## Elementary School to Open September 3

Taneytown Elementary School will open on Tuesday, September 3 to approximately 480 pupils. Families new to the community are asked to register children sometime before the opening of school so that the opening day may proceed as normally as possible.

### Faculty

Two changes have been made on the faculty. Mrs. Doris Rasche will teach one fourth grade section and Mr. Gerald Myers will be the new instructor in instrumental music.

### Pupils

Pupils of grades one, two, and three are listed below. Some changes have been made in upper grades; however, class lists will be posted on classroom doors and children concerned may determine their proper room from these.

### First Grade Dismissal

Beginners in grade one will be dismissed at 2:00 P. M. from September 3 through September 20. Parents may call for children at that time. First grade pupils will not be allowed to walk home alone following early dismissal. Town children whose parents do not call for them and bus pupils will be kept in rooms until regular dismissal time.

### Cafeteria

Lunch will be served on the first day of school as usual. Cost of the complete plate lunch including milk will be 25 cents. Pupils in the first grade who are buying lunch will be helped with their trays by upper grade children. The school is again participating in a special milk program sponsored by the federal government whereby individual 1/2 pints of milk may be purchased for 3¢. Parents are urged to avail themselves of either the plate lunch or special milk program. Mrs. Shorb lists the menu for Tuesday, September 3 as follows: Bar-B-Q sandwich, peanut butter cracker, buttered peas, watermelon and 1/2 pint of milk. Mrs. Truman Hahn has been hired as a cafeteria assistant for the coming year.

### Accident Insurance

Accident Insurance will again be available through the Pilot Life Insurance Co. The rate per pupil will be \$1.75 which is the same as last year.

### Photographs

All children of the school will be photographed on Tuesday, September 10. Pictures will not include the booklet as in some years but will be in color.

### Child Development

While the prime effort of the school is directed toward academic proficiency, a good school must take cognizance of the fact that scholastic performance is frequently the result of emotional problems existing within the child and seek through whatever means are possible to overcome them. Prescott in his text *The Child in the Educative Process* lists several causes of anxiety and emotional insecurity in children which could only lead to unhappiness and poor achievement. As parents and teachers working for the good of each child, these causes may be adapted in question form as follows:

1. Do we reject the child?
2. Do we openly show that we prefer a brother or sister or another child?
3. Are we so preoccupied with our own problems that the child is neglected?
4. Do we use withdrawal of affection as a means of punishment to control behavior?
5. Do we overstress the importance of school learning that the child of limited capacity feels he is not loved if he cannot excel at school?
6. Do we overprotect the child to the extent that we keep him from needed experiences with other children and adults?
7. Are we unusually severe in our punishments in an effort to insure right behavior?

The above undesirable practices are all negations of human needs for love, a sense of belonging, and feelings of self-worth and self-esteem. How these needs are implemented in the home and in the school will vary from child to child but they must be met if happiness, self-realization, and wholesome child development are to be achieved.

### Class Lists

## REDUCTION IN ELECTRIC RATES

A reduction in electric rates amounting to approximately \$850,000 yearly, and benefiting approximately 88,000 customers of The Potomac Edison Company in Maryland, has been ordered by the Public Service Commission of Maryland, according to an announcement made by PE President R. G. MacDonald.

The reductions will reduce the cost of electric service to all classes of customers served by Potomac Edison in Maryland—residential, commercial, and industrial. Specific applications of rate reductions to these various classes will be filed by the utility company on or before Sept. 23, 1963, and when approved by the Commission, will become effective.

The Maryland Commission had announced in May that they would undertake a review of Potomac Edison's rates. Since that time, preliminary studies have been made resulting in the interim order by the Commission. The new rates to be filed by PE will remain in effect pending completion of the full review.

Mr. MacDonald pointed out that this will be the 13th major rate reduction to Maryland customers over the past 30 years. In common with other public utilities throughout the state, Potomac Edison's rate structure and financial affairs are subject by law to continuing scrutiny by the Public Service Commission as a protection to both the consumer and the company.

"The availability of power from increasingly larger and more efficient generating units plus the advantages gained through interconnections with other utility systems have helped to make lower rates possible," he said. "Hopefully this trend will continue in the future."

In this connection, Potomac Edison recently announced plans to join with Monongahela Power Company, an affiliate in the Allegheny Power System, in constructing a 500,000 kilowatt unit at a new generating station in West Virginia. This unit, the largest ever to be constructed by Potomac Edison and the largest on the APS property, will generate electricity at lower costs than any presently available. Further, Potomac Edison is presently constructing an additional interconnection between its transmission system and that of the Potomac Electric Power Company, one of its neighbor utilities to the east. This new tie line is expected to go into service this fall.

## National Child Safety Week, September 4-11

Schools will again open in Taneytown on September 3. "Along with other communities across the nation Taneytown will observe NATIONAL CHILD SAFETY WEEK, SEPTEMBER 4-11. An observance of educational safety for all age children and the general public," Chief Boone commented.

"We are on the threshold of another school year and it is appropriate that the public attention be called to the importance of protecting and conserving the youth of our nation. Parents, teachers, public officials, in fact all adults, have a responsibility to instruct our children in sound safety practices in traffic, on the playground, in the classroom and at home."

"For many it will be their first experience in going to school and returning to their homes. They are our nation's most precious resource and it is our responsibility as parents to properly instruct them to stay on the sidewalk, to cross streets only on the proper crosswalks, to obey the signals of Police Officers, Safety Patrols and traffic lights."

"The attention of Mr. and Mrs. Motorist must be alerted that during a carefree summer many children, in the excitement of renewing old friendships, will do the unexpected even though instructed and cautioned at home. We, as drivers, must remain alert and be extra cautious of children walking or riding to our public, parochial or private schools."

NATIONAL CHILD SAFETY WEEK is a good time for all of us to check up on our safe travel habits and to cooperate in every way in making our streets and highways safe for children, to adhere strictly to the Rules of the Road and conduct ourselves with courtesy to others.

## Must Have License to be a Tree Expert

The next scheduled examination for the licensing for tree experts will be held at the State Office Building in Annapolis, Md., on August 27th at 10 A. M. The Department of Forests and Parks wishes to call attention to this examination and to again warn all persons who are operating without a license that they are in violation of Chapter 795 of the Annotated Code of Md., which makes it a misdemeanor for anyone to do work as a tree expert without having obtained a license from the Department. A portion of the law also states that liability and property damage insurance must be secured and proof shown of same before a license can be issued.

Applications for licenses may be secured from any of the four District Offices located at LaVale, Laurel, Bel Air or Salisbury. After applications are completed they should be forwarded to the Dept. of Forest and Parks at Annapolis, together with a fee in the amount of \$15.00 to cover the cost of the license.

David O. Prince  
Forest Supervisor.

## Annual Membership Meeting held by Southern States Cooperative

Murry Roop of Emmitsburg, Md., and Myron Wilhite of Detour, Md., were elected to the local Southern States Taneytown Cooperative, Inc. at the annual membership meeting held in Big Pipe Creek Park on August 22, 1963. Over 300 stockholder-members and their families attended the session.

Also elected to the local Southern States Farm Home Advisory Committee were: Mrs. Glenn Kiser, Detour, Md.; Mrs. John S. Harner, Taneytown, Md.; Mrs. Martin Zimmerman of Taneytown, Md. was named chairman of the meeting while Mrs. John S. Harner of Taneytown, Md., was picked as vice-chairman. (Sec'y) Mrs. Mark Baumgardner of Taneytown, Md. was chosen as a delegate to represent the local membership at the Southern States Cooperative's 40th Annual Stockholders Meeting in Richmond, Virginia, on November 14 and 15. Mrs. Glenn Kiser of Detour, Md., was named alternate.

One of the highlights of the meeting was the financial report of Southern States Cooperative — illustrated with color slides — given by Jack Corbet of Baltimore, Md., a regional representative of the organization. George Flohr, manager of Southern States Taneytown Cooperative gave the report on local operations and services, and showed color slides of 25 local patrons farming activities.

Other highlights of the session included cutting of the 40th anniversary birthday cake, special recognition of all present and former board and Farm Home Advisory Committee Members, and a discussion period.

Proper advertising will often sell a poor product; it will invariably sell a good one.

## Punt, Pass and Kick Contest

Taneytown area grade school boys from eight through 11 can pit their football skills against thousands of other boys throughout the nation in the third annual Punt, Pass and Kick Competition which will culminate with a trip to Washington, D. C. for a White House tour, then to Dearborn, Michigan, and then an appearance at the National Football League Championship game for the top eight winners.

Sponsored nationally by the Ford Division of Ford Motor Company and the National Football League, the Punt, Pass and Kick Program — or PP & K — will be staged in Taneytown by Crouse Motor Sales with The Taneytown Jaycees, as local co-sponsor.

Boys from ages 8 through 11 will test their ability to punt, pass and kick (using a kicking tee) footballs on the same day as thousands of other boys all over the country, with warm-up jackets, football helmets and autographed footballs to be given as first, second and third prizes for each age group. Scores throughout the state then will be compared to determine the four top Maryland winners, and these scores compared to determine the most skillful eight-, nine-, ten- and eleven-year-old fledgling football stars in each of the areas covered by the telecasts of the 14 National Football League teams.

Area winners and their fathers and mothers will receive all-expense-paid trips to a National Football League game in their area, and will compete during half-time to determine the four top Eastern Division winners and four top Western Division winners. These eight boys, accompanied by their parents, will visit Washington, D. C., where they will tour the White House. They will then travel to Dearborn, Michigan, and tour Greenfield Village. The entire group then will go to the site of the NFL Championship game, for half-time competition to determine the four National winners.

Kenneth Crouse, Chairman of the Taneytown Contest pointed out that there is no body contact necessary in the competition, no charge for entering, and no special equipment needed. "Registrations will be available from any Taneytown Jaycee and will be open SEPT. 3rd through OCT. 11th." "In 1962, the second year of the PP & K Program, 431,921 boys entered the competition," he said, "and President Kennedy said 'Programs of this type will enable our youth to build the energy and strength that is their American heritage.'"

Mr. Crouse said entrants will be judged on the distance and accuracy of their punting, passing and kicking (using a kicking tee), with points awarded for each foot of distance the ball travels, on the fly and subtracted for each foot the ball lands to the right or left of a center line. The Taneytown competition will be held at Memorial Park, on Saturday, Oct. 12th.

Any ties in the Taneytown competition will be played off on the day of competition, and ties for top spot in the state and area standings will be played off at special contests. State winners will receive trophies, and area winners will receive complete junior-type football uniforms of the NFL team in their region, and the uniforms worn when the winners compete during NFL half-time ceremonies to determine the Divisional champions.

## STUDENTS ATTEND WORKSHOP

Mr. John Shorb, president, and Miss Marian Dunham, treasurer, of the Student Council at Taneytown Jr.-Sr. High School recently attended the Maryland Association of Student Council's Leadership Workshop, which was held Aug. 18-24 at Frostburg State College, Frostburg.

Approximately 260 delegates from the state of Maryland studied every phase of Student Council activities. Topics such as Student Council functioning, effective evaluation, problems and projects, parliamentary procedures' technique and strategy, and many others were discussed in detail. Delegates were also required to work on a special research project of their own choosing.

The delegates were divided into six councils which functioned independently. The councils were in competition with each other in sports, the special achievement program, the song-fest, over-all spirit, and many other aspects of the Workshop.

Each year approximately twelve delegates are selected by Mr. Felix Simon, director of the Workshop, to return as a member of the staff, which is responsible for the entire coordination of the Workshop. These staff members are chosen strictly upon recommendations from the present staff. This year, John Shorb was chosen to serve on next year's staff. This is indeed an honor for John and for his school, for he is the first staff member ever to be selected from Taneytown Jr.-Sr. High School.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning  
A smile that shall last until the next day's  
dawning.  
I wish you health—life's greatest wealth;  
I wish you always near so that I may help  
to cheer  
Each future day and in some way—help to  
bring you happiness!

Perhaps you recall of the wrestling match on TV between that awful "Shadow" and after the bout the interviewer at the mat was asking him about the match at the Civic Center the coming Saturday night? The interviewer showed him the lovely watch (which was a stupid thing to do) that was presented to Sammartino from York, Pa., as a gift from many of his admirers with whom he was going to wrestle on Saturday night the 17th. The "Shadow" with all his strength tore the straps from the watch and threw it on the floor and stamped upon it! The audience gasped but knowing the brutal type of a man that interviewer surely pulled a boner. So your Observer went down to the Civic Center to view the bout between "Sammartino" and the "Shadow"! The audience was thrilled to see the results of that Match with of course Sammartino winning. I understand that the "Shadow" also had to replace the watch exactly like the one he destroyed but as Sammartino stated it would not be the same watch to him!

The Civic Auditorium is truly lovely with the simplicity of tan or buff color with the beautiful comfortable canary colored seats. One can imagine sitting right in their own living room at home. There were several girl matches and no one could tell this Columnist that the ladies are not faster when it comes to that Sport! A Judy Grable had the most beautiful figure I have ever seen and was the only one in her bare feet. Her partner was a Mexican girl, Margaret Garcia.

Doris Day as Beverly Boyer with James Garner as her Dr. Husband down at the "New" theatre in, "The Thrill of It All," will please the young married couples and, no doubt the Oldsters, too. It is good entertainment and will bring many a laugh. Doris Day has been offered a TV part in a Commercial for "Happy Soap" against the husband's wishes and there the trouble starts but the offer of \$80,000. is too much and she just cannot refuse. From that time on, it is really lively as there is not a dull moment in that household. The Dr. is an obstetrician and also the big lover to his wife. Arlene Francis, that doll of just 55 summers (appearing more like 38) takes the part of a wife who is going to have her first baby after many years of married bliss and of course the audience was in hysterics getting her to the hospital with traffic ahead! That's Nuff, Folks! Will leave the rest to you.

Walking up Howard Street after the "Thrill of It All" to the "WIG SALON" for this Column, must write that it is a lovely "Salon" and there were a few customers being fitted. The Company is in Miami, New York, Paris and Baltimore. I asked to examine one of the wigs so as I could relate exactly. It was beautiful, light in weight and really "real"! There are sizes and colors to fit the head of any woman. Of course, in Colonial Days the men wore them and I cannot vouch as to the ladies. It is a grand thing, for instance, if a lady has terribly thin hair or partly bald. That is a God-Send but why would women wear them to go from blonde to brunette and visa versa and if she had a real Crownning Glory herself? The Hostess said to me, "I am wearing a wig" and my reply was, "Yes, I know!" Then she was most curious as to how I knew and what gave me the impression that she had one on her head? I simply said, "I Observe," nothing more was said. Of course, there are many women who like to appear different at all times, even to color, but when Mrs. Kennedy wears one, it is the exact color and type of her own hair. Why any woman would want to be a blonde one day and a brunette the next night is beyond me. However, this business will be a coming business, I'll bet! Another good feature is if a lady is not talented with arranging her own hair to purchase a wig but I think it should always be the same color as her own hair. I noticed there were three men quite busy in the back adjusting those wigs.

Will be writing next week, Folks of "The Virgo" sign — those born from August 20 to September 20. Until then, have a grand week-end. B. V. I am,  
Faithfully,  
YOUR OBSERVER.

## BABY SHOWER

A surprise baby shower was held at the home of Mrs. Glenn Bollinger in honor of Mrs. Gene Sell on Saturday, August 24. Hostesses were: Miss Genevieve Baumgardner, Mrs. Kenneth Crouse and Mrs. Donald Gunther.

Also present were: Mrs. Bill Sell and Judy, Mrs. Jim Sell and Annette, Mrs. Jean Lowman and Dottie and Debbie, Mrs. Donald Sell, Mrs. Norris Sell, Mrs. Percy Bollinger, Mrs. Naomi Dodrer, Mrs. Chas. Eckard, Mrs. Argyie Kaufman, Mrs. Clyde Hesson, Mrs. Dale Baumgardner, Mrs. Richard Bollinger and Susan, Mrs. Lester Bollinger and Lisa, Mrs. Maurice Bollinger, Sharon and Lynda Crouse and Debbie Bollinger.

Those unable to attend were: Mrs. Eddie Sell, Mrs. Robert Waddell, Mrs. Donald Bollinger, Mrs. Robert Bollinger, and Mrs. Curtis Reid. Many useful gifts were received. Games were played and refreshments were served.
