Swimming Lessons Additional Transportation Needed

The Taneytown Jaycees announce that they have quite a few more applications for transportation to Swimming Lessons than the chartered bus will hold and are appealing for help in transporting the children. As has been published in this paper for several weeks, the Jaycees are again helping with promoting and arrangements for the Red Cross "Learn to Swim Program." Lessons in swimming and water safety will be given at Meadow View Pool from July 24 through August 4 from 9 a.m. to 10 a.m. for children from the Taneytown and Charles Carroll School areas.

The response this year has been extremely good, and it was hoped that another bus could be hired. However, this has not been possible and there is now a dire need for additional transportation. Any parents whose children are registered, but would be willing to pool cars or provide transportation for their own children are urged to contact the chairman, James Fair, immediately.

Even though applications were only accepted on a first-come, first-served basis, most of the reservations were made promptly through the schools. It would be very disappointing to some children if this experience must be denied them because of the lack of just a few cars. Applications for the pool and final instructions will be mailed by the beginning of next week to all those who have submitted applications.

The Jaycees regret the inconvenience and confusion which this will certainly cause, but are at a loss as to any other solution. Anyone having questions or suggestions are urged to call Mr. Fair at PL. 6-6765.

Town Orders Relief Recipients To Work

NEWBURGH, N.Y., June 21—All able-bodied men on relief in this city will have to put in 40 hours a week with the city building maintenance department starting July 15.

The rule is part of a drastic tightening of regulations under which relief payments will be made in Newburgh. The regulations, announced yesterday, reflect an attempt on the part of the city to avoid a tax rate hike even at the risk of having State and Federal welfare funds cut off.

OTHER POINTS
Other major points in the regulations:

1. Welfare recipients capable of private employment who refuse job offers regardless of the type of work involved will be denied relief.
2. Mothers of illegitimate children are to be advised that if they have any more children out of wedlock, relief payments will be denied.
3. Relief applicants who voluntarily left their previous jobs, without being fired or laid off, will be denied relief.
4. The relief allotments for any family shall not exceed the take-home pay of the lowest paid city employee with a family of comparable size.
5. Applicants for relief who are new to the city must show evidence that they came to Newburgh with a concrete job offer. Those with such an offer will be limited to two weeks of relief. Those without such proof will be limited to one week.

32,000 POPULATION
Newburgh has a population of 32,000 and almost one-twentieth of these are on relief. The city's present annual gross budget of \$5,500,000 includes almost \$1,000,000 for relief. The city council recently gave city manager Joseph Mitchell sweeping powers to cut the welfare budget. Unless this is done, Mitchell said, the present real estate tax rate of \$31 per \$1,000 valuation might have to be increased by as much as \$10 to cope with mounting welfare costs.

UNITED LUTHERAN CHURCH WOMEN

The United Lutheran Church Women of Trinity Lutheran Church held their monthly meeting on Wednesday evening at 8 o'clock. The leaders for the evening were Mrs. Margaret Naill, Mrs. Treva Zimmerman and Mrs. Mildred Jester. The meeting opened with a solo "Follow Jesus" by Miss Barbara Morrison. The scripture lesson was read by Mrs. Zimmerman followed by sentence prayers. The group joined in singing the hymn "In Christ there is no East or West." The topic for the evening was "Our Religious Freedom As Christians." Pastor and Mrs. Miller presented a "conversation presentation" on the theme "The Present Crisis". Mrs. Miller conducted a question and answer quiz on some of the important events in history. Pastor Miller stated that many people in Taneytown and elsewhere are uninformed about the great issues of today and therefore are only vaguely aware of the present crisis in which we find ourselves. The meeting closed with prayer by Mrs. Dean Reindollar and the singing of "God Bless Our Native Land".

Price of Main Street, Union Bridge, Md.

MEETING OF MAYOR & CITY COUNCIL

City Tax Rate Remains the Same--85c on the \$100.

The Mayor and City Council met in special session at the request of the Council President on Monday July 10th for the purpose of preparing the budget for the year 1961-62. The fiscal year for Taneytown is from July 1st through June 30th. Considerable discussion and thought went into the budget and it is hoped that you, the citizens of Taneytown, will take time to sit down and analyze it for item. You will recall that a trial budget was adopted one year ago with the idea that if it proved realistic a working budget, based on the trial budget, would be adopted this year.

In order to balance the budget additional revenue has to be realized; anticipated expenditures being greater than anticipated income. The main reason for increased expenditures is the planned addition to our sewerage system to serve new homes planned and presently under construction. Another item that most of us have forgotten is the large amount that must be paid for the retirement of Sewer Bonds each year and the interest on these bonds. Take particular note of this item in the budget.

As a result of the mandates imposed by the budget the following action was taken:

1. The tax rate will remain at the present rate of .85c per one hundred dollars.
2. Sewer hook-up permits will be increased to \$50.00.
3. Sewer rent will henceforth be equal to the water bill. This increase effective August 1st, 1961.
4. Sewer rent to those users outside the corporation limits to be double the present base rate effective August 1st, 1961.

It was the feeling of the Council that this method of realizing the additional revenue required would be fairer than raising the tax rate, as by this method every citizen of Taneytown will pay his fair share rather than the burden being borne by just a few, namely, the property holder. After serious study, the budget for the current fiscal year was adopted. You will find the budget printed elsewhere in this edition.

Mayor Perry and Council President Powell reported briefly on their day in Baltimore attending the Maryland Department of Economic Development conference on the Area Redevelopment Act and other Federal Assistance Programs.

This conference was held in the Baltimore Branch, Federal Reserve bank building on Monday, July 10th commencing at 9:30 a.m. and concluding at 4:30 p.m.

Speakers were from the Federal level of government and covered the following points: 1. How the Area Redevelopment Act Works—Overall View of the Administration. 2. Designation of Areas. 3. The Overall Economic Development Program. 4. Relationship of States in Submission of Programs and Projects. 5. Commercial and Industrial Projects. 6. Public Facilities Projects. 7. Special rural problems on commercial industrial and public facility projects. 8. Technical Assistance, 710 problems and Urban Renewal Problems. 9. Training Problems. 10. Individual Problem Discussions.

This program is, of course, to assist depressed areas. Even though closer scrutiny of the data may reveal some aid that we here in Taneytown can realize through the program, it appears at this writing that we cannot come under any of the classifications of the program.

The next regular meeting of the Council will be held Monday, August 7th at 7:30 p.m.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Although, having planned my lovely Gardenia plant to a larger pot while in full bloom, it is now more beautiful than ever. The Gladiolas are all ready to burst into bloom—perhaps one week more. And those colorful Zinnias are all along the pick-et fence.

Reading a sign like this recently in a lawyer's office and it is good to think about so as we do not take time unnecessarily—"A LAWYER'S TIME AND ADVISE IS HIS STOCK IN TRADE!"

Now, that the summer is full upon us and if it is impossible for the family to take a vacation—why not a boat ride now and then? There is nothing more relaxing. It's so foolish to go away and returning to say, "I just came back from my vacation and I am just about dead!" Letters to be answered—

Dear Observer:

The following may read very strange but it sure has had me guessing. I am 35 years of age and married. Recently, I attended the funeral of my Mother's brother in another location in fact another state and I saw a grave there beside that of my Father. It was a child's grave with the date of before I was born. I was always under the impression that I was the eldest child of five and when I asked another Uncle who was this child, he replied that it was the first born of my Mother's! Nothing of this was said to me and I really do not know what to think. It has been on my mind a lot. Why did not my mother tell me about this child as nothing was ever mentioned? What do you think? Signed, Constant Reader.

Dear Reader:

I would just skip it if I were you. Perhaps your Mother grieved inwardly and did not want to discuss it with any of the children. You know, Mothers are deep and I mean very deep!

Your Obs.

Dear Observer:

I was married last year and as we cannot afford children right away as I must continue to work, I realize that I am going to be a Mother and I am only seventeen! We are happily married and my husband is kind and gentle but I know that he worrying, too. What should we do? Signed, A Bride.

Dear Bride:

What do you mean—"What should we do?" Just have that little Cherub and always remember this—to be most grateful—as many women cannot have children. Good Luck! Your Obs.

Dear Observer:

Some time ago you mentioned in your Column about a game you played in Philadelphia called, "Prisoner's Base" and it sounded wonderful to us. Will you kindly write the directions as to just every detail of that game? We thank you very much. Signed, A Bunch of The Boys

Dear Boys:

I will be very glad to send the game in detail written on this typewriter. It is truly a fascinating game. Send a stamped addressed envelope please. Your Obs.

Now, this is late for the Gemini individuals—those born from May 20th after midnight to June 20 before midnight. Mercury is the ruling Planet of this sign and bestows upon these people a vivacious temperament and sparkling wit. They are extremely versatile and the wonderful part of the higher plane or in other words those educated—they are gifted with a perfect balance between the sentimentally ideal and the grossly worldly. They have a dual personality and one minute they love you and the next, they take a dislike to you in other words—blow hot and cold in almost one breath. They usually have two love affairs going at one time and do not know which one to accept as a husband. They are very tender hearted and make grand nurses. One minute they are bold and aggressive while the next minute they are timid and conservative. These people are so highly strung that they make themselves nervous and every one about them. That is the one big reason they should be most careful of their choice of a mate. December people—the sign of Sagittarius is the ideal mate although the February is good, too of Aquarius. These people are too generous for their own good and do not accumulate money due to this generosity. They are usually most refined and as to salesmanship—no one could beat them especially in any line which they have confidence.

Will be seeing you next week D.V. when I will have a surprise for you, my dear Readers. Until then—have a grand week end.

I am Faithfully,

OLD HOME WEEKEND

General of the Army Douglas MacArthur returned once more to Manila—this time to honor a stable and prosperous Philippine Republic on the 15th anniversary of its independence on July fourth. This second triumphal arrival in the islands - and his first visit to the Orient since President Truman fired him as Supreme Commander of the UN Forces in the Korean War - was cheered by crowds variously estimated up to two million persons, one of the largest outpourings of humanity ever to honor any man.

With unhappy, still divided Korea at that moment in the throes of the second military take-over of the government of South Korea since the shameful truce of Panmunjom, the 81-year-old General told the Philippine Congress that US failure to finish its job was "a major disaster to the free world."

"With victory within our grasp, and without the use of the atom bomb - which we needed no more than against Japan," he declared, "we failed to see it through."

While we could then have destroyed Communist China's war machine "for generations to come" she was allowed, he said, to develop the military juggernaut that threatens the whole of Asia.

In the Philippines, it was a Glorious Fourth. Here at home it was more subdued - perhaps reflective. Throughout the long week-end, the wail of ambulances drowned out the sporadic firecracker.

Complainant

vs.

BARBARA A. HARE
Box 731
Antioch, Illinois
Respondent

In The Circuit Court For
Carroll County

ORDER OF PUBLICATION

The object of this suit is to procure a divorce a Mensa et Thoro, by the Complainant, Pierre L. Hare, from the Respondent Barbara A. Hare.

The Bill recites the marriage of the parties on February 26, 1955 at Frederick, Maryland, by a regularly ordained Minister of the Gospel. That the Complainant has been a resident of the above address and of Carroll County for more than one year immediately prior to the filing of this bill of a Mensa et Thoro. That no children have been born as a result of this marriage. That ever since the said marriage the Complainant has always conducted himself as a faithful, affectionate and dutiful husband toward the Respondent and his conduct has been above reproach. That on or about January 30, 1961, the Respondent without just cause or reason, together with her cruelty of treatment toward the Complainant, did then and there desert and abandon him and that this was the deliberate and final act of the Respondent. That the Complainant has lived separate and apart from the Respondent ever since. That a reconciliation between the parties is without hope or reasonable expectation thereof.

It is thereupon, this 17th day of June 1961, by the Circuit Court for Carroll County.

Ordered that the Complainant, Pierre L. Hare, by causing a copy of this order to be inserted in some weekly newspaper, printed and published in Carroll County, once a week for four successive weeks before the 24th day of July 1961, to give notice to the absent non-resident Respondent, Barbara A. Hare, of the object and substance of this Bill of Complaint and warning her to be and appear in this Honorable Court in person or by Solicitor on or before the 9th day of Aug. 1961, next, and file a Plea, answer or other defense within fifteen days thereafter, showing cause, if any, why a decree ought not to be passed as prayed.

G. Bucher John
Clerk of the Circuit Court
for Carroll County

I hereby certify that on this 17th day of June 1961, a copy of the above order of publication was, by way of registered mail, sent to the Respondent at the address aforesaid.

A VOICE FROM CARROLL

If you get a chance read "Inside Russia Today" by John Gunther. It answers all the questions that the average American wants to know about the Russian people. For instance, most Americans at the present time are interested in the public school system. Both their own and other countries. The total school population of the USSR as a whole is around 30 million. Four million seven-year-olds enter the schools every year. Education is, of course, free and compulsory. There are two main types of schools, the seven-year schools that carry children from the ages of seven to fourteen, corresponding to American primary schools and the ten-year schools, for children from seven to seventeen, corresponding to American primary-plus-secondary schools. There are some special experimental schools; in several of these all instruction is carried on in a foreign language. After the age of seventeen children go to the universities—if they pass the required examination, which is stiff. The Soviet child must absorb in ten years much more than the American child gets in the equivalent twelve under the American system. Also he works a good deal harder than the average American child. For instance, he goes to school for six hours six days a week, and attends classes for roughly 213 days a year as against 180 days in the United States. Homework adds other hours. This is, in fact, so grueling in Russia that a Soviet medical commission, investigating the health of children, and the like, has urged recommended that homework requirements be cut down. As of the moment children in the fifteen-seventeen age group are expected to do from ten to twelve hours of work a day, roughly half of this at home. Soviet educational techniques are in full evolution, and advances have been rapid. As at present, compulsory schooling in rural districts did not go beyond the fourth grade until 1949. Tuition had to be paid by the parents in the last three years of the ten-year schools until 1956. In other words, if a parent wanted his child to go beyond the seven-years course, he had to be able to afford it. Now this requirement has been eliminated. There has been an interesting controversy over co-education. This was abolished under Stalin in 1943 except in some rural communities. Boys and girls were split up and sent to separate schools. Then co-education was reintroduced in 1954 and now is in force everywhere. Tuition is free but the students must pay for their books which are very cheap. What is most interesting is the curriculum, with its extraordinary stress on science. Every Russian child takes two subjects for all ten years, arithmetic, evolving into mathematics, and the Russian language. Also every child must study a foreign language for five years, beginning with the fifth grade. About 70 percent choose English, the second choice is German. History starts in the fourth grade; one year is assigned to the history of ancient Russia, the next four years are devoted to history of the world and the last year is devoted to contemporary Russia and the Soviet state. Geography gets six years two for Russia, four for the rest of the world. Art is taught for six years, music for seven and sports for ten. But the main emphasis is on science and technology, for both boys and girls. In addition to ten years of arithmetic and mathematics, every child is obliged to take four years of chemistry, five of physics and six of biology. Training with tools begins in the fourth grade, carpentry in the fifth and other handicrafts in the sixth. A Soviet child graduating from the tenth grade, age about seventeen has a better scientific knowledge than most American college graduates. For instance the average Russian boy or girl, taking the normal course, gets more than five times the amount of science and mathematics that is stipulated for entrance even into such a specialized American institution as the Massachusetts Institute of Technology. This is something to jar American educational leaders right out of their ivory league towers. It is also sobering information to parents who think their Marys and Johnys are being worked too hard in school. It is sobering news for everyone, but perhaps each of us need something to give us a push in the right direction in education and other fields.

For the first time since it began in 1909, the White House Conference on Children and Youth included some abetted youth. Five hundred students from American high schools and colleges were among the 7,000 health, religious, educational and welfare leaders who met in Washington. In addition to the delegates from our own country, there were students from all over the world. Texans dressed in Stetson hats and high heeled boots and Alaskans in fur coats mingled with students from South America, Europe and Asia. As one delegate said "When you saw a girl from India dressed in a Sari, it was hard to tell whether she was a student at the University of Bombay or from the University of Maryland."

In the matter of food people are apt to be conservative and for the most irrational reasons. This was brought home to me when I recently served a new dish to a group of friends at dinner. By the way they eyed it when I proudly set it down on

the table, I didn't know whether they were going to even try it. But with all the courage of a lion tamer, we announced that it was a brand new recipe and that it had taken two days to prepare, and catching my husband's eye, we dared him with a withering look to serve it. The challenge was too much and so with masculine bravery he spooned each guest a portion and himself an extra one and very timidly at first tasted my Chili-Ghetti. Approval can be contagious. One guest declared it "superb" and from then on we felt we could relax. When all wanted a second helping then we knew they just weren't being polite. But the crowning touch came a week later when our spouse asked us when we were going to serve that "What's you call it" again. Most families eat the same foods over and over, never giving their taste buds a rest from the same flavors. Children are specially difficult to get to taste new dishes, but husbands can be down right mulish about new foods. They seem to want the same foods that mother cooked. They have no desire to go adventuring with what they eat.

Earnest Hemingway was one if not our favorite American writer. His untimely death leaves a literary void that not in a generation or two will be filled. He was one of the great writers born of the first world war and the man that referred to that generation as "lost". That was my generation too. His true appraisal of the feelings, the hopes and the frustrations of the young people after the first world war were often too real to read about in his novels. Hemingway lived a turbulent life in a turbulent world. In his book "The Old Man and the Sea" he seemed to have made peace with himself and the world. But maybe that is only our interpretation. Maybe up until he died he had found no peace.

Nothing is impossible to the woman who knows how to cry in the right way, in front of the right man. But it is an unethical trick.

This is the Psalm to the Welfare State by Rev. Theo. Peterka of Brandon, Minnesota.

The Government is my shepherd. Therefore I need not work.

It alloweth me to lay down on a good job.

It leadeth me beside still factories, And it destroys all my initiative.

It leadeth into the path of a parasite for politics sake.

Yea, though I walk through the valley of laziness and deficit—spending,

I will fear no evil, for the government is with me.

It prepareth an economic Utopia for me, by appropriating the earnings of my own grandchildren.

It fillets my head with false security; my insufficiency runs over.

Surely the Government should care for me all the days of Life here on earth!!!

And I shall dwell in a fool's paradise forever.

MARRIED

ALLEY, JR. — LAMBERTON
Miss Helen Clabaugh Lambertson, daughter of Mr. and Mrs. Harry Clabaugh Lambertson, of Washington D. C. and Carroll County, Maryland, was married Saturday evening July 8, 1961 to James Burke Alley, Jr. He is the son of Mr. and Mrs. James Burke Alley of New York City and Jerico, Long Island.

The bride's cousin, Dr. Edmund Lee of Shepherdstown, West Virginia, performed the ceremony at "Antrim", the home of the bride's family for more than a century. Here a reception followed. Mr. Lambertson gave his daughter in marriage. She wore a gown of white organdy fashioned with a Sabrina neckline elbow sleeves and a full back skirt which swept into a chapel train. Her veil of imported silk bridal illusion was gathered into a dainty cap of reemboirered Alencon lace. She carried a cascade bouquet of gardenias and stephanotis. Her maid of honor and only attendant Miss Gertrude de Gersderff of New York City and Rumson, New Jersey, wore a cocktail length dress of white organdy embroidered with pink roses and green leaves and carried a cascade bouquet of pink roses and stephanotis.

Mr. Harrison Hall Alley of New York City and Jerico, Long Island, served as best man for his brother. Mrs. Alley graduated from Sarah Lawrence College '50 and has been studying at the Woodrow Wilson Foreign Affairs School of the University of Virginia. She is the granddaughter of the late Rear Admiral and Mrs. Benjamin Paulding Lambertson and of the late Chief Justice of the District of Columbia Supreme Court and Mrs. Harry Morris Clabaugh. She is the granddaughter of Mr. and Mrs. George Rust Bedinger Michie of Charlottesville, Virginia.

Mr. Alley is a graduate of Phillips Exeter Academy and Harvard '58 where he was a member of the Porcellian Club and Hasty Pudding Institute of 1970. His grandparents are the late Colonel and Mrs. Harrison Hall of Washington, D. C. The couple will live in Charlottesville, Virginia, where the bridegroom is a student at the Law School of the University of Virginia.

Turnaround

Lesson for July 16, 1961

THE names of Christ's Twelve Apostles are given several times in the New Testament, but never twice quite the same list. There is one name, among others, which turns up on all the lists, namely Matthew. The first time we hear of this man is in an incident which is told by Luke just as it is in the gospel by Matthew, with one interesting difference; Luke says the man's name was Levi. This curious difference of name has been explained in different ways, but the simplest explanation is the traditional one: Levi was the man's name in his earlier days, but Matthew was his name after he became a member of Jesus' inner circle, the "Twelve." If this is the case (as we shall assume it is) then the change of name may suggest a total change in the man himself. Knowing Jesus made such a difference in his life that his old name no longer would do; he had to have a new name to go with the new man.

The Man Nobody Loved

Nobody loves a bureaucrat, though the civilized world has never been able to get along without them. They are the people who run the machinery and do the paper-work of government. If you sometimes think your state or national capital is in a mess, take out all the bureaucrats and then see how much worse the mess is. Back in Levi-Matthew's day, in the Roman Empire, one class of bureaucrats were universally hated: the tax-collectors. Remember Palestine was a conquered country, Rome held it down with an army of occupation. The tax-collectors were working for Rome, and so were hated even more than native Romans were, if possible. They

were not only unpatriotic, they were usually dishonest. There were no fixed tax rates; whatever the collector could take over and above a certain amount, he could keep for himself. Only the chief collectors got rich; and Levi-Matthew was not a chief collector. His office was probably just a table on the road, perhaps by the city gate. Wherever it was, anybody carrying anything, or leading a mule or camel carrying a load, had to stop and pay up before going on his way.

Man Of Decision

It has always been a puzzle: Why did this man leave his business all at once? He just stood up and walked off, leaving the table and the money-bag and the soldier right there by the road. He did not stop to balance his books, he did not write a letter of resignation, he did not take time to think. He just got up and went with Jesus, when Jesus said, "Follow me." One explanation of this is that maybe this man Levi, or Matthew, hated his job and had hated it for a long time. But he couldn't see how he could leave it. "A man must live," he may have said to himself. But one day the great moment came. He didn't have to live! When Jesus said, "He that loatheth life for my sake shall find it," Matthew didn't have to wonder what that meant. He lost his living, he found a life, when he went out with Jesus. That one decision changed the man, changed his job, changed his name, changed his life.

Man Of No Distinction

Matthew is never mentioned in the "Acts of the Apostles." He was not, like Paul and Peter, a man of distinction. But when you look it up, you find that most of the Twelve were also men of no distinction. Nothing is said in Acts about more than a few of them. We can take heart from this. Jesus deliberately chose a man like Matthew, and this can mean a great deal to most of us. There are hundreds of people of no distinction to every man of real distinction. ("Men of distinction," in the ads, are generally pictured holding in their hands what can wipe out their distinction in a hurry.) Yet this man Matthew, obscure as he was and remained, had two distinctions that every Christian, even the humblest, may have. For one thing, he remembered and treasured and passed on the teachings of Jesus.

BASEBALL

Donnie Koontz, pitcher for the Taneytown Babe Ruth Team shut out the Libertytown Team by a score of 24 - 0, while not allowing one man to reach first base on a hit. He struck out 13 men in the 7th inning contest, but also allowed 9 base on balls. With the help of the alert Taneytown defense only 3 of those 9 men were able to reach third base, where they were left stranded. Although the wildness of the Libertytown pitcher contributed greatly to the Taneytown cause, all but 2 of the starting 9 players collected at least one hit with Wayne Putman, Jim Myers, and Donnie Koontz each getting 3 apiece.

Also Pitches Two Hitter

In the following game which was played on the Union Bridge field, Koontz allowed only 2 hits which were obtained in the 6th and 7th innings respectively, while allowing only one run to score. The final score was 7 - 1. Also only 2 of the starting 9 players failed to hit safely with Wayne Staley, Bill Shank, and Jerry Tracey each getting 2 hits.

Wallop Woodsboro

Last Monday the Taneytown squad journeyed to Woodsboro and handed them a 18 - 1 whipping on the hurling of another Taneytown ace, Junior Koons. While pitching the regulation 7 innings, Junior allowed only 3 hits and struck out six batsmen. On the offense for Taneytown, the obvious standout was the jovial catcher, Bill Shank, who collected 5 hits for 5 official times at bat. Jim Myers was also well on his way to the same distinction with 2 for 2 until a minor injury forced him to leave the game.

In Playoffs

After winning these last three games, the Taneytown boys have definitely placed themselves in the playoffs, which start next Thursday night, July 20. More information will be available at a later date.

The next game will be played on the home diamond this Thursday evening (July 13) against Walkersville. The game starts at 6:00 p.m.

Crabgrass Stopped In Its Tracks

All it takes is CLOUT® and an accurate Scotts Spreader. CLOUT® destroys even the big, tough crabgrass plants. Simply fill the Spreader, set the dial to 7, and walk the lawn. Takes only 30 minutes, about as long as a round trip to the supermarket.

More and more folks are coming to us for advice on improving their lawns through an easy-to-follow Scotts Program. Come in anytime. We'll be glad to prescribe the correct Program for your lawn.

Save \$5.00! Scotts Spreader (16.95) plus Clout (6.95) together only 18.90
