Children's Pictures Taken Free and Published in The Carroll Record

It is an undisputed fact that the responsibilities of tomorrow's world, our Nation, and Community will rest upon the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Wednesday, March 6. Pictures will be taken at the Fire Hall, Taneytown and the Studio will be open from 10 A. M. to 5 P. M.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain them by arrangement with the Studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The More Pictures, the Better

The Carroll Record simply wants pictures of all the youngsters and the more the better. Children who have been photographed for this feature in previous years are especially invited to return, so that we may see how they have changed. So the Mothers and Fathers of the community in which this newspaper circulates should remember the date, Wednesday, March 6, at the Fire Hall and not fail to bring their children to the photographer.

You will be mighty glad, afterwards, if you did, and very, very sorry if you do not permit your children to participate in this event. The kiddies will have much fun and both Mother and Dad — and the youngsters, too — will be very proud to see their pictures in print later. No appointment is necessary. There is no age limit.

If you wish to make an appointment, phone: Mrs. Bertha Williams at PL 6-6720. However, no appointment is necessary. You may come at any time during Studio hours. All children must be accompanied by a parent or guardian. Photography will be handled by the Danville, New York office of Woltz Studios of Des Moines.

Pre-School Registration

Parents whose children will enter the Taneytown Elementary School in September are asked to notify the school of their child's name and age at their earliest convenience. Plans are being made to have beginners visit the school for one-half day sometime before the close of school in June. This visit will replace the evening visitation held in previous years.

Entrance of the following children is already expected and parents of those listed need not contact the school unless for some reason the child will not be attending school in the Fall as expected.

Johnny Amoss, Ann Andrew, Marcia Baker, Gregory Brown, Karen Baughman, Catherine Cornett, Debra Copaher, Wilbur Crapster, Kenneth Eckard, Linda Foreman, Larry Gonder, Debbie Groomes, Randy Gross, James Haines, Michael Hahn, Sena Hohman, Sharon Harman, Mary Beth Johnson, Dottie Kint, Ronald Kiser, Karen Lookingbill, Betty Liebno, Michael Leister, Juanita Lescalleet, Linda Morelock, James Mummert, Sylvia Ann May, Patti Ohler, Eddie Ruppert, Wayne Robertson, Steven Reaver, Carol Rock, Diann Six, Vanessa Smith, Debbie Spangler, Violet Stonesifer, Richard Valentine, Tina Wetzel, Kevin Warehime, Bonnie Wiles, Mary Wantz, Sherry Lee Bair, Mary Virginia Humbert.

LUTHERANS WILL BUILD

St. James Lutheran Church, Union Bridge, announces plans to construct a \$43,000 building on its present lot at Benedum and Thomas Streets.

This will be the first stage of a three-part master plan of development. The present Social Hall will be demolished to make room for the new Sunday School facilities.

The first Lutheran Worship Service was held in Union Bridge on October 23, 1881, in a hall above a store owned by Jesse Anders. The congregation was organized December 30, 1893, and the present church building was dedicated on January 1, 1884.

Local Girl Makes Dean's List at Bridgewater

Bridgewater, Va., February 19, Barbara Ann Rinehart, a junior at Bridgewater College, made the Dean's List the first semester.

To win this distinction at Bridgewater, a student must make a grade point average of 3.2. Translated into a letter grade, this is an average of "B" or better. Only nine percent of the 660 students at Bridgewater achieved this honor the first semester.

Miss Rinehart is a daughter of Mr. and Mrs. Robert Rinehart, Route 1, Littlestown, Pa., and a graduate of Taneytown High School.

JAYCEES MEET

The Taneytown Jaycees held their February meeting at the Raft Restaurant. Speaker for the evening was Leon Etzler, County Zoning Administrator, who explained to us what our present zoning laws cover and why. After the program, our regular meeting was held at which time the following projects were discussed: Larry Little, co-chairman of the Minstrel Show to be held April 18, 19, 20, told of how the project was progressing. Not only are Jaycees participating in this project but many persons of the community. Harry Dougherty, Jr., chairman of the ads committee, explained the committee's plans for each member to help in the securing of ads for the program by soliciting all business places of the area.

Also announced was the extension of our membership drive through the month of February. March 19 was set as the date for a special membership meeting for the express purpose of holding our local Speak-Up Jaycee Contest. The regular March meeting will be a Ladies' Night.

WORLD DAY OF PRAYER SERVICE

Next Friday, the first Friday in Lent, March 1, at 7:30 P. M., in Trinity Evangelical Lutheran Church, the World Day of Prayer Service will be held. The speaker will be the Rev. Charles Reinbrecht, a Lutheran missionary to Hong Kong, who is presently in this country on furlough. The theme for this year's service is "More Than Conquerors." Besides the Lutheran Church, other local participating churches are the United Church of Christ, United Presbyterian, Evangelical United Brethren, Piney Creek Presbyterian, and Piney Creek Church of the Brethren.

The World Day of Prayer has a meaningful history of more than 75 years. The idea began when a Mrs. Darwin James of Brooklyn, New York, made a plea for a national day of prayer. Her concern was to have time set aside to pray for home missions and to bring gifts for their support.

The World Day of Prayer observance encompasses these five ideas: an awareness of and a commitment to the reality and power of prayer; a concern for the need of all people for the message of the Christian faith; participation of the total Christian community without regard to denominational, racial, national, and cultural distinctions; the universality of the theme; the opportunity to bring gifts for the united outreach of the Church through interdenominational efforts.

All concerned Christians in this community will want to add to their meaningful keeping of Lent by attending this service.

IMPORTANT WORKERS' CONFERENCE MEETING

Next Tuesday evening at 7:30 P. M., the Quarterly Workers' Conference of Officers and Teachers of Trinity Lutheran Church will be held at the church. The question: "What is the Long-Range Plan and how will it affect Trinity Lutheran Sunday Church School?" will be answered.

This topic is a vital one; this particular conference, a very important one. All officers and teachers, all parents and all others interested in the Christian education of our children, youth, and adults, should plan to be present. Mrs. Theodore Jester, a superintendent in the Church School, is in charge of this program.

MCINTIRE NAMED STATE ATTORNEYS' ASSOC. SECRETARY

T. Bryan McIntire, State's Attorney for Carroll County, was elected secretary of the State's Attorneys' Association of Maryland at its mid-winter meeting held in Baltimore last Friday.

Montgomery County prosecutor Leonard T. Kardy has been elected president of the State's Attorneys' Association of Maryland. Kardy's election Friday marked the first time in 30 years that anyone outside of Baltimore City has held the post.

Other officers selected at the Association's meeting Friday were Frank H. Newell III of Baltimore, Alfred T. Truitt, Jr., of Salisbury and Arthur H. Marshall, Jr., of Prince Georges County, vice presidents; T. Bryan McIntire, Jr., of Westminster, secretary, and Cornelius F. Sybert, Jr., of Ellicott City, treasurer.

Taneytown Jaycees Plan Minstrel

The Taneytown Jaycees announce that plans for the Community Minstrel Show to be produced in April are progressing nicely. The show will be presented in the Taneytown H. S. Auditorium on April 18, 19, and 20, for the benefit of their many community projects.

Plans are being supervised by a general committee headed by Larry Little and James Fair, co-chairmen, along with William Abrecht, Harold Corbin, and Melvin Mills.

Mr. Neal Powell will direct the show with Mrs. Anna Motter in charge of music and Mrs. Barbara Baumgardner handling the choreography. The search for talent is still under way and anyone interested in helping with the show is urged to contact any of these people. The next meeting of the committee and directors is scheduled for Thursday evening at 7:00 P. M. in the High School music room.

We have often observed that the people who have nothing much to do are usually very impatient.

Chamber of Commerce Meeting

Mr. Milton B. Millon, Speaker

The Taneytown Chamber of Commerce held its regular meeting at Taney Inn on Monday, February 18, at 6:30 P. M. After dinner and a brief business meeting President Dunham turned the meeting over to Mr. Neal Powell who was program chairman for the evening. Mr. Powell reviewed the Chambers' activities and accomplishments for the past year and then introduced Mr. Millon, the main speaker of the evening.

Mr. Millon is a native of Maryland, has a B.A. in Government and Politics, University of Maryland, 1950; Master's Degree in Political Science, University of Chicago, 1952; 1954 to 1955 — Assistant Executive Secretary, Maryland Municipal League; 1955 to 1958 — Assistant City Manager of Rockville, Maryland; 1958 to 1959 — City Manager of Aberdeen, Md.; 1959 to present — Director of the Municipal Technical Advisory Service, University of Maryland. Mr. Millon's informative, knowledgeable and challenging message carried the theme: "Community Development as it Relates to Industrial and Commercial Growth." Even though Mr. Millon digressed at many points we shall confine ourselves, in this report, to the prepared text of his remarks:

The text: "It is a pleasure for me to be with you in Taneytown this evening. I would like to thank Neal Powell for not only his very kind introduction but also for the invitation to talk with you. I was able to read very carefully the 'Community Survey of Taneytown' prepared by the Taneytown Junior Chamber of Commerce. The community should be proud of this excellent study—I must say that communities 20 or 30 times the size of Taneytown have shirked the task of producing a community survey. I think the Junior Chamber has made a giant leap forward in the general area of industrial growth for the community by identifying and analyzing the strengths and weaknesses of Taneytown. I must confess, upon reading the survey that Taneytown has a tremendous number of assets and really very few liabilities. Perhaps Taneytown's assets as an industrial location are not as obvious as one may think. You do have good transportation facilities, you do have water and sewer services, you do have good schools, good government, fire and police protection, a labor pool, and a reasonable tax rate. I think some of the less obvious advantages is the broad range of recreational, intellectual and cultural activities within 1½ hours from Taneytown. You are within 1½ hours drive of the most important capital in the world. Within two hours are some of the country's best colleges and universities. A major league ball game is at hand in Baltimore or Washington. One can go north or west for fishing and east for swimming. You have a delightful town here, no traffic jams, a few parking problems, few police problems, good roads, little juvenile delinquency.

"One must be careful to bear in mind that the attraction of industry into a community can have many liabilities as well as assets. Many communities have rued the day they brought a new industry into town. Let me cite a few liabilities which industry can bring to a community. "1. The runaway employer—who enters a community having runaway from another community—his sole purpose can be to milk the community dry—with tax concessions, land and utility concessions, he often wants the community to build his plant for him, he wants to make no capital investment in the town. Once this type

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning smiling. A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer to cheer.

Each future day and in some way—help to bring you happiness!

Well, folks remember these cold, cold days when the thermometer soars in the Summer coming! Never have I heard so many say, "This truly is the worst Winter yet!" And not over with this month and March coming along.

The cutesy that I have seen that Bobby of mine do was when I placed a new blanket for him to lie down on after his bath and I went to straighten it out to make him more comfortable. He thought I was going to take it away from him and he growled at me and pretended he was going to frighten me by trying to bite my hands! I laughed aloud and then he wagged his tail!

How sweet the Annual Meeting of the Minister's wives and the lunch following at Hochschild! Nothing could compare!

Am looking forward to Princess Grace on Sunday evening showing the world her Palace and those interesting places nearby. Eh?

As to that Crab Cake which Senator Beall criticized. It was not the crab meat but the awful recipe which was named, "Maryland Crab Cake." One can cook any kind of a dish with a grand recipe regardless of the state from which it came. I have my very own recipe for crab cakes by adding a chopped onion which gives them a grand taste, instead of the mustard.

Mrs. Housewife, always use a plastic bucket for scrubbing up your floors and woodwork for it means no scratches left on the floors as the bucket is moved places. And be sure especially during this awful Virus going around that you wipe off your telephone with Listerine daily to kill the G E R M S ! Do not go around anyone who is just convalescing for that means the Germ is being thrown off to the next individual right there.

One really does not know Baltimore these days for each time, I am down town and seeing many of the buildings being dismantled, I almost forget what had been in that very place. Hundreds of men just stand and watch the operation and I think that I was the only woman. It is truly fascinating.

Hope you did not miss my favorite actress on TV, Julie Harris in "Pygmalion" the other night. Am trying my best to get "Wuthering Heights" on a station for you and for that truly was the best TV show I have ever seen with that grand STAR!

Mr. Business Man, watch automobile business soar if the fare goes up on the buses again! Just be ready with those used cars but be sure and offer good ones. That is how your business can grow by the deal.

Ladies, when you use a lemon the next time — don't throw it away, but quickly rub it briskly over your hands, as it makes the skin one you love to touch! Just like velvet.

The very finest candy sold in Baltimore is at the Hoch-May Co. which I discovered the other day and thousands knew that before I did. While in that store I was watching the salesgirl placing on eye lashes on a customer and I quickly asked Miss Speight in the Max Factor Department what price they were. The reply came quickly, "Seven dollars and fifty cents." Whee!

Now, here's to those who really want to add a few pounds of you are shy the normal weight. Just drink one pint slowly of that wonderful "KOONTZ'S MILK," every night before you retire and don't gulp it down

SUBSCRIPTION RATES BEING INCREASED

The Publishers of THE CARROLL RECORD, as a result of circumstances beyond their control, find it necessary to increase subscription rates.

On and after March 1, 1963, the annual subscription price will be \$2.00 per year, in advance. During the past decade or more, although subjected to continued pressure, in the form of wage increases and material costs, the Publishers have sought to absorb these mounting expenses through a narrowing margin of profit; until they have found themselves operating at such an extremely narrow profit figure that any further cost increases would prove disastrous. This increase has now come about in the form of considerably advanced postal rates on mail matter, including newspapers, on and after January 7, 1963.

At that time the privilege enjoyed by newspapers for the past century or more of mailing their publications free of cost to subscribers residing in the county of publication came to an end and a "per pound" rate, or a "per piece" rate depending upon whichever is the greater, has been put into effect. At the same time the "zone rates" for subscribers residing at varying distances from the publication point has also been increased. These postal increases affecting the mailing of The Carroll Record as well as all other mailing which is necessary in the operation of such a business, have made it imperative that we ask our subscribers now to assume a reasonable portion of this additional financial burden.

We are striving to give our readers and subscribers the best weekly paper possible in our area. The few cents more a week they will be required to pay for The Carroll Record is negligible when considered alongside of the satisfaction received in reading a home publication. We want, and we trust you do too, to continue to publish The Carroll Record and to that end we must ask your cooperation in making it possible for us to produce it. When it is recalled that most other things have doubled and tripled in cost over the years, the price of The Carroll Record is still very low in comparison.

Accordingly, effective March 1, 1963 and thereafter, the cost of THE CARROLL RECORD will be \$2.00 per year (West of the Mississippi River \$2.50 per year) in advance. 5c per single copy.
