Pope John Is Dead

John XXIII, called "Pope of unity and peace," died Monday night. His strong heart gave up the struggle after a long and almost incredible duel with death. Only minutes after an extraordinary outdoor Mass in St. Peter's Square, the supreme pontiff of the world's half-billion Catholics finally breathed his last.

"My time will come at night," the Pope had once said, "By day I have church business." The 81-year-old Pope, by official Vatican reckoning, was the 261st pontiff and spiritual ruler of the world's Catholics.

The cause of world peace was dear to the Pope. Throughout his final illness he expressed his hopes for peace, Christian unity and social justice many times. His efforts toward these ends had brought him the praise of his listeners around the world.

Death was caused by a stomach tumor complicated by peritonitis. The Pope was stricken a year ago with the tumor, which caused hemorrhaging, but he continued working at his heavy tasks almost to the end. Two weeks ago the pontiff suffered a grave relapse. The final crisis began Friday morning, when peritonitis—inflammation of the lining of the abdominal cavity—set in.

But the strong heart of this son of an Italian peasant continued to pump life through his veins. The Vatican doctors were astonished at his vitality. He rallied sufficiently a number of times to bless those about him and to console them. He was, he told prelates and relatives at his bedside, ready to go "sweetly toward the end."

Often in excruciating pain, the pontiff fought off death for almost four more days. He first rejected the use of morphine to ease his pain, offering up his suffering as a sacrifice for the aims which had been closest to him—world peace and Christian unity. Later he was given pain killers.

The pontiff and the outside world knew that the end would come soon for the man who, as Angelo Giuseppe Roncalli, had risen from humble beginnings to the throne of St. Peter. In the final hours, the Vatican said, the pain was "atrocious." The dying pontiff clutched a crucifix to his breast. Only unconsciousness brought him relief.

Since the purpose of the Club is to serve both the school and the community, these girls believe, by helping to make this Thursday night program, the "Miss Taneytown Beauty Contest," a successful contest they are helping the Fire Department which is a part of the community, we have standing by for all of us night and day.

CITY OF TANEYTOWN HOLDS ELECTION

Three Councilmen were Elected to Serve Two Years

Monday, June 3, 1963, was election day in Taneytown. 228 persons voted on a day which was quite rainy. It is believed that the bad weather kept quite a few people away from the polls. The tabulation of votes is as follows: Neal Powell 188, George Naylor, Jr., 143, Glenn Bollinger 85, Thomas H. Smith 83, George Hemler 79, Stanley King 69. Incumbents Powell and Naylor were re-elected, while Glenn Bollinger will become a new member of the Council.

Following the election, the regular monthly meeting of the Council was held.

Due to the absence of Officer Boone, there was no police report.

The Treasurer reported a balance of \$23,981.03 in the General Account and \$7,341.54 in the Parking Meter Fund.

The new Charter was adopted and copies will be distributed personally by the Councilmen to the citizens of town. The Charter becomes law after a 60-day waiting period. The resolution of adoption, which contains pertinent facts, is published in another section of this paper. As required by law, this resolution will be published in this newspaper, each week, for four (4) weeks.

Several delegations came before the Council in regards to town business. Lengthy discussions usually prevail during these appearances. Quite a few complaints have been coming to Council members in regards to persons dumping garbage or refuse at various locations in our town. This is very unsightly and unhealthy. Steps will have to be taken to correct these conditions if those responsible continue this practice. Let's keep our town clean—one that we can be proud of.

PUBLIC MEETING!!

Take note — a very important Public Meeting will be held in the Taneytown High School on Tuesday, June 18, 1963, at 8:15 P. M., for all persons living in Taneytown. The purpose of the meeting is to ascertain the sentiments of all taxpayers in Taneytown concerning the possibility of purchasing "Antrim," which has been offered for sale. The property would lend itself ideally to the development of additional park facilities, which would include tennis courts and another little league baseball diamond etc. Also, the mansion house would serve for organizational meetings and a town office. Also, a historic landmark would be preserved. (Plan now to attend this meeting.) The Council adjourned at 11:30 P. M.

Taneytown Jaycees Announce Minstrel Show Results

The final report of the Minstrel Show committee was given at the Taneytown Jaycees' Board of Directors meeting last week. Business Manager Dean Brown reported that although he was still awaiting payment for several Program Booklet Ads, net proceeds should be nearly \$1,000. As advertised, this will be placed in a fund to be used for community youth projects and activities planned for them.

Co-chairman Larry Little and James Fair reported several contacts by organizations in other communities concerning a "road" show, but that none of these materialized. It was pointed out that this show was a project which certainly received the complete cooperation and enthusiastic support of the entire community. Without a great "team" effort, such success could not have been achieved.

Firemen Will Hold Big Parade June 14

The Firemen's Parade will be held again this year Friday night, June 14, starting as close to 7:00 P. M. as possible. It will form, as in other years, on Robert Mill Road and move through Toney Heights to Main Street, from Main Street to the Carnival Grounds and disband.

Due to the traffic problem at East end of town each year and at the square after the parade we are going to send traffic across to George St., Middle St., Main St. and into the street pass the Lutheran cemetery and out on Main St. at Piney Kiser's Alley. Therefore, we will have to swing the parade to the left at Kiser's Alley and leave the right side of the street open for traffic.

All fire trucks will turn in at Eyer's Shell Station and park on the lot in back of the station; all marching units will proceed to the park entrance and go into the one-way street on the left, therefore leaving the entrance on the right open to traffic.

We hope this arrangement will not inconvenience anyone to any great extent, but we have been requested to ease this traffic problem if at all possible.

Any group or individual wishing to enter our parade are cordially invited to do so. Thank you, Taneytown Vol. Fire Co. Parade Committee.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

The beautiful yellow Rose Bush which is huge is thriving beautifully each day, I place about a half of dozen roses in the dining room and the aroma is delightful all throughout the house.

Don't complain as to rain for we surely do need it and word came from Florida that it was dreadfully dry there, too. St. Pete is like a Ghost Town right now!

Well, folks after church, I was one of the Americans in the Memorial parade with my "Gray Lady" attire walking in between two Army Units with the Commander in the car in back of me! And that was for 45 blocks! Of course my white Orthopedic shoes did the trick and I think you know just what I mean. There were six divisions and the parade was a two hour affair also with the Reviewing Stand, (plus a radio and TV announcer). In the line of march were various veteran's organizations, military units, honor guards from both veterans and fraternal groups, drill teams, majorette corps, missiles, floats, antique (3) cars Civil War units in uniform, bands, drum and bugle corps, TV and radio personalities and others. It was in comparison to the historic, "I Am An American" parade.

Be sure, Ladies always to have a little package of "Wash'n Dri" in the compartment of your car. They surely are Super-Duper for face and hands and grand for the kiddies — a towelette in other words which washes and dries at the same process. (Passed by Good Housekeeping!)

When you are in town and that you will want to make for the day be sure and park at the Lexington Market Garage where the service is 100% with all the employees and that nice Manager never misses a trick as to courtesy and much else. Then dine in "The Dutch Grill" with a wonderful sea food dinner for \$1.10. If you have hurty feet just keep in mind that easy going Dr. Grooms right above Lexington St. on Liberty. Those steps up to the second floor will be worthwhile. One can really look ugly in their face if you have achy feet, for the entire expression changes. As soon as hot weather comes be sure and let your feet breathe by going bare-foot and especially on the grass. Dee-lite-ful!

Mrs. Housekeeper, be sure and see that your Fire Insurance for your home is active. My next door neighbor after retiring smelled smoke and she and her husband went downstairs to investigate and under the kitchen door, she could see the light of flames! She had placed a cigarette in the basket in which she had emptied the big ash tray. There was a tiny spark, no doubt left and the basket was plastic! The entire side of the kitchen was on fire! She stated she meant a \$400 bill which the insurance Co. immediately handed her the check! That is the second case which I have heard in so short a time. It is best to put water in the ash tray before emptying it into any wastepaper basket.

Now, here is to those born from May 20th after midnight of that day to June 20 which is the "Cusp" or the dividing planet of this sign and bestows upon these people a vivacious temperament and sparkling wit. They are most substantial yet changeable in many ways blowing hot and cold almost in the same breath. In other words a dual personality and many times it is difficult to understand them and that goes for the men as well as the women. These people have a firm will, love to command yet are without any conceit, tyranny or pride. They are always most sympathetic at all times and make wonderful Registered Nurses. They easily make friends. They are real schemers. They love to drive a bargain. Gemini people are often skilled with their hands. They must acquire the art of patience at all times and learn not to have too many irons in the fire at one time. Many times they think they have ailments when it is only a case of nerves. Have a grand week-end, folks, go to church and that to any denomination. If it is bad weather attend your nearest church. Until next week D. V. I am, Faithfully, Your Observer.

FACTS AND OPINIONS

Supreme Court Associate Justice Arthur J. Goldberg, who was formerly Secretary of Labor, recently spoke on the New York newspaper strike. He did not discuss the merits on either side. But he did say this: "... I do not believe that either publishers or unions in the newspaper industry fully comprehend the duty implicit in their constitutional right to publish. That duty which, I emphasize, is moral, and not legal, is voluntarily to agree upon means by which they can discharge their necessary function to publish—to be a free press—without interruption. I am confident that those means can be found without abridging management or workers' rights — if both parties approach the task in a spirit of constitutional dedication."

According to the Public Service Company of Colorado, utilities could save some \$25 million a year by doubling the tree-trimming cycle, increasing it from every two or three years to every four or six years. A project sponsored by the Edison Electric Institute is seeking to control tree growth without hindering the health or appearance of the trees.

Ralph T. Moore writes in the Oregon Voter: "As American industry girds its loins for a desperate struggle for survival in competition with Europe's Common Market, its chief problem will be the eradication of the 'good enough' philosophy that has prevailed during the past half-century. This is an insidious doctrine that has enervated American effort in every shop and factory, every office and personal service, throughout our land."

It's gardening time again. And the American Medical Association warns enthusiasts to take it easy during the first few weeks. Muscles and wind need a chance to gain strength gradually, particularly if you've done nothing more strenuous all winter than walk to the bus. It also says that the home gardener who neglects getting a shot of tetanus toxoid is asking for trouble — tetanus germs linger in the soil.

The petroleum industry's capital expenditures exceeded \$53.6 billion between 1952 and 1961—a total exceeding that of any other industry. One out of every six dollars spent during the decade to replace, maintain or expand America's industrial plant was spent by this industry.

Raymond Moley writes in Newsweek: "Since the early 1930's, zealous proponents of public power, notably the late Secretary Ickes, have been waging a cold war against the privately-owned companies in the West. Even under the Eisenhower Administration's policy of partnership, the Interior bureaucracy carried on this fight..." And now, he adds, the drive has been accelerated.

In the view of the Council of State Chambers of Commerce, the Urban Mass Transportation Bill is a potential political pork barrel. It cites the view of Senator Lausche of Ohio: "You are going to have political strings pulled. The one that is closest to the throne will get the aid, and those who are farthest removed will get the hindmost."

"We regard a man who takes no interest in public affairs, not as harmless, but as... useless..." The philosopher Thucydides of Athens said that — in 431 B.C.

Adult volunteers working in hospitals contribute 820,000 work weeks of service annually, and teenagers, many of whom serve as volunteers

only during the summer vacation, contribute 162,000 additional work weeks.

According to an American Petroleum Institute publication, the industry delivered more than 19 billion gallons of fuel oil between September 1, 1962, and March 1, 1963 — a 6 per cent increase over the same period a year ago.

Tips on car care

MODERN MOTORIST

by W. A. Red HALL... Automotive Specialist

Spring is a perfect time to give your car's finish a good wash-polish-wax treatment — not only for that "showroom shine" but for protection against showers, dust, dirt, and scratches.

For the dull or chalked finish, there are excellent cleaners in both paste and liquid form, and using one before waxing is a "must," if the shine is to last long. If the finish already has a good gloss, a combination cleaner and wax may be preferred. Again, take your pick of liquid or paste.

many time-tested products at your service station or auto supply store.

For the dull or chalked finish, there are excellent cleaners in both paste and liquid form, and using one before waxing is a "must," if the shine is to last long. If the finish already has a good gloss, a combination cleaner and wax may be preferred. Again, take your pick of liquid or paste.

Newest combination, ideal for new long-life finishes, is one that waxes as it washes, such as Du Pont No. 47 Wax Wash. Just add two capfuls of this concentrate to a bucket of clean water, then wash the car, rinsing as you go. When excess water is wiped off, a water repellent gloss remains. Repeat this simple job frequently, and the wax-bright shine will build up on the finish.

CURRENT EVENTS FIFTY YEARS AGO

The very rainy evening last Friday upset all plans for holding a Memorial Day Service, and the entire program had to be abandoned.

Rev. Alva C. Garner of Iowa, visited relatives here, last Friday and Saturday. As a boy, he attended the Oregon public school about 60 years ago.

M. A. Koons attended the Commencement exercises at Massanutten Academy, Woodstock, Va., this week. He returned home on Thursday evening, accompanied by his two sons, Earle W. and J. Carroll Koons.

Suicide of Mr. James Neely. James neely, 76, one of the oldest citizens of Taneytown, committed suicide in the wood house in the rear of his home on Baltimore Street, on Monday by shooting himself through the mouth with an old fashioned 4-barrel pistol. Mr. Neely was a retired farmer, having lived the most of his life on his home farm on road from Harney to Emmitsburg. He leaves one daughter, Mrs. Claudius Long of Taneytown. Funeral services were held on Wednesday by Rev. Seth Russell Downie. Interment in Piney Creek Cemetery.

Zepp—Buffington — Lieut. and Mrs. John E. Buffington of Taneytown, announce the marriage of their daughter, Frances B. to Mr. Victor H. Zepp, son of Mr. and Mrs. Thomas Zepp of Westminster. The marriage was performed by Rev. Conrad Sprenger, of Annapolis, Md., June 2.

Reuver - Smith—One of our early June brides was Miss Marion Agatha Smith, daughter of E. F. Smith of Taneytown, who was married to Mr. Albert Joseph Reuver, of Harrisburg, Pa., in St. Joseph's Catholic church, Tuesday, June 3. The ceremony was performed by Father John C. Thompson, a cousin of the bride, assisted by the pastor, Father John S. Cuddy.

Tyrone — Ed. Flohr had an iron fence erected around his yard which adds much to the appearance of his farm. Noah Babylon is having water put in his house. David Hahn has been busy the past week putting down concrete under the overjet of his barn and around the other outbuildings. Messrs. Guy Haines and Walter Marker attended the C. E. Convention at Finksburg as delegates from the Lutheran Society.

Come hill... or high water Vacations go smoother in a Chevrolet Corvair

'Bring on those mountains! They're not so high and mighty when you've got Corvair's gummy six and rear-engine traction working on them.

You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries.

And with most of Corvair's weight on the rear wheels, you have easy steering, too. Fact is, the handling's so light and responsive we don't even offer power steering for the car.

And there's more to feel good about. No problems with your radiator boiling

over or going dry, because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either, because the brakes adjust themselves. Nothing much to think about at all except the good time you're having.

Like to do that in a sporty bucket-seated Monza Club Coupe or Convertible? Like to spring into summer with a 4-speed stick shift* and Spyder package* with its 150-hp Turbocharged engine? Your dealer's got just the Corvair and the Trade 'N' Travel deal on it to put you in a holiday mood.

During the business meeting, it was learned that the group will have the lunch rights at the Public Sale of Miss Macie Forney's things on June 29.

Any donations from any of the ladies of the church will be most appreciated. What is needed is help (of course), baked goods - pies, cakes, cookies, cupcakes, etc., chicken salad, homemade candies, or cash donations. Any and all will be most appreciated. Contact either Mrs. Mae Baumgardner or Mrs. Kathryn Stine, who are in charge of the project. The proceeds of the sale will go to the Building Fund. Thanks!

A nice place for a picnic and hike - in the event you do not already know about it - is Cunningham Falls Park which is on the other side of Thurmont. The William Fleharty family and Mrs. Richard Wilhide had a picnic - and took the hike - there on Memorial Day. It is a lovely place, indeed. "Drop-in" visitors at the Fleharty home after their return were her sister and friend, Miss Carol Wolfgang and Mr. William Burr of Washington, D.C.

It certainly was a "soggy" Sunday and Monday, but oh, how much the rain was needed. Now, on Tuesday, everything looks so refreshed. Everyone's flowers look a bit droopy, but the colors are lovely.

-Dharlys Fleharty.

FAIRVIEW

It seems time sure slips up on a person. I missed writing last week due to Memorial Day on Thursday and with so much happening over the past couple of weeks. Our most sincere sympathy goes out to Mrs. Carbaugh and family on the loss of her husband who perished in their house fire on Friday night, May 24th, along with all their furnishings. Mrs. Carbaugh, along with her son, was admitted to the Carroll County Hospital, Westminster. Charles was discharged on Sunday, May 26. At this writing Mrs. Carbaugh remains in the Hospital, but is getting along satisfactorily. We hope she will soon be able to come out of there and be with her family. We miss both Mr. and Mrs. Carbaugh and I am sure all who knew Mr. Carbaugh.

Mr. and Mrs. Levi Frock spent the past week-end in York, Pa., in the home of the former's brother and wife, Mr. and Mrs. Russell Frock. They also attended the viewing of their uncle Reuben Frock, who passed away on Memorial Day and was buried on Monday. This was the last of four sons of the late Levi D. Frock. Mrs. Frock will now be making her home with her son-in-law and daughter, Mr. and Mrs. Harry Glatfelter, near York, Penna.

Visitors in the home of Mr. and Mrs. Grant Baker were Mr. and Mrs. Thomas Baker, Mr. and Mrs. Claude Selby, and Mrs. John Shorb.

Mr. and Mrs. Elmer Vanfossen spent Sunday in York where they attended a wedding and visited with friends and relatives.

With all of our sorrow and sadness we have had the past couple of weeks we have had some real joy to top it all off. Our grandson, James Wm. Frock, who has been in the Johns Hopkins Hospital since the 24th of March has returned home with his mother and brother, near Stone Chapel Church, near Warfield, Md., and he is getting along fine. He came home on Wednesday night and attended school on Friday. We cannot thank the Lord, the Doctors and Nurses enough for what they have done, in short, it is a miracle.

Mrs. Edward Caylor called on Mrs. Levi Frock on Monday morning to offer her assistance in helping the Carbaugh family. We, as a neighbor, appreciate that visit, plus all the anxious phone calls to help where ever we can get in touch with this family and we will be more than glad to see they get it.

Visitors in the home of Mr. and Mrs. Levi Frock were Mr. and Mrs. Milton Cozad of Hanover, Pa.; Mrs. Norman Heiner of Linwood, Md.; Mrs. Glenn Wantz and children, also Mrs. Harry Elberty stopped by to chat a few moments. We are always so glad to see her when she makes her visits. She has been visiting in the home of Mr. and Mrs. Robert Stone, near here. Mrs. Elberty has her home in Pittsburgh.

Mrs. Hilda Foreman spent the past week in the home of her sister-in-law, Mrs. Howard Foreman, along the Taneytown Rd. They attended the firemen's supper at the Carnival grounds in Union Bridge on Thursdays at the same time taking in the Carnival which was in full swing.

Mr. and Mrs. Levi Frock, Mr. Wm. Albaugh and son, Mr. and Mrs. Ira Albaugh and John Carbaugh, visited Mrs. Levine Carbaugh in the Carroll County Hospital on Friday evening.

Mr. and Mrs. Donald Carl and sons, Mr. and Mrs. Lloyd Carl and son, James, Rev. and Mrs. Fred Horner and children, and Mrs. Horner's sister, Judy, enjoyed a picnic on Memorial Day at Gettysburg and also at

tended the parade and heard the vice president Linden Johnson speak. Mr. and Mrs. Russell Frock spent a while with Mrs. Levi Frock on Thursday.

HIGH SCHOOL HIGHLIGHTS

(Continued from first page) Carol Ann Bair and Betty Stonesifer, Maryland's 2nd Vice President, daughters of Mr. and Mrs. Elvin Bair and Mr. and Mrs. Earle K. Stonesifer, will represent the Taneytown chapter at the convention.

FBLA is the national youth organization for high school and college students who plan to enter careers in business or in business education. The national organization has chartered over 2,900 chapters in the United States and has a membership of approximately 70,000 students. It is sponsored by the National Business Education Association as a part of the school system. Mrs. Catherine Myers and Mr. Wayne L. Grubb are local advisors.

Notice to Parents No parties are being sponsored by the school during the remainder of this school year. If parties are being held following graduation, and at other times, they will not be chaperoned by school personnel. Private parties in pupils' homes, properly chaperoned, are highly desirable. The school could not condone parties planned at local parks or other establishments. (Mr. Musser, Principal).

FEDERATION OF REPUBLICAN WOMEN MEETING The Taneytown Federation of Republican Women closed their winter season with a Get-Acquainted evening for all registered Republican women voters in the district at the Rod and Gun Club on Tuesday. Over sixty guests were present to hear Mrs. H. David Pitzer of Biglerville speak on Flower Arranging for the Home.

Using flowers and foliage from her own garden, Mrs. Pitzer assembled some 20 arrangements, emphasizing the dramatic effect that can be achieved with home grown flowers and simple containers. In demonstrating the various steps, she made them look easy to accomplish.

Hand-carved wooden figures from Vermont, against a background of flowering branches, based on polished wood planks, were perhaps the most outstanding and also the simplest for inexperienced arrangers to adapt. A Republican elephant on a bamboo mat, looking very tropical, in a jungle of rhubarb leaves and peonies, was the piece de resistance.

Mrs. Pitzer, who commented as she worked, and answered occasional questions from the group, warned against the clash of blue-red and yellow-red flowers in the same arrangement, and of blue-greens and yellow-greens in the foliage. Flowers, she said, should be conditioned before arranging, which meant a period of time in water after being cut. Warm, nearly hot water, rather than cold, should be used to produce the "staying" effect desired.

Lucky winners of petunia plants from the Pitzer garden were Mrs. Hal Royer, Mrs. Gladys Nusbaum, Mrs. Clotworthy Hill, Mrs. Mabel Shipley, Westminster; Mrs. James Baumgardner and Mrs. Virginia Saunders.

A social hour, with buffet refreshments, followed the demonstration. Mrs. Pitzer's daughter, Miss Susan Pitzer, and her mother, Mrs. Marjorie Teeter, were among the guests. Many of the wild flowers used were from Mrs. Teeter's special garden.

The next meeting of the group is scheduled for September 10. It will be a covered dish picnic at the Community Park, with various officers of state, county, and city as honor guests.

MEETING OF PAST CHIEF'S CLUB The Past Chief's Club was entertained at the home of Mrs. Walter Smith on Tuesday evening, June 4th. The meeting was opened by singing, "My Faith Looks Up To Thee." Mrs. Roseanna Hilbert read the 84th Psalm, followed by all repeating The Lord's Prayer. Reading of the minutes of previous meeting were read and approved. A birthday gift was given to three members who were celebrating birthdays. Several of the members visited Mrs. Lulu Basehor of Brookfield Manor, who was celebrating a birthday and gave her a lovely gift and found her doing very good. Mrs. John Harman thanked the Club for the lovely pin she received for serving two years as president of the club. Arrangements are under way for the annual picnic. A committee was appointed by the President Chairman, Mrs. Charles D. Baker, Mrs. Howard S. Baker, Mrs. Hazel Lambert and Miss Grace Hahn. The guess box was given by Mrs. Charles D. Baker and won by Mrs. LaReina Crabs. There being no meetings during July and August the next meeting will be held at the home of Mrs. Charles D. Baker on September 3rd.

Lovely refreshments were served by the hostess, Mrs. Smith. President Mrs. Thurston Putnam, presided. The meeting adjourned by singing, "Blest Be The Tie," and the benediction.

A TRIP WEST DESCRIBED

Mr. and Mrs. Ralph Toms and Mr. and Mrs. Hoyle Weaver of Taneytown spent last week touring in some of the Western states.

Leaving Taneytown Friday morning, May 24, they entered the Pennsylvania Turnpike at Ft. Littleton. There are four tunnels to go through. One of these is longer than the other three. They are called Siding Hill, Rays Hill, Allegheny Mountain and Laurel Hill. Sure is pretty. Anyone that hasn't gone through a tunnel has missed a great experience; one we wouldn't want to have missed.

Stopped for a picnic lunch in Ohio. Next stop was in La Porte, Ind., for supper and to spend the night; leaving early Saturday morning. We saw many things that were of interest in Indiana and Illinois. They mine for coal on the surface, pushing the topsoil back as if to build a house. Just a few feet deep there is coal. The soil is very black. Fields of corn were seen everywhere. We saw beautiful old homes in Princeton, Ind.; some were very large.

Next stop was Kewanee, Ill., where we ate lunch which was called smorgasbord. The food was delicious. You help yourself to as much as you wish. Going on to Cambridge, Ill., where we were to stay for a few days.

On Sunday a buffet luncheon was given in the Cambridge Library in honor of Mr. and Mrs. Toms and Mr. and Mrs. Weaver. Forty-two guests were present. After lunch hymns were sung; each one enjoyed it very much. On Monday we were asked to dinner in Galva, Ill., Tuesday we went by train from Kewanee to Galesburg. Our train coach was called the Silver Vision; returning, we rode in the Dome (upper deck), this one called Silver Stream. A wonderful trip 80 miles by train.

Wednesday we were guests at a luncheon in Geneseo, Ill. Thursday being Memorial Day, many folk remembering their loved ones placed flowers in remembrance of them. The cemeteries were beautifully decorated.

Friday, May 31, we started for home. On reaching Taneytown we had travelled more than 1,800 miles. The trip was enjoyed by each one.

Green Thumb Tips

Where an attractive edging to flower beds is needed, how about curled parsley? Looks beautiful, tastes good.

Do you see an unattractive clothes pole from your kitchen window? Or an always-open garage door? Or a rough fence? Why not hide the unsightly view by planting morning glory seeds around or in front of the objectionable features. Plants grow rapidly, climb if given support, and furnish large, beautiful flowers in pink, white, or the most popular sky blue. There is also a double pink, Rose Marie, and a mixture of doubles, Tinkerbell's Petticoat.

Many people who pick their flowers to use in the house like the softness of baby's breath for use as a filler between sturdier blooms. Nothing could be easier to grow than annual baby's breath, but be sure to make several plantings two weeks apart so you'll have plenty of the delicate sprays to pick.

If this spring finds you without rhubarb for spring pies, why not plant seeds during late May so that next spring you'll have plants ready to set in a permanent row? After the following year you'll have plenty to use for pie fillings.

SECRET OF HIS SUCCESS?

Fifteen years have passed since Nellie Fox, powerful little second baseman of the Chicago White Sox, sauntered up to the plate and punched out his first major league hit for the old Philadelphia A's. When a reporter recently asked him where he gets all his bounce, Fox said some athletes prefer candy or a sandwich before a game, but he likes Peter Pan peanut butter for a quick energy lift. Fox and his guest, Darel Glaser, 7, are perched on the edge of the White Sox dugout watching the visiting team practice before a night game. The veteran baseball star has already delivered more than 2,400 hits in his colorful major league career.

HOUSE CLEANING DAYS ARE HERE AGAIN!

Now is the time when every home in the land is acquiring that spring-through-summer look and homemakers are besieged with the many house cleaning chores accompanying this conversion.

Cynthia Lee, well-known home economist, says that most of her mail about this time concerns cleaning problems. Women ask her how to wash down painted surfaces such as woodwork, kitchen cabinets or dingy walls and still keep the paint intact. Others want to know why refrigerator enamels "yellow" and how they can clean aluminum counter tops without fear of corrosion.

Keeping kitchen linoleum clean with all the abuse it has to "take" seems to be uppermost on women's minds. How can it be done and not have constant moppings damage it? There's a cleaner, thanks to scientific advances, which has taken the toil and worry out of this important household chore as illustration shows.

For heavy duty cleaning, ammonia was always useful... but destructive, according to Miss Lee, who heads the Texize Consumer Service. Then Cleaner with Ammonia was developed to do all heavy duty jobs safely.

With the aid of an effective cleaner, household hints lead the way to easier housekeeping.

Ovens — To remove grease quickly, add 1/4 cup cleaner to one gallon water. Leaves a fresh pine fragrance.

Screens — To keep windows cleaner longer, wash screens frequently and safely. This cleaner was first developed for the aircraft industry when a cleaner that would not corrode aluminum plane surfaces was required.

Venetian Blinds — To make dusting easier, brush on thin coat of liquid wax after blinds are cleaned and dried.

Plastic Shower Curtains — For like-new curtains, add 1/4 cup cleaner to laundry detergent when machine-washed.

Linoleum — To keep wax glossy, wipe up small spills with milk instead of water.

Wall Touch-Ups — Use cleaner full-strength for crayon marks, hard grease or oil stains, then rinse. For a flawless wall, use clear water around areas not cleaned to remove dust.

Write Cynthia Lee at Texize Consumer Service Division, Greenville, S. C. if you have a problem concerning washable surfaces.

Jet-Age Tom Sawyer Rolls His Own

Problems painting the chainlink fence? Concrete foundations? Stucco siding? This modern Tom Sawyer tackles his fence minus the old-fashioned whitewash apparatus of bucket and brush. And he refuses to battle the breezes with a spraygun — one soft gust will waft half the paint away on the airstream, or spray a good measure onto face, hair, clothes. A special long-nap paint roller is his shortcut to the quickest, cleanest and most thorough paint job on chainlink — or on any rough-textured surface such as masonry, brick, stucco, cinderblock.

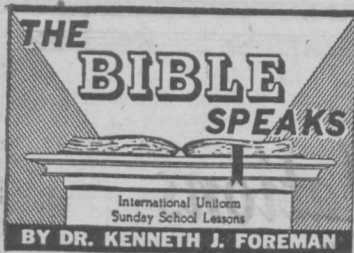

This twelve-year-old roller-painted a complete section of the fence in about two-thirds the time it took his father armed with a brush. The roller used was a new 3" wide heavy duty long-nap Dynel, a modacrylic fiber long-proven to be superior to other existing synthetic and lambswool roller covers. Developed primarily for such tough painting jobs as chainlink and masonry, the new Dynel 1" pile roller (sometimes identified as "PR2") has a springy nap, much like lambswool, which penetrates deep into crevices, wire joinings and stippled surfaces with an even, dripless flow of paint. The nap fibers actually "pull" paint into the roller; release it smoothly the second it comes into contact with another surface.

Don't let anyone kid you — painting chainlink particularly is no cinch under any circumstances. But to dabble in brushes — which dribble and spatter — is senseless when a deep-pile roller will cover fencing more efficiently in less time, with practically no wasted paint. The development of such superior roller fabrics, and the availability of special shapes for tricky paint jobs, now makes roller-painting possible on all surfaces, using any type of paint: Water-emulsion rubber-based (latex) paints, oil-based paints and enamels. The chainlink above was covered with an anti-rust oil paint for metal surfaces. Using the same roller, the concrete house foundation was then painted with a water-emulsion latex masonry paint.

While Dynel long-naps are recommended for rough-texture jobs, standard-nap Dynel covers do the work on smoother areas in about one-fourth the time it takes a brush — with better results. In one test, a 7" roller painted an indoor wall area four times faster than a 4" brush on an identical wall, produced a better job: No streaks, thick spots or obvious overlaps.

Check our jet-age Tom Sawyer's array of Dynel roller covers standing by for future jobs — just a sampling of the variety of shapes available, each mated to a specific painting task. The two-wheeler is a contour model which spreads around pipes, poles, down-spouts, etc.; the donut-shape in the upper right is a cut-in corner or lap roller; to get close into corners, paint contoured moldings and underside laps of wood and under-sidings; the 3" roller is an edge-trimmer, for narrow areas such as window sills, frames, trim, latticework. Put an extension pole on them and safe ladderless painting is made easy for high, hard-to-reach places.

All roller frames have replaceable Dynel covers, but ease of cleaning and storing plus tough abrasion-resistance of the fiber, makes replacements infrequent; springy resilience of Dynel provides a roller nap which does not mat down or wear away, even after long use.

If God Cares
Lesson for June 9, 1963

Bible Material: Psalms 105: 136.
Devotional Reading: Psalm 106:1-5.

GOD cares for His own. How often we have heard that! But there are millions of people who don't believe that at all, because they are convinced that if God cared for them He would do something about it. The trouble here is not with God. However strange His ways may be, we cannot conceive of Him as a cruel or uncaring Creator and Crusher, one who delights to destroy his own creatures. The trouble here is with people, just like ourselves, or perhaps actually ourselves. There may be people who could have believed in God if it hadn't been for us. That is a terrible thought, but don't throw it away just because it hurts. It may be true.

If He cares, we must
If God is our God (and we like to claim Him), then if He cares for other men, so must we. No use talking about ourselves as God's children if we act more like the devil than like God. No use talking about ourselves as God's children if we make no effort to be and do like the true Son of God. If the Father in heaven is concerned over what happens to any human being, even the least; if our divine Father notes even a sparrow's fall, then the least we can do is to share His concern. Now it is not psychologically possible to have exactly the concern for people that God has, for one simple reason. His mind is infinite and ours is not. For example: Suppose a big airplane crashes somewhere in Peru. You read in the papers the list of American passengers. All strangers. So you breathe a little sigh of relief,—"Nobody I ever knew." And off you go to business or pleasure and never give that crash another thought. Is this *his* thought? Moments when we have time to think, we can think of reasons in plenty, and we know we were not carried away by mere sheer emotion when we sang our Hallelujahs.

The source of all good
God is the source of all good: this is the belief of all Christians and Jews, and certainly is the teaching of the Bible. (Why this is so, the reader may figure out for himself.) This means that God does not simply discover good,—that is, goodness, beauty and truth in any of their manifold forms—God does not "latch on" to what He discovers and claim the credit Himself. He is the Originator, the Planner, the Creator, the Rewarder, of what is good. Consider the matters for which the Psalmist wishes God to be remembered and thanked. First of all is Creation itself; then he mentions God's faithfulness, and His justice, and His providential care for the "forgotten man," the hungry and the oppressed. When a prisoner is set free; when the blind are enabled to see; when the mourner is comforted; when a man becomes a righteous character; when the helpless are cared for (widows, orphans and traveling strangers were the most forlorn people in the world of that day); when a wicked man like Hitler for example is brought to ruin; this calls for praise to the Lord who reigns forever.

Two questions
The skeptic has a question to ask at this point,—two in fact. One is this: Hasn't the Psalmist let his imagination run away with him? If he knew what kind of world this is, he would realize that widows and orphans are not always helped, justice is not always done, most blind people stay blind. And as for the world, the skies, earth and seas "and all that is in them," are we to believe that God created disease germs and parasites, are we obliged to believe that God personally makes volcanoes kill thousands of helpless people? If God is the source of all good, must He not also take the blame for all the evil?
These questions can be answered together, though this calls for much discussion. To be sure, the Christian will say, as his Jewish brother will: to be sure, it is seldom—some would say never, that God directly does these things. In virtually all cases He works through persons. And that is the answer to the first question; if good is not done, it is not that God has forgotten. It is we who have failed to let Him work through us for good.

**Birthday Party Idea —
Fancy Pink Peppermint Stick Floats**

Add a festive new note to the next birthday party you give. Serve colorful Pink Peppermint Stick 7-Up "Floats" with the children's traditional favorite — chocolate layer cake.
These fancy floats are a delicious blend of peppermint and vanilla ice cream and chilled 7-Up. The combination goes perfectly with either chocolate or white cake.
Birthday parties are very special occasions for the youngsters. They look forward to the "big day" with great anticipation. Delight the young guests with tall, sparkling floats . . . and be prepared to serve seconds.
Pink Peppermint Stick 7-Up "Floats"
Place one scoop each of peppermint and vanilla ice creams in a tall glass. Tilt the glass slightly and slowly pour in one bottle (7-ounces) chilled 7-Up. Garnish with peppermint stick candy. Serve with straws and a long-handled spoon.

**Science
In The News**

A recent report by a California scientist gives hope that the cockroach, bane of housewives everywhere, may soon be brought under control.
Dr. Barry Tarshis of the University of California at Los Angeles reports that a dust developed originally to fight termites, enabled him to cut roach infestation of a housing project by 70 percent. At the same time, the incidence of infectious hepatitis — attributed to the roaches — was cut to zero for the first nine months of 1962.
Called Dri-Die, the dust works by absorbing the thin layer of wax that covers the roach's body. When the insect loses the wax, its body fluids evaporate. It dries out and dies!
The dust — a fluffy, white odorless powder — requires about 90 minutes to kill a roach. But Fairfield Chemicals, FMC Corporation, N.Y.C., pioneer insecticide maker, has reduced the time by adding to the dust an equally safe insecticide named Fairfield Pyrethron. Pyrethron speeds control and flushes roaches from their hiding places into contact with the dust.
Known as Drione, the combination also works on roaches that have built up resistance or immunity to many widely used insecticides.
The success of Dr. Tarshis gives cause for optimism in man's battle against the disease carrying roach. A pest to man since the dawn of history, the roach may be on the way out at last.

Whereas the Municipal Corporation Charter establishes qualifications for Councilmen of one year residency, the new Taneytown Charter establishes qualifications of two years residency and twenty-five years of age.
Whereas the Municipal Corporation Charter provides for an annual salary for Councilmen, the new Taneytown Charter provides for a fee for each meeting.

Whereas the Municipal Corporation Charter provides for election every four years, the new Taneytown Charter provides for staggered election dates.
Whereas the Municipal Corporation Charter provides for a vacancy in the office of Mayor to be filled by an appointment by the Council, the new Taneytown Charter provides for the President of the Council to become Mayor in event of a vacancy.
Whereas the Municipal Corporation Charter does not contain a limit on the rate of property taxation, the new Taneytown Charter contains a limit of \$90 per hundred as provided in Chapter 101, Laws of Maryland, 1955.

Taneytown Alumni Dine, Dance

The annual banquet and dance of the Taneytown High School Alumni Association was held in the High School Saturday evening, June 1. A sumptuous fried chicken dinner was served to approximately 250 members and guests by the Ladies' Auxiliary of the Fire Co., aided by a number of High School girls. The invocation was given by Murray Baumgardner. Group singing was led by Anna Motter.

Mr. Neal Powell, newly-appointed member of the Board of Education, acted as toastmaster. Officers and directors of the Association were introduced and letters were read from several officials and guests who were unable to attend, including honorary member Rev. Dr. Guy P. Bready. It was pointed out that Dr. Bready was attending the 60th anniversary reunion of his college graduating class and would receive an honorary degree.

Mr. Powell gave the new Alumni (the class of '63) some very good advice and urged them on to exceptional achievements. Members of this class were guests of the Association. The roll-call of classes saw nearly all classes over the past forty-five years represented. Mr. George Baumgardner, now living in California, had the distinction of being the only alumnus present who graduated from Taneytown High School twice. It was noted that he was one of the five who returned to school after graduating from the ten-year system in 1920, graduating again in '21.

Classes holding reunions were introduced and gave interesting bits of information concerning their classes. These included the classes of 1958, 1953, and 1938, who celebrated their 25th anniversary. Major Bill Sell acted as spokesman for the class of '38 and cited some interesting facts from their "Yearbook (25 years later)." It seems that this class was possibly the only class which had no year-book at graduation, so prepared one this year. Of the 23 members of this class, 18 returned for the festivities over the week-end. Four of their former teachers also returned for the reunion: Miss Helen Horner, Mrs. Ethel Loy, Mrs. Mildred Price Harris, and Mrs. Helen Stump Hoffman.

Following the program, dancing was enjoyed until midnight in the auditorium to the music of George Royce and his orchestra.

FREE SCOUT MOVIE ON JUNE 20

"This Is Girl Scouting," a colored moving picture, will be presented on Thursday night, June 20, by the Taneytown Girl Scouts at the Taneytown Elementary School at 7:30 P. M. Everyone is invited to attend. Girls who are Scouts, or would like to be Scouts, together with their parents, are urged to attend.

This movie shows four Scout troops from four different sections of our country — a Brownie troop in New England showing friendship between children who can see and children who cannot; a Junior troop in the South where a Greek puppeteer shares his talents and heritage while the girls work on a dramatics badge; Cadette Girl Scouts go on a camping trip in a national park in the West and are tested by a well-planned challenge which involves emergency preparedness; a Senior troop in the Middle West learn to share their troop experience with migrant children. All these troops have been experimenting with the new Girl Scout program.

Mrs. John Chatlos, the Troop Service Director, will explain to the audience the changes in the Girl Scout program so that girls and parents will understand some of the things that are ahead for the girls who are in the troops of our community. These changes become effective September 1.

Since all the handbooks for the girls are new and will not be for sale until September 9, an opportunity will be given for any girl to place an advance order for her book. This will insure her of having her own book at the beginning of the year. The book will be \$1.00 plus 3¢ tax; money to accompany order.

The same movie and program will be presented on Monday night, June 10, at the Emmitsburg M-G Theater at 7:30 P. M. and in Thurmont at the American Legion Home on Tuesday, June 11. If you cannot attend the program in your own town, you may attend either of the others, but all girls and their parents should attend if possible.
