## COMMUNITY LOCALS

Mr. and Mrs. Harry Mohney returned home Monday following a few weeks vacation in Florida.

Miss Mary, Mr. Wallace Reindollar were guests of Miss Beulah Castle, York, Penna. last Thursday.

Rev. and Mrs. Robert V. Johnson and daughter Cynthia were Sunday evening supper guests of Mr. and Mrs. Noah Warehime and family.

Mr. C. Garcia, who was a patient for 11 days at the Walter Reed General Hospital, Washington, D.C. for an appendix operation is doing very nicely and was released last week. He is now convalescing at home.

Mrs. Robert Stine, Mrs. Gilbert Stine, Mrs. Mark Baumgardner, Mrs. Charles Stonestifer, Mrs. John Blanchfield, Jr., and Alice Reifsnider, near Taneytown, accompanied four bus loads of Homemakers from Westminster to Washington, D. C. on Tuesday. The group visited the White House, Washington Cathedral and had lunch at Georgetown restaurant. In the afternoon they visited John F. Kennedy's grave and Lee's Mansion at Arlington National Cemetery in Virginia.

## MOTHER NATURE, HOUSEKEEPER SUPREME

Now that Spring is here, my thoughts turn, in woman-like fashion, to housecleaning, and to housekeeping in general. What a staggering array of jobs it involves—cooking, child-care, laundry, decorating, cleaning—I could go on and on. It fairly makes the mind reel, just to contemplate them all. And speaking of cleaning, many women (myself included) do not particularly delight in wielding the vacuum and mop, but they nevertheless manage to keep things reasonably cozy and in order. On the other hand, some zealous housekeepers chase the dust and dirt so religiously that the members of their families must remove their shoes before entering the sacred domain. And yet, what is a home if it cannot be enjoyed and "lived in"?

For my part, I much prefer to step into a different kind of habitation—that of Mother Nature, a warm-hearted hostess who welcomes me at all times with open arms, shoes or no shoes! This charming Lady needs no mop or cloth to keep her domicile dust-free. The wind accomplishes this very nicely. At regular intervals, her floors are scrubbed by the rain, and sweetly dried by the sun. Mother Nature's staff of interior decorators (the Seasons Four, Inc.) keep her establishment lovely all through the year, and they perform these services free of charge. Miss Spring, Mrs. Summer, Gypsy Autumn, Old Man Winter—each is given full run of the house, for this customer never interferes in the choice of colors. And so the decor ranges from delicate pastels and flaming reds to stark white and black.

After my visit with Mother Nature, I feel much more willing to tackle my own housecleaning. She reigns, indeed, as Housekeeper Supreme.

## SPRING COMES GENTLY, SOFTLY O'ER THE HILL

All winter long, the earth has dormant lain,  
Paralyzed, her body cold and still;  
But now the heart-beat quickens in her breast,  
As Spring comes gently, softly,  
O'er the hill.

All winter long, the bitter winds have blown,  
Fiercely, sounding their trumpet blasts at will;  
But now the warming breezes sweetly sing,  
As Spring comes gently, softly,  
O'er the hill.

All winter long, the sparkling stream was held,  
Rigid, a solitary, lonesome little rill;  
But now the sun has set the prisoner free,  
As Spring comes gently, softly,  
O'er the hill.

All winter long, the growing things slept on,  
Quietly, nor any drop of color spill;  
But now they paint the world in rainbow hues,  
As Spring comes gently, softly,  
O'er the hill.

## Letter To The Editor

Thank you for sending The Record. It is with great interest that we look forward to receiving the news from Taneytown folk. Taneytown is to be greatly commended on their Swimming Pool Project. Even though we all enjoyed the Kiwanis project of transporting the youngsters to Meadow View for swimming lessons, it would be nice to have the convenience of putting into practice what they learned with a pool in town. It will be possible.

Mrs. Mabel Reifsnider Hayti, Mo.

Miss JoAnn Beamer, 87 Prince St., Littlestown, Penna., will receive registration for Baton Twirling Classes this Saturday, March 20th from 1 to 2 P. M. at the Taneytown Fire Hall. Miss Beamer is a Sophomore at Shippensburg State College and is an English-French major in Secondary Education. She is a majorette with the Shippensburg State College Band and is instructor of JoAnn's Cadets of Littlestown and Taneytown.

## THE BEGINNING OF THE END

They said it couldn't be done, but it has been . . . almost. They said it would take two years, but it won't. They said we wouldn't care, but we proved that we did. Taneytown WILL have a swimming pool this summer.

We've reached the beginning of the end . . . or the end of the beginning, and we've reached it together.

But the splendid, united community effort cannot stop here. The \$48,000 in the Taneytown Pool Fund is enough to award the contracts for the proposed pool and a minimum-sized bathhouse, but it is not enough to pay for them completely.

We MUST raise more money and we MUST do it together; \$6,000 more is needed by May 1, 1965, in order to open the facilities to the public.

The Executive Committee is going ahead with the project because it has faith in the community; it believes that the extra \$6,000 can be raised in time. Can we do it? Can we dig down a little deeper? Can we reach the untouched resources in our own area and in nearby communities? Can we take some more pressure and give some more effort? We'll try. And we'll raise it.

Like the birth of a child, the campaign has taken nine months. And, like the birth of a child, the campaign's end is going to be the most difficult, but the most rewarding part of it all.

## Pool Fund Leaps to \$48,000 As Result of "Big Push"

In one week, the Taneytown Swimming Pool Fund has more than doubled its pledges and donations. Thanks to the wonderful response to the March 15 deadline's "big push!" Major contributions from businesses, industry, merchants and residents in the rural area covered by the March 2-12 canvass pushed the Fund to \$48,000 yesterday.

The Rural Canvass alone grossed almost \$4,600.00. Over 80% of the area businesses and 65% of the area organizations came through with contributions or pledges. The greatest boost came from major industry.

In light of the present Fund total, the Executive Committee will award contracts to local firms next week for the construction of the bathhouse facility. A representative of the Ira C. Rigger Construction Co. of Cockeysville, the swimming pool contractor, will meet with the Planning, Design and Construction sub-committee Saturday at 3:00 P. M. to go over details preliminary to signing the final pool contract by the Mayor and City Council and the Committee.

However, \$48,000 is still not enough to completely pay for the facilities, and the Committee must raise \$6,000 more at least before May 1, 1965.

Plans for solicitation in nearby communities and other means of acquiring the additional \$6,000 will be discussed at 8:00 P. M., March 21 emergency Committee meeting.

"Our faith in the resources of the community have prompted us to go ahead with negotiations to build the pool and bathhouse," declares Wayne Baumgardner, Chairman. "But we must have the additional \$6,000 in order for the pool to be opened to the public. If we work together, it can be done!"

Contributions and pledges may be mailed to Harry Dougherty, Jr., treasurer, Taneytown Pool Fund, Taneytown, Maryland.

## WITH THE ARMED FORCES

CAMP LEJEUNE, N. C. (FHTNC) March 4—Marine Private Larry W. Hyde, son of Mr. and Mrs. Raymond W. Hyde of Rt. 2, Taneytown, Md., completed four weeks of individual combat training February 7 with the First Infantry Training Regiment, Marine Corps Base, Camp Lejeune, N. C.

The 20-day course included over 200 hours of rigorous instruction in small unit tactics, night combat, firing weapons under simulated combat conditions and other subjects related to the Marine infantryman.

FORT HOOD, TEX. (AHTNC) —Charles H. Davis, Jr., whose parents live on Route 1, Union Bridge, Md., was promoted February 27 to First Lieutenant at Fort Hood, Tex., where he is a member of the 1st Armored Division.

Lieutenant Davis, assigned to Headquarters Company, 1st Battalion in the division's 6th Infantry, entered the Army in August 1963.

The 23-year-old officer is a 1959 graduate of Robert Moton High School, Westminster, and received a B. A. degree in 1963 from Morgan State College, Baltimore.

Lieutenant Davis is a member of the Pershing Rifles.

His wife, Sandra, is with him at Fort Hood.

## 1965 Easter Seal Appeal

The Maryland Society for Crippled Children and Adults will officially start an Easter Seal Campaign in Carroll County from March 15 to April 18. Plans for the campaign were discussed at a meeting held on March 8 at the home of Dr. Karl Greene in Westminster.

The Easter Seal Society has become the largest voluntary agency in the world serving the crippled. Last year through public contributions, many thousands of crippled persons received treatment at one of the treatment centers located across the nation, who without the assistance of the Easter Seal Program would have been denied this special care. These centers operate chiefly on funds contributed during the annual pre-Easter appeal.

Our local treatment center is located at Frederick and is open to residents of Carroll, Frederick and Washington Counties. The goal for Carroll County this year is \$5,000 and through the kindness of public contributions we are hopeful of achieving this goal.

Mr. George Fream, district chairman of the Taneytown area, announced that in lieu of a house solicitation, coin receptacles are located on the counters of most business establishments to receive your contributions. A "Lily Day" is again planned this year through the business area on a date to be announced later. Various activities have been planned for all areas throughout the County during the campaign. All citizens are urged to support this worthy cause. Your contribution may be forwarded to the county chairman at Westminster or to George Fream, Taneytown chairman.

Announcement of Open House How the legs of crippled children are strengthened to walk, how fingers are trained to perform activities of daily living, how amputees are taught to walk with artificial limbs, how sufferers of arthritis, fractures, cerebral palsy and other diseases are slowly being returned to live a useful life, will be dramatically demonstrated at the Easter Seal Treatment Center's Open House, March 18, in Frederick, Maryland.

These demonstrations are open to the public, so that people will know of the direct service that the Easter Seal Treatment Center gives to the Western Maryland area. The open house is held in conjunction with the Easter Seal Campaign, which began March 1 and ends April 18, Easter Sunday. Invitations have been sent to parents, doctors, teachers, and other people who have a particular interest in crippled children and adults and of the work being done by the Easter Seal Society.

Professional staff members will be at the Center from 9:30 A. M. to 4:30 P. M. and will demonstrate treatment techniques used to benefit your friends and neighbors.

Elliott Weinberg, coordinator of the Easter Seal Treatment Center, states that service organizations and other groups will be welcomed if they will call the Center first to make special arrangements. The Easter Seal Treatment Center is one of eight centers in the State of Maryland operated by the Maryland Society for Crippled Children and Adults through Easter Seal contributions.

## Elementary P.T.A. Meets

The Taneytown Elementary School P.T.A. was held on Monday evening, March 15, at 7:30 P. M. There was classroom visitation from 7:30 to 8:00 P. M. A business meeting was conducted by president George Motter. A nominating committee was named with Mrs. Doris Harner, Mrs. Betty Gross and Mr. Edward Sauble. It was decided to hold the next regular meeting on April 26 because of a conflict with Easter Monday.

Mr. Herbert Ruby, Supervisor of Physical Education in Carroll County lectured and showed a film on the activities carried on in the Carroll County Outdoor School.

This school is new in the county this year. It is conducted for sixth graders with Fall and Spring sessions. The meeting adjourned. Refreshments were served.

## Crapster Appointed Dean of College

President C. A. Hanson of Gettysburg College has announced the appointment of Dr. Basil Crapster as dean of the college, succeeding Dr. Charles H. Glatfelter. The appointment is to become effective at the beginning of the spring semester, January 31, 1966.

Dr. Glatfelter, who is professor of history, has been dean of the college since 1960 and director of the summer session since 1959. He will return to his teaching duties in the history department. Dr. Glatfelter, a graduate of the college, has been on the faculty since 1949.

A native of Taneytown, Md., Dr. Crapster attended Taneytown High School and Mercersburg Academy. He was graduated in 1941 with an A.B. degree from Princeton University. He received his A.M. in 1942 and his Ph.D. in 1950 from Harvard.

Dr. Crapster joined the Gettysburg faculty in 1949 as instructor in history, was promoted to assistant professor in 1953, associate professor in 1956 and full professor September 1, 1963. He is a member of Phi Beta Kappa, American Historical Association, Maryland Historical Society and Conference on British Studies.

He has written articles for the Michigan History, Journal of Modern History and is a regular contributor to Historical Abstracts. He also has been a contributor to Business History, and Army Historical Research, and has done book reviews for other historical journals and publications.

Dr. Crapster made trips to England for research in 1950, 1951 and 1958. His current research centers on history of the British Conservative Party and British journalism in the 19th century. He will be on sabbatical leave beginning in June 1965 and plans to go to England for research.

## Committees Announced for "Dirty Work at the Crossroads"

Dean Brown, President of the Taneytown Jaycees, has announced the committees for the Community Musical Melodrama, "Dirty Work at the Crossroads," which is being produced by the Jaycees on Thursday, Friday and Saturday, April 1, 2 and 3.

Tickets went on sale last week with the reserved seat chart available at the First National Bank with Wayne Hively in charge. Ticket prices and reserved seating arrangements are the same as they were for the Minstrel two years ago. All proceeds will go toward the Swimming Pool Fund.

Co-chairmen of the production are Kenneth Crouse and Donald M. Smith with Wayne Baumgardner, James Fair and Dean Brown on the general committee.

Other committees include Properties: Mr. and Mrs. Harry Dougherty, Jr., Mr. and Mrs. Elwood Myers, Mr. and Mrs. Edward Sauble, Buddy Clingman and Leonard Wantz, Jr.; Costumes: Mr. and Mrs. Dean Brown and Audrey Fair; Make-up: Mr. and Mrs. Terry Fleagle, Jeannette Leveling and Mary Alice Myers.

Also, Program Booklet: Mr. and Mrs. Kenneth Crouse, Dean Brown, Arthur Garvin, Larry Heltbride, Geary Myers, Virginia Fream and Ravina Hopkins; Tickets: George Crouse, Charles Becker, Robert Flikinger and Wayne Hively; Ushers: Cecil Lewelling, Buddy Clingman, Terry Fleagle, Charles Fream, John Fream, Arthur Garvin, Paul Rupp and Leonard Wantz, Jr.

Other committees are: Stage Manager, James Fair; Set Coordinator, Wayne Baumgardner; Set Design, Harold Rogers and Barbara Baumgardner; Set and lighting: Donald Wantz, Charles Becker, Larry Davidson, Thomas Lambert and John Myers; Cast: Mr. and Mrs. John M. Skiles, Mr. and Mrs. John Fream, and Charles Fream; Refreshments: Nadine Brown, Donnie Rupp, Virginia Wantz, Virginia Fream and Audrey Fair; Publicity: James Fair, Paul Rupp and Dean Nushbaum.

Directing the production is Mr. Neal Powell with Mrs. Theresa Eshbach directing the music. All members of the cast and chorus are requested to be at the High School this (Thursday) evening at 7:00. A picture-taking session will follow the regular rehearsal.

## BROWNIE GIRL SCOUT TROOP #908 NEWS

On Sunday, March 7 (Girl Scout Sunday), fourteen Brownies of the troop attended church services at the Taneytown Presbyterian Church with their leader. Also attending was the Junior Girl Scout troop with their leaders.

On March 12, during Girl Scout Week and the 53rd birthday of Girl Scouting, the troop had a birthday party honoring this occasion. Invited guests who attended this Girl Scout Week celebration were Mrs. Harry Hohman, Mrs. Kenneth Bair, Mrs. David M. Miller and daughter and Mrs. Robert Six.

Darlene Glover and Lynne Neal were taken into the troop the past month.

## ATTENTION, PONY LEAGUERS

All youths between 12 and 16 years old that are interested in playing Pony League baseball are urged to turn your name into Officer Boone or Doc Hopkins at the drugstore as soon as possible.

## WEEKLY REPORTS FROM ANNAPOLIS

### Sen. O'Farrell and Delegate Dulaney Writes

The General Assembly goes into its final two weeks Monday with more than 1,000 bills still awaiting committee action, only 171 acts bearing the Governor's signature and still no major piece of legislation enacted.

In the 53 days the Assembly has been in session, the legislative hopper has bulged with a record 1,860 bills. Many of them are local bills which could not be considered during last year's 30-day session.

The House of Delegates has put itself in good order, clearing all major issues except those it has yet to receive from the Senate. Next week it will begin work on the \$760 million state operating budget.

But the Senate has acted on only one major bill.

For the next two weeks, both houses have scheduled Friday night and Saturday sessions in effort to conclude as much of the state's business as possible before the session reaches its constitutional end at midnight on March 30.

The Senate and House swapped a couple of hot issues during the past week. Both would be new legislative steps.

Before the Senate for the second time in two years is the question of whether the state ought to regulate the service charges on retail store charge accounts.

There are no limits now. Most of the stores charge their customers 1 1/2 or 2 per cent interest on their unpaid monthly balances. The House fixed the figure at 1 per cent over the protests of representatives for the merchants.

The Senate in 1963 also approved a ceiling of 1 per cent, but the House never got to vote on it that year.

The Senate steered to the House over the objection of the Carroll County Senator a system of displaying stickers on windshields as proof of auto insurance. It has not been tried in any other state.

Agents for the insurance companies would have to issue the stickers to their clients. They would have to make sure they aren't continued in use if the policies should be cancelled.

The Senate also gave its final stamp of approval to making chemical tests mandatory for accused drunken drivers. If they refused, their license would be suspended automatically for three months. The requirement would apply in Carroll County only if the arrest was made by a state policeman.

The Senate moved ahead with an effort to control election campaign spending. Limits would be placed on how much a candidate could contribute of his money and receive from one person. The most an individual could give in an election would be \$2,500.

The Senate received a plan for putting Carroll County into a Western Maryland district for electing a Congressman. But decision was postponed.

About the same time, Gov. Tawes was signing a resolution in which Maryland joined other states in trying to nullify a Supreme Court ruling that threatens to end representation in the state Senate by geographical areas.

The House judiciary committee at first balked at broadening the state's laws on civil rights. Then it reconsidered and asked a subcommittee to offer a compromise. The main proposals are to ban discrimination in taverns and swimming pools as well as hotels and restaurants and in hiring workers.

Thomas R. O'Farrell, State Senator for Carroll County

## A Voice from the House

The location of a new bridge to cross the Chesapeake Bay was the subject of a lengthy and controversial hearing before the House Ways and Means Committee last week. The State Roads Commission wants to locate a parallel span next to the existing facility. It was brought out at the hearing that traffic on the present span has decreased slightly each of the past four years, and many, therefore, oppose this location.

Since the General Assembly may decide by a law where a new span will be located, supporters for all locations were present. Comptroller Goldstein testified that a parallel span is not a proper location but that a span from just north of Baltimore City to Kent County and a span from Southern Maryland to the Eastern Shore should both be constructed. Since the Southern Maryland area and lower Eastern Shore are considered by some to be economically depressed, or in need of economic stimulation, many feel the bridge should be built there. This would also offset the loss of revenue when slot machines are outlawed.

The Baltimore County supporters feel that a span is needed to allow a crossing without the necessity of traffic having to go through or around, Baltimore. This would tie in the upper shore with Baltimore City and Baltimore County. It may well be that no action will be taken this year. Also being considered is a new harbor tunnel. The existing tunnel is presently heavily overloaded on many days and a new facility may be needed.

Revolving credit, after about 18 hours of debate on the floor of the House, was passed by a narrow margin of five votes and sent to the (Continued on Page Four)

## "SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning. A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each bright day and in some way—help to bring you happiness!

It surely is S P R I N G down at the Hecht-May Co. as the store is filled with the Spring flower of Jonquils! Lovely suits are displayed on the Models in the windows and there are so many beautiful pastel shades. Skirts are still—very, very short. "The Farmer's Almanac" for the balance of the season from the 24th reads, "Spring's early but surely, Skelter for shelter outa this welter!"

There was a huge Irish linen sale at the Hecht-May Co. and a Demonstrator right there to prove to you that Irish Linen made from Flax—nature's "Miracle" Fiber more than 7,000 years old—is as modern as any fiber you can find today. And that Irish Linen is a "show-off"—it grows more lustrous, more beautiful with use. Please don't save it only for special occasions. Use it.

Enjoy it, Launder it. It loves laundering. Irish Linen gives you day-in, day-out luxury in your home. Spill something? That's inevitable! You can remove everything but the love-ness of Irish Linen! Dishes were displayed on the colorful tablecloth in harmonizing affairs and it truly was striking and most pleasant to the eye! I observed so much of the hand-worked or embroidered initials as a few years back when all girls were quite busy with their trousseau. A little booklet stated that Fels, Ivory Snow and Ivory Flakes were tops for fine linens. In setting a table years ago, the napkin was always beside the dinner plate but today it is rolled and placed on the dinner plate. I like a napkin to be placed either in a square or oblong folded at the left of the forks. It can be folded in a triangle shape with the corners away from the plate. Most dinner napkins are initiated today and of course this is always in evidence.

Word comes from Florida that it is quite warm down there and the visitors always gloat if they read that there is a snow storm up here in the North. So far—this surely has not been a bad winter. Eh?

And here is another interesting letter from George Washington to William Fairfax dated Winchester, May 5, 1755 . . . (about the state of Maryland). Dear Sir: I overtook the General at Frederick Town in Maryland. Thence we proceeded to this place, where we shall remain till the arrival of the second division of the train, which we hear left Alexandria on Tuesday last. After that, we shall continue our march to Wills Creek; from whence, it is imagined, we shall not stir till the latter end of this month, for want of wagons and other conveniences of transport over the mountains.

You will naturally conclude, that to pass through Maryland, when no object required it, was an uncommon and an extraordinary route for the General and for Colonel Dunbar's regiment to this place. The reason, however was obvious. Those who promoted it had rather the communication should be opened that way than through Virginia, but I believe the eyes of the General are now opened, and the imposition detected; consequently, the like will not happen again. I am—etc. . . . George Washington.

I think we can learn much from "Letters from George Washington" perhaps more so than much history, taught today as they are such personal ones and to the point. Have a grand week-end, folks and be happy, do make someone else happy! Until next week D. V.

Faithfully,  
YOUR OBSERVER.

## "FACTS AND OPINIONS"

According to the Public Health Service Surgeon General effective vaccines, drugs and other control measures give grounds for hope that diphtheria, whooping cough, polio, tetanus, rabies, measles, typhoid fever, syphilis and gonorrhea can be eliminated in the United States well before 1985. He added that the next two decades may bring a vaccine against leukemia, other progress against cancer and development of artificial hearts.

In the view of President Carey of the Chamber of Commerce of the United States, a step-up in automation is essential if this country is to eliminate poverty and unemployment, compete in world markets, and raise its living standards. He says: "There just isn't any way that we can attain all these objectives without a tremendous increase in productivity, and there just isn't any way to get that productivity without turning more and more to automation in our business processes." In the next 10 years, it is forecast, we will have to create 15 million new jobs to provide for the new persons entering the labor force, at a cost of between \$225 and \$330 billion in investments.

From the Medford, Oregon, Mail-Tribune: "The level of culture in any community cannot be measured wholly by that community's libraries, concerts, orchestras, theaters — although these, and the support given them are a partial yardstick. The level of a community's culture can be measured fully only by the individuals who aspire to the best in human conduct and thought, doing so either quietly and through their own resources, or publicly and through community resources."

The Federal Power Commission reports that the annual standard bills for all-electric homes were lower in 1964 than in previous year. About half the reductions amounted to \$25 or more in homes using 20,000 kilowatt-hours a year.

More than 105 million Americans are expected to spend approximately \$22 billion on pleasure trips taking them a hundred miles or more from home during 1965, according to an officer of American Oil Company. Almost 49 per cent of this expenditure will be for gasoline, motor oil, motels, and hotels. Some 23 per cent will be spent on food, 11 per cent on entertainment, and the balance of 12 per cent on a variety of items from sun glasses to fishing tackle.

Bills have again been introduced in Congress to prohibit the federal government from purchasing items manufactured abroad which are made from stolen U. S. patents. One of the sponsors said his bill results from the Defense Department practice of purchasing foreign-made drugs produced from pirated American patent secrets. Under his proposal the federal government could buy a foreign product made from a stolen American patent only if the national security is involved.

With one of every three new automobiles rolling by rail from manufacturing plants, U. S. railroads boosted their auto-rack traffic to a postwar high in 1964, the Association of American Railroads reports. They hauled approximately 3 million new motor vehicles during the year. Triple-deck cars each can carry 12 standard-size or 15 compact autos as compared with the four once hauled in the conventional wide-door boxcar.

**In Our Time**

IMPROVED GASOLINE QUALITY AND BETTER AUTOMOBILE ENGINES GIVE TODAY'S MOTORISTS MORE MILEAGE FOR THEIR MONEY...

OIL RESEARCH HAS DEVELOPED GASOLINES MUCH MORE POWERFUL THAN THOSE OF A FEW YEARS AGO. IN TODAY'S MORE EFFICIENT ENGINES, THESE FUELS PROVIDE BETTER PERFORMANCE WITH GREATER MARGINS OF SAFETY.

PRICES DOWN, TAXES UP... DESPITE HIGHER QUALITY, THE AVERAGE RETAIL PRICE OF GASOLINE IS LOWER THAN IT WAS 10 YEARS AGO. BUT GASOLINE TAXES KEEP CLIMBING... NATIONALLY THEY AVERAGE MORE THAN 10 CENTS A GALLON... EQUAL TO A 50% SALES TAX. THEY COST MOTORISTS 18 MILLION DOLLARS EVERY DAY.

## What ever happened to Chester?

An installer-repairman for C&P—he was last seen around the turn of the century, walking Baltimore's cobblestone streets, past rows of tightly clustered homes on his way to install one of those newfangled telephones. What he needed for his job was a little knowledge of electricity and a very strong back.

Chester probably wouldn't recognize his job today. For one thing he wouldn't have to lug that stuff around on his back anymore. Oh sure, he'd still have to know your telephone inside out. But he'd also have to bone up on a mile-high pile of other communications equipment that has been developed in the last fifty years to give you ever-improving service.

Chester's job has changed. So have most jobs at the telephone company. The only thing that hasn't changed is the way all of us at C&P keep trying to bring to everyone in Maryland the best possible telephone service now and in the years to come.

**CURRENT EVENTS**  
FIFTY YEARS AGO

The town Commissioners are giving some of our streets a needed coat of crushed limestone.

The item in last week's issue that Franklin Reaver had been named as Road Supervisor for Taneytown District is incorrect. Our information was wrong, as Joseph W. Brown is the Commissioner for the district, and Mr. Reaver is local supervisor for a few roads.

Raymond L. Hesson of Taneytown, a sophomore at Pennsylvania College, Gettysburg, was elected one of three assistant business managers of the 1917 Spectrum (the college annual.)

Friday evening, March 12, Mr. and Mrs. Robert S. McKinney gave a reception in honor of their daughter and son-in-law, Mr. and Mrs. Henry Immell Reindollar. In the receiving party were Mr. and Mrs. McKinney, Mr. and Mrs. Reindollar and Mr. and Mrs. Donald Neely who were also recently married. Mrs. Neely, who is a niece of Mrs. McKinney, was Miss Anna Weaver before marriage.

**Eckert-Haines** — On March 15, in Uniontown by Elder W. P. Englar, Mr. W. Wallace Eckert of Copperville and Miss Grace M. Haines of Uniontown were married.

**Harney** — Last Saturday morning this community was shocked to hear that Mrs. Ella Bush had died at the home of her son, Rev. L. A. Bush, of Boonsboro. Mrs. Bush was the wife of the late Dr. John C. Bush, who for many years was a prominent physician of this place. . . . Moving has commenced. Mrs. Charles Spangler moved to this place on Tuesday. Edward Harner, Emanuel Fuss, Clifton Hawn, Arkansas Fink, Raymond Hess, Mervin Spangler and Elmer Null all moved to their new homes on Thursday.

**Keysville** — Mrs. George Clutz gave a quilting on Wednesday. . . . Victor and Victoria Weybright were given a surprise party on their 12th birthday, March 17. The evening was pleasantly spent in playing games after which refreshments were served. . . . Mrs. Annie Dern entertained some of her neighbors at a quilting last Thursday.

**Spicy Stuffed Lobster**

The stuffing makes the difference in many meats and fishes, and lobster is no exception. For a buffet supper or a Friday night feast, make Spicy Stuffed Lobster Tails. The flavorful filling is a blend of two unusual spices, crushed dried mint leaves and ground cumin, mixed with a base of crushed thin-style saltines, green pepper, onion and parsley. Garnish lobster tails with slices of lemon and sprigs of parsley for a delicious dinner. Here's how:

**Spicy Stuffed Lobster Tails**

- |   |  |
|---|--|
| 22 double thin-style Sunshine Krispy Crackers, 1/4 of 1-lb. box | 2 tablespoons minced onion                           |
| 1/2 teaspoon dried mint leaves, crushed                         | 2 cloves garlic, minced or crushed                   |
| 1 1/2 teaspoons ground cumin                                    | 1/2 cup butter or margarine                          |
| 2 tablespoons minced green pepper                               | 2 tablespoons lemon juice                            |
|   | 6 South African rock lobster tails, each about 4-oz. |
|   | Boiling salted water                                 |

Crush crackers between waxed paper with rolling pin into fine crumbs. Stir in mint leaves and cumin; set aside. Cook green pepper, onion and garlic in butter or margarine over moderate heat until soft; do not brown. Remove from heat and stir in lemon juice. Mix well with crumbs and set aside. Drop frozen tails in boiling water; when water reboils, cook for 4 minutes (not completely, since they finish cooking in the oven). Drain immediately and drench with cold water. With scissors cut down each side of membrane and remove. Bend tails outward and back, cracking slightly, to prevent curling. With sharp knife, cut meat down center of each tail to the shell. Stuff slits and cover tops with crumb mixture. Place in shallow pan or on baking sheet and cook in moderate oven (350°F) for 15 minutes, or until tops are slightly golden. Yield: 3 servings.

KEYSVILLE - DETOUR

Greetings to you: Mrs. Carrie Diller, whose home in Detour was burned last Wednesday, asked me to extend her thanks through this column to all the firemen, her neighbors and friends for the wonderful job they did that day. Those who helped to carry out her things did such a fine job, she said, that not even one dish was broken. The firemen are to be especially praised for preventing the fire from spreading to any other buildings. Mrs. Diller's home, which is owned by Mrs. Clara Harner, was in one-half of the building and the Quality Furniture Store was in the other half. (I understand the furniture was saved on the first floor.)

Our sympathy is extended to Mrs. Newton Six, Jr., and her sister Mrs. Charles Heiser of Middleburg upon the death of their father, Frank Miller, last week.

By letter of transfer, Mamie Elizabeth Yox was accepted into the membership of Keysville Lutheran Church on Sunday. Elizabeth's foster parents are Mr. and Mrs. Edward Coshun near Detour.

Lenten Service will be held Wednesday, March 24, at 7:45 P. M. at Keysville Lutheran Church. An informal question and answer period and a fellowship hour are planned for after the service. It is hoped this will help more of the members of the Union Bridge Parish to become acquainted with one another. Do plan to attend.

Week-end visitors with Mr. and Mrs. Carroll Dougherty of Detour were Miss Becky Dryden and her friend Miss Daine Disque. The girls work in Wilmington, Delaware. Becky is engaged to the Dougherty's son Larry who is stationed in England with the U. S. Air Force.

Mr. and Mrs. Richard Wilhide and Susan were Sunday afternoon and evening visitors with good friends Mr. and Mrs. Henry Bauer of Silver Spring.

Mr. and Mrs. Richard Stonesifer of Rockville were week-end visitors with her parents, Mr. and Mrs. Robert Cairns of New Windsor. Sorry to report that E.A. has not been feeling well lately. This changeable weather has gotten to her with a sore throat and bad cold. Hope by the time you read this she will be ever so much better.

March 27 is rapidly approaching. Hope you have your calendars marked for the Hobby Show and Supper at the Elmer A. Wolfe School that day. Show is from 1 to 9 P. M. and supper will be served from 4 to 8 P. M. Show admission is 50¢ for adults and 25¢ for children. This admission is included in the cost of the supper tickets which are \$1.50 for adults and 75¢ for children with carry-overs 25¢ extra. See you there?

There's a new sign on the roof of the overhang of The Village Store in Detour these days. Just put up this past week.

Mrs. George DeBerry of Hampstead was visiting last week in the area. She spent some time with Mrs. Bessie Myers in Detour and also with Mr. and Mrs. Glenn Kiser and family of the Naylor's Mill Road.

Visitors in Union Bridge on Sunday with her parents, Mr. and Mrs. Oden Fogle, and her brother and sister-in-law, Mr. and Mrs. Frank Fogle, were Mr. and Mrs. Edward Coshun and family of Redland.

PTA Executive Committee meeting on Monday, March 22, at Elmer A. Wolfe School in Union Bridge.

Don't forget to call Jack Harris or Richard Stultz if you have papers, rags or magazines, etc., that you would like to donate to Boy Scout Troop #330. The drive will be this Saturday, the 20th. The Scouts had a fine time on their hike last Saturday. They started in Keymar, came across to Terra Rubra, up Sixes Bridge Road and made camp for lunch in the woods near the stream on the Carroll Wilhide farm property. After that they followed a tracking trail, laid out previously by their Scoutmaster, leading them back to the Fleharty house.

My apologies to Jean Hohman for wishing her Happy Birthday wishes too soon. It was brought to my attention that her day is in May. I got the date from the Community Birthday Calendar so it must be in error. This week it is best wishes to Edgar F. Sell of Taneytown on the 23rd, and Eileen Kiser on the 26th.

(She is the daughter of Mr. and Mrs. Glenn Kiser.)

If you are a chairman or leader in a Homemakers Club in Carroll County, you are wanted for a Workshop Meeting at the Ag Center on March 31 at 10 A. M. I'm sure more information will follow from the County Office shortly.

Sunday supper guests with the Carroll Wilhide family were Mr. and Mrs. John Schilling and Rebecca near Eldersburg.

Several people have reported seeing robins around. We don't have any here as yet but we have been enjoying several red-winged blackbirds this past week. They are so lovely and graceful and about as sure a sign of Spring as the robins. We have several crocus in bud as well. And have you noticed how yellow-looking the willows are already? Won't be long now—

ANNAPOLIS REPORT . . .

(Continued from Page 1)

Senate last week. This bill would regulate revolving credit and certain other retail credit, and would reduce charges on some accounts to a maximum of 1% per month. I did not approve of the bill as drawn and presented, and therefore voted against it. The American Bar Association has received a grant of \$100,000 to study the whole subject and to recommend legislation. If the bill passed in the House, falls in the Senate, we may have a much better law recommended to us next year by the American Bar Association study.

The House and Senate have both passed, and the Governor has signed, many of the Housecleaning Bills of Carroll County in preparation for the new Carroll County Code. Also passed by both Houses and signed on March 11, was a bill including the Historical Society of Carroll County among those historical societies that are exempt from taxation.

Some comment was made last week about this article and Senator O'Farrell's article duplicating each other in some items. This column is news from the House of Delegates primarily. Senator O'Farrell and I have discussed this matter and will endeavor to avoid duplication of his reports in the Senate.

## ALL ABOUT Airports

In the early days of aviation when airplanes seemed to be lightly constructed, an airport was any old flat field. Airport buildings were a couple of rickety barns or sheds.

When flying became a multi-million dollar business, many cities built huge airport terminals. For years, however, many terminals were functional, but drab or even ugly places.

Modern airports are architectural showplaces. The futuristic, eye-appealing Trans World Flight Center, New York, features interiors filled with graceful, sweeping curves beneath a huge vaulted "umbrella." Versatile-but-sturdy metal lath and plaster construction was called for to fit the rigid designs of renowned architect Eero Saarinen and famed designers Raymond Loewy/William Snaith, Inc.

These American Legionnaires were invited by National Commander of the American Legion, Donald E. Johnson, to attend the fifth annual American Legion Washington, D.C., National Conference where they participated in executive sessions with 1200 fellow Legionnaires from 54 American Legion departments.

Left to right, Legionnaires: Ronald O. Reese of Baltimore, Department Chairman, Rehabilitation Commission; and Clarence H. Harner of Taneytown, National Executive Committeeman.

This annual conference was held February 28 to March 5, approximately six months after the Legion

National Convention; to determine the progress made by the Legion in regard to resolutions passed at the last convention held in Dallas, Texas, September 18-24, 1964. It also is the occasion during which The American Legion honors the Congress at a reception and dinner sponsored by the National Commander; these Legionnaires attended both affairs, held in the Sheraton-Park Hotel, Tuesday, March 2.

American Legion policy is determined by a number of Commissions and their decisions are made operative through staff Divisions, at Headquarters in Indianapolis and Washington, D.C. All of the Commissions

and Divisions were present at this conference. National Commander Donald E. Johnson received the progress reports of the 1964-65 Legion policies. These will then be expedited through to the next National Convention in Portland, Oregon, August 20-26, 1965.

Commander Johnson and the delegates appeared on March 2 before the House Veterans' Affairs Committee, to present American Legion sponsored legislation to be presented to this session of Congress and to reiterate the firm Legion opposition to the closing by the Veterans' Administration of 16 Regional Offices, 11 hospitals and four VA domiciliaries.

## You And Your Child

### BABY SITTING

With preparation, baby sitting can be a pleasant experience for everyone. Explain to your child that the baby sitter is coming, and why. If the sitter is new, try to introduce her to your child long before you go out.

Leave specific information with the sitter: when you expect to return, where you can be reached, and your doctor's telephone number. And certainly tip her off to Junior's staying-up-late gambits...

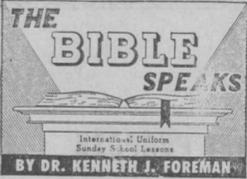

Avoid any changes in bedtime routines. If your child takes his vitamins in the evening rather than at meals, be sure to instruct your sitter. The new, multiple vitamins, such as Viterra Tastitabs, present no problem. They can be chewed or dissolved in the mouth, and they taste like candy.

**"I Suits Me"**  
Lesson for March 21, 1965

Background Scripture: Matthew 23 and 24.  
Devotional Reading: Matthew 23:1-12.

WHAT happens to people who think they are "the greatest"? There used to be a comic opera solo, "I Suits Me." In the stage version of the play this was a kind of joke. But when a man or woman really thinks he or she is beyond comparison or criticism, when a man begins to suit himself exactly, so much so that he can't see the slightest need for im-

Dr. Foreman prove-m- watch out! No form of human life is more dangerous and unpleasant than the conceited man.

Jesus had trouble with such people. All his life he was acquainted with them, during his time as a teacher they hindered him, and in the end they brought about his death. Seen from the viewpoint of the centuries, it may seem ridiculous, or outrageous (depending on your temperament somewhat) that there are men who thought they knew better and were better than Jesus; but such men there were, and very well satisfied with themselves. Indeed, there were men who made a speciality of being good, you might call them professional saints. They spent their time studying the laws of God, writing commentaries on them and trying to observe them. They were called Pharisees, from a Hebrew word meaning "separated," referring to the fact that they regarded themselves as much too good to associate with ordinary people. Jesus had very little use for them. Most of the time he gave them the silent treatment. With a sincere pharisee like Nicodemus he would talk courteously; but toward the end of his career he was so roused by the meanness of most of them that he made some bitter remarks in public about this League of Conceited Men.

One thing he said about them was that when they went to drink, they would strain the gnats out of the drinking water (Palestine being a hot country) and then swallow a camel. Of course this was a bit of sarcasm. What he meant is plain: these professional saints got all upside down in their ideas of right and wrong. They were too dainty to swallow a gnat, but had no objection to camels in the rough. They kept the smaller laws but they paid no attention to the big laws of justice, mercy and faith.

**Children of hell**

Jesus seldom used harsh language, but he used some very hard words to describe Pharisees. If "swallowing camels" makes conceited men as foolish, and if "blind guides" makes them look ridiculous, "children of hell" marks them as downright bad.

Those Pharisees were always on the lookout for young people who would make good Pharisee material, as we would say; they made converts to their Club for the Complacent and Conceited; but Jesus did not think well of this. Any one who goes around yelling "I am the best" may (if his voice is loud enough) attract a few disciples; but most people with some honesty and humility can see through the self-satisfied man. So, what happens to even a good man who becomes proud of his own goodness? He separates himself away from God, his pride is a house without windows, in which he sits isolated from God and his fellow-men, himself no credit to either. "I Suits Me" may be a comic song, but when you begin to suit yourself better than any one else suits you,—look out! The Pharisee-disease can ruin you.

**Ripe Olives in Mammoth Meatless Salad**

A man-size salad can make a meal—and can make a meal most memorable if it's "Salad a la Nicoise!"

Inspired by Mediterranean cuisine, this meatless whole-meal salad needs only French bread or hot rolls to accompany it. Fruit and cheese for dessert round out a Continental menu.

Pitted ripe olives stuffed with whole almonds are among the salad's unusually tasty ingredients. Give the olives a handsome sheen by draining them well, then rolling them in a bowl with a few drops of olive or salad oil.

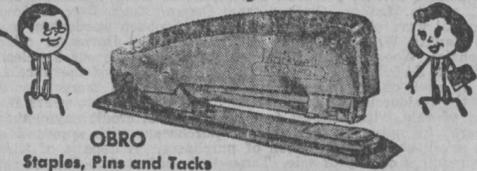

Ripe olives from California are extremely plentiful in markets this year. Enjoy them often in salads, casseroles and sandwich fillings—or simply eaten out-of-hand.

|--------------------------------|-------------------------------------|
| 1 green pepper                 | 1 clove garlic                      |
| 1 can (4 oz.) pimientos        | 3 to 4 tablespoons red wine vinegar |
| 4 hard-cooked eggs             | 1 can (2 oz.) rolled anchovies      |
| 1 can (2 oz.) rolled anchovies | 1/2 teaspoon salt                   |
| 1 can (7 oz.) tuna             | Freshly ground black pepper         |
| Olive oil or salad oil         | 1 head butter lettuce               |
| 1 cup large pitted ripe olives | 1 bunch chichory or romaine         |
| 1/2 cup blanched whole almonds |                                     |

Cut green pepper and pimientos into thin slivers; slice eggs. Drain oil from anchovies and tuna into measuring cup; add olive oil to make 1/2 cup. Flake tuna. Stuff olives with almonds. Peel and crush garlic in salad bowl. Pour in combined oils and vinegar; let stand at least 30 minutes. Remove garlic; add salt and black pepper. Wash greens; tear into salad bowl, saving some of frilliest leaves to line sides. Arrange remaining ingredients on greens. Toss lightly until well coated with dressing. Makes 6 servings.

**MEETING OF BOARD OF EDUCATION**

A regular meeting of the Carroll County Board of Education was held on March 10 in the Board Offices with all members present.

Action was taken to approve the minutes of the February meeting and, after information and discussion, a motion was made and passed to approve the current bills and financial transactions.

The Board granted a leave of absence for the school year 1965-66 to Edwin L. Davis, at his request, to accept a fellowship for study at the University of Wisconsin. Action was also taken to accept the resignation of Miss Ruth A. Kimmey, teacher in the North Carroll School, and George D. Knill, custodian at the Winfield School. Approval was given to the employment and issuance of contracts to Judith Bousack for the school year 1965-66 and the temporary assignment of M. Kirby Talley, Jr., to the Westminster High School was approved, as well as the temporary appointment of Mr. Ivan L. Fry to the North Carroll School.

The Board considered and approved a letter to accompany the school budget which earlier had been delivered to the County Commissioners. After approval it was directed that the letter of transmittal be made a part of the regular minutes of the meeting.

The Board considered two communications from parent-teacher organizations endorsing the budget and approving various items.

Consideration was given by the Board to several communications related to the planning of school buildings, with the County Commissioners, with the Urban Planning authorities, as well as with the Planning and Zoning Commission. Plans involve further development of a comprehensive plan for school buildings including the use of consultant service as necessary. It was directed that the communications be made a part of the minutes.

The Board took action to direct the Superintendent to engage in consultations with the proper authorities related to the development of some field of computer service.

The Board took favorable action, as recommended by the Superintendent, to permit the enrollment of cafeteria personnel on the election to membership and participation in the Employees Retirement System. After careful planning it was reported the way appeared open to have the cafeteria personnel admitted to the retirement system and the action of the Board was to approve the plan as suggested.

Substantial time was devoted to the analysis and discussion of present policies and regulations related to absence of teachers from regular duty for illness and other causes. The Board adopted several modifications of present policies and directed that they be applied at once in connection with the termination of absence compensation.

The Board gave consideration and approval to the installation of a public address system in the Hampstead School, which is one of the few schools in the county without a communication system.

Action was also taken to renew a certain maintenance agreement in connection with IBM typewriters.

The Board directed that the Superintendent represent the Board, upon invitation, at the Governor's Conference on Recreation and Parks to be held during the early part of the month of May.

After discussion and consideration the Board passed a motion directing the Superintendent to proceed immediately to plan for school building additions at the Mechanicsville School and at the Winfield School. The motion further directed that as much haste as possible be applied in connection with the planning of these buildings since the need for additional housing will present serious problems at both locations in September 1965.

The Board took important action in connection with the planning for elementary school pupils in the Sykesville, Freedom, Westminster and Sandymount Schools and, after consideration, it was directed that publicity be given to certain changes in the schools as reflected in the following plans. (1) Transfer of about 75 children from Freedom to Sykesville. These children would come from Flohrville and from the Brangles and Arrington Road section. This would put approximately 350 students at the Sykesville Elementary School where there would be 11 classrooms; and about 740 students in the Freedom School in 23 classrooms. (2) The transfer of students in grades 1-6 living on the Old Baltimore Road and on Route 140 between Bethel Road and Westminster from the Sandymount to Westminster Schools, about 43 children. When the addition at Mechanicsville is completed about 48 children off of the Deer Park Road may be transferred to Mechanicsville, thereby relieving Sandymount.

Attention of the Board was called to needed improvement in connection with the widening of an important state road, specifically State Route 84, between New Windsor Road and Uniontown. In this connection the Board indicated that for safety reasons immediate consideration should be given to the widening of this road. Plans were made for representation of the Board of Education at the National School Boards Convention to be held in Boston in April.

Action was taken to approve the acceptance of bids for test borings at the school site near Winfield in order to give information to the architects regarding the planning of the consolidated high school. Action was also taken to approve the requesting of bids for the grading at this site and consideration to the bids as promptly as possible, in the hope that the project can be started at least by May 1.

The Board was given information regarding the total enrollment in the county schools which, as of February, was 12,382. Additional reports indicated that about 835 pupils would graduate from school in June and that the entering class in September is now estimated at about 1,300. Information was given to the Board

regarding the planning of the Summer School Program, now in the planning stage under the direction of Mr. Joseph L. Shilling.

Special action was also taken in connection with the installation of and improvement of stage curtains at several school locations.

Considerable time was devoted to the hearing of a report by Dr. Green and Dr. Shrop of the Health Department in which attention was called to the need for improvement in the custodial care of many of the school buildings in the county. Explanation was made that lack of trained personnel and limited funds had not permitted the expansion of this service but that every effort would be made to work toward improvement in this area. Dr. Green called the attention of the Board to several conditions that might have important relationships to the observance appropriate to health standards in the schools of the county. Following the report the Board directed that study be given to the problem and that, to the extent possible, means be worked for improvement of service.

The Board heard brief reports with respect to the recruiting of teachers for service in 1965-66 and some time was spent in discussing the changes in school organization that might be necessary in connection with the accommodation of approximately 12,900 pupils in September 1966.

Adjournment was at 4:00 P. M.

**WITH THE ARMED FORCES**

**FORT GORDON, GA. (AHTNC)**—Pvt. Francis C. Tawney, son of Mr. and Mrs. Wilson M. Tawney, 25 N. Colonial Ave., Westminster, Md., completed a six-week lineman course under the Reserve Enlistment Program at the Army Southeastern Signal School, Fort Gordon, Georgia, on March 12.

Tawney was trained to construct and maintain open wire, lead-covered cables and field communication wires. He is scheduled to complete his military obligation with an Army Reserve unit in Frederick.

The 21-year-old soldier was graduated from Westminster High School in 1963 and was employed by Duke Machine Company before going on active duty.

**FORT EUSTIS, VA. (AHTNC)**—Second Lt. John F. Wooden, III, whose parents live at 32 Fitzhugh Ave., Westminster, Md., completed a transportation officer orientation course at the Army Transportation School, Fort Eustis, Va., March 12.

During the course Lieutenant Wooden received instruction in the duties and responsibilities of a transportation officer and was trained in the operational procedures of transporting military personnel and equipment.

The 22-year-old officer was graduated from Westminster High School in 1960 and from Western Maryland College, Westminster, in 1965. He is a member of Alpha Gamma Tau fraternity.
