SPECIAL NOTICE

The dedication of the Taneytown Community Swimming Pool and Bathhouse has been postponed to June 13 (Sunday) at 1:30 P. M. The rites will take place in Memorial Park in front of the bathhouse. Taneytown Jaycees Receive Numerous Awards

The Taneytown Junior Chamber of Commerce was honored with a number of awards at the Maryland Jaycee convention held in the Baltimore Civic Center last week-end. In addition to many awards in their population division, they copied the coveted "Sweepstakes" award in Community Development. This, in competition with the more than sixty chapters in the State, President Dean Brown was presented a beautiful plaque and informed that Taneytown would represent the State of Maryland in the national competition in community development.

The Giessenier Award, named for the founder of the Junior Chamber movement, and given for all-around chapter excellence, was awarded the Taneytown club for their population division. They also won first place in their population division in Youth Activities, Ways and Means projects, Chapter Development, and Inter-club Relations. Second-place recognition was given for their chapter publication, governmental affairs, public relations, and religious and Christian activities.

The Taneytown chapter was also recognized as the "Chapter of the Month" for May by the state executive committee for their successful promotion of the Community Swimming Pool project. This was the second time this year the local club was so honored, having won the same recognition in November upon completion of the Little League diamond.

Judging is based on notebooks prepared according to rigid rules laid down by the U. S. Jaycees. The notebooks prepared by the Records and Recognition committee headed by Dean Nussbaum, contained over fifty project and committee reports and reams of substantiating material. These notebooks will be forwarded on to Buffalo, New York, for judging by the National committee prior to the Buffalo convention, June 21-25.

Attending the State Convention from Taneytown last Friday evening and Saturday, were: President and Mrs. Dean Brown, State Director John M. Skiles and wife, Director Paul Roop and wife, State Director-elect Larry Heltebride, and Geary Myers, a new Jaycee.

Let reverence for the law be breathed by every mother to the lisping babe that prattles on her lap; let it be taught in schools, seminaries and colleges; let it be written in primers, spelling books and almanacs; let it be preached from the pulpits and proclaimed in legislative halls and enforced in courts of justice.

C. of C. Plans Outing

The Taneytown Chamber of Commerce commenced planning for their annual outing at the regular meeting on Monday evening. August 19 has been selected as the date of the outing. It is planned to attend the baseball game that evening in Memorial Stadium between Baltimore and Boston. Plans for the activities prior to the game are incomplete. Consideration is to be given to visiting a manufacturing facility in the Baltimore area. The membership will be advised as plans progress.

The Chamber accepted invitations to participate in the Memorial Day observance sponsored by Hesson-Snyder Post #120, The American Legion, on May 30 and in the Firemen's parade on June 16.

Discussion of a general nature on various matters with which the Chamber concerns itself was held prior to adjournment.

It was suggested that the next meeting be held at Antrim, the property recently acquired by Mr. Geo. W. Crouse. Mr. Crouse was agreeable and the membership present reacted enthusiastically; therefore, serious consideration will be given to the implementation of this suggestion. The membership will be advised via the press if the June meeting is to be held at Antrim.

AN OPEN LETTER

Taneytown Chamber of Commerce

Executive Committee

Taneytown Community Swimming

Pool Project

Taneytown, Maryland

Dear Ladies and Gentlemen:

We congratulate you for the determination and success with which you have conducted the campaign to construct a swimming pool in Memorial Park.

In an era when so many people and communities depend totally upon the governmental taxing powers to provide all recreational facilities as well as the more traditional governmental services, it is refreshing to see a group of young folks who are willing to work hard and long hours to secure such advantages for themselves and future generations.

It was because of the same spirit of dedication and self determination, felt by some of our citizens about a decade ago, that we now have Memorial Park for the benefit of the community at large. Just as Memorial Park has been a source of pride and pleasure for all of us, so too, the addition of this new facility will be a stimulus to further civic development.

We regret, however, that as an organization we are unable to offer financial assistance to your project, inasmuch as the Chamber is now indebted for the acquisition of this industrial site. Never-the-less, we extend our moral support to this cause, and urge our members and the members of the community to answer the "clean sweep" call to reach the \$60,000.00 goal.

Again we congratulate you and commend the project for the support of our citizens.

Very truly yours,
Frank T. Dunham, Pres.
Neal W. Powell, Vice-Pres.
Paul M. Morelock, Vice-Pres.
Donald M. Smith, Sec.

WITH THE ARMED FORCES

USS EUGENE A. GREENE (DD-711) (FHTNC) — Seaman Apprentice Wayne E. Putman, USN, son of Mr. and Mrs. Thurston Putman of Taneytown, Md., is currently serving aboard the destroyer USS Eugene A. Greene, engaged in the joint U.S. operation in the Dominican Republic.

U.S. forces were ordered into the strife-torn island republic after the breakdown of law and order and authorities there could no longer guarantee the safe evacuation of American citizens.

Since U.S. forces have taken part in the operation, Atlantic Fleet ships have evacuated more than 3,000 American citizens and other nationals seeking safety. The evacuees were taken to San Juan, Puerto Rico, where commercial transportation was available.

In cooperation with other U. S. Armed Forces, Navy ships and aircraft have ferried in more than 30 million pounds of food and medical supplies—making it the largest humanitarian effort of U.S. Armed Forces since the Berlin Air Lift of 1948.

His ship's mission includes anti-submarine warfare, the detection and destruction of enemy submarines. It also acts as a protective escort for vital ocean convoys.

RESTAURANTS CHANGE HANDS

Opal and Johnnie's Restaurant was purchased by Blanch Lewis. Possession will be June 1st. Crouse's Restaurant was purchased by Mrs. Margaret Mason. These restaurants are well patronized by the public—especially at lunch time.

'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

How beautiful the drive in the country with the trees dressed in their greenest of greens, the many Cherry Blossom trees and the beautiful Azaleas. All the latter beauty to last for such a short time, as the creeping Phlox.

Walking down Howard St., I saw the theatre "Stanton," formerly "The Academy of Music," being dismantled and I could hardly believe it! I went over to the man sitting at the entrance and I just looked at him. He sensed how I felt and he said to me, "Isn't it terrible, this grand place being torn down to make it a "Parking Garage?" Then I wondered about that man talking to me the way his refined manner appealed to me. And as I looked into his eyes studying him there were big tears, I said, with a choke in my voice, "any souvenirs—just to remember?" he went back to the rubble and picked up something and there it was two programs of the last show, "OLIVER," with Jules Munshin and Joan Eastman. I said, "I'll only accept one, please, and I thank you." He replied, "No I want you to take the last two programs!" "Are they selling any of the box chairs?" "Yes, there are two left; walking over to the chairs. Then, the man who was head of the company to "tear down" said, "You may have the two for five dollars!" I looked at the chairs and memories came back to me sitting on one of those chairs many times for the different types of shows. How awful they appeared now with the cane in the back torn completely off and the padded velvet seats faded and terribly dirty and dusty and all the gilt frame-work almost brown! I figured it would have been a pretty penny to have them restored and upholstered. I said, "No, thank you, it would be too expensive a job!" And then I continued down Howard St. with a lump in my throat and tears and memories of days of long ago. I recalled even the little aged and poor lady always on those memorable nights holding out a tiny bouquet for 25 cents to the Escort for his Lady! Baltimore and it's wonderful Hospitality! It isn't in the South—it was right here years ago and everything is changing. There was so much enchantment and charm those days—people had time for everything and there seemed to be more kindness and being thoughtful of one another!

And down the street in the window is a real Poinsetta this time of the year and the gentleman explained to me the process of his success which I wrote in this Column two years ago the manner that the Plant Dr. of the News-Post explained just as this gentleman told it to me. Remember?

What a grand Mother's Day with the phone messages from the West and all the nice sayings! One does not have to bear a child to love him, and that is the way it has been with us, for it always was and always will be "The Love Lines," that counted and not "The Blood Lines!"

How awful it is to do without the newspapers! Every one complaining! Now, here's to those born from April the 20th to May the 20th and before midnight of May 20th. This is called "TAURUS"—Venus is the ruling planet of this sign giving to it's subjects of the signs the greatest strength, willpower and determination. Many times these people are impulsive. Their senses are keenly alive and they have great possibilities. They are extremely healthy and have powerful bodies and retain their youth far into the advancing years. They truly have the three V's—VIM, VIGOR and VITALITY. They have an excellent personality and quite handsome and have much talent. They are bright and witty and love home, dancing, poetry, art and music and are just about the most sympathetic people of the 12 signs. They seem to adapt themselves to any circumstance and that makes them loved by everyone. Their knowledge and intuition lie deep and do not appear on the surface. They have remarkable powers of concentration and are imbued with magnetic and sympathetic forces that make excellent mental healers.

The uneducated are obstinate and self-possessed and dislike arguments of any kind. They seldom seek counsel and are very persevering. They are the most loyal of friends. These people do not find it difficult to accumulate money but they never hoard it for they always share it with a poorer brother. Many times their generosity and sympathy leads them to take on trouble and sorrows of others. They will even sacrifice their own health in their great desire to be of assistance to others. There is so much more to "Taurus!"

So long for this week and hoping to see you the first cool day D.V. Do make someone else happy. (Remember it rained on the 7th?)

I am,
Faithfully,
YOUR OBSERVER.

FEDERAL AID TO EDUCATION

The new federal aid to education bill—a measure which, of its kind, is unprecedented in scope, cost, and purpose—is now law.

It remains to be seen how much further the federal government will go in its invasion of the educational world—and what effect there will be on local responsibility and authority. But, looking at the statistics, it is difficult to see what need there is for the federal government to play a Big Brother role in the educational scheme of things.

In the last decade, the Chamber of Commerce of the United States reports, spending on public schools increased 157 per cent, while enrollment rose only 43 per cent. About 95 per cent of the increased spending came from local and state taxes and bonds, and only 5 per cent from the federal government. Every sign indicates that during coming years states and communities will have the resources to meet educational needs and demands.

Federal aid to education, on a big scale, is simply part of the trend toward giving more and more authority to the central government. It is a trend that is gradually and surely destroying the traditional concept of the division of powers and responsibilities among governments.

"FACTS AND OPINIONS"

The New York Journal of Commerce and Commercial recently said: "Ordinarily this newspaper doesn't favor bills capriciously introduced in Congress to nullify decisions of the United States Supreme Court. But we are making an exception in favor of S. 1698, introduced this month by no less a solon than A. Willis Robertson, chairman of the Senate Banking and Currency Committee. Senator Robertson's bill is not capricious; it merely makes plain that in the long debates which preceded the Bank Merger Act of 1960 Congress never intended that banks should be subject to the restrictions of the Sherman Antitrust Law or to Section 7 of the Clayton Act. Congress intended that bank mergers should rank with those of other thoroughly regulated industries, such as railroads, and should be adjudicated by the Comptroller of the Currency, the Federal Reserve Board or the Federal Deposit Insurance Corp., depending upon under which area of jurisdiction they came."

Purchases of fuel, materials and supplies by the U.S. railroads rose in 1964 to \$1,475,599,000—the highest total since 1957 and the third consecutive annual increase in such spending, according to the Association of American Railroads. This does not include the record spending of \$1,417,000,000 by the railroads for capital equipment and improvements. Another \$300 million in allied firms' purchases of rolling stock brought to nearly \$3.2 billion railroading's overall contribution to the national economy.

Henry Hazlitt writes in Newsweek: "If any two government programs have proved themselves to be enormously expensive failures, they are the price-support program in agriculture and the foreign-aid program. Both were adopted ostensibly as 'emergency' schemes. Both were originally supposed to serve their purpose in four years at most. Yet both are still in existence, and look as if they will be with us forever."

According to an article in The Exchange magazine, air conditioning is enjoying one of the greatest booms of any accessory in automotive history. In its beginning in 1953, 40,600

units were installed in cars; last year the figure was 1,750,000.

The American Hospital Association reports that the average patient's hospital stay is 7.7 days, as against 14 days 25 years ago. The decline is attributed to better medicines, new equipment and improved treatment.

Women's Wear Daily says: "An industrial 'spy school' has been opened in Tokyo to train personnel of Japanese big business in (the) art of industrial espionage and counter espionage. Curriculum deals with how to steal a competitor's sales promotion program, how to protect your own company's program from being lifted by a rival firm. Advanced students work deals with use of special cameras and how to sift useful information from trade publications."

Much greater effort on the part of the federal government to reduce federal spending abroad and to make American industry more competitive in foreign markets through tax reduction, and inflation control are advocated by the Council of State Chambers of Commerce as long-run solutions to the country's balance of payments problem.

The American Petroleum Institute reports that U.S. reliance on oil as a primary source of energy resulted in total domestic consumption of more than 4 billion barrels of petroleum products during 1964. This is the equivalent of almost 900 gallons for every American man, woman and child.

A VISIT FROM THE BILL COLLECTOR

"Twas a month before Dedication but all through the town
 Not a soul was contributing more than a frown.
 The gardens were planted, lawns mowed with care;
 No worries or problems evident there.
 The citizens nestled all snug in their beds;
 No thoughts of pool bills danced in their heads.
 And the merchants in stores, and clubs at their meetings,
 Gave no more funds — just cordial greetings.

But down in the Park there continued the clatter
 While the Committee knew well what was the matter!
 The pool was a-building, nearly ready for swims
 But townfolk regarded Fund pleas as mere whims.

That pool in the Park at the edge of the town?
 That pool of the Project of such great renown?
 That pool with its shiny, red-brick interior?
 That pool that made Taneytown seem so superior?
 That pool surrounded by forsythia hedges?
 That pool that was started on good faith in pledges?
 Well, THAT pool can't be paid for by Dedication
 Unless the town gives the Fund concentration!

More rapid than eagles the swimmers will flock.
 But won't they be in for a terrible shock
 When the pool doors will close, perhaps never open,
 Because too many on "other guys' payments" were hopin'?

Well, those "other guys" have given; now it's your turn.
 Give more than you did — it's not money to burn—
 It's money to finish a job we all started
 So that the town and its youth would not soon be parted;
 So we all could have fun during hot seasons—
 Oh, there are a thousand wonderful reasons—
 But only ONE problem: A need of more cash!
 Let's give right away for an out-of-debt splash.

Success hasn't gone to its price

After all, you don't get the No. 1 place (or stay there year after year) unless you give people a lot for their money. That, Chevrolet does. Look what's new for 1965. Everything.

Like the handsomest new styling you've ever turned around for another glance at. Like Chevrolet's Jet-smooth ride, even better now with Wide-Stance to steady

things as you go. Like however much economy or excitement you'd want, our miserly 140-hp Six to our ferocious Turbo-Jet V8, 325 hp on order.

Besides price, one other thing hasn't changed: Chevrolet's traditional resale value . . . still so good you won't believe it until you get it. So get it (along with all that's new) at your Chevrolet dealer's.

KEYSVILLE-DETOUR

Greetings to you:

My apologies for not mentioning last week that the baptism of Robert Edward Schildt, son of Mr. and Mrs. Gary Schildt of Detour, took place and Mrs. Cora Weant of Taneytown was received into Keysville Lutheran Church by letter of transfer from York, Pa. The altar flowers were in honor of Mrs. William E. Ritter on the occasion of her 92nd birthday by her family. This past Sunday James Allen Lambert, son of Mr. and Mrs. Edward Lambert of Keysville, was baptized.

Congratulations to Mr. and Mrs. Robert Bowers, Jr. of Westminster upon the birth of their first child, a daughter, on the 10th.

Pastor and Mrs. William Markley and Marinda of the Union Bridge Lutheran Parish are now having a two week's vacation period.

"Ran into" Mrs. William (Hazel) Stambach of Keysville the other evening and she told me that after a "rough" three weeks, she is finally feeling much better. She said she has received over 125 cards.

Mrs. Coral Cover is in the neighborhood and around-about again, evidently, for she waved as she drove past the house last Saturday. This is surely a "going" lady.

On Saturday Mrs. Emory Yoder came to the home of her daughter and family, Mr. and Mrs. Carroll Wilhide, Jane and Beth, for a visit. She had been spending some time with another daughter and family, Mr. and Mrs. Clyde Wilhide, Neal and Danny of the Keysville Road. On Monday, Mrs. Carroll Wilhide and Mrs. Yoder visited in White Hall with the Walter Gill family. (Mrs. Gill is another daughter and the one with whom Mrs. Yoder resides.)

Ralph Weybright, as of last week, is now at Vindobono Convalescent Home, Jefferson Blvd., Braddock Heights, Md. Don't forget the cards and this makes him so much closer for visiting also.

Chicken pox is still around, Ray Harner, a first-grader and son of Mr. and Mrs. William Ray Harner on the corner of Keysville Road and Sixes Bridge Road, is now at home for this reason.

A face-lifting job is being done on the house right next to the Green's store in Middleburg. Asbestos siding is being put on and it really changes the appearance. Also makes it look larger.

Mr. and Mrs. Richard Wilhide and Susan were supper guests on Sunday evening with Mr. and Mrs. Michael Miller of Frederick. In the evening they took a drive to Mar-Lu-Ridge.

At the McDonough School Fair last Saturday, Terry Coshun received a second prize with his new heifer, "Lottie," and a third with his "Libby."

Mr. and Mrs. Alvin Eiken of Mechanicsburg, Pa., were visitors on Thursday afternoon with Mr. and Mrs. Charles Cluts of River Dale Farm near Keysville. Mrs. Eiken and Mrs. Cluts were 1913 classmates at Millersville State Normal School. Calls during the week were Mr. and Mrs. Guy Boller of Rocky Ridge, Mr. and Mrs. Roy Baumgardner of Terra Rubra, Mrs. Richard Wilhide and Susan, Beth and Denise Wilhide of Detour, Mrs. Carroll Phillips near Tom's Creek and Mr. and Mrs. Harry Mohney of Taneytown. Dinner guests in this home on Sunday were Mr. and Mrs. Ray Boyle and Mrs. Annie Thomas near Baltimore.

Week-end visitors with the Carroll Wilhide family were Mr. and Mrs. Melvin Schnappinger, her mother Mrs. William Gerbrick, her daughter and grandson, Mrs. William Gross and Jerry, all of Baltimore.

Sunday supper guests with the William Fleharty family and Mrs. Ralph Fleharty were Mr. and Mrs. Robert Brudin and son Michael of Silver Spring. Mrs. Ralph returned home with them and will visit until after her second great-grandchild is born. It is due this month; anytime.

It has been called to my attention that the dogwood in the woods on the Donald Hoff farm on Sixes Bridge Road was also quite lovely this year. One doesn't seem to notice them as much, as those farther on—because they are on just one side of the road, I suppose. Have you noticed the bleeding heart bush in the garden of Mr. and Mrs. Gregg Kiser of the Keysville Road? It is truly lovely!

Mr. and Mrs. Alvin Metzler of Altoona, Pa., are expected this week-end at the Carroll Wilhide home for an extended visit. The Metzlers are well-known in the area and any of their many friends will be able to contact them there.

Here is a note from the National Lutheran Home in Washington about Founder's Day: "June 9, 1965. We're having a Fair—We've invited our neighbors and friends to be there—Our Parcel Post Booth will be sad and forlorn—If our many good friends our proposal shall seem—Just send a half dollar on any little gadget—And here's the address of where to send it (National Lutheran Home for the Aged, 18th and Douglas Sts., N.E., Washington, D.C. 20018). We'll send you a package for fifty cents—Out-of-town postmarks tempt ladies or gents—Please mark your gift Ma, Pa, Girl or Boy—So that each gift will be a joy—Now do a good deed and help a good cause—And thanks in advance for playing Santa Claus." (Wrap each fifty cent gift you send separately, and mark PAR, CEL POST.) Now there is a small way you can do a big deed.

Twenty boys and the two scoutmasters of Union Bridge Troop 330 enjoyed their camping experience in this past week-end on a section of Earl Myrly's farm by the Monocacy.

Mr. and Mrs. Lloyd Wilhide of

Keysville had as a week-end visitor their granddaughter Brenda, daughter of Mr. and Mrs. John Harner of Taneytown.

The Luther League of Keysville Lutheran Church met Sunday, May 16, and elected officers for the coming year. They are: president, Steve Hohman; vice president, Terry Coshun; secretary, Beth Wilhide, treasurer, Kurt Kronsteiner; reporter, Becky Gartrell. Harry Hohman of Keysville Road will serve as adult leader. A pop bottle drive is being planned for Saturday, May 29, with profits going to the Church Building Fund.

Together with Mrs. William Markley and Mrs. Lloyd Wilhide, I attended the Seminary Auxiliary meeting held in Gettysburg last Wednesday. It was a most enjoyable day. Besides the business meeting, the Seminary Choir sang in the morning, using the same program they use on tour. It was the first time I ever heard this group and it was truly lovely and inspiring! A skit was presented by the Chancel players in the afternoon and our luncheon was turkey, no less, besides the Tea served at 3 P. M. by the Faculty Wives. You can see this was no dull-type thing so perhaps more of you will want to attend next year for this is an annual meeting. The best news, of course, was the fact that the goal of \$5,000 was surpassed and reached \$6,000. Because the response was so good and next year's project will again be for the students (scholarships, loan funds, etc.), the goal is \$7,500. February is Seminary Month for membership drive. Plan next year to help this very worthy cause. Without seminars what would we do for trained pastors? A personal note for those of you who remember Roland Hobbs and Donald Almy: I had the opportunity to speak to these young men before the Matins Service and they both sang in the choir. Hobbs goes to Frederick as an assistant pastor and Almy was called to Fairfield, Pa.

Boy Scout Troop 330 Meeting

Casting was the order of the day for the members of the Union Bridge Boy Scout Troop 330 when they met May 18 at Forest and Stream Club, near Detour, at the invitation of Nathan Webb, president of the club. Mr. Webb and Scoutmaster Fleharty are co-workers at the C&P Telephone Co. of Westminster.

Larry Stultz demonstrated bait casting to the boys and Mr. Webb and Paul Smith (all club members) demonstrated spin casting. The boys all had a chance to practice their skill in the pond or river, and were cordially invited to return.

The week-end camping from Friday evening to Sunday afternoon on the Earl Myrly Farm, along the Monocacy River near Detour, was attended by 21 boys and their leaders, Fleharty and Broadwater. Special thanks to Mr. Myrly for an enjoyable week-end.

Note: Beginning June 24 this troop will meet on Monday evening at 7 P. M. at the Scout Building; also after June, meetings will be every other week for the summer months.

TWINS RAP 14 HITS, BOMB TIGERS 10-5

ATTACK FEATURES TWO TWIN HOMERS

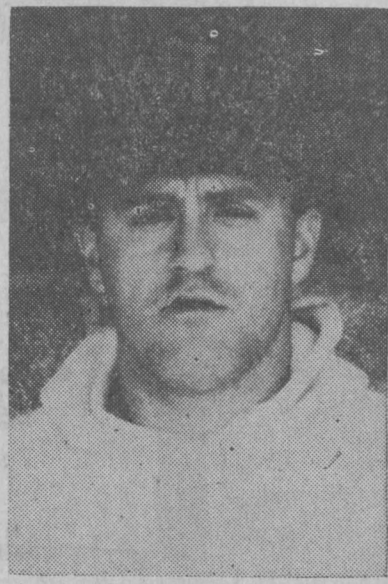

McSherrystown, a team that the Tigers never seem able to beat, unleashed a potent 14-hit attack that featured two homers, to tame Taneytown by a score of 10 to 5.

The Twins started right off on Tiger starter Morgan Storey with a four-run barrage and the lead which they never relinquished after the first inning.

The Taneytown Tigers struck for three runs in the fifth on Graham Wildasin double with the sacks packed and again in the seventh on Arvin Bollinger's two bagger and Wildasin's single. Wrapping up the scoring in the ninth frame was a single by Don Favorite and a sacrifice fly by Jim Head (recently acquired).

Between these scoring frames for the local nine was a potent attack by the McSherrystown Twins for their third straight win. Spotlighting the attack was two homers for the victors.

Star of the Game

Graham Wildasin

Graham Wildasin was named star of the game for his four RBIs, two base hits, and fine fielding at first base.

SPORTS

THE WAY I SEE IT . . .

Observations on the World of Sports —by John Breth

ANOTHER BASEBALL SEASON is upon us, and, by now, all the predictions that are going to be made, have been made and filed away until October. Then, depending on what the predictions are, it will be a time for taking bows or making explanations.

This year, as in other recent years, the scientifically-minded have turned to computers for the answers. But, the truth is that computers have proven no better and no worse than the well-informed baseball fan in trying to figure out how the pennant races will wind up. And, in this age, where the computer is doing more and more of our thinking and predicting, it's rather refreshing to report news like that.

There are just some questions in baseball which defy answers, questions guaranteed to stymie even the most sophisticated computer.

The matter of which teams will win the pennants is one, but there are others.

For instance, who will be the Rookie of the year? In the National League, the Cincinnati Reds have 1st baseman, Tony Perez and infielder, Tommy Helms as possibilities, while the Chicago Cubs have a double-play entry in second baseman, Glenn Beckert and shortstop, Roberto Pena.

In the American League, the Baltimore Orioles have high hopes for outfielder Paul Blair, while the Los Angeles Angels are counting on first baseman Costen Shockley and third baseman Paul Schaaf. Or, maybe Detroit Tiger outfielder Jim Northrup will be the one. There is no way of getting that answer, now.

And, then there is a question of the Sophomore Jinx. Will it bother outfielder Rico Carty of the Milwaukee Braves, who whacked the ball at a .330 clip last year? Or, will it hamper Baltimore's bright young pitcher, Wally Bunker, who won 19 games as a rookie? Only time, and, not a computer can provide those answers.

There isn't a computer in existence which could tell us now what effect a homecoming will have on two outfielders, who are back with their old clubs after having been traded away.

Rocky Colavito of the Cleveland Indians and George Altman of the Cubs. The effect of injuries and ailments is another question without answer. And, there is an All-Star list involved this time — pitcher Sandy Koufax of the Dodgers, Milwaukee outfielder Hank Aaron, Pirate outfielder and defending National League batting champion Roberto Clemente, New York Mets second baseman Ron Hunt, second baseman Bill Mazeroski of the Pirates and catcher Tim McCarver of the St. Louis Cardinals.

Of course, not all the questions are serious ones. For instance baseball people are troubled by this poser: can the Philadelphia Phillies survive both Bo Belinsky and Dick Stuart?

Or, as some put it, . . . can Bo Belinsky survive Philadelphia?

There is nothing we can do now to get these answers — no tape to be fed into a machine. . . no buttons to push. . . no lights to flash. All we can do is wait, watch and listen.

LEON WAGNER of the Cleveland Indians put on contact lenses this year and as a result has been making better contact with the ball.

"Daddy Wags", as he is known, is clubbing away at a merry .346 clip and with his usual healthy quota of extra base hits.

Talking about the contact lenses, Wagner said: "I can see the ball better. I don't really know whether they will help me hit more home runs, however."

One thing that Wagner believes will help him slug more home runs is the fact that he now hits in front of Rocky Colavito, who is back with Cleveland this Spring.

Taking gleeful note of that, Wagner said: "The pitchers will have to give me more pitches to hit. They don't want to see me on base with Rocky up and I can't say that I blame them. Yes sir, it's a real pleasure to hit in front of Rocky."

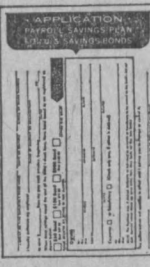

The Wagner-Colavito one-two punch has another advantage for the Cleveland Club. It is a left-right combination, which is always a big help in anything like that. Wagner, of course, is a left-handed swinger and Colavito bats from the right side.

Remember When Dept. — Who was the American League's Most Valuable Player in 1951? Yogi Berra of the Yankees.

Today's Sport Laugh — The Los Angeles Angels have two highly paid rookies on their squad. . . Outfielder Rich Reichardt received a reported \$200,000 to sign. One day Rich said to the other rookie: "I can't still get used to not writing home for money. But if I ever did now, my folks would really clobber me."

Meditation is the tongue of the soul and the language of our spirit; and our wandering thoughts in prayer are but the neglects of meditation and recessions from that duty; and according as we neglect meditation, so are our prayers imperfect, meditation being the soul of prayer and the intention of our spirit. — Jeremy Taylor.

Nation Under God

Lesson for May 23, 1965

Background Scripture: II Samuel 6 through 8.
Devotional Reading: Psalm 122.

NEW JERSEY is said to be the most populous state in the nation; that is to say, it has more people per square mile than any other state. Naturally there are all kinds of people in these crowds, and among them some

atheists. Just before these lines were written a few atheists had tried—and failed—to get a grand jury to rule that the U.S. flag and a banner with the words "One Na-

Visible religion

More has been learned about religion by now than those people knew. But they did know one thing we have never outgrown; they believed that religion ought to be visible. Now it can be visible in either or both of two ways. Religion makes itself visible as morality; that is an important truth but it is another story. Religion also is made visible in institutions and practices called cults; and this is part of what "under God" would have meant to them.

The arts in religion

In ancient Israel the center of visible religion was the Ark, a golden box you could set on a large desk, beautifully made of carved cedar and covered with gold leaf. That Ark, and the Temple afterwards built to house it, suggest another lasting feature of this ancient faith: namely that the arts are or can be a strong and moving element in religion. True, there are sects of Christians who deliberately make their churches and their worship as bare and plain as possible. But the main stream of religion is allied with the great arts. In the time of David, the reader will note in these short chapters something about the dance, about an orchestra, about architecture. David the King was both a poet and a musician, so no wonder he felt that the Ark which symbolized the presence of God ought to have the most beautiful temple over it that a royal treasury could buy.

Sacred and secular

Some people think of "sacred" as meaning something shut off or shut in, something quite different from ordinary occupations and concerns. These ordinary, Monday-to-Saturday businesses and occupations of worktime or leisure, are often called worldly or secular. Sacred and secular are supposed to be opposites. Not so with these ancient people of God. To their minds there was no "secular" in their vocabulary. When we speak of a nation under God, some people are afraid we are confusing nation and church, and think we would be much worse off than we are, if we tried to run the country like a church. This is true. But that is not what God intends nor demands. In a nation under God there is room for all the "secular" aspects of life. The reader will notice that in ancient Israel there was (for example) room and need for a strong international policy (David put his little country on the map!); for an efficient organization (specialized jobs for specially qualified people), and for strong leadership by those who would put the good of their country above all personal gain. David's little group of scribes, secretaries and so on was a long way from the complex and enormous armies of specialists now needed in government, but it did show one thing: there's no conflict between religion and efficiency. Indeed, doesn't each need the other?

Letter To The Editor

Two weeks ago, on the evening of May 6, I had the honor of being a guest on the occasion of the combined Mother-Daughter and Father-Son annual dinner of the congregations of the Taneytown Charge of the United Church of Christ, held this year at Frock's restaurant in Westminster.

To me personally, this was a most enjoyable occasion for many reasons. It was such a pleasure to have the opportunity of greeting friends of many years' standing: faithful members of the churches at Taneytown and Keyville who were my reliable associates during the more than 33 years of my pastorate in the Taneytown Charge; younger members, whom I knew as children and whom, perhaps, I baptized or received into active membership in the Church by the rite of Confirmation, and who now are so true to their heritage, bequeathed to them by faithful Christian parents, by their loyal and vigorous activities in the congregations; and children, too, whom, of course, I had to identify through their parents. I was embarrassed a number of times by having to be told the identity of old friends whom I should have known. However, after all, time does make a difference in faces and features.

But what an inspiring assemblage, more than a hundred, gathered there together not only to enjoy a fine dinner, but more, to emphasize their pride and joy in being parts of fine active Christian congregations. I know of no churches where this sense of loyalty is more manifest than in the two "Grace" congregations of the Taneytown Charge.

I enjoyed the dinner too. It is not often that we can have fried chicken

and roast beef at the same meal; I took both.

The program of entertainment following the meal, and beginning with a "song fest," under the direction of Mrs. Motter, was most enjoyable and worthy of the highest praise. I was especially impressed with the clarity and beauty of the voice of our young soprano—she is certainly headed for a brilliant musical future. I cannot give deserved recognition to other parts of the program because of my not remembering the details.

To me personally, because it brought back so many tender memories, the outstanding feature of the program was the appearance of the "Nonpareil Quartet"—all the original members with the accompanist: Murray Baumgardner, Delmont Koons, Edgar Fink, Harry Mohney and Mrs. Edgar Fink. What a joy and surprise it was to hear them sing again, nor has the quality of their performance deteriorated in the least.

This quartet was organized soon after Radio Station WFMD was established on January 1, 1936, at Frederick, and chiefly for the purpose of participating in the religious broadcasts from this station. I have some of the manuscripts of the programs which we offered and from their dating, we evidently began to broadcast soon after the station was established. The "fan mail" which the quartet used to receive is an evidence of the favorable impression they made upon the radio audience.

To me, and I am sure, to all who were present at this most enjoyable gathering, this was a most outstanding occasion and will be sincerely remembered as such. I have already put in my plea for an invitation to the one to be held next year.

Very sincerely,
Guy P. Bready

SUMMER SCHOOL—It's Role in our Educational System

by Jacob M. Yingling, Delegate to the General Assembly Carroll County

Each year summer school plays a more important role in our system of public education. Prospective home owners have become more interested in communities where the facilities of summer schools are available to their children, and this interest will increase in the years to come.

I should like to point out that summer school is not just for students in need of remedial work because they have failed during the normal school year. A large percentage of students enrolled in summer schools are pursuing additional courses in driver training, typing, mathematics, etc., which, because of the time element, could not be scheduled during their regular school year.

College-bound students are afforded the opportunity of adding to their education by using the long months of June and July in summer school. This additional education has taken on new importance with the increased difficulty high school students now have in finding summer employment.

It is becoming more and more apparent that education can no longer be held at a nine-month-a-year period. At no time in history has education had a time limit placed on it. Attendance in summer school and adult evening classes is proof of the fact that school doors should be kept open. I have watched with personal approval Westminster High School's

plan to initiate several summer school courses. I hope this summer program will eventually be made available to all high schools in Carroll County.

With the tremendous cost of school construction it seems a waste of the taxpayer's dollar not to utilize the school buildings to their greatest possible advantage.

MY CATHEDRAL IN THE WOODS

Farming is, in many respects, a difficult occupation, and one which requires great stamina and endurance. Men of the soil know full well that regardless of their own most painstaking efforts, much depends upon the weather and other factors. A severe drought, for example, can drastically curtail or even ruin the hay and corn crops, and turn pastures sere and brown. Ruinous hail or wind storms can flatten the wheat and barley. A herd of cows can become infected with Mastitis or Bang's Disease. It can readily be seen, then, that the average farm wife is not apt to live in luxury, and may sometimes find herself almost overwhelmed by these problems unique to farming.

However, in my own case, I have discovered a quiet retreat, a cathedral in the woods, as it were, where I can banish my cares and sorrows. Tall trees entwined their arms lovingly, to form a green leafy roof overhead, as the sunbeams come filtering softly through. My pew is a fallen log, and the altar is a stump on which a squirrel or chipmunk may preside. The choir loft is a majestic tree, where birds sweetly sing a hymn of praise to their Maker, accompanied by the music of the wind and the stream. Mother Nature has provided the flowers—white dogwood, spring beauties, and wild geraniums.

God seems very near, here in my cathedral in the woods. Each time I worship in this peaceful haven, I leave refreshed, strengthened, and better able to cope with whatever life may bring.

—Zola Cantwell
