Test scores will also be available at this time.

LOWER RATES FOR ELECTRICALLY-HEATED HOUSES PROPOSED

A sharp reduction in electric house heating costs appears to be an early prospect for customers of The Potomac Edison Company. Mr. John W. Morgan, local manager for the utility company has announced that his organization today filed a complete new house heating rate with the Public Service Commission of Maryland. According to Mr. Morgan, the new rate will provide heating at a bottom figure of 1 2/10 cents per kilowatt hour as compared to the 1 3/4 cent figure presently in effect. The proposed rate will be available to all customers who use electricity to heat their entire homes and will also apply to all other uses of electricity in such homes including water heating.

The proposed rate is as follows:

For the first 150 kilowatt hours or less — \$5.65;

The next 250 kilowatt hours at 2¢ per kilowatt hour;

The next 250 kilowatt hours at 1.50¢ per kilowatt hour;

All over this amount would be billed at 1.20¢ per kilowatt hour.

Subject to the approval of the Public Service Commission, the new rates will become effective the 21st of March, 1963.

In commenting on his company's action, Mr. Morgan said "the proposed new rate compares favorably with that available from any other investor owned electric utility anywhere in the country. It should enable us to much more actively develop and promote the electric house heating market. The approximately 1,000 customers of the utility system who presently heat their homes electrically will benefit immediately upon approval of the rate."

Keyette Club of Taneytown High School Organized

Through the efforts of President Linda Hopkins and Mrs. Naomi Baumgardner the Keyette Club of Taneytown High School has been organized with a membership of 29 girls. The Keyette Club is sponsored by the Ki-Wives of Taneytown. It is comparable to the Key Club of Taneytown High School sponsored by the Kiwanis Club of Taneytown.

Mrs. Virginia Sanders is the faculty advisor for the Club. Mrs. Naomi Baumgardner, Mrs. Sanders and several of the girls attended a Maryland District Meeting at Kensington in February at which time the Club was voted into the district. This Club is not a Social Club but a Service Club.

March 1, 2, 3, the National Keyette Convention will be held at the Marriott Key Bridge Hotel, Arlington, Va. This convention is the Regional District of Delaware, Md., Washington, D. C., and Virginia. Twenty-three girls plan to attend this convention. They will be accompanied by Mrs. Sanders, Pres. Linda Hopkins, Mrs. Naomi Baumgardner and Mrs. Geo. Motter. We are pleased to have Mrs. Motter offer her services as another faculty advisor for this Convention.

TANEYTOWN LIONS HAVE FARMERS AS GUEST

Taney Inn was packed to capacity Tuesday evening when the farmers were guests of the Taneytown Lions Club. The Club was visited by a delegation from the Roaring Run Lions Club with their candidate for District Governor, Fern Smith.

Lion Charles Little, who was program chairman, presented Steven Feeser. Steven gave two vocal selections accompanied by Miss Marian Dunham on the piano. Homer Myers then introduced Ens. G. F. Turner of the Naval Aviation Officer School, Pensacola, Fla. He is training to be a Radar Flight Interceptor officer. Ens. Turner gave a short description of a picture which was taken during President Kennedy's recent review of the Navy Maneuvers. Ens. Turner presented Ed Allen, Petty Officer 1st Class, from the Naval Air Reserve Training Unit, Naval Air Facility, Andrews, Washington, D.C. Officer Allen's unit is from information and Recruiting Dept. to procure and enlist veterans, high school and college students for Naval Aviation. Officer Allen then proceeded to show the picture of President Kennedy's review of the Navy and Naval air power. These terrific pictures showed the power and speed of the Naval Air Arm and the Atomic aircraft carrier Enterprise together with submarines, destroyers, landing boats manned by Marines and Navy personnel. With this terrific power we wonder how a Cuba controlled by Russia can happen on our door step.

The Club was reminded of the annual shrimp and oyster feed March 12th at St. Joseph's Hall.

BOARD MEETING OF TUBERCULOSIS ASSOCIATION

Case finding and the program of education were discussed at the meeting of the Board of Directors of the Carroll County Tuberculosis Association on Monday evening at the headquarters in the Times Bldg.

Robert Lee Miller, president of the association, presided at the meeting and introduced the following members and guests, Mr. Frank T. Jones, Executive Director of the Md. TB Association; Dr. Donald Fisher, Carroll County Health Officer; Dr. James P. Earp, Professor of Sociology at Western Md. College; Miss Shirley Stauffer, Western Md. College; Mr. Edwin W. Shauk, Miss Ann Reifsnider, Mr. Preston G. Coffman, Mr. and Mrs. A. Millard Roelke, Dr. Phillip Mercer, Mrs. Ruby Armacost, Seal Campaign Secretary, and Mrs. Ethel Cook, Executive Secretary.

Pres. Miller announced that the Carroll County Annual Dinner meeting would be held at Miller's Dining Room on April 25, 1963. He also expressed his appreciation to everyone who helped make the 1962 Christmas Seal Campaign so successful.

Dr. Phillip Mercer, Case Finding Chairman, reported that his committee had met and plans were being made for case finding for the coming year. Dr. Mercer's aim is to find every case of tuberculosis in Carroll County. He mentioned that there were 16 new cases of TB in the County in 1962 and that tuberculosis can be prevented and we cannot afford to rest content as long as tuberculosis threatens the life of any person in Carroll County. "Tuberculosis is a communicable disease, spreads from person to person. We must continue to disseminate information about tuberculosis, take the necessary steps to find all unknown cases, provide facilities for the treatment of the people with the disease, help rehabilitate patients and assist in solving their social and economic problems until tuberculosis is eradicated in our County."

In the absence of the Seal Campaign Chairman, Mrs. Paul Smith, Pres. Miller said that the Campaign had reached \$11,780 with returns still coming in, and that Carroll County was the 12th County to pass their last year's total.

VOL. FIRE CO. KEPT BUSY

The Taneytown Volunteer Fire Co. has been very active this week responding to calls for extinguishing fires and also with numerous calls for their ambulance service.

The Fire Co. reported a large barn was destroyed on the farm of Albert Liebno, Bear Run Rd., near Taneytown, early Saturday morning. Lost in the fire were two tractors, six heifers, a mature spreader, a chain saw and some hay, corn and straw.

Yesterday (Wed.) morning the firemen were called to extinguish a chimney fire at the home of Michael Drabno, near Mayberry, Md.

In the afternoon they were again called out to a barn fire at the Arthur Montgomery property on Bert Koonz Road. Destroyed by the blaze of the barn were some cattle, hogs and two corn cribs.

Pet Show at Elementary School

A pet show was held at the Taneytown Elementary School on Friday, February 22. The show occupied the greater part of the auditorium and included: dogs, cats, pigeons, doves, ducks, turtles, hamsters, guinea-pigs, rabbits, a skunk, chickens, and two goats. All entries received either a red or blue ribbon and one of the goats ate his.

The show was sponsored by the Student Council under the guidance of Miss Shreeve.

REHEARSALS BEGIN FOR MINSTREL

The first rehearsal for the Taneytown Jaycee Minstrel Show will be held in the High School Auditorium this Thursday at 7:30 P. M. is announced by James Fair, chairman. This will be for the chorus and first part end men. Anyone interested in singing in the chorus is cordially invited to attend this first session.

The Minstrel will be presented on April 18, 19, and 20 in the High School.

KI-WIVES MEET

The Ki-Wives of Taneytown met Monday evening at 6:30 at Taney Inn. After singing America and the pledge to the flag the invocation was offered by Alice Frock.

A delicious meal was served and followed by group singing with Daisy Pearl Reifsnider as leader and Esther Harner as pianist.

President Linda Hopkins welcomed the members, husbands, Kiwanians, Kiwanianes and visitors. Her remarks were brief because this was our card party. She announced the Fashion Show to be held in Washington, March 21st. Two birthdays were recognized, Kaye Mohny and Hazel Cluts. Happy Anniversary was sung to Hazel and Charley Cluts in honor of their 48th anniversary. They were happily surprised by Marian Leaking presenting them with an anniversary cake, attractively decorated saying, "Happy Anniversary 48". They shared the cake with the group at dessert time. Many thanks Marian, for a very thoughtful gesture.

The guess cake baked by Mrs. Robert McNair was not guessed. It was auctioned off to George Harner. Kaye Mohny exchanged her monkey for a cat and it made its appearance at every table during the evening.

All had a very enjoyable evening with spades, clubs, diamonds and hearts. Marian Leaking distributed the prizes at the end of the game.

AUTOMOBILE ACCIDENT

Three persons were injured in an accident Tuesday at about 7:40 P. M. on the Uniontown-Taneytown Road about one mile East of the Clear View Road.

The three, all admitted to the Carroll County General Hospital, were Glenn Golden, with severe lacerations of the face and a possible fractured chest; Wayne Hughes, Hampstead, suffered lacerations of the nose, and Thurston Putman of Taneytown sustained lacerations of the forehead, police said.

State Police in Westminster said that Hughes was traveling West on the Uniontown Road in a 1957 Pontiac coupe and collided head-on with a 1959 Chevrolet sedan traveling east operated by Putman. Golden was a passenger in the Hughes vehicle, police said.

Tpr. W. A. Hamilton, Jr., investigated and charged Hughes with reckless driving. He said the Pontiac was a total loss and the Chevrolet was possibly a total loss.

YOUNG PEOPLE HOLD SKATING PARTY

The youth groups of the Carrollton and Wakefield Churches of God held a skating party Thursday evening, Feb. 21, at the Rainbow Rink. There were 81 in attendance, including representatives from the youth group of the Taneytown E.U.B. Church, the Westminster Church of God, and other friends of the Carrollton and Wakefield young people.

At 10 P. M. a half-hour devotional program was conducted. Mr. Bob Hook, Pleasant Valley, provided accordion music for group singing and also presented a solo on the accordion. Rev. Argyll Dick, pastor of the Wakefield Church of God, welcomed the group and introduced his brother, Rev. Bruce Dick, who presented a challenging message from the book of Daniel. A fine time of Christian fellowship was enjoyed by all.

TAX NEWS

Farmers May Obtain Credit Even If Operating At A Loss

Mr. Farmer, if your gross income from your farm in 1962 was at least \$600, but not over \$1800 you can elect to have 2/3 of your gross income credited to your social security account. You can get this social security protection by filing a self-employment tax return with the Internal Revenue Office, and paying the social security tax. The last day for filing the tax return for 1962 is April 15. You can get more information about this special provision from your Social Security Representative at the County Office Building in Westminster, your Internal Revenue Service Representative at the Post Office in Westminster or the First National Bank, the 1st Tuesday of every month.

SCOUTS PLAN PAPER DRIVE SATURDAY IN TANEYTOWN

The regular collection of rags, magazines and paper will be made on Saturday, March 2, by Boy Scouts of Taneytown Troop 348, sponsored by Hesson-Snyder Post 120 of the American Legion. Besides Taneytown itself, the roads leading to Bridgeport, Crouse's Mill, Copperville and Mayberry and the Baptist Road to Starner's Dam will also be covered. Bundles tied securely are appreciated but Scouts gladly pick up from basement or attic if the need for in the course of the paper drive. Should the weather prove inclement, a new date will be published.

New Member Influx

Five members of the troop earned special "Go" Roundup neckerchief slides for each recruiting a new boy in the period September 15-December 15, awarded by the Baltimore Area Council, and last week they received their awards; namely Patrol leaders James Frock and Thomas West, Patrol scribes Robert Howarth and Gary Wantz, and Scout Steven Wantz. The recruits brought in and now Scouts of 348 were, in the order of their admission, Robert Howarth, James West, Jack Howarth, Gary Etzler and Donald Hahn.

Since that time Douglas Dayhoff, Robert Eckert, Edward Thompson, Samuel Cassell, Brett Fleagle, Carroll Foreman and Allison Baker have completed the Tenderfoot tests and been received into full membership.

Fox Patrol Hike

Members of the Fox patrol under Frock, patrol leader, and Philip Martin, Assistant, took a hike to Keymar Sunday before last as an activity for the current patrol contest, in which they lead. Thompson, Thomas West and Ronald Martin (the last two as guests) also made the trip.

The Scout hall has blossomed with numerous projects to beautify patrol corners, including Boys' Life reprints, activity emblems, bookends, wall brackets and membership plaques. The Planning Arrows under Thomas West, the Foxes under Frock, and the Panthers under Ricky Clingan as leaders have been especially diligent in earning these contest recognitions.

Leadership Changes

With the advancement of Charles T. Welk to Assistant Scoutmaster and of Samuel Bower to Senior Patrol leader, several changes in Green-Bar leader status have been made: Frock became Fox patrol leader, Clingan Panther leader, and two new patrol scribes took office, Robert Howarth among the Foxes, and Gary Wantz among the Panthers. Foreman has been elected Quartermaster on Clingan's relinquishing his temporary tenure of that job in order to assume the patrol leadership.

Program Highlights

Scout week was observed by attendance in a troop body at Grace United Church of Christ where the Rev. William F. Wiley was observing Youth Sunday. Other Scouts of the troop were present in uniform at St. Paul's Lutheran Church, Harney; St. Joseph's Roman Catholic Church, Taneytown; and Holiness Christian Church, Keymar.

Semaphore signaling, first aid, second Class measuring, dramatics, mapping symbols, sketching and contour lines and inspection have been the main contest themes, while old stand-bys like cockfight, steal the bacon, horse and rider contest, crows and cranes, British bulldog and swing the rope have been enjoyed, as well as several promising new ones like fill the gap, spelling bee, bounce ball, "flapjack" flipping relay and ping-pong.

Advancement

Senior patrol leader Bower will again have charge of theme and contest this Thursday, while opportunity will be given in Morse signaling to those newly selected leaders who may not officially wear patrol leader emblems until they become First Class Scouts (Morse being one of the more difficult requirements thereof). A Troop board of review will come shortly after March 1 to enable these boys to advance, as well as at least one ready for Second Class, and one for Star Scout, rank. Merit badges have recently been earned in chosen fields, namely Bower, Citizenship in the community; Clingan, First Aid, and Thomas West, Citizenship in the home and Reading.

Paper Drive Saturday

Scouts able to assist with the scrap collection Saturday are urged to report promptly at 8:00 A. M. In the event of unsuitable weather, a new date will be announced.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning.
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Hope you and you did not miss, "The Home Furnishings Show" in the massive new Civic Center. It was much more elaborate in every way than when presented in the Armory. The rooms or "Nooks" furnished as to quite a few real Marylanders were lovely and beautifully done to every detail. There was somehow extra charm to the room of Estelle Dennis she sitting right there. That is ready to put on those gold slippers which were placed on a King size red pillow on the floor. There was an old fashioned double door wardrobe painted in Gold Leaf. There was the artistic table upon which was placed the flowers that were supposed to be presented to her for an encore. There was the beautiful small upholstered chair. Two matching vases. It all was most artistically arranged. I placed my card under one of the vases. I consider her a precious friend! She should have been a dramatic actress. The sweet part was that one of the doors was ajar of the wardrobe showing the dance costumes!

Another exhibit which intrigued me was the Partial Room of Our Governor and The First Lady, Mr. and Mrs. C. Millard Tawes.

A very interesting exhibit which you, no doubt had read about was Straghan's Redwood Log House. That truly was fascinating. The exterior was really the tree and the inside of this GIANT REDWOOD was a lovely and most comfortable home which is taken around to the different cities. It was built by Mr. Straghan 29 years ago who had been fishing and ran for shelter in a nook of one of these giants and it was right there and then the idea came to him as to building his home from one. The tree is 14 feet in diameter, 267 feet tall and 1900 years old which he decided that very day would be his future home after hunting for just the right one for the selection.

I had the pleasure of meeting this couple as they sat outside of their home and the little lady was telling me so many interesting facts. Plus the big happiness involved. It required two men in the building and took a little more than a year!

It truly is fascinating to go through it. It is taken around the United States — this famous home on a long truck on exhibitions.

There is a living room, bedrooms, kitchen just as though you were entering one of those big Trailers and has every convenience. As I left the building and was walking up the street along side of the Civic Center, I saw a large brass plaque on the wall of that building and going closer read, "On this site stood, 'Old Congress Hall' in which the Continental Congress met December 20, 1776 and on December 27th conferred upon General Washington extraordinary power for the conduct of the Revolutionary War!" And that did surprise me!

The most beautiful girl in the world without a doubt is that precious Princess Grace of Monaco and it seems that she is more beautiful than ever! Eh? It is truly wonderful how she adjusted to this life. She gave up all and yet the Prince gave up nothing and I think you know just what I mean. Even as beautiful and wonderful as to the visit on TV to Monaco, I wonder how many American girls would be perfectly happy right there? I imagine it would be a wonderful place to visit for say about three days. The two children of this couple are sweet — the girl resembling her father and the little boy very much like Princess Grace.

Will be seeing you at the Baltimore Museum of Art to view the Melvin Gutman Collection of Renaissance Jewelry which they say is composed of 240 pieces of rings, necklaces, pendants and medals. All the works in the Gutman collection are of continental European origin and the bulk of them were commissioned by persons of rank and substance as personal adornments. The ladies will love all this, I am sure!

In my next Column will be writing of that wonderful sign of "Pisces" — those born from February 20 to March 20 inclusive.

Have a grand week-end, Folks. Do not go out at all if it is not absolutely necessary if it is bad weather. Until next week D. V.

I am,

Faithfully,
YOUR OBSERVER

4-H CLUB WEEK IS COMING

National 4-H Club Week, which is to be observed during the March 2-9 period, deserves special attention.

We live in a time in which juvenile delinquency has become a national problem of great and growing dimension. Every possible force needs to be brought to bear against the dismaying trend. The 4-H movement ranks high in this respect.

The young men and women who belong to the far-flung 4-H organizations learn how to make the most of the land, how to handle animals, how to develop character within a natural and healthy environment. They bear within them, to a great extent, the future strength, discipline and solidity of this nation.

All power to 4-H Week. May it be a resounding success!

FACTS AND OPINIONS

Writing in the Oregon Voter, Ralph T. Moore says: "The labor union has done much to emancipate the worker. But it is a force to be used with a sense of public responsibility and accountability. A lesson is badly needed to drive home the fact that even the powerful labor unions derive franchise from the public consent, not from government. This arrogant disregard for the public safety and convenience must be eliminated, and will be. It is better if done by the labor unions themselves."

The New Mexico Press Association has adopted a resolution labeling a reduced postal rate granted to rural electric cooperatives an "unfair burden to other publications and taxpayers." The resolution, which has been forwarded to the Postmaster General and members of the New Mexico congressional delegation, notes that the "change granting special low rates to Rural Electric Cooperatives were not even discussed in the postal bill hearings."

The aviation and petroleum industries are pooling their resources to produce a 2,000 mile per hour supersonic transport. No other aviation project has ever placed so much dependence on the oil industry for its economic success. It has been found that fuel will represent 48 per cent of the operating costs per seat mile, as against 33 per cent for today's jets and 22 per cent for piston engine aircraft.

In the view of Chairman Oren Harris of the House Interstate and Foreign Commerce Committee, Congress must come to grips with the transportation industry's problems and enact some form of legislation. Pointing to the downward trend in total volume of traffic handled by regulated common carriers and the resultant deterioration in their financial condition, particularly of the railroads, he said: "This disclosure of past performance and estimates for the future are most disturbing because they indicate that the very existence of common carriers under private ownership is being threatened."

It is estimated that the sales of chemicals and related products will increase six per cent this year over 1962 for a total of about \$34.5 billion.

One of the most important institutions which has made possible the astounding development of the American society is the "rule of law." When the "rule of law" prevails, men can predict the consequence of their actions and can avoid entanglements and difficulties with political authorities. The deterioration of the "rule of law" continues at an accelerated

pace and has reached a point where men can no longer even estimate the consequences of either their individual or their collective actions. — Strom Thurmond, U. S. Senator from South Carolina.

The nation's gas industry, which includes pipeline companies, expects to spend \$1.8 billion on construction during 1963, according to American Gas Association. By 1965 construction necessary to keep pace with customer demands will exceed \$2 billion annually.

WHEN WINTER COMES YOUR HENS NEED HELP!

To fight the stresses and common diseases that attack hens in cold weather—add Purina Pura-Mycin to the drinking water.

Pura-Mycin treats birds for pennies apiece—has these advantages over most antibiotics on the market:

1. Mixes easily with drinking water
2. Fights CRD, blue comb, synovitis
3. Will not freeze
4. Stays potent for days
5. Very stable form of Terramycin*

Come see us. Ask us to tell you more about Purina Pura-Mycin.

Spring Planting Pointers

It's that time of year again. Old Sol stays around longer every day... three o'clock comes around later every day (for schoolagers).

It's the time to get busy on your lawn—the time when seed dealers are swamped with orders... and questions. Most frequent queries are:

"Why re-seed so early in spring, when last fall's seed is growing so well?" Answer: The shoots coming up now protect the new seeds and by summer, turf will be lush. In addition, popular Kentucky bluegrasses, like Merion, have germination periods of 15 to 28 days. But once established, they provide tight, wear-resistant, velvety turfs.

"How much Merion do I need for my lawn?" Because of the small size of the seed (2,500,000 to a pound) you can cover a greater area with Merion. For the new lawn, one pound will seed an area of approximately 750 square feet. For overseeding existing lawns, one pound is sufficient for approximately 2,000 square feet.

"What's the best sowing technique?"

Spread seed by hand by dividing it into two parts, sowing half while walking in one direction, and the other half while walking at right angles to it. Of course, you can use a spreader.

"Should I use straight seed or a mixture?"

Opinions vary. During early spring, a mixture of at least 40% Merion may be best for your soil, moisture and fertility conditions. On the other hand, straight Merion turfs stand up beautifully throughout the hot summer months if you fertilize adequately, mow regularly and water sparingly.

CURRENT EVENTS
FIFTY YEARS AGO

Jere J. Garner's new barn was successfully raised on Wednesday to replace the one recently burned.

Rev. Seth Russell Downie, Moderator of the Baltimore Presbytery, went to Baltimore, to assist in officially welcoming the Moderator of the Presbyterian General Assembly.

Airing-Davidson — On February 23, 1913, by Rev. Seth Russell Downie, at the Manse, Charles E. Airing and Edith R. Davidson, both of this community were married.

Buffington — Miss Ida M., eldest daughter of Mr. and Mrs. John E. Buffington, died at their home on Middle St., last Saturday morning, after an illness of about five weeks. In addition to her parents she is survived by four sisters and one brother; Mrs. George Mitten and Miss Fannie Buffington of Washington, Mrs. Walter Hape of near Taneytown; Miss Blanche of Philadelphia. Funeral services were held at the home on Monday by her pastor, Rev. L. B. Hafer, assisted by Revs. S. R. Downie, D. J. Wolf and L. A. Stangle, interment following in the Lutheran cemetery.

Keysville — Roy Six and wife, gave an ice cream and cake supper to the men and their families who helped to fill his large ice house recently. The following persons were present: T. C. Fox and family, Chas. Olinger and family, Byron Stull and family, Emory Snyder and son, Chas. O. R. Koontz and wife, Sidney Ellis, Geo. Myers, Marlin Six, Harvey Shryock, Chas. Shank, Reginald Clabough and Dr. Geo. Koop — Mrs. Addie S. Burns, of Nome, Alaska, arrived here Wednesday. She expects to make an extended visit to her uncle, Edward Shorb's — Mrs. John Stuller, one of our neighbors, met with a very sad accident while visiting at her granddaughter's, Mrs. Joseph Smith, near Bridgeport, Saturday morning by falling down a cellar way which caused her death on Monday.

BOARD OF APPEALS ZONING

The Board of Appeals met at 11 A. M. on Friday, February 15.

Mr. J. Harry Koller of Sykesville was appointed by the County Commissioners to fill the vacancy on the Board created by the resignation of Arthur B. Shipley. Mr. Koller is well-known as a registered surveyor and is also active in church and civic affairs.

An application for a trailer location on Hoff Road, near Union Bridge, was received and approved for Mr. and Mrs. Guy Parrish.

All the briefs from the attorneys on the Colonial tank farm case have been filed, however, the Board was unable to give this matter any consideration due to the absence of Mr. Francis Hering, who is hospitalized.

DETOUR-KEYSVILLE

Greetings to you:

At this writing my sympathy for the Flu sufferers is stronger than ever before. And no wonder: I'm just recovering from a bout of it myself. The worse thing about it, I do believe, is the way it just sneaks up on you and POW! you've got it. Of course, it is in no hurry to leave you either, for one feels so weak and full of cold for so long afterwards. So — I'm sure you will understand why I have not made any effort for news for this weeks column. Still have a number of items for you, however, and here they are:

Congratulations to Mr. and Mrs. Larry Weishaar who were married Saturday, February 23, at 2:30 P. M. at the Middleburg Methodist Church. Mrs. Weishaar is the former Miss Patsey Shipley of Taneytown. The Weishaars have purchased a home near Taneytown where they will reside after a short honeymoon trip.

Belated Happy Anniversary Wishes to Mr. and Mrs. Cecil (Bob) Priest of Forest and Stream Club Road. Somehow I "goofed" last week and forgot that their anniversary is the same date as my birthday—which I also share with Mrs. Charles Cluts, of Keysville. — February 25.

Congratulations to Mr. and Mrs. Newell Devilbiss of New Windsor. On Sunday, February 24, Jeffrey Leon was born at the Annie M. Warner Hospital in Gettysburg, Pa. He weighed in at 8 lbs. and 14 ozs. Mr. Devilbiss is the former Miss Marion Priest, and she just missed her parents "day" by one to present them with their first grandson. Best wishes to all of them.

Terra Rubra Girls' 4-H Club meeting for February had to be cancelled because of snow and sickness. The March meeting is planned for the 14th at the home of Jane and Beth Wilhide.

No new word on Mr. Earl Roper of Keysville-Taneytown Rd., who is in Annie Warner Hospital because of a heart attack. Don't forget to send him cards and notes to keep him company since only his family is allowed in to see him. — This lets him know how much we all are hoping and praying for his recovery.

Speaking of hospitals and cards, at last report, Clay Hahn is at Washington County Hospital in Hagerstown. Mr. Clay has a birthday on March 1st. Even tho' it will be past "all you read your news, won't you send him a card? Even a belated one will help cheer him. Thanks!

Mr. and Mrs. Eugene Fisher and Leslie of the Bank Apartments in Detour have moved to Woodsboro. I understand his work is there. The new tenants will probably be Mr. and Mrs. James Weishaar and Bobby of Union Bridge.

Mrs. Emory Yoder, who is in Union Memorial Hospital in Baltimore, seems to be coming along very well. She went in as a pneumonia patient and that seems to be quite well under control. Her leg, however, is still troubling her — tho' they don't seem to think it is broken — and is now weighted. Mrs. Yoder will be 80 on March 30; isn't she doing remarkably well? Don't forget that date for a birthday card: here is another one who so very much appreciates cards!

Mr. and Mrs. Carroll Wilhide and Mr. and Mrs. Clyde Wilhide of the Keysville Road were Sunday visitors with the Francis Fry family and mother, Mrs. Maurice Wilhide, in Baltimore. After leaving this home, they also called on Mrs. Emory Yoder in the hospital. Mrs. Yoder is the mother of both Mrs. Carroll and Mrs. Clyde Wilhide.

The Altar flowers from Keysville Lutheran Church on Sunday were given to James ("Jimmy") Coshun and Earl Roper.

Flower Committee for March for the Keysville Lutheran Church will be Mrs. Hazel Cluts, Chairman, Mrs. Marian Alexander, Mrs. Carl Austin, Mrs. Michael Bollinger, and Mrs. Florence Blanchfield.

The Keysville Lutheran Church Women will meet on March 4th with Mrs. Helen Dougherty and Mrs. Marian Coshun as Leaders. Specials are: Miss Vallie Shorb and Mrs. Elizabeth Shoemaker. Hostesses will be Mrs. Mary Devilbiss, Mrs. Doris Harner and Mrs. Mae Baumgardner.

Friday supper guests with the Carroll Wilhide family were: Gary Schnappinger, Miss Carol Sipes, her brother, Ricky Sipes, and his friend, John Gittings, all from Halethorpe, Baltimore.

I had a lovely surprise on Monday evening. In fact, two of them. Since I was unable to attend the Weishaar-Shipley wedding because of my Flu bout, Mrs. Mignon Weishaar very thoughtfully brought me and my family some of the cookies and cake that they had had at the reception. Later, Mr. and Mrs. Carroll Wilhide, Jane and Beth and Mrs. Richard Wilhide visited for awhile to wish me Happy Birthday and to cheer-me-up. I appreciated all this attention and also the many cards and good wishes I received and I thank each of you. It certainly does give one a warm feeling to know she has so many fine friends.

HARNEY

Catechetical Class Saturday, March 2, at 1:30, at St. Paul's Lutheran Church.

Services Sunday, March 3 at St. Paul's Lutheran Church. Worship at 9:00, Sunday School at 10:00, Pastor, Rev. John Fry.

Visitors during the week with Mr. and Mrs. Theodore Ridinger, Richard and Ronald were: Mr. Alpha Rime,

KEYSVILLE-DETOUR HOMEMAKERS CLUB

The Keysville-Detour Homemakers Club held their February meeting on the 20th at the home of Mrs. Loren Austin in Detour, at 7:30 P. M.

The Call to Order was given by the President, Mrs. Mary Ausherman, and the meeting was opened by the reading of the Creed by all those present. Roll Call was made and 17 members were present.

The Reading of the Minutes of the last meeting was made by the Secretary, Mrs. Irene Baughman, and Mrs. Ruth Thomas, Treasurer, gave her report.

There were two reports for the evening's program. First, Mrs. Ruth Thomas, Home Management Leader, gave hers on "Hard Floor Coverings."

This was tips on ways to make cleaning easier, such as, having supplies on both floors if you have a two-story house, and keeping those supplies within easy reach. Also using correct posture as you work, and don't forget occasional rest periods. They help to reduce fatigue.

There are, of course, various kinds of tiles and floor coverings and each must be cleaned and waxed accordingly. There are two types of floor waxes: solvent base, known as polishing wax and water base, known as self-polishing wax. Whatever type of floor covering you have determines the type of wax you should use. If in doubt which you should use, check with your salesman or your Home Demonstration Office. In between waxings, you can help your wax job last longer by wiping up spills as soon as they occur, using the floor brush attachment of your vacuum cleaner periodically or a dry mop or a damp mop can also be used if

as much water as possible has been removed, and also using flat surface glides on your furniture to protect the floor from dents.

Mrs. Florence Blanchfield, International Relations Chairman, gave a most interesting report on South Africa. She said she had been unable to attend the Leader's Training Meeting, she read "Inside Africa" by John Gunther and various other articles to give us her report. Some of the interesting points she brought out were: The Union of South Africa consists of 4 states which are all in the southern tip of the country; it was after the Boer War (1899-1902) that these 4 states joined together to form this Union; it was in 1961 that they became independent of England; and only 1/5 of the population is white.

Under old business was discussion of the March meeting. Our Club is to be hostess on March 20 at 1:30 P. M. at the United Church of Christ Parish House in Keysville to 3 other Clubs. They are: Mt. Union, Union Bridge, and New Windsor. The Agent is to be present and has a movie to show us. The Topic is "Food Facts and Fallacies." This should be a very fine meeting and we hope to have a good attendance.

Discussion was also held on the trip to Westminster to visit the Self-Service Dry Cleaning Plant. This is owned by Quality Cleaner and is located close to the Shopping Center. It was decided to meet at the shop on Wednesday, March 6, at 2:00 P. M. The owner of the shop has very cordially suggested that perhaps we would each like to bring along a small garment that needs cleaned — such as a sweater or skirt — and he will do them for us free of charge to demonstrate. I understand this same invitation has been extended to all The Carroll County Clubs and we hope to give a good report of our tour at our March meeting to the 3 Clubs who will be our guests.

New Business was a letter from the County Office about a series of 4 meetings to take place on Thursday evenings in March on Current Issues in the News. They will be March 7 — "Western Europe and the Common Market," March 14 — "Emerging African Nations," March 21 — "Our Stake in the Far East," and March 28 — "Communism and Latin America." All are invited to attend and there are cards available from your Club President to send to the County Office if you would like to do so.

The meeting was adjourned with the reading of The Collect and refreshments were served by Mrs. Austin and her co-hostess, Miss Vallie Shorb. These were in keeping with February with a valentine for each member and cherry pie as a dessert, along with all the other good things to eat.

Maryland Savings Bond Sales Reach New High

State Savings Bonds Chairman Charles P. McCormick announced that January 1963 sales of Series E and H Savings Bonds in Maryland totaled \$6,791,011 — the highest for any single month since 1952. This was an increase of 81% over the like year-ago month and represents 9.2% of the State's 1963 quota of \$74,100,000.

Talbot County led the State with 20.7% of its yearly quota; Somerset is in second place with 16.7% of goal achieved. Caroline County in third place, with 16.3%; Anne Arundel 4th place, with 10.9%; and Frederick County ranked fifth with 10.8% of quota made. Baltimore City sales for January totaled \$3,482,779.

As part of the Treasury's 1963 Freedom Bond Drive, Mr. McCormick stated that every family in the country is being asked to buy at least one U. S. Savings Bond between now and July 4, 1963 — the close of the Freedom Bond Drive. The attainment of this goal would increase bond sales by more than one billion dollars. This means one billion dollars added to the financial resources of our families; one billion dollars to aid the economy; one billion dollars to help finance the nation and strengthen it for the years ahead.

Believing that "Strong Families Keep America Strong," leading organizations representing national service, civic, professional, labor, veterans, farm, fraternal and women's have agreed to cooperate in this Freedom Bond campaign and will, through their own local units, ask each member's family to support this effort by buying a Savings Bond prior to July 4. Club units reporting 50% or better participation by their members, will be eligible for a Treasury Award.

It's not the minutes you put in at the table that makes you fat — it's the seconds.

Then there was the Agricultural College graduate who was voted most likely to sack seed.

"What does a bride think as she enters a church?"

"Aisle, altar, hymn!"

The right temperature at home is more surely maintained by the warm hearts and cool heads of those who live there rather than by electric thermostats. The News, Riverside, Ill.

"CHECK-UP OR CHECK-OUT" BY DICK MANSFIELD

Periodic motor vehicle inspection is a necessity, the Maryland Traffic Safety Commission warns, in order to safeguard all users of our streets and highways.

Effective periodic inspection programs raise the condition standards of all vehicles operating on public streets and highways, thus insuring safety not only to the traveling public but to the pedestrian as well. Motor vehicle inspection is an accident preventor. It has been proven from surveys made throughout the United States that those states having compulsory inspection have a lower death rate from traffic accidents than those without inspection. Most drivers are convinced that accidents only happen to others. When motorists visit inspection stations and see potentially dangerous conditions discovered in their own cars, they are reminded that accidents can happen to them.

States requiring periodic inspection do not become "dumping grounds" for mechanically unfit vehicles. All states surrounding Maryland have automobile inspection, therefore, at the present time, Maryland falls into this category. Compulsory inspection is not only a safety measure but also a monetary measure, because vehicles checked regularly and properly maintained will command higher cash values when they are traded or sold.

Every person who uses our streets and highways has a stake in this all-important vehicle check program, which can make the difference between death and destruction or life and the chance to live safely.

Southern States Cooperative Reports

Southern States Cooperative's net savings for members were up sharply during the first six months of the 1962-63 fiscal year, according to a report presented by J. E. Givens of Richmond, Va., to members at a regional board meeting held in Westminster, Md., on February 12, 1963.

These sessions — there are 48 of them held annually in a five state area — are held to give local community advisory boards, directors, stockholder committees, guest young farmers and agricultural workers the opportunity to hear a report on the cooperative's operations during the first half of the fiscal year. The members also discuss problems and policies of the cooperative as they affect the more than 350,000 individual members of the organization.

J. E. Givens told the 73 Southern States members and guest young farmers at the session that even though overall volume was down, increased operating economy gave the cooperative net savings of \$730,000 for the first half of the 1962-63 fiscal year. This compares with a net loss of \$509,000 in the first six months of the previous fiscal year.

Total overall volume for Southern States, exclusive of local farm supply and petroleum cooperatives, for the period stood at \$57.7 million.

In pointing out the extremely sound financial condition of the cooperative, J. E. Givens told members that the organization has about \$7.00 of current assets for each \$1 of current debt.

He also told members of the cooperative's expansion in feed and seed research programs as well as the opening of a new ammonium nitrate facility at Chattanooga, Tenn., in December. Members were also shown the cooperative's new emblem design that will be used in its identification program.

J. E. Givens also discussed the new tax laws and how they affect the cooperative and its members.

The members were also shown "It's the Farmers Business," a color movie produced by the Farmer Cooperative Service of the U. S. Department of Agriculture.

H. I. Milleson of Springfield, West Va., a director of the cooperative, presided at the session.

Guest young farmers attending the meeting were: Ronald Keyton, Clyde Weant and Myron Wilhide.

Attending the session from this area were George Flohr, manager of Southern States Taneytown Cooperative, local Southern States retail outlet at Taneytown, Md., and board members Clyde Wilhide, Carl Weant, Luther Senft, Claude DeBerry and Raymond Baker.

Student from T. H. S. Homemaker of Tomorrow

Betty E. Stonesifer is winner from Taneytown High School of Taneytown, Maryland in the 1963 Betty Crocker Search for the American Homemaker of Tomorrow. She thus becomes eligible for one of 102 scholarships with a total value of \$110,000.

Having scored first in her school in the knowledge and attitude test on homemaking given senior girls Dec. 4, the winners' paper has been entered in competition with those of other state high school winners for statewide honors.

The State Homemaker of Tomorrow will be named in the Spring. She will receive a \$1,500 scholarship from General Mills, sponsor of the program. A \$500 award will be made to the second highest ranking Homemaker of Tomorrow in the state. The school of each state winner will receive a set of Encyclopaedia Britannica.

Later, State Homemakers of Tomorrow with their advisors will enjoy an expense-paid educational tour of New York City, Washington, D. C. and Colonial Williamsburg, Va., which will culminate with the naming of the 1963 All-American Homemaker of Tomorrow.

The national winner's scholarship will be raised to \$5,000, with second, third and fourth place winners being granted \$4,000, \$3,000 and \$2,000 scholarships, respectively.

Prepared and scored by Science Research Associated, Chicago, the knowledge and attitude test is the basis for naming of local and state Homemakers of Tomorrow. Personal observation and interviews are factors in the national judging.

The 1963 Betty Crocker Search reached another all-time high in enrollment, with 410,466 girls in 12,964 schools participating. Since the program started nine years ago, approximately three million girls have enrolled, and, including this year, scholarship awards will approach the million dollar mark.

GEORGE WASHINGTON

Feb. 22, 1732 Feb. 22, 1963

On Feb. 22, 1732, a son was born into the wealthy, aristocratic Washington family of Westmoreland County, Virginia. The boy was named George, and he was destined to become the nation's first President. He was destined also to become America's most phenomenal legendary hero, for Washington lived at a time and participated in events which inspired heroic sentiments.

As we look back, briefly, on his life, we find that Washington received a rather meager education in a Westmoreland County school. After his schooling was completed, he went to live with his half-brother, Lawrence, at beautiful Mt. Vernon on the Potomac. The Fairfax family of Virginia employed young George as a surveyor in Western Pennsylvania from 1748 until 1750. In the following year, he entered the military service and was with General Braddock at the Fort Duquesne disaster in 1755. After the death of his half-brother, Washington made Mt. Vernon his permanent residence, increasing the estate to 4,000 acres. He loved the quiet, peaceful life of the plantation but duty to his country kept him away from it much of the time. Washing-

ton married Martha Custis, the widow of Dan Custis, but the couple never had any children of their own.

On July 3, 1775, Washington was given command of the Colonial Army at Cambridge, Mass., in the Colonies' fight for independence from Great Britain. He pressed the campaign to a successful close and took his leave of the army on Dec. 4, 1783. In rapid succession, Washington was elected President of the Constitutional Convention in 1787, went on to receive a unanimous vote as President of his country in 1789, was re-elected in 1793, and declined to run in 1797. Death came to him on Dec. 14, 1799, at his beloved Mt. Vernon, where he had at least enjoyed a few peaceful years.

So much for the basic activity of The Father of Our Country, as he came to be known. But what was the man really like? Physically, this Virginia plantation owner and tobacco planter was a tall man, with steely blue-gray eyes, large hands, and a pock-marked face. He was extremely military in bearing, and had about him a look of greatness that commanded the respect of his peers. In temperament, Washington was quiet, aloof and definitely aristocratic in taste. Few men ever knew him well enough to call him by his first name. A ready smile and quick wit were not part of his make-up. But he had fire and spirit enough. Once, as a young man, he danced for three hours without a pause. As a tough, demanding soldier, he cursed his men roundly when they ran in battle and his temper exploded when someone made a military blunder.

The one thing Washington never lacked was integrity. Here was a man who was willing to stake his life and fortune on his high principles, and to take up without question a task others could not perform. He never bent to the whims and requests of the crowd in order to achieve personal popularity or material gain for himself. Even when he was in error or defeat, Washington's integrity never deserted him. He was, indeed, "First in war, first in peace, and first in the hearts of his countrymen."

SOME DAY

I'm going home some day—
If I can ever find the pathway back;

For I have come too far, too far away,
A wanderer on a strange and alien track;

I saw the world ahead and only meant
To go a little way beyond — and then

To seek the old-time highway of content—
And live back home among my clan again.

I'm going home some day—
But every track I face is strangely new;

God grant I have not wholly lost my way,
But that in seeking all the long years through,

The mists may lift and I shall find once more
The path that leads me to the dreams of youth—

The lanes of light—the life I knew before
I left the old-time ways of faith and truth.

I'm going home some day—
So moves the dream of all the roving world;

The seekers of far lands who've lost their way—
God's countless aliens by the currents swirled

From out of the harbor and by tempests tossed
To unknown lands where they must ever roam—

But this is all that makes life worth the cost—
This endless dream, "Some day I'm going home."

—GRANTLAND RICE.

"WATTS NEW" EQUIPMENT EXHIBIT

Electrical and building contractors, industrial maintenance personnel, and realtors in this area have been invited to attend the annual "Watts New" equipment exhibit. The show for this area has been scheduled for the Eagles Club at Frederick on Thursday, February 28.

Sponsored by manufacturers and local distributor representatives of electric wiring and heating equipment, and by the local office of the Potomac Edison Company, this exhibit will be open from 4 to 9 P. M.

There will be exhibited the latest methods and devices now being employed in the electrical wiring industry in addition to the newest ideas in electric heating equipment.

Approximately 30 displays and exhibits will be installed and will reflect recent changes and new equipment. Representatives of equipment manufacturers and their distributors will be on hand throughout the evening to demonstrate the equipment.

Refreshments will be served during the evening and door prizes will be awarded. Sponsors of the show reminded that dress for the occasion is "strictly informal."

"Profit is the life blood of American industry — yet each year it grows smaller and smaller," J. M. Savell, East Prairie (Mo.) Eagle.

This Newspaper

wants pictures of all the children in this area to publish in a future series entitled "Citizens of Tomorrow". To make it representative of the entire trading area we want pictures of as many youngsters as possible. There is no age limit, neither is it necessary to be a subscriber to this newspaper. Therefore, we ask the cooperation of all the parents (and grandparents, too!) to help make this a success. The Studio hours and location are shown below. Just take your children there and several poses will be taken free of charge by a nationally known children's photographer who specializes in feature photography for newspapers. All proofs will be shown and you select your favorite pose for publication. There is no charge or obligation. You may, if you wish, order photographs for gifts or keepsakes from the studio, but this is entirely up to you.

MARY WASHINGTON'S

Baking Fun

#4
Tempt your family's hearty morning appetites with these tasty quick breads and pancakes. Mouth-watering treats are easy-as-pie when you try Mary Washington's special recipes. Gather ingredients together the night before... and presto you're ready to mix and bake while the coffee brews.

CHEESE-SESAME MUFFINS

2 cups sifted, enriched, Wash- 3 tablespoons oil or melted
ington Self-Rising Flour shortening
2 tablespoons sugar 10 1/2 inch cubes of cheese
1 egg Sesame seed
1/2 cup milk

Combine flour and sugar; beat together the egg, milk, and oil. Add liquid ingredients to dry ingredients and stir until flour is just dampened. Fill greased muffin cups 3/4 full with batter. Place a cube of cheese in center of each muffin. Top with sesame seeds. Bake at 425°F. 20-25 minutes or until golden. Makes 10 large muffins.

MARMALADE-NUT CRESCENTS

2 cups sifted, enriched, Wash- About 1/2 cup milk
ington Self-Rising Flour Orange marmalade
3 tablespoons shortening Finely chopped nuts

Cut shortening into flour until mixture is crumbly. Gradually add milk until a soft dough is formed. Turn out onto a lightly floured surface and knead gently six strokes. Divide dough into two pieces. Roll each ball into a circle about 1/4 inch thick. Cut into eight pie-shaped pieces. Spread one teaspoon of marmalade and one teaspoon of nuts on each wedge. Roll up, beginning at the wide end. Curve into crescents on an ungreased baking sheet. Bake at 450°F. (very hot) oven for 12-15 minutes. Makes 16 crescents which may be served either warm or cold.

GRIDDLE CAKES

2 eggs 2 cups sifted, enriched Wash-
1 cup milk ington Self-Rising Flour
1/2 cup oil 3 tablespoons sugar

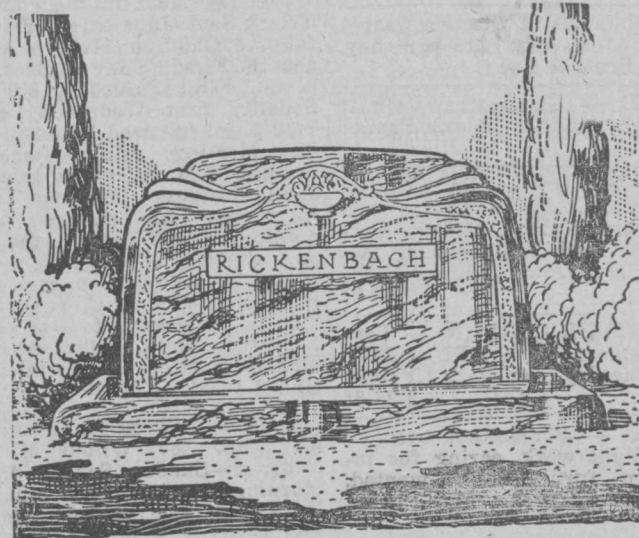

Combine egg, milk and oil; add flour and sugar; stir until batter is smooth. Bake on a pre-heated griddle until bubbles begin to form; turn and bake on other side until golden brown. Makes 12 medium griddle cakes.

A valuable addition to any kitchen library is the 40 page book containing these and dozens of other recipes which may be obtained free of charge by writing Mary Washington, 3261 K Street, N.W., Washington 7, D. C.

KITCHEN HINTS

TO SIFT OR NOT TO SIFT... THAT IS THE QUESTION!
In case you're wondering why my recipes call for "sifted" flour, this is simply to provide accurate measurement. You see, all flour is pre-sifted at the mill. However, packing and storage cause compacting. So when you sift at home, you are restoring the original light fluffiness on which the recipe is based. Try this test at home with whatever flour you use regularly: Measure out a cup of sifted flour. Then measure a cup dipped right out of the bag. Now weigh both cups—you'll find that the "dipped" cup weighs up to 25% more, meaning that more flour would be added to the recipe than the recipe calls for, thus changing the proportion of the ingredients. So when your recipes call for sifting flour, then sift by all means for accurate cup measurement.

Mellow Cheese Dip A Party Treat

Because of its name and unusual flavor, many persons believe that Liederkranz Brand cheese is imported. Actually, it's an all-American cheese, made exclusively by Borden's at its Van Wert, Ohio, cheese factory which is the largest in the world.

Liederkranz is a soft ripened cheese which has a pleasantly mellow flavor, spreads well and combines excellently with a number of ingredients. One example is a tasty cheese dip that paves the way to being a "knowing" hostess.

With the creamy dip, serve a variety of crisp raw vegetables in sizes for easy dipping with the fingers. Include salty rye bread slices or crispy toasted crackers and cups of hot instant coffee.

Creamy Liederkranz Dip

(Makes about 3 cups)

1 (4-oz.) package Liederkranz 1/4 teaspoon salt
Cheese 1/8 teaspoon black pepper
1 cup (8-oz. container) 1/3 to 1/2 cup minced chives
creamed cottage cheese 2/3 to 1 cup sour cream
1 tablespoon RealLemon Juice

Let Liederkranz Cheese stand at room temperature until softened. Cream together with cottage cheese. Stir in lemon juice, salt, pepper and chives; blend well. Fold in sour cream. Chill well. Garnish with additional chopped chives. Serve with crackers and assorted crisp vegetables.

Facts, Fads and Fancies

FACT
The most lavish film ever made was the 1959 production of "Ben Hur." It cost \$15 million, had 425 speaking roles, a cast of 25,000 and the largest set ever built—18 acres!

FAD
The 3-D movie fad reached its peak in 1953 — then declined. Audiences grew tired of putting special glasses on and taking them off, straining their eyes — and ducking the stones and arrows that seemed to be flying at them from the screen.

FACT
Americans are seeing more and more movies on TV. At home, they can sit back, relax, and enjoy America's star refreshment, Four Roses. Just a few pennies more buys this long playing favorite.

FANCY
Greatest film fanciers are the Irish people. They go to the cinema more often than any other people in the world — an average of 18 times a year per person.

Work and Worship

Lesson for March 3, 1963

Bible Material: Mark 9:2-20.
Devotional Reading: James 2:14-26.

WORSHIP can be called words uttered to the glory of God. Work can be called actions for the glory of God. A sincere person like J. S. Bach, the great musician, can write music to the glory of God. Men have written hymns

and refused to seek a copyright on them; let them be used by anyone to the glory of God, they said. A mother, asked what she had done during the week to glorify God, could point to her children. Every act a mother does, no matter how trivial, which goes to the making of an upstanding citizen of church and state, is surely work done for the glory of God. Which is a better way to serve him and bear witness to him, work or worship? In which way do we best glorify the Father of all?

Work is not worship

That is a rather stupid question. It's like asking, when does a man love his wife the most, when he's sending her flowers or when he is working hard for her sake? There's no question when he feels most romantic—of course it's when he sends the flowers. But that's not the question: when does he love her the most? You can see it's not a sensible question, because he loves her all the time, but he shows it in different ways.

So work and worship both grow out of our love for God and desire to do His will. (We are talking about Christians, not people in general.) Yet, though so much alike at base, work and worship are not the same. There are people who seem to think either one can take the place of the other. There are men in vocations who have taken a vow of silence, and never so much as speak to their own relatives say more. They do nothing all day, and night but meditate and pray. On the other hand there are persons who feel that if they are efficiently

busy, God will (so to speak) excuse them from going to church. Some Christians starve themselves spiritually because they get too busy to read the Bible, too busy to have even two minutes of prayer a day. Nevertheless both these

Jesus at worship and at work

In this as in all ways, Jesus found the right balance. He was often so pressed for time and space that He hardly had room enough to move around. He was so busy at times that He could not find an hour for prayer all day. If any one could ever have said, My work is so important, and it is done so plainly to the glory of God, that the Lord will excuse me if I don't attend the synagogue and don't have a prayer time all week; if any one could ever have said that it was Jesus. But no, when His work grew heavy He would get up long before daylight and go off to the hills to pray alone. And on the Sabbath when He came out from the synagogue to find people in need waiting in line for Him to help them, He did not tell them this was His day for worship and communion with God. An old teacher in a Methodist school was known never to miss prayer-meeting. One day a student who hadn't prepared his lesson thought he had the perfect excuse. "I was at prayer-meeting last night, sir," he said. The professor retorted: "I've no use for any one who lets religion be an excuse for skipping work." Jesus might have said just that. Can you imagine a Jesus who never prayed? or can you imagine a Jesus who never did anything but pray? Neither would be the real Jesus!

He needed both

Worship and work were not "electives" in Jesus' life. They were not something to be taken or not, as your whim might be. Work and worship were necessities for Him. Whatever else He needed them for, it was at least this: He needed prayer and work in order to be what He was. For whatever we do leaves its mark on us. There are bad marks, like the mark of Cain, and there are good marks, like the print of the nails in Jesus' hands. If Jesus' life would have been weak and empty without worship and work in abundance, how can we dare to try the dangerous experiment of neglecting those two great supports of the God-pleasing soul, the worship of God and work in His name?

SUBSCRIPTION RATES BEING INCREASED

The Publishers of THE CARROLL RECORD, as a result of circumstances beyond their control, find it necessary to increase subscription rates.

On and after March 1, 1963, the annual subscription price will be \$2.00 per year, in advance. During the past decade or more, although subjected to continued pressure, in the form of wage increases and material costs, the Publishers have sought to absorb these mounting expenses through a narrowing margin of profit; until they have found themselves operating at such an extremely narrow profit figure that any further cost increases would prove disastrous. This increase has now come about in the form of considerably advanced postal rates on mail matter, including newspapers, on and after January 7, 1963.

At that time the privilege enjoyed by newspapers for the past century or more of mailing their publications free of cost to subscribers residing in the county of publication came to an end and a "per pound" rate, or a "per piece" rate depending upon whichever is the greater, has been put into effect. At the same time the "zone rates" for subscribers residing at varying distances from the publication point has also been increased. These postal increases affecting the mailing of The Carroll Record as well as all other mailing which is necessary in the operation of such a business, have made it imperative that we ask our subscribers now to assume a reasonable portion of this additional financial burden.

We are striving to give our readers and subscribers the best weekly paper possible in our area. The few cents more a week they will be required to pay for The Carroll Record is negligible when considered alongside of the satisfaction received in reading a home publication. We want, and we trust you do too, to continue to publish The Carroll Record and to that end we must ask your cooperation in making it possible for us to produce it. When it is recalled that most other things have doubled and tripled in cost over the years, the price of The Carroll Record is still very low in comparison.

Accordingly, effective March 1, 1963 and thereafter, the cost of THE CARROLL RECORD will be \$2.00 per year (West of the Mississippi River \$2.50 per year) in advance. 5¢ per single copy.

BOWL GAMES

by KESSLER

Football "Bowl Games" are now a traditional part of the New Year's Day celebrations across the country, thanks to the ambitions of James Wagner, who started the "Tournament of Roses" at Pasadena, California, in 1902. First Rose Bowl score: Michigan 49 — Stanford 0!

The most successful team in the entire history of post-season Bowl games has been the "Trojans" of Southern California with 9 wins in 12 appearances.

Even losers have a Bowl Game in the National Football League! The 1961 "Runner-Up-Bowl" in Miami saw the Detroit Lions beat the Philadelphia Eagles in a game fought as hard as if the championship itself were at stake.

Whether it's the Orange Bowl Game at Miami, the Rose Bowl at Pasadena, the Gator Bowl at Jacksonville or the Liberty Bowl at Philadelphia—Kessler "Smooth As Silk" Whiskey is the All-American favorite of the fans.

Potato-Cheese Sauce For Chops

Superb sauces hold the key to successful meat cookery, so the wise homemaker is the one who seeks out new recipes to give meals new flavor and added glamor. One such sauce that is extra-delicious served over broiled lamb chops has been developed by the Borden Kitchen. The easy-to-make sauce combines two convenience foods—cheese slices and instant whipped potatoes. The instant whipped potatoes, which come in 8-servings and 16-servings packages, can be prepared in as little as six minutes. This sauce-meat combination is a real food for fitness. It contains worthwhile amounts of health-giving vitamins, minerals and proteins.

Lamb Chops In Potato-Cheese Sauce

(Makes 6 cups sauce—enough for 1/2 cup sauce per chop or six servings)

12 rib or loin lamb chops	3 cups (two 6-oz. pkgs.) shredded pasteurized process Gruyere cheese slices
1-1/2 cups (4 servings) instant whipped potato flakes	1 tablespoon salt
3-1/3 cups (two 14-1/2-oz. cans) evaporated milk, undiluted	1 teaspoon white pepper
	1 cup white wine, optional

Broil lamb chops. In a medium-size saucepan, prepare 4 servings of instant whipped potatoes according to package directions. Set aside. Pour milk into a large saucepan. Place over medium heat until milk is hot. DO NOT BOIL. Add cheese, salt, pepper and potatoes. Cook, stirring constantly until cheese melts and sauce is well blended. Stir in wine. Cook an additional five minutes—stir occasionally. Serve piping hot over lamb chops.

Home, Hearth And Wintry Cheer

Nothing typifies the Winter Season more than the traditional egg nog, full to the brim with good cheer and surrounded by family and friends. The drink makes its appearance during the Yule Season—and is a welcome addition to after ski parties and other cold weather entertainments through the entire season.

There are almost as many egg nog recipes as there are people who enjoy egg nog. Here are two favorites, one for the purist who is dedicated to preserving traditional food recipes, the other for busy hosts and hostesses calls for a base of prepared dairy egg nog, which does away with long tedious beating of eggs and cream. Either one will add to your reputation as a host this Winter.

WINTRY EGG NOG FOR 8

8 eggs, separated	1 qt. Calvert	1 qt. milk
1/2 pound sugar		1 pt. heavy cream

Beat yolks and whites separately. Add sugar to yolks. Combine yolks, Calvert, cream, milk. Fold in whites. Chill thoroughly. Serve with grated nutmeg in mug or cup.

Whipping the cream produces a wonderfully thick mixture for those who prefer it. With dairy egg nog mix, the usual proportions are 2 oz. Calvert to 4 oz. mix, topped with a shake of nutmeg and perhaps a dollop of whipped cream.

ANNAPOLIS REPORT

STATE SENATOR
E. O. WEANT, JR.

Last week we mentioned that the Carroll County members of the House of Delegates and Senate of Maryland were considering several proposed local matters of legislation. As a result of this consideration bills have been introduced into the House of Delegates to provide for a Public Building Projects Commission and for an Economic Development Commission.

In addition to these matters of local consideration, a Bill was introduced by the Carroll County Delegation to give authority to the County Commissioners for the regulation of trailers in the County.

Another Bill introduced as House Bill 506 by the Carroll County Delegation would impose a license tax on operators of motor vehicle junk yards in the County. The tax would be based on the inventory of motor vehicles stored in the junk yards.

Senate Bill 324 introduced by your correspondent and House Bill 509 introduced by the Carroll County Delegation in the House of Delegates would authorize a State Bond Issue of \$750,000.00 for the construction of new buildings and renovation of existing buildings on the campus of Western Maryland College. This is a Matching Fund Program where the College would be required to provide a sum equal to the amount furnished by the State. Western Maryland has not received any similar funds from the State since 1953 when it was granted \$250,000.00 for the construction of a Men's Dormitory. This was also a Matching Fund grant. Since that time the College of Notre Dame of Maryland, The Hood College, Loyola College, Maryland School for the Blind, Maryland Workshop for the Blind, Mount St. Mary's College, St. John's College, The Johns Hopkins University, and Washington College have all gotten grants from the State for capital improvements. Western Maryland College desires this money for construction to expand their student capacity from approximately 700 to 1,000.

Last Week the State Roads Commission made a report to the members of the General Assembly in accordance with Senate Joint Resolution 13 which was passed by the General Assembly of Maryland in March of 1962. This Resolution authorized the State Roads Commission to conduct a study of Maryland Highway Needs on the State, County and Mu-

nicipal Systems, the Resolution having been passed at the request of a Special Committee Chairman by your correspondent. The Resolution gave the State Roads Commission only a year to conduct this study but the magnitude of this undertaking prevented its completion in the allotted time and the report given was a progress report.

For the sportsmen we would advise that House Bill 92 allows for the extension of quail season from January 20 to January 31. House Bill 251 makes it legal to hunt raccoon or opossum at any time during the year, although a hunter's license would still be required.

Senate Bill 304 provides that where a bank presents for payment an item drawn upon or payable at another bank, either through a clearing house or at a place where such other bank has indicated as a place for presentment, the presentment of the items shall be deemed to have been made at a proper place.

Senate Bill 305 would permit interest to be charged at a rate up to 8% by agreement between the borrowers and the lender. Except in the case of small loans, the present law limits the charge for interest to 6%.

We again take the opportunity to inform our readers of the schedule of some of the hearings on the Budget Bill and Capital Improvements Program as follows: House ways and Means Committee: Tuesday, March 5, 1963, 10:30 A. M., University of Maryland; Wednesday, March 6, 1963, 10:30 A. M., Morgan State College; Thursday, March 7, 1963, 10:30 A. M., Department of Education, Headquarters, Teachers College; Bowie, Frostburg, Salisbury, Towson and Coppin, Friday, March 8, 1963, 10:30 A. M., School for the Deaf, Senate Finance Committee; Tuesday, March 5, 1963, 10:30 A. M., Office of the Comptroller, State Treasurer and Board of Correction - Headquarters, Institution; House of Correction, Md. Penitentiary, Institution for Men, Institution for Women and Correctional Camps and Laundry; Thursday, March 7, 1963, 10:30 A. M., Patuxent Institution; Friday, March 8, 1963, 10:30 A. M., Department of Parole and Probation.

E. O. Weant, Jr.,
State Senator for
Carroll County.

CARROLL COUNTY ZONING BOARD APPROVES PIPE LINE

The Board of Appeals met in special session on Thursday, February 21, 1963, to formulate a decision in Cases #113 and #115 involving the Colonial Pipe Line Company.

The Board ruled that the Zoning Administrator had acted properly in granting a Zoning Certificate to Colonial Pipe Line Company permitting them to use the property under option from Walter V. Bennett for the purpose of pumping and storing petroleum products.

The Board, in its decision, stated that "the prime product proposed to be stored and pumped on the property for which the intended use has been sought, consists of petroleum products, which by the very nature of their refining are not so processed or so intended that their primary or common purpose shall be to function by explosion, but which are primarily refined and intended to be used as motor and heating fuel, and is, therefore, not to be considered an explosive for the purpose of this Ordinance."

The Board concluded that the Zoning Certificate to Colonial Pipe Line Company permitting the "pumping and storage of petroleum products" has been properly issued and is, therefore, held valid under the Interim Zoning Ordinance #1A of Carroll County.
