mr. Ollie P. Jones. Further discussion took place regarding the recommendations of the

Warfield Report in connection with the Teachers' College merger.

Board Members were furnished with copies of letters and other correspondence growing out of actions taken in connection with purchasing and other items. Enrollment reports for the month of April were distributed showing a total enrollment at the end of April of 10,217 pupils. Advice was given to the Board regarding the participation of the schools in the National Civil Defense exercises of Tuesday, May 3.

The Board took action to approve correspondence addressed to the State Aviation Commission with respect to the proposed airport at Mechanicsville and gave approval for the opening of bids and the awarding of Contracts on the improvements at Hampstead on May 17 when Board Members are expected to be present at the opening.

Approval was given for the sale of a school bus which had been advertised for sale and for which bids had been received.

Attention of the Board was called to the Third Annual Conference of the Md. Association of Boards of Education to be held in Hagerstown, October 5, 6, 7. It is hoped that the local board will be represented.

Action was taken in connection with service contracts on typewriters and time equipment in the schools of the county for the coming school year.

The Board also approved the suggestion of the Superintendent that a conference involving citizens from the various school districts of the county be planned for September or October at which time study would be given to the proposed changes worked out over a period of several years in connection with state financing.

The Board was given a brief report on progress in building improvement planning at Taneytown and Hampstead.

A brief report was also given regarding changes in transportation as well as the construction of a service building to accommodate service personnel and the equipment. It is planned that this building will be constructed on grounds adjacent to the Westminster Jr. High School and access will be from Monroe Street.

Approval was given for several miscellaneous items in connection with the school operations and approved a continuation of repair activities during the summer and a workshop for elementary teachers.

The Board also gave approval for preliminary planning of opening conference and other conferences related to the opening of schools in September.

A brief report was given on progress being made in connection with the filling of teacher vacancies for 1960-61, and directed that continued effort be made to assure as competent teaching staff as possible for assignment to positions 1960-61.

The Board adjourned about 1:00 P. M. to meet in regular session on the second Tuesday in June.
