General subscription rate, \$2.00 a year: 6 months, \$1.25. Subscriptions west of the Mississippi River, \$2.50; to Canada, \$3.00. Advance payment is required in all cases. ADVERTISING rates will be given on application, after the character of the business has been definitely stated together with information as to space, position and length of contract. The publisher reserves the privilege of declining all offers for space. The label on paper contains date to which the subscription has been paid. Entered as Second Class matter in the Postoffice at Taneytown, Md., under the Act of March 3, 1879. All articles on this page are either original or properly credited. This has always been a fixed rule with this office. All advertisements for 2nd, 3rd, 6th and 7th pages must be in our office by Monday morning of each week; otherwise, insertion cannot be guaranteed until the following week. The publication in The Record of clipped or signed editorials does not necessarily mean that such editorials are endorsed by The Record. In many instances they are published in order to show varying opinions on public topics.

THURSDAY, NOVEMBER 26, 1964

"GRASS ROOTS OPINIONS"

FORT PIERRE, S. D., TIMES: "This is no time to uproot our established, fair and effective immigration policies, and let down the barriers in a noble gesture to all dissatisfied humanity. In view of the nation's preoccupation with unemployment, the related and continuing advance of automation and the 'war on poverty'; and in the light of the multiple Federal programs with budgets as high as a billion dollars (for the poverty war), we can think no greater disservice than to invite an indiscriminate and vastly expanded global influx of all kinds and conditions of humanity."

ABILENE, KAN., REFLECTOR-CHRONICLE: "A news dispatch says the government has brought monopoly charges against the bubble gum manufacturers. They are accused of cornering the market on pictures of baseball stars to put in bubble gum wrappers. One's first reaction to this is that if our people in government don't have more to do than fret about bubble gum wrappers we have too many people in government."

HUMBOLDT, IOWA, INDEPENDENT: "It is no wonder that students are becoming increasingly contemptuous of authority because they have examples at the highest level of government of dishonesty and immorality."

PEKIN, IND., BANNER-GAZETTE: "Just a few years ago the boys and girls walked a mile or so across town to school. Yes, yes, I know that things are 'better' now, but just how is it better for children who are sadly lacking in physical development to ride in cars every step of the way,

have a car to hot rod around in at noon and evening, risk highway tragedies, risk unchaperoned rides?"

DAINGERFIELD, TEXAS, NEWS: "Simple logic should teach us that any dollars which go to Washington will at least have to pay their own way back and therefore not get home as strong as they left."

ROCKLAND, ME., COURIER-GAZETTE: "Only a few months ago Washington slashed income tax levies and the economists predicted a roaring upswing in purchases made by people who were permitted to retain a larger portion of their earnings. . . . Rather than spending like mad, or incurring new obligations which could be paid for with the savings, they proceeded to pay on what they already owed, and then salted away a good portion of what remained. It is a good thing they did for the Internal Revenue Service has announced that tax withholdings from wages, as computed at the time of the tax slash, have proven to be too low. Talk about Indian Givers, Washington either must have more than its quota of them; or no one on the banks of the Potomac has a sharp pencil."

GILLESPIE, ILL., NEWS: "The history of the United States was written upon 'Extremism', from the Boston Tea Party, down through World War II. These extremists were frantically patriotic. They gave their lives to keep old Glory flying, proclaiming that this nation would kneel to no foreign power. These men were never called Extremists, they were patriots, and history books were filled with their deeds that kept us free, respected and proud."

MYRTLE CREEK, ORE., MAIL: "This writer wishes he could write some pungent intelligent material about the problem of the races. To hear the politicians and the theorists talk, all that is required is 'equalization' by legislation. But there is no equality—nor has there ever been even for those in the same predominant race of the country. . . . As long as there are human beings, there will be competition for the limited positions at the top, and there will be various routes whereby certain persons may achieve them. In the race, many, many will suffer disappointments and readjustments will have to be made. Only the virtues in human relationships can ease these matters and they are here with us to be practiced now as in the future."

AZTEC, N. M., INDEPENDENT-REVIEW: "It is to be hoped that no one ever requests an opinion on the Ten Commandments from the U.S. Supreme Court."

The mistake of optimistic people is not in expecting too much of the future, but in exacting too little from the present. —Tyler.

"The trouble with the chronic borrower is that he always keeps everything but his word." — Robert B. Lyon, Kiron (Ia.) Weekly News.

STATEMENT MAYOR AND CITY COUNCIL, TANEYTOWN, MD.

Eye-Openers

CONTACT LENSES Leonardo da Vinci started it all four and a half centuries ago. He suggested that small hemispheres, filled with water, could be adapted to each eye to correct optical faults. A century later, Descartes proposed long tubes of water with thin layers of glass at the end—anticipating modern corneal contact lenses. After long and careful research into the technological development and practical application of contact lenses, widespread acceptance and satisfactory usage came after 1948 with the introduction by Kevin Tuohy of plastic corneal lenses. The modern contact lens, properly applied and utilized, represents one of the most significant contributions to the betterment of mankind. Unlike spectacle-fitting, contact lens fitting cannot be safely divided among several practitioners. Optometrists, who have participated in contact lenses in the past quarter of a century, form the most significant single eye care profession engaged in prescribing and fitting contact lenses today. Formally educated and trained in contact lens procedures, optometrists are enabling the American people to take advantage of wearing contact lenses with complete confidence.

YOUR HOME MERCHANTS ASK YOU TO "BUY AT HOME"

**CURRENT EVENTS  
FIFTY YEARS AGO**

Sprinkling the streets in order to keep down the dust is an unusual experience for the last of November, but not more so than the extent of the drouth, connected with extreme cold.

Miss Amelia Birnie returned home Saturday from a visit to her sister, Mrs. G. W. Clabaugh of Omaha, Neb. O. T. Shoemaker has added to the public improvement of the year, by building a new and larger front porch to his York Street home.

Mrs. B. O. Slonaker is spending some time in Baltimore with her daughter, Mrs. Marlin Reid. C. Ervin Reid is also spending some time with his brother, Marlin.

KNOX — Mrs. Phoebe Knox, 34, wife of Mr. Charles Knox of Longville, died on Tuesday night. She is survived by her husband, one son and one daughter. Funeral services were held Friday at St. Joseph's Catholic Church.

FLEAGLE — Mrs. Amelia Fleagle, 63, wife of Mr. S. Taylor Fleagle, died at the home of her daughter, Mrs. Thomas Fox, Keysville on Sunday. Mr. and Mrs. Fleagle had lived for a number of years at Copperville. She was a daughter of the late Mr. and Mrs. James Davidson and leaves one sister and two brothers; Mrs. Frederick Bankard, John E. Davidson of Taneytown and McC. Davidson of Hanover; one son Harry Fleagle, in addition to the daughter mentioned. Funeral services were held Tuesday in the Presbyterian Church by her pastor, Rev. Seth Russell Downie, interment being made in the Reformed Cemetery.

Red Cross Christmas Seals are on sale at the Record Office and at McKinney's Drug Store at 1¢ each. The proceeds go to help the fight against tuberculosis.

Rev. Martin W. Schweitzer, formerly of Union Bridge, was installed Pastor of the Muddy Creek Reformed charge at Ephrata, Pa., succeeding his father, the late Rev. Stephen A. Schweitzer, who was Pastor of the charge for 40 years. Rev. Schweitzer has been very popular among his congregations of the Union Bridge charge, and has made a wide circle of friends.

**THE BIBLE SPEAKS**

International Union  
Sunday School Lessons

BY DR. KENNETH J. FOREMAN

**Gospel in Brief**  
Lesson for November 29, 1964

Background Scripture: Titus 1:1-3;  
2:11-14; 3:4-8a.  
Devotional Reading: Ephesians 2:1-10.

**THIS WEEK** we shall do something a little different. This is an invitation to study the Bible together. The verses under "Background Scripture" are remarkable in bringing out, in their brief sentences, many of

the most vital truths taught by the Christian Church. Taught to the church, we ought to say, first of all, for what the church teaches she first learned, at least

Dr. Foreman in vital germ, from her own first teacher, Paul, and above him, our Lord himself.

**The grace of God**  
The word of "grace" often means gracefulness, as when we speak of the grace of a violinist's work, or the invitation of a hostess. In the New Testament it means graciousness, a quality some people have without knowing it, the quality we associate with true aristocracy. We can say for instance that Dean Rusk is a more gracious character than Gromyko. Grace is not the same thing as goodness; some people can be mighty good without being very gracious. Grace is goodness come to life, shining. In the New Testament the grace (Graciousness) of God is mentioned far oftener than the grace of men. (Why should this be so?) The New Testament speaks often of the grace of God as something which has up to now not been well known or understood. For the crowning act of God's grace is the gift of his son, Jesus Christ, the living, walking grace of God in human living. The supreme moment of that grace, of course, is Christ's identifying himself with sinners and being willing to "give his life a ransom for many" — to use his own words. The grace of God and the Saviorhood of Jesus

are not two different things: they might almost be called, from the Christian point of view, the same thing.

**How Christian life begins**  
Paul speaks here also of how the Christian life begins. It starts with what theologians call "justification," which literally means a judge's verdict of "Not Guilty". Justification refers to man's status in God's sight, not to his state. A newborn baby is in a wretched state. He badly needs a bath. But he is his parents' much-loved child all the same. They do not demand that he must do something lovable before they love him; they welcome him with love even before he is born. God is like that. He loved us before we were born not because of what we have done but because he is love.

**How Christian life operator**  
The life of God in the life of man; how does this operate? There is mystery here, to be sure; but some things are clear. One truth is that it means to be daily, even constantly renewed. The Christian's life is not an automatic business that starts with one big Bang! and keeps on with no further effort. The greatest Christians are those who feel most strongly the need of being continually re-created. This has its definite effects. The Christian is one who becomes, with the passage of time, more and more godly, that is, God-like. This is so tremendous we sometimes shrink from it. We find it enough to be like our parents or someone else we admire. Our heavenly Father wants us most of all to be like himself. He wants us to love what he loves and to hate what he hates. Finally (though much here has not been touched) the Christian lives a life of hope. He expects Christ to be Lord of All. No Christian ever wept that he was born too late for the Golden Age. The Golden Age for us is not in some lost yesterday, it is the great tomorrow, when all tears have been wiped away and God shall be all in all.

**MEETING OF BOARD OF EDUCATION**

The Board of Education of Carroll County met in regular session on Wednesday, November 18, at 9:30 A. M. President DeVries R. Hering was in charge of the meeting.

Action was taken to approve the minutes of the October meeting. The Board was also furnished with a financial statement.

Miscellaneous actions were taken in connection with teacher certification and changes related thereto. Action was taken to approve the appointment of Jesse D. Cook for special work at the Robert Moton School and approval was given for designation of Mrs. Maizie Shipley and Mr. Clarence Hyle as joint custodians of the West End School. Action was taken to approve payment in certain cases for teachers who attend summer school to qualify for certificates.

Special notice was made of the retirement and death of Lyman D. Earhart, long-time member of the faculty of the Westminster Sr. High School. The Board directed that appropriate reference be made in a resolution to be included in the minutes noting the long and faithful service of Mr. Earhart in his teaching position.

Approval was also given for the retirement of Mrs. Margaret E. Hoover and note was taken of the long and faithful experience of Mrs. Hoover as a teacher in the Westminster area. The Board heard a brief report regarding completion and final details of the building projects under construction at the Westminster Jr. and Westminster Sr. High Schools.

The Board was advised of the results of bidding quotations received for several relocatable classroom units to be used in the southern part of the county.

The Board heard a brief report on a meeting addressed by the Superintendent at the Freedom Junior Chamber of Commerce wherein members of the organization were advised as to the details of the southern high school now in the planning stage.

Discussion took place with respect to the possible moves on the part of the Board of Education to again consider the Junior College organization for the benefit of Carroll County pupils.

Dates for graduation from the senior high schools of the county were approved and it was directed that publicity now be given to these dates: June 3, Westminster and Taneytown; June 4, Westminster and Robert Moton; June 7, Sykesville and North Carroll; June 8, Francis Scott Key.

The Board heard and reviewed certain information regarding plans for the operation of schools during bad weather. The Board also heard a brief report from the Superintendent on proceedings of the Maryland Congress of Parents and Teachers which was attended by representatives of most of the schools in the county.

The Board accepted the resignation of Mrs. Freda DeGruchy, teacher in the Mt. Airy School and Mr. and Mrs. William Kramer, custodians in the Sykesville School.

Attention of the Board was called to a letter of appreciation from the United Appeal headquarters for the successful results achieved in the United Appeal Campaign with the school employees.

The Board received and considered a letter from the Capital Improvements Commission recommending the employment of consultants for the purpose of reopening the issue on the location of the southern high school. The Board directed that a reply be sent to the Capital Improvements Commission advising this commission that it was the feeling of the Board of Education that all necessary studies had been made and that State approval had been given to the plan for the construction of a comprehensive high school. It was, therefore, the sentiment of additional consultants at this time would prolong the project to the extent that it might be delayed beyond the time of serious need, now estimated to be September 1966. The Board directed that the Commission be advised that the building planning is, and will continue, and that it is the hope and sentiment of the Board of Education to have bids taken and building operations begin as early as possible in 1965.

Approval was given in special action to the structure of the maintenance personnel organization now in operation including modifications and adjustments in salaries where indicated.

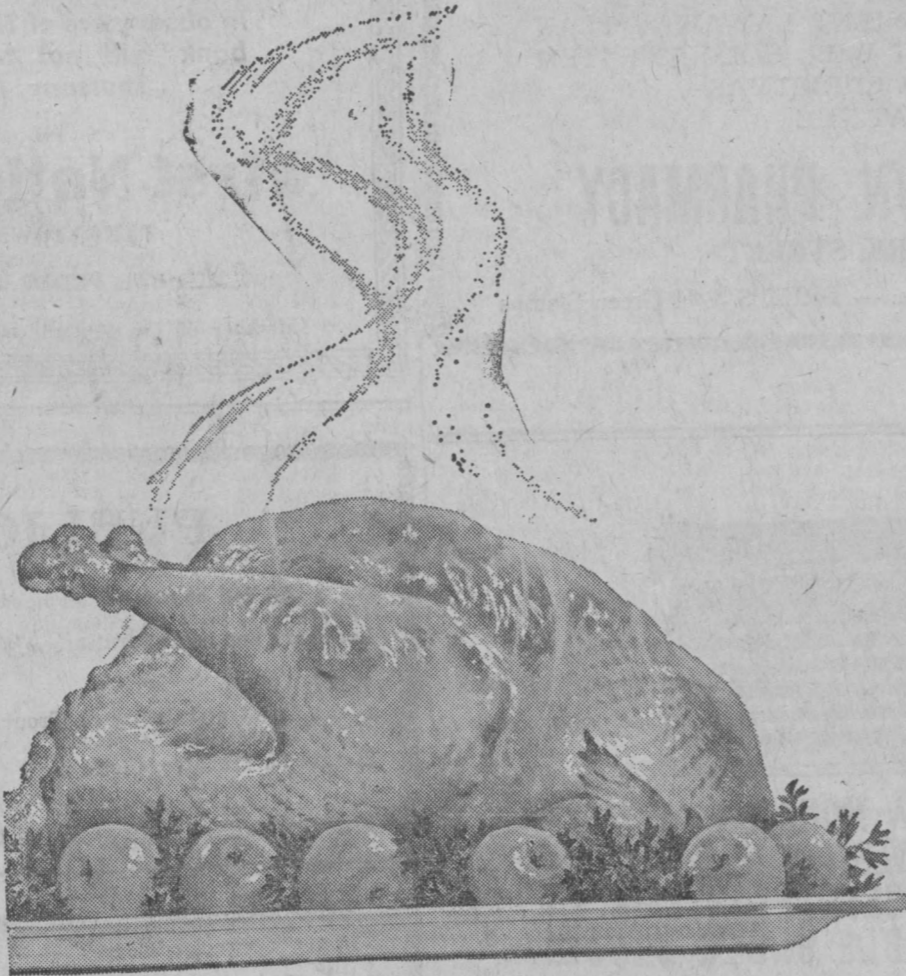

The Board heard a report on the Outdoor School project, including a film taken while the project was in operation. It was noted that it was apparent that public approval for this activity was almost unanimous and that many educational benefits were evident. The Superintendent advised the Board that much credit was due to Mr. Herbert Ruby, Mr. Gilman Williar, Dr. Charles Ecker and teachers concerned for the excellent operation, plans and educational results.

The Board was given information regarding transportation organization showing that 10,167 pupils are transported daily to the schools of the county and that 2,253 either walked or arrived at school by other means. This report indicated an October 21st enrollment of 12,420 pupils in the schools of the county. Figures were furnished the Board showing the enrollment in each school.

The Board received representatives from the Carroll County Teachers' Association who presented the plan for salary improvement and modification. Representatives were Mr. John Devault, President CCTA and Mr. George Arnold, Vice Principal Westminster Sr. High School. The request of the association is that the Board give consideration to the suggested salary structure and take action on it in sufficient time to include the revised financial figures in the budget for 1965-66 or, in other words, for the school year beginning July 1, 1965.

The Board noted with regret the death of Thomas H. Legg of Union Bridge and directed that an appropriate resolution be written into the minutes concerning his long and diligent services to the Board of Education, having served as a member from 1934 through 1938 and again from 1945 through 1950.

Adjournment was at 12:00 noon.

**Be Thankful for Thursday**

We say thanks this Thursday for the good life we've been free to earn for ourselves. It's a custom unique to free, independent Americans.

One way you can help protect the freedom that makes it possible is by buying U.S. Savings Bonds. The money you and tens of millions of your fellow Americans supply this way helps give Uncle Sam the financial strength he needs to safeguard our liberties.

Meanwhile the savings you accumulate help make your future Thanksgivings even more bountiful.

**... on Friday**

Buy U.S. Savings Bonds where you work or bank and see if you don't feel pretty good about it... for Thanksgiving Days to come.

- Quick facts about Series E Savings Bonds**
- You get \$4 for every \$3 at maturity
  - You can get your money when you need it
  - Your Bonds are replaced free if lost, destroyed or stolen
  - You can buy Bonds where you bank or on the Payroll Savings Plan where you work

1964 CENSUS OF AGRICULTURE BRINGS FARM STATISTICS UP TO DATE FOR CARROLL COUNTY, MARYLAND

The 1964 Census of Agriculture, now being conducted by the Bureau of the Census, U. S. Department of Commerce, in Carroll County, will bring up to date farm statistics last collected in 1959.

Here are a few of the many facts recorded in the 1959 farm census for this County

There were 2,035 farms in 1959, compared with 2,571 in 1954. The average size of farm was 110.5 acres in 1959, compared with 94.9 acres in 1954.

The value of products sold by the County's farmers in 1959 was \$14,691,800. The value of all crops sold was \$2,627,464. The value of all livestock and livestock products sold was \$12,063,836.

The 1964 national Census of Agriculture is the 18th in a series which began in 1940. Because of the rapid changes American agriculture has been undergoing in recent years, Census Bureau officials regard the current census as one of the most significant ever taken. They ask every farmer to cooperate in compiling an accurate record of these changes by filling out the census form he receives in the mail and holding the completed questionnaire until a census taker calls for it.

CHRISTIAN SCIENCE RADIO SERIES "THE BIBLE SPEAKS TO YOU"

A good gardener doesn't give a weed a chance to take hold. Getting rid of hate needs the same kind of treatment, for hate is like a weed. Sometimes it is planted in our thinking when we're hardly aware of it. Then we have to dig deep to get rid of it . . . and the sooner the better before it spreads. A radio program entitled: "DON'T LET HATE TAKE ROOT" will be broadcast this Sunday, November 29th, over many Maryland radio stations when the Christian Science series called THE BIBLE SPEAKS TO YOU is presented. These programs may be heard in this area over station WAQE (1570kc) at 8:30 o'clock Sunday morning; or tune in at 9:00 o'clock to WBAL (1090kc).

What! Another new dress? How ever do you think I can find the money to pay for it? Darling, you know I'm not inquisitive.

WITH THE ARMED FORCES

LEBANON, Mo. — Captain Geo. W. Acree II, son of Mr. and Mrs. Samuel Acree of Rt. 2, Westminster, Md., was a member of the U. S. Air Force Tactical Air Command (TAC) forces that recently participated in exercise Gold Fire I in the Ozark Mountains of south-central Missouri.

Captain Acree, a tactical fighter pilot assigned to Eglin AFB, Fla., was one of more than 20,000 men who engaged in the joint Air Force-Army training exercises conducted by the U. S. Strike Command.

Gold Fire I was held as part of a U. S. Joint Chiefs of Staff-directed evaluation of Air Force concepts for improving the use of tactical airpower in support of ground forces. TAC had more than 150 fighter, reconnaissance and assault transport aircraft in the exercise.

A member of Delta Kappa Epsilon, the captain received his B. S. degree from the University of Maryland. His wife, Marjorie, is the daughter of Mr. and Mrs. Thomas P. McCormick of 5306 Brookway Drive, Washington, D. C.

THEY WERE THANKFUL FOR SO LITTLE

Our Pilgrim forefathers set aside a day for Thanksgiving, giving thanks for shelter from the advancing winter and for their advance supply of food . . . things we take for granted.

Let us be thankful for the modern miracles of medicine, the scientific advances of this generation, and for the common bond we share with our Pilgrim ancestors—the privilege of living in freedom.
