Scouts to Have Paper Drive Saturday in Taneytown

Another collection of rags, magazines, and newspapers will be conducted this Saturday, August 24th, by Boy Scouts of Troop 348, Taneytown, who are sponsored by Hesson-Snyder Post 120 of the American Legion. Bundles securely tied contribute greatly to the success of the collection, although Scouts will gladly pick up from cellar or garret if their attention is drawn to the need for same while the drive is going on.

Besides Taneytown itself the roads to Mayberry, Copperville, Crouse's Mill, Bridgeport, and the Baptist rd. to Starner's Dam will also be covered. In case of bad weather, necessitating postponement, a new date will be announced.

Summer Program at Natural Dam

The meetings on every Thursday have continued at Natural Dam Recreational Area, with swimming and some boating followed by a business session and wiener roast, occasionally concluded with an outdoor game. The cooperation of parents who have assisted the leaders in transporting boys up and back has been and continues to be much appreciated.

Advancement and Patrol Activities

Advanced to Second Class rank at the July Troop board of review conducted under the direction of Chairman Francis E. Lookingbill were: Samuel Cassell, Brett Fleagle, Samuel Fleming, Richard Greene, Jack Howarth, and Edward Thompson. The rank of First Class was earned by James Frock and Philip Martin who at camp triumphed over the Morse signaling bugaboo, while the honor of Life Scout was also awarded to Thomas West.

Besides the Red Cross certificates for the Standard course, the Scout First Aid merit badge was completed by Robert Miller, Frock, Philip Martin, Ronald Martin, Leroy Smeak, and Thompson. The Red Cross course was also completed by Samuel Bower, Carroll Foreman, and Thomas West. Other merit badges won in recent weeks have been Reading and Life Saving by Bower; Corn farming, Dairying, Farm arrangements, Fishing, and Home repairs by Fleagle; Fishing and Home repairs by Fleming; and Basketry, Cooking, and Fishing by Philip Martin.

Camping trips to local spots were reported last week by the Flaming arrow patrol under Patrol leader Thomas West with five members and four visitors present; and by the Foxes under Patrol leader Frock with four members and three visitors present.

Terry Bell has returned to Troop membership in the Panther patrol, and Duane Wiles has been admitted as a new member in the same group, which is under the leadership of Ricky Clingan.

The Foxes continue to lead in the annual patrol contest, with a 242 score as reported at last Scoutmeeting, and the Flaming arrows stood second at 225.

While an occasional meeting and swim will continue to take place at Natural Dam after the start of the school year, soon the Troop will be returning to the meeting room which has so generously been made available for many years through the courtesy of Mrs. John Hoagland. The patrol contest race will then take on a faster pace once the swing into the routine of school has been negotiated.

Paper Drive

Scouts able to help with the scrap collection are requested to report promptly by 7:30 A. M. Saturday. In the event of rainy weather, a new date will be selected and published.

4-H CLUB MEETS

The Pleasant Valley Boys' 4-H Club met Tuesday evening at the home of Helen Warehime. Reports were heard on the paper drive, booth and exhibit at the recent Carroll County 4-H, FFA Fair.

Linda, David and Steven Griswold and Sandra and Sylvia Stonesifer told of their placings at the recent field days. The group discussed improvements to the Carroll County Fair and offered several recommendations.

Linda, David and Steven Griswold and Sandra, Sylvia and James Stonesifer plan to exhibit their projects at the Maryland State Fair held in Timonium.

At the recent Carroll County Campfire, Sylvia Stonesifer, Helen Warehime, Gene Curfman and Linda Griswold were taken into the Older Youth. Members who participated in the Club's skit were: Linda and Steven Griswold, Helen Warehime and Sandra and Sylvia Stonesifer.

The next meeting will be held at the home of Jack Richards on September 17th.

REAL "FREE-LOADERS"!

Do you know "Free mailings sent out by House and Senate Members cost the taxpayers \$4.9 million last year, dwarfing the \$1.2 million of a decade ago."

C. E. News

Roger L. Boone, Miss Joyce Dell and Mr. and Mrs. Roy B. Kiser, attended a luncheon meeting at the Howard Johnson's Restaurant, Pulaski Highway, Baltimore, Saturday. Plans were formulated for the Md. State C. E. Convention to be held at the Brethren Service Center, New Windsor, Md on Saturday, October 26, beginning at 9:30 A. M. with banquet in the evening. The program will consist of conferences, music, communion, recreation, Alumni tea and Banquet. Register now with Mr. Warren Utermahlen, Carroll County's Registrar. Adults, \$1.00, High School, 50c; Juniors, 25c. (More about the program later.) Plan now to attend.

The regular Carroll County C. E. Executive meeting was held at the home of Mr. and Mrs. Sterling Dell, Finksburg, on Monday evening with 15 members and guests present. Reports on the Galilean Service at the Community Pond, Westminster, and the annual C. E. Day at Harvey Stone Memorial Park, Western Maryland College campus were heard, a new adult C. E. Society at Wakefield. Miss Joyce Dell, Finksburg, will have charge of the September C. E. Rally, place and date to be announced. Two letters of thanks were read by Mrs. Kiser, secretary. Mr. Warren Utermahlen, Taneytown, was named registrar for Carroll County for State Convention at New Windsor. Contacts to different congregations who have no Youth Activities will be made for Christian Endeavor, since it is International, Interacial, and Interdenominational, for all ages, for "Christ and the Church."

Christmas Seals Arrive

The arrival of 35,000 sheets of 1963 Christmas Seals, weighing 399 lbs., signaled the season's first flurry of pre-campaign activity today at the headquarters of the Carroll County Tuberculosis Association, Times Building, Westminster.

Mrs. Francis Nelson, President of the Smallwood Homemakers Club with Mrs. James Gartland and Mrs. Paul J. Orendorff were on hand to receive the bundles of Christmas Seals, store them, and start preparations for the annual mailing to take place November 15. Funds contributed for the Seals, which will be mailed to all Carroll County residents, are used by the Association in its drive to combat Tuberculosis and control other respiratory diseases.

The traditional Christmas Seal mailing is done entirely by volunteer help, according to Robert Lee Miller, President of the Association. "This saves hundreds of dollars and thousands of hours of staff time, he said, "money that the Association puts into its program of activities to wipe out tuberculosis and fight other respiratory diseases."

Volunteers will be busy from now until November 15, pasting labels and stuffing envelopes and doing the numerous things needed to get ready for mailing day. Asked whether the available force was sufficient to do the job, Mr. Miller said, "There's always room for more, and there's no more soul-satisfying work for people to turn their hands to."

WATCH SCHOOL BUS—CHILDREN

With the opening of schools fast approaching, motorists are reminded to drive slowly and carefully in the general areas of schools and on our highways where school buses transport children.

School buses in Carroll County drive a total distance of over 6,000 miles each school day and transport more than 9,000 children. Many of these pupils are six years of age or less. For them the challenge of facing traffic coming from two directions is great. These youngsters will no doubt make many mistakes while awaiting, boarding and leaving their buses. Motorists cannot afford any errors and are urged to drive with utmost care.

State law requires that drivers of any vehicle "shall stop upon meeting or overtaking any school bus which is stopped on the highway for the purpose of receiving or discharging passengers. He shall come to a complete stop at least ten feet from the front or rear bumper of the bus and remain stopped until all passengers are received or discharged and the school bus has started again."

It might be noted that vehicles approaching a school bus from the opposite direction on a dual highway are not required to stop.

POPULATION GROWING BY LEAPS AND BOUNDS

A machine known as a demograph, on perpetual exhibition in the lobby of the Department of Commerce, counts the new babies being born throughout the country and the new U. S. citizens coming in from other countries, and it also takes into account the deaths, giving the exact population figure every minute of the day and night. As you stand and watch it, the figure changes. The population grows by geometric progression. Mathematicians figured out the formula for the population change, and this information was placed in the machine, and the machine does the rest. If you had glanced at the demograph at 1:15 P. M., August 1, 1963, you would have seen that the U. S. population at that moment was 189,478,936. Now, it's more. In fact, the population figure has increased while you've been reading this. A miniature demograph will be exhibited at the 1964-65 New York World's Fair.

35th Wedding Anniversary Celebration

Mr. and Mrs. Carel E. Frock, Taneytown, were the guests of honor at a surprise celebration for their 35th Wedding Anniversary on Sunday, August 18th at the Parish House of Grace United Church of Christ of which they are members.

Mr. Frock is the son of the late Jesse W. and Sarah Fink Frock. Mrs. Frock, the former Alice Brown, is the daughter of Oliver H. Brown of Mayberry and the late Gareth Nusbaum Brown.

The couple was married August 18, 1928 by the late Rev. S. R. Kresge at Baust Reformed Church.

Mr. and Mrs. Frock have one daughter, Mrs. Robert Flickinger of Taneytown, and two grandchildren, Judith Ann and Blaine Allen Flickinger.

Mr. Frock is the Superintendent of Public Utilities in Taneytown.

Those who assisted Mrs. Flickinger in serving on Sunday were: Mrs. Charles Eckard, Miss Catherine Frock, Mrs. J. Elwood Frock, Mrs. Henry L. Miller, Jr., and Mrs. Glenn Mathias. Mrs. Harry Mohny and Mrs. Raymond Perry were in charge of the gift table and Miss Betty Ohler presided at the guest book.

Among the approximately 140 guests present were: Mrs. Frock's father. Out of town guests were from Hanover, Littlestown, Gettysburg, Silver Run, Union Mills, Westminster, Baltimore, Aberdeen and Silver Spring.

Meeting of Lions Club

At the last regular meeting of the Taneytown Lions Club the following business was considered.

Harry Dougherty, the general chairman of the "Crab Feed" August 27, reminded the committees of their duties. The committee on the Calendar Project reported. The Lions are a Community Service Organization and we would like to have the community respond to our undertakings.

John Shorb who visited Maryland Boys' State for several days, and who was sponsored by the Lions, gave a report. The program on which he reported simulated the actual conditions of a dictatorship in order that the boys could make a comparison with a democratic form of government.

After Merwin Fuss gave the program for the coming year, Merle Ohler showed beautiful slides of a recent trip through the West and Canada.

BOWLING BROOK OPEN HOUSE A SUCCESS

Middleburg, Maryland

The open house held at the Bowling Brook Home for Boys on Sunday, August 11th was attended by approximately 200 visitors, who were greeted by Superintendent and Mrs. DePew along with Mrs. Bowers, housemother. Guests were escorted through the home and around the grounds by the boys, who were consistently complimented for the way they handled themselves and for the pride which they showed in their home. There were visitors from other states as well as from local and distant Maryland communities. Members of the home's Board of Trustees in attendance were: E. Miller Richardson, Executive Director; Scott S. Bair; and Carroll L. Crawford. Mr. H. E. Koontz who was subsequently named to the Board was also in attendance.

The open house afforded an opportunity for renewal of many old acquaintances. Many visitors took advantage of the opportunity to visit the adjacent horse training stables operated by Henry S. Clark.

The superintendent encourages continued interest in the home by the public and is interested in seeing even more visitors next year and in the interim.

MARYLAND SAVINGS BOND SALES CONTINUE UPWARD

Sales of Series E and H Bonds in Maryland during the month of July, of \$6,564,770, showed an increase of 11.4 per cent over July a year ago, it was announced by State Chairman Charles P. McCormick, today.

Total sales for the seven months — January through July — amounted to \$46,665,533, bringing the State's achievement up to 63 per cent of its yearly goal of \$74,100,000. The seven-month's sales also showed an increase of 12.2 per cent over the comparable 1962 months.

Somerset County continues to lead the State with 76.2% achievement; Howard County is second with 76.1%; Prince Georges County, third, with 66.3%; Baltimore County, fourth, with 64.9%, and Baltimore City with 64.6% of quota made, is in fifth place.

Mr. McCormick noted that much of this success is attributed to the recent Freedom Bond Drive, particularly to the Payroll Savings Campaigns conducted in industry throughout the State.

To date, 140 payroll savings campaigns have been completed, with a total of 14,202 new savers, representing 76 per cent of the State's payroll savings goal.

Of the 26 local Service Clubs reporting Bond purchases, 12 have qualified for Treasury Awards in connection with the Bond-per-Family Program conducted, in which 50% or more of members represented, purchased a Savings Bond. These are: 7 Kiwanis Clubs; 3 Lions Clubs, and 2 Optimist Clubs.

Key Club International Elects New Officers

Chicago, Illinois, July 31, 1963 — Kenneth S. Cohen, 17, a member of the Key Club of Ewing Township High School, Trenton, N. J., was elected president of Key Club International at the close of the 20th annual convention of the organization in Pittsburgh, Penna., July 7-10. This information was received by Oliver T. Leakins, President of the

KENNETH S. COHEN

Kiwanis Club of Taneytown, Md., which sponsors the Taneytown H. S. Key Club.

Cohen will head, for a year, a high school service organization of 65,000 boys in 2500 high schools in the United States and Canada. Key Clubbers perform useful service projects in their schools in much the same manner that Kiwanians serve their communities.

Cohen is the son of Mr. and Mrs. Leon Cohen, 1831 Pennington Road, Trenton, New Jersey. During the past year he served as a Key Club International Trustee. He has been a lieutenant governor of his key club district, and a member of his school's student council. He served as vice-president of the forensic club and of the junior class. He received a Degree of Distinction in National Forensic League competition.

Also elected were two vice-presidents: Del D. Borgsdorf, of Detroit, Michigan, a member of the Redford High School Key Club, and Ted Horton, Peterborough, Ontario, Kenner Collegiate Vocational Institute.

David A. Keyko, Runnemeade, N. J., a Key Clubber at Triton Regional High School, was elected secretary.

Twelve trustees were also elected. They are: Brad F. Anderson, Billings, Montana, Billings West High School; Ernest A. Childs, Knoxville, Tenn., Knoxville Cen. H. S.; Wm P. Harman, Elkins, W. Va., Elkins High Central High School; Wm. P. Harman, Elkins, West Va., Elkins High School; Tommy W. Lawhorne, Jr., Sylvester, Georgia, Worth County High School; Barrie Lennox, Winnipeg, Manitoba, Vincent Massey Collegiate; A. Wayne Lord, Mobile, Alabama, University Military School; Lawrence E. Richter, Jr., Mount Pleasant, South Carolina, Bishop England High School; Barry Rountree, San Angelo, Texas, Central High School; Marion M. Rundell, Pineville, Louisiana, Pineville High School; F. Bradford Stillman, Virginia Beach, Virginia, Frank W. Cox High School; Wm. D. Tyler, Little Rock, Arkansas, Central High School; and James F. Utley, Hollywood, Florida, South Broward High School.

Selected at the convention was the Key Club considered to have the best "Single Service Activity" during the 1962-63 school year. First place went to the Key Club of Thornton Fractional South High School, Lansing, Illinois, for the establishment and operation of a "Teen Center" in Lansing. Second place went to the Key Club of Maine Township High School, Park Ridge, Illinois, and third was the Key Club of William Allen High School in Allentown, Pa.

Best all around clubs in both service work and administration with more than 25 members were: Baldwin County High School Key Club, Bay Minette, Alabama — first place; and Central High School Key Club, Knoxville, Tennessee — second place. In clubs with 25 members or less, the winners were: Ferriday High School Key Club, Ferriday, Louisiana — first place; and Sprayberry High School Key Club, Marietta, Georgia — second place.

The 2,000 young men attending the convention approved the theme: "Render Dedicated Service" to guide them in their service work during the school year ahead.

The 1964 Key Club International Convention will be held in Dallas, Texas, in early July.

RALLY DAY AT FRIZELLBURG

The annual Rally Day Service at the Frizellburg Church of God, Frizellburg, Md., will be held this coming Sunday morning, August 25, 1963 at 9:45 A. M.

Mr. Charles Hersh of Greenmount, Md., who is a Christian Laymen will be the special speaker for the morning service. There will also be congregational singing and special numbers by our own talent.

The public is cordially invited to attend this service and help reach our goal.

The most encouraging thing about the future is that it can only come one day at a time.

Want to test your memory? Try to recall what was worrying you last Monday.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Last week, it again was "Underneath The Stars" for "The Festival of Music" of the Park and Municipal Concert Bands under the direction of Mr. Gerald Eyth which was the last Concert of the Summer months. It was a delightful program plus the audience singing along with Alex Martin leading to numbers of popularity such as, "In the Good Old Summer Time," "Row, Row, Row, Row," "By the Light of the Silvery Moon," "Wait Till the Sun Shines, Nellie," "Take Me Out To the Ball Game," and "When Irish Eyes Are Smiling!" There was a huge audience and everyone seemed to enjoy the entire evening.

Visiting "The Flag House" again last week after a lapse of a few years was much more interesting. First of all, there is a grand little lady by the name of Miss Marion Butterwick who takes the guests around and explains every detail so beautifully. Every school teacher should take her pupils for the day for it would mean just that to view all the interesting articles on display. It is truly History to the last word! The pupils would learn much. There is a Map made of native stone of the individual states and presented to the Flag House. Bronze stars represent Alaska and Hawaii. The idea originated with the late Arthur P. Sewell, first Curator of The Flag House. The Map was dedicated on June 18, 1961.

U. S. Naval Sea Cadets, Boy Scouts and Girl Scouts served as Guards of Honor. This Map is built in the ground on the side of the yard of the house and it really brings chills and thrills when you stand there and gaze upon such a wonderful work of art and looking down at each state with its special stone.

The House stands at the corner of Pratt and Albemarle Streets and was built in 1793 and it has become famous because it was the home of Mary Young Pickersgill, a widow, lived there with her mother, Rebecca Young and her daughter, Caroline, aged fourteen. They were gentle women in modest circumstances. Mrs. Young, had lived in Philadelphia and advertised as a "maker of colors" for the Army and Navy. There she made "The Grand Union Flag," the one with double crosses for General Washington. Mary is listed as a maker of "ships banners and flags" in the Baltimore Directory of the period. The large flag for Fort McHenry was ordered to be made the largest flag possible so as the English would see it. Two nieces were pressed into service to assist with the sewing and one signed the receipt for the flag for the sum of \$405.90 which you will see and read in the glass case right there. Mary Pickersgill lived in this house from 1807 to 1857 and it has been furnished as it might have been then in the time of the War of 1812. Her husband returned to England and died but the piano and sideboard is right there. The Empire clock in the parlor was Mary's when she lived there. There is a portrait over the mantel in the front bedroom of Francis Scott Key and the desk of faded mahogany was Mary's own. There is such a homey atmosphere when one enters this little old house for the exterior bricks are the very same as those days of yesteryear. Every American should visit this house. There were a number of cars from the various states of these United States right there. To think we are so close and yet there are thousands of Americans who have never really bothered seeing "The Flag House."

As I came out of the house, I saw a large building on the same side marked, "Giovanni Pizza Pie" and much else. I walked over and entered and had a talk with the two brothers who are owners of the business and the famous makes of their products. The name of the brothers is "Guerrero" and they're surely in the know how, which I observed as I was taken through the immaculate plant. Many of Italian products being distributors of "Gioia" Macaroni and "Giovanni" products. So different after the cooking of the Spaghetti from the ordinary brand. Just 17 inches long and thick wholesome pieces. The grand "Gioia" Spaghetti Sauce is truly different from all others as it has a meat foundation and all you do is heat in a separate pot and then serve over the Spaghetti. Ummmmmm good! There is the Frozen Ravoli ready to serve in five minutes and the touch of Italy Manicotti Cheese sticks in the Aluminum Tray ready to bake. That ice box was tremendous, folks and I am confident that those nice brothers will permit you to go through the ware-house when you visit the Flag House. Be sure when you go to any store, demand your grocer to purchase these products. Don't forget the Pizza pies, too! Everything is just de licious! SO DIFFERENT.

Have a grand week-end. Folks. Relax right there on your porch. Until next week-end D. V.

I am,
Faithfully,
YOUR OBSERVER.

CUT IT OUT — NOT DOWN

The most searing indictment of our foreign aid program — "after going through ten different administrators, five major reorganizations and more than 100 billion tax dollars" — comes, logically enough, from the man who probably knows it best.

In his article, "Let's Stop ending US Dollars to Aid Our Enemies," in the August Reader's Digest, Author Charles Stevenson quotes the summing-up of Chairman Otto E. Passman of the House Appropriations Committee after 1,000 hours of official hearings:

"The trouble" is, says Rep. Passman, "that too much of our foreign aid has deteriorated into a subsidy of Communist takeover. And the spenders are so power-hungry, they so withhold the truth from the public, they are so beyond the normal controls of Congress, that there seems no way to confine assistance to helping people help themselves unless we kill the entire operation and start over."

But, as Mr. Stevenson says, in spite of the mountainous evidence that our "aid" largesse has done us more harm than good, President Kennedy is insisting that Congress provide \$4.5 billion more for another year, and Secretary of State Rusk charges that anyone who tries to cut down this request is playing the Communist game!

And yet the record, as revealed by Chairman Harry F. Byrd of the Senate Finance Committee, shows the administrators have not been able, since 1958, to spend the aid money they have been given, and had, in fact, amassed the staggering sum of \$21,273,000,000 as of last June in unexpended balance. This, the Senator pointed out, would keep the aid spenders busy for years without another cent from Congress.

Mr. Stevenson, in the report that Reader's Digest is now filming for TV presentation, cites the fantastic history of our foreign aid blunders in India, Poland, Yugoslavia, Burma, Cambodia, Ceylon, Brazil, Egypt, Algeria, Indonesia — and notes that: "What we do has so eased the pressure on Russia to feed its dependent states that it is able now to use its own wheat to spearhead its infiltration of Latin America." Our gifts to the Poles, he says, "enabled them to send \$13-million worth of aid to Castro's Cuba and \$15-million worth to North Vietnam." The latter is said to include arms for shooting American soldiers in South Vietnam.

The briefest recital (even without TV presentation) of the ill-will and geophysical embarrassment we have purchased at unbelievable cost should stir every American to violent protest and the demand that Congress put an end to foreign aid.

The time has come, not merely to cut it, but to cut it out!

"GRASS ROOTS OPINIONS"

ODESSA, TEX., AMERICAN: "Shouldn't we strive to abolish government operation of businesses (socialism), government control over agricultural production (facism), and governmental redistribution of the wealth (communism)? If the American capitalist system fails, there will be no other nation to save us — as we have saved so many others. On the other hand, if we will rededicate ourselves to capitalism in America, it will provide the beacon light of freedom and abundance that may save the whole world. The rewards of capitalism await us. Are they worth your effort?"

WAILUKU, HAWAII, MAUI NEWS: "Vandals should think twice about the consequences before going

off the deep end in destruction of property and disorderly public conduct . . . including giving heed to the welfare and shame of their families when they are hauled in by the police."

ANDERSON, S. C., FREE PRESS: ". . . while you are being bled dry by high taxes, the electric Co-ops go practically tax free. . . while they are certainly no symbol of the true American free enterprise system, the electric Co-ops are certainly entitled to the dubious distinction of being the 'free-est enterprise' in this country today. By the same token, we will have to reach the conclusion that their type of 'free-est enterprise' is very close to the type of 'free enterprise' existing in Russia today."

PORTLAND, ME., PRESS-HERALD: "Turning over the railroads to the Federal Government probably would please the unions, since they might think they could win from Washington an arrangement rail managements would never concede. Apart from this, mere federal control will not settle the basic issues involved, and if Congress is 'forced to act, it may act in a way that will not please the unions."

SISSETON, S. D., COURIER: "The American Medical Association now claims there is no physical value in sun tanning. In fact, exposure to the sun is damaging the skin. 'Sunlight speeds wrinkles and aging and excessive exposure over a period of time can cause serious skin conditions.' Doctors advise their patients to take precautions to reduce skin damage from tanning as much as possible. Sunburn should be treated as any burn."

CHICO, CALIF., ENTERPRISE-RECORD: "A year ago, some of the testimony offered by experts warned that proposed amendments to the Pure Food and Drug laws would not contribute much to the protection of the public but might well hinder the development of new drugs to cure man's ills and ease his pains. The tragic thalidomide cases were in the public eye at the time. The photos of deformed children were more moving than were the rational arguments. It was even lost sight of that thalidomide has been barred from sale in this country under laws already on the books."

ALTOONA, PA., MIRROR: "If we want a world of plenty, let us restore freedom and responsibility wherein each individual must provide for himself and his family and has the added incentive of knowing that he may enjoy the fruits of his efforts. The socialist cliché of 'redistribution of income,' so popular in our time, is false — always has and always will lead to bitter disappointment and hard times."

SANDPOINT, IDA., NEWS-BULLETIN: "This country is hopelessly committed to the social security program which is taking a bigger and bigger bite out of every pay check in the land. If Mr. Kennedy were to get his way about charging so-called 'medicare' against social security it would mean another big chunk out of every wage earner."

NASHVILLE, TENN., NATIONAL BAPTIST UNION-REVIEW: "To be able to forget one's self and go down the street, go out in the country, dwell among the trees, hills, flowers, animals, springs, brooks, rivers and let them say something to you, and then have sense enough to say something to them — And come away with a glowing sense of appreciation for having had the privilege to commune with the Infinite — in itself an achievement."

It is urged that we help make the disabled able by giving repairable household discards to nonprofit Goodwill Industries. Good-will trains handicapped people, making them able to hold jobs in regular industry.

Executive Vice President Lee Shield of the American Life Convention warns: "Slavery can be the lot of any people who drift far enough down the road of government-in-business. When government combines economic power with a vast political power, it has the means of telling us where we will work, where we will live, and what we will say and do."

Selfish individuals contribute very little toward a better world.

CHECKERBOARD service bulletin PUT MORE EGGS IN HER FEED! Many farmers in this community can tell you there is a difference in the rations they get ground and mixed for their chickens and livestock. You supply the grain. The difference comes in the kind of concentrate used and the right amount for proper balance. If you believe there is a difference in results you get, you ought to try out our Check-R-Mix Service. Here is why we think you'll like it: 1. We balance all rations according to formulas tested and approved at the Purina Research Farm. We don't add more Purina Concentrate than is needed. We add just enough to give you lowest practical cost in the feedlot, dairy barn or henhouse. 2. We do quick and careful grinding and mixing. 3. We will pick up and deliver on call when you are busy in the fields. 4. We can deliver in bag or bulk, and we'll put the Check-R-Mix rations where you want them. Give us a call. Prove to yourself... Purina Check-R-Mix feeding can cost you less. Taneytown Grain & Supply Co. PHONE: PL 6-6666 TANEYTOWN, MARYLAND

CURRENT EVENTS FIFTY YEARS AGO

The primaries this Fall will be held on Monday, September 8th, and will be preceded by one sitting of the Registrars on Wednesday of the week previous.

Mrs. Charles Davidson and two sons, Ralph and Edgar of Philadelphia, are visiting her son, Raymond Davidson and family.

Charles B. Kephart, of this District, was selected by the Republican conference in Westminster last Friday as the candidate for County Treasurer.

Marlin E. Reid, who for a number of years was employed at the Model Bakery, this place, has taken a position with a bakery in Baltimore. His wife and children accompanied him to the city and are visiting relatives.

Geo. Overholzer entertained last Sunday, in honor of Mrs. Laura Milne, who returned to her home in Verden, Okla., last Tuesday. W. H. Overholzer and wife, and Miss Jennie Anderson of Wichita, Kan.; Mrs. Emanuel Overholzer, J. D. Overholzer and wife, Morris Overholzer and wife, Norman Fox, wife and sons, George and Russell; Jacob Fringer, wife and children, Retta, Earl, Marguerite and Ruth; Mrs. Henry Lambert, Miss Mabel Lambert and Jos. Harner. W. H. Overholzer and wife, and Miss Jennie Anderson will return to their home in Wichita, Kan., in a short time.

NEWCOMER — Wm. H. Newcomer, 36 years, a young farmer living on the farm of Judson Hill, near Harney, died on Wed., August 20th, of general peritonitis. He leaves a widow, (who was Miss Herr) and two small children; also is survived by his father and mother, Mr. and Mrs. Bendigo Newcomer; five brothers and one sister: Augustus, of New Windsor; Samuel, Geo. and Theo of Taneytown, and Jeremiah and Annie at home. Funeral services were held Saturday in St. Paul's Lutheran Church, Harney and interment made in the Lutheran cemetery at that place.

KEYSVILLE-DETOUR

Greetings to you:

There was a Surprise Baby Shower held at the home of Mr. and Mrs. Carroll Wilhide near Detour on Sunday evening for their daughter-in-law, Mrs. Richard Wilhide of Forest and Stream Club Road, with relatives and immediate neighbors attending. Cassie received many lovely gifts for her "little Wilhide" and was especially surprised to see so many of her "folks" from Clear Spring.

Sunday visitors with Mr. and Mrs. Edward Coshun and family near Detour were Mrs. Bernard Hoff, Sr. and daughter Ruth, Mr. and Mrs. Bernard Hoff, Jr., and children, Mr. and Mrs. William Haygood and Billy and Mr. George Frank of Annapolis and Mr. and Mrs. Douglas Hoff and children of Washington.

Miss Andrea Priest of Forest and Stream Club Road spent the weekend visiting with Miss Becky Green in Union Bridge. I understand Becky recently became the owner of a horse.

Mr. and Mrs. Clyde Wilhide of Keysville-Taneytown Road and her sister, Miss Elizabeth Yoder of White Hall, with Mrs. Mark Baumgardner of Keysville, traveled as far as the Smokies last week. They were gone from Tuesday through Friday.

Mr. and Mrs. William Weishaar and Randy of Forest and Stream Club Road attended the Rinehart Reunion on Sunday the 11th at Meadowview in Westminster.

Don't forget the Hymn Sing at Rocky Ridge next Sunday, the 25th, about 7:30 p.m. This is arranged by the Union Bridge Lutheran Men's Chorus, and everyone is welcome.

Two Keysville Lutheran Sunday School classes, those taught by Mrs. Rachel Bostian and Mr. Lloyd Wilhide, and some of their friends spent most of Saturday on a picnic at the Bay Bridge Park near Annapolis.

Bible In The Schools

I'd like to see the Bible placed Where the Bible used to be, Upon the top of teacher's desk For every child to see; I'd like to hear the teacher say, As my teacher used to do; "before we work or play," dear ones, I want to read to you."

I'd like to see her face light up At each resplendent word, And watch the children's souls shine out At the message they had heard; I'd like to see the sweet content Fill that dear room, each nook, And know that joy had come to each When teacher reads the book.

I'd like to see the teacher stand Before the class again And lift with reverent care the book That makes God's purpose plain, And ere the youngsters went to work I'd like to hear her voice Repeat those words of truth and faith That makes one's Soul rejoice.

Yes, I'd like to see the Bible placed Where the Bible used to be; I'd like to hear it read aloud In the schoolrooms of the free. I want my children taught to know God's matchless gift of love. The book of books is Wisdom's gate To knowledge from above.

GOVERNMENT WASTE-OF-THE-WEEK Competitive buying is the taxpayer's friend. Both the Navy and the Air Force purchased identical aircraft engine bearings at the same time, but the Navy paid three times as much for them because it did not buy through competitive bidding, according to a report by the Comptroller General.

ZIP — VIM — VIGAH! Doubtless many of you read the "Take a letter" editorial (Evening Star, July 22, 1963). But, for those of you who may have missed it (and who may be equally disgusted with paying more and more for less and less postal service), we're reprinting it below: "Ever since Mr. Summerfield changed the mailboxes from olive drab to red-white-and-blue, the Post Office Department has been getting cuter and cuter. "Lately, under J. Edward Day" (ed note: "the recently departed),

"the witty Californian, the department has become just too precious for words — at least for words that make any sense. Instead, it has turned to catchy initials, clever abbreviations that, unfortunately, don't stand up under close scrutiny. "Take ABCD, which stands for Accelerated Business Collection Delivery. It's easy enough to remember, but what in the world does it mean? "Then there's ZIP. The department claims this stands for Zoning Improvement Program, but of course it doesn't improve the zoning at all. What it is, actually, is a System for Aiding Postmen, or SAP. "The latest Post Office rib-tickler is VIM, which, we are solemnly told, stands for Vertical Improved Mail. This is nonsense. Your mail is neither upgraded nor up-ended by the new process. The same old bills still lie there on your desk, flat and unpleasant. In reality, VIM is a dumb-waiter device for delivering mail faster in skyscrapers — Dumbwaiter Operations for Postal Efficiency, or DOPE. "Where it will all end, no one can say, but after VIM, the next step for the New Frontier is obviously VIGAH: Vertigo Induced by Government Alphabetical Hysteria."

END OF SUMMER The sunny days of Summer Are filled with work and play. But now that Summer's ending, They're slipping fast away. Yes, Summer's gently fading, And Fall is in the air. The signs are all around us, We see them everywhere. Bright goldenrod is blooming, Green leaves are changing hue, The very sky is wearing A cooler shade of blue. Late Zinnias and Asters, In colorful array, Around the house and garden Put on a bright display. The hickory nuts are falling From tall and stately trees, The corn awaiting harvest, Is rustling in the breeze. Yes, 'tis the end of Summer, And advent of the Fall, It is God's will and pleasure, His hand is over all. —Zola Cantwell

4-H's Find It Pays to Keep Electrical Equipment Tip-Top

Just as electricity revolutionized American industry before the turn of the century, it has within the past two decades revolutionized communication, recreation and housekeeping. Millions enjoy more leisure hours, better health and safety.

Meanwhile young and old have had to learn to use the hundreds of new electrical items. Knowing how to maintain and repair lamps, motors, appliances and power tools—to name a few—is a distinct advantage and money-saver. Families realize that electricity actually is a silent servant, and if properly treated will give dependable service 24 hours every day of the year.

Learn About Electricity Keeping pace with the growing use of electrical power and equipment are the nation's 4-H Club members. The national 4-H electric program was launched about the same time hundreds of new electrical items reached the market for farm and home use.

Now in its 28th year, the program covers up-to-date projects spelled out in an expanding series of why-and-how-to-do-it guide sheets. Subjects range from basic cord repair to complicated wiring systems and electronic devices.

According to 4-H boys and girls completing electric projects, what they learned and applied resulted in more utility, comfort and enjoyment in the home. Dollar savings or increased values also were reported.

Said a recent national 4-H scholarship winner: "From the time I was a little boy, I watched my father wire light sockets, put in receptacles and repair appliances. I wanted to know what electricity was; why it could only be seen in light bulbs; why it could shock a person, and answers to countless other questions about this mysterious servant."

Apparently the young man found many of the answers in tackling some 1,300 different electrical jobs during his 4-H membership.

Offer \$500 Scholarships Sponsor of the 4-H electric program since its inception is the Westinghouse Educational Foundation. Besides helping to develop the wealth of educational material made available to electric club members and leaders, Westinghouse annually provides funds for county medal awards, trips to the National 4-H Club Congress in Chicago for 50 state winners and six \$500 college scholarships, an increase of \$100 each over last year.

Current enrollment in all 50 states is around 160,000, according to the Cooperative Extension Service.

Cheers for Peanut Butter and Jelly

SCHOOL DAYS . . . and youngsters vote again for their perennial lunch box favorite — peanut butter and grape jelly — of course!

Mother approves too because this duo is quick-n-easy to prepare, economical and nutritious. Peanut butter is 26% protein, the nutritional element needed for proper growth, and rates high in the B vitamins and iron as well. The jelly helps supply plenty of energy needed for top performance during a hectic school day.

Try these new ideas the next time you team peanut butter and jelly.

DAFFY DOUGHNUTS — Cut plain or sugared doughnuts in half crosswise. Spread one cut side with peanut butter, the other with grape jelly. Sprinkle peanut butter with a few raisins. Put together as for a sandwich.

FOUR STRIPER — For one sandwich, combine 2 tablespoons peanut butter, 1 tablespoon jelly and 1 teaspoon lemon juice. Spread on white bread. Top with a slice of whole wheat bread. Cut in four strips. Wrap for school lunch with white and whole wheat bread alternately, to get striped effect.

PEANUT-JELLY ROLL — Use a roll instead of bread for your sandwich. Split roll. Spread 2 tablespoons of peanut butter on one half. Sprinkle with corn flakes or your favorite cereal. Spread 1 tablespoon jelly on the other half and put roll together.

Make Sea-Shell Jewelry

When you're ambling along the water's edge this summer, look for unusual sea shells. Collect the ones that strike your fashion fancy—and you will be ready to start a summer fun project, making your own costume jewelry. To make a sea-shell pin, select a large shell for the base. Glue small shells in the large one with epoxy glue. Next, spray the pin with gold or silver paint. Add artificial pearls, or rhinestones, and glue a pin fastener to the back of the base shell. To make earrings, just glue small shells to earring backs and the job is neatly finished. Or, you can make a mermaid's necklace by drilling two holes in a shell and running a fine gold or silver chain through. Elmer's Epoxy Glue is ideal to use when creating your sea shell costume jewelry. Detailed instructions for many more do-it-yourself projects appear in McCall's Needlework and Crafts Magazine, now available at most pattern counters and newsstands.

Oven Cleaning a Breeze This Way

WOMEN! Worry no more about grease splattering the oven. These new Hallmark ranges feature removable sides and back panels that are coated with Teflon and can be easily cleaned in the kitchen sink. Wipe with soapy sponge and grease and burned-on food residue floats away!

Ask a homemaker what she likes least about cooking, and she'll probably say "cleaning the oven."

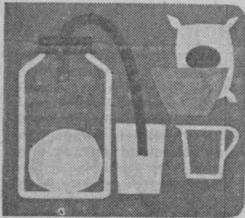

Most women postpone the chore, putting it off until the coating of grease splatter is like the hide of a rhinoceros. It's only the most scrupulous housewife who remembers to clean the oven after using it several times.

New Hallmark electric ranges by Hotpoint feature a solution to the age-old oven cleaning problem — removable side and back panels can be easily cleaned in the kitchen sink, just like dishes. Even more important, the three oven-liner panels (sides and back) are coated with "Teflon" TFE-fluorocarbon finishes that make them so slick practically nothing will stick to the surface. A quick wipe with a soapy cellulose sponge floats away grease and burned-on food residue—no scouring necessary.

What Makes Bread Dough Rise?

1. Puncture an opening in a metal cover of a glass jar. Insert one end of a length of rubber hose or glass tube through the hole. Place melted wax around the hole to insure an airtight connection. Submerge the other end of the tube in a glass of limewater.
2. Combine one cup of flour, one tablespoon of sugar, one-fourth package of commercial yeast, and one-half cup of water. Place this mixture into the glass jar. Screw on the top immediately.
3. Set this equipment in a warm place. Soon the dough will rise. Remove the lid, puncture the mound of dough, and quickly seal it again. The gas that caused the bread to rise escapes into the tube that leads to the limewater. If this gas is carbon dioxide, the limewater will turn milky.

Cooky Jar Special —

Pineapple Spice Drops

Juice and cookies are the favorite between meal snack while kids are on vacation. Canned crushed pineapple, raisins and walnuts add texture interest to these spicy oatmeal cookies. Toasting the oats first gives these stir and drop cookies a delectable flavor. Pineapple juice, noted for having "nature's most refreshing flavor" is readily available in 5 can sizes. You'll find it in sizes ranging from the single serving 6-ounce can to the generous gang size 46-ounce can.

PINEAPPLE SPICE DROPS

- | | |
|--------------------------------------|---------------------------------------|
| 1 1/4 cups quick-cooking rolled oats | 1 teaspoon cloves |
| 1 1/2 cups sifted flour | 3/4 cup shortening |
| 1 cup sugar | 1 egg |
| 1 teaspoon salt | 1 (8 1/2-ounce) can crushed pineapple |
| 1/2 teaspoon soda | 1/2 cup seedless raisins |
| 1 teaspoon cinnamon | 1 cup chopped walnuts |

Spread oats on cookie sheet and toast in moderately hot oven (375 degrees F.) until light brown, 5 to 8 minutes. Resift flour with sugar, salt, soda and spices. With pastry blender or with finger tips, blend shortening into dry mixture until crumbly. Stir in lightly beaten egg, well drained pineapple, raisins, oats and walnuts. Drop by teaspoonfuls onto ungreased baking sheets. Bake in moderately hot oven (375 degrees F.) 15 minutes. Makes about 5 1/2 dozen cookies.

Conversion

Lesson for August 25, 1963

Bible Material: Genesis 28 through 32.
Devotional Reading: Psalm 121.

IF GOD does not speak to people in dreams today, one reason may be that few people in our time would accept a dream as a message from God. But there was a time when not every dream but special dreams were taken to be revelations from God. Certainly, the least we can say about such a story as this one about Jacob at Bethel is that this man believed that God had actually spoken to him and made him a magnificent promise; and he names the place "Beth (house) El (of God)" the place, or a place, where God lived. We can learn something about religion from the way Jacob reacted to what he understood to be a vision of God. One question will bring this story right down to ourselves: Was Jacob converted by this experience, or not?

Dr. Foreman made him a magnificent promise; and he names the place "Beth (house) El (of God)" the place, or a place, where God lived. We can learn something about religion from the way Jacob reacted to what he understood to be a vision of God. One question will bring this story right down to ourselves: Was Jacob converted by this experience, or not?

Jacob needed conversion

Conversion is an important word. It means a turning around, a 180-degree turn; it means turning from evil to good, from disobeying God to obeying God, from hating or denying God to loving Him with all the heart. Now if you had asked any of Jacob's neighbors at that time, before he started his journey back east to see his relatives in the Euphrates Valley—if you had asked them what they thought of Jacob, they could have said little good of him. Indeed, his own family were against him. He had tricked his brother into giving him his birthright, and then he had stolen the blessing their father intended for Esau. In revenge, Esau had sworn to kill his younger twin Jacob; and Jacob had had to leave home to seek safety far away. We know his father had plenty of animals he could have offered Jacob to ride; but he didn't offer one. Jacob had to walk, and we may guess he made a hiking record. The point is, in Billy Sunday's famous words, Jacob at this time was so low down he had to reach up to touch bottom, and so crooked he could hide behind a corkscrew. "The world's my orange and I intend to squeeze it" might have been his motto; for he had never been known to do an unselfish thing in all his life. If ever a man need to be converted, it was Jacob.

Discovery of God

Conversion always begins with a meeting between God and a man. The meeting may take place in many ways; but none stranger than this dream at Bethel. One thing Jacob learned that night which he had not realized before. It was a lesson even Abraham had a hard time learning: God is everywhere. Jacob thought he had turned his back on God. He believed in Him of course; he never had been an atheist. But somehow he thought God must be confined to one district, as human beings are. If you run far enough and fast enough, you can escape from most people. If you shut the door and draw the bolts, you can keep many people out. But there is no door yet made which can keep God out. He is on both sides of all doors. He is everywhere. He is the God of the traveler and of those who stay at home. This is a great discovery, and Jacob was awed by it.

Promise with an if

Jacob sounds pious enough. He promises to pay tithes, and that was good. So it is sometimes said that this experience at Bethel was Jacob's great turning point, his conversion. On the other hand, there is some reason to doubt that anything radical happened to him. True, he discovered something very important about God; but knowing about God is not yet conversion. ("The devils believe, and tremble.") When you look at it closely, you find that this vow of Jacob's to give God a tenth was a promise with an if. If God will arrange everything right for me, and if He will do for me what I want done (he says in effect), THEN He will be my God and I will give Him ten per cent of all profits. Furthermore, Jacob is so far from offering himself to God that in the years just ahead he is going to cheat his own flesh and blood relatives, just as he did before. He is going to be out for Jacob first. He is changed very little by this dream, and till he is changed we can hardly call it conversion.

Making A Compass

1. Magnetize a darning needle by stroking the length of it about thirty times with the north end of a bar magnet. By stroking from the eye to the point the latter will become the south pole.
2. The magnetic needle must be put into a situation now where it can freely turn until it lines up with the magnetic poles of the earth.
3. It may be inserted through a cork and floated in a glass dish partly filled with water. Or the needle may be fastened to a cardboard suspended by a silk thread in a pint jar.
4. Be sure no other magnet or iron object is near. They will prevent the compass from functioning properly.
5. The point of the needle will point south—the south-seeking pole. The eye of the needle will be the north-seeking pole.

Bible Conference at Frizellburg

The fourth annual Summer Bible Conference at the Frizellburg Church of God, Frizellburg, Md., will begin Sunday evening, August 25, at 7:45 P. M.

Henry J. Heydt, Th.D., President of the Jewish Missionary Training Institute of the American Board of Missions to the Jews, Inc., will be the conference speaker. Dr. Heydt, after serving a pastorate in the Moravian denomination, founded the Lancaster School of the Bible and became its first president. In his present capacity, Dr. Heydt is continually teaching the Word of God to Jewish converts and is well known as a conference speaker.

The conference will continue through Friday, August 30, at 7:45 each evening. There will be congregational singing and special numbers.

Dr. Heydt has chosen for the theme of the conference, "Christ in the Hebrew Scriptures." The subjects for the respective evenings are as follows: Sunday—"The King of Kings in the Song of Songs;" Monday—"What the Prophets Sought;" Tuesday—"The Day Abraham Met Christ;" Wednesday—"Early Days of the Messianic Promise;" Thursday—"The King on Zion's Hill;" Friday—"The Kinsman Redeemer." The Public Is Invited.

Peach Tarts Are Tempters

Tarts are always nibblin' tempters, and when they're filled brimful with blushing peach slices, who can resist? Make the shells easily with your favorite pie crust mix and top the tarts with a flourish of airy, meringue-like topping.

PEACH TARTS

Makes 8 tarts

Tarts: One 10-oz. pkg. Flako Pie Crust Mix
4 tablespoons cold water
Topping: 1-1/2 cups sugar
1/4 cup water
1/2 teaspoon cream of tartar
Dash salt
2 egg whites
1/2 teaspoon vanilla
4 cups sliced peaches, fresh, frozen or canned, drained

For tarts, empty contents of package into bowl. Sprinkle cold water by tablespoons over mix; stir lightly with fork until just dampened. Form into ball. Divide in half. Roll one half out on lightly floured board to 1/8-inch thickness. Cut into four 5-inch circles. Follow above procedure with other half of dough. Shape over bottoms of medium-sized muffin cups; pleat edges; prick well. Bake in preheated hot oven (425° F.) 10 to 12 minutes. Cool.

For topping, place all ingredients except vanilla in top of double boiler. Beat 1 minute. Cook over boiling water, beating constantly with rotary or electric beater about 7 minutes or until topping stands in stiff peaks. Remove from heat; add vanilla; beat 2 more minutes. Fill shells with peaches. Cover tarts completely with topping. Broil 2 to 3 minutes or until lightly brown. Cool, then chill in refrigerator until serving time.
