Letter To The Editor

Taneytown, Maryland October 9, 1961 Editor, Carroll Record

Taneytown, Maryland Dear Sir:

There should have been a lot of red faces around town last week, when The hostesses served delicious re-freshments in keeping with the time is, if the officials read it.

The excellent letter by Miss Faye Clingan threw quite a challenge to all the leaders of clubs and organizations as well as the elected officials.

It seems hard to believe that the officials did not know the Board of Education was planning such a move as it made.

The letter from "Concerned" was interesting, but it is too bad he was not "concerned" enough to sign his name.

Incidently, since your correspon dent writing in "A voice from Carroll" column recently took Taneytown citizens to task for wanting to keep our school, it would make a very interesting paper if you could secure a writer to comment on the personal opinions expressed in her column or to present the other side of the story.

But to the problem at hand, believe the inconvenience and costs in sending pupils to a distant school far out weighs any so-called advantages for consolidation.

Yours truly, to take pa Martin L. Zimmerman adjourned.

In The Public Interest

The Mayor and City Council of Taneytown wishes to make known that it has, in company with several interested Community leaders, beer holding a series of meetings to de-termine what action can be taken to obtain a reversal of the recent Carroll County School Board decision concerning Taneytown High School. Not only the decision, but the manner in which it was arrived at, is abhorrent to all of us.

Initially, this group felt that it would not be wise to make a public pronouncement until such time as sufficient information had been gathered to warrant the calling of a pub-lic meeting. Also, it was felt that a mistake in judgment could be fatal to the cause; further reason for treating the matter on a confidential basis at this point. However, judging from recent articles in the press, the public is impatient to know what action is contemplated.

Please rest assured that a militant aggressive and comprehensive effort will be exerted to insure the contin uation of Taneytown High School. As soon as the required information has been assembled and a probable course of action charted a public meeting will be called. At this meeting, it s anticipated that you will expres your views, and that we can finalize plans for taking the proper steps to insure that we do not lose one of the more important corner stones of our Community.

Letter To The Editor:

October 10, 1961 Dear Editor:

In the controversy about moving Taneytown Junior-Senior High School students to Francis Scott Key High School the main question every cit-izen should be asking is simply this— what is best for my child and the community? After taking a GOOD look at what the school has to offernamely, a fine music department clubs, sports, yearbooks, newspapers a literary magazine, and a well round-ed education program—to name only a few, I am sure they will agree that the best answer to this question is to keep the school functioning as it

is at present. is at present. May I say as a 1957 graduate of this school, a 1961 graduate of Frostburg State College, and a prospective candidate to the Graduate School of Education, West Virginia University, that the many fine ex-periences I had while a student at THS were absolutely invaluable. Also, I wish to point out to the public that there are a great number

public that there are a great number of schools which do not offer many of the wonderful activities that THS

is presently engaged in. If the citizens of Taneytown and the surrounding area permit any dictating body to remove the school from

the area, the town will surely dry up and blow away. Why not ask the citizens and stu-dents of the Taneytown area what they want? This is how a DEMOC-RACY works.

FEDERATION of REPUBLICAN WOMEN WILL MEET OCT. 20

The regular meeting of the Feder tion of Republican Women will b held in Taney Inn, Friday, Oct. 20 at 8 p.m. Mr. W. Warfield Babylon Westminster, Civil Defense Director will be the speaker. A good attendance is urged.

A larger than usual gi terested persons were in attendance for the hearing of two cases involving an application for a used car lot and a variance to the set-back line requirement

The application of Mr. Walter Makowski for a zoning permit to open a used car lot on his property adjacent to the Patapsco State Park was protested most vigorously by land owners of that area. The group, represented by their attorney, Kenneth Short, in-troduced testimony in opposition to the application. A petition in opposition containing some 26 names of area land owners was also introduced. After due consideration, the Board unanimously agreed to deny Mr. Makowski application on the following grounds: that a definite area of his property was not requested for the used car lot, ; that there are no other businesses in the area; and that the 90 acre farm is located adjacent to the Patapsco State Park and that a used car lot would not constitute the most desirable use of the land.

Mr. Joseph Holbrook appealed to the Board for permission to build clo-ser than 50 feet from a state road right-of-way. The Board felt that to require Mr. Holbrook to maintain the required set-back line would create an undue hardship due to the depth of the existing lot and the existance of a stream running across the rear of said lot. The State Road Commission also advised that there were no existing or tentative plans for the obtaining of additional right-of-way for Route 27. The Appeal was granted.

APPLICATIONS FOR LOCATING TRAILERS RECEIVED BY ZONING BOARD

The second meeting of the Board of Appeals of Carroll County was held Friday, September 29, 1961 at 1:30 Westminster, Maryland. The Board received four applica-

tions for Zoning Certificates to locate

trailers in the county. Statements by the applicants were heard by the Board and after due consideration Zoning Certificates were approved for the following persons: Mr. Richard Rademacher for a trail-Mr. Richard Rademacher for a trail-er location on Cherry Tree Lane; Mr. Roland S. Hiner for a trailer location on Hughes Shop Road; Mr. Jerry Frock for a trailer location on the farm of John Frock; and Mr. Lawrence Baker for a temporary trailer location on the property of Charles Plaine on Stone Road.

Since there was no opposition re-gistered to these applications and the Board considered the application within the scope of intent of the Zoning Ordinance, the Zoning Ad-ministrator was instructed to issue Zoning Certificates.

Practice time is nearly over for the 30 boys from the Taneytown area who will be competing October 14 at 1:00 P. M. in the first Punt, Pass

and Kick competition. The public is invited to Memorial

Park to watch grade school boys aged 6 through 10 test their skills in punting, passing and place-kicking footballs. Entrants will receive one point for each foot the ball travels through the air, and will lose one point for each foot the ball lands on either side of a center line.

Kenneth Crouse, office manager of Crouse Motor Sales, Director of Competion, said each ball would be marked at the spot where it lands, and that distances immediately would be measured by the judges. He point-ed out that boys would be competing against others in their age groups only, thus preventing unequal com-petition.

Judges for the unique competition, designed to offer all boys the oppor-tunity to take part in football ac-tivity, will be Mr. Elwood Baumgard-ner, Mayor, Raymond Perry and Mr. Kenneth Nusbaum.

In case of ties in the competition for the first, second and third place winners in each age group, the competition will be repeated by those boys. First prizes will be football uniforms, second prizes will be warmup jackets, and third prizes will be footballs. In addition to winning the foot-

ball uniform first prizes, the most skilled boys in each group also will be in the running for an appearance at one of the home games of the Colts, when regional winners will punt, pass and kick in an elimination to determine the five National Champions. Scores from every P. P. and K. com-petition in this area will be compared, and the best competitor in each age group chosen for the elim-lination appearance at the Colt game.

Weekly Sports Revue

The Carroll Record, with this edition, brings to its readers a new coltion, brings to its readers a new col-umn which will review the major sports happenings of the week. The column will also endeavor to bring forth the incidents in the lives of many greats in the World of Sports. The world of Baseball has just locked its doors on another season. The Orioles tried hard for their first flag but they just couldn't come through. Their followers had high hopes right up until the last part of

hopes right up until the last part of August. Now, everyone will have to wait until next year when the Birds will chant, "We'll Come Through In real '62"

The year of '61, however, does boast a "First" — a record of 61 home boast a "First" — a record of 61 home runs in one season. The man to whom the credit goes is Roger Maris, right-fielder for the Yankees. Maris, along with the other half of the M-M twins, Mickey Mantle, plus the New York Yankees were odds-on favorites to win the credit the series.

Yankees Take Series

The New York Yankees decided the outcome of the 1961 World Series by winning game number 5.

The first series of games (two) played in New York was a toss-up. The Yanks won the series opener, 2-0, with Cincinnati winning the second game, 6-2. Cincinnati, being a 4-1 underdog after the first game, now had high hopes of creating an up-set. The teams then traveled to Cros-ley Field where play was resumed

ley Field, where play was resumed. It was during this three game series that the Yankees added the finishing touches. Saturday's game saw New York win on a ninth inning saw New York win on a ninth inning home run by, the "new Babe Ruth", Roger Maris. This win gave the Yanks a smell of victory, and they were off to the races. Sunday and Monday, they literally exploded. Sunday they shut-out the Reds 7-0 and Monday they went all out and trimmed them 13.5 New York new hese added 13-5 - New York now has added another pennant to its collection, as the 1961 baseball season fades into

the past.

Fans of Baltimore teams can now stop thinking of baseball and turn their attention toward the Colts and

football. The Baltimore Colts are now two and two in NFL standings. Anyone seeing the Colt game Sunday would have thought the Green Bay Packers were playing a High School team. The Colts just couldn't do anything right — tackle, block, run, or catch passes. In plain words they were just lousy. The only highlight of the game was the outstanding playing of Green Bay's Paul Hornung. Hornung just couldn't do anything wrong. He kept scoring until he had racked up 33 points, thereby breaking a club record. football record

Although Baltimore was beaten 45-7, Colt fans still are hoping their team can pull through. It would be great to have league champions back

in Baltimore. Next week, football incidents in the life of Paul Hornung will be revealed. Also other many sport incidents. Hope You Will Enjoy The Column! "BIG RED"

the fellowship reception of a buffet luncheon in the Parish House. It is known that groups of the Ben-jamin's (Reformed Church) met for worship in homes or at appointed pla-ces much earlier than 1761, the date of the organization of the congregation; thus Benjamin's is one of the earliest of Reformed Churches in this area. The first Church was built in the spring of 1761 in union with the Lutheran Church on land given by Johan-nes Krauter, (Greider, later Krider) of a portion of the tract known as

of a portion of the tract known as Braun's (Brown's) Delight situated in Pfeiff Krick (Pipe Creek), then Frederick County, now Carroll. After a windstorm had demolished the second Union Church the Reform-ed and Lutheran Congregations built separate Churches. The present Church, a brick building of Gothic Architecture is the third church home of the Congregation, dedicated on June 8, 1890, and contains the Key-stone of the Church of 1809 (inscribed in German, "Benjamin's Kirch"). Ben-jamin's is part of a Charge consis-ting of St. Matthew's, Pleasant Val-ley and Jerusalem, Bachman's Valley, with the Rev. Edmund P. Welker, Pastor. Pastor

Alterations were made at different times since 1890 and in 1937 a Parish House was built in addition. The re-dedication of the Church marks the completion of extensive repairs and improvements to the Church, both out-side and in, the interior being com-pletely renovated with Reredos, Pulpit, Lectern and paneling, all of wal-nut. The sanctuary walls have been done in mist blue, hardwood floors laid, new inner doors, front and back,

FARMERS ASK ACTION ON LITTER MENACE

Maryland Farm Bureau members are holding policy meetings all over the state's 23 counties for the purpose of submitting recommendations regarding future legislation in the farm field

One major problem currently being considered is the indiscriminate lit-tering of farmers' roadside premises by the motoring public.

"Farmers are very weary", said Farm Bureau Executive Secretary C. E. Wise, Jr., "of picking up bot-tles, cans and all sorts of rubbish carelessly tossed onto their premises by passing motorists. It constitutes a health menace, a danger to valuable livestock, unsightliness and a lot of

livestock, unsightliness and a lot of pick-up work on the part of the farm-er which he shouldn't have to do." "We are contacting the Governor's Committee to Keep Maryland Beau-tiful, urging that they call a general meeting of all interested parties to see if we can't have the proper steps taken to put an end to this disgrace-ful littering menace," Wise said. "Maryland, the Beautiful" is in grave danger of becoming "Maryland, the Bottleful", Wise concluded.

Know God Better Lesson for October 15, 1961

THERE may be many things I should like to know, but the only two things I must know are not things at all but persons: God and myself. So thought John Calvin, and most people would agree with him if they take time

to think it over. But there is a serious hitch here. God and myself are not only the most important objects of knowledge, they are the most difficult, though for different reasons. We

Dr. Foreman shall not now investigate the knowledge of ourselves. Let us think a little about how we can-if we can-know God better.

One point we have to be clear about, at the start. God cannot be known as we know cats or butterflies, by collecting samples. You cannot, at will, produce a laboratory specimen of God to be put into a test-tube.

The Holy Spirit

one comprehends the "No thoughts of God except the Spirit of God." (I Cor. 2:11.) In other words, only God knows the inmost truth about God. We cannot walk right in to God's mind as if we were a team of investigators authorized to ask questions even of the Almighty. We have to wait humbly until God sees fit to reveal himself. Yet on the other hand we need not be idle while Besides, we we are waiting. should not expect the knowledge of God to flash on us all at once like a stroke of lightning. It is not possible to know all the truth about God, now or any time, because God is infinite. What can be known of God, only God can show us. by his Spirit; and this will be gradual, not all at once. One thing is clear-namely, that whatever we do know of God, we know through the Holy Spirit. There are two points about the way the Holy Spirit teaches men about God: The Spirit speaks

only to those who want to know. and the Spirit speaks through sometimes common, sometimes wonderful once-in-a-lifetime experiences.

either-or,-that is, it is not a question of learning about God from the Holy Spirit or from the Scriptures. It is rather a question of learning through the Scriptures by the illumination of the Spirit. Many of us make a mistake at this point. We read the Bible through once, or we read the Sermon on the Mount, or some other part of Scripture, and because we have read it once we suppose nothing further can be learned. On the contrary, just as Jesus in the synagogue, and with his two friends on the road to Emmaus, "opened" the Scriptures which had been familiar yet never rightly understood, so to this day. Much of Jesus' teaching (as in the Sermon on the Mount) consisted in casting fresh light on the Scripture. So we can say that one way to learn about God is to study the Bible again and again, in the confident hope that the same Spirit who inspired it will illuminate us.

God's Will and Work

Another way in which our knowledge of God can grow is this: to share his will and to share his work. This is the way to know any human person; it is the way to know the divine Person. To know God's will is to get into his mind. But how can we do this? Best way is to get into the mind of Christ. We do know what was his outlook on life. We know enough (or we can learn enough) about what Christ wanted, what he taught and desired and commanded, to decide whether we dare (as he dared us) to share his mind, that is to say, to make his will our own. (And this also can be done only by help of his Spirit.) Combined with this approach, not to be separated from it, is learning to know God by sharing his work. There need be no impenetrable dark mystery about what God's work in this world is. God is at work making this world better; are your God is at work making better people: are you? God is wariant for peace not for war; how about you? God is working for marcy and kindness and jumiles: we you sharing or are roy hoodesing his work?
