Mr. and Mrs. James Baumgardner have returned home following a month's vacation in Ocean City. On Sunday their son and family Dr. and Mrs. George Baumgardner, and son James, of Baltimore, visited with them.

A Red Cross Course in Senior and Junior Life Saving, instructed by Jack Marsh, will be held at Meadow View Pool, Union Mills, August 12 to 26. Anyone interested contact Red Cross Headquarters, TI. 8-4334 before that date.

Sunday guests of Mr. and Mrs. A. D. Alexander were Mr. and Mrs. Robert Sherald, Sr. and Mrs. Robert Sherald, Jr. and Mr. and Mrs. Allen Beals, of Annapolis and their daughter Miss Mary Louise Alexander of Arlington, Va.

The Taneytown Agricultural 4-H Club met at the home of Mr. and Mrs. Thomas on Monday, July 25, 1960. The meeting was started by the 4-H pledge. The old business was to finish planning the 4-H picnic and 4-H tour. Following the meeting a weenie roast was enjoyed by all.

Mr. and Mrs. Edgar K. Fleagle entertained over week-end, Mr. David Hahn, Mr. and Mrs. Paul Warehime, Mr. and Mrs. Martin Koons, Mrs. Oscar Huot, Mrs. Katie Collins, Mr. and Mrs. Stoner Fleagle, daughter, Pery, son Philip, Stephen Feeser, and Miss Belva Koons.

The second Hiltbrich reunion was held on July 31 at the Taneytown Memorial Park, Taneytown, Md. There were forty-five persons present representing six States, Maryland, Virginia, New York, Pennsylvania, Wisconsin and Illinois. Recognition was given the people who came the farthest. Mr. and Mrs. George B. Clifton, Omarga, Ill.; Mr. and Mrs. David Welcomer and family, Wauwatosa, Wisconsin; Mr. and Mrs. Donn Hiltbrich and family, East Syracuse, New York and Mr. and Mrs. Frank Hawk, Hampton, Va. Also the two oldest members present, Mr. Charles Hiltbrich and Quillie Weant; the youngest Irene Hiltbrich, daughter of Robert Hiltbrich, Baltimore were recognized. Officers were elected for the coming year as follows: C. David Hiltbrich, Pres.; Walter W. Hiltbrich, Vice-Pres.; Ruth H. Simpson, Sec'y-Treas.; and Maurice I. Hiltbrich, Historian. It was decided to hold next year's reunion on the last Sunday in July at the same place. Ice cream was served following the business meeting.

Jaycees Observe Past Presidents Night

The Taneytown Junior Chamber of Commerce's past presidents' banquet and installation of officers was held Saturday night at St. Joseph's Hall with over 50 persons present. The master of ceremonies was J. Robert Waddell. He introduced Fred Steppe, Maryland Jaycee president who installed the following officers: Harry Dougherty, Jr., president; Dean Nussbaum, first vice-president; Robert Bowers second vice-president; Crawford Banks, Jr., secretary; Arthur Garvin, Jr., treasurer; James Fair, state director.

The Maryland Jaycee president then issued a challenge to the newly installed officers. He challenged them to make Taneytown a better place to live in this troubled world. He stated that thousands of small chapters, like Taneytown, can truly change the world.

Past presidents present were Edward Sauble, Robt. Boone, J. Robert Waddell, Robert Flickinger. Immediate past president, Robert Flickinger was presented a small gift by the club for his outstanding work.

Pins for 100 percent attendance for the four years the club has been operating were given to Elwood Harner, J. Robert Waddell, Harry Dougherty, Jr., Robert Boone. One year 100 percent pins were awarded to Glenn Bollinger, Robert Boone, Kenneth Crouse, Harry Dougherty, Jr., Robert Flickinger, Dean Nussbaum, Robert Waddell, Elwood Harner.

Guests introduced were: Robert Bond, Maryland Jaycee vice-president district two; Raymond J. Perry, Taneytown Mayor; Frank Dunham, second vice-president Taneytown Chamber of Commerce; Glenn Reever, Taneytown Lions Club president; Thomas Albough, Taneytown Kiwanis Club president; Charles L. Stonesifer, Carroll Record; Frank Grumbein, Evening Sun; Donald Hewitt, photographer. Music for dancing was played by Gene Frocks orchestra.

Officers and directors of Maryland's more than thirty-five local Jaycee Chapters met in the Maryland State House in Annapolis on July 29 and 30th for the planning session and state board meeting of the Maryland Junior Chamber of Commerce. State President Fred Steppe assures us that an excellent program has been arranged toward the development of sound program for the current year. Taneytown's chapter was represented by the local's president, Harry Fair, state director, DoughertyDopgherty, Jr., and James

Wednesday 27, at 3:35 p. m. Two engines responded to a tractor fire on the Charles Rohrbaugh farm Diehl road. Mr. Rohrbaugh was injured and taken to the doctor's office in Taneytown. The fire was confined to the tractor and firemen were back in service within half an hour. Chief Miller was in charge at the scene.

Ambulance Transports:

Wednesday 27, at 10 a. m. Mrs. John Eckenrode was taken to University Hospital in Baltimore.

Sunday 31, at 6:55 p. m. Mr. Waltson was taken to York Hospital following an auto accident in Route 194 1 mile out of town on the Frederick road.

Monday Aug. 1, at 10:50 p. m. Mr. Rohrbaugh was transported to the Doctors office in Taneytown.

Monday, Aug. 1, Taneytown ambulance crew assisted the Littlestown and Gettysburg Fire Departments when a pick-up truck loaded with 18 boys from Hoffmans Orphanage overturned on the Littlestown, Harney road. All boys were rushed to the Gettysburg Hospital for treatment.

Public Law 86 - 211

G. Ernest Lipps, Assistant State Service Officer of the Maryland Veterans Commission, Winchester Hall, Frederick, Maryland, announces that there will be a change in the pension law for widows and minor children of veterans of World War II and the Korean Conflict.

Previous to July 1, in order for a widow or child of the veteran to qualify for benefits the veteran had to be receiving compensation benefits for a service-connected disability at the time of his death.

Starting July 1, the widow or dependent children of any deceased veteran of World War II or the Korean Conflict who had an honorable discharge can qualify if she can meet the income limitations.

The children of the deceased veteran will be eligible for benefits if they meet the requirements even though the widow has remarried or if her income is over the limitation and the child or children meet the income bracket they can still qualify.

It is suggested that the widow or the guardian of any minor children of deceased veterans contact the Maryland Veterans Commission office in Winchester Hall, Frederick, Maryland, Monday through Friday from 9:00 a. m. until 4:00 p. m. The office is located on the third floor of the East Wing.

Mr. Lipps is also in Westminster every Friday at the Employment Office, 25 Liberty Street, Westminster, Md. from 8:30 a. m. until 3:00 p. m.

Ez Tike's wife has taken to hiding the liquor on him—he seems to find it though must be his fifth sense.

By the time a man can pay a fancy figure for his wife's clothes, she usually doesn't have one.

REVISED RATES FOR ELECTRICITY

P. E. Company Requests Permission from the P.S.C.

Mr. D. E. Stultz, president of The Potomac Edison Company, today announced that his company has filed revised rate schedules with the Public Service Commission of Maryland which will result in reducing the cost of electricity to the company's customers by approximately \$342,000 annually and will also make a new special low rate available to users of electricity for house heating purposes.

The formal filing of the new rates follows a series of conferences with the Maryland Public Service Commission and its staff and provides that the new rates shall apply to all meter readings on and after September 1st of this year. In addition to resulting in moderate reductions in the cost of the individual customer's electric service, the proposed schedules considerably simplify the company's present rate structure by reducing the number of basic residential rates from five to two.

In commenting on the changes, Mr. Stultz pointed out that while the effect of the proposed reduction will be modest in so far as the individual customer's bill is concerned, it is a development that is completely contrary to the general trend of costs today. He stated that it has been made possible only by the greatly increased use of electricity, particularly in the residential field, and by the installation and use of more efficient, more productive and more completely automated equipment in the company's generating plants. As a result it has been possible to hold down production costs even in the face of steadily rising costs for labor and materials.

Much of the future growth in the residential use of electricity is expected to come from the rapidly increasing acceptance of electricity as the most modern and most desirable means of heating homes. It is to develop, encourage and expand this market that the new special low rate for house heating has been filed. This rate will make substantial savings possible for the "all electric home" owner.

Meeting of the 4 H Club

The Taneytown Agricultural 4-H Club held its annual club picnic at the home of Mary Ellen, Betty, and Kenneth Stonesifer on Sunday, July 31. About 27 members, parents, and friends attended this event.

The following day, Mr. Earle Stonesifer took the members of the 4-H Club on the annual project tour. The homes of William, Mary, and John Dickinson; Wilson, and John Speak, Jr.; Nancy and James Ricketts, III; Franklin and Richard Feeser; Mary Ellen, Betty, and Kenneth Stonesifer; and Joan, Clarence, and Harold Thomas, Jr. were visited. On this tour the club saw dairy, swine, and beef projects which were owned by the different members. Mr. Maxel Alt, the assistant county agent, and Mr. Harold Thomas accompanied the group on the tour.

FRIENDSHIP CARRIERS MEET

The Friendship Carrier's Class of Emmanuel (Baust) Lutheran Church met on Sunday afternoon, July 31, at the home of William Weaver, Frizellburg, Md.

Devotions were led by Nancy Pittinger and Kenneth Weishaar. The scripture lesson was taken from 2nd Corinthians 12: 13-15 and Ephesians 2: 1-9. The topic entitled "The Value of Bible Study", was presented and a quiz followed.

The class will hold a swimming party and weenie roast on August 28 at the Meadow View Pool.

The September meeting will be held at the home of Mrs. Sterling Zimmerman, Westminster. Devotions will be led by Tamara Myers and Richard Myers.

Refreshments were served on the lawn and a social hour followed.

No man can toot his own horn without sounding a sour note.

Keysville ULCW Meet

The Keysville ULCW met Monday evening. They held a picnic supper on the church lawn preceding the meeting. A delicious supper consisting of roast weiners, potato salad, baked beans, potato chips, sliced tomatoes, pickles, iced tea and cake was served. The refreshments were served by Mrs. Doris Harner and the regular refreshment committee.

The regular meeting began by singing "The Church's One Foundation". The scripture lessons were read by Mrs. Kathryn Stine, Mrs. Hazel Cluts and Mrs. Mildred Stine. The leaders for the topic, "The Johnson Family and Their Church" were Mrs. Kathryn Stine and Mrs. Anna Stonesifer. The panel members taking part in the discussion were Mrs. Ellen Kiser, Mrs. Ruth Wilhide and Mrs. Agnes Roop. Mrs. Stine asked questions that both the panel and the membership took part. Mrs. Anna Stonesifer offered the prayer.

We were happy to have Miss Mary Shriver with us to play "Blessed Assurance" and "Constantly Abiding" on her accordion. Later she played a medley of old hymns on the piano. Steve Harner and his mother played a short duet on the piano and Steve also played "A Message".

The offering was received by Mrs. Elizabeth Shoemaker and dedicated to Mrs. Kathryn Stine followed by the benediction.

The regular business meeting was conducted by the president, Mrs. Kathryn Stine. The minutes were read by Mrs. Doris Harner and the treasurer's report was read by Mrs. Clara Clabaugh.

The quarterly Thank-offering was received by Mrs. Sophia Demdis and dedicated by Mrs. Ellen Kiser. Mrs. Marion Austin chairman of the nominating committee gave her report and the following officers were elected: Mrs. Kathryn Stine, Pres.; Mrs. Hazel Cluts, vice-president; Mrs. Doris Harner Sec.; Mrs. Dahlyls Flecharty, Treas.; Mrs. Ellen Kiser chairman of Christian Service; Mrs. Helen Dougherty, of Education Committee; Mrs. Elizabeth Shoemaker of Membership Committee and Mrs. Mary Baumgardner of Social Committee.

We were happy to have Mrs. Maurice Wilhide with us also our visitors were most welcome. Come again. The leaders for September meeting are Mrs. Mary Devilliss and Mrs. Thelma Schaffer.

Rocky Ridge Firemen Plan Parade

A street parade will be the feature of the carnival of the Rocky Ridge Volunteer Fire Company which opens Monday night August 8th, for five nights of entertainment and amusements designed for children and grown-ups alike.

The parade will be held on Thursday evening, August 11, at 7 p. m. It will form on the road leading from Creagerstown into Rocky Ridge at 6:30 p. m. and will move to Mt. Tabor Park where the carnival is being held.

The following is a list of units scheduled in the parade, Fire Companies with marching units, Auxiliaries, Drum and Bugle Corps, Bands, Floats, Antique Autos, 4-H Clubs, Boy Scouts, Bicycles, Comedy attractions and many others.

The invitations to enter the parade are open to individuals and organizations and all who wish to participate are asked to contact the parade chairman, James R. Six no later than Wednesday, August 10 so that he can arrange the lineup.

In case of rain the parade will be cancelled until Friday evening, August 12th, at 7 p. m.

25th ANNIVERSARY CELEBRATION

Mr. and Mrs. Carroll L. Wantz celebrated their 25th wedding anniversary, Sunday July 31st on the lawn of their home on Middle Street. They greeted their many relatives and friends, between the hours of two and five, who came to extend their congratulations. The some 75 guests were from Taneytown, Westminster, Silver Run, Baltimore, Pleasant Valley, Littlestown Pa. and York Pa.

There were refreshments served on the lawn and many beautiful and useful gifts were received.

TRIP TO EUROPE DESCRIBED

Mrs. Naylor Tells About Vacation She and Her Husband Enjoyed

This year Wilbur and I decided we were going to Germany to spend our vacation days with our daughter, Janice and her family. So we left from Idlewild Airport in New York on a Sabena-Belgian World Airlines jet plane on July 2 at 11 p. m. We were scheduled to leave at 9:30 p. m. but due to a strike we were one and one-half hours late. There were 144 passengers on this plane and as we fastened the safety belts the hostess passed trays of candy (for air sickness) and chicklets. As we rose higher and higher we settled back into our comfortable chairs to relax when the hostess again came with well filled dinner trays and cups of hot coffee. Each one had a pillow and there were blankets for those who wanted one so many slept the hours away but was afraid I'd miss something so I only dozed a little when sleep overcame me. After three hours flying time we had daylight and from then on it was interesting to see the blue sky above and the various cloud formations far below.

We crossed the Atlantic at an altitude of 39,000 ft. with a speed of 585 miles per hour. A little over five hours after leaving New York we were over Dublin, Ireland and in seven hours we were landing at Brussels, Belgium where the temperature was 57 degrees. Because of the New York strike we were late and missed our flight to Frankfurt, Germany so we had to wait until 12:15 p. m. (Belgium time) before we were in the air again on our way. A large tray of delicious food was served to everyone and now this made our third tray of food we had since leaving Idlewild. We were as stuffed as a Thanksgiving turkey. We had no sooner finished our lunch than we were landing at the Frankfurt Airport where Reese, Janice and little Arthur had been waiting several hours to meet us. They really looked good to us and we were ever glad to see them!

With Reese at the wheel we were soon skimming down the autobahn at a good pace and arrived at the apartment in the Vorfeld Housing Area near Ulm by 5 P. M. on Sunday July 3 (noon U. S. time). There was much to talk about but we had been many hours without sleep so we were glad when Janice said "Time to go to bed for we are leaving at six o'clock in the morning for Garmisch".

Near Aldersfeld we stopped to see the glass church where no worship services are ever held. It is used for weddings and funerals only. There were fresh flowers on the altar even though we were there early in the morning.

As we went down the roads of Bavaria the farmers were busy in their hay fields with the women doing their share of the harvest. As the grass was cut it was raked with large wooden rakes and placed on wires or small wooden frames to dry. It seemed to us who are accustomed to modern methods to be a very tedious and laborious task. There seemed to be many more women than men in the fields. The potato fields were in full bloom and the grain fields were turning yellow. There were many gardens grouped together and then we knew there was a village near. During the day the women folks would ride their bikes out to these gardens to hoe, weed, and gather their vegetables, as we approached Garmisch there was evidence of prosperous farmers. The homes were well kept freshly painted and clean.

We walked up a mountain trail to the Castle Hohenschwangau above the Alpsee. This had been rebuilt in 1832 so we did not see it as it was when Martin Luther spent many days there. His portrait hangs on the wall. We saw the piano that Wagner played on and his bedroom. This castle has a chapel on each floor. From the windows on the second floor there were beautiful views of the Austrian mountains very high and majestic.

We went up the steep mountain road to see Castle Neuschwanstein in a horse-drawn carriage. Arthur loved this ride behind horses. The castle took 17 years to build and the King only lived in it 102 days. The carvings on the canopy of his bed required the skilled labor of 14 men for four and one-half years. Everything in it was done accordingly so this may give you an idea of its splendor. From there we went on to King Ludwig's fairy castle, the Linderhof with its oriental tea house & artificial grotto. Linderhof was truly a breath-taking sight everything made of gold-leaf and has to be seen to understand why words can not describe its splendor. The fountain in the flower garden sprays water 100 feet into the air done by natural pressure. This castle is now in the care of the State of Bavaria and is a real tourist attraction.

At Garmisch we saw the famous Zugspitze. Germany's highest mountain with its fresh snow—from the day before what a wonderful time we had on our great 4th of July. Here it is on the Zugspitze that many skiing champions get their training for the Olympics.

The next day we crossed Germany and turned towards Paris, France, as we crossed the border we were stopped by the customs officials both on the German side and again on the French side. France does not have the beautiful forests or the well-kept country-side of Germany but their flowers are just as pretty and they

(continued on 8th page)

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Many readers have written to me making inquiries about the Relax-A-cizor. I had one of the Representatives here in my home to put me through the paces as to every detail as you know ere this that I will not write about anything unless I have had experience with the subject — regardless.

There is much advertising in all the leading Magazines and Newspapers which really is continuous and that's what has always made me believe that 'it must be so'! There is nothing like advertising!

It really has the New Ways to remake your figure! In the Vogue magazine it stated that a single treatment with Relax-A-cizor with 97 girls lost more than one half to two inches!

It is electronic as the latest device and that going on now for a number of years and to think right in your own home with you as the operator! If you just want to take off a few inches in any particular part of your body there is the little desk set for you.

The SEAWOLF -- the ATOMIC SUBMARINE of which you have all read and only in Sub Service have medical officers. The Commander John H. Ebersole suggested that a Relax-a-cizor might be helpful on board to give the men exercise. Thirteen men used it for a half hour for six days and lost inches. Chief Garlock during submerged patrol actually pulled in four inches!

The nice part about The Transistor exercise machine by Relax-A-cizor is no bigger than a brief case, ready to run like a pet mouse without plugs, it travels everywhere, making muscletone possible even in the heart of the Amazon! With a press of a tiny switch you can lie there and really relax which as you all know is wonderful and to think at the same time you are losing inches!

The unit only weighs four pounds and is most attractive and the complete unit with all attachments weighs less than 10 pounds. It truly BUZZES AWAY THE BULGES for you without moving a muscle! Under the chin on both sides of your face is the part which tells your age and now there has been invented just such a gadget for that particular part. Its marvelous, Ladies! In the Cornet magazine of October, it explains it all beautifully written by Mr. Ralph Bass and in the end states not alone the ladies it is popular but the business men, too!

If you desire to contact the representative here is the number either to write or to phone. Mrs. Zona Ryer 4830 Briarcraft Rd. Balto. 29, Md. The phone number is W. 1-5-1022. Here's wishing you many losses of inches!

As to garments this year, Ladies all seem to me to be most bulky with no style whatsoever. Hats have that Russian air if you know what I mean. Dresses still remain just below the knee. The "Chesterfield" coat is back again for the teen-ager which is that double breasted boxy coat. It still seems just awful the price the stores charge for alterations even to make a coat or dress shorter. A gentleman was listening to the discussion on this subject and this is exactly what he said, "Well, the stores could not put that over on the men as to our suits when we purchase them -- all alterations are free!" That is a fact, Ladies and all down through the years as far back as I can remember. Eh? ORTABELAW!

Don't forget, Mrs. Housekeeper always keep your large drinking glasses in the refrigerator for it surely does something wonderful when serving that lemonade to the unexpected guest. This, I discovered when stopping by to get root-beer at the stand along the highways. UMM good!

How nice it was to have the real summer rain and now the Shamrock bushes are filled with their special flowers of pink, white, and purple. The summer so far has been delightful and hope it keeps up without any of that terrific heat of last year.

Your observer has been watching along with Millions all over these United States the two conventions. Nixon will positively be our next President and we should vote for him. He is truly one of the most substantial men we have as a Politician, plus experienced and very wise to face the future problems! Kennedy desired a man by his side who is much older as he has fear in his heart and no experience whatsoever. Your Observer is "INDEPENDENT" and always votes for the man best fitted for this big job—not just because I am either a Republican or Democrat! And who could be more wonderful and capable than the brilliant Ambassador Henry Cabot Lodge who knows what he is talking about? What grand partners Nixon and Lodge will make! And some day, that grand Ambassador will be President of these United States! A very interesting figure and with much of the three V's was the Governor of W. Va. Cecil D. Underwood!

So long, Folks until next week! V. Hope to be seeing you the first coldy around the town. Have a grand week end.

I am, Faithfully,
YOUR OBSERVER.

Your fellow man is not interested in the storms you encountered, but did you bring the ship in?

IT is not worth while to go round the world to count the cats in zanzibar — Thoreau

INSTALLATION—Newly elected officers installed Saturday night by the Taneytown Junior Chamber of Commerce were left to right: Dean Nussbaum, first vice-president; Robert Bowers, second vice-president; Crawford Banks, Jr., secretary; Fred Steppe, installing officer, Maryland Jaycee President; Harry Dougherty, Jr., president; Arthur Garvin, Jr., treasurer; James Fair, State Director.

—Don Hewitt Photo.

THURSDAY, AUGUST 4, 1960

TAKE YOUR CHOICE

Examination and comparison of the Democratic and Republican platforms reveals a disturbing similarity, yet there are differences:

Where the Democratic party stresses economic aid, the GOP emphasis is on military aid and the need to contain Communism. Both urge stronger defense.

The Democrats urge repeal of the Connally amendment, the Republicans ignore this vital text that stands between us and yielding our destiny to the World Court.

The Democrats would give aims from the Treasury to businesses and workers injured by low-wage imports under GATT. The Republicans promise a tariff protection instead.

The Democrats promise price supports at 90 percent of parity and new subsidies to the farmers. The Republicans brand these subsidies as "cruel deceptions". Both parties would expand the Soil Bank.

The Democrats would care for the aged (all the aged) under Social Security. The Republicans promise a contributory system for those who need it. Both would aid medical students and build schools. The Democrats would give Federal aid for teachers' salaries, but the Republicans disclaiming Federal control would not.

The Democrats promise a \$1.25 an hour minimum wage, repeal of a Federal law permitting states to ban union shops, would soften the Taft-Hartley and Landrum-Griffin laws. The Republicans would boost the minimum wage, but don't say how much. Both parties would revise unemployment insurance—obviously upward.

The much discussed civil rights planks—stronger than ever before—are substantially the same, differing only in details.

It should be noted against this background that both Vice President Nixon and Ambassador Lodge in their acceptance speeches stressed the overriding importance of our leadership of the free world. "A life-or-death struggle with Communism," said Lodge, "is the issue of this election." The Presidential nominee echoed these sentiments. He also said he would not "try to buy the peoples' votes with their own money."

On balance, the Republican platform, for all its liberality, is less profligate than the Democratic and reflects little or no subservience to Labor. Even more significant, perhaps, is the assurance that the Nixon-Lodge team proposes to put first thing first that freedom and national security will come ahead of pork. — U. S. Press Association

FACTS AND OPINIONS

From the U. S. News and World Report: "The following hard conclusions have been reached by this country's military leaders and by the Atomic Energy Commission: 1. The lead of the U. S. in big nuclear weapons and in tactical atomic weapons is being cut down rapidly by Soviet Russia. 2. There is reason to believe that the Soviet Union is cheating and will continue cheating by testing new atomic weapons at a time when the U. S. is abiding by its agreement not to test new weapons. 3. It is vital, if the U. S. is to remain a first-class power, that it resume tests of its weapons—both nuclear weapons with strategic missions and tactical weapons for battlefield use."

prices paid by the railroad for fuel. Over the past 20 years the average

materials and supplies, and the average level of railroad wages, increased more than 215 per cent, while the average revenue received by the railroads for the transportation of passengers and freight increased only 48 per cent.

According to the Citizens Public Expenditure Survey, Inc., interest on the public debt runs to \$18,073.33 a minute, or \$1,084,400 an hour. If you have a \$5,000 a year income, your share of the cost is \$51. Interest is now the second most costly item in your federal tax bill, headed only by national security expenditures.

Columnist Sylvia Porter writes: "Of every \$100 of goods you'll be buying only three years from now, at least \$12 will go for products not even being made today—for absolutely new things or products so changed that they reasonably can be called new."

More Americans will die this year from insect stings than from snake bites, according to an article in Today's Health, the American Medical Association's magazine of general circulation. Most medical authorities are convinced that severe reactions to the stings are the result of an allergy. The insects that cause most of the reactions are the honeybee and the bumblebee and three kinds of wasps—yellow jacket, hornet and Politics.

A wit observes: "The 10 per cent federal tax on air conditioners is the closest Uncle Sam has yet come to putting a tax on the air we breathe."

Frank Gibney, in the new book entitled "The Operators", (Harper and Brothers) reports: "Last year by conservative estimate, some five billion dollars, roughly one per cent of the total U. S. national product changed hands under innumerable desks, counters or expensive restaurant tables in kick-backs, pay-offs, or bribes. The country's employers lost more than a billion to embezzling employees. A half billion went down the drain in home-repaid frauds alone."

The Chamber of Commerce of the U. S. says that as recently as fiscal 1958, the latest period for which figures are available, more than two out of every five retail corporations in their income tax reports showed no profit at all.

Daddy's Girl

Photo: Skultow

Did you ever look at a child's face when he or she is watching Daddy while he's shaving? Small fry get a big kick out of it as Daddy proceeds cautiously through his morning shave. What fun to give their hero something, on his special day, that will make this daily chore a real pleasure for him too! Priced right for piggy banks, this Old Spice after shave lotion and talc gift set comes in a bright red box, decorated with sailing ship and rippling waves of gold.

Bright Ideas

PLAY IT COOL, MARY O'TOOLE—hot summer days are here! So play it smart. Make the most of modern air-conditioning.

Try these hot—or rather cool tips—from the Coolerator people who spend their days developing the latest devices for cooling the home at Thomas A. Edison Laboratories, McGraw-Edison Company. First, check condenser of your air conditioner for dirt and leaves. Clogging reduces efficiency in heat-transfer. Second, clean filters. Dirt can cut down the amount of cool air that enters your home and circulates. Third, see if your unit needs oiling. New models will not. They are sealed. Finally, check level. Unit should tilt slightly to back for best drainage.

X-RAY TELEVISION is the astonishing new process developed by Dr. Russell Morgan, head of the Radiology Department at Johns Hopkins University. With Dr. Morgan's new process, the patient lies flat rather than stands, while the fluoroscopic examination is underway. The x-ray image is projected and intensified on a viewing box, much like a television set. The film is easily visible to the entire medical staff and even the patient himself, and can be transmitted to key points throughout the hospital. An advantage of the new process is that it cuts radiation exposure up to 90% in some cases—like heart studies—and lesser amounts in others.

THE PERFECT CONTAINER for all your garden supplies is an old wicker basket, freshly cleaned, and lined up with a bright new coat of green or white paint. Your clipping shears, trowel and cultivator will all fit into this wide, shallow basket—along with your favorite garden spray to control insects and plant diseases. Black Flag's Rose and Flower Spray is a multi-purpose insecticide, fungicide and miticide, and comes in a handy-to-use pressure pack can. Keep your gardening gloves here too—they're now available in a variety of flower prints and gay polka dots. If you hang your garden basket on a hook near the back door, you'll have all your equipment handy for each foray into the garden.

Tips on Touring

By Carol Lane
 Women's Travel Authority

When You Leave Home

You'll have a happier, more relaxed vacation this summer if you leave home right. Before sailing off down the highway:

- stop the delivery of milk, newspapers; have a neighbor remove advertising circulars from your doorstep;
 - leave window shades up, arrange to have your lawn mowed regularly; tell the post office to hold your mail, or forward to you;
 - lock all windows and doors; don't forget the basement windows;
 - ask department stores not to deliver packages until you get home;
 - leave an electric light burning in your house;
 - arrange care for pets and potted plants;
 - tell the police how long you'll be gone, where you can be reached, and which neighbor has a key to your home;
 - have the car thoroughly serviced; brakes and tires need special attention;
 - make sure you have a first aid kit and flashlight in the glove compartment;
 - check your emergency repair tools and fill in where necessary; have the spare tire checked;
 - leave trouble at home.
- Have a happy vacation!

CURRENT EVENTS
FIFTY YEARS AGO

Get ready for the assessors. They expect to begin work in Taneytown next Monday.

As an illustration of how badly both owners and assessors may be deceived as to the cash value of property, the Kemper property, in Harney, was sold at public sale last Saturday for \$326.00, which had just been assessed at \$700.00. Of course, the assessors were apparently right, the property actually being worth more than \$700.00 to build; but should a property owner pay taxes on property on a basis for above what it sells for at public sale?

Mr. and Mrs. George Beale Bloomer returned on Monday from their European trip and are now visiting Mrs. Bloomer's parents, Judge and Mrs. H. M. Clabaugh at "Antrim", Harney. — Edgar Shriver and family are spending some time visiting Mrs. Shriver's parents, Mr. and Mrs. John J. Hess. — C. W. Hess and wife, of Baltimore, spent a short time visiting friends in this place over Saturday and Sunday of last week. Charlie is a railway mail clerk, and runs from Washington to New York. — The Lutheran picnic on last Saturday, was largely attended; although there was no band present to enliven the occasion, all seemed to enjoy the time very much.

Mayberry—Mr. and Mrs. Edward Carbaugh, Mr. and Mrs. Wm. I. Babylon, Mr. and Mrs. Solomon Wantz, Misses Marie Carbaugh, Grace West, Naomia Babylon, Roy Carbaugh and Ralph Wantz, spent last Sunday with Mr. and Mrs. Charles Maus of near Silver Run. — Mrs. Benj. Fleagle, daughter, Rena, and son James, of near Baltimore, attended the funeral of Mrs. Fleagle's mother, Mrs. John Halter on last Monday. Tyrone. — Chas. Marquet is able to be out driving again after being housed up for the past six months. Chas. Petry and family of Hanover spent Sunday with his brother, Howard.

New Device Dials Telephone Automatically

SAN MATEO, CALIF.—Pretty Beverly Kramer demonstrates how just one press of the starter key dials a telephone number automatically through the use of Dialaphone, a new companion to the telephone that has an electro-mechanical memory which saves time in looking up numbers, eliminates dialing errors, and makes telephoning easier. Dialaphone is manufactured in San Mateo, California, and is available through local telephone companies for business and home use. It can accommodate as many as 850 names and telephone numbers, including DDD (direct distance dialing) codes and numbers.

Young Maryland Designers Win Honors

*MARYLAND BOYS who designed and built these sleek model cars for the 1960 Fisher Body Craftsman's Guild model car competition have won first state awards of \$150. The upper car was entered by Friedner Wittman of Bethesda. The lower car was built by John Bicht of Baltimore.

Mr. and Mrs. William Warner, returned home after a pleasant week spent at Athens, Tennessee, they visited the National Bridge in Va. and came home over the Skyline Drive.

So much there is of earth and sky and sea!

We cannot grasp the vast immensity. So much of air, sunlight and fruited land;

Of beauty showered from God's great opened hand, What wealth there is of knowledge, wisdom, lore;

We reach and take, yet there remains so much more. So many things our hands may find to do;

To give us joy the many long years through, In human hearts abundant kindness grows;

When needs are known and felt it overflows, So much there is of God's great love to me, I cannot group its vast immensity.

—Amy Penin.

A VOICE FROM CARROLL

If the present strained relationship between Cuba and our government confuses some of us, it is even more distressing when we recall some of the past history connected with both countries. In 1898 the United States went to war against Spain in behalf of Cuba. No one who lived through that period will ever forget those gay days of 1898, when young men with idealistic ardor, rushed to the colors to free Cuba, while the bands crashed out the music of Sousa's "Stars and Stripes Forever!" And what a comfortable feeling of unity within our own country when Democrats and Republicans tried to outdo each other with patriotism, and even the South was equally anxious for the fight. Joe Wheeler, the gallant cavalry leader of the Confederacy, became a high commander of the United States army in Cuba. It was more close and personal to Americans than World War I, it was their own little show for independence, fair play, and hip-hurrah for democracy, against all that was tyrannical, oppressive and degrading.

Every ship of the United States smart little navy, from the powerful "Oregon" steaming at full speed around the Horn to be in time for the fight to the absurd dynamite cruiser "Vesuvius", which was known by picture and reputation to every American boy. And what heroes the war correspondents created! Hobson, who sank the Merrimack; Lt. Rowan who delivered the message to Garcia; Commodore Dewey (You may find when ready, Gridley) and Teddy Roosevelt with his famous Rough Riders! And back home the people were as proud as a prima donna after taking twenty curtain calls. There never was such a Fourth of July as that Monday in 1898 when the news came through that Santiago had surrendered. Sometimes, we believe that when present day world events overwhelms us and we do not know what is best to do for our own country, we should study our past history and our relationship with other nations. The past has a great bearing on our future. Too often we forget this, and think of history as dull and done with the present. We admit the way history is taught in schools is dull because most teachers emphasize dates and names and that is about all. But history is alive and concerns us very much, as for instance our feeling about Cuba. For in 1898 we fought to give her the independence she was entitled to, while today some Americans want to fight her for some reason which is not exactly clear. Maybe re-reading history would clear our minds and we might think wisely.

If the people who support the Easter Seal Sale ever wonder what their money buys they should have visited Camp Greenport, in the Catoctin National Park, above Thurmont, last Sunday afternoon. There they would have seen scores of boys and girls with all kinds of physical handicaps leading an active and rewarding

camp life just like normal children do except that to walk they must rely on braces, crutches and other aids. Some have speech defects and some have other handicaps but none lack courage and faith in their teachers and their own ability to conquer their own particular problem. There are many things that impress visitors to the camp, but probably the main two are the cheerfulness and the courage of the youngsters. The camp itself sits on top of the mountain, cosily surrounded by the natural woodlands. Clear mountain water is pumped by a modern system into the large swimming pool and camp buildings. The cottages are constructed like log cabins but without the pioneer scarcity of modern conveniences. Besides indulging in the usual fun of camp-life the children receive speech, physical and occupational therapy. A spacious kitchen and dining area provides good and health giving food for the campers while trained counselors are on duty night and day to see to the comfort and safety of the children. Larry McKinnon and Wheeler Grimes, both Carroll County boys are at the camp. Funds for the camperships are provided through the Easter Seal Treatment Center in Frederick and through local clubs in the community. Carroll County is represented on the Easter Seal Council by E. Miller Richardson, S. Ray Hollinger, Howard E. Koonitz, Jr., Kenneth Bohn, Mrs. John W. Barker, Mrs. T. E. Robbins and Elwood Baumgardner. Mrs. Elizabeth R. McElroy is director of the Easter Seal Treatment Center in Frederick and she welcomes visitors and interested volunteer workers at her office at all times. No other organization does so much with the money that the public donates through buying Easter Seals as the Easter Seal Treatment Center in Frederick.

A man needs a woman to take care of him so she can make him strong enough for her to lean on.

Now its the month of August and to those who have labored in field and garden, its the month to reap the reward of planning and doing. Lucious red tomatoes, sweet corn with its mouth-watering goodness, cucumbers green and crisp and lima beans tender and plump to be mixed with corn for succotash...all these treasures can be found in a garden that has been faithfully cultivated, sprayed and loved by its owner.

Last week we were eating lunch in a restaurant when three women over fifty took the table next to ours. After each had struggled with her menu for awhile, first moving it closer than farther away from her face all three got out spectacles from her purse. "I only wear glasses for reading" explained the first. "I really need mine just for driving" said the second while adjusting hers. "I rarely wear mine" said the third, "except when I want to see."

Too many people who have passed their driving tests think they can pass anything.

Men do not lend themselves to fashion changes and so its seldom that clothes designers pay too much attention to the male. But this fall men are in for a change and a shock. The change is called the "country suit" and the shock comes when the male looks into the mirror and thinks he sees his cousin of 50 years ago. Loud checks, derby hat and of all things... spats. But knowing the American male we doubt very much that he will discard his old fishing jacket and beat up cap for high fashion.

The reason God made woman last was that He did not want any advice while creating man.

Ruth Roelke

KEYSVILLE-DETOUR

Date Clearance:
Aug. 5—Union Bridge Farm Bureau Planning Group
6—Keyville United Church of Christ Festival
7—Groundbreaking Service at the Keyville Lutheran Church
11—Terra Rubra Girls 4-H Club
15—Taneytown Girls 4-H Club
15—Keyville - Detour Homemakers Club
22—Taneytown Boys 4-H Club
Sept. 5—United Lutheran Church Women

The large basket of flowers which was in the Keyville Lutheran Church on Sunday, July 24th were from the funeral of Mrs. William Weishaar, mother of William Weishaar, Forest and Stream Club road.

Fred Wilhite, Indiana, Pa., combined business with pleasure by visiting his parents, Mr. and Mrs. Lloyd Wilhite, Keyville, and his sister, Mrs. John Harner, Mr. Harner and family until Sunday. He made business trips to Baltimore and I believe to Richmond, Va. Fred is in the Christmas tree business in Indiana, Pa.

Some of the members of the C. E. Priest family, Forest and Stream Club road, made a trip on Saturday to Monticello, the home of "Thomas Jefferson, Charlottesville, Va.

Beverly Priest spent Sunday at home. Beverly's friend, Walter McWilliams was also a guest at this home on Sunday.

The rose tree at the Dick DeBerry's in Detour, has been full of blooms

again. Mr. and Mrs. Raymond Myers (Bill) junction of Detour and Naylor's Mill road have flowers blooming beautifully everywhere. Mr. and Mrs. Raymond Eyer, Keyville, are displaying a lot of beautifully blooming zinnias. The single pot of white petunias which are right along the road at the Carroll Valentine home is especially attractive because of its simplicity.

Sympathy is extended to the Fry family in Baltimore in the death of Mrs. Ann Eicholtz Fry. The former Eleanor Wilhite is the daughter-in-law of Mrs. Fry. At this time Mrs. Maurice Wilhite, who makes her home now with the Frys, and Janis Fry are spending some time with the Carroll Wilhides, Mike and Lu (twins) Fry are with the Clyde Wilhides and Sandra Fry is with Mr. and Mrs. Charles Minnick, Union Bridge.

Mrs. Harold Thomas, Hollow Rock Farm, near Detour, appeared on Channel 11-WBAL at 1 o'clock on Saturday. This is a good program to make sure that you see. She appeared with a Mrs. Leppo from the Home-Makers Clubs of Carroll county. Mrs. Thomas' subject was on Home Safety.

A number of people from the Keyville Lutheran Church was to Baltimore on a bus to see an Oriole Baseball game on the 9th. This trip was in charge of Mrs. Raymond Myers and Mrs. Rachael Bostian.

On Sunday the following were guests at the William Weishaar home, Forest and Stream Club road. Mr. and Mrs. Donald Harner and his mother, Emmitsburg, Mr. and Mrs. Monroe Rinehart and children Middleburg; Lois Hamburg, Middleburg and Paul Wildersin, New Windsor. Sandra Weishaar is now home on vacation from her training at Sinai Hospital. Sandra will graduate in September.

The Flower Committee for the Keyville Lutheran Church for August is Mrs. Doris Harner, Mrs. Anna Mae Trout, Mrs. Beatrice DeBerry and Mrs. Mary Ausherman.

A card from Mrs. Verna DeBerry, reveals that she is visiting relatives in Marietta, Pa. Mrs. DeBerry is a former resident of this section. She now lives in Hampstead, Md.

Rev. and Mrs. Weybright, Detour, called on Mrs. Maurice Wilhite at the Carroll Wilhite home on Monday. Monday was Rev. Weybright's 85th birthday. The Weybright's daughter, Mrs. Norval Shoemaker and Mr. Shoemaker, Red Lion, Pa., visited the Weybrights on Monday morning and had breakfast with them in celebration of the birthday.

Ellis Glass, Keyville-Taneytown road has had a farm pond dug. It is a very attractive spot—the reflections of the scenery in it are worth taking time to notice.

Jack Cosden, New York State, has returned to his home after spending some time with his parents, Mr. and Mrs. John Cosden and his brothers, Taha and Thurman, Naylor's Mill road.

Mr. and Mrs. Louis Fleischer, Baltimore came to the Clyde Wilhite home, Keyville-Taneytown road on Thursday. They took his father, Charles R. Fleischer, to his home in the Baltimore Highlands.

The immediate family of Mrs. Maurice Wilhite held a family reunion at the Taneytown Memorial Park on Sunday evening. A few other guests than the immediate family were present. Mr. and Mrs. John Reynolds and children Sandy, Terry and Chuck, Richmond, Va. were probably those coming the longest distance. Mr. and the children stayed to spend a week in Union Bridge.

Cheryl Ann Topper, daughter of Mr. and Mrs. William Topper, Emmitsburg, is spending two weeks with her aunt, Mrs. Virgie Ohler and her great-grandfather, Thomas C. Fox, Keyville. Cheryl's mother, the former Carmen Austin had to make a trip to the Gettysburg Hospital this week. She expects to return to her home by the week-end.

Visitors last week with Rev. and Mrs. Samuel R. Weybright, Detour were their regular Wednesday visitors, Mrs. Weybright's brother, Ray Fogle of Westminster, on Thursday Marion Otto and Mrs. Paul DeBerry and Miss Hess. Miss Hess is traveling in the interest of the Brethren young people. She had helped with a meeting at the Rocky Ridge Brethren Church. On Friday Mrs. Gerald Britchett, of Westminster, the former Miriam Royer, visited.

Mrs. Walter Gill, David, Jim and Joan, White Hall, Md., visited with her sisters Mrs. Clyde Wilhite and Mrs. Carroll Wilhite and their families on Saturday. Linda Gill who had returned a week at the Clyde Wilhides er. Mrs. Bernice Yoder is now spending some time with her other daughter, Mrs. Clyde Wilhite.

Mr. and Mrs. Myron Wilhite were guests for lunch on Sunday with his parents the Carroll Wilhides. They then visited with her mother, Mrs. Lucille Lescalette and Sharon, Middleburg.

Mr. and Mrs. Charles Cluts, near Keyville visited at "The Rocks" on Sunday as guests of Mr. and Mrs. Boyle.

Mr. and Mrs. Noah Warehime and granddaughter, Janice, visited last

Wednesday afternoon with Mr. and Mrs. Maynard Ausherman.

Mr. and Mrs. Chester Ausherman and two children, Walkersville, visited Wednesday evening at the home of their cousin, Maynard Ausherman and family.

Wayne Ausherman of Shookstown returned to his home Saturday night after spending the past week at the home of his uncle, Mr. and Mrs. Maynard Ausherman. His parents Mr. and Mrs. Gilmore Ausherman visited the same home on Saturday night.

Mr. and Mrs. Arthur Gardner, Anna and Goldie and Sandra of Glen Burnie, spent Saturday and Sunday with Mrs. Gardner's sister, Mrs. Melvin Amoss and family, Taneytown. They are the sisters of Mr. Ausherman, of Detour. On Sunday the Amoss family, the Gardners' family and Mr. and Mrs. Bernard Ausherman and Curtis; Mr. and Mrs. John Ammenheuser and Ricky and Mr. and Mrs. William Amoss attended the Zimmerman reunion at the home of Mr. Howard Zimmerman, Jefferson, Md.

Lewis Ausherman spent Tuesday with little Larry Motter, Detour.

The annual Bowman reunion will be held this Sunday, August 6 at Big Pipe Creek Park.

ROCKY RIDGE

Mr. and Mrs. Charles H. Setherly and son Carl, Mr. and Mrs. Harvey M. Pittinger and Mr. Guy E. Pittinger attended the Emmitsburg Frederick Farm Supply Co. meeting and free set out at Toms Creek church at Toms Creek, Md., on Monday evening.

Mrs. Charles H. Setherly and son Carl; Mrs. Carrie M. Pittinger and Mr. Guy E. Pittinger spent Monday with Mr. and Mrs. Franklin C. Thomas and family, of Littlestown, Pa. and also with Mrs. Roland D. Wilson, the same day.

Mr. Harvey M. Pittinger spent Wednesday with Mr. and Mrs. Charles Wantz.

Every time you turn the Radio or TV set on all you hear talking on beer. If they put more church work on it would be better for all.

Mr. and Mrs. H. Eugene Lare, Rocky Ridge announced the birth of a son at the Annie M. Warner Hospital, Gettysburg, Pa. on July 25.

Mr. Harvey M. Pittinger and Mr. Guy C. Pittinger attended the Mt. Airy Carnival on Thursday. Their parade the finest we have seen this year.

Mrs. Edward Long, of Fairfield, Pa. spent a few days last week with Mr. and Mrs. J. Richard Saylor and family.

Mr. Harvey M. Pittinger, Sr., visited Mr. Harry Knight on Friday. Saturday, Aug. 6, annual picnic Rocky Hill church, near Woodsboro, country ham and fried chicken supper, family style, starting 3:30 p. m. rain or shine. Entertainment by Geary Epley and the Cheerful Valley gang.

Mr. and Mrs. Ramsburg, of Mt. Pleasant spent Thursday with Mr. and Mrs. Horace A. Smith.

Mr. and Mrs. Horace A. Smith, spent Sunday evening with Mr. and Mrs. Charles Keeney and family and Mrs. Edith Gruber.

Lord want more pulpits at his house on Sunday, too many get away from church.

DIED

MURRAY O. FUSS

Murray O. Fuss, well known resident of Harney, died Thursday night July 28, 1960 at 11 o'clock at the Annie Warner Hospital, Gettysburg, Pa., aged 78 years. He had been confined to the hospital for the past 15 days.

Mr. Fuss was very active in community life. He was a member of St. Paul's Lutheran Church and the Church School. He was assistant teacher of the Men's Bible Class and a member of the United Lutheran Volunteer Fire Company. Mr. Fuss was a Charter member and served as Chaplain. He was a member of the Harney Baseball Club and the Barlow Fire Company. Mr. Fuss, with Mrs. Fuss, were correspondents for The Carroll Record and a member of the Taneytown District Republican Committee.

He was a son of the late Emmanuel and Fannie Baker Fuss. His first wife Hattie Burke Fuss, predeceased him by eight years. His second wife, Esther Althouse Fuss, survives along with three daughters: Mrs. Lester D. Spangler, RFD 1, Gettysburg; Mrs. Robert L. Strickhouser, Harney; Mrs. Erman C. Chipley, Harney; six grandchildren and 13 great-grandchildren; one brother, William B. Fuss of Littlestown, Pa. and four sisters: Mrs. Alice Showalter, Littlestown, Pa.; Mrs. Nettie Marshall, Harney; Mrs. Mary Roderick, Baltimore and Mrs. David Michael, Baltimore.

Funeral services took place Sunday afternoon at 2:30 o'clock at St. Paul's Lutheran Church in Harney. Rev. Charles D. Held, assisted by Rev. A. W. Garvin, officiating. Burial was in the church cemetery. The body laid in state at the church one hour before the service.

Active pallbearers were John Harner, Earlington Shriver, Elmer and Charles Shildt, Armor Leatherman and Nevin Ridinger. Honorary pallbearers, members of the Harney Fire Co., of which Mr. Fuss was chaplain, were Donald Hess, Walter and Ricky Clingan, Russell Wantz, Chester Moose, George Clingan, Melvin Overholzer Sr., Estee Kiser, Dalbert Spangler, Luther Fox, Walter Kump, Samuel Snyder, Ray Slaybaugh, George Claybaugh, William Vaughn, Howard Kump, Cletus Reeve and Harvey Wantz.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation to each individual who displayed so many acts of kindness during the illness and death of our son.

MR. and MRS. HARRY B. WEBER

Tomorrow I will live, the fool does say; today itself's too late; the wise lived yesterday. — Martial

COMMUNITY LOCALS

(Continued from first page)

Mrs. Edith Derr and Mr. and Mrs. G. Delmar Baumgardner and son Tommy attended an open house Sunday at a children's camp at Camp Greentop near Thurmont, Md. Miss Edith Baumgardner is a counselor at the camp.

Employees of Mid-Town Electric with their families enjoyed a picnic outing on the Potomac River near Shepherdstown, W. Va., on July 23rd. A picnic lunch was served along with soft drinks and ice cream. Boating, water skiing and swimming were enjoyed by those present.

Mr. and Mrs. Earl Myers were pleasantly surprised at the home of their daughter and her family, Mr. and Mrs. Frank Reaver and daughter Tami on Sunday evening it being a celebration for their 25th wedding anniversary. Mr. and Mrs. Myers received many useful and beautiful gifts. Delicious refreshments were served. Those present were: Mr. and Mrs. Earl Myers, Mrs. Russell Eckard, Mrs. Sadie Gilbert, Miss Elizabeth Gilbert, Mr. and Mrs. Norville Eckard, Mr. and Mrs. Merle Eckard, Mr. Merle C. Eckard, Miss Lucy Smith, Mr. and Mrs. Walter Stonestifer, Mr. and Mrs. Franklin Baker, Mr. and Mrs. John Eckard, Mrs. Hoke Ommert and daughter Cindy, and Mr. and Mrs. Frank Reaver, daughter Tami.

SOCIAL SECURITY

At the end of 1959, as Federal Social Security was starting its twenty-fifth year, old-age, survivors, and disability insurance monthly benefits were being paid in Carroll County to 4747 persons at the rate of \$3,243,020 a year, according to L. J. Gillespie, Field Representative of the Baltimore (north) Social Security District Office. "This is an increase in number of beneficiaries of about 7.4 per cent since February 1959, the last previous date for which Carroll County figures are available," he said.

Nationally, about 13 3/4 million persons were receiving old-age, survivors, and disability insurance monthly benefits at the end of 1959 at an annual rate of more than \$10 billion. At the close of 1940—the first year in which monthly benefits were payable—beneficiaries throughout the Nation totaled 200,000. Almost half a million disabled-worker beneficiaries and their dependents receiving benefits at a yearly rate of over \$400 million are included in the figures for 1959.

The number of wives, husbands, and children of disabled-worker beneficiaries receiving monthly benefits increases sharply in 1959. Such benefits were first payable in September 1958. Nationally, from February to December 1959, the number of these beneficiaries more than doubled from 60,000 to 126,000.

Payments to a retired worker with no dependents receiving benefits averaged \$69 a month nationally at the end of last December; to a retired couple, both of whom were receiving benefits, the average payment was \$121. The average for a widow with two young children was \$169.

By contrast, Mr. Gillespie recalled that when benefits first became payable in 1940, the average monthly payment to a retired worker with no dependents receiving benefits was \$22 and to a retired couple the average payment was \$36.

As social security celebrates its Silver Anniversary (the original Act was signed into law on August 14, 1935) about 74 million working people are in covered employment or self-employment in the course of a year. They are building old-age, survivors, and disability protection for themselves, their dependents, and their survivors under the social security law.

The table below shows the number and monthly amount of each type of benefit being paid in Carroll County, as of December 31, 1959, the date of the latest available tabulation:

For the entire State of Maryland insurance payments at the end of December 1959 were being paid to 180,395 beneficiaries at the rate of \$11,087,256.00 per month. Benefits totaling \$133,047,072.00 were paid in Maryland during 1959.

CARD OF THANKS

We want to thank everyone for their prayers, gifts, cards and flowers also the Drs. and Nurses and the Hospital for their acts of kindness during the illness and after the death of our husband and father Murray O. Fuss.

THE FUSS FAMILY

WITH THE ARMED FORCES

FORT SILL, OKLA. (AHTNC)—Two Westminster, Md., soldiers, Privates Marion E. Follett, 17, and William S. Yingling, 18, are receiving eight weeks of advanced individual training at The Artillery and Missile Center, Fort Sill, Okla. The training is scheduled to end Aug. 11.

They are being trained to service and maintain the 105 millimeter howitzer, a light field artillery weapon.

Both soldiers entered the Army last April and completed basic training at Fort Knox, Ky.

Follett is the son of Mr. and Mrs. Harry E. Follett, 79 E. Main St. He attended Westminster High School. Yingling, son of Mrs. Loretta V. Yingling, Route 4, attended Westminster High School.

WEDDING ENGAGEMENT ANNOUNCED

Mr. and Mrs. Cecil E. Priest, of Detour, Md., announce the engagement of their daughter, Beverly Ruth to Walter Edward McWilliams, son of Mr. and Mrs. Robert McWilliams, of Winfield, Md.

Miss Priest is a 1957 graduate of the Elmer A. Wolfe High School of Union Bridge, Md., attended Gettysburg College for two years and is presently enrolled in the Johns Hopkins Hospital School of Nursing in Baltimore.

Mr. McWilliams is a 1957 graduate of the Mt. Airy High School of Mt. Airy, Md. He is currently in his Senior year at De Pauw University, Greencastle, Ind. The wedding is planned for the summer of 1962.

CHURCH HISTORY

The history of the Emmitsburg Presbyterian Church goes back to the pre-Revolutionary War days. During the period of the French and Indian War some of the folk of the village organized a congregation.

The minutes of the Presbytery of Donegal show that the Reverend Robert McMorde was appointed to supply at "Monakasy" on the second sabbath of September, 1760.

The date of the original formal church building is not known but the original name was Tom's Creek Church, and the building was located one mile north of Emmitsburg along the Gettysburg road. The Presbyterian cemetery is still located there. The founder of the town of Emmitsburg, Samuel Emmitt, is buried here.

In 1839 the entire church building was moved into Emmitsburg to occupy the property where the Presbyterian Church now stands.

In April, 1867 the Session of the Tom's Creek Church applied to the Presbytery for a change of name and the name was changed to Emmitsburg Presbyterian Church.

In 1879 the entire church building was taken down and a new church was built in its place. This building was to last only until August 28, 1902 when it was struck by lightning and was burned to the ground.

The members of the church in the early days of this century built a beautiful gothic-style edifice with lovely stained-glass windows and high vaulted ceilings. Except for some remodeling in 1950, this is the present-day Presbyterian Church of Emmitsburg.

On Friday, August 28, 1960 there will be a Bi-centennial Anniversary Service at the church with greetings by the pastor of the church, Reverend William M. Henriks; a history of the church by Reverend John Hays, a son of the Emmitsburg church; and comments by other guest ministers. This service will be followed by a social hour.

The Bicentennial Worship Service will be held Sunday, August 28. The sermon for this service will be given by the Reverend George P. Kerr, D. D., Associate Secretary Department of Town and Country, of the Board of National Missions.

The public is cordially invited to all the Bicentennial activities.

Auxiliary Sewing Projects Underway

The response for the first sewing units has found county wide activity for the Carroll County General Hospital Auxiliary. The first unit for sewing is 150 infant outfit flannel gowns and they were in the process of being completed last week.

Some individuals and organizations have contributed the cost of \$36 per gown while others are contributing the actual sewing.

The next project to be started is 500 operating room towels. These towels will cost \$36 each, the threads are being pulled on the towels and ready to sew.

The third project will be sewing operating sheets. Interested persons in sewing or organizations who wish to sew in their homes or at a suitable location are asked to give their time to the sewing project or as in some cases money is being given for the said article.

Those desiring to sew or contribute money may call Mrs. Mabel Reese, Anchor St., Westminster, Tilden 8-4036. Articles may be obtained at Hospital Headquarters.

If the telephone company still had depend on the old manually operated system instead of the dial phones, notes Reader's Digest, there would not be enough women between the ages of 18 and 40 in all of the United States to perform the job now required by telephone traffic.

A good story teller is a person who has a good memory and hopes other people haven't — Irvin S. Cobb

We ought not to stretch either our legs or our hopes for a point they cannot reach. — Epictetus

THE NEW TANEYTOWN LAUNDROMAT

In keeping with the spirit of progress which inspires the businessmen of this area, and their continuing effort to furnish the best and newest services to the community, the new Taneytown Laundromat, at 5 East Baltimore St., will open its doors August 10, at 8 o'clock. The Grand Opening, lasting three days, during which washing and drying will be provided free of charge to all comers, is designed to acquaint everyone with the ease and economy of operation of a "Westinghouse Laundromat", (Registered Trademark of Westinghouse Corporation) the name which applies to both the individual wash-machine and the store as a whole. After the first three days of free service, a quarter inserted in the coin-slot of a Laundromat will wash 9-lb. load of washable clothing, and then, time inserted in the slot of one of the big 50-lb. Aldryers will furnish ten minutes of drying time. Average length of time required to dry one load will usually cost two dimes, so that up to 9 lbs. of washable clothing can be washed and dried for total of 50c-25c in the Laundromat 20c in the Aldryer and 5c for detergent—add another 5c for bleach if desired. Up to five full 9-lb. Laundromat loads can be placed in one of the big 50 lb. Aldryers, but such a quantity will require more drying-time than a single load.

Customers can choose from three different temperatures of wash water by simply turning a knob on top of the Laundromat, regular hot for "regular white" fabrics that won't fade or "run", regular warm for slightly more delicate fabrics and colors, also slightly cooler water for Wash 'N Wear or Drip-dry fabrics. Instructions for operation of the Laundromat are clearly shown on top of each machine and also appear on the handsome framed signs decorating the walls of the store.

These sixteen new Laundromats are the fastest washers ever designed. They save the customers time. The new short cycle takes a mere 20 minutes, exclusive of fill time, for regular washes, and approximately 15 minutes for the Wash 'N Wear cycle. Fill time is usually less than one minute. The timer control does not advance while the tub is filling with water, which assures the customers that clothes will be washed and rinsed with an abundant quantity of fresh water. This is as for the 3 separate deep rinses. Only rain-soft water is used. A special Water Softener has been installed at considerable expense to furnish water at zero hardness. This completely soft water insures a softer, fluffier, brighter wash, requires less soap and avoids any tattle tale gray appearance in clothes, while prolonging their life up to 25% over that of clothes washed in hard water.

As for the 6 big 50-lb. Aldryers, customers can set the switch for a low temperature to dry delicate fabrics, or a higher temperature for drying regular fabrics. Other conveniences to the customer are being installed to make this Laundromat "tops" in labor savings and economy—folding tables set at a convenient height, benches for those who prefer to wait in the store while washing and drying (remember—no attendant in this Laundromat), candy, cigarette and soft drink vending machines for those inclined to "have a snack". Change makers for a quarter and half-dollar are provided, as well as a soap and bleach dispenser, delivering enough of either at a cost of 5c for a full 9-lb. load.

The store is well lit, and has a bright and cheerful atmosphere and appearance. A Bulletin Board is provided for the free use of patrons to exchange information of all kinds, such as "baby-sitter available"; houses and other items for sale are frequently seen listed in older stores established in other cities.

Plans are for the new store to be open 24 hours a day, seven days a week, without a single full-time attendant. These are some of the reasons why the rewarding services of this new Laundromat can be brought to this community at such a low cost. Over 10,000 Westinghouse Laundromats have been established in the 50 States and Canada since 1946.

Even for Mothers who have washers at home, this new Laundromat provides several distinct advantages: A household with, say, five or more loads per week, can do all the wash at once in the Laundromat, by using five or more machines simultaneously rather than having to use one machine at home over and over again. What a savings in time. When washed, the five loads can be tossed into one big 50-lb. Aldryer and dried in less than an hour. Less than 11/2 hours per week to wash and dry five or more loads. We know of one lady in Aberdeen, who, just back from vacation with her husband and three children, used fifteen washers at a clip.

There's always plenty of hot, rain-soft water at the new Laundromat, hence no strain on home utilities. The Laundromat can be a "life-saver" and "wife-saver" in case of costly breakdowns of home equipment. There is no lint problem at the Laundromat and, unlike some home driers, the big 50-lb. Aldryers won't shrink, wrinkle, scorch or dry clothes yellowish rather than sunshine white. Always a clean well-rinsed wash at the new Laundromat on East Baltimore Street in Taneytown plus savings on gas, electric and water bills; no need for purchasing automatic home washers and driers, subject to costly repairs and maintenance costs. See you at the Grand Opening!

NEW HOPE IN ADOPTION

Why is it that out of over a million families, only one-tenth are able to adopt children? What about children who are physically and emotionally handicapped—can they find the security of a home? Read about the new hope in the adoption picture in the August 7 issue of the American Weekly with the

MOSER REUNION

The 33rd Moser reunion was held Sunday, July 31, 1960 in Stonesifer's grove, Keysville, Md., at 12 o'clock; a picnic lunch was served. Maurice Moser the president offered prayer for noon meal. Officers for 1961 are Maurice Moser, President; Clarence Monesifer, Treas.; Nellie Riffe, sec.; Rec. Thelma Baker, Mrs. Raymond Anders, Mary Anders, Margarette Mummert and Marie Moser.

Prizes for men's sport Raymond Eyer. The President and guests thanked Mr. and Mrs. Stonesifer for the grove.

Those winning in horse shoe pitching were Richard Valentine 1st; Glen Crushon, 2nd; Raymond Eyer, 3rd. Ladies guessing games Nellie Riffe, 1st; Gladys Keilholtz, 2nd. Emory Valentine guess games for all Miss Shirley Dinterman, won the surprise box. A song service was enjoyed by all of "old familiar tunes". Ice cream and cake was served at the close of a enjoyable day. Meeting in 1961 same place last Sunday in July.

Those present were: Mr. and Mrs. Maurice Moser, Mr. and Mrs. Emory Valentine, Mr. and Mrs. Russell Moser, Mr. and Mrs. Albert Riffe, Sr. and Leroy, Mr. and Mrs. Glenn Crushon, Mr. and Mrs. Robert Sell and Michael, Mr. and Mrs. Marcus Baker and Arlene, Margaret and Marcia; Mr. John Moser and Roger, Mr. Albert Riffe, Jr. and Larry and Scott; Mr. and Mrs. Raymond Keilholtz and Barbara, Linda James and Richard; Mr. and Mrs. Clarence Stonesifer Mr. and Mrs. Richard Valentine and Gary and Dennis, Mr. and Mrs. Murray Valentine, Phil, Dale and Vicki, Mr. and Mrs. Roy Sanders and James and Wayne, Mr. and Mrs. Charles Valentine and Judy, Mr. and Mrs. Donald Moser and Robert; Mr. and Mrs. Glenn Mummert, Mr. and Mrs. Raymond Eyer and Donna Lee, Mr. and Mrs. Ralph Harver, Mr. and Mrs. Franklin Riffe and Kathy, David and Karen, Mr. and Mrs. Kermit Riffe, Joe Fleagle, Terry Moser and Susan Wood.

Silver Fancy Garden Club

At the July meeting of the Silver Fancy Garden Club held at the home of Miss Liza Carpenter, the following officers were elected for the coming year:

President, Mrs. A. A. Koswick; Vice President, Mrs. Thomas Frailey; Recording Secretary, Miss Liza Carpenter; Corresponding Secretary, Mrs. Hewitt MacPherson.

The club welcomed two new members, Mrs. Simon Klosky, of Emmitsburg and Mrs. Elwood Baumgardner, of Taneytown.

Mrs. John Peyton Thracher, of Frederick, a Federated Judge was the guest speaker and made several arrangements and gave constructive criticism of line arrangements made by the Garden Club members.

The August meeting will be at the home of Mrs. Thomas Frailey.

Summertime Delight!
FROSTY PARFAIT PIE

Everyone goes for ice cream. Everyone dotes on apple pie. So, loud cheers, here's a dessert that delivers both... an apple pie with ice cream blended right into it.

For the apple part, you marry canned apple sauce to the ice cream, give gentle firmness with orange gelatin and you get a pie meltingly smooth, frosty cool, holding the happy zest of apples and a hint of orange in its depths.

You may make this pie with a definite meal in mind. But don't be surprised to find yourself sliding big tender wedges onto plates just any time after the pie is made... for this is a pie practically impossible to resist. Who, indeed, would want to!

For all its light, creamy perfection you don't have to carry on like mad to make it. Just gather the few ingredients and follow the remarkably easy directions.

1 package orange-flavored gelatin
1 1/2 cups boiling water
1 pint vanilla ice cream

2 cups canned apple sauce
1 tablespoon grated orange rind
9" baked pastry shell

Add gelatin to boiling water, stir until dissolved. Cut ice cream into fourths; add to hot gelatin mixture, stirring until ice cream has melted. Add apple sauce and grated orange rind; mix well. Put filling into pie shell. Chill until set. (If desired, garnish with alternate spoonfuls of whipped cream and canned apple sauce.)

Tempting Outdoor Fare

Tongue and Cheese Patio Salad is a real summertime favorite, made quickly and deliciously with packaged pre-cooked rice. Serve it with other delicious items such as sliced tomatoes and cucumbers, hard, crusty French bread and tall glasses of your favorite beverage.

Tongue and Cheese Patio Salad

- 1 package (10 ounces) quick-frozen green peas

1/2 teaspoon salt

1 1/2 cups water

1 1/2 cups Minute Rice

1/2 cup chopped dill pickle

1 teaspoon grated onion
- Dash of pepper

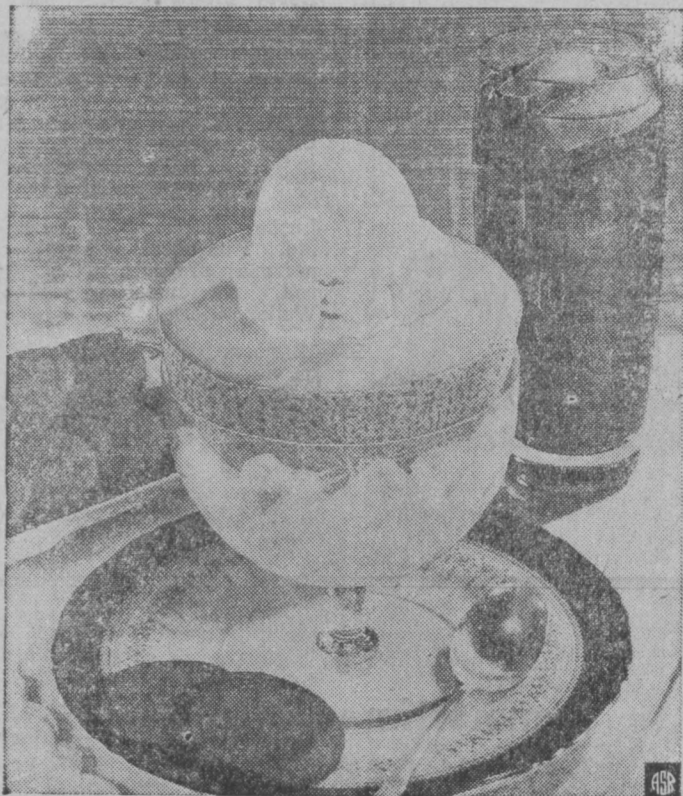

1 cup thin strips smoked tongue

1 cup thin strips American cheese

3/4 cup mayonnaise*

Add frozen peas and salt to water in saucepan. Bring quickly to a boil and boil 2 minutes. Then add packaged pre-cooked rice. Mix just to moisten all rice. Cover, remove from heat, and let stand 5 minutes. Then stir in pickle, onion and pepper. Mix lightly with a fork. Chill. Before serving, add tongue and cheese, and mayonnaise, mixing lightly. Serve on crisp salad greens. Makes 6 servings. *Or use 1/4 cup French dressing and 1/2 cup mayonnaise.

Refresh With Iced Instant Coffee

On warm weather enjoy the refreshment of iced instant coffee. No need to put the kettle on; just dissolve instant coffee in tap water, and add ice. Enjoy it between meals and with a summer favorite, such as cantaloupe a la mode served with delicious cookies, easily made from a cake mix.

To make iced coffee just measure the instant coffee into glasses or a pitcher allowing about one heaping teaspoon of coffee and about 3/4 cup of tap water for each serving. Add a little of the water, stirring to dissolve, then add remaining water gradually. Add ice cubes or pour the coffee over ice cubes or cracked ice. To make the cookies just follow these simple directions.

Sugar Maple Refrigerator Cookies

- 1 package sugar maple cake mix

2 tablespoons finely chopped candied ginger or

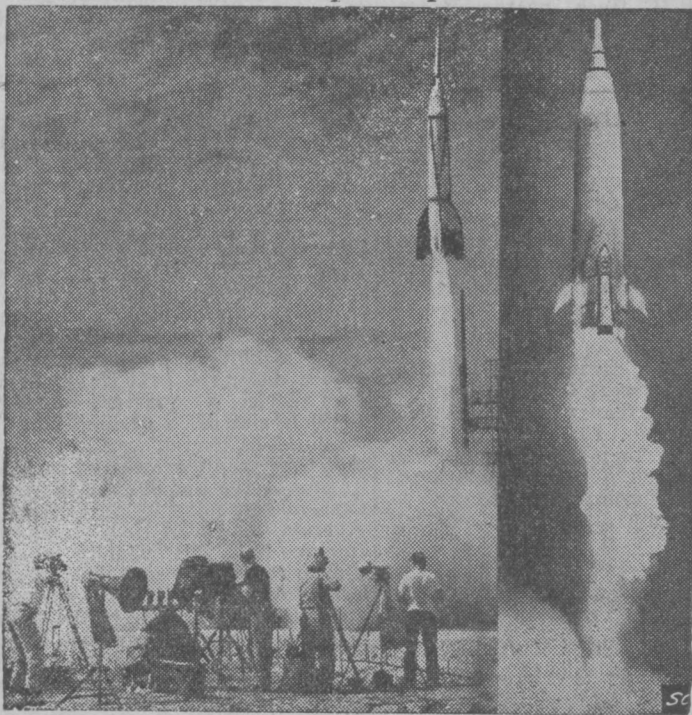

2 tablespoons finely chopped nuts

1 egg

1/2 cup butter (at room temperature)

Empty half of cake mix into a large bowl. Add remaining ingredients and blend well. Then add rest of cake mix gradually, blending thoroughly. Form into 2 rolls, 1 inch thick. Chill about an hour. Cut 1/4 inch thick with sharp knife. Bake in moderate oven (375°F.) 18 to 20 minutes. Makes 8 dozen cookies.

Cape Canaveral: 10 Years Of Progress
From Sand Strip To Space Center

Two missile photos, ten years apart, span history of Cape Canaveral, Fla. On July 24, 1950, G-E managed Bumper 8 fired from relatively crude launching pad (actual photo, left). Ten years later missile nose cone (right) flies record 9,000 miles.

Cape Canaveral, launching site for many of this nation's most spectacular space successes, celebrates its tenth anniversary this year. The G-E managed Bumper 8 was fired from desolate shores by a handful of civilian and military engineers. Today the Cape, which is the missile launching area for the Air Force's Missile Test Center, employs about 8,000 persons and has expanded its launching facilities tremendously.

An example of one of the Cape's many missile triumphs was the recent record-breaking 9,000 mile flight of the General Electric Missile and Space Vehicle Department's Mark 3 nose cone, a flight longer than any other recorded ballistic missile shot in the world. The Mark 3 can be seen atop the Atlas (right) as it starts its historic flight.

FOR HAPPY TRAVELING—
PLAN BEFORE YOU PACK

Whether you're planning a nearby week-end excursion or a full vacation in some far away place, you'll have more fun if your suitcase is packed properly. And, according to travel counselors of the Trailway Bus System, it's easy to pack so everything comes out looking fresh—if you plan ahead. Here are some helpful tips:

Press clothes before packing. If you pack a wrinkle, you're sure to unpack a wrinkle—many times multiplied. Put tissue inside and between the layers of your clothes to help keep them smooth and fresh.

Pack so you can get at things when you need them. A fresh shirt or blouse, clean stockings or socks, toilet articles and cosmetics should be placed where you can get at them quickly and without disturbing other clothing.

Place shoes and other heavy articles near the fold of the suitcase so they won't crush clothing when the suitcase is carried upright. Wrap shoes in polyethylene bags—or slip them inside a pair of heavy socks—before packing them. This preserves the shine and protects other clothing from becoming soiled.

If you're planning a long trip with the youngsters, invest in an inexpensive suitcase you can use specifically for the children's clothes. This simplifies travel problems since you won't have to disturb your own clothes when those necessary—and frequent—changes for the youngsters come along.

These suggestions will help you have more fun on your trip, and you'll have the wonderful feeling of being well-groomed at all times.

"Swimmer's Ear" No Longer A Problem;
Can Be Cleared Up In A Week Or Less

By Lloyd B. Sterling

It's hard to picture anyone quite as forlorn as the youngster—or adult, for that matter—who replies to a "Let's Go Swimming!" invitation with:

"I can't. I've got an ear infection, and can't go in the water."

There is, happily, a new lease on life for people in that situation. An Annapolis, Md. physician, Dr. Irving L. Ochs, reports

ment time for eradication of swimmer's ear is needed because organisms are often piled up in layers in an infected ear. The solution has to work its way through the layers to contact all the germs.

Back in 1950, Dr. Ochs recalls, he noted that a chemical called acetic acid was effective against all the various organisms that cause swimmer's ear. But the acid tended to irritate when used in sufficient strength to kill all the organisms. Also, it evaporated rapidly, making it necessary to apply drops to the affected ear frequently—and the patient often forgot.

Years of monotonous research in chemistry and biochemistry were needed to overcome these objections. V6Sol Otic Solution contains, in addition to acetic acid, a new chemical agent called propanediol diacetate, which is effective against bacteria and fungi without irritation. There are other active ingredients as well, in a special non-irritating formula. The chemicals are no longer diluted in water, but in a liquid that won't evaporate.

In his current report, Dr. Ochs tells of 142 cases of external otitis treated during the past year. "All patients were restored to normal within one week and the majority within four days," he wrote. "There was virtually no sign of irritation."

To those of us who remember entire summers in our youth when we were prevented from going swimming by ear infections, Dr. Ochs' report is welcome news indeed.

that ear infections known medically as external otitis, but more commonly called "swimmer's ear," can be cleared up in less than a week, usually in four days.

Dr. Ochs' welcome announcement, which comes after more than ten years of careful research, appears in the authoritative professional journal Medical Times.

A new preparation called V6Sol Otic Solution, made available to the medical profession only recently, is the result of Dr. Ochs' long years of study. It has the ability to immediately kill virtually all the bacteria and fungi that attack the outer ear canal, including those which thrive in the presence of antibiotics or sulfa drugs.

The four-to-seven-day treat-

TRUSTEES' SALE

OF VALUABLE

REAL ESTATE

situate on Middle Street, Taneytown, Carroll County, Maryland

By virtue of a decree of the Circuit Court for Carroll County, sitting in Equity, passed on May 31, 1960, in Cause No. 9525 Equity, wherein Paul A. Rodkey, et al., are Plaintiffs, and The Lewis Development and Improvement Corporation, et al., are Defendants, the undersigned Trustees will offer at public auction on the premises, on

MONDAY, AUGUST 8, 1960,

at 1 o'clock, P. M., all that lot or parcel of land situate on Middle Street, in Taneytown, Carroll County, Maryland containing 6900 square feet of land, more or less, and being all and same land conveyed unto The Lewis Development and Investment Corporation, by deed of Hazel D. Shriner, widow, dated December 2, 1957, and recorded among the Land Records of Carroll County in Liber E.A.S. No. 284 Folio 66, etc.

The property is improved with a one story concrete block construction built-up roof building, known as the Taneytown Post Office.

TERMS OF SALE—One-third part of the purchase money shall be paid by the purchaser or purchasers to the Trustees on the day of sale, if required in whole or in part by the Trustees, or upon ratification thereof by the Circuit Court for Carroll County, sitting in equity; and the residue shall be paid in two equal parts, the one to be paid in one year, and the other in two years from the day of sale, with interest from the day of sale, if on credit terms, and to be secured by the notes of the purchaser of purchasers, with security to be approved of by the Trustees or all cash at the option of the purchaser or purchasers. A deposit of \$5000.00 will be required of the purchaser or purchasers on the day of sale.

CHARLES O. FISHER, and
B. CONWAY TAYLOR, Trustees

BANK NOTES

by Malcolm

DID YOU KNOW...

WELCOME NEW MEMBERS!

A MILLION HEIRS CLUB IN TEXAS ACCEPTS ONLY NON-OFFICER BANKERS WHO BRING IN MORE THAN \$1 1/2 MILLION IN NEW ACCOUNTS!

AT THE TOP OF HIS CLASS IN HIGH SCHOOL, A YOUNG GRADUATE HAD TO TAKE A JOB AS A RAILROAD SECTION HAND. THEN A KANSAS BANK HIRED HIM AND ENCOURAGED FURTHER STUDY. TODAY, HE HAPPILY HEADS A LARGE EDUCATIONAL ASSOCIATION.

THE UNITED NATIONS SITE WAS BOUGHT BY JOHN D. ROCKEFELLER, JR. WITH A SINGLE BANK CHECK FOR \$6,500,000.

LIVING FACILITIES available to students at the schools of the Office of Civil and Defense Mobilization are comparable to private schools and convenient to classroom areas. Shown are the cafeteria and a typical student room for the OCDM Staff College or Chemical-Biological-Radiological Defense School at Battle Creek, Mich. Rooms are \$1.50 a night. Students attending OCDM tuition-free courses under State sponsorship are eligible for partial Federal reimbursement for travel and living expenses. For additional information write to the above schools or to the Western and Eastern Instructor Training Centers at Alameda, Calif., or Manhattan Beach, Brooklyn, N. Y., respectively.

THE BIBLE SPEAKS

International Union
Sunday School Lessons

BY DR. KENNETH J. FOREMAN

Bible Material: Hosea 11.
Devotional Reading: Hosea 1:1-7.

God's Children

Lesson for August 7, 1960

MANY ECHOES of the tragedy through which the prophet Hosea passed, are to be read in his pages. He uses figures of speech which suggest sad chapters in his life-history. When his wife Gomer left him and all three children behind her, he had to be a father and mother to the little ones. This may be a memory underlying the opening words of the 11th chapter. The "I" in verses 1 through 9 refer to God. He is presented as a loving father, taking his child (Ephraim, one of the names for the nation of Israel) in his arms and teaching him to walk. It is a heart-stirring picture, the mighty God picking up baby Ephraim and holding him in His "everlasting arms" and teaching him to walk.

Dr. Foreman

"Sharper Than A Serpent's Tooth"

Perhaps Hosea had had trouble with his motherless children. Surely God had untold trouble with Israel. God and Israel are elsewhere called husband and wife; here they are father and son. But the picture is not of harmony and happiness; it is a picture of a broken home, broken because the son will not stay at his father's house, he disrespects his father's orders and wishes. Yet God's love continues. Even when Israel acts more like brutes than men, Hosea says God feeds them, and makes their yokes and bridles as easy as possible. Yet Israel has never appreciated what God has done. Israel has never appreciated what God would do if they would let him. They worship little gods, "Baals," instead of the true God. They owe their whole existence as a nation to his mighty help in bringing them out of a hopeless slavery in Egypt to a land of hope and freedom.

"How sharper than a serpent's tooth it is

To have a thankless child," Shakespeare said. Must not God feel the sting of ingratitude even more than we would in a similar case?

Even At Their Worst

Israel was a bad nation, made up of mostly bad people. The citizens of their rival country, Judah, thought God had no use for Israel at all. Its history was stained with bloodshed, its great men were mostly skilled in the arts of destruction, especially war, its worship was cheap and unworthy of the great God. Hosea says they went away from God, they sacrificed to idols, they are bent on turning away from God, they have refused to return to God. And yet, in spite of Israel, in spite of what they were at their worst, God cries out, "How can I give you up?"

No book in the Bible makes it plainer that the love of God is indestructible. God loves men even at their worst, he loves those who run away from him. Many persons are bothered by the suggestion that God is the father of all men. Does that mean that all men are alike in God's sight? Does it mean he loves wicked men quite as dearly as good men? If we follow the hints we have here in Hosea, we can venture these answers to those questions: Men are not alike in God's sight; the Bible clearly marks off good men from bad. God does love all men; but some run away from his love.

Why Be A Beast?

At several points Hosea speaks of Israel not as a wife, not as a son, but as an animal, most likely an ox, a beast of burden. Now it is the glory and the privilege of God's children to honor and serve him. But there is a great deal of difference between serving God gladly, out of love for him and eagerness to please him, and serving God only because he puts a bridle around your mouth and drives you as a farmer drives a mule. We do not upset God's plan for the universe by being balky. We grieve God, but we do not defeat him, by our mulishness. No man really runs a successful rebellion against God. God is all-powerful and all-wise as well as all-patient and all-loving. He desires the free devotion of free sons; but if this is refused, the failure and the tragedy comes down on man's head, not on God's.

New Polio Vaccine Requires No Needle

A Public Health Nurse of Costa Rica's National Health Service administers oral vaccine against poliomyelitis to a child of one of the houses in her district. These new vaccines are made with attenuated or "tamed" strains of live rather than killed poliovirus and are taken by mouth and not by injection. They are usually given in the form of pills or in fruit-flavored syrups. Costa Rica is only one of several Latin American nations now using oral vaccine in campaigns against polio.

The Pan American Sanitary Bureau, operating arm of the Pan American Health Organization and Regional Office for the Americas of the World Health Organization, assists the countries in combating this crippling disease.

Milking Herd Dispersal

Friday, August 12, 1960; 1:00 P. M., D. S. T.

Located midway between Littlestown, Pa., and Harney, Md., West off Route 194, 10 miles south of Gettysburg, southwest off Route 140, at St. James Church, Adams Co., Pa., the following:

26 REG. HOLSTEINS PLUS CALVES
Certified Accredited Vaccinated

Consisting of 25 milk cows of which 14 will be fresh or close springers. One herd sire 4 years old, a son of Hillmac Sovereign. A number of daughters in the sale. One yearling bull. Most of the cows are sired by SPABC bulls. Services are to SPABC, sires and herd sire. Tested within 30 days of the sale. Can go anywhere. If you need fall production, don't miss this sale.

Vacation Days

(Continued from first page)

plant them everywhere. We saw a caretaker with a long hose watering the plants high on a light pole. The homes have flower boxes at the windows to the very top story of the house. All brightly blooming and showing much care. We stayed at Hotel Lutetia in Paris for two nights and ate some delicious French food always with a dessert of cheese. By now we were all wishing for a drink of cold water for in Germany and France water is bought in bottles just like gingerale, etc. As gas is one dollar a gallon we were glad that Reese had sufficient coupons to use at the Esso service stations.

We all promenaded with the crowd down the Champs Elysees to the Arc de Triomphe. We rode the elevator nearly to the top, walked up several flights of stairs and had a wonderful view over the city of Paris. As we window shopped we noticed cotton dresses in the exclusive shops for \$100 (American money). We passed the famous Lido and bought orange sodas at the sidewalk cafes. In the evening we took the Illumination Tour of this great city in a glass-topped double-decker bus when we saw the Moulon Rouge, Pigalle, Arc de Triomphe, Napoleon's Tomb, Place de la Concorde (where the last King of France was beheaded) Maxim's where the celebrities dine, the Eiffel Tower, Cathedral of Notre Dame, the house where Frederic Chopin died, the Palais Royal, the Museum where Mona Lisa is kept and many other famous places. The next morning we took a cruise down the Seine River in a glass-ton boat that lasted nearly two hours. We enjoyed our visit to Paris but were glad to be heading towards the wide open spaces again. We passed by Orly Field where Janice and Arthur landed when they went to France. Everywhere we saw bikes and more bikes many of the riders carrying their long loaves of good French bread. Some loaves are so long they almost drag on the ground. Six hours on the road and we finally arrived at Monsieur Chevenau's where we had been invited for lunch. We ate from a table 300 years old and a beautiful piece of furniture it was. Many courses with many wines but the mineral water was most refreshing. By now I felt as if I were slowly dehydrating for citrone or sinalco (soda pops) didn't seem to refresh us. "Madame Chevenau was a beautiful woman very chic and petite and though she knew scarcely any English we could make ourselves understood quite well much to my surprise. Janice remembered quite a bit of French so that was a help. We stayed overnight in their beautiful home and had quite a pleasant evening as Monsiem and Reese had been at the same base working together.

The next day we went to visit the Marsals and found them to be very sociable and friendly. Madame Marsal took us through the village of Chasse Neuil and here we saw the chouches where Janice had bought their meats and the pateriserie where they bought the good French bread when they lived in the house they rented from Marsals their first year abroad. She took us to the church that is one of the oldest in France. The stone floor is badly worn from the footsteps of many centuries. The cemetery looks like a flower garden with huge bouquets of bright blooms. Many times we saw women riding their bikes with a spinkling can and then that means they are on their way to the cemetery to water the flowers. We also visited the Tillets and Arthur played with their healthy looking children while we talked, and admired their antiques. Madame Tillet presented Janice with a beautiful vase that had belonged to her great - great - grandmother. While visiting here in the vicinity of Poitiers Wilbur and Monsieur Marsel walked over some fields to watch for the lapins de garenne, which is much like the western jack rabbit. Our time was now getting limited so we said goodbye to all the friends at Portiers and Chasse Neuil and started eastward across France. At a restaurant along the way Wilbur enjoyed his first mess of snails, but not mel. Near the French and German border we saw many fine herds of Brown Swiss cattle also a white-breed we had never seen anything like it before. Most of the cattle were Holstein in the sections we traveled through.

They really raise hops in Germany. There were many, many fields of them. But then Munich is "the Milwaukee of Bavaria. The utility poles were of concrete and looked odd compared to our cresented ones. Another noticeable feature was the water towers also made of concrete.

We crossed the Bodensee on a ferry and toured the beautiful country of Switzerland. No wonder this is a land of tourists. We gazed through the shop windows of Winterthur and Zurich; drove uphill and down admiring the picturesque scenery much like our own hilly and mountainous sections. We are still longing for some good Taneytown water. After all these miles we are beginning to tire on less miles per day. So are glad to see the car headed for Ulm back in Germany.

Here at Ulm we visit the department stores, the huge cathedral that escaped the bombs of World War II, and the market place where the farmers bring their first product from the farms. e were entertained at Herr Degens home, a typical German home, where the son played the accordion and the young daughter the zither. We were served sandwiches, cake and coffee and shall long remember our evening spent in a German home singing, dancing and chatting. A German girl with her Hawaiian husband also helped to make the evening a very pleasant one. Because of their friendliness we shall long remember our visit to Germany.

One of my nephews, Vernon Cassell, was fortunate to be able to stay at Janices apartment and we enjoyed hearing him tell of his experiences at the base near Pinnasens where he still has 4 more months before returning to the States.

Now on July 16 we must return so we leave Ulm and travel the autobahn to Frankfurt Airport. Here we are glad to see Mrs. Dorothy Dern

Cass who comes to say goodbye to us and send greetings to her parents in Taneytown. (Mr. and Mrs. Lloyd Dern George St.) Due to the trouble in the Belgian Congo we must return by TWA as Sabena is using all planes to return its people to Brussels Airport when cots have been set up for their use. Who would think that trouble in faraway Africa could affect any one living here in Taneytown? But TWA brings us back. 112 persons abroad by way of London where we land for over an hour. Then pass north of Ireland, cross the lower part of Greenland where we see the snow covered mountains, as we near the coast of Newfoundland see the icebergs in the North Atlantic and follow the coast line down to Idelwild. We had left Frankfurt at 3 P. M. and landed at New York 8:20 p. m. turning over watches back 5 hours. We stood in line for an hour waiting for customs inspection and then drove all night before reaching home. A wonderful vacation with memories to last a life time.

RUTH NAYLOR.

Stay Away From Electric Wires

A seasonal warning was issued today by Mr. S. E. Breth, manager for the Potomac Edison Company here, who asked all local residents to "be extra cautious with outside work which involves metal equipment."

The utility company manager said that extreme care should be taken that metal equipment stays far away from all electric wires. "Far too many persons are injured," he said, "while installing TV aerials, flying kites and model planes, using metal ladders, or operating spraying machines, well diggers, cranes and other equipment. "These injuries," he stated, "could be eliminated if only people would remember that electricity is just as safe as the person using it."

In commenting on this, the utility spokesman said that the basic rule to remember is: "Do not take the slightest chance of metal coming in contact with any wire."

He also suggested that in aerial installations, care should be taken that aerials be placed where they will clear all power lines in case they are blown over or accidentally fall. Equal care, he said, should be taken with aerial guy-wires and lead-ins.

A special warning was given by the company official to those who operate equipment in orchards or anywhere that electric wires may be hidden or obscured by trees. "In areas of dense foliage, you must take every precaution that metal does not come in contact with wires which may be hidden from view on the ground," he warned.

Miss Twining Named Associate Home Demonstration Agent In Carroll County

The appointment of Miss Helen Twining as Associate Home Demonstration Agent in Carroll County is announced by Dr. Paul E. Nystrom, Director of the University of Maryland Extension Service. Her appointment became effective on July 1.

Miss Twining had been Acting Assistant Home Demonstration Agent in Kent County for a year. Her responsibilities included the total Home Demonstration Club program, both adult and youth work, while the Home Demonstration Agent was on sabbatical leave for advanced study.

In 1958, she served as an Extension Summer Trainee in Kent County. Her training and experience have well qualified her for the present position of Associate Home Demonstration Agent.

She is a graduate of Western Maryland College with a Bachelor of Science degree in Home Economics. She graduated Cum Laude and received the Adelaide Erics Watson prize for excellence in Home Economics.

As a Baltimore County 4-H Club member, Miss Twining won a trip to National 4-H Club Congress in Chicago as a result of her leadership project. She is an active member of Maryland 4-H All Stars.

In Kent County, Miss Twining worked with about 500 homemakers in 14 clubs and 240 4-H Club members in 11 clubs. She also worked with individuals outside of organized groups.

Miss Twining will work with Mrs. Joyce R. Hawkins, the recently appointed Home Demonstration Agent in Carroll County.

IS "BANK TIME" TOO!

There is no time of the year when bank service and protection are more needed than right after the harvest.

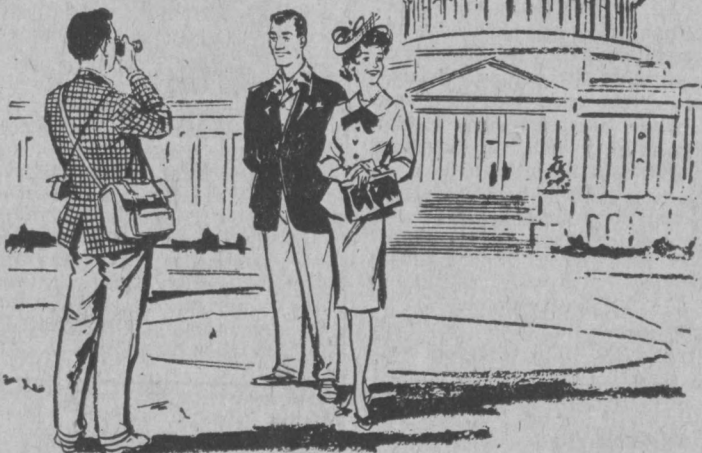

The farmer's funds must be safeguarded. He has many obligations to meet which can best be settled by check. There is a budget to figure for the period of winter inactivity. Banking counsel and cooperation can be most helpful.

We wish to place our complete banking facilities at the disposal of our farmer friends, who know from experience of our sincere interest in their welfare.
