Taneytown Fire Co. News

At a recently held meeting of the Taneytown Volunteer Fire Company, the Ambulance Committee reported seven calls for the past month. The Chief reported seven fire calls for the same period. Bills were ordered paid to the amount of \$83.75, with the month's receipts at \$2,415.26.

An application was received for membership into this Fire Company from James DeGroff.

The Chief reported that there is funds available for central alarm system for Carroll County through Civil Defense.

President John Perry introduced Mr. Leslie B. Thompson, immediate past president of the Maryland State Firemen's Association of Damascus. He is also Chief of the Damascus Fire Department, Past President of it and also a member of the Montgomery County Police Department. He explained to the Company what to do in case its members receive tickets from police while participating in any volunteer fire work or emergency work pertaining to a fire company.

Mr. Thompson suggested that all emergency vehicles should stop for a school bus when its red lights are blinking. There is no emergency call great enough that a young child be killed by passing a school bus taking on or discharging school children.

Installed as officers for the Fire Company for 1964 by Mr. Thompson were: president, Jack Smith; vice president, Howard Welly; secretary, J. Wendell Garber; financial secretary, Harry Dougherty, Jr.; treasurer, Stanley King; chief, Wilbur F. Miller, Jr.; trustee, Norville Welly, Meredith Gross, Graham Wildasin. The Auditing Committee appointed for 1963 are George Fream, Raymond Davidson and Delmont Koons, Sr.

The new president, Jack Smith, has called for a meeting of the executive committee for Dec. 17, 1963, at 7:30 P. M. to make the appointments for the new year.

CHILDREN'S LETTERS TO SANTA WILL BE ANSWERED

The Post Office Department is getting together with Santa Claus this year to make sure that children who write to the North Pole get an answer from the best-known citizen up there.

Part of the Post Office efforts to encourage a wider use of ZIP coded addresses assures children that they will receive a message from Santa Claus if they write to him by Dec. 15 to "North Pole 99701" and use their own ZIP Codes in their return addresses.

The enlistment of Mr. ZIP as Santa Claus' newest helper became a familiar fact to children everywhere on Thanksgiving Day when TV network viewers saw the familiar cartoon character in the traditional Macy's Christmas parade in New York City.

Santa's reply to the children's note, to be delivered free of any additional charge through the courtesy of the Postal Service, will be a gaily decorated card with an appropriate reply to please the children, the local postal heads noted. All that is required is the child's note to Santa with regular 5c first class postage on the envelope, together with the ZIP-coded address and return address.

"We are very pleased to make this service available to the children for their big day," the Postmaster commented. "Actually, we in the Post Office have been Santa's biggest helper for many years, and I think it is very appropriate that we extend our lines of communication at Christmas for the youngsters."

ODDS AND ENDS

This is a gray, bleak day, quite typical of December. I have just come in from filling the bird feeder, and there is a definite feeling of snow in the air. The atmosphere is so heavy and oppressive that every sound carries. I can even hear the muffled roar of traffic on the Westminster Road. However, the weatherman makes no mention of any snow, so perhaps we shall escape it for today, at least.

Like brown leaves, the sparrows are twirling around the feeding station. They are always the first birds to answer mess-call. Later on in the day, the black-capped chickadees and the little "upside-down" nuthatches will arrive. Watching them is an interesting and pleasant diversion and provides a welcome respite from numerous household tasks. I have now acquired a more advanced birdbook, "A Field Guide to the Birds" by Roger Tory Peterson. It is simple, convenient and complete, and emphasizes the characteristics of birds when seen at a distance. This volume is used in every university that teaches classes in ornithology. The experts regard it as their Bible among birdbooks.

Right at my elbow this morning is our goldfish, who goes by the illustrious name of "Mo" (short for Mohammed). He became a member of our household way back in June. None of us thought he would survive for very long, since we have never been too successful with raising fish. However, Mo must have a very strong constitution, for despite some harrowing experiences, he is still very much alive. One of the cats attacked him, and he has almost gone down the drain several times. One hectic morning, I mistakenly fed him seasoning salt instead of goldfish food. The containers were of the same size and color. Luckily, the error was discovered in time, else Mo would long since have departed this world.

In the midst of our own plenty—and sad to say, even waste—one half of the people in this world go to bed hungry every night. Hunger is a painful and shattering thing, but it has become a way of life to millions overseas. Most pitiful of all are the children, innocent victims of malnutrition and misery. Many will die, and are dying, of starvation. We can all do our part to help relieve the awful pangs of hunger. We can prove that we are really concerned by sending money to CARE, in New York City. The small sum of one dollar will provide 25 pounds of life-sustaining food, made available through the U.S. Government. Christmas will mean so much more to us if we give of our own abundance to those in need! The complete address is CARE, 660 First Avenue, N.Y. 16, N.Y. Send your contribution today!

The brutal slaying of our 35th President, John F. Kennedy, on Nov. 22, 1963, numbed and shocked the nation and the whole world. One bitter, hate-filled individual snuffed out the life of this vibrant man, who was in the prime of life and leadership. A Dallas policeman was killed, and finally, the assassin himself was gunned down right before the horrified eyes of a television-viewing public. In this tragic train of events, three women are widowed, and seven children were left fatherless. To a certain degree, we are all responsible for this horrible thing. It is time we all did our part to help dispel the feelings of hatred and malice which are running rampant in our nation today. One good way to begin is to turn in the Bible to Matthew 22:37-39. We should not only read, but heed, our Lord's Words to "love God with all our heart, and our neighbor as ourselves." If everyone did this, the world would be a happier and saner place in which to live, and we could all hand down a legacy of love to those who come after us, and not one of hatred.

—Zola Cantwell.

JAYCETTES CHRISTMAS PARTY

A great number of the Taneytown Jaycettes and their children turned out for the Christmas party Dec. 4 held at Tropical Treat. The feature attraction of the evening was Santa's arrival with a gift for each child. Games were played by the children and gifts exchanged by the Jaycettes. All had an enjoyable evening with refreshments being served at the end.

Ways and Means chairman Audrey Fair reports the Jaycettes still have some Reynolds foil wrapping paper left to sell.

Carroll County's New Roads

The State Roads Commission today proposed a program calling for work on 32.03 miles of State Highway in Carroll County over the five-year period from July 1, 1964, to June 30, 1969.

In the first public release of its new program, the Commission is proposing to schedule work on such important Carroll County roads as U.S. 140, Maryland 97 and others.

State Roads Commission planners said that this is the program which will very likely be submitted for approval by the General Assembly at the 30-day 1964 session beginning on February 5.

The program was drafted on the basis of a fiscal policy proposed at a Special Meeting of the Legislative Council calling for:

1. A one cent increase in the State gasoline tax.
2. A one per cent increase in the titling tax.
3. Adjustments in the method of financing the State Police and the Department of Motor Vehicles so that the State Roads Commission and the political subdivisions will realize a greater share from the Motor Vehicle Fund for highway work.

The projects are not listed in order of priority.

Resurfacing 1.95 miles of Maryland 26 from the West Branch of Patapsco Reservoir to Eldersburg.

New 2-lane construction of Maryland Route 27 designated as Mt. Airy By-Pass totaling 2.50 miles.

Resurfacing 9.84 miles of Maryland Route 27 from the north end of Mt. Airy By-Pass to Morgan Run.

New construction and rehabilitation of existing highway on Maryland Route 31 from Avondale to Maryland Route 27 totaling 3 miles.

New construction 0.76 miles of Maryland Route 88.

Resurface 2.24 miles of U.S. Route 140 from Westminster By-Pass to 0.2 of a mile south of Maryland 496.

Highway rehabilitation of 2.16 miles of Maryland Route 75 from Linwood to Union Bridge.

Reconstruction of 1.94 miles of Maryland Route 77 from Frederick County line to Maryland Route 194.

Rehabilitation and reconstruction of 2.47 miles of Maryland 91 from Deepark Road to Cedarhurst.

Rehabilitation of 5.17 miles of Maryland Route 194 from South Limits of Taneytown to Maryland 77.

GOODWILL EXPANDS PROGRAM FOR THE HANDICAPPED

Announcement of plans to expand the rehabilitation program of the local Goodwill Industries was made last Thursday at a luncheon meeting of the new Advisory Board of Goodwill held in the Taney Room in the Francis Scott Key Hotel, Frederick.

Dr. Harold Snape, executive director of the Baltimore Goodwill Industries, told the members at the meeting that the need to render additional services to Frederick and Carroll Counties has brought about the expansion of the Goodwill program.

Sheltered workshops will be set up at the Goodwill building on South Bentz Street, Frederick, and in the building at 90 W. Main Street, Westminster. A total of 15 to 20 persons will be employed in the Frederick store and four persons in the Westminster store.

The workshops, or processing plants, will provide job opportunities for employment in such capacities as furniture and clothing repair, clerical work and drivers for the Goodwill truck.

Percy C. Wright, branch manager of the Frederick and Carroll Counties Goodwill, presided at the meeting. Mr. Wright announced that the name of the local Goodwill facilities has officially been changed to the Monocacy Valley Goodwill, which will include Frederick and Carroll Counties and Damascus in Montgomery County.

In his talk to the board on the operation of Goodwill, Dr. Snape said that a greater understanding of the Goodwill program should be stressed in this area. "Many people donate used articles to Goodwill, never really knowing that it is through these donations that employment is provided for handicapped persons," Dr. Snape explained.

In speaking of handicapped persons, Dr. Snape noted that many misconceptions of the actual word "handicapped" are brought about by people who are not educated in the work of the Goodwill program. "The word handicapped does not only denote a physical handicap," Dr. Snape said. "The Goodwill program offers employment to the aged, those with defective hearing or vision, mental retardation, cerebral palsy, strokes and to persons with social handicaps."

"The actual work program of Goodwill," Dr. Snape continued, "is to provide rehabilitation services to the handicapped and to train them for jobs in the community within the limitation of their skills."

Mr. Wright stressed the fact at the board meeting, that the local Goodwill truck will travel to any home within the Monocacy Valley operation to pick up used articles for use in the Goodwill store.

Composing the new Advisory Board for the Monocacy Valley Goodwill are: George A. Zeigler, Rev. Ralph M. Sharpe, Col. Richard M. Clendenin, Rev. William Walker of the first Methodist Church in Brunswick, Miss Beatrice Fehr, Home Demonstration Agent, and several representatives from Carroll County.

William Harwood is personnel director for the rehabilitation and training program.

The new store now open at 90 W. Main Street, Westminster, phone is TL 8-8155.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Bobby is chasing the Sunbeams around the room as I start to write this Column; and that reminds me as to "CAIRNS". That breed of dog got their name through their ability to squeeze into rock piles for foxes and wildcats! So many have asked me the history of the Breed which originated in Scotland and the above has modified the name. He beats me to the hassock each evening!

What a grand turkey dinner for Thanksgiving by those wonderful ladies at the West Liberty Methodist Church—White Hall P. O. which is bountiful and simply delicious! More power to them. What would churches do without the ladies?

Just think of the few days 'till Christmas! This Column is now just S I X T E E N years old! Did you know of our 50th state—Hawaii that is the mixture of races? In the Islands at present there are 178,000 Whites, 150,000 Japanese, 4,500 Filipinos, 36,000 Chinese, 5,000 Negroes, 450 Indians and 88,000 others including Koreans, Portuguese, etc.?

We are in for a bitter Winter and for the last month of the year as follows in the "Farmer's Almanac". Now use overshoes. Our desire, an open fire! Atmospheric vapor, says this paper. Diverse shivers for livers; Ma pull up the covers. Christmas storm, far from warm! Cold cheer for a NEW YEAR! Brrrrrrrr—gives one the shivers. Eh?

What a beautiful letter arrived today from that nice Lowell Thomas!

When one does not use their charge account at Hochschild's a note like the following is stamped on a piece of paper, "We'd be tickled pink to have you say, 'Charge It!' Cute? Here's one for the DOCTOR—you ask him! I read in the Reader's Digest a few years ago, immediately after my Minister's passing, that salt should never be taken from a big salt eater after a heart attack or he will die! It should be tapered off gradually! Never suddenly and that by a big Dr. M. D. How sorry I was that I did not read that when my Minister went into the hospital. It is wise to know.

SAGITTARIUS! Those born from November 20 after midnight to the December 20 before midnight. But if you are born on any 20th you have some characteristics of the sign previous or after, Jupiter, the ruling planet of this sign, is lavish with desirable gifts to its subjects, endowing them with mental qualities of a high order, including unusual powers of discrimination which in turn give a lofty sense of justice, foresight and wisdom in all commercial and industrial interests. This sign is a neutral fire sign representing the thighs, the seat of motor activity and these people are the ones who move the world by their concentrated energy. These people are usually handsome and they having beautiful bodies and they never seem to grow old. Even their complexions are lovely so much so that it would be wise if they did not use as even as much as face powder. Their eyes are so beautiful with a certain light regardless of the color that no other sign does have. They are large and expressive seeming to penetrate the vision of ordinary individuals. They are quiet, modest, refined and most cultured with the sweetest dispositions. People may think they are cold but they are truly all depth. It is a joy to have a Sagittarius around the home.

They are honest, fearless and sometimes blunt which they must overcome as to the latter. They are remarkable judges of character being jovial, vivacious. They seldom talk to strangers as many times they are cautious and suspicious of outsiders. They dislike secretiveness and under-handed methods even in little things. Their characters are beyond reproach! They are most reserved and one will say many times of a Sagittarius person, "Oh, they are so cold and distant," when in reality they are far from that. The women especially know how to save money and the men, to. They usually have a few most intimate friends rather than a great many acquaintances.

I could go on and on relating to you of the finess of these people which would take up an entire Column and then some. Many times they are gifted with music either in voice or playing some instrument.

And by the way if you have a gifted child in your house—why not look into the organ for him or her for Christmas and that the "HAM-MOND" at the studios at 524 North Charles St. They are now selling pianos, too. Wonderful concern!

Have a grand week-end, folks. Be sure and wear the proper clothing when it is bitter cold. Why not plan an old fashioned Christmas this year?

Will be seeing you "Around The Town." D.V. Until then.

I am,
Faithfully,
YOUR OBSERVER.

THE COMING OF WINTER

"Winter, this time of snow and storm, drives all within;

So ponder now, before your fire, man's hope and then man's sin."

The words are those of an all but forgotten 16th century Scots poet, Jamie Fuleton. They bring a picture of the traditional winter that drives man and beast to shelter. They present, too, a thought and a suggestion that are of timeless value.

Those of us who live in the colder climes may look with dislike on the approach of winter. It will be with us, officially, on the 22nd of December. Soon, we know, the fuel bills will soar. Soon snow and ice will tangle traffic. Soon we will shiver inside our greatcoats as the north winds strike.

But there are compensations. The lawn, for instance, no longer needs its weekly mowing. And what is more comfortable and more rewarding than a fine fire of logs on a freezing winter's night, when the cold is locked outside and all is snug within?

Much more important, winter should be a time of contemplation, and a time of growth of mind and spirit. It is a time for the reading of books—good books, that enrich our imagination and expand the frontiers of our knowledge. And it is a time, too, for long and leisurely talks involving matters of every description that concern the lives and aspirations of peoples and powers.

And finally, severe as winter may be, we always know that spring is coming!

"GRASS ROOTS OPINIONS"

WILLSHIRE, OHIO, HERALD: "If Abraham Lincoln was alive these days . . . Abe would have government protection under the minimum wage law and social security. If the wages he was offered were not satisfactory, he would receive a subsidy for rail splitting, another for raising some crop he was going to raise anyway, and still another subsidy for not raising a crop he had no intention of raising. The rail splitters union would increase his wages periodically. Result: He wouldn't be President Lincoln."

ALAMOSA, COLO., VALLEY COURIER: "Now that gangster-murderer Joseph Valachi has sung his swan song in the criminal world before a Senate investigation committee, what next? It remains now to be seen if the cost of the Valachi investigation is to be justified by follow-up action or if the whole matter is to be white-washed as so many investigations have been in the past. . . . More disturbing is the natural deduction from all this that the criminal world in our country is more powerful than the forces of law and order."

ONTARIO, CALIF., REPORT: "Who uses seat belts in cars? Smart people, that's who."

CUERO, TEX., RECORD: "We are now in a tight competitive position, with several leading industrial countries. . . . Automation should enable us to pay our workers more, because they will produce more, and maintain our high standard of living. This is the normal development in our specialty—mass production, and mass production has enabled us to achieve the standards we now enjoy."

WASECA, MINN., HERALD: "Now Congressmen and Senators are asking for a 55.5 per cent pay increase. Even the presidential commission on salaries favors raising the pay from \$22,500 to \$35,000 annually. Taxpayers will watch with interest those

elected as conservatives and how they vote on this matter. As for the liberals, who control both houses of Congress, they will put it through. . . . In 1789 the first members of Congress were paid \$6 a day for every day they attended. The lawmakers paid their own travel expenses, meals, lodging and incidentals."

WEST POINT, MISS., TIMES LEADER: "To many people, the best and easiest solution to any public problem is to get some special law, or 'benefit' from the government. The pattern normally is to . . . cry for help . . . demanding some law or regulation. . . . When that phase of the action has arrived, those in authority can call for a new bureau to enforce the new laws or carry out the new benefit being enacted—which in turn calls for new taxes and new federal employees to staff the bureau. Under the above pattern, Washington bureaucracy has grown to over two million, and taxes have skyrocketed."

BROWNSVILLE, PA., TELEGRAPH: "The three-power treaty still permits underground testing. What worries some senators is that Russia will manage to engage in underground testing."

SARANAC, MICH., ADVERTISER: "I always take a good long look at the guy who suggests we raise our taxes for this or that. Generally he leaves me wondering if perhaps he might not be paying his fair share!"

TERRE HAUTE, IND., TRIBUNE: "There was a time in centuries past when the church owned much of the best lands in Europe. Although the ownership pattern changed after the Reformation, some churchmen are beginning to wonder if the pendulum is not swinging back the other way in this country. One prominent clergyman who has expressed his concern about this is Dr. Eugene Carson Blake, the nation's top Presbyterian official. He recently said, with a touch of sarcasm that is not as far-fetched as one might think, that 'churches ought to be able, with prudent management, to control the American economy within the predictable future.' This was his way of underlining the extreme distaste he feels—a distaste shared by more than a few other religious leaders—for the trend toward church ownership of property and money-making ventures."

True contentment depends not upon what we have. A tub was large enough for Diogenes, but a world was too little for Alexander.—Colton.

How Dairymen Save Money on Milk Replacer

Dairymen around here have found it's easy to come out dollars ahead when raising top-quality herd replacements. How? Simply by doing a little figuring in choosing their brand of calf milk replacer. They're careful not to be misled by the price of a 25 pound bag. Instead, they choose the milk replacer that gives lowest total cost through weaning.

For example, one well-known brand of calf milk replacer sells for about \$4.45 per 25 pound pail. BUT—according to its own directions, you need 42 pounds of this product to raise a calf. So your total cost per calf is not \$4.45 but \$7.48. On the other hand, consider CALF MAKER, Southern States' famous milk replacer. You need only 25 pounds of CALF MAKER—not 42 pounds—to raise a top replacement through weaning. And you get this 25 pound bag of CALF MAKER for only \$.....

Yes with CALF MAKER you save money—and sell every drop of your whole milk too. This top-quality milk replacer is made with dry milk (no cereals) and it's fortified with vitamins, minerals, energizing fat and scours-fighting antibiotics. Call us for some now.

CURRENT EVENTS FIFTY YEARS AGO

The stores all have "Christmas on." They are ready for business, if you are.

Revs. Seth Russell Downie and L. B. Hafer visited Washington on Wednesday as members of the big delegation in the interest of National Prohibition.

Work on the state road has closed for the winter, due to the cold; about one quarter mile is yet unaid.

The Taneytown Library Association was launched on Monday afternoon, according to previous notice. A form of Organization and Library Rules were adopted and the following persons were elected as a Board of Managers for the first year: Rev. Seth Russell Downie, president; Miss Anna Galt, vice president; Miss Amelia Annan, secretary; Miss Margaret Englar, treasurer; Rev. L. B. Hafer, Dr. C. Birnie and Geo. A. Arnold. The work of selecting and installing the library will likely be pushed as expeditiously as possible.

Heltabridge-Copenhaver — At the Church of God Parsonage, Uniontown, Md., Nov. 23, 1913, by Rev. L. F. Murray, Mr. Oliver L. Heltabridge and Miss Margie B. Copenhaver, both of Mayberry, were married.

Keilholtz-Newcomer — On Tuesday, Dec. 9, at high noon, at the parsonage of the Methodist Church, Thurmont, Md., was the scene of a quiet wedding of Carrie Pauline, eldest daughter of Mr. and Mrs. Oliver G. Newcomer of near Keysville, this county, and Grier Johnson, eldest son of Mr. and Mrs. Charles E. Keilholtz, of near Emmitsburg.

Keysville . . . Little Olive Ritter had the misfortune one day last week to let a dishpan of hot water fall on her, scalding her legs very badly. Roy Baumgardner and Ralph Weybright have enrolled as students at Blue Ridge College, New Windsor.

Miss Helen Harner, who is learning to be a trained nurse at the Shepard-Pratt Hospital, Baltimore, spent Saturday with her parents.

Big Shooting Match on Christmas Day. Shells will be furnished. At Joseph Bollinger's.

NEW CHEVELLE!

BY CHEVROLET

The kind of go—6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

*Optional at extra cost

KEYSVILLE-DETOUR

Greetings to you:

What fine program the 5th, 6th, 7th and 8th graders presented for the P-TA meeting at Elmer A. Wolfe School on Monday evening. It was a cantata named "The Night the Angels Sang" by John W. Peterson. At times all 4 grades sang together and at other times various grades sang together or alone. The singing was excellent; a fine job on the part of all the boys and girls and Mr. Perron, who directed them. There were 11 girls who were narrators and told the story of the coming of the Christ child between the songs. These young ladies deserve a special vote of thanks because they had so much more to learn to make the program so successful. They were Cynthia Davis, leader; Debbie Smith, Kathy Hooper, Carol Grindler, Joan Rowe, Karen Kneisler, Sherry Hyde, Lynn White, Diana Jones, Dotie Koonitz and Doris Gorsuch. If you missed this program you really missed a "treat."

Our sympathy is extended to the family of Mr. and Mrs. Luther Keeney near Keysville upon the death of his father, Mr. Calvin Keeney of Centerville, who died on Sunday (the 1st) at the age of 87.

Sincere congratulations to the new-lyweds, Mr. and Mrs. G. Dennis Myers, who were married by Pastor Brake in the Keysville Lutheran Church last Thursday evening, the 5th. Mrs. Myers is the former Mrs. Rachel Valentine Bostian of Detour.

Belated Happy Birthday wishes to Richard Wilhide near Detour who celebrated on the 5th.

The name on the mailbox at the former home of Mr. Thomas Fox in Keysville is Mr. and Mrs. Robert Moffitt. I understand Mrs. Moffitt is a niece of Mr. and Mrs. Edgar Valentine, Jr., who bought the property.

Mr. and Mrs. William Weishaar and Randy of Forest and Stream Club Road were supper guests last Sunday with their daughter and sister and her family. Mr. and Mrs. Paul Wildman and Kevin of Westminster. Sorry to report that Kevin will have to have another ear operation this week at Frederick Memorial Hospital. This little fellow has really been having a time of it. Surely do hope this trip will "fix-him-up."

Dinner guests last Friday with Mr. and Mrs. Clyde Wilhide and family of Keysville-Taneytown Road were Mr. and Mrs. Edgar Currens of Hampstead. In the afternoon the Currens also visited with Mr. and Mrs. Carroll Wilhide and Mr. and Mrs. Richard Wilhide and Susan near Detour.

New address for Larry Dougherty, son of Mr. and Mrs. Carroll Dougherty of Detour, who is serving with the U.S. Air Force. It is: A/3c Larry K. Dougherty AF 13804214, Box 48, 3223 School Squadron, Amarillo AFB, Texas 79111.

Mrs. William Fleharty and Diane and grandmother, Mrs. Ralph Fleharty, visited last Tuesday afternoon with Mrs. Richard Wilhide and Susan. The following day they returned grandmother to her home in Washington after a week's visit.

The Christmas Open House held by the Carroll County Homemakers Clubs at the Ag Center in Westminster last Wednesday and Thursday was certainly well attended and just "teemed" with good ideas. A number of "still" exhibits were shown but there were also working demonstrations given by a number of the clubs. This was a lot of work on the part of many Homemakers and the response to their efforts was most welcome. The County 4-Hers also had a table there with baked goods and homemade toys and gifts for sale.

There were two baptisms at Keysville Lutheran Church on Sunday. The children were David Brian, son of Mrs. Terry Poist near Keysville, and Susan Linette, daughter of Mr. and Mrs. Richard Wilhide near Detour. David was also sponsored by his grandparents, Mr. and Mrs. Frederick Lyons, who purchased the property previously owned by Mr. and Mrs. Bert Allender.

The occasion of Susan's baptism also brought her relatives on her mother's side from Clear Spring to witness the event. They were both sets of great-grandparents, Mr. and Mrs. Keifer Seibert and Mr. and Mrs. Gardner Miles; her grandparents, Mr. and Mrs. Daniel Seibert and aunt and uncle, Mariann, Paul, Timmy and Johnny. There are probably not too many babies who are able to have great-grandparents present at their baptisms and two sets of them at that. Wasn't Susan fortunate?

After church services, Mr. and Mrs. Wilhide entertained her family at the home of her parents, Mr. and Mrs. Carroll Wilhide, and Mr. and Mrs. Myron Wilhide, Denise and Renee, joined the group for dinner.

Terra Rubra Girls' 4-H Club will hold their December meeting and Christmas party on Thursday evening (19th) at the home of Mr. and Mrs. Edward Coshun near Detour.

The Mothers' Club of Elmer A. Wolfe School will have their annual Christmas Treat for the children on Wednesday the 18th. At that time grades 1 through 4 will present a program for the mothers. If you have not been contacted as yet, the committee requests you send three dozen cookies (or the money to buy the same amount) to school on Monday the 16th and the committee will meet on the afternoon of the 17th to bag them. Your help is appreciated for the children do enjoy this treat.

The evening of the 18th will be the occasion of the Keysville-Detour

Homemakers Club covered dish supper and Christmas party at the United Church of Christ Parish House in Keysville. Believe the time is 7 P. M. Don't forget to bring a \$1.00 gift for exchanging and, if you bring a guest, a gift for her as well.

Supper guests with Mr. and Mrs. Richard Wilhide and Susan of Forest and Stream Club Road on the 4th were Mr. and Mrs. Michael Miller of Frederick. Good to hear that Mike's mother, Mrs. George Miller of Rocky Ridge, is making steady progress after a recent major operation.

Cub Pack #459 will meet on the 20th at the Union Bridge Church of the Brethren at 8 P. M. This will be their Christmas party and the Cubs have been requested to bring a \$1.00 gift for exchanging, two dozen cookies towards refreshments (Pack will furnish the drink) and—most important of all—their parents!

Mr. and Mrs. Lloyd Wilhide of Keysville and her mother, Mrs. William E. Ritter of Taneytown, visited on Monday with his mother, Mrs. Maurice Wilhide, and his sister and family, Mr. and Mrs. Francis Fry and children of Baltimore.

Saturday visitors at the Carroll Wilhide home near Detour were Mr. and Mrs. Melvin Schnappinger, their daughter, Mrs. William Gross, and her son, Jerry, and Mr. and Mrs. George Beck of Halethorpe, Baltimore.

The towns are all decorated for Christmas—have been, really, since Thanksgiving time—and look all festive and bright. Taneytown certainly has some lovely decorations, even nicer than Westminster's in my opinion, and they can be proud of how well their town looks. One flaw though: some of the lights in that streamer are right close to the traffic light at the square and make for some confusion. Perhaps this can be corrected? Everyone seems to be busy bustling around getting ready for the Big Day. You, too?

To An Old Christmas Card

All rose and blowy, your face shines with color, reminding me happily of one golden year when childhood was fragrant with fancy and dreams of future so radiant, and life distant gleams. Your face is a mirror of magic and love, that comes over my vision, like songs from above, of Christmas stockings, filled full to the brim by father and mother, no, 'twas't by him, whom some called "Old Santa," with reindeer so fleet, who climbed down the chimneys, with firm tread of feet. The doll with the red dress that peeped from the sock, with the blue beads dangling, our mother had bought, but the charm and wonder were no less, because they were never brought by a "Santa Claus." So your face on the card brings me memories of a girl like myself and a boy, you see, who rushed to the room where the stockings were hung and what ever we found was prized beyond tongue, may your story live on blessing each "little one."

CARROLL COUNTY ASSOCIATION FOR RETARDED CHILDREN

The fund raising drive for the CCARC is now coming to a close and the sought-for goal of \$10,000 for the operations of the coming year has not quite been reached. The house and business solicitations will be completed within a week. However, if you have not been contacted, the Association urges you to send in your contribution to the Carroll County Association for Retarded Children, P.O. Box 267, Westminster, Md., or to Mrs. Alvah Finch, chairman, Westminster, Md., before the Christmas mail rush.

The Honorable John F. Fogarty of Congress made the following pertinent remarks before the House of Representatives on Aug. 27, 1963, "For far too long too many have felt that mental retardation was a hopeless, incurable affliction. As a result of the persistence of this belief, this Nation has never launched a full scale attack on the problems of mental retardation. The time has come when we not only are in a position to do so, the time has come when we must do so. If we are to decrease the incidence of mental retardation, we must act now to strike at its roots through making available adequate services for those who otherwise would not have them."

"If we are to bestow the benefits of our society on those already retarded, they must receive special services in the community that will foster the development of each individual's maximum capacity. If, as we know, many of the mentally ill will require long services and a sheltering environment for an indefinite period we must see that these are available. If, as is apparent, providing adequate medical care to expectant mothers and their infants prevents mental retardation, then adequate medical care must be made available to each mother and to each child."

If the mentally retarded need special educational opportunities, then we must make special efforts to provide them. If, as we know, research holds the answer to many of the enigmas of mental retardation, we must push forward also on this front."

Many businesses, service clubs and individuals have responded to the call for aid most generously. We extend our whole-hearted thanks to those who have had a part in helping the retarded in Carroll County who are among the approximately 5 million persons in this country who are retarded.

It has taken a lot of money and a lot of time to teach children they don't have to work.—Press, Vista, California.

CHRISTMAS CARD POSTAGE SAME TODAY AS IN 1847

People sending Christmas cards today at the 5¢ first class rate pay the same to mail Christmas greetings as Americans did well over a century ago.

Research shows that in 1847 the Post Office Department issued its first stamps, including a nickel stamp for the basic prepaid letter rate.

And, of course, in those days a nickel could buy a meal where it usually can't even buy a cup of coffee today.

Since 1932, the postal executive observed, while living costs for the American family have skyrocketed considerably more than 100 per cent, the cost of mailing a first-class letter has only increased by two cents or two-thirds.

The Postmaster's comments were made in connection with a recommendation to local residents to use the first class 5¢ Christmas stamp on their Christmas cards. The stamp portrays the National Christmas tree on the "Eastern Ellipse" in the Nation's Capitol. The stamp is available at the local post office.

The 5¢ rate permits forwarding or return of the letter where necessary, allows the use of a handwritten message on the card—adding a personal touch—and also provides speedier handling and faster delivery, particularly for cards going out-of-town.

In recent years, people have been buying better and more expensive greeting cards—and it seems a shame, when only 4¢ third class postage is paid and the addressee has moved, that we normally cannot even forward the card. It is poor economy to try to save a few pennies and lose several dollars worth of cards in the bargain.

Reports from the greeting card industry indicate it is not uncommon for an average family to send more than 100 cards during the holiday season.

To avoid trouble and waiting in line, I suggest that two full sheets of the Christmas stamp—100 to the sheet—be picked up when at the post office, and then there is no last-minute panic about getting stamps to put on cards to send to those who have been overlooked or added to the list.

Christmas stamps, of course, are usable for postage at any time.

MRS. J. C. SCHAEFFER EXPLAINS CHRISTMAS SEAL HISTORY

Christmas Seals dating back to 1907, when the movement first began in this country, are on display in the window of the Carroll County Bank and Trust Company, at the Shopping Center, Westminster. A display of 1963 Christmas Seals are also on display at the Westminster Trust Company on E. Main Street and also at the Smith and Reifsnider store on West Main Street. The displays were arranged by Mr. Eltinge Reifsnider for the Carroll County Tuberculosis Association in conjunction with the Christmas Seal Campaign, which began November 15.

The collection, which is on display at the Carroll County Bank and Trust Company, Shopping Center, with the exception of a few years, was presented to the Association by a former president, Rev. Frederick Seibel. The board of directors commissioned John E. Myers to mount and frame the collection which is a great philatelic value today. It hangs throughout the year in the office of the Carroll County TB Association, Times Bldg., and has proved very interesting to visitors.

Einar Holboel, a Danish postmaster, first thought of the seal to raise funds for the tuberculosis children in Denmark in 1903. In 1907 a few doctors in Wilmington, Del., ran out of money while trying to cure eight charity patients. Emily Bissell, a cousin of one of the Doctors, thought that if Denmark could open its heart for help, America would. Instead of \$300 she expected, Emily Bissell raised \$3,000.

Since that time it has been estimated that funds raised thru the use of Christmas Seals have saved many lives.

The money that is contributed by the Carroll County citizens for Christmas Seals is spent to prevent TB; to teach people how to build and keep good health; to find unknown cases of TB that are spreading infection; the Mobile X-Ray unit; to help keep former patients well; and to find through scientific research even better ways of preventing and treating tuberculosis.

Mrs. Schaeffer, chairman of the 1963 Campaign, urges everyone to use their Christmas Seals and make an investment in the future of our community. Answer your Christmas Seal letter today.

THE WAY I SEE IT . . .

Observations on the World of Sports

It's not merely a coincidence that every time the San Francisco Giants win a pennant it follows a big trade. A lot of observers think that the deal the Giants made with the Milwaukee Braves the other week will make them a strong contender for the National League flag next year.

The Giants gave up power to get pitching. Power is a commodity they had in abundance last season. Pitching is something they lacked. So, the trade with Milwaukee has to be a good one—if the Giants did not trade away too much power. In case you missed it, San Francisco shipped outfielder Felipe Alou, a power hitter; catcher Ed Bailey, a power hitter; and pitcher Billy Hoelt, a one-time highly regarded hurler, to Milwaukee. In return the Giants got two pitchers, Bob Hendley and Bob Shaw, and catcher Del Crandall, once the best in the league but getting on a little. If Hendley and Shaw prove to be winning pitchers the Giants will have made a good trade. Crandall is listed as a reserve. The Giants think they can fill Alou's shoes in the outfield with his kid brother, Jesus Alou, and Bailey always was rated number two catcher back of Tom Haller.

The Giants have made trades with the Braves before when they were in New York. They got Johnny Antonelli from the Braves a decade ago and won a pennant with him in 1954. In 1950 when the Braves were in Boston the Giants obtained Al Dark and Eddie Stanky in a deal and won a pennant the following year. And in their lone San Francisco pennant in 1962 the Giants got a big boost from Billy Pierce, the veteran, who was obtained in a deal with the Chicago White Sox and played a major part in the drive to the flag. Baseball men in their reaction to the Giant-Brave trade of the other day, concluded it was a rarity—a deal that will help both clubs. We think so too. That may be the case. But we'll have to wait the better part of a year to find out.

Major League teams like to see improvement in a young player from year to year and that being the case you can bet the Boston Red Sox are very happy about outfielder Carl Yastrzemski (pronounced YAST-REMSKI). Carl has improved each year since his rookie season of 1961. That was the year he hit .266 and some Red Sox fans got the notion that he might not live up to his advance notices. But Carl stepped up the pace to a lively .296 in 1962 and this past season won the American League batting title with a snappy .321. At the age of 23 Yastrzemski has arrived as a star batter.

The Red Sox signed him as a sophomore at Notre Dame for a bonus said to be well over \$50,000. The scout who signed him was the former big league pitcher Frank Nikola, who said, "Carl can't miss." Several years back the Red Sox blueprinted Carl as the successor to Ted Williams and Ted himself had this to say after his first look at the youngster, "This boy has one of the finest batting

strokes I have ever seen and if anyone tampers with his hitting it would be crazy." This coming from a man who should know is quite a compliment.

Carl has a long way to go before he can be mentioned in the same conversation with a batter like Williams. Ted retired with a lifetime batting average of .344 and is the only man in the last 30 years to hit .400. He finished with an average of .406 in 1941.

Changing the Subject — Have you taken in any of the excellent basketball games locally yet? College basketball at the Mount or Western Maryland or on the high school level at Westminster High? Some very fine games are coming up and if you prefer the hardwood sport then take in a game soon.

Remember When Dept. — They said professional basketball would never catch on and wouldn't affect the college level of the sport? The colleges have adopted many of the pro rules and even their style of play and wear to disprove that.

Today's Sport Laugh — Coach Duffy Daugherty of the Michigan State football team has this comment about his star halfback, Say Duffy, "He's a great player with only one weakness—he's a senior."

—John Breth.

Automobile and truck operators in our small communities are often faced with two extremes in driving conditions. Here at home folks drive in a more leisurely fashion.

Driving to and from other nearby communities, drivers must always be aware of the narrow roads, sharp turns, hills, and the constant threat of not being able to see pending dangers.

However, when deciding to take a trip to a distant city, via the thruways, duals, and turnpikes, and other limited access highway systems, our local motorists face many dangers not apparent here at home. Travel on these highways generally is at a much greater rate of speed. Coupled with driving fatigue, carelessness, and inattentiveness, speeds on the modern highways can become a real killer in a matter of seconds.

Many drivers who are unaccustomed to driving regularly on turnpikes are not experienced when it comes to making decisions at speeds of 60 to 65 mph. Others take safe driving conditions for granted, and are often lulled into a state of fatigue or drowsiness because of the monotony of the highway.

Shift your eyes frequently so that your attention does not become focused in one particular spot for long periods of time. Remember at 60 miles per hour, you move up very rapidly on a slower vehicle. To compensate for this, you must allow sufficient time and space if you wish to overtake the vehicle in front of you.

Basically, alertness in driving is the keystone of safe driving. I wish to caution all drivers to stay alert at all times regardless of the rate of speed that you are driving.

Mayor of Taneytown, Md.

Faith To Share

Lesson for December 15, 1963

Bible Material: Acts 15:1-35; Galatians 1 through 2.
Devotional Reading: Romans 1:8-17.

ALL RELIGIONS are shared religions. That is, if in any religious group, large or small, the notion got around that the best thing you can do with your faith is to keep it a kind of happy secret between yourself and God, then that religion would vanish from among mankind in less than a hundred years. Religions persist from generation to generation because those who are religious share their faith with other people.

But religions differ in their answer to this question: With whom do you share your faith, or with whom are you expected to share it? Some share their faith with their children only. You cannot, for instance, become a convert to the religion of the Parsees, not even by marrying one. Only the children of Parsees can become Parsees. Other religions share their faith within definite geographical bounds, or racial limits. The Christian religion is one of the very few which its possessors are expected to share with all men high and low, all men of all colors and races and conditions in life, all human beings all over this globe.

You can't call this sharing. If you are a Christian, then, you have a faith to share... that is, if you have the faith. You can't share the money your grandfather had and spent. You can't share enthusiasm you haven't got, you can't share your grandmother's faith, hope or love. YOU can share what YOU have, not what somebody else has. You can pass on ideas without believing them yourself, though they won't be very convincing; but you can't pass on faith you don't have yourself. But there are two ways in which people who do have some genuine personal religious faith, try to share it, without success. One wrong way is to try to force it on other people. In the Middle Ages the church used to conduct some strange evangelistic campaigns. They would get the police to round up a dozen or so Jews, the Jews would be tied together and taken to church and made to listen to "Christian" preaching for a number of Sundays, and then they would take those Jews out and dunk them in the fountain in the public square, by way of Christian baptism. Then they would chalk it up in their statistics—so many Jews converted this year. No, there were no converts by that route. Forcing religion is like forcing food; it's not sharing.

Sharing by talking. For all that, talking about our faith is one way to share it. Take the Apostle Paul for example. He preached, he taught, he visited from house to house. He wrote letters, more than a dozen of which have been preserved in the New Testament. He was one of the greatest talkers-for-Christ known to history. There is a difference between talking about our faith in such a bragging way as the Pharisees had, and talking about it in humble but radiant enthusiasm as Paul always did. A Pharisee might thank God he was not as other men; a converted Pharisee, such as Paul could say to a king: "I wish you were in my place—only without these chains."

Sharing by living. It's very doubtful whether any one ever became a sure-enough Christian without living for a while with a real Christian. Most of us are not converted by something we read, first of all, it's rather by what we have seen and heard. Christianity is a life, not a theory. Everything that is Christian, which is to say every Christian truth and grace, is in a person before it is in a book. Jesus Christ came before any books were written about him. Christianity is not something you can cut into slices and pass around like cake. Christianity is like enthusiasm which just has to be caught rather than taught. There is no such thing as Christianity that's not in people. And an unsharing, ingrowing, selfish life can never share a warm and joyful faith. It comes back to where we started; You can share only what you have.

Betty Stonesifer National 4-H Beef Winner

Betty Stonesifer, 18, of Taneytown won a college scholarship from the du Pont Company after being named one of six national 4-H award winners during the National 4-H Club Congress, held in Chicago Dec. 1-5.

Starting her beef program in 1957, Betty has raised 12 Shorthorn steers in her 4-H projects. Here she points out some fine points of the Shorthorn breed to Dr. Wallace E. Gordon, a du Pont Company executive.

The second Maryland beef scholarship winner in du Pont's five years of sponsoring the national project, Betty has won a number of blue ribbons showing her animals at the Eastern National Livestock Show and the Carroll County Fair. She also holds the coveted 4-H Key award for 4-H leadership. Betty is the daughter of Mr. and Mrs. Earle K. Stonesifer who operate a 190-acre farm in Carroll County.

The press is the mistress of intelligence and intelligence is the mistress of the world.
