SCOUTS WILL COLLECT PAPER SATURDAY, JULY 18

The July collection of rags, magazines and newspapers will be conducted in Taneytown on Saturday, July 18, by Boy Scouts of Troop 348, whose sponsor is Hesson-Snyder Post 120 of the American Legion. Bundles securely tied are urgently requested and greatly appreciated, adding to the speed with which the scrap drive may be successfully carried out in the short time available.

A second truck is used to pick up in the environs surrounding, and besides Taneytown itself the roads to Mayberry, Copperville, Crouse's Mill, Keymar (as far as the Keysville road only), Bridgeport and the Baptist Road as far as Starner's Dam will also be covered.

Should bad weather force postponement, a new date will be chosen and public announcement given.

Meetings Now Held at Natural Dam

The weekly meetings, now on Wednesday evenings for the rest of the summer, are usually held at Natural Dam and consist largely of swimming, although the beneficial rain last week caused a change. The opening was held in the scout hall, provided these many years through the generosity of Mrs. John M. Hoagland, and the theme was a study of plants, trees and shrubs. A short hike to the pump house was led by the scoutmaster, who on the way down pointed out the nearly 50 varieties which could be seen. Once there, patrols were free to gather such specimens as they could find and name, returning to the first park pavilion for their display and identification. In this particular competition the Eagle patrol came in first. Their leaders are Robert Miller, patrol leader, and Donald Hahn, assistant.

Advancement in Scout Rank

At the June Board of Review conducted by Francis E. Lookingbill, chairman, and Clarence A. Harner and Robert F. Wantz, there were four advancements in rank. Robert Lookingbill to Second Class, Robert Eckert to First Class, and Ricky Airing and Ricky Clingan to Star Scout; while two merit badges have been earned in selected fields, James Frock in Animal Industry, and Brett Fleagle in Citizenship in the Home. Three new members have been added, Paul Sell, George Stonieser and Stanley Zabicki, all recruits for the Eagle Patrol.

Mrs. Charles Stonieser, of Taneytown, will be the Teacher-Director. Tuition is \$17.00 per month per child.

Completed application forms are to be returned to the church office, parsonage or to Mrs. John M. Skiles or Mrs. Elwood Harner as soon as possible. No applications will be received after July 31, 1964.

GOLDWATER WINS G O P NOMINATION

The Senator Carried the First Ballot Victory With 883 Votes

Senator Barry Goldwater, Arizona, was the successful Presidential candidate in the Republican convention held in San Francisco, Calif., Wednesday evening on the first ballot. The vote was as follows:

Goldwater 883
Scranton 214

211 votes were split among favorite sons. The necessary number of votes to nominate was 663.

Today (Thursday) the running mate for Goldwater will be named. It is an almost foregone conclusion Cong. William E. Miller of New York will be the candidate for Vice President.

It was Everett M. Dirksen, fluent suave-tongued senator from Illinois, who offered Goldwater to the convention as the grandson of an immigrant peddler and man of blazing courage. And it was Dr. Milton Eisenhower, brother of former President Dwight D. Eisenhower, who nominated Gov. William W. Scranton of Pennsylvania.

TANEYTOWN JAYCEES HOLD INSTALLATION OF OFFICERS

Dean Brown was installed president of the Taneytown Jaycees Saturday evening by John W. Schminiger, president of the Maryland Jaycees. The sixth annual past presidents' banquet, installation of officers and dance was held at Frock's Sunnybrook Farm, Westminster, with approximately 100 persons in attendance.

Others installed were Wayne Baumgardner, 1st vice president; Cecil Lewelling, 2nd vice president; Leonard Wantz, Jr., secretary; Kenneth Crouse, treasurer; John M. Skiles, State Director; and Harry Dougherty, Jr., Larry Little and Donald Smith, Directors.

Retiring President Skiles reported on the club's accomplishments during his term of office, stating that there were 39 active committees. The chapter was active in all fields of community work and Jayceism as was shown by the Maryland Jaycees' selection to choose Taneytown as top chapter in the state for an area of less than 5000 persons. Skiles also stated that the club was particularly active in projects for the youth with the biggest project being the construction of a little league diamond that when completed will cost an estimated \$1500. He concluded by saying that only when every member gives his enthusiastic support can the Jaycees continue to add to the list of "jobs well done."

Newly installed President Brown then issued a challenge for the Jaycees to make the coming year another top year for the chapter.

Dean Nusbäum, chairman and master of ceremonies, presented Skiles with a plaque and inscribed cigarette lighter for his untiring service and leadership to the chapter. Plaque were also presented to Dean Nusbäum as Jaycee of the Year and Wayne Baumgardner, Top Key Man. James Fair and Kenneth Crouse were recognized as first and second Key Men, respectively, and Wayne Baumgardner received a set of Jaycee glasses for being named Committee Chairman of the Year. Baumgardner and Fair were each presented Spark Plug tie tacs for achievements of the past year. Recognized for 100 per cent attendance were Dean Brown, Kenneth Crouse, Harry Dougherty, Jr., James Fair, John Skiles and Donald Wantz.

District II Vice President Carville Downes inducted new member George B. Crouse into the organization.

Past Presidents, for which this affair was named in honor, attending were Edward Sauble, Robert Waddell, James Fair, Dean Nusbäum and John M. Skiles. Other guests introduced were Neal Powell, President of the City Council; a group from the Littlestown Jaycees and Gaithersburg Jaycees. Invocation was offered by Robert Waddell, Pledge of Allegiance by Edward Sauble, Jaycee Creed by James Fair and Jaycee Creed by Mary Alice Myers. Dancing was enjoyed to the music of the Sportsmen.

Following the Jaycee ceremonies, Mrs. Mary Alice Myers, retiring Jaycee President, reviewed the group's activities of the past year, stressing accomplishments for the Jaycees and the community. She congratulated the following for perfect attendance: Mrs. Nadine Brown, Mrs. JoAnn Dougherty, Mrs. Audrey Fair and Mrs. Jeannette Lewelling, three years; and Mrs. Barbara Baumgardner, one year. Mrs. Myers installed the officers for the coming year. They are: Mrs. Barbara Baumgardner, president; Mrs. Bonnie Becker, vice president; Mrs. Donna Roop, secretary; Mrs. Audrey Fair, treasurer; Mrs. Elaine Wantz, Directors.

Mrs. Baumgardner outlined the challenges of the ensuing year and explained how they will be met. She gave a brief resume of the club's goals for the year, with emphasis on the completion of the swimming pool project.

Hospital Advice

You might be one of the millions of Americans who faces hospitalization sometime this year. If so, you will probably wonder what will it be like, particularly if you're a "first-timer."

Approximately one person out of eight will enter the hospital in 1964 and many of them will be concerned. But they shouldn't, according to Joseph R. McFerron, administrator of CARROLL COUNTY GENERAL HOSPITAL.

"The major reason for concern about hospitalization is fear of the unknown," he says. "A doctor's recommendation for surgery, for example, may upset you and lead you to expect pain or even fear fatal consequences."

"It's natural to feel some apprehension, but consider this: even if surgery is required, you probably will be able to return home within a week or ten days and resume your normal activities a few weeks later."

A doctor won't recommend surgery unless there's an excellent chance it will considerably benefit you, Joseph R. McFerron asserts. And in most cases of surgery, the patient is safer than he is driving an automobile, he adds.

The administrator has these suggestions for the would-be patient:

- (1) Do not worry.
- (2) Relax.
- (3) Try to enjoy your stay.

"Except for the most serious surgery or illness, a patient in the hospital normally doesn't face an uncomfortable time," he says. "For one thing, you'll be in one of the most efficient places in the world and the only place which concentrates its total effort to making each patient well."

Chances are, he adds, you'll be going home within seven or eight days. Thirty years ago, the average length of hospitalization was 14 days but today it is less than eight, thanks largely to medical advances, new equipment and services that didn't exist a few years ago.

"Hospitals have never done more for patient — and never as well as they do today," he asserts.

You are in the hospital because your doctor believes it is the best place for you. Therefore, no matter what your problem, you're in the place where help can be received and you'll fare better if you put your hospitalization into its proper perspective.

"To provide your care, you have an average of 2½ hospital employees and staff members serving you. (The national ratio of employees to patients is 237 to 100.) But the most comforting thing is the knowledge that teams of specialists are working for you."

You'll be aware of the nurses and staff doctors. But there are others many of whom have had many years of education and experience—working to apply medical techniques to discover what ails you and how to make you better.

In addition, there are volunteers to provide many extra individual services for you, such as patient libraries and other recreational diversions. So relax, Mr. McFerron advises, if you're destined for the hospital, and put yourself into the care of many skilled, and understanding hands.

MEETING OF BOARD OF EDUCATION

A regular meeting of the Board of Education of Carroll County was held on Tuesday, July 14, 1964, in the Board of Education Offices, Westminster, Md.

Action was taken to approve the minutes of the June meeting held on June 18 and a special meeting called by the Board of Education as a joint meeting with the County Commissioners on June 30.

Approval was given for the current financial transactions. New contracts were approved for the following: Frances H. Broman, June H. Frink, Patricia R. Hood, M. Nessa Mercer, Mary Bess Miller, Barbara Ann Rinehart, Dorothy J. Robertson, Elizabeth M. Seletzky, J. Dixie Sterling and Jack L. Munsey. Resignations were accepted from: Mary J. Carrico, Gorman B. Davis, Kenneth Hood, Robert G. Robertson, Laura N. Thomas, Norma Boone, Naomi Erb and Alan Glick.

The Board took miscellaneous action in connection with the employment of special personnel during the Summer months including support of the Summer music program.

The Board was advised that the proposal of the Tabler estate regarding the purchase of land at Mt. Airy had not been consummated. The Board had offered to purchase the land but the offer had not been accepted.

A report regarding progress in the planning for the Southern High School was given. The report indicated that preliminary drawings would be ready for submission to the Board at the August meeting after which it is planned to direct architects to proceed with working drawings with a view of having the working drawings completed in time for bidding about March 1, 1965.

Attention of the Board was called to a letter of information regarding the inadequacy of the cafeteria at the Elmer Wolfe School. This matter was tabled pending further planning for building improvements.

The Board heard a report regarding progress in the building projects now under construction at the Freedom School, the Westminster Jr. High and the Westminster Sr. High Schools. It is hoped that the projects can be completed in time for use at the opening of the Fall term.

Approval was given by the Board for the exchange of two trucks and two staff automobiles following usual bidding procedures.

The Board was furnished with copies of recent news releases and heard a report in connection with teacher recruitment. This report indicated that most teaching vacancies had been filled and that developments in the field of personnel would depend upon information received during the remainder of July regarding the plans of teachers in service and those newly recruited.

The Board also heard a report on the Summer maintenance work being carried on by the maintenance personnel under the direction of Mr. Maurice Wolfe. The projects involve painting, repairs and reconditioning care of grounds.

The Board devoted some time to an explanation by Mr. Edward Bollinger regarding the insurance coverage. In this connection it was brought out that for many years the Board had followed the policy of designating a coordinator to handle the many details of insurance. The Board was advised regarding the amount of insurance carried and the amount of premium. Mr. Bollinger gave the Board full information regarding the types of insurance and the amount of work necessary to keep the insurance in order. After the explanation the Board passed a motion indicating its satisfaction with present arrangements and its appreciation of the large amount of service made available by the coordinator and the substantial advantage accruing from the use of the present plan of insurance as well as the adequacy of coverage. Members of the Board expressed themselves as very impressed with the amount of work necessary and the action taken was a vote of confidence in Mr. Bollinger and the work for which he is responsible.

The Board took action to approve a number of items related to the employment of secretarial personnel for various schools in the county. The Board was advised that work would be completed on the full roster of teachers and other employees in time for approval at the August meeting. Adjournment was at 12:00 noon.

HAY AND GRAZING PRIVILEGES ON RETIRED OR DIVERTED CROP LAND

Congressman Carlton R. Sickles (D-Md.) today announced that the Department of Agriculture will offer hay and grazing privileges through November 1st on retired or diverted crop land in six Maryland counties: Baltimore, Carroll, Cecil, Frederick, Montgomery and Washington where severe drought has effected pasture and forage crops.

Several U. S. Department of Agriculture program provisions restrict use of the land taken out of production and put into conserving uses, except under emergency conditions such as this, Sickles noted. The Department's action will give the Agricultural Stabilization and Conservation County Committees authority to permit livestock grazing and hay harvesting on land which has been diverted from crop production. Farmers will be required to obtain approval from the County ASC Committee before grazing livestock or harvesting forage on retired or diverted land.

'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning.
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

All within a week!

Attending the Dedication of The Emory Methodist Church in Harford County which stands on part of the ground where the old church was struck by lightning last year and burned to the ground where my Minister was the former Pastor.

Listening to the lovely Holiday of the 5th of July sermon at the Mt. Vernon Place Methodist Church at the Washington Monument entitled, "Author of Liberty!"

Many friends calling to tell me "Goodbye" before their jet flight abroad for a month's vacation.

Walking out of that awful movie, "The Carpet Baggers!"

Rushing to a friend who had turned her ankle and fell on the kitchen floor breaking her leg!

Cancelling the vacation trip and that all due to the wonderful air-conditioning in the apartment saying to yourself, "This is more comfortable!"

The grand letter arriving from the eldest son who is a 5th grade school teacher with the news that he is taking up a 10-week summer course and making strides for the near future and the big goal which I predicted long ago. And that one in a later Column! Smart boy, that!

Saying "Goodbye" to Richard, the youngest son who headed for California with his family being transferred there by the Government!

Parting with "Bobby" due to the fact that the apartment house refuses to accept any pets, even a canary bird or a parakeet!

Purchasing a "shift" dress — the first one and then realizing it was not for me but for that slim, s l i m, gal!

Finally deciding to deal with the "Acme" after reading the various articles in the papers but feeling sorry for those Walkers.

Taking the drive in that cute little car by "Chrysler" which goes 40 miles to one gallon of gas! It holds the road beautifully and is really built. Thought you and you would like to know. "SIMCA" is the name.

Trying the new little carton of "All Purpose Cream" from that grand "KOONTZ" dairy! Ummmmmm good! Eating and enjoying the hard shell crabs which were whoopers with a number of friends at a place named "Kahler's" in East Baltimore. This very business has been carried on right in that big old building for three generations.

Listening, watching on TV and reading the Political News as to the men who would like to live in Washington on Penna. Ave., in that big White House! Here is how I view it — and am an Independent Voter. It will never be "Happy — Go Rocky," the Governor of Penna. stating all the while that he positively is not interested and at the last moment putting his foot in it after all the hard work Goldwater has been doing for a year!

Lodge who really caused Nixon to lose being his running mate due to the one big fact that while dining as the honor guest at a place named which Israel tendered him, sensed he did not like Jewish people and the cable came across fast to these United States. "Switch the votes!" And that is when I phoned Washington three days before the election. Now, Lodge is playing artful that he does not want to run! He thought he was going to be the Ambassador of the United States. (Hope you and you did not miss the Column of Walter Lippmann in the News American) on Tuesday, July 7th.

Then our President doing everything he can for the Colored votes! Goldwater is the man of the hour in every way! He is a real L E A D E R and fearless and a brilliant mind. He is not a back slapper and is most sincere!

Have a grand week-end, Folks. Until next week D. V.

I am,

Faithfully,

YOUR OBSERVER.

"GRASS ROOTS OPINIONS"

CHESTER, S.C., REPORTER:
"Freedom of Information: The U.S. State Department has been at loggerheads with the press in recent years over the question of how much the American public is entitled to know of foreign affairs. . . . Assistant Secretary of State Manning criticized the press recently for delving too deeply into this delicate area. He said newspapermen were indulging in 'exposure' of the state's secrets." The answer was given by Rep. John E. Moss, chairman of the House Government Information Subcommittee. "The nation's foreign policy," he retorted, "is endangered far more by lack of understanding than by exploitation by the press."

MILES CITY, MONT., STAR: "The city of Washington now has decided to provide delivery of surplus foods direct to the recipients, so that its relief clients may be fed without having to stir a muscle. The checks, of course, arrive by mail. Indigence becomes more attractive as a way of life all the time, particularly to those whose skills and accomplishments cannot command large wages in the labor market. The battle plans for the war on poverty seem now to lean too heavily on retraining programs for which few are qualified, on hand-outs which make dependency attractive, and on raising wage levels by law to price even more of those of limited capabilities out of the market. Can't the best brains in the Administration come up with something better than a plan for a permanent poor?"

GOSHEN, IND., NEWS: "Thanks to one of the credit card companies for simplifying the tipping system in New York. . . . The standard tip (or so the company says) at a good restaurant or smart night club varies between 15 and 20 per cent depending on the amount of the bill, the atmosphere and the quality of the service. . . . The card company says one shouldn't tip the waiter unless he performs some special service. He'll see to that, by the way. If he does, then tip him on the way out. Some pay him on the way in. These are the people who get a table."

In Senator Strom Thurmond's view, "Years ago, the U.S. made the correct decision that Southeast Asia is vital to U.S. security and thus the area must be defended from communist takeover. As a result, we have been supporting a 'defensive' war—one in which the initiative has been intentionally forfeited to the communists and in which the communists have been permitted to make the ground rules of the war. In addition, the communist forces have been allowed to maintain a sanctuary in countries adjoining the South Vietnamese battlefield—in Laos, North Vietnam, and Cambodia. Under such circumstances, the American and Vietnamese forces fighting the communists have been virtually precluded from victory. The Americans fighting the war have been long aware that they were being required to fight with their hands tied behind their backs."

Since the end of World War II railroads have invested nearly \$18.5 billion in capital improvements—\$12.8 billion for new rolling stock and \$5.7 billion for improvements to roadway, yards and terminals. This represents more than half of the industry's total investment in transportation property.

Estimated federal defense spending for fiscal 1965 will mark a 35 per cent increase over 1955. By way of contrast, other federal spending has increased 128 per cent in the same 10 year period.

Self-imposed safety measures, some

as simple as keeping tools in their proper place and others as sophisticated as having prescription lenses ground into the window of a welder's protective helmet, have helped create an enviable safety record for the nation's more than 280 oil refineries. During the past 30 years the accident rate at refineries has dropped from 11.9 injuries to 5 injuries for each million man-hours worked.

CURRENT EVENTS FIFTY YEARS AGO

Wednesday was "St. Swithin's Day," and according to the old legend in rhyme, we are to have 40 days of wet, because rain fell on this day. . . . Should this be true we will have a poor season for hay making and picnics, but "signs" and all prophecies are fortunately only true when they "hit."

In line with modern progress, and for the improved drainage of our streets, the Burgess and Commissioners have passed an Ordinance requiring all gutters and curbs to be laid hereafter, to be of concrete, instead of any other material.

Another foundation has been started off for a new dwelling on E. E. Reindollar's lot adjoining the one now in course of erection.

The electrical storm of last Friday night was the hardest and longest experienced here for years, lasting in severity about 2½ hours, with almost continuous lightning and crashes of thunder. Lightning struck in the top roof of the Reindollar Co's elevator and in the roof of E. E. Reindollar's private barn, damaging both but fortunately without fire.

Greetings to you:

Those who entered from the Terra Rubra Girls' 4-H Club, their demonstrations and the ribbons they received were as follows: Joan Thomas, "French Bread," blue; Beth Wilhide, "Terrarium," blue; Linda Kehne, "Cottage Cheese Dip," white; Virginia Kehne, "Packing a Lunchbox," white; Cindy Crouch, "Party Salad," red, and a team demonstration by Patti Poole and Betty Dean, "Cutting Up and Frying a Chicken," red.

Dr. William Waltemyer, who recently retired as head of the Bible Department at Gettysburg College, was guest speaker on Sunday at Keysville Lutheran Church. and children (he is stationed at Fort Sill), and also in Cincinnati, Ohio.

Have you been busy making long distance calls since you can now dial them direct? The "cutover" of equipment for this took place at midnight last Saturday night.

Certainly glad to see Wayne Myers is out-and-around again and hear that Mrs. Anna Turvin is almost well again too. These folks have been unfortunate enough to have to battle hepatitis.

Congratulations to Mr. and Mrs. Melvin Durboraw of Gettysburg, Pa., upon the birth of a daughter last Friday afternoon. Kathy Ellen weighed 5 lbs. and 11 ozs. and her proud paternal grandparents are Mr. and Mrs. Russell Durboraw, also of Gettysburg.

Mrs. Carlton Catlin and Mrs. William Fleharty were among those who saw Harry Belefante at the Carter Barron Amphitheater in Washington last Wednesday night.

As you know, Mrs. Harold Norcott and three of her four sons of Ojai, Cal., are visiting in the area. They are making the home of her brother and family, Mr. and Mrs. Carroll Wilhide and Beth, near Detour their "home base." A cordial invitation is extended to all of Margaret's friends and relatives to visit with her at the Wilhide home. (It might be best to telephone first, however.) Several days last week they were visitors of her sister and brother-in-law, Mr. and Mrs. Charles Minnick of Union Bridge.

On Sunday they went with the Wilhides to visit with Mrs. Betty Purdy and her daughter Betty in Washington, where they all did some sight-seeing and were supper guests. Mrs. Norcott and Jeffrey and Timothy stayed for a visit until Tuesday evening, and David visited with the John Harner family near Taneytown.

Mrs. Cecil (Bob) Priest of Forest and Stream Club Road returned Sunday from her visit in Bermuda with her sister and brother-in-law, Mr. and Mrs. Harry Erick.

On Friday afternoon Mrs. Richard Wilhide and Susan near Detour were taken to Clear Spring by her mother, Mrs. Daniel Seibert, to attend the buffet supper and rehearsal for next days wedding for girl friend, Betty Ann Ernest of Clear Spring. On Saturday she was a bridesmaid in the wedding of Betty Ann and Henry Bauer. Richard brought brother-in-law, Timmy Seibert, home after a week's visit, attended the wedding and then brought Cassie and Susie back to Detour.

Mr. and Mrs. Edward Killinger of Dalmatia, Pa., visited on Wednesday with the William Fleharty family and Mrs. Ralph Fleharty. They also called on the Carroll Wilhide family in the afternoon. The Killingers are family friends of "Mrs. William."

Sometime ago I learned the two houses being built across from the school in New Midway are being built by Edgar Sell and last week I heard they are being built for Mr. and Mrs. Robert Dutrow (you know her as Jeannette in the Detour Bank, and Mr. and Mrs. Kenneth Filler. Mrs. Dutrow and Mrs. Filler are sisters.

After acting as judges for 4-H Demonstration Day last Tuesday Mrs. Walter Gill of White Hall and nearby neighbor Mrs. Jones of Harford County called on the Carroll and Richard Wilhide families. Mrs. Jones is the mother of Extension Office trainee Mary Jane Jones.

Jane Wilhide, nursing trainee at Frederick Memorial Hospital, was home for the weekend with parents and sister, Mr. and Mrs. Carroll Wilhide and Beth. She was a Sunday supper guest at her brothers, Mr. and Mrs. Richard Wilhide and Susan.

Mr. and Mrs. William Weishaar and Randy near Detour visited on Monday with Mr. and Mrs. Charles Rinehart of Reisterstown.

Sunday afternoon visitors with the William Fleharty family near Detour were Miss "Jo" Able of Gaithersburg and Mrs. Belle Smith of Landover. Jo and Belle are old friends from working days for the telephone company back in Silver Spring of both Mr. and Mrs. It was good to see them again. Supper guests were Mr. and Mrs. Robert Brudin and son Michael and his mother Mrs. "Peggy" Brudin of Washington. (Mrs. Robert) is Mrs. Ralph Fleharty's oldest granddaughter.

To whomever threw the Royal Crown "pop" bottle out on Keysville Road just above the Carroll Wilhide farm pond: Brother, you owe me for a new tire! One often sees bottles and cans as well as paper thrown out along the roads and wonder why some of the folks who throw them there aren't caught and fined (as the signs threaten). That is bad enough but to leave a broken bottle right on the road where it couldn't help but be run over by someone else is pretty "low" in my own personal opinion. (That holds true even if I hadn't been the one to have a tire cut beyond repair.) It was noticeable coming down the road towards Detour because of the way the sun was shining but not going up. You can really believe my thoughts, while cleaning up the broken glass, were not kind ones towards the one who was responsible for it. These kind of folks could also come under a "Do-you-ever-wonder" heading.

MARRIED

MICHEA — KECK

Miss Phyllis Keck and Louis R. Michea, 3rd, were married June 28, 1964 at the Methodist Church in Yellow Springs, Ohio. Rev. Ian Bisset officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Edward H. Keck, Yellow Springs, Ohio. Mr. Michea is the son of Mr. and Mrs. Louis R. Michea, Taneytown, Maryland.

Given in Marriage by her father, the bride wore an intermission length gown of imported velvet silk organza lined with miramist taffeta. The bodice featured brief shoulders accented with hand embroidered motifs of Peau de Ange lace and an over-lap of Peau de Ange lace accented the skirt front. An empire length bolero jacket of Peau de Ange lace featured a bateau neckline and sleeves tapered to bridal points over the hands. Attached to the jacket was a gathered lace panel which swept into a diamond-shaped chapel train. She wore a demi-crown of pearls with entwined ribbon of velvet silk organza which caught a waist length veil of French illusion. She carried a lace-covered white Bible with a white orchid corsage centered in a spray of white carnations.

Miss Myrna McConchie, Harvard, Mass., was the maid of honor; Mrs. Wade Bartlett, Newark, N. J., sister of the groom, was bridesmaid; and Miss Marilyn Howard, Yellow Springs, was junior bridesmaid. Jocelyn Holterback, Pittsburgh, Pa., five-year old cousin of the bride, was flower girl.

The best man was Ronald Hopkins, Taneytown, Md. The ushers were: Wade Bartlett, Newark, N. J., brother-in-law of the groom; Greg Bell, Sharon, Penna.; and Lawrence Hood, Camillus, New York.

The maid of honor, bridesmaid and junior bridesmaid were attired in powder blue, daisy yellow and cherry pink silk organza, respectively. The brides featured bateau necklines and elbow length sleeves. The flared A-line skirts featured a rose and streamers at the back waistline. They carried bouquets of carnations to match their gowns and wore matching forehead roses of silk organza centered on sheer leaves with circlet face veils. The flower girl wore a powder blue taffeta dress and carried a small white basket of pink and white carnations.

The bride's mother was attired in a dress of Romance blue silk chiffon with Chantilly lace bodice and matching accessories. The groom's mother wore a sleeveless sheath and empire-length jacket of sun yellow silk and white accessories.

Following the ceremony, a reception was held at the Antioch Inn, on the campus of Antioch College, Yellow Springs.

After a two-day honeymoon trip, the couple drove to Sunnyvale, Calif., where they are at home at 642 Caliente Drive, Apartment 19, Mr. Michea, '64 Antioch engineering graduate, is a test engineer with Lockheed Missiles and Space Company at Sunnyvale.

CARL REUNION

The reorganized Carl Reunion was held Sunday, July 12, 1964 at Mount Alto State Park with 67 present. Basket lunch at 1:00 P. M., followed by a short program conducted by Donald Carl.

There was a discussion on whether to have another reunion next year. It was decided to hold another reunion and the officers will decide the time and place.

The following officers were elected: president, Alton Carl, Hanover; vice-president, Rev. Archie Rohrbach, York; sec. Donald Carl, Westminster; treasurer, Mr. James Nell, Woodsboro; historian, Rev. Robert Carl, of Florida.

Rev. Archie Rohrbach then gave a nice speech. Rev. Robert Carl sent a letter to be read, also data on the family tree. He was unable to attend because of his duties in Florida. Anyone having information on the family tree please contact: Rev. Robert E. Carl, 3415, Northeast 10th Street, Ocala, Florida.

DONALD CARL, Secretary.

A FAMILY REUNION

A group of close relatives of Mrs. Rena F. Kennedy, descended upon Kennur on Saturday, July 11th, to celebrate a number of important events in the family, with a Reunion at Ridge Road Crest.

Those present were Benjamin E. Fleagle, Jr., (Mrs. Kennedy's brother) and wife, Francis and Miss M. Janette Fleagle from Catonsville, Md.; Dr. Robert G. Fleagle, wife, Marianne and sons, Robert and John, from Seattle, Washington; Mr. Willard C. Bay from Bel Air, Md.; Miss Mary C.

Fleagle from Berkeley, California; Miss Constance Christ from Dickeyville, Md.; and Dr. and Mrs. Thomas Robinson from Trenton, N. J.

The South Porch, ideal for a July picnic spread, also supplied a view unexcelled for entertainment. The day was perfect for a picnic "lay-out" with the Maryland mountain breezes and sunset to add to the entertainment of those present from widely different sections who agreed that Maryland scenery was second to none.

One of the boys from Seattle, Robert Fleagle, has just received a scholarship to Johns Hopkins University and will enter there in September to the joy of the family that the East claims another son.

THE WAY I SEE IT . . .

Observations on the World of Sports

Catchers usually need a few seasons to learn the ropes of big league baseball but young JOE TORRE has picked up the tricks of his trade in a hurry.

Torre isn't even a full-time catcher for the Milwaukee Braves, he commutes between playing behind the plate and at first base. But a jury of his peers, the players on the other National League teams, selected him as All-Star catcher.

That's nice going for a youth of 23—he'll be 24 next month—who five short years ago was considered to be too fat to play ball. When Joe was graduated from high school in Brooklyn he was passed over by all the major league scouts, despite the fact that his older brother, Frank, had played good ball for the Milwaukee Braves.

Torre took a job as clerk in Wall Street and began to play sandlot ball in Brooklyn. Along about that time he switched from playing the infield to catching. And that's when the big change came about.

Joe quickly learned the fundamentals of the catching job and before long he attracted the notice of a scout for Milwaukee, the basketball coach, Honey Russell, who had advised against signing him some months before.

The Braves gave Torre a bonus estimated at being in five figures and he started the quick climb to the major leagues.

Nobody was worrying about Joe being too heavy or too slow any more. He showed that he was a natural hitter and he got better behind the plate with each month that passed.

He has looked so good this year, at both first base and behind the plate, that there was speculation not on whether he would be named to the All-Star team but over which position he would play. No matter how much talent you have you can only play one position at a time.

Torre has hit well for the Braves the last couple of years but he is doing even better this year. He says he used to be a defensive hitter but now he attacks the ball and it is getting results.

The thing that makes AL McBEAN a good—and very possibly a great—relief pitcher is his enthusiasm for his job. Not just the job of pitching but the job of relief pitching.

Most pitchers would like to stay out of the bullpen. Something like ninety per cent, possibly more, of the hurlers want to be starters. But McBean asked for a job as a fireman.

He has been doing a fine job for the Pittsburgh Pirates this year and the averages show him with two victories and no losses, plus a number of saves.

All has had some trouble with injuries this year which probably held him down that record. He was on the sidelines for three weeks from April 15 to May 7 and then missed another ten days from May 31 to June 9.

The pitching coach of the Pittsburgh club, Don Osborn, says flatly that he knows of five games the Pirates lost this season which they would have won if McBean had been available for relief duty.

McBean had a marvelous year in 1963. He won 13 games and lost three and had an outstanding earned-run average, 2.58.

Al is young and strong. He is only 26 years old and he puts plenty of mustard on the ball. He is following the classic road to success in the bullpen, the same road taken by Dick Radatz of the Boston Red Sox. It's called, "throw it by the hitter."

Al also has a full motion with plenty of leg kick which as a relief man he often has to forget about. When you walk into the game in a tight spot with men on base you can't bother with a full motion. If you did the tight spot would get tighter in a hurry.

No player is ever happy about being sent down to the minors but some take it harder than others. At 19 you're inclined to take everything hard. ED KRANEPOOL did when the New York Mets sent him out on option in mid-May. The tall first baseman was hitting well below .200, the Mets were staggering and they felt he needed daily play to sharpen his batting eye.

But when Kranepool was told that he had been optioned to Buffalo of the International League he snarled his resentment. He said he thought he was being unfairly handled and he doubted manager Casey Stengel's promise to bring him back when he got a chance.

The chance came and Stengel was as good as his word. Kranepool was ordered to return to the Mets—on all days—Memorial Day, late in the day. He played a double-header for Buffalo against Syracuse and got seven hits in 10 trips to the plate.

Ed then hopped a plane for New York and arrived in time to play every inning of the marathon double-header the Mets played on May 31st with the San Francisco Giants. To be exact, a nine-inning opener and a 23-inning nightcap.

He got his share of hits during the long day and came close to ending the nightcap a few innings before the 23rd. Ed clubbed a long drive to right field which drove the Giant fielder back to the wall to make the catch.

The next day, an off-day for the Mets, saw Kranepool hopping a plane for Buffalo to pick up his gear which he hadn't had time to get on Mem-

orial Day. Since his return to the Mets, Kranepool has shown a tremendous improvement, both in his play and attitude. He has picked up his average by about 100 points and now is over the .250 mark. He is standing up to the plate and slashing the ball. He is a steady fielder. He also is hustling on every play, whether in the field or at the plate.

In the matchless language of Casey Stengel, Kranepool is described this way: "Ed sure is different now. Did you see the way he was flying at the other side? Sure picked up a lot of real estate with all that sliding and bouncing up and down. It's easy to see the difference and I like it."

Kranepool has a chance to be a star. He always had the natural ability and now he has the right mental attitude. The final ingredient is polish. That will come with experience.

Remember When Dept.—Outfielders like Chuck Diering and Gil Coan used to race in our outfield and catch those flies for the Orioles? Well, you can see them in action once again on Tuesday, July 21, at the Stadium during the annual Shrine of Immortals game.

Today's Sport Laugh—When the Orioles recently played an exhibition game in Aberdeen, South Dakota, they flew into town in a four-engine plane. It was the largest plane ever to land in town, which had never seen anything bigger than a two-engine one. When the Orioles were told of this, one of them said: "They sold 4,000 tickets for the ball game and 6,000 to see the big plane land in the small airport."

God the Deliverer

Lesson for July 19, 1964

Background Scripture: Exodus 5:1 through 15:21.
Devotional Reading: Exodus 15:11-18.

MOST MEN have their own favorite "image" of themselves. When a visiting speaker is to be introduced at some meeting or other, the one who is going to have to introduce him is embarrassed, not for lack of something to say but by the fact that the guest is distinguished in various ways. "How would you prefer to be introduced?" he may ask the visitor. Now without being irreverent we can say that while God could be introduced in an infinite number of ways, there may be one way he prefers to be known. The Bible gives us a number of God's introductions of himself. We know God wishes us to think of him. It is interesting and important to observe that God never calls himself the Trinity, or the Great Mystery, or the All, or the Sky-god or many other titles men have thought up for him. One of his favorite titles is Deliverer.

God at the Red Sea
One event in their history always stood out—and still does—for the people known to us as Jews, known to their Egyptian masters as Hebrews. That was their deliverance from Egypt. As long as the Jews have been here as a people (they have seldom been a nation but always a people) they have loved to remember that God rescued them from Egypt. In times of doubt and despair they were always encouraged by their prophets to remember one thing, one great thing God had done for them. They never took credit for getting away from the land of bitter bondage. They did not even call Moses their deliverer. It was God who brought both Moses and his people from slavery to freedom.

God is always for freedom
God is both impartial and partial. He is impartial; that is, he plays no favorites. He does not have one set of laws for the good and another for the evil; he does not exempt some favored pets from suffering and defeat. In the Old Testament phrase, he is not a respecter of persons. He is not awed by any man's eminence nor made anxious by any man's hostility. He is the same kind of God always and everywhere. Yet he is partial also, in a way. That is, he does take sides. He did not look at the plight of the Israelites in Egypt as if he were a spectator from out of town at a ball game. The visitor does not care who wins, just so it is a good game. "May the best team win," he says; but he does not help either side. God, on the other hand, was for the Israelites and against the Egyptians. He was for the Hebrews not because they were sweet, loving and holy, which they certainly were not; he was for them because they were mistreated — "oppressed" is the Bible word for it—and God is against oppression then and always. If you ever take the part of those who mistreat instead of those who are mistreated, you find yourself on the opposite side from God.

Within the shadows
Now there are two things to remember about this God of freedom, the only true God there is. One is: He does not always act as soon as we may want him to. The Hebrews had been oppressed for some time before he came to the rescue. We do not know why this is, but it is a fact. The other point to remember is that God often acts, as it were, in disguise. It is said of a hero in the Old Testament (Gideon) that the "Spirit of the Lord clothed itself with 'Gideon.'" It looked like Gideon doing great exploits, but Gideon was a cloak-of-darkness for the spirit of God. So it was at the Exodus from Egypt. Some people, no doubt the Egyptians themselves, could have said, Oh, there was nothing miraculous. We had a low tide and a high wind and they got away while the fog lay all along the shore. But the rejoicing Israelites did not praise the cloud of smoke nor the wind nor the low tide. They praised the God who had set them free. They could see through his disguises. Can we?

Once upon a time, and not more than that, a son asked for the garage keys and came out with the lawn mower.

"A dog's life can't be too bad. Somebody else pays his taxes."—W. H. Goldthorpe, Cuba City (Wis.) Tri-County Press.

"Little boys who swear sometimes grow up to be golfers."

EDWARD B. MOYLAN, JR., MIAMI, FLORIDA, BUSINESSMAN ELECTED PRESIDENT OF KIWANIS INTERNATIONAL

Chicago, Illinois, July 2, 1964 — Edward B. Moylan, Jr., Miami, Florida businessman was elected president of the Kiwanis International today at the organization's 49th annual convention in Los Angeles, according to Paul Morelock, president of the Kiwanis Club of Taneytown.

Edward B. Moylan, Jr.

ident of Kiwanis International today at the organization's 49th annual convention in Los Angeles, according to Paul Morelock, president of the Kiwanis Club of Taneytown.

As head of Kiwanis International, Moylan will be official spokesman for some 270,000 Kiwanians in more than 5300 clubs in the United States, Canada, Mexico, the Caribbean, Japan, and Western Europe. He succeeds Cape May, New Jersey businessman, Charles A. Swain, who has held the presidency during the year immediately preceding.

Prior to becoming president of Kiwanis International, Moylan served one year as president-elect, one year as treasurer, and four years as a trustee of the organization. He has been a Kiwanian for 43 years.

Moylan is a Miami real estate broker. He is a member of the Miami Board of Realtors, and the National Association of Real Estate Boards. He is currently serving as an officer and trustee of several real estate developments and corporations engaged in the promotion of Florida real estate investments. Moylan is a past president of the Dade County, Florida Conservation Council. He is a vestryman of Trinity Episcopal Church in Miami. Active in both World War I and World War II, Moylan is a retired lieutenant commander, United States Naval Reserve.

The president-designate has served as president of the Kiwanis Club of Miami, lieutenant governor and governor of the Florida Kiwanis District, and as chairman and member of several Kiwanis district committees. He has also been chairman of the Kiwanis International Committee on Public and Business Affairs for the United States, and of the International Committee on Resolutions.

He and Mrs. Moylan have two sons and three grandchildren.

In addition to naming Moylan president, delegates to the 49th annual Kiwanis International convention chose a treasurer-elect, two vice-presidents, a president-elect, and six international trustees. The latter will serve for two years, joining six holdover trustees.

New officers and trustees are: Edward C. Keefe of Oklahoma City, Oklahoma, President-Elect; Mel R. Osborne, East York, Ontario and R. Glenn Reed, Marietta, Georgia, International Vice-Presidents; W. Clyde Glass, Louisville, Kentucky, Treasurer; Nelson O. Fuller, Centerville, Alabama, Harold M. Heimbaugh, West Hollywood, California, Ted R. Johnson, Capital City, Denver, Colorado, Robert F. Weber, Detroit, Michigan, Jack Willis, East Kildonan, Manitoba, (re-elected), and Wes H. Bartlett, Algona, Iowa, International Trustees.

The Los Angeles convention of Kiwanis International was characterized by a near record crowd and a slate of headline speakers and feature events. Delegates to the convention adopted resolutions upon which Kiwanis' service programs for 1964-65 will be based, recognized "the best all round Kiwanis clubs and districts for 1963," and developed new ideas in community service and club administration.

The 1965 convention — the Golden Anniversary Convention — will be held in New York City.

A NOTE OF APPRECIATION TO STATE ROADS COMMISSION

The Carroll Record wants to express this paper's appreciation for the well planned and executed street and road improvement on South Frederick Street at St. Joseph's Church. This maintenance job will reduce potential traffic hazards at this church front, when the congregation is assembling and leaving. The north bound traffic has a very short stopping sight distance, and, therefore needs every inch of road surface—from top-of-slope to the toe of the opposite slope. Again we thank you for this much needed improvement.

NAMED TO "OUTSTANDING YOUNG MEN OF AMERICA"

The Junior Chamber of Commerce of Taneytown announced that Mr. James H. Fair, Mr. Donald M. Smith and Mr. John M. Skiles have been selected for inclusion in the 1965 edition of "Outstanding Young Men of America." These men were nominated earlier this year by the Jaycee Chapter and have been selected by a thirteen-man National Board of Editors for the publication.

Doug Blankenship, Past U.S. Jaycee President (1962-63) who is serving as chairman of the board stated that men selected between the ages of 21 and 36 who "had distinguished themselves in one or more fields of endeavor to the point of being outstanding."

"Outstanding Young Men of America" is an annual biographical compilation of approximately 10,000 young men of outstanding rank throughout the country. Nominees for the book come from many sources, however, the majority of the nominations are made by Junior Chamber of Commerce Chapters and College Alumni Associations.

"An outstanding idea" is the way National Jaycee Public Relations Director Jim Stafford described the publication. National Jaycee President (1963-64), Richard M. Headlee, a member of the National Board, said, "the publication is one of the finest I have seen recognizing the achievements of America's outstanding young men."

The Junior Chamber of Commerce has long been active in the recognition of outstanding achievement among America's young men. Each year since 1938 the Jaycees have selected the Ten Outstanding Young Men of America. Among past TOYM winners are such famous personalities as John F. Kennedy (1946); Nelson Rockefeller (1941); Dr. Tom Dooley (1956); and Henry Ford, II (1945). The publication "Outstanding Young Men of America" will feature the 1965 TOYM winners. Winners of state Outstanding Young Men awards will be pictured throughout the book. President Lyndon B. Johnson will write the foreword for the 1965 edition.

The book is 7"x10" in size and will contain approximately 896 pages. Publication date is approximately January 15, 1965.

RM + HE = V

Translation: Raw material plus human effort equals value. Saying it another way, the conversion of raw material into finished products is a process that enhances its value according to the human cost in time, effort and money.

This basic law of economics is well demonstrated by a plain bar of iron, worth \$5. When made into horseshoes, the same bar of iron becomes worth \$10.50. Make it into needles, and it is worth \$3,285. And turn it into balance springs for watches and its worth soars to \$250,000. There's no magic about this. The bar of iron can't become horseshoes, needles or watch springs unless something is first done to it. And, though the raw material is precisely the same, more time, effort and money are needed to make needles than to make horseshoes, and much, much more to make watch springs.

What is here proved is simply this: It's what we put into a product that increases its value.
