ONE DAY SCHOOL ON FEEDING DAIRY COWS

Challenge Feeding — a new concept in the feeding of dairy cows — was the topic of a one-day school for Southern States Cooperative retail personnel in this area, held July 19, 1963 at Ellicott City, Md.

Attending from the local Southern States retail outlet, Southern States Taneytown, was Geo. C. Flohr, of Taneytown, Maryland. The new feeding concept was explained by Garland E. Benton, Dairy and Livestock Specialist for Southern States, and C. A. Williams, Manager of Feed Merchandising for the cooperative. They said Challenge Feeding includes these features:

- 1. A stepped up rate of feeding for two weeks before calving.
2. For 30 days following calving, cows are subjected to "full feeding to appetite." That is, they are fed all the grain they can consume during this period.
3. After this 30-day period, the maximum profit feeding rate is computed for each cow. This rate is based on factors such as: price of milk, cost of feed, age and reproductive stage of the cow, and quality of forage.

Benton said this method of feeding cows has been tested extensively. The results in almost every case have been more profit for the dairyman, he said.

"DELIVERANCE DAY" FOR CORPORATIONS

It was facetiously suggested last week that July 9 be proclaimed "Deliverance Day" for corporations, which pay 52 per cent income tax, for on that day 52 per cent of the calendar year had passed and the tax-paying-companies presumably could then start making money for themselves and their stockholders.

MARYLAND SAVINGS BOND SALES UP 12.4% AT HALF-YEAR

State Chairman Charles P. McCormick announced that sales of Series E and H Bonds in Maryland of the year showed a 12.4% gain over the comparable 1962 months.

Mr. McCormick said that the Freedom Bond Drive—May 1 through July 4—was an outstanding success and greatly stimulated sales of Series E and H Bonds throughout Maryland. This was reflected in June sales of \$6,823,095, showing an increase of 15.8% over June sales of last year.

Somerset County is in first place with 69.4% achievement; Howard County is second with 67.1% and Wicomico County third, with 56.8% of quota made. Baltimore City with 55.4% of quota achieved is in seventh place.

Increased sales are anticipated during the last half of 1963 as a result of new savers and increases in allotments by employees, brought about by the Payroll Savings Campaigns conducted by hundreds of companies and Federal Agencies throughout the State.

Many Service Clubs have already qualified for Treasury Citations in connection with the Bond-per-Family program conducted, in which 50% or more of members represented, purchased a Savings Bond.

BOY SCOUT NEWS

Summer Camp — The annual week of summer camp was held at the Baltimore Area Council camp, Broad Creek, near Whiteford, Md., from Saturday, July 6 to July 13, with 14 boys attending. They were under the direction of Larry E. Six, assistant scoutmaster, for the entire period; of the scoutmaster on the opening week-end and from Thursday to its close; and of Robert L. Bowers, former assistant scoutmaster and Explorer adviser, from Sunday until Wednesday.

Cooking was done entirely on a patrol basis in Area III, with Thomas West heading the Flaming Arrow patrol and James Frock leading the Foxes. Panther members who filled out the ranks were Samuel Cassell, Douglas Dayhoff and James McKinney. Allison Baker, a Panther, was present for the first week-end only. Besides the patrol leaders, Cooking merit badge requirements were also completed by Cassell, James Eckert, Robert Eckert, Brett Fleagle, Samuel Fleming, Richard Greene, McKinney and James West. All of the foregoing finished Basketry merit badge except Greene and McKinney who have one part yet to do; plus Dayhoff, Edward Thompson and Assistant Scoutmaster Six. Thomas West did all the work for Camping, Forestry and Pioneering merit badges, while Six completed Camping, Forestry and Personal Fitness, and Thompson finished Forestry besides a good half of Cooking.

First class Morse signaling was accomplished by Frock and Martin, thereby making them eligible to try for First class rank at a Board of Review to be conducted shortly by Francis E. Lookingbill, chairman of the Troop Committee. Those nearing Second class will also appear, among them Robert Eckert, Greene, Hack Howarth, Thompson, and Assistant Scoutmaster Charles T. Welk.

The swimming at Broad Creek was hampered by cold weather for a couple of days, but besides Six and Thomas West, who attained swimmer on the opening day, Greene and McKinney distinguished themselves, by reaching that proficiency later in the week. Classified as beginner (able to swim 50 yards) were Dayhoff, Robert Eckert, Fleagle, Frock, Martin and Thompson.

Camporee

These same two patrols had participated in the Arrowhead District camporee at Soldier's Delight, near Reisterstown, except that Panther patrol leader Rickey Clingan replaced Frock and served under assistant patrol leader Philip Martin of the Foxes, while Senior patrol leader Samuel Bower replaced Six, unable to be present. Paul Althoff, Jack Howarth, Robert Howarth and Raymond Seidler, too, were among the group of 15 Scouts and leaders who earned the camporee emblem and the highest, or Proficient, rating for both units.

Advancement

The last Board of Review advanced Donald Hahn, Robert Howarth, Seidler, Leroy Smeak, Gary Wantz and James West to Second class rank, while Bower attained the coveted honor of Life Scout. Merit badges completed were Machinery by Bower, and Citizenship in the nation and Safety by Thomas West.

The influx of recruits continues unabated; Rickey Airing, McKinney, James Eckert, Richard Feeser and Richard Tracey having joined the fold. The indoors has given way to outdoor programs, usually including swimming and a wiener roast at Natural Dam on Thursdays—maybe this accounts for the unusual membership gain during this Troop year. Proof of new boys' staying power will come when the fall program gets underway in earnest and the school year tightens its hold upon their available time.

BALTIMORE BAY BRIDGE FACTS

Location of the second Bay Bridge between Baltimore and Kent counties, instead of alongside the present one, would save you up to 77 miles one way on trips across the Chesapeake. A Baltimore Bay Bridge would cut the present 158-mile distance between Towson and Chestertown to 81, reduce the 115-mile trip from Taneytown to Georgetown in Kent County to 88 1/2.

A \$4,000,000 LUNCHEON

They say that, when Secretary of State Dean Rusk was asked for his itemized expense account after the Costa Rica conference, he began, not without a twinkle in his eye: "Breakfast, \$1.65; lunch with two foreign ministers, \$4,000,000 . . ."

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer Each future day and in some way—help to bring you happiness!

All the Zinnias along the fence are in full bloom plus the Pansy bed with the Petunias at the foot of the yard and also the red, red Nasturtiums at the kitchen door. It is truly a colorful sight to behold and just goes to show what really can be accomplished even if the yard is a small one.

Many hot days are still ahead of us, so do try to keep cool and don't talk about how hot it is. Always think of last Winter, as everyone, no matter in which direction would say, "I can't wait until Summer comes!"

Letters arrive as to vacations and one especially will I reply to and that was from a father with five children stating he cannot afford to go on an expensive trip as he does not make that kind of money but he does have two weeks coming to him and would I suggest something just different to him. He states he bought a used Station Wagon and that might be a help. Well, here it is sir! First of all it is nice that you have the station wagon for that surely does hold a lot! Why not take day trips for it is always nice to come home to your own bed each night and have more comfort than really going away for two weeks. You did not state as to the ages of the children but I suggest a trip down the Bay to Betterton. That is truly relaxing all the way. The children would surely enjoy that. Pack a big lunch — you can't have too much with five kiddies. The nice part as to that trip you get home at a nice hour and there is room to park your car for free. The children could go in bathing and it is best to take along the bathing suits. Take a trip to Philadelphia and see all the Historical sights and the nice part of that is — all are within walking distance and the children would learn much. Another day drive to Annapolis which every Marylander should visit. Also to see the different interesting places in Baltimore. Take a day or two rest at home. Come down on Wednesday evenings and listen to the band at 31st St. and Charles St., or the Washington Monument and those evenings are at 8:00 P. M. and all for free on Wednesday and Thursday evenings. Take lunch another day and go to a quiet spot along the water under the trees. Two weeks pass quickly and they can be made into a delightful vacation right around your home. Many couples have thought of the idea as to making a Patio, getting new furniture for it, plus the awning and that way enjoy it all outdoors instead of spending the money going away. If you are handy that all can be accomplished alone and that would be for many years to come. Go to a movie one day but select something worthwhile for the entire family.

Last Friday evening at the Stadium was a delightful one as the sky for the canopy — all outdoors which is fascinating to sit there and listen to Leigh Martin leading the bands plus the grand vocal numbers and the special treat of the young flute player who won the Trophy and all for free, open to the public.

Your observer went to see "Irma La Douce," at the grand, "Little Theatre" on N. Howard St., where the atmosphere is entirely different from all other theatres or movie houses. Shirley MacLaine is prettier in this show than any I have ever seen her in and also Jack Lemmon is tops as the Male Star. This show was a musical in other cities as Paris, London and N. Y. and on the stage. There was a huge audience and the show entirely different from any I have ever seen. It is amusing, colorful but bawdy. The story is of a girl who has led a sinful life and falls in love with a naive policeman and from then on tries to be a good girl. Nuff Sed!

Next week D. V. I will be writing of that wonderful sign—"AH!" of Leo (one of my favorites) — those born from July 20 to August 20. Have a grand week-end and if you cannot afford to take a vacation, remember home is best on hot, hot days. Until next week D. V.

I am, Faithfully, YOUR OBSERVER.
