## SPECIAL MEETING OF BOARD OF EDUCATION

The Board of Education of Carroll County held a special meeting on Wednesday, April 29, to give consideration to the issue of teachers' salaries for the school year 1964-65.

This special meeting followed an earlier conference with the County Commissioners and an earlier action of the Board of Education in which authorization was given: (a) for an appeal to be made to the County Commissioners for the support of a higher maximum salary and, (b) that a substitute salary schedule be prepared using available funds and any additional funds which could be made available from county sources.

Serious consideration was given to both of these items and the earlier conference with the Commissioners resulted in a suggestion by them that a joint meeting be held for the consideration of the salary item. After discussion the Board of Education acted to approve a revised schedule providing for full-certified degree holding teachers a salary beginning at \$5000 in the first year of experience and increasing by \$200 increments to a maximum of \$6000 in the 14th year of experience with an additional provision for the payment of \$300 additional salary to qualified teachers holding the Master's degree.

Action of the Board further provided that the salary for non-certified degree teachers would be based on the state schedule as set up in the new legislation. Such teachers will begin at \$4600 in the first year of experience and their compensation will increase by \$200 annual increments to a maximum of \$6800 in the 12th year of experience.

The same structure will apply with respect to non-degree teachers with two or more years of college preparation, their beginning salary being \$4400 and their maximum \$6600 over 12 years.

Action of the Board specifically provided that non-certified teachers would not be considered or approved except on the schedule described.

Following a complete explanation of the schedule and its implications, final action was taken by the Board of Education to request the adjusted salary and a statement was issued by the County Commissioners to the Board of Education indicating their support requiring an additional appropriation of \$20,000. The action was considered final by both Boards.

In other deliberations the Board of Education gave approval for the Superintendent and staff to plan for and implement an outdoor education program to be introduced in the school year 1964-65.

The Board took action to approve further work by the administrative and supervisory staff to plan for modifications in enrollment resulting from integration steps already in process which may effect all schools in the county and, especially, the Robert Moton and Johnsville Schools.

A report was made to the Board by the Superintendent in connection with progress in preparing documents for the building program authorized on April 14. It is hoped that work on the projects will proceed as rapidly as weather permits. The Superintendent was authorized to employ and use in his discretion the services of a building inspector. This work is to begin when the contractors are ready to start construction.

Brief reports were heard from Thomas Raver regarding attendance at the National School Boards Convention during the period April 24 to 29.

Brief statements were made to the Board by the Superintendent in connection with progress in staffing the schools for 1964-65.

## A Farewell Social

A farewell social was given Rev. John Fry Sunday evening, April 26, in the Harney parish house. Rev. Fry has been supply pastor the past 17 months to the Mt. Joy Lutheran Church, Gettysburg Rd. 1, Pa., and St. Paul's Lutheran Church, Harney, Md. There were about 200 present from both congregations.

Mrs. Wilbur Reifsnider was toastmistress; she presented Mrs. Fry with a carnation corsage, also Rev. Fry with a carnation boutonniere. Those helping with the refreshments were also presented with a carnation corsage.

Mrs. Reifsnider began the program for the evening by reading a prayer appropriate for the occasion, followed by a short musical program as follows: a duet, "Open Up Your Heart," by Misses Linda and Donna Weikert; a selection on the piano, "It Is No Secret," by Miss Connie Mummert; a solo, "I'll Walk With God," by Miss Mary Katherine Shildt accompanied on the piano by Mr. Lyman Swartz; two selections on the trombone, "Stars and Stripes Forever" and "Now The Day Is Over," by Steven Harner; a selection on the clarinet and trumpet, "Calcutta," by Miss Alice and Mr. William Rodgers; two selections on the trumpet and piano, "Go Down Moses" and "Till We Meet Again," by Mr. Kenneth Strickhouser and Mr. John S. Harner; a duet, "How Great Thou Art," by Mrs. Louise Strickhouser and Mrs. Doris Harner.

The following were called upon for a few remarks: Mr. George Shriver, superintendent of St. Paul's Sunday School; Mr. Edwin Benner, superintendent of Mt. Joy S.S.; Mrs. Wilbur Reifsnider, superintendent of St. Paul's primary department; Mrs. Reifsnider also presented Rev. Fry a gift from the primary department; Miss Joyce Swartz, superintendent of Mt. Joy primary department; Mrs. Reifsnider, as president of St. Paul's Ladies' Aid Society; Mrs. Mervin Benner, president of the Missionary Society of Mt. Joy; Mr. George Clingan, president of St. Paul's Brotherhood; Mr. Wilbur Reifsnider, president of St. Paul's Church Council; Mr. Edwin Benner, president of Mt. Joy Council; Mr. George Marshall, secretary of St. Paul's Council; Mr. Eugene Waybright, treasurer of St. Paul's; presented Rev. Fry with a gift from St. Paul's; in the absence of the treasurer of the Mt. Joy Parish, Mr. John Luckabaugh presented Rev. Fry with a gift from the Mt. Joy parish. Each one told of how good it was to work with Rev. Fry and how he helped to pull the church together.

Rev. Fry was called upon to make a few remarks. He thanked the congregations for the gifts he received. He also told how he enjoyed working with the people in the St. Paul's and Mt. Joy parishes and that he did regret having to leave, but that it would be our gain to have a regular minister and that we must work with the new minister.

The program was closed by all singing "Blest Be The Tie" and prayer by Rev. Fry.

The refreshments were served from a table beautifully decorated in a white and yellow color scheme with a yellow rose centerpiece and yellow candles at ends. The refreshments consisted of chicken and ham sandwiches, potato chips, pickles, nuts, mints, cookies, cake and punch. Mrs. Lulu Marshall presided at the punch bowl and Mrs. Louise Strickhouser served the cake.

It was a very enjoyable evening of fellowship together although everyone did regret that it was a farewell for Rev. Fry from the churches.

## Taneytown Nine Opens Season on Sunday

Taneytown's entry in the South Penn League begins its season this Sunday, May 10, when the team journeys to Cashtown to do battle. The game will get underway at 2 P. M., as will all the games in the league this year.

Coach Arvin Bollinger of the team told this reporter that nearly all positions on the team are still open. With many of the fine players from last year's team in the service, it has been hard to get enough good ball players to come out for the team. The best starting pitchers so far seems to be Art Caple and William Bixler of Westminster. The only other two spots on the team that are set are the catching department in the person of Raymond Bloom of Uniontown (best looking prospect so far) and the leading hitter of last year (.380) Fred Shank, on first base.

Coach Bollinger said that there were 16 men on the roster so far and some more players are needed for the team.

The fans are also invited out to the Memorial Park for the games this season, highlighted by a game on Memorial Day with Arendtsville.

The other teams in the league this year include Harney, McSherrystown, Mummastown, Bonneauville, Brushtown, Littlestown, New Oxford, Arendtsville and Cashtown. The coach sees the biggest competition as coming from Arendtsville and Cashtown and he says the local nine will be hard pressed to improve on their second place finish with an 18 and four record of last year.

Just how far the Taneytown team will go this year in the South Penn League depends on the fans. Local enthusiasm means a lot to any team, so support your local team. Good baseball is guaranteed.

## MEETING OF JAYCETTES

A very helpful and interesting program was the feature at the meeting of the Taneytown Jayettes held last Wednesday night at Dougherty's Super Thrift.

As the ladies entered the store, they received a flower to pin on. At 8:00 P. M. Mr. Harry Dougherty, Jr., took the women on a tour of the produce and other sections of the store. After this the ladies took seats in the meat department and were given a demonstration on the cutting of pork and beef by Dougherty's expert meat cutter, Mr. Joseph Noel. The five different steaks which were cut were given as prizes with Mary Alice Myers, Nadine Brown, Audrey Fair, Judy Abrecht and Jeanette Lewelling as the recipients.

After President Mary Alice thanked Dougherty's for their splendid hospitality to the club, the business meeting was called to order. The Pledge of Allegiance and the Jayette Creed were recited after which the Secretary and Treasurer reports were read and approved.

Three new members were inducted into the club by Vice President Jeannette Lewelling; they are Donna Roop, Glenna Lambert and Elaine Wantz.

The nominating committee to select officers for the coming year were elected as Judy Abrecht, chairman; JoAnn Dougherty, Linda Kaufman and Carleen Skiles.

It was decided that on June 16 the Jayettes would have a dinner and flower arranging demonstration at the Taney Inn. The club also invited the Ki-Wives to this affair. Mrs. Andrew Eyster, Emmitsburg, a member of the Silver Fancy Garden Club, is to be the speaker.

Carleen Skiles and JoAnn Dougherty, co-chairmen of the committee to try to get a Senior Citizens club in Taneytown, announced the first meeting will be held May 18 at the Lutheran Church. This club is for all older men and women.

The club was asked to ride in the Firemen's parade and voted to do so. The meeting was adjourned and refreshments were served.

## POSTAL CHANGES

Postmaster George Fream announced that the Postmaster General's executive order received earlier regarding the suspension of rural money order service on Saturdays has been revised to permit rural carriers to continue to accept money order applications from rural patrons. Therefore, all rural carriers will accept applications for money orders from their patrons on Saturdays as well as any week day.

Mr. Fream pointed out, however, that the original order to suspend money order service at the local post office on Saturdays remains unchanged. Effective May 9, the curtailment of this service on Saturdays the postmaster said, will affect about 12,000 of the larger post offices across the nation and Taneytown is included under the order. The service adjustment becomes necessary in order to reduce employment and cut cost in the postal service.

## CO. COMMISSIONER APPOINTED TO W. AND A.P. COMMITTEE

Functions of the Committee are to study issues, make policy recommendations and, in general, keep the policy machinery of NACO in motion.

Commissioner Crawford plans to attend the August 9-12 County Information Congress of the Association to be held in Washington, D. C.

## MAYOR AND CITY COUNCIL MEET

The regular monthly meeting of the Mayor and City Council was held on Monday evening, May 4, at 7:30 P. M. in the Town Hall. All members were present for the meeting.

The Clerk-Treasurer reported a balance of \$18,619.29 in the General Account and \$4,630.02 in the Parking Meter Fund.

Officer Boone reported 15 warnings issued, 19 parking violations, and 6 State Summons.

Registration of the citizenry for the forthcoming town election on June 1 produced a total of 257 citizens declaring their intentions to vote. Judges for the occasion were James Fair and Arthur Garvin. Typists were Mrs. Naomi Dodrer, Mrs. Margaret Angell and Miss Mabel Perry.

It was decided to again make registration possible for any citizen who might not have been able to register on May 4 at the same time the June 1 election is held. Hours for election will be from 11 A. M. to 7 P. M. Deadline for filing a Certificate of Nomination for the Office of Mayor or City Councilman will be May 15 for those interested in seeking these offices. Candidates are reminded that all signatures of individuals obtained on Certificates of Nomination must also be registered voters in accordance with the Charter for the City of Taneytown. Judges and Clerk of Election will be named at a later date.

An additional grate for the existing storm sewer line on Taney Drive will be installed in front of the Singer property.

Mayor Perry, Chairman of the Street Lighting Committee recommended additional street lights be placed on Baumgardner Avenue, Pump House Road, and Memorial Drive. These will be installed in the near future.

A budget meeting has been called for May 21 to outline the budget for '64-'65.

The Street Committee presented a program of street work for the new year consisting of new construction and resurfacing of existing streets. This program will be let out for contract bids very shortly. As soon as the bids are received and it is determined how much of the program can be carried out financially, all work to be completed will be released to the press.

Future Housing Programs within the Corporate Limits of Taneytown was discussed. Financing of Water and Sewer installations present many problems. Solutions to these problems must be found so as not to stymie growth within the town.

It was reported that Mayor Perry is in contact with Railroad officials concerning badly needed repairs to the Railroad Bridge. It should be noted that this Bridge is Railroad property and is not the responsibility of the town.

There were no delegations appearing before the Council. The meeting adjourned at 10:45 P. M.

## National Hospital Week May 10-16

As automation and technology progress, we frequently feel that machines are taking over and man is fading into the background. But there is still one place where we know we will receive personal attention—the hospital.

Certainly science and technology play a large role in today's hospital, with its cobalt bombs, x-ray machines, electrocardiographs and antibiotics, but they are useless without the doctors, nurses, technicians and other human beings.

In fact, community hospitals have more than two employees for every single patient they admit, and 50 percent are directly concerned with the professional care of patients.

Scientific progress during the last century has produced unparalleled medical care. Each medical advance has meant better and better care, but this scientific treatment has not—and cannot—replace the very necessary personal attention and care of human beings.

In some cases, the scientific advance has actually meant that more persons are needed to provide the care—at least more highly trained technicians.

Additionally, patients have specific needs that can be met only by watchful human beings. Machines cannot replace the nurse who notes an alteration in a patient's coloring.

Thus the human factor remains a major one in the provision of hospital care. May 10-16 America's hospitals are celebrating National Hospital Week. We would like to salute the scientists and technologists who help produce the advances in medical science and the thousands who work in hospitals—ever watching and ever caring for the patients.

## NATIONAL GOODWILL INDUSTRIES WEEK MAY 3 THROUGH MAY 9

Over 60,000 handicapped employees of Goodwill Industries throughout the United States will be celebrating "Goodwill Industries Week" from May 3 to May 9.

M. the Monocacy Goodwill Industries at 10 S. Bentz in Frederick will hold "Open House" for its many friends. Members of the Staff will be present to acquaint visitors with the new Industrial Operation recently started in Frederick.

## "SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth;  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

This coming Sunday will be Mother's Day! When you think of it just one day of the year set aside to show our Mothers how much we love them! Yet Mothers give 365 days of the year and that every year of that love that they give to us! Just ponder over this week-end and ask yourself, "What have you really done for your Mother in this past year that is really worthwhile?"

I will relate to you two of the nicest things that happened to this Mother and you know, folks we never have used that awful word of "Step"! My youngest son and his children (4) called for me and as we were driving along, he surprised me with the following and that almost suddenly. You know, Mother I want you to always remember how much I have appreciated the rearing you have given me—the patience you have had with the three of us! I would not have wanted that rearing one bit different for you have given me the real back-bone and my two feet to stand firmly on the ground. You truly are Mrs. Wonderful! He is now a lawyer and is employed by the Government.

The second thing was the most beautiful letter that came from Yuma, Arizona, from the eldest son who is a father of two girls and is a school teacher in that city. "I have not been the best son in the world, Mother, but you have meant so much to me and if ever I hurt you—please forgive me! The little things you used to do and say to teach us and it all has registered deeply with me, I can assure you! You used to say that you felt that some day that I would be the President of a College. I am trying so hard for that right now. I love you more than you will ever know!"

No gift regardless of the price would ever have meant as much to me as all the words above in this Column. They are like pearls to me—strings of them! I only hope and pray that I live to see that boy as a president of a college! He continued on that he will be sending for me by jet to visit out in Yuma in cooler weather! I don't like planes, folks but I'll risk that ride D. V. And I'll be writing to you from there, in fact, even on the plane!

Take that best girl out this Sunday—some place where she especially desires to go—just ask her. And whatever you do—don't take her grandchildren and all the members of the family to visit her and say to yourself, "Well, I know my Mother best, she would not want in any other way than to have the big dinner at her house!" Be sure and send her flowers plus a corsage of mainly her favorite flower and if she does not have any special one, just send her red roses for they speak of love in any language which every woman knows. Don't take them to her but send them by all means for it will give her that extra special thrill when she opens the box alone! Mothers are like that, you know!

When a Mother is gone, I have always said that it is like the clock that has stopped forever and it is not home any more!

There is no time, there is no sun...

That tells when Mother's day is done... From cleaning house and making beds... To combing curly little heads... Preparing breakfast, dinner, lunch... And cookies in between to munch... From shopping at the corner store... To putting wax upon the floor... Arranging things and washing clothes... And ironing and mending those... She even does the garden work... That everybody else will shirk... And after they have gone to sleep... She has her budget book to keep... There is no time, there is no sun... That tells when Mother's day is done. By James J. Metcalfe.

Have a grand week-end and especially on that big day this Sunday and don't say, "My Mother knows I love her!" Take her in your arms and tell her so! Until next week D. V. when I will be writing of my visit around the town D. V.

Faithfully,  
YOUR OBSERVER

## LOCAL CLUB CO-HOSTESS TO KI-WIVES NATIONAL

Taneytown Ki-Wives Club was co-hostess to Ki-Wives National luncheon on Thurs., April 30, held at the Kenwood Golf and Country Club, Bethesda, Md.

The local club, Linda Hopkins serving as chairman, furnished the table decorations. Each table had an artistic arrangement of flowers, birds and driftwood. Parasols hanging from the chandeliers were filled with gay flowers. The theme might have been "spring is bursting out all over." One person from each table was happily surprised when they discovered the indication under the favor which meant the centerpiece was a gift to take home.

The speaker, Mrs. Arnyne Joy Wickens, Assistant to the Secretary of Labor, was presented, by our chairman, with the large arrangement of spring flowers from the speaker's table.

The Galludet College Dance Group demonstrated much grace and skill in the many presentations performed. The one that seemed to be favored most was their interpretation of "The Lord's Prayer." This group was appreciated all the more when the choreographer announced that these cheerful young people could neither speak nor hear.

### "FACTS AND OPINIONS"

A new million dollar program of grants to higher education has been announced by M. J. Rathbone, Chairman of the Board of the Esso Education Foundation. The money is to be available for experiments which will test more effective use of existing human and material resources at the undergraduate level. The new program is in addition to the Foundation's regular annual grants to higher education which have amounted to a total of \$15 million since it was established in 1955. In Mr. Rathbone's words, "Because of the tremendous growth in the number of young people wanting education beyond high school and the country's need for better educated manpower, all segments of the American community have much at stake in higher education's total effort to improve the quality of education for more and more students."

A publication of the Public Service Company of Colorado points out that less than a generation ago natural gas was a synonym for headache to most oil producers. It was just something they had to put up with in their search for the black gold, oil. The picture is very different now. Many companies drill from the beginning with natural gas as their primary object. And today gas provides one-third of all the energy consumed in the United States. Every year, another \$2 billion of invested capital is attracted to finance this booming industry's continuing growth.

It has been computed that since the New Frontier took over in 1961, federal spending has increased by \$16 billion a year; the national debt has increased \$19.1 billion; unemployment has risen from 3.9 million to 4.5 million; bankruptcies and mortgage foreclosures have greatly risen; and the cost of living has reached an all-time high.

Harry G. Guthmann, Morrison Professor of Finance at Northwestern's School of Business supports the current effort to increase the interest rate charged borrowers from the Rural Electrification Administration from two to about four per cent. He says: "The proposed legislation to increase the rate charged REA electric borrowers in the future (to) an amount that equals the cost of such funds to the Federal Treasury should be no handicap to REA operations, be more equitable to the taxpayer who otherwise must bear the loss of interest to the Treasury, and be fairer to the electric customers of investor-owned utilities who bear the full burden of taxation."

In the view of Thurman Sensing of the Southern States Industrial Council: "To resist automation is to ask for a stagnant, dying economy in which new industrial ideas are ignored or rejected. Such resistance implies that those who are resisting prefer a government that thinks in terms of doles and handouts rather than in encouraging modern men to use modern means of creating new wealth."

It is predicted that women will constitute over one-third of the nation's work force by 1975.

Total government spending — federal, state and local — will break all fiscal year records in 1964, according to Tax Foundation, Inc. Spending by the three is expected to reach \$197 billion, an increase of \$12 billion over the last fiscal year. If these authoritative estimates are borne out, the Foundation goes on, taxes will reach a new high cost of about \$1,044 per man, woman and child in the United States. That will be \$61 above the 1963 figure.

Isn't it wonderful to have the sunshine? It makes the grass and wheat look so much greener and the flowers so much brighter. The flowering almond at the corner of the property owned by Mrs. Coral Cover in Detour is open and just beautiful. The creeping phlox at the home of Mr. and Mrs. Ralph Schildt in Detour is also at its loveliest now. This time of the year

is always such a joy to the eye. . . Mr. and Mrs. Daniel Seibert of Clear Spring came to Detour on Friday and took back with them their daughter and granddaughter, Mrs. Richard Wilhide and Susan of Forest and Stream Club Road, for a week-end visit. Richard visited Clear Spring on Sunday and brought his family back home again.

Three dates to remember: Happy Birthday on the 8th to Mrs. Wm. E. Ritter of Taneytown; also wedding anniversary congratulations to Mr. and Mrs. Richard Wilhide on the 6th and Mr. and Mrs. Edward Coshun on the 12th.

The Keysville Lutheran Church Women met on Monday evening with Mrs. Mary Devilbiss and Mrs. Bernice Wilhide as leaders for the topic "She Shall Be Praised." This was presented by way of a skit including Mrs. Devilbiss as narrator, Mrs. Helen Dougherty as the grandmother, Mrs. Marian Coshun as mother and Mrs. Cassie Wilhide as the granddaughter. One often hears that a woman is "just a housewife" but this skit told of many ways in which a woman and mother is a most important personage. Bible stories used were Moses in the bulrushes, Ruth and Naomi, Jacob with Leah and Rachel and also Dorcas. Another point made is that a mother is imperfect; she never knows everything no matter how hard she tries. The program ended with the thought "Charm is deceitful and beauty is vain, but a woman who fears the Lord is to be praised" (Proverbs 31:30). The special for the evening was a solo by Mrs. Cassie Wilhide, "I Believe," accompanied by Mrs. Ellen Kiser. The group was happy to have Mrs. George DeBerry of Hampstead among them. She is visiting with Mrs. Virgie Ohler in Taneytown. Mrs. Ellen Kiser will be the group's delegate to the Convention in Gettysburg in June. Discussion was held about the food stand for the public sale on Sat., the 9th. Refreshments were served by Mrs. Elizabeth Shoemaker, Mrs. Etta Wiley and Mrs. Dharlys Fleharty.

Sunday is the second Sunday in May and you all know that means Mother's Day. Do hope for lovely weather so all those mothers who are going to be treated to dinners "out" can enjoy them even more so. It is just a little sad for all those of us who have lost our mothers, but we can still appreciate the meaning behind the day. In fact, many of us are mothers in our own right and as such will be the receiver of many loving wishes and gifts. My sincere good wishes to all of you!

—Dharlys Fleharty.

### FAIRVIEW

This world would be a dismal place if no one in it knew the joy of Mother's tender love. Now, don't you think so too?

It's Mother's love that makes the hours so full of fun and cheer; and life is bright as sunshine whenever she is near.

It's Mother's love that makes you feel so brave and true and strong when evil ones may tempt you sometimes to do what's wrong.

It's Mother's love that makes you feel there's someone understands, and that when care and far assail she'll hold your trembling hands!

Oh, yes this world could never be the happy place one knows, if no one knew the happiness that Mother's love bestows.

—Author unknown.

The above is dedicated to all the Mothers in the world. Happy Mother's Day.

—Mrs. L. J. Frock.

## THE WAY I SEE IT . . .

## Observations on the World of Sports

The Milwaukee Braves brain trust can take a modest bow after what happened over the week-end. Two of the young pitchers they are banking on came through in very fine fashion, Bob Sadowski and Hank Fischer.

Both turned in creditable performances against the previously red-hot Philadelphia Phillies. Sadowski beat the Phils Saturday, and Fischer shut them out on Sunday. Sadowski and Fischer are part of the development movement the Braves' front office talked about over the winter when they traded Bob Hendley and Bob Shaw to the Giants. The loss of those two left the Braves' questionable pitching alignment more questionable than ever. It left the burden on relative newcomers like Tony Cloninger, Fischer, Sadowski, Bob Tiefenauer, Phil Niekro, and Jack Smith, who was obtained from the Los Angeles Dodgers' farm system.

Of course, there was Warren Spahn, but his age made him a doubtful quantity. Spahn has not been his brilliant old self, thus far, but the others have come through very nicely. Fischer is the most pleasant surprise. He has pitched three complete games in a row, he has won all three of his decisions, and he has allowed only six runs in 27 and two-thirds innings.

Also, the 24-year-old righthander seems to have found a way to keep the ball near the strike zone. He has permitted only six walks in what amounts to a little more than three complete games. He might be ready to come into his own as a major league starter, and the Braves certainly can use him.

Tiefenauer, Smith and Niekro have more than filled the bill as relief pitchers. In 28 innings among them, they have allowed only five runs. Of course, it is much too early to draw any solid conclusions, but this much is certain: The Braves' pitching is a great deal better than it looked the day before the season opened.

When the Red Sox sent pitcher Don Schwall and catcher Jim Pagliaroni to Pittsburgh a year ago for slugger Dick Stuart they asked for another player to round out the deal. The Pirates included pitcher Jack Lamabe as a "throw-in." He may yet prove to be the biggest item in the trade.

Jack spent last year in the Red Sox bullpen where he was overshadowed by a guy who throws a long shadow, Dick Radatz. Despite that, Lamabe did very well. He won seven games and lost four and had a tidy run average, 3.16. He is a willing worker and over one stretch worked in eight straight games.

This year Jack was lifted out of the bullpen when the Red Sox decided Gene Conley didn't have it anymore. All Lamabe has done so far is to pitch two good games and win 'em both, each time with a late lift from the bullpen. But nobody has been doing much scoring on Jack, whose earned-run average so far is a tick over one run per game.

A lot of the players think he is even faster than the redoubtable Radatz, although he doesn't have Dick's strikeout record. Lamabe wanted desperately to get a starting chance all last year and can be counted on to give it a big try this year. He is 27 years old and with 198 pounds broad over a six-one frame, is strong. Dick Stuart, always outspoken, insists Lamabe is a cinch to win more games than Schwall, the other pitcher in the four-man trade and recognized as a potential star.

Hard luck and good luck are supposed to even up for a person over a long time but Don Zimmer must wonder if that theory applies to him. Zimmer on two occasions was almost knocked out of baseball permanently and only his deep-rooted, stubborn brand of courage kept him in the game. When playing for St. Paul in the minors more than a decade ago, Zimmer was skulled by a pitch that got away and sidelined him for a long period. He still wears a silver plate in his head as a souvenir of that accident. Then, while playing for the Dodgers years later, he was struck in the cheekbone by a pitch that got away and for quite a while his eyesight was in jeopardy.

Don is now with the Washington Senators and with his experience and know-how might reasonably be considered the logical man to play third base for that team. But he didn't—not for a while at least when the season opened. You see, two days before the start of spring training, Zimmer broke his left hand while playing handball. The hand was in a cast. It was over one week before the cast came off. And then a couple of more weeks before he threw a baseball. Zimmer is well aware that when he is able to play he will have an uphill battle to win back his job which is sure to be fought over by some eager rookies.

Don is 33 now and at that age you don't heal as quickly as you do at 23. Zimmer has been a well-traveled man in the majors. He broke in with the Dodgers in Brooklyn and then moved along to Chicago, New York and Cincinnati. The Dodgers reacquired him one year ago and sold him in a mid-season deal of last year to Washington. Don put a little punch into the Senator lineup but he had a bad time of it in the field, being charged with a lot of errors. He says he was suffering from a sore elbow which is all right now. He feels he will be able to throw with his old time zip.

**Remember When Dept.** — The Orioles were loaded with good field, no hit outfielders like Chuck Diering, Dave Pope and the like. Fans moaned for some fields who could hit. Now they have some (supposedly) and the flies are not being caught.

**Today's Sport Laugh** — The tallest man in basketball, Wilt Chamberlain was attempting a shot against the Knicks when the smallest man, Johnny Egan, was guarding him. Egan blocked the shot. Wilt stared at the little guard and said: "Frankly, I don't believe it." Egan shook his head and said: "Neither do I."

## EMERGENCY ROOM IN YOUR HOSPITAL

Statistical figures do not adequately tell the story of the anxieties, fears, relief, pain and grief experienced as a result of an unexpected accident or medical emergency.

The reasons which prompt people to seek help from the Hospital are numerous — automobile accidents, accidental poisonings, burns, fractures, etc. Since no one is immune from these unfortunate accidents and sudden illnesses, it is well that the public be informed of the function of the Emergency Room, that through better knowledge and understanding of the Emergency Room's operation, a crisis may be more efficiently handled.

First of all, the Hospital with its special equipment, functions by trained, skilled people who are set in motion by orders from a doctor, since a doctor is qualified to direct and supervise medical care. Most of us have a family doctor, if not, we should have a doctor in the area for medical treatment.

The name of the family doctor is always asked of a person coming to the Hospital for emergency treatment; and attempt is then made to contact the family doctor to administer treatment.

Valuable time could be saved if the individual's family doctor is contacted before starting for the Hospital Emergency Room, if this is at all possible; or a family member could contact the physician while the patient is being brought to the Hospital. Most of the time, the doctor will meet you at the hospital, or give valuable instructions.

If a patient's family doctor is not available, the doctor on "Emergency Call" is located. Experience has shown that patients prefer their family doctor for obvious reasons. In case a surgeon is required, the patient again is given the choice of his own surgeon and only when his surgeon is not available, is the surgeon "on call" summoned. We emphasize again that the patient must be given his choice of physicians and surgeons. In extreme emergencies and for unconscious patients, the physician on call is summoned immediately.

The Hospital equipment and personnel are available 24 hours a day because a new shift of employees appears every 8 hours, but the doctor is not so fortunate to work an 8-hour day. However, 24-hour emergency service must be provided by our doctors and this is accomplished by Emergency Call System.

The call system works this way; the Medical Staff assigns one doctor each 24-hour period to be available for all emergencies. This doctor is a General Practitioner and while he is "on call," he keeps the hospital informed of his whereabouts, so the Hospital can immediately locate him for emergency cases.

In addition to the call system for General Practitioners, there is a separate and distinct "Surgical Call System." The surgeons take their turn being "on call" and the system operates in the same manner as the plan for general practitioners.

The patient receiving emergency care should expect to pay the Hospital a charge for use of the Emergency Room to help defray the expense of operating this section of the Hospital. Additional charges for drugs, equipment, X-ray, laboratory work, are added to the basic charge.

Also, the patient should expect to receive a bill from the physician rendering the service. This is strictly between the patient and the physician and does not involve the hospital in any way. If the patient does not pay the doctor, no agency pays the physician any money for services rendered in the Hospital.

Misunderstandings sometimes occur because a frightened patient may consider his case an emergency and a trained physician considers the same case routine. No doctor on our hospital staff resents attending to minor or major emergency calls, but they do object to the thoughtlessness of some people who misuses the emergency service of the Hospital.

In summary, the CARROLL COUNTY GENERAL HOSPITAL Emergency Service is provided by the experienced physicians and surgeons of the Hospital Medical Staff. Every attempt is made to secure the patient's own physician except in extreme emergencies. The Hospital Emergency Room is a place of high emotions due to the unexpected accident which produces anxieties, fear, pain and tragedy. In all cases, people coming to the Emergency Room are attended to or referred to their physician for treatment.

## ONE OUT OF NINE RECEIVING SOCIAL SECURITY

About one out of every nine residents of Carroll County is now receiving a monthly social security check according to figures released by R. W. Hughes, Baltimore, social security district manager.

Mr. Hughes report listed the number of Carroll County beneficiaries as 6,327 at the end of 1963, an increase of 4.4 per cent over the corresponding figure at the beginning of 1963. The dollar benefit amounts total more than \$4,774,836 yearly.

Retired workers are the largest single group of social security beneficiaries in the County. There are 3,535 in this group and their old-age insurance benefits total \$255,145 monthly. The following table shows the number and amount of the other monthly benefits paid in Carroll County, as of December 31, 1963.

Beneficiary Group	No. of Beneficiaries	Total of Paymt.
Retired Worker	3,535	\$255,145
Wife or Husband	966	36,792
Widow or Widower	604	37,009
Mothers and children	850	44,856
Disabled Workers	362	23,392
Dependents	362	23,392
Parents	10	709

In releasing the figures, Mr. Hughes pointed out that the social security benefits are important to the community as well as to the people who receive them. "It is a fact," he said, "that almost every dollar of social security benefits coming into the County is spent each month in local businesses for food, clothing, shelter,

and other essentials. In this way, the benefits have a stabilizing effect on the local economy."

Mr. Hughes' forecast is that the number of social security beneficiaries will continue to increase in the future, but at a much slower rate than in the past 10 years. He said that, nationally, the social security benefit rolls increased from about 5 million people in 1954 to more than 19 million at the end of 1963. This rapid growth in the beneficiary population resulted from major amendments to the Social Security Act from 1950 through 1961. He cited several amendments which extended social security coverage to self-employed business and professional men, farmers and agricultural workers, and other groups. As a result, several million people whose work was brought under social security are now receiving benefits. Others qualified through amendments which reduced the amount of work needed to get benefits. One change—lowering the age at which older people can get benefits from 65 to 62—accounts for 1.8 million out of the 19 million people now entitled to benefits. The amendments also introduced a new protection under social security—disability benefits—and 1.5 million disabled workers and their dependents now receive benefits under the disability provisions of the law.

## PLUSH MILLION-DOLLAR PLANE FOR BUREAU CRAT

While the President is going around turning off lights in the White House, one of his appointed officials is reveling in a luxurious million-dollar plane which is not needed. It has been disclosed that the FAA Administrator has a million-dollar Lockheed Jetstar for his sole use, when military flights would get him to his destination just as quickly and at no extra cost. The Administrator's Jetstar is second in luxury only to one owned by the Iranian ruler. Makes the penny-saving on

White House light bulbs sort of ridiculous, doesn't it?

## On The Scent

Nose intent and tail high, this youngster is hot on the scent of game. According to experts at the Purina Dog Care Center, "since the young hunting dog's natural instincts are to hunt and locate game, at the beginning of his training, he should be given the freedom to flush and chase without restrictions or orders which might tend to curb his zest."

### Doing Nothing

Lesson for May 10, 1964

Background Scriptures: Matthew 6:33; Mark 6:30-32; 1 Corinthians 6:12-14, 19, 20; Philippians 4:8.  
Devotional Reading: Psalm 150.

SYLVIA PORTER says that a newborn baby today has a "worklife expectancy" of 41.4 years; less than if he had been born 14 years ago. This baby's leisure-expectancy, that is the length of time he will not be

working at any real job for money, is 25.2 years, on the average. But even if he doesn't have so long a time out of work, his job—whatever it is—includes a good deal of leisure.

Dr. Foreman Vacations, coffee breaks, holidays—nobody wants a job with no leisure possible! Now leisure used to be described as a state of doing nothing at all. But everybody who has tried it knows that doing nothing is the most wearisome of all occupations. So the question becomes: What do you do in the time when you have nothing in particular to do?

#### First the kingdom

Does the Bible cast any light on this? Indeed it does, and a good thing too, for with every generation the problem of what to do with our leisure time becomes more acute. First of all, in work or rest or play, in the activities for which we expect and get no pay, there is one great principle which the Christian must always keep in sight: the principle that may be called "The Kingdom first." (Matthew 6:33.) This commandment of Jesus is like the Ten Commandments in that it is good every day in the week. There are no holidays for the Ten Commandments; there is no holiday for the Kingdom-first principle. Now what does this mean? The Kingdom of God means a state of things where God's will is done "on earth as it is in heaven"; where the will of the God who is Love comes to pass. The Kingdom of God, as Paul says (Romans 14:17) is "righteousness and peace and joy in the Holy Spirit." Let us nail this down to our problem of leisure. The Christian principle of "Kingdom-first" means, among other things, this: The test of how you spend your leisure hours or days is whether you have used the time in such ways as harmonize with God's love—with righteousness and peace and joy.

#### Don't make yourself worse

One very simple and common-sense use of leisure is suggested in Mark 6:30-32, where Jesus urges his disciples to get away by themselves to rest. Here we have the hint that a vacation from even the most important work a man can do may do the man good so that he will return to the work with brighter eye and stronger hand. Resting can be doing nothing; but it can be doing nothing for a good reason. The Bible encourages resting, it has no good words for loafing. Resting is quitting when you need a rest, loafing is resting when you don't need a rest. This brings up another point. The Bible warns not once only (as in 1 Cor. 6:12-14) but from first to last, against self-indulgence, pandering to your own appetites. (There is spiritual self-indulgence just as there is physical, but that is another story.)

#### Mental bill of fare

When you go into a restaurant, in most progressive states, you can see on the wall a framed A, if the place deserves it; and you are not afraid to eat there, even if you are a stranger. Food for the mind, however, is not always labeled; which is too bad, for your mental bill of fare is just as important, indeed far more so, than food for the stomach. St. Paul gives us what is much better than a censor's blacklist, or whitelist either. He tells us what kind of things to think about. Leisure is the time for conversation, for reading, for seeing TV and the movies, for playing games. Nobody says these things are all wrong, period. But a Christian can see that it is just as possible to poison your mind with low-grade mental fare as it is to poison your body with spoiled or unwholesome food at mealtime. Mental poisons are lying around everywhere. Be sure your mind gets only Grade A stuff to digest!
