## POTOMAC EDISON COMPANY ASKS TO LOWER RATES

The Potomac Edison Company filed with the Public Service Commission of Maryland a reduced electric heating rate for any general service or commercial customers to become effective July 31. The proposed rate will apply to stores, offices, motels, schools and similar commercial establishments and to any other customers who wish to take service under the rate where the entire heating requirements are supplied by electricity.

Under the proposed rate, the cost of heating with electricity will be reduced as much as twenty per cent for customers under the commercial classification.

All of a customer's electric use will be supplied under the proposed rate and the schedule of charges provides for 4 steps. The first step of 50 kilowatt hours is priced at 4 1/2 cents net per kilowatt hour. The next 300 kilowatt hours will carry a 4 cents net per kilowatt hour. The third block of 350 kilowatt hours is priced at 2 1/2 cents net per kilowatt hour while all usage in excess of 700 kilowatt hours will cost the customer 1 2/10 cents per kilowatt hour. To provide for capacity requirements, the new rate does include a provision for an adjustment of the third block of the rate when the customer requires capacity in excess of 7 1/2 kilowatts. The last step of the rate is identical with that made available to residential customers in the new low residential heating rate effective this past spring.

When effective, the new rate will become available to all customers served by the Company in Maryland. It is anticipated that it will substantially increase interest in the use of electricity for the heating of commercial and manufacturing establishments.

## FUTURE NEEDS OF ROADS FOR CARROLL COUNTY

Chairman-Director John B. Funk of the Maryland State Roads Commission met with County officials Monday, July 1, in Westminster concerning existing and future road needs for Carroll County. In preparation for a study of those needs for the State of Maryland and its political subdivisions which is scheduled to be presented to the Maryland Legislature in 1964, the meeting was for purposes of introducing the State's thinking on its system of highways in Carroll County.

In attendance with Chairman Funk and his staff were Mayors Wheeler of Hampstead, Perry of Taneytown, William of Union Bridge, and Spoel of New Windsor. Mr. John Eckle and represented the City of Westminster. Senator Weant and Delegates Magin and Dulany were also present, along with County Commissioners Brauning, Crawford, Carr, and Administrative Assistant Grier.

Considerable concern was expressed over the delaying of certain state projects into a category other than "critical" by the State Roads Commission. It was indicated that the State would again review those highways noted by the County officials as requiring further study as to their placement on any priority construction programs of the future.

It was stated at the meeting that the road from Westminster to Taneytown would be advertised for construction in approximately one month and that Maryland Rt. 91 from Gammer to Deer Park Road was also scheduled for construction in 1963. Maryland Rt. 26 and Maryland Rt. 32 (Sykesville By-Pass) were noted as being under construction at the present time.

While the chief message from the State Roads Commission Director expressed a desire for additional money for taking care of its future maintenance and construction needs, it was also made clear that the County roads and streets of incorporated areas were to be included in the request for future financial aid when presented to the 1964 General Assembly.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth;  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

The temperature is way up there and you and you are way down there! So what's to do about it? Stop grumbling and think what you used to say having such a long Winter, "I'll never say it's hot again for I can't wait until Summer comes!" And here it is with plenty more to face. The men who are in the Air-Conditioner Business sure are doing the big Biz these days. For July it states in the Farmer's Almanac "HOT — JUST AS YOU THOUGHT. HEAVY RAIN, HOWEVER, INSTEAD OF A SHOWER. COOLS THEN DROPS. NOW YOU'LL SWEAT — WANT TO BET? PERHAPS TORNADOES. GOODYBYE THOSE PODADOS. DIDN'T COOLSO — HUMID AND CRUEL!" UGH!

Many state that they are remaining right home where they can be more comfortable when it is terrifically hot and that is 100% right. Eh? President Kennedy does not seem to mind it in the least and just keeps on going. "Can't help lovin' that Man"—just like that song. Remember? Did you see how very shaken he was as he looked over that horrible wall in Germany? I really love to see him think!

Went to see the Double Header the other night at the stadium and although the game was lost first, the Orioles made up for it in the second with Kansas City.

No doubt, Ladies, you too saw and heard on TV with "Mr. Fortune" the other morning as to "Food On Wheels!" It is for "Shut Ins" and for people who cannot prepare their own meals and the price is \$1.25 The lunch is boxed by volunteers and is delivered by volunteers, to. This is all done through the Presbyterian churches in Baltimore. Wonderful!

And here is a cute but true one, "Coffee was so important in Ancient Turkey that if a Turk failed to keep his wife supplied with coffee, she had grounds for divorce!" no foolin'!

Here's the answer to that Teen-age letter and a quickie at that.

"My Dear Child: Do not attempt to run away at your age of 16 and the boy 18. Never, never borrow money as you saw for a complete apartment full of furniture which you saw in an ad. One time a young couple came from Penna. and I was home alone in the Parsonage where they thought they could come and be married — just like that. I talked to both of them for almost an hour and convinced them that the proper thing was to return home and explain to their mothers what they had done and then come back and see me within a year. One afternoon, a happy couple came to see me and it really was the same couple who thanked me for giving them the good advice as they stated they were going to wait and be married when they were finished school. I do hope you will write me again and tell me that you both did just that!" Your observer.

Don't miss the beautiful movie at the New Theatre, "A Gathering of Eagles." It is a different type of a picture and you will realize the power of our grand Uncle Sam. Don't miss it!

And now for "CLEOPATRA." Folks — adjectives could never describe it! First of all the Hippodrome surely lifted it's face for that glamorous picture. It is only to compare with such great pictures as, "The Ten Commandments" and "Ben Hur."

The Directing of such a masterpiece as this multi-million dollar spectacular was the big thing that moved me beyond words. The theatre was crowded and as to the first floor seating — well you will think you are reclining in a soft and luxurious chair right in your own living room. From the very beginning when Cleopatra is brought before Julius Caesar rolled up in a handsome Orient Rug, you will immediately realize that you are going to like the play and truly the three hours and forty minutes passed so quickly that it was amazing. There is no doubt about it, folks that Gal is a beauty and at times her features appear as chiseled marble! Of course, you all know the story although the movie may not be the precise history nor is it educational with a grand moral but you will never forget the Egyptian backgrounds. It is simply stunning and holds the interest of any vast audience, in fact, the silence seemed electric! The acting is superb!

Have a grand week-end, folks and please, please keep America beautiful by discarding anything in the little bag which you take along just for this purpose right in your car. For every Litter Bit Hurts and you know just what I mean.

Until next week D. V.

I am,  
Faithfully,  
YOUR OBSERVER

### WHY JOBS ARE SCARCE FOR YOUNG PEOPLE

Three specific reasons are given for the fact that jobs for young people are harder and harder to find: (1) High rates of hourly wages force employers to limit drastically the use of workers; (2) Minimum wage rates discourage use of untrained workers; (3) Seniority rules favor older workers, penalize young ones. It is estimated that the unemployed in the United States now number 4,100,000, including about 1,150,000 teen-agers.

### WHERE YOUR MONEY GOES

We have reached the sorry situation where very little or no concern is shown in Washington for the taxpayers' dollars, where wasteful spending is the vogue. Almost everybody seems anxious to think up some scheme which will waste your money. Sponsors of new spending programs, instead of being properly apologetic to the taxpayer who must foot the bill, actually seem proud of their wasteful brainchildren. The blame for the accepted atmosphere of reckless spending and waste does not lie exclusively on an Administration which has shown no inclination to save money or to be thrifty or on the majority in Congress which usually passes with seeming enthusiasm all spending proposals; the blame lies partly on the public and its press and television media, which, generally speaking, have only praise for spending programs. Delegations to Washington invariably have been for spending, never for saving. So, waste runs rampant! Here are some things you are paying for:

- U. S. military installations in Japan where 1800 excess personnel, all Japanese, are employed at an annual waste of \$2,700,000;
  - Rubber tracks for tanks, allowed to deteriorate, \$5,000,000;
  - 103 Ten-ton crane shovels, never used, \$2,000,000;
  - A private train for an ambassador, \$119,000 a year;
  - Office furnishings for U. S. Travel Service, Tokyo, \$110,000;
  - Paris office of Travel Service, \$53,000 budget, of which \$46,330 was spent in last two days of fiscal year;
  - 200 Sets of cuff links, as gifts from Government official, \$2,000;
  - 50 Copies of a "Travel Service Manual," 25 in gold-stamped binders, \$10,109;
  - A study of the social structure in Madagascar, \$13,700;
  - A study of modification of alcohol preference in rats, \$17,500;

# CURRENT EVENTS FIFTY YEARS AGO

New wheat of fairly good quality has been coming to this market, this week, in small lots.

Alfred Durst, of Centre Hall, Pa., an old veteran, visited his daughter, Mrs. D. J. Wolf, following the Gettysburg battle anniversary.

Westminster banks, now advertising 4 per cent interest, are a little slow; Taneytown banks have been paying 4 per cent for about two years.

During the heavy thunderstorm of last Saturday evening, lightning struck the roof of St. Joseph's Catholic church, and the barn of John W. Eckard. Both buildings were considerably damaged but fortunately fire did not ensue.

William L. Harman, near Otter Dale, fell from a load of hay, one day last week, and badly lacerated his right hand.

The first wheat threshed here was for D. H. Essig. The yield was 16 bushels per acre.

Close of Gettysburg Battle Anniversary — The fireworks display on Thursday evening proved the greatest single attraction of the week, drawing a crowd estimated far into the thousands. On the 4th the chief attraction was President Wilson, though he remained only about an hour, during which time he delivered a short address to perhaps 10,000 people. The camp is said to have cost in round figures \$1,000,000. The great anniversary practically came to an end on Saturday, only a handful remaining over Sunday.

Frizzellburg — Jacob Marker has the painters employed on his farm and all buildings will be thoroughly painted. . . . Summer boarders are arriving. Those who come are stopping with Mrs. Ollie Few and Mrs. Ellen Rinehart. . . . Archie Fleagle of Baltimore spent last Sunday in this place. This was his native home and it gave him great pleasure to meet so many of his school chums and have a little chat.

One of the oldest churches in this section of the county, "The Old Church on the Hill," at Mt. St. Mary's College, Emmitsburg, which is a relic of the foundation of this famous Catholic institution, was destroyed by fire Friday night. While the church was of little material value, having been abandoned over 15 years ago, it was a structure of historic interest and was a familiar spot to people of that section and to the many students of Mt. St. Mary's. The old church was built in 1805 by Father Dubois, who founded Mt. St. Mary's, and was dedicated August 15, 1806.

Corvair 700 Club Coupe

# The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're self-adjusting. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in

the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, we might add, which means there's no anti-freeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!

### KEYSVILLE-DETOUR

Greetings to you:

Sorry to have missed writing the news last week, but what with teaching Bible School, baking for the food stand at the Macie Forney Sale and company, too, I just was not able to work the column in for the earlier date. Do hope you all had a "Safe-and-Sane 4th." Here's last week's items first —

It is good to report that Mr. Earl Roop of Keysville-Taneytown Rd. is continuing to improve and can often be seen sitting on his porch on pretty, warm days. I stopped by to visit with him one afternoon and found he and Mrs. Roop very glad to have company. If you have been putting off calling on him until he was stronger from his recent heart attack, a short visit will now be alright.

A big Thank You from the ladies of the Fellowship Committee of the Keysville Lutheran Church Women to all those who donated to and purchased from their food stand at Miss Forney's sale. From the stand sales, it was possible to turn over to the Church Building Fund the amount of \$300.00 — which pleased everyone.

There was a good turn-out at both the Keysville Lutheran Sunday School picnic at Taneytown Park on June 26 and the Hymn Sing put on at Rocky Ridge on June 29 by the Union Bridge Lutheran Parish Chorus. There were a number of other singing groups who participated in this "Sing" and they all did well. Mrs. George Motter of Taneytown directed the congregational singing and everyone enjoyed the evening.

Mr. and Mrs. John Young, Jr., recently moved to Detour into the house recently vacated by Mr. and Mrs. LeRoy Coshun and family.

The "Swiss Boys" are gone now. On June 25 Mr. and Mrs. Carroll Wilhide, Werner and Ernest were luncheon guests of Mr. and Mrs. Robert Harrell and daughter, Teresa, in Pasadena. After lunch Mr. Harrell and Teresa took Mr. Wilhide, Werner and Ernest for a tour of Annapolis. On Wednesday, the 26th, Werner and Ernest visited Gettysburg, Pa., and in the evening went on to Clear Spring, Md., to visit with another of Werner's host families, Mr. and Mrs. Daniel Seibert and children, for a few days. From there they went to Washington, D.C., for a few days and then on to the Eastern Shore to visit with still another Maryland host family. It will be fall until they will return to this area for another short visit before returning to Switzerland.

Recent Saturday visitors at the Carroll Wilhide home near Detour were Mr. and Mrs. Melvin Schnappinger and Mr. and Mrs. George Beck of Halethorpe, Baltimore.

Mr. and Mrs. Gilmore Ausherman and son, Terry, of Frederick were recent Sunday visitors with his brother and family, Mr. and Mrs. Maynard Ausherman of Forest and Stream Club Road. Terry then stayed for a week's visit with his aunt and uncle, Joan, daughter of Mr. and Mrs. Harold Thomas of Hollow Rock Farm near Detour, is improving after a recent tonsil operation.

Mr. and Mrs. Richard Wilhide near Detour returned her sister, Marianne, to her home in Clear Spring on the 30th. At that time Mrs. Wilhide's brother, Johnny, then accompanied them home for a week's visit.

Mr. and Mrs. J. William Stambaugh of Keysville have recently sold their farm near Mumma Ford Bridge and will hold a Public Sale there on Saturday the 13th at 11:30 A. M. The food stand will be served by the Ladies of the Keysville United Church of Christ and I'm sure donations will be greatly appreciated.

Visitors with the William Fleharty family of Keysville Road from Saturday the 29th through Tuesday the 2nd were Mr. and Mrs. Edward Killinger of Paxton, Pa. The Killingers visited here last summer also, and were much impressed with the friendliness of this community. While here they also visited with the Carroll and Lloyd Wilhide families and attended the Hymn Sing. On Monday the Fleharts and the Killingers drove down to Annapolis for some sightseeing.

Congratulations to Mr. and Mrs. Myron Wilhide near Detour upon the birth of a second daughter, Shirley Renee, on Tuesday morning, the 9th. Shirley weighed in at 7 pounds 1 1/2 ounces.

Randy, son of Mr. and Mrs. William Weishaar of Forest and Stream Club Road, is visiting this week with his brother and sister-in-law, Mr. and Mrs. Larry Weishaar near Taneytown. On Saturday Mr. Carroll Wilhide and Mrs. Richard Wilhide near Detour returned her brother, Johnny, to the home of an aunt in Hagerstown and then brought Clay Hahn from Western Maryland Hospital to the Wilhide home for a visit.

Holy Communion will be served at Keysville Lutheran Church on Sunday the 21st. Service begins at 9:30 A. M. Last Friday Miss Elizabeth Yoder and her mother, Mrs. Emory Yoder, of White Hall came to the home of their sister and daughter and her family, Mr. and Mrs. Clyde Wilhide of Keysville Road. Elizabeth visited for the week-end and then returned to White Hall but Mrs. Yoder remained for a longer visit with the Wilhides.

Helen Fossett, who makes her home with the Maynard Ausherman family near Detour, spent last week visiting with her mother, Mrs. Mary Fossett, and her grandmother, Mrs. Florence Hyde of Westminster.

Wonder how many people have been affected by the change from such HOT weather to weather so much cooler? Bruce, younger son of Mr.

and Mrs. William Fleharty was on the sick list for several days with chest congestion. He's doing better now. From the look of the waiting room at the doctor's office, there is a good bit of sickness around.

Saturday evening visitors with the Maynard Ausherman family near Detour were Mr. and Mrs. Noah Wareheim near Mayberry.

Mr. and Mrs. Carroll Wilhide near Detour were Sunday afternoon visitors at the homes of Mr. and Mrs. Carroll Valentine, Mr. and Mrs. Earl Roop and Mr. and Mrs. Clyde Wilhide all of Keysville Road. Mr. and Mrs. Bruce Burnside, Malcolm, Jamie and Teresa, of Rockville visited on the Fourth with Mr. and Mrs. William Fleharty and family near Detour. The Burnside had been on a picnic at Cunningham Falls State Park near Thurmont earlier.

Keysville Lutheran Church Women will have the food stand at the Public Sale on July 20 at the home of Mrs. Virgie Ohler in Keysville. Donations will be appreciated. Contact Mrs. Mae Baumgardner or Mrs. Kathryn Stine.

Mr. and Mrs. Wilhide and Denise joined their parents, Mr. and Mrs. Carroll Wilhide and Jane and Beth for a family supper on Sunday evening to celebrate Beth's 11th birthday. Happy Birthday wishes to both Beth, whose birthday was July 5, and her dad, whose birthday was June 30.

Happy Birthday wishes also to Mrs. Edward (Kathryn) Coshun of Keysville Road whose day was July 3.

## REVIEW OF FATALITIES FOR WEEK ENDING JULY 7, 1963

Sixteen persons were killed on Maryland highways last week according to the weekly survey published by the Maryland State Police.

Seven of those killed were drivers; five were passengers; and four were pedestrians.

Alcohol was a contributing factor in five of the deaths; speed in six; and "driver error" was present in eleven of the fatalities.

"After a fatality has occurred," commented Major G. E. Davidson, Field Commander of the Maryland State Police, "it is most difficult to determine some of the underlying factors in 'driver error' which caused the accident. That a driver was speeding, that he crossed the center line, that he failed to yield right-of-way... these are obvious. Why he did it is not always so evident.

"It is reasonable to assume, however, that impatience contributes to many accidents. Annoyance at slow moving vehicles, hurry to beat an automatic signal, unwillingness to wait to cross at intersection... these and many other acts which are motivated by impatience can result in very serious and tragic consequences. 'Driver error' will continue until attitudes, as well as actions, have been improved."

## NEW TELEPHONE DIRECTORY

Over 14,300 telephone directories for 1963 will soon be distributed to telephone subscribers in Carroll County.

The directory, pictures the Federal Social Security Building located near Baltimore on its cover, gives a good indication of Carroll County's recent growth. It contains nearly 13,400 listings, compared with about 12,700 in 1962.

The general information pages in the front of the book have been revised and rearranged for faster, easier reference. In addition, the direct distance dialing material has been expanded. Among other things, it includes a map of the United States showing the area codes, as a supplement to the telephone area code lists.

According to Mr. B. L. Howell, manager of the local office of the Chesapeake and Potomac Telephone Company of Maryland, distribution is scheduled to begin July 15 and continue through July 18.

## TANEYTOWN TIED FOR 1st PLACE IN SOUTH PENN LEAGUE

Taneytown, which beat Littlestown 8-5 Saturday night, is tied with Ardenstville after Ardenstville scored its third straight second-half win, 3-2, over New Oxford last Sunday; while McSherrystown edged Gettysburg, 5-4, in South Penn Sandlot League action.

Elsewhere, Harney outslugged fading Mummasburg, 19-13; Fairfield bombed Bonneauville, 12-3, and Cash-town shaded Brunshtown, 4-3.

Littlestown went down to its first defeat in three second-half outings after four errors helped Taneytown to two good frames. The host nine led, 5-3, going into the sixth inning behind two key hits apiece by Ron and Clyde Crouse when the defense fell apart.

Two errors and three straight singles gave Taneytown three runs to go ahead, and another pair of mis-

## PEA GREEN BOATS

Tommy is sailing pea green boats in his private little sea. You can make these boats and more with pea pods and toothpicks.

Your mother probably has read to you about how "The owl and the pussy cat went to sea in a beautiful pea green boat." You can have pea green boats too — lots of different kinds of boats — if only you have the pea pods and some toothpicks.

Pea pods are left over when peas are shelled for dinner. If you grow peas in your garden, you should have all the pea pods you want for boats for you and all your friends. Because everyone you know will want to make these boats as soon as they see yours.

Tommy, in the picture above, is in the kitchen where he has a big pan full of water on which to float his boats. He has a sail boat, which is a pea pod laid on its side with a toothpick stuck up in it and a piece of tissue paper torn or cut into the shape of a sail stuck onto the toothpick.

He has a submarine, which is made the same as the sail boat without the sail, the toothpick used for a conning tower. He has an outrigger canoe, which is made of two pea pods, both

used with the curved or "keel" ends downward, one much smaller than the other, the two stuck together with toothpicks. You see the outrigger at the lower left of the picture.

Tommy also has a catamaran (he has quite a time saying that hard word) made of two pea pods the same size. These pods are used with the "keel" ends downward and are stuck together with toothpicks so there is space enough between the pods to lay a piece of lettuce leaf on the toothpicks for a deck. On top of the deck, a colors leaf has been laid to form a shelter for the "people" who steer the catamaran.

You can have all these boats and as many other kinds as you can think of to make of pea pods to sail in your own private "sea."

June has been designated as National Barbecue Month. To celebrate the cooking artistry of the American male, to promote the relaxation of his wife and to enjoy with friends and neighbors... the spicy flavors and juicy savors of food prepared and eaten under the sky."

And coincident with Barbecue Month, beef is arriving on the market at levels well above a year ago — 10 to 15 per cent more, according to the USDA. Look for exciting specials!

### Image of God

Lesson for July 14, 1963

Bible Material: Genesis 1 and 2.  
Devotional Reading: Psalm 8.

GOD created man in His own image, in His own likeness. That is the declaration of Genesis, in the very first chapter of the Bible. It is such an astonishing statement that many, even Christians, have been unable to believe it. There is no space here to tell of the ways in which this great declaration has been made to appear to say something else but what it does say, namely that God and man have

Dr. Foreman

a common likeness, a resemblance. This does not mean that man is an exact reproduction of God on a small scale. It does mean, taken at face value, that man resembles God in ways that no other creatures do.

What happened to God's image?

Someone will ask: But what about sin? Was there anything left of the image of God after mankind fell into sin? Here Christians, and even churches, have long differed. Some say: The image is there, clear as ever. Others say: The image (resemblance to God) has been totally destroyed by sin. There is a third view in between these, which is held by many churches, and which seems to this writer to be closest to the Bible and to facts of experience. That is, the image of God has been marred and defaced, but it is still there. This view of the matter is expressed in an old gospel song: "Down in the human heart, crushed by the tempter, feelings lie buried that Grace can restore."

Like God in mind

One way in which we are a kind of likeness of God is in our minds. A great scientist of a past century spoke of his discoveries as "thinking God's thoughts after him." The mind of God planned this universe; and if our minds were absolutely unlike His, we could no more appreciate this universe, we could no more discover its laws, than a turtle can. So far as we know how the world is made, so far as we discover the properties of new elements and materials, we are thinking after God the thoughts He had in creation. Had you ever stopped to think what a dull world this would be if we had to look at it from a turtle's eyes and a turtle's brain? If you have any sense you would not exchange places with the most intelligent horse or dog that ever lived, because in doing so you would lose your most precious possession next to life itself: your human mind.

The voice of conscience

John Calvin, a famous theologian who could be very plain when he tried, gave us a helpful hint about the image of God. It means all those qualities in man, he said, which mark us off from other animals. Now one of these qualities is what we call Conscience. This is a word for the ability which human beings have, to look at things and actions not only as pleasant or unpleasant, legal or illegal, approved or disapproved, but as RIGHT or WRONG. Nature—birds and bees and tigers and buzzards—does not know anything about right and wrong. Nature-creatures do what comes naturally, they know nothing else, because they do not bear the image of God. But man's ability to be aware of right and wrong,—and not only that, but to stand for the right even if he suffers and dies for it—this is part of what his likeness to God means.

The love of beauty

Again, one thing that sets us off from other creatures and marks a resemblance to God, is something often forgotten: namely the joy we have in what is beautiful. Animals are sensitive to simple beauties such as color; but you never saw a dog that would leave his bone to look at a sunset, nor a cat that would eat more happily if a bowl of violets were put down by her cat-food. It is only human beings who want flowers on the table, or who will rise from a meal to look at a sunset. God made the world beautiful, and it was beautiful long before men lived on this planet. But now whenever beauty touches our hearts, whenever we thrill to beauty in nature or in art, we are sharing the joy of God. The reader is invited to think this out farther; these that have been mentioned are not the only ways in which we bear the image of God. We can come to Him, not as to a stranger!

## Repairing Loose Mortar Joints

Loose or cracked mortar in brick or block work permits water to enter and cause interior wall damage. In time, this damage can be severe, so it's wise to make repairs when the defects first appear. Fortunately, you can do the job quickly, easily and inexpensively—thanks to ready mixed materials available at most hardware stores, lumber and building material dealers.

The first step in repairing is to clean out loose or cracked mortar with cold chisel or screw driver. Flush out the opening with hose. While joint is still damp, fill with mortar. Press

the mortar firmly to be sure no cavities remain. This is called tuck pointing and an excellent material to use is Sakrete Mortar Mix. It comes in easy-to-handle sacks and is ready for use with the addition of water.

After filling cavity, scrape off excess mortar and finish joint to match rest of the wall. This is easy to do with a jointing tool or a flat or rounded stick—depending on joint to be matched. Finally, after about five minutes, brush across joint to remove excess mortar then finish again with jointing tool.

This is the easiest, best and most economical way to repair faulty masonry work.
