SAVINGS BONDS AS AN INVESTMENT

Vernon E. Beall, Carroll County Savings bonds chairman, points out that like President Johnson, many Americans owe their careers and family welfare to their investment in U. S. Savings Bonds. The businesses financed, the homes built, the educations completed with the help of Savings bonds are countless, he says.

The President recently told a group of distinguished business leaders that he might not be president if it were not for the Savings Bonds program.

He told the anecdote after first praising the business leaders for their activity as members of the Treasury's U. S. Industrial Payroll Savings Committee who attended a meeting at the White House to inform Mr. Johnson of their plans to promote payroll savings in 1965. The President said:

"Except for two things, one, my wife, and two what we called 'baby bonds' I would not have ever been in Washington.

"I was working in Texas and we married in November 1934. The first rule my wife made was that we were to buy a Savings Bond each month. I made \$260 a month and we bought a \$25 bond for \$18.75.

"On occasions we would buy an extra bond.

"So over a period of several years we bought these bonds, and she would supplement them with a little of her own money, and when I announced for Congress in 1937 she had almost \$3,000 in what we called 'baby bonds' that I cashed in.

"I tell you it did not take long to get rid of the proceeds of them in that election year."

Mr. Beall explained the 'baby bonds' to which the President referred were sold from March 1, 1935 to May 1, 1941 when the current Series E Bond went on sale.

"Maybe money talks, but the present dollar should be ashamed to."—Kenny Bennett, Greencastle (Ind.) Putnam County Graphic.

Taneytown Swimming Pool Project

The Taneytown Swimming Pool Fund urgently needs the cooperation of all area organizations: civic, fraternal, social, service, recreational, educational, church-affiliated clubs, societies, teams. . . .

Donations and pledges from the current treasurers of these groups may not be feasible; however, ANY group could sponsor a SPECIAL fund-raising event or project in order to contribute to the Pool Fund!

Some events of this nature are already being planned: An elementary school classroom is selling popcorn; a high school club is donating part of the proceeds from a future play; a bridge club is having an auction of "white elephants" for members and guests; one group is having a dance, another a bake sale.

No matter how small the group . . . no matter how loosely organized it is . . . no matter how small the expected profit from a project may be . . . your help is NEEDED NOW! Let's not allow interest in the pool project to die down. Let's not sit back and wait for others to do the job. Let's make the Pool Fund grow — by nickles and dimes, if necessary — so that Taneytown may point with pride to a dream become reality.

FEDERATION OF REPUBLICAN WOMEN MEET

The monthly meeting of the Federation of Republican Women met February 2, at Taney Inn. The meeting opened by prayer by Mrs. Harry Mohney. The president, Miss Margaret Shreeve, conducted the business meeting.

"A Day at Annapolis," is again being held on March 4, with lunch at Carvel Hall, following workshops. The Republican basket will make its rounds with your favorite recipe to accompany the ways and means gift.

Mrs. William Hopkins, program chairman for Feb., introduced the speaker, Mrs. Otis Shoemaker, case worker for Welfare in Carroll County. It was organized in 1935. The welfare helps care for old age, needy families, blind, and disabled. The care for the disabled under 65 years of age is growing. The newest agency is the medical care to aged of 65. The welfare agency helps in the licensing homes for Foster children, marriage counseling, family problems, veterans agency benefits, Children's Aid Society, Health Department, Salvation Army Service Clubs, Foster Care and adoption of children.

Our next meeting will be March 2, when Mrs. Roy B. Kiser, program chairman, has secured Mrs. Gilbert Stine to show slides of their trip to the West Coast.

New Look for Tigers This Season

Brand new uniforms and a team nickname for the first time in its history, will mark Taneytown's entry in the South Penn League this coming season.

A complete change in the "playing togs" of the Tigers, will include gray pin-striped uniform with Navy blue and orange trim. The cap will be blue with orange block "T" and orange button and eyelets. The stockings will be Navy blue with two orange stripes.

The name "Taneytown" emblazoned on the front of the shirt for the past 30 years of the teams existence, will now be replaced with a block "T", trimmed in orange. It must be pointed out that these new uniforms will be worn only for home games at Memorial Park. The team will continue with the old outfits at away contests.

Oh yes, the new nickname for the Taneytown team is the "TIGERS." The past entries from Taneytown never had a nickname, but now they will, and it is hoped the namesake will enable the team to "claw up" the opposition in the South Penn League for the '65 season.

Also for the first time, as far as anyone can remember, we will have numbers on the back of the new uniforms, so that you can easily tell your favorite player from the scoreboard. Oh, didn't we tell you — there will be scorecards for you fans this Summer, to enable you to follow the game more completely. Now with numerals, you can spot who's who.

Going on the premise that a new look never hurt anyone, it is certainly possible that the Tigers will reach the top of success this year, with a pennant for the team and Taneytown.

Little children are still the symbol of the eternal marriage between love and duty.—George Eliot.

Senator Weant's Report

During this past week the Senate Judicial Proceedings Committee had a hearing on Senate Bill 120. This Bill would provide that insurers must issue Insurance status stickers to be placed on windshields of automobiles to indicate the expiration date of the insurance covering that vehicle. It would further provide that those vehicles that are not covered by insurance must acquire stickers from the Unsatisfied Claim and Judgment Fund indicating that the \$70 fee had been paid. The majority of the insurance companies were represented and opposed this Bill, primarily on the basis that it would be a nuisance to the agent and to the insured. However, the Bill was proposed in an effort to eliminate those people who are operating motor vehicles without any insurance and without paying money into the Unsatisfied Claim and Judgment Fund, which Fund is now almost bankrupt because of the failure of the insured motorist to pay the required fee.

Senate Joint Resolution No. 1 passed the Senate with a negligible number of dissenting votes. This Resolution would require the Congress to amend the Constitution to allow one of the houses of the bicameral legislature to be apportioned on a factor other than population. Some attempts were made to amend the Resolution as it was introduced but these were defeated on the ground that the Resolutions passed by the various states must be uniform in order to be effective. Thus far some 16 states have adopted the Resolution and it is hoped that a sufficient number will do so in order that Congress will act to amend the Constitution so that the State of Maryland can preserve its bicameral status as it was in those historic days when it was used as a pattern for the United States Congress.

There was a Bill introduced in the Senate to provide for two additional Circuit Court Judges. These would be Judges for the Fifth Judicial Circuit who would be residents of Anne Arundel County.

The motor vehicle got in the act again under Senate Bill 173. This would provide that the owner of any registered Class "A" passenger motor vehicle, upon the payment of a special fee, may apply to the Commissioner of Motor Vehicles for personalized special license plates. The funds realized from this proposed plan would be used to further the State Scholarship Program.

Senate Bill 196 would extend the term of Notaries Public from the 1st Monday in May, 1965 to the first of July, 1965. It provides that during this time of extension all Notaries Public would have the same powers and duties as were in existence during the original term. The purpose of this Bill is to relieve the Clerks of Court of the issuance of Notary Commissions at a time when they are extremely busy with matters of other importance.

House Bill 190 provides that it shall be the duty of the General Assembly to provide for an election whereby the people can decide whether or not a Constitutional Convention should be called. If a majority of those voting on the question at such election shall be in favor of a Constitutional Convention, the General Assembly shall, at its next Session, provide by law for such Convention. Any constitution, change or amendment of the existing Constitution adopted by this Convention shall be submitted to the voters of the State and shall have no effect unless the same shall have been adopted by a majority of those voting on the question.

House Bill 243 introduced by Delegate William B. Dulany and others would require a pre-marital blood test before the issuance of a marriage license. This would add Section 20 to Article 62 of the Code of Maryland General Laws.

Another effort is being made to solve the problem of the bankrupt Uninsured Motorist Fund. This is through legislation that would provide that all persons carrying insurance in the State of Maryland would also have available an uninsured motorists endorsement. This would mean that a motorist carrying such endorsement would be paid for his damages by his own Insurance company in the event of an accident with an uninsured motorist. Most insurance companies which provide this endorsement at the present time exempt accidents which occur in the State of Maryland or in New Jersey because of the existence of the Unsatisfied Claim and Judgment Fund in those states. It is claimed that this uninsured motorists endorsement would cost about \$5 additional.

THE HUMAN NEED FOR LOVE

February is a cold, wintry month, but right in the middle of it comes a heart-warming day which is as welcome as a breath of Spring. We mean, of course, St. Valentine's Day, when we express tender thoughts of affection to those we love. Romantic valentines embellished with hearts, cupids and flowers, convey the wonderful message "I Love You."

Whether the valentine we send or receive is beautifully decorated and expensive or one of the penny variety, the sentiment of love is the same.

There are, of course, different kinds of love other than the romantic type which is associated with St. Valentine's Day. Once, a long time ago, there lived a Man who exemplified love in its purest form. That Man was Jesus Christ, who lived, taught, and expounded it throughout His short earthly sojourn. In His Sermon on the Mount, The Golden Rule, and in answering questions put to Him, Christ stressed love for God and love for one another. He well knew the awesome power of love, and each individual's great need for it.

Today, scientists and doctors are discovering these self-same truths. They have found, for example, that a new-born child can actually waste away and die if it is denied love — especially mother love. Lack of it stunts children psychologically, spiritually, and physically, no matter how well-fed they may be or how clean they are kept.

Before doctors and pediatricians realized the importance of babies' being loved, there used to be a shocking number of deaths among infants who entered hospitals and children's institutions. These institutions were badly understaffed, in many cases, and nurses and attendants simply did not have time to love or cuddle the babies under their care. Gradually, it began to be recognized that it was the absence of "mothering" the babies that was causing the high death rate.

Psychiatrists have found that lack of love during an individual's childhood is the main causative factor in various emotional and mental illnesses. Hardened criminals and juvenile delinquents are almost invariably people who failed to receive the emotional warmth and attention which they so badly needed as small children.

We may well conclude, then, that love is the most important force in shaping our physical, spiritual and emotional lives. No one of us can ever give too much, or receive too much of it. More than any other emotion, it enriches the lives of both the giver and the recipient.

The Rev. Martin Case, pastor of Thurmont - Emmitsburg Methodist church spoke on the theme before 138 persons. He declared the "Gospel of Jesus Christ is the solution of to-days problems." A spiritual awakening should take place in America to serve Christ, as in Cor. 4, to be fools for Christ instead of fools for to-days events such as: the Beatles, race tracks, drinking, "dope", etc.

The Rev. William M. Hendricks, pastor of the United Presbyterian Church, Taneytown, was Master of Ceremonies. The singing of "Praise God From Whom All Blessings Flow" opened the program with Mrs. Carroll K. Tinkler at the piano. Rev. Howard M. Yohe, pastor of Brooklyn Park U. B. "SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Calling All Teachers! Do take a trip with your pupils down to the Maryland Art Building in Wyman Park. Even if there is one child who really is gifted think what you may do for him! I stood fully for 20 minutes and drank in the lovely restored painting, "A WILD SCENE" of 1832 which was lost for about 75 years. The last owner was E. L. Rogers of Baltimore in 1882 and it came to light in 1958 when it was purchased at a local auction house by the Baltimore Maryland of Art. It was covered by thick varnish and old grime. Mr. Howard Misrett recognized it as the early version, "The Savage State" of Cole's famous five series. It is huge and wonderful and so natural.

Hochschild's exhibited the Maryland 10th Orchid Show and from the "Oh's" and "Ah's" it really was appreciated. The orchids were truly magnificent and displayed beautifully. I observed and read the fair criticisms of the judges on the cards and they were perfect. How I would love to attempt to grow them for that phrase always comes before me, "Orchids are Easy to Grow!" While in that "homey" store, I was so surprised to see one part of a room made into a Travel Bureau for Flights and Cruises and I think any question to those two ladies in charge can be answered. So much nicer than just phoning for information. Eh?

Walking through the Lexington Market, saw a big long line of men at a bologna counter and sez I, "Take a look and see what's going on!" I had to stand on my toes to look over the shoulders and there it was by A. Dell — the Delnesses man, making those big "SUBS" for the price of 30 cents and what they put in was worth eating! I was sorry that I had stopped by to eat at the Raw Bar, a dozen large clams on the half shell, for I would surely have joined the line!

Met a little mother of a 22-year-old soldier boy who is out in California right now. What do you think she does, folks? Baby Sits so as she can send the money to this boy and he is one who surely does appreciate everything! See what I mean about Mothers?

Ladies, the newest nail shade is really fascinating by "CUTEX" called, "Nearly Nude." Your nails will appear glamorous as it is a delightful pink!

Don't forget as Valentine Day approaches and you just simply can't ever say, "I love you!" Be sure and purchase red roses for every lady knows what they say in any language! The thrill, too is having them sent to have her open up the box when she is alone!

Now, here's a cute one which will bring a smile to both male and female. A first-grade teacher in Baltimore said to her class last week, "Children, the flag over our school and all other flags in the city are halfway down the pole. Do you know why?" Up went several hands. The owner of one was selected to answer. "It's because President Johnson has a cold!" the boy said, proud of his knowledge of current events!

How I would love to secure that tune of "The Bell Telephone Hour!" According to that Company no one is ever to know the theme at the beginning and end of that show! UGH! That really should be passed on for it would make "The Hour" more popular if everyone would remember the tune at all times!

God Bless You

How sweetly fall those simple words
Upon the human heart;
When friends in holiest terms thus seek
Their best wish to impart.

From far or near they ever seem,
To bear a power to cheer you;
And soul responsive beats to soul
In breathing out:—"GOD BLESS YOU!"

Until next week D. V. and do make some one happy.

I remain,

Faithfully,

YOUR OBSERVER.

A — P. S. Will see you at the Auto Show!

PARISH TO TELL OF CO-OP SUIT AT MEETINGS

Frank P. Parish will explain his suit against the Maryland-Virginia Milk Producers' Association to two groups of farmers in Frederick County this week.

Sessions similar to one held last week at Laytonsville will be held Thursday at the Jefferson Grange Hall and Friday at the Walkersville Fire Hall. Both meetings will open at 7:30 P. M.

Ray H. Smith, county dairyman, who arranged Thursday's session, said he thinks milk producers should have an opportunity to meet Parish and hear what he has to say.

"Several dairymen joined me to attend last Friday's meeting at Laytonsville," Smith said. "We had planned to heckle Parish because we had heard so many uncomplimentary things about him.

"After hearing what he had to say, we changed our minds."

Parish has filed suit in Montgomery County courts to make the milk co-op open its records to members and to recover alleged damages to the co-op caused by "mismanagement and mishandling of funds."

BOY SCOUT WEEK

The theme of Boy Scout Week, to be observed from February 7 to 13, is "Strengthen America's Heritage." A better one could not have been chosen.

All manner of activities will characterize the Week. Churches of every denomination will develop the theme in their services. Newspapers, radio and television will give the Week the notice it so richly deserves. Schools and civic groups will participate. Patriotic organizations will play their important part. The goal is to bring home to everyone American principles and ideals which are eternal and which the Scouts are pledged to sustain.

The Scout Oath and Law is worth rereading and remembering: "On my honor, I will do my best to do my duty to God and my country, and to obey the Scout law. To help other people at all times, and to keep myself physically strong, mentally awake, and morally straight." Every Scout thus gains a philosophy to live by all his life.

The Week will mark the 55th Anniversary of the Boy Scouts of America. Some 5.5 million boys are now members. May their tribe increase, and may the movement last for centuries to come.

GREAT SOCIETY NOTE

Now that the Senate has passed the \$1.09 billion Appalachia aid bill (we wonder what that extra \$90 million is for), and since the expectation is that the House will follow its example, it may be time to re-study our geography.

Appalachia is presently defined as an area involving 11 states, as follows:

All of West Virginia and parts of Alabama, Georgia, Kentucky, Maryland, North Carolina, Ohio, Penna., South Carolina, Tennessee and Virginia. But spokesmen for other states give the impression that, properly speaking, Appalachia should cover a lot more territory and reach from New England to what was once called the Wild and Woolly West.

If the Federal largesse (as voted by the Senate) were to be whacked up evenly among the approximately 15 million residents of the 11-state area, it would amount to about \$72-662/3 apiece. But the money is to be used, we are told, in a six-year program to rehabilitate the economy of the region — whatever that may mean. Statesmen from other sections have expressed the fear that it may mean additional, Federally-financed competition for their own pet industries, but the press has been told it will be used mostly on new roads.

While President Johnson has indicated that he doesn't want any amendments tacked onto this bill, it would seem, nevertheless, that that provision should be made for a gasoline line fund so that the destitute of Appalachia may be able to ride on their new roads while waiting for the new boom to envelop them.

Did You Know?

There are three kinds of light reflection.

Mirror reflection, where light rays reflect from a surface at the same angle they hit it.

Diffuse reflection. Light rays bounce off the surface in all different directions. Most surfaces are diffuse reflectors.

Reflex reflection. Light rays bounce back directly to the points of origin. This is why some reflective traffic signs and license plates are so brilliant. They reflect and concentrate the light rays from headlights.

TASTY WAY TO WOO A VALENTINE

On Valentine's Day, follow the sure route to a man's heart; woo him with a man-sized main-dish pie. Beef and kidney, veal and mushroom are hearty pie combinations with male appeal. Top with flaky pastry, flavor with an irresistible accent of wine and whiskey. Gay paper hearts decorating cocktail glasses set off appetizer drinks in style; this year, for cocktails, Cupid prefers Rob Roys.

- ROB ROYS**
1 pint Scotch Whisky
6 ounces (3/4 cup) sweet vermouth
Generous dash bitters
- Stir with cracked ice, strain and serve with red maraschine cherries for 8 Valentine toasts.
- VALENTINE STEAK AND KIDNEY PIE**
- Filling**
1/4 pound beef kidneys
1 1/2-2 pounds round or flank steak, cut in 1 1/2" cubes
1/2 cup flour
1 teaspoon salt, 1/4 teaspoon pepper
1/4 cup drippings, shortening or oil
- 2 medium onions, chopped
2 tablespoons parsley
Pinch thyme, cayenne
1 tablespoon flour
1 bouillon cube dissolved in one cup boiling water
1/2 cup red wine

Prepare flaky pastry in advance from your favorite recipe, or use a prepared mix. Chill until required. Wipe and split kidneys and remove cores, skin and any membrane. Toss these and the cut-up meat in a paper bag with flour, salt and pepper. Brown steak in hot fat, then saute kidneys with it for a few minutes. Remove to heart-shaped baking dish that holds 1 quart. Add onions to pan with more shortening if needed, and brown lightly. Then add herbs and flour and brown well. Add bouillon and wine and cook 2-3 minutes, until thickened. Taste to correct seasoning, then pour over meat and kidneys.

Roll out the pastry 1 1/2" wider than top of pie dish. Cut a 1/2" strip around the outside of rolled out pastry, trimming ragged edge. Lay large piece of pastry over meat filling to form top crust. Roll edges under, pressing tightly to outside top edge of pan. Brush pastry edge with water. Twist the thin strip into a rope, and lay around edge of pie, pressing into other crust. Cut cupid's arrow in the center of the pie, to let steam escape.

To glaze pastry: beat one egg with 1/4 teaspoon salt and brush liberally over pastry top. Bake at 425° F. 30-40 minutes. Cover with a sheet of aluminum foil, lower oven temperature to 375° F and bake another hour. Re-glaze, if necessary, before finally removing from oven. Fill in the arrow with Creamy Horseradish Sauce. Serves 6.

Here's A Tempting Sandwich Idea

Sandwiches have gained momentum in menu planning. Whether the next sandwich you serve is for lunch, supper, or a late evening snack, make it a "souper" one. One that pleases all around the table.

A terrific idea for this popular food favorite is spread-a-burgers. They're tempting open-face quickies. Easy-do's, spread-a-burgers combine ground beef, chicken, eggs, or tuna, with a canned condensed soup, and seasonings. This tasty mixture is spread on toasted frankfurter or hamburger buns and broiled.

As a lunch or supper menu pass crisp carrot and celery sticks or canned hot cherry peppers. Follow with a tray of apples and doughnuts; mugs of milk for the youngsters; coffee for adults. For snack-time eating, spread-a-burgers stand on their own, made like this:

BEEF SPREAD-A-BURGERS

- 1 1/2 pounds ground beef
- 1 can (10 1/2 ounces) condensed tomato soup
- 1/2 cup finely chopped onion
- 1 can (2 ounces) chopped mushrooms, drained
- 1 teaspoon salt
- 1/2 teaspoon leaf oregano, crushed
- 1/2 teaspoon pepper
- Dash garlic powder
- 6 frankfurter buns, split and toasted

Thoroughly mix beef, soup, onion, mushrooms, and seasonings. Spread mixture evenly over bun halves; cover edges completely. Broil about 4 inches from heat for 12 to 15 minutes. Makes 6 open-face sandwiches.

NOTE: If desired, sprinkle burgers with 1/2 cup shredded mild process cheese during the last 5 minutes of broiling.

SUPERVISOR OF ASSESSMENTS
OF CARROLL COUNTY ADVISES
ALL BUSINESSES TO FILE
SCHEDULES

Schedules and returns of personal property are due to be returned to the Supervisor of Assessments Office for Carroll County by Saturday, February 13, 1965. Resolution No. 4-64 adopted on July 28, 1964 by the County Commissioners of Carroll County pertaining to the diminishing of stocks in business, raw materials

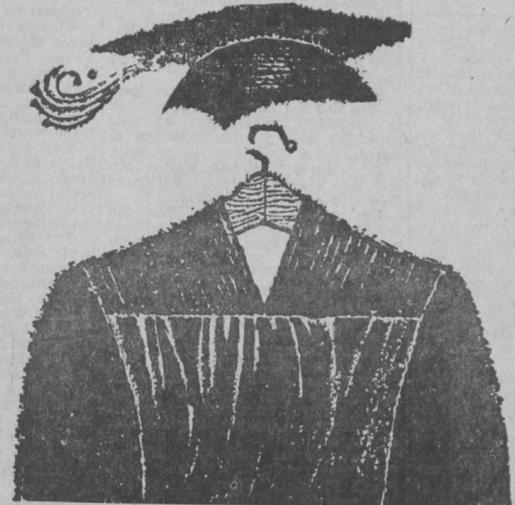

on hand and manufactured products in the hands of the manufacturer over a ten-year period does not eliminate the filing of these returns as this information is necessary for processing for State and County taxes and also is required before the Supervisor of Assessments can issue a certificate essential in obtaining a Trader's License for the subject business.

HOW TO STOP
FRITTERING AWAY
YOUR SON'S COLLEGE
EDUCATION

Not a nice thing to think about but you could be doing just that if you don't have a regular savings program. Paychecks have a way of disappearing into thin air. And your best intentions to save often get postponed until the "next time around."

But there is an easy and sure way to save called the Payroll Savings Plan. And it works automatically.

You just ask your employer to set aside a small amount from your check each payday to be put toward the purchase of a U. S. Savings Bond.

For example, just \$4.33 a week adds

up to the \$18.75 you need to buy a \$25 Bond every month. More than likely you'll forget you even set it aside (a pretty painless way to feather your nest).

This way, those few dollars you never see now will be keeping Junior in tuition and textbooks later. What's more, they'll be working for Uncle Sam to keep the world strong and free for his generation.

So why don't you point your willpower in the right direction! Join the Payroll Savings Plan, and see how you, too, can be a reformed fritterer.

Keep freedom in your future with

Thought for today—The three things most difficult to observe are: to keep a secret, to forget an injury and to make good use of leisure.

KEYSVILLE-DETOUR

Greetings to you:

It is with a heavy heart at the loss of a good neighbor and friend, William Weishaar of Forest and Stream Club Road, that I type my news for you today. "Willy," as he was generally called, died Saturday night at Johns Hopkins Hospital. He was buried on Wednesday at 1 o'clock from the Middleburg Methodist Church. Besides his wife Mignon he leaves three sons and a daughter, Larry, James, Randy and Sandra (Mrs. Paul Wildisan) as well as three grandchildren, and two more on the way. Do you, too, often find it hard to understand why so many who are good and also young (Willy was just 50) have to die? I wonder if we will ever understand.

Speaking of hospitals, we have some other neighbors in Annie Warner Hospital in Gettysburg. Mrs. Upton Dayhoff of Keysville and Edward Coshun of Redland near Detour both had operations on Monday. Our postmaster, Mrs. Carroll Dougherty, enters Carroll County General Hospital in Westminster on Thursday (11th). Do hope they all do well and are soon feeling fine again.

Susan, daughter of Mr. and Mrs. Richard Wilhide, is still on the sick list. As soon as she seems to be getting over her trouble, she has a setback again. It seems to be what the doctors term "a low-grade type of infection."

The Keysville Lutheran Church Women's Executive Committee has accepted the invitation of the District President, Mrs. Elwood Baumgardner, to hostess to the Spring District Assembly on April 29, 1965. A lunch will be served and workshop meetings will follow in the afternoon.

"Aunt" Nannie Haugh of Clear Spring has been transferred from the Washington County Hospital to the Williamsport Sanatorium, Room 209, 154 Artizan St., in Williamsport, Md. She has so appreciated the cards and letters she has received and is much improved. (Thanks, Donald, for the letter.)

Mrs. Arthur Clabaugh and Mrs. Carroll Wilhide were luncheon guests last Wednesday with Mrs. Clabaugh's mother, Mrs. Mary Coulson of Hanover.

Don't forget to call one of the members of the Softball team if you have some papers, magazines or rags you would like to give away. They will use the proceeds for equipment. Some of the members are: Larry Stambaugh, Charles Young and Gary Schildt.

I'm very proud to tell you that my husband Bill has accepted the job of Scoutmaster for the Union Bridge Troop. He enjoyed scouting when he was a member and I feel he has a lot to offer the job. You will find a notice elsewhere about registration next Monday evening at the Fire Hall. The men on the committee, my husband and Burnell Broadwater (as Assistant Scoutmaster) all have the interests of scouting at heart and really want to do well. If we, as the parents of the scouts, will give them all the assistance we can, this troop should really be able to "GO!"

Speaking of Scouts, this is Boy Scout Week and many of them will be wearing their uniforms to school. Cub Pack #459 attended church together last Sunday at St. James in Union Bridge. The Pack will also have their Blue and Gold Banquet at the Union Bridge Church of the Brethren on Friday, Feb. 19.

Youth Sunday was observed at Keysville Lutheran Church on the 7th. The young people did a fine job, too. Jerry Devilbiss led the Service, received the offering, had the prayer of the church and gave the benediction. Eleanor Haines read the Old Testament lesson, Linda Ohler the Epistle lesson and Beverly Young the Gospel lesson as well as leading the Apostles Creed. The sermon was given by Neal Wilhide, Steve Hohman and Melvin Bostian and was "The Sin of Omission." The original sin was irresponsibility and Cain's sin was failure to love his brother. Each of us must live up to the responsibility of our own actions and not give out with a lot of double talk. As long as we blame others for our own faults and wrongdoings and think we are self-sufficient, we do not know the true meaning of Christianity. The sin of omission is the worst.

Joanne Glass, Darlene Bowers and Linda Schaffer sang "Be My Companion" while Danny Wilhide and Jimmy Coshun passed the offering plates. Mrs. Clyde Wilhide and Mrs. Edward Coshun were the adult leaders who helped the group set up the service.

This is the week to wish each of

you a Happy Valentine's Day. It is also the time to say Happy Anniversary to Mr. and Mrs. Loren Austin of Detour on the same day. Happy Birthday wishes to Mrs. Vernon (Thelma) Schaffer of Keysville on the 13th and Sterling Fritz of Taneytown on the 18th.

Keysville-Detour Homemakers Club will meet on the 17th at the home of Mrs. Louis Keepers with Mrs. Merle Eckard as co-hostess. The demonstration for the evening will be "Adequate financial protection for medical emergencies."

The Ads, Booklet and Publicity Committee for the Hobby Show to be held at Elmer A. Wolfe School on the 27th of March is now hard at work. If you would like to place an ad or be listed on the Patron's Page, please contact one of the members, Detour, Keysville and Taneytown are being covered by Mrs. Harold Thomas and Mrs. William Fleharty; Middleburg, Keyman and Ladiesburg by Paul Johnson; Westminster by Bernman Weeks and Union Bridge, Linwood and New Windsor as well as the surrounding area by Mrs. Norman Black and Mrs. Danny Zile. There will be a meeting at the home of Mrs. Fleharty on Tuesday, Feb. 16, at 8 P. M. for the members of this same committee.

I'm sure most of you know that I suggested the popsicle sticks be saved at school. My son, Wayne and I wash them and whenever I go to Westminster I take them along to the office of the Carroll County TB Assn. I had a very nice letter last week from Mrs. Ethel Cook, thanking me for wanting to do this. I'm passing this along so you will know how much these sticks do mean. They are used in hospitals and sanatoriums for therapy and many things can be made with them. Mrs. Cook also told me that 19 persons were admitted to State Hospitals during 1964 from Carroll County. Twelve were new cases and seven were reactive ones. Did you know this? With warmer weather only two months or so away, you may want to also plan to save the sticks for this good cause. Please do wash them before you take them in.

—Dharyls Fleharty.

Attention Future Boy Scouts

If you are a boy 11 years or older and would like to be a Boy Scout, come to the second floor of the Fire Hall in Union Bridge on Monday evening, February 15, at 7:30 P. M. Former Boy Scouts will be re-registered and new applicants will be registered at that time. There is a small registration fee. At the meeting held on the 8th, Jack Harris was appointed Chairman and Richard Diehl, Secretary-Treasurer of the Committee. Earl Myers is the Neighborhood Commissioner, William Fleharty Scoutmaster and Burnell Broadwater Assistant Scoutmaster.

Correction: in the notice last week Harold Stambaugh was listed as a committee man. This was in error and should be Harold Selby.

Seminary Auxiliary Membership Drive

Do you know that the Lutheran Theological Seminary in Gettysburg is the oldest Lutheran Seminary in the Western Hemisphere—having been started in 1826? That over 5,000 pastors have been graduated from there? That the Seminary consists of 19 buildings on 52 acres of ground? That it is the first Lutheran Seminary to hold Summer Institutes?

These are only a few of the interesting things there are to know about "our" Seminary. We help to support it with some of our Benevolence funds. The Auxiliary of the Seminary holds its membership drive during the month of February which is Higher Christian Education month. Memberships are: Annual, \$1.00; Contributing, \$5.00; Sustaining, \$10.00; Group, \$25.00 or more; Congregational, \$100.00 or more.

The goal this year is \$5,000 for a Scholarship Fund for the Seminary. This money will not need to be repaid by the students and the only stipulation is that the money be used for seminary expenses. Won't you contact your Key Worker and apply for your membership? In the Union Bridge Lutheran Parish they are: St. James, Mrs. Stoner Welty; Mt. Tabor, Mrs. Harold Late, and Keysville, Mrs. William Fleharty.

Elmer A. Wolfe PTA

"The School Board Nominating Convention of Baltimore County" was the topic of Jeffrey Smith, an attorney from Baltimore County, at the general meeting of the Elmer A. Wolfe PTA in Union Bridge on Feb. 8. Mr. Smith, who has served as Chairman of the Convention, told how a planning convention is held first, then a forum and then the nominating convention. Anyone interested in being a member of the school board must be endorsed by at least three organizations which are non-profit, non-sectarian and have a continuing interest in education. Three or four counties, he said, are now using this method.

Positions on the school board, Mr. Smith pointed out, can be filled by elections, appointments ("pure" appointments, he called them) or by an appointment from the list of three submitted by a Nominating Convention. The Governor of the State has the responsibility of appointing any one he thinks would be right for the position. Certainly he cannot know enough responsible people in each of the counties for the appointing of a new member to the school board each year, said Mr. Smith, and this is where the Nominating Convention helps for they actually—with the help of the endorsing organizations—screen the applicants.

So often, Mr. Smith went on, the person is appointed because of his political affiliations and this should have no more to do with it than his race, color or creed. The important requisite is that the person have the interests of education at heart. When asked one time why he has such an interest in education, he said, he answered that he has five children. If each of them spends the usual 12 years in school, that will mean that his family—not counting his wife and himself—have received 60 years of education, interest and attention. This is worth working for.

A motion was made and approved to pay for the listings on the Francis Scott Key High School Community and Birthday Calendar. The treasurer reported a balance of \$205.81 in the treasury. Mrs. William Fleharty explained why she had requested the saving of the popsicle sticks for the Carroll County TB Assn. and had a lamp and two hot mats on display as examples of some of the things that can be made with these sticks by TB patients in the various hospitals and sanatoriums for therapy.

We were sorry to learn of the sudden illness of Mrs. Geraldine Stockdale Myers of Mayberry. She was taken to the Carroll County Hospital on Saturday afternoon. We wish her a speedy recovery.

"Money Talks Back" author unknown They do me an injustice who say that I am the cause of all the woes in the world.

I am an obedient servant, running on whatever errands I am sent. I am always under orders.

Give me an opportunity and I will build the highways of peace by which humanity may enter the kingdom of God.

Loose me and let me go, and I will carry healing to the suffering victims of hate and malice around the world.

Open the doors for me and I will build hospitals, train nurses, care for little children, comfort the aged, and provide food for the hungry, I know no color lines. I serve all men with equal fidelity.

Give me the chance and I will train youth in the highest and holiest ideals of Christian democracy.

Just a little of me is necessary to establish and maintain institutions that build character. Much of me is necessary if invested in police courts and penal institutions.

Make me an ally of righteousness and I will do much to bring in the Kingdom of God. I am power. I am waiting to serve the Lord.

THE WAY I SEE IT . . .

Observations on the World of Sports by John Breth

The word from San Francisco is that the new manager of the Giants, HERMAN FRANKS, intends to make his players better base runners this season. That won't be hard. The Giants couldn't get any worse. They must have broken all records this year for men caught on the bases, although negative records of that kind are not kept.

Franks might be well advised to change his team to a "no, no, no" band of base runners instead of "go, go, go." There is nothing, except a double play, which kills a rally the way a man caught on the bases does.

Herman says he is going to have experts on the art of running in the Giant training camp to teach the men how to pick 'em up and put 'em down. But that may not be the point. Speed is helpful in the science of running the bases but something even more important is timing. The ability to gauge a situation instantly and make your try when the odds are in

your favor, not against you. What good is speed if you try the impossible and you're an easy out? The Giants last year were not a band of lead-footers. They had some young fast players who were among the leaders in times thrown out on the base lines.

However, added speed will help if Franks can only teach his players how to spot chances for an extra base when the chance is there and to refrain when there is no chance.

Pitching coaches are like everybody else, some are smart and some are not so smart.

The Boston Red Sox think they lost a smart one in SAL MAGLIE, who is going to work full time this year as a Deputy Athletic Commissioner in New York State.

One Red Sox pitcher who will especially miss Maglie is Dick Radatz, the fireballing fireman.

Radatz gives Maglie the credit for changing him from just another pitcher into just the greatest among today's relief men.

It happened in 1962, Dick's first year with the Red Sox. As he remembers it he had just finished a game and he was walking into the clubhouse when Maglie, the Red Sox pitching coach, came up alongside him and said: "You weigh 240 lbs., it's a shame you don't get all your weight into a pitch."

Radatz threw Maglie a questioning look and Sal continued: "Try bending your back leg." "Push off and get your body behind it."

The next day Maglie took Radatz to the mound and showed him what he meant. It wasn't easy for Dick to make the change. But he did. The results speak for themselves.

It made his fast ball just that much faster and also made him the most feared reliever in the big leagues.

The Cleveland Indians reacquired outfielder ROCKY COLAVITO for his home run bat but they also are prepared to welcome his enthusiastic approach to the game.

The Indians got back the Rock in a three-team deal recently involving the Kansas City Athletics, where he played last year, and the Chicago White Sox.

Manager Birdie Tebbets of the Indian says: "Last year Colavito played with a losing club, Kansas City, and never stopped hustling one minute. This is the kind of example we want to show our younger players."

Rocky's wife, Carmen, says that Rocky has such terrific enthusiasm for baseball she is certain it increases his popularity with the fans.

When Colavito played for Cleveland several years ago he had a large fan club, made up for the most part of teen-age girls. He recently said: "I guess they're all married women now. Time sure passes quickly."

Telegrams, letters and phone calls have poured in on Rocky at his home near Reading, Penna., all expressing delight at his return to Cleveland.

Incidentally, Rocky thinks he is a better player now than he was on that dark day on which the Indians traded him to Detroit in the Spring of 1960.

He says he went for the long one on every pitch in those days. But he has learned a little more about hitting the ball where it is pitched now.

At 31, Rocky figures he has many good years left in baseball.

DID YOU KNOW THAT — Luis Aparicio who has led the league in steals nine straight times has swiped 366 bases while being thrown out 87 times during his career for a .808 success percentage with the Orioles.

TODAY'S SPORT LAUGH — Before Wilt Chamberlain was recently traded, the New York Knicks of the N.B.A. tried to get him. But in the past they have been "snake bitten" in deals and this prompted one way to write: "It would be just their luck if they did buy Chamberlain he would be three midgets pasted together."

Tradition Vs. Duty
Lesson for February 14, 1965

Background Scripture: Matthew 14 and 15.
Devotional Reading: Matthew 5:14-20.

WHICH IS MORE important, character or custom? This is not a rocking-chair question. It meets serious minded Christians more often than you might expect. Some of the time there's no problem. Eating with a fork and telling the truth can be both done at the same time. One is custom, one is character. Custom is what everybody does without thinking much about it. Character...

Dr. Foreman can't be seen with the naked eye as custom can. Customs are observed by people in droves and swarms. Doing what "everybody else" does calls for no special inner strength; being different from the crowd, refusing to conform, sometimes takes a hard head and a stout heart. The crowd is often right; but right or wrong, sometimes only a brave man can go against it. Character includes willingness to be different when "different" means right.

Breaking custom - A custom-breaker is looked down on more than a lawbreaker. Indeed it is easier to break a law, and more popular too, than to break a custom. Look at any highway, some busy time of day. Half the people out there are driving faster than the law allows. Nobody writes in to complain about that. But if some driver decides to stick with the speed limit signs, the other drivers, all law-breakers, will honk at the man mightily. The highway public doesn't like law-observance when it interferes with their custom of breaking the speed laws. To take another example, in the old south there was no need of a law to keep white people and Negroes from eating together. But they always ate separately. Even if a man ran a restaurant, he would serve white and colored...

in different rooms though the stew may have been made in the same pot. When white people began to eat with Negroes, — even one white person with one Negro — the white person and the colored one no less would be looked on with ridicule if nothing worse. So all through life, from the small boy who wouldn't be caught dead in some kind of clothes that none of the other fellows wear, down to the old man who requests a funeral just like everybody else's, "custom doth make cowards of us all."

Why be different? There's no point in being different just for the fun of it. There should be some reason for it. The Bible helps us here. The Hebrews were God's own people, and the prophets drummed it into them — or tried to — that if they were really the people of God they would have to act and think and worship and work and play differently from their heathen neighbors. The New Testament tells how Jesus was rebuked for eating with "untouchables" and because his friends did not always observe all the ancient traditions. All down the ages it has been the same story. The early Christians seemed like cranks to the Romans because they would not burn a pinch of incense on a little altar. Everybody else did it; fifty million Romans couldn't be wrong; what ails these peevish people?

Our current crisis One problem that is rocking America as these lines are being written, is the race question. It is a painful problem, and specially for the Christian. Are you, reading these lines, a white person? Then take time this week to ask yourself, what is the way God wants me to treat Negroes? How would Jesus treat them if he were here? Or are you, reading this column, a Negro? Then give some thought to the question: Is what I think about white people, the way a Christian should think about them? Do I dare go out and put my Christian ideas to work in my relations with white people? White man and Negro, if we are honest with ourselves we have to admit that when custom conflicts with conscience or with Christian character, it's hard to do the very thing we know is right. But is it Christlike to be "sons and daughters of the Most High" only when it is easy?

How To Travel With Children

An automobile trip with children can be both economical and fun, but it has some built-in headaches. The makers of Bayer Aspirin suggest these ways to ease the strain.

Youngsters love travel games such as looking for white horses or other unusual things.

Transistor radios with ear plugs for individual listening are wonderful attention holders.

Eat lightly during the day, and plan frequent rest stops, preferably at scenic and historic sites. Older children will enjoy keeping a list or diary of places stopped and things seen.

Don't forget to take an emergency kit containing sterile pads and adhesive, a topical antiseptic, medicated skin cream, aspirin (both adult and children sizes), and an anti-motion drug.

Keep baby content by taking along a few old familiar toys of the washable variety.

Install seat belts, and see that all members of the family use them. Above all, drive carefully!

SENATE BILL NO. 31

(The following is the third of four articles written by Judge Emory H. Niles in explanation of the Senate Bill 31. -Editor.)

NON-COMPETITIVE JUDICIAL ELECTIONS

In addition to Nominating Commissions and Home Rule, there is a third feature of the Niles Plan (Missouri Plan) which was not adopted by the Legislative Council, but which has been an important feature in the Plan in all the States which have adopted it - particularly in Missouri, which first put the Plan into effect 24 years ago. This part of the Plan provides that when judges come up for election, they run "on their records" instead of against opposing candidates.

There was considerable opposition at the hearing before the Legislative Council to this feature of the Plan. It was undoubtedly the sincere opinion of members of the Legislative Council that the benefits of the Nominating Commission could be obtained without introducing the more controversial feature of non-competitive elections.

However, because this has been an intrinsic part of the Plan as it was originally conceived, and as it has been presented to Bar Associations and civic groups throughout the State, I would like to point out the advantages of this proposal.

It is an important feature, in my opinion. If our objective is to be sure the best possible judges, one necessity is to make judicial appointment attractive to the best qualified men. Under the present system of open election, there are some men of the highest qualifications who are unwilling to run the risks of a political campaign.

As the law now stands, when a vacancy on the bench occurs by reason of death or retirement of a judge, the Governor appoints a judge to serve until the next general election, held at least one year later. At that election, the appointed judge must run against any lawyers - regardless of their qualifications - who may want the job.

The "sitting judge", as incumbent, enjoys some advantages, although the fact that he is the incumbent does not appear on the ballot and, in the larger communities, is probably not known by a high proportion of the voters. But the "sitting judge" also suffers severe disadvantages in that the other aspirants for the position can campaign, advertise, attend political meetings and personally solicit votes. The "sitting judge" can do none of these things. Judicial decorum bars him from advertising and electioneering. And he has to go through the same procedure all over again, if he runs for re-election at the end of his term.

A successful lawyer must make financial and economic sacrifices when he becomes a judge. He must relinquish any law partnerships or any connection with his former office. He must give up his clients and sever business connections that he has acquired over his years of practice. If

a lawyer makes those sacrifices to accept an appointment, and then is defeated at the polls a short time later, he has suffered an irreparable loss. It is true that a great many fine judges have accepted those risks. But some of the most capable lawyers have declined to do so, and the community has lost the potential services of some of its best legal talent. Election following appointment is one of those "checks and balances" necessary to democratic government. WE DO NOT PROPOSE TO ELIMINATE ELECTIONS. But what we do propose is that the sitting judge run "against his record". The question which would appear on the ballot is: "Shall Judge X continue in office? Vote YES or NO."

Such an election is not an empty formality. The voting public will be informed on the judge's record, not only by the press, but by the published result of a poll of the lawyers. As a matter of fact, in the November 1964 elections, Alaska, which has this Plan in effect, rejected one of its sitting judges.

If the voters reject a judge at an election, his post will become vacant, and the Governor will make a new appointment from a new list of nominees submitted by the Nominating Commission.

We readily agree with the Legislative Council on the value of "checks and balances" provided by elections, and we understand their reluctance to restrict the right of any individual to offer himself as a candidate for any office within the gift of the electorate. In our opinion, however, popular control is increased rather than decreased by the popular election in which the voters decide one specific question: whether or not the judge in question has been satisfactory.

Therefore, we believe that our objective of securing the best possible judges can be most effectively served by the combination of Nominating Commission and Non-Competitive Elections, and we hope that, after full consideration, the Legislature will see fit to accept, in its entirety, a Plan which has been eminently successful in all the States in which it has been adopted.

LINCOLN LOVED LIFE

The anecdotes that come down to us prove that Abraham Lincoln was a warm person with many friends, a great sense of humor, and a deep appreciation and understanding of other people.

His ideals and his ability to overcome defeats, both personal and political, enable us to hold him up today as a model American.

His way of life should be an inspiration to us today.
