Scout Paper Drive in Taneytown on Saturday, June 12

A Collection day for rags, newspapers, and magazines will take place in Taneytown on Saturday, June 12, when Boy Scouts of Troop 348, sponsored by Hesson-Snyder Post No. 120, American Legion, will again be assisted by Guy Long, driver of a Cambridge Rubber Company truck, whose services and truck are provided bi-monthly by the company as a contribution to the local Scout movement. Territory covered, besides Taneytown, will be the roads to Mayberry, Copperville, Key Village, Bridgeport, the Baptist Road to Starners Dam, and the Harney Road to Piney Creek bridge. Well tied bundles will contribute to speedy handling in the short time available. In case of wet weather which would prevent starting, a new date will be announced.

The Foxes, of whom James Frock is patrol leader, maintain their leadership in the inter-patrol contest at 151 points; an example of their enterprise is last Sunday afternoon's hike under the aegis of Assistant patrol leader Robert Eckert, some eight boys making the trip. The Raccoons, led by Douglas Dayhoff and Brett Fleagle, are now second with 138, the Eagles following closely with 133 under Donald Hahn and Harold Wantz.

In the Arrowhead District Camporee held at Eldersburg near the Maryland Cooperative Milk Producers' Association all five patrols earned blue ribbon proficiency, the Raccoons joining forces with the Flaming Arrows under the acting patrol leadership of Robert Howarth to make the fourth patrol from 348 participating. The Panthers under Samuel Cassel and Gary Wantz had the largest contingent, but the Foxes out-scored under the acting patrol leadership of Edward Thompson, earning 1025 of a possible 1100 points. Eckert served as acting Senior patrol leader, Samuel T. Fleming as acting Assistant scoutmaster, and Hahn and Philip Martin arrived Saturday night after work, to make 23 in attendance.

At the last Troop board of review, conducted by Committeemen Clarence A. Harner and Robert F. Wantz, Thompson was approved for Star Scout rank.

Wednesday's meeting was the first scheduled for swimming and an outdoor program at Natural Dam. Except for the week of the Taneytown Firemen's Carnival, June 14th to the 19th this will probably be the scene of gatherings for the rest of the Summer.

Of special interest is a Webelos Den camping trip to take place the night of June 11th under the guidance of Cubmaster Myron R. Tracey and Pack 718 Committee Chairman John E. Myers. They will be assisted in their outing by a member of the troop.

Newcomers to the troop's ranks are Edward Herring and Stephen Swope in the Flaming Arrows and Steven Smith in the Foxes.

Scouts able to help with the paper drive Saturday are requested to report promptly by 7:30 A. M. In the event of rain, a new collection day will be publicized.

"SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each bright day and in some way—help to bring you happiness!

If you enjoyed "Mary Poppins" with Julie Andrews, you will love "THE SOUND OF MUSIC" at the "NEW THEATRE." It made such a hit with YOU Observer that she intends to see it again! And here is the story... The curtains part with "MARILYN" singing as though her heart would burst as she runs here and there over the hills from the Convent in a town called Salzburg, Austria, about 30 years ago. She lives in the Abbey near this little town and very often she is singing and waltzing to Mass or in the Abbey which all the Sisters observe. Some of the Sisters object to her care-free manner although they love her dearly. The Mother Superior is a most understanding individual and suggests that Maria go out into the world until she is sure that she wants to be a Sister!

A widower with seven children desires a Governess. That is when Captain von Trapp and Maria meet for the first time in his lovely home. Maria carries along the guitar and a carpet bag with her few pieces of wearing apparel and is very plainly dressed in a gray suit which the Captain observes. Maria is quite startled when she enters the beautiful Villa which is most luxurious and starts waltzing and singing in the Ball Room when the Captain makes his sudden appearance. The Captain takes a whistle from his pocket to summon his seven children in loud, shrill signals which the children obey one by one from the eldest of sixteen to the youngest—a little five-year-old girl! The introduction takes place and Maria loves all immediately. And the children love her, too. One realizes that the Mother Superior was correct in her diagnosis when she sings, "You Can't Hold a Moonbeam in Your Hand!"

The Captain is off on a trip to Vienna and leaves the entire responsibility of the children to this new Governess. Upon his return, he brings two guests with him, a very wealthy Baroness and another friend, Max Detweiler. That Captain is quite smitten with the glamorous Baroness and expects her to be the new Mother in his household! The children are no where to be seen when suddenly he hears shrieks coming from the water and there they are all in a row boat with Maria! They become so excited seeing their father that all fall in the water and in a most scolding manner, he tells Maria that she is discharged! She then tells him that he does not understand his children, only to strong discipline. Soon the Captain sees Maria in a new light and this the Baroness observes immediately. From there—the story deepens which you will love. Don't miss it—drop everything and run down to see it. The coloring is most beautiful and the scenery is magnificent! The acting of all is superb as to every character and you will hear the "Sound of Music" throughout the entire picture with tunes such as: "You Can't Hold a Moonbeam in Your Hand," "You Must Climb Every Mountain Till You Find Your Dream" and much else. There is a little War Story connected with the plot, too, but in the very end you will see the beautiful wedding taking place in the Cathedral of the Abbey! You and you will really have, "The Sound of Music" for many days after you have seen this beautiful masterpiece! Don't miss it! And I just learned a few minutes ago that this grand show will be a daily one instead of three matinees weekly. It starts promptly at 2:00 and of course, plus the evening shows. Nice?

The greatest Ballet Male dancer I have ever seen is "NUREYEV!" Never have I seen such grace, such tigerish leaps, his lithe of those leaps and turns and his breath-taking catches and lifts! He always appears as though he has come to life from a handsome and well-known statue! Don't ever go to market when you are hungry. Mrs. Housewife for you will buy much more food than you planned as to spending. Eat a good dinner first. It works every time!

Ladies, the Dog Collar is back again for Summer wear and made especially with pearls! And if you would like a silver spray at your temples, there is a delightful one now on the market which can be washed right out of your hair in seconds. I tried that one and it is truly glamorous!

The most wonderful voice in the world—a man whose name is Senata Everett Dirksen and the next one is on the Jack Paar program when he says, "And now here's Jack! How nice that Katy Holstrom is at last engaged to Senator Morley. The wedding will take place in the Fall!"

How wonderful to see all the graves of the Nephews of Uncle Sam decorated for Memorial Day!

Silver \$'s will be back after 30 years absence and that before June 30th—just 45 MILLION Silver \$'s! They are always plentiful out West for some reason or other so much more so than the Eastern States.

Don't forget to keep the water glasses in the refrigerator now that hot weather will really be coming along for the cold drink of lemonade with a cherry added to each glass for there is really something about that cold glass that is just it!

So long, folks until next week-end. DV. Be good and be careful!

I am.

Faithfully,
YOUR OBSERVER.

"GRASSROOTS OPINIONS"

GRAND JUNCTION, COLO., SENTINEL:

"Most of all, labor wants to end all state Right-to-Work laws. President Johnson has publically mentioned repeal of the section of the Taft-Hartley law which permits such state legislation. He is expected to go even farther in this field. It may be that the President is attempting to trade support for labor legislation for no-strike promises. If so, he may find that such promises are by no means reliable. And even when they are, he is still playing directly into labor bosses' hands at the expense of the rest of the country."

FINDLAY, OHIO, REPUBLICAN COURIER:

"The Supreme Court rules that a shaving cream commercial showing how to shave a piece of sandpaper was deceitful. This leaves us up in the air as to exactly how we are supposed to shave our sandpaper."

CAMBRIDGE, NEBR., CLARION:

"In its search for added regulatory power the federal government has turned from new fields to conquer to new waters to navigate. This is evidenced by the Administration's insistence on the creation of a new federal agency to take over water pollution control. . . . The governors of 24 states have testified that the U.S. Public Health Service is doing a completely adequate job of protecting the nation's health in the water pollution control field and that its jurisdiction should be continued. In our view the establishment of an unneeded new federal agency would result in chaos and could hamper, rather than improve, water pollution control."

SHENANDOAH, PA., HERALD:

"Vice President Humphrey notes that 'our citizens are living longer.' Maybe it's their sense of patriotism. Somebody has to pay those taxes."

OCALA, FLA., STAR-BANNER:

"Labor Secretary Willard Wirtz says that the days of importing cut-rate Mexican farm labor in California are over. 'There is no question whatsoever that we can end the anomaly, the paradox, of there being 400,000 to 500,000 unemployed in California. . . . Okay. So we challenge our labor secretary to put the street corner bums and the other 'won't work' individuals to work harvesting crops in California, Florida, and elsewhere. If he can perform such a miracle, maybe we ought to make him our President."

HILLSBORO, ORE., ARGUS:

"The financial health of the railroads is vital to the nation and its defense. Reports show many to be financially sick. This calls for efficiency and economy in operation. It seems that elimination of all forms of featherbedding, which increase costs in business and industry, would make for a more sound economy and in the long run more and better jobs."

JUNEAU, ALASKA, EMPIRE:

"... the loss we might suffer today, is the extreme danger to our future growth that would inevitably result by cancellation of the Pan Am routes into Juneau and Southeast Alaska. . . . If the Pan Am ruling by the CAB is allowed to stand, then surely Juneau and all Southeast Alaska, as well as Pan Am will suffer. Pan Am has been operating without subsidy. In other words, we the taxpayers, have not been financing their operation. If they take a loss on a single flight to Alaska, or on their year round operation, they absorb it themselves, rather than seek additional funds from the taxpayers. They pioneered the Alaska routes, they deserve consideration, they deserve the right to fly between Seattle and Jun-

eau as well as into the Fairbanks area. Pan Am is an Alaskan operation, through the years the citizens who pioneered the growth of this state, have considered them as such. There is no reason to change now."

WADENA, MINN., PIONEER JOURNAL:

"The Institute for Home Fire Safety, a non-profit organization doing research on fire safety communications, estimates that approximately 1,800,000 Americans were injured and close to 12,000 killed in fires last year, most of which originated in the home. The problem, says the Institute, is due fundamentally to lack of awareness of the facts on how fires start and spread, and lack of knowledge about techniques and methods which would save lives."

IT'S A FACT!

THE COIN OF THE REALM

The first coins struck in the U. S. were made from George Washington's household silverware. They were silver dimes -- or "dimes" as they were then spelled -- produced at the Philadelphia Mint in 1792 from the melted-down Mount Vernon silverware.

The natives on Yap Island still use one of the oldest forms of coinage -- huge, round stones, one of which can be exchanged for 10,000 coconuts -- or one wife!

The world-wide coin shortage has spurred the search for new coinage metals. In France, gleaming new coins of stainless steel are the rage. And, stainless steel is being seriously considered for American coins. Tough, shining and wear-resistant, stainless steel has the capacity for fine design detail.

FLAG DAY

KEYSVILLE-DETOUR

Greetings to you:

Sincere and hearty congratulations to Arthur Clabaugh of Detour upon his graduation on the 9th from the Baltimore College of Commerce after 4 1/2 years of night school. Arthur received his Certificate of Accountancy and an Associate in Arts degree. In November, he will take the examination for CPA. (The best to you!)

Another graduate in the vicinity is Kenneth Reifsnider, son of Mr. and Mrs. Leonard Reifsnider of Keymar. Kenneth received the degree of Master of the Science of Engineering from Johns Hopkins University on June 8. He plans to pursue his studies further for his Doctorate. He and his wife, the former Loretta Lieb of Keymar, live in Baltimore. Well done to you also, Kenneth!

And Gary Schnappinger, son of Mr. and Mrs. Melvin Schnappinger of Baltimore, who spent Monday to Friday of the past week with the Carroll Wilhide family, is due congratulations also. Gary graduated Saturday from the University of Maryland School of Agriculture.

And, of course, we don't want to forget all those high school graduates either. I'm sure we all join in wishing them health, happiness and success in their future lives.

Speaking of schools, don't forget the Bible School at Keysville Lutheran Church for the next two weeks. Time is 9 to 11 A. M.

There is a date change for the Keysville-Detour Homemakers Club members to note on their calendar: the covered dish meeting has been postponed until June 30 because of conflict with so many other "doings" for a number of the members. Details still the same: Parish House at 7 P. M.

Mr. and Mrs. Richard Wilhide were among those who attended the supper served at Haugh's Church on May 29 when over 500 suppers were served. Afterwards they called on Mr. and Mrs. Alva Young, who live near the church.

From Detroit, Mich., Mr. and Mrs. Danny Maltagliati came to spend the last week in May with her parents, Mr. and Mrs. Loren Austin of Detour.

A card shower was given Mr. and Mrs. Raymond (Dick) DeBerry of Detour for their 25th wedding anniversary on June 1. Best wishes to them.

Sure you are interested in hearing about Mignon (Mrs. William) Weishaar of Forest and Stream Club Rd. She came through her operation on Friday (removal of cysts) with "flying colors" and was released from the hospital on Sunday. She went to the home of her daughter and family, Mr. and Mrs. Paul Wildasin, Kevin and Kim in Westminster and expects to return home to Detour on Sunday. She so appreciates all the cards, letters and visitors — and especially prayers — she has received. They all mean so very much to her. (Personal report: my mother-in-law and daughter and myself visited with Mignon and the Wildasins on Monday afternoon and it is certainly my pleasure to tell you that she just looks wonderful and is in the best of good spirits. Sandra told us she is being a very good patient also. Truly, this is what all her neighbors, friends and relatives were waiting to hear and how good it is, also.)

Most of you will probably already know about the unfortunate accident of our pastor, William Markley, when his foot slipped under his rotary mower last Friday. This resulted in the loss of three of the toes on his right foot and he is a patient at Carroll County General Hospital where he will be for this week and then he will be able to get around on crutches. This is someone else who will certainly appreciate being remembered in your prayers.

Speaking of hospital patients, Mrs. Clarence Jackson of Mt. Union spent several days at Carroll County General also for the removal of the pin which was put in her leg after her automobile accident. I'm told she was due to be released yesterday (7th) and is coming along very well. This is a courageous lady for she has made a wonderful comeback after her accident.

A number of callers last week at the home of Mr. and Mrs. Charles Clutz of Rivar Dale Farm near Keysville: Mr. and Mrs. Guy Bolter of Rocky Ridge, Carlton Catlin of Detour, Steve Dennis near Detour, Mrs. Irvin Creager of Woodboro, Mrs. Russell Stonifer and son Fred of Keysville, Mrs. John Lambert and sons Jody and Jackie of New Midway, Mr. and Mrs. William Fleming of Fairfield, Pa., Mrs. Mary Clutz of

Harney, Mrs. Thelma Yingling and daughter Donna near Harney, Mrs. Mary Six Albaugh of Walkersville, Mr. and Mrs. George Crouse and three grandchildren of Taneytown, Mr. and Mrs. Roy Baumgardner of Terra Rubra and William Schneider of Baltimore. Their daughter and grandson, Mrs. Hugh Heaps and Galen of Silver Spring spent Sunday with them. Monday morning callers were Mrs. Carroll Wilhide and her mother, Mrs. Emory Yoder, and Mrs. Richard Wilhide and daughter Susan of Detour.

Mrs. Ralph Fleharty returned to her home near Detour on Sunday after spending three weeks with her granddaughter and family near Silver Spring, Mr. and Mrs. Robert Rudin, Michael and new addition Steven Wayne, Mr. and Mrs. William Fleharty and family near Detour visited with the Bradins on Sunday afternoon to meet 9-day old Steven and tour their newly-purchased home and then bring "Mrs. Ralph" back home.

Mr. and Mrs. Richard Stonifer of Rockyville were week-end visitors with their parents, Mr. and Mrs. Russell Stonifer of Keysville.

Memberships are now being taken by Mrs. Roy Baumgardner near Keysville for the Auxiliary of the National Lutheran Home in Washington.

Congratulations are due this week to two families upon the birth of daughters: on Friday evening Karen Marie arrived as the second child and first girl for Mr. and Mrs. Walter Robertson of Route 7, Westminster (Mrs. Robertson is the former Miss Georgia Asbury, a foster daughter of Mr. and Mrs. Edward Coshun near Detour); and on Saturday their third child and second daughter was born to Mr. and Mrs. Donald Stanley of Keysville (they live next to the Lutheran Church).

Also in Keysville, Mrs. Alice DeBerry recently moved from the second floor of the house "on-the-square" (former home of Mrs. Daisy Dinterman) to the home of her daughter, Mr. and Mrs. William Stambaugh and family. Mr. and Mrs. LeRoy Coshun, who now own the Dinterman home, are doing some remodeling.

Mrs. Clyde Wilhide of the Keysville Road and her mother, Mrs. Emory Yoder, called on their family in White Hall on Saturday, Mr. and Mrs. Walter Gill and children and Miss Elizabeth Yoder.

Remember — Children's Day program at Keysville United Church of Christ on June 20.

On Saturday, May 29, a surprise bridal luncheon was held for Miss Josephine Eyer of New Midway by Mrs. Charles Stonifer at her home in Keysville with 33 attending. Mrs. Fred Grimes (sister of the groom) was co-hostess. Green and yellow were the colors used and Mrs. Vernon (Bea) Keilholz of Emmitsburg made a number of beautiful flower arrangements.

Mr. and Mrs. Charles Stonifer of Keysville attended the wedding of her nephew Richard Dinterman and Josephine Eyer at Rocky Ridge on Sunday afternoon. Their daughter Kathy served as flower girl. The service was performed by former pastor, Donald Brake, in the absence — and with the consent — of Pastor William Markley. Richard is a graduate of Mount Saint Mary's College in Emmitsburg. He majored in chemistry and mathematics.

Mr. and Mrs. Richard Wilhide and Susan visited on Sunday with Mr. and Mrs. John Wampler and Karen in Frostburg. They were supper guests of her parents, Mr. and Mrs. Daniel Seibert and family in Clear Spring.

The Rev. J. Leon Haines, assistant to Dr. Fife, was guest speaker at Keysville Lutheran Church on Sunday. He spoke on Pentecost, or — as sometimes called — Whitsunday. This day, he said, marks the beginning of the Church and the covenant — or promise of the Father — made through Jesus Christ. Announcement was made of the decision of the Church Council to use the loose change in the plate collection for the month of June towards the purchase of much-needed choir gowns.

The Terra Rubra Girls' 4-H Club has been officially retired due to the resignation of leaders, Mrs. Carroll and Mrs. Richard Wilhide. It is hoped that a leader can be found later and the club be made active again.

Belated birthday wishes to Richard Bowers of Keysville on May 31 and in June to Steven, son of Mr. and Mrs. John Harner near Taneytown, on the 1st; Mrs. Esther Moffitt near Taneytown and Mrs. Agnes Roop of the Keysville Road on the 6th. The Keysville Lutheran Church Women met on Monday evening with Mrs. Ralph Haifleigh and Mrs. Thomas Flohr as leaders for the topic "The Church in Your House." After hearing the recording "Father's Table Grace," a skit was presented by Mrs. John Blanchfield, Sr., Mrs. Gilbert Stine, Mrs. John Harner and Mrs. Terry Poist with Mrs. Clyde Wilhide, Mrs. William Fleharty, Mrs. Leonard Reifsnider, Mrs. Eugene Glass and Mrs. Carroll Dougherty as "voices."

Discussion was held on the use of such devotions and family altars and how church families can do much good in many ways in their own communities. They need to carry the gospel into their communities and some ways are by helping those in need, providing transportation where needed to Sunday school and church and trying not to judge others too quickly or harshly but trying to understand.

There were two "specials" for the evening. Mrs. Gilbert Stine gave the reading "I Ain't Dead Yet" and two piano selections, "A Perfect Day" and "Dance of the Candy Fairy," were played by Wayne Culler of Frederick. During the business meeting, all those planning to attend the LCW Convention in Gettysburg for the Wednesday meeting were urged to fill out their registration slips and turn them and the money over to the president or treasurer by the end of the week. It was decided to request the new slides available about the Rocky Boy Indian Mission when the consignment of bead work is ordered. Cards were prepared for absent member, Mrs. Charles Clutz, and for Pastor Markley. A motion was made and carried to donate \$25 to the fund for new choir gowns. A date for Mission Study is being planned.

The firemen's parades and carnivals are in full swing now. Last week it was Union Bridge, this week is New Windsor and I understand it is Taneytown next week. Keeps some of the groups, such as Cub Scouts, on-the-move to get to them all. Cub Pack 459, with Berman Weeks as Cubmaster, has another float again this year. This group is really growing. (They have discontinued their Pack meetings for the summer months.) I believe there are about five dens within this group now. A lot of credit is due Mr. Weeks and all of the hard-working den mothers for they really put a lot of themselves into this activity.

Last Thursday as a representative of Elmer A. Wolfe P-T-A, I attended the meeting held at Westminster Junior High School about Project Head Start. Evan Bowers, Director of the Carroll County Program, told of the planning for this operation, what it is hoped to accomplish, some of the ways that will be used and also some of the ways volunteers can help. This should be a very worthwhile program and you will be hearing more about it all the time. The schooling will begin June 28 and last for eight weeks. Eleven centers are planned and it is hoped to help the pupils establish routine procedures to enable them to be more ready for school in the fall.

Boy Scout Troop 330

For their meeting on June 7, Boy Scout Troop 330 of Union Bridge made a field trip to a neighboring farm. On their way, they listed everything they saw that originated from nature. They received instructions on map-reading and the use of a compass. A number of them practiced following compass directions. Another field trip is planned for the next meeting.

The Crow Patrol is planning an overnight camping trip for June 13 and the whole Troop will go canning at Caledonia State Park in Pennsylvania June 25 to 27. All this will help prepare them for the week at Broad Creek Scout Camp in August.

TRIBUTE TO TOILERS

By Armstrong Roberts

Thank God for toilers, they whose strength is hurred upon the ringing anvil of the world.

Without these workers what would mankind do? How could the nations grow or dreams come true?

They write few books or music to inspire; instead, they build the temples we admire.

The thinker's brain brings blessing unto man when workers brawn can implement his plan!

Could mighty Girders of our cities rise in lazy silhouettes against the skies.

Could bridges span our rivers and our streams, if workers did not work out dreamers' dreams?

Thank God for them, these toilers who still give their strength to beauty, the place we live.

Thank God for workers who, with knobby hands, still feed and clothe the people of all lands.

They dig our coal and oil, they make our cars, construct our telescopes to see the stars.

They pave the highways of our countryside, build high-gear roads across the great divide.

They print the news, our books, our magazines, we see their sweat on every brick and stone, in every lovely edifice we own.

The Parthenon that crowns Acropolis, the many miles of old Cathay's great wall, construction of majestic taj Mahal, Egyptian pyramids, or Eiffel tower—reveal the majesty of workers power!

We honor all of whom it may be said, they gave beauty in exchange for bread.

And greater still must all their work be priced if in their labor they reveal the Christ.

Eternal values then enhance their worth—they work with God to help redeem the earth.

Confirmation at Trinity

Last Sunday, the Day of Pentecost, fourteen young people, seven boys and seven girls, were received by rite of confirmation at Trinity Lutheran Church, Taneytown. This class, it was noted, was the final class of the 2-year instruction course. Classes hereafter will be received only after a 3-year instruction period, this being in conjunction with the new Parish Education Curriculum of the Lutheran Church in America.

Confirmed were Misses Susan Bell, Bonnie Bowers, Connie Foreman, Marsha Greeny, Susan Miller, Barbara Morrison, Christine Willes, Mrs. Douglas Dayhoff, Gary Etzler, Steven Garner, Tommy Ruffe, Kevin Speak, Jimmy West, Duane Welin. After the service, each young person received a formal confirmation brochure and a helpful book, "Teenager, the Church Is for You."

Special music accented the service. Miss Beverly Fair and Miss Anne King, flutists, joined Miss Hazel Hess, organist, in the prelude "Come Unto Him," by Handel. The offertory, "Lo, a Voice to Heaven Sounding," was rendered by Miss Susan Jennings and Miss Joan Reindollar, violinists, with Miss Hess. The anthem was sung by the combined Senior-Junior Choir under the direction of Mr. James R. Young.

The pastor preached on "The Promise of the Father," a message particularly for this year's confirmation class.

The fourteen young people, confirmed last Sunday, will avail themselves the first time of the privilege of the Lord's Supper, as they take the communion at the 10:30 service this (Trinity) Sunday, June 13.

TIGERS RAP 14 HITS --- THRASH A'S 7-0

Walt Donohue wins 3rd straight shut out

Clutch pitching by Walt Donohue and a vigorous 14-hit attack led by Ernie Combs' two triples led the Taneytown Tigers to a 7-0 victory over the Bonneauville "A's" at Catholic War Veterans' Field on Sunday.

Donohue struck out 15 batters and walked but two in winning his third white-washing in succession. The A's collected but five safeties while Taneytown rapped A's pitching for 14 hits, spotlighted by the hitting of Ernie Combs and Scooter Pfoutz.

Once again the early season ineptness in Tiger fielding seemed to be cured as the Taneytown infield again and again made the "big" play and Neil Hoffman made a spectacular throw from right field to catch a Bonneauville runner at the plate.

Taneytown scoring started in the second frame as the Tigers struck for two tallies on an error and a fielder's choice. In the third, a run scored on a sacrifice fly by Arvin Bollinger.

The fifth frame was highlighted by Ernie Combs' triple to add another run. In the seventh, Taneytown tallied on a single by Graham Wildasin. To wrap it all up in the win column for the locals, the Tigers scored two runs on a fielder's choice in the ninth.

Taneytown Pony Leaguers Win First Two

The local pony leaguers opened the season with a gallop as they won the first two games of the season on June 1 and 3. Playing at Taneytown on June 1, the local lads trounced arch rival Union Bridge by a score of 14-0.

Although the locals scored 4 runs in both the first and second innings, the game was highlighted by a superb pitching performance by Brett Fleagle. In the six-inning game, Brett gave only one hit, struck out sixteen, and walked only three. As would be expected by scoring 14 runs, Brett received plenty of batting support from all his team mates.

Second game, June 3: Taneytown 7, Silver Run 1.

On June 3 the local boys traveled to Silver Run to test the defending champs. Enjoying only a one-run lead for the first three innings, the boys sewed up victory number two by scoring two runs in the fourth and four more in the fifth. This game to some degree followed the same pattern as the first as Brett Fleagle pitched superbly by allowing only one hit, striking out 13 and walking just two, again receiving fine defensive and offensive support from his team mates.

The ball players, team officials, and sponsors (Kiwanis Club) extend a special invitation to everyone to come out to the ball park on Tuesday and Thursday evenings when the locals are at home and enjoy a grand evening of baseball while showing your support and encouragement as our youngsters take another step in their efforts at becoming young men.

Remaining home schedule: June 8, Roaring Run; June 10, Manchester; June 22, Silver Run; July 1, Hampstead; July 8, Union Bridge; July 22, Roaring Run; July 29, Manchester.

See YOU at the ball park.

THE WAY I SEE IT . . .

Observations on the World of Sports - by John Breth

When you go past Memorial Day in the big league baseball season you've gone a quarter of the way to the World Series.

That's time enough to form some opinions about the flag fights in the two leagues. Nothing is conclusive at this early date but there are trends.

In the National League that expected multi-team fight is almost a certainty. Los Angeles is in front and very likely will stay with the pace right to the wire.

The Dodgers have first-class pitching and great team speed and something more — great team spirit. Their hitting could be better and they can't afford any hard luck on the mound.

The St. Louis Cardinals are a solid team and will be close at the wire. They are strong around the diamond and only have to worry about their second-line pitching and perhaps their bull pen. That last could hurt the Cards.

Cincinnati has good pitching and good hitting. The Redleg infield is not as smooth perhaps as manager Dick Sisler would like. But it is not bad.

Cincinnati has pitching depth and that will count heavily in the wearing double-header days of August and September.

San Francisco is the dark horse team of the league. The Giants have been doing a lot of trading and much will depend on how the new most-perform. If Dick Schofield at shortstop could be depended on for a class performance the Giants probably would win the jackpot.

San Francisco's pitching may be better than a lot of people thought and Willie McCovey at first base is making the Giant fans forget about Orlando Cepeda. If Willie Mays doesn't get too tired . . . but, we'll have to wait a few months to see about that.

Milwaukee will hurt a lot of teams with its collection of muscular hitters. But the Milwaukee pitching may not be steady enough for a pennant and there always is the problem of the total lack of support from the home town fans.

Philadelphia is off to a terrible start and may not have the strength to overhaul everybody even when things pick up . . . if they do.

Pittsburgh has come around beautifully after a poor beginning but just doesn't look good enough.

Chicago, Houston and New York are not serious pennant contenders unless a major miracle is in the making.

In the American League, the two big stories are the horrible play by the Yankees and the high early foot shown by the White Sox and Twins.

Are the Twins for real? Perhaps. But they do not shape up as well as the White Sox, a resourceful team with a resourceful manager. Baltimore is likely to make a strong move before long. Detroit and Cleveland both have shown flashes of excellence this spring and—who knows—either could take off with a big bid.

Nothing else figures in the pennant picture with the exception of the Yankees. They have been terrible and they have gotten a lot of bad breaks in the form of injuries to key players.

When Elston Howard comes back they should pick up. They are likely to do much better even before Howard returns to action.

But for the long haul . . . for another pennant . . . for a tremendous drive to the top . . . well, they'll need Whitey Ford in winning form, Mickey Mantle at close to his peak, Howard hitting and directing traffic from behind the plate and good performances by the second-line players. It is asking a lot and if it were any team but the Yankees nobody would even think there was a chance.

Remember When Dept.—Who was the top defensive first baseman in the American League for the year 1954? Eddie Waitkus of Baltimore.

Today's Sport Laugh—The uniform of the Houston Astros has a star on the stockings, a large orange star on the cap and one on the left sleeve. One of the players commented the other day: "We have stars everywhere but on the field."

The school will continue Monday-Friday, June 14-25 (except Tuesday, June 15), 9-11:30 A. M.

JUNE

June is the most fragrant, blooming month of the year. Roses glow in jewel-like colors in every garden. Here at Wood-Burn, we have the old-fashioned variety, called by some "cabbage roses." And, of course, wild roses spice the country lanes and byroads. Honeysuckle riots, in ivory and gold masses, along fences and hedgerows, and daisies open their hearts to the sun. Wild strawberries will soon be ripe, and the air is heavy with the scent of new-mown hay.

Now the Carolina Poplar sheds a green canopy over our house and yard. As I look up through its leafy branches, they seem to almost reach the sky. This silvery old tree has stood serenely by through all kinds of weather. It seems to me like a faithful friend, especially on these hot, sultry days.

June is a joyful month of weddings and graduations, of picnics and ice-cream and vacation from school. It marks the beginning of long, lovely summer days, when heaven and earth seem in perfect harmony.

SWIMMING POOL DEDICATION . . .

(Continued from Page 1)

Smeak, Miss Catherine Sanders and Miss Deborah Wiley, representing students of the community's schools.

Harry Dougherty, Sr., Chairman of the Taneytown Park Board, will officially open the pool by cutting the ribbon across the bathhouse doorway. All efforts are being made by the pool contractor, Ira C. Rigger, to have the pool in operation by Sunday. If, however, climatic or Constructional conditions preclude actual use of the pool following the ceremony, Mr. Dougherty's official opening shall be symbolic, and the facility will be used as soon as possible thereafter.

The Rev. William Wiley, pastor of Grace United Church of Christ, will pronounce the benediction, to be followed by a recessional march by the band.

Printed programs for the ceremony will be distributed by the Jayettes to those attending. A sound system is being provided by Mr. Paul Sell. Special guests will include representatives of the press, radio and television, and of the pool and bathhouse contracting firms. It is hoped that the citizens of the community will be present to witness the rites.

Ceremonial plans have been made by the Public Relations staff of the Executive Committee, with Donald M. Smith and Mrs. Baumgardner in charge.

The Taneytown Community Swimming Pool has been constructed at a total cost of \$57,000.00, including funds to subsidize the first year's operation and maintenance, necessary due to the great number of bonus tickets awarded donors. All funds have been raised by public subscription from November, 1964 to the present. There still remains to be raised nearly \$4,000.00 to complete the project.

Over fifty-per-cent of the families, businesses, industries, professional people and community organizations in the Taneytown area have contributed to the Pool Fund. Nearly two hundred persons have served as fund-raisers through group projects or individual solicitations, assisting the Executive Committee.

The pool itself is Olympic-size, measuring 82½ feet by 42 feet, with a diving el 33 feet by 35 feet, and a shallow wading pool for children independent of the larger facility. Depths range in the major pool from 3 feet to 12 feet. Two diving boards—one at deck level, and the other one a one-meter stand—have been installed. The pool is constructed of a maintenance-free brick, with a marbelite-covered floor. Lounging and deck areas are included in the enclosure. The bathhouse is a one-story cement block structure with separate dressing and shower areas at either end, and the pool office in the middle, chain-link fencing surrounds the area, located in a new addition to Memorial Park.

Upon completion of construction, the pool will be open from noon until 9:00 P. M. daily to the public. Admission is by season or daily tickets, obtainable at the pool office.

Richard McPartland is pool manager for the 1965 season, extending until Labor Day, and will be assisted by full-time lifeguards Alan Laird and Robert Hampson, Jr., and part-time office clerk Jacqueline Jester.

Landscaping of the site outside the pool enclosure will be directed by the city government, and bathhouse foundation plantings will be donated by the Silver Fancy Garden Club.

The Red Cross Learn-to-Swim program will take place at the pool for area children from July 12 to 23. Life-guard Hampson will offer to instruct special group or private lessons during the swimming season to those interested.

The pool is owned by the Mayor and City Council and shall be operated for them by the Executive Committee during 1965. Bonus family season tickets are still being awarded to donors of \$50.00 or more; purchases of individual or family season tickets may be made at the pool office Friday, June 11, from 4:30 to 6:00 P. M., and Saturday, June 12, from noon until 4:00 P. M., and at any time during the regular pool hours.

WONDER QUESTIONS

FROM THE BOOK OF KNOWLEDGE

What is inside a jumping bean? There, all coiled up, lives the caterpillar of a special kind of gray moth. When the caterpillar wants to stretch, it uncoils like a spring—and the sudden motion makes the bean jump and tremble.

Why don't people fall off the bottom of the earth? In space, through which the earth is constantly traveling, there is no top or bottom, no up or down. And, even if there were, the great mass of the earth, which pulls us and holds us to it—would prevent us from falling off.

Which has more bounce, a ball of rubber or a ball of steel? Strange as it may seem, a ball of steel bounces higher! What makes any substance bounce is its elastic or springy quality. Steel is one of the most perfectly elastic solids, while rubber is actually rather poor in elasticity.

These are some of the simple questions children have a special gift for asking—and the questions that stump most adults. For a free copy of Wonder Questions—and their answers, write: The Grolier Society, Inc., Dept. W-1, 575 Lexington Avenue, New York, N. Y. 10022. Offer is limited.

CUE FOR HEALTH

THE DENTISTRY OF YORE

In the early 1800's, news of the arrival of the itinerant dentist brought people hurrying to the town square. One by one, the dentist would administer treatment—mainly pulling teeth—often without ever dismounting from his horse!

Another practice of the early days of dentistry was pulling teeth to the accompaniment of a rag-tag band. Not uncommon today is the use of soothing recorded music in a dentist's office—but in the old days the dentist had to round up his own musicians.

Today, every mother can give her family an advantage unknown to our ancestors—a lifetime of fewer cavities. New Cue Toothpaste with Fluoraction—the latest in cavity-prevention, can give a lifetime of fewer cavities when used in a program of regular check-ups, watching between meal sweets, and brushing after meals with Cue.

Be A Man!

Lesson for June 13, 1965

Background Scripture: I Kings 1 through 3.
Devotional Reading: I Kings 3:11-15.

BABIES TODDLE, old men totter. We smile at the babies, we pity the old men. But the people we admire are in between, the healthy and strong, striding along at a pace the weak cannot imitate. Now there's a

notion abroad that religion is only for the weak. It's good for little children to say their prayers at night; it's all right for old folks to go to church, but religion for the strong? No, the strong can take care of themselves. This notion suggests that strength does not go with goodness — it does not go with the egg-heads—it does not go with religion. The strong man does not need to be good, he makes his own rules; he does not need brains if he has strength enough to make his own way; and he does not need help from any other world than this.

Strength and Goodness

About the last thing King David said to his son Solomon was: "Be strong; and show yourself a man." Those words were scarcely out of his mouth before he was directing Solomon to keep the laws of God — in other words to be good. David did not think — and the Bible gives no excuse for supposing — that a strong man, if he is strong enough, can afford to scorn the laws and the will of the Almighty. Goodness can be defined in various ways. One meaning of the word is precisely this: Obedience to God. His laws are not chains, they are guideposts, they are as some one has said, the pattern Vitality would choose if Vitality knew what it was doing. There is a right and a wrong way to run anything. To buy an expensive and delicate mechanism like a watch or a tape recorder, and try to operate it without ever looking at the directions, is not more foolish than to run the most valuable machine in your world — yourself — without ever looking at the Maker's directions. No, there's no contradiction between being strong, able or effective, and being truly good. (There's a contradiction between being strong and being good-looking—but that's another story.)

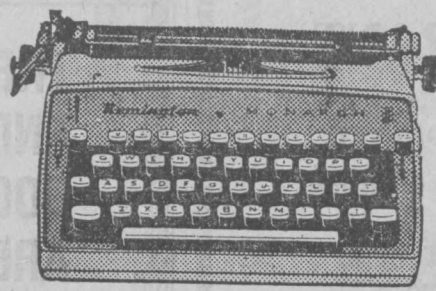

Strength and Wisdom

There's another fiction you hear sometimes in some form or other: namely that there's some contradiction between strength and brains, strength and smartness, strength and wisdom. Football players and baseball players too are not encouraged to think for themselves all the time. The quarterback or the coach or the manager is supposed to be the brains of the team. In some college fraternities it is looked on as "Mickey-mouse" to study very hard, or to be really interested in books. But to go out for the team — oh, that's fine.

Strength and Religion

Is religion only for weaklings? Not at all. Religion is not a crutch to lean on when you have broken your leg. It is not a hiding place from the responsibilities of life. It is not a tranquilizer, a shot of morphine administered by a Reverend Doctor once a week. Religion is not just for the strong man when he loses his strength — though it is that too; religion is for the strong man while he is strong. We all know Solomon did not live up to his father's hope nor to his own youthful aims and ideals. The story of his dream at Gibeon reveals, as a modern psychologist might conclude, what his secret ambition was: Wisdom not for its own sake but for the benefit of the people whose King he must be. He prayed God for this, and his prayer was answered. If he had only gone on as he began, he would have been in fact as well as intention a very wise man. But the main point here is that for David and Solomon at their best, and indeed in all the Bible, strength and religion are never opposites. On the contrary, the better religion is,—the truer and purer, the greater the strength flows form it into the life of faith.

Chocolate Crusted Almond Cream

Serve a light and airy dessert on that kind of day. Spring is about, so away with winter's heavy and filling desserts. Bring spring to the table in the form of Chocolate Crusted Almond Cream. This wisp of spring is a creamy custard pudding. The crunchy topping is made of cocoa sweetened toasted rice cereal and chopped nutmeats. It makes just enough crunch to complement the almond flavored cream, and to keep your guests asking for the recipe. Serve it for dessert at your next card club meeting, for a very special party or for no reason at all — other than it's spring. Chocolate Crusted Almond Cream takes a little time to make, but you'll find it's worth every minute of it.

CHOCOLATE CRUSTED ALMOND CREAM

- | | |
|---------------------------------|---|
| 1 tablespoon unflavored gelatin | 1/2 teaspoon almond flavoring |
| 1 3/4 cups milk | 2 cups Kellogg's Cocoa Krispies (cocoa sweetened toasted rice cereal) |
| 2 eggs, separated | 1/2 cup chopped nutmeats |
| 1/2 teaspoon salt | 1 tablespoon butter or margarine, melted |
| 1/2 cup sugar | |
| 1/4 teaspoon vanilla flavoring | |

Soften gelatin in 1/4 cup of the milk. Heat remaining milk to scalding. Beat egg yolks with salt and 1/4 cup of the sugar. Slowly stir in scalded milk. Cook over hot water, stirring constantly, until mixture coats a metal spoon. Remove from heat, stir in softened gelatin. Chill until mixture begins to set. Beat egg whites until stiff but not dry. Fold in remaining sugar, a small amount at a time. Fold into custard mixture together with flavorings. Pour into shallow 8 x 8-inch pan rinsed with cold water. Crush Cocoa Krispies slightly; mix with nutmeats and butter. Sprinkle over pudding. Chill until firm. Cut into squares to serve. Yield: 2 1/2-inch squares.

AWARDED PE SCHOLARSHIP

John W. Kaufman, Jr., 18-year-old son of Mr. and Mrs. John W. Kaufman, Linwood, Md., has been awarded a scholarship by the Potomac Edison Company to study Engineering at Massachusetts Institute of Technology at Cambridge, Mass. Kaufman, a senior at Francis Scott Key High in Union Bridge, was one of three winners chosen from 166 applicants for the scholarships. A three-member board of professional educators headed by Robert Strider, Director of Financial Aid at Johns Hopkins University, chose the winners from applications filed by high school seniors throughout the 8,500-square-mile area served by Potomac Edison and its affiliates in Penna., West Va. and Va. One grant under the PE scholarship program, which was initiated last year, is given annually to a student whose parent or guardian is an employee of the utility company. The other two scholarships are awarded to students whose parents or guardians are PE customers.

Gov. Tawes Awards State Flag to Community Swimming Pool

Governor J. Millard Tawes has made arrangements for the Taneytown Community Swimming Pool to receive an official flag of the State of Maryland. The flag is being awarded in honor of the Dedication of the public pool, June 13.

Greetings to the citizens of Taneytown from Governor Tawes will be read during the dedicatory rites by John M. Skiles, master of ceremonies.

The Governor had been invited to attend the Dedication by City Council President Neal Powell, but he cannot be present because of another engagement.

The standard-sized Maryland state flag will be displayed according to regulations at the pool site with the national flag on permanent flagpoles to be erected at the entrance when grading and seeding are completed. The Dedication ceremony will begin on Sunday at 1:30 P. M.; the public is invited to attend.

MOUNT BERRY, GA., June — Ronald Eugene Dayhoff of Taneytown, Md., received the bachelor's degree at Berry College commencement exercises in the college chapel on Sunday, June 6, as a member of the largest graduating class in the college's history.

The record number of 167 graduates included 40 candidates for the bachelor of arts degree and 127 for the bachelor of science degree.

Dayhoff, the son of Mr. and Mrs. Glenn U. Dayhoff of East Baltimore St., Taneytown, received the bachelor of science degree with honors. A mathematics and physics major, Dayhoff was one of 21 honor graduates in the Class of 1965.

Commencement speaker for the Berry College Class of 1965 was Charles N. Shepardson of Washington, D.C., a member of the Board of Governors of the Federal Reserve System. Dr. Louie D. Newton, pastor, of the Druid Hills Baptist Church in Atlanta, delivered the baccalaureate sermon.

A 1961 graduate of Taneytown H. S., Dayhoff was chosen last Fall for inclusion in the 1964-65 edition of Who's Who among Students in American Universities and Colleges.

He was treasurer of the Student Government Assn. during his sophomore year and a Dana Scholar for 2 years. Designation as a Dana Scholar is the highest academic recognition a Berry student can receive.
