WEEKLY REPORT FROM ANNAPOLIS

Legislative Bills Reviewed by Sen. O'Farrell

Revolving Credit — Backers of a bill to limit revolving credit charges to 1 per cent a month in Maryland had a trail of opposing amendments behind them and stiff fight ahead of them today. The bill, most heavily lobbied of this years General Assembly was debated yesterday for nearly 3 hours. Most of these would have allowed 1 1/2 per cent monthly charge on outstanding balances of the revolving credit plans, then voted down seven attempts to amend the controversial measure. It will come up for further action Monday.

Reapportionment — The Maryland House of Delegates took the one-man, one-vote issue into consideration last week. It passed bills to reapportion both houses of the legislature and to set up eight new congressional districts. At the same time, the House enacted a resolution aimed at overriding the Supreme Court decision which required the legislative shuffling. The resolution now on the way to Congress seeks to amend the U.S. constitution so that a state with two legislative bodies may base representation in one on factors besides population. The next scene of battle for the reapportionment issue and for congressional districts will be the Senate Judicial Proceedings committee. There already has been one skirmish there. The committee 6-5 in favor of a legislative reapportionment plan but it was voted down 15-14 by the full Senate. It has been revived and will be considered again along with a slightly different House version. The redistribution of the 142 seats in the House is the same in both plans. The number of Carroll County delegates would be reduced from four to two. The House bill provides for the number of senators to be increased from 29 to 53. The Senate plan is for 47. In either case, Carroll County would continue to be represented by one senator. The Congressional reapportionment advanced by the House would shift Carroll into a Western Maryland district with Garrett, Allegany, Washington, Frederick and a portion of Baltimore County. Maryland became the 17th state to request Congress to call a constitutional convention. If 17 more do it, Congress would be required to act. The convention then could propose an amendment for ratification by the states that one legislative body could return to geographical representation such as in the State of Maryland.

Autos — The problems caused by automobiles and their drivers continued to be the object for attempts to new legislation. Two more of them moved out of the Senate Judicial Proceedings Committee with favorable reports: One is to put windshield stickers on motor vehicles as proof they are covered by liability insurance. The insurance companies would issue them along with the policies. An owner who didn't buy insurance would have to pay a premium fee of \$70 to receive his license plates and the Dept. of Motor Vehicles would issue him a sticker. Also the Senate acted favorably on a move to make it mandatory for a driver charged with intoxication to take a chemical analysis test. If he refused, his license would be suspended for three months.

On the local front, the Carroll delegation is proposing to increase the inducement for doctors to practice in the county. The commissioners now are authorized to give \$500 each to three medical students who promise to open offices in the county and remain five years after graduation. The amount toward tuition and other expenses of the students would be increased to \$1,000 each under a bill introduced last week. Dr. Donald E. Fisher, the public health physician in the county, told a state study committee that "we need more general practitioners in Carroll County and that those we now have could be better distributed."

The highly controversial fuel oil dealers bill in their fight against gas and electric companies died in committee after much debate. With 24 days left in the 70-day session, the record flood of newly introduced legislation continued. Friday's batch brought the total to 2,013 bills and resolutions. The deadline for introduction was last Tuesday, but the rules were suspended to open the hopper for those still being drafted. Officials said more are expected next week.

WHOSE POOL PROJECT?

In these final days—moments, really—of the drive to raise funds to construct the Taneytown Swimming Pool, many are still questioning, "Whose Pool Project?"

It has been phrased as "If I don't want to swim, why should I contribute?" or as "If the Jaycees want the pool so much, why don't they raise all the money for it themselves?" or as "Why should our organization support 'some-one else's' project?"

Some even want to know "Why can't the Town Council build the pool for the town?" and others ask, "Why should I help Taneytown's Pool Fund when I don't live in town?"

The questions, and the excuses, go on and on and on . . . but they boil down to the basic issue, "Whose Pool Project is it?" This question REALLY asks, "Whose RESPONSIBILITY is it to finance the pool project?"

Well, friends, it is OUR responsibility . . . OUR'S ALONE! It cannot solely be, and is not solely THEIR responsibility, whether "their" refers to the neighbors, the young people, the churches, the organizations, the richer citizens, the businesses, the industries, the Jaycees and Jayettes, the Town Council. The pool will belong to the community of Taneytown; it will belong to YOU . . . to US.

The time for passing the buck is over! The time for passing the plate is here! And that plate rests on your doorsill and mine, waiting for US to accept the responsibility NOW of helping our neighbors and our community provide vitally-needed, wholesome, immediate recreational facilities for all to enjoy.

Yes, it is OUR Pool Project, whether we like it or not. And if it fails, WE will have failed. . . .

. . . Because of apathy . . . negligence . . . pessimism . . . petty jealousy . . . listening to outsiders' unfounded criticism . . . because of isolationism . . . selfishness . . . ignorance . . . procrastination . . .

But mostly because WE will have failed to GIVE! We have until Sunday.

Swimming Pool Project News

"The 'big push' for funds and pledges to reach our goal of \$60,000 is going well," reports Wayne Baumgardner, chairman of the Taneytown Swimming Pool Project's Executive Committee. "We now have almost \$23,000.00 and on Friday, the returns from the current rural house-to-house canvass will be added to this figure."

In addition, we expect some important last-minute help from organizations and industries. Many folks are also waiting, according to solicitors' reports, until the weekend to see how we're making out."

The big push Baumgardner refers to is necessitated by the need to have the cost of the Olympic-size pool and related facilities, slated for Memorial Park in Taneytown, completely subscribed by March 15 so that the general contractor can begin excavation April 1. It is hoped by the City Council and the Committee, co-sponsored by the Jaycees and Jayettes, to have the pool in operation by Memorial Day of this year.

Features of the push for funds include the aforementioned rural canvass, a complete resolicitation of area business and merchants, and intensified appeals to organizations and churches.

Baumgardner stresses that "since the pool will be open to the public, and hence benefit the entire area, we are in need of donations and pledges from persons and businesses in communities not able to be covered by canvassing."

"Pledges and donations may be mailed to the Pool Fund, Taneytown; checks should be made out to the City of Taneytown Pool Fund. All donations are tax deductible, and bonus family season tickets are offered to those contributing \$50.00 or more."

Plans were recently revealed to the Committee by the local American Legion Auxiliary about a raffle the ladies plan to hold this Spring. On Monday evening, the project's Presentation Team addressed the Taneytown Junior-Senior High School P-TA.

KIWANIS NEWS

The regular weekly meeting of the Kiwanis club was held last night at Taney Inn. President Ed Nusbaum presided. The president announced that some members of the club had attended a feed held by the Glen Burnie club this past Sunday. He also announced that Inner Club Chairman Morelock was conducting visitations to Hagerstown and Gettysburg clubs. The Gettysburg club is holding a ladies night at the Holiday Inn on Monday, March 15.

The program for the evening was under the direction of Kiwanian Francis Lookingbill. This being the 53rd birthday of Girl Scouting, the program was in observance of the occasion. Miss Delores Clark, Girl Scout Field Director for Frederick and the Western part of Carroll County, spoke about Girl Scouting and showed a film of their activities on an international level.

Miss Clark is a native of Alliance, Ohio, and served nine years as Civilian Recreation Director for the Army and Air Force. She came to Maryland about a year ago as Field Director in the Baltimore area. Last November she was appointed to her present position in Frederick.

Guests present were Mrs. Francis Lookingbill, Leader of Taneytown Brownie Troop #908, and Karen Lookingbill, a member of the troop.

Next week's meeting will be a round table.

SUPPORT OF SWIMMING POOL

To the Editor of The Carroll Record, and the People of Taneytown Area

Dear Sir:

In recent weeks much has been written regarding the community effort now in progress to secure a swimming pool for Taneytown. The various committees are to be commended for their excellent work, not only for the fine manner in which the community has been kept informed of the progress of the pool project but also for the tasteful way in which the current fund raising drive is being conducted.

However, it seems to this point, that the leaders and workers of the project are somewhat in the position of the surgeons in that infamous operation, wherein, while the operation was a complete success, executed to perfection in every detail, yet the patient died. In this instance, the pool workers, so well informed, highly skilled, and deeply committed, are the surgeons; and the victim may well become the pool . . . unless . . . and this would be unfortunate (but the real victim would be the community, especially its youth).

As I endeavor to improve my poor typing ability, I strive, often vainly, to type: "Now is the time for . . ." and I am reminded that now is the time for all good citizens of our community to respond, if they have not already, to the pool fund. It seems to me that every citizen is part of this project because he is part of the community; and our community is sorely in need of another leisure-time facility. The beauty of the pool idea is that it supplements, rather than duplicates, any other recreational facility we now have. To support the pool project is part of our reasonable responsibility to our community. This is why I would urge all of our citizens who have not as yet responded to do so now; for now is the time to get into the swim!

Sincerely,
The Rev. Howard W. Miller
Taneytown, Md.

Reserved Seat Sale Begins for Show

The Community Gay 'Ninety Musical Mellerdrammer being produced by the Taneytown Jaycees will be given April 1, 2 and 3, in the Taneytown High School Auditorium. George B. Crouse, ticket chairman, announces that tickets are now on sale and that the reserved seat charts opened this week under the supervision of Wayne Hively at the First National Bank. A limited number of front and center reserved seats will be sold for each performance in advance only. These seats will be sold on a first-come, first-served basis at this one location. Phone and mail orders will be accepted or anyone desiring to purchase may contact any Jaycee. The ticket committee also includes Charles Becker and Robert Flickinger.

The Chorus, under the direction of Mrs. Theresa Esbach, will rehearse this evening, (Thurs.), in the music room at the High School at 7:30 and the actors will meet in the Elementary school at 8:00.

During the last few years there has been an epidemic of revivals of old-time melodramas across the country and everywhere they have proven popular. There is no doubt that an entirely new kind of humor and audience appeal is to be found in these grand old productions. "Dirty Work At The Cross Roads" should prove to be a hilarious and entertaining night for the entire family.

'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's
dawning.
I wish you health—life's greatest wealth.
I wish you always near so that I may help
to cheer
Each future day and in some way—help to
bring you happiness!

If you don't think that Spring is just around the corner, take a trip down town and view the exterior of the stores—especially Hutzler's. There are trees in the most appropriate places in between the windows—real young ones—with dyed leaves of one—green, blue and pink in between: the branches there are birds squatted on the young branches which are, no doubt plastic and most colorful. Sort of gives one a Lifter-Upper and I think you know just what I mean.

Mrs. Housewife, now that Spring Cleaning will be before us be sure and go easy on the cooking so as you do not have to stand over the stove and cook. Prepare your meal in the early mornings of boiled dinners and then all you will be compelled to do after the big days, will be to heat up. What is more delicious than a New England boiled dinner—everything in one pot? And thinking about eats. Had another one of those delectable Subs at A. Dell, the first Delicatessen booth in the Lexington Market from Lexington Street. Now, there is something new from New York and that is the most delicious Cheese Cake you ever tasted. Individually wrapped all at that same booth, A. Dell's!

You can afford to take all the Kids down town now for a real treat for the lunch and dessert right there and so inexpensive.

Thinking about house cleaning—always reminds me of the little English lady who was my Mother's close, close friend, Mrs. Corbin, for many years. That is one house, as a child, that I always loved to visit. There was perfection in housekeeping, the delightful aroma of that home and the two canaries always singing—one at each dining room window as I entered the door. Mrs. Corbin was an immaculate person—a chubby one with always the cleanest and plain apron tied around in a big bow. She seemed to be such a busy housewife and there was always that sweet smell of cooking plus the fruit upon the center of the dining room table in a big glass bowl. I used to think it was so sad because she did not have a daughter.

If you enjoy "The Farmer's Daughter" on TV you will be delighted to know that very shortly she will be having an engagement ring slipped on her finger. This season by her Congressman boss and when the Fall arrives they will wait down the aisle on TV and I know the ladies are eagerly looking forward to that.

Such titles for movies—"Marriage Italian Style," "Strange Befellows," "Nothing But A Man" and "How To Murder Your Wife!" UGH!

Now, here's to the beautiful sign of "PISCES" those born from February 20 to March 20 inclusive. These people are just about the most modest of the entire 12 months. They have beautiful characters and wouldn't tell you any lie—regardless! They usually seem so affected by the cares of the world which they take voluntarily upon themselves. They adore the beautiful things of earth. They display much skill in art and music and are fond of science and literature. Many prominent writers have been born in this sign. They make excellent school teachers. Their minds are most flexible, romantic, dreamy and imaginative. They are very often set or fixed in their ideas on religion. They always have lofty ideals and while they are not ardent or passionate in their love, yet they are most faithful and sincere. They are most clean-minded and have no place in their hearts for anything that is impure or vulgar or coarseness.

Pisces people never boast no matter how great their knowledge may be. There are so many other beautiful things about this sign but one thing that they must be most careful and that is being sarcastic and this they can overcome.

So long until next week D.V. Be kind to one another and be sure and make just someone happy where you live especially!

I am,
Faithfully,

GIRL SCOUT WEEK

A short time ago, the nation observed Boy Scout Week. Now it is the girl's turn—and they eminently deserve it.

The Girl Scout Week observance will run through the March 7-13 period, with the purpose of celebrating the founding of the movement in this country. It began in Savannah, Ga., on March 12, 1912. In the ensuing years, it has grown steadily and made an ever more important contribution to the basic strength and character of this country. The Girl Scouts of today will be the wives, mothers, homemakers and career women of tomorrow. And the moral, spiritual and practical values that come from Scouting will serve them well all their lives.

It's interesting to note that Girl Scout experience refutes those critics who say that the modern girl is losing her taste for domesticity. In the past year, nearly one million Scouts — Juniors and Cadettes — chose to work on badges for demonstrated skills in homemaking. The largest number of Juniors—ages 9, 10 and 11—picked the "Cook" badge out of 47 badges offered in a wide variety of subjects. The Cadettes—12, 13 and 14 year olds—can choose from some 60 badges, but more "Hostess" badges were earned than any other.

Woman's role in the world has broadened enormously over the generations, but the traditional feminine interests and aptitudes remain. The Girl Scouts are a major force in developing and perfecting them.

"GRASSROOTS OPINIONS"

LE ROY, ILL., JOURNAL "Over in Sweden, long said to be the showcase for socialism or welfare, the national sales tax now will be 9 per cent. Cigarettes, for instance, will cost 77c per package. The rich have been equalized. The average man, and the poor man, pay the taxes, and pay until it hurts. The United States is well down such a road. Our government and our leaders should have the courage to ask people to pay their way. Our citizens should demand such a course. Yet, here we are, with our politicians unwilling to ask such an equitable proposal, and the people apparently happy and contented to follow the present course. We have lost much of our moral fiber."

BOONEVILLE, IND., STANDARD: "Demand is always on the threshold of change. The most successful of all merchants are those who anticipate a change in demand and use advertising to claim a fresh market."

SCHUYLKILL HAVEN, PA., CALL AND NEWS: "A Montreal movie house was being picketed but business was brisk anyway as the theater was showing a good mystery thriller. The union strategists came up with an effective answer. The pickets began carrying signs that read: 'The professor's wife did it.' Two hours later the strike was settled."

ANDALUSIA, ALA., STAR-NEWS: "Just take a gander at the latest in Federal boondoggery. Uncle Sam is offering college students substantial assistance to steer the brilliant minds into medical schools. And how is Congress going to reward these youngsters who choose the paths that lead to M.D. degrees? Why, naturally by adopting Medicare legislation that will socialize the medical profession, undermining any ambitions that might lead to a profitable profession for the scholarship winners."

CORRIGAN, TEXAS, TIMES: "It's a peculiar world. Washington takes over our money, and then threatens to cut off our dole if we don't comply. Foreign nations can trample our

flag, wreck our embassies, tell Uncle Sam to go jump in the lake, and still they receive foreign aid with no strings attached. Some things are hard to figure out."

OCALA, FLA., STAR-BANNER: "Congress could do one thing to help reduce the staggering national debt which President Johnson plans to increase next year. Legislation could be adopted to provide that whenever the federal government disposes of property the proceeds are applied against the national debt. The present practice is put the money into the general fund for spending. It then is ready to be squandered on some new spending scheme. And in the meantime, the debt continues to grow. Something must be done about the debt eventually, and this would be a good place to start."

RIVERTON, WYO., RANGER: "Better get it while the getting's good" is a philosophy growing in favor of the different federal assistance programs come forward. More and more people who used to stand flatly against the principle of paternal government now are saying that it's foolish not to apply for and get what's offered, because if they don't, someone else will."

SIKESTON, MO., STANDARD: "Don't tackle the job of shoveling snow with the vigor of a teen-ager unless you are a teen-ager. A shovel-full of fluffy snow weighs about four pounds. Shoveling ten loads per minute is equivalent to walking up three flights of stairs in the same time. Wet snow is even heavier and makes the same work equivalent to climbing to the seventh floor in one minute."

MARYSVILLE, CALIF., APPEAL-DEMOCRAT: "When the richest nation in the world must seriously consider penalizing any citizen who leaves the country as a tourist the sum of \$100, then things are in pretty bad shape. . . . The \$100 head tax is designed to discourage Americans from going overseas and to reduce their spending there if they do go. . . . The Russians do the same thing, of course. They always have. But . . . there remains—just in case anybody thinks it's still worth mentioning—that little deal called freedom, which the U.S. government is supposed to respect. To restrict the free movement of citizens is not to promote freedom."

CURRENT EVENTS

FIFTY YEARS AGO

From dusty streets to snow and slush was the quick transition from Friday to Sunday, with an attempt at sleighing on Saturday. The snow-fall was about 7 inches.

Public Sales, every day, are attracting good attendance of those who will engage in farming, or who desire to add to their equipment in the Spring. Fair prices are the rule.

Franklin Reaver has been named by the County Commissioners as Road Supervisor for Taneytown district.

The Hoosier Male Quartet gave an excellent entertainment in the Opera House on Thursday night—the best of the kind ever heard here.

Miss Rena B. Fleagle, formerly from Mayberry, was appointed to a position in the Belair High School in January; having charge of the music in the school.

Louis Elliot closed a salesmanship of 10 years with D. J. Hesson on Saturday, and has resigned in order to go to farming.

The Carroll County Pomona Grange, held its quarterly meeting in the Grange hall, in Taneytown last Saturday with sessions in the forenoon and afternoon.

Keysville . . . Edward Knipple and wife returned home from a visit with their daughter, Mrs. Grace Myer, Saugerties, N. Y. On the evening of their return, the neighbors gathered at the Knipples' and gave them a pleasant surprise. It also happened that this was the host and hostess' 48th marriage anniversary. Among those present were: Edward Knipple and wife, George Ritter and wife, Alfred Forney and wife, Sydney Ellis and wife, George Frock and wife, Charles Young and wife, Thomas Fox and wife, Mrs. C. E. Six, Mrs. O. R. Koontz, Misses Carrie and Virgie Fox and Mary Ellis, Masters Donald Six and John Young. . . . Charles De-
vilbiss and Ralph Weybright have discontinued their studies at B.R.C., New Windsor, and are at home helping with the spring work. . . . The pupils of the public school have contributed \$4.67 toward the Francis Scott Key monument. . . . Frank Houck moved into the tenant house belonging to Harvey Shorb.

HOW THE SWIMMING POOL WOULD HELP THE TOWN

Anne Thompson Grade 8
St. Joseph's School

I think a swimming pool in Taneytown would be a great asset to the community. It would give the people of Taneytown a pool much closer and more convenient than either Meadowview Pool or Natural Dam. This way if the children wanted to go swimming they wouldn't have to ask their parents to take them to a pool fifteen miles away but could just go to a pool nearby.

The swimming pool would also permit all year enjoyment. In the Summer the swimming pool could be used for swimming, in the Winter the pool would be transformed into an ice skating rink.

The swimming pool would also allow a person more exercise, fresh air and sunshine. These three things make a person healthier and the body more fit and able to work and play better.

The pool would also give more pleasure to a greater number of people who otherwise would not be able to take part in the fine sport. It would teach more people to swim and dive correctly because of the convenience of the lessons the Red Cross would give. In the years preceding this year the people would have to pay two dollars just to get to Meadowview Pool by bus, let alone the dollars you pay for the lessons.

The scenic beauty of the pool would also attract visitors from out-of-town. People in the surrounding countryside would flock to Taneytown wanting to go swimming in the pool. These visitors would help pay for the upkeep of the pool throughout the following years. The pool would offer a fine meeting place for groups such as the Girl Scouts, Cub Scouts, Boy Scouts, Jaycees and others.

This pool would encourage more industry to come to town. People who want to build factories in a town look for three things, good schools, plentiful recreational facilities and good housing. The town already has good schools and good housing facilities and the pool would give the town plentiful recreation. These are just a few of the many reasons that a swimming pool in Taneytown would be a greater asset to the community.

Room for One More

If you already own a cat, and would like another, go ahead! The first few days when the cats are getting used to each other may take patience on your part, but soon the two should be getting along happily together. The two cats will observe each other and be influenced by each other's personality. As a result, each becomes a more interesting pet. Here are a few hints from the Purina Cat Care Center on introducing your cat: It's best to introduce a kitten to an older cat. If the newcomer is a kitten, the older cat will assume a parental role and "take charge." Let him do so. Whether the newcomer is a kitten or a mature cat, be sure all claws are clipped before you introduce the cats. Be prepared for some spitting and fussing, and expect several days to pass before the two are accustomed to each other. Until they are, never leave them alone together. Above all, be impartial so there will be no cause for jealousy.

Things Money Can't Buy
Money can't buy friendship—friendship must be earned.

Money can't buy a clear conscience—square dealing is the price tag.

Money can't buy the glow of good health—right living is the secret.

Money can't buy happiness—happiness is a mental attitude, and one may be as happy in a cottage as in a mansion.

Money can't buy sunsets, songs of wild birds, and the music of the wind in the trees—these are free as the air we breathe.

Money can't buy character—character is what we are when we are alone with ourselves in the dark.

Continue the list your self. You will agree that among the things money can't buy are some of the most valuable treasures life has to offer. It is a good thing to check up now and then to be sure we are not missing these things.

After a short visit with her, they were luncheon guests of Mr. and Mrs. Daniel Seibert along with Mr. and Mrs. Gardner Miles, all of Clear Spring.

I was one of the mothers who accompanied the 5th and 6th graders on their trip to Annapolis last Thursday. We had a very interesting day and enjoyed the trip immensely but, I personally was disappointed that we did not see more of the Naval Academy or the "Old Town" itself.

Time is most important on a trip of this kind, I know, but I had thought we would tour these places more; just riding on the buses. Regardless, after eating our lunches—having been greeted and welcomed by Chief of Police Howe—we went to the Town Hall and there met Mayor Griscum.

We toured the Naval Museum and visited the crypt of John Paul Jones under the chapel. A short walk took us to the State House where a Tour Guide told us a number of interesting facts about it: the State House has the largest wooden dome in the United States, the oldest official American Flag, having been used in both the Revolutionary War and the War of 1812, is there in the Flag Room and George Washington was so "taken" with Annapolis that he had Washington patterned after it, were a few of them. As a group we met Comptroller Goldstein and Montgomery County Delegate, Miss Gore.

We spent about an hour watching legislature at work with part of the group in the House and part of it in the Senate. Refreshments of cokes and ice cream cones were provided and after some souvenir shopping, it was home again. Special thanks to Mrs. Bankert, Mrs. West and Mr. Blubaugh.

Boy Scout Troop No. 330

At Tenderfoot ceremonies on March 9 there were 11 boys pinned by their parents as members of Boy Scout Troop #330 Union Bridge. They were Wm. Fleaharty, Burnell Broadwater, Dick Diehl, Ronnie Garber, Ronnie Selby, Roger Buffington, Mike Harris, Dick Stultz, Jimmy Eyer, Billy Duvall and Donald Sitley. They each lit a candle to illustrate one of the twelve points of the

Scout Law (the 12th by the Scoutmaster) and the candles representing the three points of the Scout Oath or Promise were lit by the Scoutmaster. The candle used for the lighting represented the Spirit of Scouting.

Emblems for their Badge of Office were presented by Scoutmaster Fleaharty to Assistant Patrol Leaders Kenneth Hooper, Steve Zimmerman and Frank Formmelt. Carl Rigler was absent. To Patrol Leaders Bill Warner, Craig Cawmer, Bill Rigler and Donald Logue as well as to Senior Patrol Leader John Testerman and Assistant Scoutmaster Burnell Broadwater.

Crow Patrol Leader and Assistant, Bill Warner and Frank Formmelt, gave a demonstration on the proper handling and care of an axe and a hatchet.

Scoutmaster Fleaharty spoke to the parents about who pays for Scouting. The parents do, he said, for the 20¢ a week dues cannot cover outside expenses such as trips. For extra activities each boy is expected to pay his fair share for food and other expenses such as transportation. Inspection, he said, is required once a year. This troop, however, which should all be in uniform by the first of April, will have inspection about once a month at first to help the boys develop a sense of pride and neatness in their uniforms and themselves. Assistant Broadwater stressed the importance of the support of the parents. Scouting is not just fun, he said, it develops good qualities in the boys which will stay with them all their lives but it cannot be done by the Scoutmasters themselves in just a few hours a week. The parents must help by encouraging the boys.

Some equipment that would be helpful for each boy and is the most important would be a canteen and a pack or knapsack. A sleeping bag would be good but an axe is not necessary at first.

Troop hike on Saturday, March 13, with each Scout to bring lunch and something to drink. Meet at Crossroads in Keymar at 9:30 A. M. No uniforms.

Paper drive on Saturday, March 20. Anyone who needs cord with which to tie their papers will find some available at the home of Jack Harris, 21 S. Benedum Street. Anyone outside of Union Bridge wishing to give papers, rags, etc., please call Jack Harris or Richard Stultz for pickup.

Special thanks to Otis Devilbiss for the use of his building for the bake sale held March 6 for the benefit of the Troop and to all those who contributed and/or purchased.

A camping trip will be held March 26 and 27 for the Patrol Leaders and Assistant Patrol Leaders at the Potomac Appalachian Trail Club shelter called Milesburn near Chambersburg, Pa. This will be a learning and training trip and a trip for the whole troop will be planned in the near future.

After the meeting, David Myers passed his Tenderfoot requirements to Assistant Scoutmaster Broadwater.

History Awards Given by D. A. R.

In keeping with the observance of February as American History Month, the William Winchester DAR announce the winners in the American History essay contest which has been conducted in the 5th, 6th, 7th and 8th grades in eleven schools in Carroll County with approximately 150 pupils participating. The contest is the highlight in the observance of American History Month.

The Maryland Society, DAR, has been conducting the history contest since 1928 and the William Winchester chapter since its organization in 1938, with the purpose of stimulating an interest in the minds of school children on the study of our local, state and national history. The children in Carroll County can be commended for their excellent and outstanding work.

The pupils prepared themes on the subject of "Historic Trailways."

The medal winner for the county in the 5th grade was Miss Connie Dubble from William Winchester School, whose essay, "The Trail to the Promised Land," dealt with the wagon trails to Oregon and the Pacific Northwest. The Oregon Trail was more than just a pioneer road between Independence, Missouri, and Port Walla Walla in Oregon country; it was the story of heroic deeds of Americans traveling westward, always seeking more new land, adventure and freedom.

Miss Mary Clare Buchheister, also a student in William Winchester School, won the medal for the 6th grade in Carroll County for her essay, "An Inspiring Leader," the story of the brave Indian woman, who with her papoose strapped to her back, led Lewis and Clark on their expedition westward.

Students from Elmer Wolfe School in Union Bridge won the medal honors for the 7th and 8th grades in the county. Miss Barbara Broadwater of

SECOND SOUTH PENN LEAGUE MEETING

With three team representatives missing, the South Penn Baseball League held its second pre-season meeting last Sunday in Gettysburg. The meeting was opened by president Bob Miller who immediately announced the officers for the 1965 season. President, Bob Miller; vice president, Bob Weaver; secretary-treasurer, Dick Selby.

The problem of umpires was next discussed and then decided to again employ umpires from the Cumberland Valley Association this year.

The schedule of games will start on April 25 and end on Sept. 6 (Labor Day) with a double header. Each team will play each other three times making a total of 27 games. This will, of course, mean more home games for Memorial Park. The Tigers will play on 19 Sundays and have 8 twilight games this season.

Also discussed was the extra games with the Susquehanna and the Franklin County Leagues.

Attending the meeting for Taneytown was manager Bob Fogle, Arvin Bollinger and president John Breth.

NEXT WEEK — A short history of the Taneytown baseball club with emphasis on its tenure in the South Penn League.

An Unusual Opportunity

Mr. Kenneth C. Crouse, Chairman of the Long-Range Planning Committee of Trinity Evangelical Lutheran Church, Taneytown, announced this week final plans for a meeting that presents an unusual opportunity. Next Tuesday night at 7:30 P. M. of the Adult Sunday School Room of the church, a presentation with slides entitled, "Being a Christian in the Space Age," will take place. This presentation will develop the "Master Plan" concept, a concept where an organization researches, anticipates its needs, and makes a plan to meet them.

Mr. Crouse announces that Mr. Edward C. Soistman, an expert in the field of planning, will be the speaker. Mr. Soistman holds a top-level job in industry, being the Director of Planning for the Martin Company, Orlando, Florida. In his church he serves as vice-president of the church council. For the church at large, the Lutheran Church in America, he serves as a member of the Commission on Evangelism.

Mr. Soistman's presentation will be in four parts: Facing Up to the World Around Us, Facing Up to Ourselves, Facing Up to the Needs of the Church, and Facing Up to Our Lord Jesus Christ. His talk will involve points on long-range planning, retreats, stewardship, and evangelism. Because of the unusual nature of this opportunity, besides members of Trinity Lutheran clergy throughout the county have been invited to attend and bring some key laymen. A similar invitation has been extended the local clergy.

Nursery provisions are still in the planning stage, according to Mr. Crouse.

GRACE CHURCH FELLOWSHIP

This evening (Thursday) at 7:30 o'clock a Congregational Fellowship will be held at Grace United Church of Christ, Taneytown, with The Rev. Edwin O. Wencks, Co-Pastor of the Utica Charge of the United Church of Christ, as the guest speaker. He will speak on "Mental Health." All young people and adults are most cordially invited.

GIFTS DEDICATION SUNDAY AT TRINITY

This Sunday morning, 10 A. M., at Trinity Lutheran Church, Taneytown, recent gifts to the church will be dedicated during The Service. 450 copies of the "Service Book and Hymnal," recently introduced to the congregation and used for the first time last week, have largely been contributed by members of the congregation. In addition, gifts of a Pulpit Bible, Lectern Bible, and Altar Service Book, from The Mite Society will be presented. Dedicated, too, will be a memorial gift of a complete set of altar paraments. The purple cloths will adorn the altar, pulpit and lectern, while the other paraments, those in red, white, green and black, will be displayed.

During The Service, the choir will sing two anthems, one being the "Hymn of the month," inaugurating the congregation's effort to learn some new hymns while singing many old and familiar ones. The first hymn of the month will be the stirring "Built on a Rock." The pastor will commence a Lenten series of sermons on the Christian: Revolution, Reformation, Renewal, being an examination of the Christian in our contemporary society. This series serves as a companion piece to the Lenten Wednesday evening series on the Church: Revolution, Reformation, Renewal, being an examination of the current thinking on the state of the church.

THE WAY I SEE IT . . .

Observations on the World of Sports —by John Breth

The dust should fly at the training camp of the MINNESOTA TWINS this Spring.

The third base coach of the Twins and one of manager Sam Mele's top assistants will be Billy Martin, who used to play hard for the New York Yankees, on and off the field. Manager Mele says: "I expect Martin to coach baseball the way he played it."

Manager Mele had better hire Joe Louis as a coach also. Martin had more than his share of fights as a player. Battling Billy never looked for any fights. He didn't have to. They always found him.

Martin is supposed to needle the Twins, who looked listless at times last year, into a big effort which will make them pennant contenders. The Twins tied for sixth place with the Cleveland Indians last year.

According to Mele, Martin will make the Twins more aggressive base runners and inspire them to take more chances.

Martin already is talking about the way his ideas will be put into effect. Mainly they consist of hard work on the part of the Minnesota players. He wants them to work on bunts and hit-and-run plays and cut-off plays on defense and pickoff plays. In short, Martin wants the Twins to give every part of the game a professional touch.

On the subject of hitting, Martin says: "Once the hitters are in shape they should swing with a purpose even in batting practice. Instead of trying to hit every pitch out of the park they should try to get a piece of the ball on the first cut, try to go for right field on the second and work on scoring a runner from third base on the third swing."

Martin says he regards his principal job as that of instructor but if Mele wants somebody to light a fire under the players he figures he has the matches to do the job.

All in all, things should be interesting in the training camp of the Minnesota Twins this Spring.

When the Pittsburgh Pirates meet the World Champion St. Louis Cardinals this Spring, the new manager of the Pirates will be peering out at some of his former proteges.

The new Pirate boss is HARRY (THE HAT) WALKER who formerly managed the Cardinal farm club at Jacksonville, Florida. While running that team he handled such Cardinal players as pitchers Barney Schultz and Gordon Richardson and outfielder Mike Shannon to name some.

Walker might have inherited the job of running the Cardinals but he signed with the Pirates before the St. Louis job opened up. That was after the World Series when Johnny Keane bowed out at St. Louis to bow in at New York. Red Schoendienst got the job of running the Cards.

This is Walker's second time around as a Major League manager. He had one short run with the Cards in 1955, taking over from Eddie Stanky in fifth place. Walker piloted the Cards for the rest of the season and finished seventh.

In 1956 he managed Houston which won the Texas League pennant. After two more years at Houston, Walker returned to the Cards as a coach and then went out again as a Minor League manager. His Jacksonville team won the International League pennant.

Harry The Hat will always be remembered in St. Louis for hitting the single in the eighth inning of the final game of the 1946 World Series that sent Country Slaughter flying around from fast base with the winning run.

In 1947, with the Phillies, Walker won the National League batting title with an average of .363.

Walker is a great student of hitting which should help the Pirates next year, especially some of the younger players who are still open to hints on how to hit.

Did You Know That — Milt Pappas who pitched 7 shutouts last season now has 23 lifetimes, a record for an Oriole pitcher.

Today's Sport Laugh—Jim O'Toole, Cincinnati pitcher, has suffered a number of injuries in the last few years. His manager said recently: "Around the office we say that O'Toole is a guy who could get hurt in a padded cell."

Coming Soon—An expanded sports page for The Carroll Record.

Yes But . . .

Lesson for March 14, 1965

Background Scripture: Matthew 21 and 22.
Devotional Reading: Matthew 7:13-28.

NOBODY in his right mind would go deliberately against the will of God. Yet people do go against God every day. You have seen it done; you have done it yourself. How can this be? Are we all out of our minds? The reason why so many people do go against God's will and commands shows (unless indeed they are "off their rock-Dr. Foreman er") one of two things about the man: Either he does not believe in God really, or else he has some common but fatal wrong notions about him.

Commanded to serve

Anyhow, Jesus told two parables that have to do with the disregard of God on the part of man. These are the parables of the Two Sons and of the Wedding Feast, with the difficult little postscript parable of the Wedding Garment. These bring out still another reason why people disregard God's wish and will. They deceive themselves into supposing that to acknowledge God's commands is enough. They have no intention of disobedience, they just aren't quite ready to obey. They have an attitude which might be given the name "Yes, but . . ." Yes, but not now.

The first of these parables is one of the simplest and plainest Jesus ever spoke. A father has two sons: he gives them both the same order. One son says, "Yes sir," but did not go. The other son said, "I will not," but he changed his mind and went. Jesus asks a very simple question: Which of the two did what his father wished? The answer

was so obvious that even the stupidest Pharisee had to say it right: "The one who DID his father's will." The first boy acknowledged his father's authority, he said, "Yes sir" politely enough; but he let his "yes" take the place of obedience. How often that happens in real life!

Invited to enjoy

The second parable, about the king's wedding feast, is rather more astonishing. Here there is no work to be done, there is only a party and a dinner to enjoy. There is no command, just an invitation. Yet the king for some strange reason is snubbed by his own people, his guests that never were. Some were wicked murders, but some were just busy and preoccupied people. They had no intention of rebelling against the king. Their trouble was simply that they had other fish to fry, they couldn't be bothered, they regretted . . . and so forth. But whether for a good reason, or none at all, they didn't come. This seems strange behavior for invited guests at a palace; yet it happens every day. The lazy son left work undone; the I-don't-care guests simply cut themselves out of a good time.

Expected to appreciate

That little story of the man without a wedding garment has puzzled many. Here is one meaning that has been found in it: The guest's lack of proper clothes was his own fault, for the custom was for the host to give every one present a special robe for the occasion. But instead of appreciating the royal gift, this sorry individual tosses it into a corner and comes in his old clothes. We are like that man when we take some wonderful gift from our God and hardly thank him for it at all.

So: whether God is ordering us to do, or inviting us to enjoy, or expecting us to appreciate, how often we just ignore him!

Hesson Snider Post No. 120 Auxiliary met on Thursday evening, March 4, 8:00 P. M. at the Legion Home on Broad Street, Taneytown, Md.

The meeting was called to order by its president, Betty Jane Houck. Color Bearer, Louell Leatherman, advanced the colors. Pledge of Allegiance to the flag was followed by the Auxiliary Chaplain, Regina Foreman, leading the group in prayer. A moment of silence was held in memory of our dead. The group of women then joined the President in repeating the Preamble to the Constitution of the American Legion Auxiliary. Roll call of officers and members by our secretary, Lois Wetzel, showed an attendance of 7 members. The secretary read the minutes of the previous meeting. Reports were heard from the treasurer, Mae Long, and was approved by the group.

The next Western Maryland District meeting will be held March 28 at 1:00 P. M. sharp at Emmitsburg with Francis X. Eldo Unit as hostess was announced by the President. Thus far, 5 members from this unit will be attending this meeting. Anyone wishing to go please contact the President before March 21 so that the proper reservations will be made.

The District reception for the Department Commander and President will be at the Morris Frock Post Home, Hagerstown, Md., on April 10 at 7:00 P. M. This reception will be a dinner followed by a dance. Tickets are available for any Legion or Auxiliary member and guest. The fee is very reasonable. Information can be had by contacting Francis Lookingbill, and members of Hesson-Snider Post, No. 120.

Unfinished business was next on the agenda. The treasurer presented the Legion with a check covering half the amount of the new refrigerator that was recently installed in the Legion Home.

New business was the highlight of the evening. The Auxiliary voted to send a check to help defray the expenses of our district reception for the Department Commander and the President. Stock was then taken to seek what was needed to improve our Legion Home. The members were in favor of purchasing a new Preamble for our meetings. This will be a 52 x 36 in. unfaced paper, 1 1/2 in. letters mounted on spring roller, with wall holders. One gross of stainless steel teaspoons and forks with the American Legion emblem stamped into the handles went on order. One pack (1000) cocktail napkins with the American Legion Auxiliary emblem embossed was also ordered. These will be used on special occasions only.

At our next meeting, April 1st, the members will set a date to Spring clean the Legion Home. The serving of the Jaycees for a dinner and meeting was opposed because of the limited kitchen facilities we have at the present time and also the working hours of our members.

A platter and several selections of sandwiches will be served by the Auxiliary at the Post Home on Memorial Day following the parade in our community. This menu will be planned at the April meeting.

The one aim of our Auxiliary is to help the youth of America become responsible and patriotic adults of this United States. Hence the proposal of a pledge or donation to the City of Taneytown Swimming Pool Fund was brought up before the group. It was immediately decided that this unit would back the pool. It was voted and approved to chance off a \$100.00 Gift Certificate from the Trone and Weikert Store in Hanover, Penna.; drawing to be held at the Shrimp Feed sponsored by the Legion on Saturday evening, April 3, 1965 from 7 to 9 P. M. Drawing will be held at 10 P. M. Trone and Weikert's store, located in Center Square, Hanover, Pa., has an exclusive selection of both ladies and mens wear. Upon contacting Mr. Trone from this shop, he is also backing this project for the Pool Fund by paying the cost of the ticket printing at our local Carroll Record office. Many thanks to the T & W shop from the Auxiliary and the youth of Taneytown. All proceeds from this project will be given immediately to the City of Taneytown Swimming Pool Fund.

The business meeting then adjourned and the colors were retired.

The pig was furnished by Louell Leatherman and won by Lois Wetzel. Regina Foreman, hostess of the evening served delicious refreshments in keeping with the theme of St. Patrick's Day.

The next meeting will be held on Thursday, April 1st at 8:00 P. M. in the Legion Home, Taneytown, with Betty Jane Houck as hostess.

THIS AND THAT

Now that March is here, there is a definite change in the air. After all, Spring is only three weeks away, and no amount of cold or bad weather can alter that fact. Already, I feel the urge to start some housecleaning. For me, this means a trip to the hardware store, there to browse among color charts and paint cans. How they fascinate me! Incidentally, the heavy texture-paints are marvelous for re-doing old walls.

A walk through the fields and to the woods brought me even closer to Spring. I was accompanied, as usual, by a bevy of cats. Their inquisitive high spirits led them up trees, into groundhog holes, and even into the stream. It did my heart good to watch them.

Of course, the arrival of certain birds is one of the surest signs of Spring. Imagine my great joy, then, to hear the familiar "o-ka-lee" of the red-winged blackbirds, sporting their red shoulder patches. I spied no robins or meadowlarks, but they will arrive very soon now, thus replacing the birds of Winter.

So many people seem interested only in themselves and in their own affairs. Such is not the case with my friendly neighbors out here in the country. For instance, the other evening, one of them presented me with a bag of her delicious homemade doughnuts. Another, who recently butchered, gave us some mouth-watering sausage, scrapple, and spare-ribs. These little acts of generosity make one realize that good neighbors are one of life's great blessings.

A special "hello" to Kathleen, Ellen, and all the other nice girls up there in St. Albans. I understand they greatly enjoy reading these articles. Thanks for the kind compliments, all of you, and the best of luck in the future.

What is a Check?

A check is a written order to a bank to pay money. The people who use checks are modern enough to take advantage of modern banking and conservative enough to know it's foolish to carry large sums of cash.

They keep their check stubs to help them budget and their cancelled checks for receipts. They know they have a truly great convenience in their checking accounts.

Why don't you join them?
