Money on deposit in the Hagerstown Bank to the credit of the Western Maryland Railroad has been attached by Sheriff Earnshaw to satisfy two judgments against the company. One is for \$1,335, held by George S. Stevenson and Henry P. The other attachment is for \$125, the amount of a confessed judgment by the railroad company in favor of D. R. Ramacciotti, whose horse was killed by a Western Maryland train.

Last year only \$8.50 was paid, but the growers contend that, owing to the high price of yellow corn and other conditions, the price this year should be

Dear father, you were with us In our home we loved so well; Of your presence death has robbed us, And in sadness there we dwell.

Friends may think we'll soon forget him
And our wounded hearts be healed;

THE ARTICLE BY Prof. S. Simpson, in our last issue, means that Carroll needs more money for public schools, and that the only way to get it is to increase the tax rate. The question is—Who must the County Commissioners "see" before they can increase the rate? We remember having heard of just such a situation a few years ago, but nothing was done.

THE RATHER amazing argument is used by the Baltimore Sun's Washington correspondent that the democratic party can win, this Fall, with another standard bearer than Mr. Bryan, yet admits that it can't keep the nomination from him if he wants it. In other words, the argument is that any one of several candidates would be strong enough to be elected, vet are too weak to secure the nomination. Mr. Bryan, therefore, must obliterate himself-since the party cannot obliterate him--and stop ruining the chances for electing a Democratic presi-

Where the RECORD Goes.

We publish a detailed list of the circulation of the RECORD by localities, according to our mailing list of last week, thinking that the same may be of interest, at least to advertisers. This showing, it must be remembered, represents a genuine list of subscribers who are either paid in advance, or are less than one year in arrears. Had we continued our old plan of indefinite credit, we could easily have shown, at this time, nearly 2000 subscribers. The showing is a remarkably good one, we think,

Needed Legislation.

The Boyertown horror, last week emphatically emphasizes the need for legislation which has to do with exits from all buildings used for public gatherings. In Regard to the Great Profit in Lime to the Farmer.

The LeGore Combination of Lime is said by practical farmers to pay at the following rate. One ton of lime, before it is worn out, will bring to life or release plant food enough to produce: 1 ton of wheat worth \$ 20.00 21 tons corn 4 tons of hay Cost of 1 ton of lime about 4.00

This will leave as a profit to How can the farmers afford to put off liming and expect to make up the great loss in their future crops? The LeGore Combination of Lime is guaranteed to show paying results for twenty years. If the farmers lime for grass, wheat and corn, they will grow good crops and lay the foundation for permanent improve-ment. The farmer makes more clear than the manufacturer does from the sale of 100 tons. Putting off liming is like putting off doing what is right-the longer you wait the harder it will go. It does not pay to put out any crop with-

lime for 4 or 5 years. If the farmers wish to grow abundant crops of wheat, grass and corn profitably they must use a good combination of

Where the Emphasis Is Put. Christian Endeavor gives less emphasis to the distinctiveness of the church and more to its mission and its responsibility. It has re-embodied the vigor and the hardihood of true apostleship and brought the church into living contact and sympathy with the ideals as well as the needs of men.

There is no sign of fatigue in this great work. The impulse of the movement is forward, and it has doubtless still a great purpose to fulfill among the evangelical churches.

The wonder is that one society with fifty members only in a little over twenty years should expand into more than 64,000 societies with nearly 4,000,-000 members. There is no doubt that God's blessing is on the movement .-
