HIGH SCHOOL HIGHLIGHTS

School opened on September 6th with a record enrollment of 405 students. This number marks an increase over that of the 1959-60 school year. As these enrollment figures continue to rise, more and more support for education becomes necessary both locally and on County and State levels. Excellent support for your school can be achieved by joining P. T. A. organizations and other groups whose objectives are educational improvements. More information regarding membership and the objectives of P. T. A. will be forthcoming. Renovations at the Taneytown High School are progressing nicely. The exact date for the use of the new cafeteria will be published in next week's High School Highlights.

SCAT-STEP TESTING PROGRAM

The School and College Ability Tests (SCAT) and the Sequential Tests of Educational Progress (STEP) will be administered to the pupils of grades seven, nine, and eleven at Taneytown High School starting September 26 through October 4. These tests are for the purpose of helping the pupils and the teachers to estimate the pupils' general ability and to ascertain each pupil's progress in the areas of mathematics, science, social studies, reading and writing.

It is of vital importance that the students in grades seven, nine, and eleven be present to take the tests. Parents are asked to make a special effort to see that their children attend school during the testing period.

Miss Emma Jane Formwalt, T.H.S. senior, attended a meeting at 2:00 p.m. Tuesday, September 20, in the Westminster High School. She is representing the Taneytown seniors and will help plan the Senior Day program at the county-wide meeting to be held later. It is an annual event that helps to unite the graduating classes in friendliness and cooperation.

In compliance with the request of Archbishop Keough, the High School is honoring an invitation for Catholic students to attend the Catholic Retreat at St. John's Church in Westminster. The interested students will be excused for this purpose. The Retreat is being held on Wednesday, Thursday, and Friday, September 21, 22, and 23.

Through the Foreign Correspondence Bureau, which has its offices in Newton, Kansas, the Junior High Students are joining a pen pal club in order to promote goodwill among students of other nations. Many students in foreign lands are anxious to write to American boys and girls. The pen pal club will promote friendship, not only among the students, but also among foreign nations. UNESCO has given approval of the plan.

It is interesting to note the enthusiasm with which the pen pal club has been received. Apparently our boys and girls, too, are anxious to correspond with foreign students.

Karen Fiscus has been appointed Secretary of the club, and Mickey Tracey is acting as Treasurer. Mr. Francis Smith is the sponsoring teacher.

Senior High students are welcomed and invited to join their younger fellows in promoting good will among nations by also joining the club. They should contact Mr. Smith or one of the officers named above.

To date, 68 students have applied for correspondence in 20 countries, such as Japan, Wales, Sweden, England, Germany, France, South Africa, Ireland, Australia, Holland, Austria, Norway, Italy, Hawaii, Venezuela, Spain, Switzerland, Finland, Mexico, and Scotland.

Both his wife and he have been active in the P. T. A. organizations of the community. Mrs. Andreas was instrumental in starting a Women's Guild at the Keysville Church and at different times served as an officer in the Taneytown Women's Guild and on the Executive Board of the Maryland Regional Women's Guild. Jaycees Report to the People

Taneytown Jaycees Governmental Affairs Committee in trying to promote more interest in better government and also in the promoting of new ideas, discussion, etc. of our community affairs have been very fortunate in receiving a letter from an interested citizen in answer to our appeal as set forth last week. The contents is published as follows.

"Taneytown is a quiet town. Very few citizens are concerned with what goes on in another section of town. Very few citizens care what the future might have in store for their town. Most of our people are quite satisfied with their immediate surroundings - but, is this a healthy situation for a town that ranks second in size in its county?"

Our democracy requires that all individuals take an active part in their government. This means that each citizen in our town must take an active part in his town government. We must never be satisfied with things as they are but must be constantly exploring new avenues for improvement.

Each and every individual in Taneytown should be so concerned about his town's business transactions, financial transactions and future planning, etc., that he be constantly in touch with his town councilman so that at all times we know exactly which foot our town has forward. This is our town - we have a right to know.

Do you know who lives in your town? Do you know if your town promotes new housing developments? Does it make its new home builders feel glad they built in Taneytown? Ride around the streets of your town get into your towns new developments and acquaint yourselves with all sections of your town.

It is up to each and every one of us to know about our town and what our town government stands for - express your views to your Mayor and City Councilmen. They can't do their job without YOU!"

George Naylor, Jr., The Jaycee Governmental Affairs Committee earnestly request that more people send their views for discussion to this committee so that they may be published. Let us hear from all of you.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

The first beautiful bloom of the Gardenia was on the new plant of which I awaited so eagerly. That pure white flower with its delightful aroma all its own. I always whisper, "Thank you, God" with such reverence as I cup it in my hands.

When the awful Hurricane, Donna left its tail end in Baltimore, I felt that all should be thankful that it did not cause the destruction in the State of Florida. And thinking of Florida for those who desire to live there. It is best to remain one year before moving down forever. It may mean that you are one of the individuals who cannot accept the Tropical Climate. I know of many who continually go to M. D.'s always having something wrong. If I were those Doctors I would tell them honestly instead of treating them, "Your best bet would be to go up North as your system cannot take this climate!" Doctors are making a fortune down there due to all this.

Grandma Moses was just 100 years old two weeks ago and that reminds me she is a "Virgo" the long livers! Many letters are requesting Horoscope Readings in my column and will start one a month beginning January-D. V.

How nice it was to drive up "around the town" and especially with a lovely aged lady (my late sister's friend) who has known me since I was Sixteen! Folks, the town appeared just lovely and without a doubt it is truly the most attractive as one approaches which is all most beautifully kept.

I could not walk around as my left foot was in a cast due to a broken bone however it was grand being there anyway. I met a new "Little" boy working in the Carroll Record. That little boy never starts anything he

OFFSIDE

While Vice President Nixon in Peoria, and her husband a few blocks away, were sparring for the Presidency, Mrs. Jackie Kennedy sounded off in her Waldorf suite on Catholicism and clothes.

She resented, she said, the criticism that she spent too much on clothes, denied the published report that her shopping amounted to \$30,000 a year, and said she was sure she spent less on apparel than Mrs. Nixon. This sort of thing, and attacks on Jack's religion, she thought were "dreadfully unfair".

We think the lady has something there - even though the Senator has had a hand himself in keeping the Catholicism issue alive. As for the finery, why shouldn't Jackie spend \$30,000 a year, or twice that, if she wants to. The Kennedys wouldn't miss it, and it would help the fashion business and sundry seamstresses.

More significantly, this sort of earping - on both subjects - might be all it would take to upset the GOP appallant in this closely contested campaign.

GRASS ROOTS OPINIONS

TERRA HAUTE, IND., TRIBUNE: "Swindlers and sharp operators, notably including fake 'real estate brokers', have recently been plaguing rural areas.

"In many cases, fast-talking visitors convince the property owner that if they are allowed to advertise for him on a national basis they will be able to get a better price than he is asking. They persuade the owner to sign a contract and pay an advance fee of perhaps several hundred dollars—and then, often enough, they are never heard from again."

HAGERSTOWN MD., HERALD: "As news came that the federal budget for the year just ended showed a welcome billion dollar surplus, it was ruefully admitted that the Social Security fund had shrunk by the same amount. It wasn't forecast by the experts, who had thought the fund would be in the black after two straight years in the red. Even the new higher Social Security taxes weren't enough. It's a simple matter of more people taking more money out. And, if it goes on it is certain that taxes will have to be raised quickly just to cover present benefits.

"The plan to cover medical expenses would raise taxes, too, and steeply . . . Congress must not railroad through an ill-considered medical aid bill that will be a mortgage on our whole futures."

ALTOONA, PA., MIRROR: "Former President Herbert Hoover at the age of 85, still can thrill his listeners and his clear voice and cheery smile can hold attention. The elder statesman of the Republican Party proved himself to be the 'hit' of the opening session of the Republican convention in Chicago.

"He attacked the Communists, the eggheads and the beatniks who would place America second and who fail to stand up to their heritage. He sought a rebirth of a great spiritual force which has been impaired by cynicism and weakened by foreign infections".

HILLSBORO, ORE., ARGUS: "Too many throughout the world—and too many of our own people—think the joy ride of the free-wheeling U. S. economy is a gift from Uncle Sam.

"Let's face reality. Every U. S. taxpayer is Uncle Sam—his beneficence is out of our pockets. Uncle's wealth comes from the toils of our labor. Let's tell that story to other

peoples, let's preach it to ourselves. When Uncle wastes he wastes hours of work and sweat of U.S. citizens".

WEST POINT, MISS., LEADER: "You might get the impression these days that to be a 'liberal' is all the rage, and that to be a 'conservative' is to be obsolete. Few politicians would willingly put on the 'conservative' tag, even though they might think and vote conservatively, because of the poor 'image' it might create in the voter's mind.

"It is a surprise, therefore, to run across a Gallup Poll in which voters were asked would they consider themselves 'liberals' or 'conservatives'. It broke down the results geographically. Only in the Northeast did the liberals outnumber the conservatives, 55 per cent to 42.

"The booming South was 'conservative' 55 per cent to 45 per cent. The growing Midwest was 58 per cent conservative. And the rapidly expanding Far West was evenly divided.

"Perhaps the signs to be discussed in this poll will encourage more conservatives to come out into the open".

OSKALOOSA, ILL., HERALD: "Iowa farmers are turning to the corporate form of doing business for a number of reasons, a survey by the University of Iowa, Iowa City, shows.

"The survey of 20 farm corporations in Iowa showed 17 citing the ease of transferring property as the reason for incorporation.

"The second most frequently mentioned reason was the corporation made the continuance of business easier after the death of the original owners."

Kids Day Sept. 24, 1960

Kids' Day sponsored by Kiwanis, will be celebrated Saturday, September 24 in Taneytown and in hundreds of other communities throughout the United States and Canada using the theme: "Help Our Youth Walk Tall". Thomas Albaugh, President of the Kiwanis Club, said that although this is the twelfth annual observance of Kids' Day, it is the sixth year of sponsorship exclusively by Kiwanis International and its member clubs throughout North America. He further stated that work on this twelfth annual celebration is well under way, and it is expected that more clubs than ever before will participate in this annual activity for youth.

"Preliminary plans for local activities are now being formulated by the committee in charge" Pres. Tom said. He named Charles Hopkins as chairman and Bruce Villard, Paul Morelock, Donald Smith, Gene Eyer and Hal Royer as members of the committee under whose direction the activity will be carried out even through all members of the Kiwanis Club will share in the project.

Pres. Tom pointed out that youth work has been a major aim of Kiwanis International throughout forty-five years of its existence. The Kids' Day program, one of Kiwanis' major activities for youth, focuses attention on this important work of the organization on one day, and permits each club to develop a local program best suited to its community while integrating it with the club's year-round program for youth.

Last year over two and a quarter million children were entertained on Kids' Day and Kiwanis clubs raised more than \$1,000,000.00 for their youth service work. He stressed that these funds are retained in the communities where they are collected and used entirely in local youth projects. He pointed out the Kiwanis club's sending children to camp, multiple distrophy funds (others you can name) to show how Kiwanis uses locally collected funds to benefit the entire community.

"Doc" Hopkins, Chairman of the Kids' Day committee, indicated that further details will be announced in the near future. He urged all citizens to wholeheartedly support Kids' Day (as they have in past years) and join with other civic-minded residents of Taneytown in observing this day set aside especially for helping youth.

Teach Your Children Thrift with S&H GREEN STAMPS

Many families use S&H Green Stamps to help their children learn the all-important habit of saving. They use them as awards for doing chores around the home. For instance . . .

So many S&H Green Stamps each week to daughter for drying the dishes or helping clean house . . . so many to sonny for mowing the lawn or for other odd jobs. Many housewives tell us it's a wonderful way to accomplish the twofold purpose of rewarding youngsters for tasks well done and showing them how thrift pays.

Youngsters of every age from tots to teens love S&H Green Stamps because they can redeem them for a wide variety of quality items that are dear to children's hearts. Try this plan in your home. You'll be truly amazed to find how well it works.

Busy mother of three finds telephone gives 21 extra hours in two weeks...saves \$17³⁸ and 200 miles of traveling

Mrs. Duden uses her phone to find out if a local fabric store has some material she needs.

Mrs. H. Richard Duden of Annapolis recently kept a two-week record of all her family's telephone calls. For each call she also estimated any expense, time and traveling that were saved by being able to telephone.

At the end of two weeks, her tally showed that the telephone had given them almost a full day of extra time, and had saved far more in traveling expenses than

the cost of their telephone service.

Whether it was a call to summon a washer repairman or rounding up the youngsters, the phone made busy days easier.

Mrs. Duden found, too, that some calls provide pleasure and peace of mind that can't be measured in time or money saved. For instance, her husband who is an insurance representative and football coach, had to make a busi-

ness trip to Florida. His Long Distance call to the family went into a "special" category of her telephone diary.

Perhaps you might like to keep a diary to see what your telephone does. We think you'd find, too, that your telephone saves much more in time, trouble and expense — than the cost of having it.

Insurance Protection For The Retarded Children

The regular monthly meeting of the Carroll County Association for Retarded Children was held at the Baile Hall Day-Care Center.

Mr. Roland Armacost, Carroll County representative for the Equitable Life Insurance Company, explained the newly implemented life insurance protection available for the benefit of the retarded child. This coverage has long been sought for and has just recently been accomplished through the continued efforts of the National Association for Mentally Retarded Children.

The most important part in the program at this point, as explained by Mr. Armacost, is the fact that all parents or guardians of retarded children desiring the coverage must complete an application prior to the end of the current month of September, 1960. All interested persons are requested by the Carroll County Association for Retarded Children to contact Mr. Roland Armacost.

Former Taneytown Citizens Honored Upon Their Retirement

GRACE WITHEROW ... she added up 42 years

TOTALS UP A BUSY CAREER

By Elizabeth Ford

"FIGURES don't lie, said Grace A. Witherow, giving the one-two-three to any and all who have ever lifted their eyebrows at statistics. "It depends on how you interpret them".

Miss Witherow should know. She retired Wednesday, Aug. 31, 1960, from her post as chief of the U. S. Trade Statistics Section of the International Economic Analysis Division, Bureau of Foreign Commerce. That's a pretty lengthy title, but Miss Witherow's years of government service easily outdistance it. They add up to 42.

For probably the first and last time in her life Miss Witherow, wearing a white and purple orchid on her blue print frock, showed up late for work Wednesday. She clocked in at the Department of Commerce only minutes before the 3 p. m. reception honoring her took place in the conference room of the Secretary's Suite.

In presenting her with a certificate of service, Under Secretary of Commerce Philip Ray, praised the "deep and dedicated work" of Commerce personnel and named Miss Witherow as a "prototype".

In addition to Ray, other top figures among the guests were Carl Blackwell, director of the International Economic Analysis Division, Miss Witherow's boss up to Wednesday; and M. J. Meehan of the Office of Business Economics, for whom she first worked during her early days at Commerce.

Miss Witherow, who plans two addresses in the future—her apartment in Washington and her family home in Taneytown, Md.—revealed that she's "not too stern about the house hold budget". But her professional skill with multiplication, addition and subtraction won for her in 1949 the Meritorious Service Award for her distinguished reporting and analysis of U. S. trade developments.

Although she's a foreign commerce alumna, globe trotting is not her forte. Her total travel at the moment will be summed up in a trip to visit cousins in Denver, Colo.

No gold watches turned up but Miss Witherow received from colleagues in her department a different kind of a "watch"—a miniature television set, replete with a check to buy a big one. Recognized as an authority in foreign trade statistical work, she was graduated from Massachusetts Academy in Virginia and later majored in economics and philosophy at American and George Washington Universities.

For many years, she has been an active member of the National League of American Pen Women and of the Daughters of American Revolution. Now state recording secretary for the D.C.D.A.R., she is the immediate past regent of the Fort McHenry Chapter.

Harry M. Witherow, Engineer, Design Standards and Specifications in KAPL's (Knolls Atomic Power Laboratory Technical Operations) retired from the General Electric Company Friday, September 1, 1960, after more than 39 years service. Mr. Witherow was honored at a dinner at the Niskayuna Club and received a watch and a folio of congratulatory telegrams and letters from friends and co-workers. Among those gathered to wish him well were General Man-

W. Thorson who were the speakers for the evening. Mr. Witherow served in World War I as 2nd Lieutenant in the infantry with the 78th Division and was cited for action at Thiaucourt, France. On return from service he entered the Massachusetts Institute of Technology where he received a BS degree in Electrical Engineering in 1921 and a Master's degree in the same field in 1922.

After graduation he started work with General Electric Company as an engineer with the Meter and Instrument Department in West Lynn. From 1928 to 1937 he was associated with Demand Meter Engineering at Fort Wayne, Ind.; then he returned to West Lynn, first as Supervisor of Engineering and then as Division Engineer. In 1944, he was made Superintendent of Manufacture for Aircraft Instruments at West Lynn and from 1950 until 1954 when he came to KAPL, he was Division Engineer for Magnetic Devices at General Purpose Control in the Schenectady Works.

His first assignment at KAPL was as Manager of the Electrical Engineering Sub-Section in SIR Power Plant Engineering. In 1955, Mr. Witherow was made Manager of SIR Power Plant Equipment, the position he held until 1957 when he was made Specialist-Advanced Control Systems; his work has also included special assignments in studies of advanced electrical systems and handling of design standards and specifications. He holds several patents. Articles he has written include "Gyroscopes for Aircraft" in the American Institute of Electrical Engineer Magazine and "Demand Meters" in the GE Review.

In the days ahead, he plans to spend more time sailing at Marblehead, Mass., and there is also plenty of gardening to do; "it never seems to be done", he says. For an evening entertainment, Mr. Witherow and his wife, Helen, enjoy dancing, bridge, or listening to good music.

Mr. Witherow is a member of the American Institute of Electrical Engineers and former chairman of the Fort Wayne Section; a member and former president of the Fort Wayne Engineering Club, and a member of Hexalpha, Phi Delta Theta, and the Mohawk Golf Club.

The Witherows, who reside at 1189 Mohawk Rd., Schenectady, N. Y., have twin daughters Karen and Susan.

United Lutheran Church to Meet in Atlantic City

The United Lutheran Church in America will hold its 22nd biennial convention at Convention Hall in Atlantic City, N. J., October 13-20.

Mr. Merwyn C. Fuss will be one of 700 official delegates, as a representative of the Maryland Synod, one of the 32 constituent synods of the United Lutheran Church, whose 2,500,000 members make it the largest Lutheran church body in North America. The convention delegates will be asked to decide whether the United Lutheran Church will join three other Lutheran church bodies in the largest Lutheran merger in American history. An agreement of consolidation, to be submitted to delegates for approval, would clear the way for the United Lutheran Church, the American Evangelical Lutheran Church and the Finnish Evangelical Lutheran Church (Suomi Synod) to merge into the new 3,100,000-member Lutheran Church in America.

The new church, according to predictable timetables, will hold its constituting convention in June, 1962, and come into being on Jan. 1, 1963. What may be the final full convention of the United Lutheran Church will open at 10 a. m., Thursday, Oct. 13, with a service of Holy Communion. President Franklin Clark Fry will deliver the convention sermon. Offerings at special services will be sent as a gift to the Lutheran Church in Chile.

The Rt. Rev. Henry Knox Sherrill, a president of the World Council of Churches, will be among the convention speakers. Bishop Sherrill is a former presiding bishop of the Protestant Episcopal Church and served as first president of the National Council of Churches.

The convention is expected to act on a report of a ULCA Commission on the Altar and its Implications. The commission will recommend that the convention adopt the commission's report as a "guide" for the church and its 4,600 congregations on the sacrament of the altar. Church leaders regard the report as one of the "principal documents to be produced by the ULCA in its 42-year history."

Also to come before the convention are statements on capital punishment, nuclear weapons and the protection of the confessional.

The Rev. Dr. Frank K. Efrid, pastor of St. John's Lutheran Church, Salisbury, N. C., will serve as convention chaplain. The convention organizer will be Maestro Giuseppe Moschetti, St. John's Lutheran Church, Allentown, Pa.

The Taneytown Junior Chamber of Commerce announced that their annual membership drive will continue during the month of October. Glenn Bollinger, chairman points out that the Junior Chamber provides fine opportunities for young men between ages 21 and 35 to gain experience in leadership training, youth program, public speaking, community development and also governmental affairs. It helps prepare young men today to become better men for tomorrow. The origin of Junior Chamber stems from a small group of individuals who approximately 30 years ago recognized their duty and obligation toward community betterment and development. Through organized efforts of these men the Junior Chamber of Commerce was born, and have since grown to become one of the largest civic organizations in the world, today. Its present membership exceeds 200,000 being represented in every state in the U. S. and many foreign countries. There are more than 40 local chapters throughout the state of Maryland engaged in the cause of Junior Chamber. Applications for membership may be obtained from any member of the Jaycees.

The Taneytown Chapter meets the 2nd Thursday of each month, and all men within the Jaycees age group are always invited to attend any meeting.

WILL WASH CARS*WILL SELL XMAS TREES

The annual "Car-Wash" conducted by the Jaycees through the cooperation of our local service stations facilities will be held on Saturday, October 8, 1960. Also the Junior Chamber will be selling Xmas trees again this year. A large number of several types of trees have been purchased. Details for these two projects will be announced later in the Carroll Record.

"SPICE 'N' EVERYTHING NICE"

(Continued from first page)

does not finish and somehow anyone could take him for the Editor's son! The Editor informed me that he is a grand little worker! Nice?

Then, there was the nice chubby Heating Man's wife who used to be the fine organist in her church and a big bear hug! We had a delightful meal at the "Taney Inn" Ummm good! Will be driving up that way one day on a special Sunday for the Chicken dinner. My friend remarked a number of times going up and back to the city that she has never seen more beautiful rolling country—not even in New England! I could not resist the Antique to stop by the McCreaf Antique House. Never have I seen such a display and arrangement of antiques and in the most attractive and orderly and proper places. I forgot to ask her just where in the world she picks those grand pieces up. Went over to the bungalow of her cute daughter's who is surely a lovely girl and that ever since a tiny girl! Then before leaving the town I had a "double kiss" from Mark!

Arriving in Westminster, I stopped by the Historical House where my friend view it all. She fell in love with the yard before we even entered the house and it truly was cute to hear the expressions of "OH'S" and "AH'S!" I rang the old fashioned bell and there was a sweet little Hostess, Mrs. Shipley who somehow belongs right there. Since I was last there, a new collection of dolls was presented by Mrs. W. Parker Jones of Washington D. C. Folks, that is truly worth seeing for there are 150 of them.

One could spend the entire day going around from room to room and reading so much of the history which is all most interesting. The dolls are named just as people and each has a special hair-do. Betcha, there are hundreds of people right there in Carroll County who have never visited this interesting old home. The hours are daily from 2-5 Monday through Saturday. It would be most interesting for the pupils of the classes in all the schools right there to plan a visit to this wonderful old home. The house was built in 1807 by Jacob Sherman on property sometime owned by William Winchester, English gentleman and founder of Westminster. There are fire places in the kitchen and basement which have some of the original equipment. Most of the doors of the house are original with hinges of the period. Wrought iron nails used in the construction of the house were made by a local blacksmith. And of course you know the story about the well in the rear of the house. I immediately observed the very wide boards on the floors which are the original ones. Alexander Bell once lunched with Mary B. Shellman, the first telephone operator of Carroll County and one of its most public spirited citizens. You and you will love it all, I am sure. Plan a day going there. Hope you did not miss, the lovely 1961 Miss America. This year there was such a professional air about the talent over other years and I enjoyed every minute of it but of course as always when that catchy tune, "There She Goes—Miss America" is played tears always come! Nuff Sed! But you know!

Have a grand weekend, folks. Be most careful when you drive. Be with you next week D.V. Until then, I am, Faithfully, YOUR OBSERVER

Meeting of Federation of Republican Women

The Federation of Republican Women of Taneytown held their regular meeting Friday at Taney Inn at 8 p. m. The President Mrs. Virginia Sanders presiding. Meeting opened with prayer by the Chaplain, Mrs. Lloyd B. Wilhide, followed by the Pledge of Allegiance by the group. Thirty members and guests from Baltimore, Westminster, Mt. Airy and Taneytown were in attendance. Due to the absence of Secretary, the minutes were read by Mrs. Roy B. Kiser. Reports were heard from the chairman of membership, Publicity, Program and "Recruits for 60". The treasurer's report was submitted by Mrs. William Hopkins. The gift basket is helping the treasury quite a bit. Two new members were added namely, Mrs. Charles Cluts and Miss Lois Brown. Mrs. James C. Baumgardner and Mrs. William Hopkins attended a board meeting of Md. Federation of Rep. Women at Friendship Airport, and accepted the membership certificate for Taneytown.

Mrs. Baumgardner also attended the National Convention of Federation of Republican Women at Atlantic City, N. J. Here we were presented an "Award of Merit for Activities of Members and Officers of Taneytown Federation of Republican Women". This group feels highly honored by the recognitions.

Mrs. Sanders appointed the nominating committee: Mrs. Edward Morelock, Chm; Mrs. Kenneth Smith and Mrs. George Harman. Mrs. Merle Ohler, program chairman introduced the speaker, Mrs. Robert O. Bonnell, Republican National committeewoman from Maryland.

Mrs. Bonnell began by saying, this group leaves me breathless, you should travel around the State and show us how". She spoke on the National Convention at Chicago, where she was one of the 104 persons to write the platform for Vice-President Nixon's campaign, relating the session was opened and closed with Scripture and Prayer. The spirit of the issue "Peace" and the spirit of the platform is as Mr. Nixon says "If what is good for America, I am for it, if not I am opposed to it". Mrs. Bonnell stressed, "Know your product, know your prospects, use shoe leather". The song, "The First Lady Waltz" by Julie Stine was the convention song. She displayed much paraphernalia used at the convention, that we may use later.

Closing with the remarks that undoubtedly Mr. Richard Nixon and Mr. Cabot Lodge are by far the best qualified for the essentials of peace. So how could we vote for anyone else on Nov. 8 for President and Vice President of the United States. Mrs. Sanders thanked Mrs. Bonnell for her dynamic speech and announced the State Convention of Republican Women to be held in Baltimore at the Sheraton Belvedere Hotel, Tuesday, Oct. 11, at 11 a. m. See her for lunch tickets, deadline Oct. 7. Please pay as registering. The next meeting will be held Oct. 21 at Taney Inn. Delicious refreshments were served. MRS. ROY B. KISER, Reporter.

Taneytown members of the York Chapter, National Association of Accountants attended the first technical meeting of the current Chapter year at the Hotel Yorktowne on Wednesday, September 21. The event got under way with a hospitality hour at 5:30 P. M., followed by dinner at 6:30 and a technical program at 7:30. Richard J. Halloran, a former resident of York, and Past President of York Chapter, was featured as the speaker. Mr. Halloran is now Vice President and Manager of Decatur Works, York Division, Borg Warner Corp. His subject was "Accounting as a Background for Management", and pointed out the advantages of an accounting and financial background for people in general management positions. He also touched on the importance of profit and cost consciousness, an attitude of respect for the planned approach through the use of budgeting and forecasting, the ability to interpret financial reports, and the general ability to size up any situation from a profit angle. A discussion period followed the talk.

The evening was designated "Team Night", with the members of each team attending the meeting as a group. There was also a social hour following the program. During the evening, awards were made to George W. Dellinger for 20 years perfect attendance, and to C. M. Bowen, J. A. Markel, J. R. Burg and A. L. Miller for 10 years perfect attendance. 70th Anniversary Convention of Md. Christian Endeavor Union

The 70th Maryland Christian Endeavor Union Convention was held at Claggett-Dicesan Center, Buckeystown, Md., Sept. 16-18 with 54 full-time delegates, 191 part-time registrants. 114 attended the banquet on Saturday evening and heard Dr. Clyde W. Meadows, President of International Society of Christian Endeavor speak on "God's Way—My Way Everyday". Dr. Meadows traveled 42,000 miles for Christian Endeavor last year, besides being Pastor of the King Street United Brethren Church in Chambersburg, Pa. This church has 4 active C. E. Societies, 100 new C. E. Societies have been formed in Pa. also much stronger in Canada and mid-west, but Maryland is lagging. Why?

Preceding the banquet an Adult Fellowship was held in the form of a Tea. Miss Mabel R. Albert, Westminster hostess, assisted by Mrs. Roy R. Kiser, Taneytown. Many gave testimonies how C. E. has helped them in their lives, mostly since it is interdenominational as this is what we need for leadership. Pictures of previous conventions were shown Friday and Saturday were devoted to conference periods, Galilean Service and recreation and banquet. Sunday communion service in the chapel. Closing session by State President, Miss Nellie Griffin, Mt. Rainier.

The Claggett-Dicesan Center is owned and operated by the Episcopal Church of the Diocese of Maryland. Comprises 290 acres of land, handsome buildings, chapel, outdoor pavilion, dairy barns, fish pond, modern swimming pool, an ideal place for a convention, with much history in the background.

According to educational authorities, 80% of all learning takes place through the eyes. Yet millions of parents send children back to school each year with poor sight because the children have never had a professional vision examination, or such checks have been too infrequent. In fact, studies show that 4 out of every 10 children in grade schools have undiscovered vision defects or inadequate correction.

What Is Good?

Lesson for September 25, 1960

DIFFERENT kinds of Christians argue about doctrine, but they do not argue so much about what is good and right to do. One of the most famous passages in the entire Bible is up for study this week. Some of its great words have been inscribed in Roman Catholic cathedrals, in Unitarian churches, in Protestant sanctuaries. We have to agree with one another here, because the Bible speaks on the point so plainly we cannot dodge it.

Dr. Foreman

What Do We Mean By "Good"

Everybody uses the word "good" but not everybody stops to think what it exactly means. It certainly means more than "I like it." We know what we call good, but why do we call it that? And is there good which deserves the name whether we recognize it or not?

What we really want to know, when we are serious about all this, is what God calls good. Now this is not a new question. Many centuries ago the prophet Micah faced "good" people who felt that somehow they had failed to please God. They asked, in effect, "What does God really want us to do? If we could figure that out, then of course that would be the good, for God is not going to be satisfied with anything less. They were religious enough to see that much though Micah had to help them over the bridge to a fuller understanding.

The People vs. God

Micah does this dramatically. He imagines a court room as big as all outdoors. Judges are the mountains, the "enduring foundations of the earth," symbols of eternal Justice. God first asks what his people have against him. He reviews their history, reminds them of how his providence has led and protected them so long. Then the people speak—is it a little desperately? What does the Lord desire? they ask. We offer sacrifices, isn't that enough? Is God insatiable, does he demand always more and bigger sacrifices? Instead of a few gallons of olive oil a year, shall we pour rivers of oil on God's altar? Instead of one ram sacrificed at one time, will he be better pleased with a thousand?

He Has Showed You What Is Good

Then comes the voice (some think it is the prophet's, others think it is the verdict of the "everlasting hills") bringing the decision of truth. Some one has pointed out that Micah does not offer a solution of his own. He points (without using their names) to the three other great prophets of his own day, Amos, Hosea, and Isaiah. Amos' key-thought was Justice; Hosea's was Mercy (or "steadfast love"); and Isaiah's was Humility. God has showed you (Israel) by these three prophets what "GOOD" is. You do not need another prophet to tell you. Just these three things: Justice, kindness, a humble spirit before God. If ever any one tries to tell you that religion is so complicated that only professors can understand it, show them this sentence from Micah. If any one claims that religion is a lot of stupid Do's and Don'ts, make them read these simple words.

Too Simple?

Some Bible readers feel a little let down at this point. "If 'good' is so hard for men to define, how much more mysterious it must be as God sees it! Surely there must be something more, something bigger than this! Well, but what is bigger than justice, what is greater than steadfast love, what is better than humility in the presence of God? These are not little items picked from a long list of little items. These are very big indeed. You can live a long life working out the meaning of justice and mercy and humility. Besides, you will notice that Micah does not claim that is all there is to religion. What he does claim is these are the Musts. Without these three, everything else goes sour. On this foundation much can be built. This is the ground-floor of Good. But without this foundation, no house of life can be called good, for it will not stand.

Summer's Fruitful Bounty

Fruit salad served in a watermelon shell with a smooth dressing needs rolls—hot and buttery—and a thirst quenching beverage. Try Tropicana Glacier—a cooling blend of half and half, carbonated water and Tropicana orange juice.

Every day another luscious juicy, tender delicacy is added to the abundant medley of fruits. Don't choose! You can have them all in a salad because fruits are all very complementary to each other.

Fruit salads as chilly as your refrigerator just need the tempting accent of a good, cream based dressing. Orange Tropicana Dressing is a fluffy and mild-tasting blend of flavors. It is especially nice and makes fruit salads more delicious.

ORANGE TROPICANA DRESSING

- 1/3 cup Tropicana Orange juice 2 eggs, slightly beaten 1/2 cup sugar 1/3 cup pineapple juice 1/4 teaspoon salt 2 tablespoons lemon juice 1 cup heavy cream, whipped

Mix fruit juices; add to beaten eggs and add sugar and salt. Cook in double boiler for 3 to 5 minutes or until thickened. Cool, fold in whipped cream. Yield: approx. 2 1/2 cups.

Taneytown Vol. Fire Dept. Weekly Report

Friday 16th at 5:10 p. m. The Taneytown and Harney Fire Departments responded to a 2 alarm barn fire on the Dencil Laird property, Ruggles road. The L-shaped barn was in flames and beyond saving when firemen arrived on the scene. Firemen went into action and averted any further damage to a wagon shed located near the barn. Over 2,000 ft. of hose was used in a lay out to a farm pond to keep the flames in check. The fire destroyed the barn and all its contents of hay and straw as well as one hog. All surrounding buildings were saved from fire. Taneytown Firemen's Ladies Auxiliary served refreshments at the scene. Chief Miller was in charge of the Taneytown Fire Department and reported several minor injuries. Firemen were on the scene till midnight.

Sunday 18th, at 9:43 p. m. The Fire Department answered its second major alarm over the week-end when answering a 3 alarm fire which brought out companies from Pleasant Valley, Westminster and Taneytown to fight a fire at the Wright Antique Shop in Frizellburg. The fire broke out behind a chimney and burnt its way upward to the roof. Firemen used oxygen masks in entering the burning structure when dense smoke made the fire difficult to fight. Holes had to be chopped through the roof and along side of the house so firement could get at the stubborn blaze. Chief Miller was in charge of the Taneytown Firemen and reported that the fire was one of the worst types for firemen to fight. The fire department was on the scene till 1:00 a. m. Monday.

Dear Sir:
Please find cash for \$1.50 for the renewal of the Record. We still enjoy receiving the paper and in that way keep in touch with our friends.
Our daughter Phyllis was married last month, if you remember she was born while we lived in Taneytown. Jim is fine and still with the N. H. Railroad, although at times it has been uncertain.
We hope to make a trip to Taneytown this fall and see our friends. Thank you.

Sincerely,
MRS. JAMES COOLIDGE.
