## HIGH SCHOOL HIGHLIGHTS

Jim Zester, safety engineer for Nationwide Insurance, gave proof Friday morning, April 6th, that you can't "stop on a dime." He let students at Taneytown High School drive the demonstration car to see how quickly they could stop at 20 miles per hour. The three revolvers on the bumper fired to mark the pavement when the driver (1) sees the stop signal, (2) slams on the brakes, and (3) brings the car to a dead stop.

Students at Taneytown High School had front row seats Friday morning, when some of their classmates learned the facts of life-on-the-highways. The event was in the nature of a test-demonstration, designed to dispel the old notion that a car can be "stopped on a dime."

Two students, a faculty member and a policeman took turns at the wheel of a specially equipped car—bringing it to an emergency stop while traveling at 20, 30, and 40 miles an hour, while other students checked the results.

The car is equipped so that distances can be measured accurately. An emergency signal light is mounted on the front of the car and three pistols are fastened on the front bumper. Aimed straight at the pavement, the pistols fire gullets of yellow paint which mark points at which the driver (1) sees the signal, (2) slams on the brakes, and (3) stops the car.

The automobile is supplied by Nationwide Insurance. A safety engineer for the firm rides beside the driver and operates the equipment. Nationwide engineers have staged similar Traffic Safety Education programs before more than 5,000 student groups in eastern United States.

Friday's demonstration was preceded by an assembly during which students were briefed on the program and heard an illustrated talk on the importance of driver attitudes.

Kenneth Strickhouser, grade 7, is on the honor roll for the fourth grading period. By error his name was omitted from the list published last week.

The Taneytown High School Band will appear on Channel 8, WGAL-TV, Lancaster, at 1:00 P. M. on Saturday, April 14th. They will be under the direction of Warren Eshbach, instrumental teacher at T. H. S. The following program will be presented: 1. Sine Nomine by Ralph V. Williams; 2. Kentucky, 1800 by Clare Grundman; 3. American Heritage by J. P. White; 4. Dixie; 5. Glory to God by Palestina; 6. ## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every blessing. A smile that shall last until the next day's dawning.

I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

'Tis Spring; The 125 Tulip Bulbs are doing beautifully and my nice neighbor across the way states she will have the beauty of it all from every window! And soon, I will place the Gladioli in between the Tulips and plant the seeds of the Zinnias soon as the ground dries up a little. Visiting the Home Show in Baltimore just as the doors opened on Saturday at the hour of two was the most beautiful sight of any other year from the very entrance. There was a huge bower of white and it was beautifully landscaped as to the entire center of the floor. There were pink Dogwood trees, Azaleas in the background and Hyacinths of purple, orchid and red and at the back another bower matching the front. This year there was so much more than any previous year. As one entered there was the three piece music playing beautifully at the door in front of the Arch or Bower. It all appeared more spacious and the flowers were highly varnished which gave it a clean look. There were 125 exhibits. The paper house was truly something to see for the vacation minded as it feels and sounds like plaster board instead of the paper. That house is sweet and sells for \$2,500. Of course, there were two trailers, too for those who decide upon this way of "Home Life". Among the Civic, cultural and charitable organizations this year, too were the Mental Health, The Md. Physical Fitness, The Agriculture Division, The Md. Press Photographers and State Use Industries. There was even a free baby-sitting service for the couples who decide to tour the show. The Kitchens for all the Companies represented were glamorous and Mrs. Houswife will be a happy individual remaining right there for hours preparing meals which gives one such a Lifter-Upper in such a kitchen. The young lady appearing as Miss Home Show of 1962 was a good-looking in her gown of white. There was one make of car shown and that a Foreign one. There was the brick-layer with all types of bricks for the inside and outside of your home. Even the State of Florida with the lots for sale represented right there! No doubt, this will be the biggest year in attendance—ever for the Home Show. Only one objection which I thought about were no hours in the afternoons on week days and that is the time when many Homemakers have their freedom to browse around.

An Angel came to see me the other day! One of the sweetest girls I ever met! She is an Artist and it means "Portraits in Oil" from your favorite photo! She was formally with Hutzlers. Her work is beyond describing! I am having the one done in the Spanish dress of mine. She is the Mother of two little girls and a real Christian woman. Her address is 3717 Washington Ave., Baltimore 7, Md., and her phone number OL 3-8507. Her home is not far from Randallstown.

A new gas station opened around the corner from here on Liberty Rd. Bill runs the place for the big company and he surely does understand about cars. Spark Plugs, give a car and you lots of trouble—it may mean just cleaning and testing them or it may need new ones. He and his wife also clean The House of God and somehow, folks to me they are as wonderful as the Minister of any church—Keeping God's House in Order!

Now, as to Zsa Zsa Gabor! She is really much more refined and sweeter in person than on T.V. She made quite a hit at the Hecht-May Co. in Baltimore yesterday. She was representing a Garment company and yet she stated she wears neither a Foundation or a Brassiere! She was dressed in a three piece Beige Broquet outfit with matching shoes. She wears much make up and lip stick but never any rouge. A little school boy was with them taking pictures of her which surprised me. There were models wearing the foundation but what surprises me they always are painfully thin girls! Eh? Miss Gabor's skirt was below her knee as the trend is and not above as a number of women wear the skirts. Her hair coloring is between a blond and platinum and the hair-do is not severe.

Thinking about hair—the "Wig" companies will be right in the money regardless of the country which they represent. Women who have very thin hair can don a Wig for any occasion.

Almost forgot to mention that Zsa Zsa Gabor will be taking over the Jack Paar show on May 7th as Hostess.

That precious Cairn Puppy of mine, Bobby teases me with his toys. As he is very playful and full of pep, he brings them to me and lays them at my feet and when I grab down to pick pick one up, he reaches it with his teeth and runs away bringing it back again doing the same thing!

Mrs. Housekeeper, be sure you do all your Spring cleaning right now as that will mean you can enjoy the outdoors when it does get real beautiful.

Hope to be 'around the Town' in the very near future and will be bringing Bobby along, too.

Have a grand week end, folks. Until next week D.V.

I am Faithfully,
