WEEKLY REPORT FROM ANNAPOLIS

Legislative Bills Reviewed by Senator Weant

The battle between the apple growers and the farmers is still being waged in Western Maryland. The farmers in that area feel that the practice of cloud seeding followed by the apple growers has been the cause for the lack of rain experienced over the past few years. Senate Bill 347, introduced by Senator Snyder of Washington County, provides that it will be unlawful for any person to engage in any form of cloud seeding or any other artificial form of weather modification over that County for a 2-year period ending September 1, 1967. Senator Snyder has also introduced Senate Bill 348 which would make the same practices unlawful throughout the State for the same period of time.

Another attempt is being made to discourage the recent trend towards the killing of police officers. Senate Bill 323 would authorize the Governor to offer a reward in the name of the State for information leading to the arrest and conviction of any person causing death of a law enforcement officer of the State or any political subdivision thereof who is killed in the performance of his duties. The Bill would provide that upon request of the State's Attorney of the subdivision in which the death occurred the Governor may fix a reward for this purpose in an amount not to exceed \$5,000 in each case. The determination of the person or persons to whom such reward is to be paid would be conclusively made by the Governor.

We had previously commented on the extension of the current term for Notaries Public. We would like to again state that legislation is now being passed to provide that the present term of Notaries Public would be extended from May 3rd, 1965, to July, 1965. It is suggested that all Notaries follow this legislation in order that they will be familiar with the exact expiration date of their current term.

Senate Bill 154 introduced by former Senator Alton of Anne Arundel County would have provided for two additional judges for Anne Arundel County which is situated in the Fifth Judicial Circuit. However, the provisions of this Bill were amended to provide only one additional judge for Anne Arundel County.

House Bill 459 would authorize the Standing Committees of the General Assembly to require attendance of witnesses. It would further provide the swearing of witnesses and the recording of their sworn testimony. The Committees would be empowered to summons witnesses under order of court.

Legislation has been introduced in the form of House Bill 446 which would provide that any motor vehicle left unattended for an unreasonable length of time on a public road, parking lot or private property, in violation of any law or ordinance relating to the parking of motor vehicles, shall be sold by the Maryland State Police. The proceeds would be held for the owner of the automobile after payment of sales costs.

A law has been proposed that would require every motor vehicle registered in Maryland after January 1, 1966, to be equipped with a ventilating system approved by the Air Pollution Council. House Bill 437 indicates that this system shall have the purpose of reducing the emission of polluting elements into the atmosphere.

The House of Delegates will have for consideration House Bill 418 which would provide for the establishment of a State Commission on Investigation. This Commission would consist of five members whose duties would be to conduct investigation relating to effective enforcement of State laws. They would have further duties of looking into the conduct of public officers and public employees and to investigate other matters relating to public peace, safety and justice.

While the Maryland Senate is considering propositions that would reappropriate the two Houses of the General Assembly to comply with the Supreme Court's edict of "one man one vote," the House of Delegates has at least one Bill that would provide for the reapportionment of the General Assembly which will eliminate the present Senate and House of Delegates. House Bill 356 would set up one House to be known as the Senate of Maryland. This body would have 124 members with each county and the City of Baltimore having at least one member. The remaining 100 members would be reapportioned every 10 years based on population.

Since this is the last of these columns to be written by your correspondent before leaving the Senate to assume duties as the Circuit Court Judge for Carroll County, we would like to take this opportunity to thank this newspaper for the courtesies extended to us throughout the past seven years in allowing us to bring to our readers some of the activities in Annapolis. We should also like to thank those who have expressed appreciation for our endeavors in this regard and to say that it is anticipated that these columns will be continued by our successor. Thank you again one and all.

E. O. WEANT, JR.,
State Senator for
Carroll County.

FAIR — HESS

Wednesday afternoon, the 21st of February, 1900, at 3:00 o'clock, a very pretty and interesting wedding took place at the home of Mrs. Elizabeth S. Hess, about 3 miles northwest of Taneytown. The contracting parties were Mr. M. Ross Fair, of Taneytown and Miss Lauretta, daughter of the hostess. At the appointed time, the couple, preceded by the ushers, entered the parlor to the strains of Lohengrin's Wedding March, this part of the service being performed by Miss Mary Ogden, a cousin of the bride, and there, in the presence of a large circle of relatives and friends, they took the marital vows as proposed to them by their pastor, Rev. C. A. Britt.

The groom, young and handsome, looked his best in the conventional suit of black, and the bride, a petite and charming brunette, was attired in a becoming gown of fawn covert cloth. Both parties wore boutonnieres of natural orange blossoms, the gift of a friend who had coaxed her plant to bloom for the occasion. The ushers were: Mr. Charles W. Hess, of Gettysburg Seminary, brother of the bride; and Mr. Norman Reindollar of Taneytown, cousin of the groom. The parlor was beautifully decorated with potted plants and evergreens.

After congratulations had been extended, the guests were all requested to register in a beautiful white booklet, which also contained the marriage certificate. Thus are preserved in tangible form for the bride and groom, the names of those present on this memorable occasion. The wedding dinner, to which all did justice, was most bountiful and toothsome, and the gifts to the bride were unusually numerous, as well as very pretty and useful. About 70 invited guests were present.

(Mr. Fair is an efficient compositor on the "RECORD". We wish the young couple a full measure of happiness — E.D.)

Kiwanis Club Endorses Swimming Pool Project

The Taneytown Kiwanis Club votes to endorse the swimming pool project, and backs up their endorsement with a \$500.00 pledge.

The club will again sponsor a baseball team in the "pony league" and will equip the team with new uniforms.

Today is the 50th wedding anniversary of Kiwanian Charles and Hazel Clutz, two of the world's nicest people. Our heartfelt congratulations.

George N. Shower was in charge of the program, and after reading the following statement of facts:

The recorded history of at least 30 civilizations that have come and gone have passed through the following phases:

From bondage to spiritual faith
From spiritual faith to great courage
From courage to liberty
From liberty to abundance
From abundance to complacency
From complacency to apathy
From apathy to dependency
From dependency back into bondage

Mr. Shower acted as moderator and the members participated in determining the answer to the question: where are we, and how did we get there.

'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

So far that "Farmer's Almanac" has proven accurate as to the weather. Eh? This fine day, I walked along Wyman Park and what to my wondering eyes did I see but a gardener with a wood rake gathering up all the debris! So sez I to myself, "Spring surely must be just around the corner!"

Walking through the Lexington Market stopped by O'DELLIS to get one of those big Subs. Yummy—yum, yum! adjectives fail me! Truly the best I ever ate so grand and juicy with the products right there which they sell at all times. The price just 30c and a real meal in itself! It is the first Delicatessen from Lexington Street, so you could not miss. Instead of ordering a lunch somewhere in town just stop by O'DELLIS and have one.

Your Observer made inquiries as to the electric light bills in the White House since our President turned off many of the lights. Can you guess? "Just \$2,000, monthly" saved!" writes George Reedy, the Press Secretary. It is so nice to know that Norman Clark, the Critic of Movie and Drama of the News-American (although retiring) will still be in the paper now and then that he won't retire altogether. He was always my favorite Critic and when I would call him to discuss any Movie or Show he would say, "I know who this is—my favorite Critic!" What was so nice about him, he always was so honest in his judging and frankly stated so.

Here's a cute one. A friend of mine was relating over the phone just this way as to her little girl, "Just as smart as a button!" The little girl comes forward and said, "Yes, but not as round!"

And The Melody Lingers on — that of Nat King Cole — singing, "They Say We're Too Young!" and a number of others!

To those born from January 20th to February 20 inclusive is "Aquarius" they have the gift of caution, prudence, economics and financial ability. Sometimes they are nervous which makes them changeable, yet they are alert at all times. "The Eyes Have It!" They truly are most magnetic, pleasing and hypnotic which is most fascinating and in fact bewitching. One just gazes into their eyes and love what they see! These people are either the strongest and the very weakest people in the world. They can achieve the best and highest of things or they can be utter failures. The highest type always are the most noble people in the world and are quite progressive with a quick receptive mind. They always seem to absorb information from every source without any apparent effort! As a rule they have an excellent memory and they possess a great touch of genius. They seem to have excellent reasoning power and are always agreeable and kind.

They are the most courageous people in the world and that for both sexes. They buoy up the hopes and aspirations of others and not only that but discover in the other individual unsuspected stores of good! There is no finer friend than "Aquarius" and they would do anything for a friend! They are fearless — Lindburgh is another "Aquarius." Frankly I could go on and on with this magnetic sign and if you have friends in this sign consider yourself blessed!

Have a grand week-end, folks. And don't forget to make someone else happy. Until next week, D.V.

I am,
Faithfully,
YOUR OBSERVER.

FUTURE FARMERS OF AMERICA WEEK

Future Farmers of America Week is to be observed during the February 20-27 period. And this is one of those annual events that is fully worthy of the attention and interest of us all.

The stated purpose is "Public recognition of the Future Farmers of America organization in developing better agriculture and rural citizenship." The young people who participate are brought close to the profound values that are a part of nature. They have a healthy and dedicated interest in crops, in farm animals, and in the ever-changing techniques which give our agriculture its vast efficiency and productivity and help make us the best fed people in the world. The city dweller is totally dependent on the farmer for the means of life itself.

Beyond this, the nation faces a critical problem of juvenile delinquency. Various cures are offered, based on the home, schools and churches. In addition, those groups which work with youth, in all manner of fields, can do an essential job in building character, honor and responsibility. The Future Farmers organization is one of the best of them.

LBJ, THE PRESS & THE PUBLIC

President Johnson's dislike for the press and his contempt for the public are problems of grave concern to both the Fourth Estate and the people who have a right to know what the man in the White House is thinking and planning.

LBJ's treatment of the reporters assigned to the White House is nothing short of abominable. He has brushed aside the Democratic concept that the public has a right to know and that the press is the proper transmission belt.

LBJ has consistently avoided the televised press conference, and for two reasons: (1) He doesn't sparkle on television, and (2) Reporters fire questions he is averse to answering; not necessarily for security reasons, but because he simply does not know the real answers, or knowing them, is afraid they may show up his jerry-built "Great Society," or reveal a policy of appeasement of the Communists.

A recent example of the President's contempt for press and public came on February 4 when he gave 45 minutes notice of a conference in the theatre of the White House, where seating facilities for 30 or 40 were jammed by about 150 newspaper men, radio-TV reporters and their cameras.

Mr. Johnson then further discomfited the newsmen through the discourtesy of being 20 minutes late. There was no apology for the delay, but there was caustic criticism of the Fourth Estate for its speculation and criticism of the President for not sending the Vice-President to represent the US at the Churchill funeral.

This problem has more serious implications than the President's personal dislike of an alert press, and vice versa. Its significance is whether the American public is to have accurate and factual news coverage of the nation's Chief Executive, or depend on the whims of a thin-skinned man, far too sensitive to press and other criticism, to permit accurate reporting of facts.

We must have direct and accurate reports on Administration policies that bear directly on the American pocketbook or the American family whose son may be drafted to fight in a face-saving retreat or a real war in far-off Southeast Asia.

And if we don't, we can look forward to one-man government - dictatorship, it is called.

GRASSROOTS OPINIONS

WAYZATA, MINN., HERALD: "The sale of this newspaper . . . terminates my tenure of responsibility for these editorial columns, a tenure that spans almost 30 years. . . I have welcomed the opportunity presented through these columns to speak to the consciences of my readers, to speak those things which I believe to be right, and true. . . Basically, I have often, and always, returned to the premise that our government is a democracy, that a democracy is something that involves work and responsibility, that there can be no appreciation without effort and no achievement without participation that democracy must always be something that builds from the bottom up and can never be something that can be handed to the people from the top down."

WALDOBORO, ME., PRESS: "The eternal inconsistency of government! Most states pay for care of blind and deaf children, but charge parents of mentally retarded children over \$1,500 per year. On top of that, the federal government only allows a deduction of \$600 for that same child."

ST. LOUIS, MO., LABOR TRIBUNE: "Minorities with grievances have gained infinitely greater redress by taking their causes to our courts than by mass protestations when they themselves violate the law by their violence, as has happened so often during the past year and in the process they create a climate of hatred and intransigence that never existed before."

COATESVILLE, PA., RECORD: "The United States in the years to come, and starting right away, is to far outdo that Biblical reference to a land of milk and honey, according to the 3,900 word State of the Union message. . . And the inference was plain that if you don't happen to like milk and honey, that's what you're going to get anyway. The broad objective of the 'Great Society' (a strictly Federal institution), will be to 'improve the quality of life for all.' It will teach us 'how to use our wealth as well as how to create it.'"

AZTEC, N. M., INDEPENDENT-REVIEW: "Everything is going fine with people and prosperity but the problem is poverty."

LA GRANGE, ILL., CITIZEN: "The opinion pollsters discovered that a high percentage of those favoring medical care were not aware that the proposed legislation would not cover doctor costs, that benefits are limited to short periods, that there are no provisions for the major catastrophe long-term illness and high cost surgical bills. There is going to be a lot of unhappiness with limited benefits. But there will be elation among those who can afford to pay all their illness costs. They will benefit in equal measure with those who have limited or no means to meet the bills of illness."

ST. CLOUD, FLORIDA, NEWS: "Many people consider the things which government does for them to be social progress, but they consider the things government does for others as socialism."

BROOKLYN, N. Y., GRAPHIC: "Antisocial behavior in young people does not appear without cause; it is nourished by personal and environmental factors and such factors can be found in the best of neighborhoods as well as in the poorest of slums."

BURLINGTON, WISC., STANDARD-PRESS: "These politicians are all alike. Hubert Humphrey gives up his seat a few days early so his Minnesota governor can make an early appointment — by a day or two — and give the new senator a few extra hours of seniority."

WEST POINT, MISS., TIMES LEADER: "To our way of thinking, the most shocking statement made by President Johnson in his state of the union message was his open request that the Congress consider repealing Section 14(b) of the Taft-Hartley Act, which permits the individual states to ban the union shop (compulsory union membership) through right-to-work laws, which give the worker his God-given right to join or not to join a labor union as his conscience may dictate."

Why a prominent banker urges you to buy Savings Bonds

"My service as Chairman of the ABA Savings Bonds committee provided a unique vantage point from which to observe how Savings Bonds, as a non-inflationary method of financing the public debt, benefit every American by helping to maintain the value of the dollar.

"And in almost 25 years as a Savings Bonds volunteer I have seen again and again how Savings Bonds help individual families by providing a steady, dependable, guaranteed way to save.

"Recognizing these contributions to our national and individual economic strength, bankers have been among the most enthusiastic supporters of the Savings Bonds program since its inception in 1941."

KEYSVILLE - DETOUR

Greetings to you:

Have you been to the Old Hotel Restaurant in Taneytown yet? Last Tuesday my mother-in-law and I had a corned beef sandwich there that was "out-of-this-world." Just delicious. The restaurant is decorated most attractively with red as the accent color. There are booths or tables with swiveling captains chairs. Full course meals, salads and sandwiches are all available. Give it a try sometime.

A belated Happy Birthday to Mrs. Larry (Pat) Weishaar of Taneytown on the 17th. Best wishes also on the 20th to Reta Six (Mrs. Newton, Jr.) of Middleburg, on the 21st to Mrs. George DeBany of Hampstead, on the 22nd to "Denny" Wilhide of the Keysville Road, on the 23rd to Becky Gartrell of the Keysville Road and the 24th to Mrs. Charles (Hazel) Stonesifer of Keysville. On the 25th it is Happy Birthday to Mrs. Charles (Hazel) Clutz of Keysville (and myself as well) and Happy Anniversary wishes to Mr. and Mrs. Clutz for their 50th (Golden) as well as Mr. and Mrs. Cecil (Bob) Priest of Forest and Stream Club Road (not sure

how many years for these folks). Almost left out Jeffrey, son of Mr. and Mrs. Newell Devilbiss, who celebrates on the 24th. Jerry Devilbiss of Taneytown has the 29th for his birthday: wonder if he celebrates on the 28th or March 1st? Sincere good wishes to him also.

Mr. and Mrs. Carroll Wilhide visited on Saturday afternoon with Mrs. Nannie Haugh at the Sanatorium in Williamsport. They found her not as well as she had been. After a recent fall, she has suffered a setback. (Mail is so welcome with her.) They also called on her son and his wife, Mr. and Mrs. Donald Haugh in Clear Spring.

Due home this week from Carroll County General Hospital after an operation is Mrs. Carroll (Helen) Dougherty. She is doing very well.

Don't forget to call one of the members of the Keysville Softball Team to pick up your papers, rags or magazines.

Donald Almy, a senior at the Seminary in Gettysburg, was guest speaker at Keysville Lutheran Church on Sunday. He preached his trial sermon at Fairfield, Pa., last week and has been called to be their pastor upon his graduation. Pastor Almy, referring to the recent cheating scandal at the Air Force Academy, spoke about dishonesty. We all, he said, as the young people in our congregation. As the adults do, so do the youth. This problem, he noted, is not a new one. The temptation to do whatever we can get away with, as long as we don't get caught, is as old as mankind. Dishonesty has its roots in the family circle and in the community. A good example is doing something that is wrong and then saying, "It's alright: everybody does it." We all know that doesn't make it right. We must plant our children's character in the Good Soil which is fertile, receptive, honest and of good heart. Linda Schaffer sang as a solo, "Hold Thou My Hand."

The Ads. Booklet and Publicity Committee for the Antique and Hobby Show being planned for March 27 at the Elmer A. Wolfe School met on the 16th to plan publicity for the affair. Another meeting will be held on March 2 to ready the dummy copy of the booklet for the printer.

Keysville-Detour Homemakers Meet

Home Management Leaders Mrs. Robert Stine and Mrs. Mark Baumgardner presented the program "Adequate Financial Protection for Medical Emergencies" to the Keysville-Detour Homemakers Club on February 17 at the home of Mrs. Louise Keepers with Mrs. Merle Eckard as co-hostess.

Some of the questions discussed were: What is health? Why is good health important? How can we achieve good health? How can we be prepared to keep good health? What are included in routine medical expenses? Why be concerned about the unexpected? What can be included in health insurance plans? Where can insurance be purchased? After we are protected, what then?

Health is a complete physical, mental and social well-being. A sound mind in a sound body is a short, but full, description of a happy state in this world. One out of eight Americans will use the facilities of a hospital on an in-patient basis each year. People using health insurance plans number 149 million or 78 per cent of the civilian population. After protection, program should be reviewed annually, the family should be kept informed and the insurance records kept up-to-date.

How to Latch-Hook rugs was explained by Mrs. Mark Baumgardner to the group and Mrs. Gilbert Stine talked about plastic tray-molding and displayed two trays made by her daughter Nancy.

Welcome was extended to visitor Mrs. Copenhaver. President Mrs. John Blanchfield, Jr., told of a meeting for Project Chairmen at the Ag Center on March 31 at 10 A. M. The trip planned for March 16 to Washington will be \$4 and letters about it will soon be mailed from the Extension Office in Westminster. Pennies for Friendship will be collected in March or April. Arrangements will be made by Mrs. David Watkins for a tour through a woolen mill near Ellicott City. A thank-you letter was read from Mrs. William Weishaar and a motion was passed to make a donation to the Mt. Lebanon Methodist Church Memorial Fund in memory of William Weishaar who died Feb. 6.

Next meeting will be March 17 at the home of Mrs. John Blanchfield, Jr.

Cubmaster Weeks presented the Charter for 1965 to Mayor William, who accepted it on behalf of the Church which sponsors the Pack. He also told of having 36 applicants for the Pack and the need of more Den Mothers.

The three Dens each presented a skit. Den 1 used shadow figures (behind a sheet) to "spoon" an "Emergency in the Operating Room." Den 2 presented, Drag-net-style, a search for Den Mothers and Den 3, mimicking the words to several records, imitated the Chipmunks and Dave, Johnny Yuma, Jimmy Dickens, Barnyard, Stonewall Jackson, Ed Sullivan and the Beatles and then all joined in singing "He's Got the Whole World in His Hands."

View From My Kitchen Window
February is a changeable month here in Maryland. It is the time when even Mother Nature seems to be tired of winter. And so we have the February thaw, and an occasional mild, sunny day.
Today is such a one, and as I gaze from my kitchen window, the countryside looks surprisingly like Spring. Of course, this is wishful thinking on my part — tomorrow may bring a blizzard. After all, the ground hog did see his shadow, and we all know very well that "Old Man Winter" does not give up so easily in this section.
And yet, here at Wood-Burn, there are certain indications of an early Spring. First of all, my Easter flowers are already sending forth tender, young spears. Secondly, there are green patches of grass in yard and field. As I listen to the stream's lulling song, it seems to say, "It won't be long 'til Spring — it won't be long 'til Spring." And finally the white pitcher on my desk is filled with pussy-willows (from my folks' burgeoning tree in Woodland). All of these portents give a definite lift to winter-weary spirits.
But no matter what the season, my view would not be complete without some mention of my bird and animal friends. The chickadees, titmice, nuthatches, woodpeckers, and blue jays are zooming around in their usual, energetic fashion. Beneath the feeder, several Bantams are feasting happily on stray sunflower seed and cracked corn. The barn pigeons are wheeling gracefully about, and two noisy crows go flapping by. My friend, Gray Squirrel, is clambering up a fallen log, while the cows relax in the February sunshine.
For eons, the seasons have rolled along, in unending order, according to the Creator's divine plan. How comforting to know that no matter how prolonged or bitter the Winter may be, Spring inevitably follows.

View From My Kitchen Window

February is a changeable month here in Maryland. It is the time when even Mother Nature seems to be tired of winter. And so we have the February thaw, and an occasional mild, sunny day.

Today is such a one, and as I gaze from my kitchen window, the countryside looks surprisingly like Spring. Of course, this is wishful thinking on my part — tomorrow may bring a blizzard. After all, the ground hog did see his shadow, and we all know very well that "Old Man Winter" does not give up so easily in this section.

And yet, here at Wood-Burn, there are certain indications of an early Spring. First of all, my Easter flowers are already sending forth tender, young spears. Secondly, there are green patches of grass in yard and field. As I listen to the stream's lulling song, it seems to say, "It won't be long 'til Spring — it won't be long 'til Spring." And finally the white pitcher on my desk is filled with pussy-willows (from my folks' burgeoning tree in Woodland). All of these portents give a definite lift to winter-weary spirits.

But no matter what the season, my view would not be complete without some mention of my bird and animal friends. The chickadees, titmice, nuthatches, woodpeckers, and blue jays are zooming around in their usual, energetic fashion. Beneath the feeder, several Bantams are feasting happily on stray sunflower seed and cracked corn. The barn pigeons are wheeling gracefully about, and two noisy crows go flapping by. My friend, Gray Squirrel, is clambering up a fallen log, while the cows relax in the February sunshine.

For eons, the seasons have rolled along, in unending order, according to the Creator's divine plan. How comforting to know that no matter how prolonged or bitter the Winter may be, Spring inevitably follows.

CARD OF THANKS

From the depths of our heart comes a "Thank You" to all you "dear ones" that visited, prayed, phoned or helped in any way to help lighten the burden, during this trying time of trouble and sorrow. We know God's grace is sufficient for He said, "My grace is sufficient for thee." 2 Cor. 12-9 but we also need the love and warmth of our friends. May God bless your dear hearts. It is not ours to know the reason why our cross to bear, but ours to wait for God's own good time, to lift the cross we bear; but ours to know the reason why, but ours to live in faith and hope, though bleeding to the heart, not ours to know the reason why this anguish, strife and pain, but ours to know a cross of thorns, sweet graces of us gain.

"May God Bless" — we love you all.

THE WAY I SEE IT . . .

Observations on the World of Sports — by John Breth

Now that SPRING TRAINING has officially started, can baseball be far behind?

Not at all. After a brief shake-down period of two weeks, the first pitch of the exhibition season will be thrown, and five weeks after that, on April 12th, the 1965 season will more so than others, which they will get under way.

Every team has problems, some be trying to solve during Spring training. Briefly, here they are:

The Yankees have to decide whether to play Mickey Mantle in right field or center, and they need bullpen help. The Orioles need another starting pitcher and infield reserves. The White Sox lack pitching depth and a power-hitting outfielder. The Indians have to develop young pitchers and find a replacement for traded catcher, John Romano. The Twins have a shortage of pitching, a deficient defense and a second-base problem.

The Angels lack pitching depth and are weak at second and third bases. The Red Sox — have an insufficient number of capable pitchers and a weaknesses at first and second bases. The Tigers also need pitching help and tightening of infield defense. The Senators are another team with weak pitching. They also lack speed and cohesion. The Athletics need starting pitchers and power.

The Cardinals need infield depth and bullpen help. The Phillies need defensive replacements at first and third, and relief pitchers. The Reds could use steady infielders and reserve strength in the outfield. The Braves require a pitching leader, bullpen help and later on, fan support. The Giants need an organized pitching rotation, bolstering in bullpen and stabilization of infield.

The Dodgers need infield help at second and third, and power hitter to replace Frank Howard. The Pirates lack power, an adequate shortstop and pitching. The Cubs need a double play combination, catching help and another outfielder. The Astros need help at all outfield positions and, at catching, second base and shortstop. And the Mets require a power hitter desperately, plus two steady outfielders, pitching and speed.

For Detroit Tiger catcher, BILL FREEHAN, Spring training will virtually be a vacation.

Freehan will report with the Tiger batterymen at the Detroit camp in Lakeland, Florida, next week.

He has had a busy winter. For one thing he and his wife, Pat, welcomed a daughter, Corey Sue, two weeks before Christmas. For another he has been attending classes at the University of Michigan branch school in Dearborn. For still another he has been working as a salesman for a manufacturer's agency. And for still another he has made dozens of speeches for the Tigers at various luncheons and banquets.

Freehan thinks the Tiger pitching this year will be good. The way he sees it, Mickey Lolich has the power to win 20 games on the mound and Dave Wickham should be close to the same mark.

Freehan thinks that Hank Aguirre and Phil Regan are capable of bouncing back with good seasons and he says Joe Sparra has one of the best arms in the league.

He likes Denny McLain's confidence and says a young lefthander named John Seale has a lot of courage and poise.

Freehan also thinks the Detroit bullpen should be in the best shape it has been for years with fellows like Ed Rakow, Larry Sherry, Terry Fox and Fred Gladding manning it.

DID YOU KNOW THAT — Steve Barber of the Orioles whose victory dwindled from 20 in 1963 to 9 last year was nevertheless quite effective against the 2 other contenders, Chicago and New York — he was 6-2 against the Yankees and 2-1 against the White Sox.

TODAY'S SPORT LAUGH — The huge and rough fullback of the Buffalo Bills, Carlton Gichrist is nicknamed "Cookie." Here's how he explains it: "My mother wanted to call me donut. My father wanted to call me cupcake. They compromised on cookie."

With twenty years of baseball experience behind him, Bob Fogle, who once played against such big league stars as Ernie Banks and Curt Simmons, will take over the managerial reins of Taneytown's entry in the South Penn League.

Bob Fogle, born and raised in LeGore, Md., began his playing career with Middleburg in the old Penn-Mar league at the tender age of fifteen. Bob held down the third base position and soon became known as a consistent hitter and a definite longball threat.

When called into the service, Bob found himself rotated to Germany during the Korean conflict where he played on the European championship team of the 18th Infantry Regiment known as the "Big Red One." It was there that his team played against the likes of Ernie Banks of the Chicago Cubs and Curt Simmons, classy leftie of the Cardinals, then in the service like Bob.

Upon return to civilian life, Manager Fogle played for Thurmont in the Penn-Mar League once again. Injuries to his foot forced him finally to hang up his spikes in 1957. The lure of the diamond proved too strong, though, and Bob came back to manage Taneytown

HOUSEHOLD HINTS

There are about 1,500 species of the pest. Some are giants with wingspans of more than 5 inches. The Oriental roach and larger American roach, both dark brown, are most common in the U.S.

Home control of destructive cockroaches has always worried housekeepers. Now, the U.S. Government has cleared Allied Chemical's Kepone bait for home use in commercial roach traps. It's been used for years by pest control men because of its proven ant and roach-killing properties.

Control Winter-Killing

Plant Southern States ALFALFA

Yes, Southern States Alfalfa can decrease your losses from winter-killing. It's winter-hardy. Your winter-killing problems are over, or greatly reduced, when you plant Southern States Alfalfa Seed.

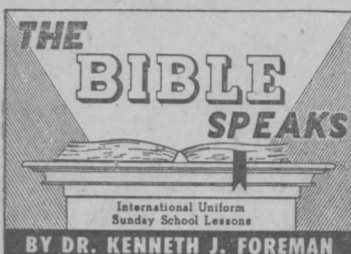

Just look at the safeguards you get. Southern States obtains its foundation stock from cold rugged mountain areas, not warm mild climates. Every lot is laboratory-tested before you buy. As further protection, Southern States handles only certified seed of the new improved varieties—no affidavit seed. And read that guarantee. Only winter-hardy seeds can support it.

So get top yields of hay without being robbed by winter-killing. Order your Southern States Alfalfa Seed now.

Must I Forgive?

Lesson for February 28, 1965

Background Scripture: Matthew 17 and 18.
Devotional Reading: Ephesians 4:26 through 5:2.

A NECESSARY MIRACLE — that what forgiveness is, it is necessary because without it the entire world, and the church too, — all human life in fact, would no longer be humane, but only a bloody meaningless welter of anger, hate and revenge.

Nothing in life is more certain than quarrels, injustice, insults and injuries. All around the world today we see the effects of hatred

Dr. Foreman and revenge and memories of past offenses, all leading to private feuds and public wars. But forgiveness is not only necessary to keep life from being a hell on earth. It is a miracle. It calls for a kind of divine make-believe, for true forgiveness wipes out the past as if it had never been. Men acknowledge it is a miracle every time some one says: "I can't forgive that!"

Iffy situation

One thing you can always count on, no matter who you are or where you live. Sooner or later, and maybe every day, somebody is going to do you wrong. They will lie about you, or accuse you of bad motives you never thought of, or take (perhaps legally, perhaps not) something that by rights belongs to you. There are a thousand ways you can be hurt, and the most dreadful way is to hurt you by bringing pain or trouble to those you love. And yet, while the wrong (of some kind) is a future certainty, the wrong itself produces an "iffy" situation. You see, necessary as forgiveness may be, the Bible always — as between man and man, or between man and God — assures that before forgiveness there must be repentance. Call it sorrow, regret, repentance, —

without it forgiveness is only a dream. So Jesus (Matt. 18:15-17) gives some very practical directions on how to persuade the one who has harmed you into admitting he was wrong, or did wrong. You begin with a private personal interview. There's no use in spreading your quarrel beyond yourselves. But if the rascal won't listen? The reader will note the word "IF" coming five times in these three verses. Jesus suggests how you can get through these IF's — all but one. It is clear that as the Master knew only too well, there are situations so bad that nothing can save them.

No limits

As Jesus was speaking Simon Peter was thinking. He was thinking in figures, — not a good way to think about forgiveness. Suppose I succeed every time in making my enemy admit he was wrong, do I have to forgive him every time he repents? What's the statue of limitations on forgiveness? How many times am I required to forgive — perhaps seven times? Peter may have thought he was being generous. If so, he must have been set back suddenly by Jesus' answer — Seventy times seven!

From the heart

It's your heart you are responsible for — not somebody else's. You may not be quite sure when "I am sorry" is sincerely meant; but you can be pretty sure whether your own forgiveness comes from your heart or is just a pretty speech. Forgiveness not from the heart is no miracle; anybody can say the words. But heart-sincere forgiveness is a miracle. "I will forgive but I'll never forget" is not Christian forgiveness, for it keeps the old wound fresh and sore. Forgiveness is a healing medicine; grudging half-forgiveness is no forgiveness at all; it is infection poured into the wound. Forgiveness from the heart means forgiving and forgetting, it means brotherhood in fact as well as in name. You know Jesus often called God "your Father;" but to the unforgiving he says, "My Father will" (punish you). God will not be called "Father" of unforgiving men.

Regional Board Meeting of Southern States Cooperative

One of the real challenges confronting farmer cooperatives today is the development of plans to cope with the changing agriculture picture, declared A. P. Sale, Director Fertilizer Service for Southern States Cooperative at a regional board meeting held in Westminster on February 16th.

These sessions — there are 48 of them being held in a five-state area — are held annually by the cooperative for local board and committee members, guest young farmers, agricultural workers and managers of the cooperative's retail outlets.

Sale told the session that "not only are changes occurring in agriculture, but also in other segments of our economy. The businesses serving agriculture — either in the supply or in the marketing field are undergoing similar changes."

"Agriculture is a growth industry — in fact, it is the nation's largest industry. Predictions are that total output will increase tremendously — perhaps as much as 40 per cent in the next 15 years," he said.

"The future of Southern States Cooperative," Sale said, "and its effectiveness for farmers will be governed very largely by how well it adapts to change and how capable it is of taking the leadership in meeting the demands of its members."

"We believe," he added, "the faster these changes occur the better off we are. Southern States is keeping itself flexible to meet these challenges."

Sale pointed out that the Cooperative set out over a year ago to blueprint a course of action for the future. No time limit was set for the completion of the study, but it is being kept flexible to take into account changing conditions. At that time, the cooperative established a management task force working closely with its 15-man board of directors, to look in depth at the organization's future and at the possible conditions that it may be operating under in the future.

Out of this, Sale said, a set of overall objectives were established for the organization, plus objectives for each of the cooperative's major operating segments, including its retail outlets.

Sale told the board members and committee members at the session that they "have played and will continue to play an important part in this planning."

Board and committee members, plus leading farmers in the area served by Southern States, were surveyed recently by the cooperative regarding their buying habits and their use of services offered by the organization.

Although not yet complete, Sale reported a sampling of the returns show that by 1970 about 25% of the farmers in the cooperative's territory expect to have larger operations; about 30% plan to have greater pasture acreage and about 45% expect to have larger livestock herds.

Approximately 45% indicated they would be using more production supplies in 1970 than now. Over 30% said they would be using about the same as they are now doing.

About 30% indicated they would be using more of their cooperative's services as their source for these supplies while over 35% indicated they would be using it at the same rate as they are now doing.

In commenting on the overall volume of the cooperative for the first six months of the 1964-65 fiscal year Sale reported that dollar volume in both purchasing and marketing totaled about \$36,600,000. This was down from the same period last year and was due primarily to lower price levels on feed ingredients, lower seed prices, the closing of a poultry dressing plant and drought conditions in some areas, which contributed to less farm purchasing.

Volume of hay and direct shipments of feed ingredients was down \$2,000,000 from the previous year. This was due to the great quantity of these supplies which the cooperative had shipped to stricken farmers during the severe drought of 1963.

Grain marketing for the six-month period was 1,400,000 bushels ahead of last year, an increase of 33%.

Stanley Stabler of Brookville, a director of the cooperative, presided at the session.

Guest young farmers attending the meeting were Fred Grimes, Charles Null, Robert Bollinger, Neal Wilhide and Mehrl Weant. Attending the session from this area were: George C. Flohr, Manager of Southern States Taneytown Coop., local Southern States retail outlet at Taneytown, and board members Murray Roop, Martin Zimmerman, Percy J. Bollinger, Myron Wilhide, Carl E. Weant, Luther Senft and Bernard Hess.

STUDENT COUNCIL CANDY SALE

Beginning Thursday, Feb. 25, the students of Taneytown High School will be selling candy in the 2nd annual Candy Sale sponsored by the Student Council. A kick-off assembly will be held Thursday afternoon when a representative of the "World's Finest Chocolates" Co. will introduce to the student body the product and the best means of selling it. Boxed chocolate-covered almonds will be sold for a period of 10 days.

The proceeds of this sale will be used by the Student Council to provide handbooks for each student instead of just the seventh grade. It is hoped that profits will be sufficient to contribute to the Carroll County Scholarship Fund.

There will be individual cash awards for the best student salesmen and class ice cream treats for the classes selling the most candy.

When television first became popular the movie industry was hit hard. You could call a movie house and ask, "What time does the feature film go on?" The manager would answer, "What time would you like it to go on?"

LADIES AUXILIARY MEETING

The Ladies Auxiliary to the Harney Fire Co. held their regular meeting on February 23, 1965 with fourteen members present. Scripture was read by our Chaplain, Miss Treva Ridinger, from St. Mark, chapter 8, verses 34-38. Minutes were read and approved. The treasurer reported a balance of \$659.63. It was voted to send \$9.00 to Mrs. Vivian Davis for note pads which are being sold by the Auxiliary. Mrs. Doris Slaybaugh was appointed to make and design a shift for the convention at Ocean City Maryland this Summer.

A banquet will be served to the Jaycees from Taneytown, March 11, 1965. Louise Strickhouser was appointed in charge of the dining room. Thelma Mummert was appointed to have the draperies in the dining room cleaned in the near future.

The following committees were appointed for the month of March: card party—Delphine Spangler and Goldie Ridinger; dining room for March supper—Doris Slaybaugh.

The "kitty" was brought by Delphine Spangler and won by Doris Slaybaugh. The receipts from this were \$3.50. Being no further business the meeting adjourned and all repeating the Lord's Prayer.

Christian Endeavor Mission Conference

Mr. and Mrs. Roy B. Kiser, attended the Mission Conference sponsored by the Carroll County C. E. on Friday evening in Bark Hill Church of God and heard the Rev. William Simmers speak about his work in the Alexandria, Arlington and Fairfax, Va. jails and penitentiaries. He is the full-time Chaplain, representing the "Good News Mission" in Arlington, Va. There are 20,000 persons committed as prisoners each year. It requires 20 sermons per day to reach the jailers each week. A correspondence course on the Bible is given also, with written questions and answers to the inmates, which many take advantage of, for they are there from all walks of life. Rev. Simmers had two of the former criminals along with Washington Bible College who gave their testimonies.

Jerry Perkins spoke first, saying, "he had been an alcoholic, but coming from a Christian home." When he was 17 he got with the wrong crowd; was arrested many times, shot at several times, has served many sentences, about 5 years in all. Now he has married a Catholic girl and has given his life to the Lord. He is now working with the Mission among the prisoners.

Mr. Lynn was the other, giving testimony, saying he was one of (Mr. Rockwell's pigeons). Has served 17 sentences, from 1 to 5 years at a time. He is about 40 years old. Propaganda was his work, born in Pittsburgh, Penna. He has been in every state and served time in most of them, including Mexico. He has completed three years in Washington Bible College and will be released from jail in a few days. He is going in for full-time as a Chaplain in the penal institutions, saying he is really ready to tell the world where they are wrong, how to get back on the right track, what it is to lead a free life. We are spending less than 1¢ per prisoner in these three jails to reach them for the Lord; surely souls are worth more consideration than this, even in Taneytown.

Rehearsals Begin For Meller-Drammer

Rehearsals began this week for the Musical Meller-Drammer, "Dirty Work At The Crossroads," which will be produced by the Taneytown Jaycees, April 1, 2, and 3. The first rehearsal for the community chorus which will be an important part of the show, has been set for this Monday night, March 1, at 8:00 o'clock in the music room at the High School. Everyone in the community who may be interested in singing in this chorus is urged to attend this session.

Mrs. Theresa Esbach is directing the music and Mr. Neal Powell who so successfully directed the Minstrel Show a few years ago, will be handling the dramatics. Proceeds of the show will go into the Community Swimming Pool Fund.
