Report of Heart Fund Campaign

Late returns from Carroll County put the Baltimore area Heart Fund campaign over the top.

The announcement was made by Kenneth D. Short, Westminster attorney, who headed the Carroll County 1962 Heart Fund. Mr. Short said that he had received word from W. Winchester White, Jr., of Baltimore, Chairman of the area Heart Fund, that Carroll County's contribution of \$578.21 enabled the Baltimore area drive to exceed last year's total.

The major part of the Heart Fund in Carroll County—\$3673.96—came from a door-to-door canvass of homes on Heart Sunday in February. The other major contribution, \$1640.00, was made by businesses in Carroll County.

MEETING OF CITY COUNCIL

Delinquent Taxes, Water and Sewer Rent Bills will be collected

The Mayor and City Council held their regularly scheduled monthly meeting on Monday evening, August 6, at 7:30 p. m., with all members present.

Officer Boone made his monthly report to Council as follows: 243 hours worked, 1,288 miles driven, 43 parking violations, 31 warning tickets, 2 reckless driving charges, 2 exceeding the speed limit and 4 state summons.

The Town Clerk reported a balance of \$5,466.02 in the general account and \$3,923.43 in the parking meter fund.

Bonds 36 through 45, totaling \$10,000 plus interest on outstanding bonds of \$10,700, came due and was ordered paid. The balances for the general account and parking meter fund as reported by the clerk, is money on hand after this indebtedness of \$20,700 was paid. It is to be noted that no money was borrowed this year to meet this payment, due to the Council moving the billing of taxes to the beginning of our fiscal year instead of later on in the year. This gives us money early in the year when our bonds fall due, thus saving us several hundred dollars in interest on money borrowed as in the past, when tax revenue would not come in until late in the fall.

A list of all delinquent real estate and personal property tax payers was presented to Council by the clerk and it is to be noted that many property holders owe back real estate and personal property taxes to the town. This is to remind all taxpayers of Taneytown that these taxes will be collected and it is hoped that all delinquent taxpayers will come forth and pay these back bills before legal action is instituted against the property holder. The City of Taneytown does have the right to sell property at the same time the county conducts its tax sales.

Delinquent water and sewer bills are becoming a problem also, and Ordinance #178 prescribes the rates for water service furnished by the Mayor and City Council of Taneytown and prescribes rules and regulations relating to such service. We list rules #5 and #6 below as prescribed in this Ordinance and will abide by this Ordinance in the future as follows:

#5. PAYMENT OF BILLS

(a) If payment in full is not made within thirty (30) days after date of bill, the Corporation reserves the privilege, after five (5) days' written notice, to discontinue rendering service.

(b) Whenever a customer desires to have his service contract terminated or his water service discontinued, he shall so notify the Corporation in writing. Until such notice is received by the Corporation, the customer shall be responsible for the payment for all service rendered by the Corporation. A reasonable time after the receipt of such notice shall be allowed the Corporation to take a final reading of the meter or meters and to discontinue service.

#6. DISCONTINUANCE OF SERVICE

1. Misrepresentation in applications.
2. Wilful waste of water.
3. Failure to comply with restrictions imposed under Rule 7-e.
4. Molesting Corporation property or seals on meter or piping.
5. For vacancy.
6. Non-payment of bills when due.
7. For cross-connecting the Corporation's service pipe with any other supply source.
8. Refusal of reasonable access to property.

(b) When water has been turned off from any premises for any of the above reasons, or for any other violation of the Corporation's rules, a charge will be made for restoring service in the amount of the actual cost of turning on the water, except, however, that the minimum charge shall be two dollars (\$2.00).

Beginning September 30, 1962, all water users will be given 30 days in which to pay his water and sewer bill. If the bill has not been paid at the end of 30 days, a notice will then be mailed stating that after 5 days, water service will be discontinued.

In fairness to all taxpayers of Taneytown, the Mayor and City Council is forced to adopt these "get tough policies" in order to collect revenue due the town.

New traffic lights have been installed at the square making quite an improvement safety wise.

The new pump has been installed in Well # 5 and is in operation.

The Council adjourned at 11:05 p. m. G. N., Jr.

Cambridge Rubber Co. Awarded Large Contract

The Defense Clothing and Textile Supply Center, an activity of the Defense Supply Agency, awarded one contract for 36,350 pairs of Man's Rubber Overshoes to the Cambridge Rubber Company. The contract totaled \$134,298.71. This item will be manufactured at the plant in Taneytown, Maryland, and will be used by the U. S. Armed Services.

ANTIETAM ARTS AND SCIENCE DAY

Plans for an Antietam Arts and Science Day, scheduled for Sept. 3, are nearing completion. The event, made possible through the courtesy and cooperation of the Washington County Museum of Fine Arts and its director, Mr. Bruce Etchison, is a special part of the Aug. 31 to Sept 17 program of the Antietam-South Mountain Centennial Commemoration. "A few of the details are still in the formative process," Mr. Etchison said, "though actual contacts to arrange for some of the loans of art pieces were made three to four years ago."

Arts and Science Day will officially mark the beginning of a two-week Civil War Fine Arts Exhibit.

Opening to the public as of Aug. 31 and continuing through Oct. 31, the exhibition will include for the first two weeks items specifically related to the Antietam-South Mountain Centennial Commemoration, Mr. Etchison said. "Our exhibition will be in the form of prints, drawings, paintings, sculpture, and artifacts."

A feature attraction of the exhibition will be a display of 54 Currier & Ives original Civil War prints. In connection with this display, a full color motion picture film, with sound, appropriately named "The War 1861-1865 as Reported by Currier & Ives" will be shown every hour on the hour on week-ends. The film and the Currier & Ives prints are being loaned to the Museum for this occasion by their owners, Nationwide Insurance.

In Nationwide's illustrated brochure "The War 1861-1865 as Depicted in Prints by Currier & Ives" the foreword contains the following passage: "By the beginning of the war in 1861 Currier and Ives was a magic name in America. The partners, Nathaniel Currier and James Merritt Ives, had proved they had an answer to their countrymen's hunger for news in pictorial form. In the generation centered about that most American of all wars the country was entertained and edified by the vivid prints which poured from the lithographic presses of Currier and Ives. Everyday American life was given new dignity in romanticized pictures. Important events achieved pictorial reality. Famous political and military heroes became familiar to thousands of households. Far-off battles were brought close to families anxious for reminders of their missing soldier members."

Arrangements were made by the Museum with the Library of Congress to obtain 100 original Civil War drawings made on the spot by Civil War period artists.

Paintings are being borrowed from many sources. Among these are the following: Newark Museum, Metropolitan, Rhode Island Historical Society, Brown University, Coreoran Gallery, National Gallery, dealers in New York, and many private collectors.

"Along with these borrowed items," Mr. Etchison said, "will be paintings and artifacts, including firearms, from our own permanent collection."

Mr. Etchison mentioned as an example of "details" as yet unconfirmed a loan which is presently being negotiated. "We hope to have 'Last Moments of John Brown,' an oil painting, he said, 'which will be a loan from Metropolitan, but we are not sure of it as yet.'"

The public is cordially invited to visit the Washington County Museum of Fine Arts, Mr. Etchison said. Here, on display for everybody to see and enjoy, free of charge, are some of the world's finest pieces of art.

MEHRL E. SIMPSON APPOINTED AS NEW FHA COMMITTEEMAN

Mehrl E. Simpson of Taneytown, Maryland has been appointed as a member of the Carroll-Baltimore Counties Farmers Home Administration Committee, Joseph W. Jones, the agency's county supervisor, announced this week. Mr. Simpson has operated a dairy farm in Taneytown for a number of years.

The other two members serving with Mr. Simpson are Edgar A. Kalb and Frank L. Bushey. Mr. Simpson succeeds Andrew F. Baughman whose 3 year term expired this year.

Each agricultural county in Maryland has a 3 member committee to work with the county supervisor to make the best possible local use of the agency's farm credit service program. The committee determines the eligibility of applicants for all types of Farmers Home Administration loans, and determines the suitability and fair and reasonable values of farms to be taken as security for real estate loans. It also reviews borrower's progress as they pay off their FHA loans by means of improved farming and turn to banks and other lenders for the credit they need.

The Farmers Home Administration is an agency of the U. S. Dept. of Agriculture that supplies long-term credit to farmers to buy or improve their farms, establish soil and water conservation measures, and build or repair farm houses or other essential farm buildings. It has intermediate or short-term credit for farm operations or to meet emergency needs. Rural Housing loans are made to applicants who are unable to obtain the credit they need from private or cooperative lenders. Rural Housing loans may be used to construct, improve or repair rural homes.

The agency does not compete with other lenders in the credit field. As a part of its credit service, it supplies farm and home management aids and advice.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next dawn
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

It is August and the Summer is fleeting by! Those who have not taken a vacation and awaiting October which is really the finest time of the year to vacation, will enjoy it so much more. And that reminds me of "Bon Voyage" the gay film at The New Theatre on Lexington Street. It was a packed audience who really felt they were in Paris! The story with Fred Mac Murray and Jane Wyman is breezy and longer than any other Movie but it holds one's interest due to the fact it concerned a plumber and his wife and their two Teen-agers. It is a Walt Disney picture and each one seems to be better than the last. Jane Wyman as Katie, the wife is from a ritzy Boston family somehow meets the plumber somewhere in Texas and MacMurray as Harry and she fell in love and are married. Then, he makes plenty of money and Katie has that big desire to go to Paris. From the time they set sail for the dream city it is packed full of interesting fun which all the Teen-agers will fancy. It is nice to see a picture of such a story of a couple married 22 years and still ideally happy and it even has a happier ending. If you know that you will never visit the beautiful city, by all means see the picture. It seems that Fred Mac Murray is at his best and really improves with age with those three W's—Wim, Wigor and Witality!

As to Movies, Your Observer went to see "Lolita," at the Town Theatre upon the first showing or viewing. The story is taken from the shocking book by Vladimir Nabokov's. It is the story of a 16-year old girl (and that Sue Lyon was last year when it was made) and who stars in the screen play. Her Widowed Mother rents a room to a professor in the state of New Hampshire. He has a great desire to possess this young girl as he sees her sunning herself in the garden of this New Hampshire home as he is shown around the premises. James Mason plays the leading male Star and the entire play is a most suggestive affair. However, Mason marries the Widow who is killed by an automobile and then the life of "Lolita" begins. It makes one have a bitter taste having knowledge about such men, even seeing it on the screen. As to this new Star she will prove in a few years to be box office attraction in any show or play or story. Nuff said!

LETTERS—Dear Observer:—My husband and I are up in years and are comfortably fixed, but he does not have any desire to fix anything in our house, not even to paint or have painted the rooms. I would like to purchase a few new pieces of furniture, but he gripes if I even mention it. He keeps stating we are too old and yet we are in perfect health. We have no children. Thanking you.—Mrs. P. G.

Dear Mrs. P. G.—Why not have a man come in and do the painting or whatever you desire to have done? Go down and buy the furniture which you would like. Convince him that "You Can't Take It With You!" And I think you know and he will know just what I mean. It is too bad that anyone can get so set in their ways which would mean much happiness the rest of your lives, for after all you both may live many more years, as "Life Begins at Eighty!" Your Obs.

Dear Observer:—We had much damage done in the recent rain storm to one of our rooms and we called our Insurance Co. and told them and the answer was—"Your Insurance Does Not Cover That!" Signed, Disappointed.

In taking Insurance out of any kind, it is always best to read every word of the Policy which very few Buyers do. That is the reason "All-State" is so successful from what I have learned about their dealings. Your Obs.

Dear Observer:—I am not quite 18—just graduated from High School and secured a position as your Column stated a few months ago for the Summer and I like my position so much in every way and I do not care to go to College but to continue my work. Would you? Signed Satisfied.

Dear Satisfied:—A person who is satisfied never advances further as they are like stagnant water. Why not attend a night school and advance further. Much can be learned and accomplished this way. Many do this the entire Winter. Best of luck. Your Observer.

So long, folks. Until next week D. V. Have a grand week-end. Be careful when you drive. It is dreadful to read daily about all the youngsters from 15 to 25 that are snapping out their lives with S P E E D!

I am,
Faithfully,
Your Observer.
