Letter to the Editor

Dear Editor:

Would you let me answer the small animals and the one who calls herself Evelyn Lynch. I read your letters both in our Carroll Record, (the best paper I ever read), and in the Hanover Evening Sun and I want to say you had better thank God every day you have it as good as you do. One would think the way you put it that we lived in Russia or the Congo or some place like that, instead of the good old U.S.A.

Some of our good older folks back on farms would like to be able to say they really make a dollar a day — do they fuss, no. What good would it do them, for it is people like you that's making it harder on them. You fuss for higher wages and when you get it, up goes the price on everything we buy, but does any more come the farmers way, no, for the cost is all after it leaves the farm it goes in wages to get it out on the markets. You say we are living in the middle ages we are, living in the middle all right, but its the middle of Sin. I am sorry we have a few men silly enough to want to try going to the moon, that is God's business and not man's. What happened to the races that came to Taneytown but never got very far, I'll tell you what happened. Prayer changes things and there was Prayer about those races—those races would have been worse for Taneytown than good, at least, to our boys, that could have caused them to try some races on the highways after leaving the race.

Not an Animal—Human.

CITY OF TANEYTOWN HOLDS ELECTION

Two New Councilmen Selected to Serve for 2 Years

Largest turnout in years — Monday, June 5, 1961 was election day in Taneytown. 349 persons voted which is the largest number voting in a town election in many years. It is most gratifying that this many people manifested their interest in their local government. It is hoped that each succeeding year will see a greater number going to the polls. The tabulation of votes follows: Neal W. Powell — 214; George Naylor, Jr. — 203; Edwin Baumgardner — 182; George Kiser — 163; James Baumgardner — 144; George Motter — 118. This, of course, means that Neal W. Powell, incumbent, was reelected, while George Naylor, Jr., and Edwin Baumgardner will become new members of the council.

Following the election the regular monthly meeting of the Council was held.

The Treasurers' report follows: Receipts — \$5,628.07; Expenditures — \$3,200.46 — Balance — \$7,350.88. Parking Meter fund balance — \$3,411.63.

A verbal report, which will be confirmed by a written report, has been received from Maxwell and Associates, Pikesville, concerning our proposed sewer extension in the vicinity of Baumgardner Ave. It is planned that this extension will not only take care of the immediate needs in this area but also provide for future development.

It was decided to study the possibility of heightening the old stand pipe so that its' water level would be the same as the new storage tank at East end. This would equate the consumption of water from our various sources whereas, at present, the new well is being somewhat overworked. The original plan, as presented by our consulting Engineers, under the third stage of future construction called for the removal of the existing standpipe and the erection of a 150,000 gallon tank on the site at a cost of some \$65,000.00 Our old standpipe is in good repair and the council believes that if the foregoing proposal proves feasible it will result in a saving, to the taxpayers of Taneytown, of several thousand dollars.

Stegman and Co., CPA's, were again employed to execute the annual audit of the towns' books. This will be, of course, as of June 30th, which marks the end of our fiscal year.

In order to have all reports and information ready for the auditors it will be necessary to read water meters early. Will all concerned kindly cooperate in this matter.

The next meeting, which will be the reorganizational meeting of the Council, will be held at 7:30 p.m., June 26, 1961.

LADIES AID SOCIETY

The Ladies Aid Society of St. Paul's Lutheran Church, Harney, held their regular monthly meeting, Tuesday evening June 6.

The meeting was opened by singing, "Wonderful Words of Life", and "I would Be True". For the scripture Miss Treva Ridinger read the third chapter of I Corinthians, followed with prayer by Mrs. John H. Harner. The minutes of the last meeting were read and approved followed by roll-call with 20 members present.

A thank you note was read from Miss In the guest speaker at the Mother and Daughter banquet. Miss In thanked the ladies for presenting her with a red rose bud corsage. She also stated that it was only the second time she ate food prepared and served by men, she said she really enjoyed the meal and being with ladies here at Harney. It was her first time to be in Maryland.

Mrs. Clyde Frock, Mrs. George Claiborn and Mrs. Edna Snider were asked to check on the dishes at the parish house, and to purchase new ones that are needed.

The carpet for the aisles of the church was voted down. It was voted to discuss it again at a later date when some other improvements are made.

There will not be any meeting in July.

To arrange a program for the meeting in August Mrs. George Marshall, Mrs. Chester Moore and Mrs. Elmer LeGore. Mrs. Clyde Frock to read the Bible and Miss Treva Ridinger to have prayer.

The following program was given: two selections on the piano "Taps", and "Faith of Our Fathers", by Connie Mummert; 2 selections on the piano, "To The Sky Scrapers", and "Dublin Town", by Sandra Yingling; a selection on the piano, "A Visit to Spain", by Judy Clingan; a duet, "How Great Thou Art", by Steven and Brenda Harner accompanied on the piano by Mrs. John S. You'll find there's nothing like a good, old-fashioned home-cooked meal—not in most homes anyway.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

The rains recently have caused the grass to appear greener and the lovely Gardenia plant is ready to burst into bloom. The weather is just like early Fall. Soon it will mean those hot days of the good old summer time but don't complain just remember the big snows which lasted so long this past winter.

Here's to the Farmer—hope you did not miss on T.V. the latest of the new "CHICKEN MOTELS" living quarters originated by the Japanese making all the Hens happy and healthy consequently getting more of those golden eggs!

And "Caruso" is molting which means not a song out of him for a month or two!

Did you know that Bob Cummings and Sophie Tucker have Chiropractic treatments right in their own home each night?

Now, that school will be over, Teen-agers, go immediately in quest of a job even if it just means for the summer months. What you do now will surely develop your future and I think you know just what I mean. Eh?

The other day attended the Dancers Scholarship Fund in the Studio of Estelle Dennis which she directed, assisted by Louise Muse. The Studio was packed from standing room with relatives from all directions of the many pupils. It was sweet and especially—The Barn Yard with Papa and Mama Duck and all the little Ducklings! Miss Dennis is surely in the know how!

Ladies, now the new color for hose is GOLDEN and I am sure you will love that one! Dresses are still just a trifle below the knee and as to the hats they appear more flowery than ever!

Letters to be answered—
Dear Observer: I have a very close friend who is T. V. mad and I am getting so disgusted when I visit her as she will not turn that machine off. Then, when the story is over she will tell me that she doesn't want to miss the following one! She lives alone as she is a Widow and never used to be like that. I do not care to go to her home any more. Do you blame me? Signed Used to Be.

Dear Used to Be: It looks to me as though your friend prefers T. V. to your company so if I were you, I would remain away to know the reason. Just Up and Tell Her! Your Obs.

Dear Observer: I do hope you can give me advice for I am at my wit's end. I am 26 years of age and the young man who is the father of my child does not believe in marriage. We have a home but I am worried sick. Please print this so other girls can take a lesson from me. Yours sincerely, A.Y.

Dear A. Y.: I am sorry that I cannot place all of your letter right here but that would be quite impossible as you understand. Go to any Minister and explain things to him and that very quickly and have the Minister call around that very evening and talk to this young man. I am positive that it will all straighten out in that very next five minutes. If not pack up and leave. Your Obs.

Dear Observer: I am a young man of 30 and have a good looking wife and four young children. Everything would be wonderful if there was not a scene when I suggest that I would like to go to see my Mother who does not live far from us. When I mention it, she throws a fit and seems to be jealous of her. Any suggestions? Thank you! Signed—Faithful Reader.

Dear Faithful: I cannot imagine why so many young women take that same attitude toward their husbands' Mother. After all if it was not for that Mother, your wife would not have you. There is nothing worse than jealousy and you should be determined to see your Mother even if it is only once in a week or once in two weeks. If your Mother realizes the situation that makes it very bad. Try to reason with your wife and if there is trouble about it just simply tell her that you are not going to remain away from your Mother. See that you stick to it but do not have words about it at all Your Observer.

Here's to The Taurus Individual—those born from April 20 to May 20. Venus is the ruling Planet of the sign Taurus which is the biggest of all as to WILL POWER, determination and strength although quite impulsive at times. They are keenly alive and enjoy life to the very fullest. These people are unusually healthy and always have very broad shoulders and large frames and they retain their youth far into the years. In fact it means youth, vigor and freshness far into the declining years. Both sexes are fond of beauty, poetry and art and music and they can adapt themselves to all classes of society. They are very magnetic and liked by everyone. They are most sympathetic for others in any type of trouble and are the first one to run to the aid. They have remarkable powers of concentration. They seldom seek council and it is best that they do not as they plan out their lives which usually is successful in any walk of life. They rarely accumulate money due to the fact that they are always sharing it with someone else. They're too generous for their own good. The underdeveloped Taurus is just the opposite from the above. They should have plenty of control over their appetites and the finest sign for them to marry is one of the Sagittarius—that sign with nary a fault—December. Have a grand week-end, Folks. Hope to be seeing you soon.

Until next week D. V.
I am, Faithfully,

CONSTITUENT WRITES HIS SENATOR

This is a fable—but it could be a true story.

Once upon a time, a young man lived with his parents in a public housing development. He attended public school, rode the free school bus and participated in the free lunch program. He entered the Army and upon discharge kept his National Service Life Insurance. He then enrolled in the State University under the GI bill. Upon graduation he married a public health nurse and bought a farm with an FHA loan. A baby was born in the county hospital. He obtained emergency feed for his cattle from the government. He put part of his land in the Soil Bank and the payments paid off his debts. His parents lived comfortably on the farm with their Social Security old-age assistance checks. The government paid half the cost of a pond and stocked it with fish free. The government gave him a guaranteed parity price on his wheat. Our young man, now a little older, signed a petition seeking Federal assistance in developing an industrial project to help the economy of his area. He was a leader in obtaining the new Federal Building, and he joined a group to ask Congress to build a dam costing some millions so that his area could get cheap electricity.

Then, one day, he sat down, took pen in hand, and wrote: "I wish, Senator Beall, to protest excessive government spending and high taxes."

GRASS ROOTS OPINIONS

MILES CITY, MONT., STAR: "I know many, many folks in their 80's and 70's and beyond who have saved their money, worked hard, taken pride in possession of their modest homes and have never asked for a dime. But suddenly the politicians and the something-for-nothing people latch onto an idea and work it to the hilt. Because there are some unfortunate elderly people who through no fault of their own are needy (and by all means let us take care of them) these politicians and welfare staters build up another big fat gimmick, this time housing for the aged—the politicians to make themselves popular with the masses—and the something-for-nothing people visualizing another easy way out from this horrible life of providing for ourselves and planning for the future."

NEWPORT BEACH, CALIF., NEWS-PRESS: "Some powerfully significant facts which are being overlooked by the gloom peddlers in Washington is that while the current national unemployment total is about six per cent, during Franklin D. Roosevelt's first two terms unemployment was above 14 per cent. In 1938, in the sixth year of his administration, unemployment was 19 per cent!"

"We can talk and think ourselves into being critically ill if we try. On the other hand, with a little optimism it's entirely possible that we can completely leave our sick bed."

SIMSBURY, CONN., HERALD: "Where...does the road to salvation lie for the railroad? It lies in the area of free competition, and government's position should be toward the restoration of a competitive position for them. That involves legislating the right of the railroad to eliminate wasteful labor practices, fair prices for equivalent services, and less, not more, governmental control."

SAC CITY, IOWA, SUN: "News-papers are like women. They both have forms; back numbers are not in demand; they always have the last word; they are all worth looking over; they have a good deal of influence; you can't believe all they say."

there's small demand for the bold faced type, and every man should have one of his own and not borrow his neighbor's!"

PHILADELPHIA, PA., DISPATCH: "In 1951, to help finance the Korean War, the Federal gas tax was increased—temporarily—to 2 cents. Also temporary was the 1956 increase to 3 cents. And 1959 the levy went temporarily to 4 cents. In the beginning, the gas tax was referred to as the painless penny. Now, with Federal and State Tax averaging over 10 cents on every gallon of gasoline, painless is hardly the word for it."

STOCKTON, KANS., RECORD: "Everything changes, even the King's English. You would most likely have considerable difficulty reading a book written in the time of Chaucer. But back to our present day news words. Here are just a few: jet propulsion, leftist, microfilm, gremlin, freeloader, deepfreeze, shopping center, station wagon, take-home pay, cregeriatric, credit card, dial tone, expeditor, air lift, top-drawer, super-sonic, water skis, baby sitter, geriatric, carhop, coffee break, drive-in, intercom, hassle, nuclear, pony tail, soup-up, prefab, stationary front, jukebox, hot-rod, acetate, bikini, Rh factor and many, many more, which if you're hep you will have no trouble in digging."

WEST POINT, MISS., LEADER: "Ten years ago, the national average of teachers' salaries was \$3,126. It is now \$5,389, an increase of 72.4 per cent. All state expenditures for schools rose from \$6.5 billion to \$6.4 billion in the last ten years. The 1970 forecast of \$24 billion is not out of reach of local authorities, whose bonds have found a ready market at rates lower than the Treasury commands."

Fruit Whipped Toppings

Dessert toppings of whipped instant nonfat dry milk crystals are welcomed by weight watchers when they learn that these toppings are two-thirds lighter in calories than whipped cream. The home economists of the Carnation Company have discovered a new trick in making the toppings you'll want to try. The magic crystals are whipped with fruit juices and are just the right complement for fruit desserts. Whip Carnation magic crystals with pineapple or orange juice. Serve the topping with strawberry shortcake, and many other fruit desserts you will be enjoying throughout the summer. Each serving of the fruit topping costs only two-and-one-half cents.

PINEAPPLE WHIPPED TOPPING

(Makes 2½ to 3 cups)

½ cup chilled pineapple juice | 2 tablespoons lemon juice
½ cup Carnation instant nonfat dry milk crystals | ¼ cup sugar

Measure pineapple juice into bowl. Add instant crystals. Whip until soft peaks form (3-4 minutes). Add lemon juice. Continue whipping until stiff peaks form (3-4 min. longer). Fold in sugar.

ORANGE WHIPPED TOPPING

(Makes 2½ to 3 cups)

½ cup chilled orange juice | 2 tablespoons lemon juice
½ cup Carnation instant nonfat dry milk crystals | ¼ cup sugar

Measure orange juice into bowl. Add instant crystals. Whip until soft peaks form (3-4 minutes). Add lemon juice. Continue whipping until stiff peaks form (3-4 min. longer). Fold in sugar.

Yet there is plenty, but are smaller than usual—Robert Baust and his father, who are engaged in sawing wood, were at 93 places since last Fall—Foster Warehime and wife served an elegant dinner at their home last Sunday in honor of her brother, John Benedict, wife and little boy. All enjoyed the reunion very much as they reside in Kansas and seldom get here—Washington Dickensheets is getting old, but he can still cut wood. On Tuesday he and his son Truman cut and split 1½ cords in 2½ hours for John Kauffman. How's that?

Choice of Windows Vital When Planning New Home

When a family plans to build or remodel a home, an important step is the selection of windows. Windows provide light, ventilation, and view, and are vital to architectural style.

Wood windows, always popular for homes because of the natural beauty and versatility of wood, are available today in a wide range of styles.

The basic types of wood windows of ponderosa pine are:

Double-hung

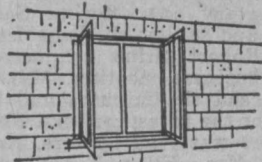

1. Double-hung. This familiar style has two sash that open up and down. It is often used in houses of traditional design.

2. Casement. A type suitable for both traditional and modern architecture and comprised of one or more sash that open like a door.

3. Awning-hopper. These styles swing out and up or in and down. Popular in contemporary homes, they also can add a modern touch to older homes.

4. Sliding. These windows,

with two or more sash that slide horizontally, are appropriate for most architectural styles.

Casement

Wood windows have many advantages for the home owner. Wood can be painted or stained for decorating effect inside and outside the house. It is a natural insulating material, resisting the flow of heat. Precision-made wood windows with modern weatherstripping built into them at the factory keep out cold, heat, and dust.

Windows of ponderosa pine are chemically treated to resist weather. Sold by building sup-

Awning-hopper

ply dealers as pre-assembled units, wood windows can be installed quickly and at low cost.

ETERNAL VALUES, by J. W. M.

We say a man is worth so much, meaning that he has so many dollars, or so many acres of land at so much an acre, or so many houses. We slander that beautiful word, "Worth." A man's value can not be estimated in dollars, or acres, or houses. To get true value we must weigh in the light of eternity and on the scales of character. What is a man's value to God and his fellow men? What does he add to the good of the community in which he lives? What is he worth in good deeds, in righteousness, in helping the poor, in strengthening the weak? How much better is the world because he lives in it? When he is dead, it is not how many dollars or acres has he left, but how much moral strength did he bequeath to the Church and the Kingdom of God?

A man is worth what he is. True values are character values. A man may be very poor in this world's goods yet be the best soul winner in the church. He is one of God's Princes. A woman kept a boarding house to pay expenses, but her business was to win souls for Christ. Every man and woman who came to board at her house, if he stayed anytime at all, was a Christian before they left. In the sight of heaven, she was a princess royal, and Angels encamped about her and God's morning star sang her praises. What need had she of the applause of the world? Eternal values are real values.

Mrs. Maude Glass of Sykesville and Mrs. Kenneth Robertson of Westminster spent Friday of last week in the home of Mrs. Elmer Vanfossen.

Mr. and Mrs. Russell Frock of York, Pa. spent Tues. in the home of his brother and wife Mr. and Mrs. Levi Frock. They also called on Mr. and Mrs. Charles Frock and family.

The world usually pushes a man the way he makes up his mind to go. If going up, they push him up; if going down, they push him down. Gravitation, however, makes the speed greater on the decline.

—Geo. F. Train
Oh, what thrills there are in hiking: Just to leave your home and stroll Up the creek, across the valley, To view the scenes upon the knoll:

Just to see each work of nature In its own appropriate dress, In itself is worth the labor.

Oh, what hours of restfulness: It takes neither car nor money; Effort is the price you pay; Scenes of beauty now await you Near your home—not far away.

HIGH SCHOOL HIGHLIGHTS

(Continued from first page)

Final examinations are being given this week to all students of the junior and senior high school. Students are reminded to put their best foot forward during the testing period, and to do their very best.

To All Parents: We have the opportunity of offering enrichment or remedial programs to our students this summer. If there is sufficient interest in the program, we would be able to offer several courses. These courses could be offered for high school credit, for remedial work, or as an enrichment program. We could offer courses in English, reading, mathematics, and science.

This program cannot be financed with public funds, but the building and equipment would be available for this program. The remedial or enrichment course would be given 1 hour a day for 30 days. The cost would be \$20.00 per pupil. Courses given for the purpose of making up failures would be given 1½ hours per day for 30 days. The cost would be \$30.00 per pupil.

Classes would not be formed unless there are 15 or more pupils interested in any one specific program. In case there are not enough pupils to warrant a class at Taneytown High School, applicants can participate in the same program at Westminster High School.

Driver training can be offered in our school this summer also. This course would be given for 45 hours and there would be no charge. It can be offered to pupils who are 15 years old or over, but who do not as yet have a driver's license. These children can operate a dual control motor vehicle without a learner's permit. They would have one year after completion of the course to present a certificate of completion of the course, pay \$1.00 and take the driver's test.

More information can be obtained by calling the school, Plymouth 6-6345.

Sincerely yours,

Ned C. Musser, Principal

LETTER TO THE EDITOR

Route #1, Box 74
Union Bridge, Md.
June 2nd, 1961

To Taneytown Booster,

Since you also referred your letter of June 1st 1961 in the Carroll Record to me, (Mrs. Lynch) I feel I should publicly answer some of your statements.

First let me say that the statement, small animal in Taneytown Zoo etc., is only for those who have a guilty conscience.

Apparently you didn't look into the facts very far or you would have found that those steady jobs we should be thankful for really doesn't amount to a hill of beans. Don't be misled either my friend, concerning business men being foolish to advocate low wages, etc. They have been doing it for years and will continue to do so as long as people like you have the attitude you do. Very few don't but they are rare.

Why should the people who also were born and raised in our fair communities run away?

Did you ever wonder how long these people have held their jobs and why there was no other choice? No, you didn't or you would have found that the majority of them have worked all their lives on the same job and are worth far more than the minimum wage they receive. If they did want to move which is unfair and unjust even to mention it how far could they get on the \$1.00 an hour wage? How can you say experienced and devoted workers such as factory employees, truck drivers, clerks, or whatever the job may be, isn't worth a decent wage? Feed that to the pigs kind sir, they can swallow it better than I!

What about our children? Do you think they have a chance as long as conditions remain as they are? Why should we raise and educate our children, just to have them, have to leave home to find work because they couldn't afford to live as we have had too, is that fair to them? Do you think at present rate of ever-growing taxes, prices and stalemate wages, we ourselves can survive? Pretty soon we won't even get a pay check, just a thank you note and a Kennedy basket. Is that what a decent hard working person wants? NO.

What are our so called leaders doing or saying about it? Why are they in office? Because dear friend they own the majority of the present industries. Is it any wonder that we need new industries so we can have a choice of jobs. After all how can a person stand a chance if when you apply for a job you're told no jobs open I'm saving them for Cousin Joe, Brother Bill or Aunt Mary, or to find they themselves have a personal agreement not to hire each other's employees. United, yes indeed, to the point that, you scratch my back and I'll think about scratching yours, according to what a good job you do.

Wake up my friend you don't know the half of it.

I for one would like to start a campaign in the name of the lowly wage earner, and our present conditions. And together something can be done but not by attending clubs, etc. Why show off and make false promises without something to show off and promises that we would keep.

Food for thought, isn't it, Taneytown Booster?

Sincerely,

Evelyn Lynch

Church Women Meet

The Keysville ULCW met Monday evening with Mrs. Clara Clabaugh and Mrs. Doris Harner as leaders. The topic was "Void, if Detached." The opening hymn used was "O Saviour, Precious Saviour". Mrs. Harner introduced the topic and it's main purpose was know your Bible. If we do not know, and use our Bible we become detached from the main vine and we are like branches that wither and die. Mrs. Clabaugh had charge of the scripture reading, reading a portion herself and the members reading. She asked questions concerning the scripture passages. This procedure was enlightening.

Linda Schaffer and Darlene Bowers sang, "God Sees the Little Sparrow Fall" and "Let the Lights be Shining" accompanied at the piano by Mrs. Ellen Kiser.

Master Steve Amos played an instrumental solo on his accordion "Jesus Wants Me for a Sunbeam" and "Dew Drops." All the special numbers were well received and you are welcome back any time. The closing hymn used was "Beautiful Saviour". The offering was received by Mrs. Vallie Baumgardner and dedicated by Mrs. Doris Harner. The meeting closed by every one offering a Sentence Prayer and saying the benediction.

Mrs. Robert Stine conducted the regular business meeting. Mrs. Doris Harner read the minutes and in the absence of the treasurer Mrs. Fleharty the report was read by Mrs. Kathryn Coshun. Mrs. Ellen Kiser reported sending 326 lbs. of clothing to the New Windsor Service Center to be sent overseas. Mrs. Stine presented Mrs. Clara Clabaugh a gift in recognition for her faithful services as treasurer since the organization of our Society.

The hostesses for the evening were Mrs. Agnes Roop, Mrs. Vallie Baumgardner and Mrs. Thelma Schaffer. Delicious refreshments of ice cream, cake and punch were served. The table was attractively arranged with roses and peonies. Mrs. Baumgardner was at the punch bowl.

The leaders for the next meeting are Mrs. Kathryn Stine and Mrs. Sophia Dendis. Hostesses are Mrs. Doris Harner, Miss Vallie Shorb and Mrs. Anna Clabaugh and Mrs. Clutz and Mrs. Edith Wilhide are in charge of specials.

WITH OUR ARMED FORCES

FORT JACKSON, S. C., Robert E. Fuss has been assigned to Company A 1st Battalion, 1st Training Regiment at Fort Jackson, S. C. for eight weeks of Basic Combat Training. This is his first phase of six months active duty training with the U. S. Army and a part of the obligation he incurred upon enlisting in the Army Reserve. His Army Reserve unit is Co. B, 729th Ord. Bn., Highfield, Maryland.

He will be taught rifle marksmanship under the U. S. Army's TRAIN-FIRE program which enables the modern soldier to become a better rifleman in less time than previous methods. In this program, most of his training consists of firing his rifle at pop-up targets at unknown distances on terrain which duplicates combat areas. Other highlights of his intensive training include squad tactics, bayonet and hand-to-hand combat, and crawling the infiltration course while machine gun fire is popping overhead. Many of his instructors are combat veterans of World War II and the Korean War.

As a climax to this first phase of training, he will march with his battalion in a review before the commanding general of Fort Jackson. This ceremony is witnessed by relatives and friends of the trainees who attend the "open house" held by each company on graduation day.

RED CROSS SWIMMING PROGRAM

Red Cross Swimming Instructions will be conducted again this year for the children of the Taneytown Area at Meadowview Pool, July 24 through Aug. 4. Children between the ages of 8 and 17 are eligible. The Carroll County Office, Red Cross, informs us that plenty of excellent instructors and aides will be available this year. The Taneytown Jaycees will again be assisting in arrangements, transportation, and promotion of this fine program as another of their youth projects.

Arrangements have been made for a bus to provide safe and adequate transportation. The bus will leave town at 8:30 each morning and return at approximately 10:45. Cost will be \$2.00 per child for the two-week period. Chaperones will be provided.

A small charge of \$1.00 for the use of the pool is made by the pool owners. This fee is also due the first morning.

Parents are urged to have their child avail himself of this splendid opportunity to learn water-safety. We also urge those who have passed their beginner's tests and can now swim, to continue instructions and become really expert swimmers.

The blank appearing below this article should be completed and returned immediately to your school. During the month of July an official application form will be sent to all those who expressed their desire to attend these swimming sessions; so hurry and get this blank in quickly. Also reservations will be accepted on a "first-come, first-served basis until bus capacity.

If there are any questions you may call PL 6-6765 or the Red Cross office, T18-4334.

Thank you, THE TANEYTOWN JAYCEES

Wins High 4-H Honors For Best Leadership

A Western Maryland College freshman returned home recently from Chicago after attending the National 4-H Club Congress where he joined 1,350 other outstanding 4-H members.

Because he took sectional honors in the national 4-H leadership program for 1960, Jerry Walls, 18, made the Chicago trip as a guest of Edward Foss Wilson of Washington, D.C.

The Bel Air youth, a son of Mr. and Mrs. Wint Walls, is a member of the Prospect 4-H Club and has been in 4-H activities for six years.

Bobby G. Busbice, assistant Hartford county agent, puts this terse brand on the 1960 Bel Air High School graduate: "A teacher and leader of young people."

The annual leadership program is conducted by the Cooperative Extension Service and arranged by the National 4-H Service Committee.

While in Chicago, young Walls was headquartered in the Conrad Hilton hotel and shared rounds of banquets, luncheons, tours and discussions with the current "cream of the crop" in 4-H endeavors.

Family FINANCIAL PROTECTION

Policyholder Questions Answered by the Institute of Life Insurance

Q. Frequent references to "estate planning" in connection with life insurance have come my way. Just what kind of service is this and how much of an "estate" do I have to have to make use of it?

A. Estate planning is a phrase widely used by life insurance agents to describe their careful planning of life insurance programs in relation to the policyholder's entire financial program and family financial needs. Your life insurance "estate" may be \$5,000 or \$500,000, but it will be most effective and most economical for you if it is fitted into your over-all family financial plan. As a matter of fact, the smaller the amount, the greater the urgency for careful planning. Any life insurance agent can give you this service and it costs you nothing. If your total "estate" of all kinds of property and wealth is large enough, the proper planning job will probably call for a "team" conference, including your attorney, your banker, your accountant and your life insurance man.

Q. As I am approaching retirement, I am trying to plan for the maximum possible income from my own resources. I was told the other day that I might be able to get some income from my straight life insurance policies. Is this true? They total \$19,000 of insurance and I have had them for about 30 years.

A. From your description, it would appear that you will have about \$10,000 cash value in your policies when you reach age 65 and this will enable you to obtain a guaranteed life income for your self of about \$65 monthly. It would

be well to bear in mind, however, that if this \$19,000 is all the life insurance you have, you might need to keep part or even all of it for protection for your wife. You could, for instance, use enough of this cash value to provide some \$50 monthly for life for yourself and still have \$4,000 to \$5,000 life insurance left. Planning for a program at this important milestone in your life is so vital that you should immediately consult with your life insurance agent.

Two Views of Life

Lesson for June 11, 1961

THERE is something we all dread, and yet we all want: Old Age. That is to say, the normal person wants to live a long time, and you certainly can't live a great many years without growing old. But on the other hand,

when we see some old people, we say to ourselves, "I'd hate to be like that." Now our study for this week is about old age, as seen by two different old men, the author of Ecclesiastes, Dr. Foreman and Saint Paul. We said last week that Ecclesiastes does not have the last word in the Bible, and this is true of his views on old age as it is of other matters. What he said about old age is true, yet Saint Paul holds a higher truth.

Let's Have No Illusions

"Both these men agree on an important point: If you hope to have a happy or peaceful old age, you'd better be preparing for it. Ecclesiastes says this plainly; Paul (as we shall see) says it not in words but by his example. Every reader of this page has an old person who is going to be dependent on him or her; namely, himself, or herself. Other people may have to take care of you, you may be dependent on them for food and shelter. Or you may be financially independent in your old age. Either way, though, the important part of being old is how you feel on the inside. For this, you and only you are responsible. If you turn out to be a gloomy, morose, complaining old nuisance, that's the fault of you yourself, now, not some time later. If you are cheerful with bright sunny thoughts, that also will be something you are arranging for, now. Remember NOW thy creator, in the days of thy youth," he says.

This does not mean call him to mind once in a while. The expression means to let the mind dwell on something or someone. In modern simple language: Get the habit of thinking about GOD, now, while you can still form a good habit. Don't put off thinking seriously and happily about God till you are old. If you do, God will seem a stranger. Think about God while you are young, remember you owe your very life to him, he is your Creator. If Ecclesiastes cannot say that God loves you, or has redeemed you, he still believes in God, and knows that it is old age the happiest thoughts sometimes the only happy thoughts possible, are those we can have of God.

An Old Man's Thoughts

Now listen to "Paul the Aged," — Old Man Paul as people would say today. At the time he wrote 2 Timothy, he was not only old, he was expecting death to come soon. He was not well, and he was in jail. Isn't it bad enough to be old, without having all those troubles besides? But Paul does not complain. During most of this letter he says nothing about being old. He is thinking of other people, of future generations even rather than of himself. When he does come to speak of himself, his thought runs backward as an old man's thoughts do; but not in bitterness, not even in the quiet melancholy of old Ecclesiastes. He thinks of life as a fight to the finish, a race, a test. It's nearly all in the past now; but he rejoices in his memories. He fought the fight, he won the race, he stood the test. You see Paul had been preparing for old age in one of the best ways possible: namely, he had not spent any time thinking about it, he had not deliberately prepared for it at all. He had simply lived out every minute to the full, putting everything he had into the race, the fight, the test. By the time he reached old age, he had long had the habit of faith, of hope and of love. He did not need to learn how to be unselfish in old age. He was already that way. Old age was good because life had been good. We may be sure that when the last hour came to him, "Heaven, with love abrim, did not seem strange, to him."

Take The Pain Out Of Painting

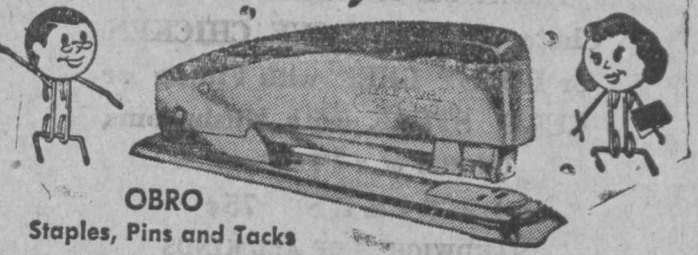

Even though a major redecorating job cannot be squeezed into the budget this spring, at least one room can take on a new look with a fresh coat of paint. With a little sensible planning, the entire project can be accomplished in a few hours.

Homemaker shown perched on the ladder is complicating what can be a fairly simple job. She has not protected herself and she has neglected to cover the chair and floors that can be damaged by just one or two drops of paint from her old-fashioned brush. Width of the brush alone will multiply the number of tedious back and forth strokes she must make to cover the ceiling. Full skirt is not only in danger of smearing still damp wall and being ruined in the process, but is quite likely to catch on the step ladder and cause an accident.

In a more sensible approach,

painless painter on the right has removed her jewelry and dressed herself in practical fashion. A broom stick inserted in the handle of a wide paint roller with Dynel modacrylic covers makes a step ladder obsolete even in painting the ceiling. The roller is rolled back and forth in half-filled tray. Three strokes back and forth will cover the surface and eliminate tell-tale brush marks. Dynel fiber fabric covers on paint rollers are nonabsorbent, won't mat down after prolonged use and give an even, attractive finish.

New Products End Car Cleaning Drudgery

Detroit can style the modern motor car, extend its life through skillful engineering and make it the epitome of American comfort on the highway. But it takes a little effort on the part of the owner to keep it beautiful inside and out. It was never the outside that posed the major problem but the inside. Bissell of Grand Rapids is introducing this Spring two unique new products to maintain the beauty and color of the magnificent fabrics and coverings that help make America's cars so smart looking. These are called the Car Master Shampoo and the Applicator which does the work. The new products foam clean all car interiors including mohair, acetate, plastic and leather upholstery, head and roof liners, floor coverings, seats and seat covers and all convertible tops. The applicator has a squeeze bottle handle which releases the shampoo through a sponge and brush cleaning face on its chrome plated metal head. It is non-toxic, non-inflammable, colorless and dries in minutes.

Even the conceited bore has one virtue—he seldom talks about other people.

One thing about the speed of light—it gets here too early in the morning.

"The promises of today's politicians become the taxes of tomorrow".
—Dr. Orlo M. Brees.

A leader is an ordinary person with extraordinary determination!

"Wrinkles are fine when they mark the places smiles have been".

"The woman who constantly interrupts a man's conversation either is already married or never will be."

To be born a gentleman is an accident. To die one is an achievement.
