## Local Youth Honored

Mr. John K. Shorb, son of Mr. and Mrs. Kenneth C. Shorb, Taneytown, Md., has been awarded the Public Service Award by The American Radio Relay League. John is a licensed amateur radio operator and an active member of the Amateur Radio Emergency Corps. He received the Award through his efforts during the recent Baltimore area snowstorm emergency, during which he provided emergency communication facilities and handled several messages pertinent to public welfare.

The American Radio Relay League makes the following statement: "The Public Service Certificate is not the type of award that is specifically worked for, asked for or expected. This certificate is presented to the individual amateur in recognition of his contribution to the public service record of the Radio Amateur. It is a spontaneous recognition of outstanding work by individual amateurs during communications emergencies, made without hope or expectation of material reward."

## Health for All—and A Healthy New Year!

Oh, yes—those Resolutions! Some people don't make 'em—but lots of others do. Curious thing is that, make them or not, everybody seems ready to talk about them.

So let's talk about them. Here are some basic ingredients of the well-rounded New Year Resolutions package.

**HOME SAFETY** — Of course you'll have to be careful about polished floors, random razor blades, rickety stepladders, exposed wiring. Home accidents are a leading cause of injury and death.

**DRUG SAFETY** — Where there are children in the house, you'll have the medicine cabinet high beyond reach, preferably locked. For adult protection, all drugs, medicines, cleaning fluids, exterminants will be kept plainly labeled and the label always consulted before use.

**ROAD SAFETY** — No driving while drinking or in a state of drowsiness. Due attention to traffic signals, road courtesy, speed limits. There are few better ways to increase life expectancy.

**NUTRITION** — No serious seeker after health will neglect any of the "fundamental four" food groups in his diet. Here they are: (a) milk and milk products; (b) meat, poultry, fish and eggs; (c) vegetables (green and yellow) and fruits, especially citrus; and (d) bread (preferably whole grain) and cereals.

**HEALTH SAFETY** — Of course an annual medical checkup belongs in your resolutions list. It should include a tuberculin test or a chest X-ray. Also, your Christmas Seal organization points out, a persistent cough or shortness of breath may be a sign of respiratory disease. If these symptoms occur, consult your doctor.

That's a pretty good start on your road to a healthy, happy 1964!

## ODDS AND ENDS

On this bright December day, Mother Earth is mantled in a luxurious robe of snow white ermine, sprinkled with thousands of glittering diamonds. The words, "Winter Wonderland," come to mind as I gaze upon the dazzling scene before me. Overhead, the sky is deep blue and cloudless, as the sun strikes fire from the cold bosom of the snow. There is a delicate tracing of bird tracks stenciled here and there and the prints of various animals, both wild and domestic, are in evidence. What an interesting story they relate, what an interesting story on the pages of a book. Etched against this glittering white back-drop are several red birds, almost startling in their brilliance. Truly, no matter what the season of the year, there is beauty all around.

In last week's article, I mentioned a favorite cake of ours, called Maryland Black Walnut Cake. For those of you who would like the recipe, here it is:

2 cups sifted flour, 2½ teaspoons baking powder, ¼ teaspoon salt, 2/3 cup shortening (I use margarine), 1½ cup of sugar, 1 teaspoon of vanilla, 3 eggs, separated, ¼ cup milk, 1½ cups ground black walnuts; sift flour, baking powder and salt together. Cream shortening with sugar and vanilla until fluffy. Add beaten egg yolks and beat thoroughly. Add sifted dry ingredients and milk alternately in small amounts, beating well after each addition, add ground nuts, and fold in stiffly beaten egg whites; pour into greased and floured pans and bake in moderate oven (350 degrees F) for 30 minutes. Makes two 9-inch layers.

If you are looking for a nice place to eat out during the Holidays, by all means try the Hanover Diner, located on Carlisle Street extended, in Hanover, Pa. The food is delicious and reasonably priced and the waitresses are very pleasant. Our Senior Girl Scout Troop enjoyed a Christmas party here last Friday evening. The beautifully decorated dining room and gracious atmosphere added greatly to the charm of the evening.

True to form, our friend, Rusty, has been playing havoc with our Christmas tree. He has not as yet climbed it, but he is in the process of untrimming it. We have a commotion in the sitting room and upon investigating found that 5 or 6 ornaments were on the floor, as the incorrigible Rusty emerged draped with ice circles and with a wicked gleam in his eye. I sincerely hope that each and every one of you have a Happy and Most Prosperous New Year!

—Zola Cantwell.

## SCOUTS TO COLLECT PAPER SATURDAY IN TANEYTOWN

Throughout the year collections of rags, magazines, and newspapers are made in odd-numbered months by Boy Scouts of Troop 348, Taneytown, who are sponsored by Hesson-Snyder Post 120 of The American Legion. The first such drive for 1964 will be made on Saturday, Jan. 4, providing the weather will permit. Bundles tied securely are much appreciated, especially on a windy day, contributing greatly to the speed and consequent successful conclusion of the collection in the short time available. Scouts gladly pick up, however, from cellar or attic if their attention is drawn to that need while the drive is taking place.

Besides Taneytown itself the roads to Mayberry, Bridgeport, Crouse's Mill, Copperville, and the Baptist Road as far as Starb's Dam will also be covered. Should bad weather force postponement, a new date will be selected and public announcement made.

## Troop Places in First Aid Meet

A November highlight was the Arrowhead District First Aid Meet held on the 23rd at the Church of the Ascension and Prince of Peace near Randallstown, where a patrol of eight from Troop 348 tied for third place. Transportation was provided by Robert Miller, patrol leader of the Eagles, and by Scoutmaster and Mrs. Wilbur O. Thomas. Their coach was Senior patrol leader Samuel Bower; Miller was captain; team members were Samuel Fleming, James Frock, Robert Howarth, Philip Martin, Gary Wantz and Thomas West; patient was Michael McKinney; and alternates were Samuel Cassell, James McKinney and Steven Wantz.

The scoutmaster and senior patrol leader represented the troop at the first annual district recognition dinner on December 2 in Emerald Gardens, Baltimore, where a handsome first aid kit was presented as prize for the First Aid Meet. The troop also was one of 28 receiving district awards for proficiency in training and membership and one of 5 troops recognized for proficiency in program.

## Program and Contest

Program themes since the last report have centered around demonstration of a Tenderfoot subject, trail signs, first aid quiz, Scout law challenge, map symbols, knot tying, camping and hiking test, and difficult first aid problems. Games were included in the programs. All items are selected by members of the green-bar leaders' council, which gathers following most every meeting to plan for the next week or two.

The 1963 patrol contest ended with the Flaming Arrows in first place, led by Thomas West as patrol leader and Fleming as assistant. Second place was earned by the Foxes (Frock patrol leader, Philip Martin assistant). Their prize will be given later in the form of a trip to Hershey for either a hockey game or ice Capades performance; the Flaming Arrows will have all expenses paid, the Foxes one half.

## Advancement and Activities

Achievements in Scout rank climaxed the contest, with Senior patrol leader Bower being advanced to Eagle Scout and a variety of merit badges earned in chosen subjects as follows: Ricky Airing, Marksmanship and Personal Finances; Robert Eckert, Cooking; Brett Fleagle, Beef production; Fleming, Animal industry, Citizenship in the home, Electricity, Hog production, Machinery, Masonry, Painting, Plumbing, and Woodwork; Frock, Electricity and Painting; Richard Greene, Fishing; Jack Howarth, Fishing and Home repairs; Ad Robert Howarth, Fishing and Home repairs. Repairs to the Scout hall floor and chimney flashing were a valuable Flaming Arrow contribution.

## Henry I. Reindollar, Jr. Purchases Reindollar Hardware

Reindollar Brothers and Co. has recently been purchased by Henry I. Reindollar, Jr., and will be continued under the name, Reindollar's Hardware. This is the third generation of Reindollars to operate a hardware store in Taneytown.

Milton H. Reindollar, grandfather of Henry I. Reindollar, Jr., started this business 66 years ago. He operated his store in the room presently used as a restaurant by Mrs. Ella Reichard. Upon the death of Milton Reindollar in 1909, his children, Henry (Harry) Reindollar, W. Wallace Reindollar, and Miss Mary Reindollar, continued the business at this location until 1932 when they moved into the present location in the center of town.

The Reindollars have always been noted for their progressive business ideas and have tried to operate a modern store. They became a stockholder in American Hardware Supply Co., Butler, Pa., in 1916. American Hardware Supply Co. is the largest dealer-owned hardware distributor in the United States. Through them the Reindollars are able to keep their prices competitive and to use their advertising program which is considered tops in the hardware industry.

The present owner would appreciate your continued patronage so that he may continue to offer to the community a wide selection of reasonably priced merchandise.

## Scholarships To Be Awarded

The Potomac Edison System in Hagerstown recently released details of a college scholarship program that was announced earlier this month in area secondary schools.

Three winners, according to the utility company, will be selected from throughout the PE System, which includes the Potomac Edison Company in Maryland, South Penn Power Company in Penna., Potomac Light and Power Company in West Virginia and Northern Virginia Power Company in Virginia.

F. T. Dunham, Local Manager of Potomac Edison in Taneytown, said two of the scholarships will be given each year to students whose parents or guardians have been customers of the utility company for at least a year. One scholarship, he continued, will be given annually to a student whose parent or guardian is a permanent employee of PE.

The local manager explained that the scholarship program is permanent with three new students eligible for financial aid each year. Students who are awarded PE scholarships will receive the funds for up to four years, he added, if their financial needs continue and they maintain proper scholastic and personal standards.

Any secondary school senior can apply for the scholarships, he said. Students can compete for the funds only once.

Competition among those who will start college next Fall is already underway, the local manager continued.

It is not necessary, he pointed out, for applicants to have been accepted by an institution of higher learning before they apply for the scholarship aid.

A three-man committee of professional educators headed by Robert Strider, Director of Financial Aid at Johns Hopkins University, will evaluate applicants' scores on the Scholastic Aptitude Tests, which all are required to take. School records, personal financial information and any other confidential information will be reviewed only by members of the committee.

Winners of the scholarships for the 1964-1965 school year will be announced early next May.

They may attend any accredited college, junior college or community college approved by the Scholarship Committee. They may get up to \$500 annually for tuition, room and board or other charges billed to the student. Scholarship money will be sent directly to the college.

Winners of PE scholarships may hold other scholarships, grants or loans. Continuation of PE funds will depend on financial need and college records.

## "SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

## (The Holidays)

Thank you and you and you for the lovely cards and letters and a grand one from Lawrence Welk with the cutest calendar.

What a gorgeous sight entering my church (Mt. Vernon at the Washington Monument) as it made me think of a beautiful enchanted forest with the bare Christmas trees (without decoration of course) plus the red, red steps of the Poinsettia plants! Never will I forget that walk down the aisle of that huge church (as I always sit up front.)

Visiting a patient in the Montebello Hospital on Argonne Drive, was filled with cheer and those colored women as the Aides simply are beyond describing. Such kindness, care and—oh—so much else which they give to those patients!

As the New Year comes on, I always think of my friend at White Hall who always had "Open House" for all the neighbors! Nice!

Another grand surprise of a phone call was that of the widow of Dr. Elliot from around the town who is visiting her son in Lutherville. I have not seen her for a dozen years or more and it was sweet to hear of all the kind remarks about my Column! (And I do love surprises!)

Another big surprise was the most wonderful letter from my eldest son from Yuma, Arizona, stating how much he loved me and so much else that would make the heart of any Mother glad! This letter was most unusual from all the rest of his letters!

How beautiful "down town" appeared with all the decorations with a huge candy cane on all the posts on Charles Street, plus the trimmings of all the store windows. On the balcony of the Peabody there was a tree. The Stafford Hotel gave one the atmosphere of "Ye Olden Days." Then on a Friday night standing right there in the crowd as our Mayor lit the tree in the south part of Mt. Vernon Square. No one seemed to mind the cold as they listened to the speeches. In the "Maison Annette" store there was the most beautiful white umbrella with the top or handle studded with brilliants which was called, "The Cocktail Umbrella."

Hope you did not miss one of those grand "Paradise" fruit cakes of which I wrote in a previous Column. The proper way to cut a fruit cake is a saw motion which prevents any fruit cake from crumbling. You will never go to all the trouble of making a fruit cake when once you have tasted, "PARADISE!"

Everyone seemed to be in such a gay mood and strangers were no longer strangers walking around downtown. The Hecht-May Company had a tremendous Urn on the awning at the entrance with filled greens with the very tall white electrically lighted candles. This year, the sales in all the stores were bigger than ever! The voices of the B & O Glee Club were beautiful with the special Christmas Carols.

It is nice to know that the giant tree of the B&O was trimmed again this year following the old tradition of all these years. Hope you did not miss it this year.

Reading the story in the "Sun Magazine" as to the Mistletoe. Yet as popular as it read in that story coming from the Eastern Shore, never have I seen any of it in any Baltimore house. It brought back the day in Philadelphia where every home had a big bunch of it hanging in the parlor under the big chandelier. Those days it was very difficult for the young man to kiss a girl unless they were engaged to be married. However, now-a-days there is such a different trend for it seems that mistletoe is not necessary! Eh? I think I prefer the old fashioned way. Those days girls would duck but the boy seemed always to be the winner everytime if he caught any girl underneath the Mistletoe!

And the most beautiful tree in Baltimore was on the Patio of "The Sun" Building which compared with the one in New York at the Rockefeller Plaza! Then of course it would not seem Christmas without the booth of the Salvation Army! Those people who are "Soldiers of God!" Bless those people everywhere! There were many last minute shoppers down town due to the snowfall the day before and the icy streets. I went down by bus so I could see the sights upon the return bus ride and all were most beautiful. Each year there seems to be bigger and better decorations out of doors! And the following brought a tear as it was sent to me by a Jewish man and I hope you will understand!

We greet one another as most persons do  
To Honor the name of a crucified Jew  
On the day set aside all over the earth—  
His death was decreed on the day of his birth.

Yet millions of weary Jews carry a cross—  
Trudge down to the tomb, their dear lives a drear loss,  
Remember them all, sing a psalm each morn,  
The song may awaken their souls, all reborn!

Emanuel N. Simmons.

Hope to be seeing you the first nice day. Until then, D. V.  
I am,  
Faithfully,

## "GRASS ROOTS OPINIONS"

**OPPORTUNITY, WN., HERALD:**  
 "It will come as a surprise to many, we know, that long ago, before World War I, Czarist Russia, in a favorable harvest year, exported 10 million tons of grain. Soviet propagandists, native and foreign, have taken pride in pointing up a contrast between progress under communism and the so-called hopeless backwardness of precommunist times. But the record export figure of 10 million tons of grain has never been equalled in 46 years of Soviet rule—and this year it seems likely that the Soviet will have to import grain to a total of 10 million tons or more. Collective farming seems no more efficient than does nationalized industry."

**CANTON, N. C., ENTERPRISE:**  
 "While it might be necessary for the federal government to have more money to pay its bills, it just doesn't seem financially feasible for Congress to appropriate money for a budget of so much and then go ahead and raise the ante within the same year. . . . Congress could balance the budget anytime it wishes simply by only authorizing a certain amount and by making it stick."

**WICHITA, KAN., DEMOCRAT:**  
 "In one part of ancient Greece, it long was the custom, when a man proposed a law in the popular assembly, he did so on a platform with a rope around his neck. If the law passed, they removed the rope. If it failed, they removed the platform. If this system were instituted in our Congress, it would, no doubt, cut down on the number of bills introduced each session."

**KENNETT, MO., DUNKLIN DEMOCRAT:**  
 "If soaring deficits should set off a major new wave of inflation—some leading authorities think is almost certain—the loss in the dollar's purchasing power would far offset any tax cuts. Then, beyond that, the weakening of American prestige and economic power in today's chaotic world would compound the disaster, to unknown dimensions."

**MARYSVILLE, CALIF., APPEAL-DEMOCRAT:**  
 "The Northwood Times, a student paper of the Northwood Institute, Midland, Mich., has the following quote from Dr. V. Orval Watts: 'I know of only one other school which makes this kind of determined effort to have the whole faculty teaching free enterprise in an organized integrated program as we have it. Teaching today has become collectivistic in public schools and universities because the institutions are necessarily organized and operated on statist, bureaucratic lines.' Dr. Watts used to be a socialist, he used to teach in bureaucratic schools. He's even been through the indoctrination at Harvard. When he began to read the philosophers of the ages, he saw the error in his own thinking and he is now trying to get people to understand the blessings that come from respecting private property."

**YORK, NEBR., NEWS-TIMES:**  
 "Few of us ever have folding money in our pockets long enough to become very well acquainted with it. . . . But there's a fellow in Miami, Fla., who has complained to his congressman about the \$10 bill. He thinks the obsolete car in the picture on the back gives America a bad image and certainly does not convey the idea of progress which this nation is so proud of. . . . However, as one Treasury spokesman commented, the out-of-date ten-spot is 'a symbol of the stability of the American economy.' On that controversial note, perhaps it is time to close the subject."

**MILES CITY, MONT., STAR:**  
 "In a Moscow military parade, Khrushchev wheeled out for a public view what he represented was an anti-missile missile. I do not suggest that we take Khrushchev's word for it. But, at the same time, we should not be trusting him to keep his word on the test-ban treaty as we seem to be doing. The flaunting of the Soviet weapon dramatically points up the enormity of the risk we are taking by not developing our own anti-missile with all possible haste."

ALBANY, KY., NEWS: "Democrats and Republicans in Congress are accusing one another of playing politics. That's like accusing Daniel Boone of carrying a gun."

CURRENT EVENTS  
FIFTY YEARS AGO

As has been the custom in former years the churches of Taneytown will unite in services during the week of prayer, beginning next Sunday evening and closing on the following Sunday evening.

Miss Isabella McKinney delightfully entertained her friends at a "stunt" party, on Friday evening.

The young men of town gave a delightful dance on Monday evening in the Hall. Music was furnished by the Hanover Orchestra.

UNIONTOWN—Quite a number of our folks enjoyed masquerading during the holidays. Roy H. Singer and wife gave a dinner on Saturday, 27th to a few of their friends. During the day, their youngest child, Henry Cover Singer, was baptised by their minister, Rev. Baughman. Those present were: Rev. Baughman and wife, Misses Alexina, Ida and Bessie Mering, Miss Diane Siring, Harry B. Fogle, wife and daughter, Miriam, Mrs. Martha Singer.

Adv't. News for the New Year. Come in and let us show you an extra fine line of New Clothing at away down prices. Shoes, gum, felt and lumberman boots; groceries; M. R. Snider, Harney, Md.

(Adv't.) Dental Announcement Extraordinary! Full sets of teeth, \$5.00, guaranteed for 5 years. Painless extraction, prices very reasonable. Dr. J. McC. Foreman, Emmitsburg, Md.

My apologies to you for missing the column last week. However, it just so happens I was in bed from the previous Saturday until Christmas Day with a "strep" throat. Will try to make up for it with this week's column.

Do hope everyone had a fine Christmas holiday and were blessed in many ways. My sincere wishes for a Happy and Prosperous New Year as well.

One must give credit also to those teachers who work with these children and see to it that they do the best of which they are capable. After the program, the Mother's Club treated each of the children to a bag of cookies and a cup of punch and then Santa Claus visited each room and presented each child with a candy cane.

### BOY SCOUT NEWS

(Continued from First Page)

December 30 to the troop committee headed by Francis E. Lookingbill as chairman, and the council representative, John W. Hailey, Silver Run, there were 21 Scouts who had completed Tenderfoot, 18 Second Class, 5 First Class, 87 merit badges were earned, 3 Star Scout, 2 Life Scout, 1 Eagle Scout, 2 Mile swim, and 9 Red Cross standard first aid certificates. There were 13 who spent ten day and nights of Scout camping, or 32½ per cent, while 97½ per cent received Boys' Life magazine, and 29 members have been re-registered for the year 1964. G. Samuel Bower was promoted to the ranks of senior leaders, having been commissioned Assistant Scoutmaster, a well-earned recognition.

### Goals and Future Program

High goals were set for 1964, namely 20 Scouts to advance at least one rank, 45 per cent of the troop to spend ten days and nights camping, a second assistant scoutmaster to be recruited and trained, and 30 Scouts to be re-registered one year hence. Plans are under way to attend the council camp at Broad Creek again, and to have representation both at the Valley Forge Jamboree and at Philmont Scout Reservation in New Mexico.

In the patrol contest which will end Sept. 30, 1964, the Foxes now are in first place with 25 points, the Flaming Arrows second at 18, the Eagle third at 17 (Miller is Eagle acting patrol leader and Donald Hahn assistant), while the Raccoons (Ronald Martin acting patrol leader and Terry Bell acting assistant) are fourth with 15; the Panthers (Rickey Clingan patrol leader and Cassell assistant) bringing up the rear, but closely, with 14 points. These margins are small now, but close attention to all phases of the competitions and special activities which bring in points will soon be a requisite for every patrol leader and his members who want to win that honor next September.

The Open House for new boys has been set ahead to Scout Week in early February, which also will be the occasion for attending church as a group. The patrols even now are practicing on events which will be of interest to recruits, such as first aid, Morse signaling, knot tying and mapping. A game, refreshments, slides of swimming, an Explorer canoeing trip, as well as some Broad Creek movies will also catch their eyes. The aim is to make Scouting available to as many boys as can find a wholesome outlet in it for their inexhaustible energies and unused leisure time.

### Paper Drive

Scouts able to help with the scrap collection Saturday are requested to report promptly at 8:00 A. M. In the event of unsuitable weather which would forbid the gathering of paper, a new date will be announced.

You can tell when you are on the right road — it's upgrade.

Success is not so much a matter of talent as of concentration and perseverance.

The rhetorician who laid down the rule, "Never use a preposition to end a sentence with," has been outdone by the child who asked, "What did you bring that book to me to be read to out of for?"

### IN MEMORIAM

SLICK — In loving memory of my wife and our mother, Annie F. Slick, who passed away one year ago, Dec. 28, 1962.

One year has passed since that sad day.

The one we loved was called away; God took her home, it was His will, But in our hearts she liveth still.

Before our eyes she faded, Growing weaker every day, Doing all we could to save her, Until God took her away.

We miss her help, her cheery way, With you we spent our happiest days, We miss you when we need a friend, In you we always could depend.

From the world of pain and sorrow, To a land of peace and rest, God has taken you dear wife and mother,

Where you have eternal rest.

Off we wander to the graveyard, To place flowers with tender care, On the grave of our dear wife and mother,

Who is resting sweetly there.

HER LOVING HUSBAND  
AND CHILDREN.

## THE WAY I SEE IT . . .

Observations on the World of Sports

The big stories of the 1963 sports year have to be the Los Angeles Dodgers; "Kelso"; Sonny Liston; Roger Staubach; Arnold Palmer; Sandy Koufax; the Boston Celtics; and Loyola of Chicago.

They supplied the tingling spark to the sports stories of the year. This was a pitcher's year in major league ball. There were ten who hit the 20 mark or better with Koufax, the brilliant southpaw of the Dodgers, walking off with the Cy Young award as the top pitcher and the most valuable National League player. In fact Koufax was just about the baseball story of the year, despite pressure from Whitey Ford of the Yankees and Warren Spahn of the Milwaukee Braves.

In 1963, Koufax was 100 percent perfect and the book shows that he won 25 games and led the Dodgers to the National League pennant. For a time, it was thought the Dodgers might falter again. But a three-game sweep of a crucial series against the St. Louis Cardinals carried manager Walt Alston and his players into the World Series. Awaiting them with confidence and the support of the betting gentry were the Yankees. The Yankees had easy sledding to their fourth American League pennant in a row—three of those under the managerial guidance of Ralph Houk. Ford had another brilliant year, leading the circuit with 24 victories. Jim Bouton had 21. However, there were signs that the Yankees were not the juggernaut of previous years.

Mickey Mantle missed 96 games because of a broken bone in his foot, but he did hit .314. Roger Maris also was out of action several times with various injuries. Elston Howard did carry the team at bat—a feat that was to win the most valuable player award in the junior circuit.

The series outcome, the vaunted Yankees received some of the medicine they have handed out in some of the previous fall classics—four losses in a row.

Elsewhere in the baseball world—Spahn hit the 10 mark in victories for the 13th time in his career—Stan Musial retired at the age of 42 after 22 years with the Cardinals—Carl Yastrzemski of the Boston Red Sox won the American League batting title with a .321 mark, while pitcher Gary Peters, of the Chicago White Sox, paced the hurlers with an earned run mark of 2.33. Koufax was tops in the senior circuit with a 1.88 e.r.a. average, and also broke his own strikeout record in the league with 306. Tommy Davis of the Dodgers retained the National League batting title with a .326 average. Harmon Killebrew of the Minnesota Twins had the most homers with 45. Hank Aaron of the Braves and Willie McCovey of the Giants were next with 44, and the All-Star game was returned to a single performance with the National League winning, 5 to 3.

Unbeaten and untied Texas ended its regular gridiron campaign ranked as the number one team in the AP poll. Right at the heels of the Longhorns were All-American quarterback and Heisman award winner

Roger Staubach and Navy. And this also happened to be the set-up for the cotton bowl yesterday.

The new substitution rule was roundly panned by many of the coaches. Some say it was aimed at Paul Dietzel's Army team because the Cadet team likes to use a virtual platoon system. The old rule may have come in handy for Army in its climactic game against Navy. But the Middles ended their season on a note of glory when time ran out for the Cadets on the Navy two-yard line. Illinois won the Big Ten conference title and moved into the Rose Bowl. Undeclared Mississippi captured the Southeastern title and earned a place in the Sugar Bowl against Alabama.

The Pro-football players continued to excite the nation to a greater degree than ever—even with two leagues in action. The Chicago Bears, with a superb defense, won the Western Division in the National Football League. The New York Giants with a dazzling offense, walked off with Eastern division honors.

Among the major developments in Pro Football was an indefinite suspension of Green Bay's, Paul Hornung and Detroit's Alex Karras, plus stiff fines for other players for betting on games. Paul Brown was dropped as coach of the Cleveland Browns after 17 years; and the Philadelphia Eagles were sold to a Washington group, although the franchise will remain in the Quaker City.

Next week more review of the sports year of 1963.

—John Breth.

## Gala Double-Decker Peach Dessert

Make your next coffee-and-dessert party a memorable occasion by serving "Double Peach Upside-Down Cake." It's a luscious double-decker dessert, flavorful and fragrant with pinwheels of juicy canned cling peach slices on each delicious layer. An almond-flavored whipped cream filling enhances even further this gala creation.

If you don't have packaged burnt sugar cake mix on hand, substitute yellow or spice cake mix. And don't throw away the cling peach syrup. Use it as part of the liquid when making gelatin fruit salads or desserts or party punches; or add some to breakfast fruit juice.

## DOUBLE PEACH UPSIDE-DOWN CAKE

- |   |   |
|---|---|
| 1 can (1 lb. 13 oz.) cling peach slices | 1/4 teaspoon nutmeg                     |
| 2 tablespoons butter or margarine       | 1 package (19 oz.) burnt sugar cake mix |
| 1 cup light brown sugar, packed         | 1/2 pint whipping cream                 |
|   | 2 tablespoons powdered sugar            |
|   | Few drops almond extract                |

Drain peaches. In each of two 9-inch layer pans, melt 1 tablespoon butter and sprinkle with 1/2 cup brown sugar. Arrange peaches pinwheel-fashion in each pan. Sprinkle with nutmeg. Prepare cake mix as package directs. Spoon batter over peaches. Bake in 350-degree (moderate) oven 40 to 45 minutes, or until tops of cakes spring back when touched lightly. Cool on racks. Turn out one layer on serving plate peach-side up. Whip cream with powdered sugar and almond extract until stiff. Spread over cake layer on plate; top with remaining layer peach-side up. Chill 1 hour before serving. Makes 12 servings.

## Make Gifts of Fruited Fudge

Home-made chocolate fudge makes a VERY special gift especially when it is crunchy with walnuts and candied fruits. Make several batches of this smooth-textured candy; pack the luscious squares in gay boxes, or in a candy dish that will be useful now and later, too.

## NUT-FRUIT FUDGE

- |                                   |                                      |
|-----------------------------------|--------------------------------------|
| 3/4 cup evaporated milk           | 1 teaspoon pure vanilla              |
| 1 1/2 cups granulated sugar       | 1/2 cup chopped California walnuts   |
| 1/2 teaspoon salt                 | 1/2 cup chopped mixed candied fruits |
| 1 1/2 cups miniature marshmallows |                                      |
| 1 1/2 cups glazed chocolate chips |                                      |

Combine evaporated milk, sugar, and salt in saucepan. Bring to a boil over medium heat, stirring constantly. Cook 5 minutes longer, stirring constantly. Remove from heat. Add remaining ingredients and stir just until marshmallows are melted and mixture is well blended. Pour into a buttered 8-inch square pan. When cool, cut into squares. Makes about 24 pieces.

The passing scene of American highways is littered with the wreckage of broken bodies, lives, families and properties, to mention nothing of millions of dollars in time and other factors.

Speeding, drunken driving and mechanical failure are the three major factors involved in most traffic accidents. Misjudgment, overconfidence, and downright carelessness run close seconds.

Care is the watchword to safety!

Never drive while under the influence of alcohol. Maintain posted speeds taking into consideration road and weather conditions.

Know your vehicle and its limitations and be sure that it is mechanically sound and safe for today's modern highways.

Obey all traffic laws and be constantly alert to errors on the part of other drivers.

Brakes, lights, tires and windshield wipers are easily checked and quickly repaired if defective.

Caution signs, lights and traffic regulations are placed and posted to specifically direct motorists and insure safe practices as well as to alert them to danger.

There are many factors in safe driving but they all rest in the motorist. Caution, adult thinking and the use of horse sense rather than horsepower will get you there pleasantly and safely.

### Jesus' Own Mother

Lesson for January 5, 1964

Background Scripture: Matthew 12:46-50; Luke 2:19, 39-52; John 2:1-12; 19:25-27; Acts 1:14.  
Devotional Reading: Luke 1:46-55.

JESUS is the hero of the New Testament. Other characters meet us in its pages, but no writer in the New Testament takes an interest in anyone else except as they have some connection with the life of Jesus himself. So Mary, his own mother, appears in the Bible not as Queen of Heaven or the Co-Redemptrix of the world, but as the simple, good young woman who was the wife of a village carpenter and the mother of

**Dr. Foreman** Jesus of Nazareth. We should like to know more about her than we do. She was probably quite young, and also probably not given what we would call a higher education. Yet we know that she was the woman to whom God entrusted Jesus. The church through most of its history has believed that Joseph was not the real father of Jesus; but the church has never thought of denying that Mary was his real mother.

#### Mary pondering

Mary was a remembering woman. She thought long about the meaning of things—that is what "pondered" means. She took time for events to make their impression on her mind. We know she was a woman of poetic mind. Most of the words attributed to her are in poems, presumably made up, perhaps on the spur of the minute. She was familiar with that great poetry collection and hymn book of her people which we know as the Book of Psalms. She was a woman who loved those Psalms and memorized them and wove them into the fabric of her own mind and memory. She remembered the singing angels, and the angel who first visited her, and the coming of the Magi. She remembers her son as a small boy, and that notable trip to Jerusalem when he was 12 years old. She was not a woman to go talking all the time with her neighbors. She did not wear her heart on her sleeve. She was not one to live only on the surface of things. She was no doubt a busy and often weary woman. But still she had time to furnish an inner chamber of the heart, a secret world where the wonders of life were cherished and re-lived.

#### Mary commanding

Jesus as a boy was not given special privileges except no doubt those of any oldest son. One special privilege he did not have: he was not allowed to disobey. We read that he "was subject" to his parents, that is, they directed him, gave him commands. Perhaps the burden of this fell on Mary, for Joseph drops out of the picture and is not heard from in the story after that visit to Jerusalem. Mary was what the poet describes, "A perfect woman, nobly planned, To war, to comfort and command."

In the story John tells of the wedding at Cana, we hear Mary commanding the servants to do whatever her son directed. This was a turning point in her life, perhaps. At any rate, somewhere along the road Mary knew the moment which comes to every mother, no matter how loving and good, when she has to let go her control, when her child looks at her with level eyes, the child no longer a boy, a youth, but a man.

#### Mary praying

The last picture we have of Mary in the New Testament story is in a prayer meeting. It was in an "upper room," perhaps the very room in which Jesus, six weeks before, had held the Last Supper on the night in which he was betrayed. If you can imagine what that must have meant to Mary's imaginative mind, you may well suppose that Mary was praying as never before. Yet no person ever comes suddenly to a deep prayer life. We may well be sure that Mary had been a woman of prayer through the years. This is important; but even more important is the effect on the growing child Jesus. If he was a real person, and Mary a real mother, we can be sure he learned about prayer first where most of us learn it, at our mother's knees. The man Jesus knew more of life, its joys, riddles and agonies, than the child Jesus. But the faith he breathed in by his mother's side would last till his dying hour.

#### Build Model Cars

The model car boom is on. Building models of modern Detroit cars, as well as those of earlier vintage, is a favorite hobby of young and old.

#### CHANGES MADE IN P. E. PERSONNEL

J. M. McCARDELL

John M. McCardell, Secretary-Treasurer of The Potomac Edison Company, and Carroll E. Summers, Special Assistant in the utility company's Corporate and Financial Department, both of Frederick, have been named to new positions with P.E.

McCardell has been named manager of P.E.'s eastern division, which includes the Frederick, Hagerstown, Waynesboro and Berkeley Springs areas, with offices at Hagerstown. He succeeds C. G. McVay of Hagerstown who has been elected Vice-President of Monongahela Power Company, an affiliate of P.E. in the Allegheny Power System.

C. E. SUMMERS

Summers has been elected Secretary-Treasurer of Potomac Edison, filling the vacancy left by McCardell's transfer. These changes are effective March 1, 1964.

McCardell, who resides with his wife and three sons at 150 Bairview Avenue, has served as Secretary-Treasurer of Potomac Edison since February, 1962. A veteran of 26 yrs. of service with P.E., he served initially in the Auditing Department, and later advanced to Chief Clerk in General Accounting.

He was named Special Assistant to the Treasurer in 1955 and in 1961 was elected Assistant Secretary and Assistant Treasurer. A graduate of Washington and Lee, McCardell served in the U. S. Navy during World War II. He was commissioned an ensign and after four years of service in both the Atlantic and Pacific Theatres, was discharged with the rank of Lt. Commander.

His successor as Secretary-Treasurer, Carroll Summers, has been with P.E. since 1950, following graduation from the University of Maryland. He was initially employed in Hagerstown, and transferred to Internal Auditing in Frederick in 1951. In 1961, Summers was appointed Special Assistant in the Corporate and Financial Department where he has served since that time.

Summers resides at Taney Courts with his wife and a son. He is a veteran of World War II, serving with 16th AAA Group.

McVay was elected Vice-President—Power Production for Monongahela Power Company, with offices at Fairmont, West Va. in this capacity, he will be responsible for all phases of company activity relating to the generation of electric power. Monongahela serves approximately 228,000 customers in portions of Maryland, West Virginia and Ohio.

C. G. McVAY

A graduate of VPI, McVay has been with P.E. for nearly 27 years. During most of this period, he has been associated with power production activities, including Superintendent of the R. Paul Smith station at Williamsport, and Manager of Power Production for P.E. He was appointed Eastern Division Manager in January, 1962.

McVay is currently serving as chairman of the construction committee for the new Fort Martin Generating Station. The first 50,000 kw unit of this \$57.5 million plant will be owned by P.E. and Monongahela.

As the class had been told to write an essay on Lincoln—one of the pupils wrote—"Abraham Lincoln was born on a bright summer day, the 12th of February, 1809. He was born in a log cabin that he had helped his father to build."

#### New Caulk Makes, Repairs Easy and Long Lasting

Water seepage problems are among the easiest types of home repair jobs to delay — perhaps because they don't interfere with the immediate operation of the house, or because the job is a messy one, or because the repairs so seldom last as they should.

If you have such a problem on your "things to do" list and have had trouble in the past with repeated cracking of the caulk

you used, here is the answer you've been looking for — an easy one and a lasting one. It's a new bathtub caulk developed by Dow Corning Corporation, a genuine Silastic silicone rubber rather than the putty type patching compound you're accustomed to using. This new product is completely waterproof, has excellent adhesive qualities, cannot shrink, leak or crack because it actually expands and contracts with temperature and humidity changes. The result is a durable, permanently flexible seal around showers, tubs, bathtubs, wherever water is a problem. Equally important, this new sealing compound is so simple to use that now it's actually easier to put on the caulk than to put off the job. It comes in a convenient squeeze tube with a special applicator nozzle, and you need no other tools of any kind. Just cut off the nozzle at a 45° angle and push the tube slowly and at a uniform speed along the crack. The nozzle forces the caulk into the opening and smooths it, too, in one operation. The material is dry to the touch in a few minutes, is fully cured in 24 hours, and the finished job has a sparkling white, porcelain-like look just like new.

#### Youth Bowler Sends Ten Pins Flying

Jim Sak, a 16-year-old high school junior, represents the newest breed of young bowlers who are sending ten pins flying during the current season.

Jim bowls in the intramural program at Holy Cross High School in River Grove, Ill. He is competing for the varsity team. His coach, Edward Jakubczak, believes Jim has a great future in bowling, both on a competitive basis and for recreation.

Holy Cross selects members of its freshman and varsity bowling teams from among the

school's intramural bowlers, like Jim. He is one of 100 other teen-agers who are battling for team berths. With an average of 180, he stands an excellent chance of being named to the varsity squad this year.

The growing popularity of bowling among teen-agers is illustrated by last year's enrollment of more than 400,000 youngsters in league play. Countless others vie in school programs, like those at Holy Cross, or during "open" or "non-league" play. The current 1963-1964 season crop of teenage bowlers is expected to set a record, according to the Bowling Proprietors' Association of America.

"Bowling requires an individualized performance with emphasis on skill and concentration," according to Br. Walter Davenport, CSC, Holy Cross principal who is a firm believer in bowling as a builder of keen minds and healthy bodies.

Also, bowling enables anyone without the athletic prowess of a star quarterback or agility of a crack pole vaulter to participate. Anyone can be a star in bowling, Br. Davenport declares.

Further, bowling, unlike popular contact sports, can be followed throughout life. There are no age restrictions. In fact, some men and women past 80 bowl regularly.

There are many ways in which teen-agers can participate in bowling, according to BPAA. Schools, churches, clubs and many youth organizations sponsor league teams. Also, teen-agers find that bowling parties provide good after-school or evening entertainment.

#### Soup... From Can To Cookbook

From very early times soup has been a mainstay in the diet of man. However, the art of making soup has come a long way since those early days when meat and bones were simmered in water over an open fire. Today, it's a finished product from the soup kettles, supervised by master chefs of large food processing companies.

The latter soup is, of course, the canned condensed kind. And it's the homemaker's idea of a truly convenience food. A definite time and energy saving food that's a must on the pantry shelf. Its role today, is a dual one. We not only serve it as an appetizer, or with a salad or sandwich; but also use it as a great short-cut cooking ingredient.

All of these wonderful recipes are now gathered together for us in an exciting new cookbook. Here is just one of the over 600 tempting recipes from this "soup-er" collection.

#### Dreamy Chicken Stew

- 1 can (10 1/2 ounces) condensed cream of chicken soup
- 1 1/2 cups water
- 1 cup sliced celery
- 1 medium onion, quartered
- 1 teaspoon salt
- 1/2 teaspoon poultry seasoning
- 1/2 teaspoon pepper
- 1 stewing chicken (4 to 5 pounds), cut up
- 4 medium potatoes (about 1 pound), quartered
- 6 medium carrots, cut in pieces
- 1/4 cup flour

In large heavy pan, combine soup, 1 cup water, celery, onion, and seasonings; add chicken. Cover; cook over low heat 1 1/2 hours, stirring now and then. Add potatoes and carrots. Cover; cook about 45 minutes or until chicken and vegetables are tender. To thicken stew, blend flour and remaining water; gradually stir into stew. Cook 10 to 15 minutes, stirring often. Makes 4 to 6 servings.

P.S.—The cookbook is available as a premium from a large soup company for 50¢ and 3 different soup labels.
