HIGH SCHOOL HIGHLIGHTS

T.H.S. will hold Science Fair—

The Senior High Science Club of Taneytown Junior-Senior High School will hold its annual Science Fair this Friday and Saturday, March 23 and 24, 1962. These are expected to be over 250 projects submitted for judging in the field of chemistry, biology, physics and general science.

The people in charge of the Science Fair are John Rinehart, chairman; Richard Reever, project arrangement; and James McCurley and Carroll Hahn, electrical supply.

The judges for this year will be Mr. F. W. Hansen, a pure researcher and a graduate from the University of Pennsylvania Graduate School of Biology; Mr. A. G. Spencer, Jr., from the Bendix Corporation; and Mr. G. E. Brumfield, a chemistry teacher from North Carroll High School. The projects will be judged as follows:

I. Creative Ability - 30 pts.
II. Scientific Thought - 30 pts.
III. Thoroughness - 10 pts.
IV. Skill - 10 pts.
V. Clarity - 10 pts.
VI. Dramatic Value - 10 pts.

The projects can be seen from 7 to 9 p.m. on Friday, March 23 and from 2 to 4 p.m. and from 7 to 9 p.m. on Saturday, March 24. The public is cordially invited. There will be no admission fee, and refreshments will be on sale.

On Wednesday, March 14, members of the Senior Commercial Class attended a banquet given by the Industrial Management Club of Hanover. The guest speaker was Mr. William Fox of the Standard Register Company of the "Applying Yourself in Industry". After a delicious turkey dinner, a panel discussion was held. Mr. Louis Kirkland of the Doubleday Company was the moderator. Representatives of the Management Club sat at each table. Our representative was Mr. Louis Noel of the Noel Potato Chip Company. We were given the opportunity to ask him questions. He, in turn, relayed the questions to the panel. Employment opportunities in industry were discussed.

The following students attended: Victor Welty, Bruce Shifflet, Wayne Hively, James Tracey, Robert Bowers, Robert Shaffer, Diane Davidson, Arlene Baker, Judy Miller, Doris Myers, Shirley Bamhouse, Pat Shipley, and Mary Dickinson, accompanied by Mrs. Homer Myers and Mr. Garland Fuhrman.

F.B.L.A. Trip—

The Future Business Leaders of America participated in a field trip to Baltimore on Friday, March 16. The club was taken on guided tours in the following business establishments: a branch of the Chesapeake and Potomac Telephone Company, the Commercial Credit Building, Strayer's Business College, and Loyola Federal Savings and Loan Assoc. They were shown how the offices and companies operate and were given demonstrations of the different business machines that were used. Mrs. Homer Myers, Miss Helen Georg, and Mr. Garland Fuhrman accompanied approximately forty students on this very educational and interesting tour.

On Friday, the F. B. L. A. seniors will participate in a Business Contact Day. Students will be interviewed by businessmen in the community, thereby giving the students interview practice and enabling them to gain knowledge of how different businesses in the community operate. The senior commercial students appreciate this opportunity.

C. E. Mission Rally

A Missionary Rally will be held at the Winfield Church of God, Sunday, March 25, at 2:30 P. M.; arranged by the Rev. Mrs. Hilda Gonso, Westminster. Mrs. Gonso is Missionary Superintendent of Carroll County Christian Endeavor Union. The speaker will be Rev. Eugene McFarland, pastor loci.

Preceding the service 2:15 P. M., the young peoples orchestra of the Frizzellburg Church of God, will give a medley of sacred music. Devotions will be led by the Carrollton Church of God, with special music. Donald Goodwin, Westminster, will lead singing. Mrs. Virginia Biddinger of host church will be in charge of offering with offertory by the Frizzellburg orchestra directed by Mrs. J. A. Mason. Carroll K. Tinkler, Finksburg, is president of the C. E. Union. The public is cordially invited.

Report of Sale of Christmas Seals

Figures released from the office of the Carroll County TB Association, Times Bldg., Westminster, Md., by Mrs. Paul H. Smith 1961 Xmas Seal Chairman, show that the total of the Seal Campaign amounts to \$11,158.59 to date with returns still coming in. In 1960 the final return came to \$10,650.00.

Funds raised in the Annual Christmas Seal Campaign are used for State and Local programs of Health Education, Research, Case Finding, Patient Service, Mobile X-Ray Unit, and Rehabilitation of TB patients.

"You cannot strengthen the weak by weakening the strong; you cannot help the wage earner by pulling down the wage payer; you cannot further the brotherhood of man by encouraging class hatred; you cannot help the poor by discouraging the rich; you cannot build character and courage by taking away man's initiative and independence."

MEETING OF CHAMBER OF COMMERCE

Progress Report Given on Consolidation of High Schools

Taney Inn was the scene Monday evening, March 19th, of the regular monthly dinner meeting of the Taneytown Chamber of Commerce.

A brief business meeting was held before hearing the school report and the speaker of the evening.

Of interest to postal patrons is the progress on the Mail Drop Box. Mr. Harold Mehring reported that Mr. George Fream, Postmaster, anticipates receipt of the box soon. Upon receipt, a decision will be made as to the exact location for the box on the square.

Mr. Neal W. Powell next reported on the hearing before the State Board of Education on Thursday, March 15th, concerning the proposed consolidation of Taneytown Senior High School with Francis Scott Key.

He eliminated a repetition of the testimony that has already appeared in newspapers that receive local circulation.

Mr. Powell particularly praised the State Board and Dr. Pullen for the gracious manner in which our delegation was received. They were alert, intensely interested in every minute detail of the case and were quick to recognize and correct misrepresentations and erroneous statements by the County Board.

Much was made of the fact, by the State Board, that such an important decision as moving a High School from the second largest incorporated town in a county was made in the space of less than one hour, with a member of the board, who happened to be from the affected area, having absent himself from the afternoon portion of the meeting after first having been assured that nothing pertaining to Taneytown was to be discussed. By way of defense, the County Board contended that this matter had been discussed many times in the past. Mr. Jerome Frampton, President of the State Board of Education, interjected that, if this were true, these discussions would be recorded in various minutes of the County Board meetings. The Attorney for the County Board seemed very uncertain of this, stating that many things are discussed in meetings that do not appear in the minutes. Mr. Frampton advised that the State Board would have to confine itself to documented evidence. To that end he requested Mr. Jenness, County Superintendent of Schools, to submit to the State Board promptly, extracts from the minutes of the Board meetings from April '61 through September '61, of all items pertaining to Taneytown. April was selected as the breaking off point because it was in April '61, that the County Board issued the five year policy statement which declared that Taneytown would only be consolidated subject to the sentiments of the parents and subjects involved. (Note: The minutes for the period involved do not reveal any discussion of the consolidation move.) The State Board seemed to have some difficulty understanding how a policy could be reversed in the space of 5 short months.

Mr. Allen Resnick, attorney for the Taneytown group, who incidentally, did an outstanding job, also pointed out emphatically that in the Hampstead-Manchester area and the Union Bridge-New Windsor area, public meetings were held and the people concerned were appraised of the plan to consolidate and accepted it. We were granted no such courtesy in Taneytown.

In attempting to justify the size of the Francis Scott Key building, the County explained that the policy for the past several years has been to build school buildings larger than presently needed to allow for future growth. Mr. Resnick found no fault with this policy, but wondered why the converse was true in Taneytown. He cited the Elementary School as an example.

Mr. Powell suggested that there may be justification for a guarded optimism concerning the outcome. He noted that Mr. Frampton announced a decision is expected to be reached in two to three weeks. According to Mr. Powell, there seems little doubt that we will be afforded fair treatment by the State Board.

Rev. William Hendricks, Pastor of the United Presbyterian Church of Taneytown was the speaker of the evening. He reported on the highlights of a Church Seminar which he recently attended in Washington. His interesting and enlightening report covered the following points: (1) Who is the church? The members are the Church and the Church is where you are. (2) What is a successful church? (3) What is a successful pastor? (4) What is the ministry of the Church? (5) What is the work of the Minister? Is he a teacher, preacher, counsellor, administrator, etc., etc.? Laymen most generally regard him a teacher whereas the Minister most generally regards himself a preacher. The roll of the Minister used to be that of a moral and spiritual example, whereas today, he becomes many other things, such as an administrator, in addition. Conversely, everyone who is a Christian, should be a moral image or example. Moral attitudes should not be restricted to the ministry.

Rev. Hendricks concluded with the observation that the spiritual role is the most difficult for the Pastor. The next Chamber meeting will be a dinner meeting at Taney Inn Monday, April 16th at 6:30 p.m.

Jaycettes Fashion Show A Success

A large crowd was present to witness the first Taneytown Jaycette Fashion Show on Tuesday night, March 13, in the Taneytown High School auditorium when Spring and Summer fashions were shown by the Leader Store, Winnie's Hat Shop, and Paragon Shoes of Hanover, Pa., and lumber for stage decoration was donated by The Taneytown Grain & Supply Co.

Proceeding and during the show, organ music was provided by Mr. Delmar Riffe, Taneytown, Md. Intermission vocal selections were presented by Mrs. Jay Charles, Hanover, Pa., accompanied by Mrs. Fairy Flickinger.

Modeling the apparel were eight Jaycette members, Mrs. Marion Rue, and Miss Martha Garrett. The show was narrated by Mrs. Barbara Baumgardner.

Door prize donations were furnished by: Ma-Da-Sha, Lewis Baer, Leader Store, Paragon Shoes, Rob-Ellen Shop, Brown Equipment, Ben Franklin 5 & 10, Pat's Beauty Nook, Reindollar Bros., Winnie's Hat Shop, Taneytown Cleaners, Taneytown Pharmacy, Nusbauer Canning Co., Pressell's Flower Shop, Dougherty's Superette, Baumgardner's Bakery, and Cambridge Rubber Co.

Mrs. Nadine Brown, chairman of the show, conducted the drawings which were awarded to the following: Mrs. John G. Williams, Mrs. Regina Thompson, Mrs. Violette Hobbs, Mrs. Regina Foreman, Barbara R. Sietz, Mrs. Betty Scheller, Mrs. Oneida Reaver, Gloria J. Cline, Miss Sally Haines, Mrs. Shirley Crouse, Miss Alma Shiner, Mrs. Joyce Thomas, Mrs. Kenneth Hawk, Miss Beverly Hawk, Mrs. Helen Wimer, Mrs. William Segafosse, Miss Sue Riffe, Mrs. Margaret Wantz and Mr. Levi Maus.

Refreshments were served.

LETTER TO THE EDITOR

March 18

To Editor of the Carroll Record:

A lot of people have been wondering how we fared during the March 6th-7th storm. We were lucky compared to many people here. Our house is built on a concrete slab about four inches above ground level. Needless to say—we had water in our house about 12 inches deep. When I say, "in the house," I mean every crack and corner!

We went to bed early Tuesday night because we couldn't do much else with 8 inches of water everywhere. The next morning most of it had drained out, but before we finished breakfast it started coming back inside. It looked like a lake outside everywhere—water.

About 10:00 o'clock Wed. morning the water was almost 11 inches deep—boots weren't much good. I decided to find a dry neighbor. I gave the children each a dry bundle of clothes and they waded almost hip deep in icy water to the neighbors house. Soon they were dry and wrapped in blankets.

At low tide which still was high above normal, a neighbor took us with them to Salisbury to the Sklar grandparents. The children stayed there until Sunday. Two came home on Thursday.

What a sight greeted me! An "oozy" layer of marsh mud everywhere. The heater was full of water instead of oil. The motors of the refrigerator and freezer were not running. I suppose if anyone else had been with me, but since I had no audience, I just dug in the mud and started scraping. I carried out four buckets of slime. Then I washed all the floors twice—it still isn't quite clean, but I'll take a break, then go after it again.

The car stood out in the water all the time, but they are trying to get her back in running condition again. I do hope our Taneytown friends who come to Ocean City this summer, will take time to find us on Golf Course Road. They are pushing the sand back on the beach and by June the new boardwalk will be ready for strollers. So come along and have fun!

ELLEN HESS SKLAR.

MEETING OF ZONING BOARD OF APPEALS

The Carroll County Zoning Board of Appeals heard six cases at its meeting on March 9, 1962.

The trailer locations of Lawrence Baker on Stone Road, Norman J. Broseme, Jr. on Bartholow Road; Jack Sullivan east of Finksburg; and Gene Hare on Millers Station Road were approved. A request for a variance to the building setback requirement was granted to Norman Dixon for an apartment unit on Trayer Avenue in Flocksville.

The application of David S. Hoff, Jr. for a trailer location in Freedom, west of Eldersburg was denied. Testimony presented at the hearing expressed a belief that a trailer at such location requested would adversely affect the property values of the existing residential properties as well as the proposed properties planned for development. In addition, there presently exists a residential sub-division of 75 lots which adjoins the applicant's lot which is restricted as to minimum price residence which may be erected and also as to the exclusion of trailers or dwellings of a temporary nature.

The Board noted the need of young people for trailer housing but expressed a feeling that a trailer permitted at this location would not be in the best interests of existing property owners or the community as a whole, nor could it be considered the most appropriate use of the land in this immediate area.

Testimonial Dinner In Honor of J. Fife Symington, Jr.

A testimonial dinner was given in honor of J. Fife Symington, Jr., Republican Candidate for Congress, (Baltimore, Carroll and Harford Counties), tendered by a Committee of Fifty, at Rolling Inn, Catonsville, Monday, March 19. Chief Booster, Honorable James Fulton, Republican Congressman from Pennsylvania, who flew here from New York where he was serving on a committee on Space, to make the main address.

Several hundred persons attended the affair with Mr. Sydney S. Captain, chairman. Distinguished boosters, Senator and Mrs. John M. Butler, who recommended Mr. Symington highly, Gen. James P. Devereux, Rev. Mrs. W. N. Menicon, Mr. and Mrs. John M. Nelson III, Gen. and Mrs. William C. Purnell, Miss Arabelle Symington, Mrs. J. Fife Symington, Jr. and J. Fife Symington III, Chief County boosters, Mr. and Mrs. Osborne P. Beall, Baltimore; Stamford Hoff, Carroll; Hall MacLean, Harford. Due to absence of Mr. Hoff, Mr. Charles Angell was recognized for Carroll County.

This being Mr. and Mrs. Fife Symington's 23rd Wedding Anniversary, they were extremely humiliated and Mr. Symington gave a most inspiring talk on "Stove Soup" as we get today. The committee presented a token check toward their campaign.

Those attending from the vicinity were, Mr. and Mrs. Roy B. Kiser, Taneytown; Mr. Charles Angell, Union Bridge; Mr. Walter Haschert, Mr. Olive Spencer, Jr., Mrs. Gladys Wimer, Mr. and Mrs. J. Robert Bixler, Mrs. Rosemary Lynn, Mr. Frank Getty and Mr. Jack Hahn, Westminster.

GIRL SCOUTS WILL BEGIN SELLING COOKIES

The 1962 Girl Scout Cookie Sale will begin March 23 in the Baltimore Area. More than 25,000 Girl Scouts and adult volunteers will be selling five varieties of cookies in Baltimore City and Baltimore, Carroll, Harford and Howard Counties until April 7. Miss Liza Carpenter, of Taneytown, is cookie sales manager for Carroll County.

The Baltimore Area Girl Scout Council is a Community Chest Agency. Although the Council's operating expenses are provided by the annual Appeal, additional funds are needed for acquiring and expanding camping facilities.

Funds raised from the cookie sale will be used for development of area Girl Scout camps. The Girl Scouts of the Baltimore Area have acquired more than 600 acres toward a proposed 1,000-acre consolidated site in Cecil County to be known as the Conowingo Girl Scout Camps. Plans call for four or more camps to be located on the site. This summer two camps will be operated there—Camp Shad-dowbrook for established camping and a new troop camp.

Cookie sale income helps to keep camp fees at a minimum so that the camping program will be available to all girls in the Baltimore Area. It also provides camperships for girls who need financial assistance to go to camp.

NATIONAL ASSOCIATION OF BANK AUDITORS AND COMPTROLLERS MEETING

On Wednesday evening the monthly meeting of The National Association of Bank Auditors and comptrollers met at The Frederick Hotel, Fred. erick, Maryland with the President, Murray M. Baumgardner, Asst. Cashier of The Birnie Trust Company, presiding. The topic for the program was "WHAT MAKES US TICK?". The speaker being Mr. James Price IV of Alex Brown & Sons, Baltimore, Maryland. A part of this program was a movie showing the procedures that must be followed for a companies stock to be listed on the Stock exchange. Those attending from The Birnie Trust Company, Charles R. Arnold, Murray M. Baumgardner, Donald Lawyer, Emma Devilbiss and Anne Breth.

WITH THE ARMED FORCES

SCHOFIELD BARRACKS, HAWAII (AHTNC). Army Pvt. Joseph H. Rang, Jr., whose parents live on Route 1, Littlestown, Penna., is participating with other members of the 25th Division's 1st Battle Group, 35th Infantry, in three weeks of annual Army Training Tests at the Pohakuloa Training Area on the Island of Hawaii. The training is scheduled to end March 25.

Rang and other 35th Infantry personnel are maneuvering over the rugged lava-covered terrain between the famous mountains Mauna Loa and Mauna Kea. Combined arms exercises utilizing live ammunition are being conducted along with the standard company-size training tests. The Pohakuloa training is an extension of the mountain and jungle warfare and anti-guerrilla operations conducted near the 25th Division's home station of Schofield Barracks on Oahu.

An ammunition bearer in the infantry's Combat Support Co., Rang entered the Army in September 1961, completed basic training at Fort Dix, N. J., and was stationed at Fort Chaffee, Ark., before arriving in February of this year.

The 19-year-old soldier is a 1960 graduate of Delone Catholic High School in McSherrystown. Before entering the Army, he was employed by Super Thrift Markets, Inc., Littlestown.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Just one little lonesome sparrow comes to the Patio door each morning to be fed! And as the days come and go, he seems to be getting more friendly. And the children are enjoying Mr. Snowman which is most evident! Now, the Governor of New York is stepping out with Joan Crawford! And Princess Grace is bowling to get thinner which is a new game in that part of the country.

A large Pictorial Map of "Forest Lawn" California was sent to me with an arrow in pencil where a relative was recently buried! As for that MAP describing in detail every bit of ground following the Cathedral Drive—"The Last Supper Window," "The Court of Freedom and Freedom Mausoleum," "Court of David," "The Great Mausoleum," "Wee Kirk O' Heather," "The Little Church of the Flowers," "Church of the Reclusional" and much else. This cemetery is where many of the movie stars have been buried. And on the outside of that picture Map was in writing by the wife, "This is where I've placed my darling to wait for me!" It is really unheavenly to grieve for the departed. Nothing can be done about it and one should look forward—never back!

What a shock as to the end of the romance of Liz Taylor and Eddie Fisher! Yet in a recent interview with reporters he denied it! Don't grumble folks, if the weather is really wet as the "Farmer's Almanac" stated "RAIN AND MORE RAIN" and that for the month of March. Just thank God how fortunate we have been so far and not in any disaster as Ocean City, Md. The Show this week ends at Ford's in Baltimore as it is to be torn down for a parking lot! The interior is beyond describing as to it's awful condition. Just think, there will be no theatre in the entire city only the moving picture houses yet Mr. Mechanic stated there will be shows there for years to come! Met a young man who served his time in the Army for Uncle Sam and he is now one of the most refined, patient, kind, gentle of any young man I have known. He was very chubby before going into the Service and now his appearance is to compare with an Intern in any hospital!

Recently in the newspaper, a big article stated that it was disgraceful the frightful prices as to any Hearing Aid and hope something can be done to remedy that one. I recall the wonderful phone call to just such a poor individual from Mr. Fortune to the sum of \$500.00 and when he asked the lady what she was going to do with all that money she quickly replied, "Buy a Hearing Aid which I never thought I would be able to do!" Nice?

A letter as to food/drink arrangement. Dear Observer: I get so tired of thinking what I should have for the one big meal a day. Could you kindly tell me what you do which I will appreciate very much. I seem to get disgusted and getting to hate to even think about a meal as to cooking it.

signed, Lonely Widow.

Answer: Dear Widow: There are many women who like yourself even those with a husband who dislike to cook as I have talked with dozens. Frankly I love to cook and I plan for two days as to the big meal so as I do not have to cook the second day only to heat it up and that way you can save yourself as to your worry. For instance, I have always eaten a balanced meal and here is the very one I cooked today and which is a cinch to heat over again tomorrow. I baked meat loaf and at the same time in a casserole, I had Au gratin Potatoes, stewed tomatoes and spinach. Also plain boiled carrots. If you desire sweets after your dinner at the same time the oven is hot, you could bake a small apple pie. (Your Observer is not eating any sweets for a month!) You can even have a salad with the above dinner which I usually do and although it reads like a lot of work and preparation, it really isn't but that may mean because I love to cook. If you send me a stamped addressed envelope, I'll mail to you a few more balanced planned meals.

Your Observer.

Dear Observer: They say that Baltimore County is very strict as to dogs running at large and I just moved here a little more than a year ago. I like my neighbors and I dislike to complain about them so what shall I do? Thanking you.

Signed, "Just Moved In".

Dear Neighbor: I know just what you mean exactly! First of all do call on the owners of the dogs and state facts to them if it continues call the Court House in Towson and they will do the rest. That is really a Law which must be observed with no further trouble. Don't worry about it—just act at once before the dogs do too much damage. One of The Commandments God Gave to Man is "Love Thy Neighbor!" and I do not call that love by permitting their dogs to do anything that is a detriment to the Community. Good Luck!

Your Observer.

Have a grand week end, folks. Be sure to love one another not for just a day but for three hundred and sixty five days of the year! Until next week-end D.V.

I am,

Faithfully,

YOUR OBSERVER.

MORE ON POSTAL RATES

More voices are protesting the inadequacy and inequity of HR 7927, the postage rate bill passed by the House of Representatives. As written, it is evident that it will do serious harm to newspapers and magazines without giving real help to the Post Office. John Gunther, the author, voiced the miss givings of many in a letter to The New York Times.

If passed also by the Senate, says Gunther, the bill "will almost certainly destroy serious periodical literature in the United States" by "fantastically and excessively steep increases in the second and third class postage rates". He points out this would leave untouched "the grisly mulligatawny of sex, crime, joke books and comic books" sold on newsstands while penalizing the serious magazines largely delivered to subscribers by mail.

"This is too high a price to pay for the relatively insignificant portion of postal revenue involved," says The New York Times in an editorial urging that the Senate Post Office and Civil Service Committee appraise the consequences of the proposed increases.

In an article which should be required reading for all who do read and titled, "Second-Class Mail Rates Can Ruin First-Class Magazines", the April Reader's Digest points out some of these. The proposed increase, for example, would add \$91,000 to the annual postage bill of the Atlantic Monthly, which dates from 1857. This additional burden is more than seven times the before-tax profit the magazine earned in 1961.

Most farm publications are delivered by mail. The Farm Journal, which has not made a profit in either of the last two years, is faced with an increased postage bill of at least half a million dollars a year.

When The New York Times observes that the present provisions of the bill "will cut off outlets for creative literature and public enlightenment", it is indulging its penchant for understatement. More simply put, if it is the desire of the US Senate to the press of the nation, it need only rubber-stamp the House bill.

It should be no news to the Senators that the fate of the press, and especially the newspapers, is the fate of Freedom.

Shell dealers suggest 7 things to try if your car won't start

ANY TIME you have trouble getting your engine going, the first thing to do is check the obvious.

For example, the fuel gauge. It's astonishing how often an empty fuel tank is all that keeps the engine from starting.

According to American Automobile Association figures, motorists run out of fuel more than 5,000 times per day.

If you have an automatic transmission, make sure your selector is in the correct position for starting.

Next step is to run through these seven tips from Shell dealers. Any one of them could help you get started.

1 Use the starter in short bursts. A long, steady grinding runs your battery down drastically. In fact, if the car won't start in the first few attempts, it's a good idea to wait several minutes before trying again. This lets the battery recover some of its life.

2 If you have a manual shift, keep the clutch pressed all the way down when you're starting. This helps to take some of the strain off the battery, particularly in cold weather.

NOTE: An engine in good mechanical condition should usually start in 3 or 4 seconds. Today's Super Shell gasoline can help. During coldest months, it contains an extra dose of Butane, a special quick-start ingredient.

3 Keep the battery connectors tight. If battery terminal connectors are loose, you may not get full battery voltage, when you try to start. With reduced voltage, the engine is harder to start. Sometimes the starter won't even turn the engine. It's easy to keep connectors tight.

All you need is a suitable wrench. Even a pair of pliers will do.

If you have repeated starting troubles, your battery may be weak. Your Shell dealer can recharge it—or install a new one if needed.

4 Get maximum value from your choke. If you have an automatic choke, give the accelerator pedal a tap before you start. This sets the choke in the correct position—the way it should be for easy starting. NOTE: A small choke adjustment can often cure cold weather starting troubles. Your Shell dealer can do it for you.

If you have a manual choke, remember to use it! When you pull the choke out, you increase the proportion of fuel in the air-fuel mixture. Could be all your engine needs for a start, especially on a cold morning. After you've started and warmed up, be sure to push the choke all the way back in.

5 Wipe moisture off the distributor, ignition leads and spark plugs. Condensed moisture—which can be a problem in cars left out overnight—could keep you from getting started. It's easy to find the distributor. Just follow the ignition leads—the wires that come from the spark plugs. They lead right to the distributor. Before you wipe the moisture away, make sure the ignition is turned off and nobody works the starter.

6 Turn off the lights, radio, heater, heater fan. This way there are no extra demands on the battery. It can devote its full power to starting the engine. NOTE: Don't forget to turn lights on again when you start up.

7 Never pump the accelerator if you suspect flooding. It only makes the flooding worse. Instead, try this: Wait 2 or 3 minutes. Then press the accelerator to the floor once and hold it there while the starter cranks the engine. When the engine does start, gradually let the accelerator return to idle position.

Here are the 9 ingredients in Super Shell—and what they do to give your car top performance

- #1 is Butane for quick starts. Butane is so eager to get going it could even boil on ice.
- #2 is Pentane mix for fast warm-ups.
- #3 is anti-knock mix to resist all kinds of knocks.
- #4 is gum preventive to help keep carburetors clean inside.
- #5 is TCP* for power, mileage, and longer plug life.
- #6 is "cat-cracked" gasoline for power.
- #7 is an "anti-icer" added in cold weather to help check carburetor icing stalls.
- #8 is Alkylate to help control "high-speed knock."
- #9 is Platformate for extra mileage.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U. S. Patent 2889212.
