HIGH SCHOOL HIGHLIGHTS

In observance of American Education Week, November 5 to 11, Wednesday was set aside as the annual Parent Visitation Day. Parents were given the opportunity to observe the teachers and students in classes. Following the school day a tea was held for parents and teachers. The tea was sponsored by the Future Teacher's Association.

School will be closed on Friday, November 10th, so that the teachers may attend the annual Conference of Carroll County Public Schools being held in Westminster. The theme for the conference will be "Excellence in Teaching". Speaker for the day will be Mr. Sydney Hertzberg, editor of "Current Magazine".

The Maryland State Cross Country Track Meet will be held in Hereford, Maryland on Saturday, November 11th. The following boys from T. H. S. will be participating: Robert Dinterman, Verl Angel, Samuel Bower, Ronnie Airing, Allen Shirk.

Taneytown High is searching for a high school senior girl with personality, character, personal ambition, and talent for the America's Junior Miss Pageant.

A music assembly in charge of Mrs. Jean Bowers will be held on Tuesday, November 14th. An English version of the opera "Carmen" will be presented. The following students will participate: Wayne Hively, James McCurley, Valerie Nussbaum, David Hopkins, Martha Garrett, Cherie Phillips, Faye Clingan, Stuart Dom, Therese Clabaugh, John Rinehart, Susan Riffe. The chorus is composed of students from 11A and 12A and C. Stage crew is Diana Skiles, Sally Haines, Doris Myers, James McCurley, Jerry Tracey, and Chalmers Warehime.

Again this year the Future Nurses Club of T.H.S. will sponsor the nurse's aid training program in cooperation with the Annie Warner Hospital in Gettysburg. The following senior girls will participate in the program: Patsy Shipley, Betty Wolfe, Mary Ohler, Nancy Shipley, Mary Dickinson, Shirley Barnhouse, Elaine Anders, Betty Waddell, Phyllis Clingan, Barbara Peeks, Doris Myers.

The Future Homemakers Association regional meeting will be held in Walkersville on Saturday, November 11th. The program includes election of State officers—president, vice-president, regional chairman and regional secretary.

Betty Stonesifer, president of the F.H.A. club at T.H.S., is giving a candidate's speech for and running for the office of State F.H.A. president.

The girls attending the meeting from T.H.S. will be: Betty Stonesifer, F.H.A. president; Connie Hahn, F.H.A. vice-president; Nancy Myers, F.H.A. secretary; Jeanne Willett, F.H.A. treasurer; and Connie Crowl, F.H.A. historian, accompanied by Mrs. Powderly, F.H.A. advisor.

Taneytown High School is making plans again this year for our complete club program. Some of our clubs such as Future Homemakers, Future Nurses, Future Teachers, Future Business Leaders and Key Club meet during the entire year. Other clubs which will be offered this year are radio, mathematics, photography, girls' athletic association, boys' athletic association, crafts, model, earth science, sen. high science, jr. high basketball, classical records, bridge, 11th grade year book, stamp and coin collecting. These, along with the above mentioned clubs will meet once a week until April.

Pupils will make their selection of the clubs in which they would like to participate during the coming week. There are many reasons why students should engage in activities other than classroom subjects during their high school years. One of them is the fact that employers and colleges have found that it helps to develop a balanced personality and substantially increases a student's chances for success in later life. While engaging in an activity, students develop certain skills; but, more important, they learn to concentrate their efforts toward the completion of a particular task. In addition, they learn to work with a group which is carrying on a worthwhile activity in which they have an interest. An important part of any educational program is the fostering of interests for hobbies and leisure time. In our society the importance of this is ever increasing. Our club program endeavors to meet this purpose.

MEETING OF PYTHIAN SISTERS

Pythian Sisters' Past Chief Club met at the home of Mrs. Maggie Eyer on Tues. eve. Nov. 7th.

Meeting was opened by singing "Holy, Holy, Holy". Scripture lesson: 11th chapter of St. Luke was read by Sister Dayhoff. Roll call was answered by 15 members. Mrs. Hazel Lambert gave a report on the Xmas banquet which will be held on Dec. 5th in "The Starlight Room" at Dutterer's Restaurant in Littlestown, Pa. at 6:30 p.m. Guess Box was given by Mrs. Grace Hahn and won by Mrs. Maggie Eyer. Door prize was won by Mrs. Thurston Putman.

Meeting adjourned by singing "When You and I Were Young Maggie". With all repeating the benediction in unison.

Lovely refreshments were served by the hostess. Pres. Mrs. John Harmon presided.

CITIZEN COMMITTEE PLEA FOR HIGH SCHOOL

Board of Education Asked to Reconsider Consolidation Plan

A citizens committee of about 30 persons, appointed representatives of the various organizations of the Taneytown District, and headed by the Mayor and City Council presented their case for the retention of Taneytown High School in Taneytown to the Carroll County School Board on Tuesday, November 7th at 11 a.m. The Board had announced last month that the 151 Sr. High Students at Taneytown would be transferred to the new Francis Scott Key School in September 1962, leaving the Jr. High School in Taneytown.

The citizens committee was represented by Mr. Albeck A. Resnick, Baltimore attorney and Senator A. Earl Shipley, Westminster attorney. Mr. Resnick presented the case to the Board and did a most able and comprehensive job. He noted that "Taneytown was founded in 1754 and is the oldest town in Carroll County. The Taneytown High School and many of their children are in the school at the present time. There are many reasons why the school should be kept in Taneytown. The school building is quite adequate for the school population for the next five years. In the future, Resnick went on, "we respectfully feel that Taneytown and northern end of the county will support a new high school in Taneytown or nearby." He noted that since 1959, over \$100,000.00 has been spent on capital improvements to the Taneytown High School, in order that it be maintained as a high school. In fact, as recently as a year to two years ago, a committee was appointed to look into a new school site for a new high school, for Taneytown. The Francis Scott Key School was not built with the idea of consolidating the Taneytown High School. Francis Scott Key School was built larger than this Board originally desired. Why must it be necessary to take this drastic step in order to fill rooms that are only temporarily empty?" Mr. Jenness, Carroll County Superintendent of Schools, readily admitted that when the Key School was on the drawing board in 1957, it was not contemplated that Taneytown pupils would be shifted. But he stated that the preponderance of all educational evidence indicates the consolidation of schools is desirable. He said he had not recommended a transfer of students at that time, but since the school board approved the move he supported its vote. It is unfortunate that Mr. Jenness did not have some of this evidence on hand to prove his point to the delegation.

Mrs. James T. Marsh, a board member from Uniontown, drew an analogy on our attitude toward merging with Key School thusly—She said that in its day the model "A" Ford was a good car but she doubted that any of us were driving one today. This indicates that we are against progress and not willing to keep up with the times. She contended a consolidated school would provide a better curriculum, a better physical plant, and a better teaching staff, all resulting in a better education. Again, it is unfortunate that the Board is not in possession of evidence to support these suppositions. Resnick disagreed that consolidation produces better education. He stated, "The youngsters at Taneytown are getting an excellent education. On the school and college ability test, they rated four points above the entire county and I understand, rated well with the rest of the State. Taneytown High School ranks high in respect to the number of students that enter schools of higher learning upon graduation. Forty-three graduated in the class of '61 and 18 enrolled in colleges and other schools. In the class of '60, 15 out of 40, and in the class of '59, 16 out of 36. This, I submit, speaks well of the type of education the youngsters are getting at Taneytown High School. Taneytown High School is the present holder of a scholarship trophy awarded to it for its large percentage of honor students over a certain period of time."

Mrs. Marsh indicated that we want to stand in the way of progress; quite to the contrary, we want to progress but feel that removing our High School would definitely retard progress. All industrial placement authorities, including public utilities, railroads, agree that school location is of the utmost importance in locating or relocating an industry in any given area. In support of this claim Mr. Resnick called on representatives of the banks and the manufacturing plants in Taneytown who definitely felt that the removal of Taneytown High School would adversely affect the economic growth and life of Taneytown.

Mr. Resnick treated on the matter of the very inadequate secondary road from Taneytown to Key, the great distances of travel that would be involved and the inconvenience that would result to students who might wish to participate in extra-curricular activities.

The Board was also reminded that we do not think highly of a matter so important to our community being acted upon in the absence of the Board member from Taneytown. Petitions, requesting a reversal of the Board Action to transfer Taneytown High to Key bearing over 2000 signatures, were presented to the Board.

Mr. Resnick concluded the presentation of his case by requesting the Board, on behalf of the people of Taneytown district to reconsider this entire problem and render a decision that Taneytown High School will remain where it belongs, in Taneytown. Mr. DeVries R. Herring, president of the School Board, announced later in the day that this matter would appear on the agenda for the December meeting of the board and would be discussed at that time.

Your correspondent understands that the general public is invited to the PTA meeting, Monday night, November 13th, at which time a complete report on the audience with the School Board will be made.

MAYOR & CITY COUNCIL MEET

The Mayor and City Council held their regular monthly meeting on Monday evening at 7:30 p.m. with all members present.

Officer Hahn reported 57 Over Time Parking Violations, 1 Parade, 2 Funerals and the removal of one farm wagon from the square—the result of Halloween pranks.

Mayor Perry reported on the convention that was held by the Maryland Municipal League in Cumberland, Md.

A delegation representing the Fire Department appeared before the Council to discuss further the proposed alterations to the Municipal Building Annex.

Several applicants have applied for and are interested in part time work doing odd jobs that might arise in the town. Major holes in the streets have already been repaired as a result of the willingness by these men to do part time work for the town.

Maitland Bros. of Littlestown are in the process of building several new streets and this project will very soon be completed.

The Town Clerk reported a balance of \$36,230.91 in the General Expense Account and \$3447.34 in the Parking Meter Fund.

The Relief Pump, which was ordered several months ago, has finally arrived and will be installed immediately in the man hole at the foot of George Street.

The Stop Signs, No Parking Signs and Speed Limit Signs have also arrived and will be erected as soon as possible.

After discussing the controversial school issue, the Council adjourned.

TANEY ANNEX REPORTS

On November 1, 1961 at a meeting in the High School building, the board of directors of Taney Annex Association reported to the residents of Taney Annex its findings in regard to improvements that would make the area a more desirable place to reside.

Highlights of past meetings were reported for approval. The results of negotiations with the Taneytown Town Council were discussed. It was learned that the Council has not given any concrete commitments concerning roads, sewers, or annexation after several months of deliberation. The residents of Taney Annex are anxiously awaiting word from the Town Council in regard to the plan and time table for annexation. The residents of Taney Annex voted unanimously to have the board of directors work diligently toward the completion of negotiations with the Town Council. A reluctance toward annexation was expressed unless the Town Council provides firm commitments on dates for work to be started.

The persons present expressed a desire for the board to begin work on the present streets in the development. At this time it is necessary for each resident to sign a request so that work can begin. A grader has been secured and the only costs will be for the stones necessary to repair the streets. If all the residents have not signed this request, it is hoped they will do so soon. It was agreed that the cost of the presently needed stone and small future expenses are to be paid by each resident. The costs are to be shared equally.

PARENT-TEACHER ASSOCIATION OF T.H.S. TO MEET

The regular monthly meeting of the Parent-Teacher Association of Taneytown Jr.-Sr. High School will be held on Monday, November 13th at 8:00 p.m. in the high school auditorium. Teachers will be in their rooms from 7:30 p.m. to 9:00 p.m. for conferences with parents.

A film entitled "Operation Abolition" will be shown. This film concerns the Communist inspired riots in San Francisco in 1952. It portrays an important lesson about the Communist philosophy and should be interesting and informative for everyone.

FAMILY NIGHT

Family night was celebrated by the Guild and Brotherhood of Grace United Church of Christ on Thursday night with a covered dish supper. The Mistress of Ceremonies, Mrs. Geo. Fream, called upon Rev. Wiley to return thanks. After a delicious meal all joined in group singing, under the direction of Mrs. George Motter accompanied by Mrs. Leonard Reifsnider.

The following program, arranged by Mrs. Marian Rue, was presented: Greetings by the Guild president, Mrs. Otis Shoemaker; vocal solo, Mr. Geo. Rue, accompanied by Mrs. Rue; piano solo, Mrs. Elwood Myers; vocal solo, Mrs. Fern Hitchcock, Jr., accompanied by Miss Mildred Dickie; address, Rev. Robert Delp of Washington.

Rev. Delp stressed that peace can come through man's greater interest in spiritual treasures. That where your treasure is, that is where your heart is. Where is your heart—in the world or in the church?

The group then sang, "Bless Be The Tie That Binds," after which Rev. Wiley pronounced the benediction.

KIWANIS CLUB ENTERTAINS CHILDREN

150 Taneytown Area Youngsters See Shrine Circus, Saturday

The color and excitement of the annual Shrine Circus was experienced Saturday, November 4, by 150 local children as the Taneytown Kiwanis Club escorted them to a special show held in the 5th Regiment Armory, Baltimore.

The children and chaperones left at 8:00 A. M. in three busses for the two-and-a-half-hour show, which commenced at 9:45 A. M. The traditional clowns, animal acts, and aerial acts were featured in this year's Shrine Circus.

The Kiwanis Club of Taneytown provided transportation, supervision and organized the trip. Chairman for the event was E. Elwood Baumgardner, head of the Boys and Girls Committee. President of the club is Robert Neal.

Chaperones for the trip were: Mr. and Mrs. Oliver Leakins, Mr. and Mrs. Paul Rodkey, Mr. and Mrs. Geo. Crouse, Mr. and Mrs. Edmund Nussbaum, Mr. Bernard Decker, Mr. and Mrs. Leonard Reifsnider, and Mr. and Mrs. Elwood Baumgardner.

SCOUT PAPER DRIVE IN TANEYTOWN - HARNEY SATURDAY, NOV. 11

The final 1961 collection of rags, magazines, newspapers, and iron held every odd-numbered month will be carried out, weather permitting, this Saturday, November 11, by Boy Scouts of American Legion Troop 348, Taneytown. Beginning at 8:00 a.m., it will include the community of Harney and, besides Taneytown itself, the roads to Cooperville and Crouse's Mill. The road to Bridgeport and the Mayberry road will both be excluded until the January drive, in order that Harney may be covered. It is understood that the latter has not been thoroughly canvassed since the Harney Volunteer Firemen relinquished the project about two years ago.

Bundles tied securely will be appreciated, and more expeditiously handled, although Scouts gladly fetch from basement or attic if their attention is called to this need while gathering is in progress.

Early and continuing rain will force postponement, probably to the Saturday following, although public announcement will be issued as to the exact date.

Scouts able to help with the paper collection Saturday are requested to report promptly at 8:00 a.m. In the event of early and persistent wet weather on that day, a new collection date will be announced.

CHURCH WOMEN MEET

The Keysville U.L.C.W. met Monday evening November 6, 1961 at 7:30 p.m. to discuss the topic, "How Big is My World?" The Scripture lessons from Romans 1:8-16 and Acts 26:19-23 were read by Mrs. Mary Devilbiss. Two verses of the hymn, "Thy Kingdom Come," were read by Mrs. Doris Harner and two verses were sung by the group with Miss Vallie Shorb as pianist.

Both leaders, Mrs. Mary Devilbiss and Mrs. Doris Harner discussed the topic by dividing it into three parts: Modern Parables, Self Pest and How is My Vision? Those taking part were: Mrs. Elizabeth Myers, Rachael Bostian, Agnes Roop, Ruth Wilhide, Edith Wilhide and Mrs. Blanchfield. Something to remember—Only God's word can open the windows of our souls to let His light come in. We serve effectively only when we are guided by His light.

A solo, "One Sweet Solemn Thought," was sung by Miss Susan Weikert, Fairfield, Pa.; accompanied by her brother, Mr. Richard Weikert. Mr. Weikert played a piano solo, "With Wings of Song."

Mrs. Devilbiss led us in prayer followed by the singing of the hymn, "Jesus Master Whose I Am." Hazel Cluts and Mrs. Mae Baumgardner.

The table was most attractive in keeping with Thanksgiving. Delicious turkey sandwiches, potato chips, coffee, punch, candy and nuts were served.

WORLD COMMUNITY DAY OBSERVED

The World Community Day Service of the Taneytown Area was held on Friday evening, November 3, in the Piney Creek Presbyterian Church with about sixty in attendance.

The "Worship program, on the theme, "Freedom to Know," was presented by members of the participating Churches. The speaker, Mrs. Edwin P. Elliott of Fairfield, Pa., based her message on the words, "At a Time Like This." She urged Christians to be more enthusiastic about their faith and to so live as to inspire trust rather than fear. She said the Church must accept responsibility for strengthening the spiritual resources of the young people of our country.

The offering was \$31.32. It will be used for adult education work in needy countries.

The material gifts, weighing about fifty pounds, consisted mainly of school clothing and supplies which will be used in Latin America.

The individual with an idea is very often a nuisance to his friends.

A desire to resist oppression is implanted in the nature of man.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next dawn's
dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help
to cheer
Each future day and in some way—help to
bring you happiness!

How beautiful the country appears with all the colorful Mums of purple, orchid, red, yellow, white and deep garnet. And the trees which have put on their dresses of yellow, and red and the ground as a solid gold carpet! Brought back the song of childhood in the early grades of school when we used to sing each day a different song and in the Fall it was thus... "Come Little Leaves" said the wind one day, "Come put on your dresses of yellow and play!" and etc. As one drives along and it all is so beautiful and filled with tranquility you say to yourself, "Why cannot it be just like this the world over?"

The child Masquaraders seem to start earlier each year and then continue until the last night of October inclusive. The parents were bringing them here in automobiles. How we used to enjoy it along the city streets (continued on 5th page)

BOARD OF EDUCATION

A regular meeting of the Carroll County Board of Education was held at 9 a.m. on November 7, 1961, with all members present.

The Board approved the minutes of the September 26 meeting and directed that they be made a part of the permanent record.

Members were provided with copies of the current financial statement by the auditors and approved the financial transactions of the Board of Education Office between September 26 and the date of the meeting.

The Board accepted the resignations of Mrs. Agness Lamme, teacher in the Manchester School, and Richard Thomas, teacher in the Francis Scott Key School. Approval was given for routine action in connection with modifications and changes connected with personnel, current for the period.

Mr. Robert Billingslea, member of the Welfare Committee of the COTA, appeared before the Board and presented a request in the name of the association urging the Board to adopt a modified salary schedule so as to establish for the school year 1962-63 a beginning salary of \$4500 and maximum salary of \$7000 over a fourteen step period.

The Board heard a number of pieces of correspondence directed to them with regard to matters now under consideration and connected with problems with which the Board is concerned at this time.

News releases and other administrative notices which had been sent to Board members during the past two months were approved including new transportation policies and announcements regarding bus inspections and bad weather operation. The Board was also provided with copies of policies to be followed in connection with transportation which had been approved at the last regular meeting.

Action was taken to approve allocation of funds to the schools of the county and of the plan followed for aid to physical education programs and libraries in the local schools and aid for attempting to eliminate money raising activities.

Members were given copies of enrollment reports and current attendance statistics for the months of September and October.

The Board devoted one hour to a visit from the representatives of civic and business groups in the Taneytown School area requesting reconsideration of an earlier action on the part of the Board to merge the Taneytown Sr. High grades into the Francis Scott Key School. Attorney Resnick, of Baltimore, was spokesman for the group and speakers representing various organizations presented their points of view. The delegation numbered about 30 persons including press representatives. Members of the Board spoke briefly in connection with the problem as well as the Superintendent. The Board took later action to approve and pass a motion directing that the matter be placed on the agenda for the next regular Board meeting at which time further consideration will be given to the problem.

The Board considered the budget for the calendar year 1962, which includes parts of the school years 1961-62 and 1962-63. After consideration the Board adopted the budget and directed the Superintendent and auditors to present the budget to the County Commissioners. The budget provided for requesting the increased teachers' salary appropriation to establish the scale requested by the Salary Committee of the Carroll County Teachers' Association. This action was taken by the Board because of the necessity for keeping pace with the salary schedules currently in use and approved for neighboring counties. Under the plan the beginning teacher with a Bachelor's degree in the first year of service would be entitled to a salary of \$4500 and to automatic increases over a fourteen year period to a maximum of \$7000. The budget would also provide for continuance of payments for the Master's degree and recognition of other graduate work. The Board authorized the Superintendent to prepare the budget copies for presentation as promptly as possible.

Action was taken to approve a number of miscellaneous and routine matters connected with maintenance and operation of the buildings including heating, water supply and other problems.

Adjournment was at 3 p.m.

THURSDAY, NOVEMBER 9, 1961

GRASS ROOTS OPINIONS

STAR CITY, ARK., LEDGER:
"There is more brainwashing going on in America than in any other nation this side of Russia. There are more plans being devised to deceive the public than in any time in history. We are brainwashed into believing that we can spend ourselves into prosperity, that we can maintain financial stabilization by going deeper and deeper into debt, that the national debt is of no significance—just a long line of meaningless digits... No wonder babies come into the world crying. They're held upside down, spanked and have a \$1,675 debt hanging around their neck. Our debt is larger than that of all the nations of the world put together."

DETROIT LAKES, MINN., RECORD:
"Whether you call it Communism, Socialism, or the Welfare State, the result is approximately the same—more government and less individual freedom..."

"The men in high government office are for the most part men of sincere purpose and high ideals. There are some exceptions. But the significant point is that JUST BECAUSE THEY HOLD OFFICE DOES NOT MAKE THEM SUPERMEN. They have no more knowledge, education or integrity than the same men have in local government or private business... But give them the helm of the ship of state and their errors may be disastrous to all of us, whether it is school administration, housing or welfare benefits."

BENTON, MO., DEMOCRAT:
"Some of our jug-headed officials in Washington, particularly in the Executive branch, seem to think profits are unimportant to people in business. Profits are important. An unprofitable operation cannot provide it's share of economic expansion to make more jobs. Again, many individuals and institutions have no other income than profits."

MEDINA, OHIO, LEADER-POST:
"It's hard to realize these days that this country was founded partly to avoid taxation."

SHELDON, IOWA, MAIL:
"Welfare-statism is, right now, making serious infringements on American liberties and privileges that have from the birth of our nation been regarded basic. These infringements have evolved from controls that have been accepted as the 'price' of federal assistance."

"Redevelopment has followed this familiar course, with millions of dollars now being poured directly into local communities without so much as a by-your-leave to the states... Similar usurpation of local autonomy was in certain prospect, had the Administration's school bill not been defeated..."

MALVERN, ARK., RECORD:
"The desire of bureaucrats in government to run businesses seems to continue unabated. The Department of Interior wants to build \$17 million worth of power lines between Cottonwood and Tracey, California. The Department has asked Congress for \$5 million to start. No doubt transmission lines are necessary. Proof is that lines are already there. Investor-owned companies erected them some time ago. The lines, moreover, have all the capacity that is needed. But the Interior Department wants its own duplicate lines."

NOGALES, ARIZ., HERALD:
"The states and local governments are in far better shape than the federal government. Most are operating under balanced budgets, many have surpluses, and few are bumping against their legal debt limits. This, as we are all unhappily aware, is not the case with the Federal Government. It's clear that the states and commun-

ities are in a better position to pay for what they need than is Uncle Sam."

PROVIDENCE, KY., JOURNAL-ENTERPRISE:
"Civilizations of the past have been shattered, but like the moss on the rock man is still here... Does this mean that our civilization could survive an atomic war? No, not necessarily. But it should suggest that were we to go down in defense of freedom all would not be lost. Though we may have to enter into the valley of the shadows we would betray the human race were we to be frightened into giving away our liberty."

HAGERSTOWN, MD., HERALD:
"The states of New York, Pennsylvania, Delaware and New Jersey wish to form a Delaware River Basin Compact to develop resources of that rich river valley... Unfortunately, federal approval is the barrier. The U. S. must approve such compacts, which is proper. What is not proper is the reason approval is being withheld."

"The Interior Department is seeking to compel four sovereign states to revise the compact to contain preference for public development of power resources. As power is now available over every square inch of this settled area, this means that government would finance competition to some of the most efficient investor-owned, tax paying utilities in the nation."

The key to your new car happiness is the dealer you deal with

Add it all up and you've got to agree: It pays to deal with your Ford Dealer. • First, you get Ford's low prices—usually the lowest, whether it's a Ford or a Falcon or a Ford Truck. • Second, you get a wide choice. Pick the model and the price that suits you. No compromising, no "second bests." • Third, you get a car that's designed to save more while you drive. Ford is beautifully built to be more service-free. • Fourth, you'll get a better trade-in allowance for your old car, because we are volume dealers in used cars, too. • Fifth, you get service. Prompt service. Expert service. No corner service station can equal our stock of parts, our equipment, or our trained Ford mechanics. • Sixth, you get the best credit terms possible... including low interest rates. • Seventh, and most important, you're dealing with your friends and neighbors at your Ford Dealer's. We want you as a lifetime customer, so we go to every length to serve you. Now's the time to prove it. So see your Ford Dealer today!

CURRENT EVENTS FIFTY YEARS AGO

Goldsborough, Governor, Democrats Elect attorney-general and Comptroller. Divided result in County. Goldsborough, Republican, was elected Governor of Maryland by a majority of 2864.

Lawyer-Yingling. At the parsonage of the Church of God in Uniontown, Md., Nov. 4, 1911 by Rev. L. F. Murray, Clarence E. Lawyer and Miss Myrtle M. Yingling both of Mayberry, Md. were married.

Fringer - Reifsnider.—On Nov. 8, 1911 at the Reformed parsonage, Taneytown, by Rev. D. J. Wolf, Michael N. Fringer and Miss Lucy Reifsnider, both of Taneytown were married.

John McKellip showed at our office on election day a Republican ticket of 1860 when Abraham Lincoln was candidate for President. It was also the year of a County election, candidates for the legislature, etc. The ticket is headed with the American flag, in colors, and was printed in blue ink.

On last Saturday on Frederick Street, an automobile scared a horse attached to a buggy, belonging to B. P. Jones living near Middleburg and caused a run away with the result that one of the shafts pierced the animal's body from the effects of which it died.

Mr. and Mrs. Michael Fringer were treated to a noisy serenade on Wednesday evening after their marriage.

Frizzellburg. . . . A Republican victory was in evidence here on Wednesday. The drum corps led a night procession which paraded the village enthusiastically. This was followed by the burning of a tar barrel which illuminated the town beautifully. Both parties participated and all were jubilant.

Keysville. . . . The growing wheat crop in this section is the best stand for years. The fields are covered with a green velvet-like carpet of healthy growing wheat, which makes bright prospects for the coming harvest. . . . Harry Harner is putting an addition to his house. . . . A. R. Six is building a large ice house, which will furnish ice for making cream next summer. . . . R. A. Stonesifer finished husking corn Friday, Nov. 3rd. His crop averaged him 10 bbls. to the acre. . . . C. E. Six one of the Keysville merchants has a new cash register in his store. . . . Harry Myers and wife left Friday for New York where they will stay for the winter.

A VOICE FROM CARROLL

We have a very dear friend, who due to arthritis is confined mostly to a wheelchair. On most of our visits we find her looking through the pages of the Sear's Roebuck catalogue. We tease her about this but she tells us that nothing gives her so much pleasure as turning it's pages and dreaming about what she would buy if she were young and rich again. One can make many an hour pass and many pains vanish just by looking at all the household gadgets for sale. It amazes my friend that they are so many things to make women's household duties easier, but she says: "They really are more trouble than they are worth," but she added quickly, "except the electrical appliances. They are the greatest things ever invented."

Fire, which our civilization cannot do without can be one of man's worst enemies at times. All of us dread a fire out of control for it can destroy the efforts of a lifetime in a few minutes. In California this week hundreds of beautiful homes were destroyed by brush fires. While the homes can be rebuilt, the paintings and art objects are lost forever. The 6000 acres of trees which held the water when it rained is gone too, and these will take a long time to replace. If the fire was caused by carelessness which most fires are, then it is a double tragedy. The blackened ruins and scorched earth will once

again be a reminder that man is his own worst enemy.

Vandalism in Carroll County is kept at a minimum but once and awhile we see evidence of it in the form of battered road signs and mutilated mail boxes. Would be hunters seem to be the ones guilty of shooting up the mail-boxes. Their resentment against a box on a post is hard to understand since it has no resemblance to a rabbit or a pheasant or a deer, that may have escaped their inaccurate shooting. It doesn't take too much marksmanship to hit a mail box at ten paces with the box sitting still, so it is not only bad shooting but also bad sportsmanship. But we doubt very much if vandals are concerned at all with sportsmanship or social ethics.

Battering up road signs is another problem. It has taken a bit of doing to have the signs erected in the first place and the cost of erecting them was borne by the tax-payer. So each time you see a bent sign, remember some vandal is costing you money. What to do about it? There is nothing to do except educate people into their responsibility as a citizen. Begin early to teach our children the privileges and the debts each citizen of a free society owe each other. It cannot be stressed too often or too early in life.

Danny Metz showed slides of his five weeks trip to Rome, Greece and Israel this summer at the morning service in the Beaver Dam Church of the Brethren, Sunday, Nov. 5. Danny told about his visit to the Holy places; the prison where the Eichmann trial was held; the beautiful buildings in Greece and Rome, and the lovely countryside in all the places he visited. A camera and a narrator can bring to the stay-at-homes a glimpse of adventure and travel that they otherwise would never see. Danny is the grandson of Mr. and Mrs. Truman Myers, Union Bridge and Mr. and Mrs. C. D. Metz of Johnsville.

A doctor who had been called in for consultation by the family physician, examined the patient and then said to his colleague: "I feel there is little to worry about his symptoms but I am frankly concerned about his attitude on socialized medicine."

Mrs. John Roop entertained the Women's Literary Club of Union Bridge at her home near Linwood, Saturday, Nov. 4.

Maryland is one of the seven states whose second highest source of income comes from tourists. This is not surprising as Maryland is on the edge of two big attractions.... Gettysburg battlefields and Washington, D. C. not to mention Charley Weaver and the Chesapeake oyster.

This fall when school opened a certain tenth grade was given an aptitude test to see what the students were best suited for. It was found that they were best suited for the ninth grade.

It finally feels like fall and we like it better than that belated summer weather that has been over-staying its time for a month. The mild weather has been kind on the fuel bills, but it has over done it. We like the crisp, cold mornings with a hint of frost in the air. We hate to see the colorful petunias go but they have bloomed themselves right into November and that is asking enough of any flower. The summer - like thunder shower Sunday evening soaked our community with two inches of much needed rain and brought the leaves tumbling from the maple trees, to cover the lawn with an orange blanket.

When a man calmly makes up his mind that there is nothing he cannot endure, then all fears leave and he stands a free man.

HOOPER'S DELIGHT

Mrs. Harry O. Farver, Mrs. Mary Crabbs and Mr. and Mrs. Willard Barber and son, called on Mrs. Joseph Snyder and sons, Ross and Charlie on Tuesday evening.

Mrs. Harry J. Farver and Mrs. Willard Barber and son Ricky, spent Friday afternoon in Baltimore.

We are certainly having a wonderful rain as I'm writing this column, (Mon. night). Today a very large flock of wild geese was observed flying south—about 45 in the flock. I guess this warm weather won't last much longer.

Mrs. Mary Alma Bostian, of the National Lutheran Home in Washington, D. C., a life long resident of Middleburg, died on Sunday, October 29 and was buried in Haugh's Lutheran Church Cemetery, Ladiesburg, Nov. 1. She was a sister to Mrs. Joseph Snyder.

Mr. and Mrs. Harry J. Farver and daughters called on Mr. and Mrs. Henry Bosc on Sunday afternoon.

Miss Faye Jean Farver and Miss Patty Bosc were supper guests on Friday evening of Miss Cindy Colbert, of near Woodsboro.

They say everything has changed in the world. Men used to fox hunt on horseback now they hunt from cars and trucks—guess in a few yrs. they'll use helicopters.

Mr. and Mrs. Willard Barber and son, Ricky, and Mrs. H. O. Farver and Jackie Lee Farver enjoyed a wonderful trip to the mountains on Sun.

Jackie Lee Farver of Westminster, spent the week-end with the Farver and Barber family.

FAIRVIEW

Your correspondent has the following articles written by the Frizellburg correspondent, fifty eight years ago, September 26, 1903. The last of a series of festivals was held in the last Saturday night, the proceeds for the season were very encouraging by the continual patronage. The people of this community manifested an eagerness to reduce the existing debt. An oyster supper

will be held during Thanksgiving week to raise the small sum yet unpaid. Let us persevere and endeavor to throw off the burden by exhibiting a charitable spirit at our Fall supper; only \$50.00 remains to be paid.

Harry, son of James Myers, arrived home last Friday from Blyton, Ill., where he has been located for fourteen years his coming was hailed by gladness and his many friends were glad to see him looking so well. He will return the first week of next month.

L. O. Hadley is erecting a wash house and work shop combined.

Ethel Wagner of Westminster, visited her uncle Charles Myers a few days this week.

A delightful lawn party was given at the home of Mr. and Mrs. Clayton Hawn, in honor of their daughter Bertha. Preparations for the event were very elaborate. The yard was nicely lighted and the multitude of youngsters spent a happy time to get. Games, plays and other diversions were indulged in until 11 o'clock, when a grand luncheon was served. Those present were: Mr. and Mrs. Charles Ziles, Mr. and Mrs. Harry Fowler, Prof. John Wolf, Dora Zile, Guy Putnam, Mary Lightner, Charles Young, Florence Formwalt, Walter Fritz, Noah Babylon, Florence Zile, Milton Lawver, Effie Pipinger, Harry Bollinger, Bertha Hawn, Bertha Fritz, Mary Babylon, Bertha Lowe, Harry Wilson, Della Snider, Charles Null, Augusta Danner, Maggie Eckard, Calvin Eckard, Howard Dorn, Elsie Snader, Jonas Lawyer, Maud Myers, Luther Null, Irene Massenheimer, Harry Formwalt, Uriah Heltebride, Nettie Wantz, Pierce Zile, Etta Handley, Carrie Bollinger, Harvey Dickens, Russell Zile, Walter Snader, Herschel Brothers, Wm. Koons, Jacob Bemiller, Warden Warren, Emma Bemiller, Herbert Myers, Mary Bemiller, Margie Formwalt, Jonas Staub, and Fenton Lilly.

On last Thursday the storm assumed a cyclonic nature on the farm of Alfred Young. The area of its path was very small but took down trees, fences, corn, etc. His neighbors were not visited.

Mr. and Mrs. Donald Carl and family celebrated their sixth wedding anniversary on Sunday by serving a turkey dinner in their home at Mayberry. Those enjoying the festive celebration were: Mr. and Mrs. Levi Frock, Mr. and Mrs. Grant Baker, Mr. and Mrs. Claude Selby, Mr. and Mrs. Richard Adkins and family.

Mr. and Mrs. Charles Carbaugh and son Chuckie, of Washington, D. C., spent from Tuesday evening till Wednesday with the former's parents, Mr. and Mrs. Levine Carbaugh.

Mrs. Charles Myers called on Mrs. Levi Frock on Tuesday afternoon.

We surely had a wonderful rain on Sunday evening, which was needed so badly. At times it made driving almost impossible. The lightning was so vivid and the thunder so heavy for this time of year.

Mr. and Mrs. Levine Carbaugh spent Sunday afternoon with the former's mother, Mrs. Mary Carbaugh of Cockeysville, Maryland.

Sunday evening visitors in the home of Mr. and Mrs. Levine Carbaugh were: Mr. and Mrs. John Carbaugh and son Jeffery, Mr. and Mrs. Luther Carbaugh, Mr. and Mrs. Norman Black and children, Mary Frances, Audrey, Sandra and Kenneth; Mr. and Mrs. Russell Hoover, Mr. and Mrs. Preston Fritz and children, John, Jene and Judy.

In writing last weeks letter I stated my husband and I, also my father and mother had taken a drive on Sunday but I failed to mention we visited Harper's Ferry where my grandfather, James Baker was wounded during the Civil War; also various other places where the War was fought, which was of much interest to my father.

Mr. and Mrs. Levi Frock called on Mr. and Mrs. Charles Smith and son Herman, on Thursday evening.

I am so glad to learn over the week-end that our Pastor the Rev. J. H. Hoch, is improving. Also Mr. Sam King who had undergone surgery is home and getting along nicely. Also we are glad to know Mrs. Robert Willet of Tyrone, who was operated on at the Carroll County Hospital last week is getting along fine and expects to return home this week.

FRIZELLBURG

Approximately fifty boys and girls paraded the town Monday evening in Halloween attire. They went as far as Warner's Dairy, then back to Mr. and Mrs. Jack Hesson's for refreshments: on Tuesday evening they were out for trick or treats. One little boy said (I will take a few more pieces of candy home for daddy) I thought that was real cute.

Mr. and Mrs. Edgar Streiv and son Barry, Frederick, Mrs. Bessie Freet and Mrs. Walter Myers were Sunday dinner guests of Mr. and Mrs. William Williams and daughter Debbie, Towson, Md.

If you need to move a mountain of trouble from your way, Don't be discouraged by its size, Just work at it each day—

A little here, a little there— And soon, to your surprise, That dark, forbidding barrier Will melt before your eyes.

Hope's sunshine, pouring into fill Your valley of despair, Is the sure answer to sustained Endeavor, faith and prayer!

LEGION ANNOUNCES MAGAZINE CAMPAIGN

Hesson-Snyder Post #120, The American Legion, has announced that it has authorized the National Legion Service, an affiliate of Cowles Publications, New York, N.Y. to conduct a magazine campaign in this Taneytown area in its behalf.

This is the same organization that conducted a similar campaign for the Post a couple of years ago. A sizeable profit was realized by the Post, almost all of which was used to purchase a hospital bed for community use. This bed has been in use since shortly after its purchase.

This year the profit will be donated to the Western Maryland District Boys Camp. This is a camp operated by the Western Maryland District of the American Legion for underprivileged boys. Boys from Taneytown have been attending for the past two or three years and have returned with glowing reports of their activities while at camp. Heretofore, the camp has been held on facilities owned by other organizations. Quite obviously, this is restrictive, therefore, the District has purchased its own tract of land which will be properly equipped as soon as sufficient funds are available. The camp site is located about 1 1/2 miles above Myersville, Md. and consists of 40 acres. It is well wooded and has a fine stream running through it. Everybody loves a Boy so please receive the authorized representatives of the National Organization Service graciously and subscribe to as many magazines as you possibly can.

The following named persons are the authorized representatives who will be calling on you in the near future: Mr. Arthur O. Fulcher; Mr. James Hunnicutt; Mrs. James Hunnicutt; and Mr. James Lawson.

Minds are like parachutes, they only function when open.

The brain is no stronger than its weakest think.

COMMUNITY LOCALS

(continued from first page)

Sp/5 and Mrs. Wayne M. Bowers of Hanover, Md. are receiving congratulations on the birth of a 9 lb., 8 oz. daughter Donaldae Rae, born Oct. 30, 1961. A Requiem High Mass will be offered in Saint Joseph's Catholic Church, Thursday, November 16, at 11:30 a.m., marking the anniversary of the late Helen Elizabeth Shum. The Rev. Dr. David W. Shum, son of the deceased, Mount Saint Mary's College, will be the celebrant. Members of the Seminary Scola Cantorum will comprise the choir. Relatives and friends are cordially invited to attend.

On Saturday, Mr. and Mrs. Carroll C. Hess had as guests at the Uniontown Parent Teacher turkey and ham supper. Mr. and Mrs. Erman R. Kauffman, Silver Spring; Mrs. Evelyn K. Wall, Takoma Park; Mrs. Terry Southern and son Nile, Canaan, Conn.; and Mrs. Hugh Damesyn, Baltimore, Mrs. Southern and Mrs. Damesyn are daughters of Mr. Kauffman and nieces of Mrs. Hess. After the supper all spent the evening at the Hess home, East Baltimore Street.

MARRIED

WEANT — ZIMMERMAN

The Mount Zion Evangelical Lutheran Church, Feagville was the setting Saturday, Nov. 4th at 2:00 p.m. for the marriage of Miss Grace Virginia Zimmerman, daughter of Mr. and Mrs. Joseph H. Zimmerman, Sr., Feagville, to Carl Edward Weant, son of Mr. Lake G. Weant of Taneytown and the late Mrs. Grace Weant.

The double ring ceremony was performed in the setting of white snapdragons by Reverend Eugene W. Young, pastor of the bride and assisted by Reverend Robert MacAskill of the Gettysburg Presbyterian Church, pastor of the Groom and Reverend Eugene W. Stambaugh of Mifflintown, Pennsylvania, cousin of the groom. Mark Allen Etzler, nephew of the bride, served as the acolyte.

"SPICE 'N' EVERYTHING NICE"

(Continued from first page)

in Philly! It was so much more fun than a party in a home! Eh?

"Harvest Moon" these nights light up the fields far and near — God's Lantern all the way! Remember the song, "Harvest Moon?" And from Florida and that from many of the different cities, "The Weather is simply delightful right now and the crowds pouring in from the North", "We feel so much better since our move here as to our health", "The flowers are so beautiful this time of the year that it all is a picture". Yet with all of that, folks, Your Observer still prefers the North. A big advertisement sent to me from Florida as to the "Peter Pan Inn" in Clearwater just like the one we have in Urbana, Md. Down in Florida it is a restored Paradise and the floral arrangements are simply beautiful. At this time, in Florida — the big difference in comparison to the one in Maryland is the "Kapok Tree" and the story on that one is that the seeds were brought to this country from far off India by Missionaries. It bears flame-colored blossoms as winter advances. In full bloom, this lovely tree... almost a ball-of-fire can be seen for miles around. The blossoms fall to form a carpet of rosy wonder at the tree's 60 foot base! So if you are Florida bound, don't fail to see this lovely sight — "THE KAPOK TREE INN", Clearwater.

Did you read where that cute Ann Simms was late for her wedding — just 45 minutes? She was the girl on the Arthur Godfrey Show and became a widow after her second child was born. The excuse she stated was that she was dressing her children whom she desired to witness the marriage ceremony!

Don't forget, Mrs. Housewife to purchase that delicious cake Paradise Ward Baking Company — all butter Fruit Cake for the holidays. Truly it is the Aristocrat of all Fruit Cakes (frankly the only one that this Columnist will eat) Why? Because it is light and golden and is filled with juicy apricots, (just not jammed with raisins) sun - sweetened pine-apple chunks — all the way through and no other shortening is used only BUTTER! There are two sizes and the box is a glamorous affair. One in beautiful blue and white Wedgewood design container. The handsome, embossed old English China design is festive during the holiday and makes an ideal cookie cake or cookie box later. The other box or container is a handsome, antiquated, simulated English Brass Planter all metal... corrosion, resistant, leakproofed, perfect for indoor planting in home and office. The sturdy handsome lid makes ideal serving tray, too. Both containers available in 2 1/2 and 5 pound sizes. You will never bake a fruit cake again after tasting "THE WARD BAKING COMPANY" Paradise Fruit cake and they make grand gifts for Christmas. Ummmmmm good!

If you really desire to "do it yourself", Ladies you can make a delightful "Breakfast Bar" which will give your kitchen a big lifter — upper! Purchase a thick board of one inch or thicker and three heavy brackets to place on the wall and to the board underneath (the longer the board the heavier and more brackets you will need) the one I purchased is 6 feet by 18 inches. I had one corner rounded, gave it three coats of white enamel and purchased Chromium edging and there you are. I placed three pink "place mats" to match the kitchen. You can carry out the color scheme of your room. When my friends saw it they said, "Well, that solves my idea!" With a Radio in one corner (and my radio has been painted in five different shades as it is 15 years old and now pink) and your electrical appliances, you will agree that it is most convenient — plus a fancy cookie jar! Two small African Violet plants breathe, "LIFE" placed opposite each other.

Hope you did not miss on T.V. the other night "THE YEARS AFTER" — a detailed examination of the most difficult problems faced by the Widowed Members of the community or any community! Getting many letters from Widows it naturally interested me. One letter from a recently widowed lady asking me how I adjusted myself at so critical a time as she continued to state that she just cannot and that is all there is about it!

So this — the following I do hope will help all Widows. You can look back on the beautiful times together and of the great and deep love and the wonderful companionship not permitting once to feel sorry for yourself. I started in just where we left off by visiting the sick, doing Gray Lady work at the Aberdeen Proving Grounds for the Nephews of Uncle Sam, keeping up the usual correspondence, securing material for this Column and that for many years, practicing on the organ daily, doing all my housework, plus the laundry and outside work and that means all type on the outside, attending the Movies, loving and being interested in people and much else! You can always, too think back just like that song, "It Was nice and is Nice to Have A Man Around The House!" And the best part was my Church and is my Church or any Church of any Denomination yet with it all like that poem, "All to myself, I think of you, Think of the things we used to do, Think of each golden yesterday! Sometimes, I smile and sometimes I sigh."

But all the while — all to myself, I think of you!"

So long, folks until next week D.V. Be kind and love one another for LOVE is the greatest thing and all for free!

I am Faithfully,
YOUR OBSERVER

CARD OF THANKS

I would like to take this opportunity to thank my friends, relatives, neighbors and the Ladies Bible Class of Tom's Creek Sunday School for their cards, flowers, visits and prayers while I was a patient at the Annie M. Warner hospital and since my return home.

POST OFFICE ANNOUNCES SUGGESTIONS FOR PREPARATION OF CHRISTMAS MAILS

The following suggestions are offered by your postmaster to help you in preparing your Christmas mailings in an effort to assure delivery of every piece of Xmas mail prior to Dec. 24, this year.

Greeting Cards & letters: Unsealed Christmas cards without writing, other than your name, may be mailed for 3c, but they cannot be forwarded or returned to you if undeliverable. Those bearing the letter rate of postage of 4c can be forwarded and also returned if undeliverable, provided they bear your return address. All sealed cards and those containing writing must bear the 4c rate of postage. A good rule to remember: "If you aren't sure of a person's address, put 4c on and include your return address;" then if it is undeliverable it will be returned. Double-check all addresses before depositing in the mails. Each year thousands of Xmas cards bearing the 3c rate are not deliverable due to being improperly addressed, whereas with a 4c stamp together with your return address, they could be forwarded and/or returned to the sender. It is very important to include the postal zone on all addresses if known. This will materially expedite delivery. Cards containing money or other valuables should be registered for added protection. Also, use the "local" and "out of town" labels on your pack of cards. These are available at the post office and with your rural carrier.

Cards for distant states should be deposited in the mail in advance of Dec. 10 in order to assure delivery before Sunday, Dec. 24. There will be no delivery of mails on Sunday, Dec. 24 and Monday, Dec. 25 except special delivery matter.

Parcels: For parcels make sure you use a good sturdy container and wrap your packages in good heavy paper, tied with cord or strong twine. Write or print the address on one side only and be sure to place your return address in the upper left hand corner.

Ordinary surface parcels addressed to members of the Armed Forces overseas should be mailed no later than Nov. 20; air parcels no later than Dec. 10.

Rural patrons are asked to keep the approach to their mail box clear of snow and other obstructions. If the road by your box cannot be cleared you are privileged to relocate the box temporarily in order that your mail can be delivered. Also make sure that stamps are on all cards prior to placing in the rural box for carrier collection.

These are just a few suggestions which if followed, will help tremendously in speeding the processing of the Christmas mails to assure delivery prior to Christmas Day. — Lets adhere to the Post Office Department's Slogan, "MAIL YOUR CARDS AND PARCELS EARLY."

UNITED LUTHERAN CHURCH WOMEN

The United Lutheran Church Women of Trinity Lutheran Church met on Wednesday evening at 7:30 p.m. The meeting opened with a piano prelude by Mrs. Alfred Zollicoffer, followed by the singing of "Christ for the World we Sing". The leader for the evening was Mrs. Delmar Riffe. Scripture was read by Mrs. Charles Lookingbill and prayer offered by Miss Elenora Kiser. The Topic "How Big is My World" was introduced by Miss Lois Brown and Mrs. Wayne Baumgardner. The first part of the topic Modern Parables were presented by Mrs. Bruce Shirk, Mrs. Walter Hahn, Mrs. Martin Zimmerman, Mrs. George Lookingbill and Mrs. Louisa Martell. Part two of the topic was a self test to discover our mental horizons and evaluate our interests and activities. A duet was sung by Mrs. Kenneth Shorb and Mrs. Albert Wilhide accompanied by Miss Edith Hess. The third part of the topic "How is our Vision?" was presented by Mrs. Delmar Riffe. The meeting closed with the singing of "This is my Fathers World and the Missionary Benediction."

Mrs. Hubert Null gave a report on the Triennial Convention of the U.L.C.W. at Frederick.

TWENTY-FIVE YEARS WITH C. & P.

November 9th marks "Mike" Card's twenty-fifth year with the Chesapeake & Potomac Telephone Company of Maryland. L. C. Card began his Telephone Company career as a splicer's helper in Baltimore on November 9, 1936.

In 1937, Mike became a lineman installer, then a Central Office foreman, and was appointed Manager at Catonsville in 1942. He was transferred to Hagerstown and subsequently came to Westminster in 1945. He managed the Westminster Business Office until October 16, 1960, at which time he was appointed to his present position of District Commercial Supervisor, responsible for the training of Business Office Service Representatives throughout a five county area.

Mike was born in Catonsville, graduated from Forest Park High School and completed two years of study at Carnegie Institute of Technology Pittsburgh, Pennsylvania.

He is a past President of the Westminster Rotary Club and a member of the Riding Club. In his leisure time, he enjoys swimming and duck hunting.

He and his wife, Dottie, reside at 121 Anchor Street, Westminster. They have two sons, Mike, who is attending Dickinson College, Carlisle, Pennsylvania, and Dick, who is a Junior at Westminster High School.

A luncheon honoring Mike on his 25th anniversary with the Telephone Company was held earlier this week in Baltimore. His District Commercial Manager, Mr. Ray A. Robertson, presented him with a jeweled service emblem. Other guests attending from Westminster were his wife, Dottie, Mrs. Mary E. Caple, Administrative Assistant, and Frank M. Dertzbach, District Plant Supervisor.

Stop Paul Hornung! The Baltimore Colts had this battle cry as they prepared for Sunday's game with the Green Bay Packers. They also had a little reminder tacked above each of their lockers in their dressing room. This reminder consisted of two numbers—45 and 7; the score by which the Packers defeated Baltimore almost a month ago. Now, the game has been played, Paul Hornung has been stopped and the Colts have proved the Packers are not a bunch of Supermen. Likewise, they proved that they could very easily become the team they once were. Some say it was "Pride" that gave them their impressive 45-21 victory. Others think the Colts have now acquired the basic fundamentals of blocking and tackling. But whatever it was, the Colts had it. At the final gun they found themselves with six touchdowns and a field goal. Joe Perry and Jimmy Orr scored twice each and Lenny Moore and Alex Hawkins once. Steve Myhra kicked the field goal and six extra points. The day also proved very successful to John Unitas who hurled four touchdown passes and conducted himself as the All-Pro quarterback he has been since 1957.

But what does the future hold for the Colts? Maybe with the right distribution of wins and losses, they could win the Division Championship; at least there is now a slim chance. For the first time this small ray of hope gives the Colt fans something to cling to.

Snead and Bolt Reinstated

Sam Snead and Tommy Bolt, two veteran golf pros who were suspended in September for ducking the Portland (Ore.) Open Tournament were reinstated Tuesday. The P.G.A. appeals committee reduced their suspensions from six months to 45 days and their fines from \$500 to \$100 each. Both Snead and Bolt told the committee they had not intended to violate any of the P.G.A. rules.

Schedule Hurts Celtics

The National Basketball Association is now in its fourth week of scheduled play. The Boston Celtics, having played four games, have yet to lose. But Red Auerbach, coach of the Boston team, has found something to gripe about. He feels his team can't stay sharp by just playing intra-squad games. If this is the case, it wasn't apparent to the fans who saw Boston whip Syracuse 127-107.

An x-ray technician recently won a national award for contributing to better medical x-ray examinations—with a shoe string.

Edward Gunn works for a radiologist, or doctor who specializes in the use of x-rays. The radiologist often needs x-ray films of a patient's gut—or esophagus. In order to make these films, the patient swallows a harmless dye and, in fractions of a second after the swallow, the film is made. The trick is to take the film at precisely the right time.

This is where Gunn got the bright idea about the shoe string. He tied a shoe string around a patient's neck just below the Adam's apple, and when the patient swallowed, the string bobbed up and down. That was the signal to make the film.

Time Out For Fun

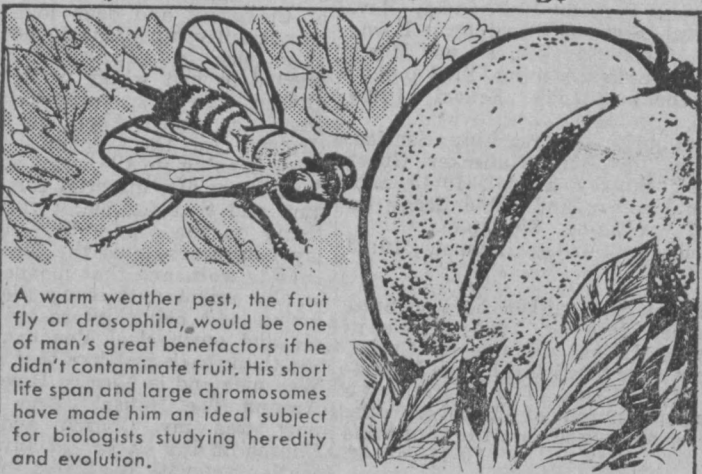

When Ancient Egyptians gathered at their great temples for the first fairs, feats of manual dexterity—juggling and "cup and ball" tricks—were performed by priests, practiced by fascinated children!

In the 1890's, traveling entertainers set up shows in tents and barns... games using automatic gadgets and requiring manual skill attracted most customers. The "greyhound races"—still popular today—involved several people manipulating hand levers which sent tin dogs toward the finish line.

Now junior cwo racing buffs can practice their manual skills while enjoying the thrills and learning the good sportsmanship of racing with Transogram's nationally available "Race-A-Car" Game. Mom and Dad can also share the fun of this speedway skill game and thrill to the "flash-a-magic" finish when light flashes and the buzzer sounds to announce the winner!

The Insect World by WALDMAN

A warm weather pest, the fruit fly or drosophila, would be one of man's great benefactors if he didn't contaminate fruit. His short life span and large chromosomes have made him an ideal subject for biologists studying heredity and evolution.

But the drosophila's habit of laying eggs in freshly picked fruit has resulted in serious losses to the tomato and fruit industries.

Chief weapon against fruit flies are special dusts containing pyrethrins and piperonyl butoxide (Pyrethron) developed by Fairfield Chemicals, F.M.C. Corp. As used on crops these dusts are harmless to humans but deadly to the food-spreading drosophila!

INDIAN SUMMER IDEAL TIME
FOR OUTDOOR DINING

INDIAN SUMMER DINING — imported wrought iron furniture and a new melamine dinnerware pattern that traces its inspiration directly to sunny Italy, set the scene for Indian Summer terrace dining. The brilliant splash of ripe fruit colors in the center of the chalk white plates is repeated in the centerpiece and provides a strong color accent in an otherwise cool black and white setting. The blue of the grapes is echoed again in the tall stemmed Italian glasses which are ready to be filled with a light red wine to go with a meal with a Neapolitan accent.

Everyone knows that food tastes better when eaten outdoors, and from now until the first real nip of fall, is the peak of the outdoor dining season.

The hearty Italian-type casserole given here, however, will prove immensely satisfying no matter where you serve it. And so will the fresh new melamine dinnerware, as perfect for terrace meals, but equally appealing indoors on the coldest winter day.

In addition to the usual place settings for eight, this new pattern includes a decorated salad bowl of really generous proportions, together with single handled decorated bowls that are as appropriate for hot soup as they are for chilled salad.

As for the recipe you are about to add to your collection of top favorites, a word of warning should perhaps be spoken. Once you serve it, you are apt to go on serving it over and over again. One bride, who started out with this recipe five years ago, is still serving it for every important occasion and at least once every two weeks in between. Another hostess once had the recipe mimeographed to hand out to guests who invariably asked for it.

"Casserole Napoli" is not Italian in the strict traditional sense, but is a perfect companion for charming Italian style melamine dinnerware, shown here in a setting at the National Design center in New York.

So, starting with the well designed, long-lasting melamine, let us proceed to one of the most universally popular dishes you can serve on it. Easy to prepare, you'll never forget it, once you have made it.

CASSEROLE NAPOLI

1 pkg. wide noodles, cooked as directed in salted water
1 lg. onion, sliced and sauted in 2 tbs. oil
1 lb. ground beef, added and cooked with onion
Add: 1 can tomato soup
1 can tomato paste
1 small can sliced mushrooms, drained
1/2 lb. processed American cheese, diced

Simmer until cheese is well blended, add drained noodles, mix thoroughly and place in a 2 quart casserole. Bake uncovered in moderate oven until light brown on top. Serves 6.

Green peas are the vegetable of choice to go with this, but all that is really needed is a well-seasoned tossed salad and plenty of fresh, crusty Italian bread. You can top it off with spumoni or a spicy nut cake heaped with whipped cream.

What We Have

Lesson for November 12, 1961

WITH two exceptions, all the columns from now till Christmas in these Bible studies will be concerned with one question and its several answers: By what means does a Christian grow? Up to now we have been thinking in what parts or activities or attitudes of his life a Christian grows; now we try to see what makes that growth possible, how it is done.

Dr. Foreman

We must remember always that it is God who is the Giver of every good and perfect gift, that it is God who works in us "both to will and to do" what is pleasing in his sight. But we must remember also that "Grow" is used in the imperative, as a command, in the New Testament. These next few weeks before the New Year will give us a chance to think how we can obey that command. If you want to keep it, use it!

Some people, reading Jesus' parable of the Talents, are bothered by it. Why was the man's poor little one talent taken away from him, and why, oh why was it given to the man with ten talents already?—Maybe Jesus' parables are not all to be taken literally, but they all mean something. The meaning of this parable is two-fold, positive and negative. Positively: If you want to keep it, use it! Negatively: What you do not use, you may not keep. It is pretty plain that Jesus cannot be taken literally and make sense. It is not true that if you want to keep a skyrocket, set it off. It is not true that if you want to keep a dollar you must spend it. But it is certainly true in the mental and spiritual realm. Do you have a good head for mathematics. If you want to keep it that way, don't give up your math, keep with it right on through school.

Do you have a gift for friendship? It will grow in proportion as you make friends. Do you have faith in God? If you want to keep it, use it.

Hindrances

The Christian word for using what you have, in God's service and for the help of your fellowman, is Stewardship. That word has come to have, in many people's minds, the sound of money. A good steward, we are told, is one who tithes his income, is generous with the less fortunate, and so on. But while that is good, it is not the only kind of stewardship. Time, gifts and aptitudes, skills of any good kind, are equally the concern of the good steward of the gifts of God. And of all such things, it is true that what you do not use you may not keep.

Take the Pharisees, for example. They had everything, learning, leisure, the Word of God in the Scriptures of which they thought so highly. They had enough to be what they thought they were, but were not: the spiritual leaders of Israel. They became enemies of the Son of God. His most outright attacks on any class of persons were aimed at the Pharisees. Why, with all their opportunities, did they sink so low? The reader of Matthew 23 will find more answers than one. Hypocrisy, self-righteousness, pride, possessiveness and sanctimoniousness are all there.

Day-by-Day Choices

One—unless we wish to follow the Pharisees' tragic road—if we want to grow as Christians, then we shall have to use, as Christians responsible to our Father in heaven, whatever gifts and opportunities He sends us, in a Christian spirit and for Christian ends. This cannot be done by one great effort of decision. It is rarely in a lifetime that we make tremendous, dramatic, crucial choices. Most of the time we just go from day to day making small decisions all the time. The importance of these day-by-day decisions and choices is greater than some of us think. A minister begins his course as a minister by a great decision to spend his life in God's service through the church. But it has happened sometimes that the man's day-by-day choices were self-centered and self-indulgent, until like the Pharisees the last state of the man was worse than the first. For high and for low, the rule is stern: What you do not use, you may not keep.

Dividend Printing

There is one kind of printing that you want—printing that pays a dividend on the investment.
A letterhead with right sort of type properly balanced is a real business asset. It wins the approval of the person receiving your letter, and while he is in this frame of mind your letter is read.
The same reasoning applies to any other job of printing. Neatness, the right weight and kind of paper, the color of the ink, all play an important part in the production of dividend printing.

We are equipped to give you that kind of printing. Let us prove it to you.

Play the Poor Potato He Has His Troubles, Too

Potatoes—like people—have their problems, too, according to the University of Wisconsin. Potatoes get sick, have difficulty keeping in shape, and suffer from diet problems. But the University's five-year study has turned up some cures to these afflictions.

Take the matter of keeping a desirable shape. If potatoes aren't cored in pretty tightly by other potatoes, they tend to get knobby and off-shape.

While this might not sound very important, it is to potato growers. They can't get as much money for misshapen spuds. Housewives like symmetrical ones; they're easier to peel.

Farmers can now keep their potatoes shaped up, according to Dr. Kermit C. Berger of the department of soils, University of Wisconsin. All they have to do is plant the rows 36 inches apart, and the plants 13 inches apart in the rows.

Potatoes have diet troubles, too, Dr. Berger says. Potatoes do best if they avoid plant foods containing chlorine, just as some people are healthier on a salt-free diet.

With potatoes, it seems that excessive chlorine in muriate of potash fertilizer makes them soft and puffy. Potatoes firmed up when a diet of double sulfate of potash-magnesia was substituted for the muriate of potash.

Excessive chlorine in muriate, when banded in the row with phosphate, slows down the potato plants' ability to get phosphorus from the soil—phosphorus it desperately needs early in the season, Dr. Berger reports.

The lack of phosphorus makes potatoes mature later and causes them to have a waxy rather than really texture, Dr. Berger noted. Again the substitution of sulfate of potash-

magnesia for muriate was the solution.

As a result of the Wisconsin study, supported in part by a grant from International Minerals & Chemical Corporation, Dr. Berger has worked out a well-balanced menu for potatoes. It's a 3-course meal that includes 500 to 700 pounds an acre of 10-35-5S applied in the row, 700 to 1500 pounds

of sulfate of potash-magnesia, and 50 to 150 pounds of nitrogen side-dressed or in irrigation water.

This diet raised yields from a little over 400 bushels an acre to 845 bushels an acre.

Sickness is no respecter of potatoes. One ailment, which New York farmers simply called potato sickness, was characterized by a paleness of the young plants' leaves. A prescription of sulfate of potash-magnesia cured the ailing spuds.

A psychiatrist has suggested that potatoes may have emotional problems, too. But agronomists and farmers aren't getting very excited about this. They've adopted the attitude that a contented potato wouldn't taste any different than an unhappy one.

Besides, how do you keep 'em from rolling off the couch?

'THINKING CAN RUIN YOUR GOLF' BY WILLIAMS

Skeletons and golf may seem strange bedfellows, but not to PHIL GALVANO. Year-round, he teaches golf indoors in an office building in New York City. Using charts of arterial and nervous systems, GALVANO virtually gives a course in anatomy to his students, who thus learn the art of being "skeletonally correct" when striking the ball.

GALVANO's methods are considered unique because they derive from not only skeleton-viewing, but from yoga, dancing and Zen.

"Thinking can ruin your golf," claims GALVANO, a member of the Professional Golfers Association. "To be skillful you must perform without thinking."

1. Be sure the mind has a complete understanding of what is to be done.
2. Train eyes, muscles, and nerves through constant repetition to consciously perform the desired functions.
3. Aim to make golf as much as an unconscious habit as walking.

GALVANO's pupils include business executives, TV and stage performers and producers. As they've begun to stop thinking and perform consciously, their scores have gone down and no longer do they skeptically look at the skeletons and say, "We don't have a ghost of a chance."

TIPS FOR SAVING TIME

THE EXECUTIVE

When making dates for 1 p.m., movie producer Samuel Goldwyn always announces an unbreakable appointment for 2:30. Result: lunch-time business gets done fast!

A daily personal time-table is a must, according to Bart Wickstrum, Executive Vice President of General Time Corporation. "The best way to salvage minutes is to spend a few putting yourself on a schedule," advises the man whose "Big and Baby Ben" clocks have helped keep America on time for 50 years.

Home Appliance Experts Like Newest Electric Dishwashers

New automatic electric dishwashers wash more dishes better at no more cost, says Home Furnishings Daily, leading publication of the home furnishings industry.

How have electric dishwashers been improved? Here's what Home Furnishings Daily has to say about them:

1. Capacity—"The capacity of the machines has increased compared with machines available a few years back." Today's electric dishwashers hold more place settings than ever before. Increased tub size and improved rack design make it possible to load more dishes and yet get better washing action.

2. Cleaning action—"Technology has improved the flow of water to assure better washing of a larger number of dishes."

3. Rinsing—"Another improvement in dishwasher efficiency is

the rinse injector..." Many models have automatic injecting devices that add rinsing agents which make the water "wetter" so it "sheets" off glasses and dishes, preventing spotting and in hard water.

4. Cycles—"Numerous cycles have been added to dishwashers." Many of the new electric dishwashers have special settings for pots and pans, fine china, rinsing and holding, regular, and drying. The rinse-and-hold cycle on many models is used when dishes are put in the machine after a meal but will be washed later when the dishwasher is fully loaded.

5. Price—"At the same time that the consumer has been getting better machines, per appliance dollar, prices have slid since last December, particularly on the low- and medium-priced machines." Home Furnishings Daily points out.

Adults whose memories go back far enough to remember the pranks of their own youth lose little sleep over our modern boys and girls.

Then there's the fellow who said the three great American parties are Democrat, Republican, and Cocktail!
