Taneytown Swimming Pool

The Executive Committee of the Taneytown Swimming Pool Project met Sunday evening in an emergency session to plan a "clean sweep" campaign to complete the construction fund goal of \$60,000. With slightly over \$48,000 now in the fund, at least \$6,000 more is needed by May 1, 1965.

"We really need \$12,000 to reach the goal we set last Fall," declares Wayne Baumgardner, Chairman. "But we can open the facilities to the public this Summer with the minimum of \$6,000 extra — or a total of \$54,000 — since this amount will cover construction costs."

"However, since we had included in our \$60,000 goal allowances for rock excavation and the first year's operating expenses, we will certainly be cutting it short with just \$54,000. The great number of bonus tickets for the first season awarded to donors will cut down considerably on our first year's income from gate receipts; thus we'll be operating on a very tight budget this Summer."

The Committee decided to go ahead and build immediately in the hope that the additional minimum \$6,000 can be raised by May 1 and that the first season's gate receipts will cover the most necessary operational expenses.

Also decided upon was the construction of a bathroom to match the capacity accommodation of the swimming pool. With this bathroom, measuring 60 feet by 22 feet, 320 to 360 persons can be admitted to the facilities at one time. The Committee had originally intended to construct this bathroom, but when the construction fund looked as though it would not reach its goal back in January, the decision was made to plan for a smaller bathroom which would have been less expensive but which would have limited pool accommodation to 160-180 persons. The bidders on the small bathroom structure have been asked to submit estimates on the larger facility.

After lengthy discussion about possible means to raise the additional necessary funds, the Committee agreed to recontact all persons who were in favor of the project and those who have pledged or contributed to the fund via letter this week-end. These mailings will request additional monies, payment on pledges, or initial contributions. A week of telephoned solicitations will follow to cover all persons with a 756 (PL 6) numerical telephone prefix.

Informal ground breaking ceremonies will be conducted the first day of construction, weather permitting, April 5. The general pool contractor, the Ira C. Rigger Company, is expediting processing of necessary permits to start excavation as soon as possible.

"If the weather is favorable during April and May, the pool and bathroom will be completed by May 29," reports Cecil Lewelling, chairman of the planning, design and construction sub-committee. "We hope to have opening day dedicatory ceremonies the 29th to take advantage of the complete Memorial Day week-end. This would also avoid conflict with the annual Memorial Day observances Sunday."

Red Cross — conducted swimming lessons will be held at the pool for two weeks, free of charge, to youngsters July 12 through 23. Further details will be announced by vice-chairman, Mrs. Harry Dougherty, Jr., in April. Persons interested in adult swimming instruction classes should contact Mrs. Dougherty as soon as possible so that arrangements can be made with the Red Cross.

The Committee will meet next at 6:30 P. M. Thursday, March 26, in the Taneytown High School Auditorium (preceding melodrama rehearsal). Contracts will be awarded that evening for the bathroom.

Public Invited to Inspect Provincial House

Saint Joseph's Provincial House, Emmitsburg, will throw open the doors to its monumental new building in an open house affair this Saturday.

Officials at the Mother House of the Daughters of Charity have announced that the entire building will be open for public inspection on Saturday, March 27. Individuals, groups and organizations have been extended an invitation to attend the event.

The mammoth building, under construction for several years, has attracted the attention of thousands of citizens in the area and passing motorists. Numerous requests have been received for an opportunity to inspect the building which houses hundreds of nuns, postulates and officials of the order. A magnificent chapel is included in the layout and the public will be shown all.

The open house will open officially at 9 A. M. and continue until 11 A. M. on the morning of March 27. In the afternoon the buildings will again be open during the hours of one to four o'clock. Guides will take individuals and groups on a tour of the premises. The event represents a preview of the buildings which will be formally dedicated on May 1.

Community Mellerdrammer Next Week

The Taneytown Jaycees are putting the final finishing touches this week on their production of the Gay Nineties Musical Mellerdrammer, "Dirty Work At The Crossroads," which will be presented next Thursday, Friday and Saturday, April 1, 2 and 3. To be given in the Taneytown High School Auditorium, the curtain will rise each evening at 7:30 P. M. due to its length and the fact that it is a "family-type" show.

All proceeds of the production will go toward the public swimming pool to be constructed this Spring in Memorial Park. General Admission tickets may be purchased at the door. A limited number of reserved seats are available at the First National Bank, E. Baltimore Street, or by contacting Mr. Wayne Hively, Route 2, Taneytown.

"With the experience gained from highly successful productions the past two years, a superb cast, and the exceptional skills of Director Neal Powell and Musical Director Theresa Eshbach, we are looking forward to some more first-class entertainment," says Jaycee President Dean Brown.

"Dirty Work At The Crossroads" OR "Tempted, Tried, and True", was adapted from a famous old thriller of the Victorian theatre. It tells in laughable style the tear-jerking story of Nellie Lovelace, (Elaine Wantz), an innocent country girl; of Adam Oakhart, (Ronald Hopkins), the stalwart blacksmith's son; and of Munro Murgatroyd, the villain from the big city, (played by Donald Smith). Munro, the viper, has a wife in Ida Rhinegold, (Nadine Riffle), the belle of the New Haven Music Halls, but that does not prevent him from pursuing the innocent Nellie and tearing her from the arms of her dying mother, (whom, incidentally, he poisoned). Nor does it prevent him from driving Adam to drink, from blackmailing the rich Mrs. Upson Asterbitt, (Mildred Stine), or from bewitching her lovely daughter, (Carolyn Surbey). Julia Hitchcock portrays Nellie's mother, the sweet and lovable Widow Lovelace. Bonnie Brown is the cute and provocative french maid of Mrs. Asterbitt's who gives the farm-hand, Mookie Maguggins, (John S. Harner), a rough time. Mookie says, "She's got me so hot-up, I cud hatch a settin' of eggs." Little Nell, who never had a father, is played by Vickie Cutsall.

The dramatic action is interspersed with more than a dozen old-time tunes and songs.

George A. Grier Addresses Taneytown Kiwanis Club

The administrator to the Carroll County Commissioners displayed a map on which was plotted the master plan for Carroll County for the next twenty years. Space for residential growth which will of necessity be where water and sewer facilities are available. Space for parks and recreational areas, green spaces with water and trees. Industrial areas where transportation, both rail and highway, is available. Mr. Grier estimates that in the next twenty years the county population will grow from the present 58,000 to an estimated 90,000. This growth must be met by the County government and if it is to be guided economically the master plan can be the guide for the orderly development of Carroll County.

Roy Knouse reported that The Key Club Committee furnished transportation for the delegates to the convention from Taneytown High School.

Paul Morelock reported that four visits to Glen Burnie, Hagerstown, Gettysburg and the Westminster clubs were made during the month.

'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning. A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Well, folks we surely cannot be puffed with this winter's weather! So little of that pure white stuff and they always say when that does not happen, there will be many B U G S this Summer! Ugh!

Ladies, curls surely are tops and creeping in more so with the Crown-jing Glory than for a number of years. Ever notice from one extreme to the other as the past few years everything was the straight hair-do's? And you will be "In The Pink" from head to toe if you are going to carry out that color for your Spring outfit which many of the stores are exhibiting on models in windows. What I object to in any color or style are the small stinging hems on every skirt of suit or dress. That cheapens it at one glance.

If you ask me, there are just too, too many apartment houses being built and there will be hundreds of vacancies.

Was not that a grand Speech of our President's the other night? In fact, I think it was the best yet. He is such a down to earth man and I think you know just what I mean.

Many were so surprised to hear that lovely voice of "Gomer Pyle" on the Danny Thomas Show! Who would have thought it?

Yesterday, for this Column, I visited "SOUTHERN TOWN HOUSE" (The former Southern Hotel) which is now for Senior Citizens. It is a Non-profit corporation whose nine trustees are Ministers and laymen from three Methodist churches of metropolitan Baltimore. The Southern Hotel is being converted into a retirement home and the name properly given, "SOUTHERN TOWN HOUSE." When in town next time, folks plan to visit there and just brouse around, for it may be your future home. You will love the atmosphere throughout. Each guest has his or her own private bedroom and bath and if there is a husband and wife, there is no extra charge as to the room. There is to be a life-care program including all your meals and many activities and services with no tipping allowed! There will be a complete medical, surgical and hospital plan without limitation of time covered in a hospital or nursing home. There is an entrance fee which starts at \$3,900 and a service fee with meals three times daily per month. What more could you desire or ask for?

The atmosphere is delightful and the best part if you so desire, you may bring your own furniture to furnish your bedroom.

There is a grand parlor or living room on each floor. A TV set, too, is placed in each room just in case you do not have your own. There are so many questions and answers that will please you and yes, I am confident that you will love it and find life there most fascinating as you mellow with the years. It sure does mean independence for each and every individual which spells happiness every hour of the day and night. Do write for literature which will explain in detail. Another nice feature is that it is down town where it means just a few steps to everything. It really spells gracious living, real southern hospitality and Christian loving care. Anyone from 62 years of age and over who is in good physical condition of good moral character and of sound mind is eligible for admission.

Do drop in. The hours are from 9 to 5, Monday through Saturday and from 2 to 5 on Sunday afternoons. The address: Baltimore and Light Streets.

Have a grand week-end, folks. Hope to be brouse around the town soon. Until next week D. V. and remember this bit of wisdom. . . . Kindness is a language that the mute can speak and the deaf can hear! Do make someone else Happy!

I am, Faithfully, YOUR OBSERVER.

"GRASSROOTS OPINIONS"

TENINO, WASH., INDEPENDENT: "America is beset by a sickness called 'something for nothing' . . . Nature's laws are orderly, consistent and practical. We can use those laws to earn what we want. Every time a scientist discovers a new fact about the orderly universe, we have more knowledge with which to control our own destinies. The human being is capable of living a happy, fruitful life — if he's willing to accept nature as it is. . . . Do you face reality and use it to better your life — or are you praying that the laws of nature will be repealed?"

MALVERN, ARK., RECORD: "Heavier taxation will bring about (so some say) improved governmental services. If we had less taxation we could improve our own immediate neighborhood without government interference and dictatorship. This goes for the so-called federal aid to schools. There is danger in the proposals."

CANTON, N. C., ENTERPRISE: "A responsible press will remain a free press. And although no newspaper can be 100 per cent correct and right all of the time, it can always have those goals in mind."

BENTON, MO., DEMOCRAT: "It's said 'You can't take it with you', but have you ever tried to take a trip without it?"

GOSHEN, IND., NEWS: "War is expensive even the one we're about to launch against poverty. The Office of Economic Opportunity, which will direct the battle, has taken a 10-year lease on seven stories of a new office building in downtown Washington. Annual rent will be \$8,225,000. Note that ten-year lease. Was it necessary to commit the taxpayers to that long a lease? Or does it mean that the bureaucrats are convinced it will take ten years to win the war? If so, it will be a short one considering the fact we have had poverty since Biblical days."

DECATUR, GA., NEW ERA: "It is hard to understand the indifference of the American people to the trend toward Socialism taking place in this country. While the people live in comparative luxury and devote all their attention to the accumulation of material wealth, this trend is becoming so apparent that it seems as if anyone could see it. But we do not, or if we do we close our eyes to it. The latest move in this direction is the proposal of the country's railroad unions that a complete ownership and control of all railroads be put into the hands of the Government."

HARLOWTON, MONT., TIMES: "The monetary problem is serious enough, Lord knows, but over the long pull REAPPORTIONMENT has the most far-reaching significance for the people of Montana . . . who will get short shrift from the city slickers, who are in the main unaware and oblivious to the problems we in the boondocks have."

PORT ST. JOE, FLA., STAR: "You would think the Nation should be able to rock along for a year on a mere \$100 billion of spending money . . . But it will take more effort than turning out superfluous lights in the White House. In fact, budget-wise old Washington hands are expecting it will take all the legerdemain — shifting of spending from the new budget to the old, or to revolving trust funds; underestimating costs especially on programs Congress wants, applying unused balances instead of asking new money — and disappearing acts the experts know."

CURRENT EVENTS

FIFTY YEARS AGO

Garden-making has commenced this week in a small way, by many of our citizens who want to be among "the first" to raise early vegetables.

Good Friday is a legal holiday consequently the banks will be closed on that day; it happens also to be the 2nd of April.

Charles E. Knight, of Hampstead, a watchmaker and jeweler, has rented the former millinery store of Mrs. M. J. Gardner and will locate here about April 15th. This fills a long-felt want in Taneytown.

Fogle-Harner — On March 24, 1915, at the Lutheran Parsonage, Taneytown by Rev. L. B. Hafer, Mr. James Edward Fogle and Miss Ellen Elizabeth Harner, both of this neighborhood were married.

Ridinger — Mr. Ornon C. Ridinger, 19, son of Mr. and Mrs. Samuel Ridinger, near Harney, died on Wednesday morning of tuberculosis. Funeral services on Friday afternoon by the pastor, Rev. W. J. Marks.

Clutz — Mrs. Elizabeth, 72, widow of William H. Clutz, died Tuesday at the home of her daughter, Mrs. Scott M. Smith. Funeral services were held Friday at the Lutheran church. The following children survive: Harry W. and George Clutz, Mrs. Scott M. Smith, Mrs. Hattie Adams and Mrs. Harry Hiltner.

Baumgardner — Mr. Moses P. Baumgardner, 76, a well-known and prosperous farmer, died at his home between Bridgeport and Keysville, Saturday morning. Funeral services and interment were at Keysville on Monday in charge of his pastor, Rev. George A. Royer of the Union Bridge Lutheran church. He leaves a widow and ten children: Peter, Thomas, John, Samuel and Andrew J. Baumgardner, Mrs. Kate Fuss, Mrs. Harry Derr, and Misses Sallie, Margaret and Emma Baumgardner, all of the children living within a few miles of each other.

Frizellburg — The gripe is doing its work here as it can be found in almost every home. . . . William Hailey spent a few days in Baltimore last week. . . . Our people are busy with flittings and sales. Much of the Spring plowing is being done this month.

KEYSVILLE-DETOUR

Greetings to you:

This Saturday is the BIG day for the Hobby Show and Supper at Elmer A. Wolfe School in Union Bridge. Do hope you are planning to attend! Glad to be able to report that neighbor Edward Coshun could go back to work last Friday. He had an enforced six or seven weeks vacation after surgery. Was sorry to hear on Sunday, however, that his mother, Mrs. James (Marian) Coshun of Detour, is on the sick list. Do hope she is improved by the time you read this.

On Monday afternoon Mr. and Mrs. Lloyd Whilde of Keysville were visitors in Baltimore with his mother, Mrs. Maurice Whilde, and his sister and family, Mr. and Mrs. Francis Fry and children.

The Workshop to be held on March 31 from 10 A. M. to noon at the Ag Center is for Homemakers Club presidents and project chairmen of: Citizenship-Civil Defense, Community Development, Health and Safety, International Relations, Music, Publicity, Art and Literature. If you hold one of these offices, plan to attend the Workshop.

After so many pretty, even rather balmy, days, we finally have two snowy days to welcome Spring. Isn't the weather rather onerous at times? Sunday supper guest at the Carroll Whilde home was Ellen Harrison of Frederick who is now affiliating with the Shepherd Pratt Hospital in Towson.

Mrs. Ralph Fleharty near Detour left Thursday for a two week's visit with good friends Mr. and Mrs. Henry Walther of Washington Grove. She also plans to spend several days with her granddaughter in Washington.

Don't forget the supper to be served by the men of the Middleburg Methodist Church on Saturday, April 3, from 3:30 P. M. on. It will be oysters and ham.

Next Lenten service will be March 31 at Mt. Tabor in Rocky Ridge at 7:45 P. M.

A number of visitors have called on Mr. and Mrs. Charles Cluts of River Dale Farm near Keysville. During the week one day her niece, Mrs. Guy Stull of Thurmont, came by; Friday evening Mr. and Mrs. Roy Baumgardner of Terra Rubra visited. Sunday afternoon callers were Norman Baumgardner and Mrs. Mervin Conover of

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Marcus Baker, Taneytown, announce the engagement of their daughter, Thelma Arlene, to Arnold R. Weeks, Jr., son of Mr. and Mrs. Arnold R. Weeks, Sr., Union Bridge. Miss Baker is a graduate of Taneytown High School and is employed in the office of Cambridge Rubber Co., Taneytown. Mr. Weeks is a graduate of Francis Scott Key High School and is employed at Rowan Controllers, Finksburg. A fall wedding is planned.

Taneytown and in the evening, Mr. and Mrs. Oliver Leakins of Keymar, while Mr. and Mrs. John Blanchfield, Sr., visited Monday afternoon.

Guest speaker at Keysville Lutheran Church on Sunday was John Hagedorn, a senior at the Seminary in Gettysburg. This young man is a most unusual student for he places his notes on the lectern and proceeds to ignore them. For his message he used Luke 11:28. But he said, "Blessed rather are those who hear the word of God and keep it!" During this Lenten season, he said, we should reflect back on ourselves and decide if we follow this verse. So often we worry too much on the "how" of something and don't always communicate through ourselves. He told of his experience the previous summer in working with retarded children in a school in Laurel and trying to teach them the Gospel. He said how he had made so many preparations and found most of them wrong for these children, for the most part brought up in the school with only nurses to look after them, did not understand the meaning of such words as father, friend, family and love. He had to start in a very basic way and worried much about the "how" to teach them. Then one day he heard the children tell a nurse that "here comes Mr. John to teach us about Jesus" and he realized that what he was representing his teachings to the children. So, too, do our own lives witness to the Gospel. It is usually more of "what" you do rather than "how" you do.

Speaking of guest speakers, and Seminary students in particular, many of you will remember Roland Hobbs who came to Keysville at least three times. In last Saturday's Frederick Post there was an article about him. He has accepted the position of Assistant Pastor at the Evangelical Lutheran Church in Frederick and will work with Pastor Charles E. Trunk, Jr. (You will find the clipping on the bulletin board in the Sunday School hall of Keysville Lutheran Church.)

Do you enjoy suspense stories? Lately I've been reading the ones written by two English women, Mary Stewart and Charity Blackstock. They are available through the Bookmobile. Do you know that if the Bookmobile does not carry the book you might want that Mr. Davidson and Mrs. Chandler will check for it at Davis Library and if it is not available there, they write to Pratt Library in Baltimore for it? If you haven't been using the services of the Bookmobile, you might want to make a visit to it when it is in your locality for it is a mighty fine thing to have around. All the services of a big library and almost at your own back door.

Homemakers Club Meeting

Home Management Leaders Mrs. Robert Stine and Mrs. Mark Baumgardner presented the demonstration "Whiz through hardwood floor care" to the Keysville-Detour Homemakers Club members on March 18 at the home of Mrs. John Blanchfield, Jr.

Use the proper tools and the right cleaner, they said, to save yourself work. They discussed various waxes and cleaners and recommended paste wax for antique furniture for a melon finish. Remember—do NOT use an oil mop on hardwood floors; only a dry one that can be slightly dampened. The best cleaning solution for removing wax from tile or linoleum floors is ½ cup detergent and ½ cup ammonia to 1 gallon water. For hard-to-clean spots, fine steel wool can be used.

A report was given by Mrs. Blanchfield, Jr., on the trip to Washington, D.C., which was taken by seven members of this club. They visited the White House, the Washington National Cathedral and the Curtis-Lea Mansion as well as the Arlington National Cemetery. There were four bus

loads of Carroll County Homemakers who made the tour.

Mrs. David Watkins will make arrangements with the woolen mill near Ellicott City for a tour on April 22 or alternate date April 20. The next club meeting will be held April 21 at 1 P. M. at the home of Mrs. Charles Stonieser with Mrs. Janet McMurray, Extension Agent-Home Economics, to present the program.

Next PTA Executive Committee meeting will be April 26.

The Name Supreme (Baptist Observer)

I know of lands that are sunk in shame,
Of hearts that faint and tire;
But I know of a name, a name, a name

That can set those lands on fire.
I know a soul that is stupid in sin.
That no man's art can cure;
But I know a name, a name, a name

That can make that soul all pure.
I know a life is lost to God,
Bound down by things of earth,
But I know a name, a name, a name

That can bring that soul new birth.
So listen, my heart, an Angel speaks
To save thy life from loss,
Christ Jesus is the name, the name—
He saves by way of the Cross.

THE WAY I SEE IT . . . Observations on the World of Sports — by John Breth

The feeling at the Baltimore Orioles training camp in Miami, Florida is that if rookie CURT BLEFARY is to make the team, he will have to be less of a gourmet and more of a glutton.

This has nothing to do with Blefary's eating habits, but rather his attitude at home plate. Blefary is very choosy about the pitches at which he swings. The pitch has to be a tasty morsel, right in the strike zone. If it isn't, the young outfielder-first baseman turns up his discriminating nose at it, and passes it by.

The Orioles brass agree this is a very fine habit for a lead-off hitter, or a fellow who specializes in singles. But not for a power hitter. The batters who swing for the seats, and very often reach them, are not supposed to be so picky. They usually swing for anything they can reach, the theory being that more runs are driven in by big hits than walks.

Blefary led the International League in walks last year with 102. In his two and one-half years as a pro, he has walked about once in every five at-bats. In that same span, he has hit 60 home runs, including 31 at Rochester last year.

There is no telling, of course, how many more home runs he would have had if he had swung at more of those borderline pitches.

George Sisler, who did very well as a hitter in his playing days, is general manager of the Rochester Club, and an authority on Blefary. He says Blefary has an exceptional batting eye. And with a shake of the head, he adds: "In fact, if there is such a thing, he may have too good an eye."

The problem with Blefary is causing many chuckles at the Orioles camp among those who remember the pains the Orioles took in trying to get John Powell to swing at fewer pitches. When the big slugger first came up, he would cut away even when the pitcher made a pick-off throw to first. The club's coaches have had some success in restraining Powell's urge to swing, and now they have a job in trying to make another young power hitter swing more often. If it isn't one problem it's another.

It's pretty well established that most comedians would like to play Hamlet and all relief pitchers would like to be starters.

SAMMY ELLIS was a first-class relief pitcher for the Cincinnati Reds, who almost won the pennant last year. Sam would like to start for the Reds this year.

His chances can roughly be estimated as about even-money to get a starting role. The new manager of the Reds, Dick Sisler, is not about to be pushed into the move, not even by Ellis who has been pushing through the mail.

If you are going to push a manager that's the best way to do it. Last year Ellis got into 52 games for the Reds, 47 in a relief role and five as a starter. As a starter he had a record of three and two. As a relief pitcher he was seven and one. His total record for the season was earned run average. However, most of his work was in relief and in 83 and one-third innings in the role of fireman his earned-run average was a sensational 1.62.

The shock impact of those cold figures may make Sisler stop and think awhile before moving Ellis out of the bullpen.

The Reds got Roger Craig, a right-handed relief pitcher, from the Cardinals in a trade this winter and gave up Bob Purkey, a right-handed starter, in return.

That would seem to increase Ellis' chances of getting a chance as starter. The Reds have one less starter and one more relief pitcher than they had last year.

However, Sisler has a lot of confidence in Ellis as a relief pitcher and will have to acquire some in Craig. That isn't going to help Sammy's chances of moving out of the bullpen.

REMEMBER WHEN DEPT — Norm Siebern set a club mark with 106 walks with the Orioles last season.

TODAY'S SPORT LAUGH — Mickey Mantle signed a contract recently for \$100,000. He was later informed that Willie Mays of the Giants was getting \$105,000. Mickey said that he didn't mind being second as long as he kept getting \$100,000 a year.

Tigers To Open Spring Training A sudden snowfall prevented the Taneytown Tigers of the South Penn league from opening their annual "grunt and groan" session. The grunts and groans come from the muscles that haven't been worked since the season ended last October. If the weather permits at least 20 men will report to spring camp hoping to make the varsity.

Some familiar faces will be tossing the ball and swinging the bat this week-end. The Tigers most valuable player, Don Favorite, will be among the familiar ball players. "Doug" was mister everthing last season — played every game; second in the batting derby (.326); second in doubles with four; third in r.b.i.'s and is a joy to behold in center field. The opposition thought so much of Don last year that they named him the All-Star centerfielder for the League.

Walt Donahue, stylish leftie for Taneytown started off the season as if he was going to win every game. At mid-way of the year he was the top pitcher in the league, but the absence of spring training caught up with Walt (he freely admits this) and he ended the season with a 10-6 mark. He, along with Art Caple, will share the pitching chores this year and both have already started working out in preparation for this year.

Fred Shank, the teams leading hitter at 356 last year admits too, that he needs a little extra time to get ready for opening day, but that he's rarin' to go.

All in all, a very fine spirit prevails on the team this year. An air of confidence that we can go all the way with a pennant and at long last a championship for Taneytown. It would certainly be a shame if you, the fans, would miss these fine players performing this season at Memorial Park.

(Ed. note: this is the 8th in a series of articles on the Taneytown baseball club).

Local Auto Salesman Honored

WASHINGTON, D. C. — Kenneth Nusbauer of Crouse Ford Sales, Inc., Taneytown, Md., has been selected as one of the nation's leading Ford dealership salesmen during 1964 and received Ford Division's Top Hatter Award at a banquet at the Sheraton-Park Hotel in Washington on Saturday, March 20.

The Top Hatter citation — highest sales honor accorded by Ford Division — will be awarded nationally to approximately 900 salesmen who represent about three per cent of the nation's Ford dealership salesmen.

B. L. Crumpton, Washington district sales manager, said the purpose of the Top Hatter Award is to focus attention on the outstanding Ford dealership salesmen of 1964, and on car and truck selling as a profession that performs a "valuable service to the national economy and the local community."

At the banquet, in addition to Top Hatter recognition, Sales Awards were presented to 71 salesmen for achievements almost at the Top Hatter level, and 300-500 Club membership awards will be presented to Ford dealership salesmen in the district for excellent performances based on the size of their dealerships.

Mr. Crumpton said the average 300-500 Club member sold more than \$400,000 worth of automotive merchandise in 1964 to qualify for the national honor.

Kenneth Crouse, also of Crouse Ford Sales, qualified for the Sales Award.

Are You Ready?

Lesson for March 28, 1965

Background Scripture: Matthew 25.
Devotional Reading: Matthew 25:31-46.

AFTER a person has died, obituaries are written. People who knew the dead man (or woman) will recall the circumstances and achievements, if any, of the man who is now gone. His life and character will be judged by many, if he is a prominent person known all over the nation; or by few if his life was obscure. But judged he will be, more than

Dr. Foreman ever in his lifetime, for good or ill. The story is closed, the evidence is all in. But no, it is not all in. There is much about every human being which others can never know. Only God has all the evidence, only God knows what the man was really like, inside. So God and only God can be the final judge. Only he can say Well done! at last.

The door can be shut

Our Lord told a number of parables about the last judgment. It is true that many of his judgments do not wait for some Last Day; injustice and other sins are often punished almost soon as committed.

One of these parables is the familiar one about the ten maidens, five wise and five foolish. There are three points that most people would say are very clear here. One is that there is going to be a closed door, and not everybody will be on the same side. As has been said by a famous man, we should not feel too sure about the furnishings of heaven nor the temperature of hell; but we can't shut our eyes to that closed door. There comes a time when it is no longer possible to hope. There comes a time when choice is no longer possible, a time when the very One who invited you must say to you, "I never knew you." It is not true (though we may wish it were) that every soul on earth is heavenward bound. Some sin themselves—or sleep themselves!—into the outer darkness.

What you don't do

Those foolish virgins who found themselves shut out from the wedding feast could say truthfully that they had done nothing wrong. Maybe not; the trouble with them was not what they did but what they forgot to do. They were not malicious nor selfish; they had simply not been thinking, they were not ready for a simple emergency such as the bridegroom's coming late. It is pretty easy to think of the bad things we never did, and take credit to ourselves for not doing them. It is easy to take credit for the good things we have done. It's a sorry sort of person who has never done something good! But these foolish girls were not shut out because of anything they had done; it was what they didn't do.

Fatal as sin

There is no parable of Five Wicked Virgins. Only of Five Foolish Virgins. You can just hear them saying, "I didn't think..." Not thinking was silly. But foolishness can be as fatal as sin. How often we hear the story, how often we have taken a part in it ourselves! "I might have known that remark would hurt her, but I didn't think..." "It never occurred to me how badly I had been treating Negroes..." "I had a chance at an education, but I was only a high school kid, and I didn't think..." "I wish I had let her know while she was living how much I appreciated her, but I never thought..." "The stuff had been in the refrigerator quite a while, but I didn't think..."

So it goes, and it will go, to the end of time perhaps. But it is not Judgment Day yet. Your list of "I didn't think" may be a long one; but you can stop adding to it today. Think! Are you ready?

A LOOK AHEAD

The future is filled with promises of new and exciting ways of making life easier and more fun. Jones & Laughlin Steel Corp. predicts that before long, stainless steel equipment manufacturers will have these projects on their drawing boards.

Electronic and infrared ovens will cook complete meals in minutes—make frozen foods bubbling hot in seconds.

Dish washers will clean with sound waves instead of water. The vibrations will remove food particles in a stainless steel supersonic dishwasher.

Moving sidewalks once found only at fairs will be important in cities. Supported on sturdy stainless steel chain belts they will carry you along at 120 feet a minute.

We are always a little bit suspicious of those who assure us that they want nothing.

The reason truth makes such slow progress is that it is in competition with pretense.

Edward W. Strong, chancellor, University of California: "We have some students coming here who have had calculus and other advanced math in high school. But they can't write."

Investor's guide to U.S. Savings Bonds (FREE)

Are Series E Savings Bonds a good investment?

Yes. For several reasons, including some investment advantages unique to Bonds.

For instance, all Series E Savings Bonds carry a 10-year automatic extension privilege. Which means you can hold your Bonds past maturity and cash them when you're in a lower tax bracket—perhaps during retirement. (Or you can trade them in for Series H Bonds for retirement income.)

Also, Savings Bonds offer a guaranteed rate of interest. You have no concern about market fluctuation or a "right" time to buy.

Another thing. Bonds are exempt from state or local income taxes, and

federal income tax can be deferred until you cash your Bonds.

You'll find these and more eye-opening investment advantages of Series E Bonds explained fully in this free folder available from the Treasury Department. Use the coupon below to order a copy.

WEEKLY REPORTS FROM ANNAPOLIS

Sen. O'Farrell and Delegate Dulaney Writes

The Maryland Legislature in the General Assembly's first Saturday meeting of this session, gave swift approval to the Tawes administration's record \$767 million state operating budget for 1966.

The speedy enactment into law thus cleared the way for opening debate in the Senate on Monday on the governor's \$30.6 million capital improvements program, padded out by more than \$4 million beyond its original recommendations. The new budget is \$61 million above the appropriations for the current fiscal year.

Originally the capital budget was scheduled to move onto the floor Saturday. But fiscal committees, frantically making last-minute adjustments at a joint House-Senate meeting early Saturday decided on still another \$125,000 and decided to hold back the bill until Monday.

With no debate whatever, the Senate predictably adopted the mammoth appropriations bill that had been cleared by the House in a matter of minutes last Friday night. By pre-arrangement, the Senate Finance Committee and the House Ways and Means Committee nicked the budget by only \$2.1 million—including slightly more than \$1 million the governor had requested for a statewide educational television network.

Deletion of these funds caused only feeble debate in the House when attempts were made to restore the money. But there was no mention of the cut in the Senate.

The season for hunting squirrels and wild turkeys will run from Oct. 5 to Jan. 5 instead of ending Nov. 30.

Imported species of pheasants, ruffed grouse and rabbits will be fair game from Nov. 15 to Feb. 15. The season has been closing Jan. 5 and that will continue to be the final day for shooting grouse in Alleghany and Garrett Counties.

The Legislative Council was asked by the Senate Saturday to recommend to the next session a plan for a new office building for members of the General Assembly.

"We'll have to determine first how many Senators we are going to have," remarked President William S. James (D., Harford), referring to the re-apportionment.

The House passed and sent to the Senate Friday's controversial bill to permit the Washington Gas Light Co. to condemn land for underground storage of natural gas in Prince Georges County.

Delegates from Charles and Anne Arundel Counties opposed the measure on grounds that it would create safety problems, and the House had listened to hours of debate on it. The bill was approved 98-22 after brief debate.

Del. Edward T. Conroy, chairman of the Prince Georges delegation, said experts had given safety assurances and added "hundreds of thousands of customers in our area need this bill."

The Senate passed and sent to the House a bill giving pay increases to the state's top three elected officials.

Under the terms of the measure, the Governor's salary would be hiked from \$15,000 to \$25,000 a year, and the salaries of the Attorney General and the Comptroller would be increased from \$15,000 to \$20,000 annually.

The House Judiciary Committee is considering the Senate approved bill which could result in the suspension of a motorist's license if he refused to undergo chemical tests when suspected of drunken driving. Its chances of enactment in its present form are not bright.

The Senate passed an auto inspection bill and sent it to the House to require regular safety inspection of used automobiles when they change ownership.

State Senator
for Carroll County

A Voice From the House

Gambling has been a subject of contention for several sessions in Annapolis. A bill to authorize a lottery in the State or any political subdivision, subject to referendum, was defeated in the House this week by a vote of 72 to 52. There were many valid reasons why a lottery should not be established and I voted against the bill. Among the arguments made against the bill were that a lottery does not produce anything of value, it takes money from those who can least afford to pay it, it takes money out of circulation, it is morally bad and economically unsound, and, historically, it was proven to be a poor means of raising revenue and was therefore abolished.

A bill was passed this week requiring real estate brokers to post a bond for \$10,000.00. Also under consideration is a bill to make it a crime for any real estate agent to fail to hold deposits in escrow until settlement. A resolution was passed requesting a study to be made into abuses in financing of pre-cut and pre-fabricated homes.

An interesting bill which has been under consideration, but failed passage, for several years, is the so-called Prince George's County Gas Bill. This bill passed the House and it appears it may become law. The Washington Gas Light Company has determined by a study that it can store gas underground in Prince George's County by drilling holes about 1500 feet deep and pumping in the gas. When needed, the gas can be pumped out very similar to the pumping of gas from natural wells. Some landowners have fought bitterly because they do not want the gas stored under their property. The purpose of the storage is that the gas can be pumped into the ground in Summer at a low cost and then in Winter it is easily pumped out when demands are at a peak. Engineers say the ground is naturally suited to this purpose and can hold millions of dollars worth of natural gas.

A bill was passed by both Houses raising the minimum Workmen's Compensation Benefits to those injured at work from a maximum of \$48.00 per week to a maximum of \$55.00 per week.

Historic Carvel Hall in Annapolis is again for sale, and a Bill is in the House to require the State to purchase it. Annapolis is a fascinating and historic old town and it is hoped that many of the old landmarks can be preserved. It has been found that people from all over the United States coming to Washington D. C., will many times journey over to Annapolis to visit our State House and to see a town that, in many respects, has changed very little since Colonial days. Maryland will profit by preserving the charm of its capital city.
