## JOHN HOTTINGER HEADS LIONS' CLUB

Officers were Installed at Tuesday Evening's Meeting

President Glenn O. Reeve conducted his final meeting as chief executive of Taneytown Lions last Tuesday evening June 27, in Taney Inn, when Past-president Delmar E. Riffe was program chairman for this ladies night. Lion the Rev. Edmund P. Welker pronounced the invocation, Lion Riffe also officiated at the piano, and Lion tamer Donald R. Lawyer led the singing.

A beautifully expressed letter of appreciation from Frances B. (Mrs. Ralph W.) Stonesifer was read on behalf of the Taneytown Junior-Senior High School Band Parents' Association, and Singleton E. Remsburg described the June 21 parade in Atlantic City, representing Lions from 90 countries, with 33 floats, 56 musical groups, and 40 marching Lions delegations; the fine performance of the Taneytown band before the estimated 60,000 people crowding the boardwalk; and the remarkable enthusiasm the whole trip generated among the youngsters and their parent chaperones who could participate in this Lions-sponsored jubilee.

Thomas H. Tracey, a charter member, was reinstated into the club, backed by his sponsor Charles W. Eckard, and welcomed into renewed activity by membership chairman, John T. Hottinger.

President Reeve thanked every member for his cooperation in making the past club year so successful and thereupon turned the program over to Chairman Riffe. Through the kindness of Merle S. Ohler a film on the Milton Hershey School for orphaned boys was projected and proved to be a nice piece of cinematography as well as a monumental tribute to the school's founder, Milton S. Hershey. Gifts of candy-coated Hershey almonds and recipe books were distributed to the ladies.

The concluding item of the evening's program was the installation of Taneytown Lions Club's new officers for 1960-61 by the club's own Harry B. Dougherty, now International-counselor, who spoke also of his gratitude for each member's backing during his tenure as District governor, just ended. The officers installed were: President, John Hottinger, First vice-president, Lewis R. Baer, Second vice-president, Frank O. Wargny, Third vice-president, Thomas H. Smith, secretary-treasurer, Kenneth C. Shorb, Tail twisters, Fred B. Garner, Lion tamer Stanley W. King. Directors for one year: C. David Hiltbricker and Charles L. Little, and Directors for two years Norman R. Sauble, and Carroll L. Wantz.

With the exchange of President's and Past-president's pins by retiring President Reeve and incoming President Hottinger, the latter received the gavel of authority from his predecessor and expressed his intention, with the aid of his fellow-members, to make the new year a progressive one in the best traditions of true Lionism. The next meeting will be the annual family picnic in Taneytown Memorial Park on Tuesday, July 11, with Past-president Frank T. Dunham in charge of arrangements.

## Kiwanis Activity

At the recent meeting of the Taneytown Kiwanis Club after a fine meal and a brief program of singing under the leadership of Wallace Reindollar with Mrs. Geo. Harner at the piano, President, Robert Neal called on Mr. Bernard Decker to introduce the speaker of the evening viz: Sgt. Lemuel E. Porter, Jr., Criminal Law Instructor at the Maryland State Police Academy at Pikesville, Md.

Sergeant Porter addressed the Club for a few minutes on the menace of communism and the measures being taken by the Congress of the United States which by enacting proper laws have created a committee on Un-American Activities which is empowered to inquire into the subversive activities of these communists and their skulking agents and agitators who seek with their underhanded and indefensible methods to prey on the minds of youthful Americans and any others who feel they are superior to the country in which they live and the freedom they enjoy.

A film showing the communist riot in the city of San Francisco, Cal. in May 1960 was shown and we hereby declare that no true American who dares to look at the Star Spangled Banner could not but feel to the deepest shame for the more than one thousand misguided students who had succumbed to the insidious, crafty, deceitful, treacherous, wily, sly, and designing traps that the same agents of Anti-America had so wantonly ensnared them.

How disgusting to see a crowd of students, and many others of different ages and colors, violate every rule of civilized conduct how un-American they were yet, the sad story we have to tell is that the agents and emissaries of Communism are able to find enough gullible and easily persuaded youth to keep the cruel, ferocious, barbarous and merciless spectre of communism bobbing up here and there all over our peace loving country.

To look at the face of these agents or advocates should be sufficient to tell the story of their beliefs and principles yet so often, easily led students do not realize they are associating with or being led by these disciples of bullets, bayonets and socialist chaos.

"Americans Awake", the communist activities now at work in our country are termed, "Operation Abolition" by the Komintern, to achieve it, any method, no matter, how dishonorable, how vicious, how costly may be employed so long as the Abolishment of Government, society, freedom and liberty are replaced by the power of the Komintern and by which slavery and disillusionment in the fear of bullets and bayonets becomes the portion of the individual.

Today we read of student riots here, here and almost everywhere. A sorry day that America must see the ideals and sacrifices of our forefathers relegated to obscurity and the cruel barbaric ideas of barbaric sophistry as one communist leader ejaculated that for our committee of un-American Activities he had nothing but the "utmost contempt."

May we soon see the day that the youth of America and the misguided citizens will with scorn, tell these agents of destruction for you we have nothing but the utmost contempt.

"Long Live America", and may she in the future be guided by the same Divine Power and Providence that has made her of this day the light and hope of the world.

Sergeant Porter we express our sincere thanks for showing the film that produces a violent nausea whenever we think of the Commies.

Wonder why Castro don't change the spelling to Kastro. Then we would have Kastro and Krushchev; two of a kind and "Oh What An Odor."

## BRYAN T. MCINTIRE RE-ELECTED CHAIRMAN OF WELFARE BOARD

At its regular monthly meeting on June 14, the Carroll County Welfare Board re-elected Mr. Bryan T. McIntire of Westminster as its Board Chairman for the year 1961-62. Mrs. Marion Frough of Berrett was elected as Vice Chairman. The other members of the Board are: Homer Snyder, Edmund Carr, Ray LeGore, George Harner, Mr. McIntire declared a vacancy to exist as a result of Mrs. Hallett Baile's inability to continue as a member.

Mr. McIntire has been a member of the Welfare Board since September of 1960 and has served as Chairman of the Board since that time. Mrs. Frough has been a member of the board since 1956.

Other matters were discussed at the Board meeting including the State-wide meeting of Welfare Agencies on May 25 and 26, at which time the results of the Legislature and how it affected the welfare organization were discussed. Included in the results of the Legislature were increases for food allowance for Public assistance clients and nursing care rates for persons in licensed nursing homes.

The Board then discussed the coming foster home parents party which is to be held on June 21st at 8:00 p.m. at the Westminster Methodist Church Social Hall. The program was outlined to the Board by Mr. McIntire, the director. The Board expressed their belief that such a program would be of help in letting the Board, the foster parents, and the staff know each other better and to work even closer together toward the goal of making life better for children.

The matter of expenditures for the month of May, 1961 was discussed. There were 422 persons or families receiving services from the Welfare Dept. under Public Assistance and boarding care of children. The total amount of money spent in the month of May was \$32,367.46. This was spent as follows: \$11,051.48 Old Age Assistance; \$8,247.12 Aid to Dependent Children; \$1,870.00 Aid to Blind; \$5,453.23 Aid to Totally Disabled; \$695.82 General Public Assistance to those who are disabled for a short period of time; \$1,843.80 Boarding Care of Children; \$4,883.51 Administration.

Other matters pertaining to the Welfare Board were then discussed, and the next meeting of the Board was set up for July 12, 1961.

## High School Band Parades

The 44th Annual Lions International Convention held in Atlantic City, New Jersey was highlighted by a very large parade on the Boardwalk on Wednesday, June 21 packed with music, color and beauty.

A total of ninety districts and countries were represented in the parade with thirty three elaborate floats, fifty six musical groups and forty marching Lions delegations and witnessed by an estimated 60,000 people along the Boardwalk. It was the type of an affair where a good time was had by all. The parade started at 9:30 a.m. marching thirty blocks and finished at 2 p.m.

The Taneytown Lions Club sponsored the Taneytown High School Band in the mammoth parade, and meeting boys and girls from many other Lions sponsored bands. This group was one of five bands representing District 22 which includes Maryland, Delaware and the District of Columbia.

The Juvenile Band winners was 1st. Bossier High School Band from Bossier City, Louisiana, 2nd. Wilson Borough High School Band, Wilson Borough, Pennsylvania, 3rd. Mississippi Lions All State Band, 4th. White Oak Band, White Oak, Texas and 5th J. W. Sexton High School Marching Band from Lansing, Michigan.

The Adult Band winners was 1st. United States Merchant Marine Academy Band, Kings Point, N.Y., 2nd. MacDougal Girls Pipe Band, Nova Scotia, Canada and 3rd. Bowmanville Legion Pipe Band, Bowmanville, Ontario, Canada.

The experience gained by the members of the Taneytown High School band under the able direction of Instructor Ralph Minnick was most rewarding and we feel sure the band will be available for local engagements if dates permit.

A man was boasting about his sister who had disguised herself as a man—and joined the army. His friend said, "It's impossible. She'll have to dress and shower with the boys. They'll find out." They'll find out, all right, but who'll tell?"

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning. A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer.

Each future day and in some way—help to bring you happiness!

Reading so much about the Merger of the three railroads—The Baltimore & Ohio, The New York Central and the Chesapeake & Ohio gives my heart sort of extra beats! The Baltimore and Ohio has always been my favorite way to travel for many, many reasons. Regardless of the location—first of all the stations were immaculate and when the train stopped to pick up the passengers, the smiling Porter would alight with a cloth in hand to wipe the handle bars as one climbed the steps to the interior. Then, he would take your bag and place it on the upper shelf where you were seated. Before you would sit down, he would wipe off the window sill and yet it was dustless. If it was a Parlor Chair or just the coach affair, everything seemed to be in proper order at all times. It was a thrill to ride on that special Railroad! From the time I was seventeen years of age, Mt. Royal Station is where my relatives from Annapolis met me coming from Philadelphia. It was always filled with folks who were commuters daily and they were very special individuals in my thinking and so I am reminiscing about it all.

The recent death of Col. White brought back the very beautiful letter which he wrote to me stating how much he appreciated my Column which was handed to him to read about the B & O of a number of months ago. Then, the nice telegram from Mr. Howard Simpson stating a ticket would await me for the last trip to the huge Christmas tree of the B & O out to Jacksonville and I was seated in the same train with him. The entire set up of it all and that down through the years makes one feel sad unless after the Merger the big company would adopt every characteristic of the B & O.

And now on June the 30th, Mt. Royal station closes its doors forever! Before that time, I'll sit right there—oh—just because! One time going South, I recall the B & O stopping at a small village and there were those Southern individuals selling a boxed lunch of their famous chicken with all the trimmings and their noted biscuits for the price of 50 cents! Somehow, that meal and it truly was a meal was different than anything I ever tasted in my life.

The last trip my late husband made was out to California on the B & O and he stated that it was the best part of the trip as he talked about nothing else but the service of the B & O. Really, folks all the help upon those trains made one feel QUEENLY! Year by Year the old Baltimore with the true Southern Hospitality air is being torn down to make way for the new and modern! The last trip for me on the B & O was the excursion toward Cumberland with a box lunch. Remember? No other railroad has ever topped the B & O as to their grand service in every capacity. It always was DELUXE from start to finish! It is wonderful to roll back the years in any memory that is beautiful. EH?

So long, folks until next week D. V. when I will write about, "The Rosary" a little non-Catholic girl asking me about those string of beads!

I am Faithfully,

YOUR OBSERVER

### FACTS AND OPINIONS

Russell Kirk writes, in National Review: "There is more waste of funds in public schooling than in any other large-scale enterprise in these United States. No Nation's resources are limitless. And educational expenditures, like all others, must be budgeted and put into some reasonable relationship to other public and private necessities. It is fiscal lunacy to cry, plaintively, 'But can we afford not to'—build a new school swimming pool or band room. Many things in life cannot be afforded. America can afford a decent educational system, but it cannot afford an educational carnival."

First quarter dividend payments this year to owners of common stocks listed on the "Big Board" of the New York Stock Exchange set a new record for the 19th consecutive year. Total payments for the period came to \$2,471,245,460—\$47,587,420 more than for the comparable period in 1960. A total of 884 of the 1,125 companies with common stock listed on the exchange as of arch 31 made at least one dividend payment during the quarter.

David Lawrence writes, in U. S. News & World Report: "In the past several months, the Soviet Government has vigorously waged a 'cold war' everywhere. Khrushchev has refused to co-operate with the United Nations in the Congo. Khrushchev has tried to wreck the United Nations by seeking to dissolve the office of Secretary-General. Khrushchev has virtually taken over the Castro government in Cuba, just 90 miles from our shores...Why should our government place credence in the world of a Communist ruler who has broken faith on every occasion—a tyrant who ordered the brutal murder of the people of Hungary and who today is tconiving in Laos and in South Vietnam to undermine the forces of the free world? It is pertinent to recall the words of George Santayana, the famous philosopher, who wrote: 'Those who refuse to learn from history are condemned to repeat it.'"

Health Information Foundation reports that an estimated 2.5 million persons—one out of every 30 employed Americans—now work in health service industries, as against about 1.6 million in 1950. About three-fifths of the present total are employed in hospitals or related institutions. When the results of the 1960 census are released, they may show that in 10 years the health field has risen from seventh to third place among major industries in terms of numbers of persons employed.

Roswell Magill of the Tax Foundation tells us where the federal government gets its money. Last year the income tax, individual and corporate, accounted for 73 per cent; the estate and gift taxes, 1.8 per cent; tobacco taxes, 2.1 per cent; liquor taxes, 3.5 per cent; other excise or sales taxes, 7.3 per cent; employment taxes, 12.2 per cent.

From the Wall Street Journal: "The more subsidized roadbeds we build for the trucking industry the more serious we make the plight of the railroads. And the more highways we build the more we appear to need because the more industry turns to this apparently 'cheap' form of transportation. That situation continued, it's a safe prediction there never will be a time when our existing highways will seem 'adequate.' They'll fill up as fast as we build them."

This family is the victim of hot weather stalling—one of three infuriating troubles that can strike your car on sizzling days. Super Shell's Hot Weather Blend fights all three.

# HAPPY JULY 4th?

Fight hot weather stalls with Super Shell's  
**Hot Weather Blend.** Famous 9-ingredient formula now  
adjusted for top performance when highways sizzle.

You can get Super Shell's Hot Weather Blend at any Shell station on your route this weekend. Read how it just might save you a lot of trouble.

Engines, like people, can suffer from heat prostration. Especially in the kind of hot and heavy traffic you may face during the weekend ahead.

Here are three infuriating troubles that are caused by excessive heat—and what Super Shell's Hot Weather Blend does to fight them.

### How Super Shell fights hot weather stalls

If your engine sputters and dies on a hot day, it may have an ailment called vapor lock.

Hot weather can make certain gasolines start to boil right in the fuel line. They literally bubble. Vapor lock takes place when the bubbles choke off the fuel supply.

Shell scientists attack vapor lock by revising Super Shell's nine-ingredient formula in summer.

They reduce its volatility. This produces a Hot Weather Blend of Super Shell that's not likely to boil in your fuel line. It cuts the chances of hot weather stalls to a minimum.

### How Super Shell fights hard starting

Here's what can happen when you try to re-start your car after a hot drive.

With the fan stopped and the cooling system idle, intense heat under the hood can actually make gasoline percolate in some carburetors. Just like coffee in a pot.

The gasoline spills over, floods

the engine—and makes it hard to start.

Super Shell's Hot Weather Blend is formulated to stand high temperatures without percolating. You get quick starts even after a long, hard, hot drive.

### How Super Shell fights rough idling

The same trouble that causes summer starting difficulties can give your car the shakes every time you stop for a traffic light.

Super Shell's Hot Weather Blend attacks both problems the same way. Its formula is adjusted so that it's in no hurry to boil and bubble. Result: smooth idling in hot weather.

### Shell trouble-shooter

Your Shell dealer will be glad to prepare your car for summer driving. His trouble-shooting may save you hours of delay on the road.

And ask him to fill your tank with Super Shell's Hot Weather Blend. Then you will really be set for top performance.

### Super Shell's 9 ingredients for top performance

- #1 is TCP®—for power, mileage, and longer plug life.
- #2 is "cat-cracked" gasoline—for power.
- #3 is anti-knock mix—for knock resistance.
- #4 is Alkylate to control "high-speed knock."
- #5 is Butane—for quick starts.
- #6 is Pentane mix—for fast warm-ups.
- #7 is an "anti-icer." (Added when cold weather sets in.)
- #8 is gum preventive—for clean carburetors.
- #9 is Platformate for extra mileage.

\*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212.

At Shell, 1,997 scientists are working to make your car go better and better

## CURRENT EVENTS FIFTY YEARS AGO

The brief but heavy rain, of Tuesday afternoon, which was accompanied by wind, bent the forward corn to some extent, and did slight damage to wheat, but fortunately neither damage was great. There will be very little grain left standing after Saturday.

The medicine show apparently found "easy money" in Taneytown. Frank Brining, of Philadelphia, a brother of Benton Brining, of this place died last Saturday.

Frank T. Lefevre, of Sebring Ohio, has been visiting his mother, Mrs. M. H. Reindollar. His wife and children are visiting in Emmitsburg.

The first of the Sunday evening union services will be held this Sunday in the U. B. Church; the sermon will be by the Rev. Seth Russell Downie, of the Presbyterian Church.

Harney—Emanuel Fuss had the misfortune to lose a fine horse on last Monday. . . . H. F. Devine, our new hotel man, seems to be doing a nice business. We notice quite a number of traveling men stopping with him and all speak very favorably of the place. . . . Sour cherries were an abundant crop in this community; every person seems to be tired picking them. . . . Harvesting is moving along nicely; with favorable weather the grain will be nearly all cut by Saturday evening, and some few will be hauling in.

Detour—Philip and Carroll Royer and sister, Marian, are spending several weeks with their uncle, J. P. Weybright. . . . J. P. Weybright has been marketing some very nice raspberries this week. . . . Mrs. Webster Harnish of Brooklyn, N. Y. is visiting her parents, Dr. and Mrs. Charles Diller. . . . Doran Albright is spending two weeks at Philadelphia and Atlantic City. . . . John Royer and wife, of Westminster, are visiting Mrs. R.'s parents Samuel Weybright and wife.

## RED CROSS SWIMMING PROGRAM

Red Cross Swimming Instructions will be conducted again this year for the children of the Taneytown Area at Meadowview Pool, July 24 through Aug. 4. Children between the ages of 8 and 17 are eligible. The Carroll County Office, Red Cross, informs us that plenty of excellent instructors and aides will be available this year. The Taneytown Jaycees will again be assisting in arrangements, transportation, and promotion of this fine program as another of their youth projects.

Arrangements have been made for a bus to provide safe and adequate transportation. The bus will leave town at 8:30 each morning and return at approximately 10:45. Cost will be \$2.00 per child for the two-week period. Chaperones will be provided.

A small charge of \$1.00 for the use of the pool is made by the pool owners. This fee is also due the first morning.

Parents are urged to have their child avail himself of this splendid opportunity to learn water-safety. We also urge those who have passed their beginners' tests and can now swim, to continue instructions and become really expert swimmers.

The blank appearing below this article should be completed and returned immediately to your school. During the month of July an official application form will be sent to all those who expressed their desire to attend these swimming sessions; so hurry and get this blank in quickly. Also reservations will be accepted on a "first-come, first-served basis until bus capacity.

If there are any questions you may call PL 6 - 6765 or the Red Cross office, TI 8 - 4334.

Thank you,

THE TANEYTOWN JAYCEES

I am interested in having my child take the course in Swimming and Water Safety at Meadowview Pool, July 24 thru August 4.

I am also interested in Bus Transportation for my child. I understand the cost will not exceed \$2.00 for the ten days.

## A Calendar of Rug Care

Use your carpet sweeper daily to keep rugs clean, fluffed up, free of dust, ashes, lint, crumbs. You'll save time and money . . . keep rugs beautiful longer . . . by setting up a regular schedule and sticking to it.

Vacuuming once a week keeps heavier dirt and grime out. Dirt particles have minute cutting edges which work into fibers, shortening their lives.

Ideal rug care calls for a shampoo every 6 months, which in many cases doubles the life of the carpet. Bissell's Shampoo Master applicator and Rug Shampoo cleans carpets and rugs with as little effort as it takes to use a carpet sweeper or vacuum cleaner. K

### A VOICE FROM CARROLL

After the second World War, when synthetic detergents were put on the market, we fell in love with them because they worked so well in hard water and did a better cleaning job than soap. But last week we learned that there is an ugly side to them. There is mounting evidence that the detergents may become our major water pollutant in the very near future. Even now it is not uncommon to see streams close to large cities loaded with billowing foam, killing fish and creating a hazard all the way to the sea. Even more troublesome is the contamination of ground water from cesspool seepage in small towns which have no sewerage system. Since ground water moves very slowly it can be made useless for an unknown length of time. We housewives and home-makers can help by cutting down on the amount of detergents we use. Often we use twice the amount that is needed to do the job. Another menace of synthetics is that they cause skin irritations to women's hands. One woman we know has spent several hundred dollars at a skin specialist trying to find out why her hands and arms broke out in a painful rash. The doctor finally found that the detergent she was using was the culprit. But it took one year to clear up the rash even after she wore rubber gloves to do her house work. We like detergents and use them every day but there is a price to pay for their competence in cleaning and laundry which may prove too costly in the end.

Luther Hodges, secretary of commerce, says that in most families, the housewife is the money manager, and therefore should be given the title of Director of the Budget. But she should be so wise and skillful in the management of the family's money that it deserves the title. The alert and skilled money manager keeps up with the trends so that she is able to take advantage of every bargain that comes along providing her family needs it. Knowing how to distinguish quality in goods as well as the ability to judge prices is no mean feat, but it's the difference between saving money on a purchase or losing it on a so called bargain. There is a great deal of shoddy goods on the market which isn't worth bringing home, no matter how low the price. Right now it's a buyers market in most all lines of merchandise. Now is the time to use some of one's savings or credit for home repairs for paints, and lumber have been reduced in price. Sears, Roebuck and Co. have just reduced most household furnishings such as bed room, draperies, furniture and textile products. Our economy requires a constant turnover of inventories to keep healthy so the housewife in her selective buying not only helps her family but helps the economy of her country. After all, money is made to spend, if done wisely.

Capital is only the fruit of labor and could never have existed if labor had not first existed. This year the United States by one means and another is trying to lure visitors from foreign countries to visit us and see how we live and see something of our sprawling and large cities. Our own state and county attracts many of these visitors. We should keep our little towns and country lanes looking their best at all times. And most important keep our manners in top shape too. Be courteous and kind to all strangers. The impressions they carry back home to their people will do a lot for our country, or a lot against our nation. It's the little things that make the biggest impressions.

We went to a sale on Saturday and there was nothing unusual about it since sales are our weakness, but it was an unusual sale. For the articles disclosed so much about the owners, who are now deceased, that one did not have to know them personally to know what kind of people they were. They had to be thrifty because they had saved everything from spoils to license plates. They had lived a long time for some of the articles dated back 75 years. They were fond of children because there were many pieces of hand-made doll furniture for sale. An unfinished hooked rug on a loom indicated that the lady of the house never left unfiled any idle moments that she might have had. Her spouse must have been a man of many skills and with a variety of tastes for by the amount of tools sold he was a carpenter, paper hanger, photographer, bird fancier and a musician. Dozens of pictures in old frames were sold indicating that one or both appreciated beauty and art. And religion had a particular place in their lives for many of the pictures had religion as their theme as did the books. Seventy-five years or more of collecting material things passed under the auctioneer's hammer and on to new owners in six hours. How long it takes to build a life! And how quickly the symbols of it is dispersed!

As we understand foreign aid, the world will be wrecked if any nation fails to get from us what it wants. The wife of a business executive met him at his office one Saturday afternoon. As they were going down in the elevator, it stopped and a high-octane secretary got on. Giving the executive a playful poke in the ribs, she said gaily: "Hello, cutie pie! Unperturbed the executive's wife leaned over with a smile and announced, "I'm Mrs. Pie."

We can still remember the thrilling Fourth of July that we celebrate as a child. There was a something very special about the day. Too young to understand that it was the birthday of our country we only knew that it was the day we carried a small American flag in the annual parade. And when the band struck up the marching music and the breeze fluttered the huge American flag at the head of the marching column, there was a tight feeling in our breast and we felt ten feet tall. It was a delightful feeling. Even now, on the 4th of July when we hang out the flag to celebrate our nation's birthday, we thrill at the red, white and blue symbol of our country's past and its hopeful future.

Mr. and Mrs. James Booher, of Mt. Union have issued invitations to the marriage of their daughter Alice to Mr. John A. Sellers which will take place July 15 in Mt. Union Lutheran Church.

## IN MEMORIAM

Stonesifer: In Memory of my dear husband, Carroll W. Stonesifer, who passed away one year ago, July 1, 1960.

A token of love and remembrance, of a husband I shall never forget. It is His Memory to Me is a treasure. His loss a life time regret. Do not ask me if I miss him, There's such a vacant place. Oh! I think I hear his footsteps, And see his smiling face. I think of him in silence, No eyes may see me weep. But many a tear is shed, When others are asleep. God gave me strength to bear it, And courage to fight the blow. But what it meant to lose my husband No one will ever know.

### Can Two Live As Cheaply As One?

When can two live (almost) as cheaply as one? When the pair are amiable twins who share their mid-morning juice break and whimsical animal-shaped cookies.

Twins make news—as well as cute pictures—nowadays, because there have been more twins around for the last 7 years. The stork has been delivering more than 4 million babies each year since 1954... about one out of every 100 births in the U.S. produces twins or triplets. No wonder America celebrates "Bringing Up Baby Week" in the Spring. Estimated births in 1960 were 4,247,332, which includes Hawaiian newcomers for the first time.

Pictured above at their regular snack time are 14-month twins Jon and Ingrid, who are busy identifying cat, horse, duck and bunny cookies. The twins are getting double divi-

dends for, as the Gerber Nutritionist points out, these animal cookies have twice the average protein content of ordinary cookies... each is thinly glazed with a topping that contains important B vitamins.

With their cookie menagerie, Jon and Ingrid enjoy mild, strained fruit juices, developed by Gerber, especially for babies, with high vitamin C content.

Says Mother, who finds twins a double delight, "When the twins are fed together, meal-time develops into a contest to see who can eat the most. They not only feed themselves, but each other, and with two wide-open mouths to feed, prepared baby foods are extra welcome!"

### Easy Homemade Ice Cream

As a special treat for warm weather, try this delightful pink and white homemade ice cream—as good as the old-fashioned kind grandmother made in the hand freezer. It's inexpensive, too, and no fuss or trouble to prepare with vanilla pudding mix and fresh strawberries made in a refrigerator tray.

#### Two-Toned Ice Cream

- |  |                     |
|--|---------------------|
| 1½ cups sliced strawberries                      | 2½ cups milk        |
| ½ cup sugar                                      | 1 egg yolk          |
| 1 package Jell-O vanilla pudding and pie filling | 1 egg white         |
| ¼ cup sugar                                      | 2 tablespoons sugar |
| ½ teaspoon salt                                  | 1 cup light cream   |

Crush fruit slightly, add ½ cup sugar, and let stand 20 minutes. Meanwhile, combine pudding mix, ¼ cup sugar, salt, and ¼ cup milk in saucepan. Add egg yolk and blend well. Then add remaining 2½ cups milk. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat.

Beat egg white until foamy throughout. Add 2 tablespoons sugar, a tablespoon at a time, beating after each addition until sugar is dissolved. Then continue beating until this meringue mixture will stand in peaks. Add hot pudding gradually. Then fold in cream. To half of mixture, fold in fruit. Pour into freezing tray of automatic refrigerator, setting control for coldest freezing temperature. Freeze until partially firm. Spread remaining pudding on top and freeze until firm. Freezing time: 3 to 4 hours. Makes 1½ quarts. If desired, serve with a fruit sauce.

### The Fruit of the Vine

**SHERRY**

When Henry VIII married the first of his 6 wives—a Spanish princess—imports of sherry from Spain boomed! Known as "sack", sherry became the favorite wine of Elizabethan England and Shakespeare's characters.

The world's best known appetizer and dessert wine, sherry now comes from the sunny vineyards of California. Ranging in color from pale to dark amber, sherry has a distinctive "nut-like" flavor—varies in taste from very dry to sweet.

A glass of California sherry flatters any guest! As an appetizer, with cheese or crackers, chilled dry sherry sharpens appetites before dinner. Sweet sherry with dessert is a perfect way to end a meal!

Bible Material: Matthew 1:18-25; 12:46-50; Luke 1:26-2:52; John 2:1-10; 19:25-27; Acts 1:1-4.

Devotional Reading: Psalm 118:21-29.

### Mother of Jesus

Lesson for July 2, 1961

PICTURES of Jesus' Mother Mary are nearly always of two sorts. One shows her as Queen of Heaven, standing on a cloud perhaps. The other shows her holding the baby Jesus. Now the Bible says nothing at all about her being Queen of Heaven, and it never suggests that we should pray to her. So Protestants do not paint pictures of Mary on a cloud. All they see is the young mother with the baby.

**Dr. Foreman** This is surely under-rating her. In anxiety not to make an idol of Mary, many rush to the opposite extreme of neglecting her memory and failing to appreciate all she was and did.

#### Mary The Girl

True motherhood is more than bringing a child into the world and holding it up to be photographed or painted. Motherhood is a lifetime thing. It begins, actually, years before the child is born. Only the right kind of person can be the right kind of mother. Young women in Palestine were betrothed (engaged) at what we would think a very early age. Mary may not have been much over sixteen when Jesus was born. We can see from the story that she was poor. We know that she lived in a village which had never been known for anything good. Yet God chose this particular girl to be the mother of the world's Savior. Already as a girl God looked on her with favor, as the angel said. Already as a girl she was familiar with the Scriptures, as her song testifies. Already as a girl she must have been notably good. Would any ordinary man in Joseph's strange circumstances, have believed the angel of his dream? It was because Mary was the kind of girl

she was, that Joseph could continue to believe in her. "Saints" are not always old people, they may be very young. Mary deserved the title "Blessed among women" while she was still a girl. A good mother does not start being good only when her first child is born.

#### The Woman

Think rapidly over some things we know about Mary the woman who grew as her son grew. "In wisdom and stature and in favor with God and man." We are told that Jesus the boy was "subject" to his parents. In simple English, Jesus obeyed his mother as well as Joseph. She was a woman who knew how to command loyal obedience on a child's part, yes and on the part of an adolescent, for Jesus was on the edge of his teens when Luke tells us he was "subject to" or "obedient to" Joseph and Mary. We have no reason to fancy that when Jesus left home to take up his own great life of obedience to God, that he had to unlearn what he had learned at home. Think over the character and attitudes and mind (so far as we can know it) of Jesus the grown Teacher and Healer. What kind of home training lay behind this? Unless we are prepared to say that Jesus' surroundings, his family, his home had no effect on him, we are bound to suppose that in Jesus' life and character we have a reflection of the influence of the mother in whose home he lived for thirty years.

#### The Worshipper

The last picture we have of Mary in the New Testament is one of an upper room in Jerusalem, where she was one of a great prayer-group. The one quotation we most often hear of Mary is a prayer, the "Magnificat," sung in many churches every Sunday. What people are remembered for is a key to what they are. How many people in this world are remembered, long afterwards, for their prayers? Mary was such a person. Some people can pray beautiful prayers but are not much account when a job is to be done. Others are very practical, but are merely stammerers when they talk to God. Mary the woman must have been a person whose prayers were the flower of a life of wonderful service. Praying and serving, her life was woven, like the garment she made for Jesus, "seamless throughout."

Complainant

vs.  
BARBARA A. HARE  
Box 731  
Antioch, Illinois  
Respondent

In The Circuit Court For  
Carroll County

### ORDER OF PUBLICATION

The object of this suit is to procure a divorce a Mensa et Thoro, by the Complainant, Pierre L. Hare, from the Respondent Barbara A. Hare.

The Bill recites the marriage of the parties on February 26, 1955 at Frederick, Maryland, by a regularly ordained Minister of the Gospel. That the Complainant has been a resident of the above address and of Carroll County for more than one year immediately prior to the filing of this bill of a Mensa et Thoro. That no children have been born as a result of this marriage. That ever since the said marriage the Complainant has always conducted himself as a faithful, affectionate and dutiful husband toward the Respondent and his conduct has been above reproach. That on or about January 30, 1961, the Respondent without just cause or reason, together with her cruelty of treatment toward the Complainant, did then and there desert and abandon him and that this was the deliberate and final act of the Respondent. That the Complainant has lived separate and apart from the Respondent ever since. That a reconciliation between the parties is without hope or reasonable expectation thereof.

It is thereupon, this 17th day of June 1961, by the Circuit Court for Carroll County.

Ordered that the Complainant, Pierre L. Hare, by causing a copy of this order to be inserted in some weekly newspaper, printed and published in Carroll County, once a week for four successive weeks before the 24th day of July 1961, to give notice to the absent non-resident Respondent, Barbara A. Hare, of the object and substance of this Bill of Complaint and warning her to be and appear in this Honorable Court in person or by Solicitor on or before the 9th day of Aug. 1961, next, and file a Plea, answer or other defense within fifteen days thereafter, showing cause, if any, why a decree ought not to be passed as prayed.

G. Bucher John  
Clerk of the Circuit Court  
for Carroll County

I hereby certify that on this 17th day of June 1961, a copy of the above order of publication was, by way of registered mail, sent to the Respondent at the address aforesaid.

"THERE IS NO HOLIDAY FROM TRAFFIC ACCIDENTS"—This warning is given to all motorists and pedestrians alike by the Maryland Traffic Safety Commission. The Declaration of Independence insures our rights to life, liberty and the pursuit of happiness but does not include a codicil giving us the right to kill our fellow man. Therefore, on this commemorative Fourth of July when we celebrate the anniversary of the signing of this historic document remember excessive speed is the cause of approximately 45% of the traffic deaths and injuries occurring in the State of Maryland—9 people died on our highways over the last Fourth of July holiday weekend and 362 were injured. This isn't just cold statistics, but each number represents a human being—and we as individuals can do something about it. In order to avoid a repetition of last year's tragic fatality record please—Drive and walk with extreme care—Always respect and obey traffic laws—Be courteous and alert at all times—Help your fellow man by accepting your responsibilities to him and yourself by being a safe sane driver. Remember Governor J. Millard Tawes' plea for maintaining a safe speed while traveling over the Fourth of July holiday weekend.
