The stage was arrayed with lovely spring flowers and through a fashion magazine setting, the girls stepped, displaying the variety of dresses, suits, skirts, wool outfits, evening dress, and duster and pajama sets that they had made in their home economics classes. Mr. Delmar Riffle provided background organ music.

To show their appreciation the girls presented Mrs. Nancy Eigenbrode, (continued on 8th page)

## Mission Study at Trinity April 23rd

Sunday, April 23 from 2 to 6 p. m. is the date selected by the United Lutheran Church Women of Trinity for their annual mission study. Mrs. Benjamin Cutsail and Mrs. Elwood Baumgardner, co-chairmen, announced the very timely theme "Into All The World Together".

This theme expresses the conviction that the Christian mission is the whole church taking the whole gospel to the whole man in the whole world. Older churches and younger churches, Christians of every country, color, culture and communion together witness for Christ through teaching, medicine, rural work in every part of the world.

The program to be presented from 2 to 5 p. m. will include Mrs. John Garst, Walkersville, who will give a book review; Miss Margaret Saylor, Walkersville, who will present a map study and Mrs. Carroll Hess, who will lead the devotions. The Luther League of Trinity, under the direction of Pearl Bollinger, will present a play entitled "Where The World Begins". A film strip, "The Bible Around the World", will also be shown.

From 5 to 6 p. m., a supper will be served to all those present. Mrs. Martin Zimmerman, the chairman, advises no reservations are necessary, but donations will be solicited following the meal.

As in previous years, Nursery facilities will be available for the very young children, so everyone should plan to attend what will surely prove to be a most interesting program.

## MEETING OF TANEYTOWN VOL. FIRE COMPANY

At a recently held meeting of the Taneytown Vol. Fire Company the ambulance committee reported 7 calls for the past month. The chief reported 2 fire calls. Every member of this fire company is invited to attend the meeting and banquet on Saturday April 15, 1961 of the Cumberland Valley Firemen's Association Booster meeting which will be held in the local firemen's building.

The annual solicitation of this fire company will begin on April 15 and run until May 15. John W. Garber, secretary of the local fire company will represent it on the Lions Club Building programs. The company will also recommend his name to the Carroll County Volunteer Firemen's Association to run for the office of Treasurer of the Association next month at the county convention at Hampstead.

Bills were read and ordered paid to the amount of \$684.37 with receipts at \$1828.15.

The President appointed a committee to work with the local Doctors to set a time and place to have all who care to have their blood typed.

The following members were elected to serve as Delegate and alternates to the Cumberland Valley Volunteer Firemen's Convention, which will be held in Winchester, Va., next August 24, 25, and 26. The Delegates are as follows: Thurston Putman, Wilbur F. Miller, Jr., Norville Welty, Raymond Feaser, and Charles Baker. The alternates are Donald Clingan, Thomas Smith, Harry Dougherty, Jr., Bernice Staley, and Howard Welty. The Taneytown Volunteer Firemen's carnival will be held June 12 thru 17. With the parade to be held on Wednesday evening June 14, at 7 p.m.

## TANEYTOWN FIRE CO. WILL SOLICIT FUNDS

Drive Will Begin April 15 and End May 15

The Taneytown Volunteer Fire Company No. 1 will again conduct their annual solicitation in Taneytown and the surrounding district. It is only through the generosity of the people in the community that the Fire Departments can keep its equipment in top class condition.

During the past year, the Fire Department was called upon over 300 times for fire, ambulance service, and rescue calls. The Volunteer Firemen who miss a lot of meals and many interrupted nights of sleep, while responding to your emergencies ask for your support to help them give you the best protection possible.

The Taneytown Fire Department is a proud one with a long history and a tradition of dependability and swiftness in time of emergencies. Firemen will continue to use every possible method of raising funds but we must still depend largely upon your individual contributions to carry on their very essential and worthwhile work.

Be sure you know your fire and ambulance number—PL 6-6565.

Committee, Dean W. Sholl, Kenneth Houck, Jack Smith.

## St. Joseph's High School Glee Club Will Present Operetta

The Glee Club of St. Joseph High School, Emmitsburg, Md., under the direction of Reverend David W. Shaum, will present the operetta, "Don Alonso's Treasure", on May 10 and 11, at 8:30 p. m. in the school auditorium. Leading roles are shared by Alice Sherwin and Lawrence Orendorff. Cast in supporting parts are Thomas Sicilia, Patricia Fowler, Barbara Welty, Rita Remavege, Gene Ling, Judy Keiholtz, Ronald Stout, Mary Myers, Edward Orndorff and James Topper.

In view of the anticipated crowds, tickets are available now from the Club members for both performances.

## Special Services at EUB Church

The Messiah Evangelical United Brethren Church will be visited by the Builders Sunday school class of the Christ EUB Church, of Baltimore, on this Sunday morning. They will be furnishing special musical numbers in both Sunday School, 9:15 a.m. and the Worship Service, at 10:15 a.m. This group is the young adults of Christ church.

In the evening at 7:30 o'clock, there will be a special music program in the Messiah church with special numbers from the Grace Church of Christ, the Presbyterian church, and from the Otterbein church, and from the Otterbein EUB Church, of Newburg, Pa. The Otterbein church has a Bell Choir and they will be present to bring special music. These bells have been imported from Europe and the tones are so mellow and sweet when played. The effect of the music is hard to describe in words for each bell is tuned to each key of the piano in perfection and the ringing tones when played are superb.

The local congregation will also furnish some of the music with the children's choir, and a special quartet and the adult choir with the congregation singing to bring real enjoyment to all present. The public is cordially invited to hear this Bell Choir for they are just starting to work together in this great field of music. Mr. J. Frank Killian is the director of this choir, and he deserves great credit in teaching this group to play.

## FEDERATION OF REPUBLICAN WOMEN MEETING FRIDAY, APRIL 21

The regular meeting of the Federation of Republican Women of Taneytown will be held in Taney Inn, Friday April 21, at 8 p.m.

## Meeting of Lions Club

Lions International counselors whose administrations as district governors date from as far back as 1949-50 (that of Massey H. Roe, Hagerstown) were honored guests of Taneytown Lions club last Tuesday evening at Taney Inn in a program presented by Past-president Homer Y. Myers, which also included a trenchant talk by the Rev. Willis R. Brenneman.

President Glenn O. Reeve presided, the Rev. Edmund P. Welker pronounced the invocation, and singing was led by Lion tamer Donald R. Lawyer with Harry I. Reindollar's piano accompaniment. Following dinner, the president called upon District governor Harry B. Dougherty, who welcomed as guests President George I. Beamer and Secretary Cyril Roth of the newly chartered club at Silver Run which on May 8 will observe its charter night at Frock's Sunnybrook Farm in Westminster.

A note of thanks was read from Nadine Riffe, the Buddy Deane hop of April 21 at St. Joseph's hall was emphasized because of the need for chaperons, and a directors' session was announced for the close of the meeting in the Potomac Edison building.

The nomination of new officers was then handled by President Reeve, the only new name added being that of First vice-president, hitherto unfilled by the nominating committee, and Lewis R. Baer was the nominee. The club thus chose to stand by a single slate, and it but remains for the secretary to cast an unanimous ballot next meeting.

The president thereupon turned the proceedings over to Program chairman Myers, who mentioned all International counselors now members of the district governor's honorary committee, the earliest service being that of Richard F. Simmons, Frederick, 1930-32, who was unable to be present. Others named in absentia were E. Leister Mobley, Hagerstown, 1945-46; Alvey V. Renn, Frederick, 1947-48; Clarence O. Fishpaw, Westminster, 1948-49; Alvin E. Yaste, Frederick, now deceased, 1950-51; William G. Heagy, Westminster, 1951-52; J. William Beek, Salisbury, 1952-53; and Aaron G. Steiner, Hagerstown, 1954-55. The foregoing served during the administrations of Taneytown presidents J. Hoke Ommert, 1947-48; Merle S. Ohler, 1948-49; Robert W. Feaser, 1949-51; Harry B. Dougherty, 1951-52; Singleton E. Rensburg, 1952-53; and Wilbur O. Thomas, 1954-55.

Seven of these busy men, however, were able to accept their invitations in person, and the first in point of service was Massey H. Roe, who was Governor in 1949-50 and also served in the capacity of International director for the years 1952-54. All brought greetings and expressed their desire to be of assistance, and Chairman Myers at the same time requested each Taneytown past-president to stand as the respective International counselor was introduced. The others present were Murray D. Ryan, Mt. Airy, 1953-54 (when Homer Myers was Taneytown president); John W. Morgan, Frederick, 1955-56 (during the Presidency of Raymond J. Perry); G. Robert Lytle, Hagerstown, 1956-57 (J. Alfred Heltebride, president); Carl C. Thomas, Frederick, 1957-58 (Ralph W. Stonerifer, president); Russell H. Marsh, Union Bridge, 1958-59 (Frank T. Dunham, president); and finally Lawrence A. Dorsey, Woodsboro, 1959-60, when Delmar E. Riffe was the Taneytown Lions club president.

The evening was beautifully climaxed with an earnest talk by the Rev. Willis R. Brenneman, pastor of the Salem charge, Westminster, comprising Kridler's and St. John's Lutheran churches. He chose for his subject "The individual and the community", citing three things that help us to define this relationship: (1) Organization, which arises as the result of a need to get things done; and (2) cooperation, for all of us need the community. Thoreau and his retreat to the wilderness was the exception, but for most of us Parks Cadman summed it up by saying, "A man may go to Europe in a rowboat if he wishes, but I prefer an ocean liner and company." Again, as the scriptures put it, "No man liveth unto himself alone." His third point was a sense of responsibility, the welfare of all being so deeply involved. He called to mind two disparate examples: one, Father Divine, flasher of the diamond rings and stickpins, who was literally worshipped in Harlem; the other, Jacob Riis, who went to the East Side of New York and gave himself in service.

In seventeenth century England, he went on, when it was said there was no character in public men, there is yet a memorial tablet in Leicestershire which reads, "In the year 1653, when all things sacred were either demolished or profaned, Sir Robert Shirley built this church, whose singular praise it was to have done the best things in the worst times and to have hoped for them in the most calamitous." "Truly," he concluded, "whether high or low, they are great who serve."

The next meeting of Taneytown Lions will be that of Tuesday, April 25, past-presidents' night, when the program will be presented by Merwyn C. Fuss.

Tickets are also available from Past-president Heltebride for the Easter Seal banquet this Saturday night, April 15, at Frock's Sunnybrook Farm, Westminster, where Johnny Unitas will be the speaker.

"If your wife wants to learn to drive the car, don't stand in her way!"

"So far, the only provision for replacing defective drivers of automobiles is when they kill themselves off."—Nance County (Neb.) Journal.

## MEETING OF BOARD OF EDUCATION

Many Items of Business Transacted

A regular meeting of the Board of Education of Carroll County was held on April 11, 1961 at 9 a.m. with all members except Mr. Merwyn Fuss present. Mr. DeVries R. Hering, president, presided and the Board took action to approve the minutes of the February 28 and March 8 meetings.

The Board also reviewed and approved the current financial transactions and the financial statements.

The Board accepted several resignations from the teaching staff and reviewed and approved certain other arrangements in connection with personnel during the remainder of the school year.

The Board was given some information regarding special efforts made by the Key Club of the Westminster Sr. High School in connection with project Vanguard in which these organized young men had made a number of important contributions to the school in the way of maintenance and repairs.

The Board took action to approve the use of the Sykesville School grounds for the Firemen's Carnival during the summer.

The Board also approved a number of news releases covering the meetings of February 28 and March 8, and was given copies of enrollment reports for February and routine administrative correspondence with the principals.

The Board devoted some time to a report by Mr. Edward Bollinger and representatives of the General Insurance Company. It is proposed that careful study be given to an insurance plan whereby considerable premium savings could be effected by combining the insurance under one company and securing certain benefits in connection with deductible provisions. The savings described include approximately seven to eight thousand dollars per year if the plan is carried out. The Board acted to make application for coverage under the plan and to take further action on the matter at the next regular meeting.

The Board was advised regarding certain additional requests from the Taneytown Elementary School in connection with school ground surfacing. Action was deferred on this project pending further investigation on the part of the Superintendent and more accurate financial estimates.

The Board heard a brief report on the State financial figures for the area of school operations in the school year 1959-60 showing Carroll County costs to be at or near minimum costs per pupil and percentage-wise. A more complete report of this matter is in preparation and will be given publicly as promptly as possible. The Board took action to approve the evaluation of the Francis Scott Key High School by the Middle States Associations representatives in the spring of 1962.

The Superintendent reported briefly on building progress in connection with projects at North Carroll, Taneytown Elementary and Westminster Jr. High locations.

The Superintendent presented to the Board as much information as is available in connection with new 1961 legislation and the possible effect on budget and teachers' salaries. He was authorized to negotiate with the county authorities in connection with securing as liberal a distribution of increased state revenues as is possible with the idea that an adjustment of teachers' salaries upward will be possible. Sufficient information was on hand to be specific or definite regarding the financial effect on the salary which might be established in this county. In this connection the Board proposed and passed a motion directing the Superintendent to explore the possibility of using some of the additional funds in a modified merit salary plan and also to create, if possible, a more liberal beginning salary. The Superintendent requested that time be afforded to bring to the Board information regarding the application of increases on the merit basis.

The Board heard a report on the attendance at the American Association of School Administrators by the Board President, Mr. DeVries R. Hering; Board member, Mr. Roland F. Pickett; and the Superintendent. The sessions were held in Philadelphia on March 25, 26, 27 and 28.

The Board was given information regarding the dates of high school graduations and requested to be in attendance if possible. Attention of the Board was also directed to the County Spelling Bee scheduled for April 18 at which time the county representatives will be selected and will qualify for participation in the Sun Papers Spelling Contest.

The Board was given preliminary information regarding matters to be considered at the regular May meeting.

## TANEYTOWN VOL. FIRE DEPT. WEEKLY REPORT

Sunday 9th at 1:45 a.m.—The fire dept. with two engines responded to a brush fire at Wolf's Mill on the Sell's Mill Road. Firemen confined the blaze to a small area with very little damage resulting. Chief Miller was in charge of the firemen at the scene.

Ambulance Transports: Saturday 8th 3:45 a.m.—Mrs. Glenna Crumbacker was taken to the University Hospital in Baltimore.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning  
A smile that shall last until the next day's  
dawning.  
I wish you health—life's greatest wealth;  
I wish you always near so that I may help  
to cheer  
Each future day and in some way—help to  
bring you happiness!

Again the Gardenia Plant is ready to burst into bloom with all those fragrant flowers. And thinking about planting and getting the yard prepared. I ordered 20 bushels of the fine top soil thinking the man would spread it around on the lawn as they spread it over the fence and I had to shovel over those twenty bushels and that I did not realize I could do! And here's to the farmer—wait just a little later to do the planting as the Farmer's Almanac states a bad month for April and plenty of rain in May!

Remember that song, Folk—"A Bicycle Built for Two?" Well, believe it or not Sears at North and Harford Avenues have one right there and that was a surprise! That would be great for a country couple and not to be used here in the city with all the automobiles.

It is really something to think about when all countries are speaking of Peace and talking about nothing else yet they are spending on the average of over a Million Dollars a day for WAR! Ugh! Word comes from Florida that all real estate is at a standstill with very few buyers due to 55,000 Cubans coming into the state in a few months! There are 65,000 in the United States right now.

Well, our President is more popular with that Rocking Chair than the famous picture of Whistler's Mother! It surely has brought back that once popular certain type of rocking chair on which rocked every porch. Eh? And his lady Doctor recommended it for his health. Our President has really aged in so short a time. He appears so very haggard looking especially so of his picture on the paper taken with Rusk in Florida on the front sheet on Sunday. You just can't help loving that man and betcha many Republicans will agree with me. What I admire about him is his sincerity but I am hoping he is not reaching out too far with the MILLIONS!

A lady writes the following: Dear Observer—Why don't you write something about the husbands remaining at their jobs and not retiring? My husband actually follows me all over the house like a child and I am getting so terribly nervous since this retirement. Signed D. A. L.

Dear D. A. L.—Yes this is really a fact if men would only consider and do a lot of thinking. No matter how devoted families may be, each member is an individual needing time for himself to pursue personal interests and private contemplation. One of the causes of retirement-unrest is too much togetherness. No couple can really find satisfaction in being together 24 hours of every day. Your husband as all others should engage in some special work out of the home and there are many jobs open to men who are past 65 as they cannot draw big salaries unless they give up their S. S. Why not suggest this to him? Your Observer.

Now, here's to the Aries born—the dates from the 20th of March to the 20th of April. These people both men and women are real rulers which give them extraordinary character. They have excellent executive ability and very quick in thought and action. They are truly fearless and go through life over-riding all obstacles as they march on to their goal. They always desire to be in the lead. These people are very head strong and are very jealous.

Aries born both men and women always appear as to dress most beautifully and with excellent taste in fact their appearance always is one of the very wealthy individual. They are brilliant scholars and have the power to impart much knowledge to others and make excellent teachers. They enter every battle to win and will never acknowledge defeat. Should they lose disappointment is very great. They fight for their rights and they never surrender! They are inclined to have fearful tempers and this can cause much unhappiness in their domestic life if it is not curbed. They should by all means require patience.

Have a grand week end. Folks and hope to be seeing you at the next supper served. Until next week D. V.

I am, Faithfully

### NO TIME TO INCREASE

It is significant that leading newspapers in areas where unemployment is greatest oppose both the proposed increase in the federal minimum wage, and extension of the wage-hour law to some 4.3 million workers who have always been exempt.

The Detroit Free Press is one of these papers. The principal danger in the bills, it observes, is in the extension of coverage. In its words, "The 4.3 million... work in smaller businesses and retail establishments. Waitresses, janitors, dime store clerks would be affected. Many of these have nothing to do with interstate commerce, the only legal justification for federal action. In many cases, jobs worth \$1 an hour such as the full-time janitorial and coffee-carrying job in a small plant, would be cut back to part time, thereby lowering, not raising, the take-home pay.

"In the restaurant business, for instance, where split shifts, overtime, rapid turnover and peak hour employment already account for a high labor cost in proportion to the volume, there is simply not enough money to pay an extra quarter an hour."

There is nothing carping about these views. No one is against good wages and working conditions. But when wages are arbitrarily raised, without regard to productivity, trouble is inevitable. To quote the Free Press' conclusion: "With five million people unemployed and the economy in a slump; with President Kennedy warning against the dangers of inflation, this would hardly seem the time to increase the pressure."

### FACTS AND OPINIONS

Harry Kursh writes in Today's Health: "Peddling useless drugs, fake 'remedies', and bizarre therapeutic gadgets via the U. S. mails is a lucrative source of income for some of the meanest sharpies in the world. These human vultures feed on the ignorance and hopes of men and women who yearn for the 'miracles' that legitimate medicine thus far has been unable to provide. Last year, according to an actual accounting of orders filed by medical mail-order frauds barred from the mails, the merchants of misery bilked more than \$50 million from thousands of Americans in all walks of life. But if it weren't for the U. S. Postal Inspection Service, mail-order quackery would perhaps become the greatest swindle of all time."

Can you visualize a string of loaded railroad tank cars 5,083 miles long—nearly twice the distance from New York to San Francisco? If you can, you have an idea of the amount of aviation fuel used by the U. S. Air Force last year. It came to a record 5.9 billion gallons. In addition to fuel, some 600 separate classes and specifications of petroleum products are used by this arm of our defense system.

A department of the Investment Bankers Association of America reports that state and local government bond authorizations approved by American voters last year reached an all-time high of \$6.1 billion. That is 30 percent more than the previous peak, which was approved in 1956.

President Arthur H. Motley of the Chamber of Commerce of the United States, says: "Today tens of millions of dollars are grabbed in lump sums out of the U. S. treasury—out of everybody's pocket—to build a waterways project benefiting only a small area; to build sewers or sidewalks or clear up a blighted downtown area in some community which has found a new way to shirk local responsibility."

From a Wall Street Journal editor-

ial on the financial troubles of the multi-billion dollar federal highway program: "...the simple truth of the matter is that this enormously expensive road system is required not for the pleasure driver but industry; the highway is a roadbed for truck transportation exactly as a rail line is for the railroads. But the railroads have had to not only build and maintain their own roadbeds, but in addition are taxed by every county, town and hamlet for the 'privilege' of bringing freight and passengers into the community."

Cash dividends paid on common stocks listed on the New York Stock Exchange came close to \$10 billion in 1960, and set a new annual record. This was the 13th year in the past 14 that cash common dividends hit a new high. The sole exception occurred in 1958, when dividends dipped one percent from 1957.

President Don G. Mitchell of General Telephone & Electronics Corporation, says: "If management fails to apportion the benefits of greater productivity on a fair sharing basis among share owners, employees and customers, if labor takes all of the productivity increases in the form of higher wages, if government keeps increasing the tax load without making sure that it has first eliminated waste and extravagance of its present tax revenues—there won't be anything left for anybody. There isn't any bottomless bucket of gold in this economy or any other economy...."

vs.  
MARY LEE RANSBROUGH  
Culpepper, Virginia  
Respondent  
IN THE CIRCUIT COURT  
FOR WESTMINSTER  
IN EQUITY  
No. 9784

### ORDER OF PUBLICATION

The object of this bill is to obtain a divorce a vinculo matrimonii by the Complainant, James Denver Hansbrough, from the Respondent, Mary Lee Hansbrough.

The bill recites the marriage on February 28, 1949, in Uniontown, Maryland, and that the parties lived together until August 10, 1954; and there were two children born as issue of the said marriage; that the Complainant behaved himself as a good, kind, and dutiful husband to the Respondent; that the Complainant is a resident of Carroll County, Maryland, and has been such for more than one year prior to the filing of this Bill of Complaint; that the Respondent deserted and abandoned him on August 10, 1954, without just cause or reason; that the said abandonment has continued uninterruptedly since August 10, 1954, that her action is deliberate and final, and the separation of the parties is beyond any reasonable hope or expectation of a reconciliation. That the Respondent is a non-resident of the State of Maryland, and her last known address is Clupper, Virginia.

It is thereupon, this 24th day of March, 1961, by the Circuit Court of Carroll County, ORDERED, that the Complainant, James Denver Hansbrough, by causing a copy of this Order to be inserted in some weekly newspaper published in Carroll County, Maryland once in each of four successive weeks before the 1st day of May, 1961, giving notice to the Respondent, Mary Lee Hansbrough, of the object and substance of this Bill, and warning her to be and appear in this Court in person or be solicitor on or before the 17th day of May, 1961, and file a plea, answer or other defense within fifteen days thereafter and show cause if any she may have, why a decree ought not be passed as prayed.

FIFTY YEARS AGO**

The growth of Taneytown, in the past ten years from 665 to 824 or a gain of 159, is but a little better than the increase of the previous ten years, which was from 579 to 665 or a gain of 146. (The 1950 census showed Taneytown with a population of 1420 and the 1960 census was 1517, a gain of 6.8. Westminster's count in 1950 was 6140 and in 1960 was 6119, a loss of .3, the only town or city in Carroll County, of any size showing a loss. Ed.)

Some of those who are home from school for Easter are Misses Roberta Roelkey, Irene Fringer, Grace Witherow, Clotworthy Birnie, Jr., Eugene Reindollar, Robert Galt, Fern Weaver, Walter Crapster, Clyde Hesson, Lester Witherow, Joe Elliot, Earl and Carroll Koons.

The opening of the new street, known as Antrim Avenue from Baltimore St. north past Mrs. E. C. Crouse's new dwelling is now in progress. Considerable grading is required but when completed the new avenue will be desirable for residences.

Dr. Frank T. Elliott who will graduate at Jefferson Medical College, Phila., in June has secured an appointment as assistant to the medical force of a hospital at Chester, Pa. for one year.

Taneytown is becoming noted as a buggy market. No less than seven carloads of buggies, surreys and runabouts were purchased by local dealers, this Spring.

Mrs. Olive Wolf and daughter of Baltimore are visiting her parents, Mr. and Mrs. Chas. O. Fuss.

Davidson—Demmitt.—On April 9, 1911 at the U. B. parsonage, Taneytown, by Rev. J. D. S. Young, Raymond Davidson and Miss Nellie E. Demmitt were married.

Fogle—Baughman.—A very pretty wedding was solemnized on Wednesday, at the Lutheran Church, in Uniontown. The bride, Miss Mary Baughman is the daughter of the Pastor of the church, Rev. G. W. Baughman. The groom was Harry Barton Fogle, a citizen of Detour, an alumnus of Blue Ridge College and one of Carroll county's successful teachers. The father of the bride united them in marriage.

George Benner, the oldest man in Taneytown district died at his home on the Uniontown Road near Taneytown on Thursday night in his 94th year. He leaves two sons, Alonzo, an ex-sheriff of Frederick county, living near Liberty and Simon, on the home place, near Taneytown, and one daughter, Mrs. Kate McLane also at home.

**Meeting of Accountants**

Taneytown members of York Chapter, National Association of Accountants are planning to attend a technical meeting of the chapter, to be held at the Hotel Yorktowne, in York, on Wednesday, April 19. The program will get under way with a hospitality hour at 5:30 p.m., followed by dinner at 6:30, and a technical session immediately following dinner.

Featured as speaker for the technical program will be Edward J. Cade, Vice President of The First Pennsylvania Banking and Trust Company, Philadelphia. Mr. Cade is currently engaged in supervising the Correspondent Bank work in the Third Federal Reserve District and calling on several hundred customer banks in that area. He will speak on the subject "The Role of the Bank in Industry Today", and will discuss the need for cooperation between public accountants, their clients, and the bank. He will also point out the need for proper and complete financial data in establishing credit and the value of accounting services in this respect.

Vernon F. Nichols, Assistant Vice President of York Bank and Trust Company will lead the discussion period following Mr. Cade's talk.

Harold R. Kriner, Director of Communications, will be recognized as chapter "Director of the Month".

Millard L. Sipling, Director of Special Activities has announced plans for a plant visitation to the Scott Paper Company, Chester Pennsylvania, on May 19, 1961. Chapter members and their guests will travel to the Scott plant by chartered buses, and will be conducted through the plant by Scott personnel, who will explain the various manufacturing processes. Following the plant tour there will be a technical session on the accounting methods and procedures employed at the plant. Members of the Scott Plant Accounting and Corporate Staff Accounting groups will lead the technical session, with the N. A. A. group participating. Immediately after this session, dinner will be served in the Scott Cafeteria.

Plans have been made to return to York via Philadelphia, to permit the group to attend the Phillies - Pittsburgh baseball game, or to visit down-town Philadelphia.

A G.I. in England, out late at night, knocked on the door of an inn called "George and the Dragon". A window on the second floor finally opened and a disgruntled female shouted down, "What do you want?"

"I want something to eat" called up the G.I.

"Go away, we're closed" said the woman slamming the window.

The soldier kept knocking until the woman opened the window again.

"If you won't let me in," called up the soldier "let me talk to George".

Hot piston test reveals the ash-free secret of Shell X-100 Premium. A simulated piston is heated and a few drops of conventional multi-grade motor oil dropped on it. As the picture

on left shows, this oil leaves a deposit of additive ash. When the test is repeated, as at right, with Shell X-100 Premium, all the oil vaporizes. It leaves no additive ash.

**BREAKTHROUGH:**

**Suddenly Shell makes every other motor oil obsolete**  
—with a revolutionary new formula which fights **five internal troubles that can shorten engine life**

Shell's research reveals five common internal troubles that can shorten the life of your car. All five work silently and unseen.

These troubles are additive ash, crankcase dirt, temperature changes, engine acid and cooling system leaks.

Read how new Shell X-100® Premium fights all five internal troubles.

**T**ODAY, every Shell dealer in America has new Shell X-100 Premium Motor Oil ready for your Spring oil change. New Shell X-100 Premium is a genuine breakthrough because it is the only motor oil available that helps protect your car simultaneously against these five internal troubles that can shorten engine life.

**Trouble #1—additive ash**  
Up to now, even the best premium motor oils were powerless to guard against additive ash—because they actually created it. While endeavoring to keep your crankcase shipshape, some of the ingredients in these oils contributed to the hard crust of ash inside your combustion chamber. All other premium motor oils still have the same snag. The trouble stems from the metallic additives used to prevent scuffing, dirt deposits, oxidation and so forth. These additives do what's expected of them, but with each stroke of the piston, they can leave a tiny amount of metallic salts in the combustion chamber where they burn and form additive ash. This crusty ash, when allowed

to build up, can affect your car's performance—can make it knock and run roughly. New Shell X-100 Premium doesn't add to this problem—because it doesn't contain a single metallic additive.

**Trouble #2—crankcase dirt**  
All engines accumulate crankcase dirt no matter how well they are protected by filters. The problem is to stop this dirt from getting together and forming sticky sludge which can clog your engine.

Most premium oils use a detergent additive to do the job. And they perform well. But, like other additives, most detergents are metallic and cause that old devil—ash. Shell's solution is to replace detergent with a remarkable new ingredient known as a dispersant, called Alkadine.\*

The Alkadine in new Shell X-100 Premium helps keep your engine clean by holding dirt particles apart. Thus they don't form sticky sludge. Some particles can be trapped by the oil filter; most are drained out when you change your oil.

New Shell X-100 Premium.

Oddly enough, nobody yet knows exactly how Alkadine works. But the proof of the pudding is in the testing. After 1,200,000 miles of city driving, engines of test cars lubricated with Shell X-100 Premium showed so little sludge that it could hardly be measured.

**Trouble #3—temperature changes**  
Many motor oils tend to become too thick when cold and too thin when hot.

New Shell X-100 Premium is an all-year oil. Here's how it works. Alkadine has a molecular structure that resembles a basket of eels.

When the oil is cold, Alkadine's eel-like molecules curl up as if for comfort. In effect, they take up less space in the oil—and the oil flows freely through the tightest bearing, even on cold nights.

Conversely, when the Alkadine in new Shell X-100 Premium is hot, its molecules uncurl. They take up more room. And

the oil resists thinning. Thus, new Shell X-100 Premium eliminates trouble from sudden temperature changes. It lubricates just as efficiently in June as it does in January.

**Trouble #4—engine acid**  
All automobile engines manufacture acid. This acid can do far more damage than friction. It can eat away at engine parts in much the way stomach acid can cause ulcers. Then you're really in trouble.

One way to combat engine acid is to make the oil alkaline. Many oils use this method. But here's what happens. The neutralizing effect of alkaline oil inevitably gets weaker and weaker as engine acid eats up the alkalinity—till it eventually stops working completely. Then your oil no longer gives you anti-acid protection.

Shell tackles this troublesome acid problem in a new way. Shell X-100 Premium actually plates all engine surfaces with a thin chemical film. The metal literally adsorbs some of Shell X-100 Premium's protective qualities. Chemists call this phenomenon "chemisorption." "Chemisorption" offers a longer-lasting protection against acid attack than any other method yet invented.

**Trouble #5—cooling system leaks**

Tiny leaks of permanent anti-freeze can play nasty tricks with many motor oils. These oils can react chemically with permanent anti-freeze and form a horrible sludge which can actually bring an otherwise healthy engine to a standstill.

Then you're on the way to a major repair bill.

New Shell X-100 Premium sets all such fears at rest. It resists reaction with any sort of anti-freeze. It shrugs it off.

The additives in Shell X-100 Premium resist washing out with water, too. In some oils, additives can be lost to water leaks. In Shell X-100 Premium, they stay.

**How much does Shell X-100 Premium cost?**

If you drive the national average of 10,000 miles per year, the switch to Shell X-100 Premium (with regular oil changes) will cost you only \$3.60 more than ordinary oil—give or take a nickel. And probably nothing extra if you already use a premium grade.

Drive to your Shell service station and ask the dealer to change your oil while the engine is still hot. Be sure to ask for Shell X-100 Premium in the white can. It protects your engine from all five internal troubles listed above.

### A VOICE FROM CARROLL

The old adage, "You can lead a horse to water, but you can't make him drink" should sometimes be changed to "a thirsty horse will drink, if you carry the leading to him." Which is our way at the Bookmobile here in our county. It brings books and knowledge to people's doorsteps, and those who are thirsty for knowledge and new interests are grateful for this service. It isn't always possible for some people to visit the library in Westminster, but they can and do meet the library on wheels. The arrival of the bookmobile in the small communities of Carroll County is a big event every week. Sometimes it gets so crowded that one can't get from the front of the bus to the back. Sometimes a young homemaker has to bring her baby with her, and she dangles her offspring on one hip while she searches the shelves for something to read. We are happy to see that two thirds

of the visitors of the bookmobile are children and of this group, most of them are boys. The most popular reading matter with them are adventure stories, history and war stories. The daily news-stories have a tremendous influence on the peoples' selection in books. At the present time there is much interest in the history of Africa and in all Civil War books, both fiction and non-fiction. The roving librarian on wheels is a dispenser of the printed word and is a new public servant in American life. It is a service more valuable than one realizes. For at one time not far back, Americans had stopped reading except newspapers and comic books. But once again all ages of our population are finding its way back to the wonderful rewarding art of reading good books. This trend is due in no small measure to the bookmobiles that tour out in the country places in most states.

This is the week when almost every adult American must file an income tax return. It is somehow amazing that in less than 60 yrs. we have come to accept the income tax as a necessary part of our lives. In 1894 an income tax was declared unconstitutional, but in 1907, Cordell Hull was deeply impressed by the inequities of a system financed by duties on imports and excise taxes on items like whiskey and tobacco. He worked hard getting all information he could about the tax as it was applied in other countries and in the United States during the Civil War. His issues gained the support of Theodore Roosevelt and William Howard Taft. Mr. Hull's debate on the Tariff Act. He gained enough senate support to tack the income tax amendment to the tariff measure. But supporters of the tariff would pass. So one of them coolly proposed a constitutional amendment, believing that the State Legislatures would never ratify an amendment to make the income tax legal. But this was miscalculation, for four years later on February 3, 1913, only a month before Woodrow Wilson's inauguration, the 38th state approved the 16th Amendment to the Constitution. Politics is not always a science of wisdom, but in this instance it was wisdom in reverse.

Bruce Catton has written two great books about the Civil War. One of them "A Stillness at Appomattox" won him a Pulitzer Prize. He knows a great deal about war and recently he wrote something about the times in which we live that we believe you would like. We quote: "Human life has always been lived on the edge of a knife. Individual man has always had the capacity to destroy himself. He has also had the capacity to trample his finest ideals in the mud, to bring his society to utter collapse, to go down that steep plane into the sea with steps that can never be retraced. The boundaries of ever-lasting darkness are never very far away. There is always the chance that we shall blunder off into them and never get back. We have never had very much to go on except courage... faith... and the sustaining knowledge that the moment of greatest danger can also be the moment of supreme opportunity. If now we have the power to destroy ourselves more quickly and completely than we have ever had before, we have, by the same token, the power to remold the entire physical world in such a way that an earlier generation could have completely miraculously. Our future lies in our own hands, and the possibilities... either way, for evil or for good... are infinite. That the condition under which human life has always lived. Now we are simply being compelled to see these possibilities more clearly. But unless the sight wholly dazzles and bewilders us, we do not need to lapse into abject helplessness."

When women's skirts first went above the knees, we were young and defiant and we wore them as short as the law allowed. We have pictures to prove it and also give us some hearty laughs on rainy days. Skirts are once again at the knees and on the streets we see again some females that think showing their knees and what to their beauty. But we must warn them ten years from now their daughters will look through the family pictures and go off into gales of laughter and say in unbelievable amazement, "Oh! Mother! That isn't really you!"

When a fellow needs a friend he sometimes makes the mistake of getting a wife.

"Greasing the palm" is an old way of saying "taking a bribe" but bribes differed in the 16th century from the 20th century both in content and value. In the 16th century men took more pride in their personal appearance than they do now. Since soap had not been invented, they used perfume and spiced goose grease. These were much in favor and eagerly sought. Perfume and spices were expensive and so when one sought a special favor from men in a high position, it was the thing to take a gift of perfume or spiced grease.

When presenting the gift, the donor would say, "Here is some grease for your palm". Giving bribes has reached an all-time high in our society and they aren't blobs of goose-grease either. Now a bribe can be anything from a ten dollar bill to a seat on the stock exchange.

We are beginning to think that we would like the old-time telephones back again complete with the switchboard girl. Each time we make a call we have to look up the number and half the time right in the middle of dialing we find that the last three numbers have hidden themselves in our mind and refuse to come out. Then we must start all over again. This sort of frustration is not for the middle-aged or for the memory losers.

The difference between a career woman and a housewife is only a matter of twenty pounds.

In a letter I received from U. S. Senator John Marshall Butler, I want you to read, about our taxes. Tax his cow, tax his goat, tax his pants, tax his coat, tax his crop, tax his work, tax his ties, tax his shirt, tax his chew, tax his smoke, teach him taxes is no joke. Tax his tractor, tax his mule, teach him taxes is the rule. Tax his oil, tax his gas, tax his notes, tax his cash. Tax him good and let him know that after taxes he has no dough. Tax him until he's good and sore. Tax his coffin, tax his grave, tax the sod in which he lays. Put these words on his tomb: "Taxes drove me to my doom".

Even after he's gone we won't relax. We'll still be after inheritance tax. If the Internal Revenue Commission, the White House and the Congress join together to bring about a long overdue overhaul of the tax code, the above bit of doggerel will stop hurting where it hurts the most—in the pocket.

SILVER WEDDING ANNIVERSARY OBSERVED

Mr. and Mrs. John Paul Brauning of Taneytown, Md., and Mr. and Mrs. Jerry Sparer of Brooklyn, Baltimore, Md., attended a surprise party Saturday at the home of Mr. and Mrs. Richard Poole. The party was held in honor of their 25th Wedding Anniversary by Mr. and Mrs. Brauning's children.

The next meeting will be held at the home of Joan, Clarence and Harold Thomas, Jr. on April 24, 1961 at 8:00.

The meeting was adjourned and refreshments were enjoyed by the club.

The Taneytown Girl's 4-H Club held its March meeting recently at the home of Virginia Null. The group voted to have Audrey Wilhide represent them in the sixth annual "Queen for a Nite Dance" on April 22 at 8 p. m. at the Carroll County Agricultural Center. This dance is a formal sponsored by the Taneytown Agricultural 4-H Club. The window display put into the Potomac Edison Co.s window to celebrate National 4-H Club week won a first prize. The meeting was adjourned and two demonstrations were given. Virginia Null and Pattie Poole gave comparison demonstrations on Brownies. Two members, Mary Ellen Stonesifer and Carole Koons, gave their speeches in preparation for the public-speaking contest. The next meeting will be held at the home of Carole Koons on April 17 at 7:30 p. m. Mrs. Helen Otto, Associate Home Demonstration Agent will be present to talk with the members and their mothers.

The Carroll County 4-H Baby Beef Club held its meeting at the home of Allen and Ralph Murray, near Woodbine, Md.

Ralph Murray and Kenneth Stonesifer gave demonstrations on fitting Angus and Shorthorn Steers for show. Roy Harrington gave a demonstration on clipping and fitting a Hereford steer for show.

This meeting was attended by twenty members, ten visitors, and the Assistant County Agent Maxal Alt.

Mr. Charles E. Null Will Head Drive for Funds

Paul H. Smith, chairman of the Carroll County Bell Ringers' March for Mental Health which will be held statewide on May 8th, has announced that Mrs. Charles E. Null, of near Taneytown, will serve as captain for the Taneytown and Keymar areas.

Smith said volunteers are needed to collect funds to fight the scourge of mental illness. "Remember that every dollar you give helps to support research in the treatment, prevention and cure of mental illness in your own family or community."

Anyone wishing to volunteer a few hours of your time to visit your neighbors as a Bell Ringer for Mental Health please call Mrs. Null, at PL. 6-6134.

MITE SOCIETY ITEM

The Mite Society of Trinity Lutheran church held the regular monthly meeting on Wed. Apr. 5, with the following program:

Poem, "At Easter", read by Mrs. Clarence Nall; Clarinet solo, "Gypsy Sweetheart" by Eddie Null; Piano Solo, "The Spinning Song", by David Nall; Story, "A Handful of Clay" by Henry Van Dyke, told by Mrs. Margaret Nulton; Vocal solo, "Open The Gates of the Temple", by Miss Kathy Jennings, accompanied by Miss Peggy Kiser; Piano solo, "Beautiful Savior", by Ann King; Vocal duets, "Cast Thy Burden Upon the Lord" and "Eternal Father Strong to Save", by Misses Nancy Stine and Peggy Fleagle, accompanied by Mrs. Albert Wilhide; Vocal solo, "When I Survey The Wondrous Cross" by Mrs. David M. Reifsnider, accompanied by Mrs. Hubert J. Null.

Mrs. Zimmerman presided in the absence of the president, Mrs. Harry Dougherty, Sr.

T. B. Drive for Funds Successful

Preston G. Coffman, Chairman of the Carroll County Tuberculosis Association Seal Campaign reports returns of \$10,650.20 from the campaign. Mr. Coffman thanked all who had in any way contributed to the campaign which is the sole support of the Carroll County Tuberculosis Association.

Coffman also reported a total of 362 volunteer hours given to the association by Students of the commercial classes of Westminster High, Sykesville High, North Carroll High, Taneytown High, Mt. Airy High, Francis Scott Key High, and Robert Moton High; Mrs. Paul Smith, Mrs. Crover Warehime, Mrs. A. Millard Roelke, and Roland Haifey of the Board of Education.

Be on time!

You can hardly do anything correctly if you start out "on the wrong foot". You have already lost much of your composure when you arrive late.

If there's a worse social error than being late, it's hard to name.

COMMUNITY LOCALS

(Continued from first page)

Miss Linda Oligney, of Frizellburg Girl Scout Troop #257, has been judged the winner of the Carroll District program cover contest.

Recent guests of Mr. and Mrs. Roy B. Kiser were Mr. and Mrs. Clarence Motter, near town; and Mr. and Mrs. Gene Adelsberger and family, Thurmont.

There will be a joint installation of the newly elected Post and Auxiliary Officers of the Veterans of Foreign War's Post 6918, in Harney, Maryland, Saturday night, April the 22nd at 8:00 p. m.

The Board of Directors of The Taneytown Lions Club have decided to use the proceeds from the "Buddy Dean" Hop at St. Joseph's Hall on April 23, as well as the Cake Sale at the Firemen's Building on Saturday, April 29 to help raise money for sending the High School Band to the International Lions Parade in Atlantic City; June 20. Since this is a major project that will mean so much for the Band as well as the Taneytown community, it is hoped your assistance in fund raising will be generous.

Plans are being made to type blood of all persons in this community who have not had this done. The local doctors recommends this worthy project and assures that technicians from Annie Warner Hospital, Gettysburg, will be here to conduct the "typing". The service will be free. A definite date will be announced in this news-paper. Arch Carpenter, representing the Kiwanis Club of Taneytown is making the plans and other clubs and organizations are expected to join in the project. Blood typing is very necessary in saving time in case of illness when blood is urgently needed.

Former Taneytown Citizen  
Featured in Business Write-up

The Journal Sentinel, Winston-Salem, N. C., newspaper featured a write-up of the business of Charles W. Witherow and son Charles W. Witherow, in its issue of March 26, 1961. Mr. Witherow, Sr., is a former Taneytown citizen and is well-known here. The story follows:

Charles W. (for Washington) Witherow established Auto Spring Co., Inc. here in 1934. The company is a specialist in fabricating and repairing springs for all types of motor vehicles, especially heavy trucks and buses.

In 1946 the company became the distributor for Reo trucks and buses in 11 Piedmont North Carolina counties.

"Our chief sales area includes the cities of Winston-Salem, Greensboro, High Point and Asheboro", C. (for Charles) Witherow said last week. Since 1951 he has been president and owner of the firm established by his father. The elder Witherow continues as a vice president.

Reo sales now generate a bigger dollar volume of the company's business than work on springs. "But we still divide our effort about evenly between our activities as Reo distributor and as specialists in spring work", the younger Witherow says.

Reos have been in the American automotive scene since 1904. The Reo company produced some of the nation's first passenger automobiles. But many years ago it abandoned the passenger car field and devoted its production exclusively to trucks and buses.

The Reo company encountered some tough financial sledding. In 1958 it was purchased by White Motor Co. Since that year Reo vehicles have been manufactured by the Lansing, Mich., Reo Division of White Motor Co.

President Bill Witherow of Auto Springs Co., which also trades under the name of Reo Truck and Bus Co., believe that Reo, bulwarked by a long record of quality production, will increase its share of the truck and bus market. He, at least, is achieving results in promoting the sales of Reo trucks.

The local distributor placed third among Reo's 155 agencies in a nationwide five-month sales contest that ran from last Oct. 1 to March 1, Bill Witherow's performance is more remarkable because he constitutes the local agency's entire sales staff.

Only the Reo agencies serving Los Angeles and Metropolitan New York surpassed Witherow's record, and each of those has sizable sales staffs. Witherow pointed out, however, that his agency did not rank third in unit sales among all Reo agencies. "The contest rules established quotas so that the small distributor could compete with the big ones", he explained, "In Winston-Salem we placed third on a percentage basis in exceeding our quota."

He says, however, that Reo sales in this area have shown a steady gain each year for several years.

All of Witherow's sales were gasoline-powered trucks. The company manufactures school and city transit buses and diesel trucks, but he finds the chief interest in Reo's gasoline-powered trucks.

The initial cost and the maintenance of the Diesel are frequently higher, he says, "The gasoline-powered vehicle is more economical for many uses."

The trucks that he sells fall into the "\$10,000 price range". And they are sold for cash. "We don't have any financing arrangements", Witherow adds.

Generally the trucks are custom-built to meet the purchaser's specific needs. They may be heavier tractors or tandem trucks for the construction industry such as concrete mixers or dump trucks. Reos are built to serve all needs that trucks perform—from garbage trucks to fire trucks.

Reo makes the engine and the chassis. Other companies produce the bodies. The truck is sent to the manufacturer of the particular type of body that the purchaser desires.

Howard Sober Inc., a professional "driveway outfit", drives the new trucks—often with one riding piggy-back—from Lansing to Winston-Salem. The local Reo agency thoroughly checks the vehicle before delivery to the customer.

Auto Spring Co., located at 1323 N. Liberty Street, provides complete truck service, "including frame, spring and brake work, and front-end and axle alignment."

The company has 10 employees. Rounding out the roster of officers, in addition to President C. William Witherow and Vice President Charles W. Witherow, is Mrs. C. William Witherow as secretary-treasurer.

Charles W. Witherow says the late Frank Martel, an official of Greyhound Bus Co., prompted him to establish Auto Spring Co. here.

"We need you down in Winston-Salem," he quoted Mr. Martel as telling him in 1934. "We're having a lot of trouble with springs."

At that time Witherow, a native of Taneytown, Md., was superintendent of automotive equipment for Capitol Transit Co. of Washington, D. C. Earlier, he had been a streetcar maintenance man for the same company.

"The company began operating six buses in 1922", he recalls, "When I left in 1936, it had more than 1,000 buses."

Retaining his job in Washington, Witherow opened Auto Spring Co. in 1934 at 1024 N. Liberty Street. Martin Ziner, of Washington was manager for the first two years. Then Witherow severed his 19-year association with Capitol Transit and came here to take over the business.

Ziner, "a good steel and spring man", returned to Washington and built up a good business of his own, Witherow says.

Witherow traveled all over North Carolina soliciting work for his auto spring company.

"Starting from scratch the going was tough for the first few years", Witherow recalls. But eventually he established a reputation for quality spring work that brought him business from distances "of 200 miles and

GOD AND THE BOY—(THE EARTH AND THE STARS)—

God teaches the Boy up to 12 to be a model man— (That, it seems, is a part, of His great plan!) After that, they tell us, He gives him "free will" To follow the devil, or, to serve Him still.

Just so, God has done in all ages; they say; To make a perfect man, that is God's way; Once He trained a boy named Samuel, we are told; And, just so, things have been, since days of old.

God is closer to a boy than He is to a man— (That is one thing I know about His plan!) I think He does it to show you and me How, when we grow old, He wants us to be.

The things I tell you, I learned when a boy— (Everything God did, then, I seemed to enjoy!) When the hilltops were no longer white, He patched the bare spots, with snow at night.

What Solomon said about God is the truth— (I shall never forget the days of my youth!) Some thought He was a Deity far away; But, "He is always with us", the Scriptures say.

Many people of old thought God was a man— (They knew little about either, Him or His plan!) The physical body is not yet the man— It is called a house in God's great plan.

God and the Real you are alike said to be— (So, that is the lineage of both you and me!) We only come here, like God, to learn to be; For, through us, He shall reign in Eternity.

"God is mind"—(so are you said to be!) (He is just like the Real you and me!) Jesus, too, said: "The Father, and I are one"; And, what Jesus said is true of everyone.

Before Jesus came mortal man did not know Who God really is, or, how to go; So, God sent Him as a Baby to show you and me How He wants us to grow up to be.

Jesus was the Pattern God gave to man; So, to learn to be like Him, study God's plan; As He was, and did, we must do and be, For, through us, God shall reign in Eternity.

Astronomers, daily, watch the stars we see; But, they are not yet ready for Eternity; Some still have no water and no air, So, deserts, they tell us, exist everywhere.

Billions are now spent by mortal man To learn the secrets in God's great plan; But, the stars are not yet ready for you and me; So, on terra firm, let us contented be.

God has made many worlds; so, let mortal man Cease to hurry Him with His plans; 3000 years ago, we had no mountains and no sea To make Earth a fit place for humanity.

Remember, too, this earth is a pattern, said to be For all of the stars in space we now see; Jesus and all of the prophets came here to see How, in future ages, the stars shall be.

I may just be dreaming; but, it seems to me God trains us here to Rule on the stars we now see In every age God has used men as seed they say, So, to people the stars that may be His way.

I once wrote: "Who knew what God intends us to be! We may some day inherit the stars we see; Past History, tells us that is God's plan— That, God has used men as seed, some time before.

Adam, Noah, Enoch, and, many others, they say, We had lived before, in an early day; Then, too, where did Enoch, learn about the Stars? God must have told him in the age before ours.

How to reach the Stars man do not yet know; But God shall, some day, show him how to go; That is where Reincarnation plays a big part; God included transportation at the start.

There are still many secrets in God's great plan; But, the body, alone, tells how He made man; We all come here, like Him, to learn to be, For, through us, God shall reign in Eternity.

A poet once wrote: Twinkle, twinkle little star— (How I wonder what you are!) Now we don't know; but, some day, we shall find out What the great panorama is all about.

No Insurance

Lesson for April 16, 1961

IF MORE questions are raised than are answered, in the Bible study for this week, that is because for three weeks the center of attention is on the book of Job, part of the Bible's "Wisdom Literature."

Dr. Foreman Job Is Every Man

There is no need to inquire whether this book of Job refers to some historical individual named Job, or whether this is a drama, a book of profound thought cast into the form of a story. For Job lives on every street, your middle name is Job. Job is the man who has everything. He is the man that Americans all want to be. He "has it made." He has a big family that is a credit to him, he has wealth more than he needs. He has solved the problem of security. He does not need help from the government nor from any man. He is, you might say, insured against trouble. Wealthy, respected, successful—put Job into modern tailor-made clothes, exchange his tent for a big house at a desirable address, and he looks so much like a 20th-century American of the "high salary bracket" kind, that a play can actually be written today, with the scene laid in our time and nation, using the very plot of the book of Job, and that play can be a smash hit on Broadway and around the country.

When Life Crashes In

The reader of Job should not inch along a few verses at a time. Take your next day off and read the book straight through, or if you can't do that, then take at least a chapter at a time. The book is mostly a debate, but the debate begins with a story about another debate, one between God and Satan. God asks Satan if he has taken a good look at Job: there is a good man for you! Satan does not agree. Job is not good, he is only smart, Satan says. He is good because God has blessed him with success and happiness. Let God (as it were) stop Job's pay and he will see the last of Job. So God gives Satan leave to do his worst, only he must not touch Job himself.

No Insurance

Some of the answers brought out in the book of Job will be mentioned in the next two weeks' columns. For the present, the point is that there is no insurance, in this world, against trouble. To be sure, you can buy insurance which will put a check in your hand if your husband dies. But you cannot buy insurance which will guarantee he will live as long as you do. There is absolutely no insurance that life, your life, will not crash in. No amount of goodness, no heroism, no amount of service done to others, will insure you that you will go down to your grave without a care of a grief in the world. The only insurance you can buy (and it is good so far as it goes) will pay you money when the crash comes.

more." He stressed the use of good steel, and "its proper tempering in our own furnace." He bought and moved into the company's present building in 1941.

Witherow tags 1946 as an eventful year. He diversified his business by becoming the Reo distributor. But, more important than that, he was joined in the business by his son, C. William. The son and his sister had continued to live in Washington after their father moved to Winston-Salem. Their mother, Mrs. Nora M. Witherow, still lives in Washington with her daughter, who now is Mrs. N. O. Wood.

In 1941 Witherow began raising Hereford cattle as a hobby. He finally gave up the cattle after nearly 20 years because "it became too difficult to find help." He is a member of First Presbyterian Church. With his wife, the former Hervey Louise Jones of Winston-Salem, he lives at 3253 Valley Road.

Bill Witherow attended public schools in his native Washington and obtained a B.S. degree in mechanical engineering at Virginia Polytechnic Institute in 1941. For five years he was in the engineering department of Briggs Clarifier Co., manufacturer of large industrial oil filters.

He worked for his father in Winston-Salem from 1946 until 1961. Since then he has been president of the company; he has purchased the business from his father.

"I built the business up, and I was glad to turn it over to my son," the father said with pride last week.

Bill Witherow is a member of St. Paul's Episcopal Church. His wife, the former Jane Grey, of Warrenton, Va., and their two children, Charles William, Jr., an eighth-grader at Dalton Junior High, and Sara Jane, a fourth-grader at Whitaker School, live at 2728 Forest Drive.

Bill Witherow and his wife flew to Mexico City Friday for a six-day visit. Rep's reward for his sales production.

Policyholder Questions Answered by the Institute of Life Insurance

Q. I have been told that I could make a good "profit" by paying some premiums in advance on my life policy. Is this true and how does it work?

A. It is not a "profit" but a simple matter of discounting the premiums you pay in advance. Most companies will now discount these at 3 1/2% to 4% and, as no income tax applies to this, it is

the equivalent to an investment earning of 4 1/2% to 6% or even more, depending on your tax bracket. Meantime, you are in a very sound financial position with your insurance paid up for several years in advance.

Q. Women live a lot longer than men, according to the statistics, but they don't get any advantage on their life insurance premium. My husband and I (same age) have policies taken out at the same time with the same premium. Why?

A. Life insurance premiums are not based on the population mortality statistics, but on the actual experience within the companies. Many years ago, when relatively few women bought life insurance and there was a big "selection against the company" as it was called—that is a higher proportion of poorer risks buying than better risks—the companies had to charge a larger premium for women policyholders than for men. Then, as women bought policies more frequently, and the experience improved, the rates levelled off the same for men and women. Now, with women even more widely insured, the experience currently is reflecting more closely the actual mortality differences. This is reflected in the new mortality table legislation now going the rounds of the state legislatures for approval, under which companies may establish policy reserves for women on the basis of mortality rates three years younger than those for men of the same age. Three-fourths of the states have adopted the new law and the rest are expected to act this coming legislative season. When it is law in all the states, it should facilitate adoption by companies of the three year differential for all policies.

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing...there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

AND JUST ONE JET-SMOOTH RIDE WILL SHOW YOU WHY!

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

\*Official R. L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960—and Chevrolets continue to set the pace for the industry this year!

**KNOW HOW TO  
WRITE A CHECK?**

"Easy," you say. Write the date, the amount, and sign your name, and that is all there is to it."

But . . . A wrong date may make a check worthless. . . . A check written in pencil invites fraud. . . . Write the amount in words, as well as in figures close to the dollar sign. Don't leave room for changes in the written amount. Follow the words with a line to fill up the space. . . . Write your signatures as nearly alike as possible.

These few precautions will help us give you good service and full protection.
